"Politickin' " will be the general topic of discussion for Oltonites this week as voting day approaches in a spirited city race and an unopposed contest for school trustees.

Garland DePrang and Burley Faver seek re-election to their positions on the school board while nine candidates appear on the ballot for city councilmen.

Entered in the race to fill the three vacancies of out-going councilmen Joe Hall, Vernon Nixon and Jimmie Jenkins are incumbents, Hall and Nixon. They are joined by Sue Cannon, Daniel Rey, Wayne Cole, Stephen Smith, Larry Garvin, Gene Gee and Mrs. Owen Norfleet.

Potential newcomers on the council commented on why they sought to serve and what they'd like to see accomplished in these statements:

Statements of newcomer candidates are listed in the order their names were drawn for the ballot.

SUE CANNON:

"There are a number of reasons for my running for a place on the council. Number one with me would have to be because I'd like to see a real bonafide, organized city-wide clean-up campaign conducted. If we don't have equipment that can be repaired, then let's get some good used equipment that we can keep moving to keep our town clean.

"Another thing I'd be very much in favor of, is an aerial mosquito control program. When we had dependable people hired for aerial mosquito control was the only time we had any relief from mosquitoes and I think we need this type program.

"We need a more progressive council that would lead the town in a new growth. I'd like to be a part of that council.

"Most everyone is aware that I spoke out in favor of giving the people of Olton the choice of voting whether or not to build a city hall. This is a decision that will NOT be made by the council, however, but one that the people will make."

"I, along with many others, would also like to see a hospital and home for the aged in Olton. But this is something that will have to be done outside the city -- and effort by the entire trade territory I feel is the only way we can ever build a hospital."

DANIEL REY:

"Responsibility? Obligation? Privilege?

Responsibilities are sometimes neglected. Obligations are sometimes forced upon and not carried out properly.

"No, I run for the city council on neither one of these reasons alone, but a combination of reasons.

"First of all, I am privileged to run for Alderman of the city. Second, I would be privileged to undertake the responsibilities and obligations of a city councilman. Being a Mexican, my third reason is to motivate my Mexican-American people into getting more involved in the city's activities, making it a more solid and informed town."

"Improvements I would like to see in our city are: To carry out and succeed on our clean-up month project. Second and probably one of our greatest needs is a hospital in our town.

"Las responsabilidades las cuales tienen los miembros del consul del pueblo so grandes y honorosas. Con su ayuda, soporte, y voto aremos una cuidad mas favorable en cual vivir Les agradisco su voto el dia seis de Abril."

WAYNE COLE:

"I announced as a candidate for city councilmen in order for the people to have a choice when no one else had filed.

"I'd like to see all the projects already started completed -- the city park, the new civil defense warning system and an effective mosquito control program."

STEPHEN SMITH

"Why did I become a candidate?"

"Having lived and worked in Olton all my life, I feel a responsibility as a citizen of this community to attempt to serve it in as many ways as possible. I am now on the Board of Directors of both the Industrial Foundation and the Chamber of Commerce, and I think being a member of the City Council would closely tie these three organizations together. In the past, communication between these organizations has been sometimes lacking. They are all for the betterment of Olton and should work together in every way.

"What I would like to see Olton accomplish in the next two years:

"I would like to see Olton promote itself through better business and economic endeavors. Rural communities in Texas today are having a hard time competing with larger cities for labor and new industry. Olton has the ability to be the exception and grow rather than decline, if there are people in the community willing to work toward that goal. I am totally committed to the construction of a new City Hall. It has been long needed. The new City Hall will beautify a portion of downtown Olton that sorely needs it. It will provide a community meeting place, central City and Chamber offices and a council meeting room large enough for public attendance. In the next two years, I hope to see as much paving and curbing done as financially possible. I feel that the mayor and the council should take advantage of every possible federally funded project for the improvement of our city.

