TRANSFER OF PROHIBITION GIVEN O.K.

SENATE TO DECIDE ON QUESTION SOON; IS HOOVER ACT

WASHINGTON, May 5.—The House bill transferring prohibition enforcement from the treasury to the justice department was approved with amendments today by the senate judiciary committee and will receive early senate consideration.

This is the first of the Hoover law enforcement measures to get to the senate. Republican leaders believe it is likely to be the only one to become law at this session.

The recent letter of President Hoover urging congress to enact his program into law at this session was before the judiciary committee at today's session.

Upon reconsideration, the committee decided to provide for the transfer of all civil service employees engaged in enforcement work now in the treasury to the justice department.

STOCK PRICES TAKE TUMBLE

NEW WAVE OF SELLING HITS EXCHANGE AS LOSSES RESULT

NEW YORK, May 5.—Stock prices crumbled rapidly under a new wave of selling on the New York Stock Exchange this afternoon, after leading shares had worked substantially higher during the earlier hours of trading. Such issues as U. S. Steel, American Can, Radio, and United Gas Improvement, tumbled \$2 to \$5 to new low levels for the current decline. American and Foreign Power tumbled more than \$1 to a new minimum for the year.

Damage Suit Results In \$500 Agreement

Shortly after the suit of Horace Doherty versus Panhandle Santa Fe railway company was opened this morning in 90th district court the plaintiff and defendant, waiving a jury, agreed on a judgment of \$500.

In the original petition Mr. Doherty sought \$5,000 damages of the railway company, alleging that his 8-year-old daughter, Marie, lost vision of an eye as result of an accident which occurred on the Santa Fe's property near Slaton. The suit charges that the spring of a screen door struck the child, resulting later in removal of an eye.

Pacific Southwest Has Cold Weather

LOS ANGELES, May 5.—Rising temperatures and clearing skies were promised throughout the Pacific southwest today following week-end snow and rain storms which caused one death and disrupted transportation and communication system in southern California and Arizona.

OVERTURE DEFEATED

PHILADELPHIA, May 5.—Announcement was made today at the offices of the Presbyterian assembly that the overture which would permit women to become ordained ministers in the Presbyterian church in the U. S. A., had been defeated.

Six Murder Trials Under Way In Texas

BRADY, AIKEN, ALSUP, OTHERS ARE UP TODAY

BRADY'S SECOND TRIAL STARTS; FIVE ARE PROBED AT LAMESA

Six murder trials were under way in that many cities in Texas this afternoon.

At Dallas, John W. Brady is facing his second trial for the alleged stabbing of Miss Lehlia Highsmith, capitol stenographer. At Lamesa, J. W. (Bud) Aiken faces trial for the shooting of D. F. Cox. Gilbert Cox is scheduled for trial on the slaying of Ralph Watkins at Pampa. Mrs. Louise Le Baron is being tried at Coleman for the death of the infant son of Mr. and Mrs. Cecil Freeman, killed in an automobile accident. Pedro Aguilar is up in court for a triple slaying at Pecos while John Alsup faces a murder charge at Fort Worth as a result of the shooting of two negroes in an alleged bank robbery recently.

BRADY DEFENSE IS READY FOR TRIAL

COURTROOM, DALLAS, May 5.—After a conference which lasted most of the morning, defense attorneys today announced ready for the second murder trial of former Judge John W. Brady, of Austin, alleged to have stabbed to death Miss Lehlia Highsmith, Austin court stenographer, the night of November 8.

Brady's first trial at Austin, in which insanity induced by chronic alcoholism was the defense, resulted in a hung jury.

The state had announced ready when the case was called by District Judge C. A. Phippen.

About 15 defense witnesses had failed to answer when their names were called, but Brady's attorneys sought to communicate with them by telephone and decided to consent to going ahead with the trial.

After the long awaited announcement by Maury Hughes of Dallas, new defense attorney, the clerk of the court began calling the roll of the 600 men on the venire list.

About half the members of the special venire were present. Judge Phippen levied a fine of \$100 each on those who were absent without excuse.

FIVE VENIREMEN ARE QUESTIONED AT LAMESA

LAMESA, May 5.—Questioning of five veniremen from a special list of 60 failed to result in the initial selection of a juror this morning as court opened here in the trial of John W. Brady.

CINCO DE MAYO IS CELEBRATED HERE

Mexican independence, Cinco de Mayo, is being celebrated today in "Little Juarez," Lubbock Mexican colony, by approximately 1,000 residents of this city and the South Plains.

Following a salute early this morning at 9 o'clock, the Mexicans marched around their little colony in north Lubbock. At 3 o'clock this afternoon they gathered at a little platform, erected near the Mexican Methodist church, where many speakers reviewed history of the battle of Puebla, May 5, 1902, when French forces under command of General Lorence were repulsed in an attack upon a small band of Mexicans.

Eulalio Isquero Martinez, president of the patriotic committee, is in charge of the program. Mayor Jerry J. Clements has been invited to address the Mexicans this afternoon.

C. Z. De La Cruz, who is master of ceremonies for the day, has announced that Americans are invited to attend the celebration which will last until midnight. Mexican senoritas will sing this evening, and dancing will follow.

Scout Plans To Be Discussed Tuesday

Plans for a field meet, the regular summer camp and a training course will be discussed tomorrow night at the monthly meeting of scoutmasters in the office of D. T. Jennings, executive of the South Plains Area council.

The meeting will open at 7:30 o'clock.

The field meet of boy scouts of the area will be held May 17. First division of the summer camp will open June 30 at Camp Post, near Post City.

A tentative schedule for immediate plans of the organization will be outlined tomorrow night.

FIRES SWEEP EAST COAST

HUNDREDS OF PEOPLE ARE MINUS HOMES

LOSS AMOUNTING TO MILLIONS RESULTS; UNDER CONTROL

NEW YORK, May 5.—Hundreds were homeless today and scores of communities counted losses amounting to millions of dollars as a result of fires in eastern seaboard states.

The most disastrous fire destroyed the southeastern section of Nashua, N. H., where more than 500 persons were made homeless when flames consumed 225 houses, two churches, a school and four industrial plants yesterday.

Bungalows Destroyed
On Staten Island brush fires destroyed 32 summer bungalows and damaged 200 others. Twenty fire companies from Manhattan brought the flames under control.

An area 100 miles square on Long Island was dotted with brush fires.

CENSUS TIME EXTENSION DECIDED ON BY BARR IN EFFORT TO INCLUDE ALL; GUESSERS ESTIMATE HERE IS 18,547

Official figures of the fifteenth decennial census for the City of Lubbock will not be available for announcement Tuesday, as expected the latter part of last week. Dr. I. E. Barr, supervisor for 18 South Plains counties, said at noon today.

Doctor Barr's decision to take more time in his calculations and gathering of data, came on the heels of a survey made this morning by the Daily Journal. Sixteen persons were asked their opinion on the city's size and the average figure was 18,547. Their abilities as "guessers" will be tested when the official census is announced through Dr. Barr's office.

Local Staff Busy
Our local staff is busy today, 300 or more return calls having been listed for investigation. Doctor Barr said: "We hope to have every person enumerated before we get through and for that reason I have decided to take two or three days more time in the work. Those who have not been counted are urged to call at my office, 1212 Texas avenue, or phone the office at 184."

Dr. Barr made no statement as to the probable population, further.

TEN TEXANS ARE VICTIMS OF ACCIDENTS

AIR CRASHES KILL 3; AUTO ACCIDENTS, DROWNINGS FATAL

FORT STOCKTON, May 5.—Funeral rites were arranged today for three victims of the crash here yesterday of a passenger plane.

Smoky Adams, pilot, of Osoma, and Jack Thorp, 21, of Fort Stockton, a passenger, were instantly killed. Mangum Johns, another passenger, of Imperial, died two hours later.

