United Fund Surpasses Goal

The 1979-80 Aransas County United Fund has met and exceeded its set goal for the first time in five years, it was announced by John McDavid, Jr., president of this year's campaign.

With two substantial contributions Friday from Casterline Fish Company and The Castaways, the campaign total went over the $18,500 mark set last October by the UF board of directors.

Although getting a late start, the directors and UF chairmen put together a campaign of which every citizen in Aransas county should be proud. John McDavid, Jr., and drive co-chairmen Donald Meek and Don Wren wish to thank their twenty fellow directors who helped them to cover so much ground to make the drive a success.

Co-chairman Meek says, "We were off to a lage start in November, but we all did a lot of walking and calling. Through many personal visits and phone calls, we finally received an overwhelming response in the late weeks of the drive."

Meek and Wren wish to give special thanks to all who

20 Offices Up For Election In County

By Pat Blair

Voters in Aransas County wil go to the polls to fill 20 offices up for election in the county, both cities and the school district in April and May.

The entire city council of Fulton is up for re-election.

Voters in Rockport will be asked to cast ballots on the mayor and two council members.

Two posts are up for re-election on the Aransas County Independent School District board of trustees.

And nine county offices will be up for election in the May 3 Democratic and Republican primaries.

Fulton was incorporated about a year ago. Under State law, says Mayor L.E. Casterline, the first city council can only serve for one year before positons are up for re-election.

In addition to Casterline, other seats up for election on the six-member council are those of James F. Metzger, Pat Loflin, Katherine McLester, Ray Patterson and Domingo Benavides.

The election was called during Tuesday night's special meeting and will be April 5. Following the April election, at the first meeting of the new council, members will draw to determine who wil serve for two years and who for one year on this second council.

After this year, the terms of council members will be staggered.

Filing deadline is March 5 for the Fulton city council — and for the Rockport council where voters will go to the polls April 5 to elect a mayor and one council member each in Wards 1 and 2.

Seats up for election in the wards are those of Dan Ward in 1 and Dr. Jerry Shaw in 2.

Rockport's city council officially called the April 5 election during its meeting Monday night, January 28.

Also coming up April 5 are the school district elections,

Rockport's city council

cleared the way for a new 50-unit apartment project on Railroad Reserve property on the south side of the city during a meeting Monday, January 28.

In other action during the meeting that began at 7:15 p.m., the council officially called the city elections to be held on April 5.

Two requests for rezoning were approved and a third was denied following a joint hearing by the council and Rockport's planning and zoning board.

The apartment complex is proposed by Omni-Tech of America whose representatives Monday night were asking that 3.969 acres of the Railroad Reserve be replatted and designated as an apartment project.

The railroad reserve is just north of where the railroad crosses South Church Street.

Omni-Tech proposes to locate the Fifty Oaks Apartment Complex on the west side of the tracks, according to City Secretary Herman Johnson.

The request won unan-

Gene Matthews Seeks State Office

By Eddie Bradley

"I now wish to publicly announce that I have submitted my application for a place on the Republican Party General Primary Ballot as a candidate for State Representative, District 41."

With these words, Gene Matthews of Rockport formally threw his hat into the political arena, seeking the legislative seat now occupied by Democrat Leroy Weiting of Portland.

Matthews close Portland as the location for his announcement Monday morning, because it "is located near the center of the district and it allows our friends to come from all areas." It also permitted the event to be given wide media coverage by television, newspapers and radio.

Mr. Matthews, age 46, was born and raised in Australia; his family was involved in sugar-cane farming. He graduated from college in Australia

Coming In The WEEKENDER

•On February 16, Aransas County voters will go to the polls to decide on a proposed $400,000 bond issue. The money is to pay the county's share of cost in purchasing right-of-way for the Highway 35 Bypass. Is the bond issue necessary? The Pilot takes a look at the pros and cons of the Highway 35 bypass project in this issue of the Weekender.

•The Fulton Family Cottages have been part of the scene in Aransas County for more than 40 years. The Pilot Weekender profiles the two sisters who have operated the cottages practically singlehandedly since they opened in the mid 1930s.

•If you couldn't read, would that make you a second-class citizen, deprived of your right to vote in elections? The Pilot finds out in a feature on "Help for Non-Readers at the Polls" in the coming Weekender.

And these are just a few of the features, news items and columns you'll find in the Pilot Weekender. If you aren't reading the Weekender, you're only getting half the news.

Benefit Set For February 9

The annual Valentine Benefit Dance to raise money for Aransas County's Ambulance Service will get underway at 8 p.m. Saturday, February 9.

The dance, at the Paws & Taws Building on Fulton Beach Road, will last until midnight and promises plenty of food, plenty to drink and plenty of good music to dance to says Vi Street, general chairman of the event.

Sponsored by the Women's Committee of the Aransas County Medical Services Inc., the dance will be highlighted by the doll house built by Jane Turner to help raise funds for the organization.

At last report, sale of tickets for the doll house -- at $1 per ticket or six for $5 -- had raised more than $2800. The doll house will be given away during intermission at the dance, about 10 p.m.

Cost of the dance this year is $12 per person, Mrs. Street said, adding that this is a reduction in the price of tickets from last year's $15 per person.

Bryant Named Manager Of Corpus Christi CP&L

Doyle Bryant, manager of Central Power & Light Company in Rockport, has been named CP&L manager for Corpus Christi.

The announcement was made by S.E. Kelly Jr., CP&L's district manager for the Corpus Christi area.

Bryant will replace W.E. Whitworth who retired in December, 1979, after more than 44 years of service with the company.

Bryant said no replacement has been named for him as yet in Rockport, and he expects to remain in his present post for a while yet, until a new Rockport manager is named.

At that point he anticipates a move to Corpus Christi with his family.

A veteran of 13 years with CP&L, Bryant came to Rockport as manager in 1976 and has been active in civic affairs here.

He has been a member of the Rotary Club, served on the board of directors of the Aransas County United Fund and worked on organigation committees for Rockport's Seafair.

He began his career with CP&L as a senior clerk at McAllen in 1966 and later served as traveling auditor for the Valley District Office in San Benito and office manager in McAllen.

Bryant was promoted to manager in Devine in 1973, coming to Rockport from there.

New Phone Books Out In Rockport

Tips for consumers and a glance at Texas history are offered in the 1980 Rockport telephone directory, being distributed this month.

Glenda Gould, manager for Southwestern Bell, said the new directory has 36 white pages.

"The cover bears a striking painting of key figures from Texas history, selected with the help of the Texas Historical Commission," the manager said. An explanation of the painting appears on Page 1 of the Call-Guide Pages.

