

National Guard To Summer Camp June 8 to 24

Wellington's National Guard unit will attend summer camp at Fort Hood from Sunday, June 8, through Tuesday, June 24. Lt. Col. Dale Watkins, commanding officer, has announced.

Thirty-five enlisted men and five officers are due to go from here.

In preparation for this, 25 men and officers spent the week end at the firing range at the old Childress Air Force Base, and also a group of promotions were announced recently.

In the list of promotions announced by Col. Watkins, 15 men were promoted from private first class to specialist third class, including Paul D. Bell, Thomas J. Buske, Richard W. Carter, Charles W. Gibson, Michael E. Glenn, Arthur G. Gray, Dennis R. Harris, Ernest C. Lane, James E. Lee, Cloyce G. Scarberry, Charles R. Tigert, Austin T. White Jr., Cager A. Wilkins, and Woodrow F. Wood. Fred Saied was promoted from specialist third class to second class.

Attending the session at the rifle range were Col. Watkins, Lt. Bill Leonard of Childress, Major McIntyre and son, Patrick of Amarillo, and

Sergeants J. C. Yearly, R. V. McGill, Jess Wilson, J. C. Campsey of Childress, Joe Coleman, Freddy Maxwell, Kenneth Parker of Childress.

Specialists 2/C Kenneth Miller of Memphis, Wayne Maxwell of Childress, Don Wheeler and Fred Saied.

Specialists third class Bell, Scarberry, Wesley Busby, Buske, Charles Gibson, Kenneth Melton of Childress, Tick Lane of Childress, White, Wilkins;

Pfc. Jerry Paul Cook and Pvt. Wynn of Memphis.

Pride of Dodson To Cut Records

Ted Parker and the Pride of Dodson will cut a group of records in Amarillo Saturday, T. E. Lennon, superintendent of schools, announced.

Six songs will be recorded. Among them are "I Saw a Man", "Thanksgiving Song", and "Peace, Peace, Sweet Peace".

Members of the instrumental-vocal group will be Ted Parker, director, and Kenneth McClelland, assistant, and these students: Joe Lennon, Roger Painter, Garth Lewis, Glen Ray Hunt, Eddie Z. Hunt, Kenneth Hunt, Odell Lemons and Joy Carolyn Smith.

A Music Week Event

County Musicians Give Folk Festival Thursday

The American Folk Festival, final event in the observance of National Music Week as sponsored by the Wellington Federated Music Club, will present both student and adult home-town talent in folk songs, games and music.

The festival will be given Thursday, May 8, at 8 p. m., in the community building, Mrs. Lynn Wright, chairman of the Music Week committee, announced this week.

"Everyone is invited. We are presenting this and the other events of Music Week to try to encourage more music in the homes and in the community," Mrs. Wright said.

Theme of this year's Music Week is "Live With Music". Assisting Mrs. Wright in plans are Mrs. Billy Mac Sims and Mrs. Mack Bush. Mrs. Jack Davis will be mistress of ceremonies.

Youngest of the participants in the folk festival will be 16 second grade boys and girls, students of Mrs. Bernice Welch. They will do two folk games, to the music of "Put Your Little Foot" and "Hoky Poky".

A popular group of adult singers, the Jean Kopp Chorus, will give one folk song from the mountains and another from the Plains, "Soldier Won't You Marry Me", and "Home on the Range". Elaine Yarbrough will present a piano solo, "Little Nigar", by Debussy, and fifth grade students of Mrs. Sam Thompson will sing a Spanish-American cowboy song. Another piano solo will be by Vickie Allen.

To State Contests June 11

Three 4-H Judging Teams Win Top District Honors Saturday

Three 4-H Club judging teams won top honors in the district contests at Canyon Saturday, May 3, and will represent Collingsworth county and district 1 in the state contests at College Station June 11.

The two top teams in the Panhandle were designated in each contest, with neither given preference, county agent Bob Lynch reported.

These are the land judging team, made up of Kenneth Norman, Lynel Black, Roger Painter and Kenneth Hunt of Dodson 4-H Club; poultry judging team, of Herbert Duncan Jr., Granville Kilian, Kirby Campbell and Terry Bouchelle of Wellington 4-H; and the dairy judging team, including Travis McGuire, Jimmy Peters, Teddy Gentry and Don Hill of Quail 4-H.

Lynch explained that to win the land judging honors, the Dodson team had to determine the texture of a plot of soil; classify it as to depth, condition or tilth, permeability, capability, production limitations, and the recommended corrective treatment.

The dairy team judged a class of four animals for conformity to breed and type and explained why they placed each animal as they did.

The poultry team judged hens on laying ability characteristics, candled and graded eggs, judged dressed hens and broilers by USDA grade; judged live market birds, and culled a flock.

Lynch said that some financial assistance will be needed to take the boys to College Station, and persons interested in helping may contact him. It is estimated the trip will cost about \$7 per boy.

He was assisted in preparing the boys for the contests in Canyon by Fred Squyres, work unit conservationist of SCS, Durant McInnis of First National Bank and Shamburger Lumber Company.

June 1 Is Deadline For Transfers

According to B. W. Beard, county superintendent, June 1 is the deadline for transferring children from one School District to another.

Mr. Beard has asked that everyone wishing to transfer their children please come by the superintendent's office on or before June 1.

W. R. Breeding For Commissioner

A number of the friends of W. R. (Buck) Breeding, have entered his name as a candidate to make the race for County Commissioner of Precinct No. 4. These friends feel like that the people of the precinct should have the opportunity of voicing their choice by ballot for the Commissioner of the precinct, by having two in the race. We feel like in having Buck in the race then the voters of the precinct would be better pleased with the final results. In offering Mr. Breeding as a candidate to the people, we feel that he has had sufficient background in business matters and dealing with the public to make us a good commissioner. Buck has always been very interested in the local people and their welfare. He has made a success of his own business, therefore we think that he will put this good judgment that he has used in his own affairs, into operating the county finances. Buck was raised in the precinct and is well known not only in his local community but the entire county.

"George Washington Slept Here"

Seniors Present Comedy As Class Play Monday

Wellington seniors will act out the story of a city couple who remodel an abandoned farm house in the country when they present their class play, "George Washington Slept Here", Monday, May 12.

The Moss Hart-George Kaufman Broadway hit will be given in two performances, a matinee at 1:30 p.m., and the night performance at 8.

After a series of financial troubles, Newton and Anabelle Fuller, played by Carolyn Gammill and Chares Welch, learn that their house is not the one where George Washington slept. It was Benedict Arnold.

WELLINGTON'S TOP GRADUATES

Loretta Phipps, left, is valedictorian, and Francis Drake salutatorian of this year's high school graduating class, Principal Maxey McKnight has announced. They and their classmates will receive diplomas Friday night, May 30.

Loretta Phipps, Francis Drake Top Graduates

Loretta Phipps is valedictorian and Francis Drake salutatorian of this year's graduating class, Maxey McKnight, high school principal announced this week.

Nine other students were listed as honor graduates, having averages above 2 grade points, out of a possible 3.

Miss Phipps is the daughter of Mr. and Mrs. Amos Phipps. Her grade average for the four years in high school is 2.969.

Miss Drake had a grade average for the same period of 2.950. She is the daughter of Mr. and Mrs. Clyde Drake.

Other honor graduates, with their grade average, are Pat Wilkins, 2.625; Randal Raburn, 2.500;

As a young man he lived in Montague county, and while there he was married to Miss Rosa Shields on August 9, 1902. A short time later they moved to Collingsworth county.

