Rockport and Flour Bluff Favored In 15-3A Basketball

By HARDIE DAVIS
Caller-Times Sports Staff

Everyone seems to be unanimous in predicting the District 15-3A title race with Rockport picked to win the North Zone as well as the championship and Flour Bluff expected to represent the South Zone.

However, all of the coaches surveyed said that the other eight teams in the district could pull off some surprises and perhaps sneak into the throne room.

The coaches in each zone voted on the teams in that zone, excluding their own team, and the North Zone coaches all picked newcomer Rockport under new coach Bobby Flanagan as the winner.

The defending zone winner and district titlist Aransas Pass came in second with Taft third and Gregory-Portland

and Sinton bringing up the rear.

In the south, last year's zone titlist, Flour Bluff, is again picked at the top but the Hornets could be challenged by both West Oso and Tuloso-Midway with Bishop and Calallen playing the spoilers role. Most coaches feel that the winner of the North Zone will take the district title and the favorite -- Rockport -- could do well in the playoffs if the coaches are right.

The Pirates tied for the title in District 30-2A before losing in the playoffs to Flanagan-coached Woodsboro. This year Flanagan is at Rockport so the Pirates should win it all.

The Pirates were 16-5 in regular season and four starters return from that team including two all-district players--Steve Mays (6-6 1/2) and Donnie Setterbo (6-0). The other two starters are John Vick (6-1) and Mike McCaskey (5-11).

Flanagan said that he had good balanced height on the team and added that the Pirates main problem would be cutting the varsity to 10 players. Right now senior Bill Beasley (5-11) and Freeman Lamar (6-2) are hoping to make the team along with juniors Bob Gillis (6-0), Scott McCaskey (5-10), Allen Barre Tommy Stroot (6-1) and David Washko (5-8).

Several sophomores could also be some help to Rockport. They are Joe Green (6-1), Warren Gerdine (6-3) Jim McBride (5-8) and Robert Frazier (5-10).

Aransas Pass could be right in there fighting for the title if the Panthers had not lost 6-3 Johnny Mothershed, and they could be at the top even without him.

Mothershed broke his ankle in a football game and will be lost for the season, according to coach Marvin Merek, but one starter and possible all-state contender Philip Brown (6-4) returns along with lettermen -- Lee Lightfoot (6-0), Rusty Edin (5-11) and Julius Shelton (5-10).

Aransas Pass is again blessed with several quick athletes, and, consequently, the run and shoot offense should again go well for the Panthers.

Merek said the junior guard Robert Chastain should help the varsity with the rest of the team coming from the junior varsity and freshman team which had a fine season last year.

The veteran coach expects a lot from sophomores Prince Emerson (6-3 1/2) and Hal Parks (6-1) as well as juniors John Rasey (6-3), Dale Lee, Louis Themis, Jim Vincent and Don Foster.

After dominating its district in Class 2A, Taft and its coach of 17 years, Roy Stegall, have suffered through two disappointing seasons in 15-3A, but that could be changed this year.

Thanksgiving Closings Set

Most places of business and public offices will be closed Thursday, November 23 in observance of Thanksgiving Day.

Speaker Discusses Power Shortage

The serious power shortage facing the country was discussed by Jim Nelms, area engineer for Dresser Oilfield Products Division, at a luncheon meeting of Rotary Club November 15 at Corky's Restaurant.

Nelms pointed out that demand for energy, supplied largely by oil and natural gas, has more than doubled in the past 20 years, but discovery of new resources has not kept pace. He blamed this situation on several factors, including economic and ecological considerations, as well as failure to fully utilize partially depleted existing oil fields.

He explained that oil and natural gas supply 75 per cent of the nation's power. Coal supplies about 20 per cent and nuclear energy about one per cent. The latter can rise to as much as 11 per cent by 1985, he asserted.

Imported oil accounts for approximately 25 per cent of our current oil consumption, and this figure is expected to rise to 60 per cent of the total by 1985 unless efforts to increase the domestic supply are more successful.

Nelms explained that public protests have halted transportation of oil and gas discovered on the Alaskan north slope. Some of the same factors have been responsible for lack of petroleum exploration in other parts of the United States both on land and under adjacent seas, he said.

As for Texas, Nelms said billions of barrels of oil are recoverable from existing fields if the state legislature will pass utilization laws forcing operators, land owners and lease holders to cooperate. Some 28 other states, including Louisiana, the nation's second largest oil producing state have such laws. Only about 10 per cent of Texas oil fields have utilization arrangement for recovery of oil from old fields, he said.

Nelms declared that 60 per cent of the remaining oil in these old fields is recoverable if technological, economic and political problems are resolved. He asserted that the recoverable oil in Texas fields totals as much as has been produced in Texas in the past 20 years. He also stressed the importance of this recoverable oil from a state and local tax standpoint. He added that present methods of oil production account for only about a third of discovered oil resources.

Nelms illustrated his discussion with colored slides. Tom Yarell, formerly a member of the Belton, Texas, Rotary Club was introduced as having transferred to the Rockport club.

Charged With Theft Of Direction Finder

Robert Arnett, a header on the shrimp boat Capt. Syd II, out of Aransas Pass Harbor, was placed in Aransas County jail Friday by Deputy Sheriff Joe Williams and charged with the theft of a \$2,700 Loran direction finder from the boat.

Man Charged With Theft Of Oil

Sheriff Bob Hewes reported that Eddie Garcia of Rockport had been arrested and charged with the theft of three gallons of oil from Diamond M. Drilling Company in San Patricio County. The investigation was handled by Chief Deputy Sheriff E. A. Stautzenberger and Deputy Joe A. Williams.

How Come?

These two conflicting signs at Laurel and Live Oak cause local people to scratch their heads and wonder. The "One-Way" sign tells motorists heading west on the 800 block of Laurel that only one-way traffic is permitted. So how come there is a "Stop" sign which could be seen and read only by motorists who would be going east on Laurel in violation of the One-Way sign?

Travis Johnson, Former Mayor, Dies

PIRATE JV SLASHES BISHOP 42-7

By BOB CRAWFORD

Rockport - Fulton's Denzel Bardwell ran for 212 yards from scrimmage to pace Rockport's JV in a 42-7 victory over Bishop, closing out the 1972 season in Rockport.

