Martinez: Fastest 13 year old in the nation

Eddy Martinez Jr. of Colorado City came away a champion from one of the most prestigious sporting events for athletes 14 years of age or younger in the United States - the ARCO Jesse Owens National Games in Los Angeles, California last week. Martinez had qualified for the event by winning the 400-meter dash in Dallas with a phenomenal time, for a 13-year-old, of 54.7.

Martinez joined other regional champions from across the United States to compete in the event. Martinez represented the Southwest Region which was made up of 24 athletes - 12 boys and 12 girls. Eight regions participated in the national games which meant there would be eight contestants per event, and going into the 400-meter

County OKs budget; lowers its tax rate

The Mitchell County Commissioners' Court Monday approved a deficit budget for 1991 and approved a lower tax rate.

The budget totals \$3,279,975, a deficit of \$13,213 which will be made up from available funds.

The budget is 5 percent higher than the current budget with increases of \$61,000 for salaries, \$46,000 for insurance, \$15,000 for fire calls, \$10,000 for worker's compensation insurance, \$60,000 for bridges and \$10,000 for the board of economic development. The permanent improvement fund was decreased by \$75,000.

The new budget calls for a three percent average salary increase for elected and appointed employees and

a five percent average salary increase for hourly paid employees.

Budgeted receipts are \$3,266,761. Interest budgeted is \$525,000 with sales tax at \$164,100, and ad valorem tax at \$1,760,661.88.

The new tax rate of 38 cents per \$100 valuation is a 1.7-cent reduction from last year. The total effective tax rate (the amount required to bring in the same amount of tax revenues) was 37.09 cents.

In other business, the court: - approved a request from Lana Standefor for payment of damages to two tires and a wheel she said

City council approves three percent tax hike

The Colorado City Council Tuesday approved a 1990 tax rate of 54.75 cents per \$100 valuation, a three percent increase.

Last year's tax rate was 52.91 cents. The effective tax rate (the amount required to generate the same amount of tax dollars) was 53.15 cents.

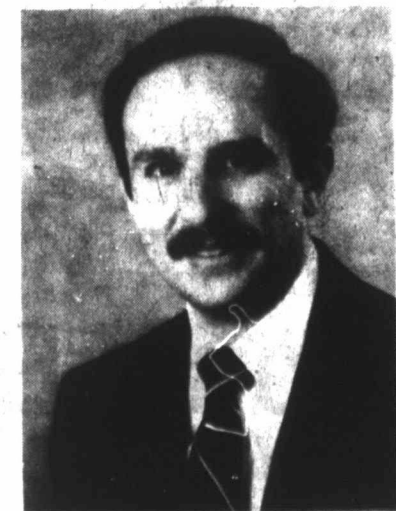

Mayor Jim Baum said the three percent increase will mean an additional \$12,550 in revenue to the city, based on 100 percent collection.

"We know we need the money," Baum said.

The council members agreed, and the motion for the three percent increase passed unanimously.

Jack Agati
...to speak here

The Colorado ISD will host a special meeting Wednesday, Aug. 22, at 8 p.m. in the high school auditorium. The meeting is designed to further acquaint parents and educators with their respective roles in educating today's youth.

Guest speaker will be Jack Agati from London, N.J. Agati has a master's degree in child and family counseling and has 15 years experience as teacher, counselor and director of student services.

"Mr. Agati's presentation will be down-to-earth and humorous," said Supt. Don Nimmo.

Nimmo said Wednesday's "Parents Night Out" meeting will focus on the joint home/school

Nimmo named replacement

Ramsey resigns CISD position

The Colorado ISD board of trustees Monday night accepted the resignation of Dr. Jim Ramsey, superintendent, and named assistant superintendent Don Nimmo to replace him.

The action came following a lengthy executive session. After the board reconvened into regular session, president Dwayne Harris read a brief letter which stated that "subject to the payment of \$60,000", Ramsey and his wife, Phyllis, agreed to resign from their duties and responsibilities in the CISD effective Aug. 14.

