

Rotan, Hamlin Football Teams Move North To New UIL District

Rotan and Hamlin schools were dropped from University Interscholastic League "District 8AA" and moved into District 7AA, it was announced from Austin last Monday morning. As a member of District 7AA, Rotan will be playing district games with five other area schools making up the 6 team district. Other teams in the 1981-82 and 1982-83 District 7AA, include Haskell, Paducah, Hamlin, Munday and Seymour.

The old District, 8AA, will include: Cisco, Eastland, Winters, Jim Ned, Albany, Anson, Hawley and Baird.

Head Coach Robert Damron, announced the following non-district schedule that has tentatively been set pending approval. According to Damron, Rotan will scrimmage Crosbyton on August 20; scrimmage Knox City on August 27; then open up a five game non-district schedule with Roscoe on September 3rd; Anson on September 10th; Aspermont on September 17th; Clyde on September 24th and the final non-district game with Merkel on October 1st.

The district schedule and dates (Munday at home on October 8th; Seymour in

an away game on October 15th; Paducah, home, October 22nd; Hamlin, there, October 29th and Haskell, home on November 5th.

Commenting on the new UIL alignments, Damron said, "I feel like the district is going to be balanced and I don't see

any district breathers. We're just going to have to be ready to play ball every week," he said.

Damron said that next years schedule would be interesting because there will only be 5 district games with the two top teams going into the playoffs.

Rotan Young Farmer Predator Meeting Mon.

The Rotan Young Farmers will be holding their monthly meeting on Monday, November 9th, beginning at 7:00 p.m. at the Rotan Vocational Agriculture Building, according to President Cle Don Coffman.

The program will be presented by the Texas Department of Agriculture and will be entitled "Predator Control With The Use of M-44 Sodium Cyanide Gun". Persons

implementing predator control measures must be certified on the use of the chemical and Texas Department of Agriculture officials will be on hand on Monday to grant the certification.

Kiker, Posey Named For 4-H Gold Stars

Jill Posey, a junior in Rotan High School has been named to receive one of the Fisher County 4-H Gold Star Awards for 1981. She is the daughter of Mr. and Mrs. Richard Posey and the third in her family to receive this award.

Jury Hearing Testimony In Templin Trial

32nd District Court Judge Weldon Kirk presided last Monday in Roby as the State of Texas vs Bobby Templin for murder trial began.

At approximately 4:00 p.m., Monday afternoon, a jury was selected and began hearing testimony in the case.

The 32nd District Court was in recess last Tuesday, November 3rd, in order that the District Court Room could be used as a polling place for the "Constitutional Amendment" election. Testimony was scheduled to begin in the case on Wednesday morning, November 4th, after the one-day recess.

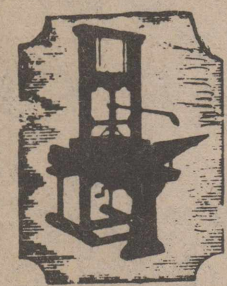

Templin, after being indicted by the Fisher County Grand Jury, is being brought to trial in connection with the April 11th, 1976 death of his wife, Rhonda Denise Templin, age 20. Rhonda Templin allegedly died of an apparent electrical shock from a radio while taking a bath.

Eastland Court Hears Jojola Appeal

Attorneys on behalf of Antonio Garcia Jojola, convicted for the offense of "criminal attempt to murder" in connection with the shooting of Danny Terry of Roby and sentenced on February 27, 1981, to life in prison and a fine of \$5,000, had their appeal case heard in Eastland recently. It was the decision of the Court of Appeals in Eastland to "affirm" or concur with the findings of the 32nd District Court jury.

The petition to appeal the decision of Judge Weldon Kirk's 32nd District Court was one of the first taken up by the Eastland Appeal Court and the first appeal from Fisher County to be reviewed by the court.

In years prior, the Court of Criminal Appeals in Austin, was the appeal court for all matters. Recently the legislature created numerous Courts of Appeals, Eastland being one, because of the tremendous backlog of cases (4 years behind at Austin Court) pending.

ROTAN ADVANCE

THURSDAY, NOVEMBER 5, 1981
VOL. 73 NO. 38 FISHER COUNTY TEXAS TWELVE PAGES

Roby Completes 1982 Schedule, Lands In Six Team North Zone

A total of 14 schools were placed in University Interscholastic League District 7A last Monday morning, according to Roby School Superintendent Jimmie Laurie.

Schools joining Roby

include: Forsan, Sterling City, Bronte, Roscoe, Sands, Eden, Greenwood, Mertzen (Irion County), Klondike, Water Valley, Loraine, Garden City and Robert Lee.

Forsan was moved down one classification to 7A and Greenwood was moved up. Eden, Bronte and Mertzen (Irion County) were moved into 7A from another Class A district and the original district lost Wilson, Meadow and New Home.

Roby will be playing in the North Zone (6 teams)

of District 7A-other district opponents include: Eden, Greenwood, Garden City, Mertzen, Water Valley, Robert Lee and Bronte.

Roby will begin the season with 5 non-district contests. Those games tentatively set include: Aspermont at home on September 3rd; Jayton at home on September 10th; Wilson, there on September 17th; Spur, there, September 24 and Miles, there, on October 1st.

The district schedule (north zone) begins with Klondike on October 8th at

home; Sands on October 15th at home; Loraine, October 22nd, there; Forsan on October 29th at home and Roscoe on November 5th in Roscoe.

Commenting on the new UIL re-alignments, Coach Howard McDaniel said, "Overall, I have mixed emotions, our zone is probably the toughest of the two, the south zone has 8 teams in the district and the north zone only has 6 teams. I feel this will be an advantage to Roby."

Four Injured In One Vehicle Accident, Blown Tire Suspected

Four individuals were injured last Friday night after a 1979 Chevrolet Camaro in which they were passengers blew a tire 5.2 miles east of Rotan on Highway 92, according to Albert Hataway, investigating officer with the Texas Highway Patrol.

Hataway's report indicated that the 1979 Camaro was driven by Bobby Lee Remmers, age 30, of Abilene and travelling east on Highway 92 approximately 5.2 miles from Rotan when the accident took place. According to Hataway, the Remmers

vehicle was passing another vehicle, when a tire apparently blew causing the driver to lose control. The vehicle went off the left side of the road, overturning at least twice, knocking down a sign post.

The accident took place at approximately 10:20 p.m., Friday, October 30th. Three passengers in the Camaro were co-workers with Remmers for Megargel Drilling Co., Megargel, Texas. The injured passengers were identified as Vance Vandenberg, age 19, of San Angelo, injured shoulder, released from

the Fisher County Hospital on Saturday; Ricky Don Rebber, age 20, Lubbock, originally confined to Fisher County Hospital with a head injury; Mike Edmiston, age 18, San Angelo, transported to Abilene with an injured pelvis.

Remmers was transported to Abilene with an injured pelvis.

Remmers was transported to Abilene with two broken legs. He was cited by DPS Patrolman Hataway for "Failure to pass to the left safely".

Carter Named To Baptist Board

Horace L. Carter, a stock and cotton farmer in Rotan, was elected to the Executive Board of the Baptist General Convention of Texas (BGCT) during the BGCT annual meeting in Waco Oct. 27-29.

The Executive Board, composed of laymen and ordained church leaders,

conducts the business of the 2.2-million-member BGCT between annual sessions.

The BGCT owns and operates eight colleges and universities, an academy, eight hospitals and four children's homes.

This work is supported by the Convention's 4,400 churches and missions,

which will give more than \$45.4 million this year through the Cooperative Program to help share Christ's love throughout the world.