Persons who saw the accident said the airplane's motor seemed to be missing and the ship suddenly dived from an altitude of 300 feet, crashing within two blocks of the business district.

PLUMBER DROWNED IN LAKE WORTH

FORT WORTH, May 5.—Funeral services were set for today at Little Rock, Ark., for Leroy Gravett, plumber, drowned yesterday when the automobile in which he was sleeping rolled into Lake Worth.

The car was struck from behind by another automobile, and was started rolling toward the lake. W. L. Roberia, companion of Gravett, awakened and tried to stop the car, but was unsuccessful and was carried into the lake. He was rescued immediately. They were members of a fishing party that had camped for the night.

FORT WORTH MAN DIES AFTER HIT BY CAR

FORT WORTH, May 5.—E. R. Parsons, 32, was dead today, having been fatally injured yesterday when struck by an automobile while crossing the street. Persons who saw the accident said Parsons was struck by another vehicle an instant before the second car hit him.

TWO CHILDREN STRUCK BY CAR AT GUNTER

SHERMAN, May 5.—Funeral rites were being arranged today for Doris Fay Lowery, 6, and Don William Lowery, 4, children of Mr. and Mrs. Al Lowery, who were killed Saturday night at Gunter, when struck by an automobile as they ran across the street toward a storm cellar, during a heavy rain-storm.

S. S. ATTENDANCE IS 4,197 SUNDAY

Attendance at Sunday school services in churches over the city totaled 4,197 persons yesterday. This is an increase of 78 over last Sunday's record.

The First Baptist Sunday school enrolled 1,337; the First Methodist 980; Broadway Church of Christ, 548; First Christian, 420 and First Presbyterian, 325.

Attendance at the Sunday school church services are increasing at the West End Baptist church, where services are held at Chert Caba. Thirty-five persons attended Sunday school and there were 23 additions to the church. The Asbury Methodist church reported 312 in the Sunday school service; Calvary Baptist, 180 and Cumberland Presbyterian, 150.

Huckaby Infant Is Being Buried Today

James Lloyd Huckaby, infant son of Mr. and Mrs. J. M. Huckaby, 2313 9th street, died at the family residence yesterday morning at 8 o'clock.

The body was sent overland this morning by Bynum Brothers to Florida, where funeral services will be held this afternoon.

ARIZONA MAN SAYS OFFICES ARE OFFERED

SENATE IS IN TURMOIL OVER NOMINATION FOR COURT

WASHINGTON, May 5.—Investigation of reports that patronage is being offered by the administration in return for votes for the nomination of Judge John J. Parker to the Supreme Court was proposed in the senate today by Senator Ashurst, democrat, Arizona.

The Arizona said "judgeships are being promised in return for a vote for Parker." The nomination, he declared, "is tainted with rank injustice to the American people."

"Call the lobby committee together," he said, "and you'll see what strange fish will be brought up from those trying to put over this nomination."

The Ashurst charge was hurled into the senate debate just after Senator Stephens, democrat, Mississippi, had read a letter from Attorney General Mitchell assuming full responsibility for recommending Parker and denying that "politics" had played a part in his choice.

The Mitchell letter denied that the letter written by Joseph M. Dixon, assistant secretary of the interior, to Walter Newton, executive secretary to President Hoover, urging the appointment of Judge Parker as a "master political stroke," had ever reached the attention of the president.

Alexander Boy Is Fully Recovered

Ben Alexander, 9-year-old son of Mr. and Mrs. O. V. Alexander, 2434 21st street, was discharged this morning from the Lubbock sanitarium, following apparent recovery from effects of an accident last Friday when he was almost drowned in a lake in southwest Lubbock.

Little hope was held for the child's recovery when he was first taken to the sanitarium in a broken, less condition. His breathing was restored by artificial respiration.

The child was rescued from water four feet deep, by Cecil King, 16.

Dr. Paul W. Horn, president of Texas Technological college, is in Roswell, New Mexico, today where he will be chief speaker at the annual district conference of Rotary International. Dr. Horn will return to Lubbock this evening.

POSSES SEEK TWO NEGROES

GIRL ATTACKED, BOY IS SHOT; AGED NEGRO KILLED

ROCKY MOUNT, N. C., May 5.—Two negroes, who assaulted Miss Elizabeth Jane Powell, prominent Nash county girl, her young man companion, today were sought by an armed posse of several hundred men with bloodhounds.

Miss Powell was attacked Saturday night. She and Frank Crickmore were riding when two negroes approached their automobile and asked for a "smoke."

May Never Talk
Before Crickmore could reply, one of the negroes placed a shot-gun against the side of his neck and fired. The discharge tore away his larynx. Physicians say he will never talk again.

Miss Powell said the negroes dragged Crickmore from the car and drove off with her. A short distance down the highway, both of the negroes attacked her, she said.

Shortly after the posse was formed, Joe Lee and nephew, was found beaten to death at his home near the scene of the attack, and Buck Hilliard, another negro, who was with Lee, was beaten into unconsciousness.

Hilliard told officers two negroes had attacked them, killing Lee with an axe.

Idolou Girl Dies Here Sunday Eve

Doris Moore, 17-year-old daughter of Mr. and Mrs. O. M. Moore of Idolou, died Sunday evening at 6 o'clock in a local hospital, following a short illness.

Funeral services will be held this afternoon at 4 o'clock at Idolou, under direction of Bynum Brothers, Rev. C. T. Montgomery, pastor of the First Methodist church of that city, will officiate. Burial will be in the Idolou cemetery.

Mr. Moore, father of the girl, is employed by Hightower-Barnett Lumber company of Idolou.

MAHATMA GANDHI, LEADER OF CIVIL DISOBEDIENCE IN INDIA, ARRESTED; TROOPS STATIONED TO KEEP ORDER

BOMBAY, India, May 5.—Mahatma Gandhi, leader of the civil disobedience movement by which Indian nationalists hope to gain independence from Great Britain, was arrested at Jalalpur at one a. m. today by British authorities.

He was spirited aboard a Gujarat mail train which took him to Borivoli station. A waiting automobile carried him to the jail at Yeroda, a town near Poona, where there is a large British garrison.

To Be Denied Trial
The arrest was made under article 28 of the ordinance of 1927, which provides for maintenance of British authority in India. Under the ordinance the Mahatma, who is venerated by a large section of the Indian masses, will remain in prison without trial during the pleasure of the government.

The arrest had been predicted for several days after it became increasingly apparent that in new

BUILDING IN SUDAN ACTIVE

TWO CHURCHES, NEW
SCHOOL ARE BUILT;
OUTLOOK GOOD

By Staff Correspondent
SUDAN, May 4.—Sudan is enjoying considerable building at this time, especially in the way of public buildings.

Two churches, the Methodist and Baptist are being built. Brick work on the Baptist church started last week. It is expected the building will be completed this summer.

At the Methodist church excavation work for the foundation is practically completed.

High School Rebuilt
Rebuilding of the Sudan high school, destroyed by a fire last January, is well under way. This structure is to be ready in time for the opening of school in the fall.

A number of private homes are expected to be built this summer.

With a good crop, J. E. Dryden, secretary of the chamber of commerce, says Sudan will see an extensive building boom in the fall.

The three gins here are being worked over in anticipation of having to handle a large cotton crop this fall.

"MAINTAINING THE SPIRITUAL GLOW"

SERMON PREACHED BY REV. JACK M. LEWIS,
PASTOR OF FIRST PRESBYTERIAN CHURCH

Text: Romans 12:11, "Not slothful in business, fervent in spirit, serving the Lord."

The first two clauses mean one and the same thing. The first is negative and the second positive. Please permit me to use the positive translation of Moffatt covering both clauses, "Maintain the spiritual glow."

One of the greatest problems confronting the church is that of maintaining the spiritual glow. Out here in life it is not a difficult matter to maintain the athletic glow. Gipsy Smith, Jr., in a recent sermon in Dallas, tells of an experience at the University of North Carolina. He was conducting a meeting for the students and had won a large place in their hearts.

