Howard R. Rogers, local meat wholesaler, was driving this 1952 Plymouth Thursday night when it was in collision with a 1959 Ford pulling a pickup. The accident happened at the north city limits on State Highway 208. See story, page 1.

**Bargain Seeds Usually Prove More Costly**

Seed bargains, like other so-called bargains, can end up being very expensive. Farmers who buy untested or non-recommended varieties of seed may lose all or part of their investment in land, land preparation and fertilizer.

In the overall cost of producing a crop, seed is a minor item, whether it is the cheapest seed or the most expensive. It generally works out in the end, however, that the cheapest seed is by far the most expensive. There is no possible way to justify the loss in yield and quality that results from using poor seed, when for only a few cents more per acre good seed of known quality and performance can be planted.

Will you look for a "bargain" or, more important, will you buy good quality seed? Before you answer, consider the time, labor and money you have invested in the preparation of your land. If you are going to plant poor seed, all of this other work and money may be wasted. Give your land a chance—plant only good quality seed.

Now you may ask, "How will I be sure that I am getting good seed?" The Texas Seed Act requires that all seed offered for sale at a seed store must bear an analysis tag. This tag has the percent of weed seed, the germination and other data important to the buyer. These are the things that determine whether or not you are getting good or bad seed.

For more information on varieties or hybrids recommended for your particular area, see the local county agent. He will be glad to furnish information on planting seed and other production items.

**AT P-TA CONFERENCE**

**Mrs. Eldon Mahon Represents C. City**

Mrs. Eldon Mahon was delegate to the Parent-Teacher Spring Conference in Big Spring Tuesday and Wednesday.

As one of the vice presidents of District 16, Mrs. Mahon is in charge of P-TA work in Coke, Runnels, Nolan and Mitchell Counties.

The Colorado City housewife is a graduate of Lorraine High School and Hendricks School of Nursing in Abilene. She is the mother of three children.

Big Spring City Council P-TA and local units played host to about 200 delegates during the two-day period.

Activities for the day included registration at 2:00 p. m. Tuesday at the Settles Hotel. A tea honored board officers and state representatives at 3:00 p. m. in the home of Mrs. J. H. Homan, 801 Gregg St. The group was entertained at 7:30 p. m. Tuesday with a dinner in the high school.

Others attending from here were Mrs. Witt Hines, cultural arts chairman; Mrs. Warren Costin; Mrs. H. Jene Steadlev, Hutchinson P-TA president; Mrs. Steele McKinney, primary P-TA president. Cosden Country Club was the site for Wednesday's sessions, which began with registration at 8:00 a. m. to 9:00 a. m. Dr. Gage Lloyd, pastor of the First Presbyterian Church, spoke the invocation, preceding the presentation of the colors by Boy Scout Troop No. 2.

Extending a welcome was A. K. Stenheimer, city manager. Floyd Parson, superintendent of schools and Mrs. Buford Hull, president of City Council P-TA.

Special speakers were Mrs. F. C. McConnell of Austin, state vice president, and Mrs. Vernon Jackson of Grand Prairie, state chairman of cultural arts.

Workshops were conducted preceding a Wednesday luncheon honoring superintendents, principals, teachers and lifelong members.

Towns represented at the conference included Lamesa, Forsan, Gay Hill, Cokhoma, Stanton, Midway, Ackerly, Brady, Silver, Bronte, Sterling City, Knott, Ballinger, Sweetwater, Colorado City, Lorraine, Miles, Robert Lee, Westbrook, Tarzan, Lenoran, Garden City, Elbow and Big Spring.

**Attend Ball**

Mr. and Mrs. J. B. Cushing and daughter Sandra, Barbara Kidd and Teena White were recent visitors in Stephenville. The 3 girls attended a Military Ball at Tarleton State College while there.

**FOR HOME BEAUTY**

**Garden Notes By Nelle Palmer**

A good gardener should continue to separate chrysanthemums because they are growing rapidly and should be divided at once. May daisies and Shasta daisies also need to be divided.

Prune early spring flowering shrubs such as forsythia and cydonia japonica. Crapemyrtle may still be pruned back but this should be done immediately.

Try planting caladiums in pots now so that when warm weather comes, they can be placed outside to make an attractive addition to the terrace.

Gladiolas, Tuberoses and dahlia may still be planted for stretching the growing season and favorite indoor plants may be recoted. New soil in which to grow is a very important factor in the livelihood of these plants.