Mr. Oldham had been a member of the Baptist church since early in life.

Surviving him are seven sons: John Oldham of Shamrock, Robert Oldham, Bill Oldham, Albert Oldham and Herman Oldham of Samnorwood, Haskell Oldham of Dozier and Elmer Oldham of Friona.

Also surviving are 26 grand-

T. H. Rainer for Justice of Peace

T. H. Rainer this week authorized the Wellington Leader to announce his candidacy for the office of Justice of Peace of Precinct 1, subject to action of the Democratic Primary.

Mr. Rainer is a retired gin manager and is widely known in connection with this work.

He has lived here since 1924. While he has not held an elective office since coming here, Mr. Rainer was a member of the City Council of Grandfield, Oklahoma, and also is familiar with the duties of the office he seeks.

"I feel that I am qualified to handle this office, and that is the basis on which I am asking you to elect me," Mr. Rainer said.

"If you see fit to elect me, I will devote my full time to the office, and I will carry out the work with impartiality and with justice to all who may have business with the office of justice of the peace."

Spring Flower Show Set for Saturday, June 7

Wellington's spring flower show has been set for Saturday, June 7, in the community building, Mrs. Henry Vaughan, president of the Wellington Garden Club announced this week.

The show is the first attempted for the spring by the club, and it is open to all flower raisers of the county.

There will be a special men's division and another division for junior boys and girls, Mrs. Vaughan said.

Entry schedules will be available for study within the next two weeks, and growers are urged to begin preparing their flowers now for the show.

Quail Juniors Present Comedy On May 13th

Quail juniors will present their class play Tuesday night, May 13, at 8 p. m. They have chosen "You're Only Young Once", a three-act comedy-farce by Glenn Hughes.

With the setting in the high school principal's office, it might be any high school, in any town in the USA.

The cast will introduce the audience to such well-known people as the superintendent, principal, football coach, the English teacher, the "ladies" man, president of the PTA and a variety of students that includes the nuisance, show-off, honor student, and the football player of much brawn and no brain, the popularity queen, and the harried math teacher who is trying to get everyone eligible, for this is the day of the big game.

In the cast are Gabby Gallagher, played by Travis Cummings, Don Dayton, by De Holliman; Cluck Biggs, Billy Moseley; Speed Miller, Bennie Reeves; Pop Wilson, Neal White; Paul Chapman, Don Langford; Mrs. Chapman, Cordelia Harris; Mona Fisher, Jamesie Clay; Gloria Price, Clea Kennedy; Shirley Walker, Janice Howell; Jean Fox, Doris Blasina; Miss Ross, Willie Newman; Miss Spencer, Mary K. Baggett; Mr. Bell, Julius Haralson; Mrs. Bruton Lee, Mary Jo Boen; Harvey Jones, Donald White, and Mr. Pettit, Glen Harris.

Shamblee Team to Clarendon Sunday

The Shamblee's All-Stars will play the Clarendon colored team at Clarendon Sunday, May 11, at 3 p. m., Earl Shamblee, manager, has announced.

This is a return game, the All-Stars having won over Clarendon in the opening game Sunday, May 4, by a score of 15 to 5.

Group Honored at Awards Banquet

Activities to Mark Observance Of Soil Conservation Week

Events which will mark National Soil Conservation week in Salt Fork Soil Conservation District were announced this week by Fred Squyres, Work Unit Conservationist of Soil Conservation District. The date is May 11 to 18.

The one of greatest significance will come before the week begins, the receiving of area awards by one individual and one group on Thursday night, May 8, at Littlefield.

This will be followed on Thursday, May 15, by the Minister's tour, in which ministers of Salt Fork SCD are invited to see what is being done to conserve the land. Programs on soil conservation will be given for Rotary Club Tuesday, May 13, and Kiwanis Club Friday, May 16.

Lamb County Soil Conservation District and the Littlefield Chamber of Commerce will be host to this year's Awards supper for the Save the Soil and Save Texas awards program for Area 1, which covers 51 Panhandle and South Plains counties.

The awards supper, in the form of a barbecue, will be at the Littlefield sports arena Thursday, May 8, at 7 p. m. The awards program

Late Filings Add Interest To Local Political Activity

Late filing brought competition into all but two of the county and precinct races which will be determined in the county Democratic Primary Saturday, July 26.

L. B. Bratten, county Democratic chairman, announced the list of

candidates whose names will appear on the ballot following the May 5 deadline.

No opposition faces Betty White, the county's newest official, who took office November 1, 1957 to finish out an unexpired

term. Neither does B. W. Beaird have an opponent. He is the oldest county official in point of service, and on July 1, he will have served in that office 17 years.

T. H. Rainer has filed with Bratten as a candidate for Justice of the Peace, Precinct 1, opposing R. D. Horton, the incumbent.

W. R. (Buck) Breeding of Enterprise is in the race for Commissioner of Precinct 4, opposing W. C. Barnett, the present commissioner. His name was filed with the county Democratic Chairman, and his announcement in the Wellington Leader placed by friends in the Dozier community.

Jess Deger, who had announced through the newspaper earlier that he was a candidate for Commissioner of Precinct 2, against Alfred Knoll, filed with the Democratic Chairman Monday evening, May 5, to make his candidacy official.

Candidates in the other county races, as they were announced by Bratten, are:

County Judge: Judge C. C. Bishop; Wayne T. Cudd and Judge R. L. Templeton.

County treasurer: Mrs. Lee Hughey, Lola Lee Roark and Mrs. J. D. Aaron.

District clerk: Mrs. Lora Lowrie and Mrs. O. E. Dodson.

Tax assessor and collector: Louise Fulcher and Hubert Mauldin.

For the first time in many years, a precinct chairman has filed his candidacy. L. A. Davis is asking that place from Precinct 3. He is

WHAT THE JUNIOR HIGH PLAYER WEARS

If you're a junior high football player, this is just about typical of what you're wearing. The benefit game Thursday night, May 8 at 8 p. m. at Powell Field is to buy new uniforms for the boys. Fathers are selling tickets to the event, so that Freddy Watkins, above, and all the other members of the Junior High team, the Firecrackers, may be adequately uniformed next fall.

Junior High Football Benefit Game Thursday

Junior high football became a father-son project this week as fathers of these youngsters took on the ticket sales for the intersquad game scheduled for Thursday, May 8, at 8 p. m.

With Coach Frank Lindsey as all-over director of the Junior High spring training, six Rockets have taken over actual coaching, and friendly competition between the two teams, Reds and Blues, is building up to a high pitch.

These coaches, Charley Welch, Jerry Elbert, Lonnie Roark, Ray Henry, Richard Carter and Pat Wilkins are passing on to their young players some of their own

football tricks that have thrilled Rocket fans for three to four years.

"Every cent that is taken in will go to buy suits and equipment for the junior high team," Lindsey said, pointing out that there is no school fund to take care of equipping these youngsters.

"The uniforms and protective equipment they have is in bad shape, and it is certain it could not go through another football season," Lindsey declared.

Nearly 40 boys are out for spring football, and everyone of them will play in the Thursday

National Hospital Week

Hospital Open House Planned for Sunday

National Hospital Week will be observed in Wellington with open house at St. Joseph's Hospital Sunday, May 11, from 3 to 5 p. m. Hostesses will be members of St. Joseph's Hospital Auxiliary.

The public is invited, Mrs. Jones Singley, auxiliary president and general chairman of the open house, said.