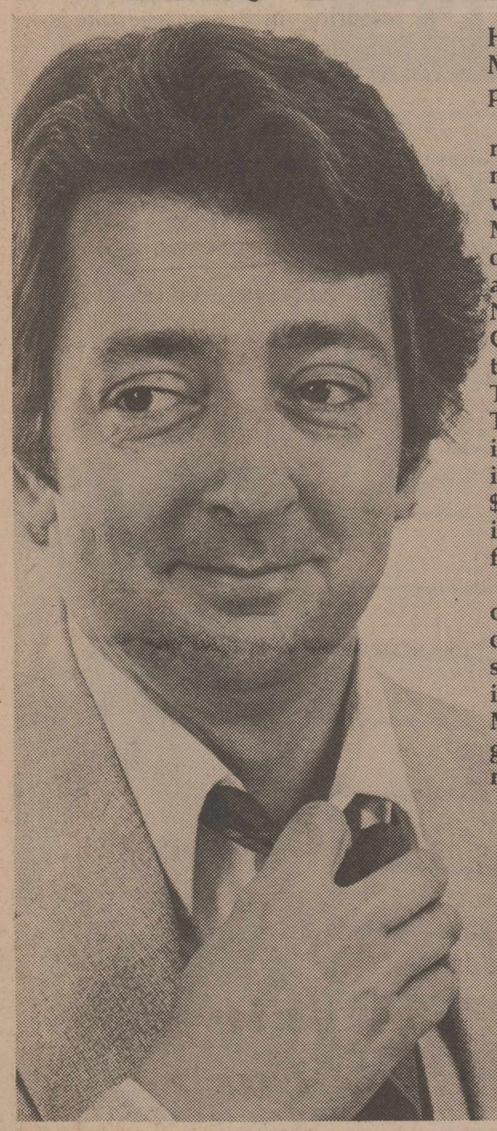

Gould said a total of 16,690 books are being printed. Of that number, 13,352 new phone books will be delivered to area residents by mid-February.

"The extra books are for new customers moving to Rockport throughout the year. Also businesses and customers sometimes wear out their books and need replacements," Gould added.

Gould said one copy of the directory will be delivered to each residential phone customer. Deliveries should be completed within two weeks.

Additonal copies may be obtained from any Southwestern Bell business office (or Phone Center store) after mid-February.

Forum Held On Financial Problems

About 32 people attended a forum last Wednesday afternoon, which featured speakers and discussion periods dealing with financial problems. It was held at the VFW Hall.

Topics for discussion dealt with financial planning, estate planning in Texas, investment analysis, mutual funds, tax shelters, individual retirement plans and tips on 1979 income tax returns.

Speakers included William N. Kirshner of E.F. Hutton Financial Services; Scott L. Sherman of Wood, Boykin and Wolter; J. Wells Coggeshall of Colonial Management Associates, Inc. and Jerry G. Hampton of Peat, Martwick, Mitchell and Company.

Mr. Kirshner will be conducting other forums through the year, but the schedule has not been set as yet.

The program was sponsored jointly by E.F. Hutton, the American Heart Association, the American Association of Retired Persons and the American Cancer Society. Coffee and programs were provided by the First National Bank.

Wind Wood Apartments Open

The management office at Rockport's new Wind Wood Apartments will be open Friday, February 1, under Resident Manager Ruth Sanders of Rockport.

Some of the 40 units of the complex — owned by Morgan Real Estate of Corpus Christi — will be available to rent in February and others about the end of March.

The single story brick duplex apartments feature central air conditioning and heating and built-in stove and refrigerator. Sizes range from one to four bedrooms.

The apartments are privately owned and operated, but Housing Assistance Payments through the Section 8 program of HUD are available for individuals or families with a total gross income of less than $11,200 per year.

Amount of assistance payment will vary according to income, and the individual or family must pay the balance of the rent.

Sixteen of the apartments will be reserved for persons over 62 years of age.

Applications for apartments may be picked up at the construction office or by writing the Wind Wood apartments, P.O. Box 12, Rockport, Texas 78382.

Ms. Sanders may be reached at 729-1215 by anyone wishing additional information prior to the opening of the office Friday.

Concern Center

By Florence Samson

Registration is continuing for the Red Cross Home Health and Nursing Class sponsored by the Concern Center. The course is open to anyone, age 18 or older.

The classes begin February 19 at 10 a.m. and will be held at the VFW Hall. The course runs for six consecutive Tuesdays for 2 hour sessions.

The classes are free, and purchase of the American Red Cross Home Health and Nursing Textbook is optional. Upon completion of the course, which includes lectures, demonstrations and practice sessions, a certificate, and a Red Cross Home Nursing pin is awarded.

Information and registration may be made by going by the Concern Center, 112 Magnolia Ave., or telephoning, 729-7722.

Most Area Courts Open To Public

Drive around town on most sunshiney weekends, and you'll see area tennis courts filled with budding Chris Everett-Lloyd's and Jimmy Conners' batting a tennis ball around!

The Rockport area is lucky to have so many excellent tennis courts, most of them with no charge for their use.

The Rockport Memorial Park, located at the intersection of Enterprise Street and Highway 2165, has two lighted courts open to the public. There's no charge for the facilities, except a 25 cent fee for use of the lights for a certain period of time. The courts, which have been in the park since 1974, are open until 11 p.m.

School Superintendent Joe Randow said the two tennis courts located across the street from the high school are open to the public at no charge. They were at one time lighted, but the lights do not work any longer because "people kept breaking the money box". They may be used any time except during school hours because some classes from the school use them for practice. The courts behind the high school are for the school's use only.

The Sea Gun Resort located off highway 35 in Lamar, has two unlighted courts. The courts are mainly for the resort guests, but the public may use them if they are not in use. There is no charge for the facilities.

The Rockport Racquet Club on Highway 35 is open to members and non-members. Non members must pay a $4.50 per day, per person fee. Four of the six courts are lighted. The courts close around 10:30 or 11 p.m.

Rockport Lodge To Participate In Workshop

Officers from Rockport Lodge 79 of the Order of the Sons of Hermann will attend a special pre-campaign workshop Saturday, February 2.

The workshop — for 89 key officers from some 25 lodges in this area — will be in the Hermann Sons Hall in Da Costa, according to Grand President Louis B. Engelke of San Antonio.

Among those at the meeting will be 24 lodge membership representatives, 17 financial secretaries and 48 presidents, vice presidents, corresponding secretaries and treasurers.

They represent lodges in 21 cities and towns in the Coastal Bend area.

The workshop is to prepare for the order's traditional March membership drive. The Order in of the Sons of Hermann in Texas now has more than 77,000 members.

The ride officially will kick off at 6 p.m. Friday, February 1, with a barbecue and dance at the High Chaparral on Highway 77 north of Robstown.

Saturday's itinerary includes stops outside Edroy for coffee and noon lunch in Hartzendorf, then on to Junction for afternoon coffee and evening camp at Skidmore about 5 p.m.

Following church services the ride will leave Skidmore Sunday morning and continue to Ryan's Stallion Station for lunch and camp at the Bee County Coliseum in Beeville.

Other highlights of the event will be parades in Karnes City and Falls City on Tuesday, February 5, and in Poth on Wednesday, February 6.

Rites Held For Alfonso C. Sanchez, Sr.

Alfonso C. Sanchez, Sr. 26, died Wednesday, January 23, in Ingelside.

Mr. Sanchez was a metal fitter for Baker Marine.

Surviving are his wife, Jo Ann; a son, Alfonso C. Sanchez, Jr.; four daughters, Misses Jo Ann, Michelle, Veronica Lynn, and Rachel Ann Sanchez, all of Aransas Pass; his parents, Mr. and Mrs. Domingo Sanchez of Rockport. Fake, Albers Exchange Vows

Miss Janet Pearl Albers of Rockport and David Gregory Fake of Kingsville were married in a double ring ceremony at Rockport's First Baptist Church on December 29.

