"LET'S GO FISHING." THIS EX-pression may be heard dozens of times on the streets of Lubbock the past day or two with the coming of weather almost equal in warmth to any ever experienced here even later in the season. Although the mercury has possibly not climbed to record height the warmth is made more impressive due to the cool weather that has prevailed this spring to date.

THE PASSING OF THE BAND stand from the court yard of the public square here marks the removal of one of the oldest landmarks yet remaining in the city. Workmen began dismantling it Tuesday morning to move it to the county park east of the city, where it will serve a purpose for which it was designed when erected on the square.

THE QUIETUDE ON THE THIRD floor of the Lubbock county court house here is almost oppressive since closing of the regular term of district court Saturday. But such a feeling is welcomed with open arms by court attaches in the district clerk's office, for they may now "dig in" to catch up with work that has been laid aside during the court term by necessity.

### Menus for the Family

**BY SISTER MARY**  
Breakfast—Grapefruit sections, cereal, thin cream, fried toast, beef, crisp whole wheat toast, milk, coffee.  
Luncheon—Baked eggs with cheese sauce, buttered spinach, pineapple rice pudding, graham bread, milk, tea.  
Dinner—Salmon timbales, potatoes au gratin, creamed new peas, jellied fruit salad, floating island, bread, milk, coffee.

The breakfast for a child under school age who comes to the family table might be something like this: albuminized orange juice, cereal, thin cream, crisp whole wheat toast, milk. And be sure that the toast is so crisp it's "crunchy." The orange juice is slightly beaten with the white of an egg. This makes a drink that is almost perfect for small children. However, bulky foods, such as cereal and toast, must be included in their diet in order that their tummies may have a chance to keep busy.

**Pineapple Rice Pudding**  
Two cups of boiled rice, 1/2 cup sugar, 1 cup grated pineapple, 1/2 cup whipping cream.  
Drain juice from pineapple. Combine rice, pineapple and sugar. Chill and fold in cream whipped until stiff. Turn into a mold and chill for one hour or longer.  
This is a simple, delicious dessert. (Copyright, 1925, NEA Service, Inc.)

## VOTERS IN PENNSYLVANIA WILL DECIDE HOTLY CONTESTED G. O. P. SUPREMACY WITH BALLOTS TODAY

### REPUBLICAN BOSSES ANXIOUSLY AWAIT VERDICT BY PEOPLE AFTER HECTIC CAMPAIGN; BIG INTERESTS VITALLY INTERESTED

(By the Associated Press)  
**PHILADELPHIA, May 18.**—One of the greatest political battles in the history of Pennsylvania was being fought at the polls today.

Upon the decision of the voters at the state-wide primary rested not only the three-cornered Republican senatorial race would go the leadership of party in the state.  
Not since the death of Senator Boise Penrose five years ago brought his leadership to an end has the Republican party been so rent by factional differences.

**Opposing Factions Strong**  
Opponents in the Republican senatorial race were Senator George Wharton Pepper, in whose interest two members of President Coolidge's cabinet, Secretaries Mellon and Davis, who spoke during the campaign, Congressman Vane, who conducted his campaign on a "wet" platform and Gov. Gifford Pinchot, bone dry candidate.  
Asserting that modification of the Volstead law was the principal issue of the campaign, Congressman Vane maintained that if he was victorious, a Republican Congress in 1928 would follow Pennsylvania's lead in "voting down Volsteadism and demanding beer and wine." Should Pennsylvania, with its eleven million people "make that gesture," he declared, the Republican party would have to live.

**Liquor Stand Rapped**  
Senator Pepper said Vane was using the liquor issue as a smoke screen in an effort to gain control of the state organization. The Senator announced that he was for enforcement and no change in the Federal law.

Governor Pinchot told the voters there were only two great issues at stake in the fight. "One," he said, "is the wet and dry issue; the other is the gang and anti-gang issue."  
"On the first, we have a wet candidate, Vane. You have a dry candidate, Pinchot. Then you have a third candidate who is neither wet nor dry, but just damp, and this is Pepper."

