THE TEXAS SPUR

AND THE DICKENS ITEM

VOLUME XXIII. SPUR, DICKENS COUNTY, TEXAS, THURSDAY, MAY 25, 1933. NUMBER 30

Fred C. Haile Will Be Candidate For Congress Of The New 19th District

Following the passage of the Congressional bill by the Texas Legislature the past week which places Dickens county in the new 19th District formed in West Texas, Fred C. Haile, secretary and Manager of the Spur Mutual Life Insurance Association, has announced that he will be a candidate for Congress from the new district.

The 19th Congressional District includes the counties of Dickens, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, King, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Halkell, Gaines, Dawson, Borden, Scurry, Fisher, Andrews, Martin, Howard, Mitchell; and leaves an open field with no former representative, present Congressman Marvin Jones, whose residence is at Amarillo, remaining in the 18th District. The other two new districts granted to Texas in the redistricting measure were formed in Southwest and East Texas.

Mr. Haile's announcement that he will be a candidate for Congress will be greeted with enthusiasm by people of this and adjoining counties where he is especially well known. He is a veteran of the World War and has an unusually successful and enviable record in the field of business, having in the past few years built the Spur Mutual Insurance Association into a company recognized as one of the most reliable as well as largest institutions in Western Texas, involving more than $2,500,000.00 in business. His popularity in this section was evidenced in the last General election when he carried Dickns County by a majority of nearly three to one in his campaign for State Legislature, and obtained substantial majorities in several other counties and a good vote over the entire district.

His campaign in this section will also be remembered as one of the cleanest ever made in this section.

In an interview with Mr. Haile Monday, he stated that as yet he had outlined no campaign issues but intimated that he favored the major policies of the Roosevelt administration and was anxious to see farm prices increased and international commerce placed on a more staple basis. He stated, however, that he did not favor the recent publicity that the National Chamber of commeree had issued through the subsized daily press, and would have something to say about this later as well as the policies adopted in relation to the problems of Veterans.

Saddle Thieves Caught by Sheriff

Sheriff Arthur this week arrested two men who have been charged with the theft of two saddles taken recently from the Bill Sauls place on the Colbert Ranch, and the theft of harness in other parts of the county.

Racing and Boxing To Be Legalized In the State of Texas

Dispatches from Austin are to the effect that bills legalizing the holding and betting on horse races in the state of Texas, and legalizing the holding of boxing matches and prize fights, have received favorable action at the hands of the Legislature and lack only the signature of Governor Ferguson to become a law.

Rains and Showers Give Section Good Planting Seasons

Rains and showers of the past several days have given practically all communities in this section excellent planting seasons with prospects for one of the best crops in years. Highway, McAdoo and Afton sections received good showers Friday night of the past week and Saturday night and Sunday morning this section reports three-quarters of an inch rain with heavier precipitations south, west and north. Again Wednesday morning this section received a good rain fall with reports of it extending to the north east and South east, covering Red Hill, Wilson Draw. Considerable hail is reported with the rains but little damage due to the lateness of crops Weather conditions are still unsettled

Moisture was badly needed at this time for the planting of crops and the rains will be of great benefit to the farmers as well as ranchmen whose ranges were suffering from the continued dry spell.

Spur Ladies Are Accident Victims

Mrs. J. C. McNeill III. Miss Mary Elizabeth Hogan, Mrs. Pauline Clemmons, Spur and Miss Johnnie Fielder of Dallas, narrowly escaped critical injury when their car overturned near Aspermont Sunday afternoon, on a return trip from Dallas. Miss Fielder was most seriously injured receiving a severe cut on a limb which required 20 stitches. Others of the party were severely shocked and are suffering superficial cuts and bruises.

The wreck occured when Mrs. McNeill, who was driving, allowed the car to leave the runners on a bridge four miles east of Aspermont, causing her to loose control. The car which was new over turned three times and was badly damaged.

W. C. Presley Is Dead Following Months of Illness

William C. Presley, 73, an early-day cowboy and widely known rancher of this section, passed away early Thursday morning at his suburban home just west of the city, his death terminating on illness of several months duration.

"Uncle Billie", as Mr. Presley was familiarly known to his many friends, was born in Montgomery, Ala., August 15, 1860. He moved to Texas with his parents when a small child and at the age of 14 years began work as a cowboy on the Ross ranch near Guthrie. Later he joined the force on the Pitch Fork Ranc and for 27 years was one of this company's most trusted and valued employees. Investing his savings in land and cattle, Mr. Presley eventually acquired a considerable tract of land and a ranch home in King county, and with good business judgement and foresight became one of the most prominent of the pioneer ranchers of this section.

March 9, 1917, Mr. Presley was married to Miss Kate Row, in Hood county, bringing his bride to the ranch home where they lived until 12 years ago when the cattle interests were sold and thy moved to Spur to make their home. Mrs. Presley, a son, W. C., Jr., and an uncle, Robert Presley, of Dallas, survive.

