EIGHT MEET DEATH IN EXPLOSION

Hawks Gliding Across Nation

TULSA, Okla., April 3.—Continuing his trans-continental glider flight, Captain Frank Hawk took off from Garland airport here at 10:15 a. m., today with East St. Louis, Ill., his goal for tonight's stop. His departure, planned for 7 a. m., was delayed by fog and a low ceiling. A stop at Springfield, Mo., after passing over Claremore, Vinita and Miami, Okla., was the only one scheduled on the flight to East St. Louis.

REPORT THREE POWER ACCORD IS PERFECTED

A M E R I C A N S , J A P A N E S E AND BRITISH IN AGREEMENT

LONDON, April 2.—Official announcement was made at American delegation headquarters today that the American, British and Japanese are in complete accord.

The American and British, at a meeting with the Japanese at St. James' palace, indicated acceptance of the Japanese reservations.

No difficulty. The only points to be settled were details relating to Japanese reservations on the scrapping and replacing of ships in order to keep their dockyards working. It was said there would be no factor of difficulty in any of the Japanese reservations.

Senator Reed, credited by his colleagues with having been instrumental in solving the American, British and Japanese problem, made the following statement to newspapermen after the meeting:

"I cannot too strongly impress on you the fine spirit in which the Japanese and British have met us."

MURDER CHARGES ARE FILED IN DROWNING LUBBOCK HOST TO DALLAS BOOSTERS

PARTY TO BE IN CITY FOR VISIT TODAY

CHAMBER OF COMMERCE SPONSOR TO GOOD WILL EXCURSION

Contact with some of Texas' leading business and professional men will be offered Lubbock citizens today when the good-will party, composed of 25 Dallas men and sponsored by the Dallas Chamber of Commerce, arrives in the city at 3:25 o'clock by special train at the Santa Fe station.

Lubbock Chamber of Commerce officials and other local business men will meet the visiting delegation at the depot, and a short trip over the city by automobile will follow.

To Visit Tech. At four o'clock the party will be taken to Texas Technological college for a 45 minute inspection of the textile engineering building.

Following inspection of this building every business and professional man or woman of Lubbock is invited to gather in the auditorium of the chemistry building where a general round table discussion will be held.

According to advance information sent out by Homer D. Wade, manager of the Dallas chamber of commerce, the trip is merely one of good-will and is being made that the Dallas men may get first hand information of the problems confronting this territory.

"We have nothing to sell but goodwill," said Mr. Wade, "and we seek to offer you and your people every cooperation possible."

The visitors will be Nathan Adair, (Turn to Page 14, Column 6, Please)

TAKES OWN LIFE

Her name had faded from Broadway's bright lights. A drastic diet, undertaken in the hope of reducing her weight and thus returning to the stage, had undermined her health. So beautiful Allyn King, below, once famous as a Ziegfeld star, leaped to her death from her apartment's fifth floor apartment in New York.

DON JONES IS KIWANIS CLUB TALKER TODAY

AGRICULTURE OF AREA TALKED BY HEAD OF EXPERIMENT FARM

Pointing out that the stress of agriculture has been coming for five years and that the South Plains section is just now confronted with the task of standing on its feet, Don L. Jones, manager of the state agricultural experiment station here, gave an interesting talk on agriculture as a feature of the regular weekly luncheon program of the Lubbock Kiwanis club in Hotel Lubbock today.

Optimism permeated Mr. Jones' remarks as he told of the prospects and indications for a crop in the section. The agricultural committee, with L. C. Ellis as chairman was in charge of the program.

"The cold weather we had in January aided agriculture," Mr. Jones said, "as it penetrated the ground for 12 or 14 inches and killed out the insects which were hibernating." He told of the moisture of the soil as being about 75 per cent normal.

ARRESTS ARE ECHO TO LONG QUESTIONING

THREE MEN HELD AFTER BODIES RECOVERED FROM RIVER

(By Associated Press) HOUSTON, April 3.—

Three murder charges each against three men were filed before a justice of the peace here today in connection with the drowning in the San Jacinto river Monday night of three men, two whites and one negro. The three charged were Nick Gress, Bill Cunningham and Robert Mahley.

Gress, Cunningham and Mahley, with the three dead men, Albert Miller, Joe Scott and Pete McGee, the last of whose bodies was recovered last night, were at first reported to have been en route to a fishing camp when the cooling connection on the motor in their boat became loose, flooding and stinking the boat. The survivors reported the three dead men had been drowned.

Women Questioned. Charges against the three were filed after two women, Avis Larry, 18, and Mrs. Anne Proctor, 19, had been submitted to all-night questioning by police and Assistant District Attorney Leland Cox. Cox claimed the women made statements tending to show foul play.

Cox said the women admitted being present before and after the men were drowned, indicating suspicious circumstances.

None of the men charged were under arrest early this morning, a posse of officers left for the neighborhood. (Turn to Page 14, Column 4, Please)

STUDENTS, COPS STAGE SKIRMISH

LOS ANGELES, April 3 (AP)—Brought calls for 300 policemen brought emergency squads to the streets about the University of Southern California today as hundreds of students fought officers who attempted to rescue a policeman, said to have been manhandled after his automobile collided with that of a girl student.

SEARCH CONTINUES SWEETWATER, April 3 (AP)—Search continued today for Jules Armstrong, under burglary charges who escaped for the second time from the county jail. His first escape was on March 6. Yesterday six climates refused to leave with him after Armstrong had saved several bars from his cell. (Turn to Page 13, Column 6, Please)

FIRST AIR PICTURES OF SCENIC WEST TEXAS CAPROCK TAKEN THIS MORNING; LUBBOCK AND TECH ARE "SHOT"

A monoplane hovered low over the caprock this morning as an aero camera clicked as representatives from the Texas Flying Service made the first pictures that have ever been filmed from the air of this rugged bit of West Texas topography.

Flying from the Lubbock airport shortly after 11 o'clock, the air bird, powered by a V-8 Wright whirlwind motor, reached the caprock region in twenty minutes and circled at an altitude of 1000 feet to photograph a scenic spot on the edge of the huge rock cliff. The pictures were made a short distance beyond Southland.

Lubbock "Shot" Following the jaunt over Garza county, the party, including pilot, photographer, newspaper representative and a member of the Lubbock chamber of commerce, flew back over the city of Lubbock to make "shots" of the Plains metropolis from the sky.

Four pictures were made over Lubbock, including a view of the Lubbock chamber of commerce and Allan Carney, of the Journal staff.

From here the fliers go to Plainview and Amarillo to take similar aerial pictures.

'Jake Paralysis' Is In Littlefield

Dr. J. W. Rollo, city health officer, today reported two new cases of "jake paralysis," both residents of Littlefield. The two came to Lubbock last night for medical examination and Dr. Rollo said this morning that their condition was much the same as others which have been reported here.

The men, whose names were not revealed, reported that there are about twenty such cases in Littlefield, all of similar nature. Samples of the "jake" are being obtained here today by Dr. Rollo and will be sent to Austin for complete analysis by the state department of health. Report of the findings probably will be revealed within the next three or four days.

Twenty-Two Cases Here. A report made at a meeting of the Lubbock-Crosby County Medical society last Tuesday night showed that some twenty-two cases of the malady had been found in Lubbock and vicinity and, following the meeting, Dr. Rollo issued a warning against drinking Jamaica ginger or other similar intoxicants.

Medical science is baffled by the strange affliction and at this time there is no known cure and for that reason every precaution is to be taken to prevent further cases. Drinkers of the liquor develop rheumatism of the legs, numbness in the feet and sometimes paralysis from the hip down, physicians report. The affliction usually comes from one to four weeks after drinking the liquid.

STRICKEL IS FOUND GUILTY

LUBBOCK RANCHER IS GIVEN FOUR-YEAR PRISON TERM

LEVELLAND, April 3.—Following a deliberation of two and one-half hours, jury in the murder trial of W. T. Strickel, Lubbock rancher, returned a verdict of guilty and assessed a penalty of four years in the state penitentiary. Strickel was charged in connection with the fatal shooting of Francisco Carrasco on his Cochran county ranch in July, 1929.

After reading of the sentence Strickel seemed unmoved by the verdict. He was placed in the Hockley county jail, though it is understood last night that his attorneys are making efforts to obtain his release on an appeal bond.

Crowds Attend. Arguments in the case, which has attracted large crowds since opening here last Monday, were started Wednesday morning at 11 o'clock and closed about 3 o'clock in the afternoon.

According to the story brought out by the defense, Strickel had sought to influence Carrasco to return under employ of the ranch in noon today. (Turn to Page 13, Column 6, Please)

SCORES HURT IN SERIES OF BLASTS TODAY

BODIES ARE FOUND IN DEBRIS OF FIRE WORKS PLANT

(By Associated Press) PHILADELPHIA, April 3.—Eight persons were killed and scores of others injured in a series of explosions today at the plant of the Pennsylvania Fire Works Display Company, Inc., at Devon, 16 miles west of Philadelphia. About 35 injured persons were taken to the Bryn Mawr hospital.

A number of bodies were found in the debris of the wrecked plant, and search was continued for others.

Fire companies from many of the suburban towns rushed to the scene of the blast and gave first aid to injured, using all sorts of vehicles to rush them to the hospital.

The explosion was so terrific it was felt and heard for many miles. Much damage was caused in the immediate vicinity.

Automobiles passing the plant at the time were said to have been thrown from the road.

The plant of Benjamin T. Dentner, short distance from the scene of the explosion, where 200 persons were employed was partly wrecked. (Turn to Page 14, Column 2, Please)

LUBBOCK GETS AID IN FIGHT

RETAIL MERCHANTS TO SEEK NEXT CONFAB OF ASSOCIATION

The Fort Worth Retail Credit Men's association has voted to support Lubbock one hundred per cent in its effort to secure the 1931 convention of the Retail Merchants association of Texas, according to a message received today by the local association from E. G. Graves, secretary of the Fort Worth group.

Lubbock has asked for the convention on other occasions and during the past several months has been working to line up the support of all Texas towns and cities for the fight to be staged at the 1931 convention which is to be held in New Braunfels May 15, 20 and 21.

In addition to the telegram received this morning, the local association has received a large number of letters from towns all over Texas. (Turn to Page 14, Column 2, Please)

Two Charged With Theft Of Gasoline

Leonard Carson, of Snyder, and L. A. O. Morris, of Oklahoma, were lodged in the Lubbock county jail this morning following a 4-1/2 hour search of the Pecos, G. B. Scott on charges of theft of gasoline.

"Friday Afternoon Literary Program" Is Given At Function

Seven Women Are Hostesses To TEL Class In Home Of Mrs. Joe George

ALL dignity was laid aside and delightful informality marked the party given for the T. E. L. class of the First Baptist church Wednesday afternoon in the home of Mrs. Joe George, 2319 16th street. Hostesses were Mesdames George, J. I. Noah, Z. L. Wright, Ed Hutson, E. A. Patterson, C. W. Alexander, and Mary McComb.

An all-time "Friday afternoon literary program" featured the entertainment. Musical numbers were given by Mesdames Fred Linton and Frank Barclay, who sang a duet, and Mesdames Ed Vaughn, W. A. Stahl, H. G. Love, and O. A. Tiner, who gave a duet. Readings were given by Mesdames C. R. Payne, and W. A. Jackson.

Mesdames H. G. Brock, J. I. Noah, Mary McComb, and Miss Elizabeth Hargrave held an interesting debate on the subject, "Resolved: That the modern flapper is more attractive than the girl of yesterday," and roll call was answered with few lines from "The Yellow Wallpaper."

A lovely chicken salad plate with coffee and cream and for bookkeeping made by Mrs. R. L. McKnight were served at the close of the afternoon. The Easter theme was emphasized in all details of the plate, with Easter chicks going as special favors to officers and the teacher.

Those attending the function were Mesdames J. T. Bullock, C. L. Foster, C. H. Dana, O. A. Tiner, N. W. Brown, J. L. Scott, E. D. McArthur, Fred A. Owens, Fred A. Jurgens, J. D. Carrett, R. O. Miss Fisher Given Party Wednesday

Miss Addie Fisher was named honor guest at an attractive bridge party given by Miss Goldie Gibson, 2402 4th street, Wednesday evening.

The honoree was presented an attractive gift and after an hour of games, refreshments were served to Misses Julia Morrison, Fay Guin, Lucille Owens, Lucile Lillardahl, Lucile Gohbert, Ina Mickey, Helen Law, Clara Day, Opal Black, Gladys K. Walker, Maxie Shotton, Lorraine Smith, Johnnie Russell, Edith Ince, Lorena Cheshire, Raymond and Ransom Robinson, Raymond Preston, Sam Middleton, Ora Ella Gray, Leo Harvey, Marcel Sawyer, Ottye Stratton, Inez Stratton, Gaeta Stratton, Bernice Lane, Mae Kerna Pauline Terry, Floyd Summerlin, Goldie Gibson, Irene Evans, Mrs. Vernon McCullough, and the honoree.

Dean A. H. Leidigh Speaks At Meeting

"Establishing a School Policy," was the subject discussed by Dean A. H. Leidigh at a supper and teachers' meeting held at the First Presbyterian church Wednesday evening.

N. L. Peters, general superintendent, led a devotional on the subject "Christ First" and presided for the business session, which was featured by annual committee reports. L. C. Ellis gave the treasurer's report, while R. T. Orvies read the report of the secretary.

The supper was served by the following intermediate girls: Ruth Lewis, Ruth Wagner, Mary Wilson and Julia Blackwell.

Popular Couple Weds In Chicago

R. Guy Carter and Miss Phyllis Burison were married Monday, March 24 at 12 o'clock noon in Chicago at the Episcopal Church of the Redeemer. The Rev. W. W. Harstich read the ceremony in the presence of Mr. Carter's University friends.

The bride's wedding dress was an ensemble in blue and gray with accessories in the same colors. Both young people are well known here. Mr. Carter was associated with the Lubbock sanitarium for a number of years. She is a graduate nurse from King's Daughters hospital, Temple.

