Champion Lake Dam Construction Starts

Fort Worth Firm Has Contract

Heavy equipment will be moved in this week to begin construction for Texas Electric Service Company's dam across Champion Creek.

Contractors for the million dollar project — a dam 120 feet high at a point 7.2 miles south of Colorado City —are Moorman, DeWitt and Singleton of Fort Worth.

Officials of the firm were in Colorado City Thursday setting up headquarters for their operations.

Project superintendent for Moorman, DeWitt and Singleton will arrive here Tuesday as equipment will begin to arrive for the construction.

Actual work on the dam construction will begin late in the week or about May 5.

* * *

Design and supervisory engineers for the dam and lake, which will control surface water drainage from an area of 166 square miles, are the Fort Worth firm of Freese and Nichols. It is the same firm what planned and supervised work for TESCO at Lake Colorado City.

Additional work at the Champion lake site will be by Halliburton Oil Well Cementing Company. Halliburton was on the job already during the last week, providing subsurface cementing in the dam's south area.

TESCO officials in Fort Worth notified the Record by phone that construction work on the new dam and lake is expected to require approximately 10 months.

"We expect the dam to be closed in about 10 months," TESCO reported.

Operations headquarters for Moorman, DeWitt and Singleton during that period will be at James Wulfjen's former resident near the dam site.

Dozens of work crews will be employed in the construction, adding to the rising employment force in Colorado City and its area.

* * *

TESCO is constructing the Champion Creek dam and lake to provide for constant level of Lake Colorado City (Morgan Creek) and to provide ample water for huge expansion at TESCO Morgan Creek Power Plant.

The two lakes will be connected by conduit, with water from Champion Creek Lake flowing into Lake Colorado City.

The new lake will impound a miximum of 6,750 acre feet of water per year, with 2,700 acre feet for Colorado City's municipal use and 4,050 for industrial use.

* * *

Average depth of the new lake will be more than 27 feet. The dam will have a 30-inch (diameter) service outlet plus and 10-feet (diameter) service spillway conduit, plus a 1,200-foot wide emergency spillway.

TESCO did not announce the amount of the dam contract, but engineering services have reported that the low bidder for the dam construction submitted a proposal of more than $1,000,000.

State Jurist Speaks to Lions, Bar

Associate Justice Joe Greenhill of Texas Supreme Court told Lions here Friday his court was "trying to follow the law, not make it."

The Austin jurist, who has just announced his candidacy for re-election to the State Supreme Court, was principal speaker for the Lions luncheon in Civic House.

Friday night he addressed the Mitchell County Bar Association and special guests at a Civic House dinner.

Greenhill's comment on the high state tribunal's attempt to follow the law was an obvious verbal slap at the U. S. Supreme Court.

"We follow the principle that the legislature makes the law," the associate justice said, "and, if the law needs changing, it is up to the legislature to do it."

Greenhill put the luncheon crowd to laughing numerous times as he related humourous incidents in legal matters.

But he also provided a capsule report on the job of the State Supreme Court, which reviews 600 civil cases each year.

"Your court has whittled its docket down," Greenhill said, "to where it is right up to date."

"So, if you have a case on the docket of the supreme court, we will hear it in 30 days and have a decision out in about 30 days more.

The associate justice was introduced both at the lun-

BASEBALL SEASON IS HERE

Baseball season is here again . . . and hundreds of youngsters in Colorado City are trying out for positions on the Little League and Pony League teams here.

Southwestern Bell Telephone Co. wishes to give a sincere "pat on the back" to every worker and sponsor in the city who helps make the baseball program possible. It's a great recreational outlet for the youth of the community . . . and goes a long way in building the youth of today for citizens of tomorrow.

There are 14 organized teams in the Little, Pony and Minor Leagues . . . and every team needs the backing of you and I. . . . let them know that we're watching . . . and working!

SPRING HOUSE CLEANING

Is spring house cleaning under way at your home? And are you planning to do a little redecorating, too? I have a suggestion that will help add a little color to your home whether you're cleaning or redecorating. It is this: Put some color telephones in your home.

We now have nine attractive colors plus black. The colors are: white, cherry red, pastel yellow, ivory, moss green, rose pink, aqua blue, light beige, light grey.

From this variety you can choose one or several to blend or contrast with any colors in your home.

Color extension telephones are practical, too. You'll be surprised at the steps they save: No more running from one end of the house to the other to answer. And, an extension telephone will give you more privacy on calls.

Color extension telephones are economical, too. The monthly extension charge is only $1.00 a month.

GOING SOMEWHERE?

Some people I know have started planning their vacations because they know planning ahead can make a vacation more fun.

They've found, too, that calling ahead makes a vacation even more fun. No worry about whether you'll find accommodations. No guessing as to whether the people you want to visit are home. Calling ahead on your vacation trip or on any trip makes it more fun, give you more peace of mind.

And, don't forget that the people at home like to hear from you, too. A telephone call is a personal, easy way to keep in touch.

Next time, call. Take the worries out of travel.

