Three Are Killed And Dozens Hurt In Storm Series

Louisiana Also Suffers Wednesday Night; Pearland Near Houston Is First To Be Struck By Gale

Queer Tales Told

Trees Are Destroyed And Houses Swept Away In Big Flurries; Incidents Of Interest Related

HOUSTON, Dec. 13.—Crashing down on eastern Texas and western Louisiana communities, a series of tornadoes yesterday and last night took three lives and injured more than a dozen persons, some perhaps fatally.

Striking first at Pearland, near here, where a garage employe was injured and several buildings were demolished, the storm, a brilliant electric display and heavy rain accompanying the wind, felt on the Surphur Springs community, near the Louisiana state line. There, Mrs. C. C. Friddle, 42, was killed and her mother as well as Allen Shivers, his wife and children, were injured. The Shivers family was buried beneath debris scattered over their home tumbled down on them, but they escaped with bruises.

Trees Are Torn Down
The storm reached such proportions here that it was necessary to remove tall pine trees from the streets, as ambulances could not reach the injured.

Continuing northeastward, the wind struck near Tenaha in extreme eastern Texas, after killing an unidentified negro at Center, wrecking the home of John Jones, killing his wife, Mrs. Jones, and two sons. A 10-year-old daughter was found, after the wind had abated, hanging by her clothing from a high barbed wire fence, unhurt, and an eight-month-old baby, in her crib, also escaped injury from the wreckage.

City Park To Get New Lot Of Trees

Commissioners Order Purchase of 125 Chinese Elms Thursday; Have Busy Session During Day

Purchase of 125 Chinese elm trees, to be placed in the city park, were authorized by the city commission at its regular session held Thursday afternoon, as was also the purchase of a feed mill for the city to use in preparing feed for the city's work teams. The commission increased the park commission from three to five members, C. H. Mahoney, of Texas Technological college, being named chairman and the other to be appointed later.

Mrs. D. Henry was granted permission to place a block of land in the Pickett & Penny addition on Avenue M, and the avenue will be opened up to Twenty-Fourth Street. The plat of ground will be subdivided into a new city addition to be known as Sunnyside addition.

Parking Rule Passed
The ordinance, prohibiting local automobile dealers from parking more than three cars on city streets at one time, was passed by final reading and will become the law within 10 days after publication of the ordinance.

The Texas Utilities company was granted an easement for its high line, where it enters the city at its

Couldn't Find China Shop

SAN ANTONIO, Dec. 13.—(AP)—A Brahmin bull today missed what proved to be the chance of a lifetime.

Two bulls escaped from the stockyards. One was caught soon, but the other continued toward the downtown district, where shoppers watched the animal dash through crowded streets, dragging a cowboy and a horse behind, in spite of two rifle balls in its head. The cowboy, not knowing the object of the bull's search, had roped the animal. Shots from policemen's pistols finally brought the wandering bull to its knees and cowboys kept it tied up until it died.

The Brahmin had not found its china shop.

Court Withholds Decision in Case of Utilities-Spur

Completion of Suit Reached in Federal Session Last Night; Decision Given In This Term of Body

At the conclusion of arguments by attorneys in the case of the West Texas Utilities company versus the City of Spur and Fairbanks, Morse & Company, at nine o'clock Thursday night, in the Lubbock division of the United States District court, northern district of Texas, Judge James C. Wilson announced from the bench that he would withhold making a decision in the case until he had got over points of law, evidence and proposed contracts, which took up about half a day's time, commencing Monday afternoon and finishing Tuesday morning.

Arguments Are Concluded
Ellis Douthett, of Abilene, concluded argument for the utilities company, other attorneys for them being Charles E. Coombs, Stanford, and W. D. Girard, of Lubbock. For the defense were W. D. Wilson, of Spur; B. L. Agerton, Port Worth; Judge Gormley, Dallas, and C. J. Lord, Chicago, the latter two representing Fairbanks, Morse & Company.

The case has aroused statewide interest and has been closely watched, as it involves the West Texas Utilities company's effort to have the federal court permanently enjoin the City of Spur from installing

Youth Must Face Charge of Murder

STANTON, Mich., Dec. 13.—(AP)—Fifteen-year-old Jimmie Deacons, confessed slayer of Miss Florence Carter, Sheridan school teacher, must face a charge of first degree murder. The youth today was given in to the jurisdiction of the Michigan county circuit court after he had been adjudged sane by three alienists.

The boy has confessed to beating to death and criminally attacking his 37-year-old teacher because she slapped him three years ago for throwing paper wads in school.

MUNITION PLANT BURNS

Firemen Are Kept At Range By Exploding Shells

CARLEISLE, Pa., Dec. 13.—(AP)—While firemen were being kept at long range by the explosion of a large quantity of munition for 37mm field artillery and 45 calibre revolvers, fire tonight swept through building No. 8 of the United States army medical fields service school here. The cause of the fire was discovered at 10:30 o'clock.

It was estimated that the damage would approximate \$100,000.

Senate Increases Enforcement Bill By 250 Million

Highest Figure Ever Suggested—\$270,627,384—Is Given Approval by Higher Group Wednesday

Wet Makes Move

Swiftiness of Passing of Measure Is Surprising; Leaders Lay Plans For Killing It In House

WASHINGTON, Dec. 13.—Without debate, the senate today boosted the appropriation proposed for prohibition enforcement next year from \$12,500,000 to \$270,627,384—the highest figure ever suggested. The increase, however, must be approved by the house, where repeated efforts to provide such a large sum have failed.

The move to increase the allotment was made by Senator Bruce, democrat, Maryland, one of the wet leaders who proposed the more than quarter billion dollars addition in amendment form to the treasury-post office supply bill after the senate once had passed the measure.

Things Move Swiftly
The senator got his amendment in, however, by asking for reconsideration of the bill and then things moved so swiftly that it apparently was not until some time later that the senate realized what had occurred.

Declaring the appropriation would "wreck" the government's fiscal program, leaders immediately laid plans to kill the increase when the bill is considered in the conference with the house for adjustment of difference between the two bodies.

Unable even to explain his amendment because of the rush with which it went through, Senator Bruce later explained off the floor that "if we can't repeal the dry act, let's enforce it right."

Bruce laughed aloud to the dismay of the small group of senators on the floor when his amendment declared approved and the bill introduced.

Purchase of Toll Bridges Planned

Oklahoma Highway Department Has Proposal to Buy Bridges Across River; Wants Texas To Aid

OKLAHOMA CITY, Dec. 13.—The Oklahoma highway department will make an effort to open to free passage bridges which exact tolls from travelers who cross the Red river, dividing the state between Texas and Oklahoma. Robert Keilar, attorney for the department said today. Keilar said he had drawn up a bill for submission to the next legislature providing either for the purchase of 15 Red river toll bridges, with Texas sharing half the expense, or for the erection of free bridges in conjunction with Texas. The bill, he said, also would memorialize congress to condemn the interstate bridges.

To Hold Conference
The attorney will go to Texas within the next week, he said, for a conference with an assistant attorney general there to learn whether Texas will join in the purchase of all Oklahoma toll bridges, or, if a suitable price would not be quoted, to build free bridges with state funds.

Former Student of College Is Killed

News of the death of Allan Coleman, former Tech student from Vernon, in an automobile accident in Tacoma, Washington, was received here yesterday by his brother, Irvin Coleman. Details of the accident are not known.