Besides the institutions, the Convention helps support the work of more than 5,000 missionaries in the United States and almost 100 foreign countries.

Sheriff Makes Arrest, FBI Checks Prints

Victor Hernandez, age 19, of Mexico was arrested by Sheriff Mickey Counts and charged with "burglary of a vehicle" in connection with the theft of a drug box and other items from the Fisher County Ambulance. The arrest took place on Thursday, October 29, in Roby.

Counts said that prints of Hernandez are being sent to the Federal Bureau of Investigation in Washington in an attempt to determine his true name. At the time of arrest he gave law enforcement officers the following names, "Manuel Hernandez, Manuel Flores, Manuel Martinez, Victor Martinez and Victor Gonzalez.

Rolling Plains International, the new International Harvester farm equipment dealership in Rotan, will be holding open house ceremonies on Saturday, November 7th, according to Bob Traylor, Rotan Manager.

The new dealership will be open to the public on Saturday, November 7th, from 8:00 a.m. until 1:00 p.m.

Free coffee and dough-

nuts will be served and officials of International Harvester will be on hand to greet visitors and discuss the IH farm line of machinery.

Local employees scheduled to be greeting area farmers and ranchers at the Open House celebration include Glenn Moffett, parts manager of Sylvester; Joyce Beatty, bookkeeper of Rotan and Bob Traylor. Roy Kidd,

owner of Snyder Truck and Tractor, Inc., president of Rolling Plains International is scheduled to be present for the Open House.

"We're extremely proud of our new facility in Rotan and want to take this opportunity to invite everyone out on Saturday to take a first hand look," said Traylor.

NEW BUILDING: The International Harvester Dealership will hold Open House Ceremonies in Rotan this Saturday. Rolling Plains International, located one block west of M&C Lumber and Supply, will be open to the public between 8:00 a.m. and 1:00 p.m. Saturday.

This edition of Kim's Korner is going to deal with three items: [1] Uncontrolled Speeding [2] The Professional Air Traffic Controllers and [3] Recent events in the life of Representative Walter Grubbs.

Commenting on the three items in order: [1] I don't have the vocabulary or intelligence to put my true feelings into words concerning this first item. I abhor, dislike, detest, and feel it is a blatant disregard for the law for a 30 year old man to hit speeds in excess of 115 miles an hour on a Fisher County or any other road or highway. That is supposedly exactly what happened to Bobby Lee Remmers, age 30 of Abilene, last Friday night when he blew a tire, rolled his 1979 Chevrolet Camaro and sent himself and three passengers to the hospital. One passenger, commenting to Patrolman Albert Hataway, said that Remmers was going in excess of 115 MPH. I think that speeding to that extent should be grounds for permanent suspension of a drivers license. How would you like to be hit head-on while travelling at the speed limit by a driver hitting speeds of 115 MPH? I am probably as guilty as anyone at exceeding the speed limits, and I'm not making excuses or exceptions, but there is a degree of difference between 60 and 65 MPH, and 115 MPH-however both are speeders. Had the time frame last Friday night been a few minutes different, we could very well have had another "McCaulley Bus Wreck" type incident. The Rotan football team and Rotan Band viewed the demolished Chevy Camaro, driven by Remmers, on their return trip from Albany. I think our Texas speeding laws need a provision whereby a law enforcement officer or Judge can suspend a person's drivers license when he's apprehended for travelling at speeds that are completely out of reason.

Item #2 - The Professional Air Traffic Controllers Organization [PATCO] - I was tempted to stand up and holler "Three Cheers for President Reagan", last week when I read a news article in the Snyder Daily News "Update" column indicating that PATCO was out of business as a labor union. The article stated "The Professional Air Traffic Controllers Organization, which defied President Reagan by launching an illegal strike and then saw 11,500 of its members fired, is out of business as a labor union. The U.S. Court of Appeals on Tuesday, [October 27th] refused to extend an order that temporarily had kept the union alive while its lawyers prepared to appeal a decertification decree in the federal courts. The Reagan Administration has refused to negotiate with the union since the controllers went on strike August 3rd and has fired all PATCO members who ignored his ultimatum to return to work." For a union worker to go on a "legal" strike if fine, it that's what he or she feels it will take to settle the points in question. For a union organization to strike illegally, be it PATCO hoping to bring the air traffic to a halt or the steel workers hoping to bring the steel companies to their knees or the auto workers hoping to send Ford or Chrysler in a tail-spin, is wrong. Needless to say, I support the President in the way he has handled the PATCO situation.

Finally, point #3. Representative Walter Grubbs has had to establish permanent residence in Merkel, Texas, as a result of what he calls "gerrymandering" by members of the Texas State government when they paired him with Rep. Gary Thompson, Abilene, in the final redistricting plan for the Texas House of Representatives. In a phone conversation with Rep. Walter Grubbs last Monday morning at his Abilene office, he said, "I plan to visit in Rotan and Roby this week and talk with friends, but at this point I am announcing my intention to run in the new district which means I'll be running against Rep. Bill Heatly of Paducah," said Grubbs. In a press release [found in full in another portion of this paper] Grubbs said, "This was an unexpected and unnecessary low blow, and I do not intend to be turned out of the Legislature through the conniving, gerrymandering tactics of Rep. Bill Heatley, Attorney General Mark White, Comptroller Bob Bullock and Land Commissioner Bob Armstrong. If I am going to be retired, I prefer to let the voters do it in the proper democratic manner." I say "Hooray" for Walter Grubbs. If Grubbs and Heatly are the only candidates after all the "official" announcements are made, then Grubbs will hold the voter advantage in that 56% of the voters from his old district are in Fisher, Jones, Nolan and a part of Taylor Counties. Heatly, although 6 of his former counties are in the district [Cottle, King, Knox, Stonewall, Kent and Garza] only has 17% of the vote with the remainder coming from two new counties - Scurry and Lynn. I don't suppose anyone counted on Walter Grubbs moving, so goes the best laid plans of mice, men and politicians.

CAR TOTALED: The above 1979 Chevrolet Camaro was the car driven by Bobby Remmers of Abilene that was involved in the one car accident 5.2 miles east of Rotan last Friday night. Three other passengers were also injured.

Ratliff Reunion Has Gathering, Capitola

The Ratliff family descendants met at the Capitola Community Center for their annual reunion.

Attending were Edna and Lloyd Ratliff of Odessa, C.W., Sue and Missy Dulin of Maryneal, Jewel and George Ratliff, Dot and F.A. McCain, Bert and Wayne Warren, Ernie Lee and Leo Jones all of Sweetwater;

Also, Ben and Joni Sullivan of Lubbock, Teresa, Landon, Max and Melba Ratliff of Cimarron, N.M. and Damon Shipp of Roby;

Also, Charlie, Linda and Amber Larogea, Gill, Sara, Bryan and Trena Warren, Steve, Tachi, Stephany, Nocol, Sebrenia and Tonya Warren; Bob and Helen Ratliff all of Snyder;

Also, Bill, Karita and Lara Ratliff, and Troy Parker all of Ruidoso, N.M., Richard, Janice, Ryan and Courtney Ratliff of Monahans, Marvin and Tiny Ratliff of Santa Fe, N.M., Dorothy and Bobbie Kay Merkel of Trinidad, Colo.;

Also, Johnny Ratliff, Preston and Margarette Reed all of Liberty Grove, Viola Owen Brazee of Guthrie, John and Gena Whitlock of Abilene, Dale

and Cricket King of Garland;

Also Joyce, Billy and Jack Williams of Abilene, Bishop and Edna Gordon of Rotan, Debbie Stephenson of Abilene, Doshia Cave of Rotan, Arnie, D.L., Brenda, Rusty and Kaleb Goodwin all of Rotan; and Carol, Essie and Ann Brazee of Aspermont, Pete, Sandy, Phobe and Heather Ratliff of Rising Star, Haskel and Ida Mae Free, F.E. and Louise Healer all of Sweetwater.

