BY RUTH DEWEY GROVES

Marye dear: I'm really worried about your behavior in regard to your young friend, Billy Bartlett. Why don't you let him alone. Suppose you should succeed in transferring his interest from yourself to Florence? Do you think it would make him any happier than he is now if Florence failed to respond accordingly?

And just consider how unfortunate it would be if she should begin to care for him. She must come home to look after her mother as will be the case if they fall in love with each other now. Young people often rush into matrimony when they would not think of it if a party did not threaten them.

Please think seriously of this Marye. You may believe that marriages are made in heaven but experience proves that propinquity has a lot to do with the average mating. By throwing Florence and this young man together you risk getting them interested in each other beyond the point you have in mind—merely cure him of his puppy love for you.

Of course you are scarcely more than a youngster yourself even though you are married. And I do not expect you to show sound judgment in these matters. But I do hope that at least you will heed what I say to you, Marye dear, and stop playing with fire. For human emotions are like fire. They can so easily get beyond control. You can never tell where the attempt to direct another person's affection will lead to, and I trust you have enough sympathy for your nature not to enjoy making anyone suffer from a hopeless love. It might easily happen that Florence would lose her heart to this young man and yet fail to attract him. You must realize, Marye, that while she is with you it is your duty to look out for such things and protect her wherever you can.

Dearest love, MOM

NEXT: Alan's revenge.

## Another "Widow's Mite" Story—This One Gave Grave To Neighbor's Child

By HORTENSE SAUNDERS  
NEA Service Writer

NEW YORK, April 2.—Bridget Sullivan is the widowed janitress in a waterfront tenement. Her hands are red and rough and bear evidence of years of scrubbing floors. She maintains an unlovely harmony with the lowly station which fate decreed her.

But by a strange gift to an unfortunate and heart broken neighbor, Mrs. Sullivan emerged spiritually from an ugliness around her. The gift was a grave for the neighbor's baby.

All She Had  
It was everything she had to give—the lot in Calvary cemetery where the neighbor's baby was placed the other day. It represented the savings of years, and a comfortable assurance that though life had not yielded her much, Bridget Sullivan at least would have a "decent" place for her body after she was gone.

"Mary Fallon" is the name on the grave marker. Mrs. Fallon's mother, was as poor as Mrs. Sullivan and lived in just about such quarters.

Into her grief at the death of her child, baffling material considerations intruded—there was the lack of money to pay the doctor, the inability to have a funeral, and finally the prospect of the potter's field for little Mary's quiet body.

Understanding  
Mrs. Sullivan understood. The mother of five children herself, she knew sickness and she knew death. She never had known anything but poverty. She could do nothing about the doctor or the undertaker, but she could alleviate the last worry. So her only possession quickly was transferred to the neighbor, and Mary had a burial place.

Mrs. Sullivan was asked to come to the New York city hall soon afterward. Acting Mayor Joseph McKee had heard of her gift. He took her hand, called her a noble woman and told her that New York city took pleasure in honoring her.

Back to Work  
That receipt over, Mrs. Sullivan went back to the tenement where she works.  
"I'm strong," she told me. "I've never had much. I don't expect much. Living among the poor keeps you close to suffering. You see the slavers of the world, and the results of hardness and unkindness of people who don't understand."  
"I was glad to be able to help poor Mrs. Fallon. As for a grave for myself, I guess that problem will take care of itself some way or other."

## County Auto Sales Continue To Mount

Boosting higher the prosperity barometer in the county, new automobile sales continued to be one of the leading activities during the past month, as reported during this morning, ten being registered in the office of County Tax Collector I. P. Holland before noon.

An average of four new cars every day was the record of sales established by dealers in the county during the past month. One hundred and twenty six new cars were sold during the period, the record for any 30-day period.

A total of 331 new cars have been registered since January 1, running the total automobile registration for the county to 6,592 cars.

## NEW RECORD SET FOR BUILDING IN CITY LAST MONTH

Two new residences were put under construction every day during the past month in the city of Lubbock, establishing a record for building permits in the city's history.

With permits for the month totalling \$243,825, the year's permit total was an \$52,210. One hundred and forty three permits have been issued in that period.

At the opening of the second month of the quarter, city officials predicted that the permits would total near the half million mark by the end of the first quarter. It exceeded that amount by more than \$90,000.

New Grocer C. Merrill, city building inspector, predicts that the permits will exceed the million dollar mark by June 30. At the present rate they will reach that total long before the date.

The average cost of construction of the homes during the month was set at \$4,000, the costs ranging from \$2,500 to \$12,500 for residences.

## EARLY ACTION IN UNDERPASS PLAN HERE EXPECTED

Further steps toward securing underpasses where the tracks of the Santa Fe railroad intersect with Avenue H and Broadway were taken at a meeting of members of the city commission and officials of the railroad in the office of City Manager G. W. McCleary this morning.

As a result of the meeting, indications were that some definite action on the project would be taken sometime in the near future for the construction of the underpasses.

In the meeting this morning, it was proposed that the railway pay only for the cost of construction of the pass in the right-of-way, the city bear expenses of the work until the right-of-way was reached. The proposal is to be submitted to the higher officials of the company for approval.

