LAMONT SAYS SUPPLY SMALL

SECRETARY SEES ERA OF BETTER BUSINESS IN FUTURE

BY CLINTON COFFIN.
(Associated Press Staff Writer).
WASHINGTON, May 6.—Persistent weakness of the scale of general commodity prices plus widespread complaint of over-production in many lines, should not in the opinion of Robert P. Lamont, secretary of commerce, be allowed to cloud from business vision one cheerful fact.
In his opinion, based on observation from his official post as well as on long and rich business experience, such an over-supply of commodities as now exists, as compared to demand, is relatively small. Serious as has been its effect on prices—bringing about a fall in the general index ratios that ranges from 6 to 8 per cent since December—he is inclined to regard the surplus as one that may swiftly disappear.

DISORDERS REIGN IN INDIA

TWO KILLED, 100 HURT IN RIOTS; GANDHI STILL IN JAIL

Widespread disorder, with two persons killed and up to 100 wounded, is the answer of Mahatma Gandhi's followers to the British government's arrest of "The Holy One."

While the veteran nationalist leader sat behind the barred windows of his cell in Yeroda prison, calmly spinning cotton on his miniature charkha—emblem of the nationalist movement—trouble occurred in many parts of the restlessness peninsula.

Two Killed At Delhi
The Delhi serious trouble broke out at Delhi where police fired on rioters and killed two of them after a riot act, prohibiting the assembly of more than five persons, had been promulgated.

At Calcutta fifteen nationalists were injured in a clash with the police when they attempted to interrupt railway service between Calcutta and Tekal Chat. A mob estimated at 5,000 took part in the disturbance, many of them lying on the tracks to hold up trains.

Two Men Returned To Goldthwaite
GOLDTHWAITE, May 6 (AP)—Sheriff C. D. Bledsoe returned from Imperial, Nebraska, last night with Cecil and Doyle Salyer, arrested in Nebraska and charged with robbing the First National Bank of Goldthwaite April 16. They were placed in jail to await action of a grand jury now in session. The men lived near Brownwood.

NAME ONE BRADY JUROR

THIRTY-TWO VENIREMEN ARE EXAMINED FOR JURY LIST

COURTROOM, DALLAS, May 6.—Alvin O'Brien, middle-aged Dallas printer and former publisher of the Walnut Springs Hustler, today was accepted as the first juror for the second murder trial of John W. Brady of Austin.

O'Brien, 43 years old and a Baptist, was the thirty-second venireman examined. Of the other thirty-one 27 had been excused for cause and two each challenged by the state and defense.

Had Formed Opinion
E. N. Meredith, the venireman examined before O'Brien, passed the court's requirements although defense attorneys tried desperately to disqualify him. They said they had heard he had formed an opinion.

Judge C. A. Phippen, presiding, was considerably bothered by the difficulty experienced in obtaining a jury.

"We are going to get a jury if it takes all summer," Judge Phippen said. "Let us have concerted action to get a jury rather than an effort to disqualify prospective jurors."

The judge several times warned Defense Attorneys Maury Hughes and Ted Monroe of Dallas not to ask leading questions and took the examination away from them. Arguments and objections became frequent and heated in contrast with the first day's proceedings yesterday.

Defense attorneys took advantage of mistakes on the names on processes to obtain the disqualification of two veniremen.

MOODY SAYS LOVE'S PLEA IS NOT ISSUE

GOVERNOR SAYS TEXAS WILL NEVER HAVE TAMMANY HALL

AUSTIN, May 6.—Although personally "disgusted" with John J. Raskob as chairman of the democratic national committee, Governor Moody believes Senator Thomas B. Love is "borrowing an issue" when he injects Tammany Hall into the gubernatorial campaign. The governor so declared himself in a statement replying to criticism by Love of Governor Moody's appeal to leaders in the factions caused by the 1928 split to sidetrack their differences for the good of the party and the state.

Not to Be on Ballots
He said he did not agree with Love that advocacy of peace in the party "is a compromise of the cause of prohibition." Declaring that Raskob did not suit him as head of the national committee any more than he did Love, and that while he (Moody) was "disgusted" with Raskob, he pointed out that question would not be on the ballots at the coming democratic primary.

"There is no Tammany Hall in Texas; there never has been one, and I predict there never will be one," Governor Moody said.

(By Associated Press)
RANGOON, Burma, May 6.—The exchange telegraph agency said today the entire town of Pegu had been wiped out by an earthquake and subsequent tidal wave, with the number of dead estimated at 1,000.

The town presents a desolate picture, with public buildings and homes destroyed. Practically the entire population is homeless.

The market was burned out, and the whole town presents a spectacle of ruin.

The roof of the famous Shwe-Maw-Dee Pagoda, ancient structure 324 feet high, was damaged. Of public buildings, the police commissioner's office and the secretariat were badly damaged and had to be closed.

Fifty persons were killed here, and more than 200 were injured. It was the worst tremor in the city's history.

Scarcely a building escaped damage and many collapsed. Business was at a standstill.

The town of Pegu is about 45 miles northeast of Rangoon on the Rangoon river. It is an important port, and much of Burma's exports pass through it. The place rates as one of the most important seaports of British India. In 1921 it had a population of 18,769.

NO TRACE IS FOUND TODAY OF HIJACKER

O. E. REESE LOSES \$300 MONDAY EVENING ON HIGHWAY

An extensive investigation in South Plains and Eastern New Mexico cities had failed early this afternoon in efforts of officers to arrest a hijacker who held up and robbed O. E. Reese, 715 Avenue L, of \$300 in cash Monday afternoon about 3:30 o'clock on a highway 15 miles west of Lubbock.

Reese, who was en route to Level-land, was bound hand and foot with wire cut from a fence and left in a pasture.

Car Crowded Into Ditch
His car was crowded into a ditch by a man who overtook him in a Ford roadster. Jumping from the roadster, the bandit ordered Reese to get out of his car and hand over the money. At this point he pulled a pistol.

Reese told officers that he was forced into a pasture 150 yards from a road and was tied by the wire.