Mr. Carter, whose home is in Clovis, N. M., is a graduate of Texas Technological college, where he was active in pre-law work. He was president of the Phi Gamma Mu social science fraternity at the college during his last year at Tech. Two years ago Mr. Carter received a scholarship to the law school of the University of Chicago and has been in school there since that time. He will receive his law degree in August.

The couple are at home at 6106 University Avenue, Chicago.

Two Hundred Fifty To Attend Outing

The outstanding day of the year for Lubbock high school students—senior day—will be celebrated by motoring to Silver Falls, near Coonorton, Tuesday, May 14.

The group has already made plans to leave the high school building about sun-up and to motor to Silver Falls where the day will be spent in skating, swimming and boating. The exclusive use of all facilities has been granted the seniors.

Approximately 250 students are expected to attend the picnic, according to an announcement of C. O. Cox, one of the sponsors.

Other sponsors of the class are Misses Dorothy Lomas, Hazel Armstrong, and Gertrude Daniel, Misses W. Witt and R. T. Groves.

Entertainment Features Are Planned For P-T. A. Convention In Stamford

Preparations are well under way for the second annual conference of the fourteenth district Parent-Teachers association which is to be held in Stamford April 8, 9 and 10. The Chamber of Commerce is giving two complimentary lunches, one to be held in the Central Presbyterian church on the second day of the conference and one in the Methodist church on the third day of the conference.

Mrs. Stephen Chamness, the state executive secretary, will represent the state and will remain the entire three days. Mrs. Emanuel Toomin, state chairman of humane education, will be present the first afternoon. There will be a musical reception given by the Stamford Music club on the first afternoon of the conference and on the second afternoon there will be a theatre party given by the Pierion club of Stamford.

The theme of the meeting is "Worthy Home Membership Through Parent Education," and the programs are planned so that each one is outstanding in its benefits for the delegates. There will be speakers from Texas Tech college, Simmons university and McMurry college. The necessity of parental education will be taken up from the standpoint of church, school, home, college, health, wise use of leisure and humane education, Mrs. Cham-

ness will conduct a workers conference on the first afternoon that will be of special benefit to the delegates. Special conferences will be held on the subjects of city councils, county councils, pre-school publicity and scrap books, standard associations, high school associations and a question box will be open at all times where the delegates may receive answers to any question asked.

Those appearing on the program from Lubbock are as follows: Dr. Paul W. Horn who will speak the second evening on the subject of "Parental Education in College," Miss Mae Murfee who will use for her subject, the second afternoon, "Value of the Parent-Teacher association in Rural Life," Miss Elizabeth Pickett of Tech college who will play a violin solo, and Mrs. T. A. White who will read. Several local women are on committees: Mrs. A. C. Surman of Post, president of the district, assisted by the executive board will preside at the meeting.

Nine Freight Cars Are Attached Today

ST. LOUIS, April 3 (AP)—Nine new freight cars en route through here to the National railways of Mexico were attached by authority of the circuit court today.

The action was taken on the suit of the Nassau Beekman Investing company of New York to recover \$2,800 past due interest on bonds of the railways. The petition for attachment probably was the longest of its kind ever filed here, containing eighty pages with forty-five counts.

Barlow N. Grant, attorney for the investment firm, explained the writ "was brought here because the bond coupons are payable only in the United States."

Cannon Used In Oil Tank Fire Fighting

ELDORADO, Ark., April 3. (AP)—A three inch cannon was used by firemen tonight in fighting a blazing 50,000 barrel oil tank in the "tank farm" of the Magnolia Petroleum company near here, ignited by lightning. The fire threatened 25 other oil filled tanks.

Five holes were blown in the metal tank to drain oil into earthen pits. This it was hoped to prevent the oil boiling over the tank and setting fire to adjacent storage basins.

Company officials estimated the loss at \$90,000.

J. Frank Norris Is Winner In Court Row

AUSTIN, April 3 (AP)—A jury returned a verdict on special issues apparently favorable to defendants Wednesday in the case of J. E. Smith against Rev. J. Frank Norris of Fort Worth and others, on trial in district court for several weeks on a plea of privilege.

The effect of the verdict, attorneys said, was that defendants had a right to be sued in their home counties.

Smith, half brother of the late John A. Jackson, alleged he had been defrauded out of his share of the \$200,000 Jackson estate, when it was distributed in a settlement, agreement and probate.

John D. Rockefeller has spent more than \$750,000,000 in benevolences during his long life.

DEMO SOLONS ATTACKED IN DELAY EFFORT

CHARGE SENATORS OF SCREENING ACTION WITH PROPOGANDA

WASHINGTON, April 3. (P)—Explaining that democratic senators had cast a total of 1,010 votes either for increased tariff rates or against proposed decreases, Senator Watson of Indiana, the republican leader, charged today a large majority were attempting to "screen their own actions behind a curtain of propaganda smoke."

"In view of the assaults on the senate tariff bill emanating from the democratic propaganda bureau under the names of individual senators," Watson said, "it is illuminating to examine the votes cast by the democratic senators during the months they delayed action on this bill and thus contributed so largely to business unsettlement and consequent unemployment."

Says Votes Split
His statement, issued through the republican national committee, said 528 democratic votes had been cast for rate increases and 484 against decreases.

"In the light of the facts," he said, "it isn't likely that they will succeed in fooling the American people."
The Indianan said the record showed that "some of those who have assailed the senate bill most lustily supported a large number of increases in rates" and voted against a large number of decreases.

"One outstanding example," he continued, "is Senator Connally of Texas, who lent his name to the democratic propaganda bureau for denunciation of the bill just before it was passed by the senate by an overwhelming majority. He voted 21 times for increases in rates, and an even dozen times against decreases."

"The democratic whip, Senator Sheppard of Texas, compiled an even more formidable record. He supported 22 rate increases and cast his vote against 12 proposals for decreases."
He said they were Bratton of New Mexico, Copeland of New York, Pittman of Nevada, Trammell of Florida, Broussard and Bland of Louisiana and Kendrick of Wyoming, while Senator Fletcher of Florida was paired for the bill.

Announce Overshoes For U. S. Airplanes

ITHACA, N. Y., April 3. (P)—Overshoes for airplanes—a new method of keeping wings free of deadly ice—were announced today at Cornell university.

"The overshoes lace over the forward edge of the wing. They are a thin layer of specially vulcanized rubber extending continuously a colorless oil which is the secret of success. It is announced that the ice does not stick nor the oil "scrub off."

**British Will Steer
Clear Of Religion**
LONDON, April 3. (P)—The British government, through Lord Parmoor, today reiterated in the house of lords its determination not to take any action on the religious situation in Russia which might lead to a severance of diplomatic relations.

This statement was made in reply to the Most Rev. Cosmo Gordon Lang, archbishop of Canterbury. The prime minister of Great Britain told the house an elaborate system of persistent oppression of religion in Russia was a proven fact and suggested representations should be made to Moscow.

NEGROES TO PUT ON STYLE SHOW

When members of the Negro Baptist church stage their first style show tomorrow night at 8 o'clock, the many intricate things that go to make the dark-skinned mliady of "The Flats" more attractive will be shown.

To show what's what in style, the belles of that section of Lubbock will wear all the brilliant colors of Spring. A score or more of women are being groomed and drilled for the occasion.

Maude J. Ford will have charge of the style parade.
Clothes for sport, afternoon, and evening wear will be shown.

Unidentified Man Surrenders Today

NEW ORLEANS, April 3. (P)—An unidentified man who could neither give his name and address nor tell what his mission was walked into police headquarters here today. He was then taken to the coroner's office for examination and began to cry.

In his pockets were found two pullman tickets. One was dated March 21, from Jacksonville, Texas to Houston and the other March 23, from Dallas, Texas, to Addis, La.

His pockets also contained a slip of paper bearing the name "J. N. Miller, Alba, Texas, dated January 14, 1930, a signet ring with the initials "T. E." or "T. L." and a watch initialed "J. H."

OIL WELL AFIRE

SANTA FE SPRINGS, Calif., April 3. (P)—The Wilshire Oil company well, Bandini number 16, caught fire here Wednesday and last night was burning out of control. No other derricks in the field were endangered.

NEGRO SLAYS WOMAN, YOUTH

BLACK IS KILLED BY HUSBAND ON RETURN TO RESIDENCE

SEBRING, Fla., April 3. (P)—Mrs. William Carver and her two year old son were killed this afternoon by a negro, who was caught in the act of ransacking the residence.
Carver returned to his home about 3:30 p. m. and found the negro in the house and the bodies of his wife and child on the floor. He shot and killed the negro.

The sheriff's office is making an investigation.
The negro used a hatchet to kill the woman and dashed the child against the foot of a bed.
Carver formerly lived in Philadelphia. He is in the real estate business. Recently he refused to loan the negro \$50.

Missouri Pacific Traffic Increases

ST. LOUIS, April 3. (P)—Traffic handled by the Missouri Pacific lines in March showed a substantial increase over the total for the preceding month. President L. W. Baldwin announced today.

Local loadings and receipts from connecting lines in March totaled 138,869 cars, compared with 129,609 in February.
On the Gulf Coast lines, total loadings and receipts from connections was 23,127, compared with 18,829 in February.

TECH SPRING TRAINING GRIND STARTS THIS AFTERNOON

TECH MENTOR 'SELLS' SELF TO FANS HERE

CANDIDATES FOR 1930 ELEVEN START WORK UNDER NEW COACH

Pete Castwon has "sold" himself to the city of Lubbock and this afternoon will start actual work with the candidates for the 1930 Texas Tech eleven.

The new director of athletics and head coach starts this afternoon a strenuous spring training grind, the results of which will tell the story of the outlook for the Matador eleven for next fall. Four o'clock is the official starting time for the afternoon workout. Local grid enthusiasts have been invited to witness the preliminary work of the spring footballers.

Makes Bow Here

Castwon made his bow to the fans of the city Wednesday and outlined his plans for the rebuilding of the school's athletic department. The first day in Lubbock was on the order of a lecture tour for the new Tech leader. Following his arrival here early yesterday, Castwon went from one platform to another, speaking first before the special convocation of college students.

From the Matador gymnasium, Castwon was rushed to the regular meeting of the Lubbock Rotary club, where he made an appeal for the support of local business men. Following four hours spent in issuing football equipment to 65 candidates, the new Tech mentor met a gathering of more than 100 members of the college and laid down the law on training and set forth the policy to be followed in the new regime.

Guest At Dinner

Twenty-five business and professional men of the city were present at the Hotel Lubbock at 7 o'clock last night at an informal dinner given in honor of Castwon. In his straight-forward and frank manner, he set forth his plans for the college athletic department, emphasizing the danger of expecting too much before the new system is given time to get underway.

Laying Stress on the Best Work

and promising to give his best effort toward the cause of "upbuilding" Tech athletics, Castwon won the admiration of all his hearers yesterday, receiving unanimous expressions of support and cooperation from both the college student body and Lubbock fans.

He Means Business

"The Texas Tech student body and citizens of Lubbock have given me a royal reception and I appreciate it," Castwon said last evening. "I have reason to believe that the fans here will support a worthy cause and not until I have proven myself worthy will I ask any favors. Coaching is my profession and I have come here to put over athletics. It's a serious business with me and I intend to give all I have."

With all your enthusiasm over the outlook for the new administration, don't expect too much too soon. Just bear with me until the new system is given a chance to get going. It would be impossible to make predictions now on the prospects for next season, due to the fact that I'm not familiar with the material on hand. But I can promise you that the 1930 Tech team will be out there scrapping all the time."

Speaks To Athletes

Speaking before the candidates for the 1930 eleven and other athletes of the school, Castwon outlined his policy regarding training on and off the field. Approximately 75 gridsters were included in the group.

"So far as I know you are all fine fellows and you all have a clean slate with me now. I'm not looking for trouble but you must understand that no horse-play will be tolerated on the field. All tobacco must be discarded by next Monday. Any member of the squad caught breaking training rules can consider himself off the squad. I will have no favorites. The best man will play the position. It will be impossible to employ some training rules during spring training but next fall no members of the squad can break training and stand the gaff. There will also be certain hours for retiring when the fall season comes."

Old Men To Assist

Due to the fact that the coaching assistants have not been named, it will be necessary for old members of the varsity squad to assist Coach Castwon in handling the large crew of candidates during the current training period. His plan is to instruct these more experienced men in his system of play and put them in charge of various groups, dividing the guards, tackles, ends, backs, etc., into working squads.

Castwon will be on the field each afternoon at 2 o'clock to begin work with the early arrivals but the majority of the candidates will not be able to start until 4. Due to laboratory work, some few will be detained until 5 o'clock. These will be kept on the field until darkness falls work.

Plenty of Scrimmage

Scrimmage and plenty of it has been promised the Matadors during the spring training camp. An extensive scrummage will be made up of college scrummage with some nearby college scrummage to add further incentive to the work.

A handsome trophy will be awarded the best working member of the squad during spring training.

DONIE BUSH PROVES HIS POWER OF PERSUASIVE ORATORY AS WHITE SOX RALLY TO WIN OVER FT. WORTH CATS

WITH ALLAN CARNEY, Journal Sports Editor

NEW YORK, April 3 (AP)—Donie Bush, new pilot of the ambitious Chicago White Sox, has lost none of his power of persuasive oratory. After his men had been held to three hits in eight innings by Dick Whitworth, of the Fort Worth Cats, Bush cut loose on them. And the result was six hits and eight runs, for 9 to 3 victory. The uprising was led by none other than C. Arthur Shires, who had been elevated to number five in the batting order as a reward for his earnest attention to business.

A game at Charlotte, N. C. today and one at Richmond tomorrow wind up the Athletics' training trip, and the champions are due in Philadelphia Saturday to begin the annual city series with the Phillies. Most of the rookies will be under fire in that series, and Manager Mack will then begin to dispose of those not yet ready for big league ball.

Weather Troublesome

The weather is not the only thing causing trouble for the Brooklyn Robins but that was just one difficulty. Two more were a cold that kept Hank Deberry out of uniform and a sprained back that still is causing trouble for Bressler.