In the past I don't feel that every avenue of federal monies has been pursued. By constructing the lower portion of the City Hall as a fallout shelter, a good portion of the City Hall's cost would be federally funded. Briscoe has recently stated that everything possible must be done to keep small communities like ours growing and prosperous. There are perhaps state agencies that can help promote and fund various types of city projects. As a councilman, I will do everything possible to improve our community by the best means available."

LARRY GARVIN

"I felt like it was time for a change. The present city government seems to have exhausted its resources. No matter who is elected, I think the city council needs new thinking, new ideas."

"As for what I'd like to see accomplished, I'd need to think carefully and weigh all the information before making any firm statements. I'd like to see anything that shows progress for the city -- the water system, community center, anything showing progressiveness."

GENE GEE:

"I want to be city councilman because of the need for interest rather than apathy in city government. People of our city are stirred often due to the apparent lack of interest on the part of city officials and lack of information available on topics of interest. I desire to know what is going on and be an active representative of the view of the people on improving our city.

"One of the first things people look at when they enter a town is the cleanliness and neatness of the town. Olton has been in the process of cleaning up for a couple of years now and I would like to see more. Neatness is apparent when homeowner and business men alike are proud of their streets, homes and buildings and personal property. The garbage collection service and street paving program are two improvements I would like to see made soon.

MRS. OWEN NORFLEET

"I have lived in Olton all of my life. I am proud of our community and I want everyone to be proud to live here.

"It is my desire, through the city council, that we might promote progess. With a combined effort we must strive for projects that will aid the betterment and enhance the appearance of our town. In anything that we do we must maintain a sound business approach but at the same time combat the natural deterioration that is ever present.

Contacted this week. Hall stated his purpose in running again and his goal for the future was the desire to see the current projects completed.

"Especially the water well, booster pump and the distribution lines now in the

Prices Were Low In Those Days

Working in miserably cold weather for a pipe line company back in 1926 led to the decision to try something different and the beginning of a new career for Greer Hamill.

It was in Quanah that the veteran restaurateur began in the lowly position of dish washer. In a few weeks he had moved into the job of short order cook.

Greer recalls that small cafe and the vast difference in the cost of meals then and now. Hamburgers were a dime or three for a quarter. "But we could buy three pounds of hamburger meat for a quarter," he explains.

Homemade pie, he remembers, sold for a dime a slice and "good" T-bone steaks were 35 cents.

"The best T-bones, extra cut, were just 60 cents. Ham and eggs were 35 cents. Coffee was a nickle with warm-ups."

"I sure wouldn't care to go back to those days, though," he says emphatically.

He recalls, in his early years as a restaurant cook, buying eggs for just eight cents a dozen with the farm folk "glad to get that much." He also remembers buying lots of Idaho baking potatoes for just $2 per hundred and farm fresh tomatoes for a nickle per pound.

"Folks ate more then (when he began as a cook). Railroad and oil field workers would eat three big meals a day."

In about 1941, Greer began working as a dinner and pastry cook. He remembers beginning baking buns by 11 a.m. and almost always running out before the last diner had lunched.

"I really enjoyed making rolls," he says but admits he prefers working with meats.

Greer got his opportunity to specialize as a meat cook in the early 1950's when he and Coy lived and worked in Wyoming and when they returned there after operating the Ideal Cafe here for 13 months during the mid-fifties.

In Wyoming they worked at Riverton, Shoshone, Thermopolis and Casper. Greer worked as meat cook at one of Casper's large hotels. Coy worked at the hotel coffee shop and Greer across its large ballroom in the restaurant.

"We served the best beef money could buy," he remembers, explaining the hotel and its own meat room and purchased carcas beef to be cut at their own specifications.

Steaks were the specialty of the house but Greer recalls they did offer hamburgers for $1.50.

Tips were very good in Wyoming and Coy's wages were handsomely boosted by those gratuities.

Working for a while in Alaska, the Hamills also found good wages. Cost of living was high and foods sold for about double those "back home."

"But tips were extra good and we got our meals so the living was pretty good," they recall.