Young Coleman was the son of Mr. and Mrs. Henry Coleman, of Vernon and was a student in the Tech during the first year of the school. Since that time, he has been in Washington.

The body is being shipped back to Vernon for burial.

His brother, Irvin, is an employe in the office of Registrar E. L. Dehoney at the college.

They Watch Over King's Bedside

The world waits breathlessly for the brief bulletins issued by these two men, physicians to King George of England. Left is Bertrand Dawson, first physician in modern times to be named to the post. Sir Stanley Hewitt, right, is Surgeon Apothecary to the King.

King's Improvement Is Great News To England

Thursday In Congress

LONDON, Dec. 13.—Two brief bulletins issued at Buckingham Palace today told subjects of King George that their monarch's satisfaction with the medical reports gave great gratification to the public.

Five of the King's physicians went to Buckingham Palace this evening, but only three of them signed the official bulletin.

Tonight's bulletin was worded as follows:

"Though the king is still suffering from exhaustion, there is slight improvement in his majesty's condition this evening. The local condition remains satisfactory."

The note of satisfaction, and even hope, expressed also in outside medical circles, will reach the Lancet which, in its edition tomorrow, will say:

"The position of the king's case is so far satisfactory, and those who are conversant with the course of the symptoms, and their significance in these cases, will recognize that we have here a foundation for the renewal of legitimate hopes."

Three Donate To Local Cheer Fund

While the "Christmas Cheer" fund, being raised by the Lubbock Kiwanis club for the purpose of bringing cheer to needy children of this city and to introduce Santa Claus to many who might be overlooked, is growing daily, there is yet need for more donations, according to L. F. Holland, secretary of the club.

With only a few more days until Christmas, any one desiring to contribute to this fund is urged to send their contributions either to Mr. Holland, at the county tax collector's office, or to the Avancha-Journal, Thursday three gifts of \$5 each were received from S. C. Wilson, Earl Robbin and O. W. McLeod. Mr. Holland announces

ROW BREAKS OUT

Monroe School Tangle Ends In Fight; Arrests Made

Several arrests have been made, with prospects of others soon, following a general melee occurring at the Monroe school building last Saturday night, at a meeting of the school trustees. In the free-for-all three or four persons are reported to have been considerably bruised, among them school board members.

The mix-up is the outgrowth of a community feud which is said to have originated at a contest of the school trustees' election last fall.

Argentina Agrees To Aid In Closing Nations' Dispute

Settlement of Bolivia-Paraguay Boundary Row Foreseen in Announcement Made In Washington

Bolivia Prepares

Joining of Nation in Parley Adds Optimism to Differences; Bolivia Countries Continue Preparing

WASHINGTON, Dec. 13.—Chances of settlement of the Bolivian-Paraguayan Boundary dispute through mediation of the Pan-American arbitration conference were deemed today to have been increased with receipt of word that Argentina would concur in any steps taken by the parley to pacify the two countries.

During the day, however, the Paraguayan government added a little fuel to the threat of war between the two interior South American republics when it officially notified the state department that it considered the outbreak of hostilities "imminent" in view of the Bolivian warlike concentrations on its border.

Argentina Joins Group
Up until today the special committee, named by the conference to look into the controversy, had been laboring under the disadvantage of the non-participation of the Argentine republic in the parley.

Argentina, the only Latin-American country not represented at the conference, for some time has been engaged in trying to mediate the boundary settlement problem of Bolivia and Paraguay, including the same frontier on which last week's clash at Fort Vanguardia precipitated the present dispute.

The Paraguayan note is the state department shattered for the time being by the optimism which yesterday was engendered by the Bolivian agreement not to abandon the arbitration conference. The Bolivian government had considered its withdrawal.

In view of the extent to which the strength of the royal patient has been tried by three weeks of severe illness, reports gave great gratification to the public.

Five of the King's physicians went to Buckingham Palace this evening, but only three of them signed the official bulletin.

Crosby Plans For 4th Poultry Show

December 20-23 are Dates Set For Annual Exhibits; Good List of Prizes is Offered to Winners

(Special To The Avalanche)
LORENZO, Dec. 13.—Arrangements are being completed for the best poultry show that Crosby county has ever had, which is to be the fourth annual poultry exhibit here on December 20, 21 and 22. Various committees have completed their work and everything is in readiness.

The show will be held in the Woodward building, on north Main Street, and plenty of room is therefore available in a location that is accessible to the business district.

Lorenzo is offering \$25 on every variety of poultry, besides the sweaters, which are the most liberal premiums that have been offered here. With these facts and the good market here for breeding stock, it is anticipated that many outside breeders will be induced to bring their birds for exhibition.

H. L. Stancek is secretary of the Lorenzo poultry show. D. O. Fox, superintendent and Aubrey Ashley, manager.

TEX THORNTON IS CALLED TO BLAZE

GALVESTON, Dec. 13.—(AP)—Tex Thornton, famous fighter of oil well fires, has been summoned to help extinguish the flames which since Tuesday night has been raging in the largest producer ever drilled in the High Island oil field, in Galveston county.

Mr. Thornton left Amarillo Wednesday night and was expected to reach High Island late tonight. It is estimated that the well, brought in a few days ago by Marris McLean on property owned by the Cade estate, is flowing 10,000 barrels of oil a day. Damage of more than \$100,000 already has been inflicted. The blaze has defied efforts of crews working day and night to extinguish it.

SURVEY STRIKE TOLL

Hundred Die, 238 Hurt and Much Property is Lost

BOGOTA, Columbia, Dec. 13.—(AP)—One hundred dead, 238 wounded, and damages exceeding \$1,250,000 are set as the toll in recent, earlier disturbances in the Magdalena banana region in a dispatch of Inspector from the Barranquilla correspondent today.

The dispatch states the entire area is quiet now and the strikers are returning to work.

Argentina Woman Gets In Jam

BUENOS AIRES, Dec. 13.—(AP)—A mishap to an Argentine woman in the melee that marked the reception to Mr. Hoover at the station here this evening interrupted the official welcome for a few moments and brought a smile from hosts and guests alike.

As the woman broke through the lines around President Irigoyen and Mr. Hoover in an effort to shake their hands her skirt inadvertently was torn from her and trampled by others. Firemen and policemen made a ring around her while volunteers handed her safety pins and repaired pieces of her torn garment.

Flu Hits Jury In Adams Trial; Fail To Reach Verdict

Body Is Locked Up For Night After Several Hours Of Deliberation; Death Is Asked For Farmer

(By Associated Press)
DALLAS, Dec. 13.—With one of their number stricken suddenly ill with influenza but declining to go to a hospital until the case is decided, the jury in the trial of V. Ray Adams, Bartlett farmer, charged with the murder of Orville L. Mathews, Dallas bank employe, was locked up for the night at 9:45 p. m. without having reached a verdict.

S. M. Ray, was the flu victim. He was examined by C. A. Spivey, assistant county health officer, who decided it would be safe for him to remain with his fellow jurors over night.

May Be Discharged
Unless Ray improves, however, or an early agreement is reached when the panel begins deliberations tomorrow, there is a chance of the jury being discharged.

DALLAS, Dec. 13.—(AP)—A death penalty requested in closing arguments, the jury which heard more than a week's testimony in the trial of V. Ray Adams, Bartlett, for the slaying of Orville L. Mathews, bank employe, had not reached a verdict after more than three hours deliberation here today.

