THE SNYDER DAILY NEWS

VOL. 5, No. 125 | SNYDER, TEXAS, THURSDAY, SEPTEMBER 23, 1954 | TWO SECTIONS, SIXTEEN PAGES—PRICE 5c

NO SCHOOL TODAY

Two unidentified school children read a small notice announcing that public schools at Milford, Del., would continue closed until an agreement over admission of Negro pupils to the local high school could be reached. The sign later was supplanted by a large placard announcing that the school was "Closed Until Further Notice." The closing came in an area dispute over adherance to the Supreme Court ruling ending segregation in schools.

President Calls For Increased Home Control Over Resources

Says Dam Proper Federal Project

By MARVIN L. ARROWSMITH

MCNARY DAM, Ore. (AP)—President Eisenhower, carrying his campaign for another Republican Congress into the Pacific Northwest, declared today any trend toward "conversion of local regions into federal satellites poses a threat deadly to our liberties."

"The administration in Washington——and the present leadership in Congress—are unalterably opposed to such malignant growth of bureaucracy," the President said in defense of administration policy calling for more local participation in development of the nation's power resources.

His views on an issue figuring large in the congressional election campaign were set forth in a major address prepared for ceremonies dedicating 286-million-dollar McNary Dam on the Columbia River here.

Eisenhower called that huge project—built with federal money—"an example of national responsibility properly assumed by the federal government."

Eisenhower, on a four-state flying tour of the Far West, got a rousing welcome on his arrival in this area last night.

He left the summer White House in Denver yesterday afternoon on a three-day trip taking him into Montana, Washington, Oregon and California.

In Missoula, Mont., last night, he addressed an applauding audience which police estimated at 30,000 persons. The administration's basic policy, he said, is that American citizens generally are better qualified to look after themselves "than is some bureaucrat in far-off Washington."

And that was the main theme of his McNary dam speech today.

Immediately after that speech, the president was flying on to Los Angeles where tonight he addresses a big political rally in Hollywood Bowl—part of the Republican drive to maintain control of Congress in the November elections. Tomorrow morning in Los Angeles he will speak informally at the annual convention of the American Federation of Labor, which has been critical of the administration.

As has been his policy all along in his campaign talks on the road, the President in his McNary dam speech did no out-and-out plugging for election of GOP candidates for Congress.

But he did have kind words for Republican Sen. Guy Cordon of Oregon, who is bidding for reelection in a hard fought contest with Richard L. Neuberger, the Democratic candidate.

The President also praised by name Rep. Hal Holmes, Washington Republican seeking reelection, as another who has worked in behalf of the project.

Without naming any of them or mentioning the party tag, Eisenhower took a verbal swat at Democrats — and independent Sen. Wayne Morse of Oregon—who have been critical of his administration's power policy. Of the critics he declared:

"They argue that to permit any state or local government or any private company under governmental regulation to develop power capacity is to give to a special group an asset belonging to all the nation.

"Indeed, in some instances these enthusiastic disciples of centralized responsibility and authority insist that since the federal government should provide all hydroelectric power, it should eliminate competition by providing steam electric power as well.

"These believers in centralization fail to warn us that monopoly is always potentially dangerous to freedom—even when monopoly is exercised by government.

"Curiously enough, they proclaim their fear of a private power monopoly in a county, city or state, but urge upon us all a gigantic, overwhelming, nation-wide power monopoly. But, of course, they see themselves as the all-wise directors of that monopoly——so all would be well."

The President said that as federal power expands in a region, local enterprise "becomes increasingly intimidated and discouraged." He added:

"Thus still more federal intervention becomes necessary. Such a conversion of local regions into federal satellites poses a threat deadly to our liberties."

The main issue in the controversy, Eisenhower said, is not public power versus unregulated private power.

"The true issue posed to us is federal monopoly of power, as against public or regulated private power, freely chosen in each instance by the citizens of the area, with the federal government drawn in as a cooperating partner where this seems necessary or desirable," the President said.

Court Orders Fleming Out Of Military

By EARL AYKROID

FT. SHERIDAN, Ill. (AP)—Lt. Col. Harry Fleming, first American Army officer court-martialed for conduct as a prisoner of war, was sentenced today to dismissal from the service.

In addition he must forfeit all pay and allowances, under terms of the punishment assessed by an 11-man military court which convicted him of collaborating with the Communists while a prisoner in Korea.

The court-martial of 11 colonels and lieutenant colonels deliberated for 12 hours before fixing Fleming's punishment. The officers considered the extent of the penalty from late yesterday afternoon until 3:30 a.m. today. The court-martial reassembled at 9 a.m. (EST) to deliver its verdict.

Most of the prosecution and defense witnesses were in the court room when the sentence was announced. Many of the men who were prisoners of war in Korea with Fleming stood tensely in the courtroom waiting for the court's decision.

"Thank God I'm out of prison now—this one and the Communist's," Col. Fleming said. After the sentence was pronounced he added:

"Ill do everything I can to clear my name.' '

"Dismissal from the service is pretty hard to take. I don't intend to stop the fight which started here."

The colonel said he wished to express "his tremendous thanks to his friends and to those who never heard of me before this thing but who have responded with hundreds of letters wishing me well."

Fleming's wife, Gladys, said that in the back of their family automobile she has "a box full of letters and telegrams which I have not yet had time to answer."

The counsel for Fleming, Alfred La France, of Racine, Wis., and Lt. Col. Rodham Routledge, and Allan Gramza, said that they too have received several hundred letters and telegrams expressing "success for the colonel."

Fleming said that he and his wife plan to spend a few days in Racine before going to Los Angeles to see his 85-year-old father, John, and Mrs. Fleming's parents. Her parents live at San Gabriel, near Los Angeles. The colonel now is released from custody.

LODGE WANTS FLOOR

U.S. delegate Henry Cabot Lodge, Jr., raises his arm to call for time to answer Russia's Andri Y. Vishinsky at the United Nations General Assembly. Seated at right of Lodge is Secretary of State John Foster Dulles, an attentive observer as the Ninth General Assembly got down to business. Lodge's request that Vishinsky's demand for immediate admission of Red China to the U.N. be shelved for the balance of 1954 was adopted by the assembly.

Flaming Prison Riot Quelled; Four Killed

JEFFERSON CITY, Mo. (AP)—A flaming riot at the Missouri State Penitentiary, was quelled today after four convicts were killed, 30 prisoners and three guards injured and at least eight prison buildings destroyed or heavily damaged by fire.

Heavily armed troopers of the Missouri State Highway Patrol moved into the foggy, smoke begrimed prison this morning.

Within a short time patrol officers reported all the convicts in troubled B and C halls were back in their cells.

An hour and half later, Col. Thomas E. Whitecotton, director of corrections, said the danger of any mass outbreak was definitely past.

As the troopers, backed upon the walls and outside the prison by police and National Guardsmen, moved through the tiers they flushed out an injured convict here and there, some apparently seriously injured.

The riot, causing damage estimated by prison officials as near $5,000,000, was confined within walls of the sprawling penitentiary located in the city, not far from the state capitol. None of the prisoners was believed to have escaped.

The rioting broke out about 7 p.m. last night on the third floor of E hall, a maximum security section where incorrigible prisoners are confined in separate cells. How they were released from their cells was not known.

From then on for six hours, officers said the place "looked like a madhouse," with men running shouting, howling and fighting in the glare of fire from burning buildings.

As guards and state troopers moved in, they were met with a hail of rocks and bricks. Some prisoners were shot.

Three guards were injured. One, Jefferson Gentry, was beaten unconscious by the rioting convicts. Another, Clarence Dietzel, apparently was beaten or thrown from some height. A third, Oscar Carrington, was shot in the foot.

"They ran in and grabbed me and pushed me outside just as the shooting started," Carrington related.

Prison officials said they did not know what set off the riot, but Whitecotton said it apparently was touched off by a "very small group of the maximum security section in E hall.

He said he did not know how they got out, but one of them, William Delapp, 19, Seattle, Wash. would be questioned closely. A few weeks ago, Delapp stole a set of cell block keys from a guard, but the theft was discovered before any trouble developed.

Fires set by the convicts still were smoldering in the blackened ruins of prison buildings.

New Wildcats Scheduled In Howard, King

Operations are to begin at once on new wildcats set for drilling in Howard and King Counties.

Ada Oil Co. of Midland will drill the deeper of the wildcats in Northwest Howard County as the No. 1 Gilbert G. Wright, Jr. Location has been made 660 feet from south and 1,980 feet from west lines of section 41-33-t3n-T&P. That is about 17 miles northwest of Big Spring.

The well is projected to 9,500 feet for a test of the Pennsylvanian lime.

Shell Oil will drill the No. 1-H S. B. Burnett Estate six miles northwest of Guthrie in West King County.

Drillsite is 660 feet from north and east lines of section 5, block A-227, scrap file IW. Contract depth is 7,000 feet.

NOLAN STEPOUT

Hanley Co. of Midland has spotted a stepout to the Lake Trammell-Canyon sand field 11 miles southwest of Sweetwater.

It will be the No. 1-J TXL, located 1,980 feet from south and 660 feet from east lines of section 31-X-T&P, and will drill to 5,500 feet to test the Canyon sand.

SCURRY COUNTY

Taylor Oil & Gas Co. and G. L. Rowsey No. 3-A Winston Brothers has been reported a dual daily flowing potential of 356 barrels of oil.

From the upper Canyon reef, it made a potential of 194 barrels of 39.7-gravity oil with no water.

Mercury Dips Across State

By The Associated Press

Fall came to Texas Thursday while most of the population was on its way to work, getting off to school, or kissing hubby goodbye for the day.

The time: 7:56 a.m.

But already a lot of heat-weary residents of the state had reached for blankets before they got out of bed. It was just downright chilly over a wide section of the state with the mercury dropping to 49 at Lufkin in the Piney Woods and at Junction in the Hill Country.

Most temperatures were in the 50's and 60's, but Corpus Christi—where it was 78 degrees—and thereabouts clung to its summer-like thermometer levels.

Skies were generally clear, but the El Paso country reported partly cloudy weather. There hadn't been any rain reported since midnight.

Despite the advent of fall, the Weather Bureau said Thursday should be slightly warmer than Wednesday when many points reported temperatures in the 90's. Presidio, as you could have guessed, had the day's top with a warm 95. Marfa had the coolest maximum, a dry 82 degrees.

For the first days of fall, said the Weather Bureau, nothing but blue skies were in prospect.

Autumn Gets Off To Cool Start In Snyder

Fall arrived officially at 7:56 a. m. today, according to the mathematical experts at the U.S. Naval Observatory in Washington. It may or may not have been in observance of this event that the temperature fell to 49 degrees in Snyder overnight. It was the lowest reading in many weeks here.

By 7:30 a.m. the temperature had risen to 58 degrees. Yesterday had a high of 49 degrees, Mrs. D. P. Strayhorn, weather observer, said.

White Expects Cotton Boost

AUSTIN (AP)—Hold on to your new cotton crop boys; the price is probably going to go up. That's State Agriculture Commissioner John C. White's advice to Texas cotton farmers.

He issued a press statement yesterday saying drought and limited acreages this year are cutting the prospective crop so low it will not meet expected demand.

That situation, said White, may give the farmers a "seller's market" for the first time since 1950—particularly for better grade cotton.

With middling cotton now bringing 34 to 35 cents generally, White thinks prices are likely to firm up to 28 to 40 cents.

"Cotton growing is always a gamble, but if the farmer can afford to gamble a little more than he usually does, then he may find the odds are better now than anytime since 1950," White said, adding:

"Seek out the best market for your cotton. Don't be over-anxious and sell too quickly unless you have to."

Briton Argues Against Greek Claim; Dulles Readies Speech

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) — Britain warned the U.N. today that political stability and peace in the whole Aegean area would be harmed if the General Assembly agreed to consider Greece's claims to the island of Cyprus.

British Minister of State Selwyn Lloyd made his statement before the Assembly's 15-member steering committee as Secretary of State Dulles prepared a major speech on United States foreign policy for the full Assembly this afternoon.

Despite the British warning, the committee voted 9-3, with three abstentions, to give the question a full airing. Britain, France and Australia cast the negative votes, while the United States, the Netherlands, and Colombia abstained.

Russia voted with the majority in favor of placing the question on the Assembly's agenda.

In strong terms, Lloyd opposed any U.N. intervention in the British-Greek dispute over the status of Cyprus. He based his arguments on the ground that affairs of the island colony were strictly an internal matter and thus outside the jurisdiction of the U.N.

He warned that if the question came before the world organization the result might be a division of Western allies and an increase in friction.

"Some governments," he said, "may even try to fish in troubled waters."

French Delegate Henri Hoppenot said he shared the British views.

Dulles reportedly planned to give new details on President Eisenhower's proposal to pool atomic energy for peaceful purposes.

Dulles speaks this afternoon in the opening round of general statements from each of the 60 U.N. members, annual prelude to Assembly debate on specific issues put before the international organization.

The 30-minute speech was scheduled to be televised and broadcast, both live and recorded.

Ahead of the American secretary on the speaking schedule today were Jose Maza of Chile and Canadian Foreign Secretary Lester B. Person.

Dulles was believed ready to carry a step forward the atoms-for-peace call Eisenhower sounded in the Assembly last Dec. 8. The secretary was expected to touch on this during a broad review of world affairs as the United States sees them, including the recent Indochina settlement, the new Pacific defense pact and current efforts to arrange for rearmament of Germany.

Addressing the Assembly last year, Eisenhower proposed that nations with atomic raw materials contribute some of them to a U.N.-sponsored pool to be devoted to peaceful uses for the benefit of all mankind. The United States and Russia discussed the idea without reaching agreement. Eisenhower finally said other countries were ready to go ahead without the Russians.

ASSOCIATION SEEKING TO DISBAR LAUGHLIN

ALICE, Tex. (AP)—Judge-nominate C. Woodrow Laughlin of the 79th District Court faced another battle for his office today.

The State Bar Assn. of Texas yesterday filed suit to disbar him and said in its 17-page petition that Laughlin tried to aid Nago Alaniz, charged in the ambush slaying of an Alice political leader's son.

Laughlin was ousted by the Texas Supreme Court from his bench and re-nominated for the office again in the July Democratic primary.

Laughlin told Sheriff Halsey Wright yesterday he had been "expecting this for two or three days." He was told of the suit by Wright at 4:30 p.m., about an hour and a half after it was filed.

Ten of the 11 counts in the petition filed by County Atty. Royce Johnston of Kleberg County were similar to the charges of misconduct in office that caused Laughlin's ouster.

Another count, citing a "dishonorable act," said Laughlin conducted an alleged informal hearing with Percy Foreman of Houston, Alaniz' attorney, Jan. 13, 1953.

The petition said Foreman asked Laughlin to set the hearing so Foreman could file an application for a writ of habeas corpus and a temporary injunction.

The alleged hearing was held, the petition stated, and neither the state's special prosecutor nor the county attorney were notified. "Such action," the petition continued, "was motivated for the purpose of aiding. . . Nago Alaniz and hindering the prosecution officer of the state of Texas. . . ."

Alaniz is due to go on trial in Waco Oct. 4 for the murder and conspiracy to murder in the September 1952 slaying of Jacob S. (Buddy) Floyd Jr. in Alice.

The father of young Floyd, Jacob S. Floyd, a south Texas political leader and arch foe of George B. Parr, another South Texas politico, said his son was killed by mistake in an ambush meant for him.