A graduating senior, Alana was born here during the year Coy and Greer operated the Ideal Cafe. Her arrival came on the June 1956 day when Olton prematurely celebrated its fiftieth anniversary.

It was for Alana's schooling that the Hamill's decided to return to Texas and to what had become "home country" for the East Texas natives.

They worked in Lubbock for a while until the Spotlight Cafe on Highway 70 became available and moved here Feb. 21, 1962.

The Spotlight Cafe opened for business in August 1955. Maxine and O.L. Crouch had extensively remodeled the building that had housed their laundry business. They continued ownership of the restaurant until selling it to Greer and Coy in 1962.

Not only has the cafe undergone a name change to "Hamill's Restaurant," it has also seen remodeling and, with the addition of the dining room, a doubled amount of space.

The attractive brick interior dining room can be separated into two rooms through the use of sliding doors and can accommodate small or large dinner parties.

An active booster of the Mustangs, Greer makes it to many of the basketball games, all the home football games and many of those out of town.

He has cooked up many pancakes at the club's annual pancake supper and is right at home with a pancake turner in his hand.

Looking back on the years that have passed since he began as a dish washer, Greer recalls "good times and bad times" but speaks with sincerity as he says Olton is where he's found the "best friends of my life."

UIL One Act Play Presented Tuesday Night

The drama department of Olton High School presented Tuesday night its version of "Screwtape", a one-act play which will be judged at UIL contests in Dimmitt April 2.

Directed by Marilyn Miller, the play featured Monte Chitwood as "Screwtape"; Mark Gunter as "Wormwood"; John Rodriguez as Michael Green; Virginia Daugherty as Mrs. Rosalie Green; Robin Criswell as "Milly Brooks"; Chesna Dickenson as "Judy Macadam" and Connie Thomas as "Slumtrimpet".

The stage crew consisted of Kim Barnett, Bryan Allcorn and Alan Johnson.

Everyone is invited to see the presentation at UIL contests in Dimmitt.

ONE-ACT PLAY CAST

The Doctor Is Coming

Word was received here this week that Dr. Jim Kirkpatrick would arrive at Lubbock on or about April 8.

Dr. Kirkpatrick was contacted by local citizens who made a trip to England to persuade him to come to Olton to practice medicine. Over a year has lapsed in making the necessary preparations for the doctor to come to the states.

The doctor will be accompanied by his wife and baby.

LEAVES HOSPITAL

L.H. Marshall was dismissed Sunday from a Plainview hospital where he had surgery some ten days earlier.

SUNDAY VISITS

Mrs. James Spurlin, Randy and Nina attended church in Farwell Sunday and visited Mrs. Spurlins' parents, Mr. and Mrs. Ebb Randol. In the afternoon the Oltonites visited the Spurlin's daughter and family, Mr. and Mrs. Dan Bullion and Sandra of Clovis, N.M. They visited Mrs. Spurlin's sister, Mrs. Elva Ruth Davis in a Clovis rest home.

FROM HOUSTON

Mr. and Mrs. Guy Ballard and Neil of Houston visited recently with Guy's grandmother, Mrs. Alice Willis of Littlefield and with Mrs. Ballard's parents, Mr. and Mrs. J.W. Johnson Jr. of Hart Camp.

GRANDSON VISITS

Master McAlan Duncan of Roswell, N.M. has been visiting this week in the homes of his grandparents, Mr. and Mrs. Tom McGill, and his uncle and aunt, Mr. and Mrs. Mack McGill and family. His parents, Mr. and Mrs. Alan Duncan, are vacationing in Caracas, Venezuela.

TO HAPPY

Mr. and Mrs. Denver Offield, his parents, Mr. and Mrs. A.L. Offield of Littlefield and their son, Bob Offield of Midland, visited Sunday afternoon with the A.L. Offield's son and his wife, Mr. and Mrs. D.R. Offield of Happy.

MOTHER VISITS

Mrs. Lora Briggs of Midland returned to her home Sunday after staying several days with her daughter and family, Rev. and Mrs. Jim Owen, Mike, Karri and Jeff.

