Discussingch It!!

The members of the Rotan City Council in an effort to reduce the approximate \$98,000.00 a year police department budget and in an effort to provide, or at least maintain, the same police department services for the City of Rotan are giving thought to consolidating the Rotan Police Department with the Fisher County Sheriff's Department.

This move is still in the talking stages, according to Rotan Mayor Jerry Marshall, "we are attempting to put the idea down on paper in order for the members of the Fisher County Commissioners Court to study that plan at their November meeting," said Marshall.

"Judge Marshal Bennett and I have been talking about the idea and plan now to have something in writing to present to the commissioners at their November meeting," said

Worship This Week At A Fisher County Church

Read Isaiah 43:15-19
Do not cling to events of the past or dwell on what happened long ago. —Isaiah 43:18 (TEV)

RECENTLY our family experienced the process of saying good-bye to people, places, and things as we moved to another state. Carefully I nursed my hurts, trying as best I could to make the adjustment.

Yet each letter that arrived and each phone call from old friends only served to renew in my thoughts all the great things that had happened at our old church. I simply dwelt on all the opportunities for service I had left behind.

Was I living in the past? Yes, I was clinging to what had happened long ago. This passage in Isaiah's prophecy spoke clearly to me. I had not been watching for the new. God promises roads through the wilderness and rivers of water in the desert! And God would give me renewed strength to make the adjustment if I would move out of the past into the present.

PRAYER: Dear Lord, give me the wisdom to retain precious memories without clinging to the past. Open my life as I watch for the new things You will do. Amen.

Cottonseed are forecast to be the cheapest price in years. Farmers and ranchers should stock up on cotton seed for the winter months for livestock feed. The latest NRC publication lists cottonseed as having 23.9 percent crude protein and a TDN value of 96%. This makes it an excellent

source of protein supplement with a further benefit of providing energy due to its high oil content. The cost of a pound of protein from cottonseed based on \$50 on ton is 11 cents a pound for cheaper than any other protein source. ***** The Barbeque and Con-

cert held last Saturday night to raise money to help on the show barn note was a big success. Over 300 people were fed and a good crowd enjoyed the concert by Borderline featuring Mark Harris and Darren Stephens, two Rotan natives. *****

Keep roses well fertilized through late summer and disease and insect free. Do not apply high-nitrogen fertilizers after August 15. Let the last roses of autumn set seed or hips. Delay pruning until March 15 or until danger of hard freezing weather is past. Mulching is recommended for roses. A mulch may cover the major part of a bush rose during coldest weather. However, when temperatures moderate in

late February, pull part of the mulch or mound away from the base of the plant. If deep mulch is left too long, new growth can be stimulated in the warm mulch. Mice often hide in deep mulch and damage canes by nibbling. Long canes of climber or rambler roses should be tied to prevent winter winds from whipping and damaging the dormant buds. They may be pulled over, pegged down and covered with mulch.

Tax Planning

By Gerald Rodgers CPA

"YELLOW PAD" FINANCIAL PLAN

Financial planning does not have to cost a lot of money. If your financial affairs are simple, your financial plan may also be simple.

Good financial planners will review your list of assets and liabilities to determine your current net worth. With your input, he or she will determine your financial requirements from now through your retirement years. The planner will go on to assist you in arranging your financial affairs to meet these requirements.

Everyone's financial well-being is affected by several factors. Tax laws continue to change, and inflation erodes the purchasing power of fixed incomes. There are many new investment alternatives to review in the light of economic risk. Your financial plan should be adequate to see that your economic goals are met without being so cumbersome that it's almost unworkable.

Perhaps your first conference on financial planning will be the only one necessary. It may confirm that what you are currently doing is all that is needed to reach your goals. The first conference may also end with a "yellow pad" solution, that is, a relatively simple plan sketched out for you by the planner on a "yellow legal pad." The yellow pad solution is often adequate for many families and because it was accomplished in one session, it's affordable by most families.

Your financial needs and goals are going to change almost annually. Therefore, an annual "yellow pad" conference with your planner may be all that's necessary to satisfy your financial objectives. If, in fact, your financial planning is more complicated, it's worth the time and money to proceed with a more comprehensive plan.