Hummingbirds, which are found only in the western hemisphere and North, Central and South America, and which are absent from the rest of the world, should be found in other parts of the world other than those present in our area before too long. It is still a mystery why these birds, uncommon even in our part of the county, are never previously mentioned.

**Bites Dust**

Veteran film star John Payne is recovering in a New York hospital from a broken leg received when he was struck by a car. He is the hero of TV western, "The Restless Gun."

**Will be Presented In Music Recital**

Mrs. Sammy Scifres, formerly of Colorado City and Lorraine, will be presented in her senior music recital at 8:00 p. m. Tuesday in the School of Music at Hardin-Simmons University. Mrs. Scifres is a student of Evelyn Edmonds, assistant professor in piano and is the daughter of Mrs. Velma Shepard of Colorado City.

Metaphorically speaking, new industries, new pay rolls, to bolster our economy, are birds in the bush for most of our smaller towns and trade areas.

True, birds in the bush are frequently bagged by diligent hunters . . . but, meanwhile, let's look at our bird in hand, and what we're doing with it.

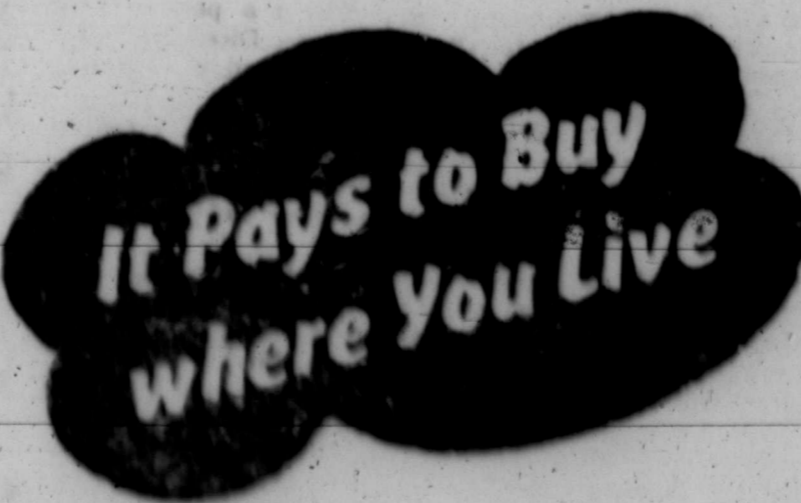

If all of the local area dollars now being spent in distant cities were being spent at home instead, we'd have prosperity, better business, better jobs, higher property values easily equivalent to the coming of a very great new industry.

ART TOPIC OF DISCUSSION

# George Womack Guest Speaker At Hesperian Study Club Meet

George Womack, local business man, who is a painter, was guest speaker at the Hesperian Study Club meeting last Friday in the home of Mrs. Cal Wright. Leader for the day was Mrs. Raymond Perdue.

"Fine Arts — Painting with the Southwest" was the topic of the club discussion.

Womack told members that in New York City alone, an estimated 500 exhibitions of American paintings were held last year and that museums were competing with each other to increase their American collections. Painters until recently out of fashion like Remington and the Hudson River School, are now widely acclaimed, he said. Arties are being rummaged for primitives, which for years have been flaking and moldering away in dingy neglect. Collectors are speculating on living artists as though they were growth stocks on wall street, the speaker told members.

"This latter day renaissance in American art has caught on in the previously art-barren section known loosely as the American southwest. New Museums and art colonies are springing up rather rapidly for a part of the country which, in former times, was concerned mainly with the civilization and taming of the country than the day to day matter of eking out a living in the harsh environs of this land."

Following the statehood of Texas and through the time of the Civil War, there was not a very great interest in art or painting, and up to World War II the major portion of southwestern artists were products of the colleges and universities which came into being with the development of the area. While there have been no great artists developed in the southwest in recent years, the area has served to attract a large number of essentially good artists from the other parts of the country, Womack said.

"A work of art expresses the artist's felt conception of reality. His feelings and ideas, fantasies and anxieties, are the fabric of his impassioned creations. They comprise from him, as for ourselves, the sensed reality of experience, the metaphoric symbol of the self. Art is a plastic tool in the service of an intimate mirroring of the reality of personal perception, of the rational and irrational, the formal and expressional. The crea-

five structuring of projections of the artistic self through a medium of expression can often appear more real in experience than, for example, the reality of the impersonal findings of science. In short, the aesthetic of the creative act is a necessary component of human activity," he concluded.

