New Walkout Strikes At Nation's Economy

MODERN MANORS UNDER WAY — This view of the $2,511,000 Modern Manors project shows some of the progress already made on the 293-unit apartment job between Forty-second and Fiftieth streets, Adams and Monroe avenues. Erected by a series of corporations controlled by Robert E. Maxey, Homer G. Maxey, Harold Blank and Lee Fields, the first 75 units will be completed at the rate of eight a day. The rental office will start taking applications about Nov. 15. (Staff Photo.)

TIMESAVING METHODS USED ON MODERN MANORS — Time-and-money-saving methods are being used on the Modern Manors project. The picture above shows pre-cut and assembled roof trusses arriving on the site. Standing before them is I. H. Newton, project superintendent. (Staff Photo.)

Reds Attack Amoy Island

By J. L. MACKENZIE
INS Staff Correspondent

HONG KONG, Oct. 16.—Chinese Communist troops invaded the northeast corner of Amoy's island fortress today in a three-pronged seaborne offensive against China's strategic southeast coast port.

The first wave of 800 Communist troops in the vanguard of a huge wooden boat armada was wiped out as it sought to gain a toehold on the island beaches.

Initial Pocket Extended

But the second wave landed in the face of a Nationalist naval gun barrage and managed to extend its initial pocket on the island port which had been encircled on the land side for weeks.

Fighting raged on the island.

Reports reaching Hong Kong said other Communist armies have penetrated Sinkiang province far in the Chinese northwest. Chinese Turkestan troops were reported to have advanced from Kansu province into the city of Hami, close to the Mongolian frontier.

The Communist assault on Amoy, potential springboard for an attack on the big Nationalist base on Formosa, was launched Saturday as other Communist armies completed the bloodless conquest of Canton.

The Communist invasion armada aimed for both Amoy and nearby Kilangsu island simultaneously at the end of a four-hour artillery duel between Communist guns on the mainland and Nationalist shore and naval batteries.

Two Waves Reach Amoy

Official Nationalist sources admitting the invasion of Amoy island, claimed the wooden boats headed for Kulangsu were sunk but said two waves of Communist troops reached Amoy.

The first of these was reported wiped out early Sunday, while the second managed to win a toehold.

The British steamer Anhui,

Cool Front Expected To Hit Area Today

A cool front should hit the Lubbock area late this afternoon or tonight, but the weather today promises to be fair and warm, with maximum temperatures ranging in the upper seventies this afternoon.

The front should hit after the maximum reading today, and probably will drop temperatures from five to ten degrees. The temperature change tonight, however, should not be over four degrees, with a low of 37 predicted for early Tuesday morning.

The cool front was in a "more or less" stationary position north of the Oklahoma Panhandle near midnight Sunday, with little hint of rains or high winds, the weatherman said.

Very little cloudiness is expected over the South Plains today, although winds from the south may cool the air a bit.

FIRST UNITS TO BE READY NOV. 1

Construction Work Is Pushed On Huge Housing Project Here

BY BILL CLARK
Avalanche Staff Writer

A NEW community is rising on the southwestern outskirts of Lubbock to help fill a severe need for additional rental units, and a small army of workmen is now rushing it to completion with greatest possible speed.

The project is Modern Manors, a 293-dwelling unit village being constructed at a cost of $2,511,000 by a series of corporations controlled by Robert E. Maxey, Homer G. Maxey, Lee Fields, and Harold Blank. The site is between Forty-second and Fiftieth streets, Adams and Monroe avenues.

Apartments Near Completion

The first 75 apartments will be ready for occupancy Dec. 1, corporation officials estimated today. These are known as the "Corporation D" houses. Many are ready for application of asbestos siding in the vicinity of Fiftieth and Adams.

Homer Maxey estimated that applications for apartments will be taken as early as Nov. 15, but more definite information will be released later. Until that time, no applications for apartments are being taken.

It is expected that the units will be completed at the rate of eight a day after Dec. 1, thus filling a void of long standing in Lubbock's rental housing market.

Shopping Center Planned

The office of Robert E. Maxey, general contractor on the project, announced that construction will begin today on a shopping center at Forty-second and Adams avenue to serve the huge community.

The shopping center will contain space for nine retail businesses.

Approximately 350 men, including those employed by the general and sub-contractors, paving and utilities contractors, are working on the job.

Many innovations in construction methods are being employed to save time and money on the job. For example, a cutting yard

Slavs Expected To Get UN Seat

By SIDNEY MIRKIN
Associated Press Staff Writer

LAKE SUCCESS, Oct. 16—A Western Diplomatic source predicted today Yugoslavia will win a seat in the United Nations Security Council despite furious Russian opposition.

A Yugoslav victory would deprieve the Russians of one of their two sure votes in the 11-Nation Council. There have been hints that such an eventuality might bring results drastic for the U. N.

The U. N. Assembly will choose on Thursday between American-Backed Yugoslavia and Russian-Sponsored Czechoslovakia for the seat now held by the Soviet Ukraine.

Unprecedented Action Taken

The Russians, carrying the Kremlin's feud with Premier Marshal Tito into the U. N., have made a crucial issue of the Security Council race. They took action unprecedented in the U. N. by sending a diplomatic note to member nations asking support for Czechoslovakia.

Speculation about possible drastic action in the event of aYugoslav victory has been whispered to newsmen by eastern European diplomats. While the Russians themselves have remained silent, UN secretary General Trygve Lie has issued several denials of

New Parity Plan Offered

By EDWIN B. HAAKINSON
Associated Press Staff Writer

WASHINGTON, Oct. 16—Another 90-per cent of parity proposal to break the deadlock between the Senate and House over farm price supports was pushed forward today by Sen. Ellender (D-La.).

Ellender, one of the 14 congressmen trying to find some way to patch up a wide split on what's best for the farmers, proposed a three-year extension of the present 90 per cent of parity floors under cotton, wheat, corn, tobacco, rice and peanuts whenever maximum controls applied.

"It is not quite as far-reaching as the support plan that was agreed to and then rejected Saturday," he added.

Ellender Proposal Favored

Sen. Young (R-N. D.), one of the two senate conferees favoring high levels supports, told a reporter: "I certainly could go along with the Ellender proposal."

But there was no immediate indication whether this idea would bring the conferees to a new agreement.

Senate majority leader Lucas (D-Ill.), also a farm bill conferee, said four lengthy closed door sessions of the group named to iron out differences between the two bodies "have left us just about where we started."

Chairman Elmer Thomas (D-Okla.) of the senate farm group added:

90 Per Cent Of Parity Urged

"Unless we give farmers who are under acreage cutbacks and tight marketing controls at least 90 per cent of parity there will be no farm bill in my opinion."

Parity is a computed price intended to give a farm product the same relative purchasing power it had in a past favorable period.

For several hours Saturday it appeared the Senate-House group had voted for an indefinite 90 per

Tech Student Wins Second In Judging

KANSAS CITY, Oct. 16. (AP)—An Iowa State college team won the American Royal intercollegiate livestock judging contest, edging out Mississippi State college by one point.

The Iowans scored 4,302 points to 4,301 for Mississippi State. There were 22 five-man teams in the contest.

Oklahoma A. & M. college was third with 4,281.

M. D. Randle, 21-year-old Mississippi State senior majoring in animal husbandry, won the highest individual honors with 906 points.

He was followed by Buddy Winters, Texas Tech, 900; Harold Schroeder of Ohio State and Sprague Wingard of Pennsylvania State, each 883; Paul Schnaithman, Oklahoma A. & M., 881.

The Iowa State team placed third in cattle judging sheep; tied for ninth in hog judging, and was 10th in judging quarter-horses.

Team leaders by divisions included:

Sheep—Purdue university 1,108; Nebraska University 1,105; Texas A. & M. 1,104.

Hogs: Ohio State 1,119; Kansas State 1,111; Texas Tech 1,109.

Quarter horses—Texas A. & M. 686; Nebraska and Minnesota universities, each 664; Michigan State 662.

The contests were held yesterday ,and the results were announc-

Russia Pushing Navy Building Program, London Paper Claims

LONDON, Oct. 17. (Monday)(INS)—The London Daily Mail reported today that Russia is pushing ahead a naval building program.

The Stockholm dispatch quoted official Swedish publications saying that the Soviet Union aims at having five new 35,000-ton battleships, but that only two are being built at present.

The report said Swedish sources learned that one and possibly two new, improved Kirov class 8,000-ton cruisers participated in recent Baltic Red Fleet maneuvers.

ADMIRALS MUST FURNISH PROOF

Johnson Reported Willing To Reconsider Cut In Navy Funds

By JAMES LEE
INS Staff Correspondent

WASHINGTON, Oct. 16 — Defense Secretary Johnson was reported ready today to cancel part of the slash he has ordered in the Navy's budget if spokesmen for the fleet can prove the cut will cripple fighting effectiveness.

An informed source said that Johnson is willing to listen to an appeal by the Navy concerning his order that naval expenditures be reduced by $350 million this year.

Johnson, it is said, would reduce his economy order if the admirals can submit convincing proof that the move would hamstring the Navy's air arm, His order specified that $203 million of the total be taken from Navy aviation.

The defense chief was expected to be questioned sharply concerning his order when he appears on Capitol Hill this week before the House Armed Services committee which is investigating the Navy-Air Force feud.

The Navy was expected to fire its final shots in the battle at Monday's session when Marine

Small Hurricane Expected To Miss U. S. East Coast

WASHINGTON, Oct. 16. (AP)—A small hurricane sped northeastward in the Atlantic today, offering no threat to land.

The Washington Weather bureau said in a 4 p. m. (CST) advisory the disturbance was whirling northeast about 20 miles per hour. At that time it was about 250 miles north northwest of Bermuda.

Highest winds over a small area near the center were above hurricane force (75 miles an hour).

Solons Seek Adjournment

By FREDERIC TUTTLE
INS Staff Correspondent

WASHINGTON, Oct. 16—Congress struggled today toward a Wednesday adjournment with two major issues yet to be resolved and political brickbats whacking a lusty prelude to the 1950 election campaigns.

Senate and House conferees still were deadlocked on the size of the Air Force and on farm legislation, with no immediate indication when an agreement will be reached.

Session May End Wednesday

Despite the twin stalemates on this "must" legislation, House Democratic Leader McCormick, Mass., expressed hope that the first session of the turbulent 81st Congress could quit by Wednesday nightfall. McCormick said:

"The House is ready to adjourn at any time, and right now I see no impediment to going home Wednesday.

"However, it is all up to the Senate and what the Senate does will be the final determining factor."

Senate Democratic whip Myers' Pa., said meanwhile, in a broadcast, that the voters should judge the Congress after asking themselves "what its accomplishments mean to you." Myers declared:

Achievements Bring Pride

"I have always tried to keep my broadcasts as non-political as possible, but personally I am quite proud of the achievements of this Congress."

Senate Republican Leader Wherry, Neb., lashed out at the Democratic leadership of the 81st. Wherry said:

"The record of the first session of the 81st Congress demonstrates that the conflict within the Democratic party makes it an unsafe agency for translation of the will of the people."

Sen. Brewster (R-Me.), denounced the 81st as the "80-worst" Congress in a radio address. Brewster said:

Program Failure Claimed

"The 81st Congress has been in session for approximately 300 days and most of President Truman's program has not been enacted into law."

In the conference controversy over the size of the Air Force,

$200,000 Church Program Okayed

Members of the First Presbyterian church Sunday unanimously approved a program calling for a new $200,000 church building and a remodeling of the present building into an educational building.

The program was unveiled last Monday at a special banquet at the church, which was attended by about 30 church members, who were very enthusiastic over the project after it was explained to them, said Dr. Jack M. Lewis, pastor of the church.

Fund-Raising Drive Planned

A fund-raising campaign will get under way Nov. 6 and will last about a week, announced Dr. Lewis.

To cost approximately $200,000,

REDS BUILD RADAR DEFENSES

Radar Improvement Brings New Study Of B-36's Capabilities

By DARRELL GARWOOD
INS Staff Correspondent

WASHINGTON, Oct. 16.—Reports that the effectiveness of radar is rapidly increasing have caused a new examination of the B-36's bombing capabilities.

Defense officials said today that a re-study has been ordered with special emphasis on the counter-radar eqiupment which the world's biggest bomber will carry.

The study involves the entire question of whether the unescorted B-36 must be considered a weapon of "area bombardment," too inaccurate to be entrusted with the valuable atomic bomb.

Latest defense information indicates:

1. That the Russians, who were among the first to grasp the idea and importance of radar, have installed complete radar nets around their important industrial areas.

2. That these all-seeing radar eyes are effective against high-flying bombers at distances up to 250 miles. This

Firemen Answer Three Other Alarms

Man Dies As Flames Sweep Home Here

FOUR fires that blazed in and near Lubbock Sunday took the life of one man, all but destroyed a vacant house, slightly burned another man and caused damage estimated in excess of $3,000.

Justice of the Peace C. E. Lynn said Sunday that he will render a verdict today in the death of James C. (Jake) Stephens, 35, who died in the flames that gutted his one-room house about one mile east of the Tahoka highway on Forty-eighth street about 12:45 a.m. Sunday.

Another major fire swept an unoccupied three-room house east of Lubbock early Sunday morning with a loss estimated the $1,500 to the owner, C. Martin.

Damage in the fire that took the life of Stephens also was estimated at $1,500. Relatively minor damage in the other two fires pushed the estimated total past the $3,000 mark.

Man Suffers Burns

In a minor blaze at 1709 Ave. N at 1:50 p.m. S. B. Upton received slight burns on his arm when he reached through flames to turn off escaping gas.

The Martin house, located about 30 yards east of Myrtle drive and two blocks south of East Broadway, was all but a total loss.

The alarm on this fire came at 2:30 a.m., only a few minutes after firemen had returned from the blaze which took the life of Stephens.

Neighbor Gives Alarm

William T. Terry, living in the first house west of burned house, had just come home from work when he saw the flames. He notified Martin, living a short distance away, and then called Lubbock firemen, who had the blaze under control in 10 minutes after arrival.

Martin said that some furniture was lost in the fire, but that no one was living in the house.

As the blaze roared through the frame house, Terry and neighbors moved furniture from his house, but the precaution was unnecessary since the fire did not spread.

Residents of the neighborhood said that children had been playing in the house, and it was believed that they might have been responsible for the fire.

Two Other Alarms Answered

Two other relatively minor alarms were answered by firemen during the day.

Gas from a disconnected hose became ignited in the home of Upton at 1709 Ave. N, but the

21 Violent Deaths Reported In Texas Over Weekend

(By The Associated Press)

Violence took 21 lives in Texas during the weekend.

Eleven persons died in accidents on streets and highways. Five were shot to death, and one man was fatally stabbed. A youth died in a 27-story plunge, a man was hit by a train, and another was killed by a car which fell off a jack and two were burned to death.

Two of the traffic accidents involved trains.

Car Rams Train

A car crashed into the caboose of a parked freight train at a Missouri-Pacific crossing in Odem Sunday, killing two women. They were Mrs. Ruby Hart, 29, of Refugio and Mrs. Geraldine Dehm, 29, of Woodsboro. Mrs. Hart's husband, Herman, was critically injured. Their nine-year-old daughter, Bobbie Pearl, received head and leg injuries.

Adrian Allen, 24, of Tyler, was killed Sunday when a train hit his car on a crossing within the city limits. Three persons were injured.

Jim Hapshie of San Antonio died Sunday in the cab of his truck when it left the highway, overturned and burned 11 miles east of Sanderson.

Locomotive Fireman Killed

Homer Alex Green, 22, of Palestine, a locomotive fireman, was killed about midnight Saturday when his stripped down car overturned. Laughton Bomer, a trainman, received severe back injuries.

H. L. Barber, 78, of near

DIES IN FLAMES—Smoke rolls from the one-ro om house in which James C. (Jake) Stephens, 35, was burned to death about 12:45 a. m. Sunday. The house, located on Forty-eighth street about a mile east of the Tahoka highway, was burning fiercely when firemen arrived. With the blaze out, these Lubbock firemen stand by awaiting the arrival of Justice of the Peace C. E. Lynn before removing Stephens' body. Stephens was lying face up on a bed in the torn-out corner in the center of the picture. Firemen ripped out the wall in a v ain effort to save him. (Staff Photo by Tom Davis.)

Nine Alcoa Plants Close

PITTSBURGH, Oct. 17 (Monday) — Sixteen thousand CIO aluminum workers struck today as the nation reeled from its first twin steel and coal strikes.

The combined walkouts have idled nearly 1,000,000.

Secretary of Commerce Sawyed grimly predicts the two-week-old steel strike will idle 5,000,000 if it runs to Dec. 1.

Mass Closings Expected

And Sawyer says he anticipates mass closings of small firms if steel inventory replacements do not become available before Nov. 15.

There's not a sign of peace in either the steel or coal walkouts.

Government negotiators, however, are continuing their efforts to end the stalemate.

William N. Margolis of the U. S. conciliation and mediation service, made a futile 11th hour attempt to head off the strike of the CIO steelworkers against Aluminum Company of America. He flew here but returned to Washington and an Alcoa spokesman said his visit accomplished nothing.

Union Refuses Bid

An Alcoa spokesman said the company "again expressed willingness to work out details of a settlement and postponement of the strike action" but that the union refused to go along.

CIO and United Steelworker President Philip Murray said settlement of the two-week-old steel strike is now "in the lap of the gods."

Alcoa reported negotiations collapsed Friday night over the steelworkers refusal to accept a provision that a proposed pension plan be subject to any future adjustment in federal social security laws.

Company Meets Demand

The giant aluminum company said it met the steelworker demand for six cents for pensions and four cents for insurance.

The pension and insurance demand is the same one that shutdown the steel industry.

President Philip Murray said the union did not break off the Alcoa negotiations. He charged that a company statement to that effect amounted to a "lockout of its workers" and that the union

Watches Taken In Breakin Here

Lubbock police Sunday were investigating two breakins and other minor thefts as weekend crime activities had a mild spurt upwards.

Major breakin under investigation was an early Sunday morning job at Lester's Jewelers, 1010 Broadway, in which eight watches valued at approximately $300 were lifted through the broken glass of a show window.

Police department detectives estimated that the glass had been smashed between 12:45 and 1:45 a. m.

Youth Reports Breakin

Wendell Moore, 18, of 1405 Twenty-fourth street, returning home from a downtown movie, spotted the broken window and notified police at 1:52 a. m.

Manager of the store, Maurice A. Cooper of 2516 Thirty-second street, told police that seven ladies' wrist watches and one man's watch had been taken.

The south glass of the west showcase had been broken. Police said that empty boxes which had contained the watches were found discarded in the alley adjacent to the store.

Service Station Entered

Don Samford, of 2804 Thirty-sixth street, called police at 6:45 a. m. Sunday to report that the Samford Service station at 1529 Nineteenth street, had been burglarized, probaby during the pre-

Teen Talk

Joan Evans Is Described As Most Untypical Teen-Ager

By VIVIAN BROWN
Associated Press Staff Writer

IT just won't do for you to waste time developing muscles, boys. According to recent reports of Hollywood's Gregory Peck fan club, the caveman type doesn't always get the gal.

As a matter of fact, the girls suggest that for best results you might try acting just a bit shy. That's the Gregory Peck formula, they say. Much better than the Bogart, Widmark cave-man tactics. Women, they say, don't like to be shoved around after all.

Says one Peck fan:

"The big strong guy looks the heroine straight in the eye. But Peck doesn't. He's such a shy guy, he evades her. Instead his eyes study the girl's forehead, cheeks, chin, neck and lips."

This, say the gals, is much more romantic than the "You'll do as I say" look of the tough guy.

Peck attributes his competence as a celluloid Cassanova solely

JOAN EVANS...STARLET

to his dramatic training. He admits that he is shy, but never to the point where making love to a cinema cutie has amounted to a real task.

* * *

MORE news from Hollywood is that Joan Evans probably is the most untypical teen-ager in America. When the 15-year-old movie star was asked, "What's new in the teen-age world?" she replied, "I don't know. I don't know any teen-agers."

Pity that. And to boot....

She doesn't know any slang, doesn't subscribe to any teen-age magazines, doesn't wear blue jeans, doesn't like butch hair cuts, and would rather talk to older people than those her own age.

Joan thinks that's because she's always been around older people and says she "never had a close girl friend because we moved around so much I never had a chance." Says Joan:

"I really don't think teen-agers are as different from adults as some people seem to think. They exaggerate the slang they use and the fads they have. Teen-agers really are pretty normal people."

* * *

Debbie Reynolds, who is making her movie debut as June Haver's sister in 'Daughter of Rosie O'Grady," rises to the defense of teen-agers whenever the subject of juvenile delinquency comes up. The 17-year-old former Burbank, Calif., high school girl says:

"I don't think teen-agers are any worse than adults. Just pick up a newspaper. You'll find headlines about young people involved in hot-car racing, destruction of school property, and other crimes. But the same paper is filled with headlines about the antics of adults."

But, cautions Debbie—"Don't get me wrong. I'm not defending those who break the law or get out of line. The point is that there are no more wrong guys and girls in the teen-age group than there are in the adult group. Teen-agers just seem to get more publicity."

And, here's the lowdown on jitterbugging from 13-year-old Judy Glick, a student at Culver Junior High, Culver City, Calif. Says Judy:

"Jitterbugging is on its way out. Most of the boys and girls today prefer slow dreamy dance music."

Judy says that Friday is the big night for teen-agers, when they can go to the movies and a dance without worrying about school. Lots of kids "go steady", which Judy thinks is bad because it keeps girls from finding out about other fellows. As a matter of fact boys rate number one as the subject most discussed by teen-agers when they get together. Clothes run a close second.

Girls in certain clubs at Judy's school wear identical clothes on some designated day. One, for instance, has its members wear pencil slim brown skirts with red sweaters on Wednesdays.

(Thanks to Gloria Yarbrough of Los Angeles for telling us about California's teen-agers.)

Hale County Will Sponsor Annual Flower Show

All flower growers are invited to enter exhibits in the Hale County Home Demonstration Council Third Annual Chrysanthemum show which will be held Friday and Saturday at the agriculture building auditorium in Plainview.

Committee chairmen for the show are as follows: Mesdames T. J. Hart, general chairman and entries; L. O. McCluskey, preparation; Herman Meester, publicity; J. M. Miller, placement; J. M. Scrivner, hospitality; Mike Fisher special feature; and W. J. Carter, clean-up.

Schedule for the chrystanthemum show is as follows: all flowers exhibited must be arranged and grown by the exhibitor; no exhibit is to be removed before 5 p. m. Saturday; the flower show committee will not be responsible for any loss; single specimens should have no side buds; single specimens should have foliage left on and must have long stems of 15-18 inches; in arrangements, some of the excess foliage may be removed; all blossoms must be mums but foliages may be used in arrangements; all entries must be in by 3 p. m. Friday; all properties used in arrangements should be marked with name and address of exhibitor.

Commercial, spider, spoon, Anemone and hardy types of chrysanthemums are to be displayed, and 21 types of arrangements are on the schedule.

Wedding Is In Slaton

SLATON, Oct. 15 (Special)—Mrs. O. V. Sims, of Slaton, is announcing the marriage of her daughter, Elizabeth, to Jack Tannery, son of Mr. and Mrs. Z. Z. Tannery, of Lubbock.

The ceremony took place Friday night, October 7, at the Methodist church in Clovis, N. M. The ceremony was read by Rev. F. D. English at 8:30 p. m.

The couple was attended by the bride's brother and his wife, Lt. and Mrs. O. V. Sims, jr., of Albuquerque, N. M.

The bride wore a beige lace dress with brown velvet accessories, and carried a white Bible topped with a purple orchid. The matron of honor wore a black suit with black accessories.

After a brief honeymoon to Albuquerque, the couple are temporarily at home at 435 West Lubbock, Slaton.

Halo Cut Is Popular Hollywood Hairdo

By ALICIA HART, NEA Staff Writer

THINKING of a new fall hairdo?

Here's one which Hollywood dotes upon. It's a short cut, parted center front or at one side. Curly ends are brushed up and make a halo around a flat-fitting crown. The halo of curls deepens to make a slight V toward the back of the neck.

The reason Perc Westmore, its creator, likes this screen hair-do—latest to wear it is Ruth Roman, seen in "Barricade"—is that it's "100 per cent flattering." Moreover, says Westmore, this hair-do is a cinch to manage. It adds all of the softness needed under the brim of a hat, especially of a beanie, beret or other small hat that's going to hug tight to the head this winter.

Shirley Temple Expected To Win Fight With Selznick Over Role As Teen-Ager

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, Oct. 16. — I wonder what will happen to Shirley Temple's screen career?

She has put up a bitter battle against playing teen-age roles, and David Selznick has always insisted that no one would believe her to be sophisticated. Certainly looks as if that is one battle she'll win with Selznick, who arrived here Friday, and who will, I suspect, insist, come what may, that Shirley do "The Frenchman and the Bobby-Soxer" for him in Europe.