Rebekahs Hold Meet For November

Rotan Rebekah Lodge met Monday, November 2, for their regular business meeting.

Members voted to change the meeting time from 7:00 to 7:30. The next meeting will be Nov. 16. We urge all members to come for nominations of officers for the incoming term.

Quality Care Is... Knowing The Facts.

Most people grossly overestimate nursing home costs. For some very good reasons: They say that health care costs money. A professional, 24-hour staff costs money. Specially trained dieticians, therapists, and administrators cost money. Sophisticated equipment, specialized facilities, and social programs all cost money.

Unfortunately, most people think of these services in terms of hospital bills. In fact, nursing home care usually is only about one-fifth the cost of hospital care. Which is very little to pay for services designed to nourish and heal the elderly and infirm.

Social services which care for the whole person—not just treatment of physical illness.

Our nursing home provides quality care, economically. To learn more about our services, please visit us.

Scriptures selected by
The American Bible Society

A prayer does not have to be made of words. It can be the sketch of a pencil on a drawing board. This one expresses the thoughts and yearnings of the person whose soul grasped the pencil.

Here in your own newspaper you have encountered some unknown artist's depiction of the Christ! That artist's prayer can be your prayer... if it expresses your thoughts... your yearnings.

Such are the riches of our Christian faith that each one of us is strengthened, encouraged, empowered by the devotion of another.

That's why every week you will find us together in worship. We share our prayers. We share our Lord.

Rotan Yellowhammers Blanked By Albany

The Rotan Yellowhammers, after sailing through lopsided wins against Hawley and Merkel, met a strong Albany squad before their home crowd and were 14-0 losers at the hands of the Lions.

The loss to Albany leaves the remainder of the season virtually meaningless as far as the district

championship is concerned providing Hamlin defeats Winters in their final game on Friday night.

Rotan won the toss, but that was the last thing they won in Albany outside of a few statistical categories.

Rotan took the opening kick-off, with Kip Pease

returning to the 44 yard line. Rotan ran 6 plays, faced a 4th down 3 situation at the Albany 21 yard line and saw the drive die when a pass from Gregg Gruben to Henry Williams fell incomplete.

Albany picked up two first downs on their first

possession but had their drive end when Alan Kiker tackled Jamie Garcia 5 yards short of a 3rd down first down attempt.

Henry Williams, Weldon Hayes, Jeff Posey, Wes Hardin and Kiker had premier tackles on Albany's second drive forcing

another punt setting up Rotan on the 39 yard line.

Pease and Eli Turner carried on 3 plays then forced a Larry Ramirez punt that landed at the Albany 24 yard line.

The first quarter ended scoreless, but Albany

Baptist Convention

Texas Baptists at their Annual Convention in Waco focused on worldwide missions, stood firmly against tax credits and secularism and supported equal rights for women.

Veteran observers said it was one of the most harmonious sessions of the 2.2-million-member denomination in years.

Messengers and speakers refused to get sidetracked from the Convention theme, "Be Witnesses Unto Me...Now." Putting their faith into action, they adopted a Cooperative Program budget of \$45.4 million for their 1982 program of support for Bold Mission Thrust, a goal of Southern Baptists to reach every person on earth with the gospel by the year 2000.

The new budget, which is \$8 million higher than that of the current year, allocates \$16 million for foreign and home missions and similar causes. It designates more than \$29 million for support of Baptist work in Texas, including 23 hospitals, children's homes and colleges and other state mission causes.

The messengers elected D.L. Lowrie, 46, pastor of First Baptist Church, Lubbock, as their new president. Lowrie, who is also chairman of the 192-member Texas Baptist Executive Board, succeeds Carlos McLeod of Plainview who had served the maximum two terms in office.

Lowrie won in a runoff election with Darrell Robinson, pastor of First Baptist Church, Pasadena. Dan Bagby, 40, pastor of Seventh and James Baptist Church, Waco, was elected first vice president, and David Slover, pastor of First Baptist Church, Victoria, was elected second vice president.

Evangelist Billy Graham, who spoke at a Bold Mission rally attended by a standing-room-only crowd of 11,000, stressed the urgency of being bold missionaries for Christ.

Graham said he has never encountered in his lifetime such concern, fear and depression in the world.

"Scientists, theologians, sociologists and others are predicting the end of civilization as we know it," said Graham. "But the answer now, as it has always been, is Jesus Christ," thundered the famed evangelist.

In the Convention sermon, John Bisagno, pastor of First Baptist Church, Houston, compared the challenge of Bold Mission Thrust to that given Jesus' apostles who "were given a task that was impossible legally, geographically, financially and logistically. But they ignored what they couldn't do and were faithful to what they could do..."

McLeod, the outgoing president, recounted the success of Southern Baptists in their mission efforts to Brazil and the growth of Hispanic Baptists in Texas.

But he reminded that Texas Baptists have not kept pace with the 27 percent population increase in Texas in this decade.

The convention adopted a resolution on church state separation urging Baptists to "oppose tax credit proposals and other schemes to provide government financial support for religious elementary and secondary education."

A resolution on "the role of women" encouraged equal pay, advancement and opportunities for improvement for women but expressed opposition to the Equal Rights Amend-

ment.

The Convention reaffirmed the biblical role which stresses the equal worth but not always the sameness of function of men and women.

A resolution supporting Bold Mission Thrust noted Texas Baptists have made an evangelistic partnership with Brazilian Baptists.

"We pledge our continued prayer and support to Baptists in Brazil and continue to commit our energies to the priorities of Bold Mission Thrust," the resolution said.

Other resolutions urged churches to sponsor refugees, called for the Texas Baptist Christian Life Commission and other appropriate agencies to develop ministries to prevent child abuse and help troubled families.

The resolution on secularism reasserted the Convention's historic position that God rather than man is the measure of value in the universe.

A report to the Convention by its Christian Life Commission urged Baptists to rally to the plight of the poor in the face of new government policies.

Baptists were urged to encourage the state to increase the amount monthly support through AFDC (Aid to Families with Dependent Children).

County Agent Report

RICHARD SPENCER

Heavy frost will be hitting Fisher County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt.

Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become

affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic, may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, the following steps should be taken: (1) Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight. (2) Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited. (3) Remove all animals from the pasture if one in the herd shows any signs of poisoning. (4) Call a

Rep. Walter Grubbs Lois Ann Cauble New Reside Within New D Student In Kentucky

A final redistricting plan for the Texas House of Representatives was approved last week that removed Rep. Walter Grubbs residence from his present district and virtually left the remainder of his counties intact, except for Mitchell County. This gerrymandering plan left Rep. Grubbs' and Rep. Gary Thompson's residences in the same district in the city of Abilene, which amounts to pairing them in any future campaign for the Legislature. The plan was an alternative of Speaker Clayton and Lt. Gov. Bill Hobby after their efforts to get the support of Attorney General Mark White in avoiding a pairing of the two Abilene area representatives in the final plan which was adopted on a 4-1 vote. Bullock voted against the plan.

By removing the census tract in which Rep. Grubbs' residence is situated and placing it in Rep. Thompson's district. There were three options for the two legislators. They could run against each other, one of them could move out of the Abilene District, or one of them could elect not to stay in the Legislature.