"I had received the money in Lubbock and was on my way to Level-land to pay an obligation in that city," said Reese. "From Level-land I had planned to go to Abilene for other business. I am of the opinion that the robber had seen me with the money in Lubbock."

The bandit was described by Reese as being about 25 years old, low and heavy set, with a dark complexion. He wore a khaki cap, blue duck trousers, blue shirt and a speckled tie. The roadster was said to have a smashed right rear fender and a

THEY WERE NICE BURGLARS!

CHICAGO, May 6 (AP)—The loving care displayed by two burglars for a baby was the one beautiful feature of the robbery of the Edward Solovy apartment yesterday.

The burglars met Mrs. Solovy in the hall and escorted her with pistols into the apartment. They took the baby from her arms and bound her to a chair.

The baby began to cry. The burglars stopped their burglary and freed Mrs. Solovy's arms, in- to which they placed the infant. They figured the baby was hungry, so they went to the ice box and got some milk. This they prepared expertly under Mrs. Solovy's directions.

Having reduced the little one to a point of gurgling content, the burglars gathered up jewelry valued at \$1200 and went away.

GOVERNMENT TO SUPPRESS SALE OF PARAPHERNALIA USED IN MANUFACTURE OF LIQUOR; TO SEEK 'BIG BOYS' FIRST

(By Associated Press)
WASHINGTON, May 6.—The government moved today to suppress all sale of paraphernalia for liquor manufacture. The drive is being undertaken under the supreme court decision yesterday that distribution of such equipment was illegal under the Volstead law. Prohibition Commissioner Doan announced the step, saying the action of the supreme court in upholding the seizure of bottles, casks and corks in Pittsburgh, on the ground that they had been displayed to attract purchasers who intended to use them in manufacture of illicit liquor, gave the bureau an effective weapon to proceed against every large concern producing such articles.

After the big dealers are "wiped out," Doan said the bureau would "go down the line."

SERMON ON MAN'S PURPOSE IS GIVEN

A goodly congregation, the greater number of whom were not members of the church, attended the second mission sermon in St. Joseph's church last evening.

Father McGee spoke on the Catholic doctrine of man's purpose in life, showing that man comes from God and must go back to God, and that the purpose of this life is given to man in order to prepare for that return to God.

He developed the Catholic teaching on evolution, saying that given a first cause of all things existing the process of the development of things created in no way concerns faith or revelation; it is a matter which our God-given reason must discover for itself. He brought out the folly of living a virtuous life or keeping any laws if there be no hereafter, no life to follow this life, but, if there is, then my duty is clear to live a life in accordance with the laws of Him who one day will judge me.

This evening's first sermon will explain the Catholic teaching on "Sin and Repentance." Benediction will follow this sermon. Then, beginning about 8:45 or 9:00, Father McGee will present a special sermon for married men and women.

The services begin promptly at 8 o'clock each evening. The morning services, consisting of Holy Mass and a short instruction following the mass, begin at 7:30.

ATTACK MADE ON STAND OF U. S. C. OF C.

OFFICIAL WIRES FROM
SAN ANGELO ASKING
NEW ACTION

(By Associated Press)
SAN ANGELO, May 6.—Attacking the stand of the United States Chamber of Commerce against the Federal Farm Board and asking a referendum of its members of the resolution recently adopted in Washington, F. J. Hagenbach, councillor in the chamber and president of the National Wool Growers association, wired his protest to President William Butterworth of the chamber today.

The wire follows:
"As councillor of the chamber of commerce and president of the wool growers, I protest against the attack on farm relief legislation and the farm board recently made by the chamber. For the reason that it reverses the chamber's former stand approving such legislation and creation of the farm board.

"I cannot see any basis in the referendum which justifies this resolution. The attitude recently adopted in the heat of debate and possibly promoted by financially interested parties opposed to the farm furthermore does not properly carry out the plan of procedure heretofore governing the chamber's official pronouncements made only after a referendum and approval of the majority of the chamber's members.

"Such impromptu and hilly considered action can result only in a decided lessening of the chamber's influence in the nation's affairs. Suggest another referendum as to revoking to approving the resolution.

Successful After Ten Years Search

Plainview Farmer Had Almost Given Up Hope When He Tried Argotane, But Troubles Are Now Gone

"Honest, I've been trying for ten years to get the relief two bottles of this Argotane has given me," declared E. P. Felty, a well known farmer residing on Route 1, Plainview.

"Yes, ten years ago," he continued, "I started having trouble with indigestion and from that time on I have certainly had my share of it. I kept taking medicine, thinking I would get over my trouble, but I just kept on suffering. My appetite was no good and I had an awful burning and pains in and about my stomach. I got to where I was disgusted with medicine because nothing helped me. I was blue and despondent, I had no ambition and was just getting clean down and out as far as health was concerned.

"I was so miserable I just felt like I must get some relief some how, and when I saw so much in the papers about Argotane I decided to see if it would do me any good, and upon the recommendation of the friends who had used it, I bought my first bottle. Well, it's fine. My awful pain and distress went away before I had finished my first bottle. My appetite is, like it should be and I sleep like a log. I may have gained some weight, too. I don't know about that but I do know that I feel like a new man, and Argotane is the cause of it. If anyone will inquire I certainly will tell them what this medicine will do. I'm satisfied there is nothing to equal it."

Genuine Argotane may be purchased in Lubbock at the Bowen's Drug Store.

Robbery Plot Is Foiled In Mexico

MEXICO CITY, May 6. (AP)—Mexico City police today investigated reports that an attempted robbery on the downtown branch of the National Bank of Mexico Saturday night was planned by an American.

Six Mexicans were arrested in connection with the attempt. The police refused to disclose the name of the suspected American. They said the attempted robbery bore signs of having been planned by an expert safe-cracker, a number of whom are said to have come from the United States recently.

About \$725,000, were in the bank's vaults at the time. The cool-headedness of an employee was credited with frustration of the plot.

ATHLETICS IN TIE FOR AMERICAN LEADERSHIP

IN THE REALM OF SPORTS
WITH ALLAN CARNEY
Journal Sports Editor

At least two contenders in the 1930 District One football chase will be stronger when the fall campaign opens. Last season neither the Vernon Lions nor the Wichita Falls Coyotes offered competition of a serious nature to the district leaders but the story will be different during the 1930 season, we are told by no less authority than Coach Glenn Weir at Vernon and Coach Harry Holton at Wichita.