Goose Goslin with the other Senators will leave Chattanooga tonight for Birmingham, Ala., for a short series with the Barons. They will return on Sunday for a five-game series with the Boston Braves. In spite of rain yesterday, things were sunny for the Senators as Goslin signed for \$10,000 and a bonus which made it possible for him to earn \$16,000, which he was paid last year.

Tigers At Atlanta

The Detroit Tigers are at Atlanta for a three-game series with the Atlanta club of the Southern Association. Manager Stanley Harris still is hoping his charges will come out of their exhibition season batting slump. In their game at Macon yesterday with Brooklyn, the Detroiters collected only three safeties off the delivery of Adolph Lague, but one of these was a homer by Charlie Gehring with Elias Funk on base. It won the game, 2 to 0.

One more slice with the pruning knife and the Indians' pitching staff will be down to its season's quota of nine members. With the release of Belve Bean and Leslie Barnhart to New Orleans, the staff was cut to 10, and four of them—Shawkie Glatto, Harder and Jakobowski—will struggle for three jobs. Dean of the staff, was considered a certainty a few weeks ago, but his work has been unimpressive and he'll have to compete with the youngsters.

Complete Job

Old man misfortune, who has tagged about everybody on the Pittsburgh Pirate training squad, seems determined to make a complete job of it. Even the umpire has fallen victim. Fred McGrew, new National League official traveling with the Buccs, has the grippe. Of the team with which Jewell Ems hopes to ride to a pennant this year, only Paul Warner, Blair and Comorosky are able to be at their posts—and Comorosky has a bruised foot. The Pirates are at Houston for a four-game series.

Joe O'Goofy says that Shires has become the greatest "Yes Man" in Donie Bush's flock. At every command from the Pale Horse boss, Lil' Arthur had a gentle, "Yes, sir," as his only reply. When the inquiring reporter went over to the bench to ask Shires if he felt like busting somebody on the nose, Art said: "I have nothing to say for publication."

"I thought you were God's gift to the sport writers," said O'Goofy. "That's all for today," said Mr. Shires.

As a result of the interview, all that could be reported was that Shires takes a healthy cut at the ball, but nothing like the one he took in his contract.

CHASE ENTERS THIRD LAP IN EVENT TODAY

TEXAS BASKETEERS IN EASY VICTORY OVER LANKIN

By PAUL MICKELSON
Associated Press Sports Writer

CHICAGO, April 3 (AP)—The chase for the 1930 national high school basketball championship bounded into the third lap today with the giant Hornets from Athens, Texas, strong favorites to retain the cherished crown.

Without extending themselves, the husky Texans routed the fast Lankin, N. Dak., team, 35 to 11, in their first counter thrust at the large field seeking to dethrone them. They looked every bit as good as last year when they romped through a larger and possibly a better crop of championship contenders.

Fifteen Survivors

There were 15 other surviving teams, however, many of them dark horses. Chief among them was Denton, Texas, which defeated the titleholders, 24 to 19, for the 1930 Lone Star state title. Averaging better than six feet and playing much the same style of basketball, Denton breezed past the first round easily yesterday by swamping Baylor Institute of Chattanooga, champions of Tennessee, 32 to 15.

Another of the heavy favorites was Wheatland, Wyoming, a band of one handed artists which submerged Roanoke, Va., 27 to 14, yesterday.

Today's pairings:
9 a. m.—Braselton, Ga., vs. Kaysville, Lawrenceburg, Ky.
10 a. m.—Denton, Texas, vs. St. Johns Military Academy, Delafield, Wis.
1 p. m.—Durham, N. C., vs. Wheatland, Wyo.
4 p. m.—Morgan Park, Chicago, vs. Savannah, Ga.
5 p. m.—New Brunswick, N. J., vs. Ely, Nev.
7 p. m.—Lakeland, Fla., vs. Jena, La.

8 p. m.—Linsly Institute, Wheeling, W. Va., vs. Corinth, Ky.
9 p. m.—Athens, Texas, vs. V. M. C. A. Day School, Chicago, Ill.

SEMI-FINALS IN GOLF GO TODAY

PINEHURST, N. C. April 3 (AP)—Two matches, featuring four of the brightest young stars, constituted today's semi-final round in the women's north and south golf tournaments.

Miss Gienna Collett, national champion, was pitted against Miss Maureen Orrutt of New York, metropolitan champion, while "in the other bracket" Miss Helen Hicks of Hewlett, L. I. Canadian titleholder was matched with Miss Edith Quier, Reading, Pa. star.

Miss Orrutt last week defeated Miss Collett in the mid-south tournament at Southern Pines, N. C. She also was the victor in the qualifying round here this week.

Japanese Girls To Thank United States

SAN FRANCISCO, April 3 (AP)—Five genuine young women from Japan, bound and smiling their way into the United States and into the good graces of numerous persons who climbed aboard the President Pierce to greet them on their arrival here today.

The girls, four representing Tokyo and one representing Yokohama, came to thank President Herbert Hoover and the people of the United States for America's kindness to Japan during the earthquake of 1923 as expressed especially through the Red Cross.

INTEREST IN BASEBALL FANDOM IS BEGINNING TO WARM UP IN TEXAS

(By Associated Press)

Interest of baseball fandom, like the weather, was beginning to warm up today. Exhibition games were scheduled for practically every day this week, as managers whipped their squads into trim in preparation for the pennant race starting gong next Wednesday.

The Wichita Falls Spudgers expected to start Lester White today against the New York Yankees, in the last home exhibition game of the season. Manager Carl Williams pronounced his hopefuls in great shape for the season. Bull Moore, Oklahoma hurler, was released.

Finger Prints Aid In Identification

RANKIN, April 3 (AP)—Finger prints of P. M. Poland on file in records of the criminal identification department of the Federal Department of Justice, correspond with those of the man whose body was recovered from the Pecos river here last week. Deputy Sheriff Clarence Shannon of Upton county said today. No progress was reported in the search for Poland's slayer.

Poland, whose home was in Flintwood, Montana, was last seen at a cattlemen's convention in San Angelo where he represented himself as a fur buyer. He had been fingerprinted in New Orleans on a vagrancy charge and in Seattle, Wash., where he was arrested for disorderly conduct in 1923.

Other Receptions Planned For Byrd

DUNEDIN, New Zealand, April 3 (AP)—Two more receptions await Rear Admiral Richard E. Byrd and his party before they leave for Panama and the journey homeward to the United States.

The party will leave Monday for Christ Church, where a civic reception will be held. Another reception awaits them at Wellington Tuesday night.

They will sail for Wellington on the steamer Rangitiki April 24.

BILLY DISCH IS RETAINED

BASEBALL COACH FOR TEXAS 'SEWED UP' FOR FIVE YEARS

AUSTIN, April 3 (AP)—William J. Disch, known as "Uncle Billy," has been "sewed up" by the University of Texas for another five years as coach of baseball. He was voted a raise of \$500 annually by the athletic council yesterday when it agreed to pay him \$6,000 a year.

Disch now is working on his 19th conference year and has won 17 conference championships. During his career he has trained some of professional baseball's best known players.

The council last week re-employed Fred Walker as head baseball coach after Disch and Clyde Littlefield, football and track coach, protested his retention. After the council had voted to give Walker another contract, Littlefield and Disch congratulated him and announced they had buried the hatchet.

Prohibition Repeal Asked In Platform

JAMESTOWN, N. D. April 3 (AP)—Repeal of the eighteenth amendment and the Volstead act was urged in a plank in the platform adopted today by the North Dakota state democratic convention.

State Chairman H. H. Perry of Ellendale Secretary Fred W. McLean of Grand Forks and P. W. Lanier of Jamestown, congressional candidates in the second district, said they felt the anti-prohibition plank of the party gives it a real chance for victory. North Dakota normally is republican.

"What insurance?" he wondered.

"The insurance of OLD GOLD, my friend. Throat-ache and tender tones caused by the mellow, mild, heart-leaf tobacco; vocal cords that act without a struggle; no tickle, scratch or scrape. OLD GOLD yourself, Marmie, and we shall be inseparable. There's not a bark in a billion."

OVER HUNDRED DIE AS FERRY BOAT IS SUNK

HEAVY-LOADED CRAFT CAPSIZES AND JAPS ARE DROWNED

TOKYO, April 3. (AP)—Deaths exceeding 100 were believed to have occurred today in the capsizing of the overloaded ferry boat Wakato Maru off the island of Kyushu, southern Japan. Forty-eight bodies had been recovered a few hours later, and the search was continued. Soon after leaving the coal exporting port of Wakamatsu for the town of Tobata, the ferryboat was lashed by a gale that swept waves aboard. She was carrying at least 300 passengers, twice her normal capacity. These rushed to one side of the laboring ferryboat to avoid drenching. Their weight caused the little boat to turn over.

With the exception of two Serbian girl dancers, who are missing, all of the dead are believed to be Japanese. Summoned by signals of distress, many craft rushed to the scene and picked up some of the survivors. The plunge of the Wakato Maru was so sudden that scores were carried down with the vessel and others had no chance in the rough sea. Other shipping disasters were feared as the whole coast of the four main islands of Japan were gripped by storms.

Stabs Sweetheart Then Kills Rival

GUADALAJARA, Mexico, April 3. (AP)—Purses are scouring the countryside around El Saucillo for Antonio Orozco, who fatally stabbed his sweetheart, Maria Matilla, after causing the death of his rival for her hand, Pablo Carmona, by turning a mad dog on him. Shortly after Carmona died of hydrophobia, Orozco was apprehended and confessed that, in order to get rid of him, he kept a dog tied up three days without water until the animal became mad and turned him loose just as Carmona passed the house. Orozco escaped from jail, burst into Maria's home and stabbed her. He then fled to the mountains.

EXTENSION GIVEN DAYTONA BEACH, Fla., April 3. (AP)—Extension of the sanction of the American Automobile Association contest board for Daytona's speed trials for an indefinite period was announced today by W. D. Edgerburn, A. A. A. representative and chief steward of the trials. It was granted following Kaye Doer's request for further time since beach conditions and minor mechanical difficulties prevented a satisfactory record attempt of the Silver Bullet.

MOODY TO VETO APPROPRIATION

AUSTIN, April 3. (AP)—Governor Dan Moody issued a statement Wednesday reiterating his intention of vetoing the appropriation allotted to the oil and gas division of the railroad commission to enforce provisions of the pipe line bill.

R. D. Parker, chief supervisor of the oil and gas division, had issued a statement contending it would be necessary for the governor to approve the appropriation if the commission was not to be crippled in its enforcement. The governor contended there would be enough money in contingent funds of the railroad commission to take care of the added expenses and said if it developed there was not, he would approve deficiency warrants for the deficit.

To Establish Leper Colony In Pacific

MEXICO CITY, April 3. (AP)—A dispatch to Universal Grafico from Tepic, state of Nayarit, said Governor Luis Castillo Ledon was preparing to found a leper colony on Maria Cleofas Island, in the Pacific. Universal Grafico's correspondent asserts leprosy has gained such ground in Nayarit that in many cities practically half the population has the disease.

Chosen population is nearly 19,000,000, according to statistics based on recent census reports.

Farm Board Seeking Reduction In Wheat

WASHINGTON, April 3. (AP)—The Farm Board in a statement Wednesday emphasized the necessity of a ten per cent reduction in the plantings of spring wheat.

"With many countries in the world undertaking to produce their own wheat and raising barriers against our exports," the board said "it is inevitable that American farm-

duction insofar as practical to doers will have to confine their domestic requirements." The Farm Board is confident that grain growers will volunteer to plant less wheat this spring if they are thoroughly familiarized with the

facts concerning the wheat situation," the statement said. "The tariff on wheat can be made more effective by reducing the acreage."

We want them to try Goodyear Tires—to try even one Goodyear Tire—because we are soberly sure they are missing something.

Here is a tire that has been extra-good enough, year after year, to have become the standard of tire quality of the whole world!

Here is a tire that has been so favorably-priced and so extra-valued, that it has far outstripped in sales any other tire in the world!

Here is a tire that has returned user after user so great an extra-measure of performance that today, as for 15 years, "more people ride on Goodyear Tires than on any other kind!"

Doesn't the tire that has made that record deserve a try? Especially now, when it is priced so low? There's a Goodyear Dealer near you!

Goodyear can give you greater tire values because Goodyear builds more than 1/4

of all the tires sold in America, the remainder being divided among some forty manufacturers. "More people ride on Goodyear Tires than on any other kind."

LEGION WILL REVIEW PLAN OF NEW HOME

ALLEN BROTHERS POST TO CONSIDER DRIVE HERE TONIGHT

Legionnaires of the Allen Brothers post, in regular meeting tonight at Hotel Lubbock, will review plans for a campaign to start on April 14, in which \$12,000 will be sought for a new American Legion home in this city. The structure is to be erected on a lot immediately north of the municipal building which has been donated for the purpose by the City of Lubbock.

The drive for the Legion will be managed by the "40 and 8" organization composed of 48 local business men.

"We plan to help the boys to build their home and at the same time use the occasion to let the children of this city know the meaning of American citizenship," said M. H. Duncan, superintendent of city schools. "Beginning next Monday, the public schools of the city will begin a study of the World War to use it as a means of causing our boys and girls to think more seriously of their duties, privileges, and opportunities as American citizens."

Schools To Aid
In the grade schools each teacher will conduct the campaign from April 7 to April 18, and, by making the World War a center of interest in their work, the teachers will try to impress the pupil as vividly as possible just what our soldiers had to go through with during the war and what the hardships and privations they had to endure mean to us today. During these two weeks the teachers will center the work in geography, history, language and the other studies around the World War. In the high school and junior high school the civics and history teachers will conduct the campaign and do the work as indicated.

"We feel that the teachers should contribute to the fund from one to two dollars each, and the principals should contribute from three to five dollars each. We should make donations from all the schools amounting to seven or eight hundred dollars. Each pupil who gives as much as 10 cents will have his name placed on an honor roll that will be kept permanently in this American Legion home."

PARKER OPPOSED
WASHINGTON, April 3. (AP)—William Green, president of the American Federation of Labor, tonight made public a telegram opposing the nomination of Benjamin M. Day, to be commissioner of immigration of the port of New York.