One of the deciding games of the football season was to be played during his stay at the university. Students wondered what his attitude would be. Some questioned him as to whether or not he would attend the game, and if so, if he would support their team. He answered in the affirmative. He declared that he was a physical worker after the exciting game. His throat needed the attention of specialists for some days. He was proclaimed a hero by that student body because of the physical sacrifice that he had made for that victory. He wondered if he would have been so thrilled in an exercise appeal for their salvation. There is no difficulty in maintaining enthusiasm on the athletic field.

It is not a difficult matter to maintain the social glow. We clamor for high places in society. To be a social giant or a social queen is our earnest desire. We will give the best that we have to attain the heights in the social realm.

It is not a difficult matter to maintain the spiritual glow. Many have snatched the first clause of this text out of its setting and made it the slogan of their lives, "Not slothful in business." Living according to this motto, they have given all that they are and all that they have to make a success in the business world.

But, on the other hand, it is a difficult matter to maintain the spiritual glow. Some of us feel that this ebullient spirit is altogether out of place in the spiritual life. We say, "everything must be done decently and in order." Thus we have frequently sacrificed our zeal and enthusiasm in the Master's service. The cooling down process that takes place in the lives of so many members of the modern church is a tragedy. We are all aglow for a moment and then the process begins. We are not long becoming cold and indifferent in the Christian life. The chilling unit in the electric refrigerator needs defrosting at times. The too heavy accumulation of frost and ice on the unit interferes with the operation of the refrigerator. It is not frequently the case that the ice in which our spiritual lives is encased interferes materially with the seal and enthusiasm which we should reveal? We need the defrosting process to take place in our own lives. This illustration is not altogether analogous because the main business of the chilling unit is to cool down the refrigerator, but it was never intended that any Christian should become a chilling unit in the church.

But how should this spiritual glow be maintained? The last clause of the text answers the question, i. e., "Serve the Lord." May we not make the text read, "Maintain the spiritual glow by serving the Lord" without doing material damage to the thought in the mind of the Apostle Paul? That is indeed the one requirement of the spiritual glow, but how serve the Lord? First, by attending the services of the sanctuary. Few people have ever maintained a spiritual fervency and zeal by consistently absenting themselves from the worship in God's house. "Forasmuch as the assembling yourselves together," Dr. Harry C. Rogers of Kansas City declares that one of the outstanding needs of the church today is "for the church to go to church." Become lax in church attendance, and the inevitable result is a spiritual cooling down. Men at times determine to give their bodies needed physical exercise even at the sacrifice of their soul's development. They spend Sunday morning on the golf course while services are being held in their churches. A few mornings of this nature cool us down spiritually, make us critical of the program of the church, cause us to lesson our financial support, and then begin to wonder if the church fills any logical place in community life.

Second, we serve the Lord and maintain the spiritual glow, by communion with him. Prayer and a study of the word are essential qualifications of the glowing Christian. How ridiculous the belief that it is possible to maintain spiritual fire without frequently meeting God face to face. Many, even in this busy modern day feel the necessity of spending one, two, and sometimes more hours a day in fellowship with Him. The more filled the day with problems and tasks the more necessary this vital contact with God.

Third, we serve the Lord by definite personal service to them who God loves and for whom Christ died to save. Personal soul winning is essential on the part of the individual Christian if he would maintain that spiritual glow. "They that are wise shall shine as the

Anherst Legion To Stage Poppy Sale

AMHERST, May 5.—(Special)—Anherst legionnaires are planning a poppy sale for the last of the month, M. L. Payne, adjutant of the post, says. The post is operating under a temporary charter and has done so for two years.

Memorial day will be observed with a service in the school house. There are no graves of former service men at Anherst to decorate, Mr. Payne said.

B. J. McGee is post commander. The group has a membership of 40 former service men.

Free Delivery Not To Be Provided For

LITTLEFIELD, May 5.—(Special)—Residents of Littlefield apparently do not care for free delivery.

It is only recently that a systematic numbering of residences and business houses was begun. The paving program, however, has not been extended into the residential sections.

According to Postmaster J. E. Brannen there are not enough sidewalks in the city to permit establishment of free delivery.

TAXPAYERS AND OFFICIALS OF BAILEY COUNTY TO HAVE NEW EXPERIENCE; SUITS TO BE FILED ON DELINQUENTS

(By Staff Correspondent)

MULESHOE, May 5.—Taxpayers and officials of Bailey county are to have a new experience.

Also, one old timer here, who resided in the county for seven years or so, is to have a new experience all his own. He is going to have to pay taxes on his farm land for the first time.

And other delinquent taxpayers are to be sued at the December term of court for failure to pay taxes.

No Tax Suits Filed

There never has been a tax suit filed in the 13 years that the county has been organized, according to County Judge J. E. Adams.

The county commissioners' court has had an auditor going over the books and the court has decided to file some tax suits," he explained. "We have never had any suits in the county that any one knows of."

"Most of the back taxes are since 1924. However, there are a number of taxes before 1924 time. I understand that there may be some cases extending

back to the time the county was organized.

"One case that was reported to us by the auditor was that of a man who has never paid any taxes, according to the books. He has owned land since 1911 and our records do not show him as having paid taxes."

"It looks to me as if the taxes will just about eat up the value of the land."

More Than 90 Per Cent
Of 1929 Taxes Paid

MULESHOE, May 3.—(Special)—Better than 90 per cent of the 1929 taxes were paid, H. A. Douglas, tax collector, reports. Farmers in general, as well as cattlemen, are said to be in good shape.

Brownfield Man Turns To Poultry

BROWNFIELD, May 5.—(Special)—Bob Bowers, grain dealer, is going into the hatching of chickens on a large scale, according to reports here. He is reported planning the construction of a new hatchery in Brownfield, work to be started shortly.

At present Mr. Bowers is engaged in the manufacture of poultry feed. He has a mill here and both wholesale and retail.

There are now two hatcheries here, one of 32,000 egg capacity and the other of 12,000 egg capacity.

AUSTIN, May 5.—(P)—Discussion of the classification of motor fuels for taxation purposes under the gasoline law of Texas was taken up here today at a meeting between representatives of the gasoline producing companies, the state comptroller and the attorney general's department. Specifications of the types of fuel that are taxable under the present statute were expected to be drawn up at the session.

REVIVAL CLOSES HERE YESTERDAY

Final services for the two weeks revival at the First Methodist church were held yesterday with Dr. L. L. Evans, pastor of the Austin Avenue Methodist church, Waco, presiding at both the morning and evening hours.

A double trio sang at the 11 o'clock service with Andrew Hemphill of Fort Worth singing the solo parts. A male quartet composed of Mr. Hemphill, Hunter W. Richardson, Rev. H. L. Munger and J. C. Davis sang last night.

A report from the Rev. Munger this morning concerning the revival was to the effect that it had been quite successful. There were 60 additions to the church in the two weeks, some who came by transfer of letters but the majority of whom joined the church on profession of faith.

Performance of the Lubbock baseball outfit against Crosbyton here Sunday was enough to indicate that this Hub City will have a first-class diamond aggregation before many more weeks have passed. Despite the fact that the visitors failed to offer the desired amount of competition, specially from the pitcher's mound, the showing of Puckett's brigade was far from disappointing. Defensively, the local played in mid-season form but there is still room for improvement.

Raymond Ater, Volney (Satch) Hill and several other former Hubber stars will be in Lubbock during the summer months to bolster the local lineup. Ater is playing sensational baseball for Uncle Billy Dyer at Texas University and Hill is coaching at Chillicothe High school. With Ater at shortstop and Hill behind the plate in the catching role, the club will be improved several per cent.