The 78th District, which was created by pairing Grubbs and Thompson, includes the home county of Rep. Bill Heatly and five of his other counties in addition to four of the counties in Grubbs' former district, plus two new counties to both. Rep. Grubbs has exercised the option of moving out of the city limits of Abilene and establishing a legal residence in the city of Merkel, fifteen miles to the west. In addition to announcing the change in his legal residence, Grubbs has announced he

Paducah.

The new, 78th District, which Rep. Grubbs considers himself to have been gerrymandered out of, consists of rural Taylor County, Nolan, Jones, Fisher, Scurry, Lynn, Garza, Kent, Stonewall, King, Knox and Cottle. The five southern counties in the new district contain over 70% of the population of the district and for this reason, Rep. Grubbs has announced his intentions to seek re-election in the new district.

In making the announcement of his intentions,

Lois Ann Cauble has enrolled as a freshman at Asbury College in Wilmore, Kentucky. Lois lives in Roby, and is the daughter of Mr. and Mrs.

Kiefer Cauble.

A P.E. major, Lois will spend four years at the Christian liberal arts college located in the heart of the famous Bluegrass

region.

Since its founding in 1890 Asbury College has sent more than 9,625 graduates into business, teaching, law, medicine and church vocations. Graduates serve around the world as missionaries.

The enrollment of 1204 for the Fall Quarter includes students from 44 states and 11 foreign countries.

Sheriff Investigates Roby Area Burglary

Employees of the Fisher County Sheriff's Department investigated a burglary last Saturday night at approximately 11:00 p.m. at the home of Mrs. Jim Hilliard, 6 miles west of Roby on Highway 80, according to Sheriff Mickey Counts.

Counts indicated that the department received

notification from Mrs. Jim Hilliard that her home had been burglarized. A clock and portable radio were reported missing and the "house was entirely ransacked", according to the Sheriff.

Sheriff's Department officials are still investigating the incident. No suspects are in custody.

Information Needed on John W. Woods

Ms. Nan Arnett
Rotan Public Library
404 E. Snyder
Rotan, Texas 79549

Dear Ms. Arnett:

At the request of Speaker Clayton, our research staff is compiling a biographical handbook of Texas speakers of the house and lieutenant governors from 1846 to 1981.

One of the subjects of our publication is John W. Woods, speaker during the 34th Legislature from 1915 to 1917 and a resident of Rotan. We have not been able to obtain any biographical information on Mr. Woods in our Austin archival facilities; therefore, I am contacting you to inquire whether your library's files contain any background material on this individual. We are interested in finding anything concerning Mr.

Woods' legislative career and also any items covering his civic and professional life in Rotan. We would particularly like to locate an obituary, if possible, as that would give us a good start towards researching his biography.

Any information or referral to another source of this material will be greatly appreciated by our staff. We thank you for your time and interest and look forward to hearing from you.

Sincerely,
Amy Jo Hofner
Research Assistant

Hustlin' Round Hobbs

Joy Walker

Well, we have sure had a good dry week, just what the farmers needed and cotton stripping is under way. Its been cooler the past two days with high winds, but no moisture.

Mrs. Bea Hardin went to Rotan last Sunday and ate dinner with Mr. and Mrs. W.B. Hardin and then they attended the Turkey Shoot which was held at the Clay Fowler ranch. Morris Hardin from Lubbock visited all day this Sunday with his mother, returning home late Sunday evening.

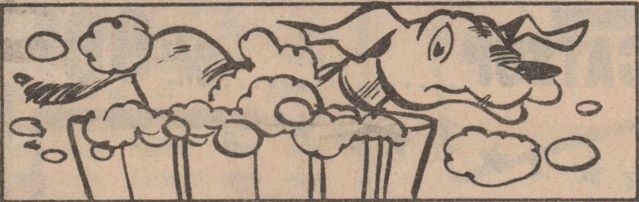

Mrs. Minerva McCombs is now home from her visit with her daughter and husband in Old Glory where she has been staying since her accident. She seems to be doing real well and we hope that she will continue to improve. She returned home Thursday.

Mr. and Mrs. Windle Kincaid, Jan Kincaid from Rotan and Jim Bob Solsbery from San Angelo, all ate dinner on Saturday with Mr. and Mrs. J.D. Kincaid. Sunday the Kincaids went with the Dutch Parks family and ate dinner in Sweetwater, and then they visited with Dutch's mother in Roscoe. They had a real good visit and really enjoyed the day.

We want to thank the State Highway Department in Roby for the work they did on our Church parking space. We really appreciate it, and its so nice not to have to work around all those large holes.

We have been having a real good crowd at church on Wednesday night and have been having some good refreshments. We meet every Wednesday night for Prayer meeting and refreshments and invite everyone in our community to come and meet with us.

I went to Sweetwater on Wednesday with Mrs. Wilber Gruben and Mrs. Donnie Gruben, and then Thursday Jim and I went to Snyder and out to Ennis Creek to the Blake Walkers. Friday morning we went to Stephenville and visited with Melody for the week-end. Mark and Melody drove back to Albany that night with us to watch the Rotan-Albany football game. Sure was a long drive but if your grandson is playing, you will try to go if its possible. We spent the night with Melody and it rained hard all night Friday and most of the day on Saturday. It was Tarleton's Homecoming and they sure had bad weather for everything, although we watched the parade and the sun almost came out just for it, and the rain stopped for a little while. We came home around 5:30 on Saturday and met that norther about DeLeon and it really blew hard for a while. They are harvesting their peanuts in Gorman and all around there and looks like they have a bumper crop, so maybe the price of peanuts will be good. We really enjoyed our week-end and Stephenville is sure a nice town with some beautiful country around. Well, not too much news this week; everyone out this way is sure busy with the cotton stripping.

Does your dog hate baths? Rub baking soda into his coat thoroughly, then brush off. It deodorizes as well as cleans.

Rotan 7th Grade Gets First Win of Season Over Albany

The Rotan 7th Grade was able to hold off a very tough Albany team 14-6 last Thursday to capture their first win of the year.

Albany's first drive was halted when Jerry Carter got his first interception of the night. Rotan took over and marched 65 yards to go ahead 8-0 with 4:17 to go in the first half. The touchdown was scored by Stacy Tucker who ran 47 yards to make the tally.

The Lions were able to maintain control of the ball much of the 2nd quarter. With 14 seconds to go in the half, Carter got his 2nd intercept of the evening and returned it 15 yards and was able to get out of bounds with 3 seconds showing on the clock. Stacy Tucker threw an outlet pass to Brad Long who scampered 70 yards

for the touchdown. The PAT failed and Rotan led 14-0 at the half.

In the third quarter on Albany's only possession in that quarter Stacy Tucker fell on a Clint Dugan fumble to stop the Lions first threat of the ball game.

The fourth quarter belonged to Albany as Rotan only ran two plays from scrimmage. The Lions were able to score on a 23

yard run with :38 seconds to go in the game. The PAT was no good. Rotan ran one play from scrimmage to run out the clock to win 14-6.

We were very pleased with the kids performance. We were able to do some things today that finally clicked for us. This win was really good for the kids. They have had to play teams much larger than they all year; this was

the first team that was of comparable size that we've played.

Statistically Brad Long rushed for 51 yards and

had one reception for 70 yards. Stacy Tucker had 67 yards on 6 carries. Jerry Carter led the defense with two interceptions and

Tucker had one fumble recovery.

Rotan travels to Jim Ned Thursday. Game time is at 5:00 p.m.