WASHINGTON, April 3. (AP)—The senate today confirmed the nomination of Benjamin M. Day, to be commissioner of immigration of the port of New York.

UNEMPLOYMENT PLAN PRAISED

WASHINGTON, April 3. (AP)—Senator Johnson, republican, California, last night expressed the opinion that legislative proposals to remedy unemployment, offered by Senator Wagner, democrat, New York, would receive favorable action today by the senate-commerce committee of which Johnson is chairman.

The Wagner measure would set up a stabilization board to plan public works which would be accelerated to meet depression periods. With an appropriation of \$150,000,000 the stabilization board would have a director responsible for the long time planning.

In addition, the Wagner plan would create a federal employment agency, and expand present machinery in the labor department for collecting unemployment statistics. The federal employment agency would cooperate with state agencies.

To Place Oil Field Back On Proration

WICHITA, Kas., April 3. (AP)—The operators committee of the McPherson county West oil pool Wednesday took steps to put that area back on proration, following the sudden boost in the prolific area's production to 25,000 barrels daily, caused by deepening of several wells to the silvianic lime.

Maximum production of 15,000 barrels daily, agreed upon last month, will be the rule for the field's 33 wells.

ANOTHER BODY FOUND
KETTLE ISLAND, Ky., April 3. (AP)—Discovery of one more body, bringing to seven the total taken from the mine of the Pioneer Coal Co., where sixteen men were entombed Saturday by an explosion, was announced last night by John F. Daniel, director of rescue work. The location of the body led workers to believe the rest of the missing men would be found nearby within a short time.

TO TRANSFER GOSS CHARGE

FORMER TEACHER HELD FOR REMOVAL OF INFANT'S BODY

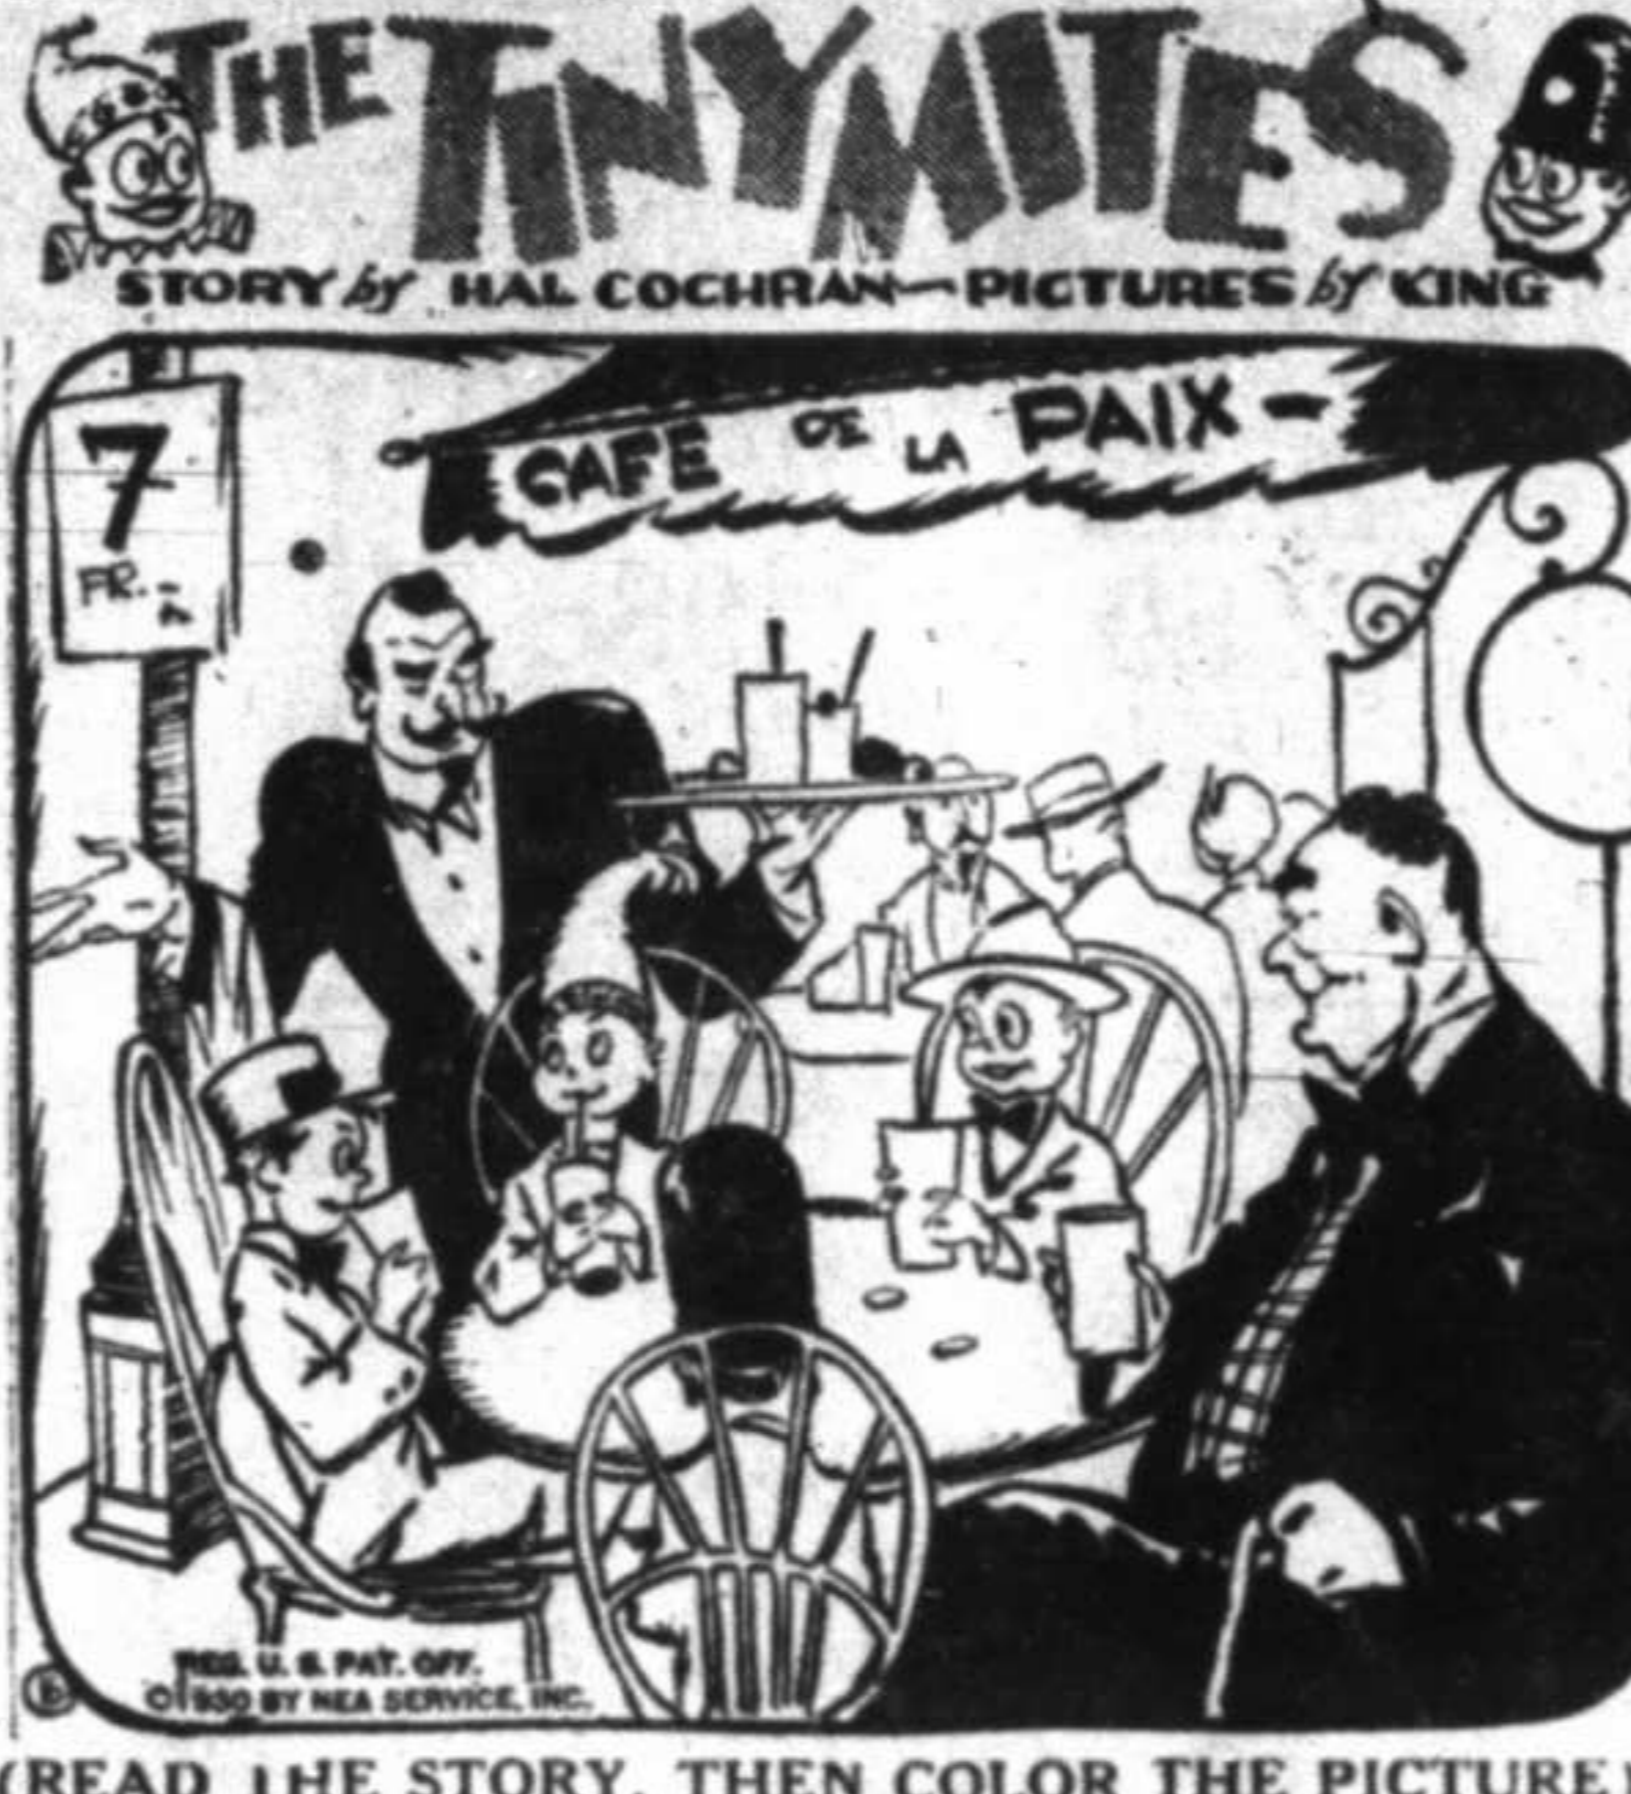

SAN ANTONIO, April 3. (AP)—A case against Louis Goss, former Hunt school teacher, charging removal of the body of an infant without permit, will be transferred to one of the county courts at law, it was announced Wednesday in district court. The indictment was returned in the district court, but as the offense charged is a misdemeanor, Judge Anderson held it properly belonged in a county court.

Goss was no-billed on a charge of murder in the same report that returned the indictment. The charge grew out of the finding of the body of an infant of Miss Ethel Schumacher, 19, of Hunt, in a garbage can here.

Miss Grace Frederick and Buddy Hoard are in Bexar county jail under indictments charging murder in connection with the same case.

ACTOR DECLINES MILLION
SPRINGFIELD, Mo., April 3. (AP)—Bob Cook, vaudeville actor who with his wife is reported in Associated Press dispatches to have refused a million dollars for his holdings in the Oklahoma City oil field, got his start singing in a male quartet in Springfield.

He is a native of this city and frequently has played vaudeville engagements here.

To say Pate the Tynmites went. The taxi driver kindly spent a bit of time just driving round to give them all a treat. They'd gaze to left and then to right and everywhere saw quite a sight. Fine buildings loomed up constantly on avenue and street.

Far in the distance Clowry saw a pretty sight and, filled with awe, he shouted, "What is that tall thing that reaches toward the sky. I know I've seen it in a book. The other Tynmites took a look. Said

Soufly, "Gee, it's monstrous I just hope we ride right by."

The Travel Man then said, "Ask me about most anything you see. That is the Eiffel Tower and we will visit it, you bet. It is as famous as can be. It's something you will want to see, and when we go there we will climb as high as we can get."

"Right now, however, I would say that we locate some nice cafe. We'll find one with small tables that stand right out by the street

And there we'll have a bit of lunch. I think that is a dandy lunch. Start thinking now, you Tynmites, what you would like to eat."

The taxi driver then said, "Say I'm sure that I can show the way to the place you're looking for. The food is very fine." "Hurray!" cried Clowry. "That is great. Please hurry, 'cause it's hard to wait. It seems to me that right outside's a dandy place to dine."

The place was not so very far. The driver cried, "Well, here we are. This is the Cafe de la Paix. And there's a table, too!" The bunch jumped out and sat right down. "Now we will do things up real brown," exclaimed the fine old Travel Man. "Ah! This is something new!"

(The Tynmites see the Arch of Triumph in the next story.)

It Is Folly To Stay Fat

The proof is everywhere. In every circle you can see that excess fat is disappearing fast. Modern science has found a major cause of excess fat in a weakened gland. In late years, physicians the world over have been fighting that cause. They do not rely on starvation.

This modern method is embodied in Marmola prescription tablets. Each box contains the formula, as prepared by famous experts. People have used these tablets for 22 years—millions of boxes of them. Now nearly all have friends who show the results in new beauty, health and vigor.

Go try Marmola. Test the right way to reduce. The result will amaze and delight you. All druggists supply Marmola at \$1 a box.

Fatal Shooting Is Echo To Dice Game

TEXARANA, Ark., April 3. (AP)—A fist fight over a point in a dice game at Tom Moore's Bluff near here early Wednesday led to the fatal shooting of Rube Huff, 40, Queen City, and arrest of four men in connection with the slaying.