Mrs. Ramsey had taught computer literacy at Colorado Middle School but had been reassigned to direct the in-school suspension program for the 1990-91 school year.

Ramsey had 22 months left on his contract.

Harris said the school district will absorb the \$60,000 by not hiring an assistant superintendent for the coming school year and by not hiring a replacement for Mrs. Ramsey. Other school personnel will be utilized for the ISS program.

Nimmo was interim superintendent during the time former superintendent Charlie Uselson resigned and Ramsey was hired.

The board voted unanimously to accept Ramsey's resignation.

"Dr Ramsey, we wish you the best in years to come," said Harris.

Earlier in the meeting, Harris and board members Billy Bruce Bridgford and Kathy Bascham had criticized Ramsey for hiring additional aides for the coming year

NEW TEACHERS - Teachers and aides new to the Colorado ISD were welcomed at a reception Monday as they began a week of in-service training. Seated from left are teachers Adele Morgan, pre-kindergarten; Lea Ann Burnett, first grade; Noel Guerra, middle school band; and Alex Martinez, high school band. Standing from left are Kristi Hartwick, high school special education; Patti Wilson, Hutchinson special education; Judy McArthur, fourth grade; Connie Waldrup, fourth grade; and Mona Crockett, kindergarten.

NEW AIDES - Aides for the Colorado ISD participating in in-service training for new oyees this week are from, left, Carolyn Redwine, Hutchinson; Gayle Younger, reading at middle school; Leigh Ann Erwin, language arts at middle school; Vicki Weaver, computer at Hutchinson; Virginia Mendoza, Kelley; Connie Stone, library at Hutchinson; and Diana Castro, pre-kindergarten.

NEW COACHES - New members of Colorado City's coaching staff this year are, from left, Todd Pollard, Yardy Powell, Sharma Smith, Larry Hartwick and Gary McNeil. They are participating in in-service training for new employees this week.

dash, Martinez had the fastest qualifying time.

As Martinez prepared himself for the race, his confidence level was high, and just prior to the event, Martinez told his dad he was going to win. Immediately, his father, Eddy Sr., replied that the other athletes were just as capable of winning, but Martinez was still determined to take it all.

Going through the race, Martinez practically led all the way but close on his heels was a strong competitor from the Desert Region. As the two came around the last curve, Martinez had the better endurance and won by almost a full tick of the clock as he recorded a time of 55.52, while the second place was time was 56.49.

For his amazing accomplishment, the Colorado Middle School eighth grader was given several awards which included the first place gold medal, he was inducted into the ARCO Jesse Owens Hall of Fame, a \$2,000 scholarship to any university of his choice, a commemorative coin of Jesse Owens, and the Southwest Regional team sweat and uniform.

While in L.A., Martinez stayed in the University of California in Los Angeles (UCLA) dormitories where he toured the campus and played basketball with the other athletes. His stay included a trip to Disneyland, and he also met and took pictures of Irving "Magic" Johnson, Reggie Miller, Henry Tillman, and most importantly, Mrs. Jesse Owens.

The biggest experience that came out of the Jesse Owens game for Martinez is the simple fact of traveling and competing in the National Games in Los Angeles.

In comments about if he thinks he will be the catalyst for other athletes from Mitchell County to participate in years to come, he replied optimistically, "I think events like this help kids, and I hope other kids will try it now."

