VOL. 4, No. 46 — SNYDER, TEXAS, TUESDAY, JUNE 23, 1953 — EIGHT PAGES — PRICE 5c

CHOP WEEDS FOR NEIGHBOR THIS MORNING

Neighbors of Royce Johnson, bedfast farmer of Dunn, spent three hours this morning chopping the weeds from Johnson's 70 acres of cotton. There were 28 farmers and a Negro farm hand, all pictured above, who turned out to help their neighbor this morning. (LaWayne Hulse photograph)

Nolan County Wildcat Hits Sulphur Water

General Crude Oil Co. has plugged and abandoned its No. 1 Bennett, wildcat in East Nolan County, on total depth of 6,277 feet in Ellenburger, where it had no shows.

It made sulphur water on bottom. It was 660 feeet from south and east lines of section 283-64-H&TC.

HOWARD COUNTY

Coronet Oil Co. has completed its No. 5-4 Boyd in the Coronet 2900 field of Northeast Howard for a daily pumping potential of 4.8 barrels of 27.5-gravity oil plus 20 per cent water.

Gas - oil ratio was 98-1. Completion was made from the open hole, which was treated with 500 gallons of mud acid. Top of pay was at 2, 737 feet, and five and one-half inch casing was cemented at 2,889 feet. Total depth was at 2,880 feet. Perforations were made at 2,832-846 feet.

It is 338 feet from south and 882 feet from west lines of the lease in section 4-25-H&TC.

FISHER LOCATION

A. W. and Blair Cherry have located their No. 1 W. I. Martin in the Flippen Strawn lime field of Fisher County. It is 330 feet from north and east lines of section 106-1-H&TC, nine miles northwest of Hamlin and one-half of a mile south of their No. 1 Bailey, discovery well of the field.

It will drill to 5,600 feet to test the Strawn lime.

DRILLING REPORT

Superior No. 3-518 Jones in the Fluvanna field of Northeast Borden swabbed 13 hours on the open hole at 8,175-195 feet and recovered 53.81 barrels of new oil. It is still testing.

Humble No. 1-5 McMillan in the Buffalo Creek Ellenburger field of East Scurry has cemented five and one-half inch casing at 7,515 feet and will perforate and try to complete.

Texaco No. 3 Fuller in the Fullerville Strawn field of North Scurry flowed 140 barrels of fluid in 24 hours and made five per cent oil and 95 per cent water.

Texaco No. 1 Canning, Borden wildcat, took a one-hour drillstem test of the Permian lime at 5,348-402 feet and recovered 10 feet of slightly gas cut drilling mud with no shows of oil or water. It is preparing to drill deeper.

Also in Borden, Texaco No. 1 Jones is drilling at 4,322 feet in lime and Gulf No. 1 Cannon is at 5,165 feet in lime.

In Kent, Gilbert No. 1 Hall is preparing to drillstem test after having some porosity and oil fluorescence at 7,078 feet in Strawn lime, and Sunray No. 1-52 Mays is fishing for junk at 1,378 feet in Permian dolomite.

In Mitchell, Sun No. 5 McCabe is at 2,075 feet in shale and anhydrite, Sun No. 3-A Anderson is coring below 5,898 feet in shale, and Humble No. 1 Farmer is at 3,279 feet in lime.

In Scurry, Humble No. 1 Jones is digging at 6,740 feet in shale.

107 Degrees Monday

The temperature hit the high mark for this month of 107 degrees yesterday. Last night's minimum was 70 degrees, and the reading at 7:00 o'clock this morning showed 80 degrees, according to Mrs. D. P. Strayhorn, official weather observer.

Sick Farmer's Field Worked By Friends

Good neighbors are good for the heart, according to Royce Johnson, 38-year-old Dunn farmer suffering a heart ailment.

Two weeks' work was done for Johnson in three hours this morning by 28 neighbors and his Negro farm hand, Elmo Shields. The farmers of the community plowed Johnson's 160 acres in cultivation two weeks ago, and this morning they chopped the weeds from his 70 acres of cotton.

Mrs. Johnson said her husband had been confined to his bed four weeks and would have to remain in bed several more. His doctor said it would be six months, at least, before he would be able to work again. His condition has improved, Mrs. Johnson said.

Farmers in the Dunn community knew of Johnson's condition and announced in the churches there Sunday night that workers would meet at his farm this morning.

Johnson is a native of the Dunn community and has lived there all his life. He is the son of Mrs. B. B. Johnson of Dunn. He and his wife have three children, three through eight years old.

"The Johnsons recently started a small dairy, and the extra work required by both farming and dairy operation made a difficult situation for them when he became ill," John Brown said. Brown was one of the neighbors working there this morning. "Christianity should always be put to work, and this is just one way."

Besides Brown, neighbors working were Hadon Jones, Ive Marshall, O. T. Richardson, his son, Johnny Richardson; Pete White, Doyle Gray and his two sons, C. D. Gray and Don Gray; Harold Wade, Perry Echols and his son, Tommy Echols; T. A. Echols, H. F. Billingsley, Martin Murphy, Fred Bowers, George Bowers, Fred Cotton, M. H. Hanson, Sr., M. H. Hanson, Jr., Bud Richburg, Tom Webb, Carl Tarter, W. J. Fuller, Ben Harless, I. T. Riggs, Doyle Parmer, and Arlie Taylor.

Light Action On Front Lines

SEOUL (AP)—Communist troops jabbed lightly at Allied lines across Korea and patrols prowled through no man's land today. Both Allied and Communist armies appeard to be awaiting the outcome of tangled armistice negotiations.

Communist loudspeakers on the Central Front again blared their prediction that an armistice will be signed Thursday—third anniversary of the war. The Reds had predicted a truce on June 25 for days before an armistice was jeopardized by South Korea's release of more than 27,000 anti-Communist war prisoners.

The biggest Red probing attack Tuesday was in company strength, the Eighth Army reported.

Overcast skies and rain grounded most Allied warplanes.

The Eighth Army said more than 10,000 Communists were killed last week, most of them in the bloody fighting on the Central Front. The total was the biggest since the battles for White Horse Mountain and Triangle Hill last October.

Allied casualties for the week were not disclosed, but U. N. losses presumably were heavy in the battles along the East-Central.

Midland Man Killed In Wyoming Wreck; Nine Others Injured

THERMOPOLIS, Wyo. (AP) — A. B. Harp, 44, of Midland, Tex., was killed yesterday when two autos sideswiped three miles west of here. Nine others were injured.

Patrolman J. D. Maxted said eight of the injured were riding in the car driven by Harp and bound for Yellowstone National Park. The car rolled off the highway and down an embankment.

Jerry McGee, 20, of Thermopolis, serviceman home on furlough from Sheppard Air Force Base, Wichita Falls, drove the other car. He suffered a broken arm and bruises.

Injured in the Harp car included Earl Lewis, chest injuries and shock; Helen Harp, wife of the dead man, back injury; Carolyn Harp, 15, injured pelvis, ankle and shoulder; Alvin Scott Harp, 12, head and arm injuries; George Harp, 9, head and arm injuries; Earnest Harp, 5, broken shoulder; Kaye Harp, 1, minor injuries.

Enlarging Of Gas Plant Here Being Studied

Officials of Sunray Oil Corp., operators of the Snyder Gasoline Plant, are in Houston this week to meet with officials of the Fluor Corp. to discuss construction of additional processing facilities at the plant.

L. M. Ford, plant manager, will be in Houston until Friday. The new facilities will be installed to increase propane recovery at the plant.

An additional absorber and other equipment will increase propane recovery to 76 per cent while handling 75 million cubic feet of natural gas per day. Initial design of the plant called for 70 per cent propane recovery while handling 52 million cubic feet.

Increase of gas volume to the plant since operations were begun has made the new facilities desirable.

Estimates are that the plant, at 75 million cubic feet of throughput, will produce an additional 100,000 gallons of propane per day. That would bring the plant's total liquid production to about 625,000 gallons per day.

Emergency In Drought Area Under Study

(By The Associated Press)

Texas' damaging drought has become so bad they're talking of slaughtering cattle.

Concerned officials discussed the possibility Monday in Washington.

Jack Porter of Houston, Republican national committeeman from Texas, met with congressional leaders. They talked of what could be done about drought in Texas and other Southwest States.

One idea discussed with Rep. Hope (D-Kan) was a cattle slaughter program. It was to be taken up with Agriculture Secretary Benson Tuesday.

Rep. Poage of Waco, member of the House Agriculture Committee which Hope heads, said he would support cattle slaughter "on a sound basis." Poage said he introduced legislation two months ago which would provide for buying up cattle and selling them abroad.

Such a program would be in addition to aid in the form of cheaper feed and easier credit for stock raisers.

Dallas Police Under Charges

DALLAS (AP)—Five Dallas policemen were under suspension today, accused of conniving with a burglary alarm firm employe to steal merchandise from stores and ware houses.

One detective was indicted yesterday on theft charges and another charged with theft. They and three other officers were suspended.

Legal action against more Dallas policemen accused of burglaries was promised today. Detective Capt. P. B. Leach said, "We're going to clear up many, many cases covering many years."

Chief Carl Hansson said when one of the alarm company's sensitive alarms would go off accidentally in a business house or ware house, the officers would meet the employe at the scene. Then the group would loot the building.

Leach and his men raided homes of three of the accused policemen last night and recovered what they called a mountain of merchandise.

Indicted yesterday on theft charges was Detective Lt. R. L. Gurley. He was accused of taknq six pistols and two pairs of binoculars from a sporting goods store. Detective J. W. Fuller was charged with stealing three suits and some shirts from a department store warehouse. They and three other officers were suspended.