Perhaps there is no head coach in the district who is taking his job more seriously this year than Holton, the Coyote boss. The Pack has been in spring training for the past two weeks and Coach Holton plans to keep his charge working until the end of the current school year. Over at Vernon the Lions are winding up their spring practice with a series of games between squad members. The Lion mentor was in Lubbock on business last week and spread the word around that the 1930 Vernon eleven will be lighter than the 1929 entry but much faster. Ernest Christian, fast-stepping little halfback who broke into the lineup last fall at interval, is likely to carry the burden of the team's attack. His performance in returning punts last year was one of the few bright spots of the past season for the Vernonites. During recent spring games, he has shown considerable improvement and appears headed for a great season.

The mere fact that many of the district contenders have picked Lubbock to win the championship next fall has put an added burden upon the shoulders of Coach Henry Frnka. The Westerners have already made a big start toward a successful season, thanks to a long and strenuous spring training season, but the hardest road is ahead. In order to whip his club into condition for its tough fray with the strong Pampa Harvesters by late September when the District season is ushered in, Coach Frnka plans to start the annual pre-season training camp a little earlier in August, probably on the 18th. Coach W. A. Keeling, the new Westerner mentor, will be on hand when the Lubbock forces are assembled to make their annual jump into Garza county. The camp site will likely be shifted back to Two Draw lake this year because of better convenience. Keeling is due to arrive in Lubbock for his first visit here early in June, after he has completed his year's work at San Antonio. From here he will go to Coach Bob Zupke's coaching school at Urbana, Illinois.

These coaching schools are necessary evils in the lives of modern-day coaches. Henry Frnka plans to attend at least three this summer, beginning July 1 with the S. M. U. coaching school at Dallas where Ray Morrison will be assisted by Howard Jones, of California, and the Lambeth of Purdue. The Dallas school will last through July 14. On this same day Dana Bible will open his annual summer coaching school in Fort Worth. The Nebraska mentor will hold his school through July 26. From Dallas Frnka will go to Houston where he will attend Coach Jack Meagher's 10-day school, beginning on August 4. This will complete a rather full summer of blocking, tackling, mapping out plays, etc.

Walter Johnson's Washington Senators lead the American League through the first two weeks of the 1930 campaign and the club has already received 299 requests for world series tickets. George Goheen and his mates have dropped two in a row to the St. Louis Browns and at the same time lost their leadership in the league. Before the Washington management takes any further action on plans for the world series, Johnson will likely hold conferences with the Athletics, Browns, White Sox, Indians and Tigers.

Dutch Luenberger's Lubbock Advertisers will take over the local ball orchard next Sunday afternoon for a return skirmish with the slugging Tahoka baseball outfit. The Lynn county boys have been taking all comers into camp thus far and are set to hand the Flying Dutchman a new, lacing. Lefty Squires, who buried the Tahoka club in a 17-0 victory over the Lorenzo nine last Sunday, will be on the mound for the visitors here. Against Lorenzo the Tahoka squad saw struck out 14 men and allowed but three hits.

Lubbock's numerous baseball clubs has gotten this columnist in several jags already this season. Just last Sunday we carried an advertisement on the Lubbock-Crosbyton game, referring to the local team as the Lubbock Advertisers, when, as a matter of fact, it happened to be Dee Puckett's aggregation that was playing. Appearance of several regulars, who had previously appeared with the Advertisers, was the cause of the gross error. We were under the opinion that Luenberger and Puckett were still pooling their baseball talent but it seems that the partnership has been dissolved. Puckett's error was apparent when we consented to buy our Monday morning breakfast at one of his eating establishments.

DALLAS' CHANGED LINEUP IS BETTER

CHAMPS' HITS BEAT BROWNS; GIANTS LEAD

INDIANS FALL BACK TO TIE A'S; GOMEZ IS YANKS' SAVIOUR

BY HERBERT W. BARKER
(Associated Press Sports Writer)
Connie Mack's Philadelphia Athletics have overcome the spotty play that marked their early season efforts and vaulted back into the lead in the American league race.

Al Simmons' fifth homer of the season enabled the A's to register their fifth successive victory at the expense of the St. Louis Browns yesterday, 4 to 3, in 12 innings. It was the sheer power, rather than the continuity of the champions' batting that beat the Browns.

Indians in Tie
Victims of a vicious batting attack at Boston, the Cleveland Indians fell back into a tie with the Athletics for the league lead. Four Indian pitchers were pounded for 23 hits as the Red Sox won, 18 to 3, and snapped Cleveland's winning streak of six straight.

The Washington Senators suffered their third straight defeat, losing to Detroit 3 to 1, in a pitcher's battle between Lloyd Brown and Lefty Hoggatt.

Gomez Stings
Vernon Gomez, Pacific coast league recruit, gave up only five hits as the New York Yankees won their third straight game from the Chicago White Sox, 4 to 1. Willie Kamm's home run in the second inning accounted for the White Sox's only run.

In the National league, the New York Giants went back into first place with a 9 to 1 triumph over the Pittsburgh Pirates. Bill Walker was the whole show for the winners.

Cincinnati pounded Burleigh Grimes for six runs in the first five innings and easily beat the Boston Braves, 10 to 6. Horace Ford had a great day at bat with three doubles and a triple.

St. Louis and Brooklyn had an off day, and the Chicago Cubs played only one inning of their game with the Phillies before rain halted hostilities.

Greatest Minor Outfield Tries Hand In Big Show

JOHNSON, AVERILL AND JOLLEY NOW IN AMERICAN

BY WILLIAM RITT
Central Press Sports Editor
NEW YORK, May 6—If there was a minor league outfield that compared with the trio of stars who tripped in the garden for the San Francisco club of the Pacific coast league in 1928 this correspondent never heard of it.

San Francisco won the coast bunting that summer and the club's success was largely due to the brilliant play of the three outfielders who were reading from left to right: Earl Averill, Roy Johnson and Smead Jolley.