In the meeting today besides the commissioners and Mayor Pink L. Parrish were J. C. Becton, of Sligo, division superintendent, Blair, division superintendent and Roscoe Wilson, attorney for the company, of Lubbock.

## SINCLAIR RACE STOCK SOLD TO PHILADELPHIAN

PHILADELPHIA, April 2.—The great racing stable of Harry F. Sinclair, oil magnate, has been purchased by James Irvin, Republican politician and contractor here.

Mr. Irvin announced that the deal had been closed a month ago and that another Philadelphiaian was associated with him. He declined, however, to divulge the name of his partner or reveal any of the details of the transaction.

Reports that Sinclair contemplated selling his stable had been current since his horses were barred from Maryland tracks by the racing commission of that state of his connection with the Teapot Dome oil investigation. Many of the horses in his Racocas stable had been entered in the Maryland spring meets prior to the ban.

**Reported Sale Is Denied By Irvin**  
PHILADELPHIA, April 2.—In denying today that he had purchased the horses owned by Harry F. Sinclair, whose opium has been barred from the Maryland tracks, James Irvin, republican ward leader and contractor of this city, explained that he meant he had taken title to Sinclair's stock in several Maryland race tracks.

Least Irvin admitted that he had purchased the oil man's stock and this was interpreted in several published reports that he meant Sinclair's horses in his Racocas stables near Jochtown, N. J.

Irvin said that he was associated with another Philadelphiaian in the purchase whose name he would not reveal. Irvin declined to name the amount of the Sinclair stock was not to be taken as an indication that the oil man was planning the sale of his stables, as the Racocas horses may still race on all tracks except those in Maryland.

## SOME HAVE BIG OVERSUPPLY AS OTHERS NEEDY

### OWNERS SUSPICIOUS AND PRONE TO JUMP AT CONCLUSIONS

By BRIAN BELL  
(Associated Press Sports-Writer)  
NEW YORK, April 2.—Baseball, about to start another season, lacks a brisk trading mart to complete its equipment. A few exchanges would make for a more equitable distribution of talent. Some clubs are being on casualties while others have a surplus of infielders. Pitchers and catchers are assembled in concentration in some cities and lack a quorum in others.

**Suspicion Hints Trades**  
The trades may not materialize, perhaps because owners and managers are so suspicious and prone to jump at conclusions, one of the most persistent being that if a rival is willing to trade a player there must be something wrong with him.

**Two Start Recruits**  
In the National Brooklyn and Philadelphia are starting the season at first base with promoted minor leaguers who have yet to win their spots in the majors. Boston is turning the assignment over to a player who is very good when he is good and horrid when he is bad—Burrus.

**Recovery of World Crown Hoped For in New Zealander**  
NEW YORK, April 2.—Through Tom Heenev, erstwhile New Zealand blacksmith, the British empire hopes to recover the world's heavyweight boxing championship which she so successfully maintained in the rippin' bare-knuckle days of yore.

**Man Of Pugilistic Destiny**  
That study product of the Antipodan open spaces has become today what some of the observers think is Britain's man pugilistic destiny. In the scheduled battle for the world's title between Heenev and Gene Tunney in July, whether it be over the 15-round route in New York or 20 rounds in Old London, Heenev at last will have that golden opportunity which has been denied British born boxers for more than three decades.

**Trading Combinations**  
If the trading mart ever function on a wholesale scale, some interesting combinations might be worked out. Boston could take Brooklyn's battery effectives and be practically assured of a one-two-three place. This goes for all the other national league clubs, and Pittsburgh with the Brooklyn catchers about transferred to Forbes Field would be regarded by many experts as "in" before the race starts.

From What to What?" will deliver special lectures this afternoon at 4 o'clock to the boys of the town and at 7 o'clock to the young ladies of Lubbock. These lectures are portions of his "Y" lectures.

**World Situation Presented By Eddy**  
Congratulating Lubbock and the college on the conference, Mr. Eddy presented "The Present World Situation" at the night program in the gymnasium last night.

**Mexico Holds No Brief**  
"Mexico holds nothing against you," Sr. Lara said, "the y are your neighbors and want your friendship." He stated that he hoped a better understanding could be gained through the two nations.

**Proportional Disarmament**  
"I would not favor the cancellation of the European war debts unless steps toward proportional disarmament were taken," he declared. "Yet I don't believe that the United States wants to be known as the 'shock' of nations. France, as hard hit as she is, must pay us a half million dollars a day for the next six years."

**U. S. Looked to As Leader**  
"Will we follow the path of imperialism or democracy," he asked. "The entire world is looking to us for leadership as we represent the financial power of the universe and our actions alone determine whether we will have world war or world peace."

## HUBBERS OPEN TRAINING FOR SEASON TODAY

### TWENTY MEN, MOSTLY RECRUITS, REPORT FOR SESSION

Bennie Brownlow will swing his flock of recruits into action this afternoon on the Merrill park diamond for the opening training session. More than twenty players, some with experience, but a greater portion of them rookies have reported to Brownlow this morning and are eager to get going.

**Impressed With League**  
After attending the Midland session yesterday the Hubber pilot is greatly impressed with the league and is of the opinion that the loop will present numerous stormy contests for the local fans during the season as the managers of the other teams are getting under way with their preliminary training.