Dallas News reporters asked the five policemen for an explanation.

Gurley said, "What can I say? My reputation is ruined. A thousand denials won't undo the damage done by that first story."

Fuller said "I'm not guilty. I'm going to fight this all the way through."

One of the other suspended patrolmen said, "The extent of mine was four shirts. xxx I have lots of opportunities to steal big money, but I didn't because I'm not a thief. I feel lousy about what the rest of the guys will have to go through because of this. They have a hard enough time enforcing the law.

Private citizen Harry S. Truman of Independence, Mo., stands on the steps of the national capital Monday—much like thousands of other private citizen-tourists—on his first visit since he moved out of the White House. It was at this spot Mr. Truman twice took oaths of office.

No Subpeona For Tom Clark

WASHINGTON (AP) — The House Judiciary Committee decided in a secret session today not to subpoena Supreme Court Justice Tom Clark for questioning by a subcommittee.

Chairman Reed (R-Ill) said the action was taken after the matter had been "discussed thoroughly." The move to summon Clark was turned down 22 to 5.

Reed said the sentiment of the committee was that Congress "does have the right" to subpoena Supreme Court justices for questioning about matters not involving their official acts.

He said the members rejected any suggestion that Clark, a Texan, "has any immunity by reason of being a member of the court." He added that some members voted against the request because of "the impending adjournment

Rhee Rebuffs All And Ups His Price For An Immediate Armistice

SEOUL, Wednesday (AP) — South Korea's defiant President raised his price for a truce in Korea Tuesday and hotly rebuffed his critics. Special emissarie were flying here from Washington bent on getting him back in line.

After Gen. Mark Clark had spent two days trying to get him in tow, tough, old Syngman Rhee emerged and demanded terms which a U. S. Embassy source here promptly labelled "totally unacceptable to the U. N. Command."

Rhee said his price had to be paid or he would pull out the South Korean Army from Clark's U. N. Command and go it alone.

His terms: A mutual security pact with the United States; simultaneous withdrawal of both U. N. and Chinese forces from Korea; resumtion of the war if three months post - armistice talks get nowhere.

Rhee's firm stand was voiced shortly before he was to go into conference with assistant U. S. Secretary of State Walter S. Robertson and Gen. J. Lawton Collins, U. S. Army chief of staff, who are hurrying here from Washington.

Rhee's release of more than 27,000 anti-Red Korean prisoners upset a truce just as it was about to be signed and drew down upon him criticism from abroad.

Lester Pearson, president of the U. N. Assembly, cabled he was shocked to hear of the "unilateral action." Britain's Winston Churchill bitterly denounced him Monday.

"The U. N. authorities should thank me for it instead of calling me a violator," Rhee said.

"Did anyone representing the U. N. or the U. S. ever raise the question as to what the Communists did with our prisoners of war? No one did question the violation of all international law by the Communists but everyone is brave to condemn me as a violator. I do not understand such inconsistency."

Rhee, showing no signs of backing up in the face of the mounting criticism, said the U. N. was risking failure through a "make believe peace."

NEHRU OPPONENT

Riots In India After Death Of Political Captive Learned

NEW DELHI, India (AP) — Club-swinging police and Hindu extremists battled in the streets of India's capital today in the wake of the death in political captivity of Syama Prasad Mookerjee, a major opponent of Premier Jawaharalal Nehru.

Police officials said constables charged a mob of 1,000 demonstrators and arrested 20 after four policemen were "seriously wounded."

Police took special security measures throughout the capital.

Mookerjee, 52, died early today in Srinagar, capital of Kashmir, where he was jailed five weeks ago for defying a ban on his entering the state. Seizure of Hindu lands by the predominantly Moslem Kashmir state government had caused agitation and violence by the Jan Sangh in the neighing Punjab.

Officials said a heart attack, following an attack of pleurisy, caused Mookerjee's death, and that he had been moved from jail to a nursing home as soon as he became ill.

A spokesman for Mookerjee's Jan Sangh faction said until details were forthcoming, his group could say nothing, but "when we know more, rest assured we will have a great deal to say." Mookerjee's supporters were expected to charge the Nehru government had killed their leader.

Krishna Kriplani, secretary to Education Minister Maulana Abul Azad, who heads the Cabinet in Prime Minister Nehru's absence, said the government was "somewhat concerned because people are naturally bound to get excited over an event of this sort.

Despite the threat of immediate violence, however, Nehru was seen here as the ultimate gainer from Mookerjee's death. He was the only opposition leader able to match Nehru's strong personality and had even been viewed by some observers as a future government head in the event of the Prime Minister's death. Nehru's leadership of India—yet to be seriously challenged—now appears stronger than ever.

Mookerjee served as India's industry and supply minister from the 1947 independence until he split with Nehru in April, 1950. He charged the Prime Minister was too "soft" toward Pakistan, particularly over disputed Kashmir, and formed the Jan Sangh.

The Hindu extremist group was dedicated to annulling the partition of the Indian subcontinent and bringing Moslem Pakistan back under the mainly Hindu government of India.

Four Counties Ask to Be Made Disaster Area

STANTON, Tex. (AP)—Businessmen and farmers of four counties have asked the federal government to declare their area a drought disaster area.

They asked for a chance to get disaster loans at reduced rates and on long term plans. The counties are Dawson, Martin, Howard and Midland.

One farmer, one merchant and one banker from each county met yesterday on the situation. They adopted the resolution asking for help and will send copes to Texas' Sens. Daniel and Johnson and Reps. Mahoury and Regan.

Cotton is the main crop around Lamesa, but farmers haven't had a crop since 1950. Of 1,100 farmers in the area, only 100 who had irrigation systems planted cotton this spring.

The rest plan to put feed crops on their land, but they can't plant these unless it rains before July 15.

Lamesa has had about nine inches of rain in two years. The last rain was .38 of an inch four days ago. That was the first rain in two months.

The same group that met here plans to go to Lubbock this week to see Secretary of Agriculture Benson when he speaks to the national cotton congress on Thursday.

Woman Takes Money That Baby Threw Out Of Automobile Window

SAN BERNARDINO, Calif. (AP)—A woman told police she left her daughter, 2, in her auto while she went into a store to shop yesterday.

When she came out, Mrs. Betty Benedict said, the child had opened her purse and was happily tossing greenbacks out the window.

Noting another car beside hers, Mrs. Benedict said she walked around and discovered a woman picking up the bills.

"That's my money," said Mrs. Benedict.

"It was yours. It's mine now," the other woman said as she hopped into her car and drove away.

Mrs. Benedict estimated she lost $80.

Living Costs Are Up Again

WASHINGTON (AP)—The cost of living edged upward another three tenths of one per cent between April 15 and May 15, the Bureau of Labor Statistics (BLS) said today.

This was the third straight month the index rose.

The bureau said all major living cost items showed slight increases, except transportation.

The new index showed retail prices for city families with moderate incomes were 114 per cent of the 1947-49 average as of May 15.

This was nine-tenths of one per cent higher than in May a year ago and 12 per cent above June, 1950, when the Korean War broke out.

Several major labor wage contracts are geared to fluctuations of the cost of living index but none are affected by this report.

WEATHER

WEST TEXAS: Generally fair through Wednesday except for widely scattered thunderstorms in northeast. Panhandle and South Plains. Not much change in temperatures.

NORTH CENTRAL TEXAS: Generally fair through Wednesday, except for widely scattered thunderstorms in extreme north. Not much change in temperatures.

EAST TEXAS: Generally fair through Wednesday except widely scattered, mostly afternoon and evening thundershowers near the coast. Not much change in temperature. Moderate southerly winds on the coast.

SOUTH CENTRAL TEXAS: Generally fair and not much change in temperature through Wednesday. Moderate southeasterly winds on the coast.

GERMANS STILL DEFYING EAST ZONE WAR LORDS

BERLIN (AP)—Under black banners of mourning of the dead in East Germany's rebellion, Chancellor Konrad Adenauer told the world today "the period of totalitarian rule over Germans is past."

The leader of West Germany spoke at a vast memorial service in front of the West Berlin city hall hailing the "martyrs of freedom" who arose against Communism in the Soviet Zone, where hunger was reported adding to the misery.

His voice filled with emotion, the chancellor, 77, who stands for a Germany united in alliance with the free world, declared:

"With weapons, an unarmed, defenseless people can be beaten to the ground, but their will, their determination, will never bow.

"The whole world has been shown that Germans will not be slaves. The whole world has been shown that they will no longer bear tyranny, that the period o totalitarian rule over the Germans is past."

Red flames burned atop black obelisks at the city hall entrance. The great crowd stood in hushed silence. Police said 50,000 were there even before the service began.

Adenauer inspected the border area dividing the East and West sectors.

Refugees to West Berlin reported that the East Germans, undaunted by Soviet tanks and firing squads, protest marches demanding bread through the streets of Leipzig, Dredsen, Demnitz and Eisenach.

The tottering puppet government of Premier Otto Grotewohl admitted it faced "grave problems" in feeding the 18 million restive East Germans. Its news agency and broadcasts announced state food handling agencies had pledged to make up the losses "caused by the Fascist Western agents" in the strike and riot wave launched June 17.

Farmers were urged to co-operate.

East Berlin was better off than most areas, but with two policing Russian armored divisions living off what was available the city was short of bread and potatoes. Refugees described conditions in many Soviet zone cities as catastrophic.

Communist police patrols, they said, were touring the streets with sound trucks blaring that things would get better.

Farmers, browbeaten for years by arbitrary Communist quotas, were reported withholding their produce from central state collection points, bringing extension of the Red Army's martial law to the agricultural belt.