CHILDREN VISIT

Mr. and Mrs. Orian Hackler had as recent guests her sons Kent and Max Wozencraft, both of Riverside, Calif., and her daughters, Mrs. Nora Lee Robertson of Temple and Mrs. Fred Burgess. It was the first time the brothers and sisters had met together for seven years.

HOSPITAL VISIT

Mr. and Mrs. E.R. Spain visited Monday with W.H. Lance in St. Anthony's Hospital, Amarillo. Mr. Lance, a resident of Perryton, is the father of the Spain's daughter-in-law, Mrs. Jim Spain of Cali, Columbia, South America.

FROM EL PASO

Mr. and Mrs. G.V. Bostick of El Paso came Saturday to visit his sisters, Mrs. F.M. Holland and Mrs. Merle Sharp, and their brother and his wife, Mr. and Mrs. A.R. Bostick.

planning stages," he said.

Nixon summed up his intentions simply with "On the basis of the past four years, the council has tried to be conservative and yet give to Olton the necessary items we could afford. In the future, I'd like to see the hospital district voted in and a concentrated effort made for a hospital and rest home."

Candidates were quizzed Friday as to their stands on a number of issues of vital interest to Oltonites. Their responses are cited here. One candidate, Mrs. Norfleet, was unavailable for comment.

1. What is your position on the proposed new city hall?
2. What is your thinking on the suggestion that the city purchase an ambulance and maintain its service?
3. Do you favor a tax incentive (reduced or adjusted tax rate or tax exemption for a period of time) in order to gain industry for Olton?
4. How do you feel about a paving and curbing project?

SUE CANNON

1. "It should be put before the people for a vote. I'm for it."
2. "Not necessarily the city but if that is the only way we can get it, we need an ambulance service."
3. "I would be in favor of it."
4. "There's a definite need for street improvement all over the city. If funds are not available for paving and curbing then I think we should have a continuing upkeep of dirt streets."

DANIEL REY:

1. As much as I know right now I'd say no but I'd like to check into it more, I'm not really informed about it."
2. "If it meant that or lose it, I'd say yes."
3. "It would help our town. Yes."
4. "I'm all for that. It would improve the looks of our town."

WAYNE COLE:

1. "I think there's been enough discussion pro and con to justify a bond election."
2. "No comment."
3. "I'd have to think about it."
4. I'd hate right now to say go into anything very costly due to the changing economy."

"Anything involving a lot of money should go before the people," Cole said. "They're the ones who pay for it not the council."

STEPHEN SMITH:

"My statement indicates my thinking on all the questions except number three. If that's the only way we can keep it, yes. We MUST have ambulance service."

LARRY GARVIN

1. "I'm in whole hearted favor. Anything that will show progress. We want people to come in and spend their money in our town but we don't want to spend it ourselves."
2. "I don't know what all it'd involve, I'd want to look into it but we definitely have got to have ambulance service."
3. "Yes. Let me just say how I feel. I've heard the older residents talk about 'losing the railroad, losing the court house, losing the hospital.' I don't know why but for those of us who've moved here in about the last five years, I don't really care. But if we don't get up and get going, we're not going to have anything left to worry about losing."
4. They talk about our indebtedness in 1980 but if we don't keep something going we won't have any streets to drive on."

GENE GEE:

1. "There's not a short answer. I think that after consideration of street work and garbage and sewers, a city hall would be next in line."
2. "Yes, if this if the only way we can keep it. It should be bond supported first and tax supported if the need be."
3. "It'd be extremely beneficial in attracting new businesses."
4. "I answered that in the first question."

JOE HALL:

1. "Personally, I'm for it but I feel the only route is to put it before the people and let them decide. We need it. If we stay where we are we're going to have to do something. We need to get rolling and get something accomplished."
2. "It seems almost impossible to do so but it may come to it. If the council's present efforts don't work out and it's the last resort then we'll have to do it and I'll go along 100 percent we'll have to do it."
3. "I'm for it 100 percent, that is, within reasonable bounds."
4. "The ridiculous out of line cost of paving and curbing now makes me think not yet. It's three or four times as much as two years ago so I can't see it right now but then it may not get any cheaper. We do need a bunch of it. Maybe some federal funds will become available and we'll sure try to latch on to them."