Most departments of the hospital will be open for visitors, Sister M. ... , administrator,

said. This will include x-ray, the laboratories and surgery, areas the public seldom visits.

"We want you to see the improvements made at St. Joseph's since the last open house," Mrs. Singley said. This includes addition of new equipment, oxygen piped into all rooms, the redecorated east wing, and other improvements.

"We are especially inviting teenage girls of the Wellington area,

* REPORT

Dear Editor:

I see where our foreign aid department says it is not either dozens of Cadillacs they are distributing to the underprivileged people of Laos, but is just cheap model Buicks.

My Cadillacless neighbor says this penny-pinching habit

of passing out only the cheaper types of merchandise is likely what has turned so many of our foreign friends against us.

After all, he says, if we can't take first rate care of our needy neighbors, we ought to get out of the charity business.

I see where Economic Oracle Ike says us people ought to quit squirreling our money and buy everything we want.

He figures this would rebloom the economy, and put the unemployed back to work, and build up a demand that would keep the manufacturers busy.

My covetous neighbor says if he bought everything he wanted, it would keep the manufacturers busy all right, but not half as busy as the collection agencies and the worry-pill rollers.

I see where a University professor says schools hadn't ought to give out report cards to kids on account of it might discourage them.

Seems like the idea is that if we would keep the youngsters from finding out about harsh realities, they could enjoy a rich life in hog heaven.

My harried neighbor says a little more ignorance might improve adulthood, also. Like, say, if his banker would consider his feelings and refrain from mentioning the subject when he runs up an overdraft.

I note that since the French designers have got women in the bag, so to speak, they are also trying to get funny with what us menfolks have to wear.

Like, for instance, they are building pants without any pockets so we won't be bulging our elegant hip lines with cigarette lighters, bunches of keys, wads of money, etc.

My fault-finding neighbor says this new style may be a big treat

JERRY LACY

This fall Texas A&M will receive another student when Jerry Lacy enrolls there to major in his chosen career of mechanical engineering.

Jerry Lacy is the son of Mr. and Mrs. Muri Lacy. He was born on February 22, 1940 in Wellington and has attended school there except for the third grade when he attended Quail.

He was a member of the Wellington High School Marching Band his freshman year and played baseball and football his sophomore year.

CAROLYN GAMMILL

This summer Carolyn Gammill will go to Dallas and work for the summer. Next fall she plans to enter Gale Institute in Minneapolis, Minnesota, which is an airline school.

Carolyn is the daughter of Mr. and Mrs. C. W. Gammill. She was born in Wellington on August 4, 1940, and has attended school here the full twelve years.

While in school Carolyn played basketball two years and was a member of FTA for two years. She is a member of the FHA chapter and at present is serving as the president of the 4-H Club of which she has been a member for four

years. She has been a member of the ladies, but with pocketless pants, what is a man going to fumble in when the coffee check comes?

I see where Governor Daniel has reactivated the Texas Navy.

He says this move is necessary in order to defend Texas' 10 1/2-mile seaward boundary since the Federal philanthropists have quit-claimed to the world everything out beyond the three-mile line.

All Texans with their own boats are invited to join up, which will make this the world's cheapest and biggest Navy, with 286,000 boats and admirals.

Seems that by now pretty near everybody has been blamed by somebody for juvenile delinquency, but my wise neighbor says it's all the government's fault.

On account of in nearly half our U. S. families both parents are having to work in order to pay the family taxes and keep the kids in blue jeans and air conditioned cars.

With Mom working, Pop has to help with the household chores, and it is pretty hard to play an impressive father role while diapering the baby, washing the dishes, or valeting the cat.

years. She has been a member of the Dramateens for two years and is a member of the Skyrocket annual staff this year. She was also a member of the team which placed third in the district shorthand contest.

DOROTHY BURKHART

Dorothy Burkhardt was born to SFC and Mrs. Ivan C. Burkhardt, at Shamrock, Texas, on March 11, 1940.

Dorothy has attended school in many places. During her elementary years, she moved from Vernon to Olton then to Wellington. Her junior high schooling includes going to two different schools in Lawton, Oklahoma and Wellington. Her family then moved to Kaiserslautern, Germany, where she attended school at the army base where her father was stationed. They have lived in Wellington for the last four years where Dorothy has finished her high school education.

Dorothy is a member of the Library Club and for the last two years has served as the club secretary. Her plans for the future are at the present undecided.

RICHARD TIGERT

Richard Tigert, 18, is the son of Mr. and Mrs. Roy Tigert. He was born in Eldorado, Oklahoma, February 19, 1940 and has attended school at Eldorado and Quail, other than Wellington.

Richard played football in his freshman, junior and senior years, basketball all four years, volleyball the first two in high school, baseball as a sophomore, and ran track last year and this year. Other than being an athlete, he has been in the junior and senior plays, Dramateens this year, and a member of Boys 4-H Club 4 years. He is president of 4-H this year.

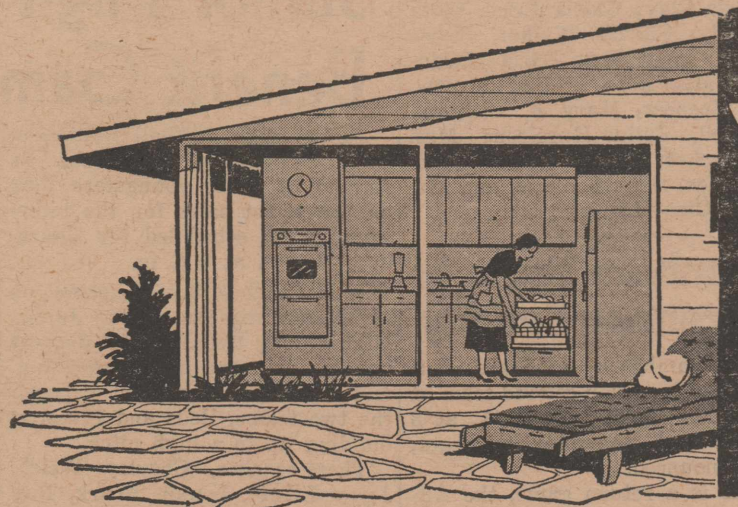

Richard is undecided if he will go to college, but he does plan to be a radio and TV repairman.

The Department of Commerce was not established until 1903.

DO YOU LIVE AS WELL AS THE "JONES"?

One way to find out is to add up the ways you put electricity to work in your home. The more jobs you do electrically, the more likely you are to live comfortably and conveniently.

Just for fun, why not add up all the ways electricity is working for you and compare the total with your "Jones"? You'll be amazed — for electricity is probably serving you in dozens of ways you often forget.

And just think how little all this convenience costs!

Jeanie Martin Honored on Her Sixteenth Birthday with a Dance at the VFW Hall

Miss Jeanie Martin was honored with a dance on her 16th birthday Friday evening, May 2, at the Veterans of Foreign Wars Hall.

Hosts were her parents, Mr. and Mrs. Jim Martin, and an aunt and uncle, Mr. and Mrs. Bill Lowe of Memphis.

Mrs. Martin and Miss Martin met the guests, and Mrs. Lowe was at the register.

Spring flowers were used to decorate the entertaining rooms, and included arrangements of iris, bridal wreath and carnations.

A pink and white color theme was carried out on the serving table with appointments in white milk glass.

