Saturday's Primary Ends Hot Races

Sterling Speaks Here; Rallies Are Held By Both Factions

Intense Interest In Campaigns Locally

STERLING WINS PRAISE HERE

Sterling, Taylor, Guleke, Maddox, Warner, Hamner Heard At Three Rallies In Week

Three Sterling rallies in Tahoka and one at O'Donnell the latter part of last week have caused that candidate to gain votes in Lynn County; at least, they have caused interest in the governor's race to become so intense that local political observers now predict the vote will be almost as large as that of the first primary.

Friday morning, Ross S. Sterling and Judge R. E. Taylor, Henrietta, spoke from the court house steps to a large crowd considering the early hour of 8:15 o'clock. Sterling and his party including Senator Walter Woodward and half a dozen newspaper reporters ate breakfast here at 8, and the speaking followed. Other speeches of the day were at O'Donnell, Lamesa, Big Spring, Colorado, and Sweetwater.

Judge B. P. Maddox speaking briefly introduced Judge R. E. Taylor, who immediately launched an attack on Jim Ferguson whom he said took the money in one hand and showed "Ma" how to sign with the other. "It was a shame and disgrace to Texas," he said, "to have two years of Jim Ferguson being governor when the constitution had said he could not be governor. I cannot understand how anyone who knows his record as I do could endorse his actions with a vote."

"Mrs. Ferguson says if elected one of the first acts of office will be

Committee Named For Boy Scouts

At a meeting of the board of directors of the Kiwanis Club Friday morning, a general committee to supervise boy scout work in Tahoka was named, consisting of Dr. C. B. Townes, Judge C. H. Cain, and J. K. Applewhite.

Delegates to the district meeting of Kiwanians to be held in Lubbock in September were also named. In addition to G. H. Nelson, district trustee, Judge C. H. Cain and Truett Smith were selected to represent Tahoka at that meeting. W. O. Henderson and G. A. Brasfield were named as alternates.

COL. OWSLEY WAS FOR ROSS STERLING IN FIRST PRIMARY

Col. Alvin Owsley, who made a speech here Wednesday morning in behalf of Mrs. Miriam A. Ferguson, in which he unmercifully flayed and abused Ross Sterling, voted for Ross Sterling in the first primary. Col. Owsley made this admission to the editor after the speech Wednesday morning in the presence of his traveling companion, Prof. Ab. Humphries of Lubbock. As a matter of fact he not only voted for Ross Sterling but campaigned for him. "I would still be supporting Ross Sterling today if Dan Moody had not undertaken to dictate who should be governor," Col. Owsley further stated to the editor. If Sterling is the "fat old Walrus," ignoramus, hypocrite, and fraud that Owsley painted him here, why did Owsley support him in the first primary? WHY?

OWSLEY FLAYS STERLING MEN

Says Ferguson Candidate Of Masses In Address In Tahoka Wednesday Morning

The lower floor and galleries of the district court room were filled to capacity and many persons stood in the doors and hallways Wednesday to hear Bob Murray of Lubbock and Col. Alvin Owsley of Dallas flay Ross Sterling and Dan Moody and appeal to the people to vote for Jim and Ma Ferguson next Saturday.

It was a sympathetic crowd that listened and applauded at frequent intervals.

Bob Murray of Lubbock was introduced by Judge G. C. Grider and Murray himself "poured it on." Calling attention to the fact that this is a rich agricultural country, Mr. Murray pictured Mrs. Ferguson as the friend of the farmer. He severely

SHOWERS SOME HELP TO CROPS

Sections East, Northeast and Northwest Helped By Downpours Sunday

Showers over Lynn County Sunday were of some benefit to crops in some localities, farmers report.

A heavy downpour and some hail, not enough to do much damage, fell in the Morgan community, though the rain there was too late to do much good. The heaviest rain was from Wells, southwest of town, thru the Joe Bailey community and southeast of town on to Redwine and south of Grassland, over which territory from one to three inches was received. A light shower fell Saturday north of Magnolia.

Northwest of town, a good rain of from one-half to an inch and one-half was reported west of New Home in the vicinity of the Ed McManus and Sailor Williams places. A good shower also fell in the vicinity of the Caveness place six miles northwest of town.

Leafworms are reported at work in some sections, and a few farmers are poisoning.

Absentee Ballots Total 80 to 85

Approximately 80 or 85 absentee ballots will have been returned by tonight, according to Truett Smith, county clerk, which will be slightly more than was voted in the first primary when 75 were voted.

Tuesday was the last day for absentee voting and 60 had been received up until that time, but ballots in the mails which are received up until tonight will be counted under the law.

Negro Tagged Three Days Before Wedding

A Lynn county negro farmer has been wearing a large blue shipping tag pinned on his shirt for the past three days following his making application for a marriage license Monday, according to County Clerk Truett Smith.

The colored gentleman had been informed that it would be necessary for him to be tagged three days before he could marry. Taking the information literally, he procured a tag and has been wearing it about town.

Use Nail Picker On Local Roads

The state highway department nail picker is at work on the highways of Lynn county this week taking nails, tacks and all pieces of metal from the roads that might damage tires.

From Tahoka to Post on Highway 84 400 pounds of metal was picked up by the huge magnet; from Tahoka to the county line to the north on Highway 9, 550 pounds were removed. Wednesday the machine was working No. 9 to the south. After reaching Lamesa, it will be brought back to Tahoka and worked west over No. 84 to the New Mexico line, according to Monroe Wilson of San Angelo, who is operating the machine.

Kiwanians Get Fellowship Cup

J. E. Adams and K. K. Smith, members of the Muleshoe Kiwanis Club, met with the local organization, Wednesday noon to present this body with a Fellowship Cup. The cup is being presented in rotation from one club to another in West Texas, and today Truett Smith, W. S. Anglin, and possibly others have gone to Big Spring to present it to the club of that city.

The cup was started from Lubbock May 22 and already has names of these cities engraved on it: Lubbock, Childress, Wellington, Canadian, Amarillo, Vega, Tulia, Plainview, Sudan, Muleshoe, and Tahoka. Miss Charlene Maddox rendered a vocal solo at the meeting.

New Contract Signed For Local Co-Op Office

Dixie Revival Will Open Next Sunday

A Church of Christ revival will open at Dixie in the school auditorium next Sunday. Jesse Eubanks will preach and will be assisted by H. P. Cooper, Floydada, singer and preacher. The meeting will last only eight days, ending the following Sunday.

The congregation issues a cordial invitation to all the people of the community to attend the services.

E. O. Thompson To Speak Here Today

Col. Ernest O. Thompson, mayor of Amarillo, and a supporter of Clint Small in the first primary, speaks in Tahoka on the court house lawn this afternoon at 4 o'clock in the interest of Ross Sterling for governor. Music will be furnished by the Tahoka Ukulele Girls. Judge C. H. Cain, mayor of Tahoka and supporter of Jim Young in the first primary, will introduce the speaker.

Col. Thompson is a capable and forceful speaker, and said to be one of the best in this section. Besides being mayor of Amarillo, he is operator of several large hotels, is a lawyer, and advanced in the army during the world war from sergeant to colonel, making one of the outstanding records of the American army. Thompson is a self-made man rising from newsboy on the streets of Amarillo to prominence.