Laura Gruben
Named Rotan
FFA Sweetheart

Recently the Rotan FFA held a meeting. At this meeting Laura Gruben was elected Chapter Sweetheart for the 81-82 school year. The Chapter also voted to buy the Sweetheart an FFA jacket, charm and flowers for the District Contest. We also voted to invite all fathers who have kids in FFA to the annual barbecue later in the year. Also plans for the open house were discussed but not definite date has been set.

Roby Parents
Elementary

Interested parents of students in grades K through 8 are asked to meet in the Elementary School Library in Roby on Thursday, November 5, 1981 at 3:15 p.m. The purpose of the meeting is to nominate and elect parents to serve on a committee during the school year. Such a committee will address the total needs of individual students, particularly in the area of reading. The committee will be composed of representatives of the community, the administration, the faculty, and others interested in our students. Meetings will be held throughout the school year. We ask that all interested parents join us.

Aglow Meet
Set Soon
In Aspermont

The Aspermont chapter of Women's Aglow Fellowship will meet Thursday November 12, at 9:30 A.M. in The New Place, Aspermont, Texas. A nursery will be provided at fifty cents per child per hour. All area women are invited to come and bring a salad to share in a salad luncheon to be served at noon. Speaker for the program will be Pat Stanton of Lubbock, Texas. Pat has served as hostess for the Rays of Hope television program for the past five years and was on CBN Satellite for two and one-half years. Pat Stanton was born in Dickens, Texas in the home of a Southern Baptist minister. Her husband, Jay, is a farmer and businessman and serves as an Elder with Trinity Church in Lubbock; he also serves as General Administrator for all the Rays of Hope work. Pat asked Jesus Christ into her life when she was seven years old, and God also gave her a new start in life in 1970 when she received a tremendous healing from God. She also received the Baptism of the Holy Spirit and became a transformed wife, mother, and Christian. Having received so much from the Lord, she had a new desire to share with others about God's healing and love. She began to share in churches and ladies' groups and was soon praying the prayer of faith for many others. God spoke to her that she would spend the rest of her life ministering peace and healing to others. She opened the Rays of Hope offices in 1975. The office is a place of counseling, intercessory prayer, and for carrying on all the general work of Rays of Hope. Many people are receiving salvation, healings, and peace because of God's love and mercy. The Aspermont chapter of Women's Aglow Fellowship issues a special invitation to all interested area women to come and hear this exciting speaker.

COTTON BOARD ELECTS NEW OFFICERS: Mississippi producer Aven Whittington of Greenwood (left) was elected chairman of the Cotton Board at its Annual Meeting held in Fresno, CA, earlier this month. Other officers elected during the two-day meeting were (second from left) Glen Stevens, Fresno, CA, vice chairman; Edwin J. Gerik, Whitney, TX, treasurer; and Ben Frank Bowden, Eufaula, AL, secretary.

ATTENDS MEET: Geneva Chandler, Fisher County Justice of the Peace, was one of four Big Country Justices of the Peace attending a recent seminar.

Farm Bureau Members Set For Corpus Christi Convention

The state's largest general farm organization is making plans to meet in Corpus Christi for its annual convention, Nov. 29-Dec. 2. About 1,200 farmers and ranchers, all members of Texas Farm Bureau, will meet to decide the policies the organization will support in 1982.

The theme of this year's meeting is "Cultivating Freedom."

Delegates, who must earn at least 51 percent of their income from agriculture, will adopt state policies to guide the organization next year. Approved resolutions on

County

Entomologist

FRANK A. HALE

Planting of small grains should resume if we continue to have these crystal clear autumn days.

This summer, the cotton aphid was a pest on cotton. The greenbug is also an aphid but unlike the cotton aphid, the greenbug injects a toxin when it feeds. This toxin can kill the small grain or sorghum plant by destroying plant tissue, which then turns yellow and later red where ever the greenbugs have fed. Wheat rust will also cause red spots on the plant, but these are slightly raised and contain the reddish wheat rust spores. If you have a greenbug problem, they won't be hard to find. Greenbugs are 1/16 inch long and are pale green with a darker green stripe down the back. They are usually found on the underside of the plant blades and sometimes at or just below the soil surface. Greenbugs are usually concentrated in spots throughout a field which become yellowed and eventually may kill out that area. These spots may increase and spread throughout the field. The greenbugs reproduce by giving birth to live young when temperatures are between 55 and 95 degrees F. The beneficial insects and spiders which are the greenbugs natural enemies reproduce slowly when temperatures are below 65 degrees F. This gives the greenbug the edge in cool weather to increase to enormous numbers.

When checking for greenbugs, make five random counts per 20 field acres, each consisting of a linear foot of row. Do this during the warmest part of the day when greenbugs should be on the plant above the ground level. On small plants, greenbugs can be counted on the plants. Occasionally in very young, small grain plants, as few as 25 to 50 greenbugs may warrant treatment if greenbugs are reducing the stand. On larger plants it is easiest to slap the plants against the ground to jar greenbugs loose for counting. Drought stressed plants which are growing slowly will withstand less greenbug damage than the more vigorous plants having adequate moisture.

national issues will be forwarded to the 63rd annual meeting of the American Farm Bureau Federation in San Diego, Jan. 10-14.

General session, business session, and special conferences will be held in the Corpus Christi Convention Center. Registration for delegates begins at 2 p.m. on Sunday, Nov.

29, in the convention center theater lobby.

The finals of the Free Enterprise Speech Contest for young people takes place Sunday evening.

Following the contest, a quartet--"The Added Touch"--will be the featured entertainment for a devotional service.

A breakfast conference for Young Farmers and

Ranchers is scheduled at 6:30 a.m. on Monday, November 30. A general session for all delegates follows, beginning at 8:30 a.m. Carol Chaloupka, TFB president, will present his annual address, and there will be a report by Secretary-Treasurer Donald Hebert.

The president of the American Farm Bureau

Federation, Robert B. Delano, will be the keynote speaker, addressing the gathering about 11 a.m. Monday morning.

Six special conferences will be held on Monday afternoon from 1 p.m. to 3 p.m. Delegates can attend the conference of their choice--energy, labor, taxes, water, mineral rights and leasing, and Farm

Bureau economic services. That evening, the annual Talent Find and the Queen's Contest will be held back-to-back in the Convention Center theater.

Other awards to be presented during the convention will be the membership awards to county Farm Bureaus, the winner of the "Outstanding Farm-

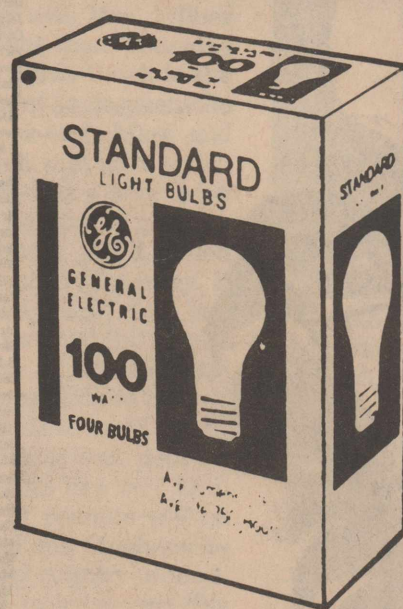

er and Rancher Award" for 1981, and the "Meritorious Service Award."

Tuesday and Wednesday, Dec. 1 and 2, will be devoted to the business session. Warren Newberry, TFB executive director, will present his administrative report to the delegates as the session convenes at 8:30 Tuesday morning.

The final order of business on Wednesday, Dec. 2, will be the election of directors from odd-numbered districts, and the election of a president.