The killing occurred about an hour after the dice game was disrupted when Huff knocked another man to the ground. Huff was shot

dead about half way between the scene of the game and the highway.

What "tire economy" really means

"Economy" doesn't mean buying cheap tires. True, you may save a dollar or two on first cost, but suppose a dealer does offer you tires at less than the price of the standard makes? It stands to reason that's all they are worth.

You can come in here, pay a fair price for a Kelly-Springfield (no more than you would pay for any other reputable make) and get the quality product of the tire industry. When the "price buyers" second set of tires is wearing out, you are still turning in cost-cutting miles on your Kellys. Which buy is the real economy?

If you are not already using Kellys, get acquainted with us; we can show you what "tire economy" really means.

SEARCH STARTED FOR YANCY STORY UNDER SENTENCE FOR BANK ROBBERY

(By Associated Press)
DALLAS, April 3.—A search for Yancy Story, under a five-year prison sentence for robbing a bank in Denton county, has been instituted, Ranger Captain Tom Hickman said here today.

Story, Denton county rancher, was at liberty under bonds reported to total more than \$25,000 on charges involving bank robbery, turkey theft, assault, to murder and burglary. Most of these charges were pending in district court here, officers said.

Sentenced At Marlin
The prison sentence was assessed Story by a jury in Marlin in connection with the robbery of a bank at Krum, Denton county. The case was sent to Marlin on a change of venue from Sherman after it had been sent to that city on an appeal from a 99-year sentence assessed in Dallas.

Story appeared in court both at Sherman and Dallas in a wheelchair, claiming he had been injured in an automobile accident while at liberty on bond.

Agreement Claimed
Story and his attorney were in Dallas a few weeks ago. John Bond, court reporter for Judge C. A. Pippen, said the men entered into an agreement which he prepared. The reporter said the agreement called for dismissal of all pending indictments against Story in return for his promise to withdraw his appeal and serve a 100-day jail sentence for turkey theft in Denton county

and the five-year prison term for the Krum robbery.

According to Captain Hickman, Story's attorney delivered a signed copy of the motion to withdraw the appeal in the Krum case, promising to file the motion in district court at Marlin. After some time had passed and Story did not file the motion, the ranger said he understood Story's attorney filed the copy and the judge at Marlin had the appeal withdrawn.

Mandate Returned
The mandate from the Court of Criminal Appeals has been returned to the court at Marlin, advising the appeal had been dismissed, but Story could not be located.

Captain Hickman said he understood Story was playing around "in the brush" up in Denton county, intent on running for sheriff of that county.

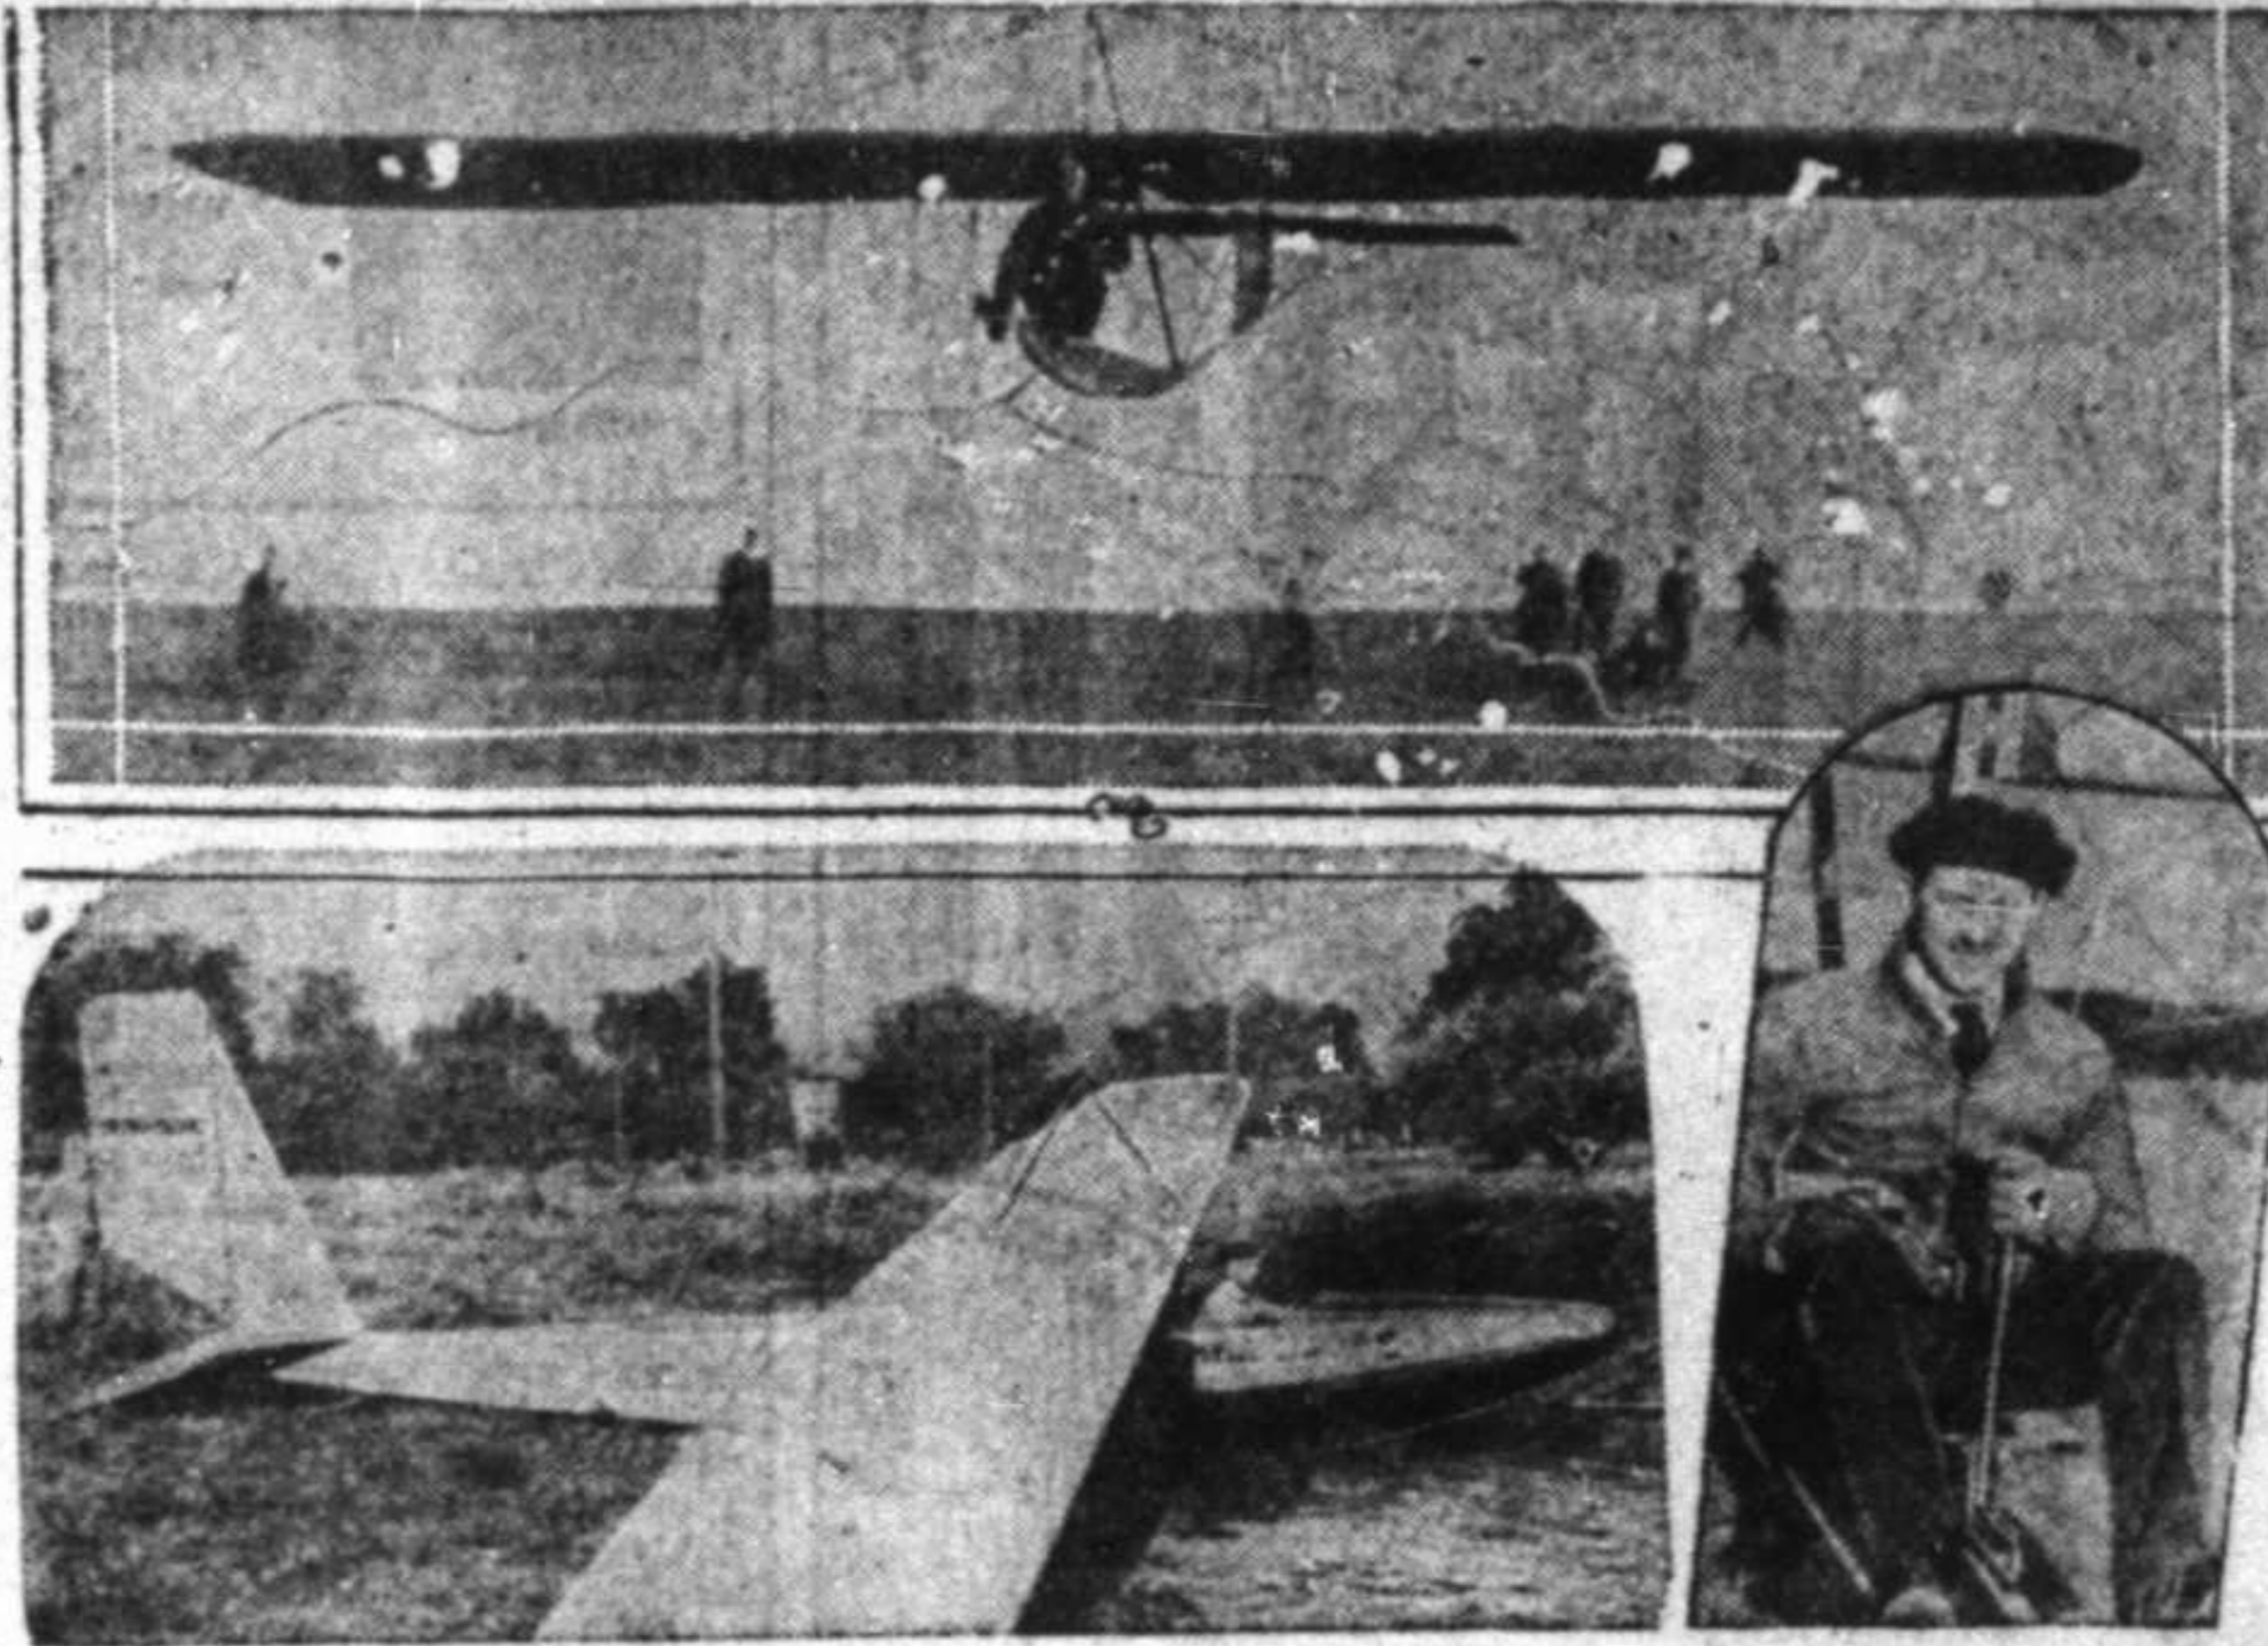

Story, according to information reaching Hickman, claimed he did not agree to withdraw any appeal and that any motion filed was without his permission.

