To Vote March 23 On School Issues At Wilkinson

Wilkinson School District voters will choose between two issues Saturday, March 23 seeking to bolster its financial position in operating the eight-grade school.

One issue calls for a "for" or "against" vote on the question of asking the Titus County Commissioners Court to raise the district's tax rate from \$1 to \$1.50 per \$100 valuation.

The other issue will be for a "for" or "against" ballot for consolidation with the Talco Independent School District.

The election, ordered by Judge Cecil Franklin, will be held at Wilkinson School. Talco school district patrons also will vote on the consolidation question the same day.

State statutes provide only property taxpayers in the Wilkinson district may vote in the first issue but any qualified voter, not necessarily a property owner, may vote the consolidation question, said Judge Franklin.

The school employs three teachers for the eight grades taught there. About 55 students attend.

Indebtedness remains on the present school building, erected in the early 1950s.

Area VI FHA Meet Saturday at ET

Area VI convention of the FHA will be held Saturday, March 16, at the ET in Commerce. Registration will be from 8:30 a. m. to 10 p. m. The house of delegates meeting will begin at 8:30 a. m. in the auditorium of the Home Economics building. Approximately 2000 Future Homemakers are expected to attend.

Theme of the meeting will be "Guidance for Progress." Appearing on the program will be Dr. Charlyce R. King, Dr. James G. Gee, Mrs. Coye Allen, and Miss Ann Ray, and Mr. Kirkham.

Band Students In League Contest

Members of the Talco High School Band participated in the Region 15 Interscholastic League contest, which was held on the East Texas college campus in Commerce, Saturday. Approximately 850 high school and junior high school students from 30 Northeast Texas schools attended. The events were set up so that individual solos and ensembles were rated. Judging was based on rating of 1 to 5.

Talco band members received the following rating:

Class II—Carolyn Alexander, cornet solo. Class II—Carolyn Rodgers, Barbara Morse and Judy Jagers, clarinet trio.

Class III—Flute trio, Sharon Walding, Patty Williams and Janice Hanks; III—Bass clarinet solo, Mary Sue Love.

Class IV—Sax quartet, Sherry Sikes, Ramona Haynes, Martha Neugent, Carolyn Rodgers; sax quartet, Lana Sloan, Gayla Caldwell, Wanda Hanks, Dorothy Love.

Class V—ensemble—Rosemary Gartman, Carolyn Alexander, Linda Miller, Butch Walker.

Bass clarinet solo—Dorothy Pierce.

Talco Trojanettes Lose In Finals

Talco's Trojanettes, who went into the regional finals at Brenham during the week end, fell to the Moulton girls 50-35 Saturday night.

Talco stayed close on the heels of the victors throughout the game, but two Trojanette starting guards fouled out in the last quarter and Moulton breezed through for the win.

Moulton's Roabe, who was an All-Stater as a junior last year, made high point with 35. Anita Dyke with 17 and Sue Smith with 14 paced Talco, with Joan Smith adding 4.

Half-time score was 25-18 in favor of Moulton. The loss gave the Trojanettes, coached by Larry Tucker, a 22-10 season record.

The Trojanettes pushed into the finals with a 38-24 victory over Hemphill Saturday morning.

Hemphill stayed up with Talco the first period 5-5, but by half-time the score was 17-13. At the end of three Talco had a 26-21 lead over Hemphill.

Due to the fine work of the Talco guards Jo Franks, Nelda Alexander and Becky Lewis, the Trojanettes took their final lead as the three guards held Hemphill to only three points in the final period. In the meantime Talco scored 12 points.

Talco's Anita Dyke took game and team honors with 20 points. Sue Smith sank 16 for the Trojanettes and Joan Smith added two.

Among those attending the Regional basketball games at Brenham were: Mr. and Mrs. John F. Cook, Jeanie and Sallie, Mr. and Mrs. Robert Giddens, Sandie and Terry, Mr. and Mrs. D. R. Harton, Cheryl and Lynn, Mr. and Mrs. Bill Walding, Mrs. Cordelle Alexander, Mrs. Clifford Jones, Mrs. W. E. Lewis, Mrs. Larry Tucker, A. C. Newsome, Billy Joe Vickers, Jesse Blalock, Jackie Dixon, Ronny Nelson, and Ronny Logan, who came from Austin, where they attended the State finals of the boys basketball teams and attended Hemphill-Talco and Talco-Moulton games. W. R. Shaw and J. J. Smith attended the Talco-Moulton game.

J. G. Malone Rites Held At Paris

Jesse G. Malone, 59, a former resident of Lamar County, died Friday in Wallace, Idaho after a long illness. Funeral services were held at 2 p. m. Tuesday at Paris with interment in Meadowbrook Gardens.