Farmers also were said to be making behind-the-fence deliveries of food to workers and their families in distressed areas.

The wave of arrests and executions continued. The anti-Red underground estimated 16,000 alleged strike leaders were behind bars.

The latest death penalty reported was meted out to Communist Mayor H. W. Hartmann of Doebernitz, in Saxony-Anhalt. He was the first party official reported engulfed in the wave of terror and the 22nd German definitely known to have been executed.

Refugees said Hartmann knocked down a German Communist policeman who fired into a crowd of demonstrators.

Grand Jury Action Awaited In Rape And Incest Case Here

A 29-year-old Snyder man charged Saturday with rape and incest of his nine-year-old daughter was still held in the county jail today, pending grand jury investigation of the complaint against him.

(The defendant in this case is purposely not identified by the Daily News at this early stage because of the uncertainty of the case in its present status and because of damage the newspaper believes will be done to the minor child involved if for some reason the case should not reach court.)

W. C. Davidson, justice of peace, said the man had not asked that appearance bond be set for his release. It was believed yesterday that the defendant wanted a preliminary hearing held for him, but it was learned late yesterday afternoon that he did not.

Judge Davidson said the man had expressed his desire to appear before the grand jury as soon as possible and that his request was probably misunderstood and confused with one for a preliminary hearing. Such a hearing must be held on a defendant's demand in order for the justice of peace to determine whether evidence appears sufficient to warrant binding him over for grand jury investigaton.

Judge Davidson said yesterday afternoon that he would bind the man over to the grand jury on allegations of the daughter and her mother, upon which the complaint was based. The sheriff's department said the grand jury was slated to reconvene Thursday.

The accused would be denied bond whether or not he asked for bond setting, Judge Davidson said, because of the seriousness of the charge and because of allegation that the defendant had threatened his family. If the man is indicted by the grand jury, release on bond until time of trial will depend on the discretion of the district court.

Dr. Robert Wasson examined the child yesterday afternoon at the request of the district attorney but stated that it could not be definitely be determined that she had been raped. The complaint alleged the father "had carnal knowledge of" the child on or about last Friday. Previously the child had been examined by another physician here after it was claimed she was accidentally injured by falling on a stick. The physician who examined her at that time reported no evidence in conflict with such a purported accident.

Lawyers Picking More Jurors For Whitaker Murder Trial

VERNON (AP)—Lawyers quickly agreed today on a fourth juror to try handsome young Walter Whitaker Jr., on a charge he murdered his girl friend.

Then the attorneys buckled down to the job of choosing eight more men in the heat of Welbarger County courthouse.

Carefully qualified by the state for his belief in the death penalty, the fourth juror was W. W. Abbott, 38, a gas meter reader.

Whitaker and his parents again sat calmly with their lawyers. The dead girl's mother and two brothers sat among the small cluster of spectators.

The Hartford, Conn., youth is charged with murdering his Lubbock girl friend by strangling her with a sash cord. Then the state charges, he stripped her and buried her body and clothing in separate holes on the flat prairie nine miles west of Lubbock.

Freckle-faced Joyce Fern White, 18, disappeared Jan. 8. At dawn 20 days later, Whitaker led officers to her grave, marked only with two withered cotton stalks, and dug up the body himself with a shovel he took from one of them.

State's attorneys have qualified each juror for the death penalty. Dist. Atty. Travis Shelton of Lubbock indicated he believes the defense will try to prove insanity. Head Defense Attorney Burton Burks of Lubbock has avoided tipping his hand.

MOTHER AT TRIAL

Joyce's widowed mother, Mrs. Lena White, a plump middle-aged woman, sat expressionless just behind the counsel table yesterday as the three jurors were selected. Flanking her were two sons, Ray White of Roswell, N. M., and Kenneth White of Lubbock. Two other sons, Alvin of Olton and Perry of Lubbock, are expected here before the trial ends.

Whitaker, 21, smiling frequently and working his jaws around a chew of gum, sat just behind his attorney. His parents sat just behind him. He often leaned over and whispered into his mother's ear.

Whitaker, nattily dressed in a blue and gray sports outfit, remained composed throughout the day. His slender dark mother sat quietly, sometimes wiping her brow and cheeks with a handkerchief. The elder Whitaker is executive of a Hartford trucking firm.

THREE JURORS

Few disagreements and objections were sounded as three jurors were chosen from the first 28 men questioned. They are Ray Coleman, 38, shoe store operator; Wayne Koontz, 26, a farmer; and W. T. Belew, 43, life insurance salesman.

Judge Victor Lindsey of Lubbock recessed shortly after 6 p.m. yesterday.

Whitaker was stationed at Reese Air Force Base near Lubbock when he started dating Joyce. Shortly after she disappeared he was transferred to Lackland Air Force Base at San Antonio. He spent his own money to advertise her description on radio and television and he took an active part in the search for her.

He was arrested at Lackland AFB and taken to Lubbock to point out the spot where the body was buried. Officers quoted him as saying he loved a Swiss exchange student who had lived at his parents' home.

FIRE DAMAGES HOUSE

Firemen are shown above battling a fire which badly damaged the house in which Mr. and Mrs. Dean Bartlett live at 1410 Avenue K. The fire which occurred yesterday afternoon destroyed much of the furniture in the house. Bartlett, an oilfield worker, was at work, and Mrs. Bartlett and their son were visiting in Salt Lake City when the fire ocurred. Owner of the house is L. V. Hagman of Odessa. (Lee Watson photograph)

The Harrises, father and son, have a conference.

Youth Success With Stories

(By The Associated Press)

NORMAN, Okla.—The plot of this story could be entitled, Father doesn't always know best or Junior hit the jackpot by ignoring Father's advice.

Foster Harris, University of Oklahoma writing instructor, would be the first to acknowledge that son Austin, 19-year-old fledgling scribbler, put one over on him.

Austin, a freshman at the university, without any formal training in the craft, sold for $850 a short story to a national magazine (Ladies Home Journal).

"We were both flabbergasted," Austin confesses. The tale is about teen-age hot rod drivers told in the first person. It was sold with only one revision. Austin, who can't enroll in father's writing course, open only to upperclassmen, has gotten most of his skill by osmosis.

"Absorbed it through his pores," Foster chuckled. "Always writers streaming through the house at all hours talking shop."

Cows require from 10 to 20 gallons of water a day and hogs from 2 to 6 gallons.

Husband Sought In Young Wife's Slaying

DENVER (AP) — Detective Capt. Lee Raedel said a nation wide search was under way today for Fred Espinosa, 29-year-old husband of a young woman found slain Saturday. Her mutilated body had been stuffed into an old trunk along with a small statue of Christ.

The trunk was discovered in the Platte River, nine miles north of here. The victim was identified yesterday as Mrs. Irene Espinosa, 19.

A couple acquainted with the Espinosa, identified by Raedel as Benancio Trevino, 24, and his wife Martina, 28, were questioned last night. Both couples moved here recently from Houston, Tex.

The detective captain said Trevino told him he drove Espinosa to a river bridge where they unloaded what Espinosa said was "junk" he wanted to get rid of. He said the "junk" included a trunk similar to the one containing the body.

Both Mr. and Mrs. Trevino denied any knowledge of the slaying.

From four to six gallons of water a day are required by every 100 chickens.

Demo Defends Civil Service

WASHINGTON (AP)—Sen. Monroney (D-Okla) called today for a senatorial inquiry into plans of the Eisenhower administration to strip civil service protection from thousands of government jobs.

Chairman Philip Young of the Civil Service Commission announced yesterday President Eisenhower soon will issue an executive order for a review of about 134,000 jobs, 66,000 in this country and 68,000 overseas, to determine whether they should be stripped of civil service protection.

Young said posts involved will include specialists' jobs brought into the civil service in 1947 by an executive order of former President Truman.

Young said he couldn't guess how many present job holders might be replaced, but said veterans won't be affected. He added, however, that 1,600 of about 8,000 government attorneys in the group may be let out.

Monroney said in an interview he thinks the Senate Civil Service Committee, of which he is a member, should call Young before it for an explanation of the order, affecting what civil service calls "schedule A."

Roby Officials Post Bond On Charges Filed

ROBY — Two Fisher County men, a commissioner and a former commissioner, posted bond yesterday and were released from confinement.

Bill Owens, commissioner of precinct No. 1, was charged with three felony indictments and one misdemeanor. His bond had been set at $1,000 for each of the felony charges and $500 for the misdemeanor, or a total of $3,500.

Owens had been a patient in a Sweetwater hospital until his release yesterday morning, undergoing treatment for pneumonia and a throat infection.

Ike West, former commissioner charged with one misdemeanor, was released on $500 bond.

Sureties on bonds for both the men were J. P. Davis, stock farmer, rancher, and cafe owner, also a former commissioner; Tom Parker, rancher; Tom Hughey, retired rancher; and E. O. Bennett, manager of a gin.

The two men were charged with the counts after a Fisher grand jury of the 104th district court indicted the two men. The jury had been investigating rumors of swindling, theft, and embezzlement in the county.

Shrimp Boats Fire Shots At Mexicans

TAMPICO (AP)—A dozen unidentified ships fired on a Mexican fishing boat yesterday within sight of Tampico's bathing beaches — then fled, reportedly in the direction of Brownsville, Tex.

No one was injured.

The incident renewed a controversy over alleged illegal fishing in Mexican waters by foreign boats.

The Mexican boat operator told this story:

He saw the ships seining close to shore. Approaching, he was ordered to halt and a shot was fired over his head. He returned a short time later. This time, seven or eight shots were fired.