Operation To Be Performed

Before she can go to Europe, Shirley goes into a hospital for an appendectomy. This was planned three weeks ago.

There will be no legal battle between Shirley and John Agar. John will do whatever his attorneys feel is for the best. He has no wish in any way to hurt Shirley.

"I'll make no fight against my wife—and I want to repeat again that those stories about Shirley and Johnny Johnston are untrue," John said.

Book Considered For Film

While William Wyler was in New York, he had a long conference with the famous psychiatrist, Frederic Wertham, about the possibility of making a movie based on certain chapters of Wertham's latest book, "Show of Violence."

Let me say Wertham is no modest violet when it comes to setting a price. He is reported to have asked $100,000 a chapter for his book, much of which would be too censorable to be filmed, although I must admit it is interesting.

Lamarr Plans Trip

Hedy Lamarr, who goes to New York next week for a holiday, said, "I hope if I go out with any man that the New York columnists won't say I'm going to marry him."

"I'll give you the same advice Mary Pickford's mother once gave her," I told Hedy. "When they stop talking about you it is time to worry."

If you've wanted to see just how Portland Mason, the baby daughter of James Masons, actually swims, you'll get your heart's desire when Portland makes her debut as a swimming champion with Esther Williams, another swim champ.

Actress To Arrive

Tuesday, Myrna Loy planes in from London all ready to go into "Cheaper by the Dozen," with Clifton Webb at 20th Century-Fox.

I don't believe that her husband, Gene Markey, who is busy making pictures in Europe, will be with her. I understand that Miss Loy will just talk in and turn around and walk out again as soon as she finished emotion with Clifton.

* * *

Bob Hope is putting up a battle with his Paramount bosses in an attempt to play more dignified characters. Now I've heard everything—Robert, the hope, wanting to be dignified.

All nonsense aside, Bob may have a point there, since "Sorrowful Jones" brought him more favorable comment than any picture he has ever made. Yet, "Paleface," which was a completely screwy comedy, didn't do so bad either.

Cold Wave Reported

Snapshots of Hollywood collected at random:

It is cold now between Joan Crawford and William O'Connor. The latest gleam in his eye is caused by Rhonda Fleming.

Sonny Tufts should not be seen so openly with that young lady in New York if he doesn't want people to say he and Mrs. Tufts are separated.

When Paul Douglas returns from Germany, Jeri Jordan will be there to meet him. She flew to New York today. Well, I always say, the early bird catches the worm— no offense to Paul.

It is Posey Judge whom Elliott Roosevelt is dating in New York. I love that name!

The condition of Mary Astor worries her friends. She doesn't seem to get well as fast as she should.

When Rita Hayworth's horse, Double Rose, a 60-to-1 shot, romped home second, only Aly Khan was there to witness what was to them a great victory, because the horse wasn't considered in the class of the others in the Arc de Triomphe sweepstakes.

Cary Grant flies to New York this week for a radio show.

Moscow Blasts U. S. Red Trial

MOSCOW, Oct. 16. (INS)—Pravda declared today that the conviction of 11 U. S. Communist leaders on conspiracy charges in New York was a "shameful verdict" in the Hitler pattern to help "instigators of war" remove their foes.

It referred to the New York court where the Communists were tried as a "juridical torture chamber."

The official Soviet Communist party newspaper referred to the Communist trial as a "judicial farce," claimed the government "scared" witnesses into testifying under threat of "short justice" and added:

Trial Needed By Rulers

"The trial was needed by rulers of the United States to destroy the remnants of Democracy in that country.

"Instigators or war are trying to remove from their path all those who disagree with their program of world enslavement by American finance."

Pravda then claimed the trial was similar to the pattern followed by Hitler when he was preparing his war and said:

"His American followers are acting in the same manner and are pursuing the same aims."

Pravda, in its first comment on outcome of the trial, singles out Judge Harold Medina for special attack. The newspaper said:

"Now, when Judge Medina, that gendarme in a judge's toga, has sent the lawyers to prison and the verdict of guilty has been proclaimed in the juridical torture chamber of New York, it has become still more obvious that the plot of America against reaction has failed.

"The pitiful comedy of trial over the defenders of the working class has grown into a menacing trial of the working class over fascist reactionaries in the United States.

"The parties in the trial have changed places.

"The representatives of the American proletariat exposed from the dock the reactionary nature of American justice and accused the present rulers of the United States of crimes against democracy, the constitution of reactionary plots and vile provocations."

Houston Man Shot To Death As Wife And Daughter Watch

HOUSTON, Oct. 16. (AP)—Enoch Z. Green's wife, daughter and granddaughter saw him shot to death today in a cafe he operates.

A four-time ex-convict, arrested when police arrived at the scene, admitted verbally to officers that he had shot Green, who is 65.

Homicide detectives said a charge of murder would be filed against the ex-convict. He did not make a written statement to the police.

Green was killed almost instantly. He was shot several times in the chest.

C. M. Garretson, 39, said a man came into the cafe and held out his hand as if he wanted to shake hands with Green. However, he pulled a gun and shot five or six times, Garretson said.

ANYBODY WANNA GET TOUGH? — Tabby the kitten gives the dogs the cold shoulder when he's solidly perched in the mane of this huge stone lion outside a London, England, antique shop. Maybe it's the family relationship that Tabby feels. Anyway, the cute kitten makes a daily stroll from his butcher shop home down the street to the antique shop, and takes up his perch on lion's head.

NEWS BRIEFS

Woodrow Lampkins Johnson, 29, negro of 2503 East Ave. B, was taken to Lubbock Memorial hospital at 7:15 p. m. Sunday with a deep laceration of his forehead after being hit by a bottle wielded by a negro "friend." Johnson said he did not wish to press charges against his assailant. He was being held overnight at the hospital for observation.

Mike Irish, 3, son of Mr. and Mrs. Lee Irish of Abernathy, was reported in an improved condition Sunday by attendants at St. Mary's hospital, where the youngster was taken Saturday night after falling from a car about a mile north of New Deal on the Plainview highway. The boy received deep scalp lacerations and possible chest injuries when he fell from the back door of the moving car.

Many dishes that call for a cream sauce benefit if the sauce is well flavored; such flavoring calls for a little scraped ouion, a dash of Worcestershire sauce or prepared mustard. A tablespoon of sweet pickle relish is also good added to the sauce if it is to accompany a fish dish.

McGrath Urged To Delay Action On Deportation Of Aliens In U. S.

WASHINGTON, Oct. 16. (INS)—Rep. Klein (D-NY) today urged Attorney General McGrath to suspend deportation proceedings against aliens now in this country until displaced persons legislation is enacted.

Klein pointed out that a substantial number of refugees from Communist-dominated countries have entered this country and are now threatened with deportation.

The New York congressman declared that if legislation liberalizing the displaced persons act is passed, such aliens would be qualified for admission. He said:

"I request and urge you to exercise the administrative discretion of your high office to suspend all deportation proceedings against such aliens, most of whom have suffered equally from the Nazis and the Communists and are of the highest caliber as potential citizens, until final disposal of pending amendments to the displaced persons act."

Greek Rebels Admit Fighting Has Ceased

ATHENS, Oct. 16. (INS)— The defeated Greek guerrilla forces announced tonight they have called a "temporary" halt to fighting in Greece "to avoid total destruction of the country."

The Greek general staff was skeptical of the guerrilla announcement made in a proclamation broadcast by the "Free Greek radio."

The general staff said the guerrilla forces defeated recently in fighting in the Grammos-Vitzi areas of northern Greece and chased across the border are now reorganizing in a wooded area near the Skoumbi river six miles from Elbasan in southern Albania.

UN Action Awaited

The guerrilla radio in announcing the halt to fighting in the Balkans said developments are being awaited in United Nations attempts to find a "peaceful solution" with the aid of the Soviet Union.

The broadcast emphasized the halt in military operations did not mean the guerrillas have "laid down their arms" or a renunciation of "the right to fight for the rights of the Greek people."

It added:

"The monarcho-fascists are mistaken if they think the struggle has ended and the Democratic army has ceased to exist."

Yougoslavia's withdrawal from the Cominform camp deprived the guerriallas of a considerable measure of support in border fighting recently.

The guerrilla proclamation said Greece "is now in ruins and hunger reigns everywhere."

It added the Greek people's need is now for "peace and bread."

The broadcast reiterated charges that "Anglo-American imperialists and their agents "were responsible for Greece's internal turmoil because of their activities since the end of the war.

It concluded with an appeal to Greeks to unite for continuation of the struggle "for peace and liberty."

The astrolobe, the most ancient of all navigation instruments, was used by Columbus.

Odds High For Catching Colds For Most Texans, Study Shows

By JOE BELDEN
Director, The Texas Poll

Austin, Oct. 16. — The odds that you will catch a cold this winter are eight to two. Some Texans will have two, three, four or more colds before spring rolls around again.

This is indicated by the normal experience of a statewide cross section of adults recently interviewed by The Texas Poll. Seventy-eight per cent report they usually have at least one cold in winter. Twenty-six per cent have three or more. A lucky 22 per cent usually go through winter without catching cold.

The survey also discloses that even in summertime more than four out of every ten adults suffer with one or more colds.

Each adult in the survey was asked: "In the summertime, do you ever have any colds?" (If so) "Usually about how many colds during an average summer?" Then: "Do you have any colds during the winter?" (If so) "Usually about how many?"

Here is the box score for winter and summer:

	Winter	Summer
Have no colds	22%	57%
Have one or two	52	37
Have three or four	18	4
Have five or more	8	2
	100%	100%

Less than one per cent were unable to answer the question.

About the same proportions of men and women catch colds in winter, but fewer women are affected in summer. In both seasons, the upper levels are only slightly better off than people of lower incomes. Older persons seem to fare better than any other group in winter, but about the same as others in summer.

Below is a comparison of how many in the various groups have one or more colds in winter and summer:

	Winter	Summer
By sex:		
Men	78%	41%
Women	79	40
By economic level:		
Average or above	76%	42%
Below average	81	45
By age:		
20 through 29	81%	42%
30 through 49	82	44
50 Up	71	44

Persons afflicted either in summer or winter were asked: "How do you treat a cold during the summer (during the winter)?"

Here is what they said:

	Winter	Summer
No treatment, just let it wear out	18%	45%
Follow doctor's prescription	17	8
Rest, go to bed	17	13
Drink fruit juices and lots of water	13	10
Drink whiskey	3	10
Keep even temperature	3	2
Take aspirin	14	12
Take laxative	5	4
Miscellaneous patent medicines (pills, powders, liquids, salves)	41	23
Other treatments	4	5

Dr. George W. Cox, state health officer, says there is very little doubt that people with colds can help themselves by going to bed, drinking a lot of water and fruit juices, eating lightly and keeping warm.

"On the other hand," he adds, "there is even less doubt that a person who goes to work with a cold-inspired fever of 102 degrees is heading for trouble. There are people who boast of having done this. Their boasts are more indicative of a weak mind than a strong constitution."

Dr. Cox points out there are several types of colds.

"One comes from sudden chilling, going without a hat, or sitting on the cold ground. It causes congestion of the nasal passage, larnyx and lungs. A good hot bath will usualy clear up this type," he says.

"Another is caused by sinus trouble. People so afflicted have their nasal passage obstructed on the slightest provocation. In many of these cases, surgical attention is indicated.

"Still another type is caused by bacteria that inhabit the respiratory passages. This type isn't very infectious. Its severity depends entirely on the type bacteria and the extent of their attack."

"The true common cold," Dr. Cox explains, "is caused by a tiny virus or germ. This type is very infectious and may inflict the whole family in a short time. It causes temperature, a headache, and general feeling of indisposition. The treatment is bed rest, good elimination, warmth and a light diet."

How to avoid taking a cold?

"Proper nutrition, plenty of sleep, rest and good hygiene are the best way to avoid a long siege of colds," says Dr. Cox.

"Medical advice when trouble develops is sensible," he adds. "Home remedies cause more troubles and complications than they are worth."

MEET THE WOMEN — Miss Lucille Coltharp, office manager of Lubbock Auto Co., has lived in Lubbock since 1936. She is vice president of the Lubbock Business and Professional Women's club, a director of the Credit Managers club of Lubbock, and bulletin editor and past president of the Credit Women's club. Miss Coltharp is also a director of Lubbock Auto Co. She is a member of the Baptist church. Miss Coltharp especially enjoys outdoor life, and makes weekend motor trips to the New Mexico mountains as often as she can. Her home is at 1510 Thirty-third.

Navy Uses Plane To Hike Radar Distance

LOS ANGELES, Oct. 16. (INS)—The Navy disclosed today to have made use of the airplane to add vital distance to its electronic eye —radar.

By sending its eyes upstairs in an airplane, the Navy has increased its radar vision from 30 miles up to 250 miles.

The 250 mile range is attainable from an altitude of 25,000 feet. It is 132 miles at 10,000 feet.

Radar travels in a straight line and cannot be bent over the earth's curve except under freakish and uncontrollable atmospheric conditions.

So the horizon has been shoved back with radar-carrying planes and the higher the plane is in the air the farther the electronic eye can see.

The plane used to boost the Navy's seeing power is an AD-3W version of the Douglas Skyraider. The radar antenna is housed in plastic radome on the ship's belly approximately even with the wings.

The inverted dome projects downward from the fuselage and makes the plane look somewhat like a huge grasshopper chewing bubble gum.

France is starting two recovery projects, to cost $20,425,000, partly in ECA aid, to rehabilitate and modernize refinery facilities in northern France and near St. Nazaire.

Missing Plane With Two Aboard Located In Interior Of Canada

VANCOUVER, B. C., Oct. 16. (INS)—An American plane missing since last night with two people aboard was found Saturday near Williams lake in the rugged interior of British Columbia.

The pilot and his passenger were believed unharmed even though the plane was damaged.

The one-engin Cessna, piloted by Max Sheridan of Yakima, Wash., had been unreported since it left Quesnel, B. C., for Vancouver Friday forenoon. Sheridan's passenger was reported to be Mrs. Dorothy Terry of Portland, Ore. They had left Yakima Tuesday to look at mining property.

Eight Canadian air force search and rescue planes had battled worsening weather over the bush and canyon country several hours today before the missing plane was found.

DENTAL LEADER CLAIMED

CHICAGO, Oct. 16 (AP)—Dr. Harold Slayton Smith, chairman emeritus of the American Dental association's council on dental therapeutics, died today. He was 67.

Rescuers Abandon Search For Students Missing In Mountains

ESTES PARK, Colo., Oct. 16. (INS)—U. S. Forest service officials and searching parties said this afternoon that no trace of two missing Colorado A&M students had been found, and added that the search officially has been abandoned.

The two 20-year-old students missing since Sunday were David Devitt of Arvada, Colo., and Bruce Gerling, of Phoenix, Ariz.

More than 150 persons had joined in the hunt since Monday, including soldiers of the 14th Regimental Combat team from Camp Carson, near Colorado Springs, Colo.

The youths apparently were caught by a rising storm between Grand lake and Estes park. They were to have hiked from Grand Lake to Bear lake over rugged Flat Top mountain trail.

HANDS ACROSS THE BORDER — At Herrnburg, Germany—border line between English and Soviet Zones — an old German lady is helped over the crossing point by German police from both sides. The special crossing point was opened by the Russians as part of their "Peace Day" celebration. Many Germans took the opportunity to visit relatives.

Texas Water Group Open Meeting Today

AUSTIN, Oct. 16. (AP)—Directors of the Texas Water Conservation association today approved a plan calling for state financial backing to towns and districts in developing water supplies.

The directors also approved a plan calling for a statewide topographic mapping campaign to promote water and soil conservation.

The association's directors met on the eve of its annual session opening tomorrow morning. The recommendations for state aid in water development and mapping were included in the annual report of President Guy C. Jackson of Anahuac.

The convention itself was expected to endorse the propositions. Between 250 and 300 delegates will be here for the two-day session which will emphasize the importance of both water and soil conservation.

"We have concluded five years of vigorous work by our association and we have only made a beginning," Jackson said. "Water needs are growing by leaps and bounds and Texas' future growth depends on its solution of water problems.

"In the past eight years we have more than doubled our consumption of underground water for irrigation. Municipal and industrial use has doubled. One of our main problems is to trap and store the storm and flood waters now escaping into the gulf without serving any useful purpose."

Directors attending today's meeting were Max Starcke of Austin, N. D. Griswold of Freeport, E. O. Taulbee of Bay City, Alfred Tamm of Harlingen, E. E. McAdams of Austin, George A. Knapp of Houston, and Howard M. Yost of Harlingen.

Dr. A. W. Terrell, Prominent Dallas Physician, Is Claimed

DALLAS, Oct. 16. (AP)—Dr. Alexander Watkins Terrell, jr., 41, prominent Dallas physician, died today at his home. He had been ill about a year.

Dr. Terrell was a native of Dalhart, Dallam county, but moved with his parents to Fort Worth at the age of two. He attended Fort Worth schools, then entered the University of Texas where he took his bachelor's degree in 1930. Four years later he was graduated in medicine at the University of Pennsylvania.

He did his resident medical work at the University of Pennsylvania hospital with an Edward Bach fellowship and taught at the university.

In 1939, he moved to Dallas to establish his practice, specializing in internal medicine. He was an associate professor at the Southwestern Medical college and was on the staffs at Baylor, Gaston and Parkland hospitals.

Business Is Best in the Braniff States of America

Industry, commerce, agricultural wealth to supply a good share of the world, are all at their prosperous best in the Braniff States of America. Here, in the Nine-State Area which Braniff serves completely, business is moving ahead at a tremendous pace, powered by a wealth of natural resources and the skill and enterprise of its people. Things move fast in the Braniff States of America—and the businessman who moves fast with them is the one who profits most.

Your Business Needs Braniff Speed!

Get there first and get the order. A few hours by air takes you anywhere in the Braniff States of America. Braniff, and only Braniff, serves all of its 32 principal cities with a complete, interlocking air highway—from the Great Lakes to the Gulf of Mexico—from Tennessee to the Rocky Mountains. Braniff International service also links this rich region to all of Latin America. Fly Braniff.

Lubbock And Lamesa Among State's 11 Unbeaten Teams

Wichita Falls Faces Tough Test Against Highlanders

Texas Schoolboy football reaches a rough cross-roads this week as non-conference games start fading from the scene.

Some of the toughest entries in the City conference and Class AA tangle in inter-district tilts and one game — Wichita Falls vs. Highland Park (Dallas) — matches two of the eleven undefeated, untied teams remaining in these two divisions.

Biggest upset last week was Abilene's 39-6 victory over Odessa, the team that had easily dumped powerful Amarillo.

Last week's scores were on the giant size as most of the touted teams came through. One club fell from the perfect ranks, Galveston. Austin's Maroons beat the Island City team, 19-6.

San Angelo plastered Cisco, 70-6, and there were quite a few scores that were nearly this one-sided.

Wichita Falls blanked Electra, 53-0; Plainview beat Brownfield, 33-0; Sunset (Dallas) blasted Weatherford, 40-0; Texarkana rolled over Tyler, 41-0; Baytown whipped Austin of Houston, 40-0, and Freeport downed Victoria, 45-0.

The undefeated, united teams are Wichita Falls, Lamesa, Lubbock, Ysleta, Grand Prairie, Highland Park, Henderson, Marshall, Port Arthur, Corsicana, and Galena park.

John Reagan of Houston and Baytown are undefeated, but have been tied.

Some of these will have rough sledding this week.

Lubbock takes on Amarillo; Ysleta meets Borger; Lamesa plays Pampa, and Galena Park tackles Galveston.

Other feature games include:

Woodrow Wilson-Forest (both of Dallas); Arlington Heights-Poly (Both of Fort Worth); John Reagan-Brownsville; Milby-San Jacinto (Both of Houston); Thomas Jefferson-Harlandale (Both of San Antonio); Brackenridge-Alamo Heights (Both of San Antonio).

El Paso-Phoenix, Ariz.; Roswell, N. M.-Austin (El Paso); Breckenridge-Brownwood; Grand Prairie-Mineral Wells; South Park (Beaumont)-Marshall; Tyler-Henderson; Baytown-Texas City, and Austin-Temple.

Last Week's results:

CITY CONFERENCE

District 1 — Woodrow Wilson (Dallas) 25, Orange 19.

District 2 — Northside (Fort Worth) 31, Poly (Fort Worth) 12; Paschal (Fort Worth) 14, Fort Worth Tech 0.

District 3—Milby (Houston) 21, Jeff Davis (Houston) 0; John Reagan (Houston) 32, Sam Houston (Houston) 21.

District 4 — Thomas Jefferson (San Antonio) 45, Lanier (San Antonio) 0; Harlandale (San Antonio) 19, Burbank (San Antonio) 12.

CLASS AA

District 1—Austin (El Paso) 21, Borger 14; Amarillo 35, Forest (Dallas) 12.

District 2 — Wichita Falls 53, Electra 0; Childress 25, Graham 6; Vernon 45, Quanah 0.

District 3—Plainview 33, Brownfield 0; Sweetwater 34, Midland 0; Lubbock 33, Pampa 20.

District 4—Ysleta 7, El Paso 0; Phoenix, Ariz., 33, Bowie (El Paso) 13.

District 5 — San Angelo 70, Cisco 7; Abilene 39, Odessa 6.

District 6 — Sunset (Dallas) 40, Weatherford 0.

District 7—Denton 21, Sherman 20; Paris 33, Bonham 0; Gainesville 41, Greenville 0.

District 8 — Jesuit (Dallas) 7, McKinney 7 (tie); Highland Park (Dallas) 45, North Dallas 0; Grand Prairie 41, Crozier Tech (Dallas) 13; Jacksonville 22, Sulphur Springs 13.

District 9—Texarkana 41, Tyler 0; Marshall 24, Gladewater 7; Henderson 7, Longview 0.

District 10— Peacock Military Academy 19, Bryan 6.

District 11—Kerrville 6, South Park (Beaumont) 0; Port Arthur 33, Corpus Christi 0; Galena Park 34, Port Neches 13.

District 12—Texas City 7, Kirwin 2; Austin 19, Galveston 6; Baytown 42, Austin (Houston) 0.

District 13—Corsicana 41, Hillsboro 0; Temple 40, Ennis 14; Waco 20, Waxahachie 7.

District 14—No Games.

District 15 — Alice 21, Robstown 12; Laredo 18, South San Antonio 0.

District 16 — San Benito 20, Brownsville 14; Harlingen 13, Edinburg 13 (tie); McAllen 13, Kingsville 7.

Tyler Favored Over Kilgore JC In Tight Southwestern League

(By The Associated Press)

Two of three undefeated, untied teams in the Southwestern Junior College conference tangle this week and Tyler is a decided choice to clip Kilgore.

The Apaches blanked San Angelo, 27-0, last week to post their third conferenee victory and fifth of the season.

Kilgore downed Arlington State, 33-7, for its fifth win and Lamar — the other member of the big three — blasted Paris, 38-13, to rack up its fifth straight decision. It was also Lamar's fourth conference win.

Tarleton State blanked Schreiner, 12-0, in the circuit's other game.

Other games this week match San Angelo against hapless Paris, Lamar and Tarleton State and Schreiner and Arlington State.

Amarillo Is Next For Westerners

The top schoolboy football contest in West Texas will be on tap this week in Amarillo when the undefeated Westerners of Lubbock and the Sandstorms lock horns.

Amarillo has lost but one game this season, that being the tilt at Odessa when the Bronchos turned the trick, 34-12, but in last week's game with Forest of Dallas the Amarillo eleven snapped back for a 35-12 triumph which indicated that the Sandies were back on stride.

Tickets On Sale

Tickets for the Sandie-Westerner game go on sale today at the athletic office of Lubbock High school, and E. J. Lowrey, athletic business manager, reported that 2,652 adult reserved tickets were received out of 3,000 ordered and will be sold at $1.50 each. Another 1,000 student tickets go on sale late in the week.

Chances that a special train will be run to Amarillo are excellent, and a Santa Fe spokesman said last week that if 175 persons gave intentions of going by train the special or specials could be arranged.

Special Train Proposed

Price of round trip tickets for the trip would be $6.33 cents, with children under 12 admitted for half price. Tentatively the special would leave Lubbock at 3 p.m. Friday, making the return from Amarillo approximately one hour following the game. An expected 4,000 persons are expected to make the trip with the Westerners, and it was thought that the special train would lessen the chances of a traffic accident.

Last Friday the Lubbock eleven ran across its toughest opponent of the season, managing to defeat Pampa's Harvesters, 33-20, in a non-district tile.

Five Straight Wins

This ran the Westerner string to five straight victories this year, with previous wins over Childress, Nort Side, Plainview, and Vernon.

The Sandies have displayed a powerful attack also, defeating Denton, Abilene, Paschal of Fort Worth and Forest last week, losing only to Odessa.