What looks like a record for the season was hung up at Leveland last Friday when Irwin Thompson, hurling for the Cabeland nine, struck out 21 batters and allowed four hits in the contest between Cabeland and Clinton. Whiffing 21 out of a possible 27 in a single nine-inning ball game is quite a feat. That six men who connected must have hit in succession to get the four tallies.

This boy Babe Russell, of Hereford, stepped out and showed the boys something down at Austin Saturday when he set a new record in the 100-yard dash and tied the state mark in the 220. His time of 9.8 clipped two-tenths of a second off the standing record in the century. The furlong record stands at 21.5 and incidentally beats what Cy Lealand did Saturday in the dual meet between T. C. U. and S. M. U. A high school athlete who can run the 100 in less than 10 seconds is a rare specimen and the colleges and state will likely make glowing offers to the Hereford star. Artie Russell, brother of the Hereford fad, formerly attended school at Tech and it would not be at all surprising to see the younger Russell don a Matador uniform.

Coach Dutch Meyer's T. C. U. Stomped Frogs jumped into the lead in the Southwestern conference baseball scramble last week when the Texas Longhorns dropped their Saturday game with the Baylor Beavers. Previous to this game the Frogs and Steers were tied for the top perch, having divided their first two-game series. The purple nine, however, is facing ten more games before they can oust the Longhorns from their long-time pinnacle. This included four games with the Texas Aggies, four with Rice and two with the Champion Longhorns.

Guss Sarazen, Johnny Farrell and most of the leading American golf professionals are expected to play at the British Amateur, which starts a splendid chance to put the British in the coming British Amateur.

Here's what Sarazen says of the Atlanta lawyer-golfer: "Bobby is now playing as well as I ever saw him. He likes St. Andrews. In spite of the uncertainty of the play in the British Amateur where they have these 'sudden death' 18-hole matches I think he will get through. There is no one in Great Britain in his class. George Von Elm should go well too and it would not be surprising to see George and Bobby fight it out in the finals if they get in opposite sides of the draw. I don't think George Voigt will do so well as the other two at St. Andrews, but Voigt should go like a horse after Sandwich in the Walker Cup matches. If any British course is made for our fellows, Sandwich shapes up just right for Voigt. His straight shooting should do him a lot of good down those narrow fairways."

Mrs. Cary Regains Health, Golf Title

TEXARKANA, May 3. (P)—Eight years ago Mrs. C. C. Cary, then a resident of Seattle, Wash., was told by her physician that she had only a few months to live.

Today the same Mrs. Cary not only is very much alive, but she is champion of the Texas Women's Golf association. She gained the title by defeating Mrs. L. W. St. Andrews in the final round of the annual state tournament here Saturday.

Mrs. Cary, now a member of the Cedar Crest Country Club, Dallas, took up the game mainly as a pleasant way of spending the winter days of her life. Within two years she had regained her health.

Mrs. Cary will defend her title next year at Brownsville.

EVERETT IS CAPTAIN

O'DONNELL, May 3.—Glenn Everett will captain the 1930 football team, Glen, son of Mr. and Mrs. J. T. Everett, was chosen by his team mates.

The new captain played halfback last year. It was his first season. Exactly seven pitched balls resulted in three hits, one run and three outs in a recent game between Newark and Toronto of the International league with the latter team at bat.

DUNLAP GOES ROUTE FOR LOCALS; TO MEET LITTLEFIELD

The offerings of four Crosbyton pitchers proved easy picking for Dee Puckett's sluggers Sunday afternoon, and the locals breezed through to a 14 to 4 triumph over the visiting aggregation from the adjoining county capital.

Alvin Dunlap went the route for the Lubbock nine and was given brilliant support by the reorganized outfit. Red Waller and Orville Brothers turned in circus catches in the outfield to feature for the homebats. Every man in the Lubbock lineup came through in the assault on the Crosbyton chunkers.

Puckett's shifted lineup proved the most effective combination found thus far. The infield composed of Bell at first base, Hodges at second, Young at shortstop and Marshall at third gave Dunlap air-tight support. Waller, Brothers and Allen roamed the outer gardens in creditable style.

Next Sunday's skirmish here will likely be with the Littlefield Cats, managed by Art Mueller.

LUBBOCK GOLF TEAM VICTOR

LOCALS DEFEAT POST AGGREGATION AT POST SUNDAY

Lubbock Country Club club wielders continued their conquest of the Post fairway addicts Sunday at the Garza county stronghold when the Hub City delegation carried off five of six matches.

The inter-city contest was waged over the 9-hole Post Country Club course, the locals taking all five of the foursome matches and losing the one single match when Oscar Lykes went down before the steady stroking of Cardwell, 3 and 2.

Sammy McWhorter won Clinton Bussey and Ross McWhorter paired up for the feature match of the day and defeated J. Sampson and Woods, four up.

Jarrott and Slaughter had little trouble in taking their match with G. Sampson and Dr. Williams, 12 up. Jennings and Yager administered an even more one-sided beating to their opponents, Ribes and Hammond, 13 up. Powell and Roberts also won by a 13 hole margin over Herd and Jones. Mitchell and Arnett defeated Simpson and Watkins, five up.

Inter-city matches with Plainview and Amarillo are next on the program for the players.

Thompson Will Meet Fields Again Friday

NEW YORK, May 3. (P)—Young Jack Thompson, San Francisco negro, already has dropped two decisions to Jackie Fields, but he will have a real incentive when they meet for the third time at Detroit on Friday night. Fields' welterweight championship will be at stake.

Two other champions will swing into action during the week, but neither will risk his crown. Sammy Mandell, lightweight king, takes on Tommy Grogan, Omaha puncher, at Omaha on Friday, and Red Baccalino, of Hartford, Conn., featherweight title holder, meets Lew Massey of Philadelphia, at the Philadelphia area tonight.

ONE-INNING RALLIES CONTINUE TO BE BIG FEATURE IN MAJORS; INDIANS ON TOP IN AMERICAN LEAGUE FLAG CHASE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Three clubs which have been thrilling the fans by scoring their runs in bunches and at the last moment in the games have been accomplishing surprising feats in the major leagues during the past few days. These three are the Brooklyn Robins, St. Louis Cardinals and Cleveland Indians.

Brooklyn and the Cardinals have staged a series of slugging battles at St. Louis that never were decided until the final outburst was made, but on each occasion, the Robins came out ahead by a run or two to sweep the four game series and to carry their winning streak to seven games. A double victory yesterday put the Robins in fourth place in the National league standings.

"Wild Bill" Beaton On Saturday, St. Louis tied the score in the ninth and barely missed again in the tenth when Brooklyn scored five runs and St. Louis four. Yesterday, Ray Phelps, Robin rookie, outpitched Bill Hallahan to win the first game, 4 to 1, without any Cardinal rallies, but in the second the Cards repeated their act of getting four runs in the ninth and carried the battle to 13 innings before the Robins scored three runs to win, 11 to 10.

Three times in succession Cleveland put on late rallies against the Boston Red Sox and won three games by doing it. They came from far behind yesterday, scoring five runs in the ninth and one in the tenth for an 8 to 7 victory. This sixth successive triumph put the Indians in first place in the American league as the St. Louis Browns won their second game in succession from Washington, 8 to 6.

Yanks Best Sox
The New York Yankees brought another change in the American league standing, moving into sixth place ahead of Boston by beating the White Sox, 7 to 4.

Bill Shores of the Athletics and George Uhle of Detroit staged a battle that remained a 1-1 tie for six innings. Then the Philadelphia sluggers pounded out a 7 to 1 victory in the last three frames.

Cincinnati altered the National league standing considerably by downing New York, 8 to 4, behind the good pitching of Jake May. The Chicago Cubs won another close game from Philadelphia, 8 to 7 when Lou Knapal made a costly wild pitch in the ninth inning.