Although Martinez will not be able to compete next year because of his success, he will get to carry the traditional torch in next year's ARCO Jesse Owens Games in Midland.

resulted from road repairs on County Road 139;

- approved a bid from Hutchins Ford Sales in the amount of \$13,674 (including trade-in) for a 1991 Crown Victoria for the sheriff's department (the only other bidder was Toliver Chevrolet of Sweetwater with \$14,497);

- approved the purchase of a typewriter for the sheriff's office in the amount of \$1,153;

- approved the purchase of a new air conditioning unit with heat pump for the sheriff's office in the amount of \$2,098 from Santos Reyes (the only other bidder was Feaster Heating and Air Conditioning in the amount of \$3,242); and

- approved a request to seek and advertise for bids for a new bull

dozer for precinct four, a water truck for precinct three and two bridge replacements in precinct 4, two in precinct 3 and two in precinct 2.

The commissioners also discussed the 9-1-1 emergency response system planned for the county and said they will continue to work on getting questions answered about the cost of the proposed system. The court is considering conducting an informal vote on the 9-1-1 system during the November general election by having volunteers working at places outside the election distance markers of each precinct on election day and during absentee voting. Commissioners have said they want to know the wishes of the people before going any further with the project and will inform the public of the costs versus the benefits and let them decide whether or not they want 9-1-1.

without the board's knowledge. The aides will be paid with increased federal funds and will assist in teaching slower students in order to improve their test scores.

"I don't see how we can keep adding personnel when we're losing kids," said Bridgford, adding that "I don't like surprises like this. I want to know about it in advance."

Later, Bridgford asked for the executive session during which both Ramsey and Nimmo were called in at various times.

Following the Ramseys' resignations, the board approved the employment of the aides. They are Diana Castro, pre-kindergarten; Virginia Mendoza, Kelley aide; Ann Kay, Kelley speech aide; Connie Stone, library aide at Hutchinson; Carolyn Redwine, Hutchinson aide; Leigh Ann Erwin, language arts aide at middle school; and Gayle Younger, reading aide at Hutchinson. The board also approved Sonja Girvin as middle school secretary and Shelia Redwine as registrar at high school.

The resignation of middle school industrial arts teacher Bruce Evans also was accepted. Evans will be teaching at the Hobbs alternative school. Evans will not be replaced, but instead high school industrial arts teacher Larry Blair will be able to teach the two classes at middle school and four classes at high school because of declining enrollments in the programs.

In other business, the board approved an increase in cafeteria prices for the coming year. Prices per meal were raised 10 cents for students and teachers and 15 cents for visitors. Food services director Christine Cooley said the increases are necessary because of increased food prices. "We're trying to make ends meet," said Cooley, adding that \$11,000 more was spent than budgeted last year.

The last increase in cafeteria prices was in 1987.

The board also approved bids for gasoline, bread and bread products, milk and novelties and cafeteria supplies for the coming school year.

The board denied a request from Mrs. Deborah Newman of Westbrook who requested a transfer

for her three children into the CISD for the 1990-91 school year.

The board suggested that Mrs. Newman ask for a hearing before the Westbrook School Board concerning her complaints with the Westbrook School.

desire to encourage students to become responsible citizens, to develop and a positive self-esteem, to achieve a high level of academic growth and "to show that we (home/school) are in fact working toward the same shared goal for our young people."

"Our staff will be in attendance at the meeting and we urge parents as well as patrons and supporters of our community to attend this special meeting," said Nimmo.

"This also will be a good chance for the parents and teachers to meet," he said.

Refreshments will be served in the cafeteria area following the meeting.

reconsider its ordinance which prohibits persons from bringing alcoholic beverages onto the premises.

Burkhart said he has on the average about 12 customers a week who ask to bring their own liquor into the restaurant to be consumed with their meal.

"I'm not talking about opening a bar," said Burkhart, adding that he only is asking the council to "look at the ordinance and possibly changing" the ordinance for the convenience of those who wish to drink an alcoholic beverage with their meal.

B.H. Parks requested that the council consider his water bills over the past several months. He said he had been out of town and thought the bills were too high. Parks was given an adjustment for the months in question and agreed to pay the amount agreed upon.