The jury was to decide whether it thought Adams justified in killing Mathews after a difference over payment of a \$2,000 bet on the Tom Connally-Zarlie H. Mayfield senatorial election. Adams, whose testimony was corroborated by W. T. Ramsey, an eye witness to the slaying, said he shot Mathews when the latter put his hands in his pockets after saying: "You won't get a dollar of that money, and if you don't leave town I'm going to get a gun and blow your head off."

In the closing defense argument today, Ted Monroe elaborated the self defense plea, ripping his coat when he showed the jury his version of how Mathews had stuck his hands in his pockets. District Attorney William McCraw, making the last address for the prosecution, asked the death penalty.

Bill Introduced Into Congress Calls For Ordering 25 Million Dollars To Cause of Illness

WASHINGTON, Dec. 13.—Surgeon General Cummings, after conferring with the "board of strategy" he appointed to make a study of the influenza epidemic, today made public a program of precaution to aid in combating the disease, but at the same time emphasized that the hope of preventing it spread was an illusive one.

Cases reported today stood at 41,063 after Tennessee reported 243 new cases, and the belief continued among public health officials that

LAUGH IS ON STUDENTS

NORMAN, Okla., Dec. 13.—(AP)—The laugh, if there is one, is on the scores of students, who university officials believe, attempted to create a flu scare which would close the university until after the Christmas holidays, the Daily Oklahoman will say tomorrow.

After telephone calls had deluged the infirmary concerning admission for treatment for influenza. The university promulgated a rule today requiring a physician's certificate to prove the case was bona fide. The calls, officials said, were stopped. Coughing and sneezing became appreciably less audible on the campus.

These cases represented not more than one-fifth of the actual ones. Recommendations Given
The surgeon general's program of precaution recommended isolation of recognized and suspected cases.

Sweetwater Area Has Excellent Range Conditions with Prospects Bright For Banner Era In Development of Section

Cattle, Sheep, Hogs and Poultry Reported In Better Shape Than In Years; Year Has Good Outlook

(Special To The Avalanche)
SWEETWATER, Dec. 13.—Cattle and sheep of this section are reported to be in excellent condition for this season of the year and ranchmen claim they are entering the present winter with their livestock and the range in much better condition than in several seasons.

The cattle are fat and have plenty of good grass in most every section of Nolan county while the sheep are just about in the same condition. Only in a few instances are the livestock men finding it necessary to feed their stock at present.

Hogs in Good Condition
The hogs are also reported to be in good condition and are faring well except for the fall of the axe here and there when one is slaughtered for meat.

County Agent, C. H. Clark said this morning the hogs were doing over the county, but only when a farmer took a notion to make for himself and neighbors a little fresh pork. Hog killing weather has prevailed for several days and when the weather is not cloudy, hog killing weather has prevailed for several days and when the weather is not cloudy, hog killing is one of the best pastimes that can be found on the farm.

Grain patches are also good, Mr. Clark said, but there is not much small grain in Nolan county this season. Wheat grain there is, he said, is good.

Poultry Marketing Good
Nolan county poultry is also reported to be in much better condition than a month ago. The fowls are fatter and many of the farmers who raise turkeys are now marketing their birds for the Christmas season in the east and north. These shipments must leave Texas not later than Wednesday night to get in on the Christmas and New Year's market in those sections where cold storage products are sold.

The chickens are reported as not laying very much now, but in a few instances there are found good laying flocks that bring in nice returns every week.

The general condition of the rural sections of the county are as a whole believed to be very good for this time of year. Much of the cotton is believed to have been picked while there remains a few scattering fields with much of the fleecy staple remaining for the pickers to gather.

But the cotton picking season will soon be over and the farmers will start breaking ground for 1929 crops.

JURY IS DISCHARGED

Body Fails To Bring Verdict In Trial of Woman

EULOUA, Okla., Dec. 12.—The jury trying Mrs. Beba Thompson, 18, for the murder a year ago of her husband, Sherman Thompson, was dismissed today when it was unable to reach a verdict. The state charged Mrs. Thompson with conspiring with Charles Edwards, who is serving a life sentence in the state penitentiary in connection with the slaying, to kill her husband, so she could collect \$4,000 insurance money and wed Edwards.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified medicine that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membrane and kills the germ growth.

Of all known drugs creomulsion is recommended by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchitis. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Is Silent Affair Harris County Has Queer Trial

HOUSTON, Dec. 13.—The defendant, complainant and all witness were deaf mutes in one of the strangest trials in Harris county history here in which Robert Reagan was fined \$25 and costs for aggravated assault.

Neither the judge nor any of the attorneys could speak the sign language and an interpreter was hired.

The most spectacular happening of the trial occurred while the defendant was on the witness stand. Reagan's testimony contradicted that of a previous witness who jumped to his feet and flashed his finger. The defendant started angrily from his chair, while the judge, attorneys and spectators wondered what all the hand commotion was about.

The interpreter explained that the man had called the defendant a liar and the former witness was told that such action was in contempt of court.

Attorneys caused confusion when they asked witnesses if they had heard this or that, but the interpreter always inserted: "Did you see?" for "Did you hear?"

John M. Cobb, defense attorney, caused confusion when he asked one of the witnesses if there was any loud talking when the defendant and complainant met just before the assault was alleged to have been made.

The Morning AValanche Menu for the Day

BREAKFAST: Grape fruit juice, cereal, cream, fried cornmeal mush, syrup, milk, coffee.

LUNCHEON: Cream of oyster soup, toast sticks, raisin salad, hot rolls, ginger cookies, milk, tea.

DINNER: Boned leg of lamb, buttered rice, creamed carrots, cabbage and orange salad, prune trifle, milk, coffee.

Whenever the butcher bones a roast, take the bone home with you as well as the meat. The bone can be used to make "second" stock which is excellent in sauces, gravy or vegetable soups.

One cup seeded raisins, 1 cup chopped celery, 1-2 cup broken nut meats, mayonnaise dressing, lettuce.

Choose cluster raisins if possible. Wash well and pour over boiling water to remove skins. Remove seeds and dry between towels. Combine with celery and nuts and add mayonnaise to make moist. Serve on a bed of lettuce.

If head lettuce is used cut the leaves into ribbons. The salad is more attractive and the lettuce is more likely to be eaten.

YOUR CHILDREN

"I know a good one," said Dad. "Even Henry can guess it—perhaps."

"What is it? Let's hear it," cried all the children but Henry. Henry looked down at his plate steadily and said nothing.

"Why won't Scotchmen use perfume?"

"The higher the fever," laughed Buddy.

"Because he couldn't cross the road," declared Dorothy.

"That was no lady, that was—Kate contributed with a giggle.

"Must have been two other fellows," said Leonard Stephen. "What's the answer, Dad?"

"Oh, just wait now," said Mother. "I haven't had a chance. Perfume—smell—smell. I know. Because he won't waste a scent."

"Right! What's the matter, Henry? Haven't heard a word out of you. Are you hungry?" There was a great roar at this, but Henry went right on eating.

He shook his head. "It's no use my trying. You'd all just laugh at me. Well, I—I think you're all dumb. You didn't have any good answers."

"Well, well! Henry has a thought! Dear me!" The business went on.