Floyd blamed politics for the murder, saying it was motivated by a desire to stop a write-in campaign for former Judge Sam Reams, now an oil company attorney who was defeated by Laughlin, backed by Parr.

Parr made a public statement denying any part in bloodshed but acknowledging his political enmity for the elder Floyd.

Crash Injury Proves Fatal

Mrs. Ernestine Price James, 26, Snyder Negro housewife, died this morning of injuries suffered in a traffic accident near Eden, 40 miles southeast of San Angelo.

With her at the time of the accident was her husband, Freddie James, and his children, Melvin, 5, who is in critical condition, Norris Alton, 6, and Willie Rae, 8. They were traveling in a pickup truck en route to the home of Mr. James' mother at Corpus Christi to return his children who had been here on a visit.

Mrs. James is also survived by a son, Ronald Gene Green, 7, her mother, Mrs. Odessa James, a sister, Virginia Price, two brothers, Stanford Price and James Junior Price, all of Bakersfield, Cal., and her maternal grandmother, Mrs. [illegible] Miles of Snyder.

Bell Funeral Home sent a coach for the body this morning. Funeral arrangements are pending.

Woman Wins Third Of Her Race With Stork

LUDINGTON, Mich. (AP) — Mrs. Alberta Bidwell won her race with the stork yesterday only because she had triplets.

Two of the three boys — Tom, Dick and Harry — arrived under far from orthodox conditions. Tom was born in an automobile on the way to the hospital. Dick was born in an elevator on the way to the delivery room. Harry was more leisurely. He awaited a clinical reception and came into the world via the hospital delivery room.

Doctors put two of the babies into an incubator. Tom — huskiest of the three — was doing all right on his own. Both mother and babies were said to be doing fine.

Mrs. Bidwell, 32, and her husband, Velmar, 35, have five other children, two sons and three daughters, ranging in age from two to 13. The father is a driver-salesman.

WEATHER

NORTH CENTRAL TEXAS: Fair and warmer Thursday night, Friday, partly cloudy, a little cooler in northwest late Friday.

WEST TEXAS: Fair, a little warmer, widely scattered thundershowers Pecos Valley westward Thursday night. Friday partly cloudy. A little cooler in Panhandle and South Plains late Friday.

SOUTH CENTRAL TEXAS: Partly cloudy, widely scattered thundershowers Friday and in extreme south portion Thursday night. Moderate to locally fresh northeast to east winds on coast.

U. S. Officials Work Quietly Alternative Plan For Europe

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. Military and diplomatic officials are quietly working on alternative European defense plans for possible use if next week's London conference fails to produce an acceptable German rearmament program.

Some authorities estimated that almost as much time has been spent on possible lines of action for the United States in the absence of French agreement to some German arms plan as that devoted to preparations for American participation in the nine-power London meeting.

One reason, informants said, is that State Department officials do not want to get caught again without substitute plans, as they were when the French Assembly shelved the European Defense Community project.

Work to date has produced a great variety of policy papers which informants said fall into three broad categories:

1. Peripheral defense — This would mean basing U. S. plans for resistance to any Communist aggression on positions in Britain, Spain, Italy and the Middle East. It would have grave political consequences because it would be interpreted by many Western European peoples as meaning U. S. abandonment of them. Both President Eisenhower and Secretary of State Dulles are understood to be fundamentally opposed to this concept, yet it is described as having adherents, particularly in the military establishment, if it proved impossible to rearm West Germany.

2. Direct rearmament of Germany — Under this formula the United States and Britain would go ahead, despite French unwillingness, to form German military forces after giving the West German government sovereignty in their zones. Some officials are convinced France would eventually have to follow suit in its zone. This would almost certainly involve a special treaty relationship among West Germany, Britain and the United States.

3. Interim German armament — The United States and Britain—with the cooperation or assent of France, if possible—would arm the West Germans, after granting sovereignty, but with a clear understanding that a political solution would still be worked out. In effect, the idea would be to say to the French: "We can't wait any longer to get German forces set up in the defense of Western Europe but we are willing to agree that limitations on the ultimate size and control of those forces and on arms production may still be established."

Secretary of State Dulles is scheduled to go to London this weekend to attend the conference which will bring together also the foregoing ministers of France, West Germany, Britain, Canada, Italy, Belgium, the Netherlands and Luxembourg.

According to present planning, subject to Dulles' own final approval, the American secretary will not take any U. S. proposal for solving the French-German dilemma.

The present thinking is that the United States will probably go along with any arrangement which can be accepted alike by West German Chancellor Adenauer, Mendes-France and Eden.

Senate Plans Not Definite

WASHINGTON (AP) — Republican Leader Knowland of California advised Senate officers today that it may be several days before a decision is reached on when the Senate will reconvene to consider proposed censure of Sen. McCarthy.

Mark Trice, secretary of the Senate, gave this statement to reporters:

"I have just talked over the telephone with Sen. William Knowland, majority leader, and he informs me that further consultations are necessary before a decision can be reached in regard to the reconvening of the Senate. Several days may be required before a decision is reached in the matter."

22 Persons Killed In AF Gasoline Explosion

BITBURG, Germany (AP)—Bitburg police said 22 persons were killed near here late today when a U.S. Air Force gasoline storage tank exploded.

There was no immediate Air Force confirmation.

Police said several persons were injured. They said that they did not know whether any of the dead were Americans.

United Fund Meet Scheduled Tonight

All persons interested in organization or discussion of the proposed United Fund here will meet at 7:30 o'clock tonight in the district courtroom.

There are two things on the main list for consideration by the group of citizens. The constitution and by-laws committee will report on its work of the past few weeks, presenting proposed documents of the fund. Another committee will present the group names of nominees as directors of the organization.

Both the committees were appointed at an initial citizens meeting held a few weeks ago. The Rev. Ronald Hubbard, chairman of the Chamber of Commerce civic affairs committee, which arranged the first meeting, was instructed to call a second meeting when the two committees completed their work.

Mr. Hubbard said he expected all persons who attended the first meeting, along with other representatives of fund-raising organizations, civic clubs, and other groups to attend. The meeting is open to the public, he said, urging all persons interested to attend.

United Fund is designed to combine all local funds into one annual drive. Workers of all drives would put their efforts together in raising a large budget to be distributed to the various organizations.

Among those nominated as directors are Jim Mixon, Ralph Geisenhoner, Herman Doak, Stanley Noah, Claude McCormick, Orville Hess, Mrs. J. E. Sorrells, Walker Dabbs, Cecil McClatchy, Hicks Allen, E. P. LeMarquand, Dr. Robert Hargrove, Art Nicholas, the Rev. Edward Chrisman, Lyle Deffebach, Melvin Newton, and Mrs. E. A. Br[illegible]

The nominating group is in the process of contacting others on the nominee list.

State Officer Of P-TA Speaks Here

Mrs. Stanley Erskine of Midland, state chairman of high school service and state vice-president-elect of the Texas Congress of Parents and Teachers, spoke to a group of Parent-Teacher Association representatives yesterday on work of the organizations with students.

Included in the group were about 5 representatives of the Snyder High School P-TA, headed by Mrs. B. V. Gillean; Mrs. Lloyd Ainsworth, president of the Fluvanna High School P-TA; Mrs. O. W. Holliday, president of the Ira High School P-TA; Mrs. Amon Weaver, president of the P-TA city council in Snyder; and T. D. Wiman, Jr., high school principal here. Visiting with the group were Snyder Boss, president of the Snyder High School council, and Doris Hataway, also representing the council.

Mrs. Erskine, during her talk, urged that parents and teachers look for the good things students do, rather than being quick to tell them what they are doing wrong. Students, for instance, are attending church in greater numbers now than they formerly did, she said, adding that such things should be encouraged.

Boss told the P-TA representatives that students feel their school hours are taken care of well but that they need recreation during after-school hours and on week ends. Asked whether the opinions of parents or other students affected students more, both the students agreed that students generally respect opinion of parents more.

Mrs. Erskine urged high school P-TAs to give some though to recreation for students, pointing out that the juvenile delinquency rate is much higher in communities which do not furnish recreation for children than in those which do. Students, she said, should be given every chance to participate in community activities.

The Snyder group planned a program for the high school here in which the value of school counsellors and nurses will be shown the students.

OIL

Continued from Page 1

Production was through perforations at 6,890-898 feet.

In the middle Pennsylvanian, the well flowed 162 barrels of 33.2-gravity oil plus two per cent water.

The same operators No. 4-A Winston Brothers, in the same area of Central Scurry County, is drilling in lime and shale below 1,570 feet.

Superior Oil No. 1-537 Mathis in Northwest Scurry County is drilling in shale below 7,671 feet.

Magnolia Petroleum Co. has reported completion of the No. 1 Ida Maxwell in the Kelley-Snyder field for an initial potential of 101.75 barrels of 42.2-gravity oil with no water.

The potential test covered a 24-hour period with the well flowing through a 22-64th-inch choke. Gas-oil ratio was 1,547-1. Tubing pressure was 200 pounds. Perforations from 6,875-867 feet had been acidized with 1,200 gallons.

The No. 1 Maxwell is 1,650 feet from north and 2,320 feet from west lines of section 191,97-H&TC.

GARZA OILER

Cecil Oil No. 1-A J. S. Reed, Justiceburg-Glorieta field test, has reported a potential of 151.80 barrels of 37.4-gravity oil plus 25 per cent water.

The well pumped 24 hours on the potential test. Production is through perforations at 2,554-564 feet which have been treated with 3,500 gallons of acid. Five and one-half-inch casing was cemented at 2,569 feet, total depth.

The No. 1-A Reed is 330 feet from south and west lines of section 117-5-H&GN, about five miles east of Justiceburg.

WESTBROOK TEST

Lawless Drilling Co. of Odessa No. 1 J. W. Bird and others is to be drilled in the Westbrook field of Mitchell County.

Location is 330 feet from north and 660 feet from east lines of section 40-28-T&P, three miles northwest of Westbrook. Drilling to 3,100 feet is to start at once.

TO TEST SAND

Sunray Oil No. 1 Reed, Kent County wildcat, is planning to perforate casing for tests of the Canyon sand.

The well has been drilled to 7,398 feet in the top of the Mississippian. It found no shows in the Canyon or Strawn limes, but had good shows in the Canyon sand. Five and one-half-inch casing has been cemented at 6,204.2 feet and is now to be perforated for the tests.

The No. 1 Reed, originally projected to 7,500 feet, is a stepout to the Casey-Canyon sand field and is in section 2, John Rodman survey.

DRILLING REPORT

Woodson Oil No. 1 Massengill, South Kent County wildcat, is drilling in sand and shale below 6,174 feet. Woodson No. 1 C. E. Cargile, a re-entered depleted producer, is continuing to test. On last report, it pumped 24 hours to make 27.8 barrels of oil with 15.66 barrels of water.

Seaboard No. 1 Woodul, Southeast Dawson prospector, is shutin for storage room. It is to facture perforations in the lower Spraberry to try for completion as a discovery. On last report, it had flowed 83.46 barrels of oil with no water in 19 hours.

Hanley Co. No. 1 J. L. Hieginbotham, Southeast Borden exploration, has been ordered plugged and abandoned after drilling to 8,110 feet in lime. No shows for production were reported.

Union Oil No. 1 Hanks, Nolan wildcat, has been plugged on total depth of 6,505 feet in lime.

Judge Williams To Be Speaker

Sterling Williams, district judge, will be main speaker tonight for the Scurry County Farm Bureau's annual weiner roast for county 4-H and FFA members and their fathers.

The gathering of the group will be held at 6 o'clock at the stock barn in Towle Memorial Park. Members of the three county chapters of the Future Farmers of America at Snyder, Hermleigh, and Ira, and members of all county 4-H groups, along with their fathers, will attend. There are some 250 boys in the two programs in the county.

During the evening, Herman Stahl, Farm Bureau president, will present trophies for outstanding projects and participation in club and chapter activities to one boy in each FFA chapter and one 4-H boy. The permanent trophy is an annual award.

Trailer Breaks Loose While Being Towed

There were no injuries yesterday afternoon when a house trailer being towed by an automobile broke loose from the car and overturned less than a mile south of Dunn.

Driver of the car was Mrs. J. R. Munn, 22, who was moving here with her husband. Mr. Munn was charged with permitting his trailer to be towed upon a public thoroughfare without valid registration.

Bill Love, deputy sheriff who investigated the wreck, said the trailer, valued before the accident at $1,500, was nearly a total loss.

The Munns are residing temporarily at Cabin Courts.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: James Clifton, Jr., route 1, Billie Ray Womble, Snyder; Maximibono Romerez, Snyder; Mrs. Emma Beal, 2607 Avenue W; Mrs. Frank Overton, route 1.

Dismissals: Patsy Beckham, Snyder; Mrs. H. E. Fowler, Snyder.

COGDELL MEMORIAL

Admissions: Mrs. Grady Cramer, route 3; Mrs. Elbert Barron, Eaves, 3724 Dalton Drive; Mrs. George Gonzales, Snyder; Mrs. G. L. Mosley, 500 Twenty-eighth Street; Mrs. Guy Browning, 2902 Avenue J; Mrs. J. W. Nettles, 212 Thirty-fourth Street; Mrs. Willard Freeman, Seminole.

Dismissals: Illa Eaves, 3724 Dalton Drive.

Santa Fe Trains Are Delayed By Derailment

LUBBOCK (AP)—Traffic over the Lubbock-Amarillo line of the Santa Fe was tied up today by derailment of eight tank cars of an 89-car freight train four miles north of here.

Seven of the cars were filled with gasoline and the eighth was empty. Two of the cars caught fire, delaying the work of a wrecking crew from Slaton. The wreck occurred at 6:30 a.m.

The wrecked cars were in the middle of the freight. Cause of the derailment was not immediately determined. The train crew escaped injury.

Telephone lines along the right of way were destroyed. Press wire service to the Lubbock Journal was out for more than an hour.

Steelworkers Plan To Remain In CIO

ATLANTIC CITY, N.J. (AP)—The United Steelworkers Union today decided to stay in the parent CIO and called for all American labor groups to join in immediate "organic unity."

Some 3,000 delegates to the USW biennial convention cheered as David J. McDonald, president of the 1,200,000-member union, declared he had no intention of leading them out of the CIO.

Then they quickly adopted a McDonald approved resolution empowering USW officiets "to take whatever action may be required in order to achieve honorable organic unity" with other unions.

It wasn't immediately clear whether the union—second largest in the CIO—thereby was calling for all unions to combine into one giant labor organization.

Although the resolution indicated such a move, McDonald didn't put it that way, and aides said they didn't think that was the intent. McDonald himself went into a private conference after his hour-long speech and couldn't be reached immediately.

"We are going to get complete immediate organized unity," McDonald told the delegates. "Talk about waiting around for a year or two for organic unity is pure unadulterated bunk."

The resolution itself said "the division that exists in the American labor movement is no longer justified" and said "it is not necessary to wait for the indefeinite future" to achieve unity.

The convention action drew a prompt response from Secretary of Labor Mitchell, who spoke shortly afterward.

Departing from his prepared text, Mitchell said organic unity between the AFL and CIO would be "good for American industry and good for America."

In his speech, McDonald said at the outset that he had no thought of asking the union to leave the CIO.

He discounted reports of a conflict with CIO president Walter Reuther and called newspaper stories about a possible withdrawal "figments of their imagination."

Bond Is Approved

The sheriff's office here approved a bond today of $1,000 for Jack H. Charlton of Amarillo, charged here with swindling by worthless check.

The bond was sent from Amarillo when a request from Snyder was made for his arrest on the county court charge.