The bride is the daughter of V.L. "Butch" Albers of Rockport. Parents of the groom are the Rev. and Mrs. Charles Fake of Rockport.

Miss Priscilla Albers of San Marcos, cousin of the bride, was maid of honor, and the groom's brother, Daniel Fake of Alexandria, Louisiana, was best man.

Ushers were Stanley Albers, the bride's brother, and Mark Pattillo.

The ceremony was performed by the groom's father, pastor of Rockport First Baptist Church.

The bride was given in marriage by her father. She wore a formal gown of ivory satin crepe and carried a bouquet of silk flowers. Her veil was fingertip style trimmed with lace.

Organist was Mrs. Norman McLead who accompanied Rev. Fake as he sang "The Lord's Prayer" in closing the service.

The service was followed by a reception in the Fellowship Hall of the church.

Following a wedding trip to South Padre Island, the couple will live in Kingsville where the groom is a senior electrical engineering major at Texas A&I University.

The bride was employed as a dental technician in Rockport.

Women Have Game Party For Tourists

The Women of the Presbyterian Church of Rockport entertained the Winter Tourists with a Game Party in the Fellowship Hall, Friday afternoon, January 25.

There were four tables of bridge, one of canasta and one table playing 42.

Mrs. Dorothy Leslie was in charge of the party assisted by Mrs. Neva Jackson who baked the cookies and Maureen Denniston and Sara Bates who helped with the other arrangements.

High in bridge went to Kay Thomas of Rockport and Win Smith of Rockport took second. Low went to Beaulah Merchant of Pampa.

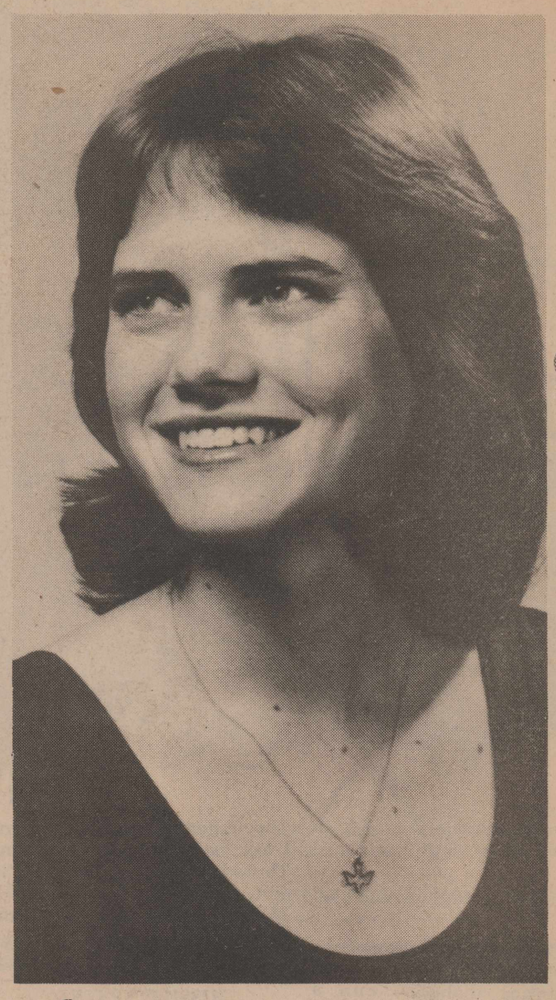

In Canasta, Mary Simonieg of Dickens, N. Dakota took first prize and Kay Patteson of Rockport took low.

In dominoes (42) Fanny Atwood and Sara Bates playing as partners won.

The door prizes, a beautiful orange spice cord, went to Maxine Lockhart of Altus, Oklahoma.

Refreshments of cookies, candies and nuts, coffee and punch and hot tea were served throughout the afternoon.

Another party is tentatively scheduled for the end of February.

Engagement Announced

Mr. and Mrs. David Rossman of Rockport announce the engagement of their daughter Penny Lynn to Raul Espinosa of Corpus Christi. The couple plan a June 7 wedding in Corpus Christi. Raul is the son of Reynoaldo Espinoza of Matamoros, Mexico.

Lincoln Center Entices Millions

The Lincoln Center for the Performing Arts in New York City will soon be reaching its 20th year.

During 1979 the Center will entertain over five million people with at least 3,000 performances and will entice over 1.2 million tourists. — CNS

EARTH SHAKING FACTS by Jim Cox

•Leonardo da Vinci could draw with one hand and write with the other - simultaneously.

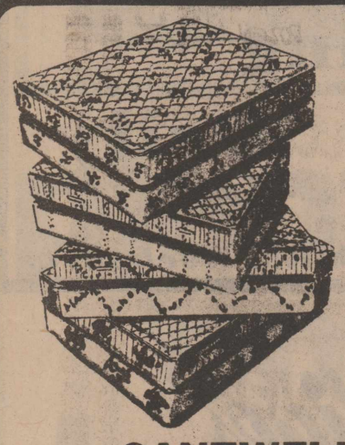

•Charles Lindburgh was instrumental in the development of a method of preserving human tissues outside the body. He co-authored a book on the subject ("The Culture of Organs") with a French scientist, Alexis Carrel. Lingburgh was also among the first to perfect a mechanical heart, a pumping apparatus that supplied blood to organs to keep them alive outside the body.

•The giraffe is one of our strangest animals. He is faster than a horse, can go longer without water than a camel, and can see behind himself without turning his head.

Rockport's Party Line

By Betty Paul

The women at the Aransas County Medical Services, Inc. are busy making plans for their Valentine Benefit Dance to be held February 9 from 8 'till midnight at the Paws and Taws Building.

A meeting was held at the home of Vi Street, the General Chairman, to go over final plans for the dance and to hear from the different committees. Tickets will be on sale at the the Women's Workshop in Encina Plaza. Other businesses will also handle tickets. The Edie Crockett Quartet will be the featured band.

Gertrude Bryant had a Christmas vacation in Austin.

Faye and Earl Burke from Houston are here for a stay in their lovely new home.

Jane Goodrich was in Houston for several days attending a Small Business Seminar. Joe Goodrich has been at home visiting Jane and Hugh but is returning to Ripon College in Wisconsin.

Fran and Walter Lyons spent several days in Houston celebrating Walter's birthday and visiting grandchildren.

Hazel Oakman went to Port Isabel and then to Houston for a weekend to attend a state meeting of Art-Tex.

Pete Sanders couldn't stay away from his old "stomping" grounds, in spite of his retirement. It is good seeing Pete again and we all miss his friendly smile and nice disposition.

Mr. Wayne Heasley is delighted to have his wife Ruth home from the hospital after she had surgery.

Phylis Fair and her new secetarial service "The Roadrunner" will be moving to the new shopping center-Pine Tree Office Park.

The Rockport Art Association is busy collecting 1980 dues and making plans on this year's Art Festival.

The R.E. Hill's just returned from a trip to Oklahoma.

Marabel McKinley is still in Spohn Hospital. She had a heart attack and had a pacemaker installed in her body.

Shirley Farley, Mary Albert and Sally Sommers just returned from a trip to Dallas after attending the Furniture Market.