**Mellon Supports Fisher**  
For the gubernatorial nomination, the Pepper-Mellon forces supported John S. Fisher, former State Banking Commissioner, while Vane followers backed Edward E. Beideman, former lieutenant-governor.

Former Gov. John K. Tener, and Representative Thomas W. Phillips were also candidates for the Republican gubernatorial nomination, both having made the race independently.  
There was a lively contest for the Democratic nomination for governor, the candidates being Judge Samuel E. Shull, Monroe county; Judge Eugene

## SENIORS OF RALLS STAND HIGH IN WORK.

**RALLS, May 18.**—Among the honor pupils of the Ralls senior class several stand out with considerable distinction.

Ralph Gray is winner of a scholarship to the Colorado School of Mines. This is a signal honor as only pupils of each state can win the scholarship, and not only must the individual superintendent certify to his position, but the State Superintendent of Public Instruction must also add to the request. Gray is a fortunate student.

Other winners of scholarships are Mabel Starch to West Texas Teachers' College at Canyon; Walker Watkins to Texas Technological College at Lubbock; Shirley Miller to West Texas Technological College; Lowell King and Mary Nellie Bryant to North Texas Agricultural College at Arlington; Joe Long to the University of Texas.

The competition for these honors was keen as the class was a large one. Those who will receive their diplomas next Friday night are Bill Brown, Jewell Brown, Mary Nellie Bryant, Mary Conley, A. J. Cowley, Thomas Cannon, Mary Davies, R. L. Elms, Oscar Gale, Ralph Gray, Burl Griffith, Lowell King, Joe Long, Roland Lowe, Albert Lockwood, Jewell Moore, Bertie McGee, Mildred Miller, Shirley Miller, Arthur Martin, Irene Pearce, Lucy Ward Peyton, Gladys Martin, Lester Rogers, Luther Rogers, Jessie Faye Singleton, Audrey Stewart, Mabel

## POPPY SALE IS TO BE HELD HERE ON MAY 29

Plans and proceedings for the annual Poppy sale on Memorial Day May 30, and one of the biggest days in the history of this kind of work in Lubbock is expected. It was announced at the regular meeting of the local Post of the American Legion Monday night, H. H. Griffith, ex-service man, who has had much experience in organizing movements of this kind, has been placed in charge of arrangements for the sale, and said Tuesday that 1,500 poppies will be offered for sale during the day.

The campaign will be carried on through assistance of various women's and girls organizations of the city, including Sunday School classes of several churches. It is planned to start the campaign about 9 o'clock, and as Memorial Day this year is Sunday, the sale will be held Saturday. Definite plans in connection with the campaign will be announced within the next few days. Mr. Griffith said Tuesday.

The meeting Monday night was thoroughly enjoyed by all present. Rev. E. E. White, pastor of the First Methodist church here, made the principal address of the evening, and made a plea for perpetuation of the ideal set out in the constitution of the Legion. The gathering also was favored by a number of selections by Collier's male quartet.

(CONTINUED FROM PAGE 4) eyes as he proposed that they go into business for themselves. "Start our own agency in DALLAS, Minn. It's a good place for business. I've written to the Chamber of Commerce and got lots of encouragement. Let's quit making money for these people and be our own bosses. I've been here long enough to know that I'm a good salesman, and I know advertising media and I know costs. I'll get the accounts and you'll give them the copy that will sell their goods and keep 'em."

"John, under the spell of the other's enthusiasm, could say nothing else but yes, although there had been a swift pang of regret when his employment had made such an unbelievable time offer to keep him. "Well each have to put up \$5,000 to start," Graham had said. John had only \$3,000, but Fay, enthusiastic as a child, had supplied the remaining \$2,000.

"If you won't let me work any more now that I'm married," she had told him, "you'll at least permit me to make this investment. Some day you might need a first-class secretary, and when you learn how rare they are and how expensive, you may be glad to take advantage of my experience."