Jolley lead the Coast in batting that year with an average of .404. Roy Johnson pulled down a .360 and Averill was just below him with a .354.

Terrific Hitters
The terrific hitting of this outfield enabled the Seals to close the campaign with a team average of .308. The trio accounted for 103 home runs, 37 triples and 154 doubles between them. That's crushing the horseshoe to suit the most fastidious slugging fan.

However, the most remarkable thing about that great Seal garden layout is that all three now labor in American league. The National league certainly slipped up on this one when it permitted three clubs from the rival circuit to absorb what is probably the greatest outfield in minor league club ever had.

Averill was snatched up by Cleveland and Johnson by the Detroiters for the 1929 season. Jolley spent another season with the Seals in another brilliant year with a .367 batting average, cracking out 35 more homers, 10 triples and 63 doubles.

In their first season in the big league Averill turned in a .320 batting average and Johnson a .314, which isn't bad at all for first year men. Incidentally Averill tore off 18 homers to show that he was still a slugger as well as a hitter.

This season both Averill and Johnson have gotten away to slow starts but are expected to round into form shortly.

Jolley, now a White Sox, is still an unknown quantity, but Chicago fandom has high hopes the \$30,000 purchase of Charles Comiskey will show up both Averill and Johnson this season. Jolley seemed to be their superior in hitting and slugging in 1928.

For its brilliant outfield the San Francisco club received approximately \$150,000 in this fashion: \$30,000 from Cleveland for Averill, cash and players from Detroit for Johnson, \$30,000 from Chicago for Jolley.

The great 1928 San Francisco outfield now all in the American league.

ROWING FLEET TO BE THE FASTEST

NEW YORK, May 6 (AP)—America's college rowing fleet this season is the fastest that has taken the water in the last three years at least, the performances registered thus far show.

A comparison of times made at the same distances and over the same bodies of water produces the significant fact that the 1930 crews—varsity, junior varsity, freshman and high-weight—have traveled faster than those of 1929 and 1928 in 12 out of 15 cases.

Last month Washington's varsity beat California by a bare five feet and was clocked in 17 minutes, 46 seconds for the three-mile Lake Washington course which the winning Golden Bear crew of 1928 took 18 minutes, 19 seconds to cover.

While this was far from conclusive proof that the current far west varsities are anything like half a minute better than the California aggregation that set a record at Poughkeepsie and won the Olympic title, it indicates that they may turn out to be the same world-beating class.

MAJOR LEAGUE RECORD IS BROKEN IN CARD-DODGER TILT; AT BAT 103 TIMES

(By Associated Press)
ST. LOUIS, May 6—A modern major league record was broken and a National league record equaled in the second game of Sunday's bargain bill between the St. Louis Cardinals and the Brooklyn Dodgers.

The new mark was set when the Cards and the Dodgers went to bat officially 103 times, the Dodgers with 52 and the Red Birds with 51. The all-time record was made June 9, 1923 when the Boston and Detroit Nationals batted 116 times, but the more recent record was 98 times between the New York Giants and the Cincinnati Reds on June 9, 1901. The National record, which was equaled, was by the Red Birds employing 22 players, the same as was used by the Phillies against the Cards on Sept. 16, 1926, and by the same club against the Dodgers May 15, 1929.

STANFORD UNIVERSITY, Calif., May 6—Eric Krenz, Stanford track captain, hurled the discus 177 feet in practice here yesterday.

The time, however, was made from a 10 foot 6 inch circle, 2 feet 6 inches larger than the regulation circle and allowing a double turn. Stanford athletic officials said it was the best mark they had any knowledge of from any circle.

Krenz is holder of the official world record with a mark of 193 feet 8.3 inches, set in 1929.

SPORTS FALL BEFORE STEER TEAM MONDAY

HOUSTON CLIMBS NEAR LEAD; INDIANS ARE IN CELLAR AGAIN

(By Associated Press)
Senior Yacub Altz of the Dallas Steers was in great fettle today as he sent his herd against the pace setting Shreveport Sports for the second of their series. A little judicious reworking of the Steers' lineup, believes Altz, was responsible for the easy win over the league leaders yesterday, by the score of 9 to 1.

A big fourth inning in which Dallas scored six runs largely accounted for the victory. Altz's principal lineup changes were in sending in the newest acquisition, Chili McDaniels, first sacker from Little Rock, and the veteran Hap Moore on the keystone sack.

Sports Lose Home Game
The Sports were the only team in the league to lose a game played on home territory. Waco, host to San Antonio, took a ten inning affair. Houston played before an enthusiastic home crowd to shut out the Beaumont Exporters, and Wichita Falls celebrated the drying up of the rain soaked Shreveport field by beating Fort Worth. The same teams meet in the same cities today.

Beaumont, but recently leading the field, slipping a bit further down the ladder, to fourth place with Houston's 6 to 3 licking. Five of Houston's six markers were made in the fifth inning. Steak held the visitors to seven hits.

Indians in Cellar
The Waco-San Antonio game was a pitchers' duel, with Thormahlen holding the visitors to five hits, and finally taking the game 2 to 1 in the tenth. The clutch pitched the San Antonio hold on the lowest position in the league.

The Wichita Falls Spudders, just a step behind Shreveport and Houston in the league standings, celebrated home run day for the 10 to 5 victory over the Cats. Three circuit clouts were good for the scores.

Tahoka Nine to Be Here Sunday
Tahoka's hard-hitting diamond aggregation, fresh from a 17 to 6 over the Lorenzo all-stars, will be in Lubbock Sunday afternoon for a return engagement with the Lubbock Advertisers.

Dutch Luenberger's Advertisers recently lost a decision to the Lynn county nine and the locals will be out for revenge in a big way when the invaders trot out at Merrill Park Sunday.

The locals will be facing the outplay slants of Lefty Squires in the return skirmish here. Last Friday Squires whiffed 14 batters on the Lorenzo team, holding the Crosby county outfit to three hits.

Thought For Today

Rebuke not an elder, but entreat
him as a father, and the younger
men as brethren.—1 Timothy 5:1.

Reprove thy friend privately;
commend him publicly.—Solon.