Attending were: Miss Gaylon Jones, Joel Young, Miss Barbara Denley, Lonnie Roark, Miss Linda Brantley, Jerry Elbert, Tom Akins, Alan Blasingame, Ronnie O'Rear, Dick Elbert, Miss Gayle Peeples, Pat Wilkins, Glen Reeves, Miss Sandra Cooper,

Miss Elouise Bowen, Richard Carter, Robert Carter, Miss Jennifer Singley, Bill Estes, Miss Janice Wood, Miss Andrea Carter, Weldon Cleveland, Miss Diane Owens, Stanton Trimble, Miss Mary Parsons, Billy Lockhart, Bruce Crosby, Mike Rainey, Charlie Welch, Miss Linda Kay

Excelsior Studies British Music

Mrs. Bernice Welch directed the study of British Music for the Excelsior Club Thursday evening, May 1. Mrs. E. F. Bartlett was hostess.

Mrs. Welch told of leading British composers, and their major compositions. She then introduced Mrs. Charles Allen, who gave as piano solos a group of well-loved English songs: "Drink to Me Only With Thine Eyes", "Flow Gently Sweet Afton", "All Through the Night", "Believe Me With All Those Endearing Young Charms", "Love's Greeting" and "White Cliffs of Dover".

Refreshments were served to Miss Inez Leach, Miss Dorothy Robertson, Mrs. I. G. Vaden, Mrs. J. C. Yeary, Miss Rose Shadid, Mrs. Herbert Duncan, Miss Marie Shadid, Mrs. Byron Duncan, Mrs. Calvin Adcock, Miss Kathryn Potter, Mrs. Welch, Miss Sara Jones, Mrs. Rudy Burquist, Mrs. Allen, and the hostess, Mrs. Bartlett.

Court Reporter James Richardson in to get packing material for the transcripts of a court case he was getting ready to mail. The original and three carbons, when stacked one on top of the other, were more than six inches tall, and each had more than 400 pages. Frances, an essential part of this court reporting team, typed every stroke of it.

Lucille McMillin's dress is giving a tea this week for the next governor of Oklahoma. That's the way it was told to I SAW. On Sunday Lucille visited an aunt, who is co-hostess at an entertainment for Bill Atkinson, candidate for governor of Oklahoma, in Clinton this week. She so admired Lucille's dress that she borrowed it for the occasion. And since Lucille cannot vote for Atkinson, a friend of her and Dudley, from their Oklahoma City days, she was glad to lend support in the form that she did.

Should have heard this earlier—Helen Fires won second place in a "sew for Easter" contest in Amarillo, with a suit she stitched up for herself. And Helen, who sews so beautifully, won a \$15 fabric certificate.

And that brings to mind Travis Templeton, who won first prize in the Vogue Pattern Book sewing contest, in co-operation with the National Federation of Women's Clubs, as to the ideal dress for a clubwoman. Travis received notice she had won on the morning she awoke with mumps in both jaws. That eliminated any new picture of this famous dress. "But it's the best medicine for mumps you can imagine", Travis declares. She's again in circulation and the dress is in New York for the national judging.

Among the Hawaiian grass skirts swishing on the stage of the Cub Scout circus will be at least one that is authentic. Jean Cudd brought it out. It was a graduation present from a family friend in Hawaii when she finished high school.

Personal

Mr. and Mrs. Arthur Hudson visited in Groom with their son and family, Mr. and Mrs. Leldon Hudson, Jimmy Thomas, Carl, and Jane, last week. Mrs. Leldon Hudson, Thomas and Carl, went on a Sunday School excursion to Denver, Colorado, with approximately 800 other children from Texas. Jimmy was in Lubbock over the weekend for the FFA judging teams. The elder Hudsons stayed in Groom to care for Jane and Leldon. While they were there, their daughter and son-in-law, Mr. and Mrs. Dewey Maroney, of Childress, came to visit them here and missed them.

Mr. and Mrs. Bob Jones and Mr. and Mrs. J. N. Glasgow spent Sunday in Amarillo at the home of Mrs. Jones' and Mr. Glasgow's brother and sister-in-law, Mr. and Mrs. L. C. Glasgow. Another brother and his family, Mr. and Mrs. Elbert Glasgow, Larry and Dennis, also of Amarillo, was there also. The group spent the afternoon watching movies of other family gatherings.

Mrs. Don Wheeler spent the weekend in Childress with Mrs. Wayne Maxwell. Their husbands were at the firing range at Childress with the National Guard. Little Luarie Lynn, daughter of Mr. and Mrs. Wheeler spent the weekend with her grandparents, Mr. and Mrs. John Jackson of Fresno. Little Sabrina, daughter of Mr. and Mrs. Maxwell, spent the weekend with her grandparents, Mr. and Mrs. Frank Sherwood, of Samnorwood.

Mr. and Mrs. Howard Holton, Mary and Truitt, spent the week end in Sweetwater visiting with her sister and family, Mr. and Mrs. G. W. Ellis and Naomi. The group went boating at Lake Sweetwater Saturday and Sunday.

Mrs. H. H. Bowen, Mrs. L. A. Gilmore, Mrs. Earl Hunter, and Mrs. D. E. Scott were in Dallas on business from Thursday until Saturday. While there, Mrs. Scott visited with her mother, Mrs. C. L. Marcum, and sister, Mrs. Jerry Paggett.

Science Class Installs First Solar Furnace

The county's first solar furnace was installed for operation. It is an unusual model at Dodson and it demonstrated its heating ability by burning holes in the base while the lens was being installed evening, May 5.

The science classes of the school have been working on the solar furnace for a month, with their teacher, Supt. T. E. Lennon. Primarily, it is for the study of the bending of light rays through a lens to bring the light and heat to a focal point.

In practice, the students will carry the experiment further.

"They will try to connect it with a boiler to turn water into steam, use the steam to turn a generator for electric power. We may be able to get about six volts with this furnace," Lennon said.

The furnace is built of fire brick and asbestos. The principal

lens is a plastic type lens about 13 inches in diameter, and as the sun's rays must strike it at right angles the legs of the furnace may be raised or lowered in order that the lens may follow the sun, Lennon explained.

From this size lens and furnace, a temperature of 3,000 degrees is possible (iron melts at 2800 degrees). The Dodson students will hook their furnace onto a thermocouple meter to see just how much heat they do get. They expect it to rise between 2,000 and 3,000 degrees.

Funeral Held for Bruton Infant

Funeral services were held at Kelso Funeral Chapel Wednesday, April 30, for the infant daughter of Mr. and Mrs. Bill Bruton of Samnorwood. The child was stillborn at St. Joseph's Hospital April 29.

The Rev. George Dolak, pastor of Trinity Lutheran Church, Shamrock, officiated, and burial was in the Shamrock Cemetery.

Survivors are the parents: two brothers and a sister, Bill Glenn, George Ed and Lee Ann; also the grandparents, Mr. and Mrs. G. H. Bruton of Perrin and Edgar Wischkaemper Sr. of Samnorwood.

Seven other members of the class had grade averages above 90 for the entire year. LaRita Patterson, 93.10; Jackie Hill, 93.97; Sue Chaney, 92.34; Linda Jenkins, 91.83; Shirley Anthony, 91.66; Sherry McGuire, 91.59; and Betty Moseley, 91.38.

The graduation exercise for these students will be Friday, May 25.

T. V. Rasco Dies At Pharr April 28

N. M. Higdon, manager of the Chamber of Commerce, was called to Royce City to attend the funeral of his brother-in-law, T. V. Rasco, on Wednesday. The services were at First Baptist Church with Masonic burial rites.

Mr. Rasco, whose home was at Pharr, died Monday following an extended illness. He was 70 years of age.

