The SDN Column

John Whitcomb, Southwestern Bell Telephone's Division Manager from Lubbock, was in town Friday and Bill Gilliland, local phone company manager had him lunching with a few local residents. As it developed, the conversation did not dwell on telephones very long (which probably is interpreted as a good sign by the company men), but there were some interesting things that came in for discussion.

Whitcomb said the telephone company people were particularly happy over Snyder's All-America City award. And from there, the conversation switched to a variety of topics.

Somehow, the talk drifted around to prairie dogs, whereupon Don Wooten said he had heard it suggested that mesquite trees were no problem in West Texas in the days when prairie dogs had their villages.

This evoked discussion as to the possibility that there is a link between the decline of the prairie dog and the rise of the mesquite. This topic is not altogther new, I understand, but apparently there has been no comprehensive study on the possibility of such a relationship.

It may well be of course that there is a definite connection. That would not mean necessarily that farmers and ranchers would want to take the controls off prairie dogs merely on the chance that mesquite growth would be reduced. It could be one of those cases where it is questionable whether the cure or the disease itself is the more undesirable.

★ ★ ★

Rep. Renal B. Rosson was up from Austin for the weekend and noted that one of the topics attracting more fire than many others at the state capital has involved proposed name changes for Texas Tech.

Many segments associated with the college at Lubbock have emphatic ideas about the name of the institution and most are reluctant to compromise.

What about daylight saving time?

"We're just going to have to try to enjoy it this year," said the state representative.

—WACIL McNAIR

Today In History

By THE ASSOCIATED PRESS

Today is Sunday, May 11, the 131st day of 1969. There are 234 days left in the year.

Today's highlight in history:

On this date in 1867, the treaty of London was signed, guaranteeing neutrality to Luxembourg and the withdrawal of Prussian troops.

On this date:

In 1674, Peter Stuyvesant became governor of New Amsterdame.

In 1858, Minnesota was admitted to the Union as the 32nd state.

In 1910, Glacier National Park in Montana was created by presidential proclamation.

In 1943, British Prime Minister Churchill arrived in Washington for a wartime conference with President Franklin D. Roosevelt.

Also in 1943, American forces landed on Attu island in the Pacific. The island was the first American soil regained by the United States in the Pacific war.

In 1949, Israel was admitted to the United Nations.

Ten years ago — King Baudouin of Belgium arrived in Washington to begin a three - week U. S. tour.

Five years ago — National Guardsmen used tear gas against Negroes demonstrating against the appearance of Gov. George C. Wallace of Alabama in Cambridge, Md.

One year ago — 15 miners were rescued after being trapped five days in a flooded coal mine at Hominy Falls, Va. Ten others were presumed dead.

THE WEATHER

SNYDER TEMPERATURES: High Friday, 76 degrees; low, 44 degrees; reading at 7 a.m. Saturday, 52 degrees.

Northwest Texas: Fair and a little cooler tonight and Sunday. Low tonight 45 to 55. High Sunday 74 in north to 85 in south.

North Central Texas: Fair tonight and cooler in north, low 52 to 60. Sunday fair and cooler, high 75 to 85.

Northeast Texas: Fair tonight and cooler in north, low 51 to 56. Sunday fair and cooler, high 74 to 80.

South Central Texas: Increasing cloudiness tonight Considerable cloudiness Sunday with chance of a few showers, mainly in north and near coast. Decreasing cloudiness in extreme north Sunday afternoon. Warmer tonight a little cooler in north Sunday. Low tonight 58 in north to 72 in south. High Sunday 76 in north to 88 in south.

Southeast Texas: Clear to partly cloudy and warmer tonight. Partly cloudy and a little cooler Sunday. Chance of a few showers near coast Sunday. Low tonight 58 to 66. High Sunday 76 to 84.

Southwest Texas: Increasing cloudiness tonight becoming partly cloudy in north and mostly cloudy in south Sunday. A little cooler with a few showers Sunday. Low tonight 52 in north to 66 in south. High Sunday 62 to 82.

LANA AND HUSBAND NO. SEVEN — Lana Turner, a top film star in the 1940s, and her seventh husband, Mr. Ronald Dante, a night club hypnotist, arrive at Los Angeles after being married earlier at Las Vegas, Nev. It was her seventh marriage and his second. Each is 49. (AP Wirephoto)

Heavy Fighting Erupts Northeast Of Saigon

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — U.S. Marines, fighter-bombers and artillery battered as many as 600 North Vietnamese troops in an area south of Da Nang military spokesmen reported today.

After a daylong stream of fire from Marines sweeping through the area Friday and bombardment by planes the Marines reported counting the bodies of 129 North Vietnamese soldiers.

Marine casualties were put at six killed and 12 wounded.

"I don't understand their (the enemy's) tactics," said Col. William J. Zaro, of San Antonio, Tex., who directed the Marine assault that included about 1,500 riflemen and three tanks. "They have lost a lot of people in that area and they keep coming back. They must be in bad need of their rice there."

U.S. officers said they thought the North Vietnamese commander, probably a high-ranking officer, had been killed during the air and artillery strikes because the enemy troops appeared to be running about in all directions, trying to escape the massive American firepower.

The area where the fighting occurred is about 18 miles southwest of Da Nang. Enemy troops have operated there for several years despite countless allied operations. American fighter-bombers returning from missions elsewhere use the area as a dumping ground for unspent bombs and rockets.

Less than two weeks ago, U.S. Marines killed 60 North Vietnamese soldiers in a day of fierce fierce fighting in the territory, while suffering nine Marines killed and 80 wounded.

Hard fighting also flared on several other fronts, including familiar trouble spots northwest and northeast of Saigon.

U.S. infantrymen from the 25th Division blocking the northwest approach routes into Saigon killed 117 North Vietnamese troops in two fights Friday. U.S. casualties were two killed and nine wounded. Several American armored cars were reported damaged in one of the battles with as many as 200 North Vietnamese troops.

Heavy fighting continued for the third day 45 miles northeast of Saigon. South Vietnamese government forces have lost at least 24 men killed, 122 wounded and 12 missing, authorities said.

At least 70 Viet Cong troops have been killed and seven captured, the authorities said.

The U.S. Command announced the loss to enemy fire of an American observation helicopter near the Cambodian border, with three men aboard wounded. It raised to 2,609 the number of U.S. helicopters reported lost in the Vietnam war.

Terrorists set off two mines in a market place in a Mekong Delta town 60 miles southwest of Saigon, killing three Vietnamese civilians and one government soldier and wounding seven other soldiers.

In the latest report on the fighting 45 miles northeast of Saigon, American gunships called in to back up the government troops hit an ammunition pit that the Viet Cong had seized, setting off 400 rounds of 105mm artillery shells.

Air Force B52 bombers swept into the area and dumped 360 tons of bombs on Viet Cong base camps and bunker complexes.

Jaycees Win State Awards

SAN ANTONIO — Snyder Jaycees hogged the spotlight here Friday, claiming an amazing total of 12 awards, including the highest honor that a Jaycee Club can attain in the state convention judging.

The Snyder unit was named the outstanding chapter in Texas in its population bracket, which meant that it received the coveted Giessenbier Memorial Award. This award bears the name of Henry Giessenbier, who founded the national Jaycee organization. Snyder Jaycees won the award for chapters in cities of 10,000 to 20,000 population.

The award was accepted by Mickey Nunley, who has served as president of Snyder Jaycees for the past year.

The Snyder club also won first place (a "Jake" trophy) for civic improvement work, and second place in agriculture and conservation projects.

No less than eight third place awards, including "open" competition, also went to the Snyder Club. One was for community development activities, and Snyder finished behind only Houston and Irving in this field in which there were no population divisions for the judging.

Other third place awards included health and safety; interclub relations; leadership training and chapter development; Americanism and government affairs; Christmas and religious activities; ways and means; youth and sports.

Some 14 members of the Snyder club were in San Antonio attending the state convention.

Test Flight 'Beautiful'

EDWARDS AIR FORCE BASE (AP) — Rocketing 10 miles high, space agency test pilot John A. Manke broke the sound barrier in a wingless, pie-shaped experimental aircraft.

"Beautiful," he said Friday after stepping from the HL10, being tested as part of a program to develop craft that can ferry men and supplies between earth and future space stations.

The craft hit a top of 724 miles per hour—1.1 times the speed of sound—after being dropped from a bomber.

This was the 17th flight for the HL10, but others were either unpowered glides or rocket-powered at subsonic speed.

The pilot shot to a peak altitude of 54,000 feet after igniting the rocket engine, and flew faster than sound for 37 of the 152 seconds of engine burn time.

Austin Baby Found Dead In Fire

AUSTIN (AP) — Paul Ledesma, 2, was found dead Friday night in the burning ruins of his south Austin home. His grandmother and 18-month-old brother were injured.

The boy's father, Johnny Ledesman, told police he had been cleaning an auto carburetor with gasoline in the kitchen when one of his sons overturned the fuel container. His wife was cooking, and the gasoline ignited, he said.

New Calendar Best Seller

By GERALD MILLER
Associated Press Writer

VATICAN CITY (AP) — The Roman Catholic calendar dropping dozens of saints and downgrading dozens of others became a runaway best seller in Rome today.

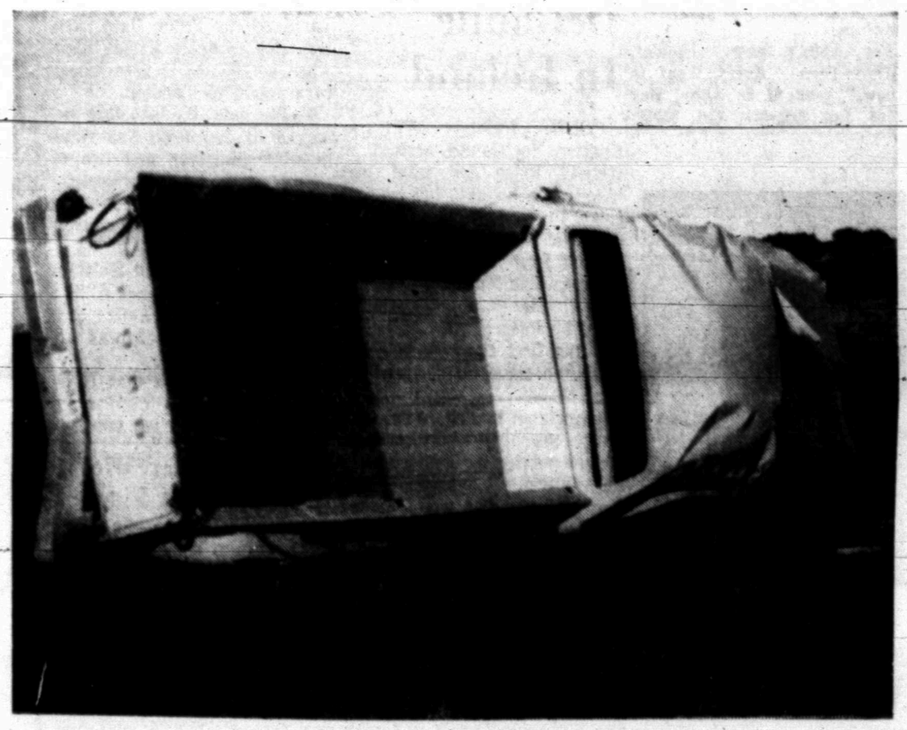
The first several thousand copies of the calendar with its explanations and supplements —all in Latin—were sold out in religious book stores by midday.