Andrea Street from San Antonio recently spent the weekend with her grandmother Ms. Vi Street.

Mrs. M.M. Oliver finally had to "give in" to a very bad "hang-on" cold she had and closed up her Corner Bazaar for several days.

Gould Appliances has made a big change at their place of business. It really looks nice.

Mrs. Billie Blackshare just returned from a trip to Tulsa, Oklahoma to visit an old school chum.

Betty Davis had quite an unusual experience in Jitney Jr. the other day---a shoplifter ran in the front door of the store, stole some hotdog buns and ran right back thru the same door. It was a huge dog. The hotdog buns were recovered.

Mr. and Mrs. George Eveson from Glen Burne, Maryland, are visiting the George Everson Jrs.

Frank Marbach is well pleased with his new business location. He and his family just moved here fron San Antonio. He is in the plumping and heating business.

Estelle Stair is going to Port Isabel for a workshop on seascapes. She will be teaching a huge class of students.

Ruth and Bud Gordaon celebrated their 48th anniversary in a big way. It was also Bud's birthday on January 25.

You know that spring has finally arrived when you step into the Moonshell Galleries Inc. The lovely silk flowers and the spring time smells of lavender, roses and many other "spicy" aromas that fill the shop.

Mrs. B.F. Street does really believe in prayers. Her bassett hound that she is so fond of and a white wrought iron table were both lost but she said a few prayers and both were returned to her. THE POWER OF PRAYERS!!!

Mr. H.A. McDonald has moved to Houston.

June Drew went to San Antonio recently to be with her sister who underwent surgery.

A miscellaneous shower was held Saturday honoring Janet Fake in the Fellowship Hall at the First Baptist Church of Rockport.

The most unusual Traditional Applique to be hung on walls, framed or made in to pillows are now seen at the Sundial. They could even go into a child's room and add something different than most rooms.

Mary and Charles Pervier returned from a trip to Okalhoma. Mary's mother celebrated her 90th birthday January 16.

Dorothy Johnson is now at home after being in Brooks General Hospital in San Antonio.

Alpha and Ben Howard are back home after spending the holidays in Sunray.

Ruth Johannes has returned after a trip to Colorado to visit her son.

Dorothy and Dale Ferebee just returned from a trip to Florida.

Jessie Thomas is in the Aransas Pass Nursing Home. She is the sister of Ruth Hutchings.

Andrea Street from San Antonio spent the weekend with her grandmother Mrs. B.F. Street.

Mr. and Mrs. Francis Gordon from DeGraff, Ohio, are vacationing for several months at the Las Brizas Hotel. Mr. Gordon's hobby since he retired is collecting old cars and fixing them up. He and his wife made the trip in a '65 Impala he had restored.

Mr. and Mrs. Frank Castor from Cambridge, Iowa, are vacatoning here for several months.

V.F. (Rip) Harrison is having a show of his watercolors of the Gulf Coast for two weeks in Corpus at the United Savings office on Alemeda Street.

Young Danny Kroupa who lives with his parents Shirley and Del at Holiday Lodge made it thru a very serious operation. Danny is only three years old and he spent many hours in Intensive Care Unit in Driscol Hospital and bounced back like a fighter. Thirty hours after surgery he was riding his tricycle.

James Brittain is Ashland Safety Program Winner

The winner of the first drawing of $202 for the Ashland Chemical Company Safety Program is James M. Brittain, of Aransas Pass. Mr. Brittain was employed by Ashland in 1964 as a Maintenance Foreman.

Ashland Chemical Company has initiated a new safety program called Bonus Paydays - a year long safety contest that began January 11 at the Aransas Pass Plant. Bonus Paydays makes it possible for an eligible hourly or salaried employee at the plant to win a cash prize every payday. Each payday a winner will be drawn from the names of the plant employees by the plant manager, R.W. Itschner, that is-if all eligible employees complete the previous pay period without an injury.

Americans older

The population of the United States is getting older with the average age of Americans during 1977 rising to 29.4 years.

This is an increase over the average age in 1976 which was 29 and in 1974 the average age was 28.6. — CNS

BAND BOOSTERS

The Band Boosters were out in force at the VFW Hall last Saturday, serving Mexican suppers to raise money for the band. When Pete Ramirez was asked how many people were working in the kitchen, he replied, "All of them!" Actually, there were about 20 folks involved in the selling, cooking and serving process. It can be reported, from personal experience, that the food was delicious and well worth the price.

plant 'em both

8311

Consistency! That's why Coastal Bend farmers depend on 8311. It stands up to dry spells. Resists insect and disease threats. Won't sprout when harvest turns wet. And it may surprise you to know that 8311 was the first tropically adapted hybrid grain sorghum available to South Texas farmers. It's planted on more acres than any other hybrid and performance like this tells why: *"It's the best grain sorghum I've ever made. My 8311 averaged 5,750 lbs. on 100 acres. The stalks held life better than others. There was very little downy mildew. It held out good without sprouting when it rained. Bushel weight was good, around 60 lbs."*

Troy Berthold, Berclair

8244

Push this one for extra yields! 8244 showed extremely high yield potential as it out-produced the most popular new competitive hybrids in South Texas by an average of 409 lbs./A. in 31 tests over the last three years. It has excellent tolerance to insecticide burn. Outstanding downy mildew tolerance. Protection against all four races of head smut. As one farmer put it, *"8244 had excellent vigor, good ground shade. I averaged 5,600 lbs. on 240 acres with a high of 7,100 lbs. in some places."*

Joe Magdalena, Santa Rosa

Plant 8244 along with 8311 on your place. You can't beat this pair for consistency and top yield potential!

Rockport-Fulton Wins Aransas Tennis Tourney

By Bob Crawford

Rockport-Fulton's Tennis Team won the Senior Division Team Trophy at the Second Annual Aransas Pass Tennis Invitational this past weekend. Nine teams were entered.

Anchored by a first place finish by Tony Aleman in the Boys Singles, and with Nancy Crites and Terri Price claiming first in Girls Doubles, the Pirate team won the title with room to spare.

Aleman beat AP's Joey Flores in straight sets for his victory. Price and Crites clipped Julie McKnight and Melinda Reyna from Refugio, also in straight sets.

Picking up points in the Boys Doubles were Wes Wilhour and Bobby Albin who reached the semifinals before bowing out to a team from Refugio. Wilhour and Albin split sets before falling in the last set.

Donnie Estes won a first round victory before losing out in the quarterfinals. Meredith Montague advanced to the semi's before losing to Margie Davis of Aransas Pass. The doubles team of Glen Groves and Gary Cruz won the first round, and eventually lost in the quarterfinals.

In the Junior Division, Rockport got strong performances in the Girls Doubles with a first captured by Theresa Roberts and Susan Walston; Mary Boone and Kim Hunter advanced to the semifinals.

Tennis coach, A. C. Blunt was especially happy to make it two-in-a-row after winning the tournament. The Pirates had won the Rockport Toast of the Coast Tournament before Christmas. "We played well," commented Blunt, "but we expect some of our younger players to play better as they gain experience."

The next tournament for the Pirates will come in February, and a practice tournament will be played in Gregory-Portland next week.