The Ambitious

New York remains the goal, now
as always, for thousands of am-
bitious young people in all parts of
the country. But the Welfare Council
of New York City has a word of
warning for young women who plan
to go to the metropolis to seek
their fortunes.

"Stay away from New York," says
the council's most recent bulletin,
"unless you are assured of an in-
come of at least \$25 a week." The
bulletin adds:

"Young women throughout Amer-
ica apparently are still of the op-
inion that it is easy for a girl to get
work in New York City and that it
is possible for her to live on as lit-
tle here as in her home town. The
day to day experience of our room
registries show that there is little
justification for either of these as-
sumptions.

"We are convinced that it is im-
possible for a young woman, new to
New York, to live comfortably and
independently for less than \$25 a
week."

Youngsters who have the New
York notion in their head would do
well to heed that warning very at-
tentively.

Air Service

It begins to look as if regular
commercial airship service across
the Atlantic were to be a reality in
the comparatively near future.

According to plans announced at
Washington, Germany will build a
new ship to go with the Graf Zepp-
pelin and America will build two
more, making a fleet of four. Ser-
vice going east will provide a tri-
weekly, with three-day trips for
the westbound line. Passenger fares
will be about double steamship
fares.

This announcement may be the
beginning of a new kind of traffic
of enormous importance. It seems
foolish to suppose that the steam-
ship will never be displaced as the
carrier of bulk freight, but the dis-
turbance may very well be about ready
to give the fast passenger liner
something to worry about.

Interesting

Say what you will about the Rus-
sian Communists, you must at least
admit that they're not afraid of ex-
periments.

A new city of 50,000 people is
about to rise in the banks of the
River Ural. It will be the most
thorough going communistic city ever
seen. There will be groups of apart-
ments, each housing some 2000 peo-
ple. All of these people will have a
common dining hall. There will be
community nurseries for the chil-
dren, which will live away from their
parents until they are 16. One
enormous kitchen will supply all of
the city's food. Women, freed from
housekeeping, will take their
places in industry with the men.

You're entitled to make any kind
of prophecy you please about the
way all of this is going to work
out. At any rate, it's going to be
mighty interesting to watch.

Taxes

If you think your American in-
come tax is a burden, consider the
plight of the British taxpayer.

Under the new rates recently pro-
posed by England's chancellor of
the exchequer, a married English-
man who earns \$5,000 a year will
pay an income tax of approximately
\$337. In America, a man of the
same earning capacity pays \$52.25—
just about 1 per cent of the Eng-
lishman's tax.

In other words, we don't know
what high taxes are, over here.
With a tax load like that to carry
it is small wonder that England is
feeling an industrial depression. In-
deed, the wonder is that the nation
is not having more trouble than it
is. A tax of that size is a thing to
be awake nights about.

"Colored Race Want a Leader"—
headline. And many a misinformed
person will propose Amos 'n' Andy
for the honor. The situation will
still remain dark.

THE PLAINSMAN

Says:

That Girl on Broadway says an
apple a day may keep the doctor
away but an onion will work on
anybody.

A Louisiana solon would place a
dollar tax on pet cats. Necessity, it
appears, is the mother of tax in-
vention.

THE Post Chamber of Commerce
is out with an original plan
which meets with the approval of
The Plainsman, at least. And, un-
less we miss our guess, it will meet
with the approval of a lot of other
folks who have the good of Texas at
heart.

Over the signature of George
Samson, secretary, the Post cham-
ber has sent out several hundred
letters to Texas newspapers and
commercial organizations suggest-
ing more attention to the display
and sale of Texas-made products.
An excerpt from the letter, which
carries the gist of the idea, read:

"Realizing the fundamental truth
of the slogan, 'What Texas Makes
Makes Texas,' and feeling that the
above slogan has been admitted in
an academic way but not applied in
the most practical manner, we
suggest that every local chamber of
commerce in West Texas start a
campaign to the end that every
store in their community feature
and have on display every day in
the year, some Texas product."

Feeling that it should take
the lead in the matter it has
suggested, the Post Chamber of
Commerce has already received
co-operation from merchants in
the Garza county capital and
displays of Texas-made goods
are already to be seen there.

George "Scotchman" Samson,
the Post secretary, will be in
Lubbock next Saturday and will
further discuss the idea. If it is
widely added in the Post C-C an
added impetus but suppose they
have? The Plainsman believes
West Texans and Texans in all
parts of the state should support
the Post's projects over outside
ones—all other things being equal.
We're in favor of supporting Texas
to the limit.

After all is said and done,
Texas will never reach its
maximum in prosperity until
industry, manufacture and com-
merce are expanded to stand
shoulder to shoulder with agri-
culture as average revenue pro-
ducers. If the Post plan will
help turn the trick—and it looks
like it should—why not give it a
share and give the Post C-C
credit for it?

John Herd, Post banker, and Leon
O. Moses, Garza county attorney,
were in The Plainsman's sanctum
yesterday afternoon and both are
optimistic over the idea. It is
widely added in other communities.
"The displays are already appearing
in Post," they said, "and it looks
good to us."

That Man on Avenue Q says if
we all had good manner nobody
would be left to tell "Down In
Front!"

WILEY Metcalfe, former police
sergeant and now in the
wholesale oil business here, used to
have a saying that always appealed
to us.

"How you making it, Wiley?"
The Plainsman would ask, and
always get an answer.
"All right. The grass is green and
the lakes are full of water. I'd be
a no 'count man who couldn't make
a living in this country!"

After a short motor drive around
the county Sunday, we've come to
the conclusion Wiley's right—at
this time, anyway. Everything sure
looks fine and along about next fall,
ought to look better.

This year should be a corker,
by all rules and regulations.
It's been six years since West
Texas had a bumper crop and a
straight-through good season
and if there is anything in the
law of averages, or in "percentage",
as the craphooters say, then "Happy
Days Are Here Again." However, you
can't count too much on this per-
centage business. Lots of fel-
lows have gone home with their
pockets full of "percentage" but
nothing else.

