Britain Will Send Cabinet Members To Confer On Iran Oil

By TOM OCHILTREE

LONDON, July 30. (AP) — Foreign Secretary Herbert Morrison said today Britain will send a cabinet mission to Tehran to discuss an oil settlement with Iran.

He told parliament the mission will be led by Richard Stokes, Lord Privy Seal, and added: "It is not expedient for me at this moment to say anything further on this matter."

Morrison explained the decision came from consultations with Averell Harriman, President Truman's envoy now in London.

Morrison said some points must be cleared up before the mission can leave for the Iranian capital.

A United States spokesman said Harriman intends flying back to Tehran by tonight.

NEW ERA SEEN

Morrison said the British government and the Anglo-Iranian Oil Company (AIOC) "have been ready at every stage to meet the legitimate aspirations of the Persian (Iranian) people."

"We have every sympathy with the natural desire of the Persian people to control their own mineral resources," he said.

While Britain is ready to accept the principle of nationalization, Morrison explained, she will not accept a one-sided violation of an agreement.

"We are entering a new era in the development of Middle Eastern oil," Morrison said.

Dispatch of a mission headed by a cabinet minister reportedly was agreed to by Iran as a basis for reopening discussions over nationalization of the Anglo-Iranian Oil Company's $1.4 billion properties.

REFINERY TO CLOSE

Heretofore the Iranians have held they would deal only with oil company officials and not the British government.

A spirit of optimism prevailed both here and in Tehran that Harriman had brought about an atmosphere in which the explosive Middle Eastern oil crisis could be solved.

A sour note, however, was struck by news that the giant refinery at Abadan — the world's largest — will close Tuesday. An AIOC spokesman emphasized that the refinery was closing only because storage tanks were full and not in an attempt to put pressure on the Iranians.

New Producer From Cisco Is Finaled Here

Standard Oil of Texas has completed the No. 3-S G. E. Parks as a new producer from the Cisco sand pay in the Parks - Cisco field north of Snyder.

The well flowed 11 hours on the potential test to make an estimated daily production of 323 barrels of 40.7 gravity oil. Gas - oil ratio on the test was 645-1.

The flow was through a one-half inch choke with casing pressure 35 and tubing pressure 160 pounds. No water was present.

Pay was topped at 6,140 feet with seven - inch casing cemented at 6,160 feet. Total depth is 6,186 feet.

The No. 3-S Parks is 467 feet from south and 4,849 feet from east lines of the lease in section 447-97-H&TC.

MITCHELL COUNTY

Stanolind Oil & Gas Co. No. 1 F. A. Langley, Central - West Mitchell wildcat, has plugged back to 8,152 feet and is running two-inch tubing.

Casing has been perforated from 8,139-8,143 feet in the Ellenburger. The prospector is two and one-half miles northeast of Iatan and just west of the old shallow Westbrook field.

SCURRY REPORT

Lion Oil Co. No. 1 C. O. Helms, Northeast Scurry wildcat, is drilling below 4,600 feet in lime and shale.

IN KENT

Kewanee No. 1-F Wil Connell, north, outpost to the East Polar-Pennsylvanian field in Southwest Kent County, is drilling below 5,762 feet.

Sun Oil Co. No. 2-D. G. Sampson, north of the Clairemont - lower Pennsylvanain field in Central Kent, is drilling in lime, shale and sand below 4,081 feet.

The Texas Co. No. 1 Swenson, North west Kent wildcat, is at total depth of 5,547 feet and fishing for junk.

GARZA TEST

Humble Oil & Refining Co. No. 1 Jeff Justice, three miles south of Justiceburg in Garza County, is at total depth of 7,443 feet in Pennsylvanian lime and preparing to run a drillstem test.

No Weather Relief Seen

By The Associated Press

Sweltering summer temperatures were promised today for city dwellers in Texas and thirsty, parched land for farmers and ranchers.

Showers fell along the Gulf Coast Sunday, but most of it fell in non-agricultural areas. Scattered showers were forecast for the upper Gulf Coast today.

Houston had .37 inches of rain Sunday; Beaumont .23. Galveston had 2.81 inches.

The highest temperature was at Del Rio — 107. Galveston was low with 82.

Cotulla was another hot spot with 105. Austin had 102, as did Victoria and San Antonio. Childress registered 101 degrees. Amarillo and Mineral Wells had 100 degrees

Vigorous Air Attack Made By U. S. Force

EIGHTH ARMY HEADQUARTERS, Korea, July 30. (AP) — U. S. planes blasted the North Korean capital of Pyongyang through rain today in one of the most determined air assaults of the Korean War.

The Fifth Air Force said the attack was pushed home with vigor. Two Marine Corsairs collided in the rain clouds and were lost.

Fires and explosions in the Pyongyang area sent up smoke columns that merged with rain clouds and prevented accurage assessment of damage.

B-29 Superforts blasted three Red supply centers in North Korea — Chinnampo and Kyomipo in the West and Hamhung on the East Coast.

Weather forced some planes to turn back with their bombs, rockets and jellied gasoline, preventing what might have been one of the biggest fighter-bomber raids of the war.

Gigantic thunderheads rose several miles into the air over Korea Monday.

North Koreans fled Monday from major hills northeast of Yanggu.

Allied troops battled to the crest of the hill mass at the climax of five and one-half days of bitter fighting.

Adjoining hills, linked into defenses of the main mountain mass, and dominating the Eastern Front for miles, fell Sunday.

Along the rest of the Korean war front, Allied patrols reported only light enemy contact.

O'Daniel Says He's Available For Presidency

DALLAS, July 30. (AP)—W. Lee O'Daniel, the one-time flour salesman who became governor and senator, told radio listeners Sunday night he would be a candidate for the Democratic nomination for President of the United States.

O'Daniel spoke on a paid program. He also offered to sell listeners insurance policies in his new life insurance company and to rent them space in two apartment houses he owns here.

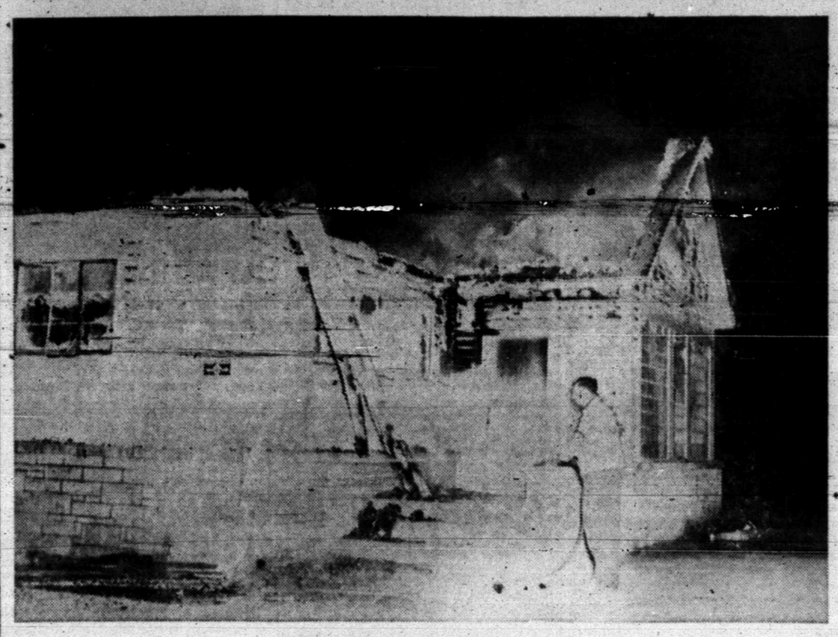

"Only God can save this nation," O'Daniel said, "I'm willing to help him."

He urged his supporters to get up petitions in favor of his nomination.

O'Daniel said if he were elected President his first move would be to send a postcard to the King of England telling His Majesty that the United States "is out of the money lending business."

O'Daniel said his second move would be to call in all cabinet officers and order them to slash their payrolls 50 per cent.

Elected governor in 1938, O'Daniel served until he resigned Aug. 4, 1941 to enter the Senate. He was named Senator in a special election to fill the vacancy left by the death of Morris Sheppard. He did not seek reelection in 1948 and was succeeded by Lyndon Johnson.

FIRE OUT OF CONTROL

A fireman vainly sprays a weak stream of water on the VFW-American Legion Club early yesterday morning. Outside the city limits and far from a fire plug, the blaze was out of control when firemen were notified.—(Lee Watson photograph).

Veterans' Club Destroyed By Fire; Damages Set At $50,000

Plans for rebuilding the Veterans Clubhouse, destroyed early yesterday in a $50,000 blaze, will be made at a joint meeting of the Veterans of Foreign Wars and the American Legion at 7:30 tonight on the lawn around the ruined club.

The fire broke out about 2 o'clock Sunday morning in the north end of the building, Hilton Lambert, American Legion commander, said yesterday.

CARETAKER

The blaze awoke Mr. and Mrs. Jim Norred, caretakers, and their daughters in their 4-room apartment in the south wing of the building, but they were unable to telephone the alarm because utility lines had already been burned. The fire was discovered shortly after 2 o'clock.

Norred drove to a filling station, and the fire alarm was telephoned in from there. But when firemen arrived at about 2:30, the building already had been too badly burned to be saved.

The frame and Luecders stone structure was located in the 35-acre Memorial Park, and was about 400 yards from the nearest fire plug, at the entrance to the park, according to Ivan Gatlin, fire marshal.

Firemen fought the blaze with chemicals and with water from a booster truck, but there was not time to lay fire hoses to the plug 400 yards away, Gatlin said.

"On the first report of the fire, the white truck rushed to the scene," Gatlin stated. "When the firemen got there, he saw it was a big fire, and police sent a radio message back to headquarters to sound the siren for a general alarm to volunteer firemen."

Gatlin said he did not know how many minutes elapsed between the reporting of the fire and the sounding of a general alarm, but that it probably was only a few minutes.

BIG LOSS

Lambert estimated the lost at $50,000, and said the building, jointly owned by the Veterans of Foreign Wars and the Legion was covered by $25,000 insurance.

Last fall it had been remodeled at a cost of $20,000.

Little was saved from the building, Lambert said, except some of the Norred family's clothing and furniture. No one was injured in the blaze.

Approximately $80 in coins were salvaged from the fire, Norred said. Also nearly $1,800 in cash was found intact in the large fireproof safe near the front of the destroyed building. The safe originally was bought for only $25, according to George Killam, Jr., post adjutant.

When the blaze subsided, firemen played a stream of water on the safe, and after it had been cooled, the combination was worked without any trouble.

Plans were being made for enlarging the building this fall, adding two rooms, one to be used for the auxiliary and the other as a storage room.

2 Youths Are Held In Street Shooting

Jesus G. Luera, Jr., 19, of the Plainview community, was shot and seriously wounded about 4 o'clock yesterday afternoon at Avenue S and Twenty-fourth Street according to Lloyd Merritt, sheriff, whose office is investigating the shooting in cooperation with Bob Davie, district attorney.

Luera was shot below the right knee and in the right hip. Snyder Hospital attendants said his condition was serious but not critical and that the patient had spent a restful night.

YOUTH HELD

In the meantime two Mexican youths, brothers, are being held in the county jail in connection with the shooting. They live with their parents on a farm about two miles east of the city.

The alleged assailant used a .45 automatic pistol, and fired three shots at Luera, two taking effect, according to Vernie Head, chief deputy sheriff, who disarmed the youth.