No action was taken on a request from Woody Crabtree concerning work he had done at the municipal airport. Crabtree had previously submitted bills for labor and supplies for work done on the pilots' lounge. He said Tuesday night that he was submitting a \$1,930 bill only for materials he had used in the project. The statement also included charges for labor and materials for work done to the beacon.

The city had agreed to spend \$4,000 on the airport project with the pilots furnishing the labor. City Manager Brenda Hammond said the \$4,000 had been expended and that "we paid every bill Woody brought in to us."

Hammond said the city appreciates the work Crabtree performed at the airport, but that the bills in question were brought to the city's attention long after the project had been completed and the money expended.

Ben Lancaster and Tim Fambro of TU Electric presented a proposed contract concerning the sale of water to the city.

No action was taken on the contract which calls for an increase in the amount TU Electric charges the city for water from Lake Colorado City. The city currently pays five cents per 1,000 gallons. The new contract calls for an increase to 10 cents per 1,000, increasing to 30 cents per 1,000 over a five-year period. The current contract expires in July of 1991.

Lancaster noted that area cities pay much more for their water from the Colorado River Municipal Water District with Big Spring paying 57 cents per 1,000 gallons, Snyder, 46 cents, and Odessa, 74 cents.

The council voted to spend \$20,000 for an engineering study on a water study update. Gary Harris and John Kelly of Parkhill, Smith and Cooper said the study will look at the water distribution system and what areas need to be addressed.

The city is considering a bond program to finance improvements in the water distribution system and the engineering study is the first step in that process.

Rees updated the council on the single-member voting district issue. He said everything has been worked out in converting the method of electing council members from at-large to single member districts and that "all we lack is approval of voting locations." LULAC had filed suit against the city seeking the single member districts. Rees said once both sides agree to everything, the Justice Department will have to make the final approval.

In other business, the council:

- approved a carport variance request from Bob Dennis, 863-East 13th Street;

- denied a request from a property owner wanting to deed his property to the city in lieu of payment of back taxes and;

- approved Mike Redwine as a police reserve.

Merritt, Birtcher exchange wedding vows

Sharon Kay Merritt and Curtis Joe Birtcher exchanged wedding vows at 2 p.m. on Saturday, Aug. 11, 1990 at the First United Methodist Church in Alice.

The bride is the daughter of Joe and Carolyn Merritt of Alice and the granddaughter of Mrs. J.F. Merritt of Paris, formerly of Colorado City, and the late Ford Merritt, John M. and Corky Shimer, all former residents of Colorado City. She is the great-niece of Mr. and Mrs. John Tom Merritt of Colorado City.

The groom is the son of Curtis and Martha Birtcher of Tyler.

Rev. Joe Ray of the First United Methodist Church in Seguin performed the double ring ceremony.

The altar area and the choir loft were decorated with ficus trees. Two large bouquets of mixed flowers were arranged at both sides of the front of the church.

Organist was Mrs. Martha Tiller and vocalist was Mrs. Lucy McGuffin, both of Alice.

Given in marriage by her father, the bride wore an elegant dress fabricated of Swiss embroidered silk organza. The portrait neckline was enhanced by a deep flounce edged with intricately patterned silk lace. The same lace bordered the slip drop waisted bodice. The long sweeping skirt gracefully flowed into a voluminous full train elaborately embroidered with silk threads and silk lace. A large butterfly bow of silk organza caught the top of the train. The entire gown was

sprinkled with twinkling Austrian crystals. She carried a bouquet of daisies, roses and calladiums.

Matron of honor was Mrs. Beverly Varga of Irving. She wore a light turquoise dress of raw silk. The tea-length dress featured a sweetheart neckline and puffed sleeves. She carried a mixed bouquet of flowers accented with pink, yellow, iris and turquoise ribbon.

Bridesmaids were Hallie Giles of Carrollton, Elizabeth DeLeon of Baton Rouge, La. and Mrs. Dewanna Crane of Rowlett. They were attired the same as the matron of honor.