Call by number. It's twice as fast.

MAY 5 and MAY 6

Colorado High Junior Class To Present "Down to Earth"

The Senior Class of Colorado High School will present "Down to Earth" May 5 and May 6 in the high school auditorium.

The three-act comedy-fantasy is a play of subtle humor and quiet charm blended with the inimitable Bettye Knapp's light-hearted touch.

Two angels descend to earth to pick up two elderly souls but their mission is complicated by a mischievous would-be angel, Pilone portrayed by Richard Compton.

The two elderly souls who were supposed to be picked up are Augusta Applegate, a wealthy and sarcastic spinster, played by Jane Merritt; and Herman Howell, a kindly retired sailor, played by Joe Maddox.

Herman is ready to go, but Augusta has spent a lifetime accumulating her wealth and naturally hates to part with it.

Unconsciously on the side of the angels, however, are Augusta's two nieces, Orpha Teel played by Nelwyn Moser and Millie Bromsley played by Helen Adams.

The two nieces try vainly to interest Augusta in giving her money to them. Orpha is a social climber and a widow with designs on a rich husband for her grown daughter, Ruthie, portrayed by Elaine Higginbotham.

Another person with an eye on Augusta's money is June, the daughter of Millie and Baxter, played by Melba Rogers. June is engaged to marry a handsome lad, Richard White, portrayed by Barton Smith.

Pilone, in his mischief making, eventually manages things so Augusta gives her money away at just the right moment but not before he gamely manipulates the romances of three couples involved.

Pilone discovers that he has been granted a very special power. He is able to make people fall in love simply with his kiss.

Pilone is able to weave the threads of romance around the three couples involved and comes up with a happier pattern.

YOUR HOMETOWN NEWSPAPER IS A STRONG LINK WITH HOME

From the day your children leave home for the first time—throughout their stay away from home—the local newspaper you send them regularly can be one of their strongest ties with home. An important addition to your letters, it helps them keep astride of changes that occur in their home town; events that happen to people they know. It can be a source of comfort to them and to parents at home, because by informing them, you interest them and keep them closer to home.

LUXURY RESTAURANT

Hotel to Feature 'Colorado Room'

Colorado City's Baker Hotel will feature the Colorado Room, a luxury styled restaurant with facilities for 80 diners.

Emphasis on the Colorado Room, which will offer fine charcoal broiled steaks on its menu, was revealed here Friday by Ed Baker.

Baker, whose Ft. Worth Investment Company is remodeling and expanding the Baker Hotel, was here from Fort Worth for an on-the-site inspection of the hotel.

He was a guest at the Lions Club luncheon in Civic House then met with a Chamber of Commerce group during the afternoon to discuss his hotel project.

The Colorado Room will be on the hotel's main floor with openings off the lobby and W. First St., between the lobby and the cabannas-swimming pool area that will be constructed after the remodeling of the main hotel building.

Twenty-four highway billboards on highways leading into Colorado City will publicize the Baker Hotel and its Colorado Room. Four of the billboards will be huge 50-feet signs — two on Highway 80 and two on State Highway 208. Twenty additional boards will be placed on Highway 80 between Fort Worth and Odessa.

Preliminary designs for the billboards were shown to the Chamber of Commerce group Friday afternoon. At the same time Baker outlined special folders, menus, newspaper and radio advertising that will promote the hotel.

Opening date for the hotel proper has been reset for about June 1, Baker said.

District Attorney Eldon Mahon, Lions club president, officially welcomed Baker at the Friday luncheon program.

"And we support you and your project 100 per cent," Mahon emphasized.

Baker, speaking briefly in response to the welcome, said that the big hotel project was being carried out by his company "because it is a good investment."

"Our thorough investigation," Baker explained, "found that the hotel had a firm foundation.

"A thorough study of the business of this city was found to be just as firm.

"And we believe that with the two foundations . . . we have nothing to fear but success."

Baker said the Colorado Room furniture would be in luxury, country club styling patterned after his own Wedgewood Country Club in Fort Worth.

The three scrapbooks compiled by the club won two second places and a third at the state convention this month. The profit making and agriculture took seconds while public affairs finished third in Division II.

Following the presentation of awards, Grubbs gave a resume of the club's activities during the past year.

Williams then presented Grubbs with a plaque for "service well done as president", and also a past presidents pin.

Howard Howell of Abilene, State Vice President from Region 5, installed the new officers.

The officers are Williams, president; Womack, first vice president; Reily, second vice president; Lewis Williams, secretary; Lewis, treasurer; Healy, Civic House treasurer; Grubbs, state director; Dr. Seth Cowan, Dr. John Chinn, Ratliff, Boatright and James Hull, directors.

during the last year. He emphasized that in 1945 out of every seven persons who went to a doctor with cancer, only one was cured.

"Today, one out of every three is cured," he emphasized.

"This advance is credited to more educational work done by the American Cancer Society," he continued, "than to advancements made since 1945 in treatment.

"They got there early when the doctor had a chance to save them."