"I was near the Snyder National Bank when I heard several pistol shots and raced to the intersection of Twenty - fourth Street and Avenue S, where I saw a man with a gun in his hand, and another man leaning near a signboard, with blood spurting from his body," Head reported.

"I got between the gunman and his victim, and ordered him to drop his gun," the deputy continued. "The youth still held his gun, but lowered it as I approached him," Head stated.

"It was a miracle that someone other than Luera had not been shot," Head commented.

"C. B. Martin, co-owner of the service station where the shooting occurred, tried to prevent the trouble, but the man with the gun threatened him too, Merritt said.

CAUSE OF TROUBLE

Officers were told the shooting was over a .22 calibre rifle, but this information was not verified by the informant.

Luera's home is listed at Sinton, but he has been working on a farm in the Plainview community. He is married.

Statements are being taken by the district attorney.

A preliminary hearing for the youths is slated to be held before W. C. Davidson, justice of the peace, later in the day.

No Clemency Move In McGee Case Anticipated

AUSTIN, July 30. (AP)—No action was apparently contemplated today by the state board of pardons to halt the scheduled Aug. 2 execution of Richard F. McGee.

Board chairman Lyle C. Harris said Sunday no clemency action appears likely.

War Danger Mounts As Enemy Builds Up Arms, Marshall Says

WASHINGTON, July 30. (AP) —Secretary of Defense Marshall has warned Congress that "the enemy's build-up" is increasing the danger of all-out war.

Marshall left no doubt he was referring to Russia as the enemy and to reported Communist build-up of troops and supplies in Korea and elsewhere.

The Defense Secretary testified before a closed meeting of the House Appropriations Committee which released part of the testimony today but deleted other portions for security reasons. The committee is considering the administration's $60 billion military budget proposal for the year which started July 1, 1951.

President Truman, in a speech in Detroit last Saturday, warned of Communist build-ups for war 'around the world." The President said the free nations must have men and munitions on hand — ready for any emergency."

Marshall testified last Friday before the Senate Appropriations Committee that the United States will have about 400,000 troops in Europe next year. This was about twice the number of previous estimates, some by Marshall himself.

The Defense Secretary's new estimate drew a barrage of questions on Capitol Hill and elsewhere. But Marshall stuck to the 400,000 figure.

The Senate has approved the dispatch of six United States divisions to Europe to be used in the defense of Western Europe. The understanding at the time was that additional separate units, such as anti-aircraft groups, also would be sent. The six divisions at full strength would number about 108,000 men.

Appearing before the House Appropriations Committee, Marshall was asked by Rep. Mahon (D-Tex) whether the likelihood of all-out war must still be considered.

"I think it is continuing and, from the viewpoint of the enemy's build-up, it is increasing," Marshall replied.

Marshall said he was "deeply concerned" that Russia apparently had trapped the American people into developing an attitude of let-down.

"It is tragic," he said, "that we should be so susceptible to propaganda, that a single speech would create a state of mind that can very seriously react to our disadvantage in the world picture.

"That is the trap, that is the cleverness, and the ready response to it in America is tragic. We should not change our whole procedure every time the Kremlin decides on some new front."

Controls Bill Is Passed By Both Houses

WASHINGTON, July 30. (AP) — Congressional action was completed today on legislation continuing price and rent controls until next June 30.

House passage sent the compromise measure to President Truman, who was expected to sign although it falls considerably short of what he wanted.

The President has until midnight Tuesday to act. A temporary measure keeping economic controls in effect expires at that time.

Both branches had passed different bills, the final measure being a compromise.

It contains no authority for the President to build defense plants, to impose beef slaughtering quotas or to curb commodity market speculation — powers the President wanted — and limits the administration's authority to roll back prices. It makes no changes in the present wage stabilization program.

DOUBT EFFECTIVENES

Chairman Spence (D-Ky) of the Banking Committee told the House he doubts if the bill will "effectively control prices," but said "it is the best that can be gotten. . . and I think the President will be compelled to sign it."

Rep. Wolcott of Michigan, top Republican on the committee, asserted that the bill gives the President "all the authority needed to prevent prices from getting wholly out of hand if they are judiciously administered."

Slaughtering Quotas Bill

WASHINGTON, July 30. (AP)—Senators Capehart (R-Ind) and Maybank (D-SC) introduced legislation today to permit the government to fix livestock slaughter quotas.

Under such a program, the government tells each slaughterer how many meat animals he can kill. The Office of Price Stabilization contends such a program is necessary to see that available meat supplies are properly distributed and to guard against "black market" slaughtering.

Both Houses voted against slaughtering quotas in passing new controls legislation.

Capehart told the Senate neither he nor Maybank is convinced that slaughter quotas are necessary to prevent black market in meat.

He said they feel the issue is controversial and public hearings should be held.

Maybank is chairman of the Senate Banking Committee. Capehart is the senior Republican on the committee.

Plea for Discovery Rights on Scurry Well

AUSTIN, July 30. (AP)—The Railroad Commission scheduled today for hearing:

Aug. 31 — Texas Company, for discovery allowable rights and a new field designation for the producing reservoir of its Fuller well No. 156-F, Cogdell (Fuller sand), Field Scurry County.

No Progress Reported From Conference to Set Buffer Between Armies

By SAM SUMMERLIN

U. N. ADVANCE HEADQUARTERS, Korea, July 30. — Allied and Red negotiators bargained more than three hours in sultry Kaesong today but made no progress toward ending the shooting in Korea.

Instead, they agreed that the war would continue while they talk. As they reached this understanding Allied warplanes smashed at the Red Korean capital of Pyongyang in one of the most determined air assaults of the war.

The negotiators remained deadlocked on the problem of a buffer zone to separate the opposing armies if and when a cease-fire agreement is reached.

SOLUTION HOPED

A U.N. spokesman said: "The final solution is hoped for. That doesn't necessarily mean it is in the immediate offing."

They will tackle the same thorny question when their 15th session opens Tuesday at 11 a.m. (7 p.m. Monday, CST).

The United Nations communique said Gen. Nam Il, chief Communist delegate, "stated it was also his definite understanding that hostilities would continue during the current armistice sessions."

Nam was replying to an earlier "clarifying" statement by Vice Adm. C. Turner Joy, senior U.N. delegate.

It was the first official hint of any prior misunderstanding on this point.

In today's session, Joy used a slightly different approach "to penetrate what might be a language barrier. It might have some clarifying effects."

Joy asked the Reds for comment on the U.N. proposals "so that the final solution to this item may reflect our mutual views."

The Red reply took one hour and one minute, and left the situation just where it was before.

NAM JUST REPEATS

Brig. Gen. William P. Nuckols, U.N. briefing officer who attends the sessions, said Nam merely repeated what he has said before, the same words, but in different order.

Nam Il carried the Communist ball all alone today. North Korean Colonel Chang was unusually quiet, in contrast to the last two days when he passed numerous messages to the senior Red delegate.

Nuckols also said "It seemed there was little if any communication" between Nam and his Chinese delegates. There was considerable whispering between the other two North Koreans and the two Chinese officers.

Communist radio stations in Peiping and Pyongyang warned indirectly that the Allied stand might force a breakdown in cease-fire talks.

Pyongyang, the trumpet of Red Korean propaganda, said "the Kaesong negotiations are dealing with the possibility of a cease-fire, but this does not necessarily mean that the negotiations will eventually end in success."

PEIPING RESTRAINED

Peiping, more restrained, put it this way: "It depends on the sincerity of the Americans whether the Korean armistice negotiations can proceed smoothly in the future."

Pyongyang radio predicted a Red victory at Kaesong with these words: "Just as America lost militarily on the front, there is no doubt she will be defeated in the conference."

The broadcast charged the United States was attempting to "invade important parts of North Korea," and said "the United States has rejected cease-fire at the 38th while playing lip service to peace."

Peiping Radio quoted Gen. Il as accusing the U.N. envoys Sunday of trying to gain "a one-sided advantageous military position by boasting of the effectiveness of indiscriminate naval and air bombardment."

"NOT PROPER"

Nam said this was "not a proper attitude to be adopted at the armistice negotiations."

While Nam spoke, Allied reports told of an ever-increasing Red build up of their forces in North Korea.

Fifty U. S. Air Force pilots reported highways in Western Korea above Pyongyang were clogged with traffic Sunday night.

They said they spotted more than 1,800 enemy vehicles, and attacked more than 600 of them.

This followed reports last week that the Reds had massed 300 tanks 55 miles north of Kaesong.

Allied military sources are keeping their own intentions to themselves, but it is evident they are ready for whatever the Reds might throw at them.

17-Year-Old Suffers Burns In Gas Fire

Charles Richards, 17, suffered second and third degree burns at 11 o'clock this morning when gasoline in which he was washing work clothes ignited. He was taken to the Snyder Hospital.

Richards, who lives with his father, M. T. Richards, at a trailer park at 1704 Seventeenth Street, said he filled the wash basin at the men's rest room with gasoline and was washing clothes there, not thinking of the burning pilot light in a water heater three feet away.

When firemen arrived with one truck, the small room was filled with blazes from the fuel. The fire was extinguished easily with a chemical vapor.

Richards suffered serious burns on both hands and arms and less serious burns on his chest and face. His condition is not critical, attendants said.

Compromise On Buffer Line Is Possible

ADVANCE HEADQUARTERS, Korea, July 30. (AP) — An eventual compromise on a Korean demarcation line is considered likely by some observers despite the deadlock.

Since Thursday the Communists have argued vigorously for a buffer zone centered on the 38th Parallel. The United Nations team has held firm for the present frontline, 20 to 35 miles north of the parallel in Central and Eastern Korea and a few miles south of it in the extreme West.

Any compromise would mean that the Allies would have to give up some hard-won ground.

The present Allied line is considered a strong one, and news from the conference and from Washington deals with the remoteness of a compromise.

The communique after today's Kaesong meeting quoted the chief U.N. delegate, Vice-Adm. C. Turner Joy, as having "once again invited comment by the Communists on the basic concept of the United Nations on the demilitarized zone, 'so that the final solution to this item may reflect our mutual views.'"

Some American military men feel that a logical line could be drawn south of some present Allied positions and yet entail some ultimate advantages for the Allied side.

It could be shorter than the present front.

Privates Admit Theft Of 100 Automobiles

FAIRFIELD, Calif., July 30. (AP) —Police held Pvt. Leonard Anderson, 23, of Paris, Tex., and nine other privates today in connection with the theft of about 100 automobiles.

Police said six airmen stationed at Travis Air Force Base have admitted stealing the automobiles.

All 10 suspects were placed in Solano County jail under $5,000 bond each.

Three of the men are held on federal charges of taking a stolen [illegible] across State lines.

Taft Says U. S. Needs Change In Washington; He May Run

PLYMOUTH, Mass., July 30. (AP) —Senator Taft, (R-Ohio) has set a complete housecleaning in Washington as 1952 election aim and says his hat will go into the Presidential ring if the Republican Party says the word.

Taft told newsmen he'll run for the GOP nomination "if the majority of the Republicans want it." But he said he may not make his decision until next January.

Mentioned by political observers as a prime GOP candidate, the Ohio Senator may, in the opinion of some of them, be waiting for a "Draft Taft" move.

These observers pointed out that just before his arrival for an address at Plymouth Rock Sunday Taft wired a Plymouth newspaper that he didn't intend to announce his candidacy "at Plymouth or anywhere else." Asked about that wire, Taft smiled but did not comment.