Thus the firm of Graham & Millburn, Advertising Agency, born. Less than two years old, it was still pretty small, but Nat Graham COULD get accounts and John DID write wonderful, romantic things about such prosaic articles of commerce as paving bricks, olives and spark plugs. They employed one artist, a man named Briggs, "they" also employed a stenographer, secretary, bookkeeper and general factotum, and the red-haired Miss Kniseley was all four.

So here he was—not only a husband and business man, but now a father. John yawned sleepily and turned from the window where he had been making. He opened the Barker and Williams folder, tore from a pad a clean sheet of paper and began to scribble with a pencil. The door opened, and a young fellow in a loud checked suit came in. He was smoking a cigar, and under his arm he carried an oversize cloth portfolio.

John's eyes lighted as he saw the newcomer. "Hello, Briggs. Been working at home again?" "Hello Daddy. Yeah. Been drawing pictures of kiddy cars." He grinned. "What's this Adolph tells about you being the proud father?"

"That's right, Briggs." John stopped suddenly, his eyes on the flower in the artist's buttonhole. "Great Caesar! he cried. "Where did you get that thing?" Briggs tenderly fingered the atrocious looking bloom—it covered the entire lapel—and sniffed it daintily. "This, proud parent," he said with dignity, "is the highest example of the floriculturist's art. It hasn't been named yet. There may never be another like it."

But John had dashed over to his hat and was already out the door. "God forbid!" he called over his shoulder as he ran down the hall. "But you've reminded me of something!" Briggs stared after him in open-mouthed amazement. (To Be Continued)

Fifty-Three Percent Gain Made By Hudson-Essex In First Three Months Of 1926, Says New Survey

A gain in Hudson and Essex buyers of 53 percent in the first three months of 1926, as compared with a similar period of 1925, is announced today by Roy D. Chapin, chairman of the board of the Hudson Motor Car Co. These figures, just compiled, show that 55,000 Hudson and Essex cars were sold to owners in this period as compared to 36,000 in 1925—a gain which is considered as all the more gratifying because the 1925 period was itself one of unprecedented success. March was the biggest month in Hudson and Essex history in all respects. "This high record of the utility and comfort of the enclosed car at a low price means a big business even in the winter time. Spring of course, by far the most active season but the winter months of 1926 certainly showed a strong and healthy demand. Our deliveries to owners each month have run far ahead of last year."

OIL DEALERS ARE SUMMONED TO FIGHT

DALLAS, May 18. (AP)—A call asking all independent oil dealers in the state to join in a proposed, statewide convention to fight what they allege is an attempt to exterminate them, was issued here today by the Independent Service Stations association of Dallas county. This is the latest step in the struggle between the independents and the major oil companies.

No date has been set for the state meeting but the Dallas county organization is "feeling out" independents on the proposition. The call was issued through Carl B. Callaway, attorney for the association. Mr. Callaway said there appeared to be a well defined concerted effort by the large companies to gain virtual control of the independents and declared that regardless of what the rest of the state may do, the Dallas county men intend to fight the attempt which they declare would make them merely employees of the large companies.

TODAY'S MARKETS

Cotton Markets

NEW ORLEANS COTTON

NEW ORLEANS, May 18. (AP)—The cotton market opened steady although Liverpool cables were lower than last. First trades showed one point decline to 2 points advance. The market was supported by rains in the West. Prices improved at the end of the first hour, July trading at 17.65; October 17.10c and December 17.12c.

The market ruled steady all morning with trading moderate. May advanced to 18.10c, or 16 points up from the opening on last hour liquidation in that month, but soon lost most of the gain. Other active months were supported by map indications of unsettled weather and made new highs with July at 17.65c and October and December 17.12c.

Trading after mid-session was characterized by weakness of the July position which traded down to 17.50c, sixteen points under the high, while later months remained steady, particularly October. The drop in July was attributed to the unloading of stratified while selling the near months and buying October. Later in the afternoon new crop months worked a shade lower at 17.85c for October and December, but even at that level they were two points above the lows, and 1 to 4 points above the previous close.

NEW YORK COTTON

NEW YORK, May 18. (AP)—The cotton market opened steady at an advance of 2 to 4 points, July selling up to 18.21c and December 17.18c in the early trading on covering and a little fresh buying promoted by prospects for showers in the Southwest. Business was comparatively quiet, however, and the tone fairly steady, the market ruling about net unchanged to four points higher at the end of the first hour.