**Caukin Leads Education**  
Pointing to the democratic revolution of several years ago, Dr. Esther Caukin, of Washington, secretary of the International Relations committee of the American Association of University Women, made the opening talk, declaring that world peace was fundamentally a question of education and must be developed step by step.

**Mexico Holds No Brief**  
"Mexico holds nothing against you," Sr. Lara said, "the y are your neighbors and want your friendship." He stated that he hoped a better understanding could be gained through the two nations.

## WILLIS HONORED BY THROGS WHO PASS HIS BIER

### DELAWARE, O. APRIL 2.—State and nation today honored United States Senator Frank B. Willis who was suddenly taken from the political arena by death Friday night, in the midst of the heated Ohio presidential campaign.

Yesterday 3,000 friends, neighbors and fellow townsmen filed past the Willis bier for three and a half hours.

**Today's Tribute Broadly**  
Yesterday's tribute was chiefly that of friends, while today's ceremonies took on state and national significance with the arrival of scores of men in public life to pay homage to Mr. Willis.

**Mississippi River "Dry" Raids Success**  
MEMPHIS, Tenn., April 2.—A ten day drive to make the Mississippi river area "dry" has met with at least partial success.

**Fire Department Runs Increasing**  
Nineteen hundred twenty eight is no better year than 1927 for the Lubbock fire department so far as alarm runs are concerned, the records of Chief W. E. Twitty show.

**But we also have NEW RECORDS OF INCREASED MILEAGE, happy care-free miles that add to the enjoyment of motoring and lessen expense.**

**You don't know what to expect of Tires until you've used Miller Tires, the tires that have MORE MILES IN THEM, tires that we're glad to recommend.**

professor of Latin-American history in the University of Texas, said in his opening remarks, striking at the sore spot of the foreign relations of the United States at the present time. Dr. Hackett said that he didn't believe American lives and property were in danger when the marines were sent there but that that excuse was merely used as a camouflage. Dr. Hackett attacked the extra-territorial property doctrines of the States and especially the attitude taken by President Calvin Coolidge.

**Missionary Talks**  
Appearing as an unexpected speaker on the program, W. B. Glass, of Waco, special Baptist missionary to China for the past 29 years, pointed out three things which should be adjusted in China: that of Treaty regulation, extra-territoriality and customs autonomy. Mr. Glass is to appear on the conference programs today and tomorrow, making his talks from actual experiences gained in that republic.

**Dr. Eddy was then introduced** and he presented a brief outline of world affairs. "We are living in a decade of history when the idea of international peace is undermining the thoughts of the entire world," he said, "and the world is awakening to the fact that the settlement of differences can be accomplished easier by appeal to reason and arbitration." A newer development in international relations awaits us, he said.

**Officers reported today** that in raids on islands in the river 500 gallons of whisky were destroyed with 17 stills, including three 4,000-gallon and three 1,000-gallon plants. The largest stills were within 20 miles of Memphis.

**There may be some other distilleries on the river.** A J. Howe, chief federal prohibition agent said today, "but I believe we have cleaned them out pretty thoroughly."

**Pointing to the democratic revolution** of several years ago, Dr. Esther Caukin, of Washington, secretary of the International Relations committee of the American Association of University Women, made the opening talk, declaring that world peace was fundamentally a question of education and must be developed step by step.

**"The responsibility is every-** where," she said, "but the United States hold the most important place." Establishment of world peace can be attained only through the bringing up of a public sentiment against war and in favor of international civilization, Dr. Caukin declared.

**"I come as your neighbor on the South,** the other side of the Rio Grande, Senor R. Carlos Lara, the conference's sole official representative said in making his short talk yesterday. "Mr. Lara is the consul of the republic of Mexico stationed at Dallas and was officially designated as a delegate to the conference by the government."

**"Mexico holds no brief against you,"** Sr. Lara said, "the y are your neighbors and want your friendship." He stated that he hoped a better understanding could be gained through the two nations.

**"I would not favor the cancellation** of the European war debts unless steps toward proportional disarmament were taken," he declared. "Yet I don't believe that the United States wants to be known as the 'shock' of nations. France, as hard hit as she is, must pay us a half million dollars a day for the next six years."

# EARTH SHOCKS FELT ANEW IN TURKEY TODAY

## SMYRNA POPULACE IS FURTHER TERRORIZED BY MORE TREMORS

CONSTANTINOPLE, April 2.—Another series of earth shocks struck the historic city of Smyrna this morning increasing the terror of the population which was barely recovering from an earthquake Saturday which caused heavy loss of life.

The first shock today, a slight one, was felt at 6 a. m. and this was followed by a succession of eight shocks which sent the boldest who had returned to their houses fleeing to the hills again.

**Geysers Add to Terror.**  
The appearance of geysers in the Gulf of Smyrna added to terrifying phenomena which had marked the preceding quake and spread further panic among the population which is camping in the fields and hills.

**Latest reports placed the dead at 40 and the injured at 136.** A total of 1,570 buildings have been destroyed and the loss is estimated at \$2,000,000.

**Unsteady houses were demolished by the authorities to prevent another catastrophe.** The population of Smyrna crowded the streets, many in scant attire and all fearing to re-enter their demolished homes in search of clothing.

