Political Clouds Form With Dawn of New Year

The first hats have been tossed into the political ring on the county and district level, signaling the approach of politics in the news spotlight early in 1968.

On the local scene, Max Arrants this week announced his candidacy for Lubbock County Commissioner, Precinct 2, in the Demopriary. Arrants, appointed to the county post this past year, will ask election to the unexpired term of the late George Green. Regular four-year terms expire in precincts 1 and 3 with Arch Lamb and Les Derrick expected to seek re-election.

Robert T. Mansker, an instructor in management at Texas Tech, was the first candidate to authorize The Slatonite to announce his candidacy. He'll seek the Demo nomination as state representative from the newly - created Place 3, District 76, which embraces Lub-

bock, Hockley and Terry counties.

This week C. H. (Choc) Blanchard authorized an announcement on his candidacy for Lubbock County sheriff in the Demo primary. Blanchard, 41, has served as a county deputy for 11 years.

Here in Slaton, city commission and school board elections will be coming up in April with no indication as to the interest which might be generated. The terms of Earl Reasoner, Ward 2, and Rudy Dominguez, Ward 4, expire this year.

Two seats on the school board will be put to the vote with the terms of Joe Miles, current board president, and Willie Heinrich expiring this year. Voters are also to decide this year on the offices of district attorney, county attorney, county tax assessor - collector, and district judges in the 140th,

99th and 72nd district courts.

On the state scene, a wide-open governor's race looms in the Democratic primary and, of course, the presidential battle will hold the November general election spotlight.

Remember that, to participate in any of the action, you must register (it's free) with the county tax assessor - collector or authorized deputy by Jan. 31. Registration is simple and can be accomplished through the mail.

Feb. 5 is the last day for filing as a candidate in the primaries, and the first primary election is set May 4. Here are some red-letter dates to mark on the 1968 political calendar:

*Feb. 5--Last day for filing as candidate in primaries.

*May 4--First primary election.

Slaton Man Charged In Burglary Attempt

Arrest of a burglary suspect, following a break-in at the C.R. Anthony store Saturday night, cleared up five more burglaries in Slaton and one in Lubbock, according to the Slaton Police Department.

Richard Polk, a clerk at Anthony's, returned to the store Saturday night and surprised the burglar at work. The suspect ran from the store but was identified by Polk, and the arrest was made several hours later.

Charged with burglary in connection with the break-in at Anthony's was Lin S. Gallegos, 25, of 835 S. 3rd St., Slaton.

Charges were filed in district court Tuesday and Gallegos was transferred to county jail in Lubbock where he was held in lieu of \$2,000 bond.

Police Chief Walter Head said the suspect also implicated himself in burglaries at Slaton Bus Depot on Saturday night, Self Furniture last month, Slaton Farm Store and Slaton Golf Course in July, 1967, and Slaton T&Y store in May, 1967.

The police chief added that other persons were known to be involved in some of the cases, and more charges are pending further investigation.

Head praised the big "assist" provided by Polk in arrest of the suspect. Polk told police he had returned to the store about 8:30 Saturday night to pick up some wrapping paper. He heard a noise and asked, "Who is there?" He called out again, the suspect stepped out. The man tried to get out the front door, but Polk pulled the keys out of the lock. Polk said he let the man out when he pulled a screwdriver from his pocket. The suspect left on foot and Polk called police and identified the man.

Anthony manager Dick Hartman reported the suspect had packed about \$350 worth of merchandise in two suitcases in the store. He had gained entry by breaking out glass bricks in a restroom at the back of the building.

In other police activity, records, five traffic accidents were recorded. In a one-car accident Tuesday night, a vehicle driven by Dorothy F. Cantu was heavily damaged after it

side-swiped two trees off N. 20th street.

Two minor accidents were reported Sunday. Mary L. Co-field and Frank E. Wolf were drivers of cars involved in a collision at S. 9th and Jean Sunday evening. Drivers of cars in a collision on 9th street Sunday night were Faustino P. DeLeon of Tahoka and Vercy G. Holland.

Heavy damage but no major injuries were reported in a car-pickup collision Sunday night at Division and 20th St. Jim Newhouse was driver of the car, and Commie L. Oats driver of the pickup. About \$1,000 damage was estimated. About the same time Saturday night, a car driven by Carl B. Wilcox hit a utility pole on Hoffman street. Minor damage was reported.

Trailer House Zoning Rules Contested Here

A controversial case involving use of a trailer house on residential property was in the news again this week in Slaton.