WHAT THE RECORD SHOWS!

During the last 29 days of Mrs. Miriam A. Ferguson's term of office as governor she issued 124 full pardons to men convicted of robbery, 127 full pardons to liquor violators, 133 full pardons to men convicted of murder and manslaughter, and 39 full pardons to men convicted of rape.

During the last three days of her term she issued 160 clemency proclamations including 35 in liquor cases, 40 in robbery cases, 22 in murder cases, and 10 in criminal assault cases.

During her term of office she pardoned many noted criminals, including two of the swindlers that fleeced Frank Norfleet of Hale Center out of \$40,000, after Norfleet had chased them from ocean to ocean, caught them and procured their conviction in the courts.

The above figures are taken from the records made by Mrs. Ferguson's secretary of state, Mrs. McCharg of Plainview, and compiled by the present secretary of state, Mrs. McCallum. They have been published from scores of platforms in Texas during the present campaign and their accuracy has never been questioned by the Fergusonans.

Up till the time that Mrs. Ferguson was elected governor, Jim had never represented a railway company in his life. He had not practiced law for many years. Yet, as soon as Ma was elected Jim was employed by some of the railways of the state as their attorney at a salary of \$10,000 per year. As soon as Ma went out of office two years later Jim lost his job as attorney for the railways. They had no further need for his services.

During the time that Mrs. Ferguson was governor, the Ferguson Forum was flooded with advertisements of road contractors. It was notorious that a contractor had little chance to get a contract unless he advertised in the Forum. Nobody knows how much money they paid for their ads.

These are some of the evils that result from giving a man the power of the governor's office without legal responsibility. Will Texas vote for a repetition of this shame?

INTEREST IN M. E. REVIVAL

Dean Breedlove Preaching Excellent Sermons Before Appreciative Audiences at Tabernacle

Good sized crowds are each evening and morning attending the Methodist revival in progress at the city tabernacle. The meeting will close next Sunday night.

Rev. Dean Breedlove, Saint Jo, is delivering some excellent messages, and Clyde Sargeant and Rev. R. T. Breedlove are leading the singing. Interest and attendance is growing with each service, the pastor reports. Prayer meetings are being held at 7:45 each evening, just preceding the preaching service.

Only incidental collections are being taken; no general collection will be made to pay the expenses of the revival.

Four new members had been added to the church roll up until Wednesday night.

TAHOKA STILL LEADS LEAGUE

Three Games Won Past Seven Days; Team Will Play at Southland This Afternoon

Another week of South Plains League baseball has gone by, and Tahoka still leads, having won three games since last Wednesday.

The latest scalp is Lubbock's. Tahoka defeated that city here Tuesday afternoon, though she came near losing the game when Lubbock tallied five runs in the eighth, the only scores she received during the game. Tahoka scored six runs. H. Wells, Larkin and Squires pitched for Tahoka, and Waller for Lubbock.

The best game of the season, however, was that with Brownfield here last Thursday afternoon when Tahoka won by a 2 to 1 score. Sunday the locals defeated Anton at Anton.

Games for the week are:

Today:
Tahoka at Southland.
Levelland at Anton.
Brownfield at Lubbock.

Sunday, August 24
Anton at Brownfield.
Tahoka at Lubbock.
Southland at Levelland.

Tuesday, August 26
Levelland at Tahoka.
Lubbock at Southland.
Brownfield at Anton.

The league standing is as follows:

	W.	L.	Pct.
Tahoka	4	0	.1000
Southland	3	1	.750
Brownfield	2	2	.500
Lubbock	1	3	.250

Legion Not Mixed In Politics—Key

"The American Legion as a whole or the Marion G. Bradley Post, or any other post does not and is not now in politics, supporting or endorsing any candidate whatever for any office," was the statement R. E. Key, local post commander, asks The News to say in refuting reports to the contrary.

"Our members vote as they please and we have at no time sponsored or given support to anyone. Our organization is non-political and non-sectarian."

Texas will have twenty and possibly twenty-one members of the House of Representatives when the 1930 census is accepted by Congress.

DECIDE THREE COUNTY RACES

Official Ballot Shown For Benefit Of Voters; Record Vote Is Expected

The second Democratic primary will be Saturday, August 23, and voters of Texas go to the polls to select a governor from a choice of two, Ross Sterling of Harris County and Miriam A. Ferguson of Travis county, leaders in a field of eleven as a result of the first primary of July 26. Five other state races and three Lynn county races will also be decided. Much interest seems to be in evidence locally in both the state and local races.

In the county races, S. W. Sanford present incumbent, and B. L. Parker of O'Donnell are seeking the office of Sheriff; T. W. Brown, O'Donnell, and A. I. Thomas, Tahoka, wish to be tax assessor, succeeding J. S. Weatherford; and Aubra M. Cade of near Wilson and L. T. (Tom) Brewer of near O'Donnell each seek the new office of tax collector, which will be separated from the sheriff's office as a result of the county's population having gone past the 10,000 mark.

Other state races to be decided are Lieutenant Governor, Attorney General, State Treasurer, Commissioner of Agriculture and State Railroad Commissioner.

The list of candidates as they will appear on the ballot at Saturday's

Sterling Is Pleased With Plains Outlook

"We are gaining ground rapidly on the Plains as a result of our campaign up here, and I am going to carry this section by a good vote," Ross Sterling told a News man while here Friday. "I deeply appreciate what you folks are doing for me up here, and I assure you I am for West Texas."

"Your crops look good in Lynn county in comparison to those I have been seeing in most of the state," he continued.

He asked a number of questions regarding the local political outlook, highway conditions, business conditions, crops, and the pink bollworm boog-a-boo. He said he favored re-compensating farmers who suffered, as a result of the worm quarantine in Dawson and other counties.

Cotton Meeting Held At Draw

Twenty-five farmers of the Draw community attended a co-operative marketing meeting at that place Monday night. Local men attending the meeting were Claude Holley, organization director, County Agent Ray Shaver, D. A. Parkhurst, J. K. Applewhite and S. R. Kemp.

The farmers expressed interest in the marketing plan and most of them said they intended to sign up marketing agreements.

School At Morgan Opened Up Monday

Morgan school opened Monday with full attendance according to County Superintendent H. P. Caveness. Mr. Caveness attended the opening exercises and he and J. N. Townsend, the principal, each made short talks.

Teachers of the school this year are besides Mr. Townsend: Misses Eloise Wilke, Margaret Killian, and Clarice Hull.

Plans For Co-Op Work Explained

Just how the new cooperative marketing system for the handling of cotton sponsored and financed by the Federal Farm Board will operate is explained in detail by Herman F. Dieterich, district organization director.

He explains that a member of the new Texas Cotton Cooperative Association, sponsored and financed by the Federal Farm Board, does not have to deliver more than every other bale up to 20 bales—or a total of 10 bales—and may deliver all his cotton if he desires.

Any member may cancel his marketing agreement after the second year.

The Association agrees to provide federally licensed and bonded graders to classify and grade members' cotton.

Members selling through the daily pool shall receive the full market price for their cotton at the time of sale.

Members delivering to the optional pool shall have the option of fixing the date and middling base price at which they wish to sell, and shall draw a substantial per centage of the estimated value of their cotton at the time of delivery.