Taft spoke Sunday at a "rededication" program of New England Republicans gathered at the historic landing place of the Pilgrims.

In his address, the GOP leader said:

"It is hopeless to expect honesty and integrity in the Washington government . . without a complete house-cleaning and the election and selection of officials with much the same uncompromising honesty as the Pilgrims brought to Massachusetts."

On foreign affairs, Taft said that the "one danger facing America is that we undertake more than our capacity," and he added:

"I believe that control of the sea and air throughout the world is within our capacity, and that we should, therefore, undertake to secure that control in cooperation with the British Empire."

If that is done, Taft said, "this country will be safe, and we can be of maximum assistance to those who undertake to check Communism throughout the world."

"I believe that the preparation in time of peace for immediate land warfare by ourselves against Russia on the continent of Europe or the continent of Asia is beyond our capacity," Taft went on.

"We can assist those who are defending themselves, but we cannot undertake the job ourselves, or do anything unless the bulk of the defense is furnished by the nations who are directly concerned," he said.

And, said Taft, he sees "no reason why we should favor either Asia or Europe."

Taft criticized President Truman's suggestion that we might be spending a hundred billion dollars on the federal government by 1953, and said that would amount to 40 per cent of the national income.

CALF MAKES GOOD SKI JUMP

OSLO, July 30. (AP) — The little town of Frederikstad in Southern Norway reported today what is believed to be the first successful ski-jump ever made by a bull calf.

The calf wandered to the top of the well-known Oeya ski-jump, took a good look around, sat down on his haunches and shot down the 40-foot long run.

Tail flying, the calf made a perfect landing and walked away.

Advocates See Victory Today On Tidelands

By TEX EASLEY

WASHINGTON, July 30. (AP)—The House neared a final vote today on legislation to give the states clear title to submerged offshore lands rich in oil. Backers were confident of victory.

The legislators put off further action until 11 a.m. CST today. With nearly an hour left of time allotted for general debate, and considerable discussion in prospect on amendments, it looked like a tight schedule would be necessary to get a final vote by dark.

Rep. Ed Gossett (D-Texas), leading House advocate of the state-control bill, predicted at least a 2-to-1 approval. Gossett is pressing to get the bill through the House before he closes his Congressional career Tuesday to become chief attorney for the Southwestern Bell Telephone Co., in Dallas.

The bill would fix state boundaries at three miles seaward from their coast lines (10½ miles for Texas, because of the different conditions under which she joined the Union) and declare the states the owners of these marginal lands. It would give the states 37½ per cent of revenues from oil leases and operations on out beyond the three-mile limit.

Two amendments expected to be offered would drastically change the pending measure. One proposal would give the federal government offshore, but with all revenues going to the federal treasury for educational uses. Another proposal would give the government tentative control, pending a final problem by either the courts or congress.

Staunchly supporting the state ownership position, Rep. Boggs (D-La), in a statement prepared for delivery in the House today said:

"If we permit the national administration to gain control of the coastal tidelands, thus violating every principle of state sovereignty, other resources will similarly be attacked."

Backers of the bill have made no secret of the fact that their biggest concern is the question of mustering enough votes in the senate to over-ride. Opponents declare it can't be done.

Maximum 101 Sunday

The mercury stood at an even 100 degrees at 11 o'clock this morning, just one degree lower than the high of 101 degrees recorded here yesterday. The minimum recorded before dawn today was 76 degrees, with the temperature [illegible] degrees.

City Council Meeting

There will be a meeting of the city council tonight, officials announced this morning.

WEATHER

WEST TEXAS: Partly cloudy with continued high temperatures tonight and Tuesday; a few scattered thundershowers in Panhandle tonight.

EAST TEXAS: Partly cloudy with continued high temperatures tonight and Tuesday; scattered thundershowers near the upper coast.

SHOVE FROM BEHIND

Eric Smith, sitting in his car, was minding his own business while waiting for a traffic signal to turn into the Hollywood Freeway in Los Angeles, when something really gave him a nudge from behind. The nudger was a big trailer truck which had gotten out of control and careened over on top of Smith's car. The rear half was flattened but neither Smith nor the driver of the truck was injured.

Anti-Trust Investigation On Organized Baseball Is Opened

WASHINGTON, July 30. (AP) — A Congressional committee began looking at organized baseball today in the light of anti-trust laws.

Chairman Celler (D-NY) quickly let it be known that his House Judiciary Subcommittee's investigation will go on in a friendly atmosphere.

The probers, he said, want to preserve the integrity of the game and are agreed that it "must go forward with greater strength."

Two of baseball's big names — Ty Cobb, the old Detroit immortal, and Ford Frick, president of the National League — stood by. Celler said the committee wants to find out whether organized baseball should be exempted from anti-trust laws.

Celler said that since 1922, when the Supreme Court ruled that organized baseball was neither "interstate" nor "commerce", it has been assumed generally that the game was exempt from anti-trust legislation.

Declaring that 'this assumption has recently been drawn into question," he added:

"However, in the intervening years the industry has regulated itself without feeling that it was necessary to comply with the laws relating to monopolies and restraint of trade.

"Therefore, organized baseball affords this subcommittee with almost a class-room example of what may happen in an industry which is governed by rules and regulations among its members rather than by the free play of competitive forces."

Union Baptist Pastor Conducts Hobbs Revival

The Rev. Jack O'Neal, pastor of the Union Baptist Church, is now conducting a revival meeting at the Hobbs Baptist Church. The meeting is to continue through Sunday.

Services are being held at 10:30 each morning and 8 o'clock each evening. Preston Upshaw has direction of song services.

Trabert Up In Tennis.

SOUTHAMPTON, N. Y., July 30. (AP) — Tony Trabert, who never even was considered for a Davis Cup singles assignment in pre-season forecasts, stood as the No. 2 man today in the American tennis behind Dick Savitt.

Tony, 20, projected himself squarely into the picture Sunday when he won the Meadow Club Invitation Tournament with a 6-2, 10-8, 5-7, 6-3 victory over Herbie Flam.

Tonight's Games

Two games are scheduled tonight in the champion playoff now under way in the softball league here. Halliburton will play the National Guard in the first game, and the second will be between the Sun Oil Co. and the American Legion.

Tony Cuccinello and Ernie Lombardi are the only players in the modern history of the Cincinnati Reds to hit safely in six consecutive times at bat in one game.

'POLICY OF FEAR'

PLYMOUTH, Mass., July 30. (AP)—House Minority Leader Joseph W. Martin, Jr. (R-Mass) said Sunday that "fear has become a national policy."

The veteran Congressman shared a speakers' platform with Sen. Taft (R-Ohio) at a New England Republican rally at historic Plymouth Rock.

Texans' Votes Are Recorded

WASHINGTON, July 30. (AP)—How Texans voted in Congress on recent roll calls:

SENATE

On amendment to Agriculture Department Appropriation Bill to make an 80 billion cut in soil conservation funds for payment in 1952. Defeated 38 to 37; Johnson, against; Connally, not voting.

On amendment to same bill to increase soil conservation funds to $280 million, a boost of $55 million; adopted 41 to 39. Connally and Johnson, both for.

On amendment to reduece by $20,750,000 funds for soil conservation payments this year; rejected 52 to 34. Connally and Johnson, both against.

HOUSE

On passage, 323 to 92, of a bill amending and extending the Defense Production Act through June 30, 1952:

For — Beckworth, Bentsen, Combs, Kilday, Lyle, Mahon, Patman, Poage, Thomas, Thompson, Thornberry.

Against — Burleson, Fisher, Gossett, Lucas, Pickett, Regan, Rogers, Teague, Wilson.

On motion to send Independent Offices Appropriation Bill back to House-Senate conferees to insist on House cuts in funds for public housing and personnel; adopted 188 to 186:

For — Burleson, Fisher, Gossett, Kilday, Lucas, Pickett, Poage, Regan, Rogers, Wilson.

Against — Beckworth, Bentsen, Combs, Lyle, Patman, Teague, Thomas, Thornberry, Mahon. Listed as not voting — Thompson.

Presbyterian Men Will Hear Lubbock Attorney

Lloyd Croslin, Lubbock lawyer and former secretary to Rep. George Mahon of this district, will be the speaker at a meeting tomorrow night of the men's association of the First Presbyterian Church.

Croslin, who also served four years as district attorney in Lubbock, will speak on "The layman's part in law enforcement."

He is a member of the law firm of Croslin & Pharr, Lubbock.

New Baseball Commissioner May be Selected in 2 Weeks

NEW YORK, July 30. (AP)—Baseball's search for a commissioner to replace A. B. Chandler at $65,000 per year enters the serious phase within the next two weeks.

Ellis Ryan of the Cleveland Indians, a member of the screening committee, said in a telephone interview from Cleveland that he expected both leagues to meet shortly after Aug. 1 "when for the first time we will talk about specific names."

A long list of potential commissioners has been prepared and the committee has decided on the necessary qualification for the job.

In baseball circles there is still much talk of a baseball man as being needed for the job — and the names most frequently heard are Ford Frick, president of the National League, and George Trautman, head of the Minors.

Outside baseball the big names discussed include General Douglas MacArthur, Former Postmaster General James Farley, and Governor Frank Lausche of Ohio.

Ryan said that before the club owners in both leagues sat down at a table, probably in New York, the screening committee would meet again. This consists of P. K. Wrigley, Jr., of the Chicago Cubs, Del Webb of the New York Yankees, Lou Perini of the Boston Braves and Ryan.

"I have a hunch this won't be before Aug. 7 or 8," said Ryan. "We have a lot of names, and there probably may be additional ones."

Ryan studiously avoided indicating the trend of the committee's thinking — whether towards a baseball man or famous national figure.

"Actually there has not been a lot of talk," he said. "The owners have been sounded as to certain types. A couple of them are opposed to politicians. That's about as far as it has gone."

Another man closely connected with baseball said that in his opinion what was needed was an administrator who knew the game thoroughly.

"Baseball has become big business," said this person who declined use of his name. "There are 60-million potential ticket purchasers annually.

"We do not need anyone to sell baseball to the public. Baseball has been thoroughly sold. But running the game presents many daily problems. What we need is someone who is a hard worker and knows baseball law inside and out."

The fact that no definite meeting has been set perhaps indicates baseball men are having some trouble arriving at a meeting of minds. At the All Star game in Detroit July 10, Webb declared the committee "now is hopeful that a new commissioner will be elected at a meeting to be called on Aug. 1. All the club owners were emphatic in their agreement that a commissioner should be named at the earliest possible date."

Meanwhile Chandler is enjoying himself in Kentucky — fishing, as he promised to do when he left the job.

Faltering Effort By States To Curb Congress Tax Power

By The Associated Press

A move to amend the Constitution to limit the amount of tax money the federal government can collect and keep is under way in the states.

Legislatures in 26 states have passed resolutions in favor of such an amendment in the past 11 years, but six later voted to cancel the approval.

The resolutions, or memorials, are addressed to Congress. The goal of the movement is approval of such resolutions by at least 32 legislatures. It's a long, involved process.

Article Five of the Constitution says that Congress, "on the application of the legislatures of two thirds of the states (32), shall call a convention for proposing amendments." Such amendments become part of the Constitution when ratified thereafter by legislatures in three fourths (36) of the states.

WYOMING FIRST

The Wyoming Legislature was the first to approve the tax amendment proposal, in 1939.