Judge Pippen declared none of the cases on his docket against Story had been dismissed.

"And I'll see to it that they are not dismissed until after I am notified he is already in the penitentiary," the judge added. "And if that fellow doesn't show up pretty soon, I'll make some who are on his bonds here do some squirmin'."

NEW DEVICES ADD THRILLS TO GLIDING

Latest innovations in gliding, a sport now sweeping the country, are pictured here. Above you see the first glider to be flown in the Philadelphia area taking off at Patco Field, Pa., by means of a new launching cable which shoots the ship into the air like a sling shot. At the right is Wesley Smith, famous racing pilot, at the controls of the same glider. Notice how the pilot sits out front with no protection falling out except a safety belt. At the left is the world's largest glider, constructed by Adolph Ketterborn, German expert, at Sierra Madre, Calif. Its sailplane has a wingspread of 99 feet.

MODIFICATION OF JONES LAW IS CONTESTED

OPPOSITION IS FILED WITH JUDICIARY COMMITTEE

BY CECIL B. DICKSON
Associated Press Staff Writer
WASHINGTON, April 3. (AP)—Opposition to modification of the Jones law which provides heavy maximum penalties for violations of the prohibition statutes, has been filed with the house judiciary committee by Attorney General Mitchell.

In a confidential communication he objected particularly to a measure by Representative Stobbs, republican, Massachusetts, to modify this law by defining slight and casual offenders and fixing the maximum penalty for such offenses at six months imprisonment and a fine of \$500. The Jones statute, he said, should have a longer trial period.

At the same time, the attorney general disapproved two bills by Representative Christopherson, republican, South Dakota, embodying plans for defining felonies and misdemeanors under the United States code and for setting up juryless trials before United States commissioners as has been recommended by the Hoover Law Enforcement Commission.

Thought For Today
Love is the fulfilling of the law. —Romans 8:16.
Love is but another name for that inscrutable presence by which the soul is connected with humanity. —Simms.

We Don't Need It
The old question of compulsory registration of all aliens in the United States seems to be reviving again. Two bills on the subject are now pending in Congress, and in the House, at least, there is said to be a good deal of sentiment for their passage.

Not Surprising
It is comforting, although not in the least surprising, to read that the United States circuit court of appeals has acquitted Mary Ware Dennett of the charge of sending an obscene book through the mails.

Pilot's Skill
The skill and hardihood of the pilots who fly the air mail are almost beyond belief, sometimes.

Detroit
Someone has remarked that criminals flock to the busiest, most prosperous cities. If this is so, Detroit apparently is paying the penalty for the business that the automobile industry has brought it.

THE PLAINSMAN
Says:

That Girl on Broadway says they keep down the crime wave in Scotland by charging all prisoners for room and board.

NOTE TO THE PUBLIC
Honest confessions are good for the soul. This is 'One of Them Days' which every columnist, good, bad or indifferent, suffers occasionally. In other words, The Plainsman is punter than usual and if you've got anything else to do, go on and do it. You won't miss anything by passing up this department today! (All right, you wise crackers, go on and say you wouldn't miss anything if you passed it up every day. Maybe you're right!)

LUBBOCK has two mighty fine slogans in "The Hub of the Plains," and "Cities Do Not Happen—They Are Built," but The Plainsman has a suggestion for a third one that fits very well. Our suggestion is "Lubbock, Texas, Why The Finest People and the Best Drivers Are At!" What do you think of it?

Seriously, Lubbock is building up a reputation with the traveling public for being individual in its motoring. And being that way in the operation of automobiles is plenty dangerous, no foolin'. The Plainsman is usually ready to spring to Lubbock's defense when any criticism is offered but honest folks, the rays we're being handed on our driving are pretty close to true.

What we need is a 'Courteous Driving Week' and a widespread study of the Automobile Blue book when obedience to same. It's a shame for us to be panned for something that we should be more sensible about for our own, and everybody else's good.

Down at El Paso, where the heavy percentage of foreign population doesn't make for very high average intelligence, they have a traffic ruling that is worth a giggle. It is "If there is an American driving toward you, keep to the right; if there is a Mexican driving toward you, keep to the left. But if the driver approaching is a woman of either nationality, the best thing to do is stop dead still."

MAyBE this happened here the other day, maybe it didn't, but anyway, here's the way it was told to The Plainsman. During the five o'clock traffic rush at Broadway and Texas avenue a driver fell prone across his steering wheel, just as his machine rolled onto the intersection. His wife screamed and three or four policemen in the vicinity dropped their chalk, with which they had been diligently marking parked cars, and rushed to the rescue.

Those of us who drive frequently in Lubbock traffic will realize that the nerve-wracking shock through which the driver passed. The wise motorist pays no attention at all to signals in this man's town—that is, after he pays for having a few fenders rolled out and some windshields replaced as a result of his trustfulness.