In the seasonal pool members may draw a substantial percentage of the estimated market value of their cotton, which shall be pooled with cotton of like variety, grade and staple, and sold at such times during the year as the Association deems best, the grower in the seasonal pool receiving the average price obtained during the marketing season, final settlement to be made by July 1, of calendar year following that in which the cotton was grown.

The Association agrees to turn over to members pooling their cotton in the optional or seasonal pools the full amount received from sale of their cotton less the following costs:

1. Freight, storage, insurance and interest.
2. Handling charges not less than \$2.50 per bale nor more than 3 per cent of gross resale value of cotton delivered (for which handling charge the Association performs all services ordinarily performed by street buyers, brokers, shippers or exporters, who also include their profits in figuring out price they pay the grower.)
3. One per cent for reserves for

credit or financing, provided in no event shall more than 50 per cent of such reserve be invested in physical properties, and each member's share of such reserve shall be refunded to the members in 10 years.

When the growers in a district shall have delivered in a given season at least 100,000 bales of cotton, they may organize an independent association, affiliated with the American Cotton Cooperative Association and the Federal Farm Board, and in that event all property rights of such growers as well as reserves, shall be credited by such new association to the growers individually.

A membership fee of \$10.00 is charged new members to pay costs of organization. This is a life membership, payable only once and is deducted when settlement is made on sale of cotton.

Harley Sadler Is Coming Aug. 27th

Harley Sadler and his own Company need no introduction to the show-goers of this section. They are truly a "West Texas Institution" having played this territory for the past twelve years. Harley Sadler was raised in Jones County and his company play West Texas exclusively with the exception of some of the winter months that are spent in permanent stock in cities such as Dallas, Waco, Fort Worth, Houston, etc. Their company is acknowledged to be the biggest and best traveling organization of its kind in the world. Heretofore they have played one and two week stands through this section.

The one night stand is a new venture for this popular company. And its advent is explained in the following statement by Harley:

We are paying some five or six weeks of one night stands through our established territory, which we feel are justified by existing conditions. The towns and their trade territories that we have played regularly for the past twelve years seem to always enjoy our presence for a week. But with conditions quiet and our increased expense it would be a hardship on some to attend every night for a week. But I feel that they can afford and are entitled to attend one night if they care to do so.

We are bringing our new Tent Theatre which is the largest and most beautiful ever made. We have selected for our play a three-act comedy entitled "Toby and the Rum Runners," or "Along the Canadian Border." Not a heavy story but colorful, new and interesting together with an abundance of wholesome comedy. Among our vaudeville features are Eddie See and his Northwest Red Coat Band. Hear their street concert at 4 P. M. Ray Faulkner, "the yodeling cowboy", radio star from KFKB, Dr. Brinkley's station at Milford, Kan. You've heard him, now see him in person. Billie Mack, the world's greatest juvenile dancer. Poul Thardo, Xylophone Soloist, Bart Couch, Ethel Snow, Gilbert Lamb, Gloria Sadler and others.

For our after show we are playing Charles Harrison's comedy, "Foolish Lies." You know any Harrison play is good. The cast includes your old favorites, A. C. Hefner, Billie Sadler, Bud Nairn, Bart Couch, Cleo Neslar, Gilbert Lamb, Charlotte Lawrence, Jack Latham and others.

Remember we will be with you one night only, Wednesday, August 27th, and will be glad to give you your money's worth in the way of family entertainment.

NOTICE, PIANO PUPILS!

I will teach piano in the public schools this year. All pupils who wish to enroll for piano are asked to meet at the high school August 28, Thursday morning at 9 o'clock.

ALVIN OWSLEY FLAYS STERLING IN TALK WEDNESDAY

(Continued from first page)

criticized the Moody administration and the state highway commission, charging that it was almost impossible for West Texas people to get a hearing before the commission on highway matters. Lubbock county, he asserted, was paying a gasoline tax amounting to \$1000.00 per day and Lynn county was paying half as much, and he wanted to know what was being done with the money.

He took a whack at the newspapers. He said that every daily newspaper in Texas is supporting Sterling—"and it's because of the money," he declared. "They are swarming to Sterling like flies to molasses because it's sweet to their taste."

He also severely criticized Senator Small and Senator Pink Parrish for their support of Sterling. He closed his address by introducing Owsley.

Owsley was extremely severe in his arraignment of Sterling, Moody, Cone Johnson, W. R. Ely, Senator Woodward and others. He opened with a reference to the gallant fight made against the corporations by Jim Hogg many years ago and he contended that Jim Ferguson is making the same kind of a fight to—"This is a contest in which there is a woman on one side with plenty of brains and no money and a man on the other side with plenty of money and no brains," he declared.

He repeatedly referred to Sterling as a "big old fat warus" and an ignoramus.

"I do not know who will go down in history as the greatest governor Texas ever had but I do know that that simion-headed idiot down at Austin, Dan Moody, will go down in history as the smallest, littlest, rottenest scamp that Texas ever had for Governor," he said.

One of his charges was that Ross Sterling had at one time been engaged in the whiskey business, claiming that the Dayton Mercantile Company in which Sterling was a stockholder and director, had paid \$11,000 in taxes, as a liquor dealer, to the state of Texas between the years of 1910 and 1913 inclusive.

He defended Mrs. Ferguson's action in commuting the death penalty in the Langhorn case to life imprisonment on the grounds that Langhorn was a half idiot drunk on bootleg liquor at the time he committed the murder. He further claimed that Mrs. Ferguson had been out of office five months when Jim Ferguson became connected with the assault case, a companion case to the one in which Langhorn's death sentence had been commuted. He denounced the circulars that had been distributed purporting to give the facts in this case as a dirty, villainous, lewd, untruthful instrument that no decent printing shop would print.

Like Murray, Owsley charged that the support of the newspapers of Texas had been bought by Sterling's gold. An advertisement had been sent to the 700 newspapers of Texas during the first campaign, Owsley charged, accompanied by a check in each case, asking for editorial support and stating that if the check enclosed was not sufficient to pay for the advertisement the additional money would be forthcoming. He deduced from the facts as he stated them that the entire press of Texas had been bought. In this connection he mentioned the newspaper man present as one who had received one of these checks.

Following the speaking many grasped the hands of the two speakers and assured them of their support of the Fergusons on next Saturday.

GIVES REPORT ON TRIP TO COLLEGE STATION

THOUSANDS OF BALES OF COTTON GOING THRU CO-OP

DALLAS, August 20.—The declining cotton market has turned thousands of bales into the pools of the Texas Cotton Co-operative Association this week from farmers who are unwilling to sell at present levels. The association has handled several hundred per cent more cotton to date than was ever before handled in the same period by a co-operative marketing association.

Eighty per cent or more is being advanced against the present value of cotton. In addition to low interest, insurance and warehouse charges, the association pool gives an opportunity for the cotton grower to realize 100 per cent on his investment upon a two-cent market advance. Association officials point out that if five bales are placed in the pools, with a value on today's market of \$250.00 and the owner receives \$200.00 at once, he has invested \$50.00 in the pool. For each two-cent advance, his profit will be \$50, that is \$10.00 on each of his five bales, and 100 per cent on his investment.

