SOVIET PROPAGANDA GETS A NEW LOOK—Soviet propagandists seem to have executed another about-face, if this picture of Georgian ballerina Liliana Mitaishvili from the back page of the Russian newspaper Komsonol Pravda is any indication. The plunging neckline previously labeled by the Communists as typical of the "low morals" of the Western nations, and publication of a picture of a pretty girl with such a low decollete was practically unheard of in the Soviet Union's Press. The use of this photo in the organ of the Soviet Communist Youth League is regarded as an experiment at baiting propaganda with "cheesecake," such publicity pictures have long been known in America. Tech Ousters Blasted; Agency Praises Panel

RICHMOND, Va. (AP)—The Southern Assn. of Colleges said today that the board of directors of Texas Technological College "acted in haste" and "violated the spirit of the standards of the Southern Assn." in dismissing three faculty members.

But it commended the college for "the prompt steps it took" to clarify policy.

"Since September, 1957, a joint committee composed of members of the board of directors, the administration, and the faculty have devoted considerable study to a well-conceived and reasonable tenure policy, defined the limits of outside employment, and indicated a reasonable scope of political activity in which any member of the faculty may engage," the association said in a statement.

An inquiry into the dismissals was made on the grounds there may have been political influence in "hiring and firing" of faculty members at the Lubbock school.

The three faculty members dismissed were Drs. Byron Abernethy, Herbert Greenbnerg and Per Stensland. Last summer Secretary Donald Agnew of the association said that preliminary reports indicated they were fired "without due process or attention to academic freedom and tenure."

Today's statement was released by Leo Chamberlain, outgoing president of the Commission on Colleges of the Southern Assn. of Colleges and Secondary Schools as the association wound up its 62nd annual meeting here.

The commission said three basic points were at issue at Texas Tech involving "a thorough understanding between the faculty and administration and the board of directors."

The three points were listed as:

1. There was no clearly defined policy of tenure acceptable to all concerned.

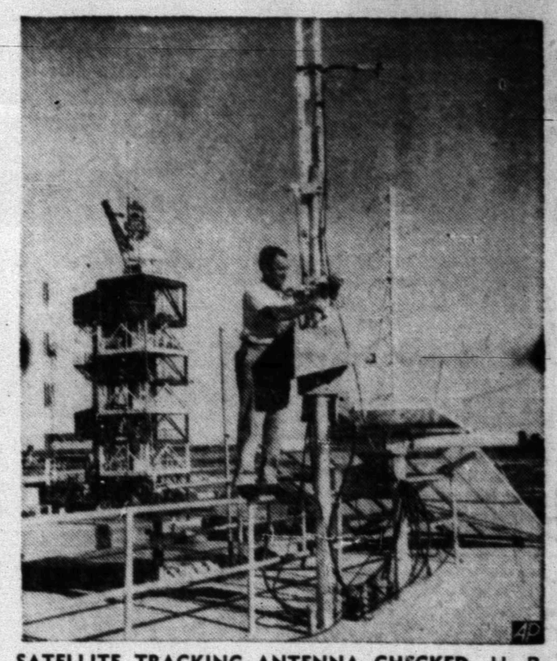

2. There was no clearcut statement regarding outside employment of regular fulltime faculty members.

3. Nothing had been agreed on as to what constituted excessive and unwise political activity on the part of the faculty and the staff.

The statement added:

"It seems difficult to understand why the administration of the college had not previously taken action on these matters and made specific recommendations to the board of directors as guidance in establishing policies and procedures."

The association said it "stoutly maintains the position that it has no authority or desire to interfere in the internal administration of a member institution but that it must insist that the standards of the association be complied with." It said the dismissals without a formal hearing "became a matter of grave concern" to it.

London Rail Crash Claims 100 Lives

LONDON (AP) — Rescue workers today said approximately 100 persons died in the rush-hour crash of two trains taking commuters and Christmas shoppers to their homes in thick fog last night.

Salvage crews, moving through a nightmare scene of fog and twisted metal, brought out 65 bodies. They said more than 30 other bodies still were trapped in the mangled coaches.

Police said more than 200 others were injured, including 110 seriously hurt. Determination of the final toll of dead and injured may take several days.

Arms and legs of still bodies protruded from the windows and shattered roofs of the coaches. The rescue crews said there was no hope that any still remaining in the wreckage were alive.

This is going to be a long job. We haven't even started," said a member of one salvage gang.

Tarpaulin screens were erected along roadways overlooking the scene in southeast London to hide the wreckage from passing motorists and the curious.

Horrible as the wreck was, it just missed being even worse, for a third train almost was involved.

An 11-coach steam train drove into the rear of a 10-coach electric train halted near St. John's Station. The impact shot cars into the air and brought down part of an overhead viaduct which carried another electric rail line.

An eight-coach electric train above was left with the front wheels of its engine hanging over the edge. Salvage teams early this morning finally removed the train above.

The two trains piled up and an overhead bridge smashed down on them early last night in near-zero visibility at a southeast London railway junction.

A 10-coach electric train had halted at the busy Parks Bridge junction near St. Johns' station when an 11-coach steam-engine train drove into the rear of it. The impact shot cars into the air, bringing down part of the bridge which carried another electric rail line.

An eight-coach train on the overhead line stopped with the locomotive's front wheels overhanging the death scene. "We've got to shore up the viaduct and take the overhanging engine away before we can go on" with clearing operations, a railway official said.

The two wrecked trains were carrying about 2,000 commuters and Christmas shoppers bound for the suburban town of Hayes and the English Channel towns of Folkestone and Deal, 50 miles to the southeast.

Trains were not operating on schedule because of the thickest fog in recent years which enveloped Britain and parts of the Continent for two days. The disarranged timetable and lack of visibility were blamed by some for the wreck; but railway officials declined to speculate before a full inquiry.

It was the worst train wreck in Britain since 112 persons died Oct. 8, 1953, in a three-train pileup at the suburban London station of Harrow.

Two Cars Damaged In Collision Here

Two cars were heavily damaged in a collision at the northeast corner of the square about 8:30 o'clock this morning, but there were no personal injuries, police said.

Driver of a 1956 Chevrolet involved was Myrle Tate Bell, Box 305, Snyder, and driver of the other car, a 1955 Buick, was Sarami Dennis, 2809 Avenue Q.

Cases Of Flu Prove Severe

WASHINGTON (AP)—The U. S. Public Health Service today reported an apparent increase in the severity of the acute upper respiratory diseases which have been sweeping the country.

But the service added that the peak of new cases at least for the present, was passed in mid-October.

The latest report confirmed earlier indications that new cases of influenza, pneumona, acute bronchitis and other acute upper respiratory diseases which involved one or more days in bed reached a peak at 11,933,000 during the week ended Oct. 19.

The estimated number of new cases for the week ended Nov. 9 was 8,241,000, compared with a revised estimate of 9,808,000 for the Nov. 2 week. There were 11,033,000 estimated for the week of Oct. 26.

From July 1 to Nov. 9 it was estimated there had been 82,086,000 new cases of acute upper respiratory diseases which involved an aggregate of 282 million bed days of disability.

Questions Fly On Semicolon

AUSTIN (AP)—A mysterious semicolon that popped up in the lobby control law started questions flying today on how it got there.

Sen. Floyd Bradshaw of Weatherford, a member of the conference committee which wrote the report, asked the secretary of state's office for a photographic copy of the bill signed into law by Gov. Price Daniel. Others also are checking.

The secretary of state's filed copy is different from the conference committee's report. A semicolon has been mysteriously added, a check of official records showed today.

Lack of the semicolon in the bill approved by both houses caused one of the measure's sponsors, Rep. J. C. Zbranek of Daisetta, to question whether there would be a penalty for lobbyists who failed to register and report their expenditures.

Atty. Gen. Will Wilson may be asked to look into the matter to see how slippery a semicolon can be, who added it, and what effect it might have on the new law.

A semicolon is in the copy of the bill filed with the secretary of state in the phrase "prohibiting spurious communications and providing for a penalty." The semicolon was inserted after the word communications, making "and providing for a penalty" a separate clause.

The conference committee report distributed to lawmakers in the closing minutes of the first called session did not have the semicolon. Neither did the bill printed in the Senate and House journals—official records of proceedings—nor in the bill distributed by the Texas Legislative Service, the agency for distributing bills to lawbook publishing firms.