Henry hasn't a chance.

The next day their father brought home a pup. He laid it on the rug in the living room and the children gathered round with squeals of delight.

Henry came in just then and heard the noise. "What is it?" he shouted as he tossed his hat on the hall rack. "What is it?" He tried to peer over Dorothy's shoulder but all he could see was the edge of a saucer of milk.

"What is it?" he asked again.

"The family turned as one man. "Hank wants to know what it is," shouted Buddy. Then, pausing for a moment, he said, "I'll tell you, Hank. It's a rascal that made a mistake and grew a tail."

The family howled at this. Even Father added his little bit. "And you have to water it with milk," he said.

By this time Henry saw the baby object on the rug. "Oh, it's a puppy!" he declared delightedly. "Is it ours, Dad? Are we going to keep it?"

"Oh, no," said Kate, Charlie Chaplin is sending it to the President and the bird is also over notice on it because he thought we might like to see it."

This silly, half-baked sort of family is as common as folly-breath in an ash-can on the 2nd of January.

How to Achieve Beauty

BY MISS HELENA RUBINSTEIN

In Paris a little over a year ago, I was introduced to a man who had become a nine-days sensation because of a unique and interesting gift he had developed.

I think I agree with him. Just stop and think about a baby's mouth. How soft and sweet and characterless it is. The same mouth ten years later shows the early development of character.

Of course, these are all disposition lines. We have age lines, too, and they may be "tamed" or eradicated through careful massage. Remember to keep the corners of your mouth up and you'll have mastered a beauty art in itself!

To cultivate mobility of the mouth, place your two thumbs under the center of the chin and the two index fingers on the chin, under the center of the lower lip, and prescribe circles upward around the corners of the mouth as indicated in accompanying illustration.

I have seen what they call the "poker face," and looking at the

Shallowwater Benefit Party Is Successful

SHALLOWWATER, Dec. 12.—The Shallowwater P. T. A. held a forty-two tournament on last Friday night which was well attended. A small fee was charged for each couple who entered and a considerable sum was made. After a series of games were played, covers were laid and a lovely refreshment plate was served. Mrs. Jess Hardy, Mrs. Levy Rice, Mrs. Henry Mahoney and Mrs. L. L. Garby were hostesses for the evening.

Gifts Exchanged At Annual Party

Loyal Sisters Needle Club Is Entertained Thursday Afternoon by Mrs. Minnie Nichols

Pretty gifts were exchanged by members of the Loyal Sisters Needle club yesterday afternoon in the annual Christmas party which was given in the home of Mrs. Minnie Nichols, 1905 10th Street, and several visitors were invited with the members.

Red and green decorations in the Yuletide motif were used throughout the house and a tree was of principal interest.

Miss Latrielle Bishop favored the group with readings and refreshments of pineapple jello with whipped cream, fruit and angel food cakes were served.

Club members attending were Mesdames John R. Hall, R. V. Mills, George Duval, W. R. Fickas, J. R. Barrier, J. G. Birffe, W. A. Childers, J. M. Bishop, Ed D. Allen, H. T. Clem, B. B. Ater, Fred A. With the first anniversary of their "companionate marriage," one of the first in the country under that name, Josephine Haldeman-Julius and Roselle and Aubrey Roselle announce to a waiting world that it's a great success. Why shouldn't it be? It is because that papa Haldeman-Julius has been supporting them, and that the billing turtle doves have needed no concern over grocery bills. "Is she?"

What marriage, companionate or otherwise, shouldn't work for a year at least on such a basis? Or is it that wrong reasoning? Is it the very obstacles of bills and the pulling together against them that are more apt to make marriage successful? Anyway, we'll be interested to hear what Jostie and Aubrey have to say about it after a little longer trial.

MILLION-DOLLAR WEDDING

Miss Estelle Manville's recent wedding to Count Folke Bernadotte, nephew of the King of Sweden, is said to have cost her father, E. Edward Manville, nearly a million dollars. The bridegroom boasted in an interview just before the ceremony that he intended taking his bride to a nice modern flat in Sweden equipped with all the modern American conveniences of electric vacuum cleaner, toaster, radio, electric refrigerator, even bath tubs.

Here's the real issue at stake in international wedding. What seems as magnificent luxuries to the count are just taken-for-granted things by most any American girl bride.

Carpenter at the home of Mrs. J. E. Wright in Shallowwater. The house was attractively decorated with Christmas decorations and flowers in which the Christmas color scheme was carried out. Opening a short program, Mrs. Carpenter gave a reading contrasting the days of yore when brides went in their homely gowns to the church with modern times when they travel via airplane and closed her reading by advising the bride to take her honeymoon in a covered wagon. Just as she said this the bride-elect was asked to come to the dining room where gifts in profusion were tied on a Christmas tree. Plates of tuna fish sandwiches, cake and chocolate were served to guests. Mrs. Carpenter was assisted in entertaining by Mrs. Wright, Mrs. Jess Hardy and Mrs. Lang Anderson.

Select Mother's Gift For Luxury and Beauty

In dedicating Christmas to beauty for Mother, one might do well to consider (1) a set of modernistic bottles for her bathroom shelf; (2) a fitted vanity table, done in checker design; (3) a pair of charming, old gold and amethyst earrings; (4) a dainty pink negligee with trailing lace train and unusual sleeves; (5) a gay atomizer for perfume; (6) a bottle of imported perfume; (7) a modernistic bedside table and light; (8) a box of colorful scented bath salts.

BY JULIA BLANSHARD
NEA Service Writer

NEW YORK, Dec. 13.—Christmas, too often, means giving Mother something for the house or something practical and durable for herself.

The psychology of this is all wrong. In this modern age, one should remember that Mother, after all, is only a woman. And what woman's heart does not thrill at receiving luxurious personal things that are a bit frivolous and perishable?

Husbands, daughters and sons really should go modern this year, when it comes to Mother's gifts. Dedicate Christmas to beauty, when choosing things for her. And do not mind if they are perishable. Why should Mother's gifts last forever.

Large Selection

Quantities of luxurious beauty things are on the market, any of which might perk Mother up. A box of beauty lotions, fine creams, skin tonics, restful eye concoctions and so on, a bottle of French perfume, with atomizer; modernistic manicure things; colored bath salts to refresh her after a day's work; expensive scented soaps, pretty sachets, toilet water in fine bottles, and a set of new bottles for the bath lotions—hand water, hand lotion, skin food and so on.

Encouraging Mother in the realization that she still is a person of charm and beauty, nothing would be more efficacious than one of the gay little vanity tables. Fitted with cream and perfume, it would give a lift to any woman's spirit.

Esquisite Lingerie

In the same class are the following: esquisite French lingerie, a devastatingly delicate and alluring negligee, a chaise longue with fine throw of quilted satin, fluffy gay slumber pillows, gay slippers, children's hoodies of a periscope variety shade, delicate gloves, an ensemble purse and sandals and lot of novelty skins, modernistic shoulder light with triple French mirror, breakfast set of dainty china, very large chiffon hankies for dress-up, or a fine colorful overnight bag.

Then, too, there are numberless treatments Mother may never have felt she could afford. Tickets to these might be greatly appreciated. Such things include a paid visit to a series of ten weekly beauty treatments, treatment tickets, to a hair specialist, Turkish bath, swimming classes or some of the reducing dancing courses.