At the same time, the producer who goes into the pool is joining with thousands of his fellow cotton growers to concentrate a huge volume of cotton in the hands of the American Cotton Cooperative Association, to be marketed as the association with the advice of the Farm Board finds most advisable—the American association being the national organization through which the Texas association and eleven other cotton cooperatives are selling, under the Farm Board's supervision.

Texas has approximately 14.3 per cent of the population of the sixteen Southern states, including District of Columbia.

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their congested digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. CONSTIPATION ILLS

Black-Draught Praised By Illinois Woman Who Tells of Its Many Uses in Her Home.

Cairo, Ill.—"I have used Black-Draught in my home for fifteen years, and it is a splendid medicine," writes Mrs. Bernice Brack, of 230 Thirty-second Street, this city. "Sometimes I am subject to colds and constipation, and I find it to be the finest thing for this."

"My mother used Theoford's Black-Draught in her home for years, and it was there that I began taking it. She thought it was so good that she had me to use it, and I have never found any medicine that would take its place satisfactorily."

"I find Black-Draught fine for sour stomach and gas. A few doses taken for several nights rid the system of poison due to constipation and it makes me feel like a new person. I try to keep Black-Draught always on hand, and I treat all small illnesses with it. I can certainly recommend it for I have found it very good and dependable."

After the very hot days of last week, Sunday ended with a very nice shower, which cooled the air very much. It is hoped that it will put new life into the crops.

Central

We are still having very dry weather in this part of the county.

The B. Y. P. U. zone meeting was held at Central Sunday afternoon.

Representatives from Tahoka, Wilson and Central were present.

A party was given in the Tommer-son home Saturday night in honor of Jim Dunham who has recently returned from Oklahoma.

Mrs. W. G. Briley spent last week with Mrs. B. J. Emanuel, and also visited many friends during the week. Mr. Emanuel and Mr. Briley rushed to the lake side for some poor drouth-stricken fish back east. We believe they will rescue some of them.

Mr. and Mrs. W. D. Fleming of this community are spending a few weeks in Oklahoma having gone there for Mr. Fleming's health. We hope he will return greatly improved.

Mr. and Mrs. C. C. Jones and family are visiting in Cross Plains. They will return the last of this week.

There was a Baptizing Sunday evening at E. A. Thomas' for the candidates who joined the church during the meeting.

Martin Wheeler returned last week from East Texas bringing with him his bride. We wish to extend to these young folks our hearty congratulations.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Lynn County, greeting:

You are hereby commanded to summon Nasaria Perez Ramirez by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the fourth Monday in September, A. D. 1930, the same being the 22nd day of September, A. D. 1930, then and there to answer a petition filed in said Court on the 15th day of January A. D. 1930, in a suit, numbered on the docket of said Court as No. 820, wherein Marto Ramirez is Plaintiff and Nasaria Perez Ramirez is defendant and said petition alleging that on or about the 25th day of February, A. D. 1921, plaintiff was lawfully married to defendant, that they lived together as husband and wife until on or about the 10th day of July, 1928, at which time she, the defendant, left the home of Plaintiff for the purpose of living in adultery with another man; that defendant did leave the home of plaintiff and did and is now living in adultery with another man, to-wit, Francisco Claderon; that she has continued to so live in adultery since the day she left the home of plaintiff; wherefore plaintiff alleges the defendant's conduct and actions toward him generally are of such a nature as to render their further living together as husband and wife insupportable; that the defendant be cited to appear and answer herein and for a decree of this court dissolving the marital relations existing between plaintiff and defendant.

Herein Fall Not, and have you before said Court, at its foresaid next regular term, this writ with your return thereon, showing how you have executed the same.

REUNION WELL ATTENDED

The Burleson and Milam county reunion was held Sunday, August 17, at Mr. Fritz Speckman's home in the New Home Community.

There were forty-three families represented with a total of one hundred and twenty-eight present.

Last year at the reunion there were only fifty present.

Mr. Morgan Dickerson of Lubbock furnished a beef barbecue and the ladies furnished all the rest of the dinner.

It was a very happy and enjoyable meeting, as old friends met that had not see each other for many years, and olden times was the main subject for the day.

The reunion has grown so much in the last year it was decided to have it at Two Draw next year.

There were people present from Davidson, Okla., Tatum, New Mexico, Houston, Texas, Milano, Texas, Brownfield, Lubbock, Tahoka, Draw, El Paso, Abertnathy, Meadow, Wilson and Amherst.

CARD OF THANKS

We wish to sincerely thank the fire boys for their prompt and efficient work when our home was almost destroyed by fire a few days ago.

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

Texas will probably be divided into
new congressional districts next
year. It seems probable that the
18th district will be divided and
that Lubbock will be made the center
of a district of its own. In that
event a number of Lubbock gentle-
men will doubtless aspire to repre-
sent the new district in Washington,
and Lubbock has an abundance of
good material. There are Senator
Bledsoe, Senator Pink Parrish, Judge
Clark Mullican, Judge E. L. Kett,
Hon. Tom Garrard, Judge G. E.
Lackhart and others who could repre-
sent the new district ably. There
will probably be others in the new
district who will also have Congres-
sional aspirations. There will prob-
ably be much sparring for advantage
in this prospective contest in the
months soon to come. The boom of
the cannon in the present governa-
torial fight will hardly have died
away until we may expect to hear
the cracking of the skirmish guns in
this prospective scrap for a Congres-
sional seat. It's got so it's just one
thing after another in this country.

Clint Small was to speak in Waco
Wednesday night for Sterling. Jim
Young is making no speeches but
has announced that he will vote for
Sterling. Immediately after the re-
sult of the first primary became
known, Tom Love announced that
he would support Sterling—and he
has been doing so. Barry Miller has
indicated that he will vote for Ma.
It is believed that Earle Mayfield
will also vote for Mrs. Ferguson, al-
though most of his supporters are
for Sterling. Soapy Moody has not
been heard from. He seems to have
run out of soap.

**Relief From Curse
Of Constipation**

A Battle Creek physician says:
"Constipation is responsible for
more misery than any other cause."
But immediate relief has been
found. A tablet called Rexall Order-
lies has been discovered. This tablet
attracts water from the system into
the lazy, dry, evacuating bowel
called the colon. The water loosens
the dry food waste and causes a
gentle, thorough, natural movement
without forming a habit or ever in-
creasing the dose.
Stop suffering from constipation.

Regardless of the result next Sat-
urday, there will probably be much
discussion of our primary election
laws in the next legislature. Many
changes will doubtless be proposed.
There are those who will seek to
give the party executive committee
more power in determining who shall
participate in the party primaries.
There are those who will want to
eliminate the party pledge on the bal-
lot altogether. There are those who
will want to abolish the run-off pri-
mary, and some may want to abol-
ish the primary election system al-
together and return to the old con-
vention system. A strong effort will
probably be made to substitute for
the present system some form of
preferential primary, whereby only
one election will be held but the vot-
er will be allowed to express his
first and second choice. Some states
have this system. We would like to
see it tried out in Texas. We are in-
clined to believe that it would be
more satisfactory than the present
system. At any rate it would save
the expense of a second primary and
the heat of a second campaign. Our
primary election laws will receive
much attention, no doubt, in the next
legislature, but there will probably
be so many and so diverse views that
it is very doubtful if any important
changes are made.