3 Billion Barrels Of Oil Produced

BEIRUT (AP)—The Arabian American Oil Co. said that its total production in Saudi Arabia passed three billion barrels.

Saudi Arabia is the second nation in the Middle East and the fifth in the world to achieve this mark. Only Iran, the United States, Venezuela and Russia have produced more than three billion barrels.

Aramco's production reached one billion barrels in 1952, and in 1955 the company produced two billion barrels.

UNDECIDED ON NEW TRY

Launching Fizzles

CAPE CANAVERAL, Fla. (AP)—The United States called off its proposed test launching of the Gamma baby moon last night only 50 minutes short of the target hour.

The combination of a series of minor difficulties forced postponement—particularly a leaky disconnecting valve on the launching rocket's liquid oxygen tank—and a bad break on the weather.

In Washington, John P. Hagen, director of the U.S. Project Vanguard program to launch a series of research satellites during the international geophysical year, said it was his guess that the launching process would be resumed later today so it might be completed tonight or in the early hours of Friday.

But J. Paul Walsh, deputy director, told a news conference at Patrick Air Force Base officers club that there would be no renewal of the launching attempt today.

Walsh said the launching crew could get the 72-foot rocket ready immediately if it had to, but it would be up to the Defense Department to set the date for a new attempt.

He added that supervisors of the missile test range, 5,000 miles into the South Atlantic from the test center here, had been asked to give the satellite project the best time availabl for another effort.

Cape Canaveral is teeming with test missiles—Army Jupiters, Air Force Thors and Snarks, assorted Navy weapons — awaiting firing schedules. Fitting them in has become a Herculean task for this overworked, overcrowded center.

At Cambridge, Mass., the Smithsonian Astrophysical Laboratory announced that the 6.4-inch, 3¼-pound test sphere, once it has entered an orbit, will be known officially as "1957 Gamma", for the third letter of the Greek alphabet.

The name would signify that this was the third man-made moon of the year. If the Soviets launch a third Sputnik before Gamma gets going, the U.S. moon presumably would take the name of Delta, or No. 4.

SPOT MUSE

GRASS FIRES have become a common occurrence here recently Firemen put two out yesterday, and several others have occurred since frost has killed vegitation.

D. A. Porter, fire chief, said that some of the fires were set intentionally by individuals wishing to clear off unsightly weeds and grass.

ANYONE WISHING to have a vacant lot burned off should call the fire department before the fire is started so that a fire truck can be sent to the scene to see that the fire does not spread to buildings.

"We will attempt to burn off all lots on which we get requests," Porter stated.

Reds Launch Atomic Ship

LONDON (AP) — Russia scored another first today, launching the first atomic-powered surface ship.

The 16,000-ton icebreaker Lenin slid down the ways in Leningrad, Moscow radio announced. Shipyard workers had originally hoped to launch it at the time of celebrations Nov. 7 of the Bolshevik Revolution's 40th anniversary.

The broadcast said the ship will be capable of breaking through ice over six feet thick, will use only a "few grams of its atomic fuel" every 24 hours and will be able to remain at sea for "several months."

The Soviet Union needs giant ice breakers to work along its frozen north coast.

The first U.S.-atomic-powered surface ship, the 21,000-ton Merchantman Savannah, is scheduled to be completed in 1960. The U.S. Navy has been operating atomic-powered submarines for several years.

Bright Sun Back In Storm Area Where 10 Persons Died

NEW YORK (AP) — A bright sun returned today in the wake of yesterday's early season snowstorm that lashed the east coast from Connecticut to Virginia, causing 10 deaths and snarling transportation.

Despite the sunshine, the temperature in many places continued below the freezing mark keeping highways slippery and hazardous. Huge forces of road workers turned out for the giant task of clearing travel lares.

There were record snowfalls in New York and New Jersey and stinging hard winds piled up huge drifts in spots. As the storm on into the Atlantic, the wind eased.

The snow measured up to two feet in Maryland. In northern Maine temperatures fell to 10 below zero although the state itself escaped the snowstorm. Winds reached 45 miles an hour.

For New York City it was a record snow for the date, with 7.3 inches blanketing the area as flakes fell continuously for 25 hours and 15 minutes. The fall ended at 10:30 p.m. last night. The old record was set in 1911, when 6.5 inches fell. It was the earliest snowstorm here since 1953.

The New York Weather Bureau predicted clearing skies today and some abatement of the wind, still hitting a 30-mile-per-hour clip during the morning hours. During the storm, various sections were hit by 45-mile-an-hour winds.

The storm center, located off the Delaware coast, veered out to sea last night. But before bowing out, it spread a white blight for hundreds of miles.

Bogging down under the impact were auto and bus traffic, rail lines and plane service.

Twelve inches of snow, heaped up by the wind, grounded planes at New York City's Idlewild Airport, Newark (N.J.) Airport and points in Maryland and Virginia.

Loudon County, Va., reported 14 inches. A 2-foot reading was reported in northern Maryland. Western Maryland had 10 inches of snow.

Commuter trains, jammed with extra passengers because of highway hazards, all reported delays. One Pennsylvania Railroad commuter train was 3 hours and 20 minutes late. It stalled in a huge drift in Freehold, N.J. The conductor walked a mile for help while 12 passengers shivered in the single car and waited.

Several hundred subway passengers were stranded on a windswept trestle over New York's Jamaica Bay as trains stalled on an overwater section of track where snow and ice knocked out power. Some passengers had to wait there four hours.

20 Injured In Georgia Fire

VILLA RICA, Ga. (AP) — Twenty persons were burned, some believed seriously, in a fire following an explosion in the business district here today.

The Villa Rica Hospital reported 20 persons who suffered varying degrees of burns were brought in shortly after flames swept four stores at 11 a.m.

The hospital said it was not known whether all persons in the stores had been removed.

The blast was believed to have been caused by gas. Flames swept through a drug store, a ten-cent store, a jewelry shop and a dress shop.

Fire trucks were called from Atlanta, 40 miles to the east of this town of 1,700, and from Douglasville, Carrollton and Bremen.

Scattered Showers Are Forecast Today

By The Associated Press

Increasing cloudiness with scattered rain Friday was forecast for Texas.

Skies were clear to partly cloudy Thursday with some ground fog around Beaumont. Predawn temperatures ran from 29 degrees at Salt Flat to 51 at Galveston.

Highs Wednesday ranged from 53 at Salt Flat to 70 at Alice, Austin and Minenral Wells.

Delegation Back From Road Hearing

Eight men from here appeared before the State Highway Commission yesterday for a hearing on the proposed widening of State Highway 350 in Snyder.

Attending from here were the four county commissioners, L. L. (Pat) Moore, Doyle Parmer, Cullen Toombs, and T. B. Knight; Roy Dunlap, city manager; Grady Elder, Chamber of Commerce manager; Doyle Gallman, county auditor; Geral Greene, county tax assessor-collector; and Dan Cotton, county clerk.

The proposed widening of the highway would be from the Deep Creek bridge to the curve in the highway south of the city limits, including straightening the highway to a great extent. The state would do roadway and paving work at a cost of about $140,000, while the city and county would assume cost of right-of-way and curb and gutter.

The group from Scurry County had about 20 minutes to present its case, and the highway commission took it under advisement. It is not known just when the commission will announce its decision.

Jake Roberts, district highway engineer, has recommended the project.

It is not known just what right-of-way for the project will cost, but curb and gutter is estimated at about $31,500.

Proposed along with the project is some kind of safety provisions for the intersection of the street leading to Cogdell Memorial Hospital to the highway. That street intersects the highway on a curve and hill.

Grid Slate Reshuffled

The Snyder Tigers will open their District 3-AAA football slate with Colorado City here next fall.

Member schools reshuffled the football schedule in their annual meeting here this morning. In the new "draw" Snyder gets Colorado City instead of Sweetwater in the district opener, with Sweetwater second on the district slate, Lamesa third and Lakeview fourth. The Tigers' open date between the Lamesa and Lakeview games, next to the last weekend in the regular season.

In other business this morning it was decided to hold the district's spring sports meet in Snyder.

Subs Can Cruise Under Ice

NEW YORK (AP) — Rear Adm. H. G. Rickover said today nuclear submarines could cruise under the ice of the North Pole to get quickly between the Atlantic and Pacific oceans.

Rickover is head of the Navy's scientific team which developed the atomic submarine and is now working on nuclear-powered surface ships.

In a talk prepared for the overseas Press Club, Rickover said that the recent feat of the submarine Nautilus in traveling 1,383 miles under the arctic ice "is not fully appreciated."