Lady Pirates Scare Kittens

By Bob Crawford

Rockport-Fulton's girls perhaps made their best showing of the year against the tough Calallen Wildkittens. The Lady Pirates were within five points of the Kittens at 3:55 remaining before falling back at the end by 52-40.

All year the Lady Pirates have been playing shorthanded, and the squad is now down to seven players. Even among those seven, there is little Varsity experience, but Friday night the seven girls played extremely well, and with only a few breaks and more shots put up, the outcome could have been the shocker of the year in girls play.

The Lady Pirates could have quit early in the game after falling behind 13-4 in the opening quarter, but they refused to buckle. In the second quarter, the girls showed signs of waking up from their great sleep. In that eight minutes, they outscored Calallen by a 14-12 margin to cut the halftime lead to 25-18.

From the freethrow line alone, the Lady Bucs could have iced the game away, missing 14 of 22 attempts in the first half. In the second half, only 8 of 18 shots from the charity line went in, leaving the game's total at 16 out of 40 attempts.

Even at that, the girls nearly pulled it out. The third quarter again was close, but once again the Wildkittens were able to put on a burst, and score late in the quarter to lead Rockport 39 - 29 at the period's end.

The fourth quarter may have been Rockport's finest quarter, at least for five of the eight minutes. Toni Naro forced her presence on the Wildkittens and yanked down numerous rebounds and started the outlet pass to set-up the fast break. The margin of victory was by no means the story of the game. At 52-40, the Lady Pirates were in the game all the way.

A total team effort of Jean Flanagan, Alma Mendiola, Genny Mundine, Belinda Cross, Connie Rivera, Darlene Dilworth, and Naro should not go unnoticed.

The Lady Pirates play the league leaders, Flour Bluff, Friday night at 8:00. The last time they met, the Bluff came away with a 99-19 win; maybe the Lady Pirates will make them believers this time.

Thursday night the Calallen Freshmen girls buried the Rockport-Fulton Freshmen 93-14 in a scoring avalanche by the Wildcats.

The Cats hit 29 points in the first quarter, and the Lady Pirates could manage but five. The second quarter was equally as rough for the Pirates, and at the half, Calallen had built a 46-point lead at 56-10.

Continuing their pressing tactics, the Cats outscored the Pirates 16-2 in the third period. Another two-point quarter for the Pirates in the fourth period collected only 14 total points for Rockport.

Alma Dickerson was the high scorer for the Freshmen with 7 of the 14 points.

Pirates Skin Wildcats

By Bob Crawford

It took a while for Rockport-Fulton to show who had the upper hand, but by the end of Friday night's game in Rockport, the Pirates had fought their way to a 61-52 win over the Calallen Wildcats to close out the first round of district play at 4-3.

Calallen proved not to be an easy foe, even though the Pirates had control of the game, but just couldn't put the Cats away. Early on, the Pirates raced out to a seven point lead, using their super passing game to set up baskets under the goal. After taking a 10-3 lead, Rockport held on to the margin and closed out the first quarter at 15-9.

Calallen came back to take a 27-25 halftime lead by playing tough defense and knocking the Pirates around a bit. It proved to be a very physical game, with the referees calling over thirty total fouls. Either team could have run away from the other in the first half if players could have hit from the charity line.

Rockport missed on five occasions, and the Cats missed six times. In that first half, Mark McDonald received some good passes under the bucket and followed some other shots to have 12 points at halftime.

The third period looked like the McDonald Show as he was fed under the goal, or put missed shots back in to score 12 more points, ten of which came in a row. At the end of the third period, the Pirates were ready to sit back with a 43-35 lead in hand. Midway through the third, after leading most of the game, the Pirates watched as the scrapping Wildcats clawed back to within four points, before extending back to the nine point lead.

The Pirates cut loose for 18 last-quarter points, with Donnie Frels, Mark McDonald, and Mark Setterbo doing most of the damage.

As the game ended, McDonald had hit for 30 points, and Setterbo finished just one behind his average of 17 per game.

Rockport will next play at home Friday night against Flour Bluff at 6:30.

JV Wins Suspended Game

By Bob Crawford

Rockport-Fulton's JV pinned a loss on the Calallen team in a wild game in Rockport Thursday night. The game was called with 18 seconds remaining because of a dispute. At the time of the suspension, the Pirates led 46-44.

Although the Wildcats jumped ahead with a lead of 8-4 at the end of the first period, the Pirates came back in the second quarter with balanced scoring to take a 20-16 lead at the half. Ernest Gonzales, Jon Shaw, Dennis Hull, Michael Simmons, Alan Barnard, and Darrell Johnson all managed to score in that second period.

The Pirates held on to a narrow two-point lead at the end of the third quarter, and that turned out to be the winning margin as the teams played dead even in the final frame.

With only seconds remaining, there was a dispute on the floor, and the Calallen bench was slapped with a technical. Another technical followed, and then an ejection. When the Calallen coaches continued to complain, the game was called by the officials. The win was the second in a row for the JV.

The team next plays Friday at 5:00 in Rockport against Flour Bluff.

In Freshmen play, Calallen scored well to win over Rockport 54-35. The Pirates were fairly close until a three-point second quarter allowed the Wildcats to open up a lead of 30-12 at the half.

The second half was little improvement for the Pirates, although they did match the Cats in points with 23, but the damage had already been done, and the 18 points were too much to overcome.

Tim Redden scored 13 points to lead the Freshmen. Orlando Pina, who rejoined the team this week, came in late in the game to hit four baskets.

The Freshmen will play Thursday night in Flour Bluff at 8:00

Junior High Boys Split At Home

The eighth grade boys weren't able to keep up with an undefeated Sinton team last Thursday, as they lost, 39-19, at home. In the other game, the seventh grade Bucs overcame the visitors by 31-17.

The older boys trailed all the way, but kept it close in the first half, which ended with Sinton ahead 18-11. The second half turned from bad to worse for the Bucs as they fell behind by 30-15 after three quarters and just couldn't make up any ground.

Dwayne Walls led the scoring with 11 points; Bobby Dengenary had four, followed by Stevan Olivarez and Eddie Bechtol with two each.

In the earlier game, the local seventh graders jumped out to a 10-5 first-quarter lead and extended that to 20-7 by halftime. The Bucs were able to continue getting the ball inside for short shots in the second half and it payed off with a 26-11 lead after the third period.

Tim Arthur led the scoring with 13 points. Louis Solis had eight; Ricky Romero, six; and Frank Canchola had four.

Lady Bucs Win One, Lose One In Sinton

The RFJH Lady Bucs went to Sinton last Thursday and came back with a win and a loss.

The eighth graders played well, before falling, 32-21. The younger girls took the lead early and never let up in romping over the Sinton team, 23-9.

In the eighth grade game, the Lady Bucs fell behind by 10-2 after the first quarter and 19-6 at the half. They outscored the Sinton team in the last two periods, but their efforts were not enough to overcome the first-half deficit.

Leading the scoring for RFJH was Mona Cowen with 10 points. She was followed by Jodi Welsch-seven and Jennifer Johnson and Sandra Schexnider-two points each.

The younger Lady Bucs took a 5-0 lead after the first quarter and extended the margin to 10-2 by halftime. The second half saw more of the same action, as the local girls coasted in to the victory.