The 179-page calendars sell for the lire equivalent of $4.80. Book stores reported most buyers were priests but that many lay people had come in for copies as well. The Vatican's Polyglot Press printed the calendars. A second printing is expected soon.

The new calendar, issued Friday, has caused a sensation. Many Italians were stunned that some of their favorite saints had been dropped from the calendar listing because the Church now doubts they ever existed.

The shifts among the saints caused Rome to buzz with astonished talk.

It was clear that, just as Vatican authorities had predicted with the issuing of the calendar on Friday, the dropping and downgrading was causing a lot of confusion and disappointment.



BIRTHDAY SPOILED — David Omar Plank, 7643 Glenview, Houston and a 10-year-old son received serious injuries when this 1969 Model pickup went out of control on U.S. 84 about 14.3 miles north of Snyder early Saturday morning and crashed through a fence. Officers said Plank was driving the vehicle to Canyon to give it to his father for a birthday present.

Father, 3 Children Hurt In Mishap

A 10-year-old boy and his father received serious injuries when a new pickup truck in which they were riding went off the highway on the east side of U. S. 84 about 14.3 miles north of Snyder at 6:30 a.m. Saturday and crashed through a fence.

Another son and a daughter sustained only minor bruises. Taken to Cogdell Memorial Hospital by Snyder Ambulance Service and by private vehicle were David Omar Plank, 38; his sons, Russell David, 10, and Mike, 8; and, the daughter, Sharon, 5½. Their residence was listed as 7643 Glenview, Houston.

The father received deep lacerations of the head, and Russell sustained head injuries and possible rib fractures. Mike was treated for bruises and released. The girl apparent-

Invasion Leaves Zap A Shambles

ZAP, N.D. (AP) — More than 500 National Guardsmen and teams of police moved through this North Dakota village today, trying to clear out an estimated 3,000 young persons who invaded Zap for a weekend of revelry.

"The town is seemingly in shambles," said Maj. Gen. LaClair A. Melhouse, adjutant general of the National Guard. "One bar is completely wrecked. The glass in most of the windows on store fronts has been broken. Debris clutters the streets."

"They wrecked the whole town," said the Mercer County sheriff, Ivan Stiefel.

Sheriff's and Highway Patrol officers attempted to seal off Zap, an out-o-the-way hamlet usually with a population of 300 persons, but sightseers and students continued to head for the "Zap-in" activities.

From across the country and from Canada, college students arrived Friday at the heralded "Fort Lauderdale of the North."

The "Zap-in" began as a tongue-in-cheek invitation to the most unlikely place in North Dakota by the North Dakota State University newspaper that suggested the first annual gathering. The idea caught on and grew.

Sheriff Stiefel said there were some injuries and some arrests.

National Guardsmen from units throughout the state gathered at nearby Beulah in the predawn hours today and 500 of them moved into Zap at daybreak under direction of law enforcement officials.

Melhouse said their purpose was to clear the town and restore order.

1-Act Play Is Switched To Monday

The Snyder High School Drama Department will make its final public presentation of the 1968-69 school year Monday evening when the one-act play cast stages "A Man For All Seasons" in the SHS auditorium.

Earlier, it had been announced that the play would be presented on Tuesday evening. However, the date has been changed to Monday because of the crucial baseball game between Snyder High and Brownfield High scheduled Tuesday afternoon at Brownfield.

"Most of us want to attend (the baseball game) and we have changed the performance date to Monday night at 8," said Jerry Worsham, head of the SHS speech and drama department and director of the play.

"A Man For All Seasons" by Robert Bolt is the vehicle selected by the SHS players for University Interscholastic League competition this year and they won a fifth consecutive district title with it.

In the cast are Brad Maule, Joe Wilson, Mike Levens, Gary Terrell, Kathie Martin, Pam Black, Robert Sadler, Jerry January, Jamie Boren and Diana McCants. The technical crew assisting Worsham includes Patty Smyth, Greg Carter, Terry McNair and LaVerne Nix.

Admission fee for the Monday evening performance will be $1 each for adults and 50 cents for students.

Hall Rites At Cisco

Funeral service has been set for 2 p.m. Monday at Cisco for Mrs. Mary Hall, 78, who died at 4:30 p.m. Friday in Cogdell Memorial Hospital.

Mrs. Hall, who lived at 306 Thirty-third Street, had resided in Snyder for the past four years. She was a native of Dallas.

The Rev. Otis Strickland will officiate at the funeral service at the First Baptist Church in Cisco. Burial will be in Cisco Cemetery under direction of Rust Funeral Home there. Bell-Seale Funeral Home handled arrangements in Snyder.

Surviving are two daughters, Mrs. Cliff Barron of Snyder and Mrs. Billie Jane Barnby of Winter Park, Fla.; a son, the Rev. Warren Hall of San Angelo; two sisters, Mrs. Ed Townsend and Mrs. Beulah Sherrod, both of Cisco; six grandchildren and three great - grandchildren.

WITH LITTLE LEEWAY IN FUNDS

Solons To Begin Shaping 1-Year Bill

By LEE JONES
Associated Press Writer

AUSTIN (AP) — The Barnes-Mutscher one-year appropriations scheme postpones the pain of new taxes for a year but it also gives Texans a rock bottom state budget with little improvement in state services.

Starting Monday, the 10-man House-Senate conference committee on appropriations begins work on a one-year bill, chopping millions of dollars from previous spending plans to leave room for a teacher pay raise.

How big a pay raise is one uncertainity.

Another is Gov. Preston Smith, who could shatter the plans of Lt. Gov. Ben Barnes and Speaker Gus Mutscher with the stroke of a pen, but is keeping a poker face about his veto plans.

The teacher pay raise, to which majorities in both houses are committed, was the bearing on which the decision whether to go with the one-year budget turned. Barnes and Mutscher could not have gone to the two houses without a commitment to it.

It would cost $68.3 million to grant the full 1969-70 pay raise requested by the Texas State Teachers Association and recommended by the Committee on Public School Education.

State Comptroller Robert S. Calvert's office unofficially estimates between $600 million and $602 million in taxes will stream into the general revenue fund in the fiscal year starting Sept. 1. This is the only fund which concerns state budget writers and it's the one from which a teacher pay raise must come.

By ABIGAIL VAN BUREN

DEAR ABBY: I have never written to you before but then I have never had a 16-year-old daughter before.

Gloria has had a couple of movie dates, but the boy's parents took them and brought them home.

Last Sunday another boy, who has been to our home several times, asked Gloria's Daddy if he could take Gloria to the prom. To everyone's surprise, Dad said yes, and Gloria has been thrilled ever since.

Now the problem: Last night this boy came by and as he was leaving Dad saw him kiss Gloria goodnight. Now Dad says Gloria can't go to the prom with this boy unless he (Dad) takes them and brings them home. Gloria says she would rather stay home.

I say, Dad's taking them is better than not going at all. Don't you think Gloria should be allowed to go with this boy in his car? They planned to double with another couple.

TORN MOM

DEAR TORN: I don't blame Gloria for not wanting her Dad to chauffeur her and her date to the prom. Better tell Dad that if Gloria has had the proper up - bringing he won't have to worry about her behavior at 16. And if he insists on chaperoning her much longer not to be surprised if Gloria decides to move out of the house at the earliest possible moment.

* * *

DEAR ABBY: A month ago last Monday, my younger brother (he was 60) passed away after a lingering illness. He had been sick for two years and his last months were spent in a hospital. I went to visit him very often and brought him many things to cheer him up.

Last week I received a letter from my brother's widow, THANKING me for being so "kind" to him during his illness.

I am very hurt, Abby, this man was MY beloved brother for 30 years before he was her husband, and I do not have to be "thanked" for being "Kind" to him during his illness.

I want to tell this sister-in-law exactly how I feel, but my children say I should let it go. Well, I am not going to let it go. Am I wrong?

GRIEVING SISTER

DEAR SISTER: I think you are. Apparently when your sister-in-law was writing her "thank you" messages, she remembered your many kindnesses and did not want to slight you. Let it go. Your sister-in-law has enough to worry about right now.

* * *

DEAR ABBY: I think you missed the point in the letter from "Worried" whose husband was overly friendly to his sister-in-law, and said it was done by the Eskimos.

The key was in the last sentence: "I answer his needs every time he asks me."

Abby, if wives could only realize that a husband needs a little enthusiastic cooperation now and then. Why should he have to ASK? A husband wants to be chased around the bedroom and know that he is answering his wife's needs, too.

Any woman who waits for her husband to "ask" her has no kick coming if he answers the needs of some outside ladies who will certainly let him know they need him and will appreciate his answering those needs.

So, Dear Abby, please tell wives to use a little initiative occasionally, and don't wait to be "asked" — or they may be too late.

R. B., HOUSTON

DEAR R. B.: Thank you for the "key," which unlocks one of the most important locks of wedlock.

* * *

DEAR ABBY: I've been married to a wonderful young man for eight years, but the way Sheldon reacts to certain situations has me completely baffled.

For instance we have two children, and both tims I was pregnant Sheldon had morning sickness. And he really was sicker with it than I was. When I had my babies, HE went into labor. So help me, I am not joking. Then when our little boy had his tonsils out, Sheldon actually got a sore swollen throat. Is this normal, and what should I do?

NANCY

DEAR NANCY: You are married to a very sensitive sympathetic man. Cherish him.