"I venture to say that it will go down as one of history's greatest feats of exploration," he said.

Rickover said a power failure in the Nautilus' gyro compass was the only reason why the submarine did not reach the pole itself. He said he trusts that the men of the Nautilus in the not too distant future "will be the first men ever to voyage under the North Pole."

Rickover said it must be assumed that the Soviets will soon have their own nuclear submarine, although "as far as we know" they do not yet have such a vessel. But he said the Soviet submarine menace already is formidable and "we are now developing a nuclear-powered submarine specifically to cope with this threat" as well as a nuclear-powered frigate to provide antisubmarine protection for future atomic task forces.

By the mid-1960s, Rickover said, the U. S. Navy should have its first all-atomic task force, complete from submarines to carriers.

Indonesians Intend To Evacuate Dutch

JAKARTA, Indonesia (AP) — The Indonesians intend to evacuate thousands of Dutch citizens still living in this former Netherlands colony, Justice Minister Gustaaf Manegkom said today. His statement was made as the government announced it is taking over all the big Dutch businesses occupied by their employes.

The Dutch government was asked to close seven consulates throughout the sprawling island republic which won its independence from the Netherlands in 1949. Only the consulate in Jakarta would remain open.

Indonesia is pressing the Netherlands for surrender of West New Guinea, an area which the Dutch did not turn over when this country became independent. The latest Indonesian actions were part of this pressure campaign.

There are 46,000 Dutch citizens in Indonesia. Dutchmen own and operate the country's biggest and most strategic business firms.

Manegkom said the government wants to evacuate all but skilled labor if possible, but even those in this class would not be prevented from leaving.

Strikes against the Dutch firms got out of hand when Communist-controlled unions began occupying the premises.

The KPM Shipping Lines and three big Dutch trading companies were seized by the workers Tuesday and Wednesday. Three big Dutch banks were threatened with seizure.

Jakarta's biggest hotel, Des Indies, was taken over by its 600 employes today. The Dutch manager and the Dutch bookkeeper were being held by the workers, members of the Communist-run labor federation, Sobsi.

The Cabinet decreed that Dutch enterprises taken over by Indonesian workers in the past few days will now be supervised by a government "council of management." The government announcement did not specify whether government supervision would also apply to as yet unseized Dutch businesses.

Students To Attend Meet In Denton

Several students from Snyder High School will attend the annual meeting of the Texas High School Press Association this weekend in Denton.

The convention is sponsored by Texas Women's University journalism department.

Representatives of the yearbook and newspaper staffs of the high school here were to leave today to attend. Yearbooks and newspapers of schools throughout Texas are judged, and criticisms are written about each and sent to members.

A program interesting and beneficial to students is planned. This year the group will hear Harry Provence, editor of Waco Newspapers, Inc., and Don Burchard, director of journalism for Texas A&M College, as well as several other experts on school yearbooks and newspapers.

Saturday morning an all-student program will be held. A member of the Snyder annual staff, Lynda Miller, editor, will participate, giving a 10-minute talk on the subject, "House Beautiful — Your Yearbook."

Those making the trip are Toni Best, Lynda Miller, Doris Lewis, Belinda Bell, Jo Ann Miller, Bo Brown, Lady Falls, Gene Bruton, and Katherine Northcutt, sponsor of the yearbook.

Postmasters Go To Meet

Two area postmasters plan to attend the third annual Postal District 3 meeting in Brownwood tomorrow and Saturday.

Those who had made plans to attend were Dawson, Moreland, Snyder postmaster, and Ava Moran, Ira postmistress.

The Brownwood meeting is sponsored by the Texas branch of the National League of Postmasters.

Included on those scheduled on the program will be postal officials from Dallas, Fort Worth, and Abilene. Main speaker at a banquet Saturday evening will be George A. Gray of Dallas, regional director.

Registration will be tomorrow afternoon, followed by entertainment at 7 p.m. Saturday's session is to start at 9 a.m. and a question and answer panel will be most of the program for Saturday afternoon. The panel will deal with problems on holiday mails.

Claudine Kohutek of Rowena is meeting chairman.

Man Misses Wife After Seven Months

FRESNO, Calif. (AP) — Arnold Yerger walked into the police station and reported his wife Valene missing.

He described her as 23; 5 feet 2; 116 pounds; and blonde.

"And she had about $100 when I last saw her."

When was that?

"Oh, May 2," Yerger replied.

Lauw Service Set In Roscoe

Funeral services were to be at 2:30 p.m. today at Roscoe for William Herman Lauw, father of Mrs. Erma Nell Sherwood of Snyder.

Mr. Lauw, 53, died yesterday morning unexpectedly in San Angelo while visiting relatives, presumably of a heart attack.

Born in Shiner April 15, 1904, Mr. Lauw moved to the Roscoe area in 1935 from San Angelo, farming in Scurry, Nolan, and Fisher Counties. His home was near Hermleigh at the time of his death.

The Rev. E. A. Rode, pastor of the Salem Lutheran Church, was to officiate at services at that church, with burial in the Roscoe Cemetery under direction of Wells Funeral Home.

Pallbearers were to be W. R. Potter, Herbert Zinke, Hugo Zetzman, John Schattel, Jean Schattel, and Gilbert Hrbacek.

Survivors include the widow, one son, James Lauw of Abilene two daughters, Mrs. Patsy Ruth Channell of Farmington, N.M., and Mrs. Erma Nell Sherwood of Snyder; his mother, Mrs. Minnie Lauw of Roscoe; one sister, Mrs. Elsie Kohutek of San Angelo; and five grandchildren.

Ward Speaks To Kiwanis

J. P. Ward, Snyder High School basketball coach, was principal speaker at Wednesday's luncheon meeting of the Snyder Kiwanis Club at the Village.

Ward, whose Tigers open their 1957-58 season here tonight against Brownfield, said the defending district champion Tigers are of unknown quality this year, but the team has been working hard for the past 10 days getting ready for the season opener.

The varsity squad is composed of eight seniors and four juniors, and no regulars are returning from last year's district champions.

During a brief business session, Kiwanians discussed their program for aiding underprivileged families during the Christmas season.

Mrs. J. Reaves, Mrs. Billy Greenfield Present Program

The Twentieth Century Club met Tuesday at 3 p.m. in the home of Mrs. John Reaves, 2712 Thirty-sixth Street with Mrs. G. W. Hicks presiding.

Mrs. Ola Leath told the group about a foreign student and his wife that she entertained during the Thanksgiving holidays. The student was from Italy and was pleasantly surprised when he participated in the Thanksgiving celebration with the Leath families. This close association is not present in Italy even though families live together after their children marry.

Breakfast as we know it, is a novelty to the Italian, and he would never consider dropping in on a friend without advance notice.

The group enjoyed a beautifully prepared program, presented by Mrs. Reaves and Mrs. Billy Greenfield. The program was on home arts, and centered around Christmas gifts and decorations. display of gifts which can be made for Christmas giving. Among these were felt coasters, house shoes, pin cushions etc. She displayed a decorated gnonzonita branch, felt Christmas tree and beautiful decorations to be hung from the ceiling.

Mrs. Reaves presented an interesting program and showed the group five Christmas ideas to use in beautifying the home. These had been entered in a contest sponsored by Household Magazine, and each had won a first place and are photographed in the Dec. issue. Her placement of a worship center was a favorite of the magazine.

Mrs. Reaves also gave some interesting demonstrations and ask the club members to participate. She then invited the group to view the sanctuary of the First Christian Church which she had decorated.

Mrs. Hicks, hostess, served a dessert plate to 19 members and three guests, Mrs. Greenfield, Mrs. Roger Mize and Mrs. Frank Strom.

HOLIDAY HINTS

Don't remove laundry instructions from clothing you give for Christmas gifts. It is very important that manufacturers' instructions be followed for satisfactory laundering of many of the new fabrics.

• • •

Chenille bed spreads, shag rugs, velvet draperies and down pillows get a fast face-lifting in the clothes dryer. Allow them to tumble for 5 to 10 minutes with no heat and they will emerge fresh and sweet-smelling for holiday festivities.

SKILLET FRANKS AND KRAUT

Ingredients: 3 tablespoons butter or margarine, ¾ cup finely diced onion, 1 can (1 pound) sauerkraut, 3 tablespoons dark brown sugar, salt, pepper, 1 pound frankfurters, 3 tablespoons minced parsley.