He reported the incident to the commander of an oil tow ship in port. When the comparatively large tow ship headed for the scene, the unidentified ships "quickly left in the direction of Brownsville."

Several bathers corroborated the story.

Mexico claims fishing within nine miles of her coast line violates her territorial boundaries. Several boats from Texas, Florida and Louisiana have been seized in recent months. Their crews were fined.

A MOTHER'S TEARS

Mrs. Sophie Rosenberg, 71-year-old mother of executed atom spy Julius Rosenberg, is restrained as she displays her grief upon viewing caskets of her son and his wife, Ethel, during burial service at Wellwood cemetery in Pine Lawn, N. Y. An estimated 2,000 were present as the Rosenbergs were lowered into their graves. They died in the electric chair at Sing Sing prison in Ossining, N. Y., Friday evening.

City Officials To Big Spring

A delegation of city officials and water district directors went to Big Spring today to attend a meeting with similar officials from Big Spring and Odessa concerning problem of the Colorado River Municipal Water District.

State of the Snyder water supply which has been critically short for the past several days was not known by city officials who remained here, they said today.

Included in the delegation from Snyder were B. J. Shelley, city manager; Roy Dunlap, water superintendent and city engineer; W. W. Park, city attorney; Lyle Deffebach, James Rosser, and R. A. Schooling, water district directors; Harry Holbrook, mayor; Malven Stevenson, C. N. von Roeder, Eugene Harper, and J. W. Phillips, city councilmen.

The meeting was called by the water district board of directors to study a number of problems common to the three member cities, Snyder, Big Spring, and Odessa, and to study some other problems of the individual cities in connection with the water district.

Rifle Club Meeting

A meeting of the newly - organized Canyon Rifle Club will be held at 7:30 o'clock tonight at the Manhattan Coffee Shop.

Collie Fish, one of the organizers, urged all rifle shooters to attend the meeting.

Before the turn of the century, gasoline, being dangerous in lamps was an unwanted product and kerosene was the mainstay of the petroleum industry.

Two Services For Mrs. A. D. Johnson Set

Funeral services will be held at 4 o'clock this afternoon in the First Baptist Church for Mrs. Alma Delia Johnson of the Texas - New Mexico Pipeline camp who died yesterday afternoon at 4:10 o'clock.

Mrs. Johnson, 48, died in the Root Memorial Hospital in Colorado City. She had been ill about two months. The Rev. Jack O'Neal of the Green Hill Mission and Virgil James of Big Spring will officiate at the services.

At a second service tomorrow afternoon at 3 o'clock in the Duren Baptist Church in Brown County, Mr. James will again officiate. Burial will be in Brown County sometime that day. Mrs. Johnson had been a member of the Baptist Church. Both services are under the direction of Bell Funeral Home.

Mrs. Johnson married her husband, Cord F. Johnson, Jan. 29, 1921, in Brownwood.

She is survived by her husband; one son, James Bailey Johnson, Harlingen; five sisters, Mrs. Alpha Nesmith and Mrs. Maudie Welborn, both of Farmersville, Mrs. Eula Vaughn, Tahoka, Mrs. Nola James, San Angelo, and Mrs. Ola Dennis, Crystal City; one brother, Johnnie Bailey, Abilene; and one granddaughter, Miss Gloria Jean Johnson, Harlingen.

Pallbearers include J. W. Bradberry, Hugh Sasser, W.S. Home, E. H. Thacker and Edd Phelan.

It would be difficult to operate today's automobiles on the type of gasoline which was produced 25 years ago.

Modeling one of the marvels of our times—denim—Miss Marianne Randals, left, and Miss Mary Edith Scarborough, prove that denim is no longer left at home when girls are party-bound. One of the fashion Cinderellas of our times, denim is combined with rhinestones, pearls and other festive decorations. (Staff photograph)

SOCIETY SCRIBBLINGS

Blue Denim Leaves Jean Class For Cocktail Party

By SUE HOLMES

Denim has left its blue mood and also its air of informality.

In almost any shop you can find cocktail dresses and street dresses of denim in various colors. Miss MARIANNE RANDALS and Miss MARY EDITH SCARBOROUGH, shown in the above picture, show examples of the versatility of denim.

Miss Randals wears a pink-red denim with matching trim and Miss Scarborough wears a green striped denim dress which her mother made for her.

One of the first refinements of denim came about six years ago when rhinestones were sprinkled across blue denim skirts for evening wear. Of course, there is nothing more practical than washable, wearable denim.

Denim has also made its way to the table by being used for table mats, clothes and runners. Combined with red bandanas for napkins, the denim is popular in the Southwest for barbecue tables.

VACATION NOTES

Mr. and Mrs. DANIEL E. CRADY of 1211 Twenty-ninth Street returned Saturday from visiting for a week in the vicinity of Dallas. Highlight of the trip for their three sons, CHARLES, WAYNEand GREGORY, was a day spent at the Dallas zoo. Also along on the trip was Mrs. Crady's sister, Miss WANDA JEAN CAIN of 1505 Avenue S.

WEDDING GUESTS

Mr. and Mrs. FRANK STROM and daughter, CAROL, and Mrs. W. L. HAYLEY have returned from a week's visit in Oklahoma. They visited the Strom's daughter and family, Mr. and Mrs. C. J. Nelson in Tulsa, Okla., and Bill Strom of Hulah, Okla. They attended the wedding of William Larkin Strom and Nancy Nail at the Methodist Church at Foraker, Okla., June 9. Others from Snyder attending the wedding were Mr. and Mrs. WELDON KEY and TOMMY STERLING. HUBERT STROM, Tommy Sterling, Carol Strom and Weldon Key participated in the wedding.

The visitors report northern Oklahoma is covered with fine grass, alfalfa and very fine grain crops. Pastures are full of fat cattle, most of them having been shipped there for summer grazing.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News, or call 3-5486.

How can I wash my new wooden salad bowls? A. D.

Although you can't immerse them in water you can still use soap. Wash them promptly with a well-soaped dishcloth or brush. Never soak them. Rinse quickly, and wipe well. Let them dry in the air before putting them away.

* * *

What is a quick but different recipe I can prepare for unexpected company? With vacation time, guests come quite often. R. W.

The town and country casserole is a good addition to your menu list. For each serving one round shredded wheat biscuit is placed on a thick slice of baked ham. Over the wheat goes a rich cream sauce followed by a deviled egg and a generous sprinkling of grated cheese. This combination is popped into the broiler for a minute or two. The cheese should puff slightly. To make the cream sauce place one-eighth teaspoon pepper, one teaspoon salt, a dash of cayenne and one and one-half cups of milk in a saucepan over low heat. Mix one-half cup milk with flour until smooth and add gradually to hot but not boiling milk in saucepan, stirring constantly. When sauce is thick stir in two tablespoons of butter.

* * *

We are going to buy a new carpet for the living room. What colors are slow to show dirt? I. Y.

Beige, green and gray still are favorites because they will stand up under wear and show less dirt.

* * *

I would like to know of something that will kill lice or honeydew off cantaloupe and cucumber vines. I. A. H.

Bell's nursery tells us there are a number of commercial preparations containing varying amounts of DDT that should help you out.

Bakers Honor Son At Party On 9th Birthday

Mr. and Mrs. Roy L. Baker, 1401 Twentieth Street, entertained Friday with a party honoring their son, Jerry Bob, on his ninth birthday.

Guests included Trista Ann Angel, Phyllis Ann (Pete) Muslewhite, Dennis Clinkenbeard, Donald Ray Cain, Eldon Cain, Carla Ramage, Jimmie Ramage, Sandra Jane Cates, Brenda King, Edward L Morris, Emmett Autry, Bill King, Eddie Wilson, Cecil Ray Morris, Erna Lee Adams, Janice Adams, Connie Marie Sehon and Judy Sehon.

Assisting in serving were Mrs. J. L. Cates, Mrs. Tommy Wilson, Mrs. Slim Morris, Mrs. R. L. King and Mrs. Laverne Clinkenbeard.

PERSONALS

Mr. and Mrs. Lee Auld of Odessa were week end viitors in the home of her mother, Mrs. Nettie Crawford of 1909 Twenty-first Street.

Visitors last weekend in the home of Mr. and Mrs. J. L. Fargason, Sr., were their son, J. L. Fargason, Jr., and his family of Abilene.

Visiting Mr. and Mrs. C. H Callis of 1101 Twenty-sixth Street, are Mr. and Mrs. Carl Rutherford of Waxahachie. They are also guests of Mrs. Rutherford's cousin, Mrs. J. L. Fargason, Sr., of 1105 Twenty - sixth Street.

Guests in the home of Mr. and Mrs. W. H. Seeker, Jr., are his mother, Mrs. W. H. Seeker, Sr., and brother, L. O. Hair, and family, all of Wichita Falls.

Mrs. Dan Westfall and her two daughters, Dana and June, visited Sunday in the home of her mother, Mrs. Leona Scott, in Hobbs, Tex. Recent visitors in the Westfall home on west Twenty-third Street were her brother, Orbie Scott, and his wife. The Scotts are from Monahans and were en route home after a vacation in Louisiana.

Godfrey Improving

BOSTON (AP)—TV-radio star Arthur Godfrey is able to tie his own shoes for the first time in 20 years.

The Massachusetts General Hospital issued that report last night while stating that the popular entertainer is in "very satisfactory" condition.

The hospital said Godfrey, operated on May 15 to correct hip injures suffered in a 1931 automobile accident, "is walking with crutches and riding a stationary bicycle."