SHREVEPORT LEADS LEAGUE
Shreveport's Sports today found themselves atop the league ladder, after a clean sweep of the two-game series with Beaumont, resulting from yesterday's 7 to 3 victory. McManahan hit a homer in the third with the bases full.

And today, they had the prospect of opening a brace of games with the Dallas Steers on the Shreveport lot, where the Dallas herd wandered in hopes of finding green grass, the home diet having brought them to the second from the lowest step in the cellar.

INDIANS AT BOTTOM
The San Antonio Indians went to the foot of the class yesterday when Carl Williams' Wichita Falls Spudders swept their double header with an 8 to 6 victory in the opener, then walked away with the seven-inning nightcap 3 to 0.

When the Steers left Dallas last night, First Baseman Earl Johnson was left behind, with a fracture of his arm, suffered in Saturday's game; and First Baseman Hal Stoen and Third Baseman Jack Kahn did not make the trip, the former being turned back in the Sacramento club of the Pacific Coast league and Kahn to the Boston Nationals. Skipper Jackie Ats had hopes of having Outfielder Jimmy Moore back on his squad soon, the extension granted the Chicago White Sox on him being up May 15.

Waco game scheduled with Dallas yesterday was cancelled because of rain and the Houston-Fort Worth tilt had a similar disappointment.

West Texas Teachers To Have Golf Course

CANYON, May 3.—(Special)—The West Texas State Teachers college will have a golf course ready for its summer students when they come to Canyon June 8. A nine hole course has been laid out on a sixty-acre tract of land near the college campus.

The course will be open for the use of all members of the faculty and students, and arrangements will be made to rent clubs to persons who do not have their own.

YOUNG TEUTON RETURNS FOR SHARKEY BOUT

CHANGE IS NOTED IN YOUTH; GREETED BY LARGE CROWD

BY EDWARD J. NEIL,
Associated Press Sports Writer.

NEW YORK, May 3. (P)—The well-dressed young man from Germany, Max Schmeling, is back in America today, in happy quest of fortune's richest prize, the heavyweight championship.

Looking more than ever like the Jack Dempsey of ten years ago, the smiling, young Teuton bowed his way into the United States yesterday, through lanes of shouting countrymen, solid German citizens and their fraus, who gathered 4,000 strong on the pier of the liner New York. The air was filled with guttural "Hoheis" and Hurrah Mocks and the German youth was vandy pleased and considerably mauled before he could get away.

The suave, poised youth who chose deliberately to mix with the crowd rather than sneak ashore and avoid the cheering countrymen who must have run at dawn to greet the early boat, was a strange contrast to the shy, frightened youngster who slipped unannounced into New York for the first time two years ago.

With his German manager, \$10 and 10 words of English between them, Schmeling then set out quietly to win a place among the top-ranking heavyweights. He knocked out Joe Monte, beat Joe Gekyra and became an overnight sensation by topping rugged Johnny Rinko. Then he whipped Paulino Uzcudun, became entangled in controversy with managers and promoters and sailed disgustedly for home.

Now he is back to fight Jack Sharkey in the Yankee stadium June 12 for the heavyweight title that has been vacant since Gene Tunney retired two years ago. He carried 19 pieces of luggage with him this trip, several companions, German newspapers, a Dauchard pup, and a half dozen cuckoo clocks that caught his eye one day in a shop in Berlin.

It is the personal improvement in Schmeling, however, that is so noticeable. He shakes hands and self-assurance of Dempsey, most popular of all champions, talks freely and excitedly in fairly good English, and is interested in everyone and everything. The single suit and plain shirts, signs of lower status, have been replaced by twenty tailored ensembles that run tastefully from light and dark grays down three blues and browns. He is a martial picture.

COMMENCEMENT IN O'DONNELL IS SET

(By Staff Correspondent)

O'DONNELL, May 3.—Dr. A. J. Cunningham of the English department of Texas Technological college, Lubbock, will deliver the annual commencement address at O'Donnell high school Friday, May 16.

Commencement week begins with the baccalaureate sermon at the high school auditorium, to be delivered by Rev. R. B. Freeman, pastor of the Littlefield M. E. church.

Don't say "no" to nature

Who's speaking, when kiddies tease for sweets? It's nobody else than Old Mother Nature, who calls for quick energy food. Sugar is most necessary to children. Give it to them freely, but wisely, diluted with lots of water, and with fruit juice for flavor and health. Dr. Pepper is the ideal combination; delicious, healthful and safe.

REPORTS ON CHEST GIVEN

PLAN INSTALLATION OF FILING SYSTEM FOR WORK

Reports of six participating agencies were announced Saturday for the period beginning October 1, 1929 and ending April 1 by the Lubbock Community Chest, following announcement to the effect that the central organization is planning immediate installation of a filing system in order to keep an accurate record of social and charitable subjects benefiting by the \$25,000 fund raised last fall.

Records To Be Kept

Office of the Community Chest is at the city hall. Applicants for charity or funds for social work are required to petition the participating agencies of the chest, official announcements, records of charity and social work and disbursement of funds will be kept at the chest offices in an effort to prevent improper recurrences of charity work.

Reports of the different agencies of the Community Chest for work done from October 1 to April 1 reveal 11 units of charity for the Red Cross, 13 for the Salvation Army, six advancement features of the Boy Scout organization and six for the Camp Fire girls. The Y. M. C. A. and Y. W. C. A. of Texas Technological college have also been aided.

MISSION OPENS AT CATHOLIC CHURCH

The Catholic community of Lubbock and a number of friends gathered last evening in St. Joseph's church, Avenue O and First street to hear the first sermon of the mission being conducted there this week. The services are in charge of the Franciscan missionary, John Forest McGee, of Wichita, Kansas, and begin promptly at 8:00 each evening.

"Religion," said Father McGee, "is not an individual's view or opinion, nor the views of opinions of many; it is not an emotion, or sentiment, or feeling, but a fact, a message of God, delivered to the world by His Blessed Son, Jesus Christ. Religion means the service the creature owes to the Creator, the servant to the Master. God has not left the choice of this service to the individual, but has pointed it out plainly and unmistakably in the teachings of Christ."

Points Out Fallacies
The speaker pointed out the fallacy of the common statement that one religion is as good as another, proving clearly that the statement is a contradiction and is an insult to common sense and to the truthfulness of God.

Father McGee speaks in simple and plain language and his hearers can follow him without effort.

The subject for this evening sermon is: "Man's origin and destiny, or: Why am I here? Whence do I come? Whither shall I go?"

The people of Lubbock are invited to seek information on religious matters in the Question Box. All questions found there, that are worth while, will be answered promptly and straightforwardly on Friday evening at 8 o'clock.

Father G. A. Boeckmann is the pastor of St. Joseph's and will gladly give any information to persons interested in the mission.

LORENZO CASHES IN ON PRODUCE

LORENZO, May 5. (Special)—Lorenzo people have an income of not less than \$1,500 to \$2,000 a week from the sale of chickens, eggs and cream, a survey by J. L. Suits, here, shows. At present with the low prices, the average is \$1,500.

On Saturdays between \$800 and \$850 in these products is sold during the winter months. When the price increases the income will be greater.

Mr. Suits reports that five years ago the yearly sale of butter and poultry products did not exceed \$4,000 a year.

PIONEER KILLED

BASTROP, May 5. (P)—Alfred Knittle, 69, pioneer shoe merchant here, was killed Saturday when struck by a passenger train. He was returning from his farm near town, where it was his custom to go to pick dewberries. He was almost deaf, friends said, and evidently did not hear the train approaching.

HAS WAR TROPHIES

The Amherst post of the American Legion is proud of its war trophies, presented to it by the state department of the American Legion for its membership record. The equipment, all German equipment, consists of eight rifles, six bayonets, one saber, a canteen, several helmets and a couple of shrapnell shells. Recently, says M. L. Payne, adjutant, Littlefield, wanted to stage a display in connection with a war picture. The post there borrowed the Amherst equipment.