Method: Melt butter in a 10-inch skillet; add onions and cook gently, stirring often, until lightly browned. Add sauerkraut, undrained; sprinkle with brown sugar and salt and pepper to taste; mix well. Bury frankfurters in kraut, cover and cook slowly about 20 minutes. Sprinkle with minced parsley. Makes 4 servings.

Get Glassware Ready For Your Holiday Rush Days

The glow of her glassware will glorify the homemaker who plans two steps ahead of the season's parties!

The first step is to restore the original sparkle to the glassware you already own. During the holiday rush, it's a certainty unused glasses far back on the shelf will be needed. Plan to give them one and all a preseason shine.

Automatic dishwashers keep the task quick and easy. Delicate though the designs may be, durability is a big asset added by America's machine-made glassware manufacturers. Less handling means less breakage and the torrents of hot water in the automatic dishwasher insure maximum cleanliness.

Load the machine as directed by its manufacturer, making use of special hooks and racks. Use a low-sudsing detergent plus a few drops of bluing or ammonia to give additional luster to the glassware. You needn't tediously dry every glass; detergent-washed glassware will dry itself and still sparkle. If you want to pamper your glasses with an extra high polish, use a clean, absorbent towel.

Your second step is an inventory of waht you will need in addition to what you already have. Thanks to the miracle of machine-made glassware, it's easy and inexpensive to replace any broken pieces. Save yourself future harassment by purchasing three or four extra glasses in your favorite pattern. Remember to make maximum use of your glassware by showing off its glow in unusual ways; champagne glasses are graceful for custards or ice cream; wine or cocktail size are suited to tiny floral touches on sidetables or individual place settings.

Glass plates add an air of elegance to special seasonal treats such as fruit cake or a lavish mound of steamy plum pudding. Available now in variety stores are several patterns styled to compliment or match your present glassware collection. Most highly prized by any hostess who owns one is the pedestaled cake plate; it lends dignity and a special-recipe charm to any cake it holds on high.

With a minimum of effort and inventory, the glow of your glassware can bring a maximum of holiday-hostess satisfaction!

Jr. High 4-H Makes Plans For Christmas Party

The Junior High 4-H Girls met Tuesday afternoon at 4 o'clock in the county agents office for their regular business meeting. Cleatis Frith and Shirley Morton, junior high leaders, gave a demonstration on making aprons.

Plans were made for the Christmas party to be held on Dec. 23. The group will go skating in a group and then meet at the home of Miss Frith, 1808 Thirty-eight Street for refreshments.

Others present for the meeting were: Dinah McKinnon, Ceres Vandiver, Karen Aylor, Mickey Killam, Mary Jean Allen, Barbara Chambers, Lois Sellars, Carol Ann Kinsey, Nancy Lewis, Barbara Floyd and Helene Weiss.

Lottie Moon Week Of Prayer Observed By First Baptist

The Women's Mission Union of the First Baptist Church is observing the Week of Prayer for foreign missions. Each day this week there has been continuous prayer for foreign missions and for the "Lottie Moon Christmas Offering."

Lottie Moon was a young woman who in 1873 gave up her life to serve on mission fields in China in order to tell others about the gospel of Jesus Christ. She wrote home constantly pleading for others to come and for money to continue. Each Christmas the group gives to this mission offering that others less fortunate might find Christ.

Monday morning home prayer was held for missionaries and offering. Tuesday morning at 10 a WMU executive meeting was held, at 10:30 a.m. a prayer program was observed.

The theme for the week is "God So Loved" ... that He gave to all countries, that He gave to all races; that He empowered against all hindrances; that He called from all races and that we must love Him too.

Mrs. Bill Murphy, president of WMU, presided over the business meeting, then turning the program over to Mrs. Wayland Walton, the standing prayer chairman. The program topics were connected to a globe with Christmas tinsel. The globe was nestled in angel hair while on each side silver candles glittered brightly on the world. During the prayer periods, effective organ music was rendered by Mrs. Amon Weaver.

Prayer Chairmen working with Mrs. Walton are: Mrs. Bill Valentine, Mrs. Alvin Giesler, Mrs. Wadell Griffin, Mrs. Bessie Moore, Mrs. Erich Arnold and Mrs. L. N. Periman.

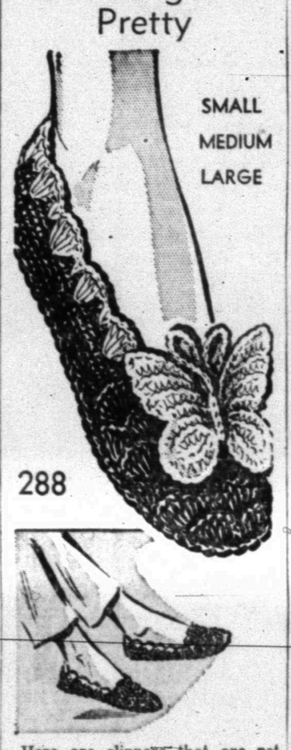

Last night prayer services was held and a filmstrip on the "Lottie Moon Christmas Offering" was shown. Also an effective pageant by the Young Woman's Auxiliary was presented. The title of the pageant was "Why Didn't You Let Us Know"?. It was a cry of other races and countries asking why we hadn't told them about Christ who came and died for them that they might be saved.

This morning's meeting at 9:30 o'clock was highlighted by the Rev. Ralph Odom, former missionary to Pakistan who spoke on the work he and his wife did in that country and the needs of the world.

Tomorrow will be the day of prayer around the world for the Christmas offering and foreign missionary to Pakistan who spoke on the work he and his wife did in that country and the needs of the world.

Tomorrow will be the day of prayer around the world for the Christmas offering and foreign missions. The goal for the Southern Baptists is $5,000,000. The goal for the local church is $5,000.00.

French Women Say There's A Trick, In Looking Chic

By DOROTHY ROE

The secret of that famous allure of French girls is merely a trick of clever accessorizing, says one of them.

"Everybody is always talking about how chic French women look," says Monique de Nervo, a highly decorative young Parisian who has been touring the United States for the last couple of months, giving lectures on fashion. "Actually, American girls are better dressed, better groomed and more skillful with their make-up. But the French know how to wear accessories to dramatize a costume, and that makes all the difference."

Monique claims that you can always tell an American woman, because she carries her gloves instead of wearing them, and her hat, shoes and handbag are either too carefully matched or else have no relation to each other.

"In France," says Mrs. de Nervo," we would just as soon be caught without our shoes as without our gloves. We wear gloves as a part of our costumes. Even at cocktail parties we wear the left glove and remove only the right one.

"Also, French women always are very fussy about having perfectly fitting and carefully coordinated leather gloves ... after the toll road was cleared."

Turnpike Chairman Stranded In Snow

READING, Pa. (AP)—The acting chairman of the Pennsylvania Turnpike Commission, Joseph J. Lawler, was stranded in a snowdrift on his superhighway last night.

Lawler, who announced recently that the turnpike is ready for a snowy winter, was driving to Albany, N.Y., for a meeting with officials of the New York State Thruway.

The subject of their discussion is to be "Snow Removal."

Lawler made his way to a turnpike maintenance building and reported his plight. He moved on after the toll road was cleared.

Tiger Basketeers Open Season Here Tonight

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

A BRAND NEW BASKETBALL season opens here tonight with the Tigers taking on Brownfield in the curtain raiser.

Season openers are always looked forward to by fans since they are eager to see just what the "home team has."

Tonight's lid-lifter here is no exception. Many fans here have been wondering just what the Tigers will have in the way of basketball this season and tonight, of course, they can see for themselves by turning out.

However, tonight's game certainly won't paint a full picture of the Tiger prospects.

Coach J. P. Ward is in a rebuilding stage since all of his starters last season and his top reserve graduated.

Only 1 Or 2 Seasoned Hands

It will take a few games to get gers lack at the moment.

Even coach Ward himself is sorta "in the dark" on just what kind a team he will have this season. Only one or two of the 12-man squad has any experience "under fire" to speak of.

Israel Hinojos was shoved into action at some crucial spots last season as was John Ward. Other than that, though, the Tiger experience runs out.

Several of the current squadmen turned in some noble performances for the "B" team last season. But playing on the varsity is a little different and until the Tigers play a few games, we won't know just how strong the Bengals will be this season.

Right now it looks like the Tigers will have a lot of speed and that they have some boys with keen eyes at the basket. Just how they'll react under fire, though, remains to be seen.