Best man was Hal Everett of Dallas. Groomsmen were Dan Bowers of Dallas, Damon Reeves of College Station and Eric Thode of Missouri City.

Ushers were Mike Bowen of Houston, Joe Bob Merritt of Alice and Mike Hatfield of Oklahoma City.

A reception followed at the home of the bride's parents.

The tables inside were covered with white cloths and flower arrangements. The tables outside were covered in pink, yellow, iris

and green cloths. Baskets of Tyler roses sat on the tables as did baskets of rose petal bags and potpourri.

Members of the house party were Amy Cowley of Alice, Robin Falke of Houston, Amy Burt of Rosser, Julie Vernon of College Station, Kim Rohrbough of San Antonio, Sarah Jones of Houston, Pam Thallman of Dallas, Kevin and Terri Downes of Alice, Frances Cowley of Alice, Tommy Taylor of Borger and Jackie Loyd of Alice.

For a going-away trip to Montego Bay, Jamaica, the bride wore a two-piece pant suite made of a purple and white floral print.

The couple will live in Plano where the bride will be teaching high school chemistry. She is a graduate of Alice High School and Texas A&M University. The groom is a graduate of Tyler High School and Texas A&M University. He is employed at DacEasy Software in Dallas.

The groom's parents hosted a rehearsal dinner at the Alice Country Club. Several parties were given for the couple in Dallas, College Station, Alice and Corpus Christi.

Seventy-three attend annual Spade reunion

Seventy-three people registered on Saturday, July 28, 1990 in the Thompson Room of the City National Bank for the Spade Reunion.

At noon the prayer of thanks was given by Jack Jarnagin. It was followed by a covered dish luncheon.

After the meal, Tom Moore, president of the organization called the meeting to order.

Recognition of various family groups revealed the Hargrove family had 17 members, being the largest family group attending.

Couples married longest were: Ross and Mamie Hargrove, Bennie and Jessie Black and Jack and Hattie Lee Jarnagin, all over 60 years.

Coming farthest were: James, Leeann (Moore) Reeves and daughter Shannon from Spokane, Washington.

Youngest present were Krista and David McKenney, children of Gregg and Cynthia McKenney from Lubbock.

One former Spade school teacher was present, Mrs. Mabel (Hood) Logan. She taught at Spade in 1919. She was also the oldest person present, 92 years old.

A program followed the business meeting. It was given by Tom Moore and his daughter, Leeann Reeves. It was called "Momilies" which were familiar cliches, mostly given from Mother to growing children. After they finished, various people from the audience contributed some of their own "Momilies."

Those attending were: from Odessa, Bud Falkner, Mildred Rogers and Paul VanZandt.

From Lubbock were: Nellie Grace Haley, Gregg, Cynthia, Krista and David McKenney.

Grace Heering from George West, Texas; Jesse Ratliff from Burnet, Texas; Jimmy Woodard from San Marcos, Texas; Zelma Mifam, Neal C. Clayton, Delle Bolin and Fawn Seay from San Angelo, Texas also attended.

Also present were Thelma Matlock, Sid and Maxine Compton from Lorraine, Texas; Otto and Ruth VanZandt from Sundown, Texas; Alice Mae Harris, Polly Harris, Utah Kirchner from Azle, Texas; A. Gerhardt from Ira, Texas and Russell Logan from Richardson, Texas.

Others were James, Leeann and Shannon Reeves from Spokane, Washington; Lewis and Mattie Sorrells from Idalou, Texas; Clifton and Rosamond Griff, Joan and Harold Gainey and Durwood McCright from Big Spring; Ray, Lynda and Aaron Schmeltekopf from Austin; Eilene Gipson and Doris Zachry from Abilene; Ann Selvedge and Judy Ann Dye from San Antonio, Texas.