The last time a Lubbock football team defeated the Sandstorm was in 1939, and this year the chances of winning seem better than ever. Coach C. R. Pattison has a well-balanced attack, and each of the squadmen plays alert football. The team is in fine shape, and after stiff workouts this week should be ready to play 48-minute ball.

Coach Pattison can be expected to bear down the early part of the week with contact work and long drills on pass defense which proved leaky last week against the Pampans.

Although but seven of 15 passes were completed by the Harvesters, the ones that were found the Westerner defense napping and one touchdown heave was made with the defensive man nowhere near the receiver. Two passes were intercepted, however.

Texas Conference Paced By McMurry

(By The Associated Press)

McMurry college moved into the driver's seat in the Texas conference last week and the high-scoring Indians look like they'll stay there.

The Tribe bumped Texas A&I out of the ranks of the undefeated, 39-14 and this week they face what probably will be the next toughest hurdle toward another conference crown.

Abilene Christian, McMurry's foe Saturday night at Abilene, tuned up for the big game by polishing off the University of Tampa, 38-14.

In other games, Howard Payne beat Austin college, 19-12, and Southwestern blanked Daniel Baker, 28-0.

Saturday night Southwestern takes on Howard Payne; Austin meets Southwestern Missouri teachers and Texas A&I plays Daniel Baker. Southwestern appears to have the best chance of winning in these three games.

Howard Payne's victory spoiled "Ray Morrison" night for Austin college, but the Kangaroos did present their famed coach with a pair of touchdowns — the first they have made this year.

As usual, Brad Rowland sparked the powerful McMurry attack. The Indians now have scored 189 points in five games, winning three and losing two over the season route.

Baylor Has Best Record In SWC

By HAROLD V. RATLIFF
Associated Press Sports Editor

Baylor's Bears ride at the top in the Southwest conference while Southern Methodist's football ramparts are a shattered mass.

Once more the aged-in-the-wood words of the soothsayer—"They don't take three championships in a row in this league"—come up to haunt SMU.

The mighty Methodists lost their second game in almost three full seasons Saturday, succumbing to the unbridled power of Rice's battering Owls. And this one came where it hurt the most—in the conference race. It was Southern Methodist's start in search of a third straight title.

Baylor Still Undefeated

Meanwhile, Baylor rolled on, the only undefeated, untied team in the conference. The Bears fiddled around with a 28-7 victory over oft beaten Texas Tech of the Border conference while their conference pals were cutting each other up elsewhere.

Rice's great 41-27 victory over Southern Methodist projected the veteran Owls as the conference favorites despite Baylor's untarnished record. Those who saw the Owls, piloted by passing Tobin Rote and powered by Bobby Lantrip and Gordon Wyatt, don't think they're going to lose a game in the league this season.

Rice Plays Texas

Yet an old and deep-dyed Rival —Texas—is waiting for Rice just around the corner. And Texas is undefeated in conference play, too. That's the big game of this week as Rice and Texas get together at Austin Saturday.

Arkansas has been eliminated from the conference race. The Razorbacks took a 27-14 licking from a Texas team that pounded back when the chips were on the line and that was the second defeat for Arkansas. It doesn't mathematically kick Arkansas out of title contention but two lickings don't usually allow a team to win a pennant in this tough league.

Texas Christian stayed in the championship running by whamming Texas A&M, 28-6.

It was a wild, offensive weekend. A total of 178 points were scored in the four games.

SMU Without Walker

Southern Methodist finally had to get along without all-America Doak Walker. This isn't saying SMU would have beaten Rice with Walker in there all the time. But the Methodists certainly were much like a ship without a rudder when the great Walker, who had kept the Mustangs in the game, was injured in the third period and played very little thereafter.

Rote's passing was the deciding factor. He connected for three touchdowns and scored one himself on a plunge into the line. In all Rote completed 10 of 20 passes for 162 yards. Lantrip led the vicious Rice ground game with 74 yards on 19 carries.

Campbell Leads Texas

Paul Campbell passed for two touchdowns in Texas' great comeback against Arkansas. In all, the Longhorn quarterback completed 14 throws for 257 yards. Randy Clay led the Texas ground attack with 84 of the Longhorn's 169 yards rushing.

Texas Christian won its first game on its home field in two years by strapping Texas A&M. Lindy Berry passed for 170 yards, two of his throws bringing touchdowns. Dan Wilde ran a punt back 61 yards for a touchdown and John Morton powered a 58-yard drive for another score, making 57 of the yards on seven straight smashes.

Tall Adrian Burk completed 16 passes for 181 yards and two touchdowns in Baylor's march through Texas Tech. J. D. Ison, the ex-Baylor wingman, caught seven out of seven thrown to him, one for a touchdown. The Baylors whipped up 388 yards rushing and passing.

The conference returns to the intersectional wars Saturday. Besides two conference games—Texas-Rice and Texas A&M vs. Baylor at College Station, Arkansas journeys to Nashville to play Vanderbilt, Southern Methodist tackles Kentucky at Dallas and Texas Christian takes on Mississippi at Fort Worth in a night game.

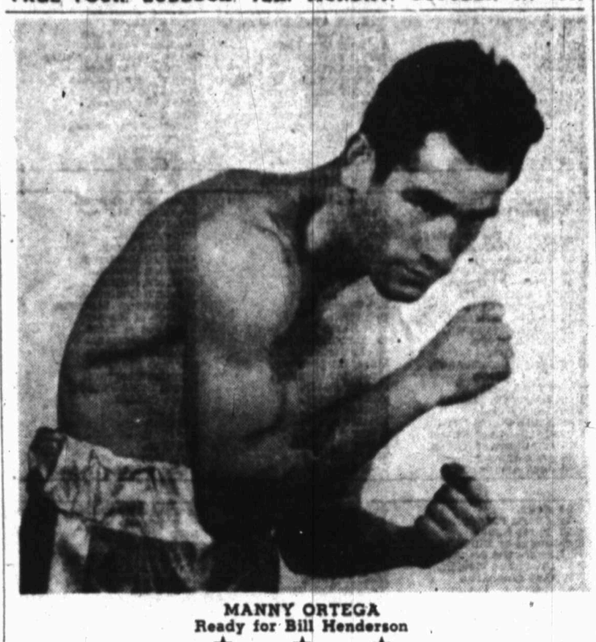

Czech World Champion Hockey Team Broken Up By Politicos

PRAGUE, Oct. 16. (AP)—Czechoslovakia wrecked its World Champion amateur hockey team today with a political purge and leaders of the Sokol, National Sports organization, said this was only a start in the policy of putting Communist political ideology ahead of sports prestige.

The hockey team was purged with the barring from international play under Czech colors of three players constituting its outstanding forward line.

They were Vladimir Zabrfodsky, Konopasek and Vaclav Rozinak. The three were held "politically unreliable."

Ready for Bill Henderson

★ ★ ★

Ortega Arrives For Tuesday Night Bout

By CHOC HUTCHESON
Avalanche Sports Writer

Manny Ortega arrived in Lubbock Sunday, ready and rarin' for his 10-round bout Tuesday night with Bill Henderson in Chapman fieldhouse.

Upon arrival, the speedy El Paso featherweight romped through a brisk workout at a local gymnasium.

After the drill, Ortega's manager, Alkie Nicholson, said his fighter was near top physical condition. Nicholson said Ortega probably will scale 125 pounds for the fight, which means that Henderson will have a four or five-pound weight advantage in the Tuesday night tussle.

Off his record, Ortega rates as the top opponent Henderson has met. A spindly-legged fellow who hits well—and often—with both hands, the El Pasoan has a ring background sprinkled with standout performances.

Lost 6 Of 51

According to Nicholson, Ortega has lost only six of his 51 pro fights. On the victory side of the ledger, he has whipped such aces as Manuel Ortiz, current world bantam titlist; Tony Olivera; Jackie Callura; Jock Leslie; Bobby Jackson, and Pittsburgh Jackie Wilson. He holds a draw with Luis Galvani, Cuban bantam champ now rated as one of the world's best in the 118-pound division.

Ortega has lost to Leslie, Baby Gonzales (twice), Chico Rosas, Harold Dade and Memo Valera, Nicholson said.

As an amateur, Manny achieved his greatest glory in 1944, when he won national Golden Gloves 118-pound title as a member of the Chicago team which met New York's champions in the annual inter-city GG matches. Ortega won two state Gloves crowns during his amateur career.

Henderson Ready

Henderson, who will be after his 27th win in 29 pro starts Tuesday night, also breezed through a light workout Sunday. As usual, the Levelland lightweight is near peak physical form.

Henderson and Ortega have met only one common opponent, Baby Torres of El Paso. Ortega polished off Torres in two rounds, while Henderson turned the trick twice —once in three rounds and again in four heats.

Ed Sides, representing the sponsoring VFW Post No. 2466, announced Sunday that Charley Forbes, Brownfield, will meet Billy Cornelius, Oklahoma City, in a four-round preliminary Tuesday night. This match is being substituted for the Billy Brackeen-Sam Inagio bout, which has been cancelled.

James Faces Brown

In the eight-round semifinal, Lubbock's Gene James, undefeated as a pro heavyweight, meets Dickie Brown of Amarillo in a return match. James detisioned the Amarilloan in a close one here several weeks ago.

A six-round feature bout pits Leonard Duncan, Hale Center, against Dick Smith, Oklahoma City, in the middleweight class.

One other four-rounder will be staged. Originally, it was to have matched Charley Neff, Petersburg, with Tony Olivas of El Paso. However, Olivas' handlers announced this weekend that they were passing up the bout because Neff had not made the 130-pound weight stipulated in the contract. Local officials Sunday were seeking a suitable replacement for Olivas.

Tickets On Sale

Tickets for the card will be on sale today and Tuesday at the Hilton hotel, Hub Clothiers and City Club gym, all in Lubbock, and at Talley's Barber shop in Levelland. Prices are $3.50 ringside, $2.50 reserved and $1.50 general admission.

Advance sales have been unusually slow, VFW officials said Sunday, and plenty of seats still are available in all price divisions.

Profits from the program will be divided between the Lubbock Goodfellows fund and Girlstown, U. S. A.

Stolen Passes Give Yanks Win

BALTIMORE, Oct. 16. (INS)—A final period touchdown stemming from an intercepted pass provided the New York Yankees a 24 to 21 victory today over the Baltimore Colts in an All-America conference football contest before 32,645 fans.

With Baltimore leading 21 to 17, Bob Sharkey, New York guard snagged a pass tossed by Y. A. Tittle, Baltimore Ace, on the Colt 30 yard line. Several plays later, Bob Kennedy bowled over for the winning Yankee touchdown from the one-foot line.

The lead see-sawed throughout the clash. Harvey Johnson's 30-yard field goal in the second quarter provided the ultimate winning margin for the Yanks.

Baltimore took the initial lead on a first-period 57-yard touchdown pass from Tittle to Billy Stone.

New York countered in the second quarter with Johnson's field goal and a 10-yard touchdown smashed by Kennedy, but the Colts regained the lead when Tittle passed 22 yards to John North for a score.

In the third period, New York went in front momentarily when Pete Layden intercepted another Tittle pass and went 30 yards for a touchdown. The Colts retaliated and took their 21-17 advantage when Stone scored from 12 yards out.

Schepps Denied Team Transfer

DALLAS, Oct. 16. (AP) — The Big State league today denied George Schepps' request to transfer his Greenville franchise to Corpus Christi.

Schepps had proposed that he place Greenville in the Class C East Texas league and replace it in the Class B Big State with Corpus Christi of the Class D Rio Grande Valley league.

The Corpus Christi owner said there still was a chance that he could get that club into the league. Sherman-Denison, which owes $18,000, was given until Nov. 7 to settle its accounts or forfeit its franchise. "If Sherman-Denison is forced to drop out, I could put Corpus Christi in its place and shift Greenville to the East Texas league," Schepps said.

Dr. Vernon Tuck, president of the Sherman-Denison club, said he was confident the club would be able to pay up. He said the sale of players should make this possible.

Rio Grande To Be Class C

Schepps will have a Class C franchise, however. The Rio Grande Valley league had voted to step up to Class C in the event Corpus Christi remained in it.

The vote on the proposition, taken at the annual fall meeting of the Big State, was seven to nothing, Schepps abstaining from voting.

Among other business transacted, President J. Walter Morris was re-elected with a salary raise from $3600 a year to $4800. Secretary T. L. Rodrigues' salary was raised from $125 a month to $200 and he was voted $300 expense money to attend the annual minor leagues meeting in Baltimore.

Vice-President Gilbert Tindall of Greenville was reelected.

It was voted to open the 1950 schedule of 148 games on April 18 and close it on Labor Day.

Baugh's Passing Beats Bulldogs

WASHINGTON, Oct. 16 (INS)—Sammy Baugh's four touchdown tosses paced the Washington Redskins today to a 38 to 14 victory over the hapless, fumbling New York Bulldogs before 26,278 fans at Griffith Stadium.

Seven costly bobbles were committed by the slippery-fingered New Yorkers who, ironically gained one tally when Ralph Heywood fell on teammate Paul Shouldts' fumble in the end zone.

Otherwise, it was a one-man show. The hoped-for pitching duel between Harry Gilmer and Bobby Layne never quite came off. Ole Sammy, the Skins 13-year veteran, completely outshone both youngsters.

Baugh connected with Hal Crisler three times and Harry Dowda once. And his three passes to Dan Sandifer set up Washington's first touchdown which Pete Stout scored on a line plunge from the one. Dick Poillon's 23-yard field goal ran up the total

Bulldog's Threaten

In the first two minutes, the Bulldogs marched 68 yards, led by Joe Osmanski's 48-yard end run, to the Skins one. Joe Golding fumbled on a line buck and Washington recovered.

The Skins hit pay dirt three times in the first two periods before New York tallied when Layne sneaked over from the one, climaxing a 75 yard drive.

Opening the third quarter, the Bulldogs went 64 yards and scored on the Shoults-Heywood combination.

ARGENTINE POLOISTS WIN

BUENOS AIRES, Oct. 16. (INS)—The Argentine Armed Forces Poloists defeated England, 11 to 9, today to take the lead in the International Open Polo championships at Buenos Aires, England led most of the way until the seventh chukker when the Gauchos went ahead by scoring twice while blanking the Britons.

Record paid attendance for the U. S. amateur championship was drawn in 1930 in Philadelphia. 35,450 fans watched Bobby Jones complete his "grand slam."

Dick Jennings Fires 66 For City Open Medalist Honors

By AL WILLIAMS
Avalanche Sports Writer

Dick Jennings led qualifiers in the City Open Golf tournament Sunday with a five-under-par 66 over the 6,233 yard course to better the efforts of the other 62 entrants.

Play in the event is scheduled to get underway today, and this week two matches are scheduled, with three next week in the three flights.

Sponsored by the Lions club, the City Open is an annual affair in Lubbock. Last year Lindsey Telford of Lubbock Country club was the champion.

Also shattering par 71 was Kay Bradshaw with 68. Third low was Chick Trout with 73, and R. J. Dempsey and Fred Hinson fired rounds of 74.

The golfers will make their own matches. Scores must be turned in by Sunday night so that pairings for the following week can be made.

Consolation rounds will be played in each of the three flights. There are 32 men in the championship flight, and the first flight has 16 golfers, with 15 in the second flight.

Finals in the tournament will be played on October 31, and a dinner for contestants will be held November 1. Entrance fee was $5, and all profits of the tourney go to the Girl Scouts.

Powers Sporting Goods will award a permanent rotating trophy to the champion, and three other prizes will be awarded by Hemphill-Wells in each flight.

CHAMPIONSHIP PAIRINGS

Lindsey Telford (defending champ) Vs. Roy Cooper (76); Bob Thurman (75) Vs. Jimmie Cole (79); J. E. Goldman (74) Vs. G. W. Warden (78); John Trout (75) Vs. A. R. Alldredge (82); Kay Bradshaw (68) Vs. Bob Ewerts (78); A. L. Holton (75) Vs. Earl Ray (85); R. J. Dempsey (74) Vs. R. F. Dalman (79); Tom Murphy (76) Vs. Frank Wilson (83).

Also Dick Jennings (66) Vs. P. N. Burton (77); Bobby Martin (75) Vs. Eldon Rawlings (80); Melvin Best (75) Vs. Mance Allen (78); Fred Hinson (74) Vs. Jeff Jeffreys (83); Chick Trout (73) Vs. Clyde Fortune (78); John Bell (75) Vs. J. F. Nicholson (81); M. R. Tripp (76) Vs. Jack Trammell (79); and Raymond Marshall (76) Vs. Bob Harvey.

FIRST FLIGHT PAIRINGS

C. W. Nance Vs. C. S. Mitchell; H. R. Rankin Vs. Dr. R. J. Abell; Cecil Horne Vs. Joe Horne; Dick Willbanks Vs. Houston Trammell; Major Steed Rountree Vs. Sid Claiborne; E. A. Hindman Vs. D. C. Horrin; S. W. Tinsley Vs. J. P. Baumgardener; and D. A. Brock Vs B. E. Adair.

SECOND FLIGHT PAIRINGS

Capt. H. W. Oliver Vs. H. R. Hinsley; A. C. Jackson Vs. Jack Burke; Chuck Agee Vs. Aaron Majors; Dean Cole Vs. Ira Carpenter; Sloan Fortenberry Vs. Jim Holly; A. C. Becken Vs. M/Sgt. Leo Hess; Jack Stone Vs. Jack Crawford; and Jack Cole with a bye.

Quarterback Club Meeting Is Tonight In Lubbock Hotel

Lubbock second guessers will have a chance tonight for a great time, with all three of Lubbock's coaches on the firing line at the Quarterback club meeting, which will be held in the Lubbock hotel at 8 p. m.

Coach Dell Morgan, whose Texas Tech Red Raiders took it on the chin at the hands of Baylor; Coach Damon Hill, whose Dunbar High school Panthers absorbed a beating in Abilene; and Coach C. R. Pattison, whose Lubbock High school Westerners had a narrow escape from Pampa, will be the main speakers.

Bill Collins, president, has appointed a special entertainment committee for tonight and they are expected to spring a surprise at the meeting.

Play of the week awards also will be announced.

Cardinals Blast Packers, 39-17

MILWAUKEE, Oct. 16. (INS) — The Chicago Cardinals beat the Green Bay Packers 39 to 17 today and secured third place in the Western Division of the National Football league.

Ventan Yablonski, Cardinal toe expert, tied a ten yard league record by place-kicking three field goals, from the 25, 27 and 34 yard lines. He equaled the mark held by Ralph Kercheval of Brooklyn and Phil Martinovich of Detroit.

Vince Banonis intercepted a Green Bay pass on the second play of the game and romped 27 yards for the touchdown. The Cards' second tally came on a 17 yard pass from Paul Christman to Vic Schwall.

Other Chicago touchdowns were made by Pat Harder, who broke through tackle for 15 yards, and Tom Wham, who stole a Stan Heath pass and ran 50 yards for the score.

Harder kicked four extra points and Gerrard Ramsey tackled Bob Cifers in the end zone for a safety two minutes before the game ended.

Ted Fritsch scored a field goal from the 18 yard line and kicked two extra points for the Packers while Tony Canadeo and Bill Kelley, former Texas Tech end, each made touchdowns.

The Cards outgained the Packers on the ground 213 to 130 yards and in the air, 181 to 31 yards. Heath completed four out of 12 passes while Jug Girard clicked on four out of six. The Cards completed five passes in 14 attempts.

Buffalo Bill Punter, Collela, Sees Punt Lose Five Yards

SAN FRANCISCO, Oct., 16. (INS) Punter Tom Collela of the Buffalo Bills had the misfortune today of seeing one of his punts actually travel backwards.

In the third period of the Buffalo-San Francisco All-America conference game Collela booted the football, which sailed 18 yards in the right direction, but it bounced with a sharp backspin on the San Francisco 40 yard line and flipped over and over backwards.

The ball finally wound up on the Buffalo 37 yard line.

SMU IN TOP SHAPE

DALLAS, Oct. 16. (AP)—Southern Methodist university came out of its 27-41 licking at the hands of Rice last night in good physical shape. Doak Walker, SMU's all-American quarterback, said today he felt "fine" after being knocked out early in the third period of the Rice game when he struck a wheel chair of a disabled veteran watching the game.

Border Conference Led By HSU

Three Top Teams Unbeaten, Untied

(By The Associated Press)

Hardin-Simmons and Texas Western continue to pile up evidence they're out to cop the Border Conference crown now worn by Texas Tech.

Yesterday H-SU dumped New Mexico university out of the league's undefeated ranks with a 34-7 beating while the Miners gave the University of Arizona a 28-0 grid lesson.

Most of the other teams lost to non-conference opposition. The exception was Arizona State at Tempe as the Sun Devils walloped Brigham Young university, 49-21.

Four other Border clubs went down to defeat. San Diego State whipped New Mexico A & M, 39-18, Houston edged West Texas State, 14-13, Whittier downed Arizona State at Flagstaff, 20-13 and Baylor dropped Texas Tech, 28-7.

Settling the question of Border supremacy stands as a November task, although H-SU and Texas Western have a date on Oct. 29 at Abilene. Neither plays Tech until next month.

This week's schedule again finds only two conference games. The University of Arizona takes its chances when the Wildcats meet the Red Raiders of Tech at Lubbock. The Miners play host to the University of New Mexico. In other games Hardin - Simmons meets Houston at Houston, Arizona State at Flagstaff travels to Redlands, and West Texas State meets Trinity college at Canyon. Both the New Mexico Aggies and Arizona State College at Tempe have open dates.

CONFERENCE STANDINGS

Team	W	L	T	Pct.	PF	OP
Hardin-Simmons	3	0	1	1.000	103	20
Texas Western	2	0	0	1.000	62	7
Texas Tech	1	0	0	1.000	35	19
Ariz. State (Tempe)	1	1	0	.500	75	40
New Mexico	1	1	0	.500	21	47
Arizona	1	2	0	.333	40	70
West Texas State	0	1	0	.000	26	68
New Mexico A&M	0	2	0	.000	20	54
Ariz. State (Flagstaff)	0	1	0	.000	6	62

RIDIN' HIGH WITH THEIR BRONCHOS—Coach Lloyd Hunt, left, and Assistant Coach James Franks boast one of the area's few undefeated, untied teams in their Meadow Bronchos of District 4-B. The Broncs, with five straight wins to their credit, currently are battling Ropesville for the district lead. In their latest outing, they conquered Petersburg, 45-14. Hunt is a graduate of West Texas State college, while Franks attended Texas Tech. (Staff Photo.)

San Francisco Drubs Buffalo Bills, 51-7

KEZAR STADIUM, San Francisco, Oct. 16 (INS)—San Francisco's 49ers avenged a 28-17 defeat last month by Buffalo when they handed the Bills a 51 to 7 pasting this afternoon at Kezar Stadium in San Francisco.

A crowd of 35,476 saw Joe Perry, the hard-hitting and hard-running San Francisco fullback, score three touchdowns. Quarterback Frankie Albert passed for three more and the seventh touchdown was made by substitute Quarterback Bev Wallace from the one-foot line with 60 seconds to play in the fourth period.

Bills Score On Pass

The Bills got their lone score in the first period on a 21 yard TD pass, George Ratterman to Joe Sutton.

Perry went for 14 yards and one yard for his initial scores in the first period. He romped 24 yards in the second period for his third touchdown of the game.

Albert tossed 33 yards to Allyn Beals, and 20 yards and 17 yards to Paul Salaca for touchdowns.

Converts 86 Straight

Joe Vetrano ran his extra point string to 86 in a row by booting seven conversions today. The other two points collected by the 49ers came in the second period when Al Wizbicki was thrown for a safety behind the Buffalo goal line by 49er Tackle Ray Evans. Wizbicki's right hand was broken on the play as he was thrown into the goal post.

The game was costly on the injury side for San Francisco too. The 49ers' halfback, Johnny Strzykalski, broke his ankle in the first period, and Eddie Carr pulled a ligament in his left knee.

Carr will be in shape however for the 49ers game next week in New York with the Yankees. Strzykalski will be out six to eight weeks.

LARSEN WINS TENNIS SINGLES

DALLAS, Oct. 16. (AP) — Art Larsen bested Earl Cochell of San Francisco, 1-6, 6-3, 6-4, 6-4, for the singles championship of the Dallas Country club Invitation Tennis Tournament today but the two were unable to conquer the Czechoslovakia pair, Jaroslav Drobny and Vladimir Cernik, in the final doubles match. The Czechs rallied to beat the Americans, 3-6, 6-3, 6-3, 6-3.

District 3-A Race Deadlocked By Chiefs Win Over Abernathy

It looks like a fight to the finish in District 3-A, where three teams are deadlocked for first place.

Crosbyton's Chiefs shuffled the conference standings like a deck of cards last week by spilling the Abernathy Antelopes, 20-6.

The defeat, first conference loss of the year for Abernathy, left the Antelopes, Chiefs and Spur Bulldogs in a three-way tie for first. Each has won three games while losing one in district play.