VERNON NIXON:

1. "I think the people should have the opportunity to vote on it."
2. "No."
3. "Yes, I do if they are going to employ family men."
4. "It would be nice if the people could affort it."

Future Homemakers Observe National Week

The Texas Association of Future Homemakers of America will observe NATIONAL FHA-HERO FHA WEEK, March 31 through April 6. Using the theme Impact '74 the 68,000 Texas members will join some half-a-million young men and women across the country in demonstrating projects that are challenging, stimulating, and of real value to youth in preparation for future responsiblities.

"We have a new approach to program planning, Annette Reznik, State President, of Friona, pointed out. Working with our PROGRAM ACTION IMPACT kit is exiciting. IMPACT was developed by youth and introduced to chapters this year by state and area officers. We analyze member concerns and then develop what we call 'indepth' projects that are realted to our home economics classroom study. Most people have no idea of what is taught in home economics calsses today. They think of home economics as cooking and sewing and of Future Homemakers of America as just another 'fun and games' club.

During NATIONAL FHA-HERO WEEK we want to impress on people that Future Homemakers of America, as a part of home economics education, provides opportunities for us to learn, to know, to care and to do the things that help prepare us for future living."

Future Homemakers of America was founded June 11, 1945 as an incorporated, nonprofit organization supported by membership dues. There are two types of chapters. FHA chapters place major emphasis on consumer education, homemaking and family life education combined with exploration of jobs and careers. HERO chapters, taking the name from home economics related occupations, place major emphasis on preparation for jobs and careers with recognition that workers also fill miltiple roles as homemakers and community leaders.

Nationwide in membership and effort, Future Homemakers of America is co-sponsored by the U.S. Office of Education through the Division of Vocational and Technical Education and the American Home Economics Association. National Headquarters are located in Washington, D.C.

Mrs. H.B. Maxey Jr., and Mrs. Jodie Seaborn serve Olton schools as home economics teachers.

RECENT VISITORS

Mr. and Mrs. R.J. Turner had as recent visitors his brother and sister-in-law, Mr. and Mrs. Vernon Turner of McLean.

Susan Nicholas - O.L. Plymell Exchange Double Ring Vows

Wedding vows for Susan Jane Nicholas and O. L. Plymell Jr., were solemnized Friday in Garland Street Church of Christ of Plainview. Doug Lawyer, minister from Oklahoma City, directed the double ring ceremony.

The bride is daughter of Mr. and Mrs. J. S. Nicholas. O. L. Plymell Sr., of Andrews and Mrs. Ida Plymell of Levelland are parents of the groom.

Background of the altar area was formed by an arched candelabra fitted with crystal votive cups and entwined with white chrysanthemums, carnations and tropical greenery. Flanking candletrees, also fitted with votive cups, were draped in garlands of greenery and white flowers. White satin bows marked the bridal aisle.

A Main Street Church of Christ chorus provided background music. Mrs. Doug Lawyer, Oklahoma City, soloist, presented "The Wedding Song" and Gene Gee sang "Starting Here, Starting Now." "The Twelfth of Never" was presented as a duet.

Given in marriage by her father, the bride wore a formal length gown of candelight miramist and Alencon lace over bridal peau designed and fashioned by her mother.

Styled along Empire lines the A-line skirt swung from a semi-fitted waistline and swept into a chapel train. The narrow stand-up collar and bodice were covered with Alecon lace lavished with seed pearls and crystals. Scallops of lace accented the bodice at the waistline and the hemline of the skirt. Appliques of the lace motif formed a graduating panel down the skirt front.

The bouffant sleeves of miramist terminated in long lace cuffs closed with tiny self-covered buttons.