In a civil suit filed last week in 137th District Court, Mr. and Mrs. J. L. Reed of 835 S. 20th St. seek to have set aside a city ordinance which controls location of trailer houses on city lots.

The suit is filed against the City of Slaton and its mayor, Jonas Cain, and also seeks judgment of \$5,000 damages.

The zoning issue has made the rounds here -- from the city commission to the Planning & Zoning Commission, to the Board of Adjustment, and back to the commission. In November, the city commission rejected -- on a split vote -- a request for variance in the case. The commission had previously agreed that the ordinance should be upheld, in that no trailer house could be moved in to be used for rent purposes. Mr. and Mrs. Reed allege they placed the trailer house, which they intended to occupy on the back of a lot, after they were assured it would be permitted if building requirements were met.

They also allege that subsequently they were informed the trailer house would have to be moved since its presence on the lot violated the ordinance.

Higher Postal Rates In Effect On January 7

Slaton post office patrons will be paying a cent more for letter mail going by first class or air mail routes throughout the United States, to Canada and Mexico, and to servicemen overseas when new postal rates go into effect Sunday, Jan. 7.

"Even with the new rates of 6 cents for first-class mail and 10 cents for air mail, postal service is still a real bargain," Postmaster Rush Wheeler says. "For six cents you can send a letter to any of the 50 States, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

The new rate for post cards will be five cents and for air mail cards eight cents, the Slaton postmaster continues.

He notes the added cent in the letter rate is a 20 per cent increase compared to a 24 per cent boost in the rates for mailing newspapers and magazines and a 34 per cent hike for advertising circulars, "occupant" mail, and other material in the third-class category.

The new rate of 6 cents per ounce for first-class mail applies up to 13 ounces and the new rate of 10 cents per ounce for air mail applies up to 7 ounces. Under the new rate structure all first-class mail over 13 ounces and all air mail over 7 ounces will be merged into a single category.

These heavier pieces of first-class mail will be merged into a single category.

Wintry Weather Due for Encore

A wintry blast of snow and ice covered the Slaton area on New Year's eve and, after melting away Monday, forecasters predicted more snow and ice this week.

Low temperature for the week was recorded on the last day of the year with 16 degrees. The mercury dipped to 22 Tuesday night as another cold front moved into the area. A freezing drizzle welcomed early risers Wednesday.

The nasty dose of winter weather prevented some farmers from finishing their cotton harvest. Although the harvest was estimated over 90 percent complete last week, the weather held up some final work in the fields.

Police reported five traffic accidents the past week in Slaton, with some resulting due to hazardous road conditions.

Deadline Near On Club Reports

Slaton clubs and organizations still have until Jan. 17 to have their entries at the Chamber of Commerce office if they want to be considered for the "Club of the Year" award. Or entries may be mailed to the chamber at Box 782, Slaton. The presentation will be made at the Chamber of Commerce banquet Jan. 25.

MOD Drive Begins Here

The March of Dimes has now undertaken the fight against birth defects, which is far more serious than polio ever was. Birth defects are the nation's second greatest destroy of life, claiming approximately 500,000 unborn babies and 60,000 children and adults each year.

The best way to help stop this terrible toll is to support the March of Dimes.

The March of Dimes drive is being conducted in Slaton this year by members of the Centurettes, who have sponsored the project for the past several years. Mrs. Bob Hopper is chairman of the drive.

A benefit dance is being held at Tiger Town Friday night from 8 to 12 p.m. with proceeds going to the drive.

Those who would like to donate to the MOD drive may do so by sending their contribution to March of Dimes, c/o Clark Self Jr., Citizens State Bank, Box 774, Slaton, Tex.

Ayers-Love Vows Exchanged Dec. 22

At 8 p.m. Friday, Dec. 22, Miss Jo Lynn Love and Ray Madison Ayers exchanged wedding vows in a double ring ceremony in the First Methodist Church of Lubbock. Rev. Elza L. Love, father of the bride, performed the service.

The bride is the daughter of Rev. and Mrs. Elza L. Love of Texarkana. Ayers is the son of Mr. and Mrs. R. E. Ayers of Taft, former Slaton residents.

The altar was centered with an arrangement of white gladioli and mums flanked with altar candles. A candelabra of seven candles intertwined with ivy was placed on either side of the altar.

The family pews were designated with white satin bows. Miss Jesselyn Barrow of Lubbock provided the organ music. Dr. Fisher Blanton, uncle of the bride, sang "O Perfect Love" and "The Lord's Prayer."