Dinner Honoring Three Birthdays Is Given Sunday

A birthday dinner was held Sunday for Mrs. R. E. Tamplin of Snyder, one of her triplet sisters, Mrs. Hardy Jones of Wichita Falls and her grandson, two-year-old H. B. Walker, Jr.

Mrs. Tamplin's daughter, Mrs. H. B. Walker, was hostess for the dinner at her home in Ennis Creek. Mrs. Tamplin and her sister were 64 years old. Birthday cake for the three persons was white with pink decorations. Thirty-eight persons were present.

Out of town guests included Mr. and Mrs. Eugene Thomas, Mr. and Mrs. Donald Anderson and children, Mrs. Grace Lee Grider and daughter, Mrs. Loice Young and children and Mrs. Foba Morrow, all of Big Spring, and Mr. and Mrs. R. C. Howard of Midland.

Marilyn Lampson Feted Friday Night With Birthday Party

Marilyn Lampson, daughter of Mr. and Mrs. Ray Lampson of 3009 Thirty-ninth Street, celebrated her thirteenth birthday with a party in Towle Memorial Park Friday night.

Homemade ice cream, cup cakes and punch were served to the group following play on the playground equipment. Those attending were Beth and Bill Smallwood, Patricia Witherspoon, Katheryn Stanley, Bill Jennings, Fred McFarland, Danny Tankersley, Homer Ray, Dorothy and Merle Morriss, Wayne Lampson and the hostess, Mrs. Lampson.

Double Wedding Ceremony Read By Baptist Pastor

Mr. and Mrs. Bill McCright and Mr. and Mrs. Joseph Joy McCright were married in a double wedding June 12 at the First Baptist Church. The Rev. E. K. Shepherd was officiating minister.

Mrs. Bill McCright is the former Miss Shirley Scrivener, daughter of Mr. and Mrs. A. W. Scrivener of Dermott. Parents of the bridegroom are Mr. and Mrs. L. S. McCright, route 2. Mrs. Joseph McCright is the former Miss Marilyn Jo Craig. She is the daughter of Mrs. Eda Mae Hamman, 3006 Avenue J. His parents are Mr. and Mrs. Joe McCright of Dermott.

A. W. Scrivener gave both brides in marriage. His daughter wore a navy blue Irish linen dress trimmed in white. Her accessories were white, and she carried white carnations on a white Bible. She wore her grandmother's wedding ring on a chain and also wore pearl earrings, gift from an aunt, and a sweetheart broach of rhinestones and pearls belonging to Mrs. D. A. Moore.

The other bride wore a white nylon dress with white embroidery. She carried a white Bible topped with pink swe-theart roses. She wore her mother's necklace and a rhinestone bracelet. Mrs. Bedford Sullenger of Colorado City, wearing a tan dress and yellow rose corsage, attended her. Bedford Sullenger was best man.

Ronald Bearden attended Bill McCright.

White carnations were used for church decorations.

Music was provided by Miss Ladell McCright and Miss Janell McCright, who sang "Because."

Both couples went to Carlsbad, N.M., on their wedding trip.

Both Mr. and Mrs. Bill McCright are graduates of Fluvanna High School. He is employed by Western Motor Implement Co. Both Mr. and Mrs. Joseph McCright are graduates of Snyder High School. He is employed by Southwestern Bell Telephone Co.

The two bridegrooms are cousins.

England's famous coronation chair was built in 1300 on orders of Edward I to enclose the famous Stone of Scone which he captured in 1296.

THE ADVENTURES OF PATSY

Giants Show Life In Stand Against Cards

By BEN PHLEGAR
AP Sportswriter

Leo Durocher's reluctant Giants, finally exhibiting signs of arousing from their spring doldrums, move in on the St. Louis Cardinals tonight for their second straight showdown series with a first division club.

Flushed with success after gaining two victories and a tie out of a four-game series with the league-leading Milwaukee Braves the New Yorkers have a chance to prove to their faithful followers that even yet they may fulfill preseason predictions.

Leo's lads generally were picked to finish no worse than third. But most of their battling so far has been to keep up to the .500 mark and somewhere within striking distance of first division.

Durocher has switched his lineup so much he already has qualified for a master's degree in juggling, but he's going back to one of his old reliable formulas in an attempt to whip the third-place Cards. He's sending lefty Dave Koslo to the mound.

For several years Koslo has been no mystery to the other clubs but he has baffled the Red Birds regularly. This season his magic has been missing. He's tried twice and failed against St. Louis, but he won a game in Cincinnati last week.

If Leo can get by with him tonight, he will know there's hope for his club yet.

The Giants will be meeting St. Louis during one of the Cardinals' better periods. In the current home stand the Cards have won six out of seven including a 6-3 verdict over Pittsburgh last night.

Brooklyn continued its miserable Western trip with a 9-4 loss to the Chicago Cubs while in the American League the off-and-on Cleveland Indians won a pair of 5-2 contests from the Washington Senators. The rest of the clubs in both leagues had the day off.

The Dodger's loss shoved them three full games behind the Braves and left them only a game and a half in front of the Cardinals. Cleveland trails the New York Yankees by 10½ games.

Gerry Staley joined the so - far select group of 10-game winners as he checked the Pirates on eight hits. Enos Slaughter drove in three runs with a double and another one with a single.

The tremendous home run threat the Cubs were hoping for when they bought Ralph Kiner to team with Hank Sauer worked out in the best story-book fashion against the Dodgers.

Frank Baumholtz and Dee Fondy singled in the fourth and Kiner delivered them with his 15th homer into the left field seats. The crowd was still cheering as Sauer promptly parked his 10th circuit blast into the same section.

For a change the Indians combined timely hitting with competent pitching to win two games in a row. Bobby Feller and Bob Lemon both went the distance. His teammates backed Feller with a 14-hit attack in the first game and Lemon started a home run barrage against Walt Masterson that won the second.

Hogan Arrives In Scotland; Sets Practice

PRESTWICK, Scotland (AP)—Ben Hogan, the little man with a magic wand for a golf club, landed in Scotland today after a transatlantic flight to prepare for the one major tournament he has never won—the British Open. He's never tried it before.

It was a tanned and smiling Hogan who told those who came to greet him that he had made the trip for three reasons: "Everyone back home wanted me to, this year the British Open doesn't interfere with anything I wanted to play in America and because I am told Carnoustie is one of the finest courses in the world."

The recently crowned U. S. Open Champion will spend two weeks polishing his game for the British Open which will be held on the testing Carnoustie layout from July 6-10. The championship Carnoustie where the 72-hole medal play event will be held probably is the toughest in the British Isles.

Asked upon his arrival whether he'll win Hogan replied "golf tournaments are like horse races—hard to predict. But I shall be trying to win as I do in every tournament."

Just before he took off from New York with his wife and Frank Stranahan, the Toledo strong boy who also will compte, Ben said he planned to start playing the course today. 'I haven't given a thought to the course. After all, no one else can tell you about a golf course."

He said he expects no trouble from the British ball.

"I will use American-made balls that conform to British rules," he said. "The smaller ball goes farther, and anyhow I hope to get in lots of practice."

Ben is just going to follow the same methods he uses in all his tournaments.

"If the big toes are closed, I'll plenty of shots from where I take think the championship tee shots should land," he said. "If the weather is calm for three or four days, I'll begin to drop the ball back to where I think it would be if I were playing against the wind."

TRIED TO STRETCH TRIPLE

Yankee first baseman Don Bollweg is tagged out by Detroit Tiger catcher Matt Batts in a sliding attempt to stretch his three-bagger into an inside-the-park home run in the opening inning of a twin bill nightcap at Yankee Stadium in New York. Umpire is Larry Napp. Batts made the tag after taking throw from shortstop Ray Boone, who relayed center fielder Jim Delsing's throw from the outfield. New York won the first game 6-3. Detroit won the second game 10-3.

Holder Indians Pull Surprise Win Last Night

The Holder Indians, who have held down last place in the Little League for weeks, pulled a surprise last night and defeated the Lions Cubs, second place team, 11-9 in an extra-inning ball game.

Also in last night's play, the Optimist Cadinals put themselves in third place by downing the Kiwanis Braves 2-1. The two games ended the first half of the league. The second half begins tonight.

The Legion Yankees, champions of the first half, will lead off play against the Indians at 7 o'clock tonight. Possible hurler for the Yanks is Dick Hayes, who has not allowed any scoring during his last 15 innings of pitching. The Quarterback Giants and the Braves will meet at 9 o'clock.

The Cubs led off in their tilt last night with three runs in the first inning and four in the second, while the Indians went scoreless. During the next two innings, the Indians scored three runs and the Cubs failed to score.

At the end of the fifth inning, the Cubs were ahead 9-8, then the Indians tied it up in the sixth and forced the Cubs into an extra inning. In the seventh, the Indians brought in two runs. They held the Cubs scoreless.

The Cubs loaded up the bases and prepared to score with Gene Wiggs at bat, but Wiggs popped up to Tommy Minton, who caught it for the last out.

Danny Tankersley and Tim Roberts were winning hurlers, giving up six hits, while their team go 10 hits off Weldon Ware and Gordon Witherspoon. Singles, doubles, and errors accounted for most of the scoring. Each team committed seven errors. There was not a home run in the game.

The Cards and Braves both went scoreless for three innings in their game before the Cards finally brought in two runs in the fourth. The Braves tallied one run in the sixth.

Johnny Griggs and Gayle Courtney, winners, gave up three hits, while Chuck Warren, loser, allowed four. The Cards committed five errors, and the losers had only two.