And the following from Colorado City: Mabel Logan, Ross and Mamie Hargrove, Vernon and Aleatha Ratliff, Velma Pond, Kathleen Bolin, J. E. and Herman Salley, Doris and Bill McClellan, J. I. Lane, Harry and Dorris Dookrey, Jesse Bolin, Linnie Williams, Lon Robertson, Bennie and Jessie Black, Abbie and Jewell Northcutt, Jack and Hattie Jarnagin, L. L. Hartsfield, Alma Loveless, Robert Bolin and Tom and Minnie

TWO-A-DAYS - Colorado High School Wolves began two-a-day work outs Monday as they prepare for their season opened against Ballinger. Here, Mark Monroe, left, and Kevin Green show their versatility on the field.

LISTEN UP, MEN - CHS Head Coach Tom Ramsey, right, gives instructions to Avan Ceballos and Rudy Melendez during practice Tuesday. Looking on are Cade Proctor, left, and LeRon Miles.

Wolves begin workouts

The Wolves have begun their quest for another district title as the mighty Wolf Pack started two-a-day work-outs on Monday, August 13.

Although the Wolves finished 4-6 last season, this year's squad has come in with a positive attitude and the same goal of capturing the

coveted crown in the new district which consists of Kermit, Crane, Reagan County, Midland-Greenwood, and Sonora.

Returning from last year are George Ramsey, senior; Jeremy Strain, senior; Tracy Molina, senior; Avan Ceballos, senior; Jason Lawson, senior; Bobby Silva, senior; Kevin Green, junior; Mark Monroe, junior; and Darron Emmerson, junior.

Since last football season, Colorado City has had a few moves that will start on offense or defense. A brother duo from Sweetwater are senior, Robbie Smith, and junior, Mark. The two moved last spring and have adapted well to the new atmosphere. Also adapting well is Chris Williams. Williams is a junior who will have the middle linebacker job, even though Williams is relatively small, his speed and quickness will be a definite advantage for him. Darron Emmerson is a returnee from last year's team, but he moved to California for a several months. He's back and will be used a skill player. Another move in who is expected to be productive is LaRon Miles. Miles has good speed and will have a chance to start on the defensive side of the ball.

The rest of the roster consists of Rene Rivera, senior; Johnny Martinez, senior; Michael Espinoza, senior; Paul Molina, senior; Jesse Aguilar, senior; Greg Parker, junior; Cade Proctor, junior; Chris Sanchez, junior; Jeff Potter, junior; Oliver Sosa, junior;

Rudy Melendez, junior; Robert Sadler, junior; Sammy Luera, junior; Justin Sullivan, junior; and Jerry Lemons, junior.

On offense, the Pack will be a little smaller in the "trenches" and will somewhat have to have the "big play" from time to time, but the defense is looking good in the early stages. Speed and quickness will be one of the defense's strongest assets, and nine of the eleven potential defensive starters have been clocked in the 40 yard dash in 4.9 or better. Another facet of the game that the Wolves will exceed in are the skill people.

One of the skill players is Green. He played running-back last year and had a solid game, but this year he has been moved to wide receiver where big things are expected of him. Two other receivers who are likely to see a lot of the leather ball are Molina, who is a speedster, and Parker, who had an excellent season last year for the Junior Varsity team. Ramsey will return at the QB position and running back R. Smith, is expected to help in the Wolf assault.

Although other district teams have counted the Wolves down and out, as long as the Pack is prowling, the proud and mighty are never down and certainly out.

Hi, I'm Willard Weaver and I work for TU Electric. You may not know, but often there are power lines buried underground, as well as overhead... sometimes even in your own yard! I'm telling you this because every year a number of serious injuries or deaths are caused by people accidentally digging into buried power lines.

Electrical safety is a priority.

These types of accidents can easily be avoided. If people would just think before they dig. Know the location of underground electric lines before you dig. If you're not sure, call us at TU Electric.

We care about your safety.