Following members attended: Mrs. Arthur Barry, Mrs. Lynn Holbert, Mrs. J. E. Hale, Mrs. Witt Hines and Mrs. Otto Jones, Mrs. E. M. Majors, Mrs. J. A. Sadler, Mrs. Bennett Scott, Mrs. V. V. Shropshire, Mrs. O. L. Simpson, Miss Mabel Smith and Mrs. F. N. Thomas.

## By The Way...

By PAULINE CORNUTT

Why is it that almost everyone we know is displeased or unhappy about something . . . and that everyone thinks he has more problems than the person before?

American people are the most fortunate in the world . . . and yet they are more dissatisfied than anyone else. I wonder if we ever take time to look around us and really see what we do have to be thankful for.

First of all, we live in a free nation . . . free from dictatorship . . . free from Communist rule . . . and free from oppression.

Directly above the word "oppress" in the dictionary, there is still another word which should mean a lot to Americans. That word is opposition. We have the right to oppose political parties that others support . . . the right to oppose and vote against laws of our country or community . . . and the right to oppose the ideals of our nation's leaders.

How many of us ever stop to realize that when we go to the church of our choice on Sunday morning, that we are sharing an American freedom which would be impossible if we lived under Communistic laws?

What about when you pick up your newspaper this morning and read news that is first-hand and hasn't been altered to fit someone else's ideals and worded to mean what someone else wants it to mean?

We can state our own beliefs in public and not have to fear imprisonment or punishment for having declared what we as individuals believe.

Parents in the United States can sit with their children in a family group at night and know when they sleep, they can rest with a feeling of peace for themselves and their children. Perhaps they will never know the feeling of horror under communism of seeing their more intelligent children pushed ahead to work as scientists and technicians for a communist party while the others are left behind as common laborers.

The children can rest easy too . . . because they have a deep respect for their parents and their judgement . . . they are not the puppets of some leader or organization.

The poor in our country have just as many opportunities under law as do the rich . . . no one is given special privileges or positions merely because of his wealth. Where else in the world could you find this?

Here in Colorado City we have modern homes and buildings, good churches, improved schools, efficient hospitals and clinics, several recreation facilities and countless other opportunities.

We are in the vicinity of several large cities, yet have the peace and quite of a small town. What more could we ask for?

Therefore . . . the next time we begin to think of all the problems we have . . . lets stop and think of how many, many more privileges we share . . . and be grateful.

After all . . . this is the Easter season . . . a time of rejoicing.

### New Member of Honor Society

Miss Rosemary Thomas of Colorado City is one of 13 new members of Kappa Mu Epsilon, national honor society in mathematics, at North Texas State College in Denton this semester.

Miss Thomas, daughter of Mr. and Mrs. L. L. Thomas, 232 Elm St., is a junior mathematics major at the school. She is a member of Alpha Phi, international social sorority.

**WINNERS ANNOUNCED**

**3 Girls Write Winning Essays**

Awards will be made at the High School Apr. 4 to winners of the 1951 essay contest sponsored nationally by the Association of American Physicians and Surgeons and locally by the Nolan-Fisher-Mitchell Counties Medical Society.

Awards will be presented by Dr. Francis Hood, president of the local association, with first prize going to Brenda Bell, 1614 Dallas St.

Brenda is the daughter of Mr. and Mrs. Joe Bell and is a 10th grade student at high school.

Second place winner was Marilyn Godwin, 445 E. 15th St., daughter of Mr. and Mrs. Charles M. Godwin. Marilyn is a junior student.

Charlotte Nuckolls, 10th grade student and daughter of Mr. and Mrs. Charles Nuckolls, was the third place winner.

Miss Bell wrote her essay on "The Advantages of the American Free Enterprise System," while the other two girls chose to write on "The

Advantages of Private Medical Care."

First prize was \$75 to the winner and \$25 to the Student Council of the homeroom of the winner. Second prize was \$35 and third was \$15 to the winners.

Twenty-two essays were judged by Rotan judges. Teacher for each of the girls is Mrs. E. M. Findley.

In order to preserve these students' eligibility with the University of Texas Inter-scholastic League, checks in the amount of these prizes will be placed in Trust by the Nolan-Fisher-Mitchell Counties Medical Society until the students have finished high school.