Your accountant is your most objective and best qualified choice for assistance with financial planning.

Students Finish Unit On Animal Life

The third and fourth grade class at Hobbs School has just finished a science unit on animal life. Included in the unit was a study of animal characteristics and needs, food chains, and various habitats. As a culminating activity for the unit, the students researched the habitats and how the living things were adapted to them. Then they made dioramas depicting the polar, desert, grassland, forest, and water habitats of animal and plant life.

Taking part in the project were: first row: left to right: Patricia Porter, Larry Castillo, Frances Bayousett, Katrina Lindsey, and Kurt Gibson. Second row: Brian Gantt, Jeremy Hyer, Misty Bowen, Mary Ellen Guerrero, Dwayne Hunter, Dorothy Harris (teacher) and Michael Porter.

Rotan Jr. High Football

By Richard Smith

Yellowhammers came up short as Hawley blanked them 28-0. The Hammers lost some key players to grades causing a major turnover in position. Kevin Smith became the first black quarterback in Rotan filling in for injured Aaron Porter. Aaron rushed for 12 yards in spite of his injury. Kevin also played fullback rushing for 40 yards. Lane Landes gained 18 yards at wingback. Sammy Daniel gained 43 yards at fullback, Brandon Alls had a total of 74 yards at fullback, halfback, and offensive end. Gene Neper caught two passes for 30 yards. One came from quarterback Kevin Smith for 18 yards and the other a halfback pass from Brandon Alls for 12 yards. Costly turnovers ended several Rotan scoring drives.

The defense played a good game but Hawley seemed to capitalize on each Rotan mistake and make the big plays. The Rotan Jr. High team members are to be congratulated for their efforts. Coach Smith should be very proud of what he has given these boys.

TALE OF THE SAFE HALLOWEEN TO COME!

"Trick or Treat!" is what they'll say
To United Cable on Halloween Day.
Into their bag a treat will go—
A small "lightstick" with a bright green glow.
Hung 'round their necks this radiant light
Will make kids seen on Halloween night.
Thru darkest dark or shadows gray,
This glowing light will show the way.
From door to door on little feet
The kids will shine on every street.
Yes, they'll have fun, and, be it known,
That they'll be safe 'till they come home.
And when the witching hour is past,
The little lights will glow their last,
Until next year when spooks will say,
"I need my light, today's the day!"

Come by our office during business hours on October 30 and 31 and we'll give each of your goblins a **FREE safety lightstick***, so we'll all have a Happy Halloween!

During the business meeting Saturday afternoon prizes were awarded to Faye Lawlis of Washington, the ex traveling the farthest; Maudie Barton of Hamlin, Class of 1913, oldest ex; and Jim-

my Farnsworth of Hamlin, Class of 1985, youngest ex in attendance. The Class of 1936 had the highest number present with 12 attending.

Is your home protected by smoke detectors? Every home should be. That's a flat-out blanket statement, but we stand behind it all the way.

Most fatal home fires start early in the morning, when the family is asleep. And, without a smoke detector, you're 2 1/2 times more likely to be killed in a home fire.

Detectors are low in cost, and low in maintenance worries. Most will beep at you to let you know that the battery—also low cost—needs replacing.

It's wisest to install several smoke detectors: at least one on each level, and near the entrance to bedrooms. Place detectors high on the wall or on the ceiling, at least 12 inches from where they join.

The final argument: a smoke detector will not only save you life, it will save on insurance premiums. Most companies offer a discount for a fire alert installation.

Your family's protection is our concern. For all your insurance needs, see the experts at:

Yellowhammers Defeated By Hawley Bearcats

The Rotan Yellowhammers managed to hold the Hawley Bearcats to a 7-0 first half score until there were a mere 35 seconds remaining in the half-then Hawley scored 6 additional points on their way to a 27-0 shutout of the Rotan squad.

The Yellowhammers fell to 0-8 for the year while Hawley improved their record to 3-5.

Rotan took the opening kickoff with Sammy Ramirez returning it to the 39 yard line. Jerry Carter lofted a pass to Ramirez on first down, it fell incomplete, handed to Ramirez for a 1 yard gain, then on 3rd down attempted another pass leaving Rotan with a 4th and 9 from the 40 yard line.