Mr. Malone was born in Bell County, Texas, Oct. 8, 1903, son of Lisha and Emma (Howell) Malone. Surviving are eight brothers and sisters. He was the uncle of Rev. Don Malone pastor of the Talco Assembly of God Church.

JOHNNY KELLEY FETED ON BIRTHDAY

Johnny Kelley was entertained with a skating party Saturday in Mt. Pleasant in honor of his 8th birthday.

Those attending with him were: Charles Winkle, Jan Gage, Larry Carroll, Mike Fussell, Steve Cecil, Gloria, Peggy and Cheryl Kelley and the hostess, Mrs. Kelley.

Mr. and Mrs. Edmond Brown are visiting Mr. and Mrs. Norman Edwards and other relatives in Tyler this week.

Observe Public Schools Week

Last week, March 4-8, was Public Schools Week in Talco—the time designated for parents and others interested to visit their school and observe its activities.

One of the most interesting occurrences during this week was the style show presented by Mrs. Gage and the homemaking classes. The program, entitled "Fashions Around the Clock," displayed the latest fashions made and modeled by the girls. With bright colors and young charm, they modeled casual, school, and Sunday frocks for the PTA on Thursday night. This was one of the ways the students helped to make Public Schools Week a success in Talco.

Those who visited the school during the week were: Mrs. D. H. Kelley Jr., Mrs. Bob McClung, Mrs. James Alexander, Mrs. M. L. Barron, Mr. and Mrs. J. T. Goodroe, Mrs. A. C. Newsome, Mrs. Raymond C. Jones, Mrs. W. O. Mayo, Mrs. C. A. Cass, H. V. Bonham, Mrs. Mattie Cabell, Mrs. Alvin Dyke, Mr. and Mrs. R. R. Rothwell, Mr. and Mrs. D. L. Parker, Mr. and Mrs. T. W. Austin. — Legislators have received two proposals for spending the state's money during the two years starting Sept. 1.

One came from Gov. John Connally, the other from the House Appropriations Committee.

Governor Connally's suggestions marked the first time a new governor had tried to work out a budget after taking office. In his message he dealt in detail with 19 of the major state departments. These are mainly the ones over which the Legislature has direct control.

Connally trimmed fat out of some agencies to provide new money for others. His stress came on higher education. Here he suggested \$14,000,000 worth of salary increases for faculty members and more research and library facilities, as a means of holding good professors and attracting new ones.

To finance his program, Connally suggested that the "temporary" corporation franchise surtax, which has been extended twice before, be retained. It would provide about \$11,000,000 a year.

He also suggested that the 1961 sales tax law be revised to begin taxing clothing under \$10, farm implements and all sales of food by restaurants, and to raise the sales tax on cars and trucks from 1.5 to 2 per cent.

Clothing tax proposal would bring in \$10,000,000 a year. Motor vehicle tax increase would provide \$2,500,000. Farm implements tax would run \$1,000,000.

Fire quickly developed from rural legislators over the proposed farm implements tax.

Both Connally and the House Appropriations Committee proposed expenditures totaling about \$3,100,000,000 during the coming two years.

Before Connally laid out his proposals to the Legislature, he invited Texas newspaper editors to Austin to show them how the state's complicated fiscal structure works. His "illustrated lecture" revealed that the Legislature has actual control over only 15 per cent of the \$3,000,000,000. Rest already is earmarked by constitutional and statutory provisions.

WILL FARMERS FOOT EDUCATION BOOST. — When Rep. Don Garrison of Houston spread before the House Revenue and Taxation committee his bill to boost the Available School Fund

by \$3,000,000 a year, a spokesman for Texas farmers and ranchers registered a strong protest.

Garrison plans to get the additional \$3,000,000 by amending the state law that allows a 98½ exemption refund from the State Motor Fuel Tax for gasoline not consumed on the highways. His bill would cut the refund to 73½%.

That 25 per cent cut then would be credited to the school fund.

Charles H. Huff of the Texas Farm Bureau said almost half of the new school fund money — about \$1,500,000 a year — "would be coming out of the pockets of farmers and ranchers."

They get motor fuel refunds of about \$5,700,000 a year — or 49.11 per cent of the usual total refunded. Much of their refund comes from motor fuel taxes paid on farm machinery.

Airlines and private plane owners, who get about 30 per cent of the refunds, would be the second biggest contributor to education under Garrison's bill.

Four members of the subcommittee named to study the bill are from ranch or farm country — Reps. George Cook of Odessa, Ben Barnes of DeLeon, William Davis of Midland, and James L. Slider of Naples. Rep. F. Lee Duggan Jr. of Houston is the fifth member.

MINERAL ESTATE TAX PROPOSALS — to set up tax procedures on mineral estates, severed from the land, have been filed by Reps. Emmett Lack, Kountze and Clyde Haynes of Vidor.