The Tigers picked a pretty rough opponent for their season opener. Brownfield has two returning starters and the Cubs scorched the nets at a 68 percent pace in downing Seagraves Tuesday night in their season opener, 53-37.

Tiger Gym won't be a strange place for the Cubs, either. You'll recall Brownfield participated in the Canyon Reef Tournament here last winter.

Teams Met In Tourney

The Tigers and Brownfield, in fact, met in the semi-finals of last year's Canyon Reef Tournament with the Tigers rallying in the second half to win, 54-41. Brownfield led the Tigers 26-21 at the halftime in last year's tourney tilt here.

Ken Cason, one of the lads who'll be in the Brownfield lineup tonight, was the Cub's top scorer against the Tigers last year with 12 points.

Hinojos, although he didn't start the game, pumped in 10 points against the Cubs. So Hinojos and Cason won't be strangers to each other tonight.

Well, tonight's game promises to be a nip-and tuck affair and a good crowd is expected to be on hand.

Just remember, the larger the crowd, the more it inspires the home team.

It's a shame that tonight is also the date of the Junior High football banquet here. Fans can't attend both the banquet and the game, of course, but we rather imagine that both events will be well attended.

Don't forget that tomorrow is the last chance to get your refund on the Tiger-Lamesa football tickets. You can get your refund at the school business office.

Aggies' Crow, Rice's Hill Make AP All - American 11

By BOB HOOBING

NEW YORK (AP) — A halfback whose first field goal attempt made history, a "comeback" tackle and a senior giant making his varsity debut at center today were named to the 1957 Associated Press All America football team.

North Carolina State's Dick Christy is the electrifying runner whose 45-yard boot climaxed a record 29-point finish to his brilliant year and clinched the Wolfpack's first Atlantic Coast Conference championship.

Quarterback King Hill of Rice, bonus pick of the National Football League, Texas A&M's massive John Crow and elusive Jimmy Pace of Michigan complete the backfield.

Rated by Coach Forest Evashevski as a dismal flop as a sophomore, Iowa tackle Alex Karras has become one of the finest linemen in recent years. The 233-pounder from Gary, Ind., is the lone repeater from 1956.

Dan Currie of Michigan State was asked to plug a gap at center after two years as guard. The 6-3, 225-pound Detroit lad did it so effectively he was ranked No. 1 player in the area by the Midwest board.

The remainder of the line includes Jimmy (Big Red) Phillips of Auburn's national titlists and Dick Wallen of UCLA at ends, rugged Lou Michaels of Kentucky at the other tackle with Ohio State's Aurelius Thomas and Oklahoma's Bill Krisher manning the guard spots.

The team was selected on recommendations from 12 regional boards.

Hill and Crow represent the only paired backfield men from the Southwest Conference on the All America with the exception of the two-platoon year of 1951.

A 205-pound handyman from Freeport, Tex., Hill ran, passed, kicked and was outstanding defensively. Crow is a gifted 214-pounder from Springhill, La., who constantly amazed opponents with his speed, power and ability to make the big defensive play.

Hill, Crow, Currie, Michaels, Phillips, Pace and Karras were selected in the first round of the NFL player draft.

Those getting honorable mention included:

ENDS—Buddy Dial, Rice; Willard Dewveall, SMU; Bobby Marks, Texas A&M; Dick Forrest, Texas Western; Clancy Osborne, Arizona State; and Jim Wood, Oklahoma State.

TACKLES — Larry Whitmire, Rice; Hogan Wharton, Houston; Opie Bandy, Tulsa; Ted Edmondson, Hardin-Simmons; and Bart Jankans, Arizona State.

GUARDS — Clyde Letbetter, Baylor; Matt Gorges, Rice; Tom Koenig, SMU; Burr Davis, Houston; Charlie Moore, Texas Tech; Joe Biggs, Hardin-Simmons; Ed Brown, Arizona; and Al Carr, Arizona State.

CENTERS—Jay Donathan Arkansas; Clarence Whittenberg, West Texas State.

BACKS — Clendon Thomas, Oklahoma; Gerald Nesbitt, Arkansas; Jim Shofner, TCU; Hal Lewis and Don Brown, Houston; Ken Ford, Hardin-Simmons; Leon Burton, Arizona State; Charles Sanders, West Texas State; and Jim Wiggins, Oklahoma State.

SWC Stars Elated Over Selections

By WHITEY SAWYER

DALLAS (AP)—King Hill of Rice and John Crow of Texas A&M, bitter Southwest Conference rivals in college who will be teammates in professional football, both made the first string All-America.

Hill, the powerful quarterback who led Rice to the Southwest Conference championship this year, said "this is the greatest honor I've received. I'm very happy about it, but much of the credit goes to my teammates, Coach (Jess) Neely and others on the coaching staff.

Crow is a power-running left halfback who played on last year's A&M Southwest Conference championship team. At one time this year the Aggies were ranked No. 1 in the nation and appeared likely to sweep to the championship. But the Aggies were knocked off by Rice and Texas, and finished third in the conference. They go to the Gator Bowl against Tennessee.

"I really don't know what to say," Crow said. "I've always dreamed of making the All-America team. I'm mighty glad to hear it."

Hill said he was glad Crow was selected, in that he and Crow were the first two choices in the professional draft, both being picked by the Chicago Cardinals.

The big quarterback, a letterman in football, basketball and golf, said "I've hoped and planned to play pro ball, but I don't want to think about it as yet. We have the Cotton Bowl coming up and then I hope to go out for the basketball team."

Crow also won the Heisman Memorial Trophy, awarded annually to college football's outstanding player. His coach, Paul Bryant, said "he's an All-America in my book. He has only a burning desire for the team to win."

NEW YORK (AP)—The 1957 All-America football teams, selected by The Associated Press:

FIRST TEAM

ENDS—Jim Phillips, Aburn, 205 pounds, 6 feet, 2 inches, age 21, senior from Alexander City, Ala. Dick Wallen, UCLA, 175, 6-0 junior, Alhambra, Calif.

TACKLES—Alex Karras, Iowa, 233, 6-2, 22, senior, Gary, Indiana. Lou Michaels, Kentucky, 236, 6-2, 22, senior, Swoyerville, Pa.

GUARDS—Aurelius, Thomas, Ohio State, 204, 6-1, 22, senior, Columbus, Ohio. Bill Krisher, Oklahoma, 216, 6-1, 21, senior, Midwest City, Okla.

CENTER—Dan Currie, Michigan State, 225, 6-3, 22, senior, Detroit, Mich.

BACKS—King Hill, Rice, 205, 6-4, 21, senior, Freeport, Tex. Dick Christy, No. Carolina St., 180, 5-10, 21, senior, Chester, Pa. Jim Pace, Michigan, 195, 5-11, 21, senior, Little Rock, Ark. John Crow, Texas A&M, 214, 6-2, 22, senior, Spring Hill, Ala.

SECOND TEAM

ENDS—Les Walters, Penn State, and Fred Dugan, Dayton.

TACKLES—Charles Krueger, Texas A&M and Bob Reifsnyder, Navy.

GUARDS — Allen Ecuyer, Notre Dame, and Jackie Simpson, Mississippi.

CENTER—Bob Harrison, Oklahoma.

BACKS—Lee Grosscup, Utah; Bob Stransky, Colorado; Bob Anderson, Army; Walter Kowalczyk, Michigan State.

THIRD TEAM

ENDS—Jim Gibbons, Iowa, and Don Ellingsen, Washington State.

TACKLES—Tom Topping, Duke, and Jim McCusker, Pittsburgh.

GUARDS—Joe Palermo, Dartmouth, and Bill Johnson, Tennessee.

CENTER—Don Stephenson, Georgia Tech.

BACKS — Bob Mulgado, Arizona State; Tom Forrestal, Navy; Jim Taylor, Louisiana State; Jim Bakhtiar, Virginia.

The 180-pound Christy set an ACC scoring record in "his" 29-26 victory over South Carolina fashioned on the field goal after time had run out. The Chester, Pa., flash couldn't be stopped. He rushed 626 yards, caught 10 passes for 211, returned kicks 363 and tallied 83 points.

Pace, picked by an eyelash over Michigan State's Walt Kowalczyk, is the Big Ten's leading scorer and ground gainer. Coach Bennie Oosterbaan calls Pace Michigan's best running back since Tommy Harmon and Elroy Hirsch."