The line of the JV furnished fine holes to run through for Bardwell who scored three times, and another 50 yarder was called back. The JV line consisting of Jeff Landrum, Gene Carter, Gary Thompson, Marcus Carleton, David Mundine, and David Brooks. From time to time Domingo Segovia and Martin Law have chipped in on offense throughout the season.

Quarterback Glafiro Solis directed the Pirate offense which gained over 400 yards in total yards. Solis added 160 rushing for the game, most of them coming on option keeps.

The Pirates first score came on their first possession in a march which covered 83 yards in 17 plays with halfback Bill Mercer going over from the one.

Bishop rallied and took the lead 7-6 in the second quarter; however, three plays following Bishop's kickoff, Solis broke for 62 yards and a TD. After the TD the halfback added one of the three 2 point conversions he scored in the game.

On the next possession Bardwell raced 78 yards for the TD. And so it went.

Martin Law had a tremendous game of defense as he was in on 17 tackles and recovered 2 fumbles.

The JV season closed out showing Rockport with a record of 3-6-1.

Pirates Fall To Bishop 13-6

By BOB CRAWFORD

Two long passes following Pirate muscues proved to be the undoing of the Rockport-Fulton Pirates in the last game of the 1972 season as the Pirates fell 13-6 to Bishop in Bishop last week.

Rockport was blanked until late in the game when quarterback Joe Dominguez went over from the one yard line for the Pirates' only score of the night.

It was the third game in a row in which the Pirates were only a matter of one touchdown or less from victory, but in each case, the scoreboard had the Pirates on the low end of the score.

The loss for the Pirates ran their season's record to 3 wins and seven losses; 3-6 in District 15-AAA competition.

The Bishop game was the final football game in the high school career for some of the Pirates. Closing out their career were John Vick, Donnie Setterbo, Joe Pina, Joe Dominguez, Wally Sanford, Bobby Garcia, Dean Richard, Brad Ward, Paul Kuehn, and Ricky Roe.

C of C Advertising, Publicity Produces Numerous Inquiries

Chamber of Commerce officials report that recent newspaper advertising, plus a news article appearing in a national magazine, helped produce a total of 97 inquiries received by the Chamber during the past two weeks for information regard-

ing winter vacations in the Rockport area.

On November 12, the Sunday issue of the Des Moines (Iowa) Register and Tribune published an attractive ad on its travel page, illustrating and describing some of the attractions of the Rockport-Fulton-Lamar area for winter vacationers.

So far, a total of 58 persons from the Middle West and other parts of the country have written for more detailed information about motels, trailer parks, restaurants, recreation facilities, sightseeing attractions and prices. The Chamber already has sent brochures, folders, maps and friendly letters to all persons seeking information.

A second means of publicizing the Rockport area was an article which appeared in the November issue of the nationally-distributed Ford Times. The article was illustrated by paintings by a staff artist. The Chamber of Commerce assisted a free lance writer in gathering the material for the article.

So far, as a result of this article, six persons have written to the Chamber of Commerce for more information, one person phoned from Kansas City, Mo., and one couple hopped in their car and drove to Rockport to see for themselves what the area had to offer for winter vacationers. They stopped in at the Chamber office to say hello and get information.

PIRATE FROSH WIN 30-27

BY BOB CRAWFORD

Rockport-Fulton's Freshmen captured their sixth win of the season against four losses as they held on to win 30-27 over Bishop last week.

The Pirates were leading 30-6 before the Badgers came out the second half ready to play.

Offensively the Pirates were led by the passing arm of quarterback Scott Gillis who tossed three TD passes to halfback Johnny Rios covering distances of 27, 32, and 55 yards. Gillis also added a TD run of four yards and three 2 point runs.

On defense Ricky Herron did all that a defensive man can do by leading in tackles, recovering fumbles, and knocking down and intercepting passes.

City Places Third In Governor's Awards

The City of Rockport placed third in the recent Governor's Awards program sponsored by the Beauty Texas Council.

The chapters in the narrative included: 1) Citizens Participation and Education, 2) Economic Development, 3) Communitywide Beautification, 4) Property Improvement, 5) Theme, 6) Community Coordinating, and 7) Summary.

State of the Region, A Look At Yesterday

A glance in the rear view mirror lines things up; relates where you are going with where you've been. A population report, compiled by the Coastal Bend Council of Governments, takes an over-the-shoulder look at the region's yesterday, while describing today in terms of census figures, then anticipating tomorrow.

The first report of a population analysis is quoted as a broad statement that in the 1800's, the region was inhabited by "... grass and sand, thorny brush, Indians, Mexican bandits, fence cutters, hide peelers, coyotes, rattlesnakes, droughts, wild hogs, horses and longhorn steers. . ." At least, in that day, a fence cutter was one whole villain, not any part thereof. No way you could come up with that creature of the census, an average family of 3.88 in the Coastal Bend Region.

History crossed and crisscrossed county lines. Refugio County, one of the original colonies of the Republic of Texas, included parts of present-day Aransas, Bee and San Patricio Counties. San Patricio County stretched from Corpus Christi to Brownsville to Laredo to Karnes County, described as "big as Ireland".

In 1846, lines were redrawn for Nueces, San Patricio, Refugio, and Goliad Counties. Other realignments established McMullen County in 1848, Karnes in 1854, Live Oak in 1856, Bee in 1857, and Duval in 1858.

The town population of the region exploded between 1870 and 1920. Mathis, Fulton Beach, Sinton, Taft and Gregory were all established by or named for individuals involved with the development and operation of the Coleman-Fulton Pasture Company, and its successor, the Taft Ranch.

People's names were converted to those of towns. For Alfred Wright, the town of Alfred in Jim Wells County; Calldham in McMullen County for J. T. Callham; and Austwell in Refugio County, the combination of Preston Austin and Jesse McDowell.

The territory itself provided such names as Orange Grove and Three Rivers. The language of the Lipan Indians contributed Falfurrias, "Land of

The arrests took place on First Street, west of Highway 35, where a number of cars were parked and the subjects were found either in the cars or hiding in the brush nearby. Taken into custody, along with a quantity of marijuana, according to Sheriff Hewes, were six Rockport men:

Ralph Gonzales, 21, Arnold Rios, 20, John Montez, 29, Manuel Zamudio, 18, Camillo Romero, 18 and Richard Solis, 25. Also, Larry Wilson, 19, Aransas Pass, and Susan Moore, 18, Ingleside.