The law provides for a redistrict-
ing of the State into representative
and senatorial districts following
each decennial census. If the next
legislature re-districts the state as
the law provides, West Texas will
gain several representatives in the
lower house and a few in the Senate.
The nine counties comprising the
present 119th district for instance,
have more than sufficient popula-
tion to entitle them to two repre-
sentatives in the legislature instead
of only one under the present ap-
portionment. Lubbock county alone
has almost sufficient population to
entitle it to one representative.
West Texas should demand that this
new apportionment be made prompt-
ly, so as to give it the representa-
tion in the legislature during the
next decennium to which it is en-
titled.

Next Saturday will close one of
the most hectic political campaigns in
the history of the state. It is to be
hoped that the result of the election
will be such as to insure us a cessa-
tion of the turmoil in which the state
has been embroiled for the past sev-
eral years. It is our opinion that
Sterling will be nominated by a ma-
jority of 75,000 to 100,000 votes,
and possibly by a larger majority than
that. If so, the Fergusons should
be convinced that they can never
win another election in Texas and
should disappear from the picture.
But discord and turmoil will never
be eliminated until "Fergusonism"
in Texas is thoroughly defeated and
discredited.

They say the state road bond is-
sue is dead. It is a cinch that the
people of Lynn County will never
bond their homes and their farms to
build state highways. Then how can
we hope to ever have No. 9 and No.
84 paved through Lynn County?
There is only one way that we can
figure out. That is for the State to
make the gasoline tax high enough
to enable it to finish paving the
state highways. This will be a long,
slow process, but it seems to be the
best in sight.

Yes, this has been another bone-
dry summer. Nothing but a few
scattering showers have fallen in
more than two months. Crops have
suffered terribly, of course. But
we are going to make some feed and
cotton anyway. Lynn County is
good for 30,000 or 35,000 bales of
cotton without another drop of rain.
The indications are that the entire
American crop will be short. If so,
there ought to be an advance in the
price. It's not going to be so bad
in the fall, folks, after all.

The News editor this week received
a card from Tom Connolly mailed
in London, England, where he has
been attending the Inter-parliamentary
Union. On the reverse side of the
card is a picture of a London
business district and none of the
buildings appears to be more than
four or five stories tall. There are
no skyscrapers. Even the Hub of
the South Plains makes a better
showing.

**WHAT OTHERS
THINK**

**GEORGE WASHINGTON AND
ROSS STERLING**

Washington was the richest man in
America when he was made our First
President. He was still the richest
when he left office. He was still
the richest when he died.
No rich man ever grafted in public
office so far as we can recall.
When Ross Sterling became
wealthy, he turned his face away
from dollar-making. The heart of
the farmer boy flamed with ambi-
tion in the successful man of fifty-
five. For him there is no more need
for money. But the memory of the
farm fireside will never fade. Today
Ross Sterling holds in his heart the
vision of the orphan lad at his moth-
er's fireside on the farm; he sees
from there the mountain peak up
there in the Governor's chair.

As he now faces the throbbing
hope of the farmer boy up there
serving his people the holiest hour of
his life is upon him.
He needs no money from graft. He
hopes and prays and his heart throbs
in the love of his boyhood days for
the farmer boy like he was. His
plan is to lift tax burdens from farm-
ers. He says it is wrong to burden
land owners with bond issues in
their counties to help build state and
national highways. He says gasoline
should pay this bill. No other can-
didate makes that righteous result a
certainty. He favors taxing oil, sul-
phur and natural resources to relieve
the farmers burden.

Ross Sterling never got rich out of
striking oil suddenly. Those who op-
pose him and are ignorant of the
facts, or careless of what they say,
make any such claim. He won his
way to wealth over many years as an
honest, hard working business man
of great ability.

Why not turn from lawyers and
politicians who never quit running
for office, just for once and have a
real business man for Governor.

Ross Sterling is our first chance
to get the heart of a farmer boy in
the breast of a great business man
to serve our great state.—Gua-
dalupe Gazette.

The July number of "West Texas
Today" official publication of the
West Texas Chamber of Commerce,
is dedicated to "vacationland," and
a large part of the magazine is de-
voted to alluring descriptions of vaca-
tion spots and scenic beauties
found within the borders of West
Texas. Travelers unfamiliar with
West Texas are always surprised to
find beauty and grandeur, as well as
cooling breezes, among the Davis
Mountains. It is always with some-
thing of a shock that they learn that
the altitude of Alpine is higher than
that of Colorado Springs, and simi-
lar revelations continue as they ex-
plore the mountain region, the Santa
Helena Canyon, and other interest-
ing and beautiful spots in this rug-
ged section. To the person who likes
to combine the zest of exploration
and the educational possibilities of
new scenes with a vacation rest,
Texas offers a tantalizing prospect.
Several summers could be spent pro-
fitably and pleasantly in getting ac-
quainted with the various sections of
the State.—Graham Leader.

**JIM FERGUSON IS ALWAYS
THAT WAY**

Hon. Riley Strickland of Amarillo
contributed one of the most enlight-
ening episodes to the governor's race
in a letter to the people the first of
the week, when he showed the utter
lack of sincerity of Jim Ferguson
about any matter—where financial
gain is considered.

Here it is: "As a further evidence
that he is never sincere in his plat-
forms, you will recall how he went
about over Texas "cussing" the Ku
Klux Klan, in 1924, up until the last
Saturday of August. He told the
people of Texas how unreliable any

person was who had ever had any
connection with the Klan. In less
than three weeks after the second
primary, when the Executive Com-
mittee assembled at Houston to se-
lect a candidate to place on the bal-
lot for Railroad Commissioner, to
fill the vacancy of Dr. Splawn, Jim
championed the cause of the man at
Fort Worth, from whom he had
therefore borrowed \$9,500 and who
was an admitted Klansman. In an-
swer to the protest by the anti-klan
committees, Ferguson retorted that
"You can't blame a man for
joining the Klan if he does it to get
contracts." Ferguson's idea of either
principal or government is that,
so long as you can make money by
changing your position, or denounc-
ing the principals that you had
espoused, that it is perfectly excus-
able."

The majority of Clint Small sup-
porters in the Panhandle will vote
for Sterling. A more accurate state-
ment would be to say that they are
voting against Ferguson. The Pan-
handle was dealt a blow when Sen-
ator Small lost out, but this section
will not be a party to electing Mrs.
Ferguson and letting Jim Ferguson
run the office. It is an even worse
condition than the election of Jim
Ferguson himself. With his wife in
office he is outside the law. If he
were governor he could not accept
fees for seeking pardons. With his
wife governor he has free rein, and
the law can't touch him.
Some counties in the South Plains
and in the east Panhandle are strong
for Ferguson, or rather they have
been, but sentiment is changing rap-
idly. Potter county will probably go
3 to 1 for Sterling, and the Panhan-
dle as a whole will give him a heavy
majority.—Amarillo News.