Yankee Panic Is Hoped For

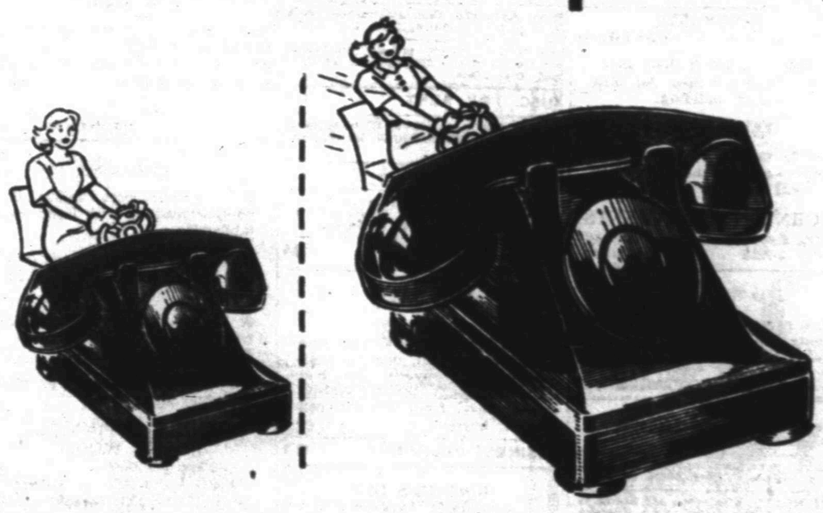

By ED CORRIGAN

NEW YORK (AP)—Remember what Chicago Sox Manager Paul Richards was saying just three short months ago?

That his club had as good a chance as any to win the American League pennant, that the New York Yankees could be beaten, etc.

Now he's changed his mind. Not that he has given up completely. He's not the type. But he's joined the bandwagon of the other managers to the extent that all he says now is that he and his club never will stop trying to catch the Bronx Bombers.

Now, SIX times as much horsepower

THOSE new automobiles you've been seeing have lots more horsepower than the models of a few years back. And, like the new automobiles, your telephone now has lots more horsepower than it did a few years ago—in fact, about six times as much.

Growth of your telephone system is responsible for this gain in telephone horsepower.

The growth of Snyder can be measured by the growth of its telephone system. Today there are more than 4,200 telephones in Snyder—about six times as many as in 1945.

As partners in progress, the telephone company and Snyder have grown amazingly in a short period of time. Almost everywhere you look there is evidence of Snyder's rapid growth—new industries, businesses, residences, churches, and schools.

Telephone people, constantly working behind the scenes, help tie these new homes and businesses into the growing city. And each time a new residence or industry is linked with Snyder's expanding telephone network, the horsepower of your own telephone increases.

And, like those new automobiles, the more your telephone gains in horsepower, the greater its value.

IT is important that telephone operations here be put on a sound financial basis so that the telephone company can remain an active partner in the progress of this growing city.

Truman Black, Manager
Southwestern Bell Telephone Co.

Sports Fans Sometimes Are Mislead By Television Screen

By GAYLE TALBOT

NEW YORK (AP)—We feel it is necessary to bring the nation's vast new television audience along slowly and carefully, and as self-appointed counsellor to the sports section of the nation-wide group we shall from time to time attempt to answer certain puzzling questions and in general smooth the way.

For instance, from the comments we have heard there seems to be some confusion among those who witnessed the middle weight fight between Bobo Olson and Paddy Young the other night here in the Garden. That is, the parlor customers claim that what they saw didn't jibe with what they heard.

They say they saw Olson belting Young all over the ring and raising welts on his features, while at the same time the commentator was assuring them that Bobo was slapping Paddy with open gloves and wasn't hurting him much, really.

Our advice in such a case as this is to hitch up a little closer to the screen and sharply reduce the volume of sound. That should even things up.

A second group which appears to be having some trouble since the coaxial cable ran amock is the horse-racing audience. Those responsible for picturing the big Saturday stake events must be made aware that they have millions of fans now who never previously saw any horse except Trigger.

One of the things the fans do not understand, for example, is the fact that a good, steady rain in the course of an afternoon may actually make a track faster than it would have been if the sun had remained out. They want to know how come the announcer says the track is fast when they can see the water coming down with their own eyes.

The case in point was the running of the Belmont Stakes here on a recent Saturday. Native Dancer won it from Jamie K. in the remarkable time of 2:28.6 for the mile and one-half, only two-fifths of a second off the record for the 85-year-old event. Although screens in millions of homes glistened with moisture and everyone at Belmont plainly was soaked, they called the racing strip "fast." Some thought this gave Alf Vanderbilt's colt less than full credit for his great achievement.

Not at all, says our horse-racing agent. The fellow who's going to "call" the track knows it's raining, all right, but he's more interested in the times made in the preliminary races. On Belmont day he saw a number of average nags whom he knew personally come bouncing down in near-record time just before the big race was run. He knew then that just the right amount of water was on the track to make the horses love it.

Two races after the Belmont, incidentally, as the rain continued to pelt down, the track was officially described as "sloppy." That's second best. After that come "good," "heavy," and, finally, "muddy."

Humble Rolls Ahead In Loop

Humble shut out Sunray last night in one of the fastest games of the city softball league this season.

The Humble team, which is far out in first place, barely edged the Sunray squad in 53 minutes of playing time. The score was 1-0.

Clay Fagan, the winning hurler, allowed four hits, while James Westbrook, the loser, gave up only three. Humble committed one error, and Sunray had none.

The Sunray squad is now tied with Texaco and Magnolia for third place. Lion is in fourth place after taking a forfeit from the DeMolays, last place team, last night.

Texaco will attempt to move into third place alone tonight in a 7:30 o'clock game with Sun, while Hermleigh and National Guard will meet at 9 o'clock.

GI Drives Car That Belonged To King Once

(By The Associated Press)

FRANKFURT, Germany —First Lt. Carl F. Montgomery drives a car fit for a king.

It is a 16-foot long Bugatti Royale built for ex-King Carol of Romania before he fled into permanent exile.

A "Floying Boxcar" pilot at Rhine Main base here, Montgomery bought the sleek 1931 speedster from a British dealer "just for the novelty." Originally, the car cost $40,000. Montgomery won't say what he paid for it.

When he brought it across the English Channel on the Dover-Dunkerque ferry, he was charged the same heavy toll as a city bus.

Driving through a small French town on his way back to Germany, pedestrians cheered as he pased by.

"It's like that everywhere I go," he said.

The car, now 22 years old is still in excellent mechanical condition and "handles as easy as a brand new American car." It gets between seven and eight miles per gallon of gasoline and was built to travel up to 130 miles an hour.

"I haven't opened it up yet," Montgomery says, but admits he has driven it pretty fast.

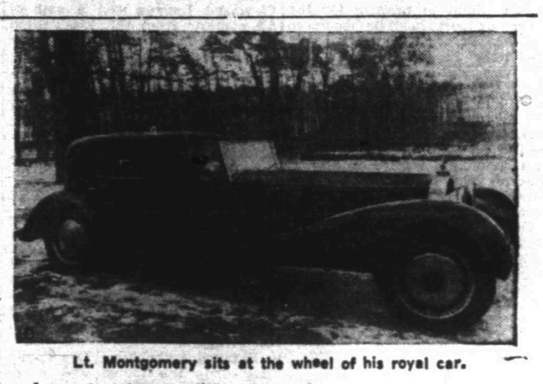

The car was designed and built by Ettore Bugatti who was noted for his fast, expensive and unusual cars. Less than a dozen Royales were built. They were produced chiefly for ruling monarchs.

Montgomery doesn't know exactly how many owners it has had.

It has three forward gears. The first is for starting and the second gear is the direct drive for speeds between two and 90 miles an hour. The third is for use on long straight roads when maximum speed is desired.

Where to park it?

"That's a chinch," Montgomery chuckles, "all I have to do is to find a parking place big enough for two cars, then I squeeze into it."

Lt. Montgomery sits at the wheel of his royal car.

Heavenly Counsel

DAYTON, O. (AP)—Emerson Garling appeared for his arraignment in Federal Court yesterday on a forgery charge with a Bible under his arm.

Judge Lester L. Cecil asked:
"Who is your defense counsel?"
Replied Garling:
"Jesus Christ is my defender and counsellor."
Queried Judge Cecil:
"Do you have anyone locally?"

ISLAND QUEEN — Queen Salote Tougau, ruler of 48,000 subjects on the Tonga Islands in the Pacific, arrives at London's Waterloo Station to attend the coronation.

LEGAL NOTICE

THE STATE OF TEXAS

TO: JAMES H. Bullard
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the third day of August, A. D., 1953, at or before 10 o'clock A. M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 12th day of March, 1953.

The file number of said suit being No. 6118.

The names of the parties in said suit are: Maxine Bullard, as Plaintiff, and James H. Bullard as Defendant.

The nature of said suit being substantially as follows, to wit:

Plaintiff sues for divorce, for the custody of their three children named Jana Kae Bullard and Francis Raeann Bullard and James Michael Bullard, and for costs of suit, alleging cruel treatment that they married July 1,1948 and finally separated April 18, 1952, and that they have not lived together since said final separation, and that there is no property for disposition by the court; that plaintiff has been an actual bona fide inhabitant of Texas for a period of twelve months and has resided in Scurry Co. Texas, for a period of six months, next before the filing of suit.

Issued this the 16th day of June, 1953. Given under my hand and seal of said Court, at office in Snyder, Texas, this the 15th day of June, A. D., 1953.

