Mixed Drink Tax Rebate Up Near 3% For Year

State Comptroller Bob Bullock Tuesday said collection of the state's 10 percent mixed drink tax during the first quarter of 1983 was up 2.7 percent over the same period last year.

Bullock said the state re-

ceived \$36.1 million in taxes on the sale of mixed drinks during the first three months of 1983.

Bullock's office is sending checks totaling \$10.5 million to 220 counties and 415 cities as their share of the gross receipts tax on mixed drinks for the first quarter.

The state's general revenue fund will receive the balance--\$25.6 million--of the tax money collected.

Texas cities and counties each receive a 15 percent rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

County Court Proceedings Explained By Judge

Within the first three months of 1983, a total of 65 cases have been disposed of in Bailey County Court. A number of these cases have been the result of traffic violations, family disturbances, disputes and various other violations of the law.

Out of the 65 cases disposed of, Judge Gordon Green told the Journal that at least 23 of the cases had received fines and probation as punishment for the violation. Another 21 cases received either fines and/or jail time. A total of 21 of the cases in those three months were dismissed.

In an effort to discover the reasons for the dismissed cases, which number close to a third of the cases filed, the Journal contacted Bailey County Judge Gordon H. Green for some explanations.

Judge Green stated, after some research, that in these particular 21 cases nine were dismissed because they had pled guilty in other cases. Another five cases were dismissed due to the offending party tak-

Plans Made For Soil Stewardship Week

The Blackwater Valley Soil Conservation District will join the nationwide celebration of Soil Stewardship Week to take place on May 8-15, 1983, according to an announcement by James Wedel, Chairman. The theme of this year's celebration is "Living Waters." The National Association of Conservation Districts (NACD) has sponsored Soil Stewardship Week since 1955, in cooperation with the nation's nearly 3,000 soil and water conservation districts.

"If our water management practices in the past have been adequate, we may ignore the rising population, the increased industrialization, and expanded irrigation, all of which require more water from our reservoirs," cites NACD in the 16-page Soil Stewardship Week booklet. "One of our more compelling social and economic needs is for a full appreciation of the true value of our abundant supply of water. It is time to think seriously about conservation, pollution, priority usage and our dependence

upon it." Informative material on the Soil Stewardship Week theme is distributed each year through local conservation districts to area churches participating in the observance.

"If we are to make certain that supplies will be adequate for present and future needs, we are obligated to abide by the universal laws and to help, rather than hinder, the process by which the constant supply of water is recycled and repurified," according to NACD.

Information and materials for the 1983 observance of Soil Stewardship Week are available in this area from Blackwater Valley Soil Conservation District, 111 Ave D, Muleshoe.

Gregory, Schacher Get Longhorn Spirit Awards

The Lazbuddie High School All Sports Banquet was held on Thursday, May 5 beginning at 7:30 p.m. in the Lazbuddie Cafeteria, with all "athletic stars" being honored by coaches, faculty and parents.

The Longhorn "Spirit Award" which is considered as the highest athletic award attainable is given to one boy and one girl who symbolize the true athlete said Coach Toby Booth. "It means having the willingness to go the extra mile and to make the grade and to do it with leadership," Booth stated.

Winning the Spirit Award for the girls, for the second year in a row, was petite Kim Gregory. Coach Terry Campbell presented the boy's Longhorn Spirit award to Daniel Schacher. Campbell stated that Schacher exemplified the total effort for an athlete and

described him as one who was willing to give his best, whatever the task.

Honored as the Most Outstanding Girl Athlete was Becky Schacher. She is a sophomore and has participated in both basketball and track events. Most Outstanding Boy Athlete went to Jeff Jesko, a senior, who has excelled in all phases of athletics and especially in football.

Recognition was also given to all who helped in any way with the athletic program at Lazbuddie. Outgoing cheerleaders were introduced and honored as well as cheerleaders for the 1983-84 school year.

The program for the banquet was a film presented in affiliation with the Dallas Cowboys and Brigham Young University wherein the pros and cons of weight programs for both men and women were discussed. In the film, statistics showed that more schools are going with a weight program due to the increase in agility and speed that it eventually gives their athletes. It was explained that weight lifting takes a total commitment and that it had been gaining in popularity since 1964. Lazbuddie Schools have initiated a power weight program for both boy and girl athletes.