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's new booklet, "What Teen - Agers Want to Know," send $1 5o Abby, Box 69700, Los Angeles, Cal. 90069.

MRS. ESSIE ORMS

Mother Is Nominee

Mrs. Essie Orms, 804 Twenty-sixth Street, has received a letter from the Southern Baptist Convention that she was among the nominees for Baptist mother of the year in Texas.

Although Mrs. Orms was not the winning nominee, she will receive a certificate from the convention noting that she was a nominee. She is a member of the Bethel Baptist Church.

Two Cars Are In Mishap Friday

City Police investigated a two-car collision in the 2600 block of Twenty - sixth Street at 12:13 p.m. Friday.

Involved were the 1966 Model Oldsmobile of Wayla Ann Walton, Route 2, and the 1964 Model Chevrolet of Adna Lamb Yandell, Route 1, Snyder. Damage to the Oldsmobile was estimated at $250, and damage to the other car was placed at $200.

Two Killed In Crash Near Buffalo

BUFFALO, Tex. (AP) — Two persons died about midnight Friday in the collision of a truck and a car near Buffalo in Southeast Texas.

Highway Patrolman Bill Dean identified the dead as A. W. Hinkle, Jr., of Mesquite and his 4-year-old son.

Mass Transit Proposal Upcoming

NEW YORK (AP) — Secretary of Transportation John A. Volpe says the Nixon administration will propose a $1 billion-a-year urban mass transit program in about a month.

He said Friday that the money would be used for a "trust fund" similar to the Federal Highway Trust Fund that has channeled $36 billion into highway construction since 1956.

Local governments could draw from the fund if they raised about 20 to 40 per cent of the cost of proposed transit systems on their own, Volpe said while touring the city's transit system.

Proponents of mass transit have long argued that the federal highway program overemphasized the use of the automobile and contributed to urban traffic jams. The highway program spends $5.5 billion a year.

The current federal budget allocates $175 million to mass transit. Volpe said the new proposed legislation would raise this to the $1 billion level "in two or three years." The program would run for about 12 years, he said.

Volpe said that certain taxes would probably be earmarked for the mass transit program. In the past he has suggested that part of the current excise tax on automobiles or a new cigarette tax might be used.

Currently, no state can get more than 12.5 per cent of the annual federal aid for mass transit, but Volpe said the new bill will be "more flexible."

DeGaulle In Ireland

CORK, Ireland (AP) — Charles de Gaulle arrived in Ireland today for what was billed as a holiday, but sources close to France's ex-president said he wants to disassociate himself from the election campaign to pick his successor.

De Gaulle, 78, and his wife arrived by French military jet. It was the first time he had left his home since he resigned on April 28.

Informants in France said De Gaulle probably will remain in Ireland until after the presidential election, set to begin June 1. George Pompidou, who resigned as premier last July, is the candidate of De Gaulle's political supporters.

A government spokesman said the former president wants privacy during his stay and will not be available for interviews or photographs.

De Gaulle is a descendant of the McCartan family of County Down, Northern Ireland. His grandmother, Marie Angelique McCartan, was decended from the County Down McCartans.

Tourists To See A Dry Niagara

NIAGARA FALLS, N.Y. (AP) — When tourists gaze at Niagara Falls this summer they'll see something that Father Louis Hennepin, the first visitor, didn't see in 1678 — virtually dried-up American Falls.

They also will be able to walk on the bed of the fast-flowing Niagara River just above the falls.

The once-in-a-lifetime attraction will result from the complete dewatering of the cataract on the American side. For the first known time, the jagged precipice and rough bed of the northern channel of the river will be exposed to the sun.

And it will be exposed to what is expected will be the biggest influx of visitors to Niagara since Father Hennepin first admired the scene 291 years ago.

The dewatering will be accomplished by erecting a cofferdam at the entrance to the American channel between the city of Niagara Falls and the eastern tip of Goat Island.

With the American Falls cliff laid bare, geologists and engineers will probe the river bed and cliff face to determine what remedial action can be taken to stem erosion of the cataract and remove rock accumulations at its base.

The inspection will be made by the Army Corps of Engineers, which has been involved in the study for several years.

Similar inspections and later remedial work was done on the Horseshoe Falls about 10 years ago. At that time, the water flow was not shut off, but instead diverted to the center of the falls.

The full shut-off of the American Falls will be possible because only about 10 per cent of the river's flow pours over the cataract. Some of this water will be diverted through underground conduits of the State Power Authority.

Officials of chambers of commerce here and across the river in Niagara Falls, Ont., are busy now preparing for the tourist influx and working with travel services, transportation companies and other concerns connected with travel and accommodations.

Visitors will be permitted to walk onto the dried-up river bed between railings that will be erected by the Niagara Frontier State Park Commission.

The American Falls has been bereft of water on several occasions, the last time in the 30s, as the result of ice jams at the head of Goat Island.

On these occasions, however, the river bed and the face of the falls were hidden by heavy coatings of frozen water. The falls looked like a big block of ice.

Flanks of the Horseshoe Falls, which will continue to flow throughout the summer, were dewatered in the late 1950s, during a remedial project when the flanks were deepened to permit a complete curtain of water to go over the cataract.

The American Falls will remain dry until December, when the cofferdam will be removed.

Army engineers have awarded a $445,412 contract for the project.

Airman Killed By Panhandler

SAN ANTONIO (AP) — William Halsmer, 17, of Lafayette, Ind., temporarily stationed at Lackland Air Force Base here, was shot to death Friday night when he refused to give money to a young panhandler.

Police said the shooting occurred in downtown San Antonio while Halsmer and two or three friends were on liberty.

Officers said a 17-year-old asked Halsmer for a quarter and Halsmer refused.

A dispute arose and Halsmer was shot in the chest with a 22-caliber pistol. Police records show the youth was arrested on the scene.

The records show that Halsmer was attending marksmanship school at the air base.

Young Mother Dies In Apartment Fire

HOUSTON (AP) —An apartment complex blaze claimed the life Saturday of a young mother of three.

She was Mrs. Mary Poolaw, 26.

Her husband, Bruce Poolaw, 27, a radio-television technician, suffered burns. Their three children, Don, 4; Dale, 5; and Ann, 7; escaped injury.

Raymond Hughes, a neighbor, suffered slight burns when he rescued the youngest child.

SERVING IN VIETNAM — Sp. 4 Ronnie L. Young, son of Mr. and Mrs. Vernon L. Young, 211 Thirty-sixth Street, Snyder, is serving in the army with the 42nd Artillery in Vietnam. A 1967 graduate of Snyder High School, he attended computer programing school in Fort Worth and entered the army in June, 1968, taking basic training at Fort Polk, La. He completed stock control and accounting specialist courses at Fort Lee, Va., and last February completed three months of on-the-job training in depot operations at the Atlanta Army Depot, Forest Park, Ga. He arrived in Vietnam April 10 following a two-weeks furlough here.

ly was uninjured.

Investigating Highway Patrolmen said Plank told them he fell asleep at the wheel. The pickup crashed through a fence knocking down several posts, officers said, and it came to rest on the right side in a field.

Officers said Plank told them he was driving the pickup to Canyon to give to his father for a birthday present on Mother's Day. The vehicle, a 1969 Model Ford, had only 501 miles on the speedometer. It was heavily damaged. Plank's wife had flown to Canyon ahead of the other members of the family.

Graduation Set May 27 At Fluvanna

FLUVANNA — Baccalaureate services will be held for Fluvanna High School graduates in the High School Auditorium on May 25 at 8 p.m. conducted by Phillip Lopes, minister of the Fluvanna Methodist Church, assisted by Thomas Hall, minister of the Fluvanna Baptist Church, and Ed Steph, minister of the Church of Christ in Fluvanna.

Commencement exercises will be held in the High School Auditorium on May 27 at 8 p.m. The speaker will be Herb Williams, counselor of Lynn County Schools.

Cindy Patterson, with a four-year grade average of 91.97, has been named Valedictorian of the graduating class. Cindy is the daughter of Mr. and Mrs. Royce Patterson. She was active in FHA, basketball, and track. She served on the Buffalo annual staff this year; she was FFA sweetheart 2 years and was a cheerleader for 3 years.

Paula Turner, daughter of Mr. and Mrs. Paul Turner, is salutatorian with a grade average of 89.35. Paula has been active in FHA, the student council, and basketball. She was a cheerleader 3 years, served on the Buffalo annual staff, and this year was Miss FHS.

Bitten By Dog

A dog that bit Ricky Lloyd Vaughn, 3, on the right ankle at 3:17 p.m. Friday was placed in the City pound. The incident occurred at the boy's home, 318 Thirty - sixth Place.

COMPLETES TRAINING — Danny Peterson, son of Mr. and Mrs. Max Peterson of Hermleigh, graduated April 25 after completing nine weeks of training at the Naval Training Center, San Diego, Calif. He was to report this weekend for duty aboard the USS Chemung at San Diego, Calif.

ON THE HOUSE

Having trouble with a door? Let's look at some of the common problems and what to do about them.

When the door sticks or binds check the hinges. If there is even the tiniest movement of a hinge when the door is opened or closed, one or more of the screws is loose. Test each screw to see if there is any play in it. If so, tighten it. When necessary, remove the screw, fill the hole with wood putty of plastic wood. When the filler has hardened, redrive the screw into place. Keep the door closed while the filler is hardening.

When the door sticks or binds but there are no loose hinge screws — mark the places where the door is touching another surface. Use a rasp to take off the surplus wood, but not if the condition is severe, in which case follow the next step.

When a lot of wood must be taken off — remove the door. Do this by driving the hinge pins upward by tapping with a hammer and old screwdriver. Hold the knob firmly in one hand, the back part of the door in the other and carefully lift the door off its hinges. Plane or scrape off as much surplus wood as necessary, but not too much, otherwise you will wind up with a loose-fitting door.

When a door closes easily but rattles or will not stay closed — examine the strike plate, the piece of metal into which the latch bolt enters. Either the bolt is not fitting the strike plate opening properly or it is not even entering it. Keep opening and shutting the door until you determine where the misalignment is. Fix it by filling the opening to provide additional clearance for the bolt or unscrewing the strike plate and resetting it in the required new position. In either of these cases, remember that you are trying to correct a condition which involved only a fraction of an inch.

When a door rattles even though the latch bolt fits nearly into the strike plate remove the stop molding along the lock side. Pry off the molding very carefully. Test to see the proper position in which there is no play between the door and the molding, then renail the molding in place.