Resolutions have taken two forms. Both ask Congress to call a convention to propose a change in the nation's basic law.

The resolution most widely adopted also suggests that the 16th Amendment — the one that has given Congress the power to tax incomes since 1913 — be repealed and that a new amendment but a ceiling of 25 per cent on federal taxes on incomes, gifts and inheritances.

The other type of resolution seeks, among other things, to force the federal government to return some of its tax money to the states.

TEXAS RESCINDS

Neither of the limitations would be in effect while the United States was engaged in war.

A survey by the Associated Press shows resolutions have been approved by legislatures in these states:

Alabama, Arkansas, Delaware, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Mississippi, Montana, Nebraska, Nevada, New Hampshire, New Jersey, Pennsylvania, Rhode Island, Texas, Utah, Wisconsin, New Mexico and Wyoming.

But the legislatures of Alabama, Illinois, Kentucky, Rhode Island, Texas and Wisconsin later voted —some as much as nine years later — to rescind the resolutions.

California Water Project, In Mill Since 1890, Now Finished

FRESNO, Calif., July 30. (AP) — California's Central Valley project, one of the most comprehensive water diversion plans ever attempted, becomes a working reality next week.

Construction on the project first conveived in the 1890's was begun 14 years ago by the Federal Bureau of Reclamation. Now the main section is ready and Aug. 1 is the date set for its initial operation.

On that day water will be released from massive Shasta Dam in the north and in 10 days will reach the arid lands at the south end of the long basin.

A series of celebrations will be held as the water makes its 500-mile journey down the valley. One of the biggest festivals is planned for Aug. 4 at Tracy where the project's huge pumping plant lifts water nearly 200 feet over a land-lease obstacle.

President Truman is expected to throw the switch at Tracy where Secretary of the Interior Oscar Chapman and Reclamation Commissioner Michael Straus will be on hand.

At Chowchilla in Madera county a large slough will be temporarily dammed to form a special lake adjacent to U. S. Highway 99. Boating events, band music and speeches will take place at this site.

These are typical of festivities planned all along the route including a talk by Secretary Chapman at Friant Dam, Friant, which backs up the San Juaquin River into a 520,000-acre-feet lake is the chief installation at the southern end of the project.

When all the speech-making and celebrating are over some 400,000 acres of land are expected to come under cultivation for the first time. Another 800,000 acres now in use will receive supplemental water.

What this means individually to each of the 220 crops grown in the highly diversified valley is still to be determined but it seems a certainty that much land which previously has been dry-farmed will be turned to cotton and other heavy water-users.

Many of the larger and more influential farmers, however, will benefit only indirectly. Since their holdings exceed the 160-acre limit, they will not be entitled to CVP water.

In many cases these men have deep wells, drilled at great expense and requiring costly maintenance. Their enthusiasm for the project naturally is somewhat less than that of smaller landowners. Even so, they receive some benefit from the government water through seepage and because many of the shallow wells will not be available.

Some Gain in Water in Tanks; Compliance In Program Urged

The water supply gained some in storage over the week end, according to the city superintendent, W. J. Ramsey, who said this morning the storage condition was fair.

He stressed, however, the importance of continuing to refrain from lawn and shrubbery watering except on the special days allowed the various sections of the city.

"If this program, which appears to be a satisfactory answer to our water shortage problem, is continued with sincere cooperation, I believe we will have water for the rest of the summer," he said.

Towle Place and Highland Park additions were allowed to water yesterday to compensate for extremely low pressure Friday, the regular watering day for that area. "This will not be a regular practice," Forest G. Sears, mayor, said.

The schedule is:

No watering today.

Tuesday: All north of Twenty-fifth Street.

Wednesday: All between Twenty-fifth and Thirtieth Streets.

Thursday: East of the Big Spring highway and south of Thirtieth Street.

Friday: West of the Big Spring highway and south of Thirtieth Street.

Saturday: Car washing but no watering.

Sunday: No watering.

Argo Stakes Wildcat In Central Glasscock

Argo Oil Corp. of Midland plans to start operations by August 6 at its No. 1 M.E. Cook, which is scheduled to be an 8,000-foot wildcat in Central Glasscock County to explore through the Spraberry formation.

It will be four miles southwest of Garden City and 660 feet from west and 1,980 feet from south lines of section 17-34-t4s-T&P.

County Court Jury Is Dismissed, No Cases Set in District Court

A jury panel, which had been summoned for service in county court this morning, was dismissed until Thursday by Judge Edgar Taylor.

No jury cases are being held in 132nd district court this week, Judge Ben F. Thorpe said today.

For Spraberry Drilling

All previous records for new locations in the Midland - Glasscock area of the Spraberry trend were broken Saturday with the filing of 35 applications to drill in that area.

Sohio Petroleum Co. of Cleveland accounted for 26 of the new locations, all in the Driver-Spraberry area of Southwest Glasscock County.

Others adding to the total were Argo Oil Corp. of Denver, Magnolia Petroleum Co., Frank and George Frankel, Union Oil Co. of California and A. N. Hendrickson of Midland.

Six completions, divided among the Germania - Spraberry, Tex-Harvey and Driver - Spraberry fields, were reported to the District 8 office of the Railroad Commission of Texas.

Firms reporting potentials were Ashland Oil & Refining Co. Texas Crude Co., Magnolia, Phillips Petroleum Co., Frank and George Frankel, and Standard - Fryer Drilling Co.

Innocent Plea Entered By Man Charged With Having Liquor for Sale

A former Childress man, 35-year-old Jack O'Neal, of the Park Realty Co. here, pleaded innocent Saturday to a county court charge of possessing liquor for illegal sale.

His bond was set at $500 by Robert R. Patterson, special judge, acting in the absence of Edgar Taylor.

O'Neal was arrested in the Negro section Friday night by Lloyd H. Merritt, sheriff, who said he confiscated 211 pints of whisky, six pints of gin, four quarts of wine, and 360 cans of beer—all valued at about $1,275—from the man's automobile.

Former Pastor Here Dies in California

Funeral services were tentatively scheduled today for the Rev. James S. Tate, a former pastor of the First Presbyterian Chuch here.

Mr. Tate had been living with his only son in California during recent years. He died Saturday.

Mr. Tate was pastor of the church here from 1904 - 1910 and later from 1918 - 1919. He moved to Fluvana after leaving Snyder and served as pastor of the church there for a considerable period of time, moving in the mid '30s. He also helped establish the church in Ira about 1911.

Wholesale Prices of Cottons, Woolens, and Foods Dropping

By SAM DAWSON

NEW YORK, July 30. (AP) — Consummer get a double-barrelled shot of good news on prices today — present and future.

Newspapers are carrying ads stressing bargains at retail clearance sales that's good price news right now for budget-balancers.

And for the future, wholesale and mill prices on items in several lines are being cut back this week. This, in time, should work down to the retail level and give the pocketbook a rest.

Some of these price cuts take a long time, however, sifting through the distributing channels. Take for example. Farmers are feeling the drop in the price of their farm products, but the retail price of food stays high for the housewife.

The big food companies are reporting to their stockholders that in spite of record sales, mounting costs have cut back their profits to below last year's level.

SOME IN TIZZY

Farm prices this month dropped 2.3 per cent below the June level, the Agriculture Department reports today. It was the fifth straight month of declining prices — at the farm.

Uncertainties over the prices of cotton, wheat and corn — with the weather as usual playing a major role — have both the food and the textile industries in a tizzy.

The textile industry's summer lull is extending beyond earlier expectations and price weakness is spreading.

Mills are reported considering a cut in the price of sheets. Some dealers in cotton print cloths are offering fabrics at reductions of as much as three cents a yard this week.

CARPETS DROPPING

Carpets are having their second round of price drops in a month. Rug makers are making as much as 20 per cent reductions this week, following up a price cut that ran as high as 10 per cent in June. A year ago the industry was starting its long series of price rises as raw wool prices soared.

Boston, famed horse of the past and winner of 40 of his 45 races, was named for a card game and not for the city.

CHAIRMAN, PRESIDENT

M. A. Fuller, left, president of the Snyder National Bank prior to 1939, has been named chairman of the board of directors of the First National Bank of Fort Worth. J. Lee Johnson, Jr., a director, will replace Fuller as president of the Fort Worth bank. Johnson, president of the Cicero Smith Lumber Co., has been a director since 1938. Fuller will remain active in the bank and management of his oil and ranching interests.

Nationalists Loss of Airport On China Mainland Reported

TAIPEH, Formosa, July 30. (AP)—Rumors circulated in Taipeh tonight that Chinese Nationalist Lt. Gen. Li Mi's forces from Northern Burma had lost the Kongma airfield they reportedly seized from Reds in a thrust into Yunan province of South Western China.

This could not be confirmed here.

Official Nationalist quarters continued reluctant to talk about reports from Rangoon that Li's Nationalist refugee army of about 15,000 regulars had seized a 100-mile-strip along the southern border of Yunnan.

Their reticence apparently is based on:

Desire to avoid charges of violating President Truman's ban on operations against Red China.

Fear that publicity given Li's activities might inspire Chinese Reds to take more determined action against him than they would ordinarily.

Desire not to give the Reds a pretext for invading any part of Southeast Asia, and. . .

Desire to avoid giving the idea that Li's operation is in any sense a forerunner to bigger things on the mainland.

Observers here expressed the opinion that with determined effort Reds could sweep Li's forces out of Yunnan.

Belief was widespread in Taipeh that Li's troops have been given equipment and other secret help by sources other than Nationalist Chinese.

A Taipeh relative of the Nationalist general said Li now controls about one-third of Yunnn. The relative, who must remain unidentified, said Reds controlled another third of the province and that the rest was dominated by bandits.

Li reportedly has been operating in the province about three and one-half months.

He was appointed governor of Yunnan by the Nationalist government in 1949, when former Nationalist Gov. Lu Han switched to the Red side.

Self-service Merchandising In Bell Shop

At Bell's Flower Shop and Nursery there is much straightening and cleaning going on due to the busy seasons just past and in anticipation of those to come.

"As with all businesses, the influx of new citizens and the consequent increase in volume have shown us where we need to rearrange one counter and double up on another, Roland Bell," owner, said.

Summertime is a florists' time to make readjustments such as these. School season is over and there is a let down in social activities. People's interests turn to picnics and watermelon feasts and tend to get away from the planting of evergreens and shrubs, he added.

So, with an eye for expediting future orders and streamlining their make up and delivery, Bell's making the customer's visit a pleasant one either from the standpoint of ordering or ust looking around.

Plans are in the making to turn the greenhouses, the lathe houses, and the nursery stock bins into a self - service method of merchandising. Something of the expected mature size of the plants and something on its requirement and growing conditions, complete with a picture of the plant will acquaint the customer with each shrub or plant which they stock.

"We are going to attempt to set up our organization in the plant department in much the same manner as grocery stores are arranged," Bell said.

"With such a system, it is our earnest wish to facilitite the visit of the customer by having the stock easily accessable in order to make a sale with speed if the customer is in a hurry or to have all the merchandise we stock all on display and easily seen at a glance," he added.

Five Speedway Deaths Sunday

WINCHESTER, Ind., JJuly 30. (AP)—Two speedway drivers were killed within a 15-minute period Sunday and both rode to death from virtually the same spot on a steep banked curve.

At two other speedway tracks—in Illinois and Pennsylvania — accidents killed three persons — a driver and two spectators.