D. A. Hulcy of Dallas, right, president of Lone Star Gas Co., is shown with A. W. Breeland, the firm's assistant director of personnel and director of safety, with the award of honor plaque given by the National Safety Council. The Snyder district of Lone Star, which holds accident prevention awards for the last two years, has not had a loss-of-time accident in more than two and one-half years.

Lone Star Is Award Winner

Lone Star Gas Co. has been presented the award of honor of the National Safety Council according to C. L. Callaway, manager of the local Lone Star office.

The firm's safety record was classed as excellent by the NSC, which presented the award for the low injury rate in 1953.

Locally, Lone Star did not have a loss-of-time accident during 1952, 1953, or so far in 1954, Callaway said. The Snyder district holds accident prevention achievement awards for the last two years.

Company-wide, the gas firm's injury frequency rate was bettered by 46 per cent over its "par" rate and its injury severity rate improved 80 per cent. The "par" rate is computed by NSC from the firm's experience in other years and from rates of the industry's classification.

Lone Star, one of 424 gas utility companies in the U.S., was one of only six to receive the award.

Fines Paid In County Court

Two fines were paid late yesterday and this morning in connection with county court cases in which defendants pleaded guilty, one to a charge of driving while his license was suspended, the other to a charge of negligent homicide.

A fine of $223.50, including court cost, was paid for Curtis Eugene Green, 27, Abilene, who pleaded guilty Friday to the negligent homicide charge. The judge, Edgar Taylor, had taken the case under advisement to pronounce assessment by Oct. 12.

Green was driver of a truck involved in an accident at Dunn in May, in which Travis Kay Wright, 18, of Snyder, was killed. Wright was driver of another vehicle.

Dick J. Butler of Snyder paid a fine of $48.50 for driving while his license was suspended. His fine was paid yesterday. The charge was filed here Aug. 27.

Sen. Smith Requests Visa To Visit Russia

WASHINGTON (AP) — Sen. Margaret Chase Smith (R-Me) said today she has asked permission to visit Soviet Russia next month but has not yet received a reply from the Russians.

BIRTHS

Mr. and Mrs. G. L. Mosley, 500 Twenty-eighth Street, are the parents of a daughter weighing eight pounds born at 8 a.m. today in Cogdell Memorial Hospital.

Mr. and Mrs. Elbert Barron, 1207 Twenty-ninth Street, are the parents of a 10-pound, six-ounce son born at 7:40 p.m. yesterday in Cogdell Memorial Hospital.

A son weighing seven pounds, 13 ounces, was born to Mr. and Mrs. George Gonzales at 5:51 a.m. today in Cogdell Memorial Hospital.

Shelley Speaks To Kiwanians

Snyder Kiwanis Club members heard a report on their city government at the club's luncheon meeting Wednesday.

B. J. Shelley, city manager, gave a report on operations of the various city departments. He noted that the garbage department, which was established last December, is "Paying its own way" and that rapid strides have been made in improving sanitation problems in the city.

Shelley also reported that water consumption in the city reached a new record in August, with some 63-million gallons metered. The source of supply, which comes via the Colorado River Municipal Water District chiefly from Lake J. B. Thomas, is now considered adequate for future needs.

The city manager cited the paving program which was completed recently, adding over 20 blocks of paved streets to the city. The new budget, which was approved Monday, provides funds for a similar program during the 1954-55 fiscal year, Shelley said.

He also told of traffic control improvements and other items, such as new mechanical street sweeping equipment and a new loading machine at the garbage disposal grounds, which have been added in recent months.

Visiting delegations were present from Lamesa, Colorado City and Midland.

Yarbrough To Address P-TA

Dr. Cecil Yarbrough, superintendent of schools, will be main speaker Monday night at a meeting of the high school Parent-Teacher Association.

The meeting will be held at 7:30 o'clock in the high school cafeteria. Yarbrough will discuss and show results of studies made by school officials on the number of students the school system here will have during the next five years, figured on the basis of present population, and the current inadequacies in school facilities. The schools are becoming more overcrowded, and enrollment is increasing each year.

Mrs. B. V. Gillean is president of the high school P-TA. The remainder of the program for the meeting, announced by Mrs. Bill Teaff, will include a get-acquainted session with all high school teachers and a brief music program presented by the high school choral department, under direction of Bob Clinton.

Pvt. Crow Trains At Brooke Medical Center

Pvt. C. J. Crow, the son of Mr. and Mrs. Coley Crow, 1005 Twenty-fourth Street, has reported to Brooke Army Medical Center for advanced basic training. He will be prepared for duty with the army medical service at the army's only basic training center for medical corpsmen and combat aidmen.

Crow entered the army in June after graduating from Dodd City High School.

Snyder Student In Ceremonies At TWC

Gale Forbes of Snyder was among the Texas Wesleyan College students participating in traditional ceremonies uniting old and new students Tuesday.

Miss Forbes, a 1954 graduate of Snyder High School, is the daughter of Mr. and Mrs. Elmer H. Etgen.

Americans consume over eight million tons of sugar each year.

The Snyder Daily News

"Your Hometown Newspaper"

Jackie Schutz, center, 18-months-old daughter of Mr. and Mrs. R. E. Schutz, Jr., 3774 Avenue V, is shown in the living room of her home with her maternal grandparents, Mr. and Mrs. Jack Miller of Bellville. She was impatiently waiting for Mr. Miller to take her on their daily trip to the park. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Some Lucky People Are Still Taking Vacations

Mr. and Mrs. JACK A MILLER, Bellville, are visiting here with their daughter and son-in-law, Mr. and Mrs. R. E. SCHUTZ Jr., 3774 Avenue V, and their granddaughter, JACKIE.

The Millers are on vacation and visited their son and daughter-in-law, Mr. and Mrs. Don Miller, in Green Bay, Wis., prior to coming here. Don Miller plays professional football with the Green Bay Packers and his parents had an opportunity to watch him play with them while they were in Wisconsin.

Mrs. Schutz' plans to take them through the Cairsbad Caverns were changed when both Mr. Schutz and Jackie became ill this week. "We will have a good time just visiting," she said.

This is the first time Mrs. Schutz' parents have visited her since last October. They usually meet in Dallas to visit as that is about the half-way mark for each family.

The Millers will spend about a week here before returning to Bellville, where Mr. Miller is employed as superintendent of the Sun Oil Company there.

• • •

Mrs. C. O. LANSFORD, 104 Peach Street, returned Tuesday from New York where she visited for two weeks with her daughter and son-in-law, Maj. and Mrs. L. A. Breault, Jr., and her granddaughters, Suzanne and Roxanne Breault.

The Breaults took her to New York City on a sight-seeing trip. While there she went through Macy's and Gimbels department stores and found them as interesting as she thought they would be.

One phase of the trip she would not care to undergo again was being there at the time of the hurricane Edna. "I was terribly frightened and would have left but I couldn't get anyone to take me," she said. Maj. Breault assured her that since they were on Staten Island, they were as safe as they would be anywhere. The wind got up to gusts of 75 miles per hour at the peak of the storm, according to Mrs. Lansford, and New York got the most rain it had had in 45 years.

Other than that, her trip was enjoyed thoroughly.

Ed Taylor and Nathan Shepard went to Lamesa on business.

Mrs. Jimmie Rogers, Bill and Beth Rogers of Lubbock visited here recently.

Marvin Fargason exhibited the fourth place gilt at the Sears Foundation contest in Sweetwater.

Mr. and Mrs. Nathan Shepard and family spent the week end with her parents, Mr. and Mrs. Joe Reep, in Sweetwater.

Buffet Supper Honors Oklahoma Visitors

Mr. and Mrs. Archie Logan entertained with a buffet supper Monday night at their home, 2912 Thirty-second Street, in honor of Mr. and Mrs. B. E. Tate of Apache, Okla.

Other guests were Mr. and Mrs. Hershel Henshaw, Mr. and Mrs. C. W. White and Mr. and Mrs. John Billy Claybrook.

Birthday Is Celebrated

Jerry Don Hardin, son of Mr. and Mrs. Richard Hardin, 3206 Hill Avenue, was honored on his first birthday Friday with a party given by Mrs. Hardin.

Refreshments were served to Shirley Autry, Mary Lee McCormick, Brenda Bailey, Connie Black, Sharon Martin, David and Amy Word, Tracy Jackson, Mike and Patty Groves, Lanice Kincaid, Jo Ann White, Rose Ann McIlvain and Cary Don Hardin.

Mrs. Sam Houston and Mrs. E. J. Hardin, Jerry Don Hardin's grandmothers, also attended the party.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mr. and Mrs. Bill Edgar and children of Leuders visited Sunday with Mr. and Mrs. Algie Brooks.

Mrs. J. D. McChesney and sons visited her parents, Mr. and Mrs. W. P. Russell, in Goldsmith last week.

Sunday visitors of Mr. and Mrs. J. H. Kimmel were his mother, Mrs. W. A. Kimmel, Mr. and Mrs. J. T. Kimmel and Eddie Lee from Spur.

Mr. and Mrs. Lee Myers and children of Lubbock and Mr. and Mrs. Dee Myers and sons spent Sunday in Snyder.

The Junior Sunday school class of the Baptist Church met Monday night with Mr. and Mrs. J. E. Woodson for a watermelon feast. They were directed in games by Mrs. Johnie Langford, class superintendent.

Mrs. J. O. Watson's father died Saturday in Nashville, Ark. Mrs. Watson had been with him a week, but had returned home before his death.

Week-end visitors of Mr. and Mrs. Thayne Mebane were Mr. and Mrs. Dick Leonardi of Lubbock.

Mr. and Mrs. James Mebane and children of Dumas are visiting Mr. Mebane's parents, Mr. and Mrs. P. A. Mebane, this week.

Mrs. E. J. White and Emmett and Ray Brown of Hermleigh visited Mr. and Mrs. Jessie White Saturday.

PERSONALS

Mrs. P. W. Cloud, Clairemont road, and Mrs. H. E. Doak, 3101 Avenue W, spent Tuesday in Abilene.

Mrs. Jack Bowden, 2312 Thirty-first Street, and Mrs. D. M. Cogdell, Colorado City highway, recently made a trip to Big Spring.

Mrs. M. E. Nicholas, 1100 Thirtieth Street, S. I. Reese, 905 Twenty-fifth Street, and Mrs. Charlie Clark, 2707 Avenue T, recently returned from a trip to Dallas.

Mr. and Mrs. Oliver Young and children, Jimmy and Ricky, of Roscoe and Mrs. Guy Davis, Roscoe, visited over the week end with Mr. and Mrs. H. A. Crumpley, 107 Chestnut.

Mr. and Mrs. Vern Nickelson of Muskogee, Okla., visited last week in the home of Mr. and Mrs. P. R. Riley, 2811 Avenue D.

Mr. and Mrs. W. S. Salmon, 3704 Muriel Drive, visited in Abilene recently with Mrs. J. W. Hughes and Mr. and Mrs. Earl Hughes.

Mrs. Cliff Kellum and son, LeFores ranch, west of town, and Mrs. Ben Thompson spent Saturday afternoon with Mrs. C. E. Walker, 1002 Twenty-eighth Street.

Mrs. W. R. Sellers, Clairemont Road, left Monday for a month's visit with her sister and brother-in-law, Mr. and Mrs. W. B. Fields of Albany, N.Y.

Bottom round is a good cut to choose when you are planning a "boiled beef" supper. Cover the meat with water in a kettle, add some whole pickling spices, a small onion, a rib of celery and a small carrot. Simmer for a couple of hours or until the beef is tender when pierced with a kitchen fork. Serve, sliced very thin, with horseradish sauce made from the beef stock.

INTERNATIONAL DESIGNERS PATTERN

S-237

BRUYÈRE of FRANCE

In her couture establishment on the Place Vendome in Paris, Bruyere designs clothes for some of the best-dressed women in international society. This two-piece cocktail dress (unlined) is one of her big successes. In addition to embodying typical French chic, it has figure flattering lines and some easy to handle but intricate looking detail. The side bodice pieces, inserted under the raglan shoulder, are shirred into the waistline with a flattering effect. The hip pockets stand out slightly, minimizing the waist. The skirt is slim and straight. Mme. Bruyere suggests making it in crepe, shantung or any of the new winter cottons. This pattern is cut to designer measurements, not standard pattern measurements. Please state waiste, bust and hip size when ordering this pattern. Size 12 requires 4¾ yards of 36 inch material for dress and ⅝ yard of 35 inch material for lining. To order Pattern No. S-237, address International Designer's Patterns, P.O. Box 993, Dept. SX-13, G.P.O., New York 1, New York. State size. Send $1.00. Airmail handling twenty-five cents extra. Add four cents for handling, if paid by check or money order.

Presbyterian Women Elect New Officers

Mrs. W. A. Smallwood and Mrs. James Walker have been elected to head a new slate of officers for the Presbyterian Women's Organization as president and vice president respectively.

Other new officers named at a meeting Tuesday were Mrs. Lee T. Stinson, treasurer; Mrs. James Babcock, secretary of literature; Mrs. R. B. Fulcher, secretary of national missions; Mrs. C. A. Likes, secretary of foreign missions; Mrs. R. C. Grantham, secretary of national missions and overseas sewing; Mrs. Willie Farmer representative to the Snyder council of church women; Mrs. Ray Lampson, reporter; Mrs. James Kincaid, chairman of the nominating committee. Mrs. Joe Pitts and Mrs. John R. Covey, Sr., were named circle chairmen.

Mrs. T. A. Faver and Mrs. Covey were hostesses for the meeting. Mrs. John R. Covey, Jr., was in charge of the program. Taking part on the program were Mrs. Pitts and Mrs. Ronald Hubbard.

The marine service linking England with Ireland and the continent operated by British Railways transports annually 3,675,000 passengers 1,500,000 tons of freight and 200,000 head of cattle and 110,000 vehicles.

Miss Mulkey Is Wed To O. E. Floyd

Mr. and Mrs. O. E. Floyd, Jr., are at home in Brownfield following their recent marriage there.

The bride, the former Jean Mulkey, is the daughter of Mr. and Mrs. C. S. (Chock) Mulkey of Brownfield, former residents of the Union community. A graduate of Snyder High School, she is a junior student at Texas Technological College. Mr. Floyd is employed by the National Construction Co.

The couple was married in a double-ring ceremony read by the Rev. G. H. Baldwin in the Calvary Baptist Church in Brownfield. Mary Edith Stowe of Snyder was organist. Louise Crook, also of Snyder, sang "I Love You Truly" and "Because."

The bride, given in marriage by her father, wore a ballerina-length gown of chantilly-type lace over antique taffeta. Her fingertip-length veil of tulle fell from a shell cap of white cutwork flowers detailed with rhinestones and seed pearls. Joyce George was maid of honor, with Rose Ann Mulkey, Frances Floyd and Betty Jo Cornett as bridesmaids. They wore identical ballerina-length frocks of gold antique taffeta.

Byron Wise was best man. Ushers were Ray Latham, Richard Ridgway and Kenneth Williamson of Snyder.

A reception honoring the couple was held in the banquet hall of the church. For a wedding trip to New Mexico, the bride chose a blue linen suit with navy and white accessories.

CHILI CON CARNE
. . . zesty eating when cool weather comes

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5456.

Economical cuts of meat, like beef for stewing, make wonderful eating if you know what to do with them. Ever use small cubes of beef-stew meat, instead of hamburger, in chili con carne? Seasoned with chili powder, the meat takes on a zesty flavor. Once you become a chili addict, you will probably serve it often.