Floydada's Whirlwinds are only a step behind, with two triumphs and one setback.

Lockney's burly Longhorns, defending champions and the preseason district favorite, virtually bowed out of the title picture last week when they lost to Spur, 12-6. It was the second district defeat for the Longhorns, who now can scarcely hope for better than a championship tie.

The big game this week will be Crosbyton at Spur. Abernathy, the other leading contender, journeys to Paducah to face the twice-beaten — but dangerous — Dragons. Floydada isn't expected to have too much trouble with last-place Matador, while Lockney plays host to Ralls.

THE STANDINGS

Teams	W	L	P	OP
Abernathy	3	1	69	52
Spur	3	1	77	49
Crosbyton	3	1	40	44
Floydada	2	1	45	31
Lockney	2	2	59	30
Tulia	2	3	66	53

Beverly Hanson Wins Women's Golf Crown

FORT WORTH, Oct. 16 (AP)—Slender Beverly Hanson of Indio, Calif., stopped Marlene Bauer, the upsetting 15-year-old from Los Angeles, to win the 14th annual Women's Texas Open here Sunday in the 36-hold final at the River Crest Country club, 3 and 2.

Beverly, who formerly played out of Fargo, N. D., matched par to take a 2-up lead on the morning 18 holes and then withstood a late surge by the National Junior champion to close the match out on the 34th hole with a birdie.

Miss Hanson increased her margin to 4-up on the first nine holes during the afternoon with a one-under par effort. However, the petite California tyke, sliced the advantage by winning No. 29 and No. 31, but Marlene took a bogey 5 on the next hole to Miss Hanson's par, and they halved the 33rd and 34th.

Littlefield Is 4-AN Favorite

Coach J. S. Fikes' Littlefield Wildcats have definitely established themselves as "the team to beat" in District 4-A North.

The Cats removed any remaining doubts as to their right to the favorite's role last week by crushing Muleshoe's Yellow Jackets, 48-0, at Muleshoe.

It was the second straight conference triumph for the Wildcats, who have won five in a row since dropping their season opener to Dalhart.

Sudan last week trounced Levelland, 26-7, to preserve its perfect district record. As a result, the Hornets now loom as the top threat to the Littlefield steamroller.

Sudan, however, beat Muleshoe by only 15-0 two weeks ago—33 points less than the margin by which Littlefield trampled the Jackets.

Levelland's loss to Sudan dropped the Lobos to third place, but they retain an outside chance for a championship tie.

Littlefield takes a well-earned rest this week, while Sudan goes against a rather impotent Morton club. Muleshoe, a pre-season favorite which has disappointed badly in its first two conference starts, goes after its first conference win against Sundown.

Levelland entertains the Class AA Brownfield Cubs, who already have been beaten by two Class A outfits — Pecos and Littlefield—this season.

THE STANDINGS

Teams	W	L	P	OP
Littlefield	2	0	87	6
Sudan	2	0	41	7

Ropes And Meadow Atop 4-B Standings

It's still a "two-hoss race" in District 4-B.

Ropesville's Eagles and Meadow's Bronchos are the circuit's two front runners, but New Deal, Idalou and Whiteface still are in position to make a title bid in the home stretch.

At present, Ropesville has a slight edge over Meadow. The Eagles, who haven't given up a score in district play, have won four conference games to Meadow's three.

New Deal and Idalou each have won three and lost one, while Whiteface has a 2-1 record.

All leaders had easy going last week, winning by margins ranging from 31 to 51 points.

Tougher games are on tap this week, however, as the pacesetters run into first-flight competition.

Meadow journeys to Idalou to tangle with the defending champion Wildcats, while Ropesville plays host to powerful New Deal.

In other district tilts, it will be Frenship at Cooper and Plains at Whiteface.

Petersburg meets Kress in a non-conference engagement at Kress.

THE STANDINGS

Teams	W	L	P	OP
Ropesville	4	0	137	0
Meadow	3	0	96	21

Post Leads District 4-AS Title Chase

One team—Slaton—stands between the Post Antelopes and the District 4-A South football championship.

The Antelopes, defending bi-district titlist, started slowly this year, but steady improvement has carried them to three straight convincing victories in district competition.

Last week they spoiled Tahoka's homecoming festivities by humiliating the Bulldogs, 70-0, in the wildest scoring display seen on the South Plains this season.

So now it appears fairly certain that the Nov. 11 Slaton-Post fracas at Post will decide the south half championship.

O'Donnell notched its first win of the year last week by spilling Seagraves, 13-6. The triumph boosted O'Donnell to third place in the district standings.

Slaton, which scored a non-conference decision over Morton last week, squares off against Seagraves in the only conference clash on this week's slate. In an inter-district engagement, Post plays at Snyder. Both Tahoka and O'Donnell have open dates.

THE STANDINGS

Teams	W	L	P	OP
Post	3	0	145	13
Slaton	1	0	26	12

Sam Houston State Only Winner In Lone Star League Last Week

(By The Associated Press)

Expect for Sam Houston State, it was a very dull week in the Lone Star conference.

Sam Houston was the only member able to win a game. The Huntsville outfit slammed Brooke Army Medical center, 83-0.

East Texas State fell to independent University of Corpus Christi 14-7, Southwest Texas State lost to Hardin of the Gulf Coast conference 19-6 and Stephen F. Austin was beaten by North Texas state of the Gulf Coast 25-6.

The boys return to conference warfare this week with defending Champion Southwest Texas State making its start against Stephen F. Austin at Nacogdoches.

The Austin's lost their only conference try to East Texas State 13-0. It is the only conference game played to date.

Other conference members keep whacking at the Gulf Coast conference. East Texas clashes with Hardin at Commerce. Sam Houston State tries North Texas State at Huntsville.

HOCKEY CHANCES WRECKED

LONDON, Oct. 17. (INS)— The London Daily Herald said today the chances of Czechoslovakia retaining the World Ice Hockey championship have been wrecked by the political purge of three leading players.

RALLS COACH — Although his Ralls High team is all but eliminated from the District 3-A title chase, D. W. (Doc) Brantley, above, already has lifted Jackrabbit prestige in his first year as coach. To date, the Rabbits, who won only one game in 1948, have won two tilts and tied another. Brantley, a Hardin-Simmons graduate, came to Ralls from Friona. (Staff Photo.)

Hubbers Defeat Denver City, 4 To 3

The Denver City Gassers bowed before Lubbock Hubber bats for the second time in two weeks Sunday before 200 fans at Rosenthal field, losing 3-4.

Lubbock's Bob Clodfelter bested the mound efforts of the Gassers' Hooks Epperson, pitching five-hit ball while his mates came through with nine safeties.

Denver City got off to a fast start in the opening frame, scoring two runs when Doc Keel walked and came home on Jake Gist's home run into the wire above the left field wall.

The Hubs came back with a single run in the third when Bob Marquis' high fly ball fell into centerfield for a double. Manager Jackie Sullivan singled Marquis home with the run.

The Gassers bounced back in the fifth inning with one run on Tommy Hilton's triple and Keel's single through shortstop, but Lubbock tied it up with two runs in the bottom of the fifth. Sullivan was safe at first on Shortstop Jackie Cook's error, and Don Moore sent an Epperson pitch over the centerfield fence.

The Hubbers put the game out of reach in the eighth when Nelson Davis singled, was sacrificed to second by Mike Dooley, reached third on Buster Hutchins' single and scored on Royce Mills' single to left.

Denver City got two men on in the ninth, but Hilton grounded out.

The Gasser lineup included Hilton, cf; Keel, 2b; Gist, 1b; Landreth, c; Cook, ss; Jones, 3b; Lewis, lf; Davidson, rf; Epperson, p.

For Lubbock it was Willis, cf; Marquis, lf; Sullivan, 2b-3b; Maynard, 2b; Moore, c-1b; Davis, ss; Dooley, 3b-c; Walker, 1-b; Hutchins pinchitter; Mills, rc; and Clodfelter, p.

Kermit Tops 5-A Grid Campaign

Kermit's Yellow Jackets, although held to a 12-12 tie by Andrews last week, continue at the top of the District 5-A grid standings.

Wink's high-scoring Wildcats stayed right on the Jackets' heels, however, by smothering a crippled Seminole squad, 33-0.

Although Monahans and Andrews still are in challenging position, most observers agree that the Nov. 11 Kermit-Wink game will decide the issue.

Monahans, defending state Class A champ, blanked Denver City's Mustangs, 18-0, last week, and this week go against the strong Andrews club. The loser of this tilt will be all but eliminated from championship contention.

Kermit goes to Seminole for a Saturday night setto, while Wink entertains McCamey in a Friday night scrap. Crane is at Pecos and Denver City at Fort Stockton in this week's other district games.

THE STANDINGS

Teams	W	L	T	F	OP
Kermit	5	0	1	135	38
Wink	4	1	0	137	25
Monahans	3	1	0	64	20

Boston Braves Buy Davis From Hubbers

Nelson Davis, Hubber shortstop the past season, has been sold to the Boston Braves for an undisclosed sum by the Lubbock managment, it was disclosed Sunday.

Under terms of the transaction Nelson will report to Hartford, Conn., of the Eastern next year for spring training at their camp at Myrtle Springs, Va.

If Davis is not retained by the Hartford club he will return to the Hubbers, and if he is kept then two players will be sent from the Hartford training camp to the Hubbers.

While with the Hubbers the past season Davis played in 140 games, compiling a .311 batting average, getting 193 hits in 621 times at bat. He scored 132 runs and batted in 124 others, slamming 31 home runs, five triples and 37 doubles.

Abilene Tackle Helps Stop Odessa

Backs And Linemen Share Grid Honors

DALLAS, Oct. 16. (AP)—Tackle Eddie Hodges of Abilene shared top honors with backs Buddy Calhoun of Grand Prairie and Bill White of Denton today in the Dallas Morning News' weekly roundup of schoolboy stars.

White, according to Bill Coffey of the Sherman Democrat, was "the whole show" in Denton's 21-to-20 win from Sherman. White scored two touchdowns, tossed a pass good for 78 yards for the third touchdown and kicked all three extra points. He booted the third conversion from 17 yards out, after Denton drew a 15-yard penalty, to break a 20-to-20 tie. He completed 7 of his 10 passes for 228 yards and averaged six yards per try on eight rushing attempts. His sterling performance ended on a tragic note, however; he broke his collarbone late in the game and will be sidelined for the remainder of the season.

Four Touchdowns

Calhoun carried the ball five times in Grand Prairie's 41-to-13 victory over Crozier Tech of Dallas. Four times he scored touchdowns, running 50, 54, 55 and 70 yards for the tallies. He gained five yards on his other carry for a total of 234 yards net. The 160-pound star also kicked four extra points.

Hodges played a magnificent game as Abilene finally hit its stride with a rousing 39-to-6 rout of Odessa. The 180-pound tackle blocked two Odessa punts, recovering one in the end zone for a touchdown and the other on the Odessa 18-yard line to set up a touchdown. One observer said he played "in the Odessa backfield enough to earn an Odessa letter."

Schoolboy nominations are submitted to the News each week by sportswriters all over the state.

Other Stars Named

Others who made the News honor roll this week included:

Bobby Leggett, Harlingen back, completed 10 of his 20 passes for 127 yards, one for 58 yards and a touchdown, in a 13-to-13 tie with Edinburg. His passing set up Harlingen's second touchdown, and Leggett plunged over for the score from one yard out.

Jack Newby, Amarillo back: Scored 21 points in the first half and then retired to the bench in the Sandies' 35-to-12 win from Forest of Dallas. He scored on runs of 4, 70 and 89 yards, the later on a kickoff return; stopped a Forest drive with a pass interception on the Amarillo 15-yard line and saved one touchdown by knocking down a pass.

Jerry Clem, Texarkana guard: Shifted to fullback at the start of the season, he masked his disappointment at being returned to the line by playing a great game in a 41-to-0 win from Tyler. Bob Mundella of the Texarkana Gazette said Clem turned in the greatest individual performance on the Texarkana team, consistently opening holes in the Tyler line.

Hub Ingraham, Abilene back: Passed for two touchdowns and scored one on a 25-yard run as Abilene defeated Odessa, 39 to 6.

Wayne Wall, Texarkana back: Scored four touchdowns, one on a 76-yard run and another by pulling in a 35-yard pass, in Texarkana's victory over Tyler.

Olton Has Five District Wins

Olton's hard-running Mustangs today are at the top of the District 3-B standings, but Hale Center's never-say-die Owls still are in position for a last-ditch defense of the title they won last year.

Olton took over top spot last week by shattering Dimmit's undefeated record, 13-0. It was the fifth successive conference win for Coach T. M. Cox's Mustangs, who haven't been beaten since they lost to Class A Andrews at the start of the season.

Hale Center, plugging steadily along under Coach Ralph Huntington's direction, racked up its fourth straight district victory by thumping Amherst, 18-6.

Dimmitt's loss dropped the Bobcats to third place, a notch ahead of still-dangerous Anton.

Both Olton and Hale Center face tough assignments this week. The Mustangs journey to Farwell, while the Owls entertain Springlake. While Farwell and Springlake each have absorbed two conference defeats, neither falls in the "breather" category.

In other games this week, Dimmitt is at Anton, Friona at Whitharral and Spade at Amherst.

THE STANDINGS

Teams	W	L	P	OP
Olton	5	0	183	13
Hale Center	4	0	63	18

Walkouts Leave Thousands Idle

(Continued From Page One)

was willing to resume talks at any time.

Murray declared the aluminum company pension proposal "would have led to a reduction in the company's inadequate retirement payment to its old employes." He added:

Company Proposes Plan

"Under the guise of so-called integration with the federal social security structure, the company proposed a plan for the virtual elimination of the company's social obligations to its retiring employes."

Alcoa today began draining and banking huge aluminum smelting pots at its basic metal plants in Baden, N. C., and Alcoa, Tenn.

The other plants involved in the strike action are at New Kensington, Pa., Bridgeport, Conn., Edgewater, N. J., Detroit, Bauxite, Ark., Richmond, Ind., and Mobile, Ala. All are fabricating plants which make everything from modern furniture to coffee pots and dishpans.

Nation's Economy Suffers

Alcoa makes one-half of the world's aluminum. Only 50 per cent of its production will be affected by a walkout. Employes at 16 other company plants are represented by different unions. The twin strikes of 380,000 soft coal miners and 480,000 steelworkers already are hammering relentlessly at the nation's economy.

About 55,000 workers in allied industries have been affected by the strikes, bringing the total idle to the million mark.

The steel strike also broadened today to include some fabricating companies whose contracts expired at midnight. The fabricator contracts expire on dates staggered from Oct. 15 to Dec. 15.

Some Operation Continues

The steelworkers union made no immediate estimate of the number of fabricators closed down. However, many steel products manufacturers continued to operate with union approval on a day-to-day basis pending the results in big steel.

Twenty-eight fabricators employing 50,000 steelworkers have settled with the union. They agreed to pay the entire cost of the employe pension and insurance program.

Murray was in Bethlehem, Pa., today as part of his tour of steel centers to explain the strike issues.

He told a news conference:

"Frankly, I do not know when the strike will end."

He added that his steelworkers are "prepared for an enduring struggle to win the security to which every human being is entitled."

Renewed violence marked the four-week-old walkout.

Violence Marks Strike

A tipple was blown up late yesterday at the Henry Kenner coal mine in Conupon, Pa., in the central Pennsylvania coal fields. State police said they found 20 sticks of unexploded dynamite nearby.

Kenner said the mine, a deep operation employing 12 men, signed up with the United Mine workers only three weeks ago. He said UMW officials gave permission to operate the pit because it supplies coal for three nearby colleges and a high school.

No one was working in the mine when the blast occurred. Kenner estimated damage at $5,000. State police are investigating.

The mine strike started Sept. 19 over suspension of the United Mine worker pension and welfare fund.

Lewis To Resume Talks

UMW Chief John L. Lewis will resume talks with the coal operators Tuesday in West Virginia. He will meet the southern group at Bluefield, and northern, western and steel company operators at White Sulphur Springs. No peace is in prospect.

Lewis is awaiting an answer from AFL President William Green to his bid for labor unity. He got what amounts to an acceptance, and a counter-proposal from the CIO's Murray yesterday.

The unpredictable mine chieftain proposed that the AFL join the UMW in setting up a $2,500,000 weekly war chest to help the striking steelworksrs.

Many looked on the proposal as an attempt to embarrass Murray, his one-time friend and first lieutenant. The soft-spoken Murray was expected to decline, with or without thanks.

Instead, Murray said his steelworkers and "I am sure other equally minded affiliates" of the CIO stand prepared to join the United Mine workers and the AFL "to pool their rescources for the common defense and general welfare of the labor movement."

Murray said he consistently advocated unity of action on the part of all responsible and genuine American trade unions.

His statement, however, never specificially mentioned the Lewis proposal.

Slavs Expected

(Continued From Page One)

stories that Russia threatned to quit the UN unless ahe Czechs are elected.

The informant who predicted a Yugoslavia victory termed the Russian campaign "blackmail" and said they would do nothing more than utter pained cries after the election.

Two other council seats are to be filled by the Assembly. India is expected to replace Canada and Ecuador to take the seat now held by Argentina.

SINKWICH KICKS PAT'S

CHARLOTTE, N. C., Oct. 16 (INS)—The Charlotte Clippers eked out a 16-14 win over the Erie, Pa. Vets today in a Charlotte gridiron duel. Erie Coach Frankie Sinkwich, former all-American at the University of Georgia, came in to kick the extra points for the Veterans.

Byrnes May Enter Race For Governor

SPARTANBURG, S. C., Oct. 16. (AP)— Former Secretary of State James F. Byrnes said today he is considering running for governor of South Carolina.

"An important question is whether one as governor could secure the cooperation of other governors in arousing the people of the nation to hold the line against further encroachments upon the rights of the states," Byrnes declared.

The statesman made his statement in an interview with the Spartanburg Herald.

"If I conclude that as governor I could make a contribution to the accomplishment of these things (matters beneficial to the state) and in other ways really help the people who have honored me, I will be a candidate," Byrnes added.

J. Strom Thurmond is the governor of South Carolina and his term expires in Jan. 1951. Thurmond was the States' Rights Democrats candidate for president last year.

Navy Proof Wanted

(Continued From Page One)

corps spokesmen take the witness chair. Gen. Clifton Cates, corps commandant, and a predecessor, Gen. A. A. Vandegrift were listed as witnesses.

Marines Plans Blast

Military sources said that Cates has prepared a statement accusing the regular Air Force of failing to support Marine landing in the Pacific during the last war. Cates, they reported, will contend that only the Marines own aviators averted disaster.

He is expected also to climax his statement with a charge that Johnson on one occasion was prepared to sign an order which would in effect have killed Marine aviation and crippled the naval air arm.

Johnson has frequently denied the report.

The House probers hoped to conclude their hearings this week. Emphasis in the final testimony is expected to center on the decision of the joint chiefs of staff to cancel construction on the Navy's supercarrier, the USS United States.

Top Officers Appear

Johnson has designated four witnesses to appear with him to present the case for unification. They are Gen. Hoyt S. Vandenberg, chief of the Air Force; Gen. J. Lawton Collins, Army chief of staff; Gen. Omar Bradley, chairman of the joint chiefs of staff, and Gen. Dwight D. Eisenhower.

Collins who was summoned from Japan to testify will reach Washington by plane Tuesday morning.

Collins and Vandenberg will be queried about the two-to-one vote which killed the 65,000 ton carrier. Adm. Louis Denfeld, chief of naval operations, testified last week that the Army and Air Force consistently teamed up to outvote him on chiefs of staff decisions.

Premature Production Claimed

The Navy has also charged that under Vandenberg, the Air Force began mass production of B-36 bombers before the giant intercontinental bomber had been proven of military value.

In a radio interview, Sen. Thomas (D-Utah) agreed with Navy spokesmen who told the congressional hearing that use of the atomic bomb and raids on civilian centers was "immoral."

Meanwhile, defense officials disclosed that a restudy of the B-36 has been ordered because development of effective new radar detection devices may have limited the bomber's effectiveness as a strategic weapon.

Pentagon informants revealed that the Russians have erected a radar net around their important industrial areas which would detect the bombers at least an hour before they reach their target. Such warning, military authorities say, would enable enough jet fighters to ascend for attack to halt the raid.

They also point out that such a development would force the B-36 to release its bomb load, atomic or otherwise, at too high an altitude to inflict any military damage.

Solons Hope

(Continued From Page One)

the House is insisting on 58 groups, opposed by the President and demanded by advocates of mighty air power.

...e Senate measure called for ... roups, as asked by Mr. Truman.

...agreement over the size of the Air Force is holding up passage of the $15 billion military appropriation bill, last regular money measure facing the session.

If the House demand for 58 air groups is agreed to, the cost will be $800 million more than the 48-group Air Force.

Compromise Bill Needed

Deadlocked conferees on the farm bill must work out a compromise between the Senate and House measures. The Senate bill, authorized by Sen. Anderson (D-N. M.), provides a 75-90 per cent sliding scale of "flexible" farm supports.

The House bill guarantees continuation of 90 per cent parity.

Besides the two major adjournment hurdles Congress must act on several other pieces of legislation.

Most important of these are bills raising the minimum wage to 75 cents an hour and appropriating $1,314,010,000 to arm anti-Communis. nations.

The arms aid measure already has passed the House by a landslide vote.

It will come before the Senate Monday or Tuesday. Passage without serious opposition is regarded as certain.

Administration leaders have predicted that they will have no trouble in obtaining passage of the minimum wage bill.

Poland hopes to end its illiteracy by 1951.

Two Are Injured In Area Mishaps

Two South Plains residents were injured, neither seriously, in separate Sunday traffic mishaps near Lubbock.

Mrs. Dee Wilks, 42, of Olton, received lacerations and bruises about the head and chest when a car driven by her husband, 42, crashed into a telephone pole on the Littlefield highway about 5½ miles northwest of Lubbock shortly before 10 a. m.

Brought to Lubbock Memorial hospital by a passing motorist, Mrs. M. M. Dubose of Littlefield, Mrs. Wilks was released after treatment.

Skidded Into Pole

The Texas Highway patrol said Wilks was driving toward Lubbock on a stretch of road under construction when he swerved to avoid another car going in the same direction and skidded into the pole.

In the other mishap, Miss Rena Noack, 27, of Spur, received a laceration on her right arm and bruises about the head, when the car in which she was riding was in collision with a truck on the Idalou highway near Lubbock at 4 p. m. Both vehicles were headed east.

Miss Noack, brought to West Texas hospital by a passing motorist, was dismissed after treatment. She was riding in a 1946 Plymouth with her sister and brother-in-law, Mr. and Mrs. William David Blair, Jr., also of Spur.

The 1941 Ford truck was driven by Vernon Howard Black, 52, of McAllen. According to investigating patrolmen, Black swerved to the left when a car ahead of the truck made a right turn, resulting in the collision with the side of the Plymouth driven by Blair.

Damage to the car was estimated at $400, while the truck was only slightly damaged.

New Parity Plan

(Continued From Page One)

cent support for the basic crops by a 11 to 3 margin.

But Lucas and Sen. Anderson (D-N. M.), former Secretary of Agriculture and floor manager of the Senate bill, finally decided against this tentative agreement.

Farm Deadlock Resumes

This made a majority of Senate conferees against the plan and the deadlock resumed.

Anderson said the proposal, offered by Rep. Pace (D-Ga), sounded "pretty good at first" but grew less attractive under study.

He explained that cotton farmers in order to qualify for top price supports would be forced to reduce production and marketing "by about one million bales a year for a long number of years."

Anderson said wheat farmers also would be forced to take sharp reductions in their planting and marketing to qualify.

Anderson's flexible price support bill passed by the Senate would allow most of the basic crops to qualify for 90 per cent supports for the first year but would apply a sliding-scale of supports down to 75 per cent of parity thereafter.

Solon Qualifies Prediction

Chairman Cooley (D-N. C.) of the House farm group had predicted final agreement Saturday after the tentative agreement on top-level support for major crops. But he said later after the reversal "there may be no agreement at all."

Sen. Aiken (R-Vt.) vigorously opposed the flat supports either on a permanent basis or under the Ellender three-year suggestion.

Aiken, top-ranking GOP farm expert in the Senate, is author of a flexible price support plan voted by Congress last year but with actual operation delayed until Jan. 1 next.

Unless this Congress agrees upon new farm legislation that president Truman approves then the Aiken act becomes the law. It carries a support scale of 90 to 60 per cent for the basic crops, with a minimum support of at least 72 per cent when controls are in operation.

The conferees agreed to start another attempt at an agreement at 9:30 (EST) Monday.

Man Dies In Fire

(Continued from Page One)

blaze was out on arrival of firemen.

Upton told firemen that he wrapped a towel around his arm, reached into the flames and turned off the gas. He received slight burns on his arm in the process.