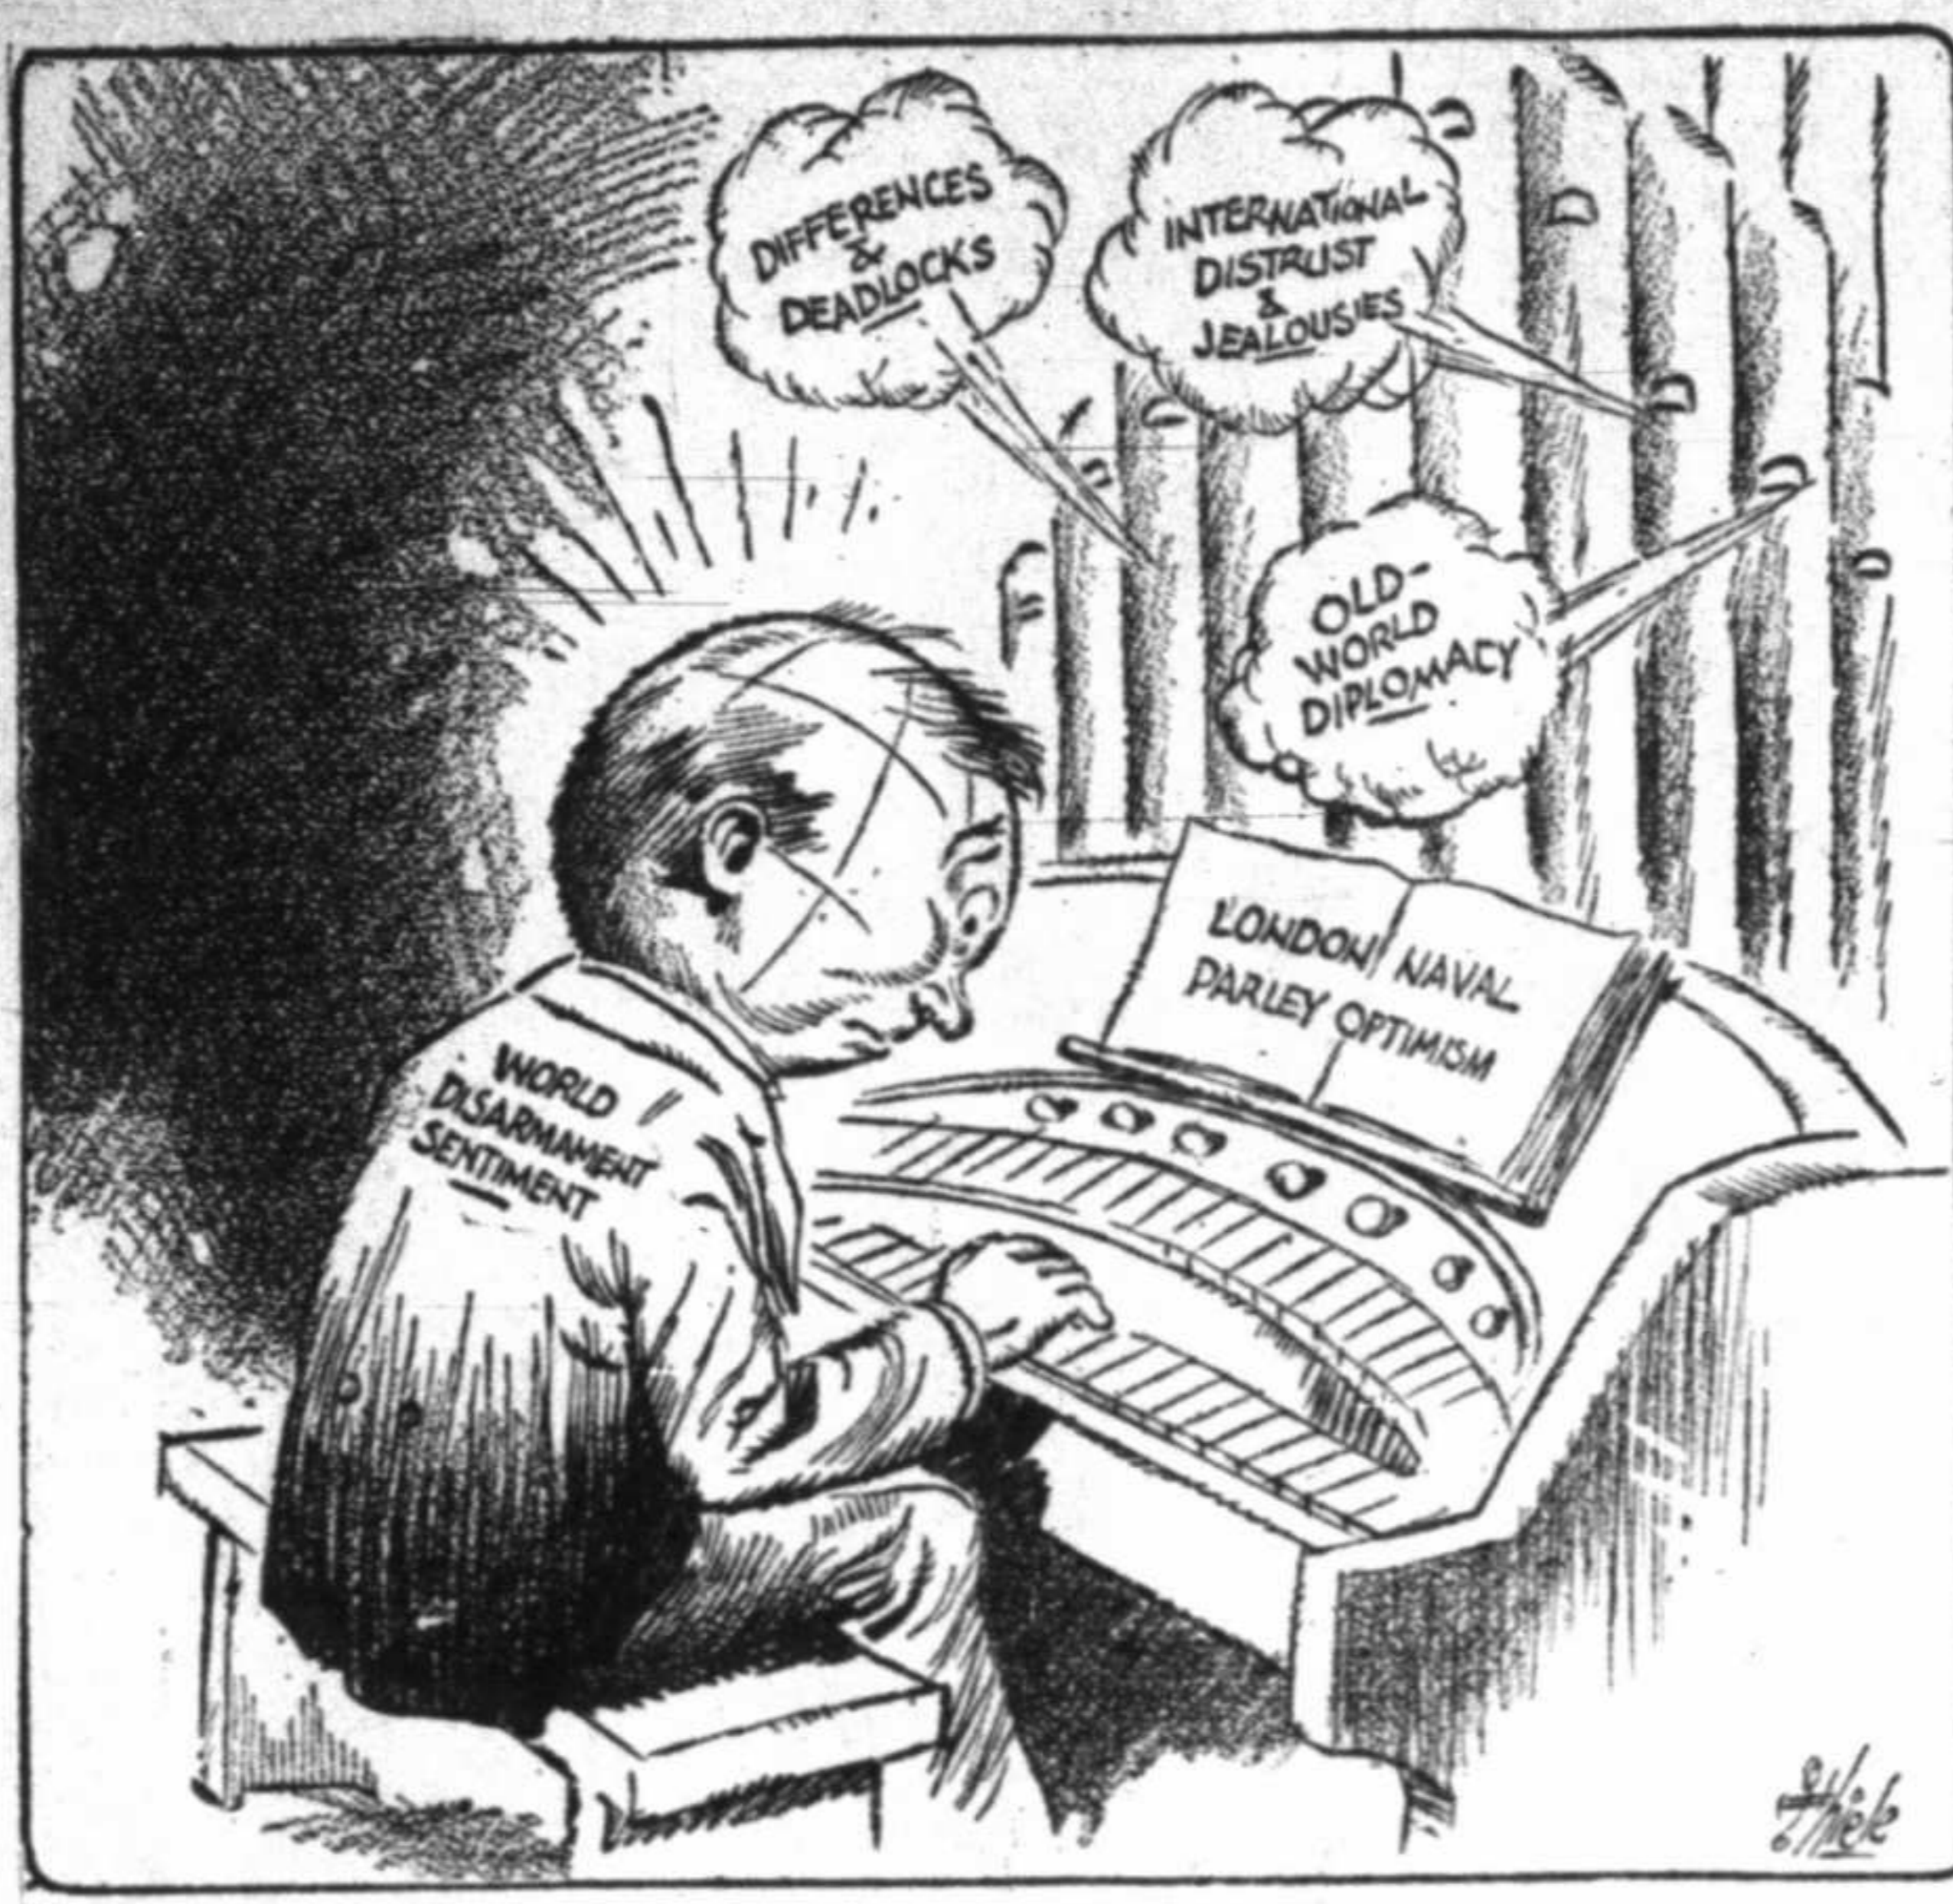

Now anybody who wants to defend the average driving in Lubbock is hereby invited to make use of the column for same. The Plainsman would rather drive in Dallas, Fort Worth or any other large city than he would in Lubbock, as far as peace of mind is concerned. If we'll all adopt the habit of signalling our driving decisions correctly, then follow the signals we'll all be safer and happier.

That Man on Avenue G says many a fellow who suggests a cure for his friend's ailments refuses to take the same treatment for his own.

Oh, yes. Here's something we nearly forgot. The good ladies of the Lubbock chapter of the United Daughters of the Confederacy are sponsoring a home-talent show here tonight and tomorrow night and have asked The Plainsman for a little help. The show, 'Corporal Egan,' will be presented at 8:15 on both evenings at the High school auditorium. Four bits a throw.

Aside from the fact that the show should be supported in order that the UDC may raise some needed funds, it should also be supported through The Plainsman's thoughtfulness. The ladies asked the writer to appear in the east and while he wanted to do it he refrained.

France, Swaggering Under Prosperity, Presents One Of Principal Complications At Naval Parley, Dutcher Says

BY RODNEY DUTCHER
NEA Service Writer
WASHINGTON, April 3.—That London naval arms conference has turned out to be a rather sad business and unless a near miracle happens the results may be a source of domestic embarrassment to our present government instead of adding to its prestige as was once expected.

When the American delegation comes home with a conference that is a country which was promised reduction. Long ago it was obvious that the whole show had been overhauled by President Hoover and Secretary of State Stimson. When the fact sinks in that naval parity with Britain means a lot of extra cruiser building instead of reduction, the job of explanation may be very difficult. Officially, the hope for reduction has never been abandoned, actually, it was abandoned late last summer.

Four-Cornered Problem
In the first place, everyone knows that France, grown cocky with increased national wealth, has insisted on a large building program of 750,000 tons and that Italy has to a lesser extent complicated the situation by insisting on naval parity with France. England is forced to maintain equality with the French and Italian fleets combined and, unless someone gives in, the United States must meet the raise if it wants parity with England.

The question then arises as to why everything wasn't smoothed out with France long before the conference. That's the way such things are ordinarily done. A startling exception was principally a British-American conference on cruisers. Instead of a preliminary understanding before the Geneva conference there was a preliminary misunderstanding; at least one State Department official always gave us newspaper boys to understand that virtual agreement had been reached between the two countries in advance and that the conference blew up when the British reneged. But if that were so, why weren't extraordinary precautions taken to see that there wasn't any repetition at London?

Well, the unofficial explanation as now given indicates either that someone has been double-crossing again. It is insisted that Premier Ramsay MacDonald, when he came here to see Hoover, gave the preliminary complete assurance that there was no need to worry about France. He is said to have told Hoover that France could be depended upon not to insist on any program which would disturb the parity figures which president and premier agreed upon at Rapallo; "when the time came" she would abandon any advanced demands which she might at first make for bargaining purposes. After the delegates to London were appointed Hoover and Stimson explained this to them.

Apparently MacDonald sincerely believed what he told Hoover. That leads back to the question of how he got the assurance from the British. The Plainsman's generous refusal to fob his bum theatricals off on an unsuspecting public, buy a couple of tickets whether you go to the show or not!

There will always be reforms as long as there is money in them for reformers.

Diet and Health

LYING DOWN WITH CHILD BAD FOR HER
Answers to Mothers
God could not be everywhere, therefore He made mothers. —Jewish Proverb.

"DEAR DOCTOR: I am having a hard time putting my 14-month-old little girl to sleep at night. She won't fall asleep unless I lie down with her and hold her hand for about an hour or so. I have tried two or three times to break her of this habit, but she cried for about half an hour each time and I am so tired, so I had to give in to her and lie down with her again. I realize this is a bad habit, but how can I break her of it?" MRS. W.

"Dear Doctor: When I put my children to bed, I turn on the hall light, which shines into their bedroom, so they will have light to sleep by, and then I turn on the radio so they can hear the music. My neighbor says children should sleep without light or noise. Which of us is right?" MRS. M.

The harm that comes from such artificial practices of getting a child to go to sleep, is the dependence the child acquires for them, and the very great inconvenience to the mother, especially in the case of lying down and holding hands. You both should put your children to sleep in darkened rooms, and without music or hand holding.

It is going to take more than two evenings to break your child of the habit, Mrs. W, but you must persist. Just reason with her and make her understand you cannot continue to lie down with her, for you haven't the time and it isn't good for her, and you are sorry, but cannot be helped and she will have to go to sleep by herself, etc.

As I told you many times, in similar cases of habit breaking, better warn your neighbors so they won't think you are cruel.

We have a list of books on the general care and feeding of children, French and who gave it. By that time, for lack of information, one is out in the fog.

At any rate, it finally developed that France was putting a price on her renunciation of the 750,000-ton program. She would reduce her demands if we and Britain would agree to a security measure under which we would consult with Kellogg pact signatories in case France were threatened with war. President Hoover's attitude was that the Senate wouldn't stand for anything like that and so far Britain and America have refused to have anything to do with it. One section of American opinion thinks it is a small thing to quibble over. France, always suspicious and worried, always stresses "security." She sees Germany coming back, she faces Mussolini and Italy in the Mediterranean. Her Little Entente alliances may get her in a jam some day with Russia and her relations with the British labor government have been somewhat strained.

There are many other complications apparent at London, but the one described has been regarded as the most important.

In New York
With Swan
Gilbert Swan

NEW YORK, April 3.—Broadway's most important and most envied drama producer at the moment is one "Laurence Rivers."

And thereby dangles another of those highly ironic and amusing little tales of the "main stem."

For there is no such person as Laurence Rivers. Yet his name is to be seen in large letters over the most worth-while play produced in Pastures, the most fabulously successful and the most generally lauded attraction since I first leaned against the hitching post at Long-acre Square.

Already the name of "masterpiece" has been attached to this drama. "Mr. Rivers" becomes a colossus of the theater. The play will run and run and run, like Tenneyson's brook and Ann Nichols' "Ailsa Irish Rose." It will make millions.

And Rowland Stebbins will be as obscure a personality as ever, unless paragraphs such as this continue to look the world so that Stebbins and Rivers are the same bird.

Stebbins was a gent from Wall Street—you know, that place where the market once cracked up. The eye and ear boys of Broadway have always flirted with Wall Street's cash, but held with extreme contempt its pernicious effects on the commercial theater. "What did Wall Street know of art and the drama! It took theater men to know such things."

Yet, when Marc Connelly was peddling his "Green Pastures" on the highways and byways of the famous lane, all the wise producers were looking right out the window.

Jed Harris, having built the tallest of reputations for never missing a bet and being a hit-maker of tremendous importance, is said to have been first to get a crack at it. To his credit, let it be said, that Harris was inclined to do something about it, but didn't want Connelly to have a hand in the direction. Connelly, knowing the unusual nature of his drama, felt that he had to sit at the ringer's desk. The deal was off. He went to Arthur Hopkins, to Crosby Gage—yes, even to the Theater Guild, where the report came back that the audiences wouldn't stand for the presentation of the Lord upon the stage.

Where to turn next? There was that new producer Laurence Rivers, who had put on two shows, and could get a lot of Wall Street money behind a play. So the five or six million worth-while play producers of New York, "took the count." They passed up not only a gold mine, but a chance to expand their chests a few inches.

This Rivers, then, came into instant acclaim for his splendid production. And now Rowland Stebbins will tell you that he picked the name of Laurence Rivers out of a Lucas Malet novel he encountered in his boyhood. When he looked around for a firm name, he decided that Stebbins didn't sound theatrical enough. Rivers was better. This had been his favorite character, and certainly is now.

Which, as I've mentioned, is just one of those Broadway things.

Incidentally, while talking of this play which everyone hereabouts is talking of, Richard Harrison, who plays "the lord," is the son of two mixed-blooded slaves who fled into Canada. He has a son who runs a jazz-band in the middle west and a daughter who dances in Chicago.

For some time he has been a teacher at a summer school in Greenboro, N. C., and he's taken lecture tours in the winter. When he was projected upon the stage, his English was so polished that he might not be able to master the negro dialect assigned to him. It was only after weeks of study that he could get back to the accent of his people.

PRICE TRENDS ARE UNSTEADY

IRREGULAR SESSION REFLECTS HEAVY MART BUYING

NEW YORK, April 3 (AP)—Price trends were highly irregular at the opening of today's stock market, reflecting the unsettlement of heavy selling yesterday. American and Foreign Power gained 15-8 points; American Tobacco "B," 11-4. Union Pacific 1 and U. S. Steel 3-4. On the other hand, Sears Roebuck, Stone & Webster and Western Maryland lost about a point each. Union Carbide 3-4, and Standard Gas, American Telephone, Anaconda, Westinghouse Electric, and General Motors, 1-2.

The stock exchange monthly brokers loan compilation, showing an increase of nearly \$49,000,000 during March, inspired considerable caution in early dealing, and price trends were mostly narrow.

Steel Gains

Electric Power and Light was a firm spot, rising 2 points. U. S. Steel extended its gain to 1 point. General Electric also rose a point. Radio was again a strong feature, rising a point in heavy trading. Columbia Gas and American Water Works moved up fractionally. Standard Oil of N. Y. recorded a new 1930 high above 36.

Johns Manville lost 11-2 points, and Simmons, Utilities Power and Light, Lehman Corp., and Pittsburgh and West Virginia lost a point or more.

Foreign exchanges opened steady, with sterling unchanged at \$4.86 1-2.

CHICAGO WHEAT

CHICAGO, April 3 (AP)—Southwestern reports of top soil dry as ashes sent wheat soaring today. Open 1-2 to 11-32 up, wheat later scored quick additional gains. Corn and oats were firm, with corn starting 1-4 to 3-4 higher and afterward continuing upgrade. Provisions tended lower.

Produce

BUTTER AND EGGS

CHICAGO, April 3 (AP)—Butter steady, unchanged.

Eggs firm; extra first 25; graded first 24 1-4 to 24 1-2; ordinary first 23 1-2 to 23; storage packed first 26 1-4; storage packed extra 25 3-4.

INCOME TAXES TO SHOW DROP

INCREASE FOR MARCH EXPECTED TO FALL SHORT FOR YEAR

WASHINGTON, April 3 (AP)—Although the treasury department's final report for March today showed an increase in income tax collections for nine months of the fiscal year, it was estimated this total tax for the year would fall \$50,000,000 to \$100,000,000 short of estimates last December.

Income tax collections for the first nine months of the fiscal year, which ends with June, were \$1,212,137,844, an increase of \$125,574,244 over the same period the previous fiscal year. Collections for the last quarter usually drop about \$50,000,000, indicating a considerable decrease from the estimated \$2,480,000,000. The first three months of

STEADY DECLINE SHOWN BY COTTON

NEW YORK, April 3 (AP)—Cotton opened steady at a decline of 1 to 6 points. There was some buying on relatively steady cables. But there were also overnight selling orders, particularly in the near months. Liquidation apparently included realizing and selling for a position, based upon the extent of recent advances and a less active demand for old crop months. By the end of the first half hour May was off to 16 3/8 and new October to 15 3/8. Active months showed net declines of about 6 to 9 points.

KANSAS CITY PRICES

KANSAS CITY, April 3 (AP)—U. S. D. A.—Hogs: 18.50; steady; 10c higher; top 9.85 @ 10 to 170 pounds.