Her chapel length veil of imported illusion fell from a coif of Alencon lace, seed pearls and crystals.

Atop her white Bible, she carried a cascade arrangement of roses, carnations, stephanotis and gypsophila.

For"something old" she carried the wedding band of her aunt, Mrs. Howard Hall, tied in the bridal bouquet; "new" was her bridal attire, and "borrowed" was her sister's white Bible. She wore the traditional blue garter.

Miss Sharla Nicholas attended as her sister's maid of honor. Other bridal attendants were Mrs. Charles A. McClain of Perryton cousin of the bride, and Miss Shauna Lawyer of Oklahoma City.

Candelighters were Misses Dana Houston and Sharissa Hamby, cousins of the bride. Flower girls were DeAndra and Jill Dennis of Kress and Crystal Hamby, all cousins of the bride.

Feminine attendants were gowned in light blue sheer organza flocked with blue flowers. The carpet length gowns were styled with deep ruffles framing low rounded necklines. Blue trim accented the slightly raised waistlines. Self fabric roses in center back held velvet ribbon streamers extending the length of the skirt. Deep flounces accented the hemline of the full skirts.

Wearing large fluted picture hats with fabric roses and ribbon trim, they carried Colonial bouquets of carnations, delphiniums and gypsophila.

Jerry Plymell was his brother's best man.

Groomsmen were Ricky Plymell of Andrews, brother of the groom, and Steve Smith of Levelland. The groom was attired in black trousers with candelight shirt, candelight brocade tuxedo and a carnation and rosebud boutonniere. Groomsmen wore black tuxedos with blue shirts and white carnation boutonnieres.

For her daughter's wedding, Mrs. Nicholas chose a formal gown of pink with matching accessories. Mother of the groom wore a pale green formal length dress with matching accessories. Both wore corsages of gardenias.

Guests were registered by Miss Susan Cannon at a table bearing a blue candle in a crystal votive cup with blue candle ring.

A reception was held in the Fellowship Hall. White tapers in a tall silver candelabra surrounded by the attendants' bouquets, graced the bride's table with its white dotted swiss cloth. Debbie Plymell, sister of the groom, Brenda Leathers and Alana Hamill served the white bride's cake and punch. Appointments were silver and crystal.

Laid with a chocolate brown cloth, the groom's table featured a blue candle in a lantern globe encircled with blue flowers. Mrs. Ricky Plymell of Andrews and Kathy Stradley of Lubbock presided at the silver coffee service and served the groom's chocolate cake.

For travel, the bride chose a light blue plaid pantsuit ensemble with white accessories and corsage.

The newlyweds will be at home at 400 Cedar Apartment 37, Levelland.

A 1970 graduate of Olton High School, the bride graduated from the dental division of Parks School of Business in Denver, Colo. and was employed in Lubbock.

Plymell is a 1966 graduate of Levelland High School and is employed in Levelland.

Out of town relatives attending were Jerry Dennis of Blossom; Mr. and Mrs. Curtis Wilkinson and Mr. and Mrs. Jimmy Grey, all of Littlefield, and Mr. and Mrs. Randee Buchenau of Farwell.

MR. AND MRS. JAMES LUIE CROSS

Korean Miss Is Bride Of Olton Serviceman

In a candlelight ceremony Monday evening, March 25, in First Baptist Church of Noodle, Miss O, Suk Cha of Seoul, Korea, became the bride of James Luie Cross of Colorado Springs, Colo. The Rev. Elton Stary, pastor, directed the double ring vows.

The bride is daughter of Lee, Wo Son and O, Soung Kun of Seoul. Parents of the bridegroom are Luie Cross and Mrs. Gerald Nixon.

Traditional wedding music was presented at piano by Mrs. Carl Coulston of Vera, aunt of the bridegroom. Candles were lighted by Charles Dear, Fort Worth, cousin of the groom.

In the quiet ceremony, attended only by members of the family and a few intimate friends, the couple's only attendants were Mr and Mrs. C.C. Allen, grandparents of the bridegroom, and former residents of this city.