Eunice Weathersbee, Clerk
District Court Scurry County, Texas
By Deputy

CLASSIFIED DISPLAY

Much Of Soviet Russia Now Open To Foreign Travelers

By THOMAS P. WHITNEY

MOSCOW (AP)—The Soviet government has opened wide areas of European and Asiatic Russia to unrestricted travel by foreigners. The first visitor to benefit from the new freedom will be Mrs. Perle Mesta, President Truman's party-giving minister to Luxembourg.

The relaxation was disclosed last night in an official note delivered to all foreign diplomatic missions in Moscow. It was regarded as a significant step since even foreign diplomats until now have been limited in their movements.

(The order gave no indication that the Soviets' tight policy on admission of foreign visitors was being relaxed. In recent years only carefully screened—and usually sympathetic—travelers have been given entry visas.

(There was no immediate indication from Washington that the Soviet move would be followed by similar U. S. action. Countering Moscow, the U. S. since March, 1952, has required all Soviet officials to get State and Defense Department permission before traveling more than 25 miles from Washington or New York City. Other NATO nations have followed suit.)

Mrs. Mesta, who arrived here June 12 for a visit, plans to leave soon for the Zaborozhe section of the Ukraine, home of the Zaborozhe steel plant and the Dnieper Dam. Although her trip was okayed before the travel bans were relaxed, observers here figured both were part of the same pattern.

The new order apparently clears the way for foreign residents to visit much of European Russia and vast sections of Siberia but it still lists many restricted areas.

It also bans automobile journeys of more than 25 miles outside Moscow, except to three places—the monastery town of Zagorsk, the Tchaikowsky Museum at Klin and the Tolstoy Museum at Yasnaya Polyana, south of Tula. Even these cannot be visited by car without prior notice.

The new regulations also specify 16-mile deep forbidden zones along the Soviet Union's borders with five neighboring countries—Norway, Finland, Turkey, Iran and Afghanistan. There are no such zones, however, along borders with such Soviet allies in Eastern Europe as Poland, or along the Chinese-Russian frontier in Asia.

Despite the remaining restrictions, it apparently is possible now to travel the entire length of the Volga River to its mouth on the Caspian Sea at Astrakhan, and to ride the Trans-Siberian Railway all the way to Vladivostok.

Areas of European Russia in which travel is now permitted include:

1. Most of the Soviet Union's Black Sea coast, including the Crimean Peninsula and such resort centers as Yalta—scene of a famous wartime Big Three meeting, Sochi, Adler and Gagry. Only three Crimean cities, Sevastopol, Kerch and Fedosiya, remain on the restricted list.

2. The arctic ports of Murmansk and Archangel.

3. All of the Ukraine except the western regions and the Black Sea port of Nikolavesk. The order removed previous restrictions on visits to Kiev, the Ukrainian capital, and apparently means that the Dnieper Dam and the industrial Donbas region also may be viewed.

4. All of Byelorussia (White Russia), including its capital city of Minsk. This Soviet republic takes in the border area just east of Poland.

5. All of Soviet Armenia. This region is in the Caucausus, just north of Turkey.

6. All of Soviet Azerbaijan, except the southern area near the Iranian border. Train travel from Baku, oil port on the Caspian Sea, to Tbilisi (Tiflis) also will be permitted.

Although some districts in Central Asia are still on the restricted lists, it will now be possible for foreigners to visit such storied cities as Samarkand, blue-domed capital of Tamerlane; Bokhara; and Tashkent.

Other areas now available to the visitor include all the Trukmen Republic, except for the city of Krasnovosdk on the Caspian Sea. This republic lies just north of Iran on the Caspian's eastern shore.

All of Uzbekistan, except for the Tashkent region, is open. So is the city of Tashkent itself. Uzbekistan lies north of Afghanistan.

Among the sections still closed to foreign travel are:

The Baltic republics of Latvia, Esthonia and Lithuania.

The maritime district in the extreme eastern part of Siberia, although transit is permitted through Vladivostok.

The Gorki region in European Russia, except for travel through the city of Gorki, an industrial and transportation center 20 east of Moscow.

The Mordovian and Udmurt Republics in European Russia and the cities of Molotov, Chelyabinski and Sverdlovsk of the Urals.

The Taimyr region in the extreme north of Siberia and important areas around Omsk, Novosibersk, Krasnoyarsk, Irkustk and the Yenisei River in Siberia.

The Kamchatka Peninsula, which points southward from Northastern Siberia toward the Japanese islands.

PERON'S NEW FRIEND

Maria Teran de Weiss (above) returns the ball in a match at the Hurlingham Club in London Sunday, showing her tennis costume of organdie trimmed with guipure lace and panties to match. Reports from South America say Mrs. de Weiss, a widow, and Argentina's widowed President Juan Peron are becoming quite good friends.

Harry Having Good Time In Washington

WASHINGTON (AP)—Harry S. Truman, one of Washington's happiest tourists of the season, continues a round of social engagements today as a man free of official restrictions.

The former President, moving without the Secret Service escorts which were a part of his every move for nearly eight years, confessed that he enjoyed the change.

"I can go where I want to, see everyone I want to, and stop and talk to anyone I see," he told a reporter.

The 69 -year - old Democrat seemed to be getting a kick out of everything on this first freelance visit since he left the White House Jan. 20.

Truman goes and comes as he pleases from the Hotel Mayflower suite where he is staying with Mrs. Truman and Margaret. Political and personal friends pop in and out every few minutes.

The ex-President called former members of his White House staff together for a luncheon today. He will dine tonight with these same staffers and members of his former Cabinet.

Tomorrow he will meet at a luncheon with members of the Washington committee which is working with others to raise 1¾ million dollars to build a library on the Truman farm at Grandview, Mo., to house his official papers.

He will speak Friday night in Philadelphia.

But, in the meanwhile, he is enjoying himself in Washington.

"So many people tell me they are glad to see me," he said. "Believe me, I'm happy to see them. I've never had a more pleasant reception."

'Total Integration' Sought By Negro Group As National Goal

ST. LOUIS (AP)—The National Association for the Advancement of Colored People now seeks "a total integration of Negroes and other minority groups," Walter White, executive secretary of the association, says.

Speaking at a news conference yesterday, White said progress toward achieving equal educational opportunities for all races, particularly in the South, brought about the change in the NAACP's, goal.

He said the organization has abandoned the "separate but equal theory."

White added many persons "are awakening to the tremendous cost of equal but separate education for the races."

White is here for the 44th annual convention of the association, opening tonight.

'Berserk' GI Kills Soldier, Wounds Barber

MUNSAN (AP) — A U. S. Army private today shot and killed another soldier and seriously wounded a Korean barber at the Munsan provisional camp near advance U. N. truce headquarters.

The Army said the private "apparently went berserk."

Military police arrested the soldier, who is being examined by medical authorities and agents of the Criminal Investigation Division.

Names were withheld.

Some of the West Indian islands have changed hands half a dozen times in the past 400 years says the National Geographic Society.

Movies Save Man In Court From $10 Fine

BUFFALO, N. Y. (AP)—The next time you get a ticket for going through a red light you might try color movies to convince the judge.

Clifton W. Fichtner, a 25-year-old printing salesman, tried it yesterday and he convinced City Judge John W. Ryan.

Fichtner told the court a construction barrier at the busy intersection resulted in heavy traffic that blocked a continuous view of the light.

"To get around the barrier," he said, "it was necessary for the two lines of traffic to merge. The last time I saw the light it was green. I glanced at the light and proceeded."

Nevertheless Motorcycle Patrolman George Tidd gave him a summons. So Fichtner came back later with his camera and took color motion pictures "showing cars doing what I had done."

He showed the movies in court. Judge Ryan asked Tidd if he had any rebuttal.

"I still don't see why the light shouldn't be observed," he replied.

Ryan dismissed the case.

The film operation cost Fichtner $10—the same as the fine for passing a red light.

Judge Caught Web Of Laws

OKLAHOMA CITY (AP)—Hizzoner the judge was in a legal tizzy yesterday.

He accidently violated a city statute, and as he frantically tried to patch things up, he came close to breaking another law.

It all started with a broken water pipe at Judge Evert Crismore's home. His wife woke up and told the judge the lawn was soaking up a lot of water.

Ordinarily, that wouldn't be anything to get excited about.

But in drought-dry Oklahoma City, where the water supply is disappearing faster than apple pie in an orphan's home, a wet lawn can be embarrassing. A city statute says lawn watering is out this summer.

With visions of irate neighbors swimming through his mind, the judge leaped into his car at 5 a.m. and raced for the nearest plumber. Sleepily, the plumber told him all he had to do was take a cutoff tool and stop his water supply. He gave the judge the proper tool.

As Crismore fished for the water valve, he suddenly remembered another city statute. Only a plumber or a water department employe is permitted to touch the gadget.

The judge put the wrench down and called the water department, waiting patiently for the emergency man to show up. Meanwhile, neighbors with raised eyebrows began hopping into their cars to go to work, driving past the shimmering green Crismore lawn.

By now, it was the best-looking lawn in town.

The water man came, turned off the supply, and told the judge when the pipe was fixed he would turn it on.

Crismore, back on the bench, was a little more lenient with the accused defendants that afternoon. He said he now knew first hand what it meant to be caught in a web of circumstantial evidence.

HawaiianLongshoreman Returning To Work

HONOLULU (AP)—Hawaiian longshoremen were expected to return to work today, ending a mass walkout of waterfront and sugar workers protesting a guilty verdict in a Communist conspiracy trial.

Sugar workers returned to their jobs late yesterday.

About 24,000 members of the International Longshoremen's and Warehousemen's Union (Ind) left their jobs after a Federal Court jury Friday convicted union leader Jack Hall and six others of plotting to teach and advocate violent overthrow of the government.