When a door sticks or binds and it is obvious that it is swollen because of excessive moisture or dampness — remove it from the hinges in the manner previously described. Place it in the sun for a few days to dry it out. Turn it over a few times so that the sun hits both sides. Where there is a decided warpage, put the door on a couple of sawhorses and place weights or bricks on the warped portions. Check daily to see that you don't get too much warpage in the opposite direction. little of this opposite warpage won't matter, as the door will naturally straighten in a couple of days.

After any of the above remedies have been put into effect, be sure to seal any parts of the door where the bare wood has been exposed. In fact, it's a good idea to seal all ends and edges, as they are generally the areas where moisture enters.

• • •

QUESTION: I have some stuccoing to do in the spring. I think I have a pretty good idea of how to apply the three different coats, but the one thing I am not sure of is the length of time between coats.

ANSWER: You should wait three or four days between the first or scratch coat and the second or brown coat. Wait even longer — at least a week — between the brown coat and the finish coat.

• • •

QUESTION: What type of brush should I use for applying tar to a flat roof?

ANWER: Ask your paint dealer or household supply store for a roof-painting brush to be used in applying tar. There is more than one type of roof-painting brush, one of which costs less than the others and is especially suitable for spreading tar.

• • •

QUETION: Copper gutters on our house have caused stains on the masonry wall of our house. How can these stains be removed?

ANWER: Mix equal parts of household ammonia and sal Ammoniac. Saturate the bristles of a stiff brush with the solution and rub the stained areas. Wait about 10 minutes then rinse off the surface with cold, clear water. If possible, apply the water with a hose so that some pressure is exerted, thus insuring removal of all traces of the solution.

QUESTION: I want to get a stipple effect on the walls of a room I plan to paint in the near future. I know that the stipple can be produced by hitting the wall lightly with the side of the brush, but I'd like to use a roller if possible. How can I make the paint seem stippled?

ANSWER: Use a stippling roller. Many, but not all, paint stores sell them. If it is your intention to cover wall imperfec-

By MRS. J. B. ADAMS

Mr. and Mrs. Murry Jackson visited over the weekend with their daughter and her husband, Mr. and Mrs. Jimmie Raye, in Christoval.

Those attending the Martin reunion in the Jack Ramsey home on Saturday were J. W. Martin of Willingboro, N. J., Mr. and Mrs. Bill Rinehart, Brad, Mischell and Scott of Garland; Mr. and Mrs. W. C. Sanders and Gena, and Mrs. Royce Stowe of Odessa, Pat Partin of Post, Louise McClinton, Raymond Martin and Mr. and Mrs. Jesse King of Snyder.

Mrs. J. B. Adams spent from Friday till Monday with her daughter and family, Mr. and Mrs. J. L. Crafton in Bangs.

Mrs. R. D. Ramage and children of Lubbock and Koy Head of Lubbock visited Saturday with Mr. and Mrs. Audrey Head.

WOMEN's CALENDAR

MONDAY

East Elementary School PTA holds last meeting of school year in cafeteria; teachers will be honored and entertainment will feature "The Blue Belles" of Travis Junior High; 7:30 p.m.

Rebekah Lodge meets at IOOF Hall, 7:30 p.m.

Rainbow Girls stated meeting at Masonic Hall, 7:30 p.m.

TUESDAY

Art Guild Study Club meets at Martha Ann Woman's Club, Verba Williamson hostess; 7:30 p.m.

Alpha Study Club meets at Martha Ann Woman's Club, Mrs. Wayne Boren hostess; 3:30 p.m.

Ladies Golf Association meets at Country Club; 9 a.m.

Martha Ann Ladies game day and duplicate bridge; 9:30 a.m.

Snyder Early Tops meet at Dan Gibson Building, 8:30 a.m.

Toperettes meet at Stanfield Elementary School Cafeteria, 7 p.m.; visitors welcome.

WEDNESDAY

Altrurian Daughters spring luncheon at Martha Ann Woman's Club; noon.

THURSDAY

Snyder Garden Club meets at Martha Ann Womans' Club; 9 a.m.; slides of Buchart and Banff Gardens will be shown by Mrs. John Hamblen; officers will be installed; hostesses Mmes. Robert Hargrove and D. E. Teal.

FRIDAY

Altrurians Club meets at Martha Ann Woman's Club; installation and book review; 3 p.m.

Friday Duplicate bridge at Country Club, 9:30 a.m.; open.

SATURDAY

Cosmorama Study Club social, at Martha Ann Woman's Club; Peggy Koonsman and Jan Harrell hostesses; 3:45 p.m.

SUNDAY

Duplicate bridge at Country Club, 1:30 p.m.; open.

Coterie Installs Officers

The Musical Coterie met Sunday afternoon at the home of Mrs. Helen Rodgers. Serving as hostesses were Mrs. Patsy Elliott and Mrs. Bob Womack.

Mrs. C. E. Christman, District President of the Texas Federation of Music was the installing officer and the speaker for the program. She described the aim of the Federated Music Clubs, as "Making America Musical", saying that much can be done about accomplishing this aim when a large group of interested people work together as do the members of the federation.

The following officers were installed: Mrs. Ben Brock, president; Rev. Charles Bowyer, vice president; Mrs. John Fagin, secretary; Mrs. Troy Scott, treasurer; Mrs. J. D. Smith, parliamentarian; Mrs. Glenn Barron, reporter and Mrs. Ed Free, historian.

BREAKTHROUGH FOR ROSE GROWERS

with Systemic Insecticide

Troublesome spraying and dusting is unnecessary to control certain insects when you feed roses with ferti-lome containing Systemic Insecticide. The insecticide is absorbed through the roots and gives invisible protection against all piercing and sucking type insects. Available in 5-lb. box or 15-lb. bag.

Sanchez, Ramos Vows Are Pledged In Church Rites

Miss Carmen Sanchez, daughter of Mr. and Mrs. Fred R. Sanchez, 1409 Avenue M, became the bride of Eliberto Ramos in a doublering ceremony April 19 at Our Lady of Guadalupe Catholic Church. Mr. and Mrs. Gilbert Ramos, are parents of the bridegroom.

Fr. Herman Valladares officiated at the marriage rites.

Mr. Sanchez presented his daughter in marriage. She wore a bridal dress of imported rayon organza with val lace beruffling the bodice and satin cotillion skirt that swept into a chapel train. Her veil was a floor-length train with Chantilly edged panels. Organza petals with pearls formed the headpiece.

Altar decorations featured large white gladiolas.

Rosie Zamora, maid of honor, were a white empire dress with a white mum. Mrs. Tony Peralez, matron of honor, was attired in a peach satin dress wth white lace. She also wore a white mum.

Rachel Sanchez was the flower girl. She wore a yellow bonded lace dress.

Other attendants of the bride were Mrs. Richard Corralez, Mrs. Jacob Rodriguez and Anita Felan. They wore identical costumes of peach empire with white lace.

Tony Peralez was best man.

Dolores Avoia was organist and immediately following the ceremony there was a reception in Guadalupe Hall.

Both the bride and bridegroom are graduates of Snyder High School.

Out-of-town guests came from San Angelo, Brownfeld, Kerrville and Haskell.

OFFICERS INSTALLED — These officers of P-TA units were installed during ceremonies conducted Monday. They will guide the P-TA organizations here during the next school year.

P-TA Officers Installed

The Snyder Schools Parent-Teacher Association held a joint installation Monday night at East Elementary.

The welcome was given by Mrs. Guy Sullivan who introduced Mrs. Bob Morgan, president of the City Council, as mistress of ceremony.

Mrs. Joe Alexander read the PTA prayer.

Mrs. Leon Sterling, membership chairman of Dstrict 18, was the installing officer. She presented each incoming officer with different colors of iris representing their various offices. President - purple, to denote leadership, vice president - various colors to compliment the purple, to symbolize devoted loyalty, secretary - yellow, to brighten their work, treasurer - white, to stand for truthfulness and purity.

Mrs. Wraymond Sims of Snyder, newly elected president of District 18 gave an inspiring talk and presented some PTA pointers to the officers.

She said "only remember you neve serve alone in the interest of children and youth."

City Council presented a life membership to Mrs. Bob Morgan. A special award went to Mrs. Joe Alexander of city council for perfect attendance and outstanding service to council.

Refreshments were served from an attractively decorated table by Mrs. Guy Sullivan, Mrs. J. C. Massingill, Mrs. Bill Love and Nan Love.

The following officers for 1969-70 are

City Council - vice president, Mrs. Joe Waller; secretary, Mrs. Joe Solari; treasurer, Mrs. Donald Fritz.

Central Elementary - president, Mrs. James Fulford; vice president, Mrs. Lee Palmer.

East Elementary - president, Mr. Wayne Maroney; vice president, Mr. Guy Sullivan; secretary, Mr. T. V. Early; treasurer, Mrs. Carroll Stansell.

North Elementary - president, Mrs. E. L. Keller; vice president, Mrs. S. L. Morris; secretary, Mrs. Wayne Glass; treasurer, Mr. Mike Ezzell.

Northeast Elementary - president, Mr. Jim Erwin; vice president, Mr. Robert Vasquez; secretary, Mrs. Dave Williams; treasurer, Mrs. Jay Guthrie.

Stanfield Elementary - president, Mrs. Laddie Hanacek; vice president, Mrs. John Short; secretary, Mrs. Bill Johnson; treasurer, Mr. Ken Aldridge.

West Elementary - president, Mrs. Wayne Tyrone; vice president, Mrs. Wayne Doggett; secretary, Mrs. Les Francis; treasurer, Mrs. Dean Floyd.

Lamar Junior High - president, Mrs. Marvin Dozier; vice president, Mrs. Joe Pate; recording secretary, Mrs. Joe Solari; treasurer, Mrs. George Stewart; corresponding secretary, Mrs. Max von Roeder.

Travis Junior High - president, Mrs. James Bellamy; vice president, Mrs. Jack Warren; secretary, Mrs. Bill Campbell; treasurer, Mrs. Kenneth Smith.

How To Bake German Fruit Bread

BY CECILY BROWNSTONE
Associated Press Food Editor

DEAR CECILY: Can you lay your hands on a recipe for a German holiday Fruit Bread called Hutzelbrot I'd like to bake it. —CONSTANT BAKER.