Proposals are part of a package that should be favored by small-tract landowners and independent oil and gas producers.

One piece of the package is a constitutional amendment to increase the Railroad Commission from three to five members.

Second would give the Legislature the authority to "establish the duration of any interest in an undeveloped mineral estate."

Texas Landowners and Independent Oil & Gas Operators Association contends that some major oil companies hold onto undeveloped mineral interests for an unreasonable length of time.

Two other bills by Lack and Haynes are aimed at forcing development of mineral interests:

One provides that mineral interests would revert to the owner of surface land if no develop-

ment attempt is made for 10 years.

Second provides for a county tax assessment of no less than \$5 an acre, if the mineral estate isn't developed.

Rep. Bob Bass of DeKalb proposes a 25-cent minimum tax assessment on each acre of undeveloped mineral estates.

STRONG SUPPORT FOR SCREW WORM BILL — Rep. Jack Crain of Nocona had 50 co-signers lined up when he introduced a bill to provide \$2,840,837 as the State's matching share of the \$12,000,000 federal-state-private screw worm eradication program.

Since it is backed by Governor Connally's strong recommendation the bill should be off to a good start.

But the House Appropriations Committee didn't include a provision for screw worm eradication in its 300-plus page appropriations bill.

Crain said Legislators would seek a separate appropriation to cover the proposed state contribution.

CARS FOR COMMISSIONERS

When county commissioners stopped asking the Legislature to authorize horses and wagons and won the right to drive pickup trucks on their appointed rounds, they thought they were thoroughly mechanized.

As their operations became more streamlined and pickups no longer were necessary, some switched to automobiles. But a pickup is not an automobile. Atty. Gen. Waggoner Carr ruled. So Williamson, Cochran, Hockley, Terry and Yoakum counties are asking authority from the 58th Legislature to buy cars for their commissioners.

Harris, Tarrant and some Panhandle counties discovered the difference for themselves some time ago. They already have authority to decide whether pickups or autos would be best for commissioners' transportation.

LICENSE PLATE PRICE HIKE ASKED — Sen. Criss Cole of Houston proposes to increase the annual motor vehicle registration fee by \$1 with the income going to our state parks.

If the Legislature approves Cole's license plate cost increase, the question will be submitted to voters at the general election of November, 1964.

FEDERAL LOAN APPROVED FOR 10 UNITS HOUSING IN TALCO

Rep. Wright Patman informed this newspaper that the Public Housing Administration has approved a Federal Loan which will provide for the construction of 10 low rent homes at Talco, Texas. Four of the homes are scheduled to be designed and built for elderly persons. Congressman Patman stated that the construction cost is estimated at \$9,306 for each unit including equipment. Construction will be undertaken by Housing Authority of the City of Talco which awards all contracts on the development. Congressman Patman

added that the loan will also provide for the site acquisition, utilities, planning and design fees, interest on loan, Administrative costs and a contingency fund estimated at \$4,093.00.

The estimated total cost of the project is \$142,153. The loan plus interest will be repaid to the government by the Talco Housing Authority from the proceeds of the sale of its long-term bonds to private investors. The contract also provides for annual contribution from the Federal government to help keep rents within the means of low income families, Mr. Patman said.

PUTTING POLLUTION TO ROUT

Science, with its brains and
 equipment, can help put the
 specter of water pollution to
 rout by placing it in a test tube
 and making it disappear.

But science alone cannot do
 the job, not as long as ignorance
 continues to be pollution's hand-
 maiden — ignorance of the na-
 ture of pollution and the danger
 it causes each one of us.

Science needs you — and you,
 too — to tell it what's to be done,
 how much equipment is needed
 and what funds are required to
 do the job.

For if pollution is to be eradicated,
 says the National Water
 Institute, the plain fact is that
 only people can accomplish it;
 only people can determine
 whether their community lacks
 facilities to store, transport, treat
 and bring pure water into the
 home, offices and industrial com-
 plexes of our community.

When men, minds and ma-
 chines — and science — join forces
 and focus on ridding the nation's
 waterways of the specter of pol-
 lution, the nation will have wit-
 nessed the greatest clean-up
 program ever held.

R. R. Co. Contracts For County Barns

Red River County Commis-
 sioners Court in the regular March
 meeting approved a number of
 leases and contracts for building
 and office space, according to
 County Judge Gavin Watson, Jr.
 Purchase contracts for two new
 county barns were signed, one at
 Bagwell for Precinct 2 and one at
 Boxelder for Precinct 4. All pre-
 cincts now occupy quarters of
 their own for the first time in
 history.