The bride, given in marriage by her brother, Rev. Charles Love, wore an original gown created by her mother. It was fashioned of peau satin appliqued with chintilly lace and styled in an A-line design. The long sleeves, tapering to points over the hands, were of chintilly

lace, and the neck and hemline were enhanced by appliques of identical lace. The floor-length gown was finished with tiny covered buttons down the back to the waist and at the wrist on each sleeve.

Her chapel-length veil of bridal illusion fell from three satin roses which formed the headpiece. The veil was also an original creation and was finished with a lace border.

Miss Love carried a bouquet of gardenias, white roses and stephanotis. It was centered with a corsage of gardenias which was removed and worn by the bride with her going-away suit.

For something old, the bride wore an antique locket of gold which has been in the family for 80 years. The something new was her wedding gift from the groom. The sixpence in her shoe was borrowed from her relatives, and for something blue, Miss Love wore a lace garter given to her by the housemother of the groom's fraternity.

Attending the bride as maid of honor was her sister, Miss Cathy Love. Bridesmaids were Miss Mary Underwood of New Lisbon, Wisc.; Miss Ann Ayers, sister of the groom; Miss Cathy Marsellos of Lubbock; Mrs. Janis Love, sister-in-law of the bride; and Mrs. Pam Signorelli of Conroe.

The attendants wore identical formal-length gowns of viking blue velvet with a pleated down the back and bows at the neck and waist.

Their bouquets were cascades of red roses, and their headpieces were a large rose fashioned from matching velvet.

Mike Ball of Slaton was best man, and groomsmen were Bill Magee of Houston, Richard Berry of Bossier City, La.; Dubbin Englund of Slaton, Steve McClain of Conroe and Phil Hughes of Houston.

Ushers were Mike Kirkland of Corpus Christi, Steve Swearingen of Houston and Amp Miller of Dallas.

A reception was held in the church parlor following the ceremony.

The bride's table was centered with an arrangement of gladioli and mums. Hostesses served a four-tiered white wedding cake which was topped with a wedding bell.

There was also a groom's table at which chocolate cake and coffee were served.

Immediately following the reception, the couple left for a wedding trip to Estes Park, Colo. Mr. and Mrs. Ayers will make their home in Georgetown where both are attending Southwestern University.

Parents of the bride are Mr. and Mrs. Thomas E. Claiborne of Lubbock and former Slaton residents. Mr. and Mrs. Max Wiggins of Hagerman are parents of the bridegroom.

Given in marriage by her father, the bride wore a gown of peau de soie, fashioned with an empire waistline, scoop neckline and long sleeves. The bodice was enhanced with re-embroidered lace appliques sprinkled with seed pearls and crystal beads. The lace was repeated on the A-line skirt and double chapel train. She carried a bouquet of white roses. Her headpiece was a pearl encrusted satin Dior bow and waist-length illusion veil.

Miss Joan C. Claiborne, sister of the bride, was maid

of honor; Mrs. Joe D. Williamson of Waco was bridesmatron; and Miss Jane Wiggins of Hagerman and Miss Thelma L. Kidd were bridesmaids. It's a woman's WHIRL

BY LAVON NIEMAN

I had my mind all made up to write a column of New Year's resolutions this year. Not MY resolutions but resolutions made by a variety of Slaton citizens.

I found out one thing, others are a lot like me when it comes to making resolutions---they aren't making any.

For some, "New Year's" has come to mean a chance to wipe out the old bumbling and make a fresh start in the right direction.

By looking around us, we are confronted with the realization that this beloved free country of ours needs desperately to make--and keep--some New Year's resolutions.

Basically, we must resolve to return to the principles of freedom and democracy--and pronto.

In fact, we had better resolve to return to basic principles!

And how does a nation make a New Year's resolution? Through you and me.

A nation is not an individual entity encased in an imposing capitol.

A nation is people--and people are you and I.

In order for these great United States to resolve to return to the principles for which it stands, you and I must resolve it. And the only way we can fulfill such a resolution is to wake up and start caring--actively.

We need to study and meditate upon those things that are seeking to destroy our nation's principles. No matter how much we prefer not to become "involved" we must lift up our voices and be heard.

And no matter what--we must register and VOTE.

Registration is simple and without charge, but the number of important offices up for grabs in 1968 make it important. There will be the races for city commissioners, school board, county commissioner and other county offices plus the office of President and Vice-President of the U. S., congressional seats, state senate seats, representatives, governor and many other offices.

Voting is a priceless privilege. If you want a voice in the election this year, you'll need to register before the Jan. 31, 1968 deadline.