Two well-known drivers — Cecil Green, 31, of Houston, and Bill Mackey of Indianapolis — were killed when their roaring, ground-eating racers went out of control at the Funk Speedway near here.

First to die was Green whose Offenhauser Special spun as he hit the steep southwest banked curve.

Within 15 minutes, Mackey zoomed toward the same curve. His car went into a sudden spin smashed the guard rail and went down the embankment.

Another top driver, Walt Brown, 41, of Massapequa, N. Y., was killed at Williams Grove, Pa., when his car went out of control during a time trial. Clipping along at breakneck speed, Brown's car rose on a curve, spun and turned over.

A spinning wheel spelled death for two spectators at a stock car race near Peoria Saturday night. The wheel wrenched free from a car, bounced off a wall and was hit by another car, sending it like a shot into the stands.

Green, Mackey and Brown were among top-rank drivers in the country. Green ranked sixth.

Charlie Wofkman set a Southern Association record in 1948 when he hit 52 homers for Nashville.

'Pictures in Life' Is Annual Southern California Pageant

HOLLYWOOD, July 30. (AP) — The child's game of "Statuary" — children fall into graceful and other positions and hold them as long as possible — and statuary as it played in Laguna Beach have little relationship.

In Laguna Beach, famous paintings, are reproduced with startling and breath-taking accuracy by serious-minded adults. Plumbers, doctors, housewives and merchants of this sea coast town, an artist's colony and resort 60 miles south of Los Angeles, get into the act. And everyone has fun — and a few arguments. Now the 16th annual program, called "The Pageant of the Masters" is underway. And, as usual, is drawing capacity audiences (3,000 in the outdoor theater) for its 16-night run.

The climax of every performance is a reproduction of Da Vinci's "The Last Supper," and a new note lately is a nude — Titian's "Sacred and Profane Love."

HELD 90 SECONDS

Each picture is held for a minute and a half. Even such slight movements as muscle twitches are frowned on by the directors. One of the most difficult poses to hold is George Bellows' Dempsey-Firpo fight. Dempsey was knocked through the ropes and into the press row. One leg hangs on the rope of the ring and the body rests on a typewriter. Padding which doesn't show keep the man who portrays Dempsey from acquiring a permanent imprint of a platen.

Voted the most popular picture, year after year, is that of a single figure, "African Sentinel," by Elihu Vedder. A new man has the role this year because the Negro who played it for many years developed a large waist. Second in popularity, in one figure pictures, is Gainsborough's "Blue Boy."

New this year is a reproduction of Norman Rockwell's recent Saturday Evening Post cover showing two plumbers in a lady's boudoir. Two rival Laguna plumbers take the parts.

RECOGNITION COMES

Laguna artists, of which there are many, finally have obtained recognition from the festival folks. One of this year's portraits-in-life is that of a lonesome clown painted by William Grant Sherry, Bette Davis' ex. Sherry is in Paris now studying art, having earned enough to make the trip by painting houses. Pays better than pictures he said.

It requires a staff and cast of 300 to stage the pageant. Prop men, artists, electricians, make-up men and directors are mostly amateurs who plunge into their assignments with little-theater enthusiasm. Not everything, as in any such community venture, always goes smoothly. There have been — but in the past, I am assured — violent arguments and outbursts of temperament — and great love feasts and back slapping after the tension is over.

Top Schoolboys Enter Colleges Within State

SAN ANTONIO, July 29. (AP) — Texas is getting most of the top schoolboy football players of last season.

Two squads are here to play in the annual All-Star game of the Texas Coaching School. A survey today showed that of 28 players on one of the squads — that from the South — Texas will have nine as freshmen next fall.

The North squad had not been checked.

SMU is getting five of the South players, Rice and Texas A&M three apiece, North Texas State one and six are undecided.

Texas will get End Bob Flinn, Taft; Tackles Welton Ritchie, Cleburne, and Gledon Bushong, Austin; Guards Robert Cashion, Mexia, and Don Miller, Port Neches; Center Leighton Younger, Austin, and Backs Larry Graham, Lamar (Houston); Billy Charles Jones, Longview; and Billy Quinn, Jefferson (San Antonio). Miller and Quinn were All-State last fall.

Going to SMU are Charles Schriewer, New Braunfels, end; Jack Cruther, Gladewater, and Carl Shannon, Wharton, guards, and Frank Eidom, Port Arthur, and Duane Nutt, Corsicana, backs. Schriwer Eidom and Nutt were All-State.

These will enroll at Rice: Howard Dean Moon, John Reagan (Houston), end; La Von Cox, Galena Park, tackle, and Morris Stone, Kerrville, back. Moon was All-State.

Going to Texas A&M are Joe Schero, Brackenridge (San Antonio), end; Lonnie Martin, Cotulla, tackle, and Eddie Hennig, Tyler, back.

Consider New Pension Plan

WASHINGTON, July 30. (AP)—Defense Department plans for a modified pension system for limited-service military personnel were disclosed today by the House Appropriations Committee.

Because of a lowering of mental and physical standards in the 1951 draft extension law, the armed services now have many men who do not meet combat requirements.

But, as military personnel, they are entitled to the same pension benefits allowed for combat veterans.

Anna M. Rosenberg, assistant Secretary of Defense for manpower and personnel, told the committee during closed hearings on the 1952 military budget that a separate pension system may be developed for the limited-service men.

15 Texans Die In Accidents Over Week End

By The Associated Press

Texas' toll of week-end violent deaths was at least twenty. Fifteen came in traffic accidents.

One two-car smashup killed three persons. Two persons died in each of three accidents.

Two persons drowned, one died in a fall, one in a plane crash and one was fatally shot.

The deaths included:

James J. Taylor, 24, of Fort Worth, was killed early Sunday by a T&P train three miles west of Longview. Engineer Tommy Jones and Fireman Buster Falk of the train crew were seriously burned by flaming gasoline.

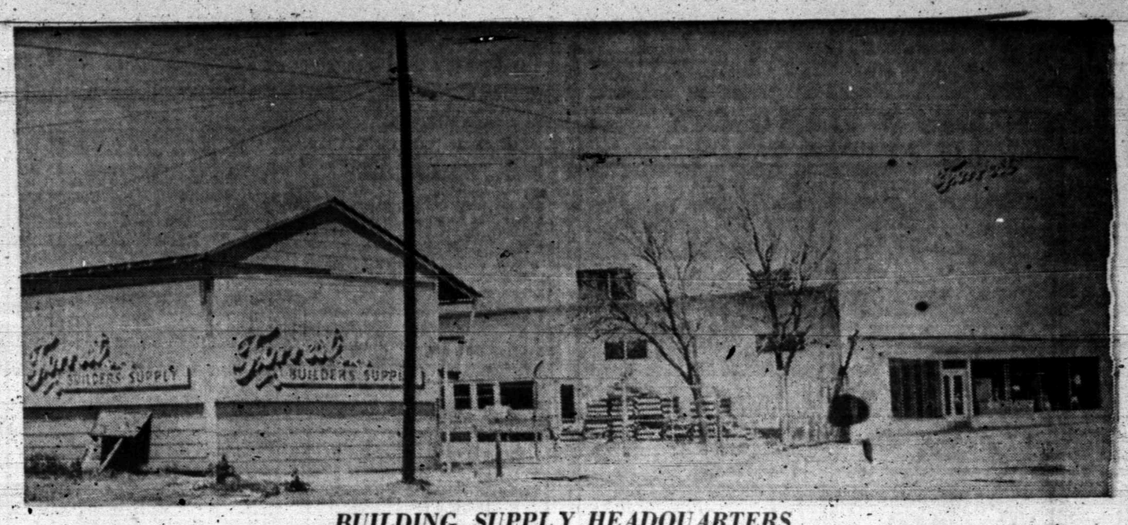

Willis Vincent, 47, of Denison, was shot to death Saturday night in a Denison club after an argument over two beer checks. Police arrested a Denison man.

Miss Louise Cobler, a professional organist and advertising specialist in Sherman, died Saturday after a fall from a car. On an early morning ride with a business associate, Miss Cobler complained of feeling ill. She opened the car door and fell into a ravine.

Robert Anderson, 29, of Merkel, died late Friday in Sweetwater a few hours after a car in which he was riding struck a bridge.

Henry Lewis Cagle, 15, of Goldthwaite, was killed late Saturday in a car-truck crash 12 miles south of Baird.

Benjamin Le Roy Giles, 18, and James Overturf, 28 both of Texarkana, were killed early Sunday in a headon collision just north of Texarkana.

BUILDING SUPPLY HEADQUARTERS

Complete building supplies are furnished home owners and house builders of this area by Forrest Builder's Supply, above. Located at Twenty-fifth Street and Avenue V, the company has everything you need to build a new home or completely remodel your old one. An example of the asbestos shingle they sell can be seen on the west part of their lumber storage building which has just been covered with a pastel green shingle, one of a variety of colors available.

Pharmacy Is Geared For Summer Trade

Here's a cool tip for a hot day—do just what almost everyone in town does when the heat becomes unbearable—go to Harris Pharmacy on the southwest corner of the square for a cool refreshing drink.

Perry D. Harris, owner of Harris Pharmacy, is one man in town who has done something about the heat wave.

Cool and comfortable at all times, the drug store is an open invitation to relaxation.

Though it is essentially a drug store, Harris Pharmacy has become a meeting place for many friends about town, because of the excellent service and generous portions given by the fountain girls.

Harris says that recent hot days, however, have caused his fountain and booths to overflow with customers at many times.

Cosmetics made expecially for summer also invite women customers to Harris Pharmacy. Competent cosmeticians will gladly help with a selection.

Light summer perfumes are also among the many items in that department.

The first minor league to introduce runs-batted-in among the official averages was the Western League in 1911.

ANOTHER CHANCE

WASHINGTON, July 30. (AP)—Students who started college this summer, too late to get in on Selective Service's aptitude tests, almost certainly will have a chance to take such tests early next year.

This assurance was given today by Brig. Gen. Louis H. Renfrow, acting Director of Selective Service, to Raymond S. Howes, staff associate of the American Council on Education.

Anti-Semitic Leaflets Rain Over Detroit

DETROIT, July 30. (AP) — A small private plane, disregarding zooming planes that sought to trace it, strewed race hate handbills over an area near Detroit's tank arsenal Sunday.

The plane, and its pilot, were sought today by township and state police. The Federal Bureau of Investigation also was investigating the case.

But just what action could be taken against the pilot or distributor was not yet clear.

The ship made two flights over the arsenal area. Each time, it dropped approximately 1,000 of the handbills.

The leaflets appeared anti-Semitic in tone. One showed a bearded man in a long black coat kicking Uncle Sam off a cliff.

In the background were two flags and a pennant. The pennant has a six-pointed star and a dollar sign. One flag bears a hammer and sickle and a six-pointed star. The other is a United Nations flag.

After the first flight, Warren Township police alerted officials at nearby Selfridge Field. Three training planes were sent over to observe.

As the small plane made its second flight about five hours later, they swooped past it. The slower craft ignored the passes, and since a number of planes were in the area, the Army pilots lost track of it.

Officers reported hundreds of calls from residents in the three-square mile area over which the handbills were dropped.

Airlift Out Of Berlin Planned

BONN, Germany, July 30. (AP)—The Western Allies may revive the Berlin airlift — in reverse — if the Russians don't stop restricting exports from the Red-surrounded former German capital.