Jill Wendell had 11 points for the locals, followed by Cindy Barrera-seven, Lavon Simmons and Lilly Buenano-two each and Johnie Mae Jordan-one point.

and then came with his family to the United States.

He became a naturalized citizen in 1954. His parents currently reside in Corpus Christi; Matthews has lived in Rockport for about two years.

Matthews served in the US Air Force for nine years, after enlisting during the Korean conflict. During his tenure, he served in the Far East, was Chief of Education for the Eastern Air Defense Force, played a large part in developing the first NCO Academy for the air Training Command in San Antonio and served as a faculty member of the Air Force Academy in Colorado.

For the past 11 years, he has been the president of a Dallas-based firm selling education and training products to schools, businesses and industry.

He has served on and been head of several national profession-related organizations. He has worked for several community and civic services such as the United Way, Association for Children with Learning Disabilities and a Hospital District Fund Raising Campaign.

Gene Matthews was elected to the Board of Trustees of the Carrollton-Farmers Branch Public Schools and to the Farmers Branch City Council. He was appointed to a Dallas County planning group known as the "Blueprint '82, Task Force."

Mr. Matthews described himself politically as "conservative and hard-working."

Don Wren, who is the treasurer for the campaign, said that Ken Flournoy will be Matthews' Campaign Manager for San Patricio County; a campaign manager for Aransas County has not yet been announced as the organization is still being put together.

Matthews and his wife, Millie, have six children and four grandchildren. Matt, who is 13 years old, is the only child now living at home.

Gene, Millie and Matt Matthews are members of the First United Methodist Church in Rockport.

budget for the coming year.

There will be other meetings as needed, and the next one is scheduled for February 28, but a site has not been decided upon.

The board will attend a workshop in Corpus Christi on February 21. This program is planned to aid the various area county boards in setting up their organizations and getting ready for the new appraisal duties.

Mr. Shelton said that the initial steps taken will be on a trial and error basis, especially since this system is brand new to the entire state. But the alternative to the various counties handling the tax appraisals will probably be the state government taking over completely.

Rains Dampen Work On Highway Widening Project

Recent rains dampened work on the widening of Highway 35 North through Rockport and Fulton from the Sea Aire Shopping Center to the south edge of Aransas County Airport.

Jim Johnson with the State Highway Department office in Sinton, who is in charge of the project, said work had gotten underway, but was stopped by the rains that hit the area a few days ago.

He added that work will resume on the first phase of the project when the ground dries out.

The first phase is the widening of the drainage structures, then the addition of about two feet to the shoulders on each side of the highway.

Purpose of the project is to make the present Highway 35 North into a four-lane route. This will be done by surfacing what are now the shoulders of the existing two-lane structure.

When completed, the highway will consist of four 11-foot lanes without shoulders.

Johnson said the project should take about four months to complete — provided the weather cooperates.

He added the widening of the existing highway is a temporary measure to help ease the traffic problems until the bypass highway can be constructed.

COUNCIL

(Continued from page 1)

imous approval from the city council.

In addition to setting the dates for the April 5 election, the council also designated polling places: City Hall for Ward 1 and Rockport Elementary School for Ward 2.

Following a joint public hearing and separate deliberation by the planning and zoning board, the city council voted to accept the zoning board's recommendations on the following requests:

— Approve a request of Nanci Barnes for rezoning of a lot at the corner of Bay and South Church Street from B-1 Business to B-2 Business. Purpose was to restore and enlarge an existing house on the property for a gallery and retail art sales.

— Approve a request by Robert Dingenary for B-1 Business zoning for several lots in the Daughty & Mathis Subdivision and the Andrews Subdivision. The lots were originally zoned business but were shown as residential on the new zoning map.

— Denied a request by Elbert Mundine and J.G. Pina for rezoning of two lots on North Pearl Street between Sabinal and Orleans from R-3 to Business. Pina was proposing to build a 30-foot-by-40-foot storage warehouse for boat, fishing nets and related equipment.

In other action, the council Monday:

— Approved payment of $9,500 to International Systems Inc. in accordance with the city's contract with the grant-seek firm.

— Approved an ordinance officially setting the salary for Rockport's mayor at $200 per month and city council members at $100 per month. Salaries are to be effective from April, 1980, to April, 1981.

DANCE

(Continued from page 1)

Another highlight of this year's dance -- and a new feature -- will be giving away of door prizes.

Music will be provided by the Eddie Crockett Quartet.

Jean Duggan is in charge of food for the affair. The menu will include boiled shrimp with red sauce, roast beef with biscuits, finger sandwiches, relish trays and dips.

Dress code is "open", Mrs. Street said, adding, "that means you can wear whatever you want to," street length to formal, dress or pants.

Other chairpersons include Joan Haskill in charge of decorations; Carolyn Behee, drinks; and Gladys McMillan, tickets.

FUND

(Continued from page 1)

contributed most generously to the 1979-80 drive. "This means that each UF agency will receive every cent they requested," said Meek. "And we just couldn't be happier."

"We send $128 to the Texas United Way, but otherwise, every penny we raise goes to helping Aransas County. That's why we feel that this is such an important campaign. The funds go to our fire departments, the medical services—just a whole list of character-building and emergency services which make Aransas County a fine place to live and grow."

Plans are already being made for the 1980-81 campaign, said McDavid. The executive committee will meet in March to begin work on mailing lists, electing new officers, and attending to the many details involved.

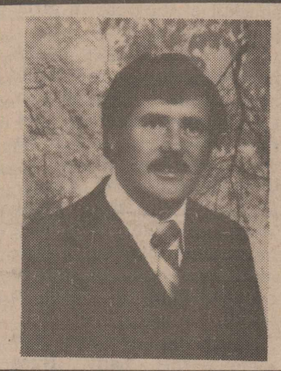

"One of the great things about exceeding our goal," said McDavid, "is that we have some funds to kick off next year's campaign. Of course, our directors are not paid, in fact they buy their own lunches at the meetings; but there are expenses, such as stationery and postage."

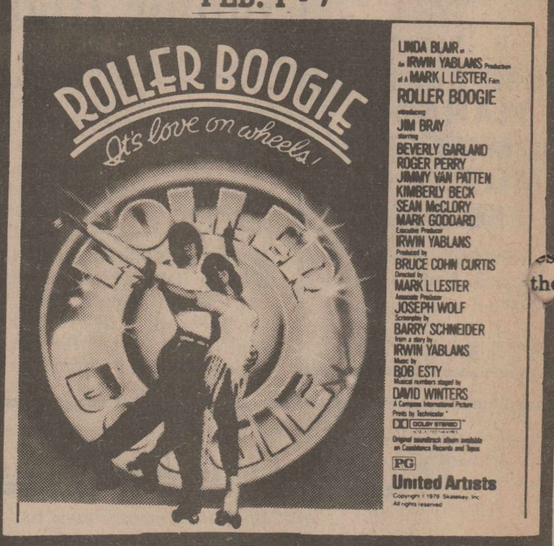

Earlier in the campaign, the board of directors accepted with regret the resignation of John L. Leslie, who resigned due to health reasons. "Uncle John," as he is known about town, was recognized for his many years of faithful service to the United Fund.