These three essays have been forwarded to the State Essay Contest for judging, where additional prizes are available. The three best essays in the state will then be sent to the A. A. P. S. headquarters where \$2,675 in prizes will be given as result of the final judging with \$1,000 going to first place winner.

Five Cheers for the Wolves

These five girls will be in the spotlight next school term as cheerleaders for Colorado High. Elected last week by the student body, they are, from right to left, Gayle Hart, Lynda Carter, Sandy Landau, Cecelia Lee and Sue Ann Welter.

**Miss Ann Sellier Winner Of Local Sewing Contest**

Miss Ann Sellier was in the spotlight Thursday afternoon when she won the Vogue sewing contest, competing against five other girls from Home-making III class at Colorado High School.

Besides a \$5 cash award from Vogue, the Zetagathian Study Club, which sponsored the contest, presented her with a dress length of cotton material and a strand of beads.

As winner, Miss Sellier will compete in the student division of the Mesquite District meeting in Abilene Apr. 11.

Runner-up for the event was Miss Orline Fay Feaster. The Club presented her with material for a blouse.

The two girls, both Juniors at Colorado High, were part of their sewing for the contest as a class project.

For her prize-winning ensemble, Ann chose a glen plaid suit of a wrinkle resistant man-made fabric. The skirt had big box pleats and a neckline which "opened out" to make way for bowties and for the flamingo rose, which accented her attire. She wore black and white accessories.

Red was the predominant color in Miss Feaster's costume. She wore a red dress of serano cloth with a short jacket. She wore short white gloves with red polka dots and added a polka dot ribbon to her hat. The jacket had a concealed closure in front. The model changed the costume to a lace overdress with a net underskirt. For this, she carried a white beaded clutch purse instead of the red one for day-time wear.

Other contestants were Gayle Williams, Carolyn Sue Cooper, Marilyn Godwin and Marilyn Russell.

Miss Williams wore a suit with a jacket that draped just below the waist line. Her outfit was turquoise with shoes to match. Material for the costume was of 79% rayon and 21% cotton and lined in a multi-hued surah cotton.

She wore bone accessories and burnished orange posy.

Miss Russell wore a 100% rayon, machine washable and wrinkle resistant sheath dress and cape. The cape was lined in rayon and silk print. She wore a dress with stark white gloves and shoes.

For her debut, Miss Godwin wore a 3-piece suit of cotton and acetate brocade of soft earth color.

was the chose of Carolyn Sue Cooper. She wore a costume of woody green serano cloth in tones of brown, beige and green. By adding a silk organza overskirt, she changed the costume from strictly dress-up wear to an outfit for evening and night wear.

Style show was narrated by Mrs. J. S. Craddock, home economics teacher.

Zetagathians, parents and friends of the girls were guests of the High School homemaking department.

Joan Weib, Loralee Lady, Carolyn Walker and other members of the class were hostesses for the afternoon affair.

Cold drinks, dips and assorted crackers were served from a table covered in a pink and white striped cloth. An Easter centerpiece and black serving dishes accented the table.

Each student entered the contest on the basis that she make what she considered the "Ideal Costume for the High School Student's Dress-up Wardrobe." Upon winning the local contest, Miss Sellier will be eligible to represent the Zetagathian Study Club at the district judging. A state prize will be awarded as well as national honors.

National first prize will be a \$1,000 scholarship (or cash.) Other scholarships or cash awards of \$500 and \$250 will be awarded to the national second and third prize winners.

The main purpose of this community centered contest, according to Mrs. Craddock contest chairman, was to encourage young students to develop a deeper appreciation of homemaking skills. The satisfaction gained from creating her own wardrobe, from selecting an appropriate and becoming pattern, choosing practical yet fashionable fabrics, and using sewing skills to create her costume—provided an important experience in a teen-ager's learning and growing.

**AT ANNUAL EVENT**

**Martin Named to Lodge Chief Post**

Stanley Martin, a member of Loraine Troop 124 and an Eagle Scout has been elected as lodge chief of the Tatanka Lodge, Order of the Arrow, Buffalo Trail Council, B.S.A.

Election was conducted at the annual O. A. Banquet last Friday at the Andrews Junior High School Cafeteria.

Martin, in serving as Lodge Chief, (same as president) will head the Brotherhood of Cheerful Service composed of honor campers and outstanding scout and explorers, who exemplify the Scout Oath and the Scout Law to the utmost in every-day living. There are approximately 500 members of the Order of the Arrow, who come from an area covering 18 counties extending from Alpine, Van Horn, Andrews, Mitchell and Scurry counties. Council office is located in Midland.