Kowalczyk, Bob Anderson of Army, Bob Stransky of Colorado and Lee Grosscup of Utah comprise the second-team backfield.

Phillips, a freckle-faced redhead at 205 pounds, caught passes for over 300 yards and four touchdowns but stood out even more as key man in the nation's top defensive line.

Wallen caught 20 passes for 303 yards, intercepted four aerials and recovered six fumbles.

Michaels and Karras, 236 and 233 respectively, are extremely mobile for their size.

Thomas led Ohio State to the Big Ten crown with his aggressive play.

Besides the bonus selection of

Borger, Breck Lead Tiger All-Opponent

Borger and Breckenridge grabbed the most spots on the 1957 All-Opponent team of the Tiger footballers, according to a vote of the squad yesterday.

Both Borger, one of two teams defeating the Tigers this fall, and Breckenridge placed three on the all-foe first team of the Tigers. Breckenridge bowed to the Tigers 20-14.

Sweetwater and Levelland each put two on the all-opponent team with one from Midland rounding out the first team.

Big James Parker, Sweetwater fullback, was the only unanimous choice.

Sweetwater led the second team balloting with three with Breckenridge following with two. Six other teams landed one each on the second team. Levelland, Borger, Midland, Dumas, Colorado City and Big Spring.

Breckenridge and Sweetwater tied for most players on both teams with five each.

Following are the Tiger all-opponent selections:

TIGER ALL-OPPONENT TEAMS

Porkers Rally To Down NM Ags, 59-50

By The Associated Press

Arkansas downed New Mexico A&M 59-50 Wednesday in the only Southwest Conference basketball game.

The league takes Thursday off but four games are scheduled Friday.

Arkansas was behind 8 points at the half, but Larry Grisham and Tommy Rankin led the Razorbacks to a 44-43 lead with about six minutes left.

AT AMARILLO SATURDAY

Eagle Winning Streak In Danger

By HAROLD V. RATLIFF
Associated Press Sports Editor

Abilene risks its 48-game winning streak against Amarillo Saturday in the big game of the year in schoolboy football.

The largest crowd in Amarillo history will watch the two fight it out in a game freely labeled the actuall Class AAAA state championship struggle. At least 23,000 are expected.

Abilene, with three straight titles under its belt, will find itself the underdog in this one but there are plenty who think the poise and momentum from a four-year all-victorious surge will send the Eagles to victory.

The artful quarterbacking of Soapy Sudbury and the running of Dickie Polson trigger Amarillo's attack that has swept over 11 consecutive foes. Gervis Galbraith, a heady field general, and Chuck Colvin, who has rolled up 1,180 yards carrying the ball, are keymen in Abilene's offense.

The Amarillo-Abilene game dwarfs a 16-game schedule that will determine semi-finalists in four divisions.

In Class AAAA Highland Park of Dallas goes to Wichita Falls, Port Arthur will try to knock down Houston Bellaire at Houston and undefeated, untied Austin will roll against San Antonio Jefferson.

Class AAA's headliner matches Nederland, the unbeaten and untied power of the south, with Brenham.

Defending champion Garland meets Cleburne.

The other AAA quarter-final games match Kermit with Sweetwater and San Antonio Edison with San Benito.

Class AA has one game matching undefeated, untied teams—Seymour and McCamey—but the big battle of this division will be between Terrell and Bonham, each with a defeat. Terrell long has been the state championship favorite and it is generally agreed that if it gets by the Bonham threat it will go all the way.

Other Class AA quarter-final games are Brady vs. Bellville and West Columbia vs. Merdeces. McCamey is a mild favorite to stop Seymour while Brady and Mercedes are picked in the other two games.

Class A has Ralls playing Sundown, Albany battling White Oak, Mart playing Garrison and Pearsall engaging Jourdanton. Sundown and White Oak are the top-rated teams but the Mart-Garrison batle is the only one sending undefeated, untied outfits against each other. That game is expected to produce the finalist from the lower bracket.

P-View Bowl Game Set

HOUSTON (AP) — The annual Prairie View Bowl football game here New Year's Day will feature Texas Southern and Prairie View A&M.

Meet Brownfield In Lid-Lifter

The Tiger basketballers open their rugged 1957-58 schedule tonight when they will host the Brownfield Cubs at Tiger Gym.

Tipoff time will be 8 p.m. The game will be preceded by a "B" game between the two schools which will start at 6:30.

J. P. Ward, starting his fourth season as the Tiger cage boss, will field a near all-letterman lineup tonight but even so the Bengals are shy on experience.

The four returning lettermen played only sparingly last winter as the "first six" in the Tiger ranks last season graduated.

Two of the four returning Tiger lettermen did most of their playing last year with the "B" team, Bill Phillips and Gary Vice. John Ward and Israel Hinojos, the other two lettermen back, were varsity squadmen throughout last season.

These four lettermen and "B" team grad Leon Reed will make up the starting lineup for the Tigers tonight.

Ward, Phillips and Reed are the tallest Tigers, each standing 6-3. Vice is 5-10 and Hinojos 5-11.

The Tigers will spot the Clubs a few inches under the boards in tonight's game. Johnny Mack Jones at 6-6 and Ken Cason at 6-3 gives the Cubs plenty of height under the boards.

Brownfield opened its season Tuesday night with a 53-37 victory over Seagraves.

The Cubs have two returning starters in Ken Cason and Ken Cary.

Cary led the Brownfield scoring in Friday's win over Seagraves with 11 points. Cason and Larry Meeks had 10 each and Jones and Ivy had eight each.

The Cubs hit an amazing 68 per cent of their field goal aims against Seagraves, especially for a season opener.

After tonight's game, the Tigers will journey to San Angelo to meet the San Angelo Bobcats.

Odessa Quints Down Lincoln

Odessa won both ends of a basketball doubleheader from Lincoln here last night.

Odessa won the boys game, 51-34, and the girls game by 44-24.

Randolph Williams with 11 points and Lloyd Hood and J. B. Archie with seven each led the Lincoln boys' scoring. Don Blakely led Odessa with 18 followed by Richard Hunter with 14.

Odessa led quarterly by 17-4, 35-13 and 41-30.

Menda Hunter led the Lincoln girls with 11 points followed by Sheryl Sanford with nine. Ella Banks of Odessa was high for the game with 21 points followed by Virginia Lee with 17.

Next on tap for the Lincoln teams will be against Big Spring at Big Spring, Dec. 13.

San Angelo QB Wins Jr. C. Offense Title

By The Associated Press

Arlington dominated the statistics of the Pioneer Conference football campaign but the top individual was Charles Schlemmer, quarterback of San Angelo.

Schlemmer led in passing with 56 completions for 580 yards, in total offense with 883 yards, scored four touchdowns and ranked third in punting with a 38-yard average.

Bo Bankston, Cameron halfback, was the top rusher with 628 yards on 58 carriers. Kenny Williams, Arlington halfback, topped the scorers with 70 points.

Arlington led in total offense with 349 yards per game and gave up only 159 yards per game to lead in defense.

BUTTER-PEANUT SAUCE COVERS FRESH BROCCOLI, COOKED TENDER-CRISP
...unusual texture is result in flavor treat for vegetables

Sauces And Spices Provide Needed Vegetable Change

It's good for morale to let the family meet old familiar vegetables in a new guise once in a while.

For example, the delicate flavor of string beans adds to casseroles of fresh tomatoes and onions. They can be sparked with bacon or salt pork, and are an attractive adjunct to stews. Marinated in a spicy French dressing, they make a delectable salad.

Broccoli may be topped with such savory sauces as the butter-peanut combinations described below; or it may combine with ham and cream sauce for a complete change of appearance.

When cooking carrots for a roast accompaniment, put a small amount of ginger in them; or combine carrots with peanut butter as a sandwich spread. And shredded carrots blend well with shrimp and avocado in a jellied salad.

The variations are limitless.

BUTTER-PEANUT SAUCE POURED OVER BROCCOLI

1 bunch (1½ pounds) fresh broccoli, cook butter of margarine
3 tablespoons butter of margarine
2 tablespoons chopped roasted peanuts
1-16 teaspoon ground black pepper

Arrange cooked broccoli in a serving dish. Place butter or margarine in a saucepan with chopped peanuts. Cook over medium heat until butter and peanuts are golden brown. Add black pepper.

Pour over cooked broccoli. Serve hot. Serves 5 to 6.