DEAR CONSTANT BAKER: One of the best recipes we have ever tried for Hutzelbrot comes from a fine cookbook called "The Art of German Cooking" by Betty Wason. Mrs. Wason's recipes were acquired whe she traveled in Germany, and besides giving cooking directions, she gives her readers excellent notes on the background and development of German cooking — from classic Teutonic dishes to international recipes that have beenadded recipes that have been added to the German cuisine since world War II. If you try Betty Wason's Hutzelbrot, you'll be pleased to discover that it has delightful flavor, a firm texture and keeps well. —C.B.

BETTY WASON'S HUTZELBROT (fruit bread)

2 cups mixed dried fruit, soaked
2 envleopes active dry yeast
½ cup warm water
½ cup sugar
6 to 7 cups sifted all-purpose
¼ teas. cardamen
½ teas. powdered coriander
flour (or use ½ all-purpose flour, ½ rye flour)
¼ teaspoon powdered anise or fennel
⅛ teaspoon powdered cloves
1 teaspoon salt
1 cup shredded almonds
½ cup butter or shortening
1 cup chopped hazelnuts or walnuts
1 cup golden raisins
1-3 cup chopped candied orange peel
¼ cup kirschwasser, brandy of rum

Cook the dried fruit in water to cover until soft; drain, saving 1 cup of the liquid. Chop the fruit finely, discarding any hard bits of the fruit or pits. Dissolve yeast in warm water with sugar. Sift and measure the flour; if using part rye flour, thoroughly blend the two. Add spices and salt to the flour. Place half the flour in a large mixing bowl, make a well in the center, add the dissolved yeast and the reserved liquid from fruit which has been heated, then cooled to lukewarm. Add melted butter or shortening. Mix until well blended; let rise 15 minutes in warm place to form a light sponge. Toss 1 cup of remaining flour with chopped fruit and nuts. Add this and rest of flour to the sponge along with the kirschwasser. Beat until smooth; turn out onto floured board, knead until smooth and elastic. Place in greased bowl, let rise in warm place 45 minutes to an hour until doubled. Punch down, knead again, divide dough in half. Shape into 2 round balls. Place on greased baking sheet, let rise again. Preheat oven to 375 degrees. When loaves are again doubled, place in oven, bake until crust is golden and crisp, 45 minutes to 1 hour. After removing from pans but while bread is warm, brush with a little of the liquid from the dried fruit. Makes 2 loaves.

Sleeping bags made of tightly - woven cotton duck will keep you warm outdoors at 40 degrees below.

The same cotton cloth can be finished to appear as chintz, gingham, moire, denim, matelasse, or pique.

From cottonseed come linters for mattress fillings, feed for livestock, oil for cooking.

In ancient India, sheer cotton muslin was so fine that 73 yards weighed only one pound.

HONOR GRADUATES — Tom Chorn and Sherry Adams are honor students of the graduating class at Hermleigh High School. Sherry, 18, has a 95.4 grade point average and was named Valedictorian. She is the daughter of Mr. and Mrs. Guy J. Adams, Route 2, Hermleigh. Tom, 18, has a 94.5 grade average, and he is the Salutatorian. His parents are Mr. and Mrs. G. E. Chorn, Route 2, Snyder.

Graduation Rites Set At Hermleigh

HERMLEIGH — Honor students in the 23 - member graduating class at Hermleigh High School this year are Sherry Adams, valedictorian, and Tommy Chorn, salutatorian.

Baccalaureate services will be held at 8 p.m. Sunday (today) with H. Zimmerman, pastor of the Lutheran Church in Roscoe, to preach the sermon. Commencement exercise will be held at 8 p.m. Friday, May 16, with Dr. Max Leach of Abilene Christian College to give the address. Junior High graduation is set for 8 p.m. Thursday, May 15.

The graduating seniors will leave Monday, May 19 for a two-week visit of the Bahamas accompanied by Mrs. Roxie Soules, senior class sponsor; Ray Mason, assistant coach; and room mothers Mrs. Adams, Mrs. Chorn, Mrs. Davis and Mrs. Sandefer.

Another outstanding student of the graduating class is Scott Richburg. Sixth in his class, he is the first Hermleigh High School student to be appointed to the U. S. Military Academy at West Point. He has a 92.6 grade average.

Sherry, 18, has a 4 - year grade average of 95.4. Her parents are Mr. and Mrs. Guy J. Adams of Route 2, Hermleigh. She was named best all-around student at HHS where she competed in basketball and track for four years. Sherry also was a member of the Beta Club four years, and was president of the club during her senior year. She has been active in the FHA four years, and was president of the organization her senior year. She was a member of the cast for the Junior Play and was class favorite her junior year. A member of the pep squad three years, she was a cheer leader for one year and was sports editor of the annual staff. Sherry was class president both of her junior and senior years.

Tom is an outstandin gathlete and student. He has been selected on the north squad of the All-Star football game that will be held next August in conjunction with the annual convention of the Texas High School Coaches Association. The coach for the north squad will be Truman Nix of Colorado City.

A running back, Tom scored 104 points his senior year and gained 1,435 yards on 227 carries. He also caught 11 passes for 169 yards. He scored 107 points his junior year and netted 1,268 yards on the ground in 167 carries. He caught 15 passes for 235 yards his junior season.

Tom is an outstanding athlete and Mrs. G. E. Chorn, Route 2, Snyder. His grade average is 94.5. He was named best all-around male student at HHS, was Carnival King and president of his freshman class. He was a member of the Beta Club, the Spanish Club, the FFA, and was student council president during his senior year. Named football hero his senior year, he made the All-District team three years in succession. Tom also competed in basketball four years, and in track three years. He ran a leg on the mile relay team at the State Track Meet last year, and he also competed in tennis on the state level. Tom also was a member of the cast for the Junior Play.

Both Tom and Sherry say sports are their best hobby. Sherry also plays the piano. She plans to major in either business or home economics at Abilene Christian College. Tom plans to attend Texas Tech and major in government. His coach during his varsity grid career has been W. C. Hodges.

Dale Peterson with a grade average of 94.13 is valedictorian of the junior high. The junior high salutatorian is David Williams with a grade average of 93.82, just nosing out Tommy Vineyard, the class historian whose average is 93.80.

Primitive Art To Metropolitan Museum

NEW YORK (AP) — Gov. Nelson A. Rockefeller said the Metropolitan Museum of Art has agreed to accept the collection of the Museum of Primitive Art which he founded and heads.

Rockefeller said Thursday the 3,000 primitive art objects would be housed in a new wing to be built by the Metropolitan. The wing will be named in memory of the governor's son, Michael, lost several years ago on an expedition to New Guinea.

The governor has been collecting primitive art objects for 35 years. Some date to 1,200 B.C.

CAREER CORNER

By F. J. LAIN

Miss Lain awards a Mercury portable, courtesy of the Royal Typewriter Co., to Roy Chamberlin, Nampa, Idaho, for his suggestion.

"Please write more careers-in-crafts ideas."

A. — Response was riotous the last time we explored ideas on turning hobbies into profit. So here's another on one of the hottest crafts going today: decoupage (pronounced day-coo-pahj). It's meticulous but fun, and you don't have to be a Michelangelo to do it.

WHAT IS DECOUPAGE: This charming 18th Century French creation is the delicate art of cutting out elaborate pictures and mounting them on any object — wood, glass, plastic, metal and even cork! There's also a much simpler form, referred to as "board art" — hardly boring when you can come up with a real work of art by gluing pretty pictures on wooden backgrounds, then varnishing them to a satin finish. Whether you're doing the real decoupage or board art, the best work takes time and such shortcuts as using decals are considered bad manners by connoisseurs.

WHO'S A CUT- UP? Men and women, adults and students. One man became so gifted that his decoupaged gems are exhibited in the Metropolitan Museum of Art in New York. Mrs. Lyndon Johnson used decoupaged lamps as gifts for heads-of-state. Hundreds of items, from pill boxes to furniture, become treasures when properly executed.

HOW TO BEGIN: There are excellent private studios throughout the country teaching decoupage, as well as school systems and community centers. Some YMCA's offer it. Check your telephone yellow pages under "Arts and Crafts," ask an art store dealer for a reference, or query your school board and city recreation department.

BY MAIL: For places to write for instructions and materials by mail, plus a suggested reading list, write me in care of this newspaper. Enclose 10 cents and a long, white, stamped and self-addressed envelope. Ask for my decoupage resource sheet.

MONEY - MAKER? Yes, but you should consider decoupage earnings as pocket money until you are really professional at it. Then there's a good chance your fiscal fitness can improve dramatically, particularly if you become skilled enough to teach. For instance, the Marie Mitchell Center of Decoupage in Detroit trains some 800 teachers each year through regular classes and short seminars. Later these graduates often open their own studios on a full - time basis, teaching and selling decoupaged creations.

Many decoupeurs sell products through a gift or art shop, or any store willing to handle the work of craftsmen, usually on a consignment basis (this means you are paid when the item is sold; no sale, no payment). The selling fee is typically 25 per cent of the price. Others sell through benefit bazaars, mail order, family and friends, and home studios.

SCISSORS READY! I'm told that anyone who has ever cut out a paper doll can become proficient in the art of decoupage. The key is to take instructions from a qualified teacher, then practice to make perfect and money.

Speaking of putting a little fund in you life, here's a pleasant surprise: Your initial outlay for instructions and materials can be held to about $50, lots less than many hobby ventures. With the money saved on materials alone, you could splurge on an extra pair of scissors to clip investment coupons — the ones you acquire through your decoupage profits.

* * *

NEXT: PODIATRISTS

* * *

Send your suggestions for future column topics to Joyce Lain, Career Corner, c-o Snyder Daily News. Sorry, no mail answers can be given. Any Snyder Daily News reader whose letter is the basis of a future column will receive a free Royal Mercury portable typewriter.

Ceremony Of Golden Spike Re-enacted

PROMONTORY, Utah (AP) —It has been 100 years since there has been this much activity around barren, windswept Promontory Summit, Utah.

On May 1, 1869, in the afternoon, hundreds of officials and spectators watched the golden spike ceremony when the last rail connected the Union Pacific and Central Pacific railroads, and America had its first transcontinental railroad.

Residents around Promontory, in northern Utah, re-enact the driving of the golden spike each year. But attendance is light.

This year, authorities predict thousands of people will be on hand for the re-enactment this afternoon at the same spot the ceremony was held 100 years ago.

But now the railroad on which the ceremony will be held goes nowhere. In fact a section of railroad had to be built specially for today's ceremony. Spectators and participants can't even get there by rail.