The scout is a senior at Loraine High School and is the son of Mr. and Mrs. C. H. Martin. He is an Eagle Scout with the Silver Award. He has been a scout for six years and has served the various offices of his troop as well as a staff member at the Buffalo Trail Scout Ranch and Camp Ed Murphy for the past two years. He has served as Chapter Chief of the Lone Buffalo District and Area Vice Chief of Area 9A, covering portions of Texas and New Mexico. He also attended the National Jamboree in Colorado Springs, Colo., the past summer.

In school, he has served as drum major of the band, class president for two years and president of the Future Farmer's of America on district and local basis as well as other positions.

Other members of the Order of the Arrow.

Attending the banquet from Loraine were Kenneth Brame, Kenneth Johnson, and Raymond Holt, scoutmaster of Troop 124 and co-advisor of the Lone Buffalo Chapter of

### Wildlife Is Added Income For Farmers

Everyone likes to make money and there is a possibility that many Texas farmers and ranchers may have overlooked. It could be possible to increase income by managing and harvesting the wildlife resources on the land.

A new Texas Agricultural Extension Service publication discusses and explains how this can be accomplished.

There is one important point to remember, however. All wild animals in Texas are the property of the people living in the state. Game animals, including birds, fish and mammals, either dead or alive, cannot be sold. Landowners may, however, lease their land for hunting and fishing privileges.

Naturally, the better the hunting or fishing, the more people will be willing to pay for the privileges. This is where the management part of the program comes in. By

providing or leaving adequate food and cover for the land animals and by properly stocking and managing the pond or lake, the landowner can insure a plentiful population of game animals.

Other factors that help determine the price of the lease are the number of people to be accommodated, facilities available and accessibility. Many landowners, especially those with fishing waters, have found it profitable to make additional facilities available to the sportsmen. Boat and cabin rental, bait selling and other extras can increase the owner's income.

Another important point to remember is the matter of licenses. Persons who sell hunting leases are required to purchase a shooting preserve license, and persons who sell bait are required to purchase a bait dealer's license. These may be obtained from the Texas Game and Fish Commission, Austin.

A copy of the Extensor Service publication MP-463 "Increasing Your Income Through Wildlife Management," may be obtained from the local county agent.

## Lorraine Golden Age Club Celebrates Anniversary

LORRAINE — The Golden Age Club celebrated its first anniversary here Monday night with a covered dish supper.

Hosting the observance were Meses. Roy Linder, Lester Webb, Cora Hall, Joe Bennett, W. H. Long and Dottie Marshall.

There were 50 members present. New officers elected, including 4 re-elected, were J. King, president; Wade Prenton, vice president; Mrs. T. C. Wilson, secretary; Ida Baird, reporter; Mrs. Lester Webb, treasurer; and Dan Butler, chaplain.

Games of 42 and dominoes were played after a program which included a prayer, "Those Greeting Older," read by Mrs. Marshall; a reading, "I'm Fine," by Mrs. Baird; and singing of the song, "Blessed Be The Tie That Binds," by the group. The invocation was given by Mrs. Dan Butler.

The center table was decorated in the club colors of purple and gold with a purple cover of net with large purple bows on each side. A square birthday cake centered the table flanked by gold candles. The cake held 1 gold candle.

Special guests at the celebration included Mr. and Mrs. Charlie Grable, Mrs. R. A. Blackard, Mrs. Carmen Shaffer, Mrs. W. C. Key, Mrs. H. L. Grable and Mrs. Lewis Shackelford, all of Colorado City, and Mrs. Ira Crownover of Odessa.

The club entered into a new fund raising project, at the meeting. A project, selling calendars with advertisements, names and birthdays, was approved.

Appointed to the fund raising project committee were Mrs. Ed Small, Mrs. Gene Britton, Loyd Brame and Ray Preston.

The drive will kick off on Wednesday, Mar. 29. The Band Boosters will canvass the town and the schools on that day.

Band Director Buck Hughes reported on the club's projects during the year that included the purchase of a new baritone, a new clarinet, \$35 in music and \$40 in repairs on an instrument. The club then voted to buy 5 new band suits.