Ross Sterling is not a politician
and has never before made a cam-
paign for office, but he has made a
success of his own business and we
believe that as big an institution as
Texas needs a man at the head of its
affairs, who is capable, efficient and
honest. A good many people will
vote against Sterling because he is
rich, but some of the best governors
Texas ever had were considered rich
men in their time. Jim Hogg, Tom
Campbell and Chas. Culberson were
wealthy men.—Haskell Free Press.

Certified Test No. 2268
Summary of Results**

It should be understood that state-
ments made herein are applicable only
to tests made under the supervision of
the American Automobile Association
Contest Board between September 6
and October 5, 1929, with the Pike's
Peak Automobile Highway and Colo-
rado Springs and Colhan Road, and
the conditions stated, except in so far
as the legitimate inferences might be
extended.

In consideration of the readings, progress
reports, calculations, analyses and
general data submitted and arranged
by the official representatives of the
Contest Board, and in further con-
sideration of the strict compliance of
the participants with the various regu-
lations, we do certify to the state-
ments made herein.

Between September 6 and October 5, 1929, three popular nationally
known brands of motor oil were tested side by side with CONOCO
Germ-Processed oil on Pike's Peak under the supervision of the
American Automobile Association Contest Board.

The Board's findings have been expressed briefly in the "fourteen
points" below.

- 1 That the test procedure was followed accurately and that no deviation therefrom occurred which might seriously affect the soundness of any conclusions based upon the data;
- 2 That a reduction in the rate of wear occurring during the use of CONOCO Germ-Processed Motor Oil over that occurring with the other oils used to the extent of 76.4 per cent was shown during these tests;
- 3 That greater stability of the subject oil during these tests was shown by records of examination of drained oils being nearer the vicinity of the original or fresh oil and by chemical tests of drained oils with the fresh oils;
- 4 That frictional temperatures occurring during the use of the subject oil were lower than temperatures occurring during the use of the comparables;
- 5 That higher compression pressures were obtained with the use of the subject oil during these tests than with the use of other oils. It would be directly inferred that this was caused by better ring seal;
- 6 That using the subject oil and during each test, greater gasoline mileage for economy was obtained than during the use of the comparables;
- 7 That less oil consumption as shown by the records of these tests occurred with the use of the subject oil;
- 8 That carbon deposits collected from the combustion chambers and cylinder heads and weighed by the official chemist were shown by the records of the test to be less after the use of the subject oil than after the use of the comparables;
- 9 That the subject oil showed a reduction in the case of crank-case dilution during these tests;
- 10 That during these tests the subject oil showed improved compression pressure, decreased rate of crank-case dilution and decreased gasoline consumption, indicating an improved ring seal;
- 11 That a reduction in the operating fuel and oil cost occurring during these tests with the use of the subject oil is substantiated by the records;
- 12 That with the use of the subject oil there occurred less deviation from cycle to cycle in compression pressure at starting speeds (as shown by the records) would indicate that improved compression at higher speeds might have occurred during these tests;
- 13 That the reduction in the rate of wear occurring during these tests with the use of the subject oil as shown by the records would indicate a longer motor life;
- 14 That while there is no reason to suppose that results similar to those of this test would not show under other conditions, it is important that references to these findings be accompanied by the statement that, in so far as the report is concerned, they cannot, as conclusions, be extended generally. However, the inference that they might be so is reasonable and rational, although not conclusive.

IT'S WISE TO CHOOSE A SIX

Announcing a new production record

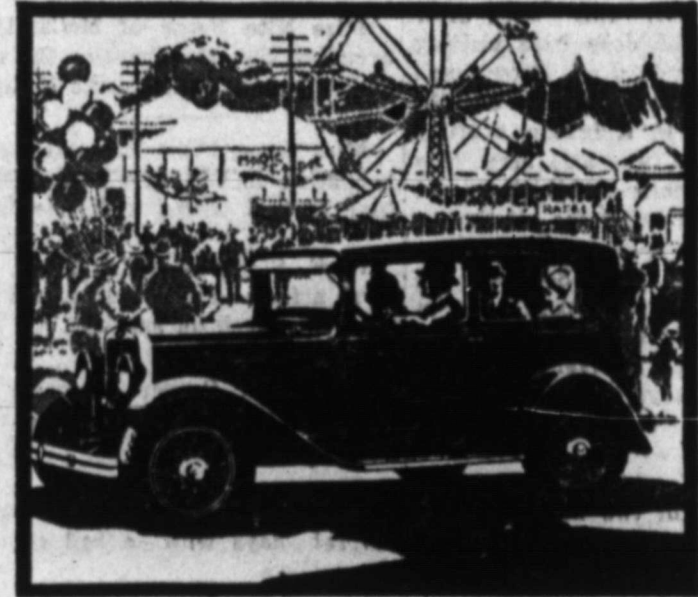

2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder valve-in-head engine—the greater comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil,

tire and upkeep economy is unsurpassed. And any model can be bought for a small down payment and easy monthly terms! Come in today. Learn for yourself why two million buyers have agreed—"it's wise to choose a Six."

E. H. Boullion reports that while his brother John of Arkadelphia, Arkansas, was here visiting last week he received a telegram that the entire block in which his place of business was situated had been wiped out by fire. Mr. Boullion, like his brother here, was in the market and grocery business and had just installed a lot of new equipment on which he had not taken out insurance. Hard luck. He left for home Friday.

Dr. and Mrs. K. R. Durham had as their guests last week Mr. and Mrs. J. S. Hutchison of Shreveport, La., parents of Mrs. Durham; Mr. and Mrs. W. P. Hutchison, Shreveport, the former a brother; James Hutchison, Porto Rico, brother; and Margaret Hutchison, Little Rock, Ark., sister. R. B. Davis, county agent of Terry County for the past three years and superintendent of the Panhandle-Plains Dairy Show for two years, has resigned his post in our neighboring county to accept a similar one in Hale county. He succeeds R. M. Millhollin, who becomes a member of the faculty of Texas A. & M.

Holley Knighton and family of Walsh, Colo., left this week after spending several days here visiting the former's uncle, J. E. Ketner, and also Walter May and family of Wilson. Mrs. W. D. Knighton, a sister of Mr. Ketner's, was also here. The Knightons formerly resided here and are well known to all the old-timers.

Mr. and Mrs. J. P. Seroyer and family left Sunday for their home in Cleburne after visiting here several days with Mr. Seroyer's mother, Mrs. A. B. Seroyer, and other relatives.

Uris Howard, who has been working near here for two weeks returned to his home at Crosbyton Tuesday.

Thos. H. Speight, manager of the Jones Dry Goods store left Sunday for St. Louis, where he met with other managers to buy goods for the fall and winter. He will be gone ten days or two weeks.

Mr. and Mrs. Otho Thomas and Mr. and Mrs. R. H. Collier and son of Post left last Thursday for Ruidosa resort in New Mexico. They will return the latter part of the month.

A marriage license was issued Monday by County Clerk Truett Smith to E. E. Hancock, formerly of New Home, and Miss Flake Steger of Dallas.

F. E. McGonagill and family of Fort Worth visited the family of his brother, A. R. McGonagill east of Tahoka and his sister, Mrs. J. B. Miles, O'Donnell, last week.

Mrs. J. H. Colleenback returned Sunday morning from a two weeks visit with her daughter, Mrs. Andy Anderson of Abilene, Texas.