**Damage in Smyrna.** Official accounts said that at Smyrna 29 houses and ten shops were demolished and 193 houses, two mosques, 86 shops, four schools, five factories, two motion picture theaters, one hospital and a clock tower were damaged.

**At Karshiquaya, 16 houses were destroyed and 100 damaged.**

**There were several victims at Tarball where every house was in ruins.** A thousand homeless peasants crouched among the debris according to Moslem custom, they buried their dead immediately. Then they turned their faces toward Mecca and prayed to Allah, waiting with oriental resignation for what might befall them as intermittent tremors continued.

**Killings Destroyed.** Several villages around Tarball were destroyed. Five were uninhabitable and four were badly damaged. In one of these villages 150 houses were razed and forty persons injured. In another eight persons were killed and 16 injured.

**Three persons killed at Baidir.** Three mosques and several other buildings were damaged at Minnehette. At Karabruna and six other places several houses were destroyed.

## New And Violent Quakes Predicted

FAENZA, Italy, April 2.—New and extremely violent earthquakes are imminent, especially in southeastern Asia and the southern European Mediterranean district, Raphael Bandanti, seismologist said today.

He predicted a big disturbance for Wednesday and a repetition on the night of April 9 to April 10.

He forecast lighter tremors in northeastern Mexico and the Kamchatka Peninsula, Siberia and five slighter volcanic activity in the Andes.

## Detectives Ready In Chicago Fuss

CHICAGO, April 2.—Five squads of detectives were in readiness today to attempt to take by force Myron Caffey, a federal prohibition agent wanted for the wounding of a municipal court bailiff, shot during a raid on a saloon.

Captain William Schoemaker of the police department who went to the federal building to arrest Caffey was told that the agent would not be surrendered until a writ of habeas corpus had been issued. The writ would order Caffey and his captor before the federal court.

If city legal authorities hold that Caffey can be taken by force the five squads of plain clothes men will be sent the dry agent, said Michael Hughes, commissioner of police.

## Chairman Of Drys In Texas Resigns

AUSTIN, April 2.—R. Harper Kirby, retired Austin capitalist, and life-long prohibitionist, has resigned as chairman of the Texas "Constitutional Democrats," a faction pledged to a bitter end fight against supposedly "wet" candidates for president, it was learned Monday.

Mr. Kirby confirmed his resignation, saying that his health would not permit the necessary trips between here and Dallas where the faction was organized a few weeks ago. He added, however, that he will continue work for the organization from his home here. He said he did not know when or whether another chairman will be chosen.

## Elkhart Woman Is Victim Of Flames

PALESTINE, April 2.—Mrs. C. H. Walters, 80, was dead today at Elkhart, south of here, from burns received Saturday night when her clothing caught fire after she had struck a match to light a lamp.

Funeral services for the woman who was a pioneer resident of the county, will be held today.

## Flashes Of Life

**Plane's Function**  
PHILADELPHIA.—The airship's principal function in the future, as foreseen by Commander C. E. Rosendahl of the Los Angeles, will be to make long trips with heavy load, chiefly over water. It will carry airplanes for relay of passenger and mail inland.

## Versatile Bobby

ATLANTA.—Here is a hunch if anybody doubts that the temper of golf this year will be handsome and popular young lawyer of these parts, Bobby James rode home first yesterday in the first of the season's big races in England. He's a heavy.

## He's Determined

PRINCETON, N. J.—Foreed to hobble with the aid of a cane since childhood because of infantile paralysis, Charles Claggett is a star on the Princeton freshman gym team. In three months he has learned to do as much on the flying rings and high bar as many unhandicapped boys do in that many years.

## It's No Wonder

NEW YORK.—Tex Rickard's cauliflower garden raises a lot of shekels for Uncle Sam. In two years the corporation has had a net income of \$1,788,838 and paid \$2,138,498 in federal and state taxes.

## Honors It's Own

NEW HAVEN.—Yale's mother of men's two new dormitories are to be named in honor of Jonathan Dickson, Yale 1906, first president of Princeton, and Eleazer Wheelock, Yale 1722, first president of Dartmouth.

## Somewhat Cheerful

VISALIA, Calif.—It would seem to be a happy life in the county jail. The prisoners sing at night. At least their music and other noises are such that Clara and Robert Johnston find difficulty in getting property adjoining the jail. And so they are suing the county for an injunction and damages.

## Safe And Speedy

NEW YORK.—Uncle Sam is finding his wings reasonably safe as well as speedy. Though 164 flyers were killed in the country last year, the aeronautical chamber of commerce points out that 131 were in unlicensed planes. That in air transport operations means there was one fatality to 412,536 pilot-passenger miles.

## New Cane Sought

WASHINGTON.—An airplane expedition is to be sent to New Guinea by the department of agriculture to hunt for sugar cane that will withstand diseases ravaging the domestic type.

## Quite Stunning

NEW YORK.—Graef Vandenberg, who eloped last June with Henry Cassaway Davis, 3rd, selected a clever man for a husband, in the opinion of his classmates at Columbia, where he is studying mining. A professor overheard students discussing a problem which had stumped them. "Wait till Henry comes along," one remarked. "He will have the correct answer."