At 6:15 p. m., firemen got their fourth call of the day, going to a house at the rear of 2307 Ninth street, owned by Joe Ferris. The blaze apparently began in a chair from a cigaret and was under control when firemen arrived. No one was in the house when the fire began.

Cause Is Mystery

Cause of the fire in which Stephens died still remained a mystery, but two theories were that it came from a faulty stove or a forgotten cigaret.

Services for Stephens, a carpenter and a mechanic, will be held at 4 p. m. today in the First Baptist church at Breckenridge with the Rev. Truman Aldridge, pastor, officiating. Burial will be in Breckenridge. The Sanders Funeral home of Lubbock will take the body there today.

Survivors include two daughters, Letha Ann Stephens, 17, and Phyllis Jean Stephens, 15, both living in Breckenridge; three sisters, Mrs. T. J. Vallas, sr., of 1811 Eighteenth, Lubbock, Mrs. Herbert Schlittler of Crane and Mrs. E. E. Parkhill of Fort Worth; and three brothers, F. J. Stephens of Houston, R. L. Stephens of Dallas and Melvin Stephens of Fresno, Calif.

ROBY STOCK FARMER DIES

ROBY, Oct. 16. (AP)—T. L. (Sell) Carter, 54, prominent Roby stock farmer and former Fisher county commissioner, died in a Rotan hospital today after a short illness.

Police Push Search For Murder Suspect

DALHART, Oct. 16 (AP)—Officers surrounded Dalhart tonight on the lookout for Leonard (Lucky) Hawkins, murder suspect believed to be in hiding here.

Hawkins was seen at a liquor store north of here late last night. There hasn't been a hint of his whereabouts since then.

He is charged with the fatal shooting of Alfred Clark, 23, Boise City, Okla., near Jerseyville, Ill.

The manhunt is one of the biggest the Texas Panhandle has ever seen. State police from New Mexico, Texas Panhandle officers, the Texas Highway patrol and sheriffs and deputies from the Oklahoma Panhandle are helping.

Roadblocks were thrown up around Dalhart yesterday within hours after Hawkins, a former bush league baseball player, hit a cafe cook on the head and fled on foot.

Violent Deaths

(Continued From Page One)

Tyler, was killed Saturday night in an automobile wreck which also injured six persons, none seriously.

Mrs .Cora Lee Tabor, 43, of Houston was killed by a hit-and-run driver Sunday.

Leonard Edward Davis, 21, of Houston, died of a crushed skull after the car he was working on fell on him. Davis had the car jacked up. Another car parked on an inclined driveway rolled into Davis' car and knocked it off the jack.

Enoch Z. Green, 65, was shot to death Sunday in his Houston cafe. A four-time ex-convict, arrested at the scene told police he did the shooting. Homicide detectives said the man would be charged with murder.

Leslie Young, about 32, a cotton field hand from Austin, was stabbed to death Sunday on a farm near Haskell. Officers held another Austin man.

A shot from a .38 caliber pistol killed R. A. Penn, 79, Saturday as he bowed his head in prayer at a streetside religious service in Atlanta, Texas. Jess Warren, 73, of near Atlanta, was charged with murder.

Donald Williamson, 24, was shot to death as he stepped from a barbershop in Terrell Saturday. Oscar Truett Wilson, 29, who lives on a farm near Terrell, was charged with murder.

Arthur F. Rhodes, 35, of Dallas was fatally injured in a motorcycle wreck.

Mrs. Kate Coker, 71, of Pearsall was killed when struck by a car near her home. The driver said he was blinded by oncoming headlights.

Edgar Allen Follis, 26, Dallas accountant, was killed when his car overturned near Midlothian.

Aubrey C. Campbell, 49, a laborer, was hit and killed by a passenger train as he walked along the Southern Pacific right-of-way in north Corsicana Saturday night.

Edward Graydon Grounds, 19, of Dallas plunged from the observation level of the University of Texas' 27-story main building Saturday night. An inquest verdict was to be returned Monday.

Mrs. Robert S. Winslow, 71, member of a prominent West Texas ranching family, died Sunday of burns suffered in a butant heater explosion. The explosion occurred Friday night at her ranch home on the 45th anniversary of her marriage to her late husband, a Menard county rancher.

The bodies of a middle-aged couple were found Sunday on their living room floor, a 410-gauge shotgun between them. They were C. J. Williams, about 55, and his wife, about 47. Justice of the Peace A. N. Turner said tonight the deaths were due to gunshot wounds. He said he would return a formal inquest verdict tomorrow.

James C. (Jake) Stephens, 35, was burned to death when flames swept his small home on the outskirts of Lubbock early Sunday morning. Investigation into the death is continuing.

Reds Attack Amoy

(Continued from Page One)

caught in the Nationalist-Communist cross-fire, received 20 shell hits as it fled Amoy just before the invasion assault began. Three Chinese were killed and 20 others were wounded aboard the vessel which managed to reach Hong Kong.

Red Defeat Predicted

An announcement issued at Taipeh, Formosa, declared Amoy, unlike Canton, would be defended as long as possible and predicted Nationalist reinforcements would eventually wipe out the Communist invasion pocket.

Amoy and Swatow, respectively 325 and 115 miles northeast of fallen Canton, are the last two Nationalist-held southeast coast ports.

Amoy's strategic value lies in its potential use as a springboard for a seaborne attack on Formosa, Nationalist arsenal and base where Generalissimo Chiang Kai-Shek has his headquarters. Formosa is 140 miles across the strait from Amoy.

Police Stand Guard

Although life on Canton was reported returning to normal under Communist rule, British police and some 40,000 troops in the Hong Kong colony territory stood guard at or near the frontier in case of trouble.

There were no indications, however, that the Communists intended to provoke any incidents in the area. Reinforced Communist guerrillas stopped at Shataukok, a town near the Hong Kong territorial border, in their southward push.

Local Communists set off fireworks - demonstrations and had Chinese school children on hand to greet the Communist forces as they entered the flag-bedecked town.

The Nationalist garrison was evacuated from Shumchun, the main border town, in the afternoon and Communist guerrillas moved in immediately, cutting off the escape of some Nationalist stragglers.

225,000 Swarm Into State Fair

DALLAS, Oct. 16. (AP) — More than 200,000 people swarmed to the State Fair of Texas today as it opened its second week.

It was special day for Great Britain, the A&M College system, Texas Rural Letter carriers, state Odd Fellows and Rebekahs, the Texas Poultry and Egg association, barbershop quartets and North Texas firemen.

Cars inched toward the fair grounds in traffic jams rivaling Saturday football confusion.

225,132 Enter Grounds

Turnstiles clicked on 225,132 people by 5 p. m.

Before the hall of state, the four colleges of the A&M system put on a two-hour show. Chancellor Gibb Gilchrist, who heads the system, spoke briefly. Then the 180-man A&M band broke into the Aggie war hymn to cheers from hundreds of cadets and former students.

White-gloved students from John Tarleton state college at Stephenville put on a fancy drill and formal guard mount.

Then they heard a negro quartet from Prairie View A&M sing spirituals. The 96-member band from Arlington State college ended the program.

British Exhibit Swarmed

Visitors of all ages swarmed into the British exhibit, fingering fine British woolen sweaters and china, looking longingly at travel pictures of Buckingham palace and leaving countless fingerprints on the shiny surface of small British sportscars.

A six-man volunteer team of firemen from Cockrell Hill walked off with a gold trophy which proclaimed they were North Texas' champion pump team. In 18.5 seconds they hooked a hose onto a hydrant, ran out 60 feet of hose and began squirting water on an imaginary fire. The Cedar Hill team got a plaque for the second place time of 18.7 seconds.

There were other champions left over from Saturday's rural youth day.

McLennan county 4-H clubs won a $100 cash award because they brought the most youths (1,172) the longest distance (94 miles) to the fair.

Another $100 went to the Lampasas Future Homemakers chapter because they traveled 170 miles, bringing 135 members to the fair.

Tomorrow is negro achievement day and fair officials expect a record 200,000 attendance, including 15,000 negro rural farm youths.

Radar Improvements

(Continued from Page One)

would give nearly an hour's warning of the 350-mile-an-hour B-36's approach, and would put too many jet fighters in the air for it to cope with.

Altitude Decreases Damage

3. That at the least, the B-36 might be forced to release its bombs from such an altitude that the chances of inflicting important military damage would be slight. Military authorities contend that the A-bomb is too valuable to be used in "area bombardment."

An American system of radar nets—limited to the protection of vital industrial areas and military targets—is to be completed with a $161 million appropriation now pending in Congress.

The successful counter measure to radar detection would be jamming equipment sufficiently powerful and blanketing to black out the ground stations and enable the B-36 to swoop down over the target.

German Success Cited

During the war the Germans, from continental stations, were able to black out all the radar along the English coast for a time, while moving the battleship Tirpitz through the English channel.

The B-36 may be large enough to carry jamming equipment of comparable power, although experts do not yet see how it could cope with several radar stations sighting it from different angles.

The key to the problem is that the bomber must be unescorted.

Otherwise all the preliminary fighting to gain control of the air would have to be gone through, and the range of the B-36 would be cut to that of fighters—400 to 600 miles.

A principal contention of the Navy in hearings before Congress has been that unescorted bombing missions cannot be carried out economically over a well-defended country.

Historic Tombstone Hotel Is Reopened For Business

TOMBSTONE, Ariz. Oct. 16. (U.P.)—The Russ House, a relic of Tombstone's early days as a roaring mining camp, has reopened.

The historic hotel, one of the oldest buildings in "the town too tough to die," is under the direction of Mrs. Ella Guze, Chicago, who purchased it several months ago.

During the 1880's, Russ House was the center of Tombstone's social life and once housed such well-know figures as Wyatt Earp and others who helped make this town's history one of the most colorful in the West.

Three Suspects In Matador Car Theft Held In Oklahoma

MATADOR, Oct. 16 (Special)—Three suspects were arrested in Edmond, Okla., tonight after a 1949 Ford belonging to C. M. Glenn of Matador, was stolen early Saturday morning.

Sheriff John Stotts said he would leave Monday to bring the trio back to Matador. The car apparently was not damaged.

Congratulations to:

Mr. and Mrs. B. H. Knight of Levelland on birth of a daughter weighing 5 pounds 13 ounces at 8:20 a. m. Sunday in West Texas hospital. The father is a barber.

Mr. and Mrs. Clarence Payne of 2706 Merthel on birth of a son weighing 6 pounds 4 ounces at 11:40 a.m. Sunday in West Texas hospital. The father is employed by Maeker Construction company.

Mr. and Mrs. Alfred Perry of 3601-B Twenty-third on birth of a son weighing 6 pounds 4½ ounces at 1 p.m. Saturday in West Texas hospital. The father is a salesman for the Hobbs Manufacturing company.

Mr. and Mrs. R. Rocha of Lubbock route 2 on birth of son weighing 6 pounds 11 ounces at 11:12 a.m. Sunday in St. Mary's hospital. The father is a laborer.

Mr. and Mrs. Bill Markham of Morton on birth of a son weighing 7 pounds 2 ounces at 4 p.m. Sunday in St. Mary's hospital. The father is a clerk.

Two Breakins Probed

(Continued From Page 1)

vious night.

Between $5 and $6 in silver from an unlocked cash register appeared to be the only loss, Samford said. The premises gave no evidence of having been ransacked.

Entrance was gained by knocking a hole large enough for a man to enter in a plate glass window at the front of the filling station.

Tire Reported Stolen

Wayne Kelly called police Sunday to report theft of a tire from 412 Fourteenth street sometime Saturday night. He said the tire was valued at $125.

L. A. Clements told police that an auto radio and a horn rim with a total value of $65 had been stolen from his car.

Police found what appeared to be the work of pranksters when they came across a pile of about 50 automobile gas tanks caps in the 2700 block Nineteenth street early Sunday morning. The gas caps apparently had been taken from cars parked around the Texas Tech campus during the Tech-Baylor football game Saturday afternoon.

Ring Reported Lost

E. J. Curlin of 311 Seventh street asked police Sunday afternoon to be on the lookout for a ring valued at $200 which he reported was lost on Oct. 4. He described the ring as yellow gold with a ruby stone in the center flanked on each side by a small diamond.

Other developments Sunday included posting of bonds by two men charged with felonies.

Faustino Leon Garcia, 34, who was arrested Saturday by Lubbock police, posted $2,000 bond on a charge of possession of marijuana. The complaint was sworn by City Detective Lee Rice, jr., before A. W. Salyars, assistant district attorney, and filed in the court of D. W. Robertson, justice of the peace.

In another case, Willis Everett Bear, 29, of the 1400 block Ave. F, posted $1,000 bond on a charge of child desertion. The complaint was sworn by Mrs. Wilma Bear and filed in the court of Robertson.

New Church Okaved

(Continued from Page One)

the building would accommodate 700 in its auditorium. The present building is to be remodeled into a modern educational building, cost of which is included in the $200,000 figure.

The church has been in the present structure since 1925. Seating capacity at present is about 550, including balcony, the pastor said. He said one of the principal objections to the old building is the height of the steps into the auditorium. The new building will eliminate this, he said.

Probable Location Given

The new building probably will be erected directly west of the present structure at Fourteenth and Ave. N, and would include a wedding and funeral chapel.

Architect for the building is Henry Steinbomer of San Antonio, who has presented Dr. Lewis with a scale model of the proposed new building.

Dr. Lewis said construction would begin as soon as contracts could be let after the close of the fund-raising drive.

PROGRESS IS REPORTED IN CHURCH FUND DRIVE

Considerable progress in the drive for $300,000 to help finance new St. John's Methodist church building, is reported by the Rev. Hubert H. Bratcher, pastor if the church.

The drive, which began in September, and will continue until Nov. 19, is being met with enthusiasm by the congregation, he said.

Preliminary plans for the edifice were laid out at a recent special meeting of church members Monday. More than 420 were present to hear the principal speaker, Dr. Kenneth Pope, pastor of the First Methodist church, Houston, and to help make plans for construction of the new church.

The new building will cost $600,000, but half the money is expected to come from sale of the present property, receipt of $75,000 from the Texas Interconference Commission on Students' Work, and the borrowing of the remaining amount, the Rev. Mr. Bratcher said.

Barry Stars As Vernon Loses To San Angelo Polo Aggregation

VERNON, Oct. 16. (AP)— Mortie Mertz scored from 90 yards out with 30 seconds to go today, giving San Angelo a 10-9 polo decision over the El Ranchito team of Vernon.

Harold Barry had tied the score for Vernon earlier in the sixth Chukker with an angle shot from about 40 yards out.

Barry also scored the most spectacular goal of the day, hitting a throw-in 120 yards.

HUTCHINSON DOUBLE WINNER

The J. T. Hutchinson Junior High school football teams were victorious in two games the past week. The Rangers, coached by Roy Hendrix, defeated the Lamesa Juniors, 6-0, and the Rancher, coached by Venard Alexander, topped Carroll Thompson's Calfropers

Additional Sports From Sports Pages

Arkansas Star May Not Play Saturday

FAYETTEVILLE, Ark., Oct. 16. (AP)—It may be several days before it is determined whether Arkansas' star fullback, Leon (Muscles) Campbell, will be able to play against Vanderbilt at Nashville, Tenn., next Saturday.

"I haven't seen Muscles today but Trainer Sam Lankford says there is a possibility he will be able to play, at least some, against Vandy," Razorback Coach John Barnhill said.

Campbell suffered a knee injury in the third quarter of Arkansas' 14-27 loss to Texas at Little Rock yesterday. He was carried from the field on a stretcher. While he was back on his feet a few minutes later, he did not re-enter the game.

Hardin Drops Southwest State For Sixth Straight Victory

(By The Associated Press)

It was a banner weekend for members of the Gulf Coast conference. They won every game in a non-conference schedule.

Undefeated, untied Hardin rolled on, beating Southwest Texas State of the Lone Star conference 19-6 for the sixth straight Indian win of the season.

North Texas State repelled Stephen F. Austin of the Lone Star conference 25-6.

University of Houston edged West Texas State of the border conference 14-13.

Trinity ruined the long unbeaten record of Sul Ross of the New Mexico conference with a 20-14 victory. Sul Ross hadn't lost a game since September, 1947, until the Tigers stepped in.

The conference continues its battle against outside foes this week.

University of Houston has the toughest row to hoe. The Cougars take on high-powered Hardin-Simmons of the Border conference at Houston Saturday.

Hardin engages a so-so East Texas State team of the Lone Star conference at Commerce. North Texas State plays Sam Houston State of the Lone Star conference at Huntsville. Trinity takes on West Texas State at Canyon.

Construction Work

(Continued From Page One)

has been established on a railroad siding at Thirty-fourth and Ave. K.

Some Prefabrication Used

As the lumber arrives on freight cars, it is cut to size and in some cases prefabricated on the spot, so that it is ready for erection when it arrives on the job.

In another case, a "mixermobile", mobile concrete mixer unit of high capacity, is being employed to mix large quantities of concrete on the site. This is supplemented by concrete from transit-mix trucks.

Caliche base has been laid for paving on the curving streets and hot-topping will be completed this fall.

The 293 apartments will be contained in 133 buildings, taking the form of duplexes, triplexes and quadruplexes. The architectural design is modern, with low roofs and overhanging cornices.

Hardwood Floors Provided

The interior floors will be of hardwood blocks, laid on concrete slabs. Each building will be different, to avoid, insofar as possible, the impression of a mass-housing project.

The buildings will have asbestos siding and roofing, and landscaping will be done by the corporation.

Steel kitchen cabinets will be installed throughout. Stoves, refrigerators and venetian blinds will be furnished. Payne forced-air heating units will be installed. Interior walls will be textoned. Sixteen separate laundry buildings will be built.

The housing project was designed by Chas. E. Armstrong of Fort Worth. The shopping center was designed by the Butler-Brasher company of Lubbock. Utilities and paving were designed by Parkhill, Smith and Cooper of Lubbock.

46 Texas Tech Campus Beauties Remain In Yearbook Contest

A field of 99 Texas Tech beauties vying for the privilege of exemplifying campus beauty in this year's annual, was cut in half Sunday by judges from various divisions in the school.

Only 46 girls remain, after a group of men students representing the Arts and Science, Engineering, Agriculture, and Business Administration divisions, and the athletic, publications, and student council groups studied photographs of the entrants Sunday afternoon in the auditorium.

The field will be cut to 16 next Sunday, with judging to be done by Homer D. Grant, Mrs. R. L. Douglas, and C. W. Ratliff. Half of that number will be chosen by some nationally known figure at a date yet to be announced.

The eight winners will be given two page layouts in "La Ventana," the school annual. Names of the 46 girls are being withheld pending the completion of checking on eligibility requirements.

Displaced Persons To Be Given Homes, Jobs Here

WASHINGTON, Oct. 16. (AP)—The International Refugee organization said today that six displaced persons headed for Texas will be provided homes and jobs in Houston, Austin and Lubbock.

The six are among 835 DPs arriving in New York Tuesday on the General Black to settle permanently in this country.

STORE ROBBED

WICHITA FALLS, Oct. 16 (AP)—An armed man robbed the Nu-Way Drive-In grocery tonight of between $400 and $500.

Minnesota To Play Michigan

NEW YORK, Oct. 16. (AP) — Minnesota's Golden Gophers get their whack at Michigan and the national spotlight Saturday in college football's game of the week.

The unbeaten Gophers, one of 13 big-time elevens still boasting all-winning records, will have to come up with another sensational performance to approach the masterpiece turned in by Notre Dame yesterday.

Frank Leahy's Fighting Irish, No. 1 team in the nation, were expected to receive their greatest opposition from a touted Tulane aggregation, ranked No. 4 nationally and rated the hottest combination in the South.

Instead the slick operatives from South Bend, led by dashing Larry Coutre, flattened out the Green Wave, 46-7, and made a rout of the week's top tilt.

Irish Win 32nd Straight

While smashing Tulane's 11-game winning streak, Notre Dame ran its own unbeaten string to 32 games. Only ties with Army and Southern California mar that marvelous run.

Leahy and his lads have an open date this week.

Minnesota, sparked by the passing of Bill Bye and the running of Dick Gregory, moved closer to the Big Ten title by routing Ohio State's contenders, 27-0.

Michigan, beaten twice in a row after 25 straight victories, will find itself in the strange role of underdog for the first time in years. The once mighty Wolverines, scalped by Army two Saturdays ago, fell in another upset to Northwestern, 21-20. Twice-beaten Northwestern was clipped a week ago Saturday by Minnesota, 21-7.

Notre Dame and Minnesota are joined in the all-winning club with Army, California, Kentucky, Cornell, North Carolina, Oklahoma, Pittsburgh, Baylor, Virginia, Pennsylvania and Boston U. The list of the elite includes teams which have played at least three games in major competition.

Receive First Loss

UCLA, Villanova, Yale, Brown, Southern Methodist as well as Tulane all got knocked off for the first time over the weekend.

Except for Yale's loss to Cornell, 48-14, and Tulane's defeat, the other results were upsets. Tenth rankers SMU was spanked by Rice, 41-27; Villanova was shocked by Tulsa Friday, 21-19; UCLA was nipped in the last quarter by under rated Santa Clara, 14-0, and Princeton clawed Brown, 27-14.

Other form reversals include Wisconsin's 48-13 massacre of Navy; Syracuse's 21-9 verdict over Rutgers, and California's 16-10 squeeze over Southern California.

Army, No. 2 in the country, Oklahoma, No. 3, North Carolina, No. 6, and Kentucky, No. 8, all rolled on to easy conquests.

The Cadets, paced by the four-touchdown splurge of Fullback Gil Stephenson, ran up the highest score ever made against Harvard while winning, 54-14. Oklahoma breezed to a 48-26 margin over Kansas as George (Junior) Thomas matched Stephenson's four touchdowns.

Charley (Choo Choo) Justice scampered for three six-pointers in North Carolina's 28-14 win over Wake Forest and Don Phelps romped for two in Kentucky's 44-0 blitz of the Citadel.

Outside of Minnesota, Kentucky faces the toughest task among the unbeaten powers Saturday.

Kentucky Plays SMU

The Wildcats journey to Texas to face SMU's Mustangs who should be rough after their stunner by Rice.

Army, Oklahoma, North Carolina and California should get by easily Saturday.

Army entertains weak Columbia, Oklahoma meets well-thumped Nebraska, North Carolina tilts with twice-beaten Louisiana State and California takes on Washington, defeated in all four of its games.

Cornell, Pitt, Virginia, and Baylor rang up their fourth victories. Pitt beat Miami of Ohio, 35-26 while Virginia thumped Washington and Lee, 27-7; Baylor trounced Texas Tech, 28-7.

South Plains Shooting Victim Remains In Critical Condition

LEVELLAND, Oct. 16. (Spl.)—Mrs. Leo Nichols, 28, remained in an extremely critical condition in Phillips-Dupre hospital here late tonight after being shot in the chest Friday night at her farm home south of Whiteface in Cochran county.

Hospital attendants said shortly before midnight that Mrs. Nichols had shown a slight temporary improvement, but the gain was not sufficient to take her off the critical list.

Her husband, Leo Nichols, 37, charged with assault with intent to murder in connection with the shooting, remained in county jail here.

Although charged, Nichols has not yet been taken to Whiteface for examining trial and setting of bond.

Floyd Humphreys, chief deputy sheriff of Hockley county, said that Nichols probably would be taken to Whiteface Monday for that purpose.

Eight Cars Of Santa Fe Freight Train Are Derailed

ETTER, Oct. 16. (AP)—Eight cars of a Santa Fe freight train were derailed last night. Four overturned.

Twenty-four cars in the train remained on the tracks.

F. N. Stuppi, Santa Fe district superintendent said the cause of the derailment is unknown. Damage is not considered great.

The train was en route from Boise City, Oklahoma to Amarillo.

Wrecking crews spent the day righting cars and repairing rails and ties.

Large families are disappearing in Denmark, observers report, and the usual remark among couples discussing children today is: "One child is enough."

IMPORTANT ROLE FORESEEN

Reds Expected To Return Many Prisoners Of War To Germany

By THOMAS P. WHITNEY
Associated Press Staff Writer

MOSCOW, Oct. 16—Tens of thousands of German war prisoners will be returning to Germany in the next few months now that Russia and the East German government have announced an exchange of diplomatic missions.

Many POW's are seen at present working on construction projects here. They frequently work without guards and recently some have been seen walking the streets of Moscow freely.

Important Role Possible

Probably many of these are supporters of the new East German government, headed by President Wilhelm Pieck and Prime Minister Otto Grotewohl. Foreign observers are inclined to think they may play an important role on their return to Germany.

(The United States on March 16, this year, accused Russia of breaking seven different promises to repatriate all German war prisoners by Dec. 31, 1948. The United States, Britain and France contended such an agreement was reached by the foreign ministers council in April, 1947, and that Soviet representatives in the allied control council at Berlin gave assurances on six occasions that the agreement would be carried out. Russia, in reply, blamed the three western powers for failure to reach agreement on return of prisoners.