Mr. Rasco grew up at Royce City, and from 1922 to 1950 he was manager of the Chickasha Cotton Oil Company Gin and the Farmers Gin at Crowell. During that period he visited here many times. He moved to Pharr in 1950 and was manager of a gin there until a year and a half ago.

He is survived by his wife; and two sisters, Mrs. Pennington of Sherman and Mrs. Thurman of Dallas.

At Farm Bureau Meeting

Speakers Urge Farmers To Organize and Work

Urging strength through organization, Gene Leach, legislative director of the Texas Farm Bureau, spoke to an attentive audience in the community building Thursday night, May 1.

State Representative Grainger McIlhenny of Wheeler and State Senator Andy Rogers of Childress spoke briefly, explaining why organization is necessary when farmers bring their needs before the national and state legislatures.

Entertainment was by Ted Parker and the Pride of Dodson.

Leach described the Farm Bureau as "an organization of farmers and ranchers who study the problems as they exist today and help solve them."

"We must be strong in number and purpose," he told the group. "It takes work and money to get things done."

He quoted Benjamin Franklin as saying "It is impossible to be free and ignorant," then pointed out the fact that all farmers must study the problems and then act.

"We must be Americans first and farmers second," he declared.

Leach went on to tell how Farm Bureau operates, in that it is democratic, not politically "for we are neither one party or the other," but in principle, with the majority ruling, and with the good of all sections considered.

Farm Bureau's cotton, grain sorghum and corn programs are tied together, and when something is done for one, the others must be considered.

"For goodness gracious sakes, don't let us become a land of socialized agriculture as Britain is," he declared.

Rogers spoke briefly on the situation of farmers and ranchers.

"I am not interested what a farm organization does, so long as farmers decide what is done," he told the group. In order to do that, he said the farmers must or-

ganize and pull together as a group.

"There are many good people in Congress who cannot do what the farmers want done unless they organize and as a group tell their lawmakers."

"In the Texas legislative process, there is not enough time to go around. You MUST be organized to be heard," McIlhenny told the farm group.

It was also brought out in the meeting that the Farm Bureau was responsible for the first increase in appropriation for the Extension Service granted in 10 years, a net increase of 20 per cent.

Former Resident Dies at Friona

Funeral services for Will W. Jones, 64, retired Friona farmer and former Wellington resident, were held Monday, May 5, at First Baptist Church, Friona. Officiating were the Rev. L. A. Sartain, pastor, assisted by the Rev. Fred Dean and the Rev. Hugh Blaycock, Methodist pastor and also a former county resident.

Mr. Jones died of a heart attack in a construction office in Friona. He had lived there since 1925, when he moved from this county.

His father was the late Rev. Jones, pastor of Baptist churches in this county.

Surviving are a son, Bob Jones of Friona; a daughter, Mrs. Gladys Thomason of Midland; three brothers and a sister, Jess Jones, of Lubbock, Jason and Sam Jones of Friona, and Mrs. Vivian Hughes of Friona. There are 4 grandchildren.

Mr. and Mrs. Bill Lemons and children of Dodson visited in the C. O. Wilkerson home Sunday.

May 10 Deadline For Destroying Excess Wheat

Wheat farmers were reminded this week that acreage in excess of the wheat allotment for a farm, or the permitted acreage, in case of a soil bank agreement, must be destroyed by May 10, the deadline.

Millard Brown, ASC office manager, pointed out that the excess wheat must be totally destroyed.

"Only a few farms that have been checked for disposition of excess wheat to date have been acceptable. If this acreage is not plowed again to destroy the wheat by May 10, it will be considered an over-planted farm and subject to the marketing quota penalty, losing price support privileges," Brown said.

"Any wheat, including volunteer, on soil bank must be destroyed by May 10 or the agreement will be in violation."

He added that the 1958 penalty rate on excess wheat, although not yet announced, is expected to be approximately the same as for 1957, \$1.12 per bushel.

Leaf Rust Appears In Wheat Here

Leaf rust is appearing in wheat in the county, especially south and southeast of Wellington, reports this week indicate.

So far, no stem rust has been reported, and a few days of hot sunshine would help the present condition considerably, County Agent Bob Lynch reported.

Since the rust has appeared so late, it is believed that the yield will not be reduced. The cool humid spring is responsible for the rust.

The rust varies with the varieties of wheat in those communities where it has appeared, it was

On-the-Farm Experiment

Important Fertilizer Test on Cotton Set Up

A series of tests on both dry land and irrigated cotton will give valuable information this year as to which fertilizer or combination of fertilizers is best on Collinsworth county soils, and at what rate a grower can fertilize most economically.

These tests are carried out under the on-the-farm experiment program of the Texas Experiment Station and the Extension Service, under the direction of Dwane Scott, demonstrator, and Bob Lynch, county agent.

Of all the tests carried on in 1958, this will probably be watched with greatest interest.

The fertilizer was put down last week, in preparation for planting.

Dry land fertilizer tests are on the farms operated by James Murry, one-fourth mile south of Dozier, and Olan Farris, one mile east of Dodson. Both are deep sandy soil, and the same tests are used on both. The tests on irrigated land are on the E. C. Pitts place, one-fourth mile east of Friendship church in Buck Creek community, and Elvis Crawley farm, a mile south of the old Fresno Gin.

Nitrogen - phosphorus - potash in varying combinations was used on all the tests. On the dry land these range from plots receiving only 15 pounds of nitrogen per acre, to those getting an application of 45 pounds of nitrogen, 60 pounds of phosphorus and 60 pounds of potash per acre.

The fertilizer combinations, with the figures indicating the number of pounds per acre of nitrogen, phosphorus or potash, in that order, put down are: 15-0-0; 15-15-0; 15-30-0; 30-0-0; 30-30-0; 30-60-0; 45-0-0; 45-30-0; 45-60-0.

Different combination were used on the irrigated land, since the Pitts test is in sand and the

Crawley test on fine-textured soil. Considerably heavier applications of fertilizer are made on these tests.

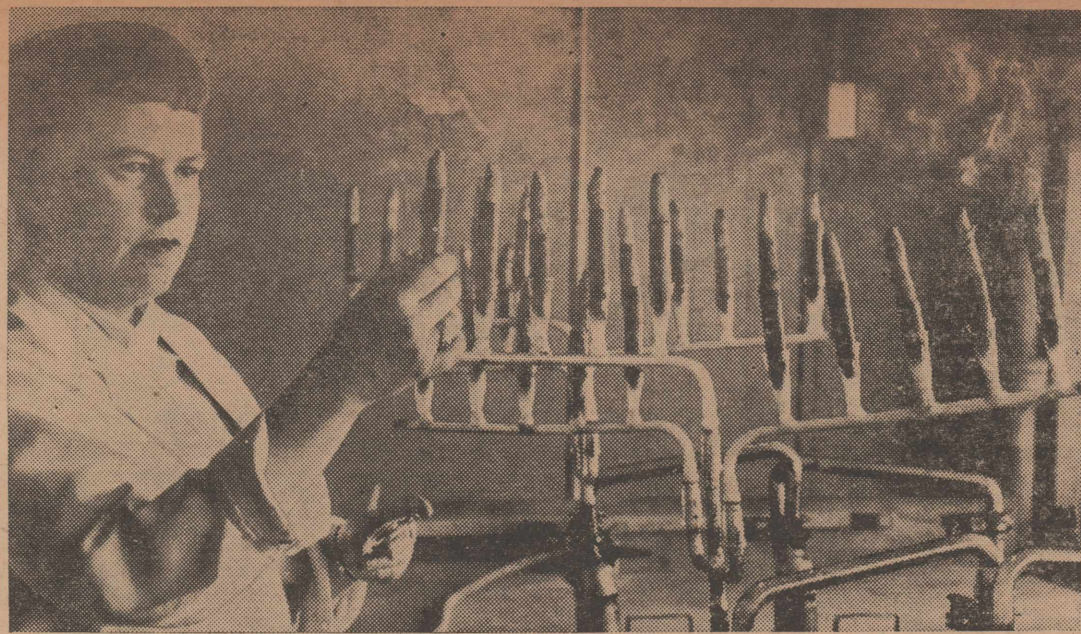

On the Pitts farm, they began at 40 pounds of nitrogen, and included combinations up to 120 pounds of each of the three elements, nitrogen, phosphorus and potash per acre. The complete list is 0-80-0; 40-0-0; 40-40-0; 40-80-0; 80-0-0; 80-40-0; 80-80-0; 80-120-0; 120-0-0; 120-40-0; 120-80-0; 120-120-0.