Trading remained quiet later in the morning and prices fluctuated within a range of six or seven points. There was just enough uncertainty over weather conditions in the Southwest; to check selling but not enough to arouse any aggressive buying power. At mid-day July was selling around 17.55c and December at 17.45c, or 3 to 4 points net higher.

No fresh trading or news feature developed in the early afternoon but prices sagged off slightly from the best under realizing or liquidation. At 2 o'clock July was ruling around 18.15c and December 17.44c or about net unchanged to 3 points higher on the general list.

CHICAGO REPORT

CHICAGO, May 18. (AP)—Influenced by rains in Canada and by predictions of a large early movement of the domestic winter crop, wheat prices underwent downturns today in the first part of the Board of Trade session. Starting unchanged to 3/4c off, the market afterwards showed a general set back of about 1 cent.

Corn and oats sympathized with wheat weakness, corn opening unchanged to 3-5c off and later declining all around. Provisions also were easier.

According to a statement from a leading authority, Texas this season is expected to harvest a crop of 30,000,000 bushels or more, as compared with only 7,000,000 bushels last year and Oklahoma will have 55,000,000 bushels against 28,000,000 bushels. Under such circumstances an unusually generous portion of the crop is expected to be shipped out of Texas and Oklahoma before July 7. Hereafter the average amount marketed previous to that date has been 12 percent for Texas, and 5 percent for Oklahoma.

Oils continued to respond to an extension of recent gasoline price advances. Pan-American "11" quickly moving up a point and Lago touching a high. Indications of another crowded short interest were apparent in the scarcity of the floating supply of many issues. Dupont extended its gain to nearly 3 points before the end of the first half hour. Edsley Central sold at 250, or fifteen points below the previous sale about two weeks ago, and National Distillers sold off a point. North Plains Has Great Wheat Crop

Amarillo Reports

AMARILLO, May 18. (AP)—A wheat crop estimated at 22,000,000 bushels, believed to be the largest since 1919, will be grown on the Plains of the Panhandle this year, according to estimates compiled yesterday by the Panhandle Grain Dealers association in annual convention here.

A total of 16,835 freight cars will be required to move the crop from the fields to elevators and shipping points, it was estimated. Optimistic reports were heard from practically every town and community in the Panhandle in regard to crop prospects, in which the number of cars required to move the crop and the percentage of acreage planted to wheat in regard to former years were estimated.

DALLAS, May 18. (AP)—Proposed legislation compelling railroads to weigh coal cars free of charge at destination rather than at point of loading was discussed at the annual convention of the Texas Retail Coal Dealers' Association which opened here today.

Dealers contended that great savings in coal costs could be obtained by the change as railroads would then become liable for coal lost enroute and employees would show greater diligence in preventing waste.

The annual president's address by William N. Martin of Vernon featured the morning session.

## THINNING RANKS OF SOUTH RALLY FOR CONVENTION

(Continued From First Page)

before Birmingham today. The silver-haired hero, living over again a period marked by profitless waste of blood, hobbled through the streets with a vivacious maid of the new South as his support. Gay colors dipped to the breeze as these old warriors saluted the stars and stripes while doing honor to their own stars and bars.

With all of them entering into the festive spirit there was no mistaking that the martial fire had faded ashily in many instances; they had dulled into mournfulness in this evening of life when there was talk of no more re-unions. While this question was being fought out, Baltimore, Memphis and Savannah were bidding for the next meeting. Little Rock wants it in 1928.

**Texas Veteran Dies.**  
BIRMINGHAM, Ala., May 18. (AP)—Robert Scott, 86, Confederate veteran from Nacogdoches, Texas, died late last night at the Birmingham Baptist hospital.

Scott, a native of Alabama, was stricken as the special train from Texas approached Montgomery early Monday. He was given medical attention and continued on to Birmingham where an ambulance removed him to the hospital.