Prisoners Still Held

(Russia gave figures in April, 1947, showing she still had 443,165 German prsoners of war. The German Protestant church said last Monday that Russia was holding 225,000 prisoners with whom relatives were in touch.)

The Soviet step in sending Ambassador Gregori Pushkin from Budapest to eastern Germany is regarded here as equivalent to diplomatic recognition of the regime.

The pace of events has brought a large number of western diplomatic representatives to the view that there is a probability the Soviet government in the near future will announce it is withdrawing its occupation troops.

Peace Treaty Probable

Likewise many believe it highly possible the Soviet government will soon propose conclusion of a peace treaty between the Soviet Union and eastern Germany.

The Soviet press gave prominent attention today to the exchange of diplomatic representatives. Pravada, Communist party newspaper, put the story at the top of page one.

Western observers said the action was a logical development after Prime Minister Stalin's declaration that creation of the East German regime, along with the existence of a peace-loving Soviet Union, meant European countries would not need to bow to "world imperialism."

German Equality Stressed

Pravda today printed an entire page of foreign comment to Stalin's message. Many of the comments stressed that Stalin spoke to eastern Germany as an equal.

The Russian public is following developments attentively. The scars of the war are too recent to be forgotten, but Stalin's message made a big impression.

A taxi driver commented: "I lost a brother on the front and my mother was murdered by the Germans in the Ukraine, but if the Germans wish to be our friends and show it in deeds, I and most people like me, will be willing to reciprocate."

A hotel doorman commented, "I used to think during the war that the only good German was a dead one. Now I see that there are good Germans and it looks as though they will win out in Germany itself. If that happens it's good because it means no more war for us or them."

Because Icelanders are moving from farms to cities, farms are being mechanized.

Answer to Previous Puzzle

Advances In Surgery To Be Demonstrated At Medical Meetings

CHICAGO, Oct. 16. (INS)— The vanguard of 6,000 surgeons began arriving in Chicago tonight for the opening tomorrow of the joint meetings of the 35th clinical congress of the American College of surgeons and the sixth inter-American Congress of surgery.

Latest advances in surgery will be demonstrated and discussed with television playing a very prominent role in demonstrating of surgical techniques.

Doctors To Watch TV

The telecasts, in color, will be viewed at the Stevens hotel, site of the convention. It will be carried to the hotel from operating rooms of St. Luke's hospital about a mile away.

Surgeons agreed that color television makes teaching and demonstrating by television much more vivid and graphic because color gives the viewer a sense of depth —very important in surgery.

They pointed out also that via TV delicate and precise operations can be shown at one time to groups of 600 persons on the 15 TV sets at the hotel. Surgeons said that without television the details of the operation could be seen by only three or four persons gathered around the operating table.

25 Operations Slated

Slated to be shown are 25 major operations in general, genito-urinary, plastic, neuro and thoracic surgery. In addition surgical work in orthopedics, gynecology, and opthalmology will be color televised also.

The color TV equipment to be used was designed especially for teaching surgery and medicine and is owned by Smith, Kline & French laboratories, Philadelphia pharmaceutical company.

Mounted over the operating table, the camera at St. Luke's hospital will provide an unobstructed view of the operating area, which will be projected on the screens several times larger than life size for the benefit of the viewers.

Flying Baseballs' Reported Spotted In New Mexico Skies

Flying saucers have given way to "flying baseballs."

So reported five Lubbock residents Saturday who said they saw what resembled two silver shining baseballs speeding through the air near Gladiola, N. M.

R. E. Mays, one of the spectators, said the balls shot from a plane which was flying so high the group could not see it. They could see its tail smoke and hear it as it traveled off.

Mays said the sight occurred about noon and that the "silver baseballs" traveled northeast after being discharged. No one in the group could guess what the objects were. They didn't believe them to be the flying saucers so many people have claimed to have seen since 1947. Others in the group declined to give their names.

Posse Combs Park For Actress' Body

HOLLYWOOD, Oct. 16. (INS)— A police reserve posse of more than 200 men and women combed the Fern Dell area of Griffith park, in the Hollywood hills, today in a search for the body of missing actress Jean Spangler.

The area was searched because it was there that the missing brunette beauty's torn handbag was found some days after her disappearance last Oct. 7.

However, the hunt, conducted both afoot and on horseback, failed to uncover the slightest trace of the screen and television bit player.

The only clue, and that a slim one, to the actress' disappearance was a note found in her rifled purse. Addressed to Kirk, it mentioned that she was going to see Dr. Scott while her mother was away. At the time her mother was on a visit in Kentucky.

Concentrating on trying to find out who Kirk and Dr. Scott were, investigators are going through movie and television studios, casting offices and night clubs, interviewing as many people as possible who knew the actress.

NAMED TO COLLEGE STAFF

NEW YORK, Oct. 16. (AP)— The Japan International Christian University foundation today announced the selection of Dr. Maurice E. Troyer of Syracuse, N. Y., as a vice-president of the new university it is sponsoring in Japan.

OIL PROGRESS WEEK • OCTOBER 16-22

This Week ...
take a look at the industry
behind the service station
where you buy gasoline

This is Progress: This automatic drilling rig is being developed by Humble engineers. Operated by a regular drilling crew, its automatic features make drilling easier, safer and quicker.

As an average American, you probably take it pretty much for granted that the oil industry will supply you with dependable gasolines and motor oils for your car.

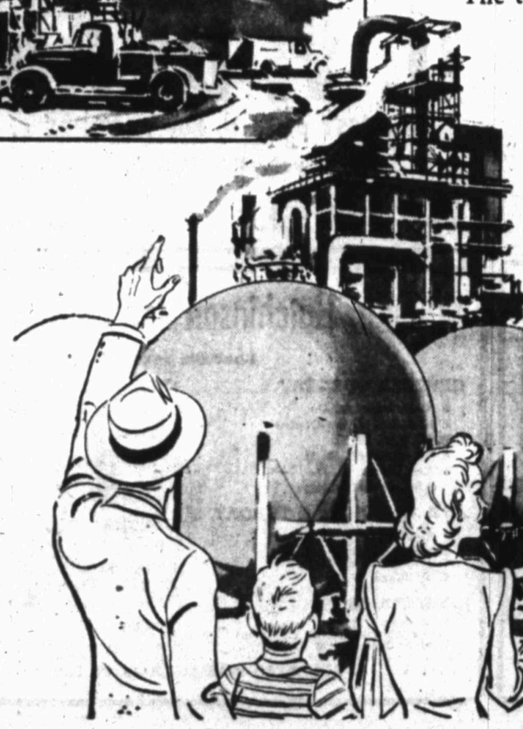

Your confidence is well placed. In the 90 years since the Drake well "came in" in Pennsylvania, oil has progressed from "rock oil", a medicine advertised as good for man and beast . . . through an age of kerosene, when petroleum fueled the lamps of the world . . . to the great industry which today supplies you not only with gasoline and motor oil, but also with heating oils . . . with rubber . . . house paint . . . insecticides . . . detergents . . . plastics . . . cosmetics . . . solvents . . . a list of products too long for printing!

This is Progress: The search for oil frequently leads Humble geological and geophysical crews into such isolated areas that a helicopter is used for surveying and for transporting men and equipment.

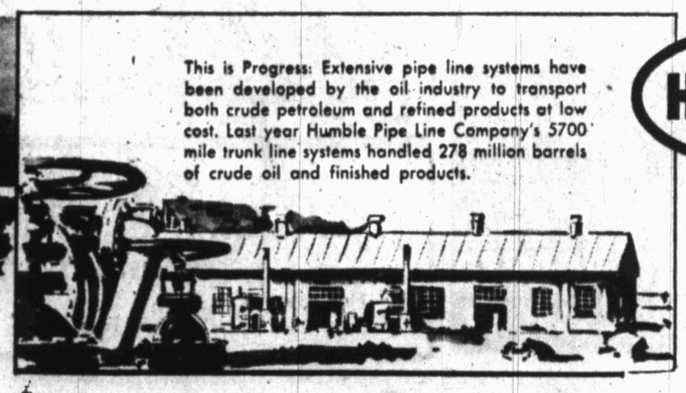

This week, October 16-22, the oil industry specially marks the great progress made since 1859—*progress* evident in the scientific methods used in the search for oil; *progress* in the production and conservation of oil; *progress* in oil refining and the development of new petroleum products; *progress* in distribution which makes oil products available to every American.

The two million men and women of the industry are proud of its accomplishments; at the same time, they recognize an obligation to you as the customer whose needs have made progress possible, and to the nation which provided the encouragement of an enterprising spirit along every step of the way. In the discharge of that obligation, the oil industry looks at today's progress in terms of your needs for tomorrow.

This is Progress: At Humble's Baytown, Texas, refinery, scientists continuously explore ways to produce new and better products, and to devise new and better refinery processes. Petroleum's progress gives you a higher standard of living and a strengthened national security.

HUMBLE OIL & REFINING CO.

This is Progress: Extensive pipe line systems have been developed by the oil industry to transport both crude petroleum and refined products at low cost. Last year Humble Pipe Line Company's 5700 mile trunk line systems handled 278 million barrels of crude oil and finished products.

Youth Resents Date With Another Boy

Girl, Shot By Jealous Suitor, Continues To Battle For Life

DAVENPORT, Ia., Oct. 16. (INS)—Hospital spokesmen said late today that Selma Darlene Edwards, 16, shot and critically wounded yesterday by her jealous fiance because she had a date with another boy, has a "50-50 chance to survive."

Meanwhile, her assailant, William Moore, 17, a garage helper, was held by Scott county authorities on an open charge pending the outcome of the girl's battle for life.

Moore, who expressed no remorse after the shooting yesterday, told newsmen today:

Youth Expresses Sorrow

"I am very sorry . . . but I guess that doesn't do any good now."

His first question to newsmen was:

"How is Selma? What do they say about her condition at the hospital?"

Moore, termed a "very obedient son" by his stepfather, George Roberts, said his romance with Selma began two years ago when both were students at Davenport Junior high school.

"I wasn't very interested in her," he recalled, "she made a play for me at first."

Marriage Plans Made

He said that time changed all that, however, and he and Selma began going together steadily and finally began to make plans to get married. Both families approved and William's stepfather said he would sign his consent to the marriage if William saved $1,000.

About a week ago the boy said he learned that Selma had begun keeping company with another boy. He brooded about this and then yesterday went home, pulled out from under his mattress a .22 caliber pistol and went to confront Selma.

Girl Refuses Date

The youth said he asked her to go out with him that evening. She refused and said that he was "too conceited." And anyway, she added, she had a date with the "other boy." Said William:

"I guess something went dead inside me. I pulled out the gun and squeezed the trigger. I guess I didn't think it would really go off."

It did and Selma sank to the floor.

William said he knelt beside her and asked:

"Can I do anything for you, honey?"

He said she told him:

"No, just go away and leave me alone."

William said he went home, placed the gun back under the mattress and returned to work, where the police arrested him within an hour.

Woman Dies After Fall From Carnival 'Rocket Ship' Car

COLUMBUS, Ga., Oct. 16. (INS). A Columbus housewife died today from injuries sustained last night when she was thrown from a carnival "rocket-ship" car.

Muscogee county Corner E. L. Howell, said the woman, Mrs. Robert McDonald, apparently died from a hemorrhage received in the fall at the annual Chattahochee Valley exposition.

A corner's inquest will investigate the death tonight.

However, Howell declared that he did not believe the fatality was due to the negligence of carnival officials or operators.

Mrs. McDonald's husband said his wife refused to take the ride until after he made the trip around the tilted-track course.

Blossom Woman, Injured In Crash, Remains In Hospital

LEVELLAND, Oct. 16 (Special)—Of 11 persons injured in a car-pickup collision here Thursday, only Mrs. H. T. Goley, sr., of Blossom, remains in the Phillips-Dupre hospital here today.

John David Goley, 7, most seriously injured in the accident, was released today, along with Robert Goley, 8, and Vivian Justice, 18, daughter of Mr. and Mrs. J. O. Justice of near Levelland.

Mrs. Goley's condition was described as "good."

14 Men Arrested In Illinois Town To Face Morals Charges

BELVIDERE, Ill., Oct. 16 (INS)—Belvidere, a town of 10,000, 60 miles northwest of Chicago, was still upset tonight by what the state's attorney described as "shocking, horrid and sordid details" of sex orgies involving teen age girls.

Boone county State's Attorney Alexander J. Strom said that 14 men, ranging in age from 17 to 34, are under arrest on rape and other morals charges inyolving six girls, aged 13 to 15.

Strom, said the men plied the girls, all patrons of a local confectionary, with ice cream, sodas, and soft drinks, and then took them to secluded spots where alleged intimacies took place.

Nine of the men arrested have been charged with statutory rape, three with taking indecent liberties, one with assault with intent to rape, and one with an unspecified morals charge.

All but two of the men are recent arrivals in Belvidere from farm and mountain homes in Tennessee, Missouri, and Indiana. The men had come to the Illinois town to work for factories.

Police began investigating the case when Capt. Fred Stone noticed the apparent "easy pickups" at the ice cream parlor and the youth of the girls. Some of them are still grammar school students.

Strom said he was arranging meetings with the girls' parents so that testimony can be obtained against the men.

ECUDOR OFFICIAL DIES

GUAYAQUIL, Ecuador, Oct. 16. (AP)— Vice President Manuel Sotomayor Y Luna died today. He married Spanish royal Princess Maria Cristina Borbob dos Sicilias at the Vatican chapel in Vatican City March 3, 1948. She was at her husband's side when he died.

Red Troops Accused Of 12 Berlin Slayings

BERLIN, Oct. 16, (INS)—Soviet troops were blamed today for 12 'Jack-the-Ripper" sex murders in Berlin and Soviet officials were accused of trying to block attempts to find the perpetrators of the city's "most heinous" crime wave.

West Berlin police said "all evidence indicates" members of a Soviet panzer corps murdered six German women and six men residents of the wealth Lakeside resort suburb near the British sector of the city.

West Berlin newspapers charged the Soviet headquarters at Potsdam ordered all investigations of the sex-mutilation murders halted.

Bodies of the victims were said to have been brought to Potsdam where they were cremated to prevent further examination and identification by police authorities.

The six women slain were assaulted and hacked to death. Four of the six men slain had accompanied the women victims at the time of the murderous attacks.

The remaining two men victims were believed to have been slain to prevent identification of the attackers.

Police believed the series of murders was the work of the same killers, since the murder technique was virtually the same in all cases.

The first murders were discovered a month ago when the bodies of a German merchant, his wife and their maid were discovered in their fire-destroyed home.

The latest victims were two women whose bodies were found in the woods bordering a Soviet panzer barracks Saturday.

The Soviet panzer units comprizes 2,000 men.

Troops To Prevent Lynching At Transfer Of German Prisoner

AUGSBURG, Oct. 16. (INS)— It was decided tonight to permit American newsmen to witness the transfer of Ilse Koch to German custody tomorrow but alerted troops to prevent any demonstration or attempt to lynch the "Witch of Buchenwald."

The order reversing previous instructions barring newsmen from the area when Frau Koch is released from Landsberg prison was issued by Brig. Gen. Clayton Pierce, Augsburg commander.

American troops and Polish guards were alerted to prevent any attacks on Frau Koch by Jewish displaced persons whose relatives died in the Buchenwald concentration camp run by her late husband.

Gen. Pierce indicated thousands of Jews in the Augsburg area may attempt to seize Frau Koch who is completing a four-year sentence for concenration camp atrocities and then will be turned over to German authorities who will charge her with murdering 25 Jews.

Her original sentence was life imprisonment but this was reduced in a comutation order in 1948 on the grounds that evidence used to convict her was of the hearsay variety, including that dealing with charges she had lamp shades made of the skin of murdered camp inmates.

Lack of electric power has cut Austria's aluminum output substantially this year.

Solon Says GOP Might Win With Woman On Ticket

WASHINGTON, Oct. 16. (INS)—Sen. Margaret Chase Smith (R-Me) reiterated tonight her belief the U. S. should elect a woman president—and suggested that the Republicans start winning in 1952 with a candidate on the distaff side.

The nation's only woman senator said, however, that as a starter the fair sex would settle for a vice presidential nomination. Mrs. Smith declared:

"After five presidential election defeats, the Republican party can well pause and consider putting a woman on its ticket.

"I think a woman could bring the GOP something that men so far have been unable to do—victory at the polls and return to the White House.

"More than that, I think that a woman could give to the American people something they haven't had for so long that we are beginning to wonder if there is such a thing as running our government on a strict budget, just as the housewife does."

Mrs. Smith was interviewed by Robbie Johnson, of the Gannett News service.

Solon Raps Army Suppression Of Nazis War Crimes Picture

WASHINGTON, Oct. 16. (INS). Rep. Celler (D.-N.Y.), today protested that the Army is surpressing a film showing the Nazi crimes which led to the Nuremburg trials.

In a letter to Secretary of Defense Johnson and Undersecretary of the Army Tracy Voorhees, the New York congressman said he was "shocked" to learn that the Army film, "Nuremburg — Its Lesson For Today," is not to be released for general showing. Celler remarked:

"I deem this action most ill-advised and ask that reconsideration be given to this decision to the end that this film, remining people of Nazi sadism, be shown everywhere in the United States."

Hungarian Reds Hang Former Top Party Member For Treason

BUDAPEST, Oct. 16. (AP) — Laszlo Rajk, once one of Hungary's top Communists, was hanged Saturday for treason—the fate he begged at his trial.

Rajk, who swept out Hungary's middle class smallholders party for the Communist revolution in 1947, had avidly confessed to leading a Balkan-wide Yugoslav plot to assassinate the biggest Hungarian Communists and make himself premier.

Executed with him were two associates, Dr. Tibor Szoenyi, 46, former director of the Hungarian Communist party's cadre section, and Szoenyi's deputy, 32-year-old Andras Szalai.

Lubbock, Texas, Monday, October 17, 1949

Scurry County Activity Continues Boom

Production Test Is Run On Ector Well

Edward C. Lawson of Tulsa, No. 1 Augusta Barrow, wildcat in Central-west Ector county, flowed at the rate of between 20 barrels and 30 barrels of pipe line oil per hour during six hours of testing from open hole in the Clear Fork of the Permian at 5,540-87 feet, and is now preparing to complete and put on production as a new discovery.

The flow came after the pay horizon had been treated with 3,000 gallons of acid. The well swabbed at the estimated rate of five barrels of new oil per hour, natural—before the acid was injected.

Well Kicks Off

After the acid had been pumped in operator pulled the swab three times and the well kicked off. It flowed acid residue for one hour and then started making pipe lime oil.

The six hour flow was to the pits. Gravity of the petroleum is 39 degrees, plus. There is no formation water with the oil. There is sufficient gas to flow the oil. No pressures have been reported.

This new field opener is 14 miles northwest of Odessa and 660 feet from south and east lines of the northeast quarter of section 44, block 44, TP survey, T-1-S.

It is three and one-half miles south of the Goldsmith 5,600 field, and four and one half miles east of Clear Fork production on the south side of the TXL field.

Terry Well Shows Oil

Tide Water Associated Oil Company No. 1 J. P. Nystel, and others, southeast Terry county wildcat, four miles east of the shallow Adair field has indicated possibilities of the discovery of commercial production of petroleum from a reef lime in the Pennsylvanian from the zone at 9,350-75 feet.

The Pennsylvanian reef was topped at 9,352 feet. Derrick floor elevation was 3,171 feet.

The tool was open for two hours on the drillstem test at 9,350-75 feet. Gas showed at the surface in 18 minutes. The gas volume was not gauged of estimated. The gas continued to show for the remainder of the test.

Recovery, when all the drill pipe had been pulled was 970 feet of clean oil and 270 feet of oil and gas cut drilling mud. There were no signs of formation water. The venture is to drill deeper.

It was originally started under a contract to explore into the Ellenburger.

Location is 660 feet from north and west lines of section 9, block C-38, psl survey. It is 14 miles southeast of Brownfield.

Amerada Petroleum corporation, Cities Service Oil company and the Texas company are interested in the venture along with Tide Water.

Scurry Prospector Flows

Sunray Oil corporation No. 1 Sentell, north-central Scurry county discovery from the Strawn lime of the Pennsylvanian, seven miles northeast of Snyder, and two miles east of the nearest producers from the Canyon reef on the southeast side of the North Snyder field, flowed 107 barrels of 40.8 gravity pipe lime oil in 12 hours of testing from the open hole at 7,487-7,508 feet.

The flow was through a 15/16th inch tubing choke, and was natural. No formation water had been developed. Flowing to test and complete was continuing.

This development had its first pay in the Strawn at 7,382 feet. The section from there down to 7,487 feet is back of the 5½-inch casing. Operator apparently is trying to complete the well from the lower pay in the Strawn and leave the upper saturated section for later production.

This project found the Canyon reef low to the North Snyder producers and did not develop any production in that horizon.

It is located 467 feet from north and west lines of tract 2, Dallas Trust and Saving Bank sub-division of the Grimes Ranch in block 1, J. P. Smith survey.

New Wildcat Planned

Gene Goff of Midland, No. 1 Joe Rylander is to be a 7,000-foot rotary wildcat to test the Canyon reef lime in central Scurry county, one mile northeast of Snyder.

No. 1 Rylander will be five miles southeast of Standard-Fryer Drilling company No. 1 Wilkinson, recently completed discovery from the Canyon reef between the North Snyder and Kelly-Canyon fields. It will also be about the same distance northeast of the op-

See ECTOR WELL Page 8

Levelland Slates Oil Week Observance

LEVELLAND, Oct. 16. (Special)—Oil Progress week begins here Monday with a parade through downtown Levelland, led by high school bands from Levelland, Whiteface, and Sundown.

The week, Oct. 16 to 22, is being sponsored by local oil companies and the Lions, Rotary and Jaycee organizations here.

The parade will feature all phases of the oil industry: discovery, production, transportation, refining, wholesale, and retail. Murray C. McNichol is chairman of the parade committee. Tommy McSpadden, L. L. Cox, and Sam Billingsley, are members of the committee. George C. Price will be parade marshal.

Activities during the week will include an open house at the Stanolind gas plant near Sundown Tuesday and Wednesday. Tuesday night the Lions, Jaycees, and Rotarians join in sponsoring an Oil Progress banquet.

Spanish Policy Of U. S. Scored

By ALLAN J. FUNCH
INS Staff Correspondent

WASHINGTON, Oct. 16. —Sen. Brewster (R-Me.) charged tonight that the United States is "fostering a policy of starvation" toward Spain by refusing recognition to Generalissimo Franco's government.

Brewster, who just returned from a journey to Spain, said that while he was in Europe he spent much time trying "to ascertain what the future policy of America should be."

Exile Government Hit

The senator, in a radio address, referred to the Spanish government-in-exile as Communist-dominated and accused it of having in its possession $500 million which it took from Spain at the end of the civil war.

Brewster, who interviewed Franco, intimated that the exiled government may make a move to regain power. Brewster declared:

"The result may well be compared with the current situation in China where the Chinese Communists are sweeping into power.

"The American people should well consider the implications of our current foreign policy in regard to Spain."

U. S. Financing Scored

Brewster said that the shipping situation in Great Britain, Sweden and Germany is "disquieting." The senator added:

"America is financing itself out of existence in the commercial shipping field."

The senator said that American financing in the United Kingdom to build up the British shipping industry "has rendered obsolete 500 ships of the American merchant marine."

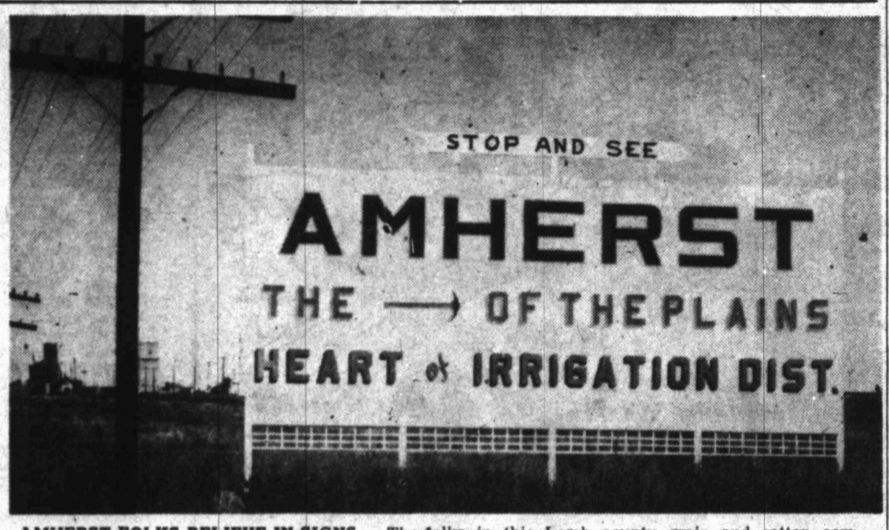

Brewster compared this situation to American financing of British aviation "to the tune of $40 million." The senator predicted:

"By this subsidy British commercial jet planes will soon render obsolete the current type of American airliners."