Because the Crawley land is high in potash content already, only nitrogen and phosphorus will be used, and the heaviest applications of all will be on this land — up to 90 pounds of nitrogen and 180 pounds of phosphorus per acre. The combinations include 30-0-0; 30-30-0; 30-60-0; 60-0-0; 60-30-0; 60-60-0; 90-0-0; 90-30-0; 90-60-0; 90-120-0.

On each of these farms there will be a check plot on which no fertilizer whatsoever is used, Lynch said. "The experimental plots will be treated exactly like the other plots in the field as far as cultivation, spraying, etc., are concerned, but each plot will be harvested separately and the yield determined, then comparisons made to determine which will be the most economical," the county agent explained.

The fertilizer was put down with the new experimental fertilizer distributor which enables the operator to do precision work.

Mrs. Georgia Coleman of Glendale, California, visited her sister, Mrs. Katie Cummings, and other relatives and friends last week. Over the weekend she and Mrs. Cummings visited their brother and family, Mr. and Mrs. W. M. Vifile in Hedley, and their sister and family, Mr. and Mrs. S. H. Brown in Memphis.

Vinson News

The Nazarene meeting began Thursday, April 24, and will run through the following Thursday, May 1. The evangelist is the pastor of the Dodson Nazarene Church Rev. Maurice Moore.

Mr. and Mrs. Dobber Rust and family of Portales, N. M., visited Saturday night and Sunday with her sister, Mrs. Parker Smith and family.

Mrs. Meta Casey and daughter, Charlene, of Amarillo, visited Saturday with Mrs. Myrtle Heath. Also visiting was Mrs. Heath's daughter, Mrs. Weldon Burnett, and daughter of Oklahoma City.

Bro. Brogan returned home Friday after being in the Altus Hospital for three days.

The Vinson riding club won second place last week when they rode at the dedication of the new bridge at Sayre. Harold McCain is president of the organization and Dub Mitchell is parade marshal. Mrs. A. N. Jones is secretary.

Mrs. Tom Easter was called to Elk City Monday morning in Mangum with her niece and baby, Nell Vaughan Davenport and Becky, of Oklahoma City. They are visiting her parents, Mr. and Mrs. Tom Vaughn of Mangum.

The Baptist meeting closed Sunday night, April 27, after five days of services. The preaching team was Bro. Jack Edmonds and Bill Richardson from the Seminary at Fort Worth. Much interest was manifested by good crowds and also in Sunday school attendance Sunday.

Mr. and Mrs. Kenneth Smith and son, Kenneth Ray, of Amarillo, visited with Mrs. Billie Smith

and relatives over the weekend. Mrs. Sparkman, sponsor, and the Home Economics Classes went to Oklahoma College for Women, Tuesday, May 29, for the annual style show.

Welch to Attend North Texas State

Charles Welch, Skyrocket football star graduating this spring, has signed intent papers and will receive a football scholarship to North Texas State College, Denton.

Coach Odus Mitchell of that school visited Welch and his parents, Mr. and Mrs. Bernice Welch, recently.

He will be the third generation of his family to attend that college. His mother, who teaches in Wellington elementary school, received her degree there and Welch wandered the campus as a small boy. His grandmother, Mrs. C. M. Workman of Wellington, also attended NTSC, and an uncle, Coach Mayfield Workman of Arlington, also graduated there.

Welch will study business administration.

Quarterhorse Is Home from School

Joe Danny, permanently registered Quarterhorse stallion, owned by Horace Small, has been returned from a 90-day training school for cutting horses operated by R. Lee Gannaway at Hico.

During these periods of training, horses with an inclination toward working cattle, are taught the pointers that go into making a

good cutting horse. Joe Danny was able to work among cattle carrying a rider, but without bride or saddle.

His picture, cutting without a bride, will appear in the April issue of Western Horseman.

Joe Danny was sired by CC Danny, who was also the sire of Pretty Buck, the famous quarterhorse owned by E. Paul Waggoner of Electra.

Cliff Campbell and Granville Clark now have horses in training with Gannaway.

MARY ELLIS

The most vivacious girl in high school is Mary Ellis. In her case, beauty and brains do go together. Mary has black hair, brown eyes, and a dark olive complexion. When she played the part of Maggie in the contest play at the regional meet at Lubbock, one enthusiast remarked, "Maggie has beautiful eyes, and she knows how to use them." At the area meet at Canyon, Mary was placed on the all-star cast for her outstanding performance.

Mary is the daughter of Mr. and Mrs. J. M. Ellis. She was born September 20, 1939, at Rue, Texas. All of her education has been received at Dodson.

Attired in a lovely white dress, Mary was crowned high school queen her freshman year. She has been a candidate for queen two other years.

All kinds of honors have come to Mary her senior year. She was voted most popular girl by the other high school students. She was a member of the play cast that won first in the district. She

was guard on the basketball team. As an indication of her interest in regular academic work, Mary won a scholarship for being chosen the valedictorian of her class.

Since Mary's plans for the future are not definite, the faculty members are encouraging her to go to college.

CHARLES ROBERTS

Charles Dean Roberts, the most popular boy of Dodson High School is the son of Mr. and Mrs. Floyd Roberts of Gould, Oklahoma. He was born November 7, 1939, in Ventura, California. Charles first attended Dodson School in the fifth grade when his mother became the first grade teacher at Dodson. Before coming to Dodson he attended school in Carson City, Nevada, and these Oklahoma schools: Gould, Ron, Westview, and Hollis.

Charles has won many well-deserved honors while at Dodson. He was the high school king his freshman year. In this, his senior year, he was voted most popular boy of the entire high school; he was ap-

pointed salutatorian of the senior class; and he was chosen for the cast of the Inter-scholastic league play. He has been very active in basketball, baseball, and volleyball throughout his four years in high school. For the past two years, he has been center on the basketball team. Charles plans to enter college at West Texas State in the fall to study science.

Wynns to Move to Childress Soon

Mr. and Mrs. Phillip Wynn, former residents of Dodson, now of Meadow, plan to move to Childress soon where they will teach in the Childress Schools.

He is the son of Mr. and Mrs. Elliott Wynn. The Wynns have two children, Phyllis, 5, and Marvin, 7.

Wynn won a scholarship to attend Baylor University at Waco for 8 weeks this summer. Mrs. Wynn will also attend Baylor for six weeks and then attend Texas Tech at Lubbock for six weeks where she plans to receive her degree at the end of the summer.