CHILI CON CARNE

1 pound boneless, lean beef stew meat
1 tablespoon butter or margarine
2/3 cup chopped onion
¼ cup chopped green pepper
3 teaspoons salt
1 teaspoon sugar
¼ teaspoon garlic powder
¼ teaspoon ground black pepper
1 16-ounce can tomatoes (undrained)
Chili powder
1 1-pound can red kidney beans
4 cups cooked rice

Cut meat into ½-inch cubes; place in saucepan or large skillet with butter, onion, and green pepper. Cook over moderately low heat, stirring often, until lightly browned. Add salt, sugar, garlic powder, pepper and tomatoes. Mix well. Stir in chili powder, 1 teaspoon at a time; taste after each addition so as to get desired seasoning. Cover; simmer until meat is tender, usually 1 to 1½ hours. Add kidney beans and heat. Serve over rice. Makes 6 servings.

Writer Says It's Too Early For Texas To Win Over Irish

By HAROLD CLAASSEN

NEW YORK (AP)—Here's hoping the 1954 "broom" sweeps as well the second time around as it did last week when 27 of 31 outcomes were correctly forecast. That's an average of .871—too good to last.

This weekend's picks:

Notre Dame over Texas: Terry Brennan makes his debut as the Notre Dame coach and that is just too bad for Texas. If they met again later in the season one would have to pick the Longhorns but this opener is Notre Dame's.

Michigan State over Iowa: Iowa has one good team, Michigan State three. Three of a kind usually win even if one of the aces, in this case halfback LeRoy Bolden, is slightly battered. This is the game you will see if you watch your TV.

Southern California over Pittsburgh: The Trojan trio of backs—Dandoy, Arnett and Clarke—are too much for the Easterners, who still are a year away from the peak.

Oklahoma over TCU: Both registered expected triumphs last weekend but the string has run out for the Texans. Oklahoma showed massive power in its outing at California.

Illinois over Penn State: Penn State is strong in the line and at end but lacks backfield strength. Illinois has everything, including J. C. Caroline.

Georgia Tech over Florida: This is not Florida's year.

Duke over Pennsylvania: Duke is an all-veteran outfit while even the uniforms are new at Pennsylvania. Steve Sebo, Penn's new coach, has 13 lettermen back but hasn't had the time to install his new system thoroughly.

Michigan over Washington: The West Coast team beat Utah by only a single point.

Army over South Carolina: The Cadets will foresake the airlanes to gambol on the ground.

Mississippi over Kentucky: Kentucky hasn't the horses this year and Mississippi rated one of the best in the nation.

UCLA over Kansas: Kansas below par.

Baylor over Vanderbilt: L. G. Dupre, the player with no first name, will be called plenty by Vanderbilt fans.

Rutgers at Princeton: These two teams started all this business back in 1869 and Princeton is the favorite this time.

Oklahoma A&M over Texas A&M: There's a manpower shortage at Texas A&M.

These others without comment:

FRIDAY NIGHT

Arizona State over Brigham Young, Denver over Drake, Miami over Furman, Richmond over Hampden Sydney.

SATURDAY

EAST

Brown over Columbia, Cornell over Colgate, Dartmouth over Holy Cross, Yale over Connecticut, Syracuse over Villanova, Navy over William & Mary, Boston University over Brandeis.

SOUTH

Auburn over Chattanooga, Clemson over Georgia, Alabama over LSU, Tennessee over Mississippi State, Tulane over Memphis State, George Washington over Virginia Military, The Citadel over Elon, North Carolina over North Carolina State, Virginia over Lehigh, Wake Forest over Virginia Tech.

MIDWEST

Minnesota over Nebraska, Ohio State over Indiana, Purdue over Missouri, Wisconsin over Marquette, Northwestern over Iowa State, Colorado over Colorado A&M.

FAR WEST

College of Pacific over Washington State, Oregon State over Idaho, Oregon over Stanford, Kansas State over Wyoming, Utah over Arizona, Wichita over Utah State.

SOUTHWEST

Texas Tech over West Texas State, Arkansas over Tulsa.

Much-Sought Athlete Will Go To A&M

COLLEGE STATION (AP)—John David Crowe, the fabulous quarterback of Springhill, La., will report for freshman football at Texas A&M Monday, thus ending conjecture as to where he will attend college.

Crowe, one of the nation's most sought-after athletes, had variously been reported going to Louisiana State, Oklahoma and Texas A&M. He also was sought by Notre Dame and other colleges.

While he had visited Oklahoma and was reported going there on a scholarship supplied by an alumnus, he apparently intended to go to A&M all along.

Crowe will be among 125 freshman football candidates reporting Monday. Among the top schoolboy stars who will be at Aggieland are Fred Maples of Fort Worth and Bobby Wright of Odessa, ends; Tommye Parker, Ballinger, tackle; Bobby Conrad, Clifton; Ed Dudley, Pampa; Bill Dendy Breckenridge; Carlos Esquivel, Edinburg; James Wright, Edinburg, and Kenneth Hall, Sugar Land, backs.

A&M has drawn schoolboy athletes from Oklahoma, Louisiana, Mississippi, Kentucky, Missouri, Alabama, Arkansas, Pennsylvania, and New Mexico.

It is considered one of the finest squads in Texas A&M history.

Fourth Spot Still Goal Of 4 Big League Nines

By BEN PHLEGAR
Associated Press Sports Writer

On the theory that $750 is still $750, four teams today retained a vital interest in the makeup of the final major league standings.

The $750 represents the approximate share per player of the World Series money for members of the fourth-place teams in each league. And fourth place still is quite a battle in both leagues.

In the National only a game separates Cincinnati, now in fourth from the fifth-place Philadelphia Phillies. Boston leads Detroit by a game and a half in the American League.

The Redlegs have just two games left and the Phillies have six to play.

Cincinnati still is screaming about a 3-1 loss in Milwaukee yesterday when a ninth inning rally was brought to an abrupt end by a freak double play.

With runners on first and second and one out, pinch-hitter Bob Borkowski struck out on a wild pitch. While catcher Del Crandall chased the ball, Gus Bell dashed from second to third and Borkowski headed for first in a hurry since if the catcher drops a third strike he usually has to throw out the batter at first.

Crandall threw to third baseman Eddie Mathews in a vain attempt to catch Bell and Mathews fired across the diamond when he saw Borkowski racing for first. His throw hit Borkowski in the back and into right field and Bell scored from third.

Then the umpires took over. After an 18-minute conference they ruled Borkowski was out automatically on his strikeout since first base had been occupied. Then they ruled Borkowski had interfered with the attempt to catch Bell because he drew a throw to first. The rules say in this case the other runner, Bell, is out. The two outs ended the game and the Reds filed a formal protest.

There was no room for protests at Philadelphia where the Phils walloped Pittsburgh twice, 12-1 and 5-1. Robin Roberts won his 22nd game, a four-hitter, in the nightcap.

Detroit beat Baltimore 4-1 on Steve Gromek's four-hitter and Boston wasn't scheduled.

In other action the American League champion Cleveland Indians equalled a 27-year-old record for the most games won by beating Chicago 3-1 for their 110th victory. The National League champion New York Giants bowed 3-0 to rookie Karl Spooner of the Brooklyn Dodgers, who set a major league record by striking out 15 in his first start in the Big Time.

The New York Yankees defeated Washington 3-0 with Tommy Byrne winning his third game as the Yanks came up with a triple play, fifth in the majors this season.

Brooks Lawrence won his 14th game for the St. Louis Cardinals, checking the Chicago Cubs 8-3 on five hits. Two of the three Cub runs came on a fifth-inning homer by pitcher Dave Cole.

Don Mossi, a rookie used mostly in relief, and Al Smith combined their talents in the Cleveland victory. Mossi shut out the White Sox through the first eight innings and Smith drove in two of the three Indian runs with a double in the second inning and a triple in the fourth.

Spooner, just up from Fort Worth of the Texas League, held the Giants to three singles, only one of them a hard hit ball. He fanned six in a row at one point and broke Cliff Melton's old rookie strikeout record of 13.

SPORTS

Tigers Prepare For Bowie Friday Night

Two weeks of training since their last game is now ending for the Snyder Tigers in preparation for tomorrow night's game here with Bowie of El Paso.

The game will be the first at home of the season. The Tigers opened at Ysleta two weeks ago with a 26-12 win.

In observance of the opening of the home schedule, the Quarterback Club scheduled a pep rally at 5 o'clock this afternoon on the south side of the courthouse square. Speakers were to be added to the program, which will be mainly built around students and the high school band.

Some 400 season tickets had been sold by this morning, according to Forrest Beavers, who is heading up sales in his office in the courthouse. The season tickets, for four home games, are $5 each. The games are those against Bowie, Vernon, Breckenridge, and Plainview.

Bowie, the opponent for tomorrow night, has also played only one game so far, downing Las Cruces, N.M., 25-19. The team, rated by some to win the El Paso AAAA district this year, is defending champ of the district.

Expected to pass about one-third of the time, according to scouts Jack Dillon and Charlie Storrs, the team has as its passer Sal Garcia, 158-pound quarterback. He throws mostly to end Errique Comacho. Three of the team's starters were all-district performers last year.

Coach Buryl Baty has a full team of lettermen, with one boy left over, to start against Snyder. Benito Landin, 191-pounder and one of the all-district players, is probably tops among the linemen.

The game will start at 8 o'clock tomorrow night. Reserved seat tickets for that game will open shortly after noon tomorrow in Beavers' office at $1.25 each. Season ticket sales will cease at noon.

Howard Payne Heads Most Of Statistics

By The Associated Press

Howard Payne leads in most of the statistics in the Texas Conference football race after one week of play.

The Yellow Jackets lead in offense with 381 yards per game and three Howard Payne players top in individual statistics.

Jerry Millsapps leads in passing with 110 yards on three attempts and three completions and also is the total offense leader with 117 yards on five plays.

Louis Holt of Howard Payne is No. 1 in pass-receiving with two catches for 75 yards. Doug Johnson of Howard Payne is the scoring leader with 18 points.

Joe Bill Fox of McMurry leads in punting with an average of 44.5 yards.

Elroy Payne of McMurry, who led in ground-gaining last year, is back at the same old stand. He tops the league in rushing with 106 yards on 24 carries

Frosh, Junior High Have Games On Schedule Tonight

Three Snyder football teams will be playing in games tonight, two at home and one away.

Starting at 6:30 o'clock tonight, the seventh grade will meet the Big Spring seventh grade team in the Snyder stadium. Following that game will be an engagement between the eighth grade teams of the two towns. At 7:30 o'clock, Snyder freshman team will start against the Sweetwater frosh in Sweetwater.

Tonight's games will be season openers for the freshmen and seventh grade.

The eighth graders, coached by Charlie Storrs and Guy Sullivan, last week downed the Coahoma junior high squad 43-0. Most of the scoring was done on long runs, one of them an 85-yard runback of the opening kickoff by Jimmy Allen.

Allen has been elected team captain. Just before each week's game, Storrs will appoint a co-captain. The eighth grade will start a line averaging about 145 pounds and a backfield of 140. Starters will probably be Wendell Norris at left end, George Williams at left tackle, A. L. Minica at left guard, Bill Dubose at center, Bill Rinehart at right guard, Larry Dodson at right tackle, Gene Williamson at right end, Tony Anger at quarter, Richard Mahan and Allen at halfbacks, and Mickey McGrew at fullback.

The freshmen will try to better last year's frosh record of 3-3 as they open their season. Most of the members of the freshman team were on last year's eighth grade squad, which went undefeated in eight games. Coaching the frosh team is J. P. Ward.

Starting against Sweetwater for that team will probably be Jackie Tucker at left end, Dwain Merritt at left tacke, Bill Jennings at left guard, Vernon Ashley at center, Maxey Carey at right guard, James Patterson at right tackle, Arnold Dorman at right end, Bud Morgan at quarterback, Dean Staton at left half, Bobby Staton at right half, and Israel Hinojos at fullback. Larry Page, a 210-pounder, will serve at middle guard on defense, while Gary Vice will be in the defensive backfield. The line weighs about 138 pounds each, backfield 135.

Bobby Staton last year was second high scorer for the eighth grade with 42 points. First with 99 points was Bobby Pollard, now a member of the A squad. Hinojos ran third with 31 and Morgan fourth with 27. Bobby Staton led extra pointers with 12, Hinojos next with seven, and Morgan and Dean Staton also aided in extra points. Morgan last year completed seven of 19 passes for 130 yards, one for a touchdown. Bobby Staton completed one of two, that one for a score. Main receivers last year, included Dorman and Hinojos.

Last year, Dean Staton intercepted three passes, while Hinojos got two and Morgan, Bill Crowell, and Tommy Blakely had one each.

The seventh grade will start its season off defending a 7-1 record set by the squad which now makes up the eighth grade team.

Coaches Roy Carter and Gene Williams have a very small crop in their 45 squad members. Tonight's starting lineup includes a backfield which is heavier than the line. It averages about 110 pounds, the line 100.

Probable starters for that team are Louis Blount at left end, Barray Walker at left tackle, Bobby Wilkerson at left guard, Devane Jones at center, Eddie Wilkerson at right guard, Grover Yost at right tackle, Don Martin at right end, Alex Cross at quarterback, Jack Nelson at right half, Coleman John at left half, and Dick Hayes at fullback.

Others who will probably be used extensively are Tony Peralez, Glenn Dickson, and Paul Shenen, backs; and Butch Niedecken and Johnny Richardson, guards.

Big State Fall Meet

GALVESTON (AP)—The fall meeting of the class B Big State League will be held here Sunday, President Howard Green announced yesterday.

Green's announcement also revealed that the circuit came within 10,000 persons of matching its 1953 attendance, a better record than the average this year for minor league baseball.

The circuit drew 480,000 in the regular season and had a considerable upswing during the playoffs.

Clovis Leads WT-NM Series

CLOVIS, N.M. (AP)—The Pampa Oilers hustled two runs in the seventh and one in the eighth to whip the Clovis Pioneers 4-2 and forge to a 3-2 lead in the West Texas-New Mexico League best of seven series last night.

The two teams move to Pampa tonight for the sixth game in the series.

Clovis led 2-1 going into the important seventh inning after playing cool ball behind the sharp pitching of loser Jack Venable. But the Pioneers fell apart in the seventh as Venable gave up two hits and Clovis fielders recorded two errors.

Pampa's winning pitcher Vibert Clark, who went the distance, sent in the tying run with a double over the head of leftfielder Red Dial. He crossed the plate with the winning run when Clovis third baseman Chuck Steele threw wild on a ground ball with two out.

Clovis scored once in the second and once in the fourth, using up its string for the evening. Pampa's first run came in the second inning.

SW Conference Is Preparing For Big Week End Of Games

By JOE BENHAM
Associated Press Staff

The grim prospect of throwing a sophomore-heavy lineup against the nation's No. 1 collegiate football team faces Texas Christian University this week, and Coach Abe Martin says he is "hopeful, that's all" about the outcome.

TCU, ranked 20th itself, plays the University of Oklahoma Saturday at Norman.

Martin watched fourth - team scrubs use typical Sooner plays against the varsity with more success than he'd liked in Wednesday's practice session at Fort Worth.

The slick, powerful Split T offense kept the first three Frog teams in trouble consistently.

Also around to darknet Martin's outlook were injuries to two backs, Ronald Clinkscale and Ray Taylor, who were favoring game legs in practice. They're expected to be ready to go Saturday, however.

