While you "can't fool mother nature" mother nature can sure fool you...or at least make a liar out of you!

While most people probably witnessed the display of the aurora borealis last Friday night, I'm sure those who didn't have heard about it by now.

Then, of course, there are those people who were told to go look...and didn't see much!

Debbie Pearson of Deport called us that night and asked us to go outside and look at the northern section of the sky and tell her what was going on.

Upon going out into the chilly darkness we were confronted with a pink glow that filled the sky.

We told her that it was the northern lights...which haven't been visible for several years. The northern lights are rare in this part of the world.

A little later we looked again and the sky was an incredible display of coruscating, fiery rays.

It was absolutely fantastic rather eerie and beautiful.

We watched them changing from pink to red to a wierd shiny white.

Then we went inside the house and called people who might be interested in seeing this absolutely amazing display.

They lived in town and couldn't see much, but went to the trouble to drive out into the country and look.

By the time we got off the phone and went back outside there wasn't much to see.

That meant that those folks who bundled up and drove out to see the northern lights didn't see a whole lot.

I'm sure that they thought we were crazy...the display had deteriorated to where it looked like a small bonfire on the horizon!

So, mother nature made us look like a couple of idiots who had either lied or sure did impress easily!

Oh, well, I suppose they know us well enough to not think too badly of us!

## Get Veteran Photos In Now For Next Year

There have been several people who have said, after seeing last week's veterans edition, "I wish that I had thought to bring in my husband's picture" or their own, or a brother's uncle or someone's photo.

Well, now is the time to do this for next year!

Now, while it is on everyone's mind. Get the photo to us along with the information, and we will make a half tone, take down the information and put it in our files for use in the 1992 edition.

Don't delay, get YOUR Vets picture in now!

## Good News For Highway 271 Travelers

There's good news for people who've been shaking their cars to pieces on Highway 271 between Bogata and Paris. A contract will be let around the first of the year to resurface the seven miles between Bogata and Deport.

According to information obtained through Phyllis Chandler, public information officer for the Paris office, the project will cost about \$3 million, about one-third of the Paris District's entire budget for Fiscal Year 1992.

Work on the project is expected to begin shortly after the contract is let, according to Ms. Chandler. For readers who use the badly deteriorated road, this will be none too soon. Although routine maintenance has been plug-

ging the worst potholes--in October the paper's reporter measured one 11-foot long just north of Bogata! The road remains the worst in the area.

We are doubtless fortunate that the Bogata-Deport project has been completed before the Paris office of the Highway Department is closed. Under the new Texas Department of Transportation that legislators approved in an effort to save money, highway construction and maintenance will be administered from Tyler.

The newspaper editors hope that the local legislators who voted for the measure will be alert to see that the savings are not always made at the expense of the area.

FUN FOR EVERYONE- "Celebrities On Stage" will be Saturday night at 7:30pm. (Staff Photo by Denise Wood)

## Community Maintains Support For Thomas Park

There have been many friends helping with the Thomas Park. Each and everyone is most appreciated.

The lights are now on in the Thomas Park and it looks very nice.

The bids on the concrete walk path and the pad for the pavilion will be opened December 5, 1991.

The bar-be-que dinner put on by the VFW and the Ladies Auxiliary 8187 was a large success. The Ladies worked very hard to make sure Veteran's Day was celebrated in proper fashion. The theme for the VFW this Veteran's Day was to continue to serve the country and Bogata by raising over a \$1,000 for Thomas Park.

The Thomas Park fund is now over \$5,500.

This Saturday night come to Rivercrest High School for a night of good music and fun. The plans are completed to entertain you. We need a large turn out to be able to get with in striking distance of Bogata's goal to have a park that all can be proud. See you at Rivercrest!

The following people have went the extra mile to help the Lions Club and City of Bogata have Thomas

## Lady Rebel Basketball Begins

The Rivercrest girls, ninth, junior varsity and varsity traveled to Sulphur Springs on Monday, November 11 to participate in a scrimmage Round Robin against Sulphur Springs, Greenville and Prairiland. The Prairiland varsity were unable to come due to volleyball play-offs.

The freshman girls lost 10-8 to Sulphur Springs, lost 8-4 to Greenville and won 5-3 over Prairiland.

ville, lost 4-0 to Sulphur Springs and lost 17-7 to Prairiland.

## Country Cooking

By Gerrie Bankhead

The Country Cooking column is being shared this week from the kitchen of Delaina and Mark Gray. They have been married for seven years and have spent the past six years in the Milton-Pattonville area. Delaina is originally from Paris but Mark has been a lifetime member of Pattonville.

Delaina's hobbies include reading, cooking, shopping, collecting baskets, pottery and spatter-wear, working in the yard and growing flowers. Delaina starts a new hobby this week, since she joined a sewing class in Paris. She has a goal of making curtains, however, she feels this is probably a premature goal at this point.

In the reading area, she collects Danielle Steele novels and enjoys reading Russian spy novels. She says that just anything to read, she likes.