The C. L. Taylor, D. R. Cook and Jim Marvin families went on a fishing trip to Justiceburg the middle of last week.

Mrs. W. G. Eriley of Abilene and Mrs. J. B. Emanuel of the Central community visited the C. L. Taylor family Friday.

Mrs. Solena Stevenson of Dallas, left for her home Friday after a few days visit with J. E. Ketner and family.

Mrs. John Berry of Draw underwent a major operation in the Lubbock Sanitarium Saturday morning.

Miss Nita Kemp of McCaulley is spending the week here as the guest of her cousin, Miss Lucille Kemp.

WHAT DO YOU GET FOR YOUR MONEY?

One man working for \$7 a day can put up a cheap job on a building; while another man working for the same pay can put up the building quicker and more substantially—that's the difference in the men.

One grade of building material may be used on the job and will last for many years; OUR grade will enable the builder to do a better job quicker, will finish better, will last longer—that's the difference in materials.

Which is the cheaper?

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at THOMAS BROS. DRUG CO.

OUR ANSWER TO OWSLEY!

Col. Alvin Owsley, in his speech here Wednesday morning, charged that Ross Sterling had bought the support and influence of the 700 newspapers of Texas.

He recited how that advertising matter had been sent to the newspapers through Sam P. Harber, accompanied by a check and with the request or suggestion for editorial support.

He deliberately sought to leave the impression that The Lynn County News had thus been paid for its support.

We wish to tell the public, as emphatically as we know how, that the News has not received one cent for its support of Ross Sterling. No check, cash, or other thing of value has ever been paid to The News, its editor, or any one connected with the paper, by Ross Sterling, his campaign headquarters, or Sam P. Harber, either for political advertising, editorial support, or any other purpose.

We have been paid by the local Sterling committee for printing some circulars, just as we have been paid by local Ferguson supporters for printing circulars advertising Owsley's speaking appointment.

The advertisement which Owsley talked about and of which he made such a bugaboo was not sent to the News. We ran a Sterling ad last week chargeable to the local Sterling Club but neither Ross Sterling nor his campaign headquarters knew anything about it and had nothing to do with it. If Sam P. Harber had sent us the Sterling ad that Owsley snorted about we would have run it as any other advertisement and would have accepted the check to pay for it, just as we are running several paid political advertisements this week. On July 24, we ran a paid political advertisement for Marvin Jones, candidate for Congress; but who is base enough or fool enough to charge that Marvin Jones was trying to buy our political influence? On July 17 we ran a paid political advertisement for a county candidate; but what pusillanimous scoundrel would charge that he was trying to buy the support of this paper?

Yet Alvin Owsley deliberately and willfully tried to leave the impression on a large crowd of honest men and women that the support of the Lynn County News and the 700 other newspapers of Texas had been bought by Ross Sterling.

Any charge by Alvin Owsley or other person that the support of this newspaper has ever been bought by Ross Sterling or any other person is a dirty, malicious lie.

Any person who would make such a charge, by insinuation or otherwise, not knowing it to be true, is an infamous, cowardly cur.

We are sending a copy of this paper to Alvin Owsley, but for fear that it might not reach him we suggest that some of his friends here send him marked copies.

75 PER CENT OF COTTON CO. FARMERS JOIN CO-OP

PADUCAH, August 20.—Indications are that 75 per cent of the cotton grown in Cottle County will be marketed this season through the Texas Cotton Cooperative Association. Nearly all of the large farmers already have signed marketing agreements, including the McCain Brothers who have 2400 acres in cotton. They intend putting their cotton through the new Federal Farm Board cooperative marketing system.

At community meetings in Cottle County, the average sign-up of marketing agreements is around 80 per cent, it was reported to Herman F. Dieterich, district organization director.

Konjola Ends Neuritis And Stomach Pains

Grateful Man Eager To Endorse Famed Medicine That Did So Much For Him

MR. W. T. BRYANT

"Konjola is the best medicine ever made," said Mr. W. T. Bryant, 1009 Morrell street, Oak Cliff, near Dallas. "Neuritis became so severe in my legs that I could scarcely walk. There was a constant aching in my back and shoulders. I could never get a perfect night's rest. My bowels were irregular and I was constantly taking cathartics. I always had a sour stomach, frequent accumulations of gas and severe headaches. My vitality was at a low ebb, and I felt miserable."

"After giving Konjola a trial I am like a different man. Konjola restored my organs to normal condition and they now function perfectly. I am no longer bothered with indigestion or constipation. The neuritis pains have completely left me and my entire system is in good condition. Konjola deserves all the praise it gets—and more."

When taken for six to eight weeks, the new and different medicine, will work wonders that will astonish those who suffer from the stubborn ills of the stomach, liver, kidneys and bowels and of rheumatism, neuritis, and nervousness.

Konjola is sold in Tahoka at the Tahoka Drug Store and by all the best druggists in all towns throughout this entire section.

Just Three Things of the Light and Power Industry—

LIGHT AND POWER AT REASONABLE COST
DEPENDABLE SERVICE
AVAILABLE SERVICE

The history of the industry for the past twenty years is a record of steady reduction in rates to its customers. Today the electrical dollar is the only commodity dollar that will buy more than it did in 1914.

The dependability of the service throughout the United States hardly requires discussion. If service is cut off for even a few minutes it is so unusual it becomes front-page news.

Electric service is available in every city, town and village, and in almost every hamlet, as well as on six hundred thousand farms throughout the country.

"To serve the public well and truly" has been the sole aim of the industry.

THREE STERLING RALLIES HELD IN TAHOKA IN WEEK

(Continued from first page)

the pardoning of 2,000 convicts as rapidly as the necessary courses may be followed. I want to tell you what the Ferguson's endorse." Then he said that they had pardoned some of the worst criminals the state had had. The famous Langhorn and Collier cases were cited.

Taylor said the records at Austin showed that during the last 29 days of Mrs. Ferguson's administration she pardoned 124 robbers, 127 liquor law violators, 133 murderers, and 30 rapists. During the last three days she pardoned 160 prisoners, 35 liquor violators, 40 robbers, 22 murderers and 10 rapist.

Ross Sterling, though weary from making five to eight talks daily for the past ten days, made a thirty minute talk that awakened many to believe he was a highly capable man.

He told of his early life of hardships, difficulties in getting an education and of his rise from a day laborer through farming, shipping, postmaster, produce house operator, banker, and oil man.

"There's no longer an issue in this campaign" he said. "It's just a question of whether we would have honesty in government or Fergusonism—a man hiding behind the skirts of his wife."

"You have been told that I am a very rich man. I have heard it so much that I have begun to believe it. I am a rich man—rich in the number of Texas friends I possess. Jim tells a story about my home with 22 bathtubs and 21 pianos. I will tell you about that home. I own a very nice home and I paid for it, every cent with my own money. And, let me say right here I know the difference between my own money and somebody else's, and when I am elected governor Ross Sterling will know the difference between his own money and the State's; that's more than Jim Ferguson knows. My wife and I have a room and it has an adjoining bathroom; I have five children and have a room for each when they are at home; my wife's sister has a room; and we have two guest rooms, but wish we had more for our many friends who visit us. We have a piano, also, but I do not know a note of music; however, we like for our friends to play it when they come to see us. As far as that is concerned, they tell me Jim Ferguson has a mighty fine home down at Austin that cost something like \$100,000. Down there they call it the house of pardons. I don't know how many baths Jim has. If he were to live a thousand years and had a hundred bathtubs and a dipping vat he wouldn't have enough to make old Jim Ferguson clean."