ONIONS, SNAP BEANS BLEND WITH CHEESE

1 pound fresh snap beans
1 inch boiling water in pan
¾ teaspoon salt
1 pound small white onions
1 inch boiling water in pan
¾ teaspoon salt
Margarine or butter
Parmesan cheese

Wash beans. Cut off tips and leave whole. Place in saucepan with 1 inch boiling water and ¾ teaspoon salt. Cover. Bring to boiling point and cook until crisp-tender, lifting the lid 3 to 4 times during cooking to retain green color of the beans.

Peel onions, leave whole and place in a saucepan with 1 inch boiling water and ¾ teaspoon salt. Leave uncovered and quickly bring to boiling point. Cook until half done. Then cover and cook until onions are tender.

Season beans and onions with margarine or butter, ground black pepper and additional salt, if desired. Arrange in serving dish. Sprinkle with Parmesan cheese. Serves 4 to 5.

PEPPER STUFFING IS CHEESE AND TOMATOES

6 green peppers
¼ cup softened butter or margarine
2 cups finely rolled cracker crumbs
2½ cups shredded American cheese
2 8-ounce cans tomato sauce
1 teaspoon Worcestershire sauce
¾ teaspoon salt

Parboil peppers in boiling salted water 6 minutes; drain. Blend butter or margarine with cracker crumbs thoroughly. Layer with cheese in partially cooked peppers. Combine tomato sauce, Worcestershire sauce and salt.

Pour half in baking dish. Set filled peppers in dish. Bake in 325 degree oven 30 minutes. Pour remaining sauce over peppers and serve in sauce boat. Serves 6.

VINAIGRETTE SAUCE LIVENS SMAP BEANS

1 pound fresh snap beans
1 inch boiling water in pan
¾ teaspoon salt,
Vinaigrette sauce:
⅓ cup French dressing
1 tablespoon chopped parsley
1 tablespoon chopped green pepper
2 tablespoons finely chopped pickle

CAULIFLOWER IS SERVED AU GRATIN

1 medium head cauliflower
Cracker meal
1 egg, beaten
1 tablespoon water

Separate cauliflower into flowerets. Cook in boiling salted water until partially done, about 10 minutes. Drain. Roll in cracker meal; dip in beaten egg and water mixture; roll in cracker meal again.

Fry in deep fat (375 degrees) until golden brown. Serves 6.

CHEESE SAUCE:

2 tablespoons butter or margarine
2 tablespoons flour
¼ teaspoon salt
Dash of pepper
1 cup milk
1 cup grated sharp Cheddar cheese
Dash of paprika if desired

Melt butter and margarine over low heat. Add flour, salt and pepper and blend to a smooth paste. Gradually add milk, stirring constantly until thickened. Remove from heat.

Gradually add grated cheese and stir until cheese melts. Serve over French fried cauliflower. Serves 6.

BROCCOLI AND HAM FORM CASSEROLE

1 bunch (1½ pounds) fresh broccoli
1 inch boiling water in saucepan
½ teaspoon salt
½ cup chopped left-over cooked ham or luncheon meat
1½ cups medium white sauce
Salt to taste
½ cup grated sharp Cheddar cheese
¾ cup soft bread crumbs
2 tablespoons butter or margarine, melted

Wash broccoli, split big stems to cook uniformly and place in saucepan with 1 inch boiling water and the ½ teaspoon salt. Bring to boiling point without cover and cook 3 minutes.

Cover and boil 20 minutes or only until crisp-tender. Drain, if necessary. Place in 6-cup casserole with alternate layers of ham or luncheon meat and white sauce seasoned to taste with salt.

Combine cheese and bread crumbs and butter and sprinkle over the top. Bake in 350 degree oven 25 minutes or until brown. Serves 6.

1 teaspoon chopped chives

Wash beans. Cut off tips and cut into 1-inch pieces. Place in sauce pan with boiling water and salt. Cover. Cook until crisp-tender, lifting cover 3 to 4 times during cooking. Serve hot with vinaigrette sauce.

For sauce, combine all ingredients. Beat well with hand or electric mixer. Serve on hot cooked snap beans. Makes 2-3 cup.

TOMATOES AU JUS HAVE ADDED ONION

1 tablespoon butter or margarine
2 tablespoons chopped onion
2 tablespoons minced parsley
1 can (16 ounces) tomatoes
Salt, pepper

Cook butter until lightly browned. Add onion, parsley and liquid drained from tomatoes; cook down to about ½ cup. Add tomatoes and heat.

Season to taste with salt and pepper. Serves 3 to 4.

GINGERED CARROTS ARE DISTINCTIVE

1 pound fresh carrots
2 teaspoons fresh lemon juice
¾ teaspoon salt
½ teaspoon ground ginger
1-16 teaspoon ground black pepper
2 tablespoons butter or margarine

Pare carrots and cut into ½-inch slices. Place in buttered baking dish. Combine lemon juice and seasonings and sprinkle over carrots.

Dot with butter or margarine. Cover. Bake 30 minutes or until tender in hot 400 degree oven. Serves 5.

CABBAGE AMANDINE IS DELUXE VERSION

1 head (3 pounds) cabbage
1 inch boiling water in pan
1 teaspoon salt
½ cup butter or margarine
½ cup slivered balanched almonds
2 tablespoons fresh lemon juice
⅛ teaspoon ground black pepper

Trim cabbage and wash. Cut into 8 wedges. Place in saucepan with 1 inch boiling water. Bring to boiling point and boil 5 minutes, uncovered.

Then cover and boil only until crisp-tender, 10 to 12 minutes. Drain. Melt butter or margarine. Add almonds and cook until almonds have browned. Add lemon juice and black pepper. Pour over cooked cabbage.

A Logical Reason For Not Stopping

LOS ANGELES (AP)—The judge read the police report concerning a man before him on a reckless driving charge:

"Driving 93 miles an hour . . . Fled from officers . . . Chased about a mile . . ."

"Why didn't you stop?" Municipal Judge Thomas L. Griffith Jr. asked.

"I couldn't, your honor," replied Ramon Butler, 23. "I didn't have any brakes."

"Five days and $50," said the judge.

Junior Editors Quiz on
INDIANS

QUESTION: Why did Indians wear feathers?

• • •

ANSWER: As you probably know, not all Indians wore feather headdresses. The war bonnets you admire in pictures were prized especially by the plains Indians such as the Blackfoot. It's hard to say that Indians did this or Indians did that because there were hundreds of Indian tribes and sub-tribes, each one with varying customs. But the Indian who did wear a feather headdress was very proud of it. It helped tell what tribe he was from and what brave deeds he had done. Also he figured it made him look handsome and frightened his enemies. The feathers he wore were those of brave birds like the eagle and hawk, and the effect of a well made bonnet was impressive, as the owner meant it to be.

• • •

FOR YOU TO DO: Get a strip of heavy, brown cloth to form a band around your head and trail down your back. Sew to it a series of real feathers or cutout paper ones. White feathers with the tips dipped in ink and dried provide a very Indian-like effect. That will give you the start of a good Indian outfit.

Homemade Rocket Blast Kills Teacher, Hurts Seven Pupils

FLOYDADA, Tex. (AP)—A rocket made from a piece of pipe blew up during a high school chemistry class experiment yesterday, killing the teacher and injuring seven students.

Garland Foster, 40, the teacher and a former employe of the Atomic Energy Commission research center at Los Alamos, N.M., was killed.

Keith Hollums, 18, and Jerry Crawford, 17, were seriously injured. The other five had more minor injuries. Three more were treated for shock and released. Hollums had several teeth knocked out and suffered other mouth injuries and was hospitalized here. Crawford suffered ear and face injuries and was taken to a Lubbock hospital for surgery.

Dennis Whitfill, 18, a member of the class who was only a few feet from the explosion but escaped injury, gave this account: "The teacher used to work at the Atomic Energy Commission research center at Los Alamos and had learned about rocket fuels.

"We had mixed together carbon, potassium chlorate and sulphur and placed it inside this one-foot-long piece of pipe. The ends were capped with a hole in one end.

"We had twine tied to the rocket, which was on a roller skate, and had planned to hold it back with the twine. Later, the teacher said, we would make a stronger fuel, and might even try to launch the rocket."

The youth said 14 members of the chemistry class were gathered around the teacher on the school grounds when he struck a match to the opening at one end of the rocket. The match went out.

"The next time he tried," Whitfill said, "the rocket fizzed just a second and then exploded. Pieces of iron went in all directions. The roller skate, what was left of it, was blown about 20 feet away."