### Warning Issued To Speeders In City

Speeding and reckless driving in Lubbock is on the wane during the past few days since the warning issued several days ago that all found guilty of either of these offenses would be called upon to pay the maximum penalty of one dollar per mile for every mile over twenty in speeding and a \$20 fine for reckless driving, according to reports at police headquarters.

There are a few, however, who insist that they must "step on the gas" at a lively clip, and we are after them, Chief T. E. May said. He issued a warning to service car drivers that they also must be governed by the traffic ordinances the same as any other person, and that if found guilty of violation, they will be called upon to take the same punishment as any other driver.

## H. M. Rex of Muttodom

Here is nobody else but "Tex" the funniest looking mongrel in all New York, with his owner, Frank Hughes, smiling proudly over his triumph. The dog won first prize in the Mutt Parade of the American Woman's Association, his royal robes being Frank's dad's old vest and his crown bearing the inscription, "Hot Dog."

### Excellent Acting Marks Senior Class Play Given Before Packed House; Boys Hurt Have Recovered

With excellent acting throughout, the senior class play, "The An Optimist," was given at the high school auditorium Monday evening before a large audience. Although no one actor was an outstanding star, Seaman Smith as the "poor stiff" who initiated an Egyptian mummy, Van Bynum as the Jewish proprietor of an antique shop and Miss Kate Pressley as the best patron of the shop, were among the more outstanding. Miss Eula Hurst, sponsor of the class, directed the play.

### GERMAN CAPTAIN, ASKED TO LEAVE IN WARTIME, BARRED FROM SHORE

BERLIN, May 18. (AP)—Captain Karl Boy-ed, is said to have been refused a visa to enter the United States. The passport bureau of the state department is declared to regard the time too short since his activities as naval attaché of the German embassy at Washington to permit him to re-enter the country. He was recalled by Germany at the request of the State Department in 1917.

Boy-ed married a Washington girl, Miss Virginia Mackey-Smith, daughter of Bishop Mackey-Smith. Mrs. Boy-ed has visited her relatives in the United States. The captain would like to live in America. Through a queer chance, Boy-ed and Miss Mackey-Smith were not married until after the war. Just before he left the United States, Boy-ed called van Trepitz, then Minister of the German navy, for permission to marry the young lady and bring her to Germany. The reply was sent "You may marry Trepitz." It was learned long afterwards that the American secret service held up the dispatch, believing to be a code, Boy-ed called without receiving it.

### Courts Rule Against Prince Carol's Wife

PARIS, May 18. (AP)—The courts today ruled against Mme. Zizi Lambrino, former Margarine wife of ex-Crown Prince Carol of Rumania, in her attempt to have Carol's paternity of her son, Mircea, recognized. Mme. Lambrino applied to the courts to have Mircea registered at the Michelt High School under the name Hohenzollern of which family Carol is a member.

### EXCHANGE HOLDS GOOD MEETING ON TUESDAY

The Exchange club of Lubbock, local unit of the National Exchange, which was organized recently held its third meeting since organization Tuesday at noon, and launched a program of activity for the future that it is believed will mean much, not only to the individual members of the organization, but through the co-ordinated effort of individual members of the club, will mean a great deal toward realization of the ideals set forth by city officials and other clubs in the forward movement for the city of Lubbock.

Vaughn E. Wilson, prominent local attorney, vice president of the club, presided at the meeting in the absence of President Tom Garrard, who was called out of the city by a pressing business engagement. Mr. Wilson made a few remarks about the club and its future, saying that in his opinion, no similar organization ever faced such bright prospects for usefulness. This was followed by a round table discussion which centered around future activities, and the speakers, with one accord, all voiced hearty approval of the club and its undertakings, and predicted for it an enviable place in the civic life of the city of Lubbock.

The membership of the club has now passed 25, the number necessary to receive a charter from national headquarters in Detroit, with others on the waiting list to be passed on by the Board of Control that will bring the membership to about fifty.

The club operates on the same principle as the Rotary and Kiwanis, and aspires to be a cog in the machinery of the civic development of Lubbock. Meetings will be held weekly on Tuesday.