Mother is utterly immune to feminine beauty helps, at least the moderns can give her luxuries in the shape of rare books, potted plants or other unusual plants, bits of rare booklets, furniture she has coveted but never bought, a platinum locket, season opera tickets, or a series of meals for good shoes.

Jewelry abounds this Christmas to tempt the giver of beauty gifts. Perhaps an exotic pair of earrings might spur Mother to new interest in life. Or she may always have wanted some pin, ring, jeweled hair comb, opera glasses, jeweled wrist watch or beads of some special cut or color.

Probably the most acceptable gift to any Mother is something that her children has made himself or herself.

Many of the foregoing gifts might be included in this category. A fluffy little bed jacket to encourage her having breakfast in bed once in a while or some hand-quilted little pillows to dress up her day bed might be pleasing to her. If the encyclopaedia, periodicals, Mother's gifts should be done in colors that please her, whether it be a vanity table or a dressing gown.

It may seem shocking to the Mother who has always had carpet sweepers, living room chairs, kitchen utensils or a new rug to find that Santa has sloughed off at her feet some out-of-date, ordinary bottles and a lot of other beauty luxuries. But, the woman is hard to find who doesn't enjoy shocks! Therefore, there is everything in the favor of the giver of beauty gifts. Try it once and see if Mother isn't pleased.

Company Refuses To Purchase Bonds

Prospects for new Buildings On University of Texas Campus Slump; Regents to Act On Situation

(By Associated Press)
AUSTIN, Dec. 13.—Prospects for erection of three new buildings at Texas university immediately have slumped to a low ebb as a result of a hitch in the school's bond issue program, it developed today.

J. W. Calhoun, university comptroller, said the Guaranty Trust Company of New York has backed down from its agreement to buy the building bond issue voted by the university regents recently, the concern deciding the plan of retiring the bonds through the university available fund is unconstitutional. The company had already bought the \$500,000 first issue through Austin and Houston interests doing the bidding.

Attorney General Claude Pollard ruled that this university could pledge the available fund, which is interest from the permanent fund, for retirement of the bonds. Future action in the matter is left up to the university regents who meet again in January.

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing... watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Model A car and he will do a good, thorough job at a fair price.

Tech Cagers Trounce Wayland, 29 To 20, In First Game

Letters Awarded To Eighteen Members Of 1928 Matador Football Squad

Matador Quintet In Opening Game Of Court Season

Coach Payne's Basketball Make Creditable Showing Against Jackrabbit Five In Initial Appearance

Making their initial appearance of the season in the Tech gymnasium last night, the Tech basketball team, coached by Victor Payne, trounced the Wayland College Jackrabbits 29 to 20 before a fair sized basketball crowd. Coach Victor Payne sent several teams into action to test the new material on hand which will form the 1928-29 team.

Although the Matadors showed a lack of team-work, which is to be expected this early in the season, a superior defense held the Wayland scoring down to seven points during the first half, and on numerous occasions throughout the contest, the locals flashed brilliant floor work. Bullet-like passing helped the Matadors to break through the visitors five man defense on numerous occasions.

Hodges and Puckett at forwards and Fisher at center lead the Matadors in scoring. Hodges with five field goals and three free tosses topped them all with a total of 13 points. Jimmie Kerr at guard broke up the onslaughts of the Jackrabbits consistently throughout the game and played a big part in advancing the ball into enemy territory.

Coach Kimbrough of Wayland also was playing an untired horde of basketballers and made frequent substitutions. Mobley, forward, and Graham, center, were outstanding performers for the visitors.

Strolling Down Sports Lane

With Allan Carney, Avalanche Sports Editor

Considerable undue alarm has been in evidence over the death of a member of the Vernon high school football team who received slight injuries in the game with the Amarillo Sandies on Armistice Day. A hip infection which finally resulted in the death of Clyde Sharp will likely cause those who tend to discourage the game for high school students, to become even more bitter against the so-called brutal game.

If those who are opposed to football as an interscholastic pastime would take the time to study up on fatal statistics, they would find a surprising few number of "casualties" resulting from football injuries as compared to other accidents that occur in every day life. For instance, the official death statistics show that there are more people who die from injuries received in the bath room than on the football field. More dies from injuries received while crossing the street than from football injuries. Peculiar as it may seem, an accurate check on the casualties of the nation disclosed the fact that more deaths result from injuries received in the home than in public. Therefore it would seem that "Home-Sweet-Home" is the least safe place to be.

Clyde Sharp might have received a fatal infection while playing tennis, baseball or any one of the various sports. The game of football comes in for a great deal of criticism from those who have been led by the older generation to believe that it is barbarous and brutal because of the apparent roughness of the game. Football is a game that calls for the highest type of manhood, both physical and mental. Only the brave are at home on the gridiron, where the finest test of one's character is enacted.

The keynote to success on the football field is embodied in that one word—"training." Strict training on the part of a football player demands sacrifice—a sacrifice of pleasure for the good of the team and not for individual glory. A sound body on the football field is no more apt to receive a fatal injury than is a tennis player, donned in his white uniform and scampering hither and yon over the clay court in pursuit of the elusive white ball.

Tech Athletic Committee Acts On Recommendations Of Freeland, Payne in Group Meeting Thursday

East-West Roster Nearly Completed

Walker Slated To Play Quarterback On Western Eleven In Charity Game December 29

SAN FRANCISCO, Dec. 13. (AP)—The Western team which will play an Eastern squad in the annual East-West charity football game here December 29 is nearly complete. Twenty-two men have been selected but two of this number are indefinite.

Those named so far are: Ends—Cruickshank, Olympic club, Boren, Southern California; Fort, Olympic club; Petty, Texas A. and M.

Tackles—Sellman, Stanford; Tobin, St. Mary's; Dressel, Washington State; Garman, Utah.

Guards—Robesky, Stanford; Diehl, Idaho; Farwick, West Coast Army.

Center—Grannuel, Santa Clara; Vickers, Colorado Aggies.

Quarterbacks—Cowan, Sul Ross, Texas; Walker, Texas Tech.

Halfbacks—Sims, Stanford; Marcus, California; Speicher, West Coast Army; Moran, Washington State.

Fullback—Hoffman, Stanford; Allen, Olympic club.

Hodge Davidson, Stanford end, is listed as indefinite, while Seraphim Post, Stanford guard, got a broken arm in his foot in the game with Army and probably will not be able to play.

The key to success on the football field is embodied in that one word—"training." Strict training on the part of a football player demands sacrifice—a sacrifice of pleasure for the good of the team and not for individual glory. A sound body on the football field is no more apt to receive a fatal injury than is a tennis player, donned in his white uniform and scampering hither and yon over the clay court in pursuit of the elusive white ball.

Smallest Number Ever To Receive "T" Are Named; Four Of Group Graduate This Year

Eighteen wearers of the Scarlet and Black of Texas Tech were awarded football letters by the athletic committee of the college at a meeting yesterday. Members of the squad who received official recognition for their services on the gridiron during the past football season were recommended to the committee by Coaches E. Y. Freeland and Victor Payne and that group passed on the selections as named by the grid mentors. It was the smallest number of letters ever issued at Tech.