Cattle: 2.50; calves: 90c; fed steers with weight steady to strong; other classes steady to weak; slaughter steers, good and choice 950 to 1500 pounds 11.50 to 14.50; fed yearlings 11.50 to 14.50; heifers 10.50 to 13.50; cows 7.75 to 10.00; weaners 8.00 to 12.00; stocker and feeder steers 10.00 to 12.25.

Sheep: 2.00; sheep and lambs steady; lambs 2.25 to 2.15; ewes 4.50 to 6.25.

CHICAGO PRICES

CHICAGO, April 3 (AP)—U. S. D. A.—Hogs: 18.00; steady; top hogs under 250 pounds; heavier weights this calendar year brought in only \$67,524,917.

The department said also that income tax collections for March had totaled \$99,903,703, a decrease of \$4,000,000 from the same month last year. It had been estimated this decrease would be \$50,000,000. This smaller decrease was accepted as indicating that losses in the stock market decline last fall had not been as large as expected.

Total tax receipts for the nine months of the fiscal year were reported as \$3,042,130,871, indicating a probable total for the year of \$4,000,000,000 with expenditures estimated at \$4,023,681,000.

WOMAN'S VISIT TO BE INVESTIGATED IN DEATH OF DIPLOMAT, ECONOMIST

WASHINGTON, April 3 (AP)—A report that a woman of high social standing in Washington had visited Basil Miles, diplomat and economist, shortly before he died June 14, 1928, arose Wednesday in the investigation the justice department is making into the circumstances of his death.

The woman, who probably will be called for questioning, was said to have left the room shortly before Miles' wife entered it. His wife was described as having been in the room when he died. Mrs. Miles now is the wife of Colonel Henry H. Rogers, a Standard Oil millionaire.

May Exhume Body

Assistant District Attorney Neil Burkinshaw, directing the investigation, was considering having the body of Miles exhumed. Doubt was expressed, however, whether an examination would show anything that would aid materially in the investigation.

Miles was operated on June 4, and ten days later had so far recovered that his physician left Washington, while the resident physician at the hospital was attending another patient that afternoon he was attracted to the corridor by a woman's scream. Mrs. Miles told him her husband was dying.

When the physician reached the room, Miles was dead. The death was attributed to pulmonary embolism, or a blood clot in the lung. He was buried at Murray Hill cemetery at Philadelphia. He married Mrs. Margaret Peabody Savelle in Europe in 1925 after she and her first husband separated.

COTTON OPENS IRREGULARLY

CABLES BETTER THAN DUE IN MARKET AT NEW ORLEANS

NEW ORLEANS, April 3 (AP)—Cables were better than due today, and cotton opened somewhat irregular. First grades were 1 point to 4 points down. The market eased off after the call, May trading down to 15.93, July to 16.03 and October to 15.34, or 7 to 10 points down from yesterday's close. At the end of the hour the market was steady, but at the low.

The market ruled rather quiet all morning, and prices on old crop months gradually eased off, mainly due to a weakened technical position. May dropped to 15.81 and July to 15.91, or 2 1/2 points below the previous close. New crop months were comparatively steady, October losing only 9 points, at 15.32. Unfavorable weather in the belt supported the new crops. At noon the market was steady and at the low.

STRICKEL TRIAL

(Continued From Page One)

response to demands of the Mexican ranch hands, who, it was brought out in testimony, threatened to strike unless Carrasco was re-employed. Attorneys for the defendant further placed emphasis on the testimony that the hand of the Mexican was clenching a knife when the body was found, in an effort to prove that Carrasco was threatening Strickel's life.

State's attorneys alleged that Strickel followed Carrasco after the ranch had left the ranch for the purpose of killing him, and sought to show that the rancher had no right to follow the Mexican.

British Missionary Is Reported Killed

TIENTSIN, China, April 3 (AP)—The London mission was informed by telegram today that York Scarlett, British missionary, was murdered at Peitaino last night.

Scarlett, with a colleague, Augustus P. Cullen, were proceeding through Peitaino to inspect the mission property prior to opening of the summer season.

Death Of Officer Reported Suicide

OKLAHOMA CITY, April 3 (AP)—Death of Frank C. Gay, Brownsville, Texas, deputy sheriff, whose body was found last night in a hotel room here, was said today by George H. Giddings, jr., acting coroner, apparently to be suicide, although no motive for the act was known.

Gay came to Oklahoma City with a requisition from Gov. Dan Moody of Texas for the extradition of Jim Adair on a statutory charge. Requisition was granted late yesterday afternoon by the governor. Gay was expected to leave immediately for Wewoka, where Adair is under arrest.

The deputy sheriff was shot through the heart.

Investigation Of Slaying Is Begun

EASTLAND, April 3 (AP)—A grand jury was under call today to investigate the slaying of A. R. Hill 35, whose body, a bullet wound in the head, was found on the edge of a gravel pit near Cisco yesterday.

One suspect was held in jail here. Only charges against him were for carrying a weapon.

Officers said the man apparently had been taken to the gravel pit after he had been shot. He was not identified until several hours after the body was discovered, and his address was still unknown.

Border Patrolman Killed In Battle

DETROIT, Mich., April 3 (AP)—Gordon Marsden, 22, customs border patrolman, was wounded slightly last night in a battle between rum runners and federal officers on the Detroit river. A shotgun slug entered Marsden's hand.

Marsden and his companion, E. C. Ruidt, reported the rum runners opened fire on the government boat after they were ordered to halt while attempting to dash across the river to the Michigan shore in a speed boat. The officers said they retaliated with ten shots, but the smugglers escaped to Canada.

Mistrial Declared In Indian Murder

BUFFALO, N. Y., April 3 (AP)—Future steps in the prosecution of "Red Lila," consumptive Cayuse Indian woman, for the murder of a white woman were uncertain today.

As the case was nearing the jury's hands, a mistrial was declared yesterday when it was learned it would be at least two weeks before Lila Jimerson could again face them.

A possibility remained that Lila might avoid a second trial by pleading guilty to murder in the second degree. As the 35-year-old Indian woman lay seriously ill on a hospital bed, an offer to accept such a plea was made by District Attorney Guy B. Moore who had been seeking a conviction of murder in the first degree.

GRAF ZEP IN FLIGHT

FRIEDRICHSHAFEN, Germany, April 3 (AP)—The Graf Zeppelin today made its first trial flight for 1930 with a successful cruise of five hours. Only the crew and several engineers of the Zeppelin company were aboard.

Probe Prison Plot To Steal Dynamite

JEFFERSON CITY, Mo., April 3 (AP)—Missouri penitentiary officials today were investigating a suspected plot to steal some dynamite from the state penitentiary explosive storage house at the prison rock quarries a mile south of here.

Director Frank Jones and Warden Leslie Rudolph said a guard found a window had been broken in the building yesterday and a look on an iron chest where the dynamite is stored had been tampered with. It was not determined whether any "trustee" convict was involved, or whether the attempt to steal the explosive had any connection with last week's mutiny at the penitentiary which culminated in a riot in the dining hall Thursday.

Story Of Youth Is Only Kidnaping Clue

DETROIT, April 3 (AP)—The story of a 9-year-old boy and those of several of his school mates were practically the only clues on which police were basing their search today for six-year-old Mary Subook and her kidnaper.

The girl and her older brother, Joseph, were picked up by a strange man in an automobile while on their way home from school in Dearborn, a suburb, Tuesday noon. They were driven about 40 miles before the boy was put out near the Detroit City hall on the pretext of going to buy candy, Joseph said. At that point the trail of the kidnaper was lost.

COURT ASKED TO DECIDE ON FALL APPEAL

SEEK TO HASTEN END OF LONG BRIBERY LITIGATION

WASHINGTON, April 3. (AP)—To hasten the end of protracted litigation arising out of the leasing of the naval oil reserves, the government today asked the Supreme Court to decide the appeal of Albert B. Fall, from his conviction on the charge of accepting a bribe from Edward L. Doheny without waiting for the court of appeals of the District of Columbia to pass on it.

The former interior secretary was convicted in 1929 of accepting \$100,000 from Doheny as an inducement for awarding him a lease of the Elk Hills naval reserve in California and contracts for the construction of storage tanks at Pearl Harbor, Hawaii.

NEW DETOUR ON HIGHWAY NO. 9

Northbound travelers, leaving Lubbock via Highway No. 9, are advised of a new detour necessitated by construction of a municipal underpass on Avenue H at the Santa Fe tracks. City Manager Gus McCleary announced today.

An opening northward has been affected on Texas avenue. Mr. McCleary said the road leading around the underpass site and rejoining the highway at a point a few hundred feet north of the tracks. The old detour, via the Broadway underpass, is also still open and may be used by northbound travelers if they so choose, Mr. McCleary reported.

OFFICERS TO BE NAMED AT DAIRY EVENT

EXHIBITORS BANQUET TO BE ON TUESDAY NIGHT OF SHOW

(Special To The Journal) PLAINVIEW, April 3.—Officers and directors of the Fourth Annual Texas Panhandle-Plains Dairy show will be elected at the annual exhibitor's banquet held on Tuesday evening at 7 o'clock at the Hilton hotel. This will feature the annual meeting and will be the only gathering of the association during the dairy show here on April 7 to 10.

Honored guests at the exhibitor's banquet will be the representatives of the press throughout the State. Exhibitors and others will buy their own tickets and the meeting will be in charge of Oscar Stansell, of Floydada, who is the president of the organization.

Preparations for two hundred exhibitors and newspaper and farm magazine representatives are being made by Manager Maury Hopkins, and a large percent of those invited to attend the meeting have already accepted.

MURDER CHARGE

neighborhood where the three resided with warrants for their arrest. A number of officers were en route to Goose Creek, nearest town to the scene of the drownings, to examine the body of Miller, recovered last night.

Justice of the Peace Flowers, in whose precinct the drownings took place, and who held inquests over the bodies, denied any indication of violence was apparent.

Later Arrested

Great, Cunningham and Mahley were subsequently arrested at their homes near the San Jacinto river some 30 miles from here.

Miss Larry's statement quoted Mahley as telling Mrs. Proctor that the "lady she said about the affair the better off she would be," and said Cunningham had declared, "well, if there are any bruises on them (the bodies), they'll get 'em."

Mrs. Proctor asserted that Mahley had told her "the best thing I could do would be to leave and not to talk to any laws or I would get in trouble."

Jealousy Claimed

"Albert Miller told me," her statement continued, "that Nick (Great) was jealous of Albert and myself going together, and I know Nick's wife was jealous of Albert and I went together. Albert used to live at Nick's house. Some time in January Albert and Nick had a falling out about Nick's wife, and Nick and his wife separated, but Albert told her to go back to her husband."

A casual remark made by Miss Larry to a policeman last night at the "fishing trip," he had "found out Nick was trying to undermine him."

Mrs. Proctor's statement, condensed, was in effect as follows: She said she had been living for two or three days with Albert Miller and his father in their house on the San Jacinto river.

"About 4 p. m., Monday, Pete, the negro, came to the house and asked for Albert. Albert was away at the time hunting rabbits with Bill Scott and Nick Great.

"Pretty soon Albert came back and he and Pete talked a long time by themselves.

"After we had looked for the bodies Nick said the best thing to do was not talk to any laws or make any statements about it to anybody.

WHITE-HAIRED NEGRO, OUT OF WORK, IS FOUND OWNER OF VALUABLE LEGACY

DALLAS, April 3. (AP)—Tom Shaw, elderly, white-haired negro, out of employment since last September "because white folks' laws don't grow in winter," learned today that for the last eleven years he has owned a legacy worth \$5,000 or \$4,000.

Going to City hall to answer a summons to court, he found that a condemnation board placing valuations on property to be taken in widening a street wished to know how much damage the improvement would do to his property.

REVIVAL WILL BE HELD HERE

MEETING TO BEGIN AT CHERI CASA ON NEXT SUNDAY MORNING

A two-weeks revival, to be held in Cheri Casa dormitory, will start next Sunday morning at 11 o'clock, according to an announcement this morning. Rev. Boyd P. Milburn, of Grapevine, will have charge of the services while C. J. Aldrich, of Lubbock, will conduct the music.

Rev. Milburn has been pastor of the First Baptist church at Grapevine for the past three years and was formerly pastor of the church at Wortham. He is a graduate of Baylor university and of the Southwestern Baptist seminary at Fort Worth. He is said to have had 17 years experience in the religious field as a pastor and evangelist.

Children of Lubbock and surrounding communities are cordially invited to take part in the services. Week day meetings will be held in the evenings only, at 7:45 o'clock. The announcement this morning stated that plans are underway for the organization of a new Baptist church in west Lubbock near the Tech. These plans to be worked out locally in the near future.

ARMY PLANES IN MANEUVER

AIR CORPS ACTS AS "EARS AND EYES" FOR INFANTRY

MATHER FIELD, Sacramento, Cal., April 3. (AP)—The "ears" and "eyes" of the army went into commission today at the air corps maneuvers over northern California.

Planes Take Air

Four big planes of the 91st observation squadron took the air today and quickly disappeared from view in the low hanging haze which obscured the surrounding country, but in back of the barracks, a self contained radio unit mounted on a truck kept in constant communication with the planes.

The 11th bombardment squadron and the 86th pursuit squadron were both in the air communicating with one another by radio messages, through their leading planes, although frequently out of each other's sight.

"Enemy" Considered

For the purposes of the maneuvers, squadrons of the third attack corps, also in the air, were considered "enemy planes." Whenever the bombers sighted other planes, they informed the pursuit ships, which in war times rally to the defense

of the heavier and less flexible bombers.

Before the maneuvers are over, April 24, experiments with inter-plane communication will include the attack planes which in war times skim along close to the ground to "strafe" ground troops and drive out anti-aircraft gun crews.

MERCHANTS

(Continued From Page One)

Texas pledging their support and indications point to the fact that Lubbock will stand a strong chance to land the next gathering if the preliminary campaign is followed up with a good delegation to the convention in May.

Officers of the local Retail Merchants association expect a large delegation to go to New Braunfels, the movement definitely started at the time of the annual meeting in this city last week.

It is pointed out that in securing this convention between 500 and 750 of the leading merchants and credit men of the state would be brought here.