TU Electric to implement 10.2 percent rate increase

TU Electric announced Monday that it will implement an average annual 10.2 percent increase in rates, under bond in accordance with state law.

The increase will mean an additional \$7 to \$8 per month on the average residential bill. The first bills to reflect the increase are expected to reach customers on about Aug. 4.

This is TU Electric's first general rate increase in more than six years. By taking advantage of declining fuel costs, the company has been able to lower its rates twice since 1984. The increase announced Monday will bring rates back to about their 1984 level.

TU Electric's present rates are the sixth lowest among the nation's 25 largest cities and are second lowest among the investor-owned electric utilities in Texas.

"The new rates are necessary at this time to prevent further deterioration of the company's financial integrity," said Earle Nye, chairman and chief executive of TU Electric. "The increase we requested and are placing into effect is the minimum necessary to allow us to continue providing reliable and competitively priced electric service."

TU Electric filed a request on Jan. 16 with local regulators and the Public Utility

Commission of Texas for an annual revenue increase of 10.2 percent, which would raise the company's annual revenues by \$442 million. Hearings on the request began before the PUC on April 26 and are continuing.

The Public Utility Regulatory Act authorizes a utility to place its proposed rates into effect under bond if the PUC fails to make a final decision in the case within 185 days of the filing. TU Electric was authorized to implement new rates under bond in this case on or after July 21. The bond assures a refund, with interest, to customers if the PUC approves an amount lower than the company requested after hearings are concluded.

TU Electric offers a number of programs to make bill paying easier, including average billing and special services for senior citizens, and sponsors the Energy Aid program which is administered by local social service organizations.

TU Electric serves more than 5 million people in 87 counties of North Central, West and East Texas.

Loraine Personals

...by Lois Phillips

I borrowed an article from the Abilene Reporter News that I thought was worth repeating. I hope you will give it much thought at this time in your life.

A little boy was heard saying his prayer and this is how it went: "Dear God, please take care of Mom and Dad and look after my sisters

and brothers and me. And please, God, take good care of yourself. If anything should happen to you, we are all sunk."

My the truth in a child's thinking.

Reaching way back I will repeat this gem. "God is still on His throne, and prayer changes things."

Yes, maybe I am realizing more and more how much we really depend on our Lord. We sail through life criticizing our fellow citizens, our church members, our pastor and each other and something bad happens to family or friends and we sorta remember to depend on God, but why do we always have to wait for a crisis before we wake-up?

I am sure this thing happening in the Middle East is going to tell us something about how we must depend on God or like the little boy we will all be sunk or someone we love dearly will be caught up in this business of what ever happens in the Middle East.

Well good morning again. This is another Tuesday morning and I will try to supply you with a little of what's happening in our small corner of the world.

Recently Superintendent Glenn Sanders and principal Doug Foshee went to Austin in regards to Senate Bill No. 1. They were accompanied by their wives on this trip.

While driving down the streets of Austin someone yelled Ya! Loraine Bulldog and pulled his car over. It was a fellow that none of our people knew. He turned out to be our own Johnnie Horton. Both his parents went to school here and so did he.

He noticed our school car with its markings on it and decided to see who was running his old school system these days. Also while driving on the streets in Austin they saw Linda Johnson who was our band director at one time.

They did not get a chance to talk to her. It is a small world after all.

Troy and Jean Keagans came to Loraine to visit her mother, Syble Walker for a few days.

Thanks Jean for your phone call and for the nice things you say. We are always glad to hear from you guys.

Grady and Elnora Mitchell had their pretty daughter with them on Sunday morning at church.

Trisha Mitchell is home from Georgia where she spent the summer with her mother's family. I know she had lots of fun and learned how things are done after you leave Texas.

Trisha is home now getting ready, for college will begin before long. Glad you are home.

Iris Preston and Chrystene Hall met Harold Ray, Susan, Matt and Ben Preston in Abilene for a day recently.