I. T. Graves, superintendent of the West Texas school, said the rocket was made from a piece of pipe about one foot long and a half-inch in diameter. Graves said the high school would be closed today and tomorrow.

Other students injured were Jerry Perry, 18, leg injury; Newton Davenport, 18, minor injuries; Jeanette Davenport, 18, cuts on the leg and face; Jerry Jones, 17, knee injury, and Frank Potts, 18, injured foot.

Search Continues For Missing Girl

SYCAMORE, Ill. (AP)—The communitywide search for a missing 7-year-old girl continued today as the FBI joined the hunt and police expressed belief evidence indicated a kidnaping or sex crime.

Police said they had found no clues in the search for the child, Maria Ridolph, who was reported missing early Tuesday night while playing near her home.

FBI agents declined to comment on the case but reportedly they questioned operators of filling stations, merchants and teenagers in Sycamore and nearby communities.

Hundreds of volunteers in this northern Illinois city of 7,000 aided authorities in hunting for the little dark-haired girl. Airplanes and two-way radio cars also have been pressed into the search.

Both Police Chief William Hindenburg and Sheriff Alfred Diesz said it appeared almost certain Maria was kidnaped. Her mother Frances said she believed her daughter, who was last seen in company with a strange man about 24 years old, is dead.

"I hope it's not a sex crime, but I'm afraid it is," Hindenburg said.

Police have found no clues.

Searchers found a man's shirt, with what appeared to be blood stains, about a mile from Maria's home. It was sent to the state police crime laboratory. The FBI sent the missing girl's doll, found near a garage near her home, to the FBI laboratory in Washington for examination.

Shortly before Maria's disappearance she was playing near her West Side home with a neighbor girl, Cathie Sigman, 8. Cathie told police a man approached and said: "I'm Johnny and I'm married and I'm 24 years old." He asked the girls if they wanted a piggy-back ride. Cathie left to get her mother's permission and when she returned Maria and the man were gone.

Reflex Test Spots Faults In Thyroid

By FRANK CAREY

PHILADELPHIA (AP) — A new type of "Achilles tendon" test for diagnosing faulty functions of the thyroid gland was described today to the American Medical Assn.

It involves a new electromagnetic technique for measuring the speed of the reflex resulting from tapping the Achilles tendon with a rubber hammer. The tendon is the tough sinew that leads from the back of the leg to the heel.

Dr. Jack A. Adelman, San Antonio, Tex., who described the device—developed by Maj. John D. Lawson, of Brooke Army Hospital—said it has long been known that dysfunctions of the thyroid gland have an effect on the tendon reflexes of the entire body. For example, when the thyroid is overactive, the reflexes are accelerated; and when it's underactive, they are slowed down.

But, he said, in borderline cases of thyroid dysfunction, the speed changes of reflexes may be so imperceptible that they can be detected only with a delicate instrument. In the past, he said, several such instruments have been developed, but each has certain drawbacks.

Adelman declared that the Achilles tendon reflex is a particularly good bet for testing purposes because, for one thing, the patient looks away from the source of the blow "and is less likely to anticipate it and, hence, cause inaccurate readings."

In the new instrument, a magnet is taped to the patient's heel. Then, two wire-wrapped iron coils are placed near the magnet. Any movement of the magnet towards or away from the coils sets up an electrical current which is recorded graphically on an electrocardiograph, the machine usually employed to record heart patterns.

When the doctor taps the Achilles tendon, the speed of the reflex response is recorded on the electrocardiograph.

Adelman told the 11th clinical meeting of the AMA in a scientific exhibit that the test is of value in diagnosing and differentiating between various types of thyroid dysfunction.

And it is "more reliable," he said, than routine thyroid function tests—such as use of radioactive iodine.

Heart Attack Is Fatal To Producer

HOLLYWOOD (AP)—Marshall Grant, 47, producer of Big Town, Lux Video Theater, Manhunt, Mayor of the Town and other television films, died yesterday of a heart attack.

Born in Racine, Wis., he was with radio station WHAD, Milwaukee, in 1931-32, then became an actor on the New York stage and in stock. In 1936 he entered the movie industry as an RKO production assistant.

In 1942-45 he formed his own companies to produce movies and TV films. He won the first TV Emmy award for a film series—Your Showtime.

Two Children Die In Fire

MESICK, Mich. (AP)—Two children died last night when a flash fire raced through the bedroom in which they were sleeping.

Dead were Otto Lowen Ream, 19 months, and his sister Astella Nora, 5 months.

The blaze occurred while their parents Mr. and Mrs. Dale Ream, were away from the small, frame house.

Police said the fire apparently started after a step-sister, Rosalie Duran, 12, put a blanket over a light bulb to keep the light from shining into the children's eyes. Rosalie was uninjured, but was treated for shock.

Inmates of the Iowa State Penitentiary recently built a shiny pink sports car from a pile of junk. They aren't going anywhere. They are students in the auto repair shop operated under the prison rehabilitation system.

Postmen Meet A Challenge

ROY, Utah (AP)—Attention Mrs. Lilly Aason of Baltic, S.D.:

Little Linda Claussen, your granddaughter in Roy, got her birthday cake ok.

Not one of the 11 candles was out of place.

Linda's cake came daintily decorated in a box with a plastic lid. Apparently the fragile shipment, which wasn't even marked for special handling, was a challenge to all postal workers along the way, said Roy Postmaster Emma Russell.

Little Linda, a fifth-grade student, had a wonderful birthday party earlier this week and the cake was the centerpiece.

Postmaster Russell doesn't recommend shipping any more cakes this way. Usually a parcel of this kind would be turned down—especially during the Christmas rush.

Thanks For Gifts

TAIPEI (AP)—Two Chinese on Formosa have received thanks from President Eisenhower for gifts they sent him. Mrs. Chang Sze Sou-fang of Taipei sent the President a portrait she embroidered of him. Ahping Chiang of Chiayi sent a table he hewed from a cedar tree that grew on a mountain peak.

Snyderite Earns Honor At College

AUSTIN (Spl) — William Thomas Deffebach, University of Texas senior law student from Snyder, is one of the six new members of Chancellors, honorary law organization.

Election to Chancellors is the highest scholastic honor a law student can receive before graduation. Six outstanding seniors with members each fall.

Deffebach is the son of Mr. and Mrs. Lyle Deffebach, 3113 Avenue T.

He is a member of Phi Delta Phi, law fraternity; the staff of the Texas Law Review, published by the School of Law for the State Bar of Texas; Delta Sigma Pi, men's professional commerce and business administration organization, and Kappa Alpha social fraternity.

He received the Consul Award, one of the school's highwst honors, and he was named outstanding second-year law student in 1956. He is an honor roll student.

Klansman Convicted

BIRMINGHAM, Ala. (AP)—A 43-year-old former industrial worker became the third Ku Klux Klansman convicted of mayhem and sentenced to a maximum of 20 years for mutilating a Negro man.

Jesse W. Mabry was convicted and sentenced yesterday by a Circuit Court jury which deliberated about 58 minutes. His attorney filed notice of appeal and bond was set at $20,000.

Two others previously were convicted and given the maximum sentence in the castration of Judge Aaron, 34-year-old Negro handyman who was kidnaped, beaten and mutilated by Klansmen Labor Day night.

Three others remain to be tried.

Judge Alta L. King called the crime the worst he had ever heard of in 35 years as a lawyer.

Two of the six accused testified that the incident was carried out as a protest to Negro school integration efforts in Birmingham.

Mabry admitted going along with the others but denied taking part in the mutilation.

Kiwanis Plans To Aid Needy Families

The Snyder Kiwanis Club is now assembling lists for its program to aid underprivileged families during the Christmas season.

The Rev. John W. Reaves, president of the club, said that persons who know of families who should be included in the program should submit applications now.

At the same time, Rev. Reaves said the Kiwanis Club will have its special motion picture again this year through courtesy of Snyder Theaters. At 10 a.m. on Dec. 23 children will be admitted to the special movie at the Palace Theater if they bring a can of food or a toy. The items collected at the theater box office will be used in the program to aid underprivileged families.

Food, toys and children's clothing still are needed by the Kiwanis club for use in the project. Some organizations and individuals have made cash contributions.

Applications for aid in the program must be in by Dec. 15. Persons who know of families who should be included are invited to fill out the coupon below and mail it to The Daily News.