"Uncle Billie" had one of those sterling characters which are formed and deepened by a life spent on the open range. He was a Christian gntleman, honest, unassuming and charitable in his dealings with his fellow man, and there are undoubtedly green pastures and a choice remuda reserved for him in that land beyond the river. His death is a real loss to this community and a source of grief to his many friends here as well as among the cattlemen and ranchers over Western Texas.

The funeral was preached by Rev. Joe E. Boyd of the First Methodist Church at the home Thursday afternoon, following which members of the local lodge took charge and burial services were conducted with Masonic honors. Interment was made in Spur cemetery, directed by Webber Williams.

Out of town relatives and friends here for the funeral were Mr. and Mrs. W. C. Stokes, a sister, of Tipton, Okla; Miss Elizabeth Stokes, a neice, of Kerrville; Dug Meadows and Oscar Benson and family of Matador; Booker Graves, Sam Graves and family, Babe Graves and family, Ison Lynn, of Guthrie; Jake Raines and Gene Hatcher, of Kalgary; Pres Goen and family and W. A. McAteer and family of Dickens, A. B. Winkler of Croton, and others whose names we were unable to learn.

T. E. Lee Died at Home in Matador

Thomas Edward Lee, an eminent citizen of the Matador community and an uncle of Lewis Lee of this city, pased away at his home Thursday, May 18th. Mr. Lee was born July 17, 1858, in Van Zandt county, Texas. His parents died when he was a small child and he and his brother, Emmett Lee a well-remembered citizen of this community were reared by an uncle in East Texas.

In 1891, Mr. Lee married Miss Ellen Osburn of Callahan county, and to this union ten children were born, two dying in infancy. Seven of the children were with him during his last illness, and they and his loving devoted wife are left to mourn his death. He was a faithful, consecrated deacon in the First Baptist Church of Matador, and one of God's greatest men.

Pastor F. G. Rogers of the First Baptist Church of Spur was called to preach the funeral. Lewis Lee and wife, and sisters Bertie and Elva, also attended.

We sympathize with all the loved ones in their loss, but it is Heaven's gain. —F. G. Rogers.

The Land of Tomatoes

ITALY—the land of sunny skies, warm colors, and good food—is indeed a land of tomatoes. Have you ever visited the market places of Italy? The women in bright aprons, shawls and scarfs evidently think more of good food than thin figures, for with their proportions it is no trick at all to balance a market basket on their heads.

Let's Look In

And if we peek into the market basket, we will say, at first glance that it is filled with scarlet red tomatoes—big ones and the little Italian tomatoes, which Italians in this country have introduced to us through their back-yard gardens. If we are lucky enough to go home with one of these women, we will find tomatoes converted into the most unbelievably good dishes—chicken cacciatore, which is a broiled tiny chicken smothered with a savory sauce of tomatoes, mushroom, olive oil and interesting seasonings; veal scallopine, thin slices of veal roasted in a similar tomato, mushroom and oil sauce, ravioli, spaghetti, steaks stuffed with tomato bread dressings—almost everything that they eat has a flavor of tomatoes.

Since Italian tomato paste, for those who like the more concentrated native flavor, is available in cans, we can make these native dishes to perfection. For those who prefer our own large ripe luscious tomatoes in cans, the addition of Parmesan cheese gives this the necessary tang.*

When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundries of such cities and towns, such boundries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities and towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Section 4 and 5 of Article XI of this Cnstitution (or any amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutatory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitutional inconsonant with the provisions of this Section 3, of Aricle IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a proceedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

LUTHER MILLER PASSES AWAY

Luther Miller, who was injured by a horse falling with him, died in a Stamford sanitarium Wednesday, May 10. The injuries proved fatal. The body was prepared for burial and brought to Spur where it was held, pending arrival of relatives from New Mexico and Arizona. Funeral services were held Friday at Dickens, followed by interment in Dickens cemetery, Webber Williams being in charge.

Rev. H. T. Harris conducted the funeral services in the presence of on of the largest congregations ever assembled at Dickens.

The Pitchfork boys were pall bearers.

The death of Luther Miller was a great shock to his relatives and friends and "cowboy buddies." A good citizens has passed away. Luther had a number of friends who were attracted by his always jolly nature and fun.

To my knowledge and way of thinking Luther was fair and square with his fellow man, this fact being proven by the large crowd that gathered at the cemetery to pay to him their last respects.

"The life he loved is over, he is gone,
No more will he greet the morning sun,
He is not here for joy, laughter, or care
In Dickens cemetery his body slumbers there.
No bright morrow on the range for him can dawn
The last of cowboy days to him are gone."

We can't understand, and wonder why people of Luther's standing are taken away and men of worthless character are left, but God is no rspector of person. We who stay will grieve that he had to go. Peace comes with death, and it were better so.—Johnnie Koonsman.

O. C. Thomas, of Post City, and formerly principal of the Spur High schools is a patient at the Nichols Sanitarium having undergone an operation for appendicitis Monday.

Mrs. Luther Hindman is up and able to be about following several days illness.

Baptist Church

The number in Sunday School May 21 fell slightly below that of the previous Sunday. We must not go backward but must press forward. God has blessed us in numerous ways. He has sent rain to water the earth and when we render unto him our services He will send spiritual blessings. Our time, tallents, money, and all that we have are not our own but they, with ourselves, belong to Him.