An informed source said Sunday the United States, Britain and France are lining up planes to take Berlin's exports to the West if necessary to by-pass new Soviet restrictions.

The Russians have demanded that all Berlin exports moving the 100 miles through the Soviet zone to the West carry "certificates of origin." The Allied high commissioners in a strong statement Thursday denied the "right of the Soviet high commission to assume such arbitrary control over the shipment of goods from Western Berlin."

Export products meanwhile are stacking up in West Berlin warehouses. The informant said if the Russians don't come around in a few days, the new airlift will be started.

Korea Veteran and Wife Will Arrive Tomorrow

Capt. and Mrs. R. J. Dillard are expected to arrive in Lubbock tomorrow morning and then come here to visit his parents, the Rev. and Mrs. R. L. Dillard, 700 Thirtieth Street.

Captain Dillard has been with United Nations forces in Korea while his wife was in Japan. They arrived in Seattle last night and planned to fly to Lubbock tonight, where Mr. and Mrs. Dillard are to meet them.

Heavy Run of Cattle In Fort Worth Market

FORT WORTH, July 30. (AP) — Dry weather, dying grass and good prices brought a heavy run of cattle today to Fort Worth stock yards.

Between 7,000 and 8,000 cattle and calves were expected before noon, the stockyards said. The run was called better than average but lighter than last Monday's unusually heavy receipts.

Wetbacks Flying Home

FORT WORTH, July 30. (AP) —Fifty Mexican "wetbacks" resumed a flight to Brownsville Sunday for deportation after spending Saturday night in jail. They were held after a transport plane flying them from Chicago was disabled on a take-off

Good Time, harness racing's leading money-winning pacer and Harness Horse of the Year in 1949, is scheduled to race for more than a quarter of a million dollars in 1951.

THE ADVENTURES OF PATSY

LEATHER FACIAL

Blackie Vanderveer receives a hard right to the face from Papa Brown during a 138-pound class boxing match in Seattle Vanderveer recovered from this blow to fight Brown to a draw.

Mangrum Takes First Money After Threat On Life Is Made

ST. PAUL, Minn., July 29. (AP) — Usually calm Lloyd Mangrum headed for his home course in Chicago, today, a $2,250 first prize check in his pocket and his nerves slightly a jingle because of a threat that he hadn't better win the St. Paul Open Tournament if he wanted to live.

Mangrum set a new St. Paul Open record Suhday with a 266 for the 72 holes. He told of the threat at the ceremonies at which he received the check.

The call came Saturday night, he said, after he had set a new 18-hole record with a 10-stroke under par-62.

A voice told him, he said, "We've got a lot of money bet on the tournament; if you want to get out of St. Paul alive don't win."

He reported the call to authorities and all during Sunday's play uniformed and plain clothes policemen mingled with tthe large gallery that followed him.

His first prize money of $2,250 boosted him into first place among professional golfers association members making the summer tour, with $18,948.83.

In second place among the pros was Fred Hawkins of El Paso, who copped $1,400 on his six-under-par 66, his second such score of the tournament. He started Thursday with 68 and had a 67 Friday.

E. J. "Dutch" Harrison also carded a 68 to go with his previous rounds of 68-65-67 for a 268 total and $1,200 for third place. Jack Burke of Houston, and Cary Middlecoff each received $1,050 for their fourth-place tie at 269. Middlecoff shot a six under par 66 and Burke a 67 in the windup.

Ed Oliver got $900 for fifth place on his 66-67-70-67—270.

Behind him came Doug Ford, who finished with 272, good for $800 on his 68-68-69-67-272.

Cats Push On First Division

By The Associated Press

The Fort Worth Cats are crowding the Texas League first division again. After a setback last week, the Little Dodgers are back in the thick of the fight, trailing the San Antonio Missions, 6-1 Sunday in a twilight game to move into the challenging position. The two clubs meet twice more in the current series with the power berth in the play off bracket at stake.

Turley was trying for his 18th victory of the year as he faced the Cats. He gave up 10 hits, one less than his mates got off Don Otten, but the heavy hitting of Gino Cimoli proved the difference. Cimoli had a pair of doubles and a triple.

The Shreveport Sports moved out of Dallas and the Eagles' winning streak was snapped. The Houston Buffs took a 5-4 victory as Al Papai beat Walt Lanfranconi despite a crippled team behind him.

The Buffs were playing without Jerry Witte, Larry Miggins and Les Fusselman but managed to shut off a Dallas rally that netted three run in the last two innings.

The Sports nipped Oklahoma City's Indians, 2-1. Hugh Sooter bested Duke Markell in the mound duel although Markell gave up only four hits to seven the Tribe got off Sooter.

Beaumont continued its surge with a 7-6 win over Tulsa. The Oilers fought back in the eighth inning to count five runs and the Roughnecks had to call in Clarence Beers, their ace, to put out the fire.

Increase In Number Of Employees Put On Government Payrolls

WASHINGTON, July3 0. (AP)—Government agencies in the Washington area hired five times as many new employes during last June as they did during May, the Civil Service Commission reported today.

The 7,900 new government workers employed in June brought to 236,100 the total on federal payrolls here July 1, the commission said in its weekly press release.

Total federal civilian employment was listed at 2,489,500 an increase of 45,100 over May. This includes workers in this country and abroad.

The military departments accounted for more than 60 per cent of the increase, the commission said. Seasonal increases in the Agriculture and Interior Departments made up another 20 per cent. Only the Veterans Administration reported a decrease.

Maxwell Wins Again

FORT WORTH, July 30. (AP) — Billy Maxwell won his third invitational golf title in as many weeks Sunday, beating Jack Hamilton of Fort Worth, 2-1, in the Glen Garden Tournament.

Bears Move Up In Big State

By The Associated Press

The Texarkana Bears are becoming a definite threat in the Big State league after staying in the cellar most of the first half of the season.

The bears spanked the Temple Eagles, 11-2, Sunday to move to within four and a half games of fourth-place Waco Pirates.

Waco and Gainesville tangled in the best game and only 250 persons saw it. The Pirates scored an unearned run in the second to take a 1-0 victory as George O'Donnell and Bill Sweatt tied up in a thriller.

Gainesville got eight hits off O'Donnell but couldn't get them with men on base. Sweatt held Waco to three hits but an outfield error put a man on third and a long fly brought him home.

The Tyler East Texans threw a crimp in the Wichita Falls Spudders' hopes of moving up in the race. The cellar dwellers took an 8-3 victory, as Eric Felton and Gayle Pringle teamed to stymie the Spuds. George Simons was the loser although he whiffed 10 Tylerites along the way.

Sherman - Denison's faltering twins took it on the chin again. The Austin Pioneers blasted the Twins, 15-5, despite some heroic hitting by Roy Parker. Parker had two home runs, one with a mate on base and the other with two, to drive in all Sherman-Denison runs.

Williston Basin Called One Of Richest Oil Discoveries

By The Associated Press

The Williston Basin, an underground reseryoir of oil 350 miles long — north and south — and 300 miles wide which spans North Dakota and Montana, is beginning to shape up as one of the richest discoveries in recent years.

Shell Oil Co. disclosed that its No. 1 Northern Pacific, near Richey, Mont., had flowed 4,000 barrels of 38 gravity crude daily on drill stem test.

Meanwhile, Amerada Petroleum Co's Clarence Iverson No. 1, near Tioga, N. D., was back in production after fishing tools making 290 barrels of 39 gravity oil in 24 hours. It was the state's first oil well.

Both strikes are producing from the Williston Basin with the Amerada wildcat bottomed in the Devonian lime at 11,676-706 feet.

Shell said that its discovery is flowing from 7,183-253 feet, indicating the possibility of an important new oil sand, which Tulsa geologists are informed is the Mississippian.

Operators of the great Redwater Field in Alberta, Canada, plan to save some $864,000 in annual pumping expenses by switching to water injections.

Water from the nearby North Saskatchewan River would be injected below the oil level at a rate of 100,000 barrels a day, exerting pressure enough to cause the 900 wells to flow again, engineers calculated.

Savitt Heads Field

SOUTH ORANGE, N. J., July 30. (AP) — Wimbledon Champ Dick Savitt heads a field of American and foreign tennis stars entered in the Eastern Grass Court Championships opening today at the Orange Lawn and Tennis Club.

Colts Shut Out Three Straight

By The Associated Press

The San Angelo Colts ran up a wide lead in the Longhorn League in May and June. Their supporters are glad today that they have that margin to fall back on.

The Colts have run into a streak in which they can't find the pay station. They have gone three straight games without a run. Friday night, Odessa blanked them, 5-0; Saturday night, Big Spring turned the trick, 3-0, and Sunday it was Big Spring again, 7-0.

The runless innings of the Colts are causing a lot of eyebrow raising but the big thrill was the 1-0 victory Artesia scored over Sweetwater. The two clubs were tied for the cellar going into the game and they battled tooth and nail for the decision. An unearned run in the fourth inning gave it to Artesia.

Ray Riley gave up three hits to notch the shutout. His mates gave him flawless support while the Swatters miscued three times. One was coupled with a walk and a single by Mop Brown for the olne run.

The Midland Indians used a six-run fourth inning and tight relief pitching by Dave McKinzie to top Odessa, 8-7. McKinzie took over in the third and allowed two runs but let only two men reach base after his mates gave him a lead in the fifth.

Manager Zeke Bonura got a two-run homer to spark the big inning then scored the winning run in the fifth on a squeeze play.

Roswell at Vernon was not scheduled.

Two Families Per Apartment; German Outlook for 18 Years

FRANKFURT, Germany, July 30. (AP)—Two families or more to an apartment is the outlook for most West Germans for the next 18 years.

American occupation officials say it will take that long to return to prewar housing conditions.

Unless, that is, many Germans discard their opposition to such new-fangled ideas as prefabricated housing.

Two million houses and apartments were destroyed beyond reasonable repair by bombing and battle damage. An additional two million are needed to care for the nine million refugees who have swarmed into West Germany from the East.

Obsolescence is adding to the great housing shortage by hacking away at least 50,000 dwelling units each year. And the normal population increase calls for 75,000 new units a year.

NET GAIN SMALL

United States officials say the net gain in housing at the present pace of construction is only 175,000 dwelling units a year. So they figure about 18 years will be required to return to prewar conditions unless a broader building program is started.

In the six years since the war, the Germans have built only 700,000 new houses and apartments. Extensive private funds for housing developments simply do not exist. More than 80 per cent of the new dwelling units are financed by government subsidies.

Due to the low level of wages and high living costs, including home construction, it is virtually impossible for the working man in Germany to build his own house.

HIGH PRICED

In the smaller towns, small single houses cost about 15,000 marks ($3,450) and in the cities no less than 18,000 marks ($4,140).

Only about 25 per cent of all Germans live in houses to which they have title. So the bulk of the population must stay in rented housing.

In the cities, most of the working men's housing is owned by nonprofit public service housing organizations. Some of these are corporations whose shares are owned by the state or city or endowed foundations.

Others are cooperatives formed by groups such as the employes of certain factories. In the cooperatives the applicants make deposits of 100 to 200 marks ($23.80 to $47.60) and become share holding members. Eventually the new member gets his turn to move into an apartment.

Fourth Place Fight In Coast

By The Associated Press

The Corpus Christi Aces are well out in front in the Gulf Coast League but a torrid fight for fourth place is keeping the fans agog. Four teams are virtually tied for the last spot in the playoff bracket.