Desserts are among Delaina's favorite things to cook. A couple of summers ago she began canning vegetables and has continued this ever since. She has filled her deep freezer with fresh vegetables and likes to try new recipe sof all kinds. She enjoys cooking for special occasions and likes to surprise people with baked goods.

She has come across an outstanding cheesecake recipe called White Chocolate and Lime Ribbon Cheesecake and says this has become the

best cheesecake she has ever made. She always makes lots of cheesecakes for Thanksgiving and Christmas. This recipe is time consuming but worth it and would take up all our recipe space in this paper, so we decided if you would like a copy, call her and she will mail you a copy.

The spatterwear collection of Delaina's started from her grandmother, Clara Murley of Paris, and she occasionally adds to it.

The Daisy Biscuit recipe is Mark's favorite and she makes them for a weekend specialty. She has used this recipe about two years. The Royal Chicken Breasts recipe came from the Bon Appetit magazine last year and the spices can be adjusted to fit your taste.

The Fresh Strawberry Ice Cream recipe is one of their favorites. Make special note of the ingredients. It is unusual. The Broccoli Chicken Enchiladas have been a favorite for about two years. She has changed the recipe somewhat. The Layered Lemon Dessert is a new recipe she got this year.

The Fruit Salad recipe came from her sister-in-law, Terri Pressley, from Paris and has used it about four years.

If you've enjoyed the article, request a recipe or have a recipe to share or suggest a feature, please call 652-6032 or write Rt. 1, Box 67A, Deport, TX 75435.

RIVERCREST JUNIOR High Rebels had a super year. Team members are, first row, left to right: Nicholas Castle, Jason Sears, Alvin Savage, Justin Grissom, Erric Martin, Justin Smith and Mitch Ellis. Second

row: Kyle Hines, Kenny Rector, Dru Denison, Michael Deming, Chris Yount, Russell English, Joseph Fleing, Corey Miller and Johnny Southern. Third row: Coach Gary Schultz, Jason Giles, Andrea Savage, Josh

Belcher, Clint Gage, Juan Torres, Eric Waller, Carey Gable and Coach Ronny Ross. Fourth row: Brandon Williams, Toliver Noey, Scott Johnson, John Davidson, Jody Ottinger, Jay Hancock and Brent Beers.

## Youthful Rebels Have Super Season

The Rivercrest Junior High Football team has captured a second in district and a super season that boasted only one loss!

The Junior High Team closed out their season last week with a 28-12 victory of Cooper.

The young Rebs finished second and scored an awesome total of 244 points. They only gave up 44 points the entire season.

Carey Gables has quarterbacked the Rebs and Jay Hancock, Juan Torres and Matt Belcher racked up too many yards to keep count of as running backs!

The team's one loss was to Wolfe City by a close score of 20-18.

Coach Ronny Ross was especially

proud of the offensive line, while Coach Gary Schultz added praises for the defensive line.

The team didn't lose a single player to grade problems, and is proud to add several of the team members are a part of the Gifted and Talented Program!

Coach Ross has pointed out that the junior high statistics are pretty impressive.

James Bowie failed to score against the Rebs while Rivercrest Junior High racked up 24 points. Maud was trounced 44-0. Harleton-32-12.

Wolfe City managed to edge the Rebs out by 2 points. Chisum was defeated 20 to 0 and Leonard 38 to 0.

Honey Grove was slaughtered 40-

0 and Cooper defeated 28-12.

The Young Rebels averaged 30.5 points per game while their opponents averaged only 5.5!

They featured five shutouts. The Junior High Program has shown some big gains over the past years. In 1986 23 boys came out. In '87 28; '88 30; '89, 33; 1990, 36 and in 1991, 38.

This shows a steady increase in interest.

If these youthful football players continue in the same vein Rebel fans are going to have some hefty football talent to watch in the next few years.

The Junior High Team is to be commended on their fine season...and, just as importantly, on their sportsmanship.

PRESENTING the Rivercrest Varsity football team for 1991, first row, left to right: Jerry McClour, Vance Martin, Matt Childres, Glenn Baird, Clint

Burns and David Jones. Second row: Jonathan Savage, Shannon Richeson, Dean Tiffie, John Smith, Clay Pirtle, Geno Sartor and Joey Southern. Third row:

## Rebel Sports Report

### Rebels Lose Last Game To Cooper, 55-0

By Marian Green

For the third straight week, the Rivercrest Rebels couldn't get on track and the defense failed to slow down the Cooper Bulldog's offensive onslaught. The result was a 55-0 loss to the Cooper team.

This closes a curtain on a very disappointing season which started

out with high hopes, promises and good feelings.

The future for Rivercrest football looks on the upswing as the Rebel Junior Varsity played nine games, while winning only two, they were competitive in most of them.

The important thing is that these

youngsters received playing time.

The Rebel Junior High closed an outstanding season, defeating Cooper Junior High 28-12. This closed their season with a 7-1 record.

This was a disappointing season for the Rebels, but they will get 'em next year. Good Luck Rebels!!

### Keeping Healthy

#### Second Opinion

As a general rule, patients should seek a second opinion whenever they are uncomfortable with the explanations given by their doctor, are unhappy with their progress toward recovery, or simply feel the need for verification of their doctor's diagnosis and/or treatment.