Leases were also approved for
 office space for the Aid to Depen-
 dent Children division of the
 State Department of Public Wel-
 fare. This division was separated
 from other welfare functions
 March 1, and Clarksville will
 serve as headquarters for an area
 including Red River, Lamar and
 Franklin, under Area Supervisor
 Gene Warthan. Warthan will oc-
 cupy an office in the Hotel Main
 south of the county welfare of-
 fice. Ross King and Dick Wren,
 county ADC caseworkers, will al-
 so occupy an office in the Hotel
 Main, adjacent to R. T. Edwards,

HOCKEY

by KESSLER

The first game of true ice hockey was played in Montreal, Canada, by teams of McGill University students in 1875. Eighteen years later, Yale University students skated onto the ice to compete in the first American Ice Hockey match.

Just as hockey on ice continues to grow in popularity, Kessler Whiskey—over ice—continues to make new fans among sports enthusiasts because it is "Smooth As Silk" all the way.

Symbol of supremacy in the professional hockey world is the Stanley Cup. First won by the Montreal team in 1893 it is hotly contested by the teams of the National Hockey League, Toronto won in 1962 defeating Chicago.

The Winter Olympics of 1960, held at Squaw Valley, California, saw an underdog U.S. team beat the highly rated Russian squad for the first American victory in international ice hockey competition.

Mrs. Emma Delatte of South San Gabriel Calif., has ordered The Talco Times sent to her son, C. E. Stevens of Tacoma, Wash. They are former Talco residents.

Chief Mantooth Rites Wednesday

Chief Mantooth, 54, employed as a guard at the state penitentiary at Huntsville, died unexpectedly there Monday noon. His home was in Commerce.

Funeral service was held Wednesday at 4 p. m. at the First Baptist Church in Deport, with Rev. N. D. Gilmore of Commerce officiating, assisted by Rev. James Barnes of Deport. Interment, under direction of Grant Funeral Home, followed in Highland Cemetery.

Surviving are his wife of Commerce and these children, Mrs. Raymond Womack of Wolford, Ornie V. Mantooth, Curtis Mantooth, Felton Mantooth, Mrs. Bill Parker all of Dallas, and Kenneth Mantooth of Commerce, his mother now Mrs. H. A. Hannabeth of Commerce, and four grandchildren. Two brothers, and a sister, Eron Mantooth of Soper, Ok., Plen Mantooth of Garland and Mrs. Goldie Gresham of Commerce, also survive.

Deceased son of Mrs. Lula (Ward) Mantooth Hannabeth and the late Aaron Mantooth, was born July 4, 1908 at Cooper. He was married in 1927 to the former Nellie Hutson. The family lived in this area until a few years ago when they moved away.

Army Pvt. Thomas L. Black, 19, son of Mr. and Mrs. Mack L. Black, Rt. 1, Talco, recently was assigned to the 7th Artillery, a Nike-Hercules missile unit at Bergstrom AFB Texas. Black, a missile launcher crewman in Battery B of the artillery's 4th Missile Battalion, entered the Army in December 1962 and was last stationed at Fort Polk, La. He is a 1962 graduate of Talco High School.

Alcorn Comes Out in Favor Beauties
Of the Country, Plus Light Poles

Editor's note: Achin Alcorn Philosopher on his Johnson grass farm on Sulphur gets his mind off the international situation this week, for a change.

Dear Editor: You hear so much about Cuba these days you'd think it was the only problem facing this country, but I read about a problem last night that will get your mind off international affairs.

According to it, a bunch of fox hunters in the horse country in Virginia are up in arms over the plans of a utility company to run transmission lines across their fox hunting territory. The utility company says it's the most economical route to run the lines, and the fox hunters say they aren't interested in economy, they don't want the light poles ruining the scenery.

I don't know anything about the particulars, I'm in the same shape about the fox hunting country as I am about whether there are any missiles in caves in Cuba, the same as the military experts, but I am interested in the theory that an electric light pole mars the scenery.

Understand, I'm in favor of country scenery, got more of it out here than I have crops, there's

nothing prettier than the sun coming up across an expanse of open territory on a crisp, crystal-clear spring morning, especially if you can see it through a window while you're under a warm blanket, but it's not a bit prettier than string of electric light poles marching across a pasture on this Johnson grass farm bringing energy for my electric water pump and television set.

There's nothing more soul-satisfying than getting a drink out of a gurgling spring on a hot summer's afternoon, but I tell you turning a handle and getting a glass of water out of a hydrant inside your own house is hard to beat, summer or winter.

Hauling a horse to a fox hunt in a man-made trailer pulled down a man-made road by a man made car and then complaining because there are some man-made electric light poles in the area, is a little out of my field of comprehension.

Me, I'm all in favor of electric light poles in the country. They improve the scenery. I like electricity. I'm in favor of it. The only thing I don't like about it is the electric light meter, but then the only thing I don't like about paved highways is the gasoline tax.

Yours faithfully A. A.