Those outgoing seniors who were honored Thursday evening included those who played football, basketball, tennis, track, golf and who were managers. Seniors included were Rickie Dale, Bart Elliott.

Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on May 10 and 14 include quick meals, a book review and low sodium. For many people adding salt to food is practically an automatic reflex. While our bodies can handle some excess sodium, too much on a regular basis may be a factor in promoting high blood pressure and increase the risk of a heart attack or stroke. Karren Moreland is a registered dietitian and consulting nutritionist from Roswell, and she's going to discuss the relationship between sodium and blood pressure.

A book review will be given by Len Walker, Director of Promotion at KENW-TV. The book "Pioneer Women" is by Joanna Stratton and provides an interesting insight to the early-day times of women in this country.

Quick meals are a help to all busy homemakers. Evelyn Davis is former Extension Home Economist from Tucumcari and she'll be sharing ideas for us in using commercially prepared foods, using our own homemade mixes and making better use of appliances and utensils we all have in our kitchens.

On May 12, the topics include pattern alterations for adjusting the shoulder length moving or changing

a dart and other adjustments for making better fitting garments. This part of the program will be presented by Linda Mullin, County Extension Agent from Muleshoe, Texas.

The Rice Council has worked on a special project for blind or visually impaired homemakers. They have developed recipes in braille and in large print and to explain this will be Kris O'Brien, a Home Economist and spokeswoman for The Rice Council in Houston.

Another guest will be JoAnn Less, Extension Housing Specialist with NMSU's Cooperative Extension Service in Las Cruces. Ms. Less will share ideas for energy-wise decorating for warm weather.

Never expect good luck to make up for loafing.

Events Added To Sudan Celebration

Buddy Lowrance, chairman of the upcoming Pioneer Independence Day Celebration on July 2, presided Tuesday night when other events were added to activities for the day.

The 4-H Club will sponsor a Balloon Dart Board; Firemen's Auxiliary lemonade and tea concession; Firemen, Beard Contest; Heritage Committee, raffle on a painting by local artist Mickey Stephens; a Fiddler's Contest with Carl Burnett in charge; a window decorating contest by local businesses; and musical entertainment and drawings throughout the day.

Those who will be in the parade should have a card

typed with the complete description of float, group or whatever type of entry that will be read by parade narrator as they approach the reviewing stand.

The Garage Sale sponsored by the Heritage Committee for hotel roof repairs is set for May 7 at the hotel. Anyone wishing to donate items for this cause, should contact Rhoda Minyard.

It would be greatly appreciated if anyone has addresses of former local school teachers, administrators, and board members, please turn them in to Jonelle Bandy. These people will be honored guests in the reviewing stand during the parade.

Present for the meeting were Lowrance, Donna Fields, Jonelle Bandy, Pattie Miller, Billye Doty, Sara Woods, and Mickey Stephens.

The next meeting will be Thursday, May 12 at 8 p.m. in the Community Center and all interested persons are encouraged to attend.

Little League Cannister Sales May 6-16

The Muleshoe Youth Baseball team mothers met Thursday, May 5 in the fellowship hall of the 16th. and Ave. D Church of Christ to plan a money making project.

Dave Pennock of Henco Inc., a professional fund raising company approved by the National Little League, was the speaker. Little League players will be selling Show'n Store cannisters of translucent polystyrene, with colorful lids, filled with Popcorn, Candy, California Mix, or Snack Mix. The cannisters are reusable and decorative. They will be selling for: Popcorn \$4.25, Candy \$4.75, California Mix \$5.95 and Snack Mix \$5.00 and will be on

sale from May 6 to 16.

The team selling the most cannisters will receive a party from the Muleshoe Youth Baseball League. Each team member will be working to sell the amount needed to gain sports equipment awarded by Henco Co.

All proceeds from the sales will be used for general repairs, new equipment and field maintenance.

Home Remodelers Looking For Space And Features

"Older homes often come closer to being in line with what people prefer," says Dr. Jane Berry, a housing specialist.

"That is one reason why Americans spent over \$46 billion on home remodeling and home improvement last year," she adds.