CANYON PAINTING

J. C. Gillis, superintendent of the Santa Fe at Slaton has one of the few hand painted pictures of the Grand Canyon of the Colorado, in his offices there. The pictures were painted many years ago by an artist and are only sent, as a rule, to large towns, by the Santa Fe passenger department at Topeka, Kas. The pictures have been in Slaton for some years. "Every year or so," says Charlie Taylor, chief clerk to the superintendent "they get anxious about those pictures in Topeka and write down here to see if we still have them."

PROUD OF TROPHIES

Antion high school students are proud of their school trophies, on display in a case in the hall of the school building. There are 12 ribbons and three cups. The ribbons include five first, six seconds and one third.

PAYMENTS GOOD

Kenneth Hemphill reports Littlefield farmers are prosperous. "Out of \$500,000 in farm loans that one of the companies we represent has in this community, not a one is delinquent in payments," he said. "I don't know of any other community that has that kind of a record." He also reports the First National bank has over 3,500 depositors.

HOW MANY

An enterprising Slaton merchant the other day had on display a big rooster in a cage with a proposition for a prize for guessing the number of grains of corn the old fellow would eat in 30 minutes. Another prize was for a hen doing the same stunt.

JUST WORKS

J. E. Shelton, Brownfield chamber of commerce secretary, has been in the work more or less since 1921. For nearly five years he has been full time secretary, giving his time to the work. ABOUT COCHRAN COUNTY

Aside from being president of the Morton Chamber of Commerce, the Cochran County Fair association, manager of the Morton-Smith Land company and one or two other jobs, George E. Lance edits the Cochran County News on the side. He is one of the original town boosters and knows how to tell the world about his home town. Under the heading "believe it or not," (By the editor) he writes as follows: "Mr. Outside Reader—you might be surprised to know that every drop of rain that falls in Cochran county stays in Cochran county. There is not a river, there is not a creek, there is not a bridge in Cochran county. Fifteen inches of rainfall, properly distributed, will grow a bigger crop than any county in Texas. If you doubt this statement we invite you to come and investigate the correctness of this statement. Seven years ago Cochran county had five (5) school children. Today we have nearly 700. There is not a frame school building in Cochran county. Seven years ago there were less than 5,000 acres of land under cultivation, today there is approximately 200,000 acres. Morton county seat of Cochran county, has doubled in population within the last 18 months. Do you see anything the matter with Cochran county? It is the baby county of Texas. A healthy youngster brought up on its own milk."

GROWINGS OF LEGUMES TO BE TRIED IN DAWSON TO AID IN PROMOTION OF DIVERSIFICATION; PAST WORK GOOD

BY VIC LAMB
Special Correspondent

LAMESA, May 5.—An earnest effort to grow legumes in Dawson county is being made this year to encourage diversification with livestock, according to W. W. Evans, county agricultural agent. Several thousand acres of cow peas, soy beans and sweet clover will be planted. These crops are proven adapted to soil and many farmers in recent years have had satisfactory yields, particularly of bean and pea crops. Several orders for Chinese red cow peas have been placed with the state experiment station at Beeville. It is thought from experiments and demonstrations made in 1928 and 1929 with the Chinese red cow peas that its adaptability and convenience in harvesting will make it an important crop in this county as this variety is an up-right grower and may be moved and saved for hay like alfalfa.

Does Not Tangle

It does not tangle in a mass as some other varieties of cow peas. The Laredo soy bean is a particular favorite as its habit of growth is also up-right, making it convenient to mow or cut with a binder. It has also been demonstrated when these crops are planted in alternative rows or with two rows of grain and every third row with peas or beans, the yields of grain are not diminished and the grains thus planted make an excellent pasture when growing with the grain or may be saved for hay.

Luther Stevens, farmer in the Klondike community, with forty acres in peas and every third row in maize, harvested as much grain as on one field of forty acres planted with all maize. Besides affording excellent pasture for dairy cows and work stock the soil is enriched by the field peas and succeeding crops show increased yield of maize or cotton.

Farmers Demonstrating
Sixty farmers in Dawson county are demonstrating this year sweet clover, according to Evans. Recent rains with accompanying cool weather makes an ideal seedling condition and several hundred acres of sweet clover is being planted. Necessity of these crops is apparent to farm dairymen who realize the advantages of cowpeas, soy beans and sweet clover because they afford a variety of feed containing proteins and mineral matter which increases milk flow when fed with other grain and forage crops. It also helps to build bone and muscle structures and adds quality to livestock. It is known that the sandy loam of this section, while yielding abundantly of the clover forages such as sudan, sweet and grain sorghums, do not contain sufficient proteins and mineral matter to accomplish the best results when fed alone.

"Peas and bean crops grow well when planted and properly cared for and the effort of livestock men this year to give them a systematic well studied chance and keeping records of the results to determine their usefulness as a regular crop rather than a catch crop," Evans says.

The sweet clover is found growing wild in many isolated places and is believed that it may be adapted to waste lands on the sand dunes and shinnery sections as a supplement to otherwise sparse pastures.

Good Idea
PHILADELPHIA—State subsidy of early marriage is favored by Judge William E. Lewis, who for four months has been hearing disputes between husbands and wives in which economic condition has been a large factor. "The average young man cannot afford to undertake the responsibilities of home life," he remarked. "Why not then assistance in marriage, which is one of the most serious things in life?"

Paying Off
NEW YORK.—It's a delightful May day for investors in American industry. Dividend disbursements today by some 600 corporations run into millions of dollars.

Did Rather Well
NEW YORK.—Morris Schimatz immigrated from Asia Minor to New York 25 years ago and started making cigarettes. The fortune he left at his death two years ago has been appraised at \$5,014,962.

Brownfield Enjoys Building Activity

BROWNFIELD, May 5.—(Special)—Brownfield is enjoying a building boom this spring with half a dozen homes now under construction.

"There are three or four homes going up near the new high school, on the opposite side of town nearly as many more are being built. There has just recently been completed low apartments and several new residences."

ASK CONDEMNATION
WASHINGTON, May 5. (P)—Harrison P. Jones of Chicago, representing poultry, butter and egg merchants, urged the chamber of commerce of the United States today to vote condemnation of "the agricultural marketing act and create a policy for modification whereby American citizens may remain in business without outlay by government interference."

CROSBYTON, May 5. (Special)—Homer Redwine, manager of a store here, has moved to Lubbock where he will be employed by Davis and Humphries in the Piggly Wiggly stores there.

BILL SAVAGE, ONLY 12, IS RAPIDLY BECOMING BUSINESS MAN AS ELDERS OF BROWNFIELD CHEER FROM SIDELINES

BROWNFIELD, May 5.—William Savage, Jr., better known as "Bill Junior," is just about the most popular twelve year old boy in Brownfield and this section of Terry county.

Bill's popularity is in two groups, first the boys of his own age and a little older, who want to work for him and second, the men of the town who point him out as a coming business man.

Reason for Bill's popularity among the boys is that he is agent for the Avalanche-Journal and as such will have a route or two to distribute. Bill has his own route and he makes money—good money, from it. But the route is getting too big for him, so he decided to have a boy help him out on Sunday mornings when the handling of several hundred papers was becoming a task.

It was only last July that Bill began as agent for the Lubbock pa-

pers. His first subscription were July 27. He at once began sending in new subscriptions regularly. He handles both the Avalanche in the morning and the Journal in the afternoon and is at the Brownfield hotel every evening when the Pioneer Motor line bus from Lubbock comes around the corner.

J. G. Bond, hotel owner, has taken a special interest in the success of the newspaper agent. Other men, learning of what he was doing and finding they got their papers on time, decided to look into the case. They found him popular, energetic, always on the job and giving service.

Popular Everywhere
All the way up the street from the Santa Fe depot on one end, where R. L. Harris says his service is satisfactory, to the schools on the other where W. B. Toomey, superintendent, sees a lot of Bill, he is popular.