The area to be dredged lies in Little Bay and runs parallel and adjacent to the west border of the development.

starters back and although they don't have any height, Stegall thinks things may turn out all right.

Juniors Mark Montgomery (6-3) and Dennis Goings (5-4) are back along with 6-1 senior Andy Felkner. Letterman Ken Davis is also back and Stegall expects help from juniors Dana Collavo (6-2), Leonard Hutto and George Hinojosa.

If Gregory -- Portland ever gets through with football -- and it looks like that may be a long way off -- the Wildcats could be the surprise of the zone.

Coach Stanley Haedge has five starters back from a team which went 6-10, and he thinks the Wildcats should be much improved. Those returning are Mike Crosswhite, (6-2), Greg Osborne (6-2), Roger Crosswhite (6-2), Pud Meier (5-9) and Russell Dickson (5-11). Haedge says that Steve Meyer should be the sixth man and sophomore Jim West could make the lineup as well.

Sinton has a new coach in Jim Heathington who coached at Ranger last season, and he says the Pirates are in a rebuilding year with only one starter returning.

The experienced athlete is 6-3 senior David Fromme, but he should get some help from two lettermen -- Roy DeLeon (6-0) and Bo Waters (6-0).

Sinton had a good freshman team, which averaged 80 points

a game toward the end of the season, and so Heathington says the Pirates will have to depend on several sophomores if they expect to win. Two he hopes will come through are Bob Hutchings and Mike Pawlik.

The one non-Corpus Christi team in the South Zone -- Bishop -- was picked as high as second by two coaches in the zone and new coach Enrique Rosales is optimistic about the Badgers chances to pull off some upsets.

Bishop's only starter back is Gary Whittington, a 6-0 senior who is also the quarterback on the football team and with the help of a junior varsity squad which had a great year the Badgers could be tough.

Rosales expects help from Kenneth Rhone (5-11), John Thomas (6-0), Mark Moerbe (5-10) and Zavala Cirildo.

Heart's Delight." It was rumor of buried treasure that begat Dinerco, in Live Oak County.

Towns appeared, and towns vanished. Aransas City on Live Oak Point, overlooked Copano Bay as the most strategic port of entry for the Republic of Texas in the 1830's. Life ended for Aransas City when Point Lookout, now known as Lamar, won the prize of the custom house.

Helena was a rip-roaring town near the border of Karnes and Bee Counties. It was a mature 30 years old with 3,000 residents in 1880 when a melee resulted in the death of the son of a wealthy rancher, who vowed vengeance. He lured the railroad to the part of the county where Karnes City and Kenedy would come into being, with an agreement that not even a spur would lead to the then doomed Helena.

By such rolls of the dice have communities lived and died, been identified, been forgotten. Now, the future. There are indicators in the road already traversed of what may be expected ahead. Planners put it this way, they don't predict, they anticipate. Wonder what those progressive citizens of booming Aransas City and Helena anticipated in the 1800's?

Library News

The Aransas County Public Library has recently subscribed to Plays Magazine. This magazine contains plays for young people of all types and particularly seasonal plays which should be of interest to leaders of young people's organizations. These magazines may be checked out.

Young people should be reminded of the National Geographic service provided by the library, wherein the library has available three months of each issue of the National Geographic back through 1950. Pictures may be cut out of these magazines for book reports.

Mrs. Corinne Crabb and Mrs. A. C. Hamon visited the O'Connor Memorial Library in Refugio Monday. Among the many features of interest was the reference section easily accessible to the public.

The Aransas County Public Library has a story hour each Thursday morning from 10:30 a.m. until 11:00 a.m. The next story hour will be Thursday, November 30. Bring your children to the library for a pleasant reading experience.

ON UNEMPLOYMENT

TIPS FOR OUTDOORSMEN

by Vern Sanford

Clouds Help Fishing

Don't hesitate to go fishing on cloudy days. That's the best time!

It's difficult to get big-eyed black bass to hit topwater lures when the sun is shining bright, and especially in open water.

Apparently the reason bass hit best in the shade is the fact that you're more likely to find them there. Bass have no eyelids to shade their eyes from the sun, so they hide out in the shade of trees, overhanging ledges, etc.

On cloudy days they not only come out of cover, but those that dive deep to get away from the penetrating rays of the sun come to the top for a look around.

Tow Boats and Tow Lines

Nearly every boatsman has, at one time or another during his experience on the water, towed in a crippled craft or been aboard one being towed.

Natural inclination, especially if the towed boat is a runabout or

smaller, is to tie to the towing craft with a simple line. This means that more likely than not the crippled one will turn one way, then the other, and follow a crooked course.

One way to help prevent the yaw is to rig a bridle from the quarter cleats of the lead boat, then tie the towline from the center of the bridle to the bow of the towed vessel.

Further steadiness can be achieved if someone remains aboard the towed boat and helps to keep control by steering the vessel along the proper course.

A nylon towrope is preferred to manila since it will stretch and absorb some of the sudden tugs.

If there are big waves and swells it helps to adjust the line so that both boats are in the trough and on the crest at the same time. This avoids the sharp strains that could snap the line.

Wrap towels around the tow line wherever the line might touch the tow boat—to protect the finish.

PROTECTION STOLEN

Seattle, Wash. -- Thinking he had ample protection against burglars, Paul Heck had an arsenal including 10 pistols, two carbine rifles, a submarine gun and 10,000 rounds of ammunition. During his absence one day, a burglar broke in and stole the guns, ammo and five of his cameras.

PRICES & INFLATION

The Labor Department has reported that wholesale prices showed virtually no change in October. Various segments of the index made minor moves (up and down) but the net result was the smallest inflation rate since the end of the wage-price freeze about a year ago.

Mary Louise Mount Is Honored

Mary Louise Mount of Fulton has been named to serve on the President's Advisory Council of Field Enterprises Educational Corporation, publishers of The World Book Encyclopedia.