CABINET MEMBER QUITS

CARIO, Egypt, Oct. 16. (AP)—Minister of State Mustafa Marei Bey, a member of the Nationalist party, resigned tonight for "private reasons" from Premier Hussein Sirry Pasha's cabinet. His successor has not been named but is expected to be an independent.

Wanton destruction of machinery by troops has crippled China's textile industry.

AMHERST FOLKS BELIEVE IN SIGNS — The folks in this Lamb county grain and cotton community believe in signs. They are proud of their progressive little town of 1,500 and they want others to stop and see the new buildings, school activities and business in general. Mayor Ellis E. Stagner, a wheat farmer and former ginner, will give plenty of his time to any interested listener. He delights in extolling the merits of Amherst. The sign in the picture above "The (pick) Of The South Plains" is one erected on Highway 84 where it catches the eyes of motorists coming from Lubbock. (Staff Photo.)

Visiting With The South Plains Press

Nameless Weekly Newspaper Starts Publication At LAFB

By TOM DAVIS
Avalanche Staff Writer

A brand new weekly newspaper made its appearance on the South Plains this past week, but it hasn't got a name.

The four-page paper, Volume 1, number 1, made its debut at the Lubbock Air Force base under the editorship of Staff Sergeant Paul W. Holley.

The name of the paper? That's the big problem. The first issue came out under the name "Sine Nomine," which is the Latin way of saying, "without a name." The gestions, and expect to have one before the next issue.

Supervising the publication is First Lt. James O. Umphries, public information officer. Assisting Editor Holley are Sgt. Eugene Smith, and CWO John P. Baucum, base photo officer.

This column extends a hearty welcome to this newcomer to the South Plains Press fraternity—a newspaper that promises to measure up to high standards from both typographical and news standpoints.

Carnivals Are Scored

Carnivals took a beating in The Anton News at the hand of H. G. Richards, editor, who wrote:

"Anton is again afflicted with a carnival. It would be hard to think of a more rotten thing to bring to town than a carnival. These crooks hit our town with every kind of a gyp scheme and the kids are robbed—and sometimes they succeed in fleecing come poor boob who has associated a little too closely with the bot-

Progress Reported In MoPac Negotiations

ST. LOUIS, Oct. 16. (AP)— Negotiators in the Missouri Pacific railroad strike reported today only 32 claims against the company remain to be considered.

Originally the four unions involved listed 282 claims for overtime pay or pay for special work by their members. The claims were the cause of the 38-day walkout.

"We should finish consideration of the remaining claims tomorrow," Guy A. Thompson, trustee for the railroad, declared.

R. E. Davidson, union spokesman, said a substantial number of the 250 claims considered have been settled. He would not predict when the strike might end.

Those cases not settled by direct negotiations are to be considered by some other method, but both sides must agree to the method before the strike will be called off.

MAN ENRAGED BY CRYING BABY

Angry Landlord Slays Woman, Wounds Two, Then Shoots Self

By FRANK D. PRAYTOR
INS Staff Correspondent

BIRMINGHAM, Ala., Oct. 16—A landlord, enraged by the crying of his tenant's baby, today killed the mother, wounded the baby and the father and then shot himself to death in Birmingham's well-to-do College Hill section.

Police said Mrs. Floyd Greer, 21, was shot six times when she was dragged from a closet where she had attempted to hide. Her husband was wounded when he fled screaming from the house with the 11-month-old baby in his arms. The landlord, F. E. Cheney, died from self-inflicted bullet wounds.

Sitting In Living Room

Detective Jim Norrell said that shortly before noon the Greers were sitting in the living room of the Cheney home. The family rented an apartment in the house.

Greer, 25, lit a gas heater, explaining that his baby was ill.

Mrs. Cheney told police that her husband snapped:

"Well, call my doctor."

She said he then went out of the room.

The landlord's wife told how her husband returned a moment later with a .32 caliber revolver and declared:

"I've stood all I can."

Greer Flees House

She said he opened fire at the tenant. Greer, clutching the baby, ran from the house. He was shot in the shoulder. The baby was wounded in the arm. Mrs. Greer ran to her room.

Mrs. Cheney leaped through a window and ran next door.

Mrs. Greer's body was found face down on her bedroom floor.

Norrell believed that she hid in a closet and that Cheney dragged her out and shot her six times.

Then, the detective added, Cheney, a post office employe, went into his room and shot himself in the temple.

Hashemite Jordan To Oppose Iraq-Syria Unity Proposal

CAIRO, Egypt. Oct. 16. (AP)—Hashemite Jordan said today it will oppose any discussion of the proposed unity of Iraq and Syria at a meeting of the Arab league starting tomorrow.

Hashemite Jordan Premier Tewfik Abdul said "we are against a discussion of the question, on which no official proposal has yet been made."

Syria' national party recently came out in support of unifying the two countries. Both are league members.

"GOLDEN EGGS"

Abuses Are Harmful

THE principle of government support prices for farm products appears to have a fixture in the American economy. That is good. Farmers are entitled to protections from price collapses which might bankrupt both them and the nation.

Farmers, therefore, are the most directly concerned in anything that might imperil the continuance of the support price system. As reasonable people, they know that nothing could endanger the system more than abuses.

A present flagrant example of abuse is supplied by eggs. As every shopper knows, the price of eggs is very high. And the reason for those high prices, denied by no one, is that the government is buying and drying all eggs except barely enough for minimum consumer needs at extremely high retail prices.

The result is that the government now has in storage millions of dozens of dried eggs. In one Kansas cavern alone, nearly 10,000 tons more than 60,000,000 dozen—are stored.

This huge surplus is being increased steadily and enormously. Support prices in this instance are not discouraging over-production. They are encouraging it. And the accumulations aren't helping anyone. They aren't even being used to aid in reducing the foreign relief burden. They are just sitting — thousands upon thousands of barrels of them.

Everyone interested in maintaining the support price system has a vital stake in putting a stop to things like this. It is a sort of business which, if not corrected, could arouse the consumer indignation which might price farmers entirely out of government supports.

No Curbs Now!

THE MORNING AVALANCHE is not one of the more enthusiastic admirers of Secretary of Defense Louis Johnson as a member of the President's Cabinet. We said at the time of his appointment that he lacked outstanding qualifications for one of the most important positions in the national government. We regarded the nomination as strictly political, and still hold that view.

But this opinion does not imply endorsement of the demand by some of the members of the House Armed Forces committee that curbs be placed upon the Defense Secretary which might hamper him in dealing with friction, jealousies and disunity among the armed services.

The existence of disunity is too obvious for question. The evidences of it can be read in almost every issue of nearly every daily newspaper. Americans, generally, are not in position to know just how serious the condition may be. But, based on the limited evidence which leaks out to them, they must conclude that the situation is pretty serious.

It may be that Secretary Johnson lacks the qualities and the capacity to improve existing conditions, regardless of the powers he might have. Little progress has been apparent toward the achievement of unity during his occupancy of the defense cabinet post.

But it is unthinkable that a condition so dangerous to the national security should continue uncorrected. It is common sense to recognize that the administrative officers of the defense department might require broad powers to force the high commands of the various military services to cooperate with each other better than some of them have been doing.

If the Defense Secretary, whether Mr. Johnson or someone else, needs a bigger club to use on bickering brass, it should be supplied. This is no time to impose upon authority restraints which almost certainly would encourage those who already have contributed dangerously to inter-service rivalry and jealousy.

Oh what is home without a bath towel swiped from some hotel?

A sorry Sunday driver has caused many a Monday funeral.

Fortunately the man who sells his influence doesn't remain influential for any length of time.

One Minute Sermon

God setteth the solitary in families: he bringeth out those which are bound with chains: but the rebellious dwell in a dry land. Psalms 68:6.

To Hear The Navy Tell It.

Someone To Love

BY IRENE LONNEN ERNHART
Distributed By NEA, Inc.

(THE STORY: After a broken engagement, Tod Duncan marries an old friend Jenny and both try to convince themselves that this is not "marriage on the rebound." At first Jenny is made miserable by Tod's family, which is disappointed because Tod didn't marry the wealthy Liz Conover. Then they go to live in a trailer camp while Tod finishes college, but conditions do not lend themselves to happiness. Finally Jenny discovers she is going to have a baby. Tod is shocked by the news, broken to him by Nina Cushman, an old friend of Jenny's. He goes for a walk and meets an old chum from State University, Rick Morris.)

XIII

TOD returned very late that night, much later than he had planned. Nina had long since left, and Jenny had gone to bed.

He tiptoed in, hoping she would be asleep. But she wasn't. He went to the bed to kiss her. His hand felt the wetness of the pillow, where she had been crying.

He sat on the edge of the bed then and rubbed his hand up and down her bare arm. "Gosh, Jenny, I'm sorry I didn't get back sooner. It wasn't on account of what you told me tonight — about the baby, I mean."

"Wasn't it?" Her voice sounded choked and tight.

"Honest it wasn't. I'll admit I was bowled over, but, well, not like you think. I stopped in for a beer and met Ricky Morris, and we had a lot to talk about. It got late before I knew it."

He wanted for her to ask who Rick Morris was, but when she didn't he lit a cigaret and presently went on.

"Rick went to the State University. He and I were in the same house, and he was a big shot on the campus, edited the school paper and was president of the Forum. His old man died last summer and his mother wanted him closer to home, so he's finishing here at Markwood and goes home to Centerville weekends. Rick's swell. You'll like him, Jenny. He's strictly class too."

"Oh." Jenny hadn't heard him sound so enthused about anything in a long time. "Funny you hadn't run into him sooner." She couldn't stay angry with Tod even when she wanted to.

Before they went to sleep that night he spoke about the baby again. "I'm really glad about it, Jenny, now that I've had time to get used to the idea. I hope it's a boy. We'll make a football player out of him. And you're not to worry about the, money angle, either. Even if you have to quit" work, we'll manage some way. He broke off, afraid he might be overdoing it.

"Oh, Tod!" She went into his arms and was comforted at last.

It was strange not to go down to the shop every morning. All their days began like Sunday, with Tod dawdling over coffee and the morning paper, while Jenny made the bed and tided things.

* * *

THEY could have sold the car. They didn't really have to have it. But Tod was so proud of it. Then Jenny happened to think of the cottage on the river. Much as it wrenched her heart to sell Pop's shack, still it would bring in some money. They wouldn't be going out there much next summer with the baby, anyway.

Tod went at once to a real estate agent. The cottage brought $500 after the agent's fee was deducted, which Tod thought was a fabulous sum. Jenny knew the money wouldn't go far, but she refused to let herself worry.

Tod brought Rick Morris home for supper one evening that week. Ricky was tall and rather slender; dark eyes with a humorous glint; a pleasant mouth and straight dark hair that he had to keep brushing back from his forehead. Jenny liked him instantly.

Rick was good for Tod, and Jenny decided she must encourage him to come see them often.

Tod needed friends. He had cultivated none of the other fellows in the trailer camp. He had said that the student body of Markwood College was made up mostly of goons. Naturally he missed the excitement of the State University's big football game, and being a campus big shot. He missed the life at the fraternity house too, the parties, and the people like Liz Conover and Ricky Morris.

Tod had been apologetic to Rick about their living in a trailer. He had apologized until she had wondered if he weren't apologizing for her too.

* * *

ONE afternoon later that week, as she was on her way to the grocery to shop, she saw Rick again.

It was one of those wonderful October days, all golden and mauve, a hint of woodsmoke in the air, the leaves floating dreamily down in the sunlight, one by one. Jenny was walking briskly, and as she turned a corner by a building, she ran squarely into someone.

She had a confused impression of a green corduroy coat, and the smell of tobacco and then she looked into Ricky Morris's dark eyes. The eyes crinkled pleasantly as he said, "Hello! Going somewhere in a hurry?"

"Only going shopping for groceries and not in this much of a hurry, really." It was a wonderful day, she felt splendid, and it was somehow vaguely exciting to run into Ricky this way.

She wasn't dressed up, an old red beret, and a short red coat over her pencil slim black skirt, but the fresh air had put a tingle in her cheeks and brightened her eyes.

"Let me go along," Rick said. He took her arm. "I'll help you. I'm a regular bargain hound. And you ought to taste my cooking, Jenny. Honestly, if you had known about me and all my various talents, you'd never have married Tod."

Yes, she was sure Rick would be good for Tod. She must encourage him to come see them often. He was good for her too, somehow.

On The Line

By BOB CONSIDINE
INS Staff Correspondent

(By International News Service)

NEW YORK, Oct. 16. — Sideglances:

Gen. Leslie R. Groves, who kept the men together who put our A-bomb together, looked up from his morning paper with a start the other day. He had just read the testimony of a Navy commander who had told Congress that A-bombs were so overrated that if one were touched off at the end of a landing strip at the Washington airport it wouldn't hurt a man standing at the other end.

"If the Navy sets one off at the airport for a test," he said, "let me be the last volunteer to stand at the other end of the runway."

Hilton Makes Name For Himself

Young man named Conrad Nicholson Hilton was born and raised in an adobe house in San Antonio, N. M., one of a family of four girls and three boys. When the older Hilton children began moving away, the father began renting rooms to travelling salesmen for a buck a day, with meals. Young Conrad's job was to lead the sleepy salesmen to the 'dobe.

After World War I, young Hilton, with a few dollars in his pocket and a knowledge of where to get more, decided to buy a piece of a wooden bank in Cisco, Texas. The price was bounced on him at the last moment, and, making one of the more remarkable decisions of our time, he decided to buy a hotel. The bank he tried to buy went broke in the 1920 depression.

* * *

Held On To Hotels

HIS Cisco boarding house did fine, thanks to an oil boom. But when he tried to branch out to Dallas he went bust and was forced to run it on a lease basis.

During the depression, when a great percentage of the hotels in the country had rough going, he held on to five of the eight he controlled. To save money he blocked off unused floors, pulled telephones out of rooms to save 15 cents a month rent. But all he did was survive. He came out of

"Willie!"

GIVEN WARM WELCOME

Nehru Anti-Red Ally

By RAY TUCKER
Special Correspondent

WASHINGTON—The current visit of India's great leader, Prime Minister Nehru, to the United States after his earlier conferences at London is one of the most important moves in the "cold war" with Russia.

Upon him rest western hopes of keeping more than 500 million Asiatic peoples out of the Communist orbit. Washington has turned out the guard to win and impress him.

Nehru has already assumed leadership in checking Red inroads into such strategic areas as Indonesia, Burma, Ceylon and his own country. He is virtually Prime Minister of the British Dominions in that troubled region. When the Burmese government was threatened by Communist malcontents, Britain offered to provide financial and military assistance against the revolutionists.

TUCKER

But Burmese officials thought it unwise to invoke British aid for fear that it would be resented. Instead they called upon Nehru, and he assembled representatives of Canada, Australia, New Zealand, United Kingdom diplomats simply sat in as observers.

Almost the same process was followed in effecting a peaceful settlement between the Netherlands government and Indonesia advocates of independence.

* * *

EXPENSE: The Communists are still strong in this strategic storehouse of raw materials, and they may become an even greater threat if Chinese Reds overrun that country to the ...der of India, Malaya, French Indo-China, Indonesian archipelago and even Au...tia.

But the Nehru visit to England and the United States, although not so publicized, is designed to frame a general agreement for democratic, anti-Red strategy in Asia. He, of course, will demand economic and military support that will eventually cost many millions of dollars. But Prime Minister Attlee and President Truman figure that keeping India and its sister nations on our side will be worth the expense.

* * *

VINSON: President Truman has turned the political and judicial spotlight squarely on Chief Justice Fred Vinson's dark but kindly visage with his recent appointments to the Supreme court. The Kentuckian will be the pivotal man insofar as division between liberals and conservatives to his left and right are concerned.

In view of the fact that Chief Justice Vinson seems to be the only likely and logical candidate for the Democratic nomination in 1952, assuming that Mr. Truman does not run again—a violent assumption, incidentally—how he lines up on grave domestic and foreign questions before the court will be both interesting and important.

His attitude may determine both his fate and that of his party three years hence, providing he becomes the big nominee.

* * *

SHIFT: As the tribunal stands now, there are four so-called liberals—Justices Black, Douglas and the two new appointees, Tom Clark and Sherman Minton.

Mr. Clark, who was Justice Vinson's personal choice for the Murphy vacancy, will probably wind up in the conservative camp, but for a year or two he will probably go down the line for "welfare state" objectives of the Truman "welfare state."

The four conservatives are Justices Frankfurter, Jackson, Reed and Burton, although sometimes they surprise themselves by voting with the faction led by Justice Black. As a rule, however, they can be depended on to huddle together far out in right field—a sort of Ted Williams shift.

With such an alignment, naturally, Justice Vinson's lone vote will become decisive, especially as this court has handed down more five-to-four rulings than any of its predecessors.

His role will be all the more important because Mr. Clark, having handled so much litigation as Attorney General, will have to withdraw when those questions come before the court.

TARIFF: Growling mail has already begun to pile up at the White House, the State Department and especially on Capitol Hill as a result of the trade advantages which sterling countries' devaluation and reduction of duties on hundreds of items have given to foreign nations.

The supposedly moribund tariff issue is back in American politics in a big way. It may be the G.O.P.'s ace in the hole next year and in 1952.

Here is how devaluation has hit domestic producers of woolen goods, although the same or proportionate figures apply to many other domestic products:

TIPPED: Before devaluation, the cost of both British and American wools in New York was approximately $7.50 a yard. Now the British are selling a yard of wool there at $5.10. And, of course, the lower price applies to a tremendous stock of cloth which had been shipped to New York and stored in warehouses long before the actual devaluation decision.

The smart importers were probably tipped off by their British agents that, despite Sir Stafford Cripps's repeated denials, London would eventually undercut our dollar. Weeks before Cripps reversed himself, the actual devaluation figure was known here and in Wall Street.

Anyway, despite the need of devaluation in order to make sure that "there will always be an England," our merchants and manufacturers are suffering. And they will undergo even greater hardships when they feel the effect of new tariff reductions on a most-favored-nation basis.

According to their complaining letters, suffering manufacturers must do one of two things (1) Close down their factories or (2) reduce wages.

Down Memory Lane

(Taken from the files of The Lubbock Morning Avalanche, Oct. 17, 1929.)

Miss Mary Snyder, daughter of Mr. and Mrs. Fred Snyder, 2701 Nineteenth, will represent Texas Technological college at "All College Day" Saturday at the Texas State Fair in Dallas, according to an announcement last night by officials.

Miss Snyder plans to leave Lubbock Friday morning and to arrive in Dallas that night.

Saturday, honors will be paid throughout the city to representatives from 20 colleges of the state. Saturday night the queen's ball will be held at which time an All-College Queen will be crowned.

Tech's queen, Miss Snyder, is a senior at the college, a member of the Sans Souci club, and a popular member of Lubbock's young social set.

* * *

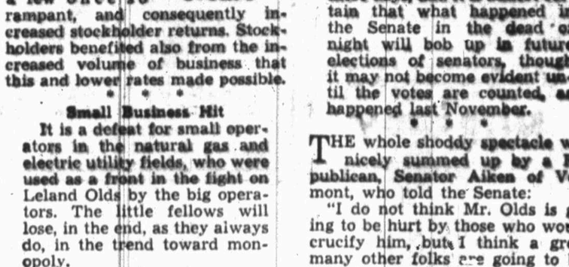

New members were taken into the Business and Professional Women's club Tuesday evening at the meeting at Our Cafeteria, at which Miss Mattie Randolph presided.

New members of the club include Claudia Kyzer, Juanita Flennigan, Carroll Randolph, and Mrs. O. E. Turner.

Those attending the meeting were Mesdames S. D. Buchanan, J. J. Smelser, C. E. Moreman, J. W. Baze, C. L. Hale, E. B. Holland, Beulah Galbraith, Misses Mamie Mason, Ruth McCormick Mattie Randolph, Maggie Mallard, and Ruby Douthit

Believe It Or Not

UTILITIES FIRMS BLAMED

Olds' Rejection Is Assailed

By THOMAS L. STOKES
Special Correspondent

WASHINGTON — Rejection by the Senate, according to plan, of Leland Olds' nomination for a third five-year term on the Federal Power commission naturally is catalogued as a "defeat" for President Truman.

It is. But that is only incidental. It is much bigger than that. It is a defeat for the public.

It is a defeat for consumers who have been saved many millions of dollars by the fair and just decisions on rates in which Mr. Olds was a participant and a fine influence on the FPC. It is a defeat for stockholders in utility companies who have benefited from the type of regulation he sponsored which required honest accounting practices that prevented rigging for the profit of a few once so rampant, and consequently increased stockholder returns. Stockholders benefited also from the increased volume of business that this and lower rates made possible.

STOKES

* * *

Small Business Hit

It is a defeat for small operators in the natural gas and electric utility fields, who were used as a front in the fight on Leland Olds by the big operators. The little fellows will lose, in the end, as they always do, in the trend toward monopoly.

This issue is returned to again by this reporter, with due apologies for hammering at it so, because it is one of the most important that has come before this Congress, and because all that is involved will continue to be a vital issue. For it goes to one of the necessary procedures in our Democratic process that is often overlooked, the regulatory commissions that stand between the law and the public.

* * *

BEGINNING in 1887 with a basic statute for regulating railroads, Congress has successively written broad regulatory laws covering other segments of our increasingly complex industrial mechanism to protect the public interest from the greedy and the selfish. It was impossible for Congress to handle details of regulation. So it delegated this job to commissions it created for this purpose as its agents. By their interpretation of broad, basic regulatory statues such commissions can make laws effective as intended by Congress, or they can weaken them, or in effect, nullify or repeal them.

Big interests learned this early. So they have sought through the years to get amenable commissions. They know that a law is no better than the commission that administers it. They have scored another success in eliminating Mr. Olds from FPC. This is what the fighting was all about, as anyone who has watched this process here for years can testify.

* * *

Voters May Rebel

So, finally, to finish off the plot, they "hanged" him. Dramatically enough, it was in the early hours of the morning. The Senate voted after midnight.

While it might have been thought that the turmoil and confusion incident to the ending of a session of Congress might obscure this act and its significance, it is doubtful that the ghost will be laid so easily. Workers and farmers, through unions and farm organizations, find out about these things these days, and it is almost certain that what happened in the Senate in the dead of night will bob up in future elections of senators, though it may not become evident until the votes are counted, as happened last November.

* * *

THE whole shoddy spectacle was nicely summed up by a Republican, Senator Aiken of Vermont, who told the Senate:

"I do not think Mr. Olds is going to be hurt by those who would crucify him, but I think a great many other folks are going to be. I think the effects of what is being done here tonight will echo down through the years ahead of us, and will continue to plague those who accuse him much longer than the echoes from Teapot Dome were heard.

"Certain public utilities of the country are out to destroy a man for performing his duty. I do not know of anything worse than that. I do not know of anything more deterimental to good government. I do not know of anything to make it more difficult to get men and women to perform the duties of public office.

"Those interests, who are devoting every effort toward destroying a man, in so doing are doing the most to bring about public ownership of the utilities in this country, if it is brought about, it will be brought about by those who fear it and by the tactics which they employ."

After the American Revolution, loyalists fled to the Bahamas where they started a boom in cane and cotton plantations— a boom which faded when slavery was abolished in 1838.

Storage Is Available At Weaver Grain Co.

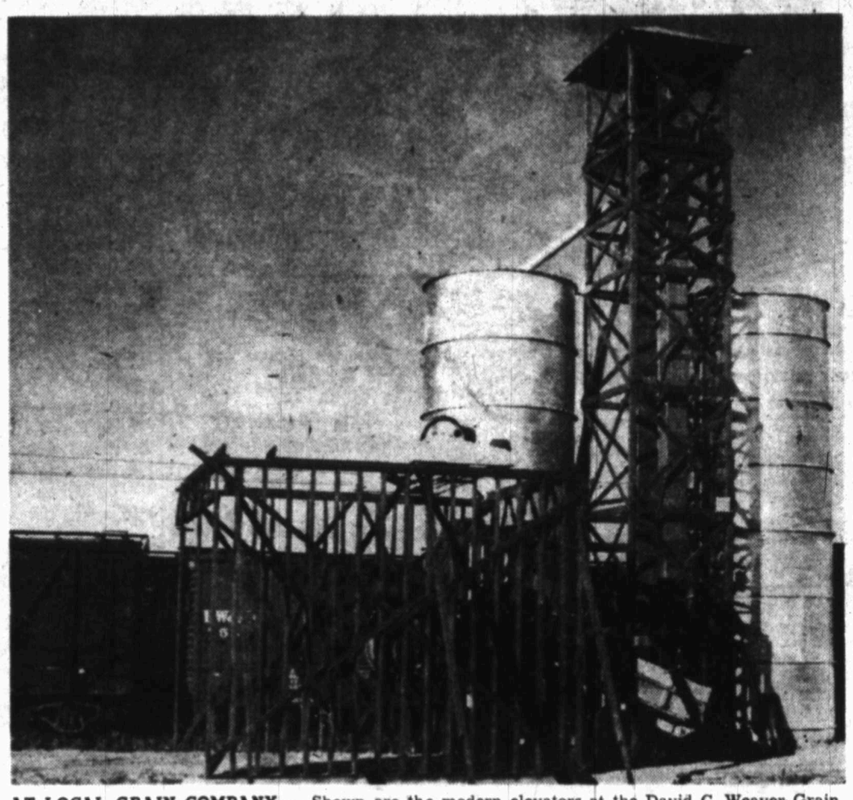

Mr. Grain Farmer, some storage is still available at David C. Weaver Grain Co. You'd better hurry, though, because it won't last long!