The track was abandoned, and later pulled up, when the railroad was rerouted in 1904.

Dozens of national figures will be on hand for the centennial party.

Transportation Secretary John A. Volpe is scheduled to dedicate a new visitors' center.

Thomas Goodfellow, president of the Association of American Railroads will talk about the history, and the future of railroads.

Presidents of the companies which laid the original line—the Union Pacific and Southern Pacific—will be present. The Southern Pacific was called the Central Pacific when the lines were joined.

Wheat Crop Estimate Is Lowered

WASHINGTON (AP) — The estimate of Texas wheat production was slashed more than nine million bushels Friday by the Agriculture Department, but a major increase in the state's grapefruit harvest was forecast.

The department forecast a Texas wheat harvest of 65,090,000 bushels. This compares with the April forecast of 74,232,000 bushels and last December's prediction of 70,108,000.

The crop will be far short of the 84,150,000 bushels produced in 1968.

This year's acreage planted to wheat was down 16 per cent to 4,124,000 from the 1968 figure of 4,909,000. The national wheat acreage reduction was 13 per cent.

Winter and spring wheat production nationally is expected to be 1,127,426,000 bushels, down about 12 million from last month's prediction and about 8 per cent below last year's record harvest.

Grapefruit prediction for Texas was 7,200,000 boxes, showing a great comeback from the destruction of trees and growth retardation caused by Hurricane Beulah in 1967. Production last year was only 2,800,000 boxes. The May 1 forecast compared with the April 1 prediction of 6,800,000 boxes.

The state's orange crop estimate went up 80,000 boxes to 4,880,000 between April and May. Production of the hurricane-hit crop last season was only 1.8 million boxes.

Scott Carpenter To Retire From Service

WICHITA, Kan. (AP) — Navy Cmdr. M. Scott Carpenter, who has been both astronaut and aquanaut, says he is retiring from the service July 1 to enter private business.

Carpenter, 44, is one of the original seven U.S. astronauts and became the second American in orbit when he piloted Aurora 7 on May 24, 1962. In August 1967, he left the space program to take part in the Navy undersea living experiment called Sealab.

Snyder Student To Be In Summer Science Program

John M. Hood of 300 Thirty-fourth Street, a junior student at Snyder High School, has been selected to attend the Engineering Science Division at Northwestern University in Evanston, Ill., for five weeks, beginning June 29.

Each year this program attracts top-ranking high school students who have completed the junior year and who have a high degree of aptitude in mathematics and science. The purpose of the course is to provide these young people with a broader perspective of mathematics and the physical sciences and their relationship to engineering and also to assist them in selecting a course of study at the college level. The number of students is limited to 120 from through out the United States.

The course covers a five-week period during which the students study under typical university conditions and receive instruction from about 40 members of the university faculty. The work consists mainly of study in several fields of engineering, including chemical, civil, electrical, industrial and mechanical, plus advanced concepts in the fields of mathematics and physics. In addition to lecture, discussions, and laboratory projects, a number of interesting field trips are scheduled. Visits to the Museum of Science and Industry, Argonne National Laboratory (Atomic Energy Commission), Chicago River (Boat Trip), Adler Planetarium, the Field Museum of Natural History, and the Lindheimer Astronomical Research Center.

Students who have been members of the Engineering Science Division have found it a most rewarding educational experience. The opportunity to work and live for five weeks with excellent students from all areas of the United States is an enriching experience in itself.

Railroad Commission Reports Completions

AUSTIN (AP) — The Texas Railroad Commission reported Saturday that 96 oil wells and 45 gas wells were completed during the past week in Texas.

That raised the total oil well completions for the year to 1,780 compared with 1,782 a year ago, and gas well completions to 981, compared with 862 at this time in 1968.

The commission said 136 wells were plugged, including 40 dry holes.

Eleven wildcat gas wells were drilled—five in the Corpus Christi district, five in San Antonio's No. 2 District, and two in the Houston District. Three wildcat oil wells were drilled—two in San Antonio's No. 2 District and one in the Houston District.

Truck Is Found

The pickup truck stolen from Ezell - Key Feed and Seed Company on the Sweetwater Highway Saturday night, May 4, was recovered in Sweetwater about 11:30 a.m. Friday, according to Scurry County Sheriff's Authorities. They said it apparently had been abandoned and still was in "good running condition."

ALL-OUT WAR COMING?

On Communist Tightrope

EDITOR'S NOTE—After covering the war in Vietnam for four years, AP Correspondent John T. Wheeler returned to the United States, but not before traveling by train across Siberia into Europe. During the trip he visited the Khabarovsk area on the frontier between the Soviet Union and Communist China. This area, and along the nearby Ussuri and Amur Rivers, has been the site of recent clashes between the two Communist powers. Wheeler spoke with Sibrians who live there for this report on how they feel about the possibility of an all-out-war.

By JOHN T. WHEELER
Associated Press Writer

KHABAROVSK, U.S.S.R. (AP) — "Every night the Chinese propaganda radio says the same thing. They swear they soon will build a bridge across the Amur River frontier from the bones of the beautiful women of Khabarovsk," said Svetlana, one of the lovelier women of this Soviet far eastern border city.

"But I personally do not believe there will be war between our two countries despite the recent battles," added the 25-year-old school teacher and mother of one. "The Chinese are gloomy but not so mad as that. But still . . . ."

Despite its staggering nuclear capability, that "but still" also appears to be very much a part of Soviet military thinking.

Travelers on a trans-Siberian train going from East to West through the Soviet-Chinese border region identified 10 trains, some with 50 cars or more, carrying Soviet military equipment toward the Khabarovsk area. Flatcars bearing heavy tanks, artillery, self-propelled guns and snow and mud mobiles were common sights.

One Western military expert said later there were strong indications that Moscow has called up some reservists and issued them older weapons and equipment for duty along the lonely and sparcely settled 4,000 mile frontiers with Red China.

Much of that long frontier is in dispute between the two countries with Red China especially belligerent in pushing its claims for the "return" of territory.

Most of the military buildup on the frontier probably is under way in the Khabarovsk area in the far east and along the Ussuri River to the south and the Amur River to the west. It was at Damansky Island in the meandering Ussuri River and south of this provincial capital that the biggest clashes between Communist goliaths broke out in March.

Residents in the area said weeks later that hardly a day passes without renewed fighting in the area. They said these clashes often involved heavy artillery and mortar duels. One Moscow newspaper confirmed these reports, but officially the Kremlin has not made an issue of the later fighting.

Some residents express concern over the official reticence, and one asked: "Why should not the Chinese barbarian adventurists be branded as aggressors?"

Svetlana, the school teacher, ended her discussion over steaming borscht and sour cream of the "Chinese situation" with a question to a U.S. reporter: "But if we do have war with the Chinese, what will you Americans do?"

The question was repeated by many living in the area. U.S. and Western diplomats outside the Soviet Union report that members of the Soviet diplomatic corps repeatedly raise the same issue.

One Western diplomat said a Soviet military attache put the problem this way: "There are differences between us, but the United States must realize that all of us with European culture and civilization behind us must face the common danger of the yellow men."

Since the Soviet Union officially holds racism to rank with "Western imperialism" and colonialism as the blackest evils of the modern world, the Western diplomat was amused.

Officially U.S. diplomats turn aside the question of U.S. intentions in case of a Sino-Soviet war. Asked privately what Washington's attitude was, one U.S. Embassy official in a nearby country grinned broadly, half rose from his chair, slipped his hands under his hips and sat down again.

An English-speaking Russian artillery officer in Siberia said: "If you are to correctly understand the danger to us of the Chinese, consider a Mexico with 900 million persons and 50 divisions on your border with Texas which the Mexican government claims. Then imagine the Mexican army, with a developing capacity to make large nuclear weapons.

"Then finally imagine them with virtually no regard for human life and a concept of mass warfare that has changed little since the hordes of Genghis Khan. Then perhaps you will see our predicament here."

Khabarovsk is a quiet provincial administrative center 110 miles north of the Damansky Island battlefield and nudging the frontier.

A group of tourists on the Trans Siberian Railroad was disappointed to find the atmosphere to be relaxed less than three weeks after the latest major fighting. There was little sign of military activity in the city where a late snow and freeze had killed the buds on the trees marching down the main street from the railroad station toward the Amur River border line.

Outside Khabarovsk, an occasional group of soldiers could be seen from the train which runs from a few miles to a few hundred yards from the frontier. One group of soldiers was clustered around three army trucks with painted red crosses on a white field.

From the train, no military fortifications or camps were visible on either side of the border, although Western military experts say both sides have many division in the area supported by large tank and heavy artillery units.

The frontier itself was no different from thousands of miles along the route of the rail link to European Russia—bleak, nearly featureless except for the occasional hills and clumps on birch and pine trees.

Nicholai, a Siberian geologist, said the impression given by the gently rolling landscape was deceptive. He said he often had heard the sounds of artillery shells exploding. But despite the closeness of his home to what he fears one day will be a full-fledged hot border war, Nicholai consider the dangers in long-term prospective.

"The Chinese are acting out of a sense of history and want to return the borders to the way they were in the last century. But if this were done all over the world there would be chaos.

"The Chinese cannot expect to win a war with us now because of our nuclear bombers and missiles. But they are building missiles now, too. And perhaps some day they will attack and Moscow will be afraid to fire the rockets for fear of retaliation. But for now I do not worry too much. The Chinese have very great dificulties at home but they are not yet crazy."

Junior Editors Quiz on WRENS

QUESTION: *How does a house wren find his same little house each spring?*

* * *

ANSWER: The house wren is one of those birds which fly south in the winter to the warmer climate of the Gulf States, Texas or Mexico. How does a tiny thing like a wren make such a trip twice a year? Think of the air as a fine, broad highway without any obstructions, and remember that birds have extremely sharp sight and so can recognize landmarks far away. Furthermore, many migrating birds fly along such routes as the Atlantic coast or the Mississippi River, where natural features can guide them. As to finding the bird house or cavity they nest in, the male wren, like many other birds, takes a special territory of several acres for his private hunting ground. His vigorous song is to warn other rival wrens to stay away. He and Mrs. W. and the babies need a great deal of food, so the adult wrens work hard catching insects in every part of their territory. Naturally they get to know every nook and cranny of it, and this will, of course, include the bird house or other nesting site which is the Home Sweet Home of every wren family.