The awards were presented November 17 at a banquet at the Royal Orleans Hotel in New Orleans, where all President's Advisory Council members were staying as weekend guests of the company.

In making the presentation, World Book President William T. Branham emphasized the elite nature of this group. Recognition as a President's Advisory Council member is reserved for those World Book representatives and managers who achieved top personal sales honors during the 1972 President's Sales Campaign. Of the

over 54,000 World Book representatives throughout the United States and Canada, only 78 attained the status of President's Advisory Council member.

The Kinsey Report

Tomorrow is Thanksgiving Day, so this is a perfect time for folks in this area to express thanks for all the blessings that are theirs.

To begin with, we are fortunate to live in Rockport, Fulton or Lamar or the immediate vicinity. On a year-round basis, we enjoy pleasant weather and don't have to go through the torturous living that people up North are experiencing right now, shoveling snow and battling the cold winds.

And anyone who has lived in big cities where the daily "rat race" -- hurrying to work, grinding out a living and then rushing home -- is the way of life, appreciates the leisurely pace that the Rockport area offers.

From the standpoint of friendliness, most local people welcome newcomers and make them feel at home in many ways. The opportunities for socialization are limitless, if you take advantage of them and join something or do something yourself.

From a practical standpoint, we should be thankful that real estate taxes are still quite reasonable here and, hopefully,

Art Guild Gatherings

By
JAN WENDELL

Art is not found merely in painting, sculpture, etc. Alexander Pope wrote, "All nature is but art" and one of my favorite phrases, written by Philip Bailey is, "Art is man's nature, nature is God's art." It appears to me that some folks in our town have helped God's art along with their interest in making nature a bit more beautiful. And, since it is Thanksgiving time, I think they should be thanked. Since I do not know them all, I'll not mention names, but perhaps you can visualize the places.

For one thing, there was the man who built a house underneath the old Thompson's Spa, and then whoosh!—took the Spa away and there was a lovely building as if by magic. Also, there are some ladies who voluntarily go up and down south beach nearly daily and pick up debris and keep the beach from being unsightly. I also know that the Girl and Boy Scout Troops have had wonderful beach cleanup projects that already show the fruits of their labors.

There are a number of citizens and seasonal citizens who own older homes here who ceaselessly keep them repaired, painted and in their original state, after storms and all. Every one of these homes is a work of art and lovely to behold.

And then, cheers for those people who, at Christmas, go to considerable expense and effort to brighten their yards and business establishments for the Christmas Cavalcade. This makes the town look as though it cares.

No one is ever very far away from litter cans and so many of our citizenry make good use of them. Then, too, there are the

courteous service station personnel who voluntarily clean out your car, ash trays, etc. This certainly discourages folks who toss litter out onto our streets. Having always thought our town itself is a work of art, I just had the idea it would be appropriate at this Thanksgiving time to applaud all those who make the effort to keep it that way.

Miss Crickenberger, Robert L. Rung, Jr. Exchange Vows

Peace Lutheran Church was the setting November 11 for the wedding of Miss Coral Ann Crickenberger of Port Lavaca and S/Sgt. Robert L. Rung, Jr., of Dayton, Ohio. The Reverend Paul Bohot, pastor, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. C. W. Crickenberger of Rockport, and parents of the groom are Mr. and Mrs. Robert L. Rung, Sr., of Dayton, Ohio. The soloist, Perry Horline, was accompanied by Mrs. Herman Parsons. The musical selections consisted of "The Pledge", "One Hand, One Heart", "The Wedding Prayer" and "The Lord's Prayer".

Escorted to the altar by her father, the bride wore a floor length original gown of her own creation. The white velvet dress fell to the floor in A-line design and the sleeves were of Chantilly lace with wide lace cuffs and pearl buttons. The veil, a full length mantilla, was held in place by a pearl seeded butterfly. She carried a bouquet of gold and yellow chrysanthemums and dried baby's breath.

Attending the bride as matron of honor was her sister, Mrs. Rose Johnson, and bridesmaids were Mrs. Retha Henry of Norman, Okla., also a sister of the bride, and Miss Sarah Eason of Rockport.

The attendants all wore floor length brown velvet dresses of empire design. The dresses fell to the floor and had ruffle edging. The attendants carried bouquets of dried flowers in autumn colors.

The junior bridesmaids were all nieces of both the bride and groom, Sheila Lynn Paige, Kouri Rogers and Brandie Lee Rogers. They wore matching dresses of white velvet in the same design as the bride's. All attendants wore velvet and lace bows in their hair.

Russell LeRoy Rung, brother of the groom, of Union, Ohio, served as best man. Groomsmen were Captain Ronald J. Kochevar of Port Lavaca and

Roy Johnson of Rockport.

Twenty-eight candles lighted the altar. At the base of the altar were two five-foot candle sticks with two-foot candles. These candle sticks were a gift to the bride from the groom, brought from Thailand.

The mother of the bride wore a gold street length dress trimmed in gold lace. She wore matching deep gold accessories.

The groom wore deep green and gold lace over satin street length dress and wore matching deep gold accessories. The corsages were autumn colors and matched the bride's bouquet. A reception was held immediately following the wedding in the church fellowship hall. The autumn theme was carried out with the centerpiece and cake. The table was covered with white satin and ruffled net.

The register table was lighted by two gold inlay candles in milk glass holders from Thailand.

Those serving in the house-

party were Miss Suzanne Kinsey of Houston, Mrs. Jeanne Williams, Rockport; Mrs. Jackie Gross, Port Lavaca. They wore gold dresses and carried corsages of dried flowers.

The bride wore a royal blue dress with gold accessories for their trip to Mississippi and Alabama. After the wedding trip the couple will live in Port Lavaca where S/Sgt. Rung is stationed and Mrs. Rung is employed.

Out of town guests were Mr. and Mrs. R. L. Rung, Sr., Dayton, Ohio; Mr. and Mrs. Russell Rung and Sheila, Union, Ohio; Mrs. Retha Henry, Norman, Okla.; Mrs. L. C. Crickenberger, grandmother of the bride from Oklahoma; Mrs. Ray Lawrence and Lewis, Rusk-springs, Oklahoma and S/Sgt. Paige Lawrence, Altin, Okla.