Those who will receive are: W. H. Carpenter, Vaughn Corley, H. C. Dewitt, Jack Durham, Sidney Knowles, Bruce Reed, J. W. West, Clayton Barfoot, Orville Hodges, Henry Hempel, Clarence Hodges, Paul Marr, Ameral Payne, Dennis Vincent, Levi Walker, Ransome Walker, J. D. Walker and Charlie Woodbridge.

Of this group, four have played their last game for Tech. These are: W. H. Carpenter, Vaughn Corley, Bruce Reed and J. W. West. All are lost-by-graduation. Captain Ransome Walker may be back in a Tech uniform next season, but it is doubtful. The Matador ace expects to enter the University of Southern California next year.

Abiding by the rules of the Southern conference, the athletic committee also gave Ransome Walker permission to play in the East-West football classic in San Francisco on December 29. A message received yesterday from D. A. Penick, president of the conference gave his sanction to this action.

Dead Foul Shot

As soon as he had turned in his football togs, Francis Wilcox, substitute tackle of the Iowa varsity eleven, reported to his basketball squad. Wilcox, shown above, is the regular center and captain of the team. He stands 6 feet 2 inches. He established a free throw record last season by netting 35 goals in 46 attempts.

All-Stars Named By Grantland Rice

NEW YORK, Dec. 13. (AP)—Collier's Weekly gave out today for publication its all-American football team, selected by Grantland Rice. The team includes six players from the east, three from the middle west, and one each from the south and far west, in addition to which three utility men are named.

The selection follows: End, Fessler, Ohio State; tackle, Getto, Pittsburgh; guard, Post, Stanford; center, Pund, Georgia Tech; guard, Burke, Navy; tackle, Pomeroy, Michigan; end, Haycraft, Minnesota; quarter, Harpster, Carnegie Tech; halfback, Cagle, Army; halfback, Scull, Pennsylvania; fullback, Strong, N. Y. University; utility back, Brandt, Detroit; utility lineman, Douds, W. and J.; utility end, Varsickel, Florida.

BEAVERS TO STAY AT HOME
FORT WORTH, Dec. 13.—(AP)—Bevo Beavers, Arkansas University's great football back, has decided to participate in the Shrine benefit games in Fort Worth December 29, and in Dallas January 1 instead of going to the Pacific coast to play in the East-West game. This information was received here today.

Ten Man Proposal Falls Flat Before Joint League Meet

Major League Clubs Reveal Ownership And Interest In Various Minor League Clubs; Few Trades Made

(By Associated Press)
CHICAGO, Dec. 13.—John A. Heydler, president of the National League, tossed his revolutionary idea of a ten-man baseball team into the joint meeting of the American and National league club owners today.

Instead of creating a whooping uproar, the proposal fell flat. It was not even discussed except by President Heydler himself, when he presented the idea to the club owners. Then he talked about it apologetically, explaining he merely wanted to go on record with the scheme for future consideration.

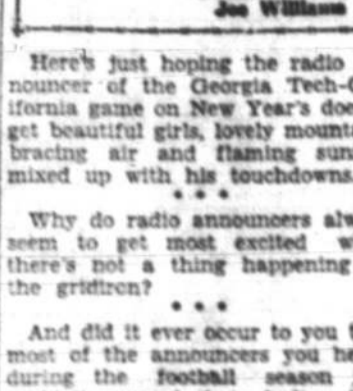

With the idea tabled, the pitchers of both the National and American leagues will bat for themselves during the coming season.

Commissioner Kenesaw M. Landis presiding over the session, had the opportunity to wave the "big stick" as peace and harmony prevailed.

Season Starts April 16
The club owners agreed to start the major league season on April 16, about a week later than usual, and wind it up October 6, a week later than the close of the 1927 season. This will bring the world series in conflict with the football season as the baseball classic, under the new closing date, cannot be started until October 9 or 10. The club owners decided on the later opening date because of adverse weather conditions last spring when scores of games had to be postponed.

The Nut Cracker

By Joe Williams

Here's just hoping the radio announcer of the Georgia Tech-California game on New Year's doesn't get beautiful girls, lovely mountains, bracing air and flaming sunsets mixed up with his touch-downs.

Why do radio announcers always seem to get most excited when there's not a thing happening on the gridiron?

And did it ever occur to you that most of the announcers you heard during the football season just couldn't conceal their feeling that the home team was the best team, after all?

Usually it's "Oh, boy, what a beautiful sunset! And the crowd out here, ha, ha, you ought to see them—and the ladies. Ahhhhhhh! And, oh, yes, by the way, McGillicuddy just ran 27 yards for a touch-down."

The Army loses five regulars this year—Oh, well, what are five or ten regulars—there's still Cagle.

Cleburne Player Ruled Ineligible By R. Henderson

Seaman Squyres Will Not Play In Cleburne-Abilene Game Today; Remainder Of Team Not Affected

AUSTIN, Dec. 13.—Seaman Squyres, fullback of the Cleburne high school football team, was ruled ineligible after a conference of Cleburne and other school officials with Roy B. Henderson, director of the Texas University Interscholastic League, ending tonight.

Squyres will not play in the Abilene-Cleburne semi-final game of the state championship race Friday, but the remainder of the Cleburne team will not be affected, since Squyres had participated in no bi-district games. He was declared ineligible because it was shown that he participated in a track meet here in 1924.

Track Records Uncovered
The player was ruled out because the league's state executive committee decided that the weight by evidence submitted showed that he had participated in track competition in 1924.

No hearing was held on Athery's protest of the eligibility of Murff, star player of Marshall which goes into the semi-finals with Fort Arthur. The protest was received only yesterday. Henderson said this did not give sufficient time to have Marshall notified and represented at a hearing today and that the case will be considered here some time next week.

Cleburne supporters denied that Squyres took part in track contests in 1924, offering statements of the coach at that time and of other school officials. The committee decided the case, however, on athletic records.

Sharkey To Meet Young Stribling

Boston Heavy And Sensational Georgian Scheduled to Clash At Miami Beach In Open Air Arena

(By Associated Press)
NEW YORK, Dec. 13.—Tex Rickard announced today that Jack Sharkey, Boston heavyweight and Young Stribling, sensational young Georgian, have agreed to meet in an elimination tournament bout at Miami Beach, Fla. In an open air arena to be constructed there to seat 50,000.

While no date has been set for the match, considered the "heavy weight" of the winter season, Rickard said the arena would be ready for the last week in February or the first of March. Rickard will promote the match with the assistance of the Miami Beach Chamber of Commerce.

Because of the large number of visitors in Florida at that time, Rickard estimated the proceeds should approach \$500,000. He will leave for Miami Beach January 1, to work out details for the match.

Although neither Sharkey nor Stribling have signed for the match, the promoter said both have signified their willingness to box there. Plans for the open air arena have been completed, he said.

MOORE THREATENED
CINCINNATI, O., Dec. 13.—(AP)—Frankie Moore, Port Thomas, Ky., race horse man who a year ago sued Rogers Hornsby, baseball star, for almost \$100,000, allegedly due him on racing debts, today told County Prosecutor Telford that racketeers had made two attempts to kidnap him.

Moore's statement was made in connection with an investigation by authorities into operations of racketeers here who have kidnaped wealthy persons and extorted large sums of money from them.

Moore's case against Hornsby ended favorably for the ball player.

PLAN SPECIAL TRAIN
BEAUMONT, Dec. 13.—(AP)—A special train carrying more than 300 Port Arthur and Beaumont fans will leave early tomorrow for Marshall where the semi-final game in the Interscholastic League race will be played between Fort Arthur and Marshall.