"It was a great campaign," Meek concluded. "We all worked hard and now we have something really great to show for it. The generousity of Aransas County residents and their concern for the community's welfare really came through for us. We can all be proud this day to be in Aransas County."

Dry air is bad news for ferns

Backyard Gardner

By PATRICK DENTON
Copley News Service

For a dashing splash of greenery in any room, ferns and palms are popular choices in the indoor garden. The two require quite different growing conditions, however, palms being considerably more tolerant of dry conditions and even neglect.

Ferns grow naturally in humid climates, in light shade. So when they are brought into our homes as houseplants the more closely we can duplicate their naturalized conditions, the better they will do for us. They will need light shade, high humidity and cool soil which contains lots of well-decomposed leaf mold and other organic matter.

When a fern finds itself in a spot with dry air it usually begins to turn brown and eventually it will drop its fronds. If you live in a dry area and have a passion for ferns, look for ways to supply humidity to them. You can mist the plants each day, and stand their pots in containers with wet pebbles.

Last year I invested in a cool spray humidifier, just a small one, ostensibly for the children's summer colds. I set it by my humidity-loving plants each day and turned it on. They loved it and rewarded me with lots of fresh green growth and lush looks.

Ferns have to be kept out of the direct sun. A north window in a bright house is about right. Cool temperatures and a feeding every two weeks except in winter are needed. Peat as well as soil and sandshould make up the soil for ferns. They should be repotted each spring when the pot is filled with a mass of roots.

Boston fern is the easiest of all ferns to grow, as it will withstand moderately dry conditions for a short length of time before it begins to get upset. Its long, arching fronds falling in cascades are attractive. Even more exotic is the variety "Fluffy Ruffles" with its ruffled fronds.

On the other end of the scale of difficulty is the Maidenhair fern, loveliest of all ferns with its hundreds of tiny, lacy fronds cascading around its container. But its tiny, fragile foliage needs absolutely constant humidity, without which it will quickly wither.

Easier to grow and wonderfully showy is the Birds' Nest Fern. Its waved and ruffled fronds grow from a central crown, creating a birds' nest effect. Its large wavy leaves are very eye-catching, making this fern a center of interest in any room.

Most ferns can be multiplied simply by dividing root clumps and repotting the divisions.

Behaviour modification can take off weight

By SHIRLEY BRIGHT BOODY
Registered Dietitian
Copley News Service

The incidence of obesity in the American population appears to be increasing in spite of multitudes of so-called "cures." Dieting has become a national pastime. The ineffectiveness of fad diets, questionable medications and dangerous liquid protein, is well demonstrated by the high rate of returning weight.

Permanent weight reduction is possible. It is accomplished only by permanent changes in the individual's own eating habits. The obese person has learned to eat incorrectly for his own body, or else he would be overweight. The only way he can hope for a normal size body is to learn new eating patterns that will keep him that way.

I have observed that people learn best by actually doing. Optimum nutrition is supplied by foods I have chosen from the four food groups: (1) Meat, fish and fowl, (2) Dairy and dairy products, (3) Fruits and vegetables and (4) bread and cereals. Giving our participants the correct foods, in normal quantities for the week, relieves them of weighing, measuring and shopping decisions.

Fresh produce, milk and a few essentials are supplied by the participants. Appropriate diet changes are made for known individual problems, or specific needs. Only the highest quality foods are used, by controlled pre-arrangement with fine private markets.

Most people learn to eat in infancy at home by foods given to them by their mother. If she is overweight and habitually eats and serves junk foods, the child will follow his role-model, and will emulate her. Many people are totally unaware of what they eat.

The techniques that I have developed and used over the past 12 years in Beverly Hills, California, have made our participants acutely aware of food quantities. I believe this is one of the strongest behaviorial modification tools used in obesity today. We give correct foods and instructional lectures in many current aspects of diet and nutrition, in an effort to permanently educate the public. Our lecturers are of normal weight to help create strong role-models for our participants to emulate. We usually achieve a 10-18 pound per month weight loss, with healthier, non-medicated people. I am very proud of the thousands of people who have learned to eat properly on our program, and are remaining at their normal weight.

An old idea that has caused many people to regain weight, and reinforce quantity habits of food intake — is the destructive permission to eat "all they want" of low calorie foods.

Today, we realize that all foods must be eaten in normal quantities. Over-eating anything is wrong, and is the very habit that must be broken, if one is to ever maintain normal weight.

The tomato

"Naturally Yours"

By B. FRANCIS KLEIN
Copley News Service

Naturally yours. The TOMATO.

Say what you will, the tomato is not a vegetable, but a fruit. When it was first brought to the United States many years ago, it was sold in markets as a fruit. As a matter of fact, it is known among growers as the fruit of the vegetable world.

Tomatoes are eaten in many forms — fresh, frozen, canned, pulped, juiced. You can hardly go wrong in any way that you wish to use any form.

It takes five medium-sized fresh tomatoes to equal one potato, and an average-sized tomato contains only about 20 calories, and about nine grams of carbohydrates.

The tomato is in reality a tropical herb that is related to the eggplant. While this fruit, or vegetable, is classed as an acid fruit, after it is digested in the stomach, it turns alkaline, and therefore is quite good for you.

For the freshest and best tasting kind, there is nothing that tastes like a tomato that is picked right off the vine, but you can get tomatoes in some form in your market all year round.

So indulge yourself, eat tomatoes — they are naturally yours.

Mexican Cheese Soup

CLIP 'N' COOK
Copley News Service

2 tbsps. cooking oil
1 tbsp. flour
1 can (1 lb.) tomatoes, drained, chopped
1 medium onion, chopped fine
1 tbsp. chili powder
4 cups hot beef broth
½ lb. grated sharp cheddar cheese

Heat oil in large heavy saucepan. Blend in flour. Add tomatoes, onion and chili powder; blend well. Slowly add hot broth; bringing to boil. Reduce heat and simmer 30 minutes. Add cheese and stir until cheese melts. Serve immediately.

AARP News

AARP NEWS
By Lucille E. Skrobarcek

Fifty-seven members and eight guests attended the AARP covered dish luncheon on Wednesday, January 23 at 11 a.m. A delicious variety of food was enjoyed by all.

Mrs. Myrtle DeForest, President, announced that "The Talent Dollar Project" is now in full swing. This project will continue until the March business meeting on the second Wednesday of the month.

Uncle John Leslie announced that the Nurses Aid Program in this area is in need of three additional couples to assist in its program at Lyman-Roberts hospital in Aransas Pass.

On Wednesday, February 13, at 10 a.m. AARP Rockport Chapter 1536 will hold a business meeting. coffee and cookies will be served at 9:30 a.m. before the meeting. The featured speaker will be Richard Beck, pharmacist and owner of Roaten's Drug Store in Rockport.

The birthday and anniversary persons will furnish the cookies for the coffee on February 13. Also the birthday and anniversary persons are asked to sit at a special table. The chapter is very anxious to have this program grow in 1980 as it seems to be a very nice way to honor friends. Please cooperate!

On Thursday, January 24, the winners in bridge at game afternoon were Willard James and Joe Heckert. The canasta winners were Becky Bigalk and Lucille Welch. Mrs. Icie Stalnaker won the finale and Mrs. Ada Geiger won the door prize.