Presbyterian Circle 2 Holds Meeting

Circle No. 2 of First Presbyterian Church met November 9 in the home of Mrs. W. O. Young. Thirteen members enjoyed refreshments served by the hostess during the social hour.

Mrs. Virginia von Pein, chairman, opened the meeting with prayer. After business was discussed, the lesson on "The Servant People" was moderated by Mrs. P. M. Winkler. Mrs. Lil Cox gave the Emphasis and Mrs. Forrest Melton read the Least Coin prayer. The meeting closed with all repeating the Mizpah.

The December meeting will be held in the home of Mrs. Winkler, with Mrs. Young as moderator.

Aransas County Woman's Club

The Aransas County Woman's Club is one of our outstanding organizations, performing many important services. For example, the Club recently began their weekly tourist parties for winter visitors, an activity to which the visiting ladies look forward to each year.

An interesting and thorough history of the Woman's Club was prepared some years ago by Mrs. S. F. Jackson and The Pilot proudly presents it, as follows:

Realizing the need for a Woman's Club in the community, Mrs. Fred B. Hunt, after contacting a number of women, issued a call to organize such a group, which met at the Fireman's Hall in March of 1948, and the Woman's Civic Club was born.

The following officers were elected: Mrs. Fred B. Hunt, president; Mrs. C. C. Fowler, first vice president; Mrs. Roy Rogero, second vice president; Mrs. Byron Baker, secretary; Mrs. Charles A. Roe, treasurer; and Mrs. Fred Booth, parliamentarian.

The president appointed a committee to draft a constitution and by-laws, composed of Mrs. S. F. Jackson, Mrs. Weldon Cabaniss, and Mrs. Joe Johnson.

The club met once a month, sometimes at the fireman's hall, sometimes at Arthur Bracht's warehouse in Fulton, and at other times at the homes of members. At each meeting a permanent home for the Woman's Civic Club was stressed as the most important thing on the agenda, except the money to pay for such a home, so, each meeting found the members exercising their ingenuity to find means

to make their dream come true.

The first venture was a cake auction which netted \$125, and it was decided to make the amount the nucleus of a building fund. Following in quick succession were other food sales, a barbecue at the home of Mrs. Jack Sanders in Fulton, a Gypsy Caravan at Goose Island State Park concession building, rummage sales, a fish fry, book reviews, a turkey shoot, bridge parties, more and more cake sales, and an antique show at the home of Mrs. Fowler.

Late in 1948 it was found that the Recreational Building for Humble Oil Company employees at Ingleside was going to be put up for auction. The women of the club met at the home of Mrs. Hunt and discussed the feasibility of bidding on the building.

With Mr. Emory Spencer's offer to underwrite the price, Mrs. Hunt and Mrs. Fowler were delegated to attend the auction and submit a bid. They were the successful bidders, and so the first hurdle was over. The price was \$6,500.00, with the price of moving the building to Rockport \$3,500.00 and placing it on a foundation \$1,522.75.

The building was brought to Rockport in three sections and located on a tract of land in the larger triangle to the northwest of the water basin, the tract, measuring 200 by 200 by 168 feet, having been leased from the City of Rockport for a 25 year term at a total rental of \$1.00. This lease was accepted by the Aransas County Navigation District upon whose land the building was located.

During the second year of Mrs. Hunt's administration, the name of the club was changed to the Woman's Club of Aransas County, for the purpose of serving the community from a literary, benevolent, and cultural standpoint.

A Board of Directors was elected, so that the club could obtain a charter and incorporate. Named to this board were Mrs. Hunt, Mrs. Fowler, Mrs. Weldon Cabaniss, Mrs. R. R. Rice, Mrs. Emory Spencer, Mrs. Fred Booth, Mrs. Joe Johnson, Mrs. Fred Christilles, Mrs. James A. Jarboe, Mrs. Arthur Bracht, Mrs. J. H. Mills, and Mrs. C. F. Rozzell. Roberts Rules of Order was named the parliamentary authority, and copies of the Constitution and By-Laws were sent to all members.

Mrs. Fred Hunt was president in 1948 and 1949. Mrs. C. C. Fowler followed Mrs. Hunt as president for 1950 and her corps of officers were: Mrs. Charles

Ankele, first vice president; Mrs. Steirly Rozzell, second vice president; Mrs. James B. Jackson, secretary; and Mrs. Fred Booth, parliamentarian.

All through this administration the benefits continued, and the bank account grew as it was augmented by contributions from local business firms and individuals and also from out of town friends and businesses. Finally the glad day came when the goal had been realized, as the final payment on the club's indebtedness was made.

It was now time to turn their time and attention to redecorating the interior of the building, have water piped into the building, start a program of landscaping, purchase a piano, and furnish the kitchen.

Also, with the debt behind it, the club was able to give time and attention to cultural pursuits, as had been the original plan when organizing, and so the first Yearbook was presented to the membership in 1951-52. The theme for the year was "Aransas County," and each meeting a program was presented featuring speakers from our own community and from neighboring towns, alternating with musical programs and book reviews. Each succeeding year the programs have been planned in advance, and the meetings made colorful and interesting in a variety of programs.

Over the years, as worthwhile projects, the club has sponsored the Girl Scouts, both on a local and district level, by means of financial backing and moral support. Several spectacular meetings

at the Woman's Club building, with other Girl Scout Troops and district officers present, climaxed the Girl Scout year.

The Boy Scouts were not neglected, either. For several years they held their monthly Cub Pack Meetings in the building, rent free, as well as their annual Blue and Gold Banquet, the highlight of the Cub Scout year.

For several years the Parent-Teacher Association held receptions honoring the school faculty, through the courtesy of the Woman's Club. It was the meeting place for the "kick-off" for numerous drives in the community service, and each year the building has been made available for a benefit for the March of Dimes, The Blood Bank was sponsored, and films were shown during the Cancer Drive. For some time the Chamber of Commerce held its Annual Banquet in the club building, until the occasion outgrew its surroundings. An Art Show was held, featuring the works of the art pupils of Mr. Simon Michael.

The building was made available for the teen-age dances until the time when they were able to acquire a meeting place of their own.

Tourist game parties have been held during the winter season, where for a nominal fee, entertainment has been provided for the ladies while the men folk were enjoying their fishing, hunting or golf.