On Hawley's first possession they scored with Wesley Greenway trucking in from 9 yards out. Jack Womack scored the extra point. Hawley took a 7-0

lead with 11:00 left in the first half.

Sammy Ramirez and Steve McClain were Carter's favorite receivers last Friday night. Carter was 2 of 14 for 15 yards at halftime and 9 of 32 for 67 yards at the games end.

Hawley scored twice in the second half and rushed for 354 yards to 64 for Rotan.

The Yellowhammers take on Anson this Friday and finish up the 1985 season against Hamlin.

Name Left Off Honor Roll List

Audra Lewis, a Roby 6th grade student, was inadvertently left off the honor roll list that was turned into the Newspaper Office last week.

Letters to the Editor

The letter concerns the incident involving four Rotan students on the band trip to Roscoe. The students were not caught, they were told on, then asked to confess, promised a second chance if they did confess, then punished anyway. Evidently there was even some problem about the principal setting the punishment because there was a special school board meeting called during the first week of detention to "update the principals manual because it was out of date."

In regard to the article of October 22, in which Superintendent Alton Fields said that there was no evidence to back up the claim that the students were told they would be given a second chance if they confessed. At the school board meeting of October 14, we presented, as evidence, papers signed (in the presence of their parents) by twenty band members, as to what was said to them by the band teacher and principal. Evidently the school board thought it was sufficient evidence because the minutes of that meeting read, "we do believe that there were certain circumstances surrounding it that made the assessed punishment too severe." Therefore, it could only be Mr. Fields' opinion and should not have been said.

The Wednesday, following the Oct. 14 meeting, my daughter was told by the basketball coach that

she would not be allowed to play in a game until after the Christmas holidays. We talked to the athletic director and showed him a copy of the minutes. He maintained that regardless of the minutes saying "the punishment of the four students involved cease at 7:00 a.m. October 28, 1985" he could and would continue to punish her until the school board told him he could not. I don't see how much clearer they could tell him.

The last two quotations were voted on and approved by a vote of four to two.

The meeting of October 21 is in direct contradiction of October 14 which said "to allow four twirlers to perform from October 28, 1985 to the end of the football season." This was approved by a vote of five to one.

I am not objecting to the students being punished. They did wrong and deserve to suffer because of it. But, I also feel ten days detention and being prohibited from taking part in any extracurricular activities for six weeks is sufficient. Much more strongly, I object to the fact that these people are openly disregarding the meeting of October 14 and evidently are getting by with it. Who is the final authority, the superintendent, the principal, the individual sponsors and coaches or the school board?

Roby Lions Defeated By Strong Plowboy Team

The Roby Lions traveled to Roscoe Friday and played a powerful Plowboy team. The Lions played good ball, but were no match for the state 7th-ranked team in class A ball.

The Lions in the first half moved the ball pretty good, but were unable to sustain a score, on their last possession of the second quarter, the Lions began on the Roscoe 47 and in 5 plays had a first and goal at the 7, but the clock ran out before the Lions could score. The Plowboys scored on their first 4 possessions. The half time score was 28-0 Roscoe.

The second half was much like the first, with

Roscoe scoring three more times. Once in the third quarter and two more in the fourth quarter, but the Lions scored their TD on their last possession of the third quarter. Their TD drive covered 63 yds in 3 plays. The final score was 49 to 6 in favor of Roscoe. The Lions played a good game and never gave up. Roby did spoil one of Roscoe's records of scoring by making the first score against them in District play.

The Lions will host the Sands Mustangs Friday in Roby and it will be the last home game for the Lions this year, so come out and support the Lions Friday, kickoff is at 7:30 p.m.

Card Of Thanks

Thanks Mother:

Thanks for teaching me to say please, for all the kisses on my skinned knees. Thanks for the strictness when I was a teen, even though then I thought you were mean. Thanks for holding me when I was scared, I felt secure knowing you cared. Thanks for letting me make mistakes with kids of my own, I know how that aches. Even though we live far away, thoughts of the greatest Mother are with me every day.

Thanks for my brothers and sister too, you know how much we all love you.