In spite of smaller families and higher housing costs, people still prefer single family homes, says Berry, who is with the Texas Agricultural Extension Service, Texas A&M University System.

According to Berry, recent studies by the National Association of Home Builders and Remodelers show that people want plenty of space, three or four bedrooms, two or two

and one-half bathrooms, and open-space planning in their homes.

Many people now remodel larger, older homes to achieve these features rather than purchase smaller and more expensive housing, says the

specialist. The least costly means of adding space to a home is to finish off unused space such as a basement or attic. Adding extra space outside the existing roof or foundation is more expensive, she notes.

Simply updating the kitchen or bathroom tends to be the most common remodeling project, says Berry.

But more Remodelers are removing walls to add the open-space look to living and dining areas.

Remodelers also tend to borrow ideas for luxury items from new homes and add them to existing homes.

"Probably the most desired luxury addition is a fireplace, which people want for esthetics rather than energy savings," notes Berry.

Other luxury additions such as saunas, decks, skylights, bump out windows and stained or custom designed glass for doors, windows and cabinetry are also popular, reports Berry.

Second Annual Senior Extravaganza Scheduled

The second annual Senior Extravaganza for participants 60 years old or older will take place from 9 a.m. to 3 p.m. May 12 at the Texas Tech University Student Recreation Center.

Senior Olympics include closed competitions in bridge, horseshoes, forty-two, washer toss, checkers and dominoes. These are for participants advancing as local champions.

Open events for anyone wanting to enter include jogging for men and women, funny face, bubble gum blowing, bait casting, the one-mile fun walk for men and women and hula hoop. All of these will be held outdoors.

Held indoors will be open Olympics for the wheelchair race, shoe kick and balloon bust.

Ann Vinson Named Artist Of The Month

Ann Vinson has been named May Artist of the Month by the Muleshoe Public Library, where some of her paintings will be on display during the month.

Mrs. Vinson said "I started painting two and a half years ago (just for fun) with Dana Arnold, she was very patient with me because I knew nothing about art. Since then I have painted with Blanche Lenderson and Dickie Magness. I really enjoyed workshops and paint-alongs with Jean Lyles and Gean Green.

"Painting is a very rewarding hobby and I will keep on trying to get a great picture no matter how long it takes."

She and her husband, Dan, have lived in Muleshoe most of their lives. Vinson works at TOLK Station where he is an operator for Missouri Valley. They have one son, Billy Dan, and a daughter in

law, Donna, they live in Dallas where they each attend college.

Mrs. Vinson is a member of the Muleshoe Art Association, TOPS Club and WOTS.

Mrs. Vinson stated that she thinks everyone should try to paint. Even though they will be moving from Muleshoe when TOLK project is finished Mrs. Vinson plans to continue to paint and study where ever she lives.

Study Club

Muleshoe Study Club met Thursday, April 28 in Earth with Mrs. H.S. Sanders as hostess. Mrs. Sanders also hosted the Earth Study Club, in a combined meeting. Each member present was presented a name card and asked to introduce herself so everyone could get to know each other before being served refreshments.

Mrs. Joe Costen turned the meeting over to Mrs. John Agee, who gave an informative program on wind power. Mrs. Agee stated the first wind chargers were used in Persia, a few centuries before Christ was born. Persia is now known as Iran.

She reminded the group of the importance of the wind mills in their backyards throughout the years in this arid part of the Nation and how some people started experimenting with the wind to furnish enough power for the radio and a light or two, by being conservative with their use.

Now the wind is being harnessed in the form of wind generators to furnish power for small establishments she added.

Mrs. Agee pointed out that the cost is quite high to build a wind generator and this should be kept in mind before starting a project, though they are growing in demand through out the Nation and will be used more to preserve fuel as time goes on.

Following the program Mrs. Costen asked Mrs. Ed Johnson to report on the Library Book sale and Mrs. Johnson said she had turned in more than \$300 to Mrs. Anne Camp to be used by the library as needed.

Those attending from the Muleshoe Club were: Mrs. John Agee, Mrs. J.G. Ann, Mrs. Joe Costen, Mrs. Rufus Gilbreath, Mrs. Wesley Glover, Mrs. R.O. Gregory, Mrs. A.C. Neely, Mrs. Charles Shain, Mrs. Wilma Thompson, Mrs. Doyle Turner, Mrs. Ed Johnson and Mrs. H.S. Sanders.