The bride wore a formal length wedding gown of white organza styled along Empire lines. Fashioned with a standup collar and long fitted sleeves, the bodice of the gown was re-embroidered with seed pearls. Twin rows of seed pearls down the A-line skirt formed the outline of a front panel. Seed pearls were also used to emphasize the wristline tapering over the hands.

A pearl encrusted crown held in place her layered veil edged in lace. Scattered flowers of lace and seed pearls were appliqued upon the shoulder length section, and trailed down the floor length veil that formed the chapel train.

The bride designed and fashioned the entire wedding emsemble including the cascade arrangement of her bridal bouquet.

Immediately following the ceremony a reception in the home of the grandparents honored the young couple. Hosting the event were Mrs. Gerald Brown and Mrs. Coy Searcy, aunts of the bridegroom. Using crystal and silver, traditional wedding cake and pink party punch were served by the hostesses.

The bride is graduate of An Sung High School in Juk Sun, Korea. Cross, graduate of Olton High School, attended West Texas State University, and with the U.S. Army served a tour of duty in Korea.

Following a wedding trip to Dallas the couple will be at home at 817 South Tejon, Colorado Springs, Colo., where Cross is stationed at Fort Carson.

KELLI SMITH

Cook Of The Week

A winner in the recent Lamb County 4-H Club Food Show, our young Cook of the Week is Kelli Smith, fifth grade student at H.P. Webb Elementary School.

Kelli is a second year 4-H'er but participated earlier by helping her older brother, Rodney, with his club projects. It is also her second year to compete in the food show, winning year before last with her sand tarts.

An avid fan of athletics, Kelli loves playing football and baseball and would probably be the first to sign up if a girls softball league were organized. Present for each game and practice session of Little League baseball while her father coached, she would have been a member of the team if all wishes came true.

Kelli also likes to embroider and to paint. She likes social studies but her favorite subject at school is probably art.

She plays trombone in the beginners band and takes piano lessons. She is a Girl Scout and a member of the GA's of the Baptist Church.

Kelli is the daughter of Mr. and Mrs. Landon Smith and also has a little sister, Londi.

The recipe she shares for green bean casserole won a blue ribbon for Rodeny in the County Food Show two years ago and earned him a right to compete at the district level.

A Message to the High School and College Age Students of Olton . . . (and those who love them) From the President of West Texas State University

You are standing on the threshold . . . perhaps the threshold of greatness, but at least on the threshold of what can be a rewarding career. West Texas State University is also on the threshold . . . we think it is the threshold of greatness.

There is a new excitement on our campus. Everyone associated with the University tells me they feel it, students, faculty, alumni and our many boosters throughout the Panhandle.

The excitement started ten years ago when we achieved University status. We began getting many new facilities including a new library, science building, research center, classroom and administration buildings and a new Student Activities Center which is second to none in the United States. We have new programs of a dozen different kinds . . . even one for horsemanship.

Much of the money for these programs and facilities has come from individual citizens, companies and foundations. These benefactors say, in effect, that our area should be the site of a significant university . . . a university with facilities and programs which attract outstanding faculty and students from all over the nation, even the world.

WTSU is growing but it is not so big but that our teachers can take a personal interest in each student and relate to him as the individual he is. Though we have a higher percentage of Ph.D.'s on our faculty than most universities, (over 50% ,) our classes average fewer students than most, (under 20).

Our students are very much a part of making things happen at WTSU. They are interested, involved and excited. Their learning experience is bigger than the classroom . . . it is as big as life itself.

Tell us which of these areas of study interests you and we will tell you more about that program at WTSU. Clip this coupon and mail it to me personally. I'll see that you get the whole exciting story without obligating you in any way.

Lloyd D. Watkins

Dr. Lloyd Watkins, President
West Texas State University

P. S. Don't let financial considerations keep you from exploring the idea of coming to WTSU this summer or fall. Scholarships and other financial assistance are readily available.