MRS. POLLY MELUGIN

Davis Class B Coach Of Year

The honor of Class B "Coach of the Year" has gone to Bobby Davis, head coach at Wilson last year. Davis guided the Mustangs to a co-championship in District 2-B and then on to the regional finals before they bowed to Bronte. The Mustangs went through the rugged league schedule with only one loss to share the title with Meadow. Davis, who had an overall 23-9 record for his three years at Wilson, resigned recently to accept a position with a sporting goods company of Lubbock. He is a graduate of West Texas State University at Canyon where he played as quarterback under Coach Frank Kimbrough. Before accepting the post at Wilson, Davis served as backfield coach at Lockney High School for four years.

Mr. and Mrs. Davis have three sons, Bryan, 9, Brad, 7, and Brent, 3. They will move to Lubbock Jan. 12. The family attends the First Baptist Church where Davis teaches a Sunday School class. Farmer's Filing Needs Listed

Farmer's who earned at least two-thirds of their 1967 gross income from farming should file their declaration of estimated Federal income tax (including self-employment) for 1967 on or before Monday, Jan. 15, 1968. Form 1040-ES should be used for this purpose.

However, Ellis Campbell, Jr., District Director of Internal Revenue for North Texas said that farmers need not file an estimate if they file their 1967 Federal income tax return, Form 1040, and pay in full any tax due by Feb. 15, 1968.

"Farmer's Tax Guide," (Publication No. 225), which furnishes information on this subject may be obtained from the Internal Revenue Service or from your county farm agent.

Kindergarten Announces Openings

Enrollment is once again open at the kindergarten at the First Christian Church in Slaton. The new and somewhat different program was launched by the church last October.

The kindergarten is held Tuesday, Wednesday, and Thursday from 1 to 3 p.m. and is primarily for youngsters who come from non-English speaking families, and-or for families where the knowledge of English language is so inept as to cause the child to operate under a handicap when he starts to school.

Children five years old are the primary ones being sought as this is the crucial time for them to get working knowledge of the English language. The four basic areas being taught are spoken English, beginning English penmanship, music and creative play.

The school term will end May 3. Any parents, especially of Mexican descent, who are interested in enrolling their child in this school are urged to contact Mrs. Virgie Hunter at Stephen F. Austin School, Rev. Johnnie Moore at First Christian Church or Mrs. Carolyn Davis at VA8-3787.

Rev. Moore said the materials and approach used will bear a marked similarity to that which is used in the Public Schools' "Operation Headstart".

He also said he wished to make it crystal clear that even though this is being held in a "church building", actually the Fellowship Hall of First Christian Church, there is nothing in the program of a "religious nature".

Information as to the cost of the program and exact schedule can be obtained from any of the three persons mentioned. Terms may be arranged for payment.

About the only thing youngsters nowadays will do for a dime is to ar ue that it should have been a quarter.

PVT. FAUSTINO SOTO

Soto Completes Marine Training

SAN DIEGO (FHTNC) -- Marine Private Faustino M. Soto, son of Mr. and Mrs. Jessie Soto of Rt. 1, Slaton, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego.

He will now undergo from two to four weeks of individual combat training and following a leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

It's difficult to make a heel toe the mark.

Local Residents Brother Dies In California

Lloyd T. Sikes, 66, former resident of Slaton, died last week in Exeter, Calif., where he had made his home for the past 41 years. He lived here for several years in the early '20's.

Survivors include his wife; one son; a stepdaughter; two brothers, W. A. Sikes Sr. of Slaton and J. M. Sikes of Livermore, Calif.; three sisters, Mrs. Delma Hodge and Mrs. Alma Rawlings of Boulder Creek; and three grandsons.

Attending the funeral services from Slaton were W. A. Sikes Sr., Mrs. Delma Hodge, and a brother-in-law, Ray Cullar.

Alan Reasoner In Vietnam

U. S. ARMY, VIETNAM (AH-TNC) -- Army Private First Class Alan L. Reasoner, 21, son of Mr. and Mrs. Leeman A. Reasoner, 720 S. 14th St., Slaton, Tex., was assigned to the 125th Air Traffic Company in Vietnam, Dec. 15.

Funeral Held For Mrs. De

Mrs. Kate Denny, 66, moved from Comanche in 1965, died last Thursday at Mercy Hospital. She was the mother of Jess Tims, a Slaton farmer who was in process of moving to the time of his death.

Services for Mrs. Denny were held Saturday at 2 p.m. in the First Baptist Church with J. L. Cartrite, pastor, officiating. Burial was in Lubbock Cemetery under direction of Englund.