We are only Stewards and He is the master. The time that we spend in His house is very little compared to the time we spend in a selfish way.

At the present time Christian people as individuals and churches must take a stand against many evils or our town and state are going farther away from God and the right.

SPUR LAUNDRY

ECONOMY & EFFICIENCY HAS MADE THIS THE WIFE-SAVING STATION

IT won't be long now—what with April showers, May flowers and all the nice things that herald June cherries. But why wait? Canned cherries are always ripe cherries, and you can choose royally at all seasons between black cherries, red cherries, white cherries, maraschino cherries, cherries with pits and without.

Cherries for All—All for Cherries

What to do with them? That's easy, for there are recipes on every hand for delectable cherry salads, cherry soups, cherry cocktails, cherry desserts. Thus far we have not heard of a cherry sandwich, but with the present vogue for fruit sandwiches it occurs to us, that one would be delicious made with creamed cheese, chopped nuts and chopped red cherries on very thin slices of whole wheat bread.

Here is a recipe we can vouch for:

Black Cherry Cobbler: Mix one tablespoon sugar with one tablespoon flour, add the boiling syrup from one-half of a No. 2½ can of pitted black cherries, and cook until creamy. Add one tablespoon lemon juice, one tablespoon butter and the cherries from half of the can, which have been halved or quartered. Pour into a buttered baking dish. Make a biscuit dough of three-fourths cup flour, one and one-half teaspoons baking powder, one-fourth teaspoon salt, one and one-half tablespoons shortening and one-fourth cup milk. Drop by spoonfuls on top of the fruit. Bake in a hot oven, 425 degrees, for about fifteen minutes. Serve warm with cream.

Time and again I am told---by my own organization and by others ---that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives---he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,---all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car---but two items we do not skimp are cost and conscience. A great many things could "get by"---the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

Wear Their Flower Renew The Spirit

To America, now going forward in a great drive against the economic enemies which have invaded the country, comes a message from the men who fifteen years ago were giving their lives in defense of the country against an armed enemy. It comes in the form of the little red poppy that we will all be asked to wear on Poppy Day, May 27. It tells us to serve and sacrifice for our country now with the same patriotic spirit that those men served and died among the poppies in France in 1917 and 1918.

The poppy is a symbol of remembrance for the World War dead. Poppies glowing on every coat on Poppy Day will show that we still remember deeds such as their's cannot be indifferent to present calls for patriotic service. As long as the memory of our heroes is kept bright, America can be confident that heroic service will come from its citizens in every hour of need.

The women of the American Legion Auxiliary, who will bring us the poppies on Poppy Day, are carrying out a very valuable work for the country. With their memorial flowers they are helping keep alive a memory more precious than vast material riches—the memory of men who were willing to die that America might live in freedom and happiness. With the poppy contributions, they are helping carry on for America in the spirit of those heroic men the flower commemorates. Every American who is a true American should show his response by wearing a poppy on Poppy Day.

Spur Invited to Send Sponsor to Cowboy Reunion at Stamford

Spur has been invited to send a sponsor to the Texas Cowboy Reunion which will be held at Stamford July 3, 4, and 5. A letter directed to the local Chamber of Commerce says an elaborate program of entertainment is being prepared for the sponsors.

Three prizes are being offered for the most attractive sponsors who attend the Reunion. Sponsors must be mounted and both horse and rider will be considered in judging for the prizes, points being given on the girl's horsemanship as well as on her mount and equipment. Sponsors must provide their own mounts, equipment and costumes, but the Reunion management will provide grooms and feed for the animals.

First prize will be a handsome pair of hand-made riding boots given by Nocona Boot company of Nocona. Second and third prizes will each be a pair of silver mounted spurs, one given by the Nocona Boot Company and the other by the San Angelo Cowboy Boot Shop.

The judging will take place on the morning of the opening day of the Reunion, July 3rd. Sponsors representing 35 cities and towns were entertained at last year's Reunion.

Large Group Attend Feeders' Field Day Spur Station, May 5

Three hundred farmers and two hundred farm women from 31 counties attended the Feeder's Field Day meeting at the Spur Station on May 5th. The occasion was the closing of the current year's cattle feeding tests in which seven lots of ten head each had been fed various rations of locally grown feeds. Good gains were made by all lots and the results show that a number of West Texas grown feeds can be used in putting a high finish on cattle in the feed lot. This year's work is only a part of a series of experiments in connection with the study of the utility of West Texas feeds in fattening and finishing cattle. County agents, and vocational teachers have been in close touch with this work throughout and are using the inormation in connection with cattle feeding as a part of the farm program. In general, this work shows that the grain sorghums, sorghum roughages, cottonseed, with the addition of pulverized limestone or oyster shell flour, form the basis of profitable rations.

Mr. and Mrs. H. R. Black and daughter, Mrs. Pickard, made a trip to Stamford the past week to visit with their son, Cole Black and family. Little Patsy Lynne Pickard, who has been spending the past two months with her uncle, returned with them.