There is no benefit to be gained, however, from questioning every decision your doctor makes. There are times when it would be dangerous to waste time getting a second opinion. A dire emergency is no time for second-guessing.

That leaves a wide range of conditions that are neither trivial nor life-threatening; such as elective surgery, recurring pain, disabling illness, or any other problem important to the patient. In many such instances asking for a second opinion is very appropriate, and peace of mind is a good reason for seeking it.

#### Fluoride Toothpaste

Numerous studies involving children and young adults have established that frequent brushing with a fluoride toothpaste helps prevent tooth decay. Now a study by researchers at the University of Iowa College of Dentistry suggest that the same holds true for older adults.

The one-year study, the first of its kind, found that older adults who used a sodium fluoride toothpaste had significantly fewer cavities than those who used a non-fluoridated toothpaste.

"These results indicate that all adult patients with natural teeth should be encouraged to brush frequently with a fluoridated toothpaste," said Dr. Mark Jensen, director of the dentistry college's Center for Clinical Studies.

### Prussic Acid Poisoning Possibility

By Paul D. Payne

Cattle should not have access to frost bitten Johnson grass, Sudan type plants and milo stubble until the plants are completely cured. Just how long this period is varies and one is always in doubt as to when the safe period has been reached.

A University of Kentucky Beef Cattle Specialist in a bulletin, "Forage Related Cattle Disorders", suggests that the toxin causing the disorder is dissipated usually within 48 hours after receipt of a falling frost. Well, we have had three mornings of freezing weather plus a sure enough killing frost. This should lead to a rapidly curing plant that would be safe for cattle to eat in short order. When the plants are ready to bale for hay, they should be safe for animals to consume.

### PJC & ETSU Team Up In Transfer Program

Officials with Paris Junior College and East Texas State University have signed an agreement to assist students who plan to transfer from PJC to ETSU.

Bobby R. Walters, president of PJC, and Dr. Jerry Morris, president of ETSU, signed the agreement at a luncheon meeting on Thursday, Oct. 31, in Commerce. With the agreement, the two institutions will establish a closer working relationship to assist Paris Junior College students planning to transfer to ETSU in their junior year, Walters said.

"The faculty and staff at Paris Junior College are doing good work in student transfer preparation," said Walters. "We are pleased to join ETSU in developing this agreement, which will benefit our students."

Each year ETSU receives approximately 700 transfer students from junior and community colleges in Texas, according to Dr. Morris. This semester 100 new students from PJC transferred to ETSU, with a total of 453 former PJC students currently enrolled.

The agreement between PJC and ETSU includes the development of common degree plans, a dual admissions program, and common course numbers designated in the ETSU catalog. These provisions will help students in their selection of courses so they can know in advance which courses will transfer for credit for a bachelor's degree.

The common degree plans will specify courses to be taken at Paris Junior College and those to be completed at East Texas State University. Beginning with the 1992-93 issue of the ETSU catalog, courses will be listed with ESTU numbers and PJC numbers in parentheses.

Familiar Faces

By Denise Wood

Anyone who has been in the Armadillo Kwik Korner has seen the Manager, Linda McDowell. This is why she is the Familiar Face this week.

In 1986, Linda and her husband, William Allen, and youngest daughter, Dedra, moved to Texas from California. Last December their oldest daughter, Tina Sowle moved to Bogata, too. So far they have no regrets of moving to Texas. They like the community and the way of life it offers.

When Linda moved to Texas she began to work at convenience stores in the surrounding areas. Three years ago, Linda started working at the Armadillo Kwik Korner. She soon became Assistant Manager and since February she has been the Manager. Linda is over eight employees and is respected as a boss.

Working in the store has let Linda get to know the people of the community. She didn't know too many people before she started working. Linda works a twelve hour day of work five days a week. There is a new challenge every day. The job provides little time to become bored because of the demanding daily tasks.

Linda's job doesn't give a lot of free time. When she's not working, she enjoys gardening and yard work. Hard work is definitely something she is not afraid of doing.

Since the store changed hands in 1988, you can see a major difference in everything the store has to offer. With the help of her supervisor, Alice Davis, Linda and the other employees has made the store an essential business for Bogata.

Dr. Bruce Kirk Is Red River General's New Optometrist

Red River General Hospital has a new optometrist, Dr. Bruce Allan Kirk of Texarkana. The Red River Optical will be open four days a week from 9am-5pm, Monday through Thursday. Dr. Kirk will be at the office on Wednesday and Thursday mornings. At the present Dr. Kirk has a practice in Texarkana at the Minadeo Eye Center. His plans are to maintain the two practices.

Dr. Kirk graduated about two years ago from Southern College of Op-

tometry in Memphis. He specializes in eye exams, contact lens, optical dispensary, filling prescriptions, and duplicating lens. His practice has already began to grow during the short time he has been in the area.

He and his wife, Debbie and twenty month daughter, Karoline live in Texarkana where they recently moved from Murfreesboro, Tennessee. Dr. Kirk is ready to serve the area and hopefully the area is ready to serve him.