Jimmie Lee chose the trip to the U.N. in New York because he doesn't want to miss seeing New York and also because next year as a senior he will have the chance to participate in DECA again.

Jimmie is being sponsored by the District V Rebekah Lodge. He will leave on a bus tour on June 21, and will return July 5. On his trip he will tour Gettysburg, PA, Washington, D.C., Niagara Falls, Ontario, and he will also spend five days in New York City.

The Mule's Tale staff would like to wish Jimmie the best on his tour to the U.N. this summer!

many, law officials and prosecutors sometimes are left with no choice due to mistaken information or a case that is not as strong as it could be. "These mistakes in information can make a big difference," Judge Green said. "Especially when you get right down to it; and, what you as a prosecuting attorney were told happened, did not actually happen in the way it was first related. It is sometimes better to obtain a lesser conviction than to have the case dismissed entirely."

The Judge explained: "We also get a number of appeals through the County Court. On DWI cases, deferred adjudication allows for the dismissal of a DWI charge once the period of probation is over and the defendant has followed the probation to the letter."

She still needs recent copies of just the following magazines: Business Week, People, Horizon, Psychology Today, Money, Sports Illustrated, Newsweek, Time, Parents, Today's Education. Thanks again for your response.

The Optimist Club of Muleshoe honored John Wuerflein and Sandra Speck as the senior "Outstanding Youth Students" of Muleshoe. Egg Care Project Proves Successful

Homemaking I classes just finished participating in an "Egg Care" Project. Each student was to be sole caretaker of a hard-cooked egg for three days as if it were a young child. The students were to realize how fragile, time consuming and dependent a child can be on a parent. Students soon realized that egg-knapping was something they all had to be on the alert for. This project was to compliment and enhance the Child Development Study the students are doing in class.

The project concluded with a jury trial for students charged with child neglect, abuse and abandonment. The successful "parents" served as jurors and set sentencing. They also had a "Most Beautiful Egg" Contest and winners were: 1st period - Penny Ford 1st, Mary Helen Orozco 2nd, and Becky Perez 3rd. 4th period winners were Stacy Smith 1st, Laurey Grant 2nd, and Ramon Solis 3rd. 5th period - Meischelle Logsdon 1st, Teena Sisemore 2nd, and Yolanda Garcia 3rd. 6th period winners were Caryn Durben 1st, Ramona Murich 2nd, and Diane Martinez 3rd.

Veterans Q & A

VA - MAY I HELP YOU?

Q -- What is the order of admission priorities in VA medical facilities for inpatient care?

A -- The priority sequence for inpatient care at VA medical facilities is as follows: (1) Veterans with a service-connected disability who need treatment for that disability; (2) Veterans with a service-connected disability, but seeking care for an ailment not related to that disability; (3) Veterans without service-related disabilities who need inpatient care, but are unable to pay for such elsewhere, on a space-available basis. (Veterans over age 65 have this limited eligibility without regard to their ability to pay for care elsewhere.)

Q -- I recently received a letter about a VA education

overpayment which dates from 1976. Am I liable?

A -- Yes. The VA and other government agencies are making serious efforts to collect debts, including old education overpayments like yours. The VA is willing to accept reasonable repayment agreements or lump sum payments.

Q -- Are there any exceptions to the 10-year delimiting date for education benefits?

A -- Yes. First, if there was any severe medical problem which would have precluded school attendance and second, recent legislation has extended the delimiting date to Dec. 31, 1984, for veterans without a high school diploma and for those who are found to be in need of vocational or job training because they are unskilled.

The Boy Scouts of the George White District, South Plains Council had a camp-o-ree at the Muleshoe National Wildlife Refuge, approximately 19 miles south of Muleshoe on Highway 214 on April 29, 30 and May 1.

Troops from Morton, Levelland, Littlefield, Sundown, Whiteface and

with one another and games.

This is an annual event and was hosted this year by Troop 620 of the Muleshoe Boy Scouts.