## Work Is Honored

TETUAN, Spanish Morocco.—Having helped as a private under an assumed name to quell a rebellion in the throne of Abyssinia is to be given royal honors at the headquarters of the Spanish Foreign Legion, of which he is a member.

## New Job At 68

NEW YORK.—Frankie Baile, who was a Broadway toast and a favorite in cigarette pictures in the 30's, is to have a new role at 68. Recently a resident in a home for actors, she has been employed by a hotel to help guests select plays and do their shopping.

## Sensible, Anyway

COLUMBIA, Mo.—Would a girl marry Lindy? Well at least 121 at St. Stephens College say they would not in answer to queries by the department of journalism. Most of them are in love with somebody else. And some would like to date him first.

## Entitled To It

NEW YORK.—This must be some sort of a record. W. Seward Webb 3rd and Ralph Pulitzer, Jr., drove 752 miles in two cars in less than a day. They left Kingsport, N. C., at 2:16 a. m. Saturday morning and arrived at Manhasset, Long Island, as Sunday was about to begin.

## Misfortune Given As Shooting Cause

HOUSTON, April 2.—Family misfortune and ill health were blamed for the death of Mrs. Etaniche L. Shuff, 36, wife of Joseph T. Shuff, a laborer, who sent a bullet through her heart last Sunday. Mrs. Shuff's 16-year old daughter, Anna, found her mother dying on her bed when the girl ran in from the next room at the sound of the pistol shot.

The Shuff family moved to Houston in June after the Mississippi river flood washed away their home in Louisiana. They were

## Vet Takes Own Life In French Cemetery

PARIS, April 2.—Ernest Schrieker of Clayton, Wis., a former American soldier, committed suicide in the American military cemetery at Belleau Wood.

Adolph Kaess, superintendent of the cemetery, found the body beside the second division boulder, shot through the temple. A pistol was at his side. Schrieker left a letter to the Paris post not the American Legion excusing himself for the act and asking that he be buried in French soil.

## POINCARÉ MAY GIVE BONDS IN DEBT RACKET

### GERMAN SECURITIES TO BE PASSED ON TO CREDITORS, PLAN

(By Associated Press)  
PARIS, April 2.—Intimation that the Poincaré government is seriously considering a proposed plan whereby railroad and industrial bonds turned over by Germany as guarantee of payment of the Dawes plan annuity might be commercialized so that France and other creditors of Germany may realize cash on them has been given by Premier Poincaré.

Speaking at Carcassonne yesterday the premier said that with proper regard for French security and rights to reparations France would "willingly accept when the time comes, arrangements which by marketing of the bonds will permit our recent allies, Germany, and us to settle our debts more rapidly."

**Scheme Is Delayed**  
The scheme which has been under consideration for three years, has been delayed by various difficulties, the first of which was to obtain an understanding with Germany by which her permission would be obtained to make the bonds negotiable on the open market.

The railroad and industrial obligations under the Dawes plan are now in the form of two pieces of paper whereby German railroads and industries are pledged for the payment of reparations. These bonds draw five per cent interest. When it was first proposed to commercialize them money was so high that they could not have been marketed without considerable concession in price. Now that money is easier the French government regards the prospect as better. Meanwhile the Thoiry conference between Foreign Minister Briand of France and Foreign Minister Stresemann of Germany as well as the Locarno treaties paved the way for Germany's consent.

### Germany Pleased At Poincaré Move

BERLIN, April 2 (AP)—Premier Poincaré's speech at Carcassonne yesterday is favorably received by German official and diplomatic circles which regard it as a distinct step forward.

Satisfaction was expressed at the absence of usual references to Germany's war guilt, a subject on which the premier has spoken many times.

Government circles hope that the French premier will suggest concretely on a suggested conference for regulation of the war debts and reparations and are pleased at his emphasis on Europe's economic solidarity.

#### Italian Muddle, Mexico Oil And Aviation Feature

BY OSCAR WATSON  
(Cable Editor of Associated Press)  
Premier Benito Mussolini of Italy has carried out another of his determined steps to make an absolute Fascist state of his country. He placed under control of Fascism the education of all Italian youth, ordering by decree dissolution of all juvenile organizations except the Balilla and Avanguardista bodies, destined to be incorporated in the Fascist military and political party.

**Pope Opposes Plan**  
Against this Pope Pius XI voiced his disapproval, declaring before the diocesan board of Rome that he was pained and grieved at realization of the existence of the Fascist plan to make a monopoly of the education of Italian youth, physical, moral and spiritual, scientific.

**Mexican Oil Row Settled**  
The Mexican ambassador to Mexico, Dwight W. Morrow, is credited with a great diplomatic victory in bringing about a settlement of the Mexican oil question with President Calles of Mexico. This has been the subject of bitter controversy for ten years, and where the attempt at scientific diplomacy failed, the "face to face" talks of Ambassador Morrow with the president of the Mexican republic and other Mexican officials—social in some respects—succeeded.

ST. LOUIS, April 2 (AP)—Samuel Ballin, 70-year old retired merchant, died at a hospital here today from wounds he inflicted with a knife yesterday after stabbing his 56-year old wife to death at the Jewish Orthodox Old Folks' home where they lived.