5-10

(Cindy Hipnor of Shelby, Iowa, wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

ATTEND RALLY — About 1,200 persons attended the area-wide FCA Rally in the Scurry County Coliseum Friday night. Included among those on the program were Ray Hildebrand (standing, left), Roy Meador (in front of Ray), Paul Anderson (in right foreground) and Ned Underwood (standing behind Paul). Meador presented Lee McNair (not pictured) an award for being the "member of the year" of the local FCA Chapter.

Anderson Tells FCA To Study Greatness

Only about 15 per cent of the youth are engaged in protests and rebellion, but they attract attention because the other 85 per cent are not involved in anything so spectacular, declared Paul Anderson, the "world's strongest man."

Anderson was the main speaker Friday night at the area rally of the Fellowship of Christian Athletes in Scurry County Coliseum. The Olympic weightlifting champion cited the examples of national leaders and heroes of the past. When men such as Gen. Douglas MacArthur and Gen. Dwight D. Eisenhower pass on, the people should not merely mourn their passing but they also should take a good look and make a study of what made these men great and use the knowledge for the future, Anderson said.

Anderson said he was proud of his Olympic medals and the recognition he has received, but that most of all he was proud to be a Christian.

Ray Hildebrand, assistant national director of FCA, and a noted composer and recording artist, sang several songs and led the audience of some 1,200 persons in singing. FCA members from five high schools gave their personal testimonies. They included Randy Rushing and Lee McNair of Snyder, Bill Perdue of Sweetwater, Johnny Matthews of Colorado City, Eddie Tatum of Lamesa and Jimmy Don Williams of San Angelo Lake View. Jerry January, president of the Snyder Huddle group (students), gave the invocation, and Les Francis, president of the Snyder FCA Chapter (adults), welcomed guests. Truman Nix, head football coach at Colorado City and former president of the Texas High School Coaches Association, was master of ceremonies.

Anderson performed some feats of strength during his talk, lifting over 230 pounds of weights with one arm and lifting a table on which nine young athletes weighing an aggregate of over 1,600 pounds were sitting.

Roy Meador presented plaques of appreciation to Anderson, Hildebrand, Nix and to Lee McNair who was announced as the Snyder High School FCA Huddle's "member of the year."

Barbara Carter was organist and Wayla Walton was pianist, while J. D. Smith, Snyder High School Choral Director, led the group in singing the national anthem and the Pledge of Allegiance.

Wayland Holt, member of the Snyder FCA Chapter, told how membership in the organization could be attained, and Ned Underwood, co-leader of the SHS Huddle, gave the benediction.

Perryman, Chorn Are All-Stars

DALLAS (AP) — The Texas High School Coaching Association has named the teams for the annual North-South schoolboy all-star football game.

It will be played Aug. 7 in the Cotton Bowl during the association's 37th annual coaching school. The all-star basketball game will be played Aug. 6.

Selected to the 1969 North Football All-Star Team were: Ernest Batist, Forney HS; David Bourquin, David Carter HS, Dallas; Lane Bowen, Brownwood; Buster Calloway, Ennis HS; Dennis Carruth, Thomas Jefferson HS, Dallas; Tom Chorn, Hermleigh HS; Larry Denton, Borger HS; Brad Dusek, Temple; Andy Duvall, Abilene Cooper HS Eddie Foster, Monahans HS; Bruce Gaw, Adams HS, Dallas; Eddie Hooper, Olton HS; Gary Miles, Reagan County HS; Mike Morgan, Sundown HS; Donnie Joe Morris, Amarillo Pala Duro HS; A. G. Perryman, Lubbock Dunbar HS; Wayne Prescher, Clifton HS.

Also, Ed Lee Renfro, Sonora HS; Jerry Reynolds, Spur HS; Donald Rives, Wheeler HS; Monte Roberts, Sudan HS Bill Rutherford, Irving HS; Jerry Sisemore, Plainview HS; Tommy Stewart, Odessa Permian HS; Rickey Swinney, Whiteface HS; Rusty Ward, Arlington HS; Eddie White, Daingerfield HS; Frank Williams, S. Oak Cliff HS, Dallas; Wade Williams, Kirkpatrick HS, Fort Worth; Donny Willis, Big Sandy HSS; Rocky Wooley, Big Spring HS; Joe Wylie, Henderson HS.

Named to the 1969 South Football All-Star Team were: Danny Baker, Dibol HS; Mike Bayer, Austin Reagan HS; Donnie Bernhausen, Yoakum HS; Bruce Best, Houston Smiley HS Gary Butler, Conroe HS; Robert Ford, Belton HS; Lucky Gamble, Childton HS; Robert Gerasimowicz, Dickinson HS Billy Gurka, Montgomery HS; Joe Hajovsky, Columbus HS; John Harvey, Austin Anderson HS; Marshall Herklotz, Lexington HS; Grady Hoermann, Seguin HS; Dennis Howell, Thomas Jefferson HS, Pt. Arthur; Lex James, Sam Houston HS, Houston; Gary Keithley, Alvin HS.

Also, Edward Kersten, Klein HS; Henry Kotzur, Poth HS; Eugene Lewis, Refugio HS; Harold Lyons, Lufkin Dunbar HS; Charles Mader; El Campo; Dan Mullen, Galveston Ball HS; Robert Neyland, Barbers Hill HS; Rex Olsen, Rosebud HS; Steve Oxley, Pasadena Sam Rayburn HS; Coy Page, Austin Travis HS Ernest Price, Corpus Miller HS; Nathaniel Richardson, Magnolia HS; Steve Sanford, Houston Lee HS; Sidney Sims, Sheridan HS; Henry Villareal, Alice HS; Ray Whisenant, Dripping Springs HS.

HAPPY YOUNGSTERS — A local fisherman caught this 25-pound yellowcat in Lake Thomas and turned it loose in the pond in Towle Park Friday afternoon. The angler, who prefers to remain anonymous, said he feels the presence of the "big cat" will encourage fishing among local youngsters.

Snead's Nephew One Off Pace

SAN ANTONIO, Tex. (AP) — Turn back the clock a couple of decades, put a brightly-banded straw hat on his head and he'd look for all the world like his Uncle Sam.

"He's helped me quite a lot," Jesse Carylyle Snead said of his famous uncle, Sam Snead.

"He'd get kinda impatient at times, though, said it was kinda like trying to train a bear."

Snead, a husky, 200-pounder, who abandoned pro baseball for the golf tour, shot a three-under-par 68 Friday and was just one shot off the pace of leading Steve Reid going into today's second round of the $100,000 Texas Open Golf Tournament.

The test, on the 7,138 yard, par 71 Pecan Valley Country Club course was passed up by most of the top names in the game, including Arnold Palmer, Jack Nicklaus, Gary Player, Billy Casper and Julius Boros, with the younger pros leaping to the forefront.

The course was still soggy, with casual water from the violent thunderstorm that forced postponement of the first round Thursday still puddling the fairways when Reid and Snead came in.

It was considerably more dry in the afternoon with 20-year-old South African Bobby Cole matched Snead's 68 and tied for second place.

Seven others, including veteran Doug Sanders, were tied at 69 going into today's second round. Because of the postponement, a 36 hold windup is scheduled Sunday.

Others at 69 are Steve Opperman, Dean Refram, Terry Wilcox, Wayne Yates, Bert Yancey and Dale Douglass.

Owls In Finals

WACO, Tex. (AP) — Surprising Tico Carrero of Rice took on teammate John Hamilton in the singles title match of the Southwest Conference tennis tournament today.

Carerro pulled the upset of the tournament Friday when he defeated top-seeded John Mozola of Texas 6-4, 6-3. Hamilton whipped John Ragland of Texas A&M 6-4, 8-6 to advance.

A match for the doubles championship was between Rusty Powell and Mike Beene of Texas Tech and Ragland and Pete Faust of A&M.

Lamar Tech Crowned Again

SAN ANTONIO (AP) — Lamar Tech posted a 294 Friday and won its sixth consecutive Southland Conference golf championship with a 54-hole total of 876 at Olmos Basin Golf Course.

Jim Singletary shot a one-under par 71 and won medal honors with a three-under par 213.

Trinity finished a distant second with 909 and UT-Arlington was next at 918. Abilene Christian with a 948 and Arkansas State at 949 rounded out the field.

Duane McNabb of Lamar Tech, playing for medal honors, had a 72 Friday for a 214 and second place. McNabb's four-under par 68 in the second round was the low round for the meet.

Third in the individual race was Garry Wolff of Arlington with a final round 71 for a 216.

Perky Palmer Takes Five Stroke Lead

By MICHAEL A. LUTZ
Associated Press Writer

DALLAS, Tex. (AP) — Perky Sandra Palmer says she doesn't mind the pressure of being the first round leader. She's elated, in fact, with the five-under par 66 she carried into today's second round of the 14th annual Dallas Civitan Open Golf tournament.

"I just hope I don't put too much pressure on myself tomorrow," the former physical education teacher said Friday after she ripped up the par 71, 6,177-yard Glen Lakes Country Club for a two-stroke lead over Carol Mann and Sharon Miller.

Miss Palmer exploded for five birdies, including three in a row, for a sizzling 30 on the front nine. She momentarily faltered with bogeys on 15 and 16 but regained her composure with a par and birdie on the final two holes.

"I think I have more confidence playing under pressure," the former cheerleader at nearby North Texas State said. "It's really hard to keep your cool out there. When you make a mistake, there's only one way to go."

Miss Palmer will have opportunity to test her confidence today with Miss Mann, the third leading money-winner on the Ladies' PGA this year, and Miss Miller, running a close second.

"I would really like to win this tournament," said Miss Mann after her fast finish that included two birdies and a par on the last three holes. "I hope I don't jinx myself. I'm superstitious you know, but I've finished fourth, third and second here, so I'm ready for a victory."

Six players were bunched in a tie for fourth place with two-under 69s. They included Gerda Whalen, Shirley Englehorn, Donna Caponi, Ruth Jessen, Sandra Post and Murle Lindstrom. Sandra Spuzich was another shot back at 70.

Mrs. Whalen, a native of Worms, Germany, had an eagle and two birdies on the front nine for a 31 but had a 38 on the backside. "I ran out of gas," she said. "I guess I tried too hard on the backside."

Miss Englehorn said she got scared after she birdied the first three holes. "I got a little defensive on the backside, trying to protect my early scoring."

SENIOR LEAGUE ROSTERS

Senior Teenage League rosters have been announced, and the schedule for summer play will be announced soon.