Well, it won't be long now, as the
monkey remarked after catching
his tail in the lawn-mower. An-
other couple or three days will see
The Plainsman digging down in the
well-known jeans to pay off on the
census contest. There are about 25
women and children who still have
a shot at the prizes—and winners
will be announced as soon as Doc
Barr gets through his nose-counting.

Incidentally, The Plainsman is go-
ing to be powerful disappointed if

There Are Certainly Enough Polls On Prohibition, Says
Dutcher In Giving Resume Of Results On That Question

BY RODNEY DUTCHER

NEA Service Writer

WASHINGTON, May 6—Anyone

who hasn't had a chance to vote

his or her convictions on prohibition

in some kind of a straw vote seems

to be getting

cheated. Probably

never were there

so many polls on a

controversial ques-
tion as in the last
few months. Little
polls, and big
polls, are finally
taking them seri-
ously, especially
the big Literary
Digest poll, and are
being carefully
planned attacks
designed to show
that the results are
not necessarily
representative of
the mass of Ameri-
can citizens. Every-
body is wallowing
in analysis, poll
figures and past
comparative statis-
tics.

Your correspondent will not be
silly enough to add up all the poll
results, but is willing to give a brief
review of this straw vote fad.

How the Votes Went

The first one of any size was
taken by the Pathfinder, a weekly
magazine of large rural circulation.
Its readers voted 213,000 for stricter
enforcement, 58,000 for prohibition
as is and 169,000 for various wet
proposals.

The Union League Club of New
York, conservative and Republican,
voted 932 for repeal, 264 for modifi-
cation and 109 for enforcement.
The Yale Daily News queried the
university's students and found that
among the 384 who voted, 85 per
cent wanted repeal and only 17 per
cent enforcement. The Harvard
Crimson then supervised a poll of
more than 20,000 students in 14
leading universities, which returned
5,369 for repeal, 11,096 for modifi-
cation, 4,517 for strict enforcement
and 838 for enforcement "as is."

By the time the Literary Digest
had counted three million voters it
had approximately 915,000 for en-
forcement, 999,000 for modification
and 1,310,000 for repeal, or only 23
per cent for enforcement.

Lately the 25 Scripps-Howard
newspapers have been conducting a
prohibition poll designed as a check
on the Literary Digest poll, whose
accuracy had been questioned. Yes, it
is. At this writing, wet votes are
leading dry votes by more than
10 to 1 and votes for repeal repre-
sent more than 70 per cent of those
cast. Roughly speaking, the Path-
finder poll might be construed as
indicative of rural sentiment and
the Scripps-Howard poll of urban
sentiment.

The drys, hitting at the Digest
vote, at first said their folks weren't
voting, but they dropped that in
favor of more cogent arguments.
They charged that more men than
women were receiving ballots and
the Digest hadn't adequately an-
swered that one yet.

Most lately the Methodist Board
of Temperance, Prohibition and
Public Morals has had its statis-
ticians busy preparing broadsides. It
says that nearly 48 per cent of the
Digest's votes so far have come
from the wet states of New York,
Pennsylvania, Illinois, New Jersey
and Connecticut, which have but
28.56 per cent of the population,
whereas only 3.30 per cent of the
poll comes from the five dry states.

There isn't a figure "2" on the left
hand side of Lubbock's population
total. There are that many people
here, all right, and we're going to
stick to it even if the official total
is below that number. Yes, sir,
there are about 21,000 souls in Lub-
bock and environs, not counting the
Tech students. We're like the pup-
py whose master took him to the
veterinary to get trimmed up a bit.
"That's my tail," he said, "and I'll
stick to it!"

Diet and Health

TREATMENT FOR ULCERS

SUGGESTED

Duodenal Ulcers

"Dear Doctor: Can an ulcer
of the duodenum that has reached
the stage where it bleeds
(has bled once) be cured without
an operation?"

MRS. H.

Yes, the dietary and medicinal
treatment of duodenal ulcers
should be tried and tried
carefully. In fact, one of the
famous Mayo brothers has said
that there might be a surgical
removal of ulcers after nine medi-
cine-to-dietetic cures.

Dr. T. H. Brown, of Balti-
more, whose talk on ulcers I re-
cently heard at the New York
Academy of Medicine, says that the
treatment is medical first, always.

Do your work on diet and
medication, and if you have failed
after three months of medical
treatment, he also stated that hem-
orrhages and recurrence of hem-
orrhages are no indications for im-
mediate surgery. (Thus, of course,
means hemorrhage into the organs
themselves, not into the abdominal
cavity.)

Put yourself in the hands of a
skilled specialist and he will give
you the right medical and dietary
treatment, Mrs. H.

Miss W. Just forget what has
happened. It was evidently fated
that you could not escape, and
maybe it was for your ultimate
good; you never can tell. Don't be
afraid to look people in the eyes, for
no one can tell anything by the eyes
alone. And you don't know what
temptations others have met and
fallen for. Don't discuss the mat-
ter with anyone, and just forget it.
(Unless with a psychiatrist.)

some man whom you will love will
come into your life, and you don't
even have to tell him, for the
chances are most any man has as
much to cover as you do. If it is
something he might possibly learn
of, better tell him of it and say you
were young and foolish; but the
past is past and cannot be undone.

About a year ago it was reported
that the midge population was
falling off and scouts for circuses
had great difficulty rounding them
up. At one time an actual scarcity
prevailed and some time passed be-
fore any were imported to this coun-

ably and the wise gente of the "tiny
towns" abroad demanded considerable
sums of money before agreeing to
leave.

NEW YORK, May 6.—Manhat-
tan's boarding house is a theatric-
al part of the city in the west
Forties.

Here, during those months when
the carnivals and circuses are gar-
thering together their performers,
come swarms of midgets. Because
this particular place caters to the
Tom Thumbs of the amusement
world, the colonies of anti-like hu-
mans invariably take quarters there,
being almost certain of finding their
fellows there—if they look
hard enough.

Unlike the transient actors and
freak show folk, whose appetites
and bill dodgings drive landlords in
pursuit of the sheriff, the midgets
take up but little room and, so go-
ing, the where, if they get really hard
up, they can go out and steal bread
crumbs from the Library Square
pigeons.