Following adjournment of the convention, the TFB board of directors will meet and elect a secretary-treasurer and vice president from among their own number.

The bargains on this page are just an example of the kind of savings Winn's customers have grown to expect. A large selection of value-priced items are always available in our conveniently located stores. So

it's always a short trip to big savings. Watch for our Pre-Christmas Sales in the near future. You can always count on Winn's to save you money. These savings are good Nov. 4 thru Nov. 7, so hurry in.

Winn's attempts to please our customers at all times. That includes having ample quantities of advertised items on hand. But occasionally, due to unforeseen reasons, an advertised item may not be available for purchase. In this event, Winn's will issue a Rain Check upon request for the item to be purchased at the sale price as soon as it becomes available. If the item will not be available within a reasonable time, the customer may purchase a similar item at a comparable reduction in price. Merchandise designated as available in "limited quantities" will be sold on a first come, first served basis while quantities last. Winn's reserves the right to limit quantities purchased so that as many customers as possible may benefit from advertised prices.

Inside The Lion's Den

The 7-0 halftime deficit the Lions faced seemed minimal to unwary eyes from Roby. The Plowboy fans weren't worried because they had seen similar scores against Bronte, Cross Plains, and Water Valley explode into a romping. Robert Lee led Roscoe 7-0 at the half only to see Roscoe score 20 points the second half and shut the Steers down completely.

What appeared to happen on film was the Lion

defense was worn down by being on the field too long. The more physical Plowboys whipped us on the line of scrimmage, got into our secondary and had people doing a good job downfield. In short, we took a good licking. After reviewing the film it was evident the opponents overpowered us on the line of scrimmage. I don't feel like there was a mental letdown. Our kids did not quit, not for one play.

CUB REPORT
By Joe Coleman

The Roby Junior High Cubs electrified the home fans last Thursday with an exciting game against Roscoe. But when the gun sounded the end of the game, Roscoe had managed to come back and tie the score at 14-14.

The Cubs played their best game of the year offensively and defensively. Robert Watson, a transfer from San Angelo, replaced injured Danny Carreon at tailback. He provided the spark that ignited the Cub backfield of Rodney Green, Benny Carreon, and Albert Castenada. All of these backs had a good night against the Plowboys. Roby scored first on a run by Watson around end, but the kick for an extra point by Albert Castenada was blocked. Later, in the second quarter, Benny Carreon found Robert Watson all alone behind the Roscoe secondary and drilled him with a pass for six points. Albert Casten-

ada slipped in for the two points.

Special recognition must go to the players who block and tackle. These were players such as David Shipp, Gary Teague, David Garcia, Preston Martin, Lee Carlile, Jeff Branson, Benny Carreon, Albert Castenada, Jeff Green, Rodney Green, Freddy Perales, Robert Watson, Bruce Williams and Clifton Terry.

The 7th graders must be recognized for the all out effort they made against a well coached Roscoe team. Even though down 21-0, the Cubs never gave up, but they continually stayed in there taking the fight to Roscoe. These players were Paul Hyer, Jeff Green, Todd Matthies, Darry Thompson, Rudy Wallace, Gerry Streety, Hal Elias, Lee Carlile, Trevor Williams, Freddy Perales, Jeff Morton, Frankie Cabello, and Clifton Terry.

Texas Crude Oil Production Down

Railroad Commission Chairman Jim Nugent announced that Texas crude oil production totaled 74,591,170 barrels in August.

The figure compares with final compilations of reported July 1981 production totaling 75,475,024 barrels and August 1980 production of 77,574,616 barrels.

Texas oil production

averaged 2,419,070 barrels daily in August 1981, down from 2,434,678 barrels daily in July 1981 and from 2,502,407 barrels daily in August 1980.

The August 1981 allowable totaled 100,723,482 barrels.

The preliminary August summary indicated Texas oil production was 25.55 percent under the allowable for the month.

Course Open In Defensive Driving, CJC

Since the first American died in an auto accident in 1889, the toll of traffic deaths has soared to the range of 50,000 a year, with more than 3,000 persons a year killed on Texas roads. Statistics indicate that one out of every two drivers will be involved in a moving vehicle accident during their lifetime.

As a service to the community, Cisco Junior College and the Big Country Safety Association will offer a Defensive Driving course on a monthly basis starting in November. It is an eight-hour course for experienced drivers who want to learn how professional drivers avoid accidents.

The first course will meet on November 9, 11, & 12 from 6:30-9:30 p.m. each evening at the CJC campus in Abilene, and on each second Monday, Wednesday, and Thursday of the month thereafter. Tuition and fees for the course are \$15 per person.

Over ten million people have graduated from Defensive Driving courses including over one million persons in Texas. Texas Safety Association statistics prove that the course can significantly reduce accidents among all age groups and levels of education. Because of the reduction in accidents, persons completing the course qualify for a 10% reduction in vehicle insurance rates covering bodily injury, property damage, medical payments, and collision.

Another function of the course is that judges may refer a person to the course in lieu of paying a fine and having the traffic violation on their driving record.

The class teaches motorists how to avoid collisions, how to gauge following distances, and how to handle tailgaters, drunk drivers, pedestrians, and other highway problems. A defensive driving graduate knows what to do if the brakes fail, the accelerator sticks, or the headlights go out. The driver learns that even in situations over which he has no control, evasive tactics may save his life. For further information call Cisco Junior College at (915) 698-2212.

Card Of Thanks

To all our friends at Rotan for their prayers, visits and cards while I was in the hospital. A special thanks to Dr. Maurice Callan, Dr. C.U. Callan, and the hospital staff for their wonderful care and consideration.

Rep. Walter Grubbs Moves To Merkel In Order To Legally Reside Within New District Of Which Fisher Is Part

A final redistricting plan for the Texas House of Representatives was approved last week that removed Rep. Walter Grubbs residence from his present district and virtually left the remainder of his counties intact, except for Mitchell County. This gerrymandering plan left Rep. Grubbs' and Rep. Gary Thompson's residences in the same district in the city of Abilene, which amounts to pairing them in any future campaign for the Legislature. The plan was an alternative of Speaker Clayton and Lt. Gov. Bill Hobby after their efforts to get the support of Attorney General Mark White in avoiding a pairing of the two Abilene area representatives in the final plan which was adopted on a 4-1 vote. Bullock voted against the plan.

By removing the census tract in which Rep. Grubbs' residence is situated and placing it in Rep. Thompson's district. There were three options for the two legislators. They could run against each other, one of them could move out of the Abilene District, or one of them could elect not to stay in the Legislature.

The 78th District, which was created by pairing Grubbs and Thompson, includes the home county of Rep. Bill Heatly and five of his other counties in addition to four of the counties in Grubbs' former district, plus two new counties to both. Rep. Grubbs has exercised the option of moving out of the city limits of Abilene and establishing a legal residence in the city of Merkel, fifteen miles to the west. In addition to announcing the change in his legal residence, Grubbs has announced he will be a candidate for re-election to the legislature in District 78, which means he will be running against Rep. Bill Heatly of

Paducah.

The new 78th District, which Rep. Grubbs considers himself to have been gerrymandered out of, consists of rural Taylor County, Nolan, Jones, Fisher, Scurry, Lynn, Garza, Kent, Stonewall, King, Knox and Cottle. The five

southern counties in the new district contain over 70% of the population of the district and for this reason, Rep. Grubbs has announced his intentions to seek re-election in the new district.