Always there is agitation for more export trade with South American countries. We also fret a great deal about the extent of our business with Great Britain, Germany, France.

CONQUERORS

It has been said that he is twice a conqueror who conquers himself in the moment of victory. It takes brains as well as skill and prowess to win that sort of victory.

A BAD START

The writer has observed public speaking and public speaking from many angles and many platforms. One of the commonest mistakes made by speakers, it seems, is to begin the talk with either an apology or an apologetic attitude.

REPENTANCE

Not much in mere "word repentance." Real repentance is properly defined as feeling sorry with a definite intention to cease evil doing. If you are sorry and don't really expect to do anything about it, you are not really repentant.

REMARKS

We think this is a very progressive age, and to convince the reader of that we know what we are talking about just read this evidence of progress: Trial marriage, television, taxes, taxis, prohibition, propaganda, profiteering, radio and racketeering, boards of temperance, and morals, modern-fundamentalism, speed fans and synthetic food. Hollywood, silentists and aviation, sex and shaw and sanitation. Heavens, who's this Orful Greasy Hush! She's calmly christened "Progress."

REMARKS

We think that there is a slight misrepresentation about what is known as the "easy payment plan." It has come to our notice that there is no such a thing as an easy payment.

BAN PARKING ON CITY

The use of downtown street curbs for parking space will be completely eliminated in a few years, according to traffic experts and city plan commissioners after careful surveys of existing conditions.

Daily Markets

FORT WORTH LIVESTOCK

FORT WORTH, Dec. 13. (P.—U. S. D. A.)—Extreme dullness featured today's market for slaughter steers. Only 80 cars of slaughter steers received, but practically no bids during the early period. Prospects pointed to a later clearing at lower prices. Half fat slaughter yearlings also rather hard to move but some inquiry existed for the better grades at fairly steady prices. Most of the slaughter yearlings sold under the \$11.00 level. She stock and cutters held steady at the week's decline. Fat cows around 7.50; butcher grades mostly under 7.00; strong weight low-cutters sold at 25.00 and 3.15; shelly sorts at 4.50 and less. Bulls scarce, fully steady. A few

WEATHER

Early reports indicated that the weather map was wet over the cotton belt with temperatures moderate. Forecast: eastern belt, somewhat warmer with general showers. Western belt, generally fair and cooler; Ark., cloudy and unsettled; Okla. somewhat colder and fair; East Texas, fair and somewhat cooler, probably frost nearly to the coast; West Texas, fair and somewhat what colder in southeast portion with heavy frost Friday partly cloudy except unsettled in west with rain probably in the extreme southwest and warmer.

Strong sausage sorts sold up to 7.00. Trade in slaughter calves appeared dull, quarter to half dollar less and bulk of the day's supply registered the half dollar decline. Packers bought good heavies around 10.50 and other sales of heavy averages around 10.00 and less.

NEW YORK STOCKS

NEW YORK, Dec. 13. (P.—) The stock market slowed down today to such a leisurely pace as has not been seen since last August. Prices drifted in an uncertain manner, with the central trend downward, although a sprinkling of gains ran from 3 to 12 points. Some of the low-priced rails developed conspicuous strength.

CHICAGO GRAIN

CHICAGO, Dec. 13. (P.—) Unexpected deliveries of corn on December contracts here gave a sudden jolt to the corn market today. The deliveries, which totaled 550,000 bushels, started free selling that in turn led to a sharp break in prices.

KANSAS CITY LIVESTOCK

KANSAS CITY, Dec. 13. (P.—U. S. D. A.)—Reduced receipts prompted an uneven advance of 5 to 25c in hog prices around the 11-market circuit; packers apparently believe that the low spot had been reached and they displayed moderate interest at the advance. The day's extreme top of \$8.75 was paid at St. Louis. Total offerings were around 97,800, a decrease of 26,000 from last Thursday and 12,800 short of a year ago.

By using Phillips '66—the gasoline that laughs at cold weather—that starts easier all the time—that turns the usual starting troubles into starting satisfaction.

The secret of performance of Phillips '66 is contained in its volatility—a new idea in the refining of gasoline that is meeting enthusiastic approval wherever Phillips '66 is sold.

We invite you to try it in your own car. The first tank full will completely convince you. Drive in today. The cost is the same as ordinary gasoline.

Liquid gasoline must be vaporized before it can be burned in an engine. Volatility refers to the ability of gasoline to vaporize. Phillips intentionally varies the volatility of '66 for the season and climate to insure year-round, super-performance.

she stock and slight losses occurred at Kansas City on short fed steers. The large quota of well bred warm-blooded steers coming into the corn belt feeders. Country buyers are showing a moderate interest in stockers but are bearish on feeders. Aggregate receipts were estimated at 23,100, a shortage of 3,500 from a week ago and 12,000 less than a year ago.

CLEANING COPPER

Copper often may be cleaned beautifully by rubbing all over with a cut-lemon dipped in salt, then rinsing thoroughly with clear water and polishing with a soft cloth or chamol.

NINETY PER CENT OF THE UNUSED MILES AT FIFTY PER CENT OF THE ORIGINAL COST
You can get more genuine miles in a high grade used car than in a low priced new one. Make certain however, that you deal with a man whose word you can depend on. In all this city there is no group of used cars as attractive at their prices as these Buicks, Hudsons, Chryslers, Studebakers, Nashes, Willys-Knights,—come in and look them over—come in and take your choice.
Every car is a real value. Every car is priced for quick sale. Every car is available on a small down payment.

The State of Texas, to the Sheriff or any constable of Lubbock county, greeting:
You are hereby commanded to summon W. L. Lowrance by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 99th Judicial District Court of Lubbock County, to be held at the court house thereof, in Lubbock, Texas, on the 2nd Monday in January, A. D. 1929, the same being the 14th day of January, A. D. 1929, then and there to answer a petition filed in said court on the 17th day of October, A. D. 1928, in a suit, numbered on the docket of said court as No. 9455, wherein Willie Knox, is plaintiff, and Odie E. Knox, is defendant, and said petition alleging that plaintiff and defendant were married about the 26th day of December, 1926, in Choctaw County, Oklahoma, and lived together as husband and wife until about the 16th day of February, 1928, when by reason of the cruel and harsh treatment of defendant towards plaintiff he was forced and compelled to permanently abandon her. Defendant is also notified that the address of plaintiff's attorney is 234a Coleman, Lubbock, Texas.
Wherefore plaintiff prays for divorce.
Herein fall not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 13th day of December, A. D. 1928.
Flora Green Ahlstrom,
Clerk District Court, Lubbock County.

warehouse, were torn down by the wind, which also swept several hundred acres of timberland almost clean.

Swooping down on Noble, La., the wind next injured four members of the J. T. Pugh family, as well as Mr. and Mrs. H. E. Platt. Both residences were destroyed. Tessa Pugh, 12, was believed to have suffered a fractured spine.

The Platts heard the roar of the approaching wind, and attempted to reach a wire fence, but were unsuccessful, the blast hurling them about 25 feet.

Julius Zaul and his family, who reside near Converse, La., and who were absent, learned later that their home was among those destroyed.