If worst comes to worst and they
begin to take up too much room,
the landlady can park half a dozen
of them in a top drawer.

Naturally, any number of gags
and whimsical nonsense have been
spread concerning the going on in
this midget boarding house.

There's the tale of the performer
who sneaks a couple of them out
in a suit case and thus dodges their
board bill.

There's another to the effect that
an entire family arrived and, un-
der investigation, found he'd picked
up a Lilliputian.

There's the one about the land-
lady who complained that the tooth-
picks were disappearing from the
table and was told that some of her
boarders needed a wooden leg.

There's still another about the
midget whose eye could just reach
the keyhole—but I better not tell
that one. And there's one about the
little guy who got hold of a
speakeasy gin and went through the
halls looking for a step ladder so
that he could get his key in the lock.

There are any number about
ways and means by which the tiny
boarders would pay their room
rent, but on one occasion, three
of them walked out under the apron

NEW JERSEY AVIATOR HAS STORY OF FALL FROM PLANE; SAVES HIMSELF

(By Associated Press.)
MOORESTOWN, N. J., May 6.—Erdman, flight manager of Burlington County Aero club, told a story of having been thrown from the cockpit of his plane by an air "bump" while 1,700 feet above the ground and of having saved himself by catching a tree as he was flung upward.

Erdman was giving an instructional flight over Moorestown yesterday to Victor R. Fritz of Philadelphia.

In a heavy gale, the radiator after snapping shut, Erdman chucked above his head to close the radiator and just as he did, he said, the plane hit a bad bump and tipped like a stone for three hundred feet.

"With my belt unbuckled, I was thrown skyward, my feet shooting out of the cockpit and by heading the plane," Erdman said, "I seemed all over in that instant. I caught a strut. Then I wedged my foot in the cockpit and crawled out."

RALLY SPENDS ITSELF
AND IRREGULARITY
SHOWS UP

NEW YORK, May 6. (P)—A fur-
ther rally at the opening of today's
stock market, largely representing
a continuation of the covering
movement late yesterday, spent it-
self by the end of the first hour,
and price trends turned irregular
and hesitant.

Profit-taking by traders who
bought at yesterday's low levels, and
further sagging of the copper
shares, reflecting yesterday's cut in
the red metal from 14 to 13 cents a
pound, were factors in the renewed
irregularity.

Early advance of 2 to 3 points, of
which the utilities claimed a major
portion, were pared down, and such
issues as Anaconda, Kennecott, and
Granby reached new lows for the
year. Such leading issues as U. S.
Steel, American Can and American
Telephone held fairly steady, trading
over extremely narrow ranges.

Call money renewed unchanged at
3 1/2 per cent.

CHICAGO GRAIN
CHICAGO, May 6. (P)—Respon-
sive to stock market rallies, wheat
scored a brisk advance early today.
Opening 7-8-1 3/8 higher, wheat
afterward continued upgrade. Corn
and oats were also firmer, with corn
starting at 3-6-1/2 advance, and sub-
sequently rising still more. Provisions
tended to sag.

bride too young.

However, Judge Jones put it
up to the young people, and
when each swore under oath,
that nothing would change their
attitude to the contract entered
into, an order absolute was de-
creed restraining the parents
from further preventing their
daughter from going to her hus-

The pair left the court-hand

looked on approvingly, and the
Murphy's indicated that they
would relent from their former
stern attitude.

CREAGER COUNSEL
STRIKE FIRST BLOW

BROWNSVILLE, May 6. (P)—
R. B. Creager's counsel struck today
at the first defense raised by Col-
liers Weekly, defendant here in a
half million dollar libel suit brought
by the republican national com-
missioner for Texas.

Harbert Davenport of Brown-
sville, one of Creager's lawyers, set
out to answer the general and spe-
cific demurrers made yesterday by
the Brownsville Publishing company,
and the P. F. Collier and Son dis-
tributing corporation.

Davenport, a tall, big man in
sharp contrast to the suave Charles
E. Kelly of New York, chief of the
Colliers staff, insisted that the ar-
ticle published by the magazine,
titled "high handed and hell bent,"
defamed Creager in the view of the
average reader. "The question is
not," he said, "how the court or a
trained newspaperman would de-
termine a libel—but what the ordi-
nary reader drew from the article."

Those who left this city were Roy
Davis, of Brownfield, Terry county
agent, a director of the association;
W. J. Magee, Levelland, Hockley
county agent, director; E. W. Hes-
ter, O'Donnell exhibitor, director;
Glen Blackman, Shallowater, di-
rector, and David F. Eaton, Lub-
bock county agricultural agent, vice-
president.

W. L. Stangel, head of the animal
husbandry department of Texas
Technological college, who is a di-
rector, was unable to attend the
meeting.

An executive committee will be
selected at the meeting and a man-
ager will be elected.

SIXTEEN THOUSAND ACRES OF LAND
SOLD ON SOUTH PLAINS THIS YEAR BY
YELLOWHOUSE LAND COMPANY IN LAMB

Sixteen thousand acres of virgin
land on the South Plains have been
sold for colonization purposes this
year by the Yellowhouse Land com-
pany, of Littlefield, according to
records in Lamb county.

Vast stretches of ranch land are
now going under the plow in Lamb
county. About 75 per cent of the
land sold by the Yellowhouse com-
pany is said to be in cultivation at
this time.

Holdings Cover Large Area
Holdings of the Yellowhouse
Land company, originally embrac-
ing approximately 325,000 acres of
the once famous Yellow House and
Littlefield ranches, together with
22,000 acres of the well known Spade
ranch, reaching beyond Roundup
into Lubbock county, cover a terri-
tory extending about 27 miles north
and south and 24 miles east and
west. Littlefield has been the cen-
tral point of immigration activities
of the land company.

On the extreme eastern side of
these holdings a new agricultural do-
main is being carved out. Practi-
cally every farmhouse, every wind-
mill, every line of fence is new.

Lamb county produced more than
52,000 bales of cotton and a bounti-
ful crop of feed last year. Every
present indication is that last year's
crop will be duplicated this year.