The Laredo Apaches lost two Sunday to drop into seventh place but the trail Galveston, Texas City and Lake Charles by only a half game Galveston and Texas City are tied for the spot; Lake Charles is one percentage point behind.

The Apaches fell before the upsurging Harlingen Capitals, 8-1, and 8-6. The Aces tripped Galveston 5-4, and Brownsville spanked Texas City, 16-4, to leave the two tied. Lake Charles, rained out with Port Arthur, moved into the battle by remaining idle.

Selby Takes Title

MARSHALL, July 30. (AP) — Raleigh Selby, Kilgore, defeated Bill McDonald of Longview Sunday, 3 and 1, to win the 14th annual Marshall Invitational Golf Tournament.

Mr. and Mrs. C. L. Cleveland at their trailer home, 706 Twenty-ninth Street, with their daughter, Patsy, 11, and son, Billy, 8.

TALK OF THE TOWN

BY FRANCES BROOKS

"Home is what you make it!" The C. L. CLEVELANDS prove this at their trailer location at 706 Twenty - ninth Street. Like many other people, they arrived here during the boomtime; were forced to buy a trailer due to housing, and still live in it.

One day Mrs. Cleveland, who has worked at Sage & Sand Restaurant most of the time since they arrived here, complained about lack of space, Mr. Cleveland, leapt admirably to meet the situation.

Thirty dollars and a lot of labor later, the Cleveland house - on-wheels sported an additional bedroom....Tin was used, as aluminum is somewhere in the never-never land, Cleveland found. He paid $24 for the tin, picked up ("accumulated") spare lumber in scraps at Halliburton, where he works, and raided a junk yard, finally emerging with an unwieldy piece off a gin. The junk dealer was glad to part with it for $8, and now it is a quaint ornament for the new addition. Now the ingenious Mr. Cleveland is converting the addition into sections, the floors and walls to be ready for a move if transfer comes along. Daughter, Patsy, and son, Billy, will bunk inside the trailer while, upon completion, the addition will be master bedroom for mom and pop.

* * *

District Attorney BOB DAVIE, his wife, and son, MARK, have returned from a trip to Colorado Springs and Estes Park, Colo., driving back through Santa Fe, N.M., Mrs. Davie described the most wonderful sight they viewed. Was it majestic Pike's Peak? The wooded fringes and tinkling stream of the huge national park? The wild life peek-a-booing from trees and shrubbery? No!..Said Mrs. Davie excitedly, "We saw it rain three inches the night we got there!"

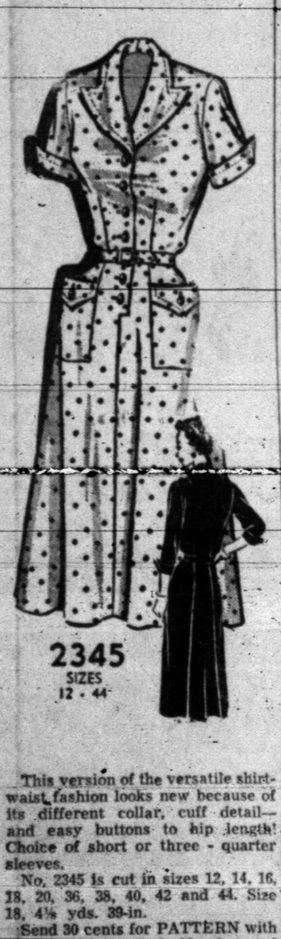

* * *

Week - end Notes:

The Houston Hartes, 3726 Dalton Drive, are back from a two week's vacation...The WILSON CONNELLS entertained Mrs. Agnes Keeler from Post over the week end...The big Golden Wedding party at the H. G. MOORES, was pleasant...The pioneer settler was chatting with 20-odd old friends on the porch when I drove up. Instructing my two young sons not to fall into an oil well or anything, I went inside....Saw well over 100 people milling around...The three Rollins brothers were there with families, the ELZA ROLLINGS, the A. C. ROLLINGS, the I. M. ROLLINS...Mrs. Moore told of their arriving in Ennis Creek in 1910 with COM EZELL. Visiting with her yesterday was MRS. GEORGE ROGERS.

Seen wishing the couple well: The J. E. LeMonds, the first woman I met in Scurry County, the Ernest Taylors, the David Strayhorns. Mrs. John Spears and daughter, Mrs. Lee Smyth.....MRS. CLYDE THOMAS had sent a handdone ceramic cherub.....MRS. EFFIE RAMSEY brought a beautifully crocketed bath bag in gold shades...Their ...Sunday school class, the T.E.L's had presented a gold creamer set....MRS. WALLA FISH, had brought a gold nut plate, while the TONY HOLCOMBS sent a gold creamer set, the A.C. MARTINS bringing a gold salt and pepper set. MRS. LUCILLE DOUGHERTY's gift of gold hurricane candle holders was clever... All small boys at the affair had been corralled and red boutonniere pinned to their lapels.

Family Reunion Held In Mullins Home

Mr. and Mrs. H. A. Mullins, 1704 Seventeenth Street, were hosts at a family reunion over the week end, which was attended by their son and two daughters from out-of-town.

Their son, Horace Mullins and family arrived from Longview where Mr. Mullins has been associated with Sears & Roebuck Co. 11 years. He was assistant manager of J. C. Penney Co. here for 8 years before moving to Longview.

A daughter, Mrs. J. C. Witherspoon, arrived from Odessa with her son, Warren Witherspoon, and her daughter, Betty Jean Witherspoon. Another daughter, Mrs. Gladys Gunter from Monahans, brought with her Ray Gunter, a son in the U. S. Air Forces, and two daughters, Betty Faye Gunter and Joyce Gunter.

The Horace Mullins and their son, Don Mullins, expect to visit here for several days, but the other members of the family returned to their homes yesterday.

Japanese Protest Red Detention Of Prisoners

TOKYO, July 30, (AP)—Two Japanese men, apparently part of a group protesting Russian detention of Japanese prisoners of war, tonight leaped in front of an automobile taking Gen. Matthew B. Ridgway to his home.

ASK MILDRED

Do frozen egg whites make good meringues? Mrs. J.M.L.

They make just as good if not better meringues and angel cakes than do unfrozen egg whites.

* * *

I have a friend who says he was raised on cider brine and turnip greens. I am certain he is joking. Is there a food named corn pone? B. L. L.

Corn pone recipe follows which serves 4 to 6 people.

2 cups yellow corn meal
1 teaspoon salt
1 teaspoon salt.

Hot water to hold mixture together (about 2-3 cup). Shape into pones (patties). Place on greased pan and bake in hot oven until brown (45 minutes to 1 hour).

* * *

Please give me a recipe for frozen fruit salad, one that could be frozen in cie cube trays and then served in that size portion. Mrs. M.J.

½ cup cream cheese
1-3 cup salad dressing
1 cup whipped cream
1 cup canned mixed fruit

Drain juice from fruit and combine with cheese, dressing and cream. Freeze.

* * *

My wife argues that the human body is 65 per cent water. I say only 50 per cent. Who is correct? Mr. B.D.L.

Your wife is correct. Body composition is 65 per cent water, 35 per cent dry matter. The dry residue consists of 88.18 per cent carbohydrals, fats and proteins and 11.82 per cent of the following ash, listed in order of largest amounts. They are: Calcium, Phosphorous, Potaisum, Sulphur, Sodium, Magnesium, Chlorine Iron, Silicon, Manganese, Aluminum, and traces of the following elements, Iodine, copper, zinc, and Florine.

Guest List For Reunion Of '41 Class

Thayne Mebane, former president of the class of 1941 in Snyder high school, was master of ceremonies at a class reunion held in the northwest elementary school Friday night.

Following the banquet, a dance was given for the exes and guests.

Attending the reunion were Mr. and Mrs. Robert Chambers, Mr. and Mrs. J. W. Clinkenbeard, Mr. and Mrs. Don Adams, Mr. and Mrs. John Lynch, Jr., Mr. and Mrs J. C Williamson, Mr. and Mrs. Gerald Walton, Mr. and Mrs. L. A. Chmbers, Mr. and Mrs. C. Massingill, Mr. and Mrs. Newell Mebane, Mr. and Mrs. Pat Johnston, Mr. and Mrs. James Woods, Lloyd McGlaun, Mr. and Mrs. Eldon Thompson, Mr. and Mrs. Aclee Kincaid, Mr. and Mrs. Doyle Whatley, Mr. and Mrs. Murry Jackson, Mr. and Mrs. Clyde Reynolds, Mr. and Mrs. C. W. Ferguson, Mr. and Mrs. Bill Line, Mr. and Mrs. Miller Price, Mr. and Mrs. Donald Ray Scott, Mr. and Mrs. Marshall Erwin, Mr. and Mrs. Clifford Hale, Mr. and Mrs. Jim Kent, Mr. and Mrs. J. M. Boothe, Mr. and Mrs Jack Terry, Mr. and Mrs. Thayne Mebane, Mr. and Mrs. Fred Bullard, Mrs. Shirley Avery, and Mr. and Mrs. Bryan Jordan.

Out-of-town guests present were Mr. and Mrs. Claude Weathersbee, Floydada, Tex.; Mr. and Mrs. L. D. Reeves, Carlsbad, N.M.; Mr. and Mrs. Kenneth Wilson, Hermleigh; Mr and Mrs. Jack Boyd, Grand Prairie, Tex.; Mr. and Mrs. James Wells, Pacoima, Calif.; Mr. and Mrs. Bill Lawless, Colorado City; Mr. and Mrs. W. C. Hammit, Midland; and W. W. Hill, Fort Worth.

Check Report Said 'Official'

WASHINGTON, July 30, (AP)—Secretary of Defense Marshall is digging into the who's and why's of a controversial Korean War statement, issued at the Pentagon apparently without top level clearance.

The statement, read to reporters at a news briefing Friday, suggested the Communists could be using cease-fire talks for gaining time to build up their forces and to set a military trap.

Coming at the height of Korean cease-fire talks, it jolted top Pentagon officials who promptly took the "official" label off the statement and said they knew nothing of its origin.

A department spokesman said Sunday that Marshall and Deputy Defense Secretary Robert Lovett "intend to get to the bottom of it."

A Pentagon general, who asked not to be identified, said he understood the statement was written by the Army's psychological warfare division. That's the army branch which uses words and other devices as weapons of psychology against an enemy.

There was no immediate comment from psychological warfare division officers.

But why the statement was issued, no one could — or would — say just yet.

The statement said United Nations forces cut short a successful advance last month which had Red troops "on the ropes" after Russia made its truce talks proposal.

The statement added that the Communists had seized the opportunity to build up striking power along the battlefront while the United States, instead, had actually withdrawn a combat unit from the line and sent it to Japan.

The investigation into the reason for the statement and its source apparently was ordered by Marshall and Lovett.

German Group Formed

BONN, Germany, July 30, (AP)—Germany today had a new veterans' organization, a group expected to play a big part in politics.

It is the deutscher soldatenbund (german soldiers federation), which claimed 85,000 members at its formal organization meeting Sunday.

Franks-Dorman Marriage Read Here Friday Night

Mr. and Mrs. C. W. Dorman are shown cutting their cake after the formal wedding Friday night at the home of Mr. and Mrs. Raymond L. Grimmett. She was the former Miss Tommie Ann Franks, 628 O'Neal Avenue. (Staff photograph).