**Aviation Holds Attention**  
Aviation attracted attention of the world. An Italian speed ace—Major De Bernardi, set up a new world record at Venice of 218.7 miles an hour. The endurance record in the air, previously held by Germany, was captured by the United States in the persons of George Haldeman and Eddie Stinson. They remained off the earth for 53 hours, 36 minutes and 30 seconds, more than an hour better than the previous record.

Everyone who expects to attend is urged to call Eaton, telephone 1102.

### Two Fliers Killed In Plane Accident

HARLINGEN, April 2 (AP)—Frank B. Ray, 35, pilot, and George W. Northcutt, 22, of Raymondville, a student flier, were dead here today of injuries suffered when an airplane in which they were riding went into a sideslip at 500 feet altitude and crashed yesterday.

Ray died at 9 p. m. yesterday and Northcutt about three hours later, neither regaining consciousness after the accident.

The crash occurred near the local flying field, and witnesses said that Ray, who had been standing with patch from Cambridge, probably his sight, apparently attempted a trying-to-find-a-way-to-get-lain final loop. As the plane arose to go dry without a ticket.

### Shoe Store Robbed In Houston Sunday

HOUSTON, April 2 (AP)—A shoe store in the heart of the business district here was broken into Sunday night, the safe blown and 2,000 shoes stolen. An overcoat left by the robbers apparently had been used to muffle the sound of the explosion. Finger prints on the safe, police said, likely would lead to arrests.

Harvard will spend \$2,000,000 to study the Chinese, says a dispatch from Cambridge. Probably his sight, apparently attempted a trying-to-find-a-way-to-get-lain final loop. As the plane arose to go dry without a ticket.

### WOODS OUSTER TRIAL CALLED IN WAXAHACHIE

### MORNING IS SPENT IN ARGUMENTS, MOTIONS BEARING ON CASE

WAXAHACHIE, April 2.—Whether the civil ouster suit against L. J. Woods, county attorney of Navarro county would go to trial here today as scheduled had not been decided at noon, most of the morning having been taken up with the filing of motions and argument on the motions.

One of the motions filed by the defense declared that Woods should be tried first in the criminal case against him, which include one in contempt charging extortion, and two charging him jointly with conspiracy to suborn perjury. Thirteen indictments in all were returned by the grand jury, which investigated the case.

### Jurisdiction Attacked

Another motion presented by the defense attacked the jurisdiction of the Ellis county court. It contended that Judge Hawkins Scarborough of Navarro county, who ordered the case transferred to Waxahachie, had disqualified as a judge in the case and that, therefore, the transfer was illegal.

More than 100 witnesses had been subpoenaed for the trial today, and the courtroom, presided over by District Judge Tom Ball, was crowded.

Woods was indicted on January 28 after an investigation of his office by a Navarro county grand jury. W. Lindsey Bibb, Corsicana lawyer, also was indicted with Woods.

After his indictment, Woods sued the grand jury for statements made in their report and announced for re-election.

**Lindy Resumes His Trip From El Paso**  
EL PASO, April 2 (AP)—Col. Charles Lindbergh resumed his westward flight today, hopping off from the Fort Bliss flying field shortly before 7 o'clock. His next stop is expected to be Tucson, Ariz. His destination is San Diego, Cal.

### Stockholders In Hotel Company Meet

With the addition of four more stories to the present structure of the Lubbock Hotel company, will meet in the city hall tomorrow night at 8 o'clock. The meeting was postponed due to a misunderstanding as to the meeting date.

The proposal to erect the additional four stories to the hotel will be presented by W. A. Myrick, president of the Lubbock Hotel operating company, who has the building under a ten-year lease.

### Man Stabs Wife And Himself To Death

ST. LOUIS, April 2 (AP)—Samuel Ballin, 70-year old retired merchant, died at a hospital here today from wounds he inflicted with a knife yesterday after stabbing his 56-year old wife to death at the Jewish Orthodox Old Folks' home where they lived.

The stabbing followed a quarrel when Ballin learned his wife had engaged in friendly conversation with Michell Wassman, another inmate in the corridors of the home. Mrs. Ballin was found dead with a knife wound in her neck and her husband unconscious with his throat slashed.

# FALL ENDS HIS TEAPOT STORY IN LEASE ROW

## WITNESS IS EXHAUSTED BUT ELATED AFTER TELLING OF DEAL

(By Associated Press) EL PASO, April 2.—Tuesday may be the earliest possible date that Albert B. Fall, former secretary of the interior, who has been giving a deposition here the last few days to be used in the coming trial of Harry F. Sinclair, can be taken to California, members of his family stated today.

Plainly Shows Strain Shortly after the conclusion of the proceedings Sunday afternoon, Fall, exhausted, went to sleep. He was still elated over the opportunity he had been given to tell his story of the leasing of Teapot Dome to his co-defendant, Harry F. Sinclair. Fall said he plainly showed the strain he had been under giving his testimony. Heart stimulants were administered during the examination by his physician, Dr. H. T. Sanford, believed to have been the only thing that enabled the former cabinet officer to hold up during the ordeal.

The cross examination by Atlee Venable, government counsel, which ended Sunday afternoon, closed the taking of Fall's deposition, and necessary for the severance of the trials of Fall himself and Sinclair and postponement of the Fall trial because of his serious illness. The former cabinet officer closed his cross examination with the declaration that the senate oil committee was not constituted to be fair. He committed said Mr. Fall, was fair in its treatment of the investigation and was not intended to be fair.