CREAGER COUNSEL
STRIKE FIRST BLOW

BROWNSVILLE, May 6. (P)—
R. B. Creager's counsel struck today
at the first defense raised by Col-
liers Weekly, defendant here in a
half million dollar libel suit brought
by the republican national com-
missioner for Texas.

Harbert Davenport of Brown-
sville, one of Creager's lawyers, set
out to answer the general and spe-
cific demurrers made yesterday by
the Brownsville Publishing company,
and the P. F. Collier and Son dis-
tributing corporation.

Davenport, a tall, big man in
sharp contrast to the suave Charles
E. Kelly of New York, chief of the
Colliers staff, insisted that the ar-
ticle published by the magazine,
titled "high handed and hell bent,"
defamed Creager in the view of the
average reader. "The question is
not," he said, "how the court or a
trained newspaperman would de-
termine a libel—but what the ordi-
nary reader drew from the article."

Those who left this city were Roy
Davis, of Brownfield, Terry county
agent, a director of the association;
W. J. Magee, Levelland, Hockley
county agent, director; E. W. Hes-
ter, O'Donnell exhibitor, director;
Glen Blackman, Shallowater, di-
rector, and David F. Eaton, Lub-
bock county agricultural agent, vice-
president.

W. L. Stangel, head of the animal
husbandry department of Texas
Technological college, who is a di-
rector, was unable to attend the
meeting.

An executive committee will be
selected at the meeting and a man-
ager will be elected.

ANOTHER PILGRIMAGE "OVER THERE" IS STARTED; MOTHERS OF DOUGHBOY HEROES TO BEGIN JOURNEY TO BATTLEFIELDS

(By Associated Press)
NEW YORK, May 6.—From west and north and south today came to New York the vanguard of a new pilgrimage "over there."

Through this port 15 years ago this summer began that immortal procession of America's young manhood, headed for the theater of war. And now comes the mothers—6,000 mothers whose boys never came back—provided by a grateful nation with the means to visit the battlefield and cemeteries.

In that foreign soil, so many thousands of miles from home, there is a plot most dear to each of these mothers, and to that plot, in the sundown of her life—after the years have softened into a dim greyness the pain that was hers to bear—she will go to say a last "good night" to her boy.

The first contingent, 232 gold star mothers, mostly from the west and south, will sail Wednesday on the liner America. Each week through the summer another unit will go, until all 6,000 have made the trip.

Nearly 200 of those first 232 arrived in New York today.

GARFIELD, N. J. — Mayor Anthony Perrapato is a double of Al Capone and doesn't like it a bit. Arriving by boat from Havana, he found police and photographers waiting at the pier in New York because of a rumor that Capone was aboard. On his first vacation in 12 years, lots of folks aboard ship and at the hotel took the mayor for the gangster. He was shunned and pestered.

Much Ado About It

OAKLAND, N. J. — There's much ado in this town of 800 about a welcome sign put up by the town fathers. Originally it read: "This is Oakland. Once there was Indians all over this place." Quotation marks were painted before and after the second sentence as if it were some famous saying. The controversy has become most intense. There are threats to steal the sign.

Before entering the service the son shipped the liquor to his mother's home. The lawyer told her possession was legal.

BUTTERWORTH
EXPLAINS U. S.
C. C.'S STANDPRESIDENT DECLARES
ORGANIZATION TO
OPPOSE WORK

WASHINGTON, May 6.—The stand of the Chamber of Commerce of the United States on government aid for agriculture has been defined by its president, William Butterworth, as "opposed to any permanent policy in the employment of public funds for the purpose of participating in business in competition with established agencies."

Explaining the attitude of the chamber as expressed in its resolution advocating repeal of sections of the agricultural marketing act, Butterworth said the chamber did not want to be understood as being opposed "to the interest, and purposes of improving the agricultural marketing system."

"The discussions leading up to the resolution and its intent were directed largely against one or two sections of the act," he said. "It was recognized that the balance of the act contains many constructive features of assistance to agriculture."

The resolution urged repeal of the authority of the federal farm board to use federal funds for the "purpose of participation in business in competition with established agencies." It advocated, however, continuance of the federal farm board as an agency for the dissemination of information and for ascertaining and dealing with over-production.

PRESIDENT HOOVER AND 16-YEAR-OLD
GIRL SHARE SPOTLIGHT IN MEETING

(By Associated Press)

WASHINGTON, May 6.—President Hoover and a 16-year-old girl shared the spotlight Monday as the National Red Cross opened its annual meeting with delegates from all parts of the nation in attendance. The chief executive, president of the Red Cross, welcomed its members and praised the organization for having, during the past decade, "distinguished itself a score of times by effective organization of the saving of life and suffering."

Represents Growth
"Its ever increasing strength represents the growing of the spiritual sense of responsibility of the nation toward those who meet with disaster," Mr. Hoover said.

The girl, Miss Constance Payne, of Terre Haute, Indiana, likewise addressed the convention. She did so, however, with her limbs swathed in bandages as the result of injuries received Sunday night when her automobile skidded from the road near Washington, Pennsylvania. Other members of her party remained in a hospital, but she insisted upon continuing her journey. She had been chosen in a national contest to tell the senior delegates of the work of the junior Red Cross.

"I'm going to make my talk if I have to go on in a wheel chair," she said.

Previously, she had met the president and had been complimented upon her perseverance.

VALLEY PLANS

SITUATION

(By Associated Press)
MCALLEN, May 6.—Steps toward stopping publicity adverse to the Rio Grande valley, which resulted from Wisconsin's ban on the sale of certain Rio Grande lands in that state, were taken Monday at a meeting here attended by Valley business men, land owners and developers.

The meeting voted for the organization of a better business bureau to be affiliated with the national association. A committee will meet Monday with George Huzard, former president of the National Association of Better Business Bureaus, to plan organization.

Speakers protested bulletins issued through northern better business bureaus, allegedly holding the valley "in a false light," and applause greeted one speaker's statement that the valley proposed to "fight lies with truth."

Plans were discussed for the proposed bureau to distribute publicity all over the nation. If organized it will probably be in operation within sixty days.

A representative of a Chicago bond house stated that valley irrigation district bonds have been a "drag on the market" since the "false reports were circulated as to