Mr. and Mrs. Bob Wilder and Mark and David Schmidt of Amarillo were in Wellington on business Monday.

FRONT LINE OF FREEDOM

JUST a Newsstand? No.

It is a battleground.

In this tiny territory rival publications fight for the attention of the public. From left to right you can find all shades of political and social opinion, freely expressed. And because of this a newsstand is more than just a convenience in the life of an American town.

It is a front line.

There is another battle going on around a newsstand, more far-reaching than the con-

petitive rivalry of paper against paper, magazine against magazine. For there are always people—yes, even here—who dislike to see opinions freely expressed...and who attempt to bring all sorts of restraining pressures on those who champion the Press's freedom.

But those who write and print and publish the free opinions of America, they see a threat to that freedom as a threat to all freedoms, and vigilantly hold back pressure-wielders from closing in on the newsstand.

For the newsstand is freedom's front line.

RONNIE THOMASON

Ronnie was born June 29, 1940, the son of Mr. and Mrs. D. C. Thomason. He has attended schools at Vinson, Okla., and Wellington.

Ronnie's ready smile and friendly personality have been responsible for his being elected Most Friendly and Class Favorite this year. Ronnie was manager of the football team his first three high school years but this year he played the game. He was in the junior play last year and will be in the senior play this year. Ronnie has held offices in the freshman class, the junior class, and FTA.

He plans to go to college, but where he will go and what his major will be he has not decided.

DENNIS RAY HARRIS

Dennis Harris was born in Wellington July 23, 1940, and has attended school here all twelve years.

Dennis, or Denny as practically everyone calls him, has been active in a variety of the high school organizations. He played the drum in the band and played as a line-man on the football team. This year he was on the annual staff and vice president of the senior class. Being a class officer he is on the Student Council, and has worked very hard in that organization.

Denny has decided to further his education at Texas A&M College and major in Electrical Engineering.

WILLIE JOHNSON

Willie Johnson has gained the reputation of being one of the hardest workers in the senior class. No job is too big or too little for him to tackle. He has not been especially active in the organizations of the school, but his personality has made him popular with everyone.

Wellington has been Willie's home since he was born December 10, 1939, and he has attended Wellington schools from the first grade up. While in high school he has been active in chorus, FFA, and class activities.

Willie plans to go to Abilene Christian College but he is undecided as to what his major will be.

FARRIS WOOD

Farris Wood was born on August 27, 1940, in Wellington. He is the son of Mr. and Mrs. Woodrow Wood, and has attended Wellington schools all twelve years.

During Farris's high school years, he has been active in sports. He has lettered four years in basketball and had the honor of being elected captain in his Senior year. He made all-tournament at McLean. He also lettered in football for three years, volleyball and track for two years. For three of his high school years he has been a member of FFA and was an officer his junior and senior year. Farris has been an active member of FTA and 4-H, holding an officers position in the latter for two years. He took chorus one year and has been the freshman and junior class queen escort. Farris has also had the honor of being

Junior Rotarian for the month his Senior year.

Farris plans to attend West Texas State College, and major in Agriculture.

JIM FORRESTER

Football has highlighted Jim Forrester's high school years. It was in this field that he earned the appropriate nick-name of "Tank". Jim lettered in football all four years, was captain of the team this year, and was named on the All District and All Regional teams for the last three. Other sports activities include baseball, basketball, volleyball, and track. Jim has been in the FFA three years, the FTA two, and will be in the Senior Play this year.

Jim is going to New Mexico A&M on a football scholarship next year and plans to become a coach and teacher after completing his education.

J. L. Forrester is Jim's father but Jim lives with his grandparents, Mr. and Mrs. L. B. Brisbin.

GLEN REEVES

The high school student body president is Glen Reeves, son of Mr. and Mrs. W. C. Reeves. Glen was born August 11, 1940, and has attended school in Wellington all his life.

Along with being student body president, Glen is the president of the senior class and last year was the junior class president. He is a member of the Skyrocket annual staff and of FFA for one year. He has been a member of FTA for two years.

He won the title of Most Dependable his senior year and was also chosen as an outstanding student among Who's Who in Wellington High School.

Next fall Glen plans to go to Texas Tech to study to become a petroleum engineer.

SHERRY BOUNDS

Sherry Bounds, daughter of Mr. and Mrs. Buster Bounds, was born September 26, 1940 in Wellington, Texas. Wellington is the

only school Sherry has attended.

While in school Sherry has won many beauty honors and has participated in many activities. She was an outstanding basketball player all four years in high school. She was captain of the team her junior year. She has won All-District and All-Tournament her junior and senior years, and a best Sportsmanship trophy.

Sherry was FFA Sweetheart, Class Favorite two years, Basketball Queen attendant, Football

Queen attendant, Soil Conservation Queen, Youth Center Representative, annual staff, most courteous, and most athletic. She has been in the junior and senior play.

The Clubs she belonged to are the FFA, she was FFA reporter her first year; Ko Shari; Dramateens. She has also been a class officer.

Sherry's plans for the Summer are to get a job.

Phillips 66 Ammonia...

Jack Shelley, Hale Center, Tex., reports: "I picked 847 pounds of lint per acre on cotton fertilized with Phillips 66 Ammonia. This compared to 633 pounds on a check plot that got no ammonia."

Gives Southwest Farmers...

J. E. Martin, Hereford, Tex., reports: "I put down Phillips 66 Agricultural Ammonia pre-plant on irrigated cotton and made 2 bales to the acre. I use Phillips Ammonia on all my cash crops."

More Cotton Per Acre

From all over the Southwest, successful farmers report higher yields and more profit per acre using Phillips 66 Agricultural Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through higher grain yields and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Deck's DIDACTICS

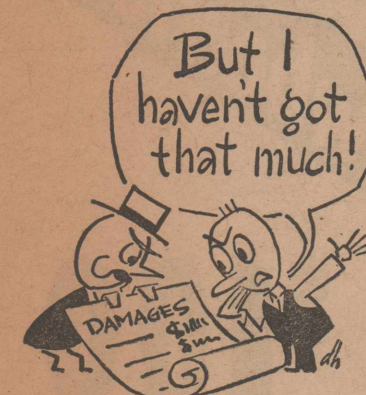

—By Deskins Wells

Louise and I made a sad journey last weekend. It was to attend the funeral of our brother-in-law, Irvin West of San Antonio who was the husband of the former Bessie Jean Willis of Wellington. He was a skilled technician at Kelly Field, and was just about my son Henry's favorite uncle with no disparagement meant for his beloved Uncle Mack. Henry thought that Uncle Irvin could fix anything and he once started to call him by long distance on Christmas Day to find out what to do about his electric train.

I found that his associates at Kelly Field had much of the same opinion of this kindly, cheerful man. His real hobby was fishing, but his knowledge of wildlife and the flora and fauna from the Gulf Coast to Colorado astonished me. He had a way of making not only friends but equal companions of children that I have seldom seen in any other man. He was kind and he was good and his memory will be treasured by those who knew him best.

In spite of the overcast of sorrow which equaled the leaden skies, our trip to San Antonio was one of the most memorable that my wife and I have ever made together. We had listened to the weather reports and the tornado warnings one of which became a reality as we neared the Alamo city. We expected to drive in rain and turbulent windstorms all the way down. We rode in a misty rain from Wellington to Paducah. After that we traveled in sunshine all the way to the county seat of Bexar County.