Yesterday soldiers and sailors loaded cargo aboard five Korea-bound freighters as stevedores broke union precedent and refused to work military cargo.

Rhee Opponent Critical Of President's Action

SEOUL (AP)—A political opponent of president Syngman Rhee said today South Korea might be isolated from the free world as a result of Rhee's unilateral action in releasing more than 27,000 war prisoners.

Dr. Chough Pyung Ok, former home minister and defeated vice presidential candidate, did not propose that the prisoners be returned to U. N. stockades, however. He told a news conference anti - Communist North Koreans should have been freed one or two years ago.

Chough called Rhee's action "unwise at this time".

Domestic rabbits which weigh 20 pounds have been developed although their wild ancestors weigh about three pounds.

Only one Italian in 64 has an automobile.

Off Shore Oil Gets Treatment In Panel

By TEX EASLEY

WASHINGTON (AP)—The Senate was again debating today a law for administration of submerged lands.

The bill would authorize the secretary of interior to develop the oil, gas and sulphur deposits of that part of the continental shelf beyond the states' seaboard boundaries.

The bill is a follow-up to the inner shelf states' ownership measure.

That earlier legislation gave the states title to submerged resources within their boundaries but left undecided the administration of resources in the outer area of the shelf.

Under the pending bill, the secretary of interior would adopt as federal law the rules of the abutting coastal states for application scription of the bill.

Sen. Cordon (R-Ore) opened debate late yesterday with a description of the bill.

He told the Senate he would have preferred to see existing federal laws applied outright to the territory. He said the majority of the Interior Committee felt it would be more practical if the laws of the abutting states were adopted.

A provision states that adoption of the state laws as federal laws is not intended to in any way increase the claims that any state might make for control or rights in the outer shelf area.

Sen. Long (D-La) was the lone signer of a minority report of the committee opposing the bill.

"The bill," he wrote, "by denying the states any powers of taxation and refusing them any portion of the revenues which might be derived from the outer continental shelf, fails to recognize the tremendous financial burdens which operations in the area will place upon the states concerned."

He said the families of workers at the offshore wells would reside on land, and that they and the oil companies would use the schools, highways, bridges and other publicly-financed services and facilities.

More than a score of senators are backing an amendment which would dedicate the revenues of the offshore oil development to federal grants to all the states for educational purposes once the present national emergency is ended.

The proposal is expected to get sharp opposition, however. Some who opposed the proposal when it was differed to states ownership legislation covering the inner marginal seas contended it might lead to federal control of the nation's schools.

MISSING GIRL LEAVES CARD

A Father's Day card written by 8-year-old Stella Darlene Nolan stands beside her picture as 150 men search fields and backyards in the Norwalk district of Los Angeles where she disappeared Saturday night. Sheriff's Capt. Foyd Rosenberg said blonde, blue-eyed little Stella disappeared while playing outside her parents food concession at Auction City. Capt Rosenberg says officers are checking a report Stella was playing with a middle-aged man shortly before she disappeared.

Democrats Show Power When Acting Together In Senate

WASHINGTON (AP)—The Senate's 47-42 rejection of an administration economic controls bill indicated today that Democrats will have a strong hand in the final fashioning of any major legislation passed by the GOP Congress.

In a striking demonstration of minority party solidarity, 43 Democrats joined with three Republicans and an independent yesterday to override 42 Republicans and send the controls bill back to conference with the House.

Republican Senators Langer of North Dakota, Williams of Delaware and Young of North Dakota voted with the Democrats. So did Sen. Morse (Ind-Ore).

Involved was a GOP effort, approved by the House, to create a new Small Business Organization (SBA) to make loans of up to $100,000 to smaller concerns. These loans now are handled through the Smaller Defense Plants Administration (SDPA).

Democrats charged this was a "patronage grab" designed to provide jobs for Republicans.

The Republican leadership's defeat was attributed in some quarters to the absence of Sen. Taft (R-Ohio) at the critical stages when a compromise might have been perfected and a showdown vote avoided.

Taft, receiving medical treatment for an ailing hip, wouldn't comment on this aspect, but he said in an interview he believes a compromise still can be worked out which the Dmocrats will support. On the other side, Sen. Maybank (D-SC) said the life of the SDPA will have to be extended for a year or there won't be any small business loan agency at all.

While Taft discounted the lasting effect of the vote, there seemed little doubt that Democrats would be striving to attain such unity again on major legislation.

The minority obviously had in mind the possibility of upsetting a much more important Republican applecart in legislation to extend the reciprocal trade agreements program for a year.

Administration leaders got the bill passed in the House only by a compromise with GOP members who wanted to revise the whole trade program. This was done with an amendment to increase the Tariff Commission from six to seven members, a move aimed at giving Republicans control.

Sen. Lyndon B. Johnson of Texas, the Senate's Democratic leader, said that if the bill comes out of the Senate Finance Committee in this form, Democrats will fight vigorously against the seven-member provision. Sen. George (D-Ga) said the proposal would put tariff decisions "in the hands of a political commision and I'm opposed to it."

rubber and tanned leather from government stockpiles.

Hundreds of firemen fought the stubborn blaze for hours yesterday as volumes of black smoke befogged North Philadelphia and temporarily halted service on a Reading Railroad line overpass alongside the warehouse site. Many firemen were treated for smoke inhalation or minor injuries.

Intense heat foiled attempts to probe the rubble of bricks, wood and blazing rubber bales for possible victims.

Some reports said 12 persons were trapped when the structure suddenly collapsed. But an employe of the warehouse said he was the only one in the building when he felt a shaking like an earthquake, saw flames, and fled to safety before the cave-in.

The FBI, denying reports that sabotage was considered a probability, said it was investigating to ascertain whether "any violation of statutes" effecting destruction of government property was involved.

The government had stored the baled rubber in the building—owned by the Alba Warehouse Company—under a lease contract. There was no immediate indication of the cause of the fire.

Crippled Girl Victim Of 'Crazed Sex Fiend'

ATLANTA (AP)—Police described the death of a 20-year-old crippled woman whose nude, bludgeoned body was found in a wooded area here as "one of the most savage murders in the history of Atlanta."

The woman was identified as Miss Betty Bagby. She was scheduled to enter a hospital here this week for an operation to correct a club-footed condition.

Deective Lt. L. T. Bullard said the murder "could only be the work of a crazed sex fiend."

The woman's left breast had been severed and her skull crushed. Bits of her underclothes had been flung into the branches of trees. Bullard said she wore only heavy corrective surgical shoes and white socks.

Since it was started in 1948 the U. S. Military Air Transport Service has carried more than 1,650,000 military passengers, 240,000 medical patients and 316,000 tons of cargo.

Philadelphia Fire Probed

PHILADELPHIA (AP)—FBI agents and city fire officials today probed ruins of a five-story warehouse which collapsed and burst into flames, destroying tons of baled

One-Man Crime Wave Stopped

CHICAGO (AP)—Detectives seized a youth—later described as a one-man crime wave—as he walked along a South Side street Monday carrying a bundle of freshly washed sheets and pillow cases.

As the detectives questioned Louis Hilton, 20, about the wet wash, a woman appeared demanding the sheets and cases, saying they had been stolen from her clothes line.

Capt. Albert Anderson said after questioning Hilton at Hyde Park station his arrest had solved more crimes than the arrest of any other 25 criminals in Chicago.

"He is a one-man crime syndicate," Anderson said. "He's been stealing for four years except for a few short stretches in jail."

Anderson said Hilton identified scores of complaint sheets involving a variety of crimes. They included robbery, burglaries, larceny from and of autos and accessories from autos, larcenies from hotels and railroad stations, purse snatching, pocket picking, assault with intent to rob and thefts from milk wagons and other types of delivery trucks.

Hilton told police he made between $24 and $40 a day by selling the stolen articles. Laundry has been one of his favorites, he said, because it sold so easily.

"Up to now I've always waited until the laundry was dry on the line," Hilton told police. "But today I got impatient. I can see now where that was a mistake."

Yugoslav Wrestlers Want Asylum In West

SALZBURG, Austria (AP) — Two Yugoslav amateur wrestlers are seeking asylum in the West. They say they don't like President Tito's Communist regime and want to "live in freedom."

Newspapers identified the two as Josef Nayer, his country's heavyweight champion, and Belo Antal, a featherweight. Both were members of the "Spartak" wrestling club which met an Austrian team last weekend at Hallein in the U. S. zone of Austria.

The pair told reporters they boarded a Yugoslav-bound train with their teammates after the matches but escaped when the train stopped at a way station. Both said they want to emigrate to Canada.

French President To Leave Post In December

PARIS (AP) — France, which has had to look for a premier 19 times since World War II, soon will have to find a new president.

The incumbent, Socialist Vincent Auriol, winds up a seven-year term in December. Awarding scholastic prizes at the Sorbonne University last night, he said: "Today is the last time definitely and irrevocably that I will preside over this ceremony."

The students' vacations were "well earned," Auriol said, adding:

"Maybe I, too, have earned mine."

Flying Boxcar Has Disappeared In Japan

TOKYO (AP)—A C119 Flying Boxcar vanished in a rainstorm today with its crew of four and three paratroopers. The big transport was part of the airlift taking the U. S. 187th Regimental Combat Team to Korea.

The pilot radioed shortly after taking off from Southern Japan's Ashiya air base that the gyrocompass had failed and he was returning to base. It was his last message.

Japanese police at Moji, on the northern tip of Kyushu, reported the plane may have crashed into the rugged mountains near there about 6:30 a. m. A ground party was sent into the mountains.