Mrs. Savage, a widow, is a teacher in the Brownfield schools. Bill is in the high sixth and going to the seventh next fall," he says. And down at the school house his teachers say his work has not cut down on his studies at all, that he is as efficient in school as a young business man should be.

Faid \$150 in Cash
But the thing is that Bill paid altogether \$150 in cash on that lot out of money he made as agent for the Avalanche-Journal.

"I bought the lot for an investment," he said. "Think it is a good buy. I only owe \$25 on the lot and it will not take long to pay that out."

Funds Pledged For Cotton Oil Mill
(By Staff Correspondent)
LITTLEFIELD, May 5.—Members of the chamber of commerce at a meeting Tuesday subscribed \$63,000 toward a fund \$15,000 for the purpose of erecting a cotton seed oil mill here. Property which the local group desire for a location belongs to Judge Hopping of Lubbock and a contract for the purchase of approximately five acres has been signed. It is planned to complete the mill in time to handle the 1930 cotton crop. J. W. Hale, secretary of the chamber of commerce said.

Muleshoe Deputy Good Bookkeeper
(By Staff Correspondent)
MULESHOE, May 5.—Howard Muleshoe, office deputy for Sheriff T. A. Douglas, appears to be a pretty fair bookkeeper if the report of the special auditors named to go over the county's books is taken as correct. In most counties the auditor for Thomas Y. Pickett and company, accountants, told Howard, the tax collector generally owed the county. "We find that the county owes the tax collector \$3.18 instead of the collector owing the county," the auditor is quoted as saying. The auditor complimented the office deputy.

AMHERST, May 5.—Harris Brantley has purchased the Magnolia agency here of Mary Autry and associates and is now in charge. Harry Brantley will be in charge. He is a son of the owner.

STOCKS BACK TO NORMALCY

LIQUIDATION STORM IS APPARENTLY OVER; FEW SELL LOW

NEW YORK, May 5. (AP)—The storm of liquidation that upset the stock market in last week apparently blew itself out over the weekend. Although the forenoon trading today evinced considerable irregularity, the price range was relatively narrow, and only in isolated instances did important stocks sell as low as on Saturday.

Scattered liquidation pushed several stock issues to new minimums, but the recessions were mostly of a fractional order and embraced principally the copper and low priced shares. The early decline ran from 2 to 10 points in a number of specialties, but these were largely retrieved later, and toward midday leaders like American Telephone, General Electric, American Can, U. S. Steel, Westinghouse Electric were selling 2 to 4 points above the previous close. Famous players were up, Eastman Kodak 6 and Vanadium Steel 7.

Call money renewed at 3 1/2 per cent.

CHICAGO GRAIN

CHICAGO, May 5. (AP)—Influenced by downturn at Liverpool, wheat here having touched early today with May, a new bottom price record for the season. Opening at 1-4 off to 1-8 up, Chicago wheat afterward underwent a general sag, but then rallied somewhat. Corn and oats were also easy, with corn starting at 3-8 decline to an equal advance, and subsequently receding a little. Provisions held steady.

which spread a cloud of smoke over the island that blotted out the sunlight.

In southern New Jersey, fires swept through thousands of acres of dry brush, scrub oak and beech pine and destroyed more than a score of homes and other structures.

19 Homes, Church Destroyed

At Forked River 19 homes and the Presbyterian church were destroyed. Part of the village of Bassville was destroyed in a fire which burned a 15-mile path from Smithburg to Lakehurst.

In the vicinity of Worcester, Mass. a score of forest and brush fires fed on parched woodlands and, fanned by a high wind, defied efforts of firemen, state troopers and volunteers.

A force of 500 men extinguished a forest fire between Glena Falls and Saratoga Springs, N. Y., after it had damaged several farm buildings and burned over 3,500 acres.

The town of Hope Valley, R. I., was threatened by a fire which burned along a 10-mile front through the woods in the southern part of the state.

COLORADO TOWN HAS \$300,000 LOSS

MONTE VISTA, Colo., May 5. (P)—A fire that ravaged the principal business block of Monte Vista, causing estimated damage of \$300,000, was placed under control today, but not until a company of Colorado national guardsmen was called out to prevent looting.

A wind storm whipped the flames and for hours the blaze defied the efforts of the Monte Vista fire department, augmented by the department from Alamosa, and more than 200 volunteer fire fighters.

The first fire started in a hardware store. It was barely under control when another blaze in a lumber yard was discovered.

HAMPTON ROADS BASE IS DESTROYED

NORFOLK, Va., May 5. (P)—Pier seven at the Hampton Roads naval operating base, reconstructed at a cost of \$210,000 to house the airplane carrier Lexington, was destroyed today by fire.

phases of the civil disobedience planned by Gandhi, there was a threat of serious disorders and trouble for the authorities. Gandhi has sought arrest since March 12, when with 70 devotees, he left Ahmadabad, to march to Jalalpur to manufacture salt in defiance of the British monopoly.

Prepare For Emergency

Prior to its action the government took extreme measures to insure there being no disorders. In Bombay the authorities were prepared for any emergency. Due to the severity employed in taking the Mahatma into custody news of the arrest did not travel fast.

In the past few weeks serious rioting has broken out in Calcutta, Peshawar, Poona, Madras, and other cities in protest at arrest of the leader, notably Jawaharlal Nehru, president of the all-India national congress, and Mayor J. M. Sen Gupta of Calcutta.

It was Gandhi's hope that in the martyrdom to be achieved by being arrested the dissident Indian elements would be drawn into the nationalist camp and united with fervor to carry the campaign of civil disobedience to success. It was this martyrdom which the government was reluctant to grant him and which led them to stay their hands through so many weeks.

The government finally acted in Gandhi's case as he prepared to raid the government-controlled salt deposits at Dharana, and to go to Bombay personally to lead 100,000 Satyagraha volunteers in civil disobedience and passive resistance to British law.

Gasser And Land Is Sold In Zapata Area

LAREDO, May 5. (P)—The Panhandle gasser in Zapata county and 1,120 acres of land were sold Thursday by J. H. Winch, H. G. Henne and Harry L. Fausler to John G. Morris of the Allied Gas company, for \$25,000, and he in turn transferred the property to the South Texas Production company. It was announced that a pipe line would be built to the Panhandle lease, where a number of tests will be drilled.

who was a star state witness against him, wrote Gov. Moody that she had given false testimony. Ham was recently tried at Abilene and sentenced to 25 years imprisonment. It was after his conviction he made the statement exonerating Howard.

Tried Three Times

Howard was tried three times. The first conviction carrying 90 years imprisonment was set aside by the trial court when it granted the defendant's motion for a new trial. He was given life imprisonment on the second trial, but the judgment was reversed and the case remanded by the court of Criminal Appeals. The jury returned a verdict of death on the third trial and the appellate court affirmed it.

Gov. Moody gave Howard several respites pending trial of Ham.

The governor said he would commute the death sentence and await the future to determine Howard's innocence. He declared with the statements of Ham and Howard's former wife before him he felt that Howard should not be executed, but at the same time he had not been convinced of the man's innocence.

Nixon's body was found in a shallow grave in the sand dunes of Ward county after he had left El Paso to drive Howard and Ham on a prospecting trip into West Texas.

THREE ARE KILLED

NEAR CORPUS CHRISTI

CORPUS CHRISTI, May 5. (P)—Three persons were killed in this vicinity yesterday as the result of automobile accidents.

Emmett Pittman of Kingsville was killed near that city when struck by an automobile while standing on the running board of another car.

Alfonso Enriquez, 3, was killed near Violet when an automobile was struck by a train.

Edward Lee Clark, 17, of Kingsville died in a hospital there last night from injuries suffered in an automobile collision. His mother and brother also were injured.