New officers elected were president Mrs. Royce Mahon, vice president, Lynn Hamilton, secretary, Mrs. Jasper Doyle, treasurer, Mrs. Ed Small and reporter Mrs. Howard Tarrt. Mrs. E. J. Schroeder and Mrs. Loyd Brame served on the nominating committee.

Immediate past president, Mrs. A. G. Furlough Jr. made a talk of appreciation after the election.

A Spring Concert was announced for Apr. 20. The club will sponsor an ice cream supper at the home of Mr. and Mrs. Royce Mahon after the

### Grain, Corn Hybrids On Eligible List

All Texas certified hybrid grain sorghums and corn hybrids have been placed on the eligible list for planting under the rules of the 1961 production programs.

This is a major change from former years and should make the results even more meaningful.

As in past years, the Texas Certified Seed Producers, Inc., in cooperation with the Texas Agricultural Extension Service, will sponsor the production programs.

In the case of grain sorghum hybrids, each participant must plant at least one acre of any one of the following hybrids: RS 590, 608, 609, 630, 650, 661, 681 or Texas 601, 620 or 660. Each participant is also required to keep an accurate record on his demonstration and make a final report to be eligible for a cash award. Adults, 4-H or FFA members may enroll with the local county agent.

Those participating in the corn production phase of the program must plant at least one acre of any one of the following hybrids: Romberg 126, Watson 111, TRF No. 9, 10 or 13; Texas No. 9W, 17W, 26, 28, 30, 32, 34, 36 or 38.

Separate divisions have been included for dryland and irrigation farmers. The State has been divided into five areas and awards will be made to the top producers in each. ## MAJORS—

Continued from page 1 do City High School, and attended Texas University and is an Air Force veteran of World War II.

Majors is a present member of the board of directors of the Texas Jewelers Association, an associate member of the American Gem Society, a member of the Industrial Team of the Colorado City Chamber of Commerce. In the past, he has been president of the Texas Jewelers Association and was voted the Outstanding Member of the Chamber of Commerce in 1960.

"There are many things I think the Council can accomplish, and I enjoy working with its members," Majors said. "I enjoy the work because the members of the Council give it so much time and thought."

Majors lists as his chief reason for seeking re-election the fact that "I am interested in this city and its prospering and doing well. If it does prosper, we all prosper—there is no future for anyone here if it does not."

## PACT—

Continued from page 1 from the city.

The contract was presented to City Council at its regular meeting on Monday, Feb. 13. The council passed an ordinance at that time allowing Robinson to enter into the contract on behalf of the city at any time after an engineer's report on the land.

Robinson received the engineer's favorable report earlier in the week and reported his findings to an informal meeting of the council Friday night before signing the contract.

## HARKINS—

Continued from page 1 to grind," he announced. "I'm just interested in good city government."

Harkins came to Colorado City and the local Col-Tex plant in 1924. April will mark the start of his 24th year in the city and with Col-Tex here.

He is a member of the First Methodist Church, his wife Marie serves as the church's secretary, and is a former member of the Kiwanis Club. "My shift work forced me to drop out of the Kiwanis Club because I could not attend or participate regularly," he states.

The Harkins live at 1233 Austin St. They have 2 sons, Gervin and Gary. Gervin is presently working towards his doctor's degree at Hopkins University in Baltimore, Mr. and Gary is a junior in Colorado City High School.

## CARVER—

Continued from page 1 by his church and is on the Industrial Team.

Carver and his family live at 899 E. 8th St. His wife, Maurine, is president of the Christian Women's Fellowship at First Christian.

They have 2 sons, John, 9, and Robert, 6.

The Carvers came to Colorado City in June of 1959 from Venezuela where he worked as a tool pusher for 4 years. They lived in Seminole before the job in South America.

Carver is the owner-manager of White Auto Store at 237 E. 2nd St.

"If elected to the council, I would say what I thought there is no person or group I am obligated to," Carver said.

\* More than a  
\* MILLION  
\* TEXANS  
\* are served by  
\* ELECTRIC  
\* COOPERATIVES

One million Texans can't be wrong.

That many citizens of the state and more are served by rural electric cooperatives. These people know what a struggle it was to get electricity in rural areas. They know that many of the homes would still be dark were it not for the electric cooperatives.

These member-owners of the 77 electric cooperatives serving Texas, borrowed money at interest to build their own electric systems. They are paying back principal and interest on the loans while enjoying a steady dependable source of electricity from a first rate electric system. The electric cooperatives of Texas are paying their own way with interest while building a brighter tomorrow.