The grain company, which is located at 3200 E. Ave. J, just north of Slaton highway and about one-half mile east of the intersection of Slaton highway and the Ave. A truck thoroughfare, is accepting for storage grain which has up to 13 per cent moisture.

The company is receiving grain at the elevator and then shipping it to Fort Worth for storage.

The David C. Weaver Grain Co. also is a carlot shipper of grains and is in the market to buy from South Plains farmers.

Ecuador and Colombia are the source of many of the "panama hats" worn by Americans.

AT LOCAL GRAIN COMPANY — Shown are the modern elevators at the David C. Weaver Grain Co., 3200 E. Ave. J, located one block north of the Slaton highway. The company still has some storage space available to South Plains farmers. At the plant, which has the newest and most accurate equipment, grain is received and then shipped to Fort Worth for storage. The company, a car lot shipper of grains, also buys grain from farmers in the area. David C. Weaver, owner and manager, has been associated in grain businesses in Lubbock for a number of years. The company telephone number is 2-8204.

There is enough land in Texas with a tract 4000 square feet in to supply every one in the world size.

Lydick Co. Offers Complete Roofing, Insulation Services

"Lydick's is doing my roofing work."

You'll hear that statement from large numbers of West Texas businessmen and homeowners when they're having any kind of roofing work or repairs done.

Twenty-seven years' experience in taking care of the roofing needs of Lubbock and the South Plains has made Lydick Roofing Co. one of the foremost names in the roofing business.

The firm's featured products include sheet metal, tile, and insulation materials.

Its principal services include both business and residential roofing work, sheet metal work, siding and water proofing.

Lydick Roofing Co. is especially proud of the beautiful tile roofs which the firm has applied on many of the better homes in Lubbock and surrounding area.

The company also points with justifiable pride to the built-up roofs on business buildings which have been applied by the skilled installation men employed by the company. Sheet metal roofing is another feature of Lydick Roofing Co.

In addition, the company sells asbestos siding for buildings. Dan Ellis, manager, has pointed out that asbestos siding gives lifetime wall protection and cuts insurance rates, as does tile and asbestos roofing.

Lydick Roofing Co. is located at 424 Ave. N.

Stanley-Newton Has Youngstown Kitchens

Homeowners, whether you're planning to build or remodel, you'll want to go by the showrooms of the Stanley-Newton Plumbing Co., 904 Ave. H, and see the displays of the famous Youngstown Kitchens.

These all-steel kitchen units, in addition to the smart good looks they give to any kitchen, offer easy maintenance and years of rugged wear without costly refinishing.

And the skilled workmen at Stanley-Newton Plumbing Co. can install these kitchen units with a minimum of trouble to you.

Hugh Newton and J. A. Stanley, partners in the plumbing firm, also offer plumbing contracting service, and air conditioning sales and service.

The firm is the factory-approved dealer for the famous Chrysler Air-Temp air conditioning equipment.

HOW TO CUT MONTHLY PAYMENTS IN HALF

Point 1 Add up all your bills.

2 Total monthly payments they require.

3 THEN ask us to show you how a Pacific Finance loan can often cut those payments by as much as 50 per cent. Come in tomorrow and get the details.

ONE PAYMENT COVERS EVERYTHING

RE-PAYMENT EXAMPLES

Cash to You	12 Mo. Payments	15 Mo. Payments
$100	$ 9.54	
$200	$18.06	$20.39
$300	$26.19	$29.63
$700	$67.46	$54.64
$1000	$96.37	$78.05

Other amounts in proportion

Above payments include insurance which pay the payments in case of sickness or accident or the entire balance in case of death. To apply phone or come in. Information gladly given.

New Ector County Field Opened As Wildcat Reaches Production

(Continued From Page One)

erator's No. 1 Ohlenbusch, completed one and one-half mile northeast extension for Canyon lime production in the Kelly field.

The drillsite will be 330 feet from north and 1,665.5 feet from east lines of section 124, block 3, H&GN survey.

Goff's lease is a tract of 101.46 acres in the northeast quarter of the section.

The lease was originally taken by John Schattel of Snyder and Fred C. Ohlenbusch of Sweetwater, both pioneer landowners in Scurry county and was turned to Goff to drill. Schattel and Ohlenbusch have retained an over ride on the lease.

Drilling is to begin immediately.

Production Test Slated

C. L. Norsworthy, jr., and associates No. 1 Feldman, prospective Ellenburger discovery in general-east Scurry county, is preparing to set 5½-inch casing to make a production test of the section at 7,315-62 feet.

That zone showed for a recovery of 4,492 feet of 46 gravity oil and 150 feet of very heavily oil and gas cut drilling mud, during a one hour drillstem test.

No water was developed and gas of 320,000 cubic feet per day was shown.

The Ellenburger was topped at 7,310 feet on an elevation of 2,251 feet.

The possible new field opener is 660 feet from north and east lines of section 63, block 3, H&TC survey. It failed to find any possibility of oil or gas production in the Pennsylvanian horizon.

New Completion Scheduled

Lion Oil company No. 1 Strom, southeast Scurry county prospector one mile west of the Diamond-M field, was at total depth of 6,715 feet and was waiting on cement to cure after setting five and one-half inch casing at that depth.

As soon as the cement cures operator will perforate, test and complete the project as an extension to the Diamond-M field. In a drillstem test at 6,680-705 feet, the prospect flowed oil at the estimated rate of 25 barrels of oil per hour, through a five-eights inch bottom hole choke.

No. 1 Strom topped the Canyon reef at 6,686 feet on an elevation of 2,346 feet. That makes it about 100 feet low to the closest producers from that formation in the Diamond-M field, one mile to the east.

Location is 662 feet from south and 1,836 feet from west lines of section 98, block 97, H&TC survey.

Drilling To Start

Sities Service Oil company No. 1 McLaughlin is to be a 6,800-foot exploration to test the Canyon reef lime on the southside of the Diamond-M field in southwest Scurry county.

No. 1 McLaughlin will be 660 feet from north and 2,230 feet from east lines of the northeast quarter of section 178, block 97, H&TC survey. That makes it 14 miles southwest of Snyder.

Drilling is slated to begin immediately. Rotary tools will be used.

Location Is Staked

Magnolia Petroleum company has staked location and is to begin drilling soon at its No. 2 A. B. Eicke in the Kelly field of central Scurry county.

The proposed drillsite will be 660 feet from north and west lines of the southeast quarter of section 209, block 97, H&TC survey, and four miles west of Snyder.

Contracted depth of the venture is to 6,780 feet to test the Canyon reef, using rotary tools.

Wildcat Continues Drilling

Progress Petroleum company No. 1 E. S. Carden, north-central Scurry county wildcat two miles north of the nearest drilling well on the north side of the North Snyder field and 12 miles north of Snyder, was continuing to drill deeper past 7,380 feet in lower Pennsylvania lime.

Contracted depth of the prospector is to 7,500 feet, however there is a possibility that it may be carried down to explore the Ellenburger.

Some shows of oil and gas and salt water were made in the Canyon reef in two drillstem tests of that formation.

Location is 660 feet from east and 467 feet from south lines of section 503, block 97, H&TC survey.

Garza Test Drills Ahead

R. S. Anderson of Midland, and others, No. 1 L. A. Nance, contracted 2,600-foot wildcat in southeast Garza county two and one-half miles northwest of Justiceburg, was continuing to drill deeper past 2,435 feet in lime.

This prospector topped the San Andres at 2,055 feet on an elevation of 2,300 feet. Samples at 2,400-405 feet hal slight shows of gas, however no indications of oil have been encountered so far.

The drillsite is 330 feet from north and west lines of section 42, block 6, H&GN survey, and one mile south of Post Development company No. 1 Payne, failure drilled to 3,415 feet in 1921. That project had some shows in the San Andres.

It is also one and three-quarter miles northwest of P. W. Anderson and others No. 1-A Miller, dry hole plugged some time ago.

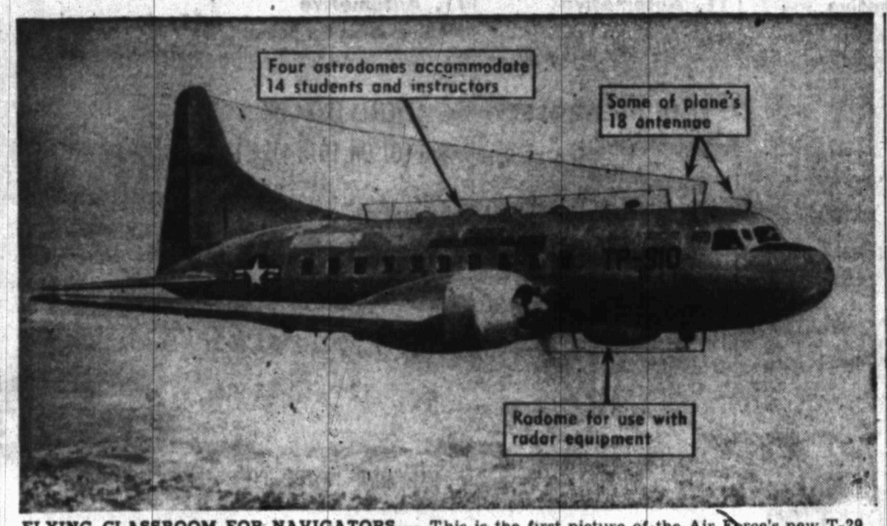

Andrews Well Tested

George P. Livermore, Inc., and Deep Rock Oil corporation No. 1 A. L. Mayhew and others, southwest Andrews county wildcat four and one-half miles northeast of the Dollarhide multiple pay field, took a drillstem test in the Ellenburger from 12,365-12,396 feet.

The tool was open three hours. There was a fair blow of air at the surface throughout the period. Recovery was the 570-foot waterblanket, slightly cut with drilling mud, 570 feet of drilling mud, 3,690 feet of gas and muddy salt water, and 990 feet of salty, sulphur water.

Operator is now circulating while waiting on orders.

The venture is 1,980 feet from south and 660 feet from west lines of section 20, block A-51, psl survey, and 30 miles southeast of Andrews.

FLYING CLASSROOM FOR NAVIGATORS — This is the first picture of the Air Force's new T-29 navigational trainer built by Consolidated Vultee. The plane, seen in flight over San Diego, Calif., is the first ship designed especially for training navigators in groups. Type boxes point out unusual characteristics of the flying classroom, design of which is based on the Convair airliner.

Nameless Weekly

(Continued From Page One)

tle. If our local people should set up such dens of vice, they would be put out of business without delay. No one can point out any good they do."

Trade-At-Home Story

On the lighter side, Richards told a story about a trade-at-home bug.

"A South Plains editor told us the other day about a local merchant handing him a red hot article urging people to trade at home and pouring it on those who run off to spend their money. What made it funny to the editor was the local merchant had written the article on stationery that he had had printed by an out-of-town company."

* * *

"Without wishing to wear the prophet's robe," writes Douglas Meadow in The Matador Tribune, "the man in the street might observe that the Air Force and Navy seem to be arranging the scenes for another Pearl Harbor, with an atomic motif."

* * *

Land Problem Discussed

How long will our land hold out?

That question got editorial treatment in The Slaton Slatonite, and it is something to think about. Here is the editorial:

"Farmers who have lived in West Texas for many years or who have lived on the Plains for most of their lives do not know how fortunate they have been in the way of productive land, but from what expert agronomists say we will wake up some day and find that we have been so wasteful of our land that we will find ourselves in the same predicament that the farmers of the former rich lands of South Texas are in today.

"Many farmers who have drilled wells that they hoped would enable them to irrigate their lands but found no water may be more fortunate than those who did get great volumes of water, for it is said that irrigated lands will wear out many times faster than land that is not irrigated and as few or no farmers in this area are using fertilizer, there can be but one result and that is worn out land like a greater part of the land in South and Central Texas where the Johnson grass and erosion have about taken over.

"The farmers who are advised to conserve their farms by rotating their crops think it a fine thing for the other fellow, but most of them are planting cotton on the same land every year and in the end it will be so drained of minerals that nothing will grow on it but tumble weeds and Johnson grass.

"It is not a pleasant prospect." The Gaines County News, through a column written by editor Neil Vanzant, says the Fort Worth Star-Telegram seems to have laid an egg in its attempt to boom the TCU star, Lindy Berry, into All-American honors.

"The drum beating for TCU as a conference contender also has subsided after the Arkansas and Indiana games. A Horned Frog assistant coach publicly advised Fort Worth newsmen that they had better become reconciled to the fact that this is not TCU's year."

GOP To Denounce Trend Toward New Labor-Socialist Government

WASHINGTON, Oct. 16, (AP)—Republicans intend to make what they call the Truman administration's trend toward "a labor-Socialist government" the chief 1950 political issue, Sen. Taft (R-Ohio) indicated Saturday.

Taft, running for reelection next year, disputed in detail a White House listing this week of accomplishments of the Democratic 81st Congress. Charles Ross, presidential secretary, had said the listing represented a "rather remarkable record" of results.

Taft contended in a speech recorded for Ohio voters that the 81st Congress is no more in sympathy with President Truman's "fair deal" program than was the Republican 80th.

Other Republicans have been pounding away at "statism," a term they often use to accuse the administration of showing a trend to centralized government powers.

The Ohio senator said that, far from accepting the President's "fair deal" program, the Democratic Congress pushed most of it aside.

As examples, he mentioned the President's request last January for price-wage controls and for authority to build steel plants. He said this had been dropped. He cited rejection of the Brannan plan for production payments to farmers.

Taft said that in his opinion about all Mr. Truman has got out of Congress is practically the full amount of appropriations he asked.

Britain will buy more than $40,000 worth of alcoholic beverages from Turkey.

11 Convicted Communists To Seek Release On Bail

NEW YORK, Oct. 16. (INS)—The 11 convicted Communist party leaders are expected to petition the U. S. Court of Appeals tomorrow to grant them freedom on bail while they appeal the verdict.

Their $5,000 bail was discontinued when the jury returned a verdict of guilty against them last Friday, when they may receive a maximum penalty of ten years imprisonment and $10,000 fines.

The five lawyers for the convicted 11 — themselves under jail sentences ranging from 30 days to six months for contempt during the long trial — said they will ask the court of appeals to reverse Federal Judge Medina's remanding order.

The attorneys are preparing motions for a new trial, for an arrest of judgment, and a motion to quash their own contempt sentences before the Nov. 15 deadline set for their surrender to the U.S. marshall.

The motions for a new trial will be based on a contention that Judge Medina's charge to the jury of eight women and four men on Thursday contained interpretations of the constitution not in accord with any prior decision by the U.S. Supreme court.

Funeral Rites For Lubbock Resident Scheduled Today

Funeral services for Gail E. Godby, jr., 30, of Lubbock Route 2, who died Saturday, will be at 3 p.m., today, at the Ausbury Methorist church, the Rev. C. A. Bickley officiating.

Godby died in West Texas hospital at 4:15 p.m., Saturday, after suffering a heart attack a short time earlier at his home. He had been a resident of Lubbock for about five years.

Bryan McDonald and Son Funeral home is in charge of arrangements. Place of burial has not been set.

On The Line

(Continued From Editorial Page)

the depression owing half a million dollars.

Well, anyway, he got a foot in the door on the coast, and invaded New York in 1942 to buy $500,000 worth of Waldorf-Astoria bonds at 4-½.

Bought Waldorf Astoria

Six months later he sold at 85, and with the dough he picked up a number of hotels. He had learned a lot. He moved a bookstore out of the lobby of his Palmer House in Chicago (it was paying $250 a month rent) and built in there a "town and country" room that produced $490,000 in revenue in its first year. All of which hurt sales on the epic Sammy Schulman and I wrote, called "Where's Sammy?" But that's life.

The boy from the 'dobe house bought the Waldorf the other day, while in New York enjoying the World Series. He now owns 13 big ones with 12,000 rooms, and, to his credit, his pals say he's the same fellow they knew when.

* * *

WALTER Winchell was in the Stork the other night when three quick phone calls, from a wire service and two New York papers, came in. The calls asked him if it were true—as rumored—that he had died. It is a frequent occurrence in Winchell's life.

"What do you tell them?" a reporter asked.

"I deny it," he said.

* * *

Joey Adams, a remarkable young man who can make his way in pictures, radio, television, night clubs and writing (his "The Curtain Never Falls," a revealing novel about a heel comedian is current and choice) was saying on Mary Margaret McBride's program the other day that Fiorello LaGuardia was a man for whom he can still light candles.

And why not? LaGuardia chose Joey as an M. C. when Joey was a swift seven or eight. The only Christmas eves Joey knew as a kid were in the LaGuardia home. When he got his first professional job in Baltimore, of a Christmas eve, and laid something an ostrich might have been proud of, Joey was sitting in his cheap hotel room—weeping—when there came a rap on the door. It was LaGuardia.

Joey, and not by the way, is perhaps the greatest single contributor to the Damon Runyon cancer fund. More thousands than he's got in the bank.

Methodists in Bury, England, were driven from their chapel by a plague of flies.

'TIS AUTUMN — Little Penny McCormack, who's younger than springtime, almost, romps among the autumn leaves in London's Hyde Park. The 2-year-old tot who hails from Tramore, Eire, was enjoying the warm autumn weather on her London vacation.

Senator Advises Against Early Renewal Of Fight On T-H Law

WASHINGTON, Oct. 16.(INS)—Sen. Thomas (D-Utah) administration labor policy spokesman, declared today that it would be "unwise" for President Truman to renew his fight for repeal of the Taft-Hartley act until 1951.

Thomas, chairman of the Senate Labor committee, pointed out that the lineup in the second session of the present Congress will be virtually the same as that which defeated the Taft-Hartley repealer several months ago.

The administration leader, indicated in a Washington radio interview that Democratic strategists prefer to take the labor law issue to the polls in the 1951 congressional elections as a bid for new strength. He declared:

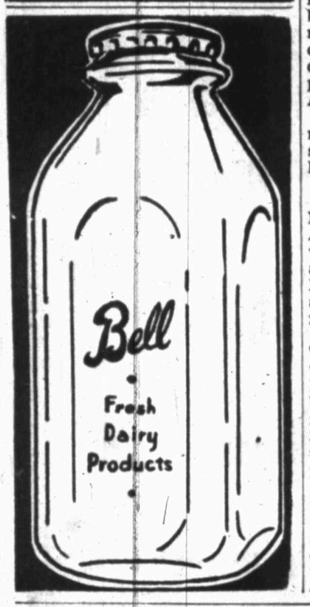

"When I fight again, I would like to fight with a few more people on my side than I had. And I'm going to have them in 1951."

Scotland's housing program is lagging.

$5,950 In Furs Are Reported Stolen From Movie Actress

HOLLYWOOD, Oct. 16. (INS)—The theft of fur coats worth $5,950 from her home was reported today by film and radio star Marie Wilson.

The actress' home was entered through a window last night while she and her husband, Allen Nixon, were at a party.

The chief loss was a full-length mink valued at $5,500. The other coat was an American broadtail worth $450.

Public's Faith In Air Power Is Still High In U. S., Study Shows

By GEORGE GALLUP, Director
(American Institute Of Public Opinion)

PRINCETON, N. J., Oct. 16—Although the average American voter is not well enough informed about military strategy to follow in detail the current row in the armed services between the sea officers and the aviators, he has one idea fixed firmly in his mind.

To him airpower is all-important. He believes that if there is another war, the American Air Force would play a much more important part in winning it than either the Army or the Navy.

Whether this idea is sound from the military point of view is a matter which only experts can determine, but there is little doubt about the widespread admiration the American people feel for the air arm of our defenses.

It is shown clearly in the results of interviews with thousands of voters representing a balanced cross-section of all walks of life, who were asked:

"If the United States should get into another World War, which branch of the armed forces do you think would play the most important part in winning the war —the Army, the Navy or the Air Force?"

The vote:

Air Force	74%
Army	6
Navy	4
Qualified	9
No Opinion	7

In the group who gave qualified answers are those who named more than one branch as being important, or who said that all three are important.

Military leaders may be startled to note how extremely one-sided the vote is—how much the drama and color of the air force has fired the popular imagination. Consciously or unconsciously, the air force has apparently done a highly effective job of public relations.

The vote does not mean that only 6 per cent think the Army is important; the question simply brings out the individual voter's impression, informed or uninformed, as to the relative contribution of the three services in a future war. Actually some military observers are saying today that Russian possession of the atom bomb may diminish the importance of air power and increase the importance of armies large enough to encompass the Russian land forces if they try to overrun Europe.

Faith Of Long Standing

The popular faith in air power is of long standing. As far back as 1935 Institute surveys were finding bigger majorities for building a larger air force than for building a larger army or navy.

This was less than three years after Hitler came to power in Germany. As Hitler's power expanded, American public sentiment for strengthening our air force rose steadily, until in September, 1939 the Institute was finding 91 per cent of the voters in favor of building up that part of our military strength, as compared to 80 per cent for a bigger army and navy. Yet as late as March 1940, when the Army asked Congress for money to build 1,200 new military airplanes, Congress appropriated enough money to build only 59.

The great popular appeal of the air force affects all walks of life. Persons who have had college training feel the same way about the relative position of army, navy and air arm as those who have had only high school or grade school training.

Here is the vote by educational levels:

	College	High Sch'l	Grade Sch'l
Air Force	78%	78%	70%
Army	7	6	5
Navy	3	3	6
Qualified	7	10	8
No opinion	5	5	11

HIZZONER THE MAYOR: WHITEFACE—Ralph Burt has been mayor of Whiteface for 15 months. He is manager of the Fraser Grain company's three elevators at Whiteface, Levelland and Maple. Burt was born at Childress, June 25, 1915. He received his schooling at Leonard. He came to Whiteface in 1929. Burt married Bessie West at Sudan, July 19, 1933. He has two children, Cletha Ann, 15; and, David Leon, 14. Burt's hobby when he can find the time is hunting. He estimates Whiteface now has a population of 900. A three-man council administers the city affairs. Burt is a Mason, a member of the Lions Club and Whiteface Development Club. (Staff Photo by Edward Welsh.)

Australian telephone poles will have nest boxes to stop birds from nesting on wires.

U.S. OFFICIAL KILLED

SANTIAGO, Calif., Chile, Oct. 16 (AP)—Allan Dawson, 46, counselor of the United States embassy here, fell to his death from the eighth floor of the embassy Saturday night. Police Judge Rafael Retamal said all evidence pointed to suicide. He added that Dawson left two letters but did not disclose their contents.

Organized Reserve Units To Hold Meetings In Navy Armory

Major James Samsel, Organized Reserve corps instructor for the Lubbock office, has announced the following schedule for unit ORC meetings this week:

Today — 681st Engineer company; 976th Engineer company; 4276th Replacement depot.

Tuesday—411th Transportation Truck battalion; 369th Transportation Truck company; 492nd Transportation Truck company; 851st Army Postal unit; 300th Army Postal unit; 4226th Signal company; 912th Quartermaster Depot Supply company.

Thursday—4806th General hospital; 477th Engineer Combat battalion; 329th Malaria Control detachment; 4038th Infantry division.

All the above unit meetings will be held in the Naval Reserve armory on the Texas Tech campus.

Air Force To Face Charge Of Failure

WASHINGTON, Oct. 16. (INS)—The Marine Corps Saturday prepared charges that the Air Force failed to support leatherneck landings in the Pacific and that only the Marine's own aviation prevented disaster.

These accusations will be laid before the House Armed Services committee Monday in support of the Navy's contention that the Pentagon high command is systematically slashing strength of the sea service.

Members of the House committee said that the coming week will mark the climax in its sensational hearings into the flaming Air Force-Navy feud over unification policies.

The Marine Corps spokesman will be Gen. Clifton Cates, corps commandant who led his division through some of the most bitter beachhead fighting of World War II.

Military sources outlined Cates' testimony. They said Cates will climax his remarks with a charge that Defense Secretary Johnson had prepared and was ready to sign an order which in effect would have killed Marine aviation and crippled the naval air arm.

JUDGE'S WIDOW CLAIMED

CORSICANA, Oct. 16 (AP)—Mrs. H. B. Davis, 78, widow of a judge, died last night. Her husband, the late H. B. Davis, was a former county attorney and district judge here.

TEXANS BUY RANCH