Snyder will have two teams in the Senior Teenage — the Wilson Motor Clippers and the Von Roeder Jets. Hulen Malone is the manager of the Clippers, and Terry Holt is the coach. Phil Ragland is manager of the Jets, and he will be assisted by Coaches Steve Moffett and Kenny Ragland.

The rosters:

WILSON MOTOR CLIPPERS

Roster — Randy Levens, Mike Levens, Joe Wilson, George Kay, Steve Holder, Wesley Bishop, Jim Patrick, Milton Cates, Bill Branson, Bruce Almond, Bruce Bell, Dwaine Pape, Leo Jackson, Ricky Freeman and Randy Keller.

VON ROEDER JETS

Roster — David McGinnis, Jodi Williamson, Terry Arnold, Robert Phariss, Larry Wall, Richie Thompson, Mike Mize, Jim Province, Max Rainwater, Ronnie Lewis, Brad Morgan, Stewart Sims, Orville Schwartz, Roxy Small and Mike Morris.

Strikeouts—D. Wilson, Houst., 52; Jenkins, Chic., 51.

Rik Sacks Up Trophy

WACO (AP) — University of Texas golfer Rik Massengale added the Southwest Conference individual title to his trophy case today.

It's the same honor his brother Don Massengale, now a touring pro, collected at Texas Christian in 1958.

Massengale shot a 76-71 on the final 36 holes Friday for a 72-hole total of 287, seven over par for the Ridgewood Country Club course.

He ran into trouble on No. 11 when he dumped a shot into the water and took a triple bogey. "I had to sink a heck of a putt from 30 feet to get that," Massengale said.

Massengale beat back the challenge of Texas A&M's Billy Wade, who finished with 71-73 for a tie with Texas' Dean Overturf at 289.

Other totals included Richard Ellis, Texas A&M 295; Bill Merritt, TCU, 296; Chip Stewart, Texas, 296; Ronnie White, Texas Tech, and Charles Emery, Southern Methodist, 297; Reggie Majors, A&M, 299; Duke Butler, A&M, 302; Jim Arnold, Texas Tech, 303; Chuck Brownfield, Arkansas, 303; Ben Hagins, Baylor, 304; David Mathews, Arkansas, 313, and Bill Ross, Rice, 342.

BASEBALL PLAYOFF SET HERE

A bi-district baseball game has been scheduled for the Towle Park diamond at 2 p.m. Thursday, May 15. The playoff will pit Wall High School against Farwell High School.

This is the first year of competition in Class A for Wall, according to Coach Herbert Biedermann, Jr., who said his team defeated Anthony of El Paso in bi-district last year. Five starters from last year's team graduated.

None of the schools in Wall's district play baseball so the team automatically becomes district champs. Wall won only two of eight practice tilts with teams in the San Angelo area this year.

"We're not very strong in any area," said Coach Biedermann, although two of the boys are hitting in the 300's. "If things go just right, we could win," he concluded.

Farwell will be favored.

Mothers To Meet

Mothers of boys who will participate in the Teenage League this season are urged to attend a meeting at 4 p.m. Monday in the Community Room of the Savings and Loan Association building, according to an announcement by Mrs. Tommy Welch.

Inks Raider Pact

LUBBOCK, Tex. (AP) — John Parker, an all-state schoolboy basketball star from Hartford, Ky., plans to attend Texas Tech in the fall.

The signing of the six-foot, two-inch star was announced late Friday by Tech. Parker shot 70 per cent from the floor this year and averaged 23.2 points per game.

Bullard Gets Letter

DENTON — Tommy Bullard, a former outstanding basketball player at Snyder High School, was one of nine lettermen named for the 1968-69 season at North Texas State University. Tommy is one of six freshmen lettermen. The other numeral winners are upperclassmen.

The Eagles enjoyed their best performance in 15 years last season, posting a 15-10 record and sharing fourth place in the Missouri Valley Conference with an 8-8 mark.

HOME CO.
2308 Monticello
Big Spring, Texas

AUCTION
SATURDAY, MAY 24, 10:00 A.M.
13,993 ACRES — MARTIN COUNTY, TEXAS
Sale will be conducted on premises 20 miles south of Lamesa, Texas, on Highway 349.

This property known as the L7 Ranch will be sold by labors (177 Acres each), reserving the right to offer in larger tracts. The entire ranch has been surveyed and has labor lines bull-dozed out. This property has five miles of highway frontage and also a league road going thru it.

MR. RANCHER:
Approximately 40 labors, or 7,085 acres of this ranch is in EXCELLENT MESQUITE GRASS. Come see this ranch and you will agree that here is the place to expand your present operations.

MR. INVESTOR:
The L7 is an old established ranch in West Texas and it is waiting for you! Here is one of the finest opportunities to spend your tax dollars and develop his land into a choice profitable farming and ranching operation. The potential here is unlimited! Five miles highway frontage. Proven water on adjoining property. Only 35 miles from Midland.

MR. FARMER
Approximately 24 labors, or 4,251 acres is now in cultivation. Nine labors now planted in Maise. 15 additional labors have been root plowed or bulldozed. This land is rich sandy soil, well-adapted to cotton and maise and is level for easy farming. 6" irrigation wells with excellent water are located on developed land joining this property. Here is your opportunity to acquire some of the most productive virgin soil on the South Plains — with cotton base — and at your price! EACH LABOR OF LAND WITH CULTIVATED ACRES WILL BE SOLD WITH A COTTON BASE!

DON'T MISS THIS SALE
Remember—At Auction, YOU Set The Price
Representative will be at the Plainsman Motel in Lamesa one week prior to sale. Phone 915 872-2118.
Financing Available. Let your needs be known! 10% bid deposit on sale day — Balance on closing.

Sees Crises In Dental Manpower

FORT WORTH, Tex. (AP) — The dental profession in America is facing a critical shortage of manpower, the president of the American Dental Association said Thursday night.

Dr. Hubert A. McGuirl of Providence, R. I., said the government might have to take over dentistry unless the profession solved its own problem.

He was a guest at a health awards dinner of the 1969 International Science Fair.

The American Dental Association, American Medical Association, American Veterinary Medicine Association and American Pharmaceutical Association presented awards to students entered in the fair.

In an interview, McGuirl pointed out that the ratio of dentists to the public now is one per 1,200 persons.

"By no means can we improve this ratio by the mid-1970s," he said. "By 1975 demands for dental care will have doubled, not only because of increased population but because of the health care plans now evolving."

One reason for the dearth of dental manpower, he said, is costs ranging from $4,000 to $10,000 per year for each student. These costs must be partly borne by the dental schools and McGuirl said private schools, unable to bear the financial load, are already going under.

"There are only a few ways we can ever hope to meet the demands of the next decade," he said. "One is by extending the duties of auxiliary personnel, dental assistants and such.

Public Notice

The Snyder Public School Board is accepting bids on the sale of 3 used busses.

These busses will be sold on an "as is "where is" basis.

The busses may be seen at the School Warehouse, 30th Street & Ave. M.

For further information contact the School Business Office.

Bids will be due on or before 4:00 P.M., Wednesday, May 14, 1969. The Board reserves the right to reject any or all bids.

MRS. G. L. (CORA) HARTLEY
. . . Observes 90th Birthday

90th Birthday Is On Mother's Day

Mother's Day is a special occasion for Mrs. G. L. Hartley, 2703 Twenty-fifth Street. She observes her 90th birthday today. A special invitation is extended to her friends to drop in for cokes and coffee today.

A resident of Snyder since 1927, Mrs. Hartley was born in Murray County, Tennessee on May 11, 1879.

Mrs. Hartley also knows something about being a mother. She had nine children. Five of them are living today. They include two daughters, Mrs. Lillian McCollum of Houston and Mrs. Pauline Johnston of Snyder; and three sons, Jim and C. W. Hartley, both of Big Spring, and Herman of Abilene. The daughter who lives here operates a beauty shop.

Her husband, George L. Hartley, died several years ago.

Herman, the son who lives in Abilene, was in the Navy Air Corps during World War I.

Mrs. Hartley says she doesn't have any particular prescription for longevity. She is a member of the East Side Church of Christ.

"All I've ever done is keep house and raise children," she said, ". . . and give a few spankings," she added.

Aerial Spray Of Mesquite Scheduled

May 23 has been set as the starting date for aerial spraying of mesquite in the Upper Colorado Soil and Water Conservation District (Scurry and Borden Counties). The date was set by the SCS and ASCS county committees. Aerial spraying should begin 40 to 90 days after green growth at the buds is noticed. May 23 will be 40 days since the green growth started.

When the leaves are light green color, they are developing and using food reserves stored in the root system. After the leaves are fully developed and turn a dark green color, the food flow is reversed from the top back to the root system.

At this dark green stage, the application of 2, 4, 5-T should be made so that the material will be translocated down to the root system to get an effective control. 2, 4, 5-T should be applied at the rate of one-half pound in one gallon of diesel and enough water to make a solution of 4 gallons per acre.

Areas sprayed should be rested for at least 90 days during the growing season following spraying to allow low vigor grass plants to recover and spread. The main objective of controlling mesquite is to be able to grow more grass rather than have dead trees. Unless more grass is grown, it is not economical to control mesquite.

Now would be a good time to spray weeds in the bottomland pastures and in pastures that have been rootplowed that are infested with weeds. The increase in grass would more than pay for the cost of spraying. These weeds can be controlled by using one pound of 2-4-D acid per acre.

Willis Tate Commended

DALLAS (AP) — A resolution commending Southern Methodist University President Willis Tate for his handling of a racially inspired campus confrontation a week ago was approved Friday by SMU trustees.

Dr. Tate was given a standing ovation for his efforts to meet the demands of black students within the university's charter.

The action followed a personal report by Dr. Tate on last Friday's five-hour confrontation in the president's office.

The black students presented a 13-page list of demands, seeking campus and academic changes. The SMU administration met some of the demands, compromised on others and rejected some.

Tucson Police Chief Goes To Miami

TUCSON, Ariz. (AP) — Police Chief Bernard Garmire, who previously had turned down bids to head the departments in Philadelphia and Chicago, has resigned to become chief of police of Miami, Fla.

Garmire said Thursday his resignation would be effective June 15.

"The police in the nation are involved in a changing concept of police work and I believe that Miami will present an opportunity to develop such a concept," Garmire said.

He said his Miami salary would be around $25,000. Tucson paid him $16,380.