In contrast to Martin's statement was that of University of Texas Coach Ed Price, who praised the Longhorns for their condition and spirit and said, "I'm sure we'll give a good account of ourselves against Notre Dame."

The fourth-ranked Longhorns play the second-place Irish Saturday at South Bend in the nation's game of the week.

Wednesday's workout at Austin was the last rough drill for Texas, which continued to concentrate on defense against Notre Dame's highly-rated passing attack.

Another optimist in the Southwest Conference coaching ranks was Jess Neely of Rice, who said Wednesday he thought the Owls had their best passer since Tobin Rote hurled Rice to conference championship in 1949.

The player praised was Atchley Proctor, 6-foot senior who seems to have beaten out Pinky Nisbet in the battle for first-string quarterback. Neely said Proctor "was laying the ball out there, getting it high and far and giving the ends a chance to get under it."

Proctor will get further chance to show his skill in Thursday and Friday scrimmages planned by the Owls, who are idle this weekend.

Texas A&M gave its first two teams a left - handed holiday Wednesday when Coach Paul (Bear) Bryant sent the Aggie varsity off the field with the comment, "We tried to work on offense and defense but were unable to get our boys interested."

Bryant spent the rest of the day with the freshmen.

Baylor finished up most of its rough work with a long defensive drill in preparation for Saturday's clash with Vanderbilt. Billy Hooper and Bobby Jones continued to alternate at quarterback for the Bears.

Defense against what's expected to be an awesome Georgia Tech passing game occupied Southern Methodist in its workout. Coach Woody Woodard said the Mustangs were in the best shape of the season offensively as they readied for their Oct. 2 opener with the Rambling Wreck.

Arkansas joined the list of teams concentrating on defense in the Porker workout at Fayetteville. Coach Bowden Wyatt put the pressure on the tailbacks in a drill that emphasized punt returns.

The Razorbacks play Tulsa Saturday at Fayetteville.

Buffs Holding 2-Game Lead In Dixie Play

HOUSTON (AP)—Dixie Walker's swift, ambitious Houston Buffs returned home today with a firm 2-game lead in the Dixie Series, confident that they have Atlanta's Southern Assn. champions on the ropes.

Atlanta pitching, the factor which nailed down the Southern pennant but faltered in the playoffs, collapsed in the first two games of the post-season Dixie classic when the Texas League Buffs swept to 10-4 and 7-2 victories.

Righthander Willard Schmidt yielded a single in the first inning last night and a home run to Frank Diprima in the second, then threw a no-hitter for the last seven frames and fanned 11 Crackers along the way.

Houston jumped Atlanta ace Leo Cristante, who hurled 20 complete games during the regular season in posting a 24-7 mark, and lefthander Bill George for six runs in the first three innings and added the seventh off George in the fifth. Hitless relief pitching by Bob Giggie and Don McMahon was wasted, however, because Atlanta never could solve Schmidt.

Houston speed continued to harass the Southern Assn. pennant-winners. In the third, Bob Boyd stole home for the sixth Buff run while an apparently bewildered George held the ball on the mound.

ABOVE THE BLEACHERS

By DALE WALTON

This week, in trying to pick the winners, the seven staff members of the Daily News and one guest picker will attempt to bring up the average on picking.

After averaging 84.3 per cent the first week, the group came up with a 62.5 per cent average in picking the 12 games last week. With eight persons picking 12 games, that meant 96 picks. Together, the group got 60 of the 96 right.

That percentage pulled the average for the season down to 67.8 per cent, which isn't so hot. Responsible for eight misses, or making each picker wrong, was the Sweetwater-Northside game, which resulted in a tie.

It gets even a little harder this week, and opinion is divided mainly on Littlefield vs. Levelland, Pampa vs. Vernon, and Texas vs. Notre Dame.

Guest picker this week is Bill Morgan, president of the Snyder Quarterback Club. Bob Crowell and Clyde Godwin preceded him in that slot.

So far, here are the averages by individuals for the season: McNair 87.5 per cent, Watson and Walton 81.2 per cent each, guests 68.7 per cent, Feather and Eckstadt 62.5 per cent each, and Pope and Gregg 50 per cent each.

LITTLE MATERIAL

Thomas Jefferson of El Paso, Snyder's opponent for next week, has plenty of hustle but little material, says Ray Sanchez of the El Paso Herald-Post.

"Biggest man on the line offensively weighs 155," Sanchez said, adding the prediction that the Tigers will win that game at a score something like 60-6.

Jefferson fell to Cathedral of El Paso 25-6 last week.

SEASON TICKETS

If you've forgotton to buy season tickets up to now, better get them quick. Sales close tomorrow at noon. Forrest Beavers, whose office is on the main floor of the courthouse, is handling them.

Kildoo Hurls Waco To Big State Pennant

WACO (AP)—Waco's mighty Pirates, never short on pitching this season, rode the crest of top-flight hurling last night to the championship of the Big State League.

The Pirates got the benefit of a 3-hitter by 19-year-old Don Kildoo as they beat Corpus Christi 3-1 to take the championship four games to three.

Kildoo's triumph followed a one-hit job turned in Tuesday night by Waco Manager Jack Paepke that kept the Pirates in the running for the flag.

Kildoo struck out nine, walked four and hit one batsman as he pitched eight straight innings of shutout ball before giving up a home run to Dean Stafford that was the Clippers' only tally.

His mound opponent, Bill Tosheff, pitched 6-hit ball. He struck out one and walked three.

Neither side scored until the fourth, when Waco pushed across a run on back-to-back doubles by Rex Babcock and T. R. Taylor.

Paepke slammed a double with two men on base in the eighth to put the clincher on Kildoo's victory. Ronnie Boone and Jack Falls were aboard as a result of walks when the blow came.

Babcock led Waco with a double and a single. He was the only man in the game to get more than one hit.

A crowd of 3,316 saw the game.

It was Waco's 113th triumph of the season, only two years after the Pirates led organized baseball in losses while finishing in the league cellar.

Gainey Is Quite A Boy On Speed

COLORADO CITY (AP)—Speaking of speed in a football uniform, consider Hollis Gainey of Colorado City High School.

Gainey is the Texas Class A 100- and 220-yard champion and he carries that blinding speed onto the gridiron. Last week against Ballinger, a Class AA team, Gainey rolled up 147 yards in eight carries for an average of slightly more than 22 yards.

This is nothing new to the trackman-halfback. Last year against Morton he had the amazing average of 34.7 yards per carry.

In 1953 he gained 1,151 yards on 120 carries in eight games. He missed two games because of injuries.

300 Games Friday In Schoolboy Play

By HAROLD V. RATLIFF
Associated Press Sports Writer

Important games stick out like Roman noses along the blustery Texas schoolboy football front this week with Sweetwater at Abilene, North Dallas at Houston Lamar, Freeport at Lufkin, Port Neches at Orange, McAllen at Victoria, Beeville at Edinburg and Albany at Stamford as the headliners.

More than 300 games will be played in the four divisions that battle through to state championships.

It is the biggest week thus far, with all schools to have tasted competition when the dust clears Saturday night.

There are 178 undefeated and untied teams left in the state from the 508 that started the campaign in early September. Some of the feature clashes match teams with perfect records as for instance San Angelo vs Fort Worth Poly, Fort Worth Arlington Heights vs Dallas Sunset, South Oak Cliff vs Texarkana and Freeport vs Lufkin in Classes AAAA and AAA.

Class AA's top games in which unbeaten, untied teams battle are Phillips vs Wellington, Mt. Vernon vs DeKalb, Floydada vs Spur, Gonzales vs Yoakum, West Columbia vs Angleton and Rosenberg Lamar vs LaMarque.

In Class A Dimmitt meets Hale Center, Crosbyton plays Seagraves and Hallettsville clashes with Goliad in games matching undefeated, untied teams.

Abilene, generally rated No. 1 in Class AAAA, will be playing a Sweetwater team that's ranked high in Class AAA although it has a tie on its record. Texarkana, a powerhouse of Class AAA, will find its hands full with the veteran South Oak Cliff outfit.

North Dallas, crippled through the loss by injury of its mighty Paul Delfield, will play a Lamar outfit that gave the strong Baytown team a great game. Without Delfield, the defending AAAA champions of Lamar will be favored.

Edinburg will be playing Class AA Beeville in a game of interclass distinction.

The Stamford - Albany game should rank with the best although it will be matching Class AA against Class A. Albany may be the top team of Class A. Stamford definitely is one of the powers of Class AA's.

Corpus Christi's mighty Ray goes into Oklahoma to play Capitol Hill of Oklahoma City in one of the year's top intersectional games. Capitol Hill last week licked Amarillo.

All-White Tennessee Town Adopts Negro

KNOXVILLE, Tenn. (AP)—To understand why Geoffrey B. Onuoha is en route from Nigeria to Tennessee, you need to know the Cherokee community—a tiny place, with a big heart and a will to do things.

The farm community, northwest of here in neighboring Grainger County, won the state community improvement contest in 1951; the rural church of the year award for Tennessee in 1952. It is a Protestant community, with no Negroes.

When the Department of State and the Tennessee Valley Authority distributed international publicity—in seven languages— a few years ago, a few words were devoted to Cherokee, on the banks of Cherokee Lake.

Here's the rest of the story, told today by Vic Weals, columnist for the Knoxville Journal:

In Lagos, Nigeria, in British West Africa, a Negro youth — Onuoha—read one of the publicity booklets. He began writing to citizens of Cherokee. They replied and soon felt as if they knew him.

"Tennessee is my favorite foreign country," wrote Onuoha. "My favorite song is 'Tennessee Blues' (waltz?). I received my education in a Catholic mission school, which I believe would compare with your secondary schools.

"My father and mother and brothers and sisters have not had the opportunity to get an education. They live in a native village.

"My greatest ambition is to come to America and continue my education. I desire an education so I can help my people.

"I would be willing to work as a servant, and make any bond required, to repay anyone who would help me get an education in America."

Cherokee, a community used to doing things, decided to take Onuoha under its wing, raised $1,000 to post with the U.S. Immigration Service for his entrance and return passage.

It found that nearby Morristown College for Negroes would admit Onuoha, help him obtain a passport and arrange for him to earn $100 of his yearly expenses of $450.

Cherokee thinks, somehow, it can manage the rest.

Onuoha is to arrive at the Knoxville Airport Saturday.

He will be met by his friends in Cherokee, a Southern community with no Catholics and Negroes, helping a Negro Catholic it has never seen to realize his greatest ambition.

A total attendance of 85 million —half the U.S. population – is estimated by the international Assn. of Fairs and Expositions for the 2,000-odd county, regional and state fairs held this year across the United States.