For a number of years, a special Christmas program has been presented, featuring representatives from all the schools, churches, and the various service clubs, promoting a spirit of unity at this holy season.

Books, magazines and cookies were sent to the patients at the Naval Air Station Hospital in Corpus Christi over a long period.

All during the life of the club, Mrs. Paul Reese had been urging the club to sponsor the establishment of a public library, but until things were on a more substantial basis, the members felt that it was too great an undertaking for a relatively small group of women to handle.

But finally, after becoming more experienced in attacking big projects, a member of the State Library Extension Board was invited to meet with the club members, along with representatives of the City Council, County Commissioner's Court, school officials, and other interested citizens.

After an enthusiastic meeting, the club once more took a bold plunge and voted to sponsor the establishment of a

county library in the fall of 1956.

Arthur Bracht again came to the rescue with a store building in Fulton, and the Aransas County Public Library became a reality.

The first move was a drive for new and used books, with headquarters at the club building. After much publicity in the local newspaper, members canvassed the county, bringing in carload after carload of books, which were then transported to the store building in Fulton, where the library shelves consisted of stack after stack and row after row of orange and apple crates contributed by Mr. Bracht. All facilities were managed by volunteer labor from club members and other interested ladies.

We would be very remiss if we failed to mention the valuable service rendered by Mrs. Everal West, a member who never held but one office in the club, that of secretary, but who gave the fledgling library project here valuable experience gained from helping to organize a similar project in her home town before coming to Rockport.

Several years later, the library, having outgrown its quarters, prevailed upon the County Commissioner's Court to make available a vacant room in the newly completed County Courthouse. After this space was fairly bursting at its seams, the Commissioners were able to swing a deal whereby the present building was constructed, and it is the pride of the county. The Woman's Club is justly proud of its part in its creation.

All of this has been accomplished by the dedicated women who served as presidents, assisted by their corps of officers, who followed after the

foundation had been laid, and each administration saw accomplishments made by these leaders and by the many members who never held an office, for, over all of these years, the money-making projects went on and on, that the club building might be more adequately equipped to meet the needs of a fast growing community. Will anyone ever forget the style shows, book reviews, and "Breakfasts in Hollywood?"

Following from 1951-52, the administration of Mrs. Jack Hagar to the present time, have been the administrations of Mrs. J. H. Mills, Mrs. Paul Reese, Mrs. Travis Bailey, Mrs. Fred A. Bracht, Mrs. Joe Slocum, Mrs. A. L. Bachman, Mrs. W. N. Sanders, Mrs. Frank Lenior, Mrs. George Dickey, Mrs. Jimmy Hunt, Mrs. R. C. Naper, Mrs. Arlo Hansen, Mrs. Jones Christian, Mrs. R. L. Eckman, Mrs. Jack Colley, Mrs. Roy Burke, Mrs. C. G. Melton, Mrs. Joe Slocum, Mrs. Travis Bailey, Sr., Mrs. Fred Cabbage and Mrs. Clarence Troy.

In closing, I would like to dedicate this club history to the memory of Mrs. C. C. Fowler and Mrs. Jones Christian--the ones who pioneered in this county-wide project, and whose untimely death cut short their usefulness and ability in guiding this organization in the literary, benevolent, and cultural pursuits for which the club was organized.

Billy Schriver of the Chicago club of the National League was the first baseball player to catch a ball dropped from the Washington Monument. He accomplished the feat on Aug. 29, 1892.

These young men are fishing for your future. And the catch will be more credible than edible. Since before operations began at CPL's E. S. temperature-taking being recorded above goes on continuously with instruments at different depths. Circulation and salinity patterns are studied, too. CPL is finding out whether or not it should adjust operations in any way to preserve the ecological balance of marine life in the bay. So you keep fishing. So will we.

18-Year-Olds Must Register Within 30 Days

AUSTIN--Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, has again reminded young men of their obligation to register with Selective Service within 30 days of their 18th birthday. Glantz stressed that the requirement to register will continue in full effect whether the all-voluntary military force becomes a reality or not. Every native born and resident-alien young man is required to present himself for registration from 30 days before to 30 days after his 18th birthday. If,

for any reason, a young man has failed to register he should do so immediately to escape the penalty of Federal law. Failure to register may result in a fine, imprisonment, or both, under provisions of the Military Selective Service Act. Young men may register at the office of the local board near their home or place of residence, or may be registered by volunteer registrars who are located in most high schools or other similarly convenient locations. Registrar in the Rockport, Aransas County area is: Weldon B. Cabaniss, 600 Market Street.

Overpopulation of drum tend to be detrimental to redfish, trout and brown shrimp as the normal feeding habits of drum destroy vegetation which serves as nursery grounds of these species.

WOMEN VETERANS' "BILL OF RIGHTS"

A women veterans "bill of rights" is included in the new veterans' education law, signed by the President October 24, 1972.

A. A. Hunter, VA Regional Director, said "To receive the additional amounts of VA education allowance, compensation, and pension money that men veterans are allowed for their wives, women veterans no longer will have to prove their husbands are disabled and permanently incapable of self support."

A.A. Hunter pointed out this provision applies to G.I. Bill, vocational rehabilitation, pension, compensation, and dependency and indemnity compensation, which is paid for service-connected deaths. The new law also liberalizes

the criteria for paying additional amounts for children who are in the custody of a veteran and also awaiting adoption, Hunter said.

Where the child has been placed for adoption with the veteran under an agreement with an authorized adoption agency, additional benefits may be paid for the child during the time the child remains in custody and prior to the court decree of adoption.

"Until this liberalization," Hunter said, "unless there was an interlocutory decree of adoption, no payments could be made while the child was in the custody of the veteran until a final decree of adoption was issued."

Women veterans already have been receiving the same additional amounts of VA education allowance and compensation money payable for

children that have been paid to male veterans.

The new law says that for all VA benefit purposes, a "wife" shall include the husband of a female veteran and the term "widow" shall include the widower of a female veteran.

Week of November 19

SCORPIO -- Emotional, sensitive, intuitive describe those born under this sign. They are usually energetic and aggressive. Their lucky numbers are 4 and 5. Their color is red. Their lucky day is Tuesday.