In making the announcement of his intentions,

Grubbs said, "This was an unexpected and unnecessary low blow, and I do not intend to be turned out of the legislature through the conniving, gerrymandering tactics of Rep. Bill Heatly, Attorney General Mark White, Comptroller Bob Bullock and Land

Commissioner Bob Armstrong. If I am going to be retired, I prefer to let the voters do it in the proper democratic manner."

Grubbs continued, "If Mark White, Bob Armstrong and Bob Bullock had not been trying to protect Bill Heatly this

would not have happened to Gary Thompson, me and this West Texas area. It is unconscionable and was an unnecessary juggling of census tracts in the Abilene area."

Grubbs added that he is delighted at the outcome, is happy to be a resident of

the city of Merkel, and most of all he is excited about having the opportunity to seek to represent further this wonderful area of West Texas even if it calls for running against the Dean of the House, Rep. Bill Heatly.

Grubbs said that his

formal announcement will be made a little later this Fall and in the meantime he is visiting about over the new areas in an effort to make a campaign based on the issues that continue to be of vital importance to this West Texas area and the State of Texas.

Hobbs School

News

by Rose Ann Miers

Hello, I hope everybody had a good Halloween. Friday, the kids at Hobbs wore their Halloween costumes to school. Roby FHA had a good carnival.

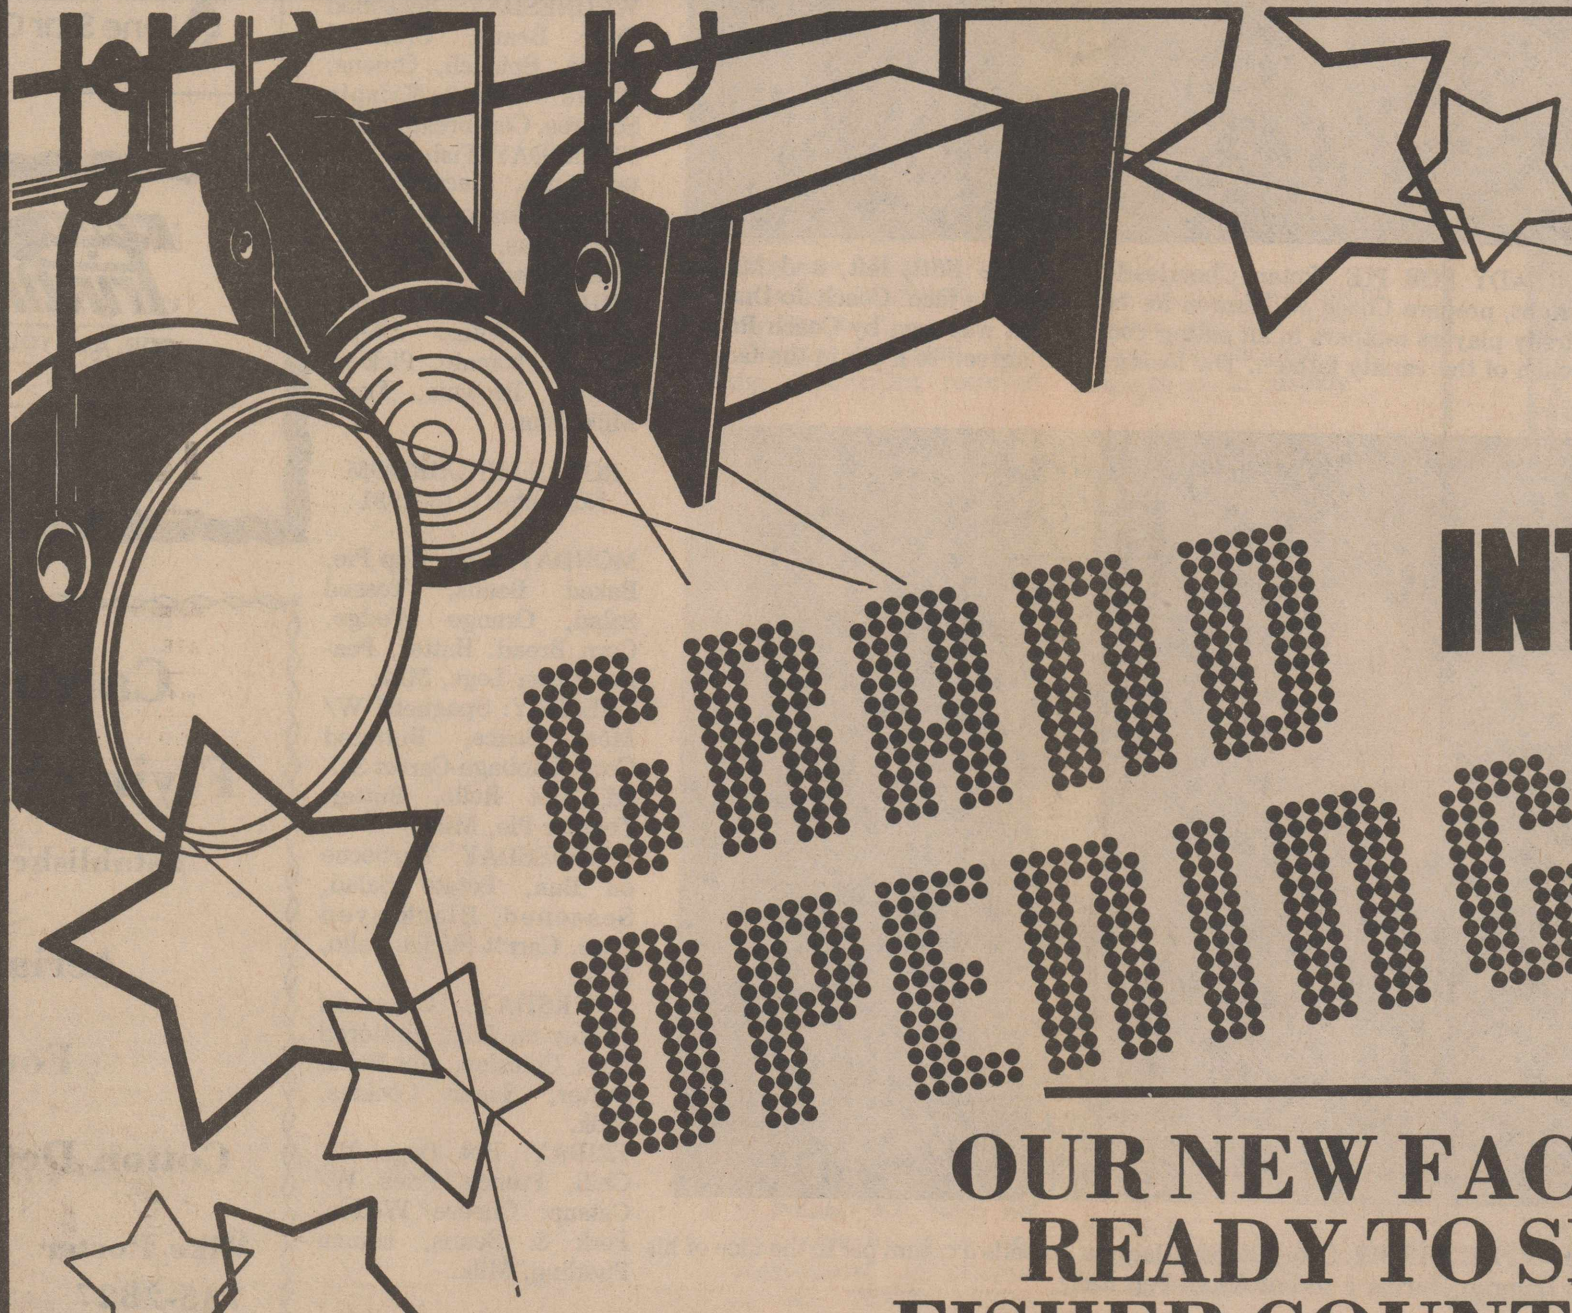

Blackie Clawson hurt his finger; he dropped a sledgehammer on it. Sheila Clawson has been sick. Glenda Butler spent the night with me; she is a very nice girl.