He said his road bond plan had been grossly misrepresented. "I believe in making those who use the roads pay for them. My bond plan would take the tax for building roads off of farms and livestock and business property and place it entirely on gasoline. I would not favor any plan that would take a penny away from the schools of Texas." He said when the present commission took the highway department there was \$600,000 in the treasury, but the Ferguson administration had left the department six million dollars in debt. This debt has been paid, and \$100,000,000 worth of new roads built. Federal aid, cut off by the government during the Ferguson regime, was immediately restored. For the same type of road which Ferguson paid 30c per square foot, the present highway commission is paying 7c.

"I favor education," he said. "If I had my way about it every boy and girl in Texas would get a high school and college education. I favor better support for our institutions for unfortunates and for the state tubercular sanatorium. I favor a dollar tax on sulphur. I am a friend of the laboring man, the farmer, and the stockman; having been in all these positions myself, I fully realize their problems. I pledge myself to give serious study to the penitentiary question and promise to better conditions down there."

GULEKE AND MADDOX SPEAK

Saturday afternoon a crowd of six or seven hundred attended a Sterling rally on the west side of the court house. The Tahoka ukulele girls, composed of Misses Lucille Slaton, Lolabelle Edwards, Juarene Edwards, Fern Aycox, Elsie Woosley, and Snobbie Maddox, rendered several numbers as an opener to the program.

Judge B. P. Maddox, who was a member of the legislature during Jim Ferguson's first term of office, gave first hand information and recited facts of record in the state archives regarding the impeachment of the former governor. He recalled that in Jim's first campaign that he, Jim Ferguson, was a retired wealthy business man and banker and that he had \$30,000 he did not know what else to do with other than run for governor. He also announced, Mad-

dox said, his slogan as being "My pocket book is my principles." In the impeachment proceedings, it was shown that at the time Ferguson was making these statements he was almost broke and in fact the \$30,000 had been contributed to his campaign by the liquor traffic. He also recalled the famous "chicken salad" case, a matter of record, showing that Ferguson used thousands of dollars of the people's money for groceries, and other household necessities. He recalled the fact that Jim transferred \$101,000 of the Canyon Normal school fund from banks where it was drawing from 4 1/2 to 6 percent interest, and that when pressed for these funds, other state funds were transferred to the bank to take their place. He recalled that testimony showed Ferguson owed his bank the amount of \$161,200, when the law stated that no person could owe more than 30 per cent of its capital stock, and the capital stock was \$125,000; and said Jim lagged at the law because the legislature had failed to place a penalty for such a violation. He told of the Federal government investigation which showed that six Texas brewers had each contributed \$25,000 to Ferguson.

Judge Maddox also vigorously attacked the pardon record of the Ferguson's, citing several noted cases. James O. Guleke, prominent Amarillo attorney, one of the regents of the Texas State Teachers Colleges, was next introduced and made a stirring appeal for all voters to go to the polls next Saturday. He said the question of whether or not the Ferguson's would be re-elected depended on whether the people go to the polls. "A majority of the people are against Fergusonism, and they cannot be elected if you vote," he said. "But if you do not vote Jim Ferguson is going to be governor behind his wife's skirts." Guleke was a supporter of Barry Miller in the first primary.

He portrayed Ross Sterling as a man of fine moral character against whom no candidate had been able to cast reflection in this respect and as a philanthropist who had a vision of great benefit he could be to Texas if sent to the chief executive's chair. He said he did not favor Sterling's

road bond plan and never would favor state bonds, but that the bond issue was not a question since this would first have to be decided on by the legislature by a two-thirds majority and then by the people. On the other hand, he said the Ferguson's by their official record had proven themselves thoroughly unqualified as governors due to their many irregularities, graft and dishonest acts, practically all of which could be evaded under the laws. He said he was trying to raise his three small children to be honest, upright, Christian citizens and a vote for Ferguson would revoke these principles of right and wrong which he had been endeavoring to teach them.

Guleke said he voted for Mrs. Ferguson when she ran on her vindication platform believing that the Ferguson's really wanted to erase the blotch from their family name; but their second term in office had removed all doubt as to their honesty. The other Sterling rally of last week was when Mrs. Phebe K. Warner and Miss Laura V. Hamner talked to a group in the district court room resulting in the organization of a women's Sterling Club with Mrs. R. W. Fenton as chairman and Mrs. J. B. Walker as secretary.

NEW CONTRACT SIGNED FOR TAHOKA CO-OP BRANCH

of business. The office will be in operation under the new contract on September 1, and will close March 1, unless business justifies running longer in the spring; whereas under the other contract the office would have remained open the entire year. However if 15,000 bales of cotton are marketed through the local office, it will be made a branch office without a guarantee of \$7,500 as was first contemplated. Therefore, the new contract greatly lightens the burden on local business men underwriting the office and farmers may still receive all the marketing services.

Under the new contract the local office gets credit of 40c for every bale marketed through the office or its receiving agents, \$2.00 credit for each membership agreement, and 25c

per bale for all cotton graded for non-members. Since the guarantee is \$3000 instead of \$7,500, 6,000 or less bales will have to be marketed thru the Association instead of 12,000 or 15,000.

Herman Deiterich of the District office at Lubbock says that a government licensed classifier and such assistants as are necessary will be placed in Tahoka.

Dumas—\$250,000 road bond issue and \$150,000 voted for new courthouse by Moore County.

Spearmen—Effort being made here to secure airport to meet government requirements.

TO THE VOTERS OF LYNN COUNTY:

We, the friends of S. W. SANFORD, are hereby calling on you to go to the polls on Saturday and vote for him for SHERIFF OF LYNN COUNTY.

We believe that in so voting you will vote for a continuation of good government and as a means of preventing bootlegging and crime in Lynn county and are voting for a clean administration.

Mr. Sanford is not and has never been friendly to or allied with the bootlegging interests. He has first, in discharging the duties of his office, obeyed the laws of his country himself.

There have been many falsehoods circulated as political propaganda designed to discredit him among the voters and to bring his administration into disrepute.

Some of the Falsehoods Stated

1. That Mr. Sanford has refused to serve a warrant which he has in his possession. He had no warrant for this man until Tuesday night, August 19, and it will be served at the first opportunity.

2. That a few of the defeated candidates claim a double cross by Mr. Sanford in the last primary. This is untrue as no man will say that Mr. Sanford used his influence against any certain candidate in the last primary. This is all hearsay propaganda.

3. We state that his son has been acting as deputy constable, which is a matter of record.

4. That he is dilatory in the performance of his duties. As a matter of fact there have been more arrests and convictions during his administration than any four years prior to it.

We believe that according to democratic principles Mr. Sanford should be elected for his second term to the office of Sheriff.

If you are for prohibition, talk prohibition, and live prohibition, then go to the polls Saturday and vote prohibition by electing S. W. Sanford sheriff of Lynn County, as Mr. Sanford stands for law enforcement and good government.