Convict Is Freed

Of Murder Charge

RICHMOND, May 5. (P)—Twenty minutes after it retired Saturday a jury in district court acquitted Leroy Hammon, Houston convict on Imperial Farm number 3, of murder in the fatal stabbing of Bill Lawler, fellow convict, June 3, 1928.

District Attorney R. A. Bassett indicated that a similar charge against O. E. Foster, who was scheduled to go on trial Friday, might be dismissed.

AMHERST TO SEEK PAVING

PROJECT TO BE TAKEN
UP BY OFFICIALS;
COMMITTEE NAMED

(By Staff Correspondent)
AMHERST, May 5.—Amherst is having a bad case of paving fever at this time and a committee of business men the past week was busy discussing the question of paving at least three blocks of Main street.

Mayor E. B. Luce named the following: Roger Willett, O. F. Wagner, L. A. Daniel, W. F. Rowland and T. H. Pennington, to act as a citizens committee in the matter and to interview property owners. Commissioners C. A. Messamore and Sid Morris are also working on the project.

To Pave Main
Plans are for the city to pave Main street for at least three blocks in the business part of town. Also, if property owners will agree, at least half a block on either side will be paved.

It is also suggested that runners on the road between the Santa Fe depot at one end and the high school at the other, be paved, with a parkway between the slabs of concrete.

Between the depot and the school it is nearly two miles. There is a heavy travel, especially for trucks, from the depot to town. The school buses also use the street out to the school building.

Amherst is in good financial shape at this time according to M. L. Payne, city clerk. The only outstanding bonds are some \$50,000 in water works.

Warrants Paid Off
"During the past three years we have paid off \$11,000 in warrants," he said. "These were for the fire department."

Main street is about 75 feet wide. It is 100 feet from lot line to lot line.

Amherst is growing steadily. About fifteen new homes have been started or completed since the first of January. Several new business buildings also were finished. A new gin is contemplated.

The country around Amherst is prosperous and farmers are anticipating a good crop this year. Amherst is less than seven years old. It was started in the fall of 1923. There are almost no frame buildings in the town. Modern brick structures are in use.

trial of Bud Aiken, of Lamesa, charged with murder in connection with the shooting of B. F. Cox on the night of February 28.

The five veniremen were challenged by defense and prosecution before a packed court room.

Thomas S. Christopher, Lamesa, in his questioning indicates that insanity will be interposed as a defense plea for Aiken. T. L. Price district attorney, is assisted in the prosecution by J. W. Gibson. Examination of veniremen started at 10:30 o'clock.

This afternoon's session opened at 1:30 o'clock.

The defense had called 38 witnesses, while the prosecution has summoned 20.

L. G. Cox, of Dallas, son of the victim of the shooting, is in the courtroom. I. W. Aiken, father of the defendant, is occupying a seat near his son.

ALSUP'S TRIAL OPENS IN FORT WORTH

FORT WORTH, May 5. (P)—John Alsop went to trial in district court this morning for the murder of Isaac (Will) Tate, negro, would-be robber of the First State Bank of Polytex, after Judge Hoesy had overruled motions for continuance and severance.

The motion for severance asked that Alsop be tried after A. P. Boyd, charged with being an accomplice in the slaying of Tate. The men also are charged in connection with the killing of George Terrell, negro.

INVESTIGATION OF SHOOTING IS HELD

BIG SPRING, May 5. (P)—The grand jury session scheduled for today was expected to investigate charges of murder filed against C. C. Chambers, contractor, as the result of the fatal shooting of Ray Jones, farmer. According to a statement Jones made to the district attorney before he died, the shooting Saturday culminated a quarrel

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinies played an hour or so. Then Clowdy said, "Come on! Let's go! We've seen enough of this canal. But, where shall we go next?" The Tinies said, "Well, let's see! I guess the sewer's up to me." And then he stood still, thinking. He was really quite perplexed.

At last he said, "I have a hunch that if we would head for Germany. What do you think of that?" Wee Clowdy shouted, "Oh, that's fine! I'll pick that very trip for mine." The others too, seemed quite enthused and Clowdy waved his hat.

Then Clowdy said, "How will we go? That is what I would like to ride within a great big plane, no matter where we roam. Just look how strong this plane is made. There is no cause to feel afraid. And, when you're once inside of it, it's really just like home."

take a plane." And so they rushed down to the dock and there they shortly found a flock of little boats that they could ride. They picked a speedy one! Then, as the whole bunch hopped aboard, "We're off!" the merry boatman roared. They sailed out on the Zuider Zee and it was heaps of fun.

When once in Amsterdam they went out to a flying field and spent an hour or so in getting set to take off in the air. A great big plane was chartered soon. The big propeller hummed a tune and as they slowly sailed right up it seemed a treat quite rare.

All of a sudden Clowdy said, "I promise I will never dread to ride within a great big plane, no matter where we roam. Just look how strong this plane is made. There is no cause to feel afraid. And, when you're once inside of it, it's really just like home."

BAILEY COUNTY TO HAVE NEW LAW

H. A. DOUGLAS DECIDES NOT TO RUN FOR POST AGAIN; HAS SERVED FOR TWELVE YEARS

(By Staff Correspondent)
MULLEN, May 5.—Bailey county is about to lose its first and only sheriff, H. A. Douglas, pioneer resident, who has announced he would not be a candidate for re-election.

Sheriff Douglas is now completing his sixth term. He was elected when the county was organized in 1918 and has been re-elected every two years since.

Has No Plans

"Don't know what I am going to do," the genial sheriff said when asked as to his future plans.

"I have a small farm near here. Don't know whether I'm going back to the farm or whether I'll stay in town."

The sheriff admitted it would likely seem pretty queer to him not to come down to his office every morning, look over the mail for the jail, check up on the prisoners, get reports about robberies, etc., and serve warrants and the like.

"Guess it will be a queer world after I get out of office," he commented. "Haven't thought much about it, but I'm sure there are four men now running for the nomination at the July primaries."

LUBBOCK CENSUS

(Continued From Page One)

than saying an enormous increase is obvious.

An increase of approximately 400 per cent is expected by those who made estimates today. Population of this city in 1920 was 4,031.

There are at least three ways of making estimates of a city's population, although in Lubbock those will vary considerably. A total of 4,000 persons paid poll taxes within the city limits this year. As is the custom in some cities of multiplying those figures by 4, such would give Lubbock a population of 16,000.

Shows Larger This Way

The scholastic census of Lubbock and a five mile radius of the city is 5,000. These figures multiplied by five amount to 25,000. Subtracting 2,000 for the estimated number within that zone who do not reside within the corporate limits, Lubbock's population would be 23,000.

There is another way. There are 4,000 building units, including business and residential, within the city. Three times the figures amount to 12,000.

Estimates of Lubbock citizens follow: Burton S. Burke, assistant district attorney, 18,000; County Commissioner L. C. Denton, 20,000; Justice of Peace G. R. Scott, 18,000; Sheriff Wade Hays, 18,000; County Judge Robert H. Bean, 18,000; L. A. Howard, former county attorney, 17,500; D. T. Jennings, executive of the South Plains Area council, Boy Scouts of America, 18,000; Chief of Police John Lemons, 18,000; J. C. Levey, assistant city attorney, 18,000; H. D. Woods, former mayor, 17,500; Glen Hess, 18,000; B. C. Dickinson, president of the Panhandle-South Plains fair association, 17,200; J. A. Haley, Jr., commander of Allen Brothers post, American Legion, 20,100; District Judge Clark M. Mullican, 20,000; City Manager G. W. McCreary, 18,000; and A. C. RAINFALL LESS THAN AVERAGE DURING MONTH OF APRIL, DON JONES REPORTS

A report issued Saturday by Don L. Jones, superintendent of the state experiment station, located three miles east of the city, shows that total rainfall for the month of April was 1.04 inches, a departure from the average rainfall for the month of .58 inches. The average fall is recorded as 1.62.