Mrs. Hale, our librarian, has set up a Puppet Theater in the library. She has puppets for Dr. Suess's "Cat in the Hat" and also some animal puppets.

All the classes had Halloween parties Friday afternoon. We wore our costumes and had punch and cookies and played games. Judy Ann Blackwell, daughter of Mr. and Mrs. Walt Cave, brought her son, Kenny Blackwell. Also, cute little Trisha Porter came. Mrs. Gober's grandson, Shane Beauchamp, was there too. Judy Gordon made some cupcakes and Brenda Rivers made the punch for the fifth grade party.

Lee and Bettie Mauldin had a birthday dinner for Mrs. Bessie Louise Miers, my grandmother. She is now 79 years old. It's almost time for Thanksgiving. We should really be thankful for everything we have. I would like to thank Pat Porter for helping me type my article.

This week's Bible verse is: Psalms 27:13-"I had fainted unless I had believed to see the goodness of the Lord in the Land of the Living."

ROTAN, TEXAS

ORANGE STREAKS

By Robert Damron

Rotan's 8th Grade rolled to an easy 44-6 victory over Albany last Thursday for their 2nd win in the season.

Neither team was able to do much of anything in the 1st quarter until Rue Moran broke loose for a 52 yard run to put Rotan in front 6-0. The try for two was scored by John Pease and Rotan went ahead to stay, 8-0.

With two minutes to go in the 1st half Lex Weatherly scored from 23 yards out to put Rotan ahead 14-0. Ward Hayes was responsible for this touchdown as he had recovered an Albany fumble with 3:00 to play. Rotan held on downs and scored again with :20 showing on the clock. Moran broke loose again on a 40 yard burst up the middle to put Rotan ahead 20-0 at the half.

Albany got the opening kickoff in the 2nd half and went 90 yards in 4 plays to close the score to 20-6 with 5:45 left in the third quarter. The Hammers returned the favor with 5:07 to go on a 53 yard run by Weatherly. Rotan scored again with :53 seconds to go in the third on a 67 yard run by Moran which made the score

36-6.

Rotan only managed 7 plays in the 4th quarter but managed to score again on a 32 yard run by Weatherly. Pease scored the PAT to put Rotan out in front 44-6.

The kids have played some really good football the last 3 weeks. We have scored a total of 98 points and held our opponents to just 34. This will be an important factor morale wise for next year; as the kids know they can score and play defense.

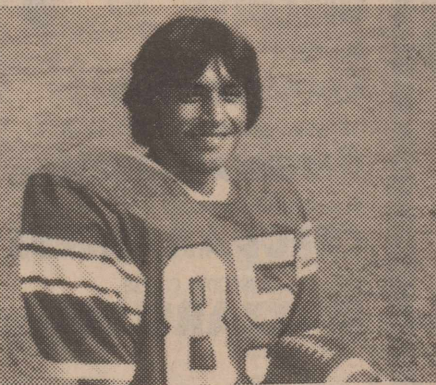

Moran and Weatherly played outstanding Thursday night. It was the best combination of running that we've had all year. Moran had 8 carries for 230 yards and 3 touchdowns. Weatherly toted 11 times for 132 yards and 3 touchdowns. John Pease did an excellent job of running the offense. He had 3 carries for 17 yards. Total offense for the eighth grade was 385 yards.

Defensively Ward Hayes had a fumble recovery. Moran, Hayes, David Zambrano, Edward Martinez and Wayne Nichols led the defense with very good play from their respective positions.

ACT NOW
AND SAVE

WHEN YOU BUY A NEW JOHN DEERE 40-TO 80-HP TRACTOR YOU EARN \$500 OF JOHN DEERE MONEY AND SAVE ON FINANCE CHARGES

Buy a new 2040, 2240, 2440, 2640, or 2940 Tractor before November 20, 1981, and you'll qualify for \$500 in John Deere money you can spend for goods or services at our store. And, no finance charges will accrue on purchases until March 1, 1982.* The same finance waiver offer applies to new implements purchased with the tractor.

But a \$500 John Deere money bonus and a break on finance charges aren't all you get when you buy one of these 40- to 80-hp tractors. You also get a tractor with outstanding lugging ability, tough drivetrain and a lot of extras, such as closed-center hydraulics, as standard equipment.

So act now and save. It's your gain.

*This finance offer may be withdrawn at any time

West Texas Utilities Gets Approval To Form Central, South Texas FERC

West Texas Utilities Company and its three sister companies in the Central and South West Corporation have received approval from the Federal Energy Regulatory Commission (FERC) to interconnect with each other across state lines and operate as an integrated system.

The FERC in Washington authorized a proposal which will result in construction of electric transmission lines connecting the Southwest Power Pool with the Electric Reliability Council of Texas, which historically has operated as an intrastate electric grid.

The proposal filed with the FERC for decision had been agreed to by all utilities affected, including Central and South West Corporation, Houston Lighting and Power Company and Texas Utilities Company.

Central and South West officials said the interconnection would be accomplished with construction of direct (DC) facilities near Vernon in North Texas and near Victoria in Southeast Texas. The North Texas interconnection is projected for completion in 1984 and the Southeast Texas interconnection in 1985. Construct-

ion activities are expected to begin immediately following receipt of required regulatory approvals.

Central and South West officials expect customers of the system's subsidiaries in Texas, Oklahoma, Louisiana and Ark-

ansas to save about \$1.7 billion in reduced expenses between 1984 and 2000 as a result of the interconnection.

The CSW companies have sought for several years to integrate the CSW system, but were unable to

do so because WTU and Central Power and Light Company of Corpus Christi are not members of ERCOT and have not been allowed to operate in interstate commerce.

The two other CSW companies are Public Ser-

vice Company of Oklahoma, with headquarters in Tulsa, and Southwestern Electric Power Company, of Shreveport. Both are members of the Southwest Power Pool and already are engaged in interstate commerce.

Homestate Savings Promotion

Don Whitehead, President of Homestate Savings, has announced the transfer of Jack Bible from Sweetwater to the Abilene branch office of Homestate Savings. Bible, senior vice president of Homestate Savings, is head of the mortgage lending department and supervises and manages all mortgage, construction and commercial loan activities for Homestate Savings and its branch offices.

Bible attended high school in San Angelo and is a 1969 graduate of Angelo State University holding a BBA degree in business administration. Formerly with Kingsville First Savings and Loan, Bible joined Homestate Savings in 1976 as a vice president of mortgage lending and was promoted to senior vice president in 1978.

A member of the United Methodist Church of Sweetwater, Bible has been active in the Sweetwater Downtown Lions Club and was a director of the United Way Fund. He and his wife, Ricci and two sons, Scott and Brandon, have recently moved to a home in Abilene.

Homestate Savings opened a temporary office in Abilene in January 1980 which is located at South 11th at Judge Ely. Construction is almost completed on a new permanent facility at 1209 East South 11th. An opening ceremony will be announced in the near future for this location. The new all brick building contains 1600 square feet and will offer full financial services including drive thru facilities to Homestate Savings' customers in Abilene and the surrounding area. Marlene Gardner is manager of the Abilene branch office.