Survivors other than Jess, include two sons, C. Tims Sr., Lubbock, C. Tims of Portland, six grandchildren and great-grandchildren.

HOPE

It may not be complete that it is always darkest before dawn, but one can find a reason to hope.

We must have faith. One finds the strength to persevere and, once vision is made to stand, fortune and trouble are easily recognized as less than permanent.

Hope lies in God's forgiveness, in the knowledge that God is with us. Troubles that appear to the weak are not easy for the strong. Strong, because they have faith to endure, can find purpose and find security of victory in what wise would be hopeless.

Prayer

"Pray at all times in the spirit, with all prayer and supplication. To that end keep alert with all perseverance, making supplication for all the saints."

—Ephesians 6:18

Do not believe that God is dead. Without God, you cannot justify the wonders of the universe. In birth, in life, and in death, God is always near.

Pray, not because you have a specific need, but because God is there. Pray in thanksgiving, as well as in supplication. Persist in prayer. Open your heart to God's ever-presence.

Remember God, every moment of your waking days, and you will know that God is with you in every way.

At Martindale's

A woman driver stalled her car at a traffic light. She tried desperately to start the engine, while behind her an impatient man rudely honked his horn. Finally, the woman got out and walked back to the honker. "I'm sorry," she said to the man, "but I can't start my car. If you'll start it for me, I'll stay here and honk your horn for you." *** Tom was astonished when the judge permitted the apparently guilty man to go free. "How did it happen?" he asked a court attendant. "Because he was deaf," said the attendant. "What has that got to do with it?" demanded Tom. "Don't you know," said the attendant, "that you can't convict a man without a hearing?"

POSTAL---

(Continued from Page 1)

class and air mail subject to the single rate schedule will be delivered by the fastest available means of transportation.
 A flat rate of 80 cents will be charged for all mail in this category up to one pound. For all mail weighing more than one pound, the present air parcel post rates will continue to apply, except that the postage on matter weighing between one and five pounds will change at half-pound intervals rather than one pound intervals.

Postmaster Wheeler said that the new rate structure will mean a reduction of postage on same parcels.

Another rate change that will affect the general public is the increase from 4 to 6 cents for the first two ounces of individual pieces of third-class mail. Unsealed greeting cards may be sent at this rate, Postmaster Wheeler says.

He also notes that effective Jan. 7 special handling will be available on third-class parcels weighing between 8 and 16 ounces. Special handling has not been available on these parcels since 1958, when packages weighing between 8 and 16 ounces were transferred from fourth to third-class mail.

There will be no changes in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery or insurance, the Postmaster said.

"We have an ample supply of one-cent stamps on hand," Wheeler says, "for those people who have five-cent stamps and need one-cent to make up the postage required under the new rates."

Higher rates also will go into effect Jan. 7 for all categories of second-class mail, bulk-rate third-class mail, controlled circulation mail, and the educational materials category of fourth-class mail. Mailers using these classes who need information on the new rates should contact the local Post Office.

Pipeline Plan

Told by S-Fe

Plans to construct a pipeline between Amarillo, Tex., and Clovis, N.M., were announced today by John S. Reed, president of the Santa Fe Railway.

The pipeline, costing in excess of \$2 million, will be built and managed by a wholly-owned subsidiary, Santa Fe Pipeline Company, and will operate as a common carrier. Throughput will be comprised principally of jet fuel from Amarillo to Cannon Air Force Base, near Clovis, but the line will also handle other petroleum products. Construction is expected to begin shortly and will be completed about the middle of 1968, Reed added.

It's a tough day for the bride when she realizes that her new hubby makes the same kind of noise on parting with cash that daddy used to.

Railroad Pays \$152,387

Tax Bill in County

Current annual taxes paid to the various government agencies by Texas railroads in Lubbock County totaled \$152,387, it is announced by the Texas Railroad Association.

That amount was the county's share of the more than \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large

sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' 33,410 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Lubbock County, own their own homes.

"With the future of our country and state depending to a

great extent upon the education of our youth, I am delighted that nearly half of the taxes paid by the railroads go to support the schools," said Walter Caven, general counsel of the Texas Railroad Association. "Recognizing this need for education, many of the railroads operating in Texas also make scholarships available to a large number of students every year."

Nobody has more patience than a fisherman--unless it's his wife.

Some men have a way with women, but it's seldom their own.

There are medical records of a number of humans 8 1/2 feet tall. The College of Surgeons, London, has the skeleton of an 8 foot - 4 inch man.

It takes six men about three days to skin an elephant properly---one day to get out the tusks, which are embedded 1/3 of their length in the skull.