ATTEND THE CHURCH OF YOUR CHOICE

MOTHER

It is so important that a child feel secure and loved the first weeks and months of its life. Our foremost authorities say that if a child's spiritual and emotional welfare is neglected in the early weeks of life, there is a great chance of permanent damage to its personality growth.

Therefore, on this day, we honor not only the beloved mothers of our adults and youth, but the very young mother who has both the tremendous responsibility and the precious opportunity to mold the life and character of the very young child. May she seek early God's help, who in the person of the Son, said, "Suffer the little children to come unto me."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

NATIONAL HEALTH MONTH PROCLAIMED—Muleshoe Mayor, Charles Bratcher, signed a proclamation Thursday in his office designating the month of May 1983, as "National Mental Health Month" and urges all citizens to support mental health services in our community, encourage their operation, and encourage people to use them. Witnessing the Mayor's proclamation were Rowena Meyers, caseworker at Muleshoe Counseling Center, a branch of Central Plains MHMR Center in Plainview, and Judge Glen Williams, board of trustee member.

FIGHTING EAGLES-ALL—Three Way High School honored their athletes with a sports banquet on Tuesday evening. From the left, named as the outstanding boy's basketball participant was Brad Stegall; Tim Roberts copped the "Mr. Defense" award and Louis Peacock was awarded the "Mr. Offense" award in football.

Monument To Be Dedicated To Vets On Memorial Day

An awe-inspiring national shrine, honoring the sacrifices made by American servicemen and women during the Vietnam War, will be dedicated here on Memorial Day, May 30, as the DAV Vietnam Veterans National Memorial.

Thousands of Vietnam veterans, families of those killed in Vietnam, and veterans of other wars are expected to throng the peaceful Moreno Valley in northern New Mexico where the memorial rises dramatically from a hillside dotted with pinon pines and native grasses.

Significantly, the dedication of the DAV Vietnam Veterans National Memorial will occur almost 15 years to the day since U.S. Marine Corps Lieutenant David Westphall and twelve of his comrades were killed in an enemy ambush in Vietnam. David's parents, Dr. and Mrs. Victor Westphall, and his brother, Douglas, almost single-handedly built the majestic structure as a tribute to David and all who fought in Southeast Asia during the Vietnam War.

Begun in 1968 and completed in 1971, the memorial and its valley setting are surrounded by towering peaks of the majestic Sangre de Cristo mountain range. Built originally as the Vietnam Veterans Peace and Brotherhood Chapel, this memorial has never been embroiled in any controversy, and the American flag has always flown prominently at the site.

Several years ago, the Disabled American Veterans began providing substantial financial support to help maintain the chapel and add limited improvements. However, it soon became apparent that far greater assistance was needed if the memorial was to be perpetuated for future generations of Americans. In late 1982, with Dr. Westphall's full approval, DAV leaders established a separate nonprofit corporation, the DAV Vietnam

Veterans National Memorial, Inc., to assume full ownership and responsibility for all operations, expansion and fund raising to maintain the memorial as a major American landmark. Dr. Westphall will remain as memorial director.

Weekend dedication activities include a Volksmarch on May 28th and 29th, with

participants dedicating their 10-km hike to a Vietnam POW/MIA or a victim of the fighting in Vietnam. Several veterans groups are planning much longer treks to the dedication events from all parts of New Mexico ... and some from neighboring states.

Upgrading of "hot line" to Soviet Union proposed.

THEY'RE THE TOPS—Four Three Way high school athletes were named as outstanding basketball athletes at the annual sports award banquet in Three Way on Tuesday night. From left: Michelle Parkman, Glenda Peacock, Sheryl Waltrip and Kim Autry.

Depot Club Seeks Help

It may not be known to many of the students that the old Santa Fe Depot must either be torn down or moved to a new location. The past Jr. High Historical Society was called upon to visit the City Council Meeting concerning this matter. These few students are now making an appeal to all school clubs for their support. We will need your help in preserving this

historical artifact. If you would like more information on how to help, contact one of the following people: Mrs. Jean Allison, Todd Holt, Laura Leal, Mike Foss, Jay Pearson, Lori Stroud, Annette Crabtree, or Misti Prater. If all organizations come together the Depot will still remain a part of our historical past.