Mack Willis and his sister, Bonnie had left two hours before we did to go by Wichita Falls to pick up another sister, Floy. They ran into floods and were held up three hours. So it was that Louise was the first to reach her sister who had been expecting some of her own blood kin. Since Louise was the first to arrive, she was selected as the one to stay and it still in San Antonio at this writing.

Ever add up what you could LOSE?

You have perhaps often added up what you are worth. Ever add up what you COULD LOSE? It might perhaps be several times what you are worth. Example: you may injure somebody, and the law may take all you're worth and attach your future income for years to come.

Example: your house may burn and it may cost you twice its original price to replace it.

Sometime add up all the losses you MIGHT have and you'll see that you are under-insured at many points — against theft, fires, lawsuits, embezzlement, interruption of business, etc.

Gloomy? Well, the purpose of the America Fore insurance policies we write is to end this kind of gloomy thinking.

ing. As I watched the two sisters embrace, I thought, well, God sure had his hand on Louise's shoulder on this journey. Evidently we traveled about thirty minutes after the heavy rain storms all the way from Abilene to San Antonio.

It seems funny, but J. B. Castleberry said that he took my advice about getting his cotton planted early in May. However, a lot of the real farmers have done the same thing. Perhaps they have been reading the same Almanac. It does not matter what almanac you have been reading. The plain facts are that there is a shortage of good white cotton. Your favorite ginners can give you the details.

The price of quarter horses is going up. This is more significant than you might realize on first thought. With the exception of some cattlemen who actually use them as working horses, a quarter horse is about as much an economic necessity as a shetland pony. In nine cases out of ten they are needed about as much as tail fins and chrome on one of these high priced cars. Two years ago good ones were selling as low as \$50. Now they are \$300, \$500, and up, depending on the horse and how well they are trained. It means that a lot of people in this area are feeling more optimistic about their chance of making money.

There is unemployment in some sections because the recession that started hitting the agricultural segment of our economy seven years ago and lasted until last year has finally affected manufacturing. Now cattle are up 36 percent, hogs 21 percent and eggs 33 percent, and the sale of farm machinery has already started increasing. As pointed out previously the real danger is that the politicians will do so much pump priming that inflation will hit the nation at a time we could be coming back in a sound healthy manner.

Merchants should take note of the rising optimism in our area and plan accordingly. It should be realized however, that it is still a buyers market, but those who buy what the people want, tell them about what they have that is new and provide real service are going to do all right by themselves.

Little Raymond Horton Jr., the son of Judge and Mrs. Raymond Horton, broke his ankle recently while roller skating, but that is not all he broke. If he could have finished out the term as he was going, he would have had a perfect school attendance record for four years.

The junior high boys will play an exhibition football game Thursday night. The money will be used to buy suits and other equipment. What they have now is pitiful. Tickets will be sold at the gate so if you don't have yours already make a date with yourself and get out to see them play Thursday night.

George Henry pointed out an article on growing tomatoes in a recent issue of The Saturday Evening Post. He said he found out something that he had never known before although he has been raising tomatoes for years. Tomatoes can stand intense heat in the daytime, but they won't fruit if the night temperatures stay too high. The plants do their fruiting and growing at night.

By the time you read this, you ought to know whether the almanac is right about the May rains.

\$1,002 Collected As Red Cross Drive Ends

The county's spring Red Cross fund raising campaign has been closed out with \$1,002 collected toward the \$1,720 quota, Mrs. Pete Cummings, home service chairman, announced this week.

A number of communities have not reported, and if any of these workers have funds collected, they may bring them to Mrs. Cummings. Half of this money will be kept in the Collingsworth county chapter to finance its work during the coming year; the remainder will go to help finance national work.

West Funeral Held In San Antonio Saturday, May 3

Funeral services for Irvin F. West, 46, were held at the Peter Lorin Chapel in San Antonio, Saturday, May 3. Mr. West, who had visited here a number of times was the husband of the former Bessie Jean Willis, who taught school in Wellington for a number of years before going to Harlingen as a teacher.

The cause of his death was cancer.

Mr. West was born at Ideal, Texas but at an early age his parents moved to Harlingen where he spent his boyhood and young manhood. A skilled technician, he was a civilian employee at Kelly Air Field during World War II. Shortly after the end of the war he returned to his home town to enter business. He and Miss Willis were married in Harlingen August 31, 1949, and continued to live there until they moved to San Antonio three years ago. His wife obtained a position as a teacher in the San Antonio school system and he resumed his work at Kelly Field. Their home is 1427 Santa Monica, San Antonio.

Funeral services were held with Rev. Emmanuel Lee Griffin, pastor of the Primitive Baptist Church in charge of the services. Burial was in the Sunset Memorial Cemetery.

He is survived by his wife; his mother, Mrs. Sara C. West of Harlingen; two brothers, Ernest F. West of San Antonio, Robert L. West of Raymondville and three sisters: Mrs. Jack Hultz, Edinburg, Mrs. Curtis Kirby of Harlingen and Mrs. Paye Clapham of Central, Colorado.

Wellington relatives who attended the funeral were: Mack Willis, Bonnie Willis, and Mr. and Mrs. Deskins Wells. They were accompanied by another sister of Mrs. West, Mrs. Howard Frost of Wichita Falls.

Retiring directors are N. E. Childers, Roy Canada and Ople White.

Mr. and Mrs. Jack Cartwright and two small daughters of Fort Worth spent the week end with her parents, Mr. and Mrs. Morris Wells.

Mrs. Jones Singley and daughters, Beverly and Kathy, visited with her parents, Mr. and Mrs. Bill Goforth in Amarillo Saturday.

Cub Scout Circus Scheduled Here Monday, May 19

A Cub Scout Circus is scheduled by the boys of the various dens in Wellington for Monday, May 19, at 7:30 p. m. Billy Hatch, Cubmaster, announced this week.

The boys have made many of their own costumes and other projects for the event.

There will be sideshows which will include fortune telling, a trip around the world, Indian dance in costume, throwing balls, jugglers, clowns, a swimming match, hula dancers, and other sideshows, in addition to a popcorn booth and displays the Dens have made in Cub Scouting this year, Hatch said.

Letters from the People

Dear Editor:

The picture of the Junior High School football player, wearing some of the torn equipment that they are needing to wear in order to be at least partly protected while they represent our city, county and school in football games that we play around our community, show that we all need to get behind these boys by attending their football game May 8, 1952, Thursday, at 8 p. m. at Powell Field.

We, the parents, of all the boys, and future boys, of the Junior High Football team, ask all the people in our community to help get new uniforms and equipment by just buying a ticket and attending the football game.

All the money that is made by our purchases of tickets will be used entirely to buy new uniforms and equipment.

The junior high football boys have worked hard these last three weeks and are ready to show you how much they appreciate your attendance and help by playing a hard and good football game. We want to thank Coach Lindsey and his assistants, Charlie Welch, Jerry Elbert, Pat Wilkins, Richard Carter, Lonnie Roark and Ray Henry for the wonderful job they have done with these boys in helping them to learn the fundamentals of football so early in their young lives, so as to be prepared to make better team work and spirit in future years. So Wellington, see you at the football game.

Parents of the Present and Future Junior High School Football Boys

Mr. and Mrs. Odie Killingsworth, Gina, Gwen, and Janie, of Mador, spent the weekend with his parents, Mr. and Mrs. W. C. Killingsworth.

Miss Callie Killingsworth of Lubbock is spending this week with her brothers, Mr. and Mrs. W. C. Killingsworth, and Mr. and Mrs. C. E. Killingsworth.