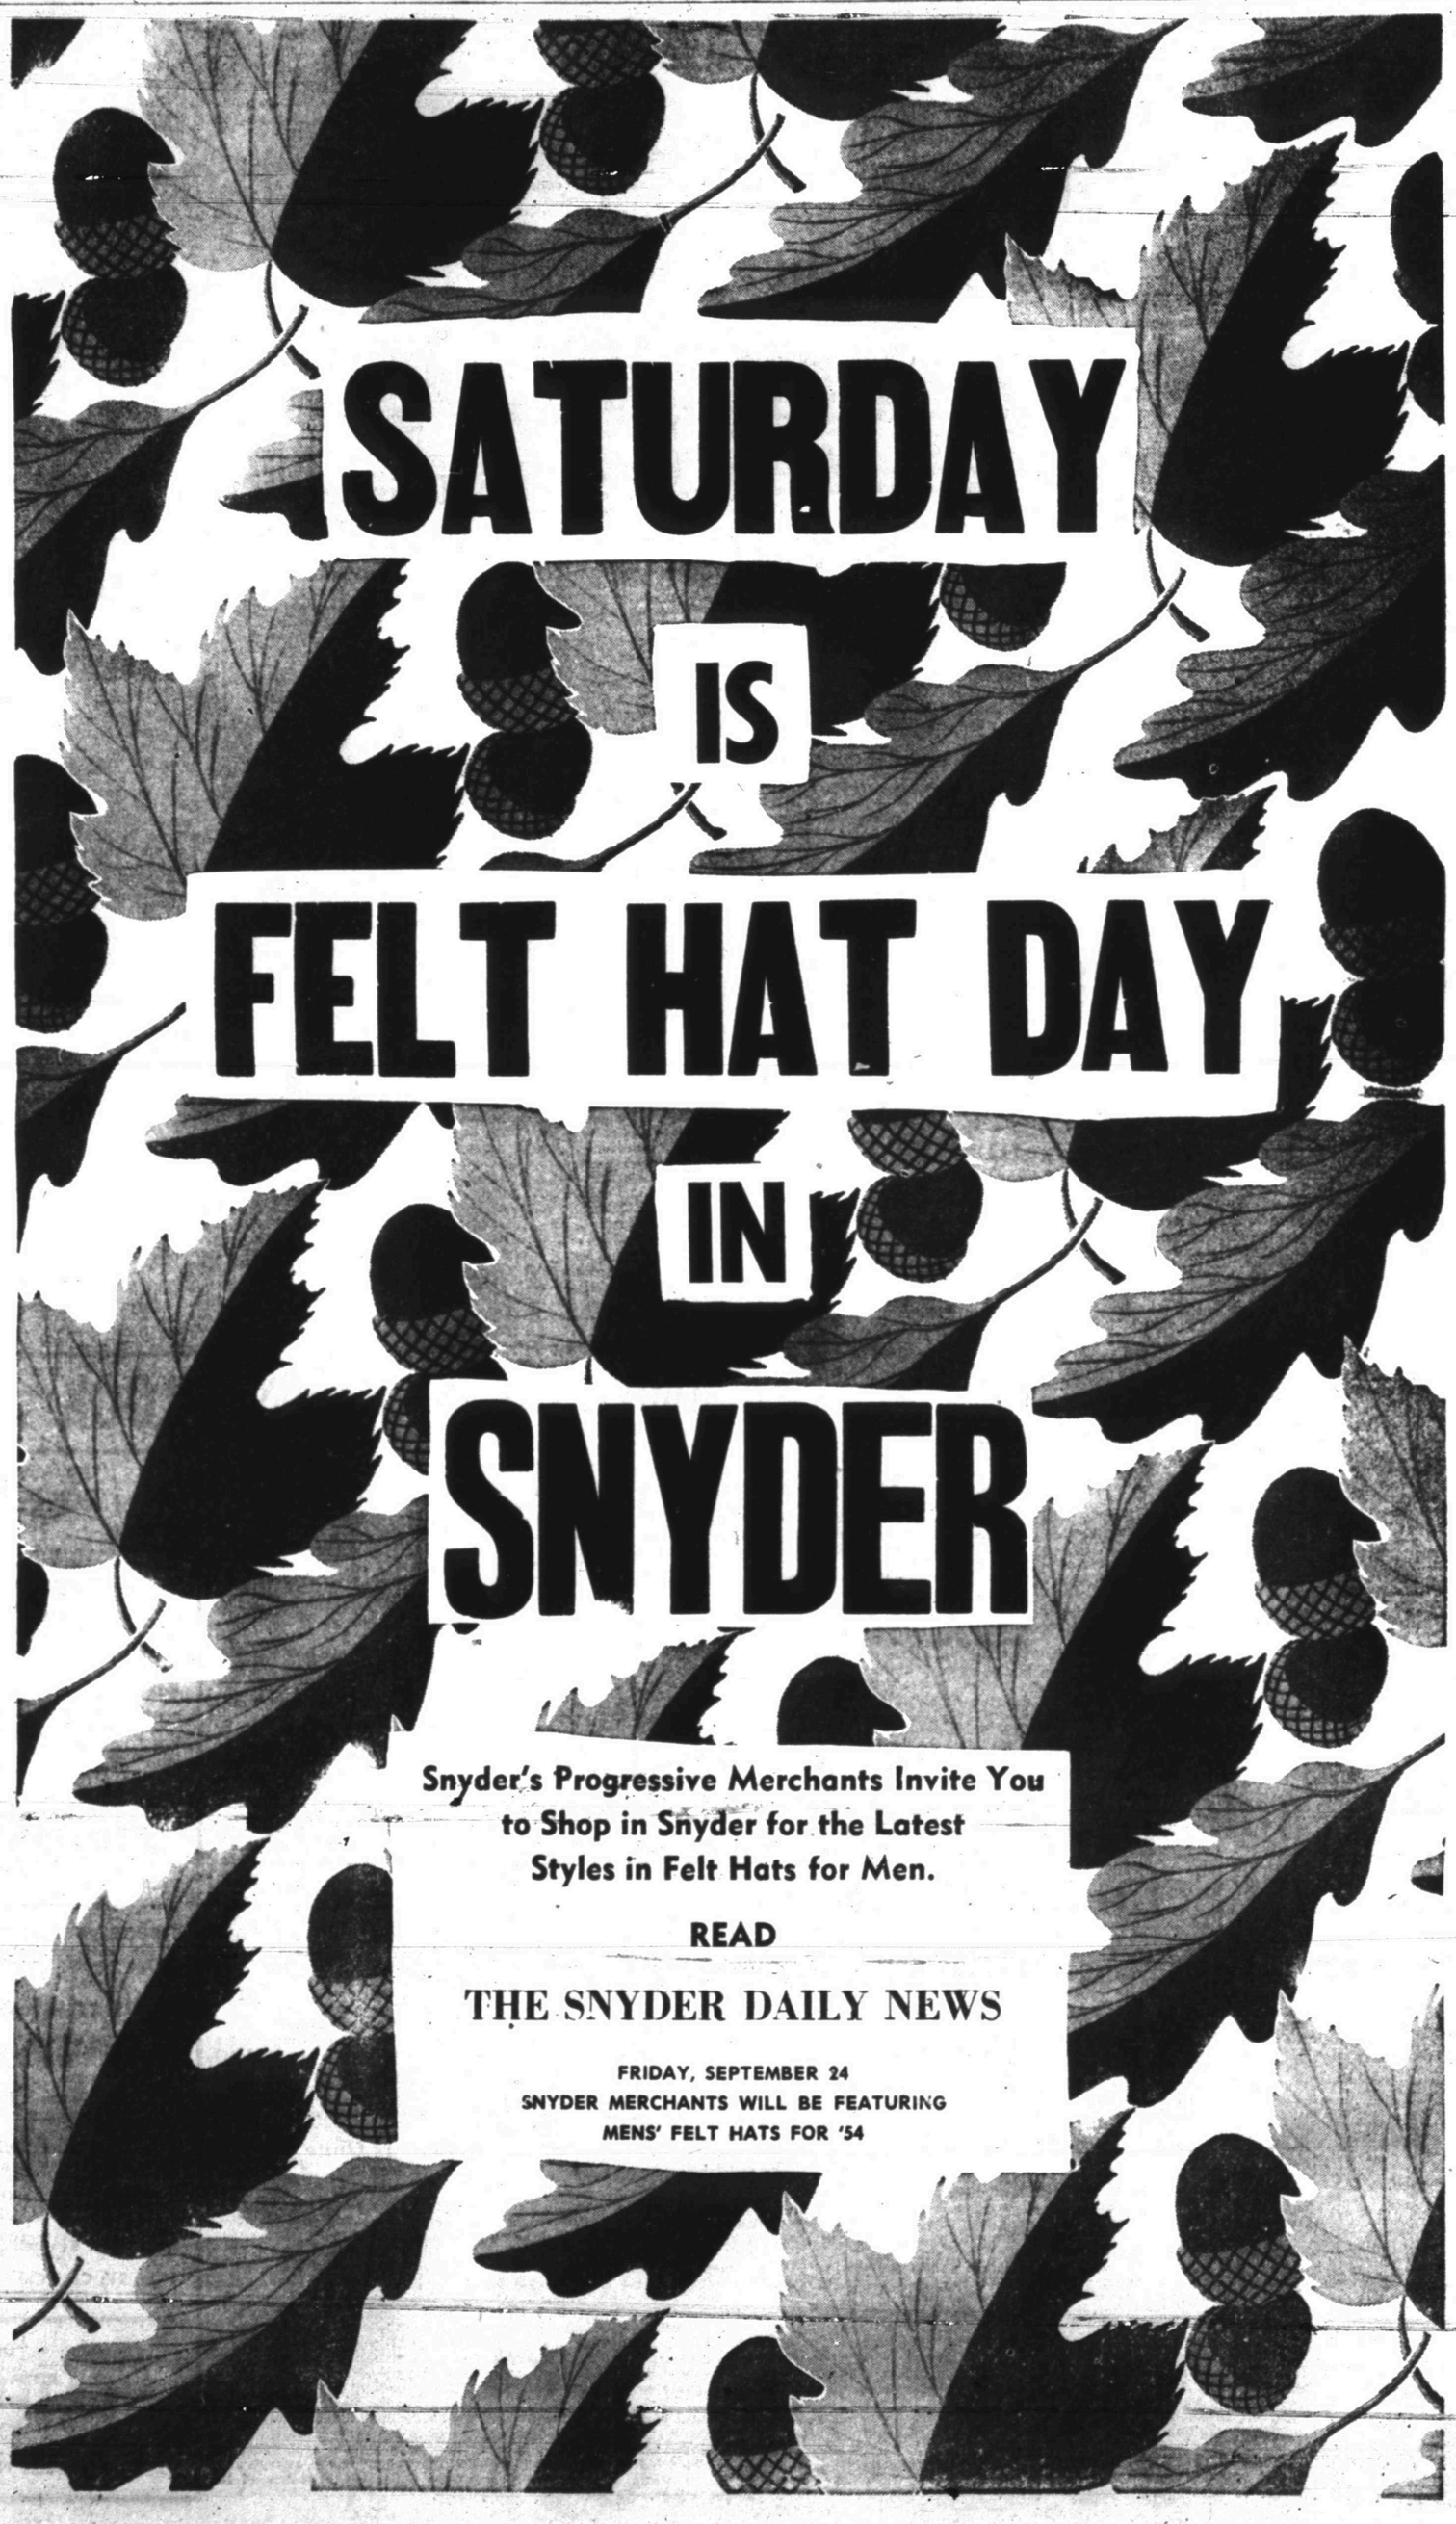

Man Credited With Preventing Leap

BRIDGEPORT, Conn. (AP)—David Berliner is credited with stopping a 49-year-old woman from jumping to her death from a hotel window ledge yesterday.

"I went to the window and started talking to her," he said. "I talked about everything in general. It was just a conversation about anything so I could win her confidence."

In five minutes, Berliner got close enough to pull the woman to safety.

He is vice president of the Bridgeport Optimists Club.

PLANE BLAZES AFTER MEN ESCAPE

A four-engine transport plane goes up in flames after it crashed on takeoff from Stansted, England. Forty-five British soldiers en route to the Suez Canal zone and the crew of five scrambled to safety before flames consumed the aircraft, a privately operated transport under charter to the British war office. This picture was made by one of the passengers moments after the crash.

'Early Birds' Get New Auto Stickers

There are still a few "early birds" in Snyder.

Although automobile owners have from now until April 15 to get inspection approval stickers for their vehicles, about 50 have already done so.

The new stickers, green instead of the former gold, became available a week ago. The period for car inspection before the former strickers become invalid is from Sept. 15 until next April 15. Thus, either sticker is valid during this time.

More than 7,000 stickers of the last series were issued by inspection stations in Snyder.

Lamb Chevrolet Co. issued 1,992 of the last series and has already issued six of the new stickers for old cars which already had stickers of the old series. In addition, all new cars sold have been issued stickers, a requirement of law.

Ezell Motor Co. has issued nine new stickers, including both old and new car inspections, and the firm issued 1,815 stickers of the last series.

Pollard Motor Co. has issued six new stickers for new cars and six for older cars in the last week. The total of the last series was 950.

Lee Motor Co. reported a total of 700 of the last series and nine of the new series on vehicles previously inspected. Two of these nine had no stickers of the last series but still had stickers issued when the vehicle inspection law was first passed.

Bickerstaff Buick Co., a new firm which only became an inspection station Tuesday, issued two that day for old cars.

Chieftain Pontiac Co. reported issuance of 10 new stickers for old cars and a total of 925 of the last series issued when this firm and the Buick agency were combined in another dealership.

True To His Party

ANSONIA, Conn. (AP)—Stephen Zuraw says he can't accept the Republican nomination he won Monday to run for alderman.

His reasons: He isn't a registered Republican, and besides he is supporting the Democratic candidate for mayor.

A new alfalfa variety called Lahontan is said to be practically immune to injury from the stem nematode.

H-Bomb Ash Proves Fatal

TOKYO (AP) — A Japanese fisherman dusted by radioactive ash from an U.S. H-bomb blast at Bikini March 1 died tonight in a Tokyo hospital.

Aikichi Kuboyama, 40, radioman on the fishing boat Lucky Dragon, was believed to be the world's first death resulting from a hydrogen bomb explosion.

The fisherman had been suffering from jaundice complications brought on by radiation from the Bikini bomb, Japanese doctors said.

His illness and death is a matter of great international significance for Japan.

This country has been bitterly critical of the United States tests, and is reported to have presented Washington with a bill for several million dollars.

Kuboyama was one of 23 fishermen aboard the Lucky Dragon, which was approximately 80 miles from Bikini when the test bomb was exploded.

The other fishermen also are hospitalized but appear to be recovering.

The United States has offered Japan one million dollars in damages for the 23.

Rabies Fight Is Continued

HOUSTON, Tex. (AP)—Harris County's gigantic campaign to end a two-year rabies epidemic focused today on the western part of the populous county.

Huge crowds of dog owners and their pets blocked traffic in some sections of Texas' most populous county yesterday as they flocked to 84 free clinics in strategic sections of the area.

At most of the 21 clinics in the northern sections of Houston and the county yesterday, veterinarians and health department employes sent for new supplies after the first hour of vaccinating.

The drive will center tomorrow in the south part of the county and in the east portion Saturday.

The clinics, sponsored by city and county health departments, are prepared to give free anti-rabies vaccinations to 50,000 dogs.

Meanwhile, in Dallas where two children have died after being bitten by rabid dogs, a city ordinance requiring that all dogs be leashed or penned was proposed. Its proponents said such a regulation would be better than compulsory vaccination.

Hawaii produces 70 per cent of the world's processed pineapple.

Merchants Beckon Impulse Business

By HAL BOYLE

NEW YORK (AP)—When Ike and Mike Katz opened a new super drugstore in Memphis recently, they sold $6,000 worth of parakeets in three days.

They also sold a pet skunk, a monkey (for $39.95), any number of goldfish, $4,100 worth of nylon stockings, and 40 alligators.

These may seem odd items for a drugstore to stock, but they aren't at all unusual for the two Katz brothers. Ike, now 73, and Mike, 67, long have been known as two of the greatest showmen in the field.

They pioneered in discovering the importance of "impulse business."

"This means that when a customer comes in a store to buy one thing," Ike explained, "he sees another thing—and buys that, too. We'll stock anything that catches the eye."

The brothers started with a fruit and candy store in Kansas City 40 years ago and took in about $18 a day. Even then Ike was selling oranges three for a dime when his competitors were charging a nickel each.

Operating on a mass-sale, cut-rate principle, the brothers built up a chain of 32 super drugstores in five states—Missouri, Kansas, Iowa, Oklahoma and Tennessee—that will gross some 40 million dollars this year. Their stores stock 31,000 items, ranging from a package of gum to room air-conditioners.

"I got into the drugstore business by accident," recalled Ike. "During the first world war the government put out an edict that only drugstores could stay open after 6 in the evening.

"At that time we were handling mostly candy, ice cream and tobacco. But the day the edict came out I bought some drug supplies and hired a pharmacist. I didn't know for sure then whether aspirin was a headache cure or a hair tonic."

Ike, crippled since boyhood by a baseball injury, walks with a cane. He enjoys being called "the Iron Duke," also enjoys big gestures. Once a year he buys out the Kansas City ball park so his customers can see a game for nothing. He usually also endows two free symphony concerts each year. The firm, operating on the principle that good philanthropy is good business, also contributes heavily to hospitals, religious organizations, and charities.

"If you operate in a big way," said Ike, "you can't live small."

Here are the keys, he feels, to his own business success:

"You have to be bold. You have to advertise. You have to show engenuity. You have to have faith in the country and a belief in the future. And you have to use your head for other things besides sleeping and eating."

Ike started his original fruit stand in Kansas City with a $198 grubstake he had saved as a young news butcher on trains carrying prospectors toward the Klondike.

"On the side I was renting the prospectors straw mattresses at fifty cents a night," he said. "When the company found it out, they fired me."

Of all the thousands of customers he waited on in his drugstores, Ike's favorite is a lady who returned a watch and wanted her money back.

"What's wrong with the watch?" he asked.

"Nothing," she said. "When I bought it, my husband was sick and I needed a watch so I could give him his medicine at the right time. But he's well now, and I don't need it anymore."

COLDS
Relieve Suffering Fast—Effectively with VICKS VAPORUB

F86-D Squadron Heading To Texas

WASHINGTON (AP)— Barring unforseen changes in plans, the Air Force will move an F86-D fighter plane squadron to Perrin Field, between Denison and Sherman, about January.

Pentagon officials said the Perrin unit, operating under the Air Defense Command, would be the latest of a series of interceptor defense installations being set up around the nation.

The 25-plane 400-man squadron will not be assigned to the defense of any specific city or cities, but will be constantly ready to soar up and intercept any enemy or mysterious aircraft approaching from any direction. The planes have an active combat radius of 500 miles; however, since they could expect to find friendly landing fields in most directions and not have to return to home base for refueling they might fan out as much as a thousand miles.

So, not only Texas cities, but such important urban areas as St. Louis, Kansas City, Oklahoma City, Shreveport and New Orleans would be within the range of the Perrin unit's operations.

The F86-D is an all weather version of the Sabrejet plane, but has a different silhouette because the nose has been closed in to house radar equipment, with air intakes underneath. The electronic equipment not only is for use in navigating the plane but in tracking down and firing upon the enemy object. The top speed of the F86-D is in excess of 650 miles an hour, and the ceiling 45,000 feet plus. It carries 24 "mighty mouse" rockets measuring 2.75 inches in diameter.

Operating under Air Defense Command headquarters at Colorado Springs, Colo., the squadron will have its own hangars, parking aprons and other facilities on one side of the regular Air Force training base at Perrin. It will be operated entirely independent of the training command unit, but will use the same runways.

Testifying before congressional committees, Air Force officials pointed out that by establishing defense command units at existing training bases millions of dollars could be saved and without interfering with the training program. At Perrin, as at many other installations, only small additional adjacent tracts of land needed to be acquired and some new hangars and other buildings erected.

Construction planned at Perrin includes a four-stall hangar faced toward runways so four planes can be manned and in the air in a matter of seconds. This is known as an "alert" hangar. Other craft and crews could be aloft within minutes. The planes reach extreme altitudes rapidly.