SCORPIO -- Oct. 23 to Nov. 22 -- More understanding on your part is needed of the youngsters in your life. Be careful not to misjudge the actions of them for they are probably completely innocent.

SAGITTARIUS -- Nov. 23 to Dec. 21 -- Bargains can now be found if you shop for Christmas gifts. Make an effort to select useful items for those you love.

CAPRICORN -- Dec. 22 to Jan. 19 -- Consider the opinions of your loved ones. By becoming too involved in your own thinking you may stand to forget the importance of the views of others.

AQUARIUS -- Jan. 20 to Feb. 18 -- Special preparations are in order now for the most enjoyable Thanksgiving you can remember in a long time. Try your hand at baking something superb. or if you don't cook make a visit to the bakery.

PISCES -- Feb. 19 to March 20 -- Don't hesitate to ask for help. You are too prone to feel that you can do everything yourself. Delegate your authority.

ARIES -- March 21 to April 20 -- Spend more time mixing and mingling. Learn to listen! People will feel more at ease with you if you make an effort to curb your nervous chatter.

TAURUS -- April 21 to May 20 -- Avoid pressure when possible. Cherish your freedom and make every effort to keep it. Your job should be one where you can move about.

GEMINI -- May 21 to June 20 -- Much happiness can come to you through giving to others. Make your decisions now concerning Christmas gifts for your loved ones.

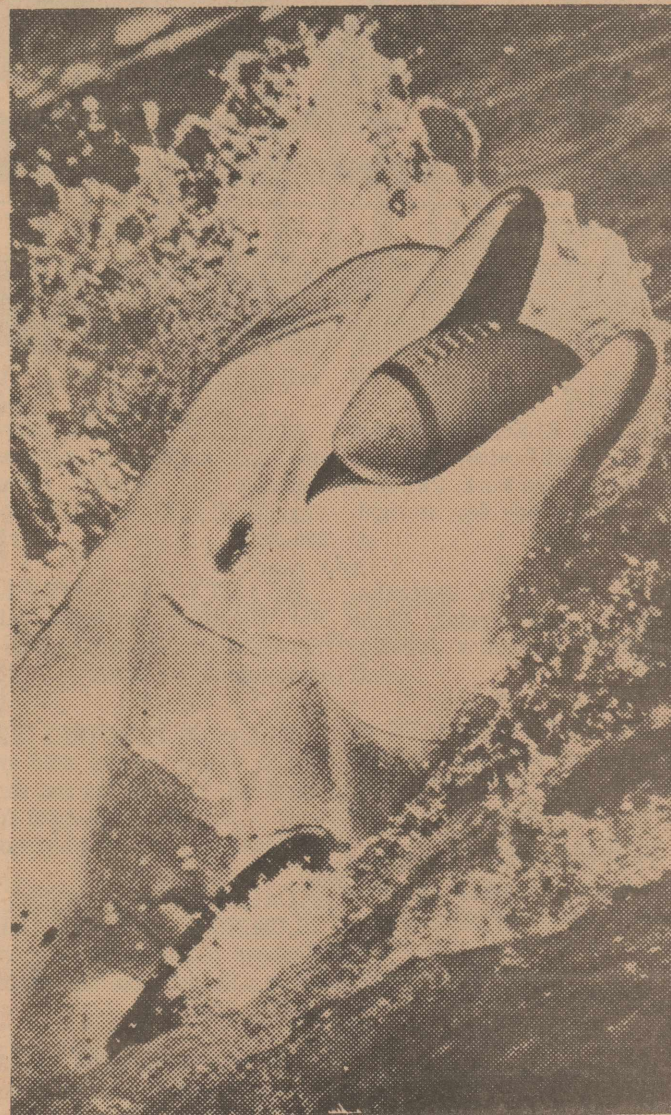

CANCER -- June 21 to July 22 -- To avoid feeling hurried and pressured in December, do your Christmas shopping now. You'll be glad you did.

GOING DEEP? Flipper, the star receiver at Marine-land of the Pacific, makes a tooth-tip catch.

BIRTH RECORD IS IMPORTANT

Do you have a birth certificate or other evidence of your age? "Don't need it," you say? "You will!" says Clyde Kendall, social security field representative in Corpus Christi.

Evidence of age may be required for numerous reasons and at various times, Kendall points out. Employers sometimes require it from job applicants, and if your employer has a retirement plan it will certainly be needed upon retirement. Even the Internal Revenue Service may become curious when we begin claiming that second exemption after age 65. And don't forget about social security.

If you have a birth or baptismal record recorded before your fifth birthday, that's all you need, Kendall says.

But what if you have none? Well, those of us born in Texas after 1909 probably have a birth record on file with the Bureau of Vital Statistics, 410 East Fifth Street, Austin, Texas 78701. Their fee for furnishing a certified copy is two dollars. Why not write for your birth certificate today? Kendall asks.

A certified copy of your baptismal record can be obtained by writing to the church where you were baptized.

If there is no birth or baptismal certificate, other records which may be acceptable include delayed birth certificates, U. S. Census Records for 1910 and 1920, your child's birth certificate if it lists the parents and shows their ages, a family Bible record, an old life insurance policy, or other record which shows the age, Kendall concluded.

Wise people know how to save time by not being in a hurry.

Wednesday Bridge

Mrs. Fred Christilles was hostess to the Wednesday Bridge Club at her home November 8 with two tables of players. Those playing were Mrs. Fred Bracht, Miss Mabel Bracht, Miss Genevieve Bracht, Mrs. J. V. Ferguson, Mrs. Fred Hunt, Mrs. J. H. Mills and Mrs. Joe Slocum.

High score was won by Mrs. Joe Slocum, second high by Miss Genevieve Bracht and finale prize was won by Mrs. Fred Hunt.

Plan to eat and drink moderately during the Thanksgiving holiday if at all possible. Brighten up your home with attractive decorations. Enjoyable entertaining should be at an all time high.

Increased Educational Benefits for Veterans

Students attending college under the G.I. Bill are feeling the effects of new legislation signed into law by President Nixon on October 24. Checks reflecting increased benefits are now in the mail, according to Veterans Administration sources.