Matt will enroll in Baylor University as a freshman this fall having finished high school in Brownwood this spring.

Latrice Henderson had lunch in Colorado City last Sunday with her daughter and son-in-law, Bob and Laverne Chalker. Bob's mother was also a guest in the Chalker home.

James, Cheryl, Lauren and Nathan Duke visited their grandmother and great-grandmother, Trixie West in the Loraine Nursing Center recently. Also visiting was Bonnie Ruth West House.

Trixie was in Sweetwater last weekend visiting a daughter and husband Don and LaRue Riley.

Alvin Jarrett of Ft. David is not doing very well I am told. He is a real sick fellow.

Alvin is special to those of us who saw him grow up and attend school here with his brother James Jarrett and sister Margaret. They were very special members of First Baptist Church. Our prayers go out

to these nice folks.

Ray and Peggy Harmon are visiting in Loraine with her mother and in Colorado City with Ray's mother.

Also visiting here are Ray and Peggy's daughter Pam and husband Chris and sons Christian and James. They are all from Greenville. I forgot to tell you Peggy's mom is Elba Mae Evans, also they visited the sister and husband Jackie and Patsy Walker.

Of course, you know Peggy Beaty Harmon is a Loraine product, while husband grew up in Colorado City. The Harmon's daughter and families name is Chris Siebenhausen.

The twins have been to Loraine visiting with grandparents Jackie and Patsy Walker. They are Garrett and Ryan son's of Greg and Robin Walker of Big Spring.

You know that is double pleasure or double trouble, but I am sure it was double pleasure for Jackie and Patsy.

Joey Lucas of Houston has returned to Houston after a visit with his parents Top and Modest Lucas and brother and wife, Rick, Gloria, Heather and Ryan Lucas.

He also visited other relatives in the area, also his aunt and uncle Everett and Jean Haggerton who are both ill at this time.

Junior and Dorothy Green lost an employee last week. Shawn Key went home to Lubbock to get ready for school. He and his brother Brian have helped their grandparents out at the store this summer. Since granddad had heart surgery they really came in handy.

One of Brian's little sisters is here with him visiting. The other one has already spent time here. They are all real sweet kids. They are Steve and Marsha Key's kids.

Donnie, Sandy and Chris were at Inks Lake over the weekend and visited her mother Reba Gross at Lake Buchanan and in San Marcos where they attended Larry Gross' wedding. Larry is Sandy's brother. Great Gross returned home with them to spend the week. He is Sandy's nephew.

Mike, Mary Glenda and Chris Owens visited her parents, the Elmer Rainey's over the weekend.

Mrs. Clarence Lee, sister of Elmer Rainey came and picked them up recently and they all went to Logansport, LA where Elmer and his sister were raised. They visited lots of places they knew in their growing up years. I think that is nice.

George Lee Jr., Faye and Clayton visited Faye's family in Arkansas last week. I am sure they had a nice trip but we are glad they are home.

Activity has started on the Hill for the school year. The boys are doing two a days now and we hope to have a winning team.

Good luck coaches and guys.

I don't believe I have told you that Henry, Lisa and Mandy are getting a new home built out behind their trailer house. I know they will be glad to move into it before long.

Congratulations to the Mitchells, we are happy for you.

Defensive driving set Aug. 21, 23

A defensive driving course is scheduled for Aug. 21 and 23 at the Wallace Center in Colorado City, sponsored through Western Texas College in Snyder. The classroom sessions offer pointers in preventing accidents in spite of the incorrect actions of others and adverse driving conditions.

The course will have two sessions on Tuesday and Thursday nights from 6-10 p.m. Films and other visual aids will be used to demonstrate how to improve driving skills.

Persons completing this course will be eligible for a reduction in insurance premium rates, also for possible ticket removal. The fee for persons 60 and over is \$20. Others pay a fee of \$25.

You may register at the Wallace Community Education Center by Aug. 20. For more information call 728-2392.