Under the program for keeping crews constantly alert—the plane itself is flown and operated by a single man—practice "scrambles" are held regularly, some without any warning that the alarm is practice. After the pilot is in the air he gets his orders, telling him where to go and what to do. It may be to intercept a distant Air Force plane towing a target or it may be to meet a still unidentified aircraft approaching from a certain direction, such as the Gulf of Mexico.

The planes are kept fully loaded with live ammunition at all times and those in the four-stall hangar are ready for instant take-off. Hangar doors swing open at the touch of a button.

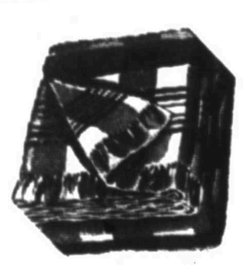

Modern paper is made from fibers — wood, rye, wheat, oat, barley and rice straws, bagasse from sugarcane, cornstalks, hemp, jute, cotton, flax, bamboo, banana stems, and esparato and citronella grasses.

VOL. 5, No. 125 | SNYDER, TEXAS, THURSDAY, SEPTEMBER 23, 1954 | SECTION B

HOT BLUEBERRY BRAN MUFFINS AND FRUIT SALAD
. . . add a beverage to make a brunch meal

Club Hostessing Can Be Fun By Quick, Early Preparation

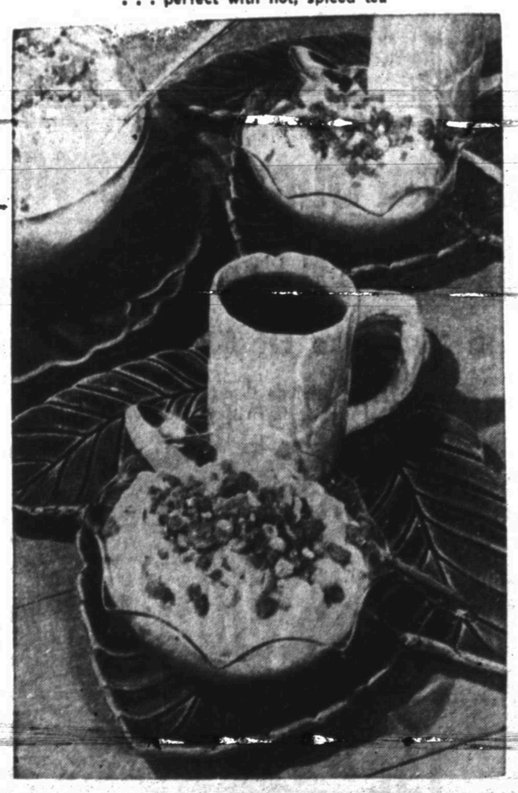

How often have you been the harried hostess, worrying so much over the way the house looks and how the refreshments will turn out that you aren't even listening to the club meeting or enjoying guests in your home?

It happens sometime or other to even the best cooks in town. A grand year of club meetings is beginning to get under way this month, and we want to resolve for all hostesses that their part will be fun, too. There is no need to keep one eye on the gavel and one on the kitchen. Choose simple refreshments, which can be prepared ahead of time, and yet are different or unusually good. Then relax and enjoy your meeting, your guests, and your home.

The best formula for a happy time for all is advance preparation. This means frozen or chilled refreshments or baked dishes, prepared in the morning and still good in the afternoon.

ORANGE GRAHAM LOAF WITH NUTS
. . . perfect with hot, spiced tea

CHILLED APPLESAUCE FLUFF
. . . peanut brittle on top

Take ice cream. It's good plain, but it would be better as a sundae or mixed with fruit for a mock parfait. And why not let your guests choose their favorite flavors? It means less work for you and more pleasure for them.

Sauces have always been the basis for good sundaes, and they can easily be made at home. Placed in wide-mouthed tightly covered glass containers in your refrigerator, they will keep for weeks. Just pour the sauces into suitable dishes, dip the ice cream and invite everyone to "make their own." If you want a few garnishes for an extra touch, add a bowl of whipped cream, toasted or plain coconut and nutmeats. Here are three favorite sundae sauces. (If you don't have time to cook, remember that fairly good sauces can be bought ready-made).

BUTTERSCOTCH SUNDAE SAUCE

1 can (14½ ounces) evaporated milk
2 egg yolks
2 cups (1 pound) dark brown sugar
¼ cup butter

Pour evaporated milk into top of double boiler. Beat in egg yolks. Add brown sugar and butter. Cook over hot water, stirring occasionally until sugar is completely dissolved and suace thickened slightly.

CHOCOLATE MINT SAUCE

30 mint flavored chocolate wafers
½ cup heavy cream

Melt mint wafers in top of double boiler over hot water. Slowly stir in cream; blend until smooth.

COFFEE PECAN SUNDAE SAUCE

1 (15 ounce) can sweetened condensed milk
1 tablespoon instant coffee
1 tablespoon hot water
¼ cup chopped pecan nut meats

Pour sweetened condensed milk into top of double boiler. Dissolve instant coffee in hot water; stir into sweetened condensed milk. Heat over hot water until slightly thickened, stirring constantly. Add chopped nut meats.

Another delicious cold dessert is melon julep. Incidentally, later on in the year it might be well to use piping hot refreshments. We all know, however, that warm weather sticks around through part of fall, so cool refreshments will be appropriate for some time

MELON JULEP

1½ cups sugar
¾ cup water
1½ tablespoons fresh mint leaves
Chilled melon balls
2 cups shredded coconut

Simmer sugar, water, and mint leaves for 2 minutes Strain and cool. Just before serving dip melon balls in the minted syrup and roll in coconut. Garnish with springs of mint and orange slices, if desired.

Watermelon, honeydew, or cantaloupe may be used. For a more colorful dessert, use some of each and add a few fresh blueberries to each serving. Again this could be a "make your own" dessert. Place dishes of each fruit, already dipped in the mint sauce, on the table as well as the coconut. Let your guests choose the fruit they want.

For a mock parfait, you might spoon slightly soft ice cream into the bottom of a tall dish before the fruit is added. The fruit will push the ice cream up toward the top of the dish. Garnish as with the regular melon julep.

Not very many people don't like the taste of apples, and for an apple flavoring that goes to a party, you might fix applesauce cream fluff. This is light, cold and inexpensive, because you can use canned applesauce. The following recipe makes 12 servings.

APPLESAUCE CREAM FLUFF

4 cups canned applesauce
½ teaspoon nutmeg
3 cups diced lady fingers or sponge cake
1 pint heavy cream
½ pound crushed peanut brittle

Chill applesauce; add nutmeg and lady fingers. Whip cream until stiff; fold into applesauce mixture. Place in serving dish. Cover with peanut brittle.

Did you know that "bride's delight" is the nickname for gelatin desserts? That's easy to understand, for a gelatin dessert can hardly fail to be successful and it's quick. For a dressed up refreshment, why not mold a gelatin fruit salad in a pie-shaped pan? When chilled, spread cream cheese on top, as if it were a meringue. Sprinkle with nuts. When ready to serve, cut servings in pie shaped pieces. This would be very good with piping hot coffee and assorted nuts.

Homemade breads always bring forth compliments, particularly if they are nut or fruit flavored. With cheese or butter and a beverage, especially tea, they are refreshment enough for a club meeting snack. If it's a morning meeting, the bread will be hot, but there are many which still taste delicious cool. And there are some which can be reheated just before serving enough to melt the real butter you serve with them.

An unusual tasting bread, which doesn't bother with yeast, is orange graham cracker loaf. It has a nut flavor, too.

ORANGE GRAHAM CRACKER LOAF

⅓ cup shortening
⅓ cup sugar
3 eggs
2 2-3 cups crushed graham crackers
1 cup chopped nuts
½ teaspoon soda
½ teaspoon baking powder
½ teaspoon salt
½ cup orange juice
1 tablespoon grated orange peel

Cream shortening and sugar; add eggs. Combine graham cracker crumbs, chopped nuts, baking powder and salt; add to creamed mixture alternately with orange juice and peel. Pour into greased loaf pan and bake at 350 degrees F. for about 50 minutes. Cool and slice. Makes one loaf.

Blueberry muffins stand alone as an excellent refreshment, with a cold beverage, and they are the perfect accompaniment to a heavier refreshment offering — such as fruit salad with cottage cheese. They also come ready-made in boxes, but good cooks prefer to start at the beginning.

BLUEBERRY BRAN MUFFINS

2 tablespoons shortening
¼ cup sugar
1 egg
1 cup ready to eat bran
¾ cup milk
2½ teaspoons baking powder
1 cup sifted flour
½ teaspoon salt
½ cup fresh, frozen, or canned blueberries

Blend shortening and sugar thoroughly; add egg and beat well. Stir in bran and milk; let soak until most of moisture is taken up. Sift flour with baking powder and salt; add to first mixture with the berries and stir only until combined. Fill greased muffin pans two thirds full and bake fh moderately hot oven (400 degrees F.) about 30 minutes. If canned berries are used, drain well and rinse in cold water. This recipe yields 10 muffins.

When you haven't time to prepare a "fancy" cake, bake a coffee cake. Either in rings or loaf shape, a coffee cake, naturally, goes with coffee. If you bake more than one you can vary the topping and give your guests a choice.

EASY-TO-MAKE COFFE CAKE

1 cup sifted flour
1¼ teaspoons double acting baking powder
¼ teaspoon salt
3 tablespoons butter or other shortening
2-3 cup sugar
1 egg, unbeaten
5 tablespoons milk

Sift flour once, measurp, add sugar gradually, creaming well. Add egg and beat until light and fluffy. Add flour, alternately with milk, a small amount at a time, beating after each addition. Turn into greased 9 x9 x 2 inch pan. Bake in moderate oven (375 degrees F.) 25 minutes.

For quick toppings, use cereal.

HONEY CRISP TOPPING

3 tablespoons softened butter or margarine
1-3 cup honey
¼ cup shredded coconut
½ cup crushed corn flakes
½ cup drained, crushed pineapple

Cream together butter or margarine and honey until light and fluffy. Add coconut, corn flakes and pineapple and mix thoroughly. Spread on coffee cake batter.

CRISPY TOPPING

1-3 cup light brown sugar, firmly packed
3 tablespoons flour
1 tablespoon butter or margarine
½ cup Grape Nuts

Sieve brown sugar, add flour and mix. Cut in butter until mixture is crumbly. Add Grape Nuts and mix well. Sprinkle over cake batter.

One of the quickest hot breads we know of are brown 'n serve rolls. Surprise your guests with variety again, and serve a combination of these sweet or well flavored rolls. All should be baked in a greased shallow pan in a moderate oven (400 degrees F.) for 12 minutes, except the caramels, which take longer to bake.

CARAMEL ORANGE ROLLS

⅓ cup granulated sugar
1 teaspoon grated orange rind
1⅓ tablespoons orange juice
¼ teaspoon mace
1 tablespoons melted butter or margarine
8 brown 'n serve rolls

Combine sugar, orange rind, orange juice, mace and butter. Spread over bottom of 1 quart loaf pan. Place rolls, with tops down, over mixutre. Bake in a moderate oven (400 degrees F.) for 15 minutes. Let rolls stand in pan one minute after removing from oven. Invert pan to remove rolls set that caramel orange side is up.

BACON CHEESE ROLLS

2 teaspoons melted butter or margarine
4 tablespoons snappy cheese spread
2 teaspoon chopped, cooked bacon
12 brown 'n serve rolls

Brush butter over top of each roll. Make a lengthwise cut in the top of each rool. Combine cheese and bacon. Insert 1 teaspoon cheese mixture in each cut.

MARMALADE ROLLS

2 teaspoons melted butter or margarine
12 brown 'n serve rolls
6 teaspoons fruit marmalade or preserves

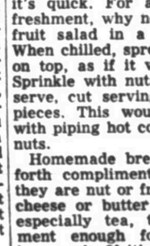

Brush butter over top of each rool. Make a lengthwise cut in the top of each roll. Insert ½ teaspoon marmalade in each cut.

CHIVE ROLLS

2 teaspoons melted butter or margarine
16 brown 'n serve rolls
4 tablespoons cream cheese
2 teaspoons milk
2 teaspoons chopped chives
⅛ teaspoon salt

Brush butter over top of each roll. Make a lengthwise cut in the top of each roll. Combine cream cheese and milk until soft. Add chives and salt. Insert 1 teaspoon cheese mixture in each cut.

Slight Gain In Drilling Is Noted In 36th Week Of Year

A slight gain was noted in West Texas drilling activity during the 36th week of 1954. A total of 75 applications to drill, including nine wildcats, were filed in Railroad Commission Districts 7-C and 8.

The number compares to 68 applications, including 10 wildcats, the preceding week.

Totals for the year now stand at 2,537 field tests and 709 wildcats for a grand total of 3,246 tests for oil and a weekly average of 90.16.

Six counties in District 7-C shared 10 applications, including two wildcats, while 16 counties in District 8 shared 65 applications, including seven wildcats.

District 7-C wildcats were: Kimble and Schleicher, one each.

District 7-C field tests were: Coke, five; Crockett, Reagan, and Upton, one each.

District 8 wildcats were: Crane, two; Howard, Pecos, Reeves, Scurry, and Terry, one each.

District 8 field tests were: Andrews, 14; Ward, 10; Howard and Garza, six each; Ector, Pecos, Scurry, and Winkler, three each; Cochran, Crane and Gaines, two each; Borden, Midland, Terry and Yoakum, one each.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

French Step Up Evacuation

By FORREST EDWARDS

HANOI, Indochina (AP)—French troops are stepping up their evacuation from Hanoi, writing finis to their 81 years of control over this North Indochina capital—the heart of the rich Tonkin Delta.

Communist-led Vietminh rebels are scheduled to take over the former French capital of Indochina Oct. 10 under terms of the Geneva armistice. The French and Viet Nam government will have the port of Haiphong for eight more months

Hanoi's European business section is on its deathbed, after weeks of wasting away. All major stores closed either yesterday or today, and smaller shops were in the last week.

Civilians have only until Oct. 1 to leave the city. After that, the big bridge crossing the Red River on the road to Haiphong will be closed to all but military traffic.

About a third of a million civilians already have fled to South Viet Nam from the areas to be turned over to the Vietminh. French authorities say about 25,000 were Hanoi residents.

Traveling Hen Makes A Trip Of 180 Miles

BALTIMORE (AP)—George Washington Jr.'s old hen is a good mother. She just likes to travel once in a while.

The Rhode Island red got a yen again yesterday and forgot all about her brood. She was picked up here after riding 180 miles from her Sweet Hill, Va. home on the third axle of Washington's tractor trailer. She did the same thing last week.

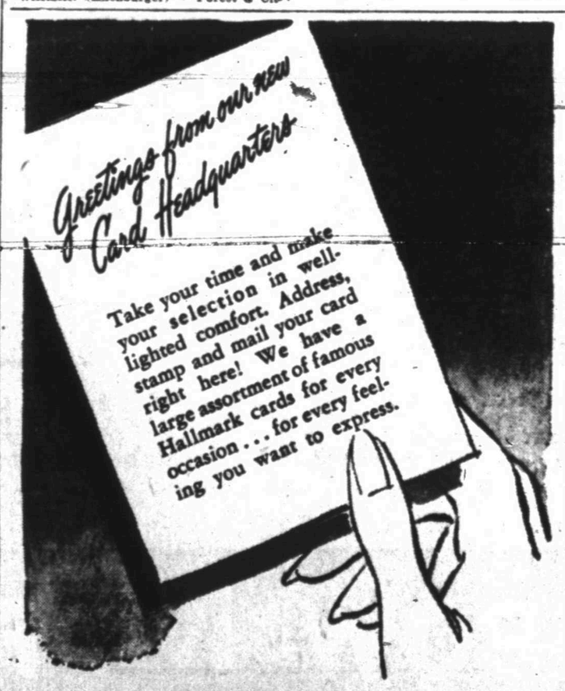

Mrs. Ralph Bledsoe, a petite Memphis grandmother, loosened her lungs in preparation for the Mid-South's hog calling contest in Memphis, Tenn. Veteran callers were shocked when she entered the contest. Quite versatile, she plans to sing at a tea during the celebration.