McLean Letter Talked Pomerene, in his cross examination, directed his attack chiefly to all famous McLean letter to the senate oil committee. In the letter written early in the oil scandal, the former cabinet officer said he had borrowed \$100,000 from New McLean, Washington publisher, and that he had not received the money from either Doherty or Sinclair for several months. It later developed that McLean had loaned checks for \$100,000 that never were cashed and were returned. Pomerene sought detailed explanation of these statements and times Mrs. Fall said Mr. Fall's face rose in sharp and emphatic tones.

Fall, during the taking of the deposition, emphatically denied that there was anything unusual in the conditions for the Wyoming oil lease which the government charged he had been used to.

ed he accepted \$233,000 in liberty bonds from Harry F. Sinclair. He said that the lease arrangements were carried out by J. W. Zevely, now dead, and that the wealthy oil man himself did not come into the deal until the day the lease was signed, April 7, 1922. Even that day, he said, Sinclair rejected the lease because the former cabinet officer insisted on larger royalties for the government and accepted it after considerable argument.

The lease, Fall maintained, had nothing to do with the receipt by him of the liberty bonds from Sinclair. These, he said, were paid by the oil man for one third interest in his Tres Ritos ranch in New Mexico, where the oil man wanted established a breeding place for horses.

# PRIMARIES IN THREE STATES HOLD INTEREST

## WISCONSIN, NEW YORK FOLLOW MICHIGAN VOTING TODAY

WASHINGTON, April 2.—An April shower of ballots that will give a better indication of which way the wind is blowing for those who aspire to the highest office of the land began today in Michigan and will continue tomorrow in Wisconsin and New York.

These are but three of eight state presidential preference primaries and more than a score of party conventions listed on the month's political calendar which, when torn down, will add considerably to the 215 republican and 164 democratic delegates thus far chosen to the Kansas City and Houston conventions.

**Less Than Fifth of Vote**  
These figures represent less than one-fifth of the 1,688 delegates votes in the republican convention and less than one-sixth of the 1,100 in the democratic gathering. During April, however, delegates to Kansas City will be increased by 555, or more than half of the total convention vote, while those bearing credentials to the Texas city will be raised 472 or a little less than half the total democratic delegates.

Only 319 republican delegates and 464 democratic will remain to be selected in May and early June when the April primary and convention slate is dispensed with.

**Hoover and Smith**  
Herbert Hoover and Governor Smith of New York had no opposition facing them in the Michigan primary today. Thus far the former was assured of that state's 33 Kansas City delegates and Smith of its 30 democratic delegates, all of whom are to be chosen later at party conventions.

Tomorrow, 52 delegates, equally divided among democrats and republicans, will be selected in the primaries in Wisconsin, and 83 re-

publican district delegates and 88 democrats, exclusive of delegates-at-large who will be named later in the month, will be chosen in the New York primaries. The republican delegation at large already has been selected by the state committee and the democratic delegates at large will be named by the state committee of the party at a meeting to be held in New York on April 17.

**Others to Come Soon**  
That will be all the primaries for this week, but next Tuesday the deluge of presidential preference ballots will be loosened again in the Illinois and Nebraska primaries. Then, after a respite of a couple of weeks, the downpour will strike Ohio, where the death of Senator Willis has complicated the political situation in both major party ranks and Pennsylvania and Massachusetts.

A primary also will be held April 24 in Alaska when two delegates to Kansas City and six to Houston will be chosen.

Through the primary method 360 republican delegates and 352 democrats will be selected during April.

TITUSVILLE, Pa. April 2.—Joseph Seep, one of the pioneers in the development of the oil industry of the United States, who died at his Titusville home yesterday, aged 89, will be buried here Wednesday in St. Catharine's cemetery, which he gave to the Roman Catholic parish of which he was a communicant. A solemn high mass of requiem will be celebrated by the Rev. Herbert A. Hillenmeyer, a nephew, of Fort Thomas, Ky.

### CROSBYTON MAN GETS CONTRACT ON P. O. BUILDING

CROSBYTON, April 2.—E. H. Hendricks received a letter a few days ago from the postoffice department at Washington notifying him that his bid for the new postoffice building had been accepted. He has started to work and will put up a two story building with a fifty foot front, one half of the lower floor will be used for the postoffice and the other half for a store building. The upper story will be used for offices and an apartment house.

Mr. Hendricks is interested in a number of stores here, besides owning the M-System here and is interested in those at Lubbock. He has built several business houses in Crosbyton because he believes in the town and wants to help build it. A few years ago he owned and operated the telephone exchange here and built a nice brick home for it. About two years ago he built a nice two story brick building on the southwest corner of the square and the new postoffice will be just west of this building.

**CROSBY COUNTY BOYS MAKE GOOD IN COLLEGE WORK**  
 CROSBYTON, April 2.—Crosbyton high school is well represented this week by its pupils in various colleges of Texas. Robert McKee, student in the University of Texas, is a member of the Glee Club making a tour of the Peeps Valley, this week.  
 Hugh Quinn Buck, student in T. C. U. Fort Worth, is on a debating tour in the Northern states. He will be away three weeks meeting nine leading Southern Universities in debate. They will visit Washington, D. C., on their tour.  
 All of these boys are from Crosbyton and it speaks mightily well of the kind of training received in the Crosbyton high school as well as in their respective colleges.