Frank and Nell Skrobarcek and Mrs. Mamie Whitaker were host and hostesses to seventy-six persons playing at fourteen tables of bridge and five tables of canasta. Refreshments were served during the afternoon.

The next game afternoon is on Thursday, January 31 at 1 p.m.

The AARP sponsored dance on Wednesday, January 23 was enjoyed by one hundred and twenty-one persons. The hosts and hostesses were Mrs. Genevieve Ohrling, Ranous and Cecilia Blankert, and Ralph and Katherine Winkleman.

This was a festive affair. The table was decorated with a flowered cloth and the centerpiece was a beautiful arrangements of jonquils and daisies. Delicious cookies and punch and coffee were served to the guests during the evening.

The next AARP sponsored dance will be on Wednesday, February 6 at 7 p.m. Gene Rickles' music will be featured.

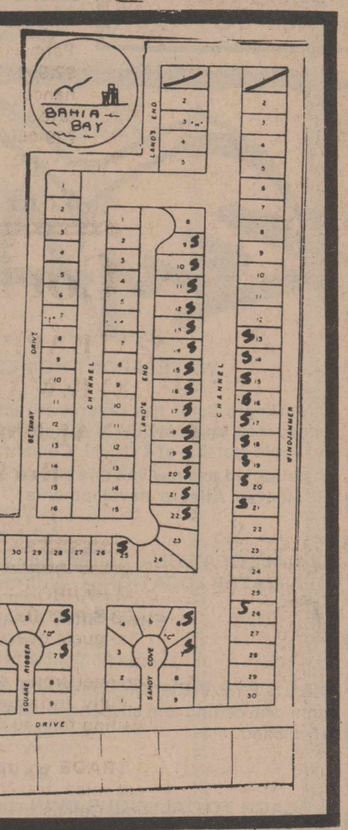

Registration for the Defensive Driving Course is closed. Classes will be on Monday, February 4 and Wednesday, February 6 at VFW Hall. The time is 9 a.m.

A mini-workshop will be held at The Stateman's Club. United Savings Association on Wednesday, January 30 at 10 a.m. until 3 p.m. Mrs. Pat Works, Assistant State Director of AARP District VII South, wil conduct the workshop for officers and chairpersons. If there are members who are interested and wish to attend, they will be most welcome. All who attend the workshop are asked to bring a sack lunch.

Enrollment Announced For School Drive Education

Students at least 15 years of age who want to take summer driver education courses at Rockport-Fulton High School can enroll during February and March.

The word comes from Assistant Principal Norman Spears who added the courses will start approximately June 2.

State and Texas Education Agency laws require that a student must be at least 15 years of age on the date the class starts to be eligible for a driver training course.

The tentative plan is to complete the classroom phase by June 24.

Some of the students will complete their driving by June 30. The remainder will finish the driving phase during July.

The Rockport-Fulton High School has obtained the AETNA Drivotrainer trailer for the month of June to be used in this driver training program.

One phase of the program employs a fleet of computerized simulator cars which students "drive" to filmed traffic situations.

The cars are those of the AETNA Drivotrainer system, furnished through Region II Education Service Center of Corpus Christi, which provides facilities for training 16 students at a time, compared to the three or four students an instructor can handle in a dual-control car, Spears said.

The Rockport-Fulton installation consists of 16 stationary cars which students "drive" to meet changing road and traffic conditions seen in the wide screen color film shown at the front of the classroom.

The simulated car is equipped with all the controls used in standard automobiles. The controls function exactly as they do in real cars.

Under the hood is an electronic "engine" with integrated circuits connected to a digital computer that tells the student immediately what action he should be taking if he varies from good driving procedures.

The computer also scores the student's performance for the instructor.

At Rockport-Fulton High School, students will get 12 hours of behind-the-wheel instruction with the Drivotrainer system while on-the-road time in dual-control cars will be three hours.

Sixteen films and accompanying teacher's guides have been prepared for use with the Drivotrainer system by driver education specialists.

The films contain a carefully programmed series of situations selected and filmed to develop judgement and build proper student driving attitude.

Advanced films prepare the student for handling emergency crisis and for driving in bad weather. The movies provide opportunities to experience these extreme and dangerous situations in complete safety.

A charge of $50 will be made for the driving phase of the program.

Cattlemen Vote On Self-Help

Cattlemen will have an opportunity in the next few weeks to vote for a unique self-help program that can assure them a better future, according to J.D. Sartwelle and O.J. Barron, state chairmen of the Texas Beef-erendum.

Sartwelle is a rancher at Sealy and Barron a rancher-feeder at Spur.

Beeferendum is a cattle industry effort to win approval of a uniform collection plan for beef research, consumer information, promotion and foreign market development.

Registration will begin next week, January 28, at the county ASCS office and continue through February 6. Then, cattlemen who register may vote February 19-22 at the ASCS office.

"The need for a self-help program by cattlemen never was greater," Sartwelle said. "Self-appointed critics of our industry are charging that beef causes cancer, that beef causes heart disease, that beef prices are a consumer rip-off.

"Cattlemen don't believe these unproven charges but many people do. And the result is a gradual erosion of demand for beef.

"If a majority of cattlemen voting approve the program," he continues, "20 cents of each $100 of value added to an animal will be used to:

Fight anti-beef propaganda; promote the nutritional value of beef, combat beef substitutes, counter extremes in the cattle cycle and increase demand for beef."

"This is a cattlemen's progam all the way," added Barron. "Cattlemen develop it, cattlemen will finance it and cattlemen will run it — through a Beef Board comprised of 60 cattlemen."

Members of the Beef Board will be selected by existing cattlemen's organizations and Texas will be entitled to six members, he continued.

"This program is voluntary in that any cattleman not wishing to participate can get a prompt refund," Barron said. "It's a positive program aimed at increasing markets for beef and increasing profits for cattlemen. It deserves the support of all cattlemen who favor a self-help, free enterprise approach to solving our problems."

Nature 'Cruel' But Order Prevails

AUSTIN—Here's a mini-lesson in ecology for your environmental scrapbook.

It's about an alligator named Simon Legree, a swamp and some of the creatures who live there.

In a brackish, thickly wooded swamp in Liberty County the undergrowth of black gum and cypress trees is broken by an oasis. An open space no larger than 200 feet in diameter breaks the monotony in the expanse of vegetation.

At the center of the open space is a large button bush, where blue herons and snowy egrets nest and raise their young each spring.

The creator of this watery oasis is an alligator—Simon Legree. This gator and others of his kind created and maintained the oasis by digging into the mud. Local residents call them "alligator holes," but they are more than just deep spots in the swamp.

They form sanctuaries of year-round deep water. The alligators reproduce there, and by so doing they create an aquatic haven for a variety of swamp life.

Wildlife workers who named the alligator, periodically watch Simon Legree "collect the rent," when a weak or foolish young egret ventures too close to the water's surface. A splash and violent swirl tell the swamp watchers the 'gator has again rung the cash register.

It seems cruel, but without the alligator there possibly would be no clearing in the swamp, no solitary button bush. And no egret rookery.

It's an oversimplified but vivid true life demonstration of wildlife ecology. It illustrates what could happen if one component of an ecosystem—the alligator—were removed, causing a domino effect throughout the food chain.