HELD FOR QUESTIONING

Chicago police restrain a woman held for questioning about the shooting of her husband. The woman, Mrs. Rose Beren, 30, told police the shooting occurred during a quarrel in their hotel apartment. She told Lt. Elmer Mulvehill she fired a revolver at William Beren, 47, unemployed, after he slapped her.

Divided Germany Looms As Big Problem In Europe For Years

By JAMES MARLOW

WASHINGTON (AP) — Divided Germany will be a problem for the West and Russia for years. No wonder both sides are pulling so hard in opposite directions, with no solution in sight.

The United States and Britain have obvious reasons for wanting the West Germans rearmed in a hurry and made part of the Western defense against Russia.

The crucial time element makes them look not only to the immediate military benefit but to the uncertain future.

The difference between West Germany rearmed and unarmed, facing the Russians, is the difference between a door, locked, and a swinging door.

The Allies would have to defend West Germany against Russian attack anyway, even though the Germans were unarmed. But if they remained unarmed the task might be impossible.

Once the Germans were armed, as the French have made abundantly clear through their expressed worries, the Allies would have the problem of seeing that rearmed Germany didn't get out of bounds to become a new terror.

The Allies will meet in London next Tuesday and again in Paris in mid-October to seek the double answer of rearming Germany and keeping her within bounds afterwards.

But time is working, and it may not be working on the side of the Allies. At this moment, under the pro-Allied and anti-Communist leadership of Chancellor Adenauer, the West Germans want to get into the Western defense alliance.

But Adenauer will not always be there, and whether he is or not, the mood of the West Germans may change if the Allies, through their indecision, keep them dangling indefinitely between heaven and earth.

They are dangling now and have been since the war. The Allies have not given them the right to rearm nor permitted them independence. American, British, and French troops occupy the country. The three powers keep a veto over Adenauer's government.

But the Germans have made an astonishing recovery from the war and are growing in strength. They can't be expected to remain in a second-rate position forever.

It was thought that under the calling for a single army, the Germans couldn't menace their neighbors again since they would be serving with troops of other nations under a unified command.

For various reasons the French killed EDC. There was a wide gap in the hope that EDC could positively prevent revival of a German national army.

Adenauer's West German government could agree to submerging its armed forces in a single European Army. But the time might come when Russia would release its hold on East Germany and let it be united with the Western half.

If then a new, all German government was created, would it abide, or feel obliged to abide, by the agreement made by the old West German government? Or would it withdraw and set up its own, new national army?

The Allies face that problem in any plan they work out for rearming West Germany now. But bringing it into the Western Alliance now would give them some hope for believing a new German government would stay in.

The Russians have been doing their best to persuade the West Germans they would lose all hope for a reunified Germany if they join up with the West. The Germans are in the middle of this power-pull. If the West Germans turn neutralist, in the hope of getting Russia to yield up East Germany, and if Russia ever does, then:

The united Germany could dictate the future of Europe, and perhaps the world, by making an alliance with the West or Russia.

Actor Is Recovering Following Collapse

VAN NUYS, Calif. (AP)—Actor Grant Withers, 51, is reported improving after being found unconscious in his bedroom yesterday from an overdose of ulcer medicine.

Dr. A. W. Pearson said last night the actor had regained consciousness and was in good condition. The doctor said Withers accidentally took an overdose that produced an adverse reaction.

Withers' wife, Estelita, a Cuban dancer, said she found his bedroom door locked. She told police she broke a pane of glass to enter the bedroom from a patio and found Withers unconscious on the floor.

'Boy' Has Surprise

PARIS, Ky. (AP)—Mr. and Mrs. O. O. Kokendoffer bought a parakeet several months ago and went to work teaching it to recognize and answer to its name—"Boy."

They reported yesterday that Boy laid an egg.

Farmers are being urged to complete their own Census Bureau questionnaires this year.

Burglar Comes Out Second Best On Job

GREENWOOD, S.C. (AP)—When George H. Davis opened his motor company here yesterday he found a $20 bill on the floor, then discovered the place had been broken into during the night.

It apparently was dropped by the intruder who took only a small amount of change from an unlocked safe.

India Getting More Items; Prices High

By EUGENE LEVIN

NEW DELHI (AP)—Indian stores soon may have more foreign-made goods to satisfy customers for "luxury" articles. But there is a catch—prices are likely to be a lot higher than they have been.

A new government import policy is responsible. Officials decided to liberalize quota restrictions on some imports while at the same time boosting duties on most of these imports.

The lover of beer, ale or wine is in a trying situation. Previously, imports were regulated to a percentage of a base quota. Now the quantiative restriction is off, and anyone can drink to his heart's content—provided duties increased by 100 to 150 per cent will let him.

A quart bottle of beer or ale had a duty of about 9 cents; now the duty is 21 cents. Champagnes used to have a duty of $3.50 a gallon but now are rated at $8.90. Wines have been boosted similarly

India makes razor blades, but a smooth shave is a "luxury" requiring foreign-made blades. Imports of these have been limited to 20 per cent of the base quota. The new policy allows imports up to 30 per cent of the base quota; it also hikes the import duty from 30 per cent of the value of the blades to 40 per cent. (The base quotas are determined by a formula based on annual imports between 1945 and 1950.)

An old ban on bringing in assembled automobiles is gone. The choice is no longer limited to the new foreign manufacturers who assemble their vehicles here.

But the duty on the imported auto is 75 per cent of its value or $1,260, whichever is higher.

For the woman shopping for her wardrobe, the new quotas mean possibly twice as much foreign-made silk hosiery, cottons, woolens or other fabrics on the market. Along with this greater choice go boosted duties — on hose, 80 per cent instead of 66; on other fabrics, about 60 per cent instead of the 30 per cent average level previously.

Increased imports of a few articles are to be allowed without the duty being raised. Chief among these are watches and toys.

The government said the new program is intended to provide high duty protection for some young Indian industries which previously had been protected by quota restrictions.

Officials explained the policy in this manner:

In the past, the lower quotas created a scarcity of foreign-made goods, leading to high prices. With liberalized quotas, the goods should be more plentiful and prices should come down despite boosts in duties.

... NOW IS THE TIME TO BUY ANTI-FREEZE...

NOW — while we've got plenty of top-quality Perma-Guard. NOW — when you can avoid the rush. NOW — when there'll be time for thorough radiator inspection and servicing. LATER — when "last-minute" motorists are waiting in line or shopping for substitutes, you'll be glad you Winterized before Winter!

AND THIS IS YOUR BEST ANTI-FREEZE BUY--

ATLAS PERMA-GUARD

One fill lasts all winter. Is free-flowing at all temperatures... won't evaporate at 230° above or freeze at 60° below. Is odorless and free from harmful vapors. Will not clog your radiator. It's kind to gaskets, rubber hose, and car finish. Checks foaming, rust, and corrosion, too! You can't get a better, surer anti-freeze than Atlas Perma-Guard. So get it now, at the Chevron sign.

"Friends, don't try to get by with last year's anti-freeze. Automotive engineers agree that even permanent-type anti-freeze should not be re-used."

AND THIS IS THE PLACE TO GET COMPLETE PRE-WINTER SERVICE

CHEVRON GAS STATION

We take better care of your car

DENNIS THE MENACE

"I'M WORRIED ABOUT HIS SLEEP, DOCTOR. HE DOESN'T SEEM TO NEED ANY."

Pfc. George M. Pisk, 22, of Austin, was one of the two U.S. soldiers arrested near the German-Czech border by a Czech patrol. He is the son of Dr. Paul Pisk, professor of musicology at the University of Texas.

Israeli Expected To Return To Commission

JERUSALEM, Israeli Section (AP) —Israel is expected to return to the U. N. Jordan-Israel Mixed Armistice Commission following the mid-October departure of its U. S. Naval chairman, Cmdr. Elmo H. Hutchison.

Israel began her boycott of the truce group last March after Hutchison refused to support an Israeli motion to condemn Jordan for the Negev Desert bus ambush March 17 in which 11 Jews were killed.

Hutchison's recall to the United States for Navy duty was announced yesterday.

Adopt Set Of Rules For Storm Cellars

DUNCAN, Okla. (AP) — Two Duncan, Okla. women with storm cellars had to adopt rules for the neighbors who rushed there at the threat of a tornado. Among them were:

Don't let the kids yell and fight.

Bring your own snacks; don't expect your hostess to furnish food.

No smoking; the air gets thick.

Don't gripe because you're here. Be thankful your neighbor has a cellar. And don't criticize seating facilities.

And please leave immediately after the storm. This is not a social event.

India, with a population of over 370 million people, is training only 1,600 medical doctors a year.

LEGAL NOTICE

THE STATE OF TEXAS
TO: BEATRICE MARIE CAMPBELL
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of November, A. D., 1954, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 27th day of February, 1954.

The file number of said suit being No. 6385.

The names of the parties in said suit are: Allen Walter Campbell as Plaintiff, and Beatrice Marie Campbell as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 21st day of September A. D., 1954.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 21st day of September A. D., 1954.

CHAPLAINS PARACHUTE TO SAFETY

Four of the 15 chaplains who parachuted to safety near Newhall, Calif., after the plane in which they were flying caught fire and crashed, thank the pilot, Capt. Thomas Wilson (right). He kept the plane aloft with one engine gone while they all bailed out. The chaplains, members of the Civil Air Patrol, are from left: Arthur Atkins, Howard Lane, Clyde Benway, Sgt. Airm Plew of the plane's crew, and Chaplain Bert Van Norman, who stood at the door and helped the others out before he jumped.

Dollar Vs. Sterling Battle Lines Drawn

By SAM DAWSON

NEW YORK (AP)—The dollar bloc and the sterling bloc will be having it out this weekend in Washington.

You've heard a lot since the war about the pound sterling bloc—a well defined and disciplined group. Once ailing, it is growing healthier.

You hear less about the dollar bloc—an ill-defined and voluntary area. While not invalid, it has its troubles, too.

The sterling area, its problems, its wants, its ambitions will be put before the annual meetings of the World Bank and the International Monetary Fund this week by the British chancellor of the exchequer, R. A. Butler. The United States has long given sympathetic ear to these problems, which are very real, and backed sympathy with taxpayers dollars.

But just for variety, let's look at the dollar area, what it is, how it works, what are its problems, and why they are growing.

The United States has been slipping back slowly from its postwar trade pre-eminence. Its store of gold has dropped 1½ billion dollars in the last two years. There's plenty left—nearly 22 billion—but foreign holdings in this country for which gold could be demanded now come to 10 billion dollars.

American manufacturers say it's hard to do business abroad. Part of this is due to trade barriers other countries put up against their people doing business with the dollar area. Part is due to the great drive of others to make themselves self-sufficient and beyond the need of buying from the dollar area. And part is due to the long inflation here which pushed the cost of many American goods above the price at which other countries (aided by cheap labor) produce for the world market.

The dollar bloc, unlike the sterling bloc, is held together without central authority, but simply by the flow of trade and investment. And its very geographic limits are vague.

One definition of them is given by Donald F. Heatherington, director of the European Division of the National Foreign Trade Council, as follows:

The United States and Canada are the hard core of the dollar area, and Cuba and Panama are within the inner circle. Around the rim he places Mexico, El Salvador, Colombia, Nicaragua, Guatemala, Honduras, Venezuela and Costa Rica. This is because they rely on the United States and Canada as a joint market and source for more than half of their merchandise exports and imports.

Hovering close to the rim are the Philippines, Haiti, The Dominican Republic and Ecuador. Their trade is tied largely with the dollar area, and much of their external investment has come from the United States.

Jointly since the war the United States and Canada—the dollar area's hard core—have placed 153 billion dollars at the command of other economies to buy dollar goods and services.

And ever since the war, Heatherington points out, the situation in the dollar area "has been fashioned increasingly and largely by factors and forces outside its direct, independent control." It is called upon to play "policeman, fireman and major financier" when it hasn't been master of external events nor free from serious internal pressures.

The dollar area has its side in that debate down in Washington, too.

To Choose Site For 2nd Rio Grande Dam

LAREDO (AP)—Final selection of one of three sites under consideration for a second dam across the Rio Grande will be made late this month by U.S. and Mexican engineers, the assistant minister of hydraulic resources for Mexico said yesterday.

Raul Eschegaray said the site most likely to be picked for the project is about two miles downstream from the point where the Devils River joins the Rio Grande.

Construction is expected to begin late in 1955 on the structure, which will be about the same size as Falcon Dam, further downstream.

Reds Criticize Stenographers

MOSCOW (AP) — Soviet self-criticism has got around to the clock-watching stenographer.

Trud, newspaper of the trade union, describes Irene as a girl (she is 45 but acts like 19) who is mad about the word "madly (nezumno)" and also loves to say "absolutely (aboslutno)."

When she gets on the telephone, it's enough to drive the rest of the office staff mad.

A bookkeeper counted up that Irene in a single day telephoned 49 times to friends and relatives. And he figured out how much time she costs the Soviet state by primping her face — eight hours a month.

Such inefficiency and self-indulgence, says Trud, must stop.

"Irene Gregoriovna," says Trud, "likes to talk very much and her voice is heard the whole day. She keeps repeating how she was madly happy yesterday, how madly jolly her last party was, how madly sleepy she is now, what a madly terrible headache she has, how madly tight are her shoes. She is also madly hungry. . .

"One can observe that there is nothing in her work that interests Irene. It is the telephone that interests her.

"For Irene lunch consists of two parts. First is the official lunch hour which, instead of devoting to a meal, she uses to go shopping. When she finishes with the shopping tour she takes time off to eat at her desk, with great appetite...

"Then she manages to stop work 1 ½ hours before the end of her working day. And she announces that she is madly tired as she leaves her chair with an exhausted sigh."

Anything For A Photograph

ROME (AP)—A blonde fan dancer from Tacoma, Wash., claiming she had no coins, cheerfully threw herself and a pet monkey into Rome's tourist-lined Trevi fountain today.

An astounded policeman chased the blonde, Charlene Castle, and the monkey, named Paris, away. But she said she hoped she'd return to Rome one day anyway, just the way visitors who toss coins into the fountains are supposed to.

Thoughtfully forewarned, a bevy of press photographers snapped Miss Castle's picture as she removed a leopard-skin coat and took the plunge in a leopard-skin Bikini with the monkey.

Miss Castle and the monkey emerged quickly, took short slugs of whisky and dashed off admit the gaping tourists while the cop bore down.

McDONALD'S alert buyers just made a mustn't-be-missed . . .

what's a party without Coke?

No doubt about it, sparkling ice-cold Coca-Cola helps set the pace for good times. No other soft drink has ever won the approval of so many people . . . and the invitation to "Have a Coke" is a byword for those who want to serve delicious, wholesome refreshment.

This display at dealers is a reminder — have Coke on hand for parties, planned or spur-of-the-moment.