**Delegates Sent To Oratorical Session**  
 WAXAHACHIE, April 2.—Trinity university has sent four delegates to the Pi Kappa Delta national debating and oratorical convention to be held from April 2 to 6 at Tiffin, Ohio.  
 Trinity's representatives are Miss Anna Marie Bennett of Waxahachie, Miss Dorren Barber of Waxahachie, Paxton Smith of Waxahachie, and William Hogan of Eastland.  
 The girl debaters of Trinity already have defeated Abilene Christian college and the North Texas State Teachers college teams this year. They lost a debate to Baylor college.

**Flashes Of Life**  
 (By The Associated Press)  
**Draws Sharp Line**  
 LONDON—Lloyds, which will take a chance on twins and triplets, won't do so on trans-Atlantic airplane flights, but will on dirigible trips. It is to insure the K-100 for its forthcoming visit to the United States, but the feat which the German flyers are attempting is too risky.

**Still Lacks Bells**  
 NEW YORK—The latest innovation in society weddings is a bridal gown of shell pink, instead of white satin. It was worn by Katherine Brown when she went to the altar with George A. Fuller, heir to a fortune made in the building industry. The designer once created for one of his models a wedding gown of black.

**Pleasant, Anyway**  
 NEW YORK—Vincent Youmans, composer of popular music, is back from Berlin where he met a "darned nice fellow." As he was buying a car a stranger drove up in a red roadster and traded it in for a limousine. They had a pleasant chat. The stranger was Friedrich Wilhelm Hohenzollern.

**All Dressed Up**  
 OSSING, N. Y.—A Beau Brummel has arrived to be a guest at Sing Sing for ten years or so. Robert Whitman, alias "Lord Beaverbrook," convicted of swindling women, brought with him eight bundles of clothing, including silk underwear and pajamas. He wore a new black frock, a nifty top coat, a blue-striped suit with a blue silk handkerchief peeping from a pocket, highly polished tan shoes and brown silk socks.

**Pretty Smart**  
 LOS ANGELES—Yes, sir! Mac Murray is a wise one. "I'm not sap enough," she testified, "to sign an inventory at the top of the first page so the other party can add a couple of pages on me." So she repudiated a document produced at her suit for \$50,000 paid on a house to Jack Donovan.

**Plenty Of Fun**  
 NEW YORK—It ought to be worth while to tune in at 8 p. m. eastern time tonight on your favorite station in the WJZ chain. For an hour, less the time taken by divers remarks about automobiles, entertainment will be provided by Charlie Chaplin, Douglas Fairbanks, David W. Griffith, John Barrymore, Dolores Del Rio and Paul Whiteman.

**Condition Of Mrs. Goodhue Unchanged**  
 NORTHAMPTON, Mass., April 2 (AP)—Mrs. Calvin Coolidge entered today upon her second week of watching at the bedside of her aged mother, Mrs. Lemira Goodhue, who lies critically ill at the Dickinson hospital where she has been for almost four months suffering from the after effects of influenza.  
 The condition of Mrs. Goodhue was described as unchanged. She was resting fairly comfortably.

**Tschiffely Leaves Ft Worth Wednesday**  
 FORT WORTH, April 2 (AP)—Alme Felix Tschiffely is making preparations to leave here Wednesday, resuming his horseback ride from Buenos Aires to New York. He has been on the trip for three years with his two horses, "Mancha" and "Cato."  
 "Mancha" is responsible for the horseman being delayed in Texas for several days due to distemper. The animal was left at Taylor but recuperated sufficiently for Tschiffely to ride him into Fort Worth reaching here Sunday. Two days were required for the trip from Taylor to Fort Worth.  
 From here the long distance rider will go to Denison.

There's a lot of satisfaction in owning your home, and more yet in building it to suit your own convenience and according to your own ideas.

FOR YOU—A HOME Just A Cottage Small

By NEA Service... JUST a cottage small by a water... right express the sentimental attachment folks would feel for their home if it were 'The Rosemary'... There's an unusually large living room—18 feet long... what's more it has a lovely big fireplace—quite an unexpected luxury for a small home... A reception hall that in reality gives a longer appearance to the living room... is a comfortable stopping place for wraps and greetings before entering the living room... Also there is a closet off the reception hall... a very convenient thing for an out-of-town guest who might sleep on the overnight... The kitchen has all the conveniences that the little home needs—including a built-in cabinet... And off the bathroom is a linen closet—welcome to the housekeeper... With window boxes and climbing roses this little home can be made most attractive—the kind of little home that even the busiest business woman would somehow find time to keep... The price of 'The Rosemary' is in proportion to its cute size—from \$2400 to \$2300... For further information, write The Standard Homes Bureau, Colorado Building, Washington, D. C.

## HIGHLAND HEIGHTS

Look it over: Fine level lots, 50x140, with sewer, water etc., to each lot.

Restricted to moderate priced homes. Lots sell at \$300.00 to \$500.00. Terms too.