House Is Split
D. H. Sebastian and his family were in one end of their house near Benson, the last point the storm was reported to have struck, when the other end of the building was torn off and tossed through the air. No one was injured.

Several negro homes in Louisiana were destroyed, but none was reported killed or hurt.

In the Sulphur Springs Community, J. H. Wideman watched the wind rip the roof and walls off his home, leaving him unharmed, sitting on a trunk.

mediately thereafter declared passed.

The amendment by Bruce merely proposing that the figures on a certain line of a certain page of the bill be changed, was read by a senate clerk. Senator Moses, republican, New Hampshire, the presiding officer, declared it adopted without waiting even for the Marylander to explain his amendment.

avoiding contact with crowds, and the treatment of cases at home rather than in hospitals.

All of these suggestions were qualified with the clause "if possible." General Cumming doubted the effectiveness of closing city schools and of wearing influenza masks.

Meanwhile, congress also took cognizance of the epidemic. Representative Edwards, Democrat, Georgia, introducing a bill to authorize an appropriation of \$25,000,000 for the surgeon general to combat the outbreak.

The measure would make this sum available immediately, permitting the surgeon general to add to his force a sufficient number of physicians and other personnel to carry on the work on conjunction with state, county and municipal authorities.

CHICAGO, Dec. 13.—(AP)—The University of Chicago will be closed for the holidays tomorrow night, a week earlier than usual, to avert city influenza among students and faculty, the general administration board announced today.

JACKSON, Miss., Dec. 12.—(AP)—Superintendent Bailey announced tonight that city public schools would recess tomorrow for the Christmas vacation, one week before schedule, because the epidemic of "flu" is making serious inroads on attendance.

PITTSBURGH, Pa., Dec. 13.—(AP)—Classes were suspended until January 8 by Washington and Jefferson College tonight. It is the third major school in the Pittsburgh district to close because of influenza.

CHARLOTTE, N. C., Dec. 12.—(AP)—Nearly every university and college in North and South Carolina was closed or preparing to close today as the fear of an influenza epidemic became more widespread. In addition the public school systems in many cities either were closed or badly crippled by an unusually large number of absences.

BONDS ARE APPROVED
ADMIRAL, Dec. 13.—(AP)—City of Stamford bonds totalling \$120,000 were approved by the attorney general today.

California To Get Dillard for Trial

Brewster Dillard, 17 year old Lubbock youth, held here by Federal authorities on a charge of violating the Mann act, will not be tried at this session of the United States District court, according to Alex M. Mood, assistant U. S. district attorney.

Dillard is said to have been previously convicted of violation of the Dyer act in California, and will be returned to that state.

California officers paroled Dillard, it is said, and he returned to Lubbock, but is alleged to have run away to Florida with another boy and two young girls, his parole being revoked. A certified copy of the revoking order, with a bench warrant, are said to be on the way here from California, which requests that Dillard be returned to that state. He has been held in the county jail here for more than a month, pending opening of the Federal court.

McCloskey Case

with Mrs. Jane Y. McCallan, secretary of state, another election board member, asking for a hearing before the Bexar county vote is included in the results of the 14th district canvass.

McCloskey and others are under indictments charging alteration of the Bexar county returns, which were investigated by a house committee from Washington recently.

C. W. Anderson and Hugh B. Robinson, counsel for Wurzbach, left a copy of their petition with Mr. Pollard and one for Governor Moody, third member of the election board.

Chalm is made by the petitioners that the Bexar county clerk's figures for that county gave Wurzbach enough votes to carry the district, but that the commissioners court, after its official canvass, announced totals that gave McCloskey victory.

drawal from the parley as a protest against the conference's attempt to conciliate the dispute before Bolivia should have received moral satisfaction from Paraguay.

Troops Concentrating
"This legation has received information from its government," the Paraguayan note said, "that notwithstanding the peaceful sentiments of the people of Paraguay and of that country's disposition to submit the difficulty between the two countries to a committee of conciliation, Bolivia is actively concentrating troops and war materials on the frontier, all of which tends to make the outbreak of war imminent."

The Paraguayan legation said that its government would agree to any form of international conciliation in its desire to have the dispute peacefully settled.

Meanwhile the Bolivian legation denied all knowledge of any warlike activities in Bolivia, emphasizing instead that the latest advice received from its government at La Paz indicated that no mobilization of reserves had taken place.

LA PAZ, Bolivia, Dec. 12.—(AP)—Formation of a new cabinet by President Siles was announced late today.

The formation followed the resignation yesterday of the former foreign minister, Abel Iturralde, and conforms to the exigencies of the critical international situation.

LA PAZ, Bolivia, Dec. 13.—(AP)—Fifty thousand Guichinas and Amara Indians, through their tribal chieftains, asked today to be enrolled in the Bolivian army for the defense of the country's frontiers. The general staff thanked the Indian leaders but told them their services were not as yet necessary.

Utilities Case

ing a proposed municipal electric light and power plant, while Spur contends the utilities company is seeking a monopoly of electric power facilities in that city and has been charging excessive rates, compared to rates in similar cities.

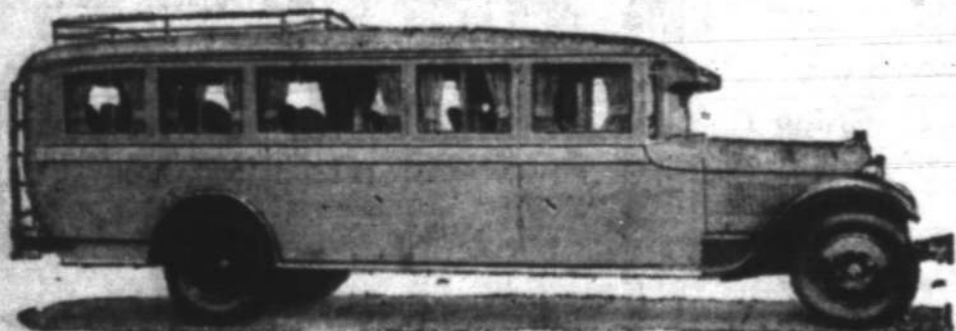

It is the fourth case to have been filed in the Lubbock division of the Federal court, the utilities company placing its original application for a restraining order before Judge Wilson at Abilene, about two months ago, and the City of Spur a few days following that entering a counter action against the plaintiff before the judge, in chambers, at Fort Worth. As the case originated in Dickens county, it belongs to the Lubbock division of the court and was filed here on November 9.

Witnesses for the plaintiff included Price Campbell, J. E. Johnson, Luther Henderson, Oran McClure, all of Spur; P. W. Schroeder, Abilene, chief engineer for the utilities company; Cal Young, assistant engineer; A. L. Nelson, engineer; W. G. Owsley, Stamford, district superintendent; W. A. Hall, of the company's transmission department, and E. V. Sellers, Abilene, company employee.

For the defense, the witnesses were, T. S. Pennebaker, superintendent of construction for Fairbanks, Morse & Company; Ned Hogan, mayor of Spur; George S. Link, merchant; W. W. Floudroy, theater owner; C. L. Love, merchant; P. H. Twaddell, merchant, and Ray Stovall, owner of the former electric light plant, all of Spur.

Ed Dickson was sentenced to 30 days in jail and given a fine of \$500 both sentences to run concurrently by Judge Wilson Thursday, on charges of violating the prohibition law. The case was filed and tried yesterday.