For full time students, payments received early in November will average nearly \$450.00. Although the rate for single students was raised from \$175.00 per month to \$220.00, the November checks include an adjustment for September and payments for both October and November. The new law also moves educational assistance allowances up by 30 days so that veterans will now receive monthly payments at the beginning of the current month instead of at the end.

The VA issued a reminder that students currently enrolled and certified by their schools will not need to contact VA to receive the increased allowances. Rates for married veterans and those with children were also hiked under the new law. VA offices are prepared to answer specific questions concerning the effects of the legislation.

Doings at the Dunes

By VIOLA REYNOLDS

The fishermen in our court and their friends have been having only fair luck this past month, but their stories of the big ones that got away are about as usual.

Mrs. Bertie Ament of Chidester, Ark., parked her Streamliner trailer in at the Dunes last Wednesday for the winter months.

Mrs. Cissie Peyton Smith of San Antonio spent last week at the Peyton mobile home here. Leland and Lucille Bradford of Muskogee, Okla., have joined the family group of the Bradfords and Archers and are enjoying a visiting and fishing get-together.

Sympathy is extended to the family of David Henderson who passed away Sunday evening, November 12. He, and his son Tom, had lived at the Dunes since May.

The annual turkey dinner for

the families in our court will be held at noon, Thursday, November 23. Then football games and more to eat.

Roger Skaggs of Ponca City, Okla., has been a guest of his grandparents, Mr. and Mrs. John Smith.

Mr. and Mrs. C. H. Alter returned from Houston Thursday, accompanied by her daughter, Mrs. Marilyn McMahon, who remained for a few days visit.

Mrs. Roberta Hensley returned Friday from a 10-day visit in San Antonio with relatives and with Mrs. Josie Summers in London, Texas.

ABANDON PETS

Rome--The Animal Protection League reports that Italians abandon more than one million pets every summer when they leave the cities for vacations at mountains and beaches. The league said this meant death for many of the animals, unaccustomed to life outside the home.

Hard Work Pays Off In Rewards For Texas Four

Four Texas young people have learned that hard work in 4-H can pay off in a really big way.

They were named state award winners in their 1972 club projects by the Cooperative Extension Service.

Sheryl Porter, 17, of Hubbard, and Ruth Foreman, 18, of Clute, will receive expense-paid trips to the 51st National 4-H Congress in Chicago, Nov. 26-30 from their 4-H sponsors.

She has won the Harris County girls' public speaking contest for the last three years. She received a trip to the 1971 National 4-H Dairy Conference in Madison, Wis., for excellence in her 4-H dairy project. She is an eight-year 4-H'er.

The transformation of her yard was almost as drastic as when she redecorated the interior of her home after hurricane Carla had caused paint to peel off on interior walls because of 20 inches of water during flooding. She is a freshman in home economics at Texas Tech.

Miss Porter and Miss Foreman will be among some 30 state award winners from Texas at the exciting Chicago congress.

Sorority Initiates Jane Browning

The highlight of the November meeting of the Gamma Psi Chapter of Delta Kappa Gamma International was the initiation of Jane Browning of Rockport. This was in the home of Elsie French of Woodboro. The ceremonial table carried out the traditional color theme of red roses in a golden bowl. The group's anticipation of this important event was reflected in the fact that Jane's name is listed in the new yearbook that was distributed at this time.

The Gamma Psi chapter of Delta Kappa Gamma is made up of 43 key women educators from three counties, Refugio, Aransas and San Patricio. They represent 24 grades and departments, and 6 are retired. This area includes two state teacher districts and six local teacher organizations in the eleven towns with different zip codes and telephone exchanges.

In order to keep up with the activities of these scattered individuals, Doris Stark, a retired teacher living in Portland, is undertaking a chapter news bulletin issued quarterly under the name KEY CHAPTER NEWS.

One of the interesting bits of news concerned Della Mae Baylor, president. She spent

several weeks in Africa last summer, particularly visiting the animal protected areas.

Also, Frances Welch, a mathematic teacher and wife of a Methodist minister in Mathis, was one of 100 elementary, high school and college teachers chosen to attend the Mathematics Conference at Southern Methodist University in August.

Margaret Ferguson of Rockport modestly mentioned that she had two poems in THOUGHTS IN POETRY, published by the Waco chapter of the "Poetry Society of Texas."

Lena Crofford of the Ingleside group is the author of PIONEERS ON THE NUECES, first published in 1963. Her personal research on Pioneer life in San Patricio and Nueces County is based on family record, as well as on other recorded history.

CONGRATULATIONS

Mr. and Mrs. Steve Stern, owners of Super D Food Store are the proud parents of a baby boy born Friday, November 17 and named Chad Steven. The infant weighed seven pounds 11 ounces at birth.

Break the Fast With Seafood

AUSTIN -- Bacon and eggs again? What a bore.

The great American breakfast tends to be a drag, day after day, year after year. So the Texas Parks and Wildlife Department has a suggestion which should lend a little novelty to an otherwise humdrum way to start the day--seafood for breakfast.

Nutritionists say breakfast is the most important meal of the day, and it should be high in protein to prevent that mid-morning letdown when the blood sugar gets low.

One-fourth to one-third of the daily food requirement should be eaten at the morning meal, according to nutritionists.

The following recipe is an excellent way to start out the day and help keep children more alert and attentive in school, make workers more enthusiastic, and keep weight watchers on the straight and narrow.

Other recipes are available free from: "Seafood," Texas Parks and Wildlife Department, John H. Reagan Bldg., Austin, Texas 78701.

PEPPERED SHRIMP AND EGG

1/2 lb. cooked, peeled, and deveined shrimp
3 slices bacon
1/2 cup chopped onion
3/4 cup chopped green pepper
1/2 tsp. salt
1/4 tsp. cayenne pepper
6 eggs, beaten

1/4 cup coffee cream
1/2 tsp Worcestershire sauce

Fry bacon until crisp; drain on absorbent paper. Crumble bacon. Cook onion and green pepper in bacon fat until tender. Add seasonings and shrimp and heat. Combine eggs, cream, Worcestershire sauce, and

bacon. Add to shrimp mixture and cook until eggs are firm, stirring occasionally. Makes six servings.

This is the time of the year when the busiest men find time to attend a game of football.