Miss Tommie Ann Franks daughter of Mr. and Mrs. L. D. Franks, 628 O'Neal Avenue, became the bride of C. W. Dorman, son of Mr. and Mrs. C. A. Dorman, 1106 Avenue R, Friday night.

The formal wedding was on the front lawn of the home of the bride's uncle and aunt, Mr. and Mrs. R. L. Grimmett, 1311 Avenue R, at 8 o'clock, with the Rev. Earl Creswell, pastor of the North Side Baptist Church, officiating in the single ring ceremony.

Wearing a light blue formal gown of organdy with white raised flowers, the bride was given in marriage by her father. Her shoulder length veil fell from an array of orange blossoms. In the tradition of something borrowed, she wore white pearls belonging to Mrs. Grimmett. With her light pink rose buds, she also carried a white Bible.

Attending her as maid of honor, the bridegroom's sister, Miss Nancy Dorman, wore a formal gown of light pink taffeta, and her flowers were dark pink carnations.

The bride's cousin, Arlene Bridges of Lubbock, was flower girl, wearing a yellow formal of dotted swiss.

Best man was Jackie Grimmett, son of Mr. and Mrs. Bill Grimmitt, 1301 Avenue R. The ushers were R. L. Grimmett and the bride's uncle, A. L. Bridges of Lubbock.

The altar near the front porch steps was decorated with a white arch, entwined with pink and white zinnias. At either side of the arch was a tall basket of pink and white zinnias.

The soloist, Miss Mary Helen Creswell, daughter of the minister, sang "Always," accompanied at the piano by Mrs. LaWayne Hulse, who played "I Love You Truly" preceding the wedding march.

A white cake of two tiers with yellow lilies was served with punch at the reception which followed with Mrs. Hubert A. Brenley presiding. For the reception, also held on the lawn, the bride wore white silk shantung with navy blue accessories.

After a three - day wedding trip, the couple will reside at Corpus Christi, where Mr. Dorman is stationed at the naval air base.

Mr. Dorman attended the Snyder public schools, and the bride attended public schools at Ira and Snyder.

PERSONALS

Mr. and Mrs. Morris Sanders, 2211 Avenue O, visited Mr. Sanders' parents in Winters last week. Mr. Sanders is assistant manager of Anthony's.

Mrs. Henry Ellerd was expected to return to her job at Anthony's today after having visited in Kansas.

Canadian's Pickle Jars Could Upset World's Diamond Market

LONDON, July 30. (AP)—What do you keep in pickle jars? Pickles, maybe — or money for the milkman?

Dr. John T. Williamson keeps diamonds in them. Millions of dollars worth. And that has the tightly controlled diamond industry in a dither.

Dr. Williamson, 44-year-old bachelor, is a Canadian scholar and geologist who 15 years ago was prospector with a theory about diamonds no one would listen to. He was glad to share a little food with African natives.

[illegible] in a fine house at Dukoba on Lake [illegible] in Tanganyika. The handfuls of diamonds in pickle jars round the house come from his mine at Mwadui which holds a glittering treasure of the gems.

And Dr. Williamson is the center of price war speculations in this world center of the diamond business. Some nervous financiers have been apprehensive that he might be hoarding a great pile of diamonds to throw on the market suddenly in competition with the intricately organized syndicate which controls about 90 per cent of the world's diamond business from its London headquarters.

Dr. Williamson, however, has [illegible] he does not intend to flood the market and that far from plotting a price war, he believes diamonds should command a higher price.

Most dealers here agree there will be no price war, insisting it simply isn't economics to expect prices to fall when the supply of diamonds is short and the demand is booming. The world is buying about $200 million worth of diamonds a year. They are in heavy demand for jewelry, and manufacturers who need hard cutting edges are calling for more industrial diamonds.

Then what's behind the actions of the mystery man who has worked his rich mine steadily for two years but has sold relatively few diamonds, putting them instead into his pickle jars? Financial circles speculate that he may be getting himself into position to bargain with the syndicate for more than his present quota to supply 10 per cent of the world's diamonds.

Korean Future Dark, Whether War or Peace

SEOUL, Korea, July 30. (AP)—Korean refugees face a bleak future, regardless of whether it holds peace or more war. Tens of thousdans in are in camps around Seoul. Many are sick, wounded or hungry.

But they take their suffering very stoically, said Richard J. Evans of Bremerton, Wash., a Red Cross worker.

Evans and this correspondent made a tour of refugee camps near this fire-blackened, shell-battered former Korean capital.

Many of the sights were appalling but these destitute people are slowing getting back on their feet under the supporting crutch of United Nations aid.

HALF-MILLION EVACUATED

Since June 1, about 500,000 Korean civilians have been evacuated from the area between the front lines and the south side of the Han River, Evans said.

Lt. Gen. James A. Van Fleet, Eighth Army commander, ordered that all refugees, except residents of Seoul, be placed south of the Han.

He gave these reasons:

(1) For their own safety, to get them out of the battlefields and minefields;

(2) Because the Communists were using guerrillas disguised as villagers for sabotage work; and,

(3) The civilians were interfering with the Allied military operations.

MOST GO THROUGH

Of the total evacuated, 312,000 have come through the refugee points supervised by Evans.

From across the front, refugees daily are piled into Army trucks and brought down to collection points. The main base is around Kuchonmyon, a village located just south of the Han about six miles from Seoul.

The town, which had a normal population of 4,500 now is bulging with nearly 30,000 refugee residents. When they get off the trucks, the civilians, young and old alike, line up in long queues in barbed wire lanes. They are vaccinated for small pox, innoculated for typhus and typhoid, dusted with DDT and handed a three-day rice ration.

Those who are physically able move on down to the next point 20 miles away and continue on about 25 miles to the third point. They then scatter out into the little villages.

SOME STAY NEAR

Refugees too weak to move on settle around Kuchong-Myon, and the sick and the wounded are placed in the crudely-improvised hospital in the village and in the Seoul Relief Hospital.

The filth and crude life of the refugees is a shocking sight to Americans. However, as Evans said Americans must realize that Koreans have a far lower standard of living.

Evans pointed out a ramshackle adobe hut for out-patient treatment of minor wounds and ailments. Little children stood barefooted in mud puddles, some of them carrying their tiny brother or sister on their backs, as they waited in line for treatment. A new baby, born on the dirt floor of the hut, lay wrapped in a blanket in one corner.

Evans Resigns Tigers Post

G. (Billy) Evans resigned today as executive vice president and general manager of the Detroit Tigers effective at the end of the season. The club said Charlie Gehringer, one of its all-time great players would be his successor.

The surprise announcement came as the Tigers were on an eastern road trip and staggering through their worst season since Evans took over nearly five years ago. The club is only a game ahead of sixth-place Washington.

A wealthy man, Evans, 67, said he would leave the Tigers Oct. 1, but he doesn't know if he'll retire.

"I've always been so Active I may not be able to," he said. "I can always pull out my typewriter and return to newspaper writing."

Owner Walter O. Griggs said Gehringer was the only man considered for the position.

"My task was to persuade Charley to take the job," Briggs said.

Gehringer said Red Rolfe would be back as manager next season.

Quiet, soft-spoken, Gehringer was one of the game's greatest second basemen.

Former Representative Is Candidate in 13th Congressional District

WICHITA FALLS, July 30. (AP)—Former Rep. W. D. McFarlane said today he would be a candidate and said today he would be a candidate in the Sept. 8 special 13th District Congressional election.

Five other Democrats and one Republican are in the race. The filing deadline is Wednesday midnight.

McFarlane who served three terms from the 13th ending in 1939, said he has resigned as a special assistant to the United States Attorney General in the anti-trust division to make the race.

McFarlane was defeated by Ed Gossett whose resignation is effective July 31.

"Due to the great emergency now confronting the nation, my friends feel that my experience, seniority and known friedships in the administration would be of great service to all our people," McFarlane said.

Labor Conferences For West Texas Cotton Men Scheduled Next Month

ABILENE, July 30. (AP)—Plans for three regional conferences on labor problems facing West Texas cotton farmers were announced today.

Sites and dates are: Wichita Falls, Aug. 28; Big Spring, Aug. 30, and Lubbock, Aug. 31.

The conferences are sponsored by the Chambers of Commerce of the three cities, the Texas Cotton Ginners Association, the Texas Farm Bureau Federation and the West Texas Chamber of Commerce.

State School Board Votes Per Capita Pay

AUSTIN, July 30. (AP)—The State Board of Education authorized state payment of $62 per student today for 1951-52 from the available school fund, the same as last year.

The state comptroller estimated the school fund next year will accumulate $104,272,616, covering an appropriation of $5 million for textbooks and the $62 per capita payment for 1,598,000 scholastics.

Vince Boryla, one of the basketball stars for the New York Knickerbockers in the NBA, works as a salesman for a book concern during the summer months.

The 1951 Michigan State baseball team set an all-time home run record for the schol by hitting 27 round trippers in 26 games.

In his first eight times at bat against Pittsburgh Pirate pitching, Brooklyn Dodger outfielder Cal Abrams got six hits.

CLUBHOUSE THAT BURNED

Freshly painted for its opening last October after being completely remodeled at a cost of $20,000, the Veterans Clubhouse is shown above in a photograph made last fall. The remodeling included redecoration of the former residence, used as a club since 1949, and the addition of a trim of Lueders stone, which was virtually the only part of the building not destroyed in a fire early yesterday.

Coach School Begins Today

SAN ANTONIO, July 30. (AP) — The world's largest coaching school opened today with top tacticians spieling to more than 1,000 mentors from over the southwest.

Football, track and training methods were on the first day's schedules of the huge Texas Coaching School.

Paul (Bear) Bryant of Kentucky, coach of the Sugar Bowl champion of last winter and exponent of the T formation; Frank Howard of Clemson, whose team won the Orange Bowl and who is an advocate of the single wingback attack; Frank Anderson, coach of Texas A&M's Southwest Conference track team, and Eddie Wojecki, Rice trainer, were main lecturers. Carney Leslie, Alabama line coach gave a demonstration of line play.

Baseball and basketball also are on the curruculum of the big clinic but will come later. Alex Hooks, SMU baseball coach, is to lecture Wednesday.

Basketball does not start until Thursday when Forrest Anderson, coach of nationally famous Bradley, Cliff Wells, coach of Tulane, appear on the lecture platform.

Practice also begins today for football and basketball squads that will appear in all-star games Friday and Saturday nights. Two-a-day sessions will be held.

A change in the South All Star football squad was announced. Dick Van Fleet, Austin tackle, broke a toe in a work-out at his home Saturday. Glendon Bushong, a teammate, was substituted for him.

A change also may be made in the North squad. Wayne Delaney of Sherman, an end, developed pleurisy and a decision will be made today by a physician on whether he will be able to play.

CENSORSHIP PLAN TO WORK QUICKLY

WASHINGTON, July 30. (AP)— In the event of enemy attack, The Defense Department expects to be ready with a program of communications censorship "in a matter of hours."

Plans for this were disclosed to the House Appropriations Committee by Jack Gorrie, acting chairman of the National Security Resources Board, during hearings on the 1952 military budget. The committee made the testimony public today.

In it, Gorrie said:

"On censorship, in the event we were attacked, you have to have it in force in a matter of hours. The quicker the better, because it prevents the enemy from knowing the destruction he may cause on your country."

He did not give details of the censorship plan which he said is being prepared.
