IDEAL THEATRE CHANGES OWNERS THIS WEEK

E. E. Lutts of Dallas, owner of a string of picture shows in West Texas, including the Liberty Theatres here and at Rising Star, has purchased the Ideal Theatre from Howell Bros. of Coleman. The deal also includes the Queen Theatre at Rising Star. Mr. Lutts now owns both theatres here and at Rising Star, the Review is informed. Howell Brothers have two theatres in Coleman and are building another big theatre building there. They enjoyed a liberal patronage here, but felt that they should devote more interest to their theatres in Coleman. The consideration is not given.

Don't forget this is tax-paying time, and the collectors will appreciate it if you will not wait until the eleventh hour, as most of us usually do. Try to smile when you pay your taxes—just for a change. It will make it easier to pay 'em.

GOOD WELL COMPLETED NEW LOCATIONS MADE

West of town, Bradstreet has completed his Waller No. 4 for 100 barrels, following at shot a 1700 feet. Wakefield and Mook Texas have rig up for Sawyer No. 1; preparing to spud in on T. E. Baum No. 10, and have location E. E. Baum. Other operators are preparing to renew operations and there may be a general development program in progress within a few weeks.

MILLION DOLLAR RAIN FOR CROSS PLAINS

A fine rain fell over this section Tuesday night, which gives this territory the best season it has had for months, and every body is wearing a smile. We have been needing just such a rain for several weeks, it came at an opportune time. This is a real "Million Dollar rain."

Mrs. A. C. Dodson is visiting in Mineral Wells this week.

MAN MENTALLY DERANGED IS TAKEN INTO CUSTODY

A stranger was taken in charge a few miles north of town Saturday, who was reported by citizens to be acting strange. Officers Hamilton and McMillian took him in custody, and it developed that his home was near Oklahoma City, that he was a drilling contractor, and was well and favorably known back home, but his mind had become unbalanced to the extent that he did not seem to know or care what was going on. He had broken a wheel on his car out near Deer Plains school house, and it seems that he was just wondering around. Officers got in connection with his wife and she wired money with instructions to take good care of him that he was alright, and he was returned to his home Sunday.

JAMES WILLIAM PAYNE

James William Payne was born May 3, 1856, at Newborn, Tenn., and came to Callahan County about forty years ago. He became a Christian and joined the Methodist church in early life. He was twice married and was the father of ten children, eight of whom are still living to mourn his loss, yet ever thankful for his good life, fatherly counsel and love.

One Wednesday night last December, he retired in apparent good health, but next morning it was discovered that his spirit had slipped away, to be with God. At the time of his death he was public weigher at Cross Plains. He had served his community in this capacity more than ten years. His services and dealings with the public were always honest, faithful and efficient.

A confidence in God had filled his face with a look of calm hopefulness. A pure heart and a clear conscience had given him a countenance beaming with love which looked one square in the face—ah! looked into the heart having the effect of a loving rebuke which love and honor always gives to vice.

He had a christian language. He had a christian courage. I mean by this that he had reached the state of the affirmative intellect. It was not a factor with him what others did; he had the courage to do what he thought was right. His conduct had gone beyond the point of being swayed by what was popular or customary. Duty was the goal and love led the way. He had further the courage of unselfishness, which lost self in the service of others.

This father had a Christian hope and courage which is worth all the wealth of the world at that moment when all the life forces begin to slip away like sand through the fingers. He saw with the souls eye. To him death was not a door which shut out life, but one which opened into larger life. It was a home going. It was a clear call, a clasping of the hands of loved ones he had long loved and lost awhile.

In conversation, prayer, testimony, walk and smile, he impressed everyone with his beautiful christian character. Through his life to the end, had a great love for his brethren, his work, his church, his Bible, and his God, with a great faith in God and His goodness. His intimates who knew him and his work say that his great outstanding characteristic was faithfulness, which is a greatly needed and much to be admired trait in every life.

We greatly miss Jno. W. Payne, but we shall hold his life and character and service among us in grateful remembrance and rejoice in the steadfast confidence of seeing him again when the sunrise of a glorious immortality shall drive away the mists that blind our poor mortal vision and opened our eyes to behold the myriad hosts of departed saints who have outrun us to "the city that hath foundations whose builder and maker is God." Truly he entered into life—"ASLEEP IN JESUS, FOREVER WITH THE LORD."

I. T. Huckabee.

Mr. and Mrs. Jim Settle and children were Cisco visitors Sunday.

LEGION PLAY STAGED WAS BIG SUCCESS

"Comrades," an American Legion play, was staged by home talent here last Thursday night, at the school auditorium, before one of the largest and most appreciative audiences which has ever attended an entertainment of this character, here, under the direction of O. B. Smith, Fort Worth. There was drama, comedy, war and emotional disturbances galore—a constant stream of high class amusement, from the first act to the last curtain. At times the audience would be wiping away their tears, and then they would be laughing in the next breath.

It was an all-star cast. Those playing the leading parts were: Gene Dice, Macon Freeman, Mrs. Billie Clark, Miss Mary Parker, Clyde Durringer, Jim Bachus, J. W. Farmer, Whitley Smith, W. A. Huckaby, and probably others. Gene Dice and Mrs. Billie Clark played the leads in drama, while Macon Freeman and Miss Mary Parker were the comedy stars—and they did their lines exceptionally well—that was the unanimous verdict.

The following night, the same cast staged "Comrades" at Rising Star before a large attendance and were praised highly for the successful manner in which they "put it over."

The Legion here will probably feature other similar programs during the year, it is understood.

LOCAL MEN BUY HELPS-SELY CON.

A. J. Gensley has purchased a Helps-Sely contract for a store at Ballinger, and has option on four more stores, and Art Maddocks has bought contract for a store at Big Spring.

Both these men are in business here, and it will probably be several weeks before they are ready to establish their new business enterprises.

BOY SCOUT MOVEMENT IS LAUNCHED HERE

Mr. Ed Shumway, Chief Scout Executive of the Chisolm Trail division of Boy Scouts of America met here Tuesday night and started the movement of a completely organized Scout organization for Cross Plains.

Mr. Renwick Clark was elected Chairman of the organization at a meeting held several weeks ago, at this meeting all plans were laid in detail. Two committees were appointed to see such local organizations that might be willing to sponsor a troop of scouts and they will be asked to furnish a Scout Master, provide a place of meeting and supervise the activities of the boys of that troop. When completely organized there will be places for men of every profession and trade to help in instructing the boys.

As soon as possible, the boys will be called together and in the meantime, it will be well for the parents to get the details of Scout work. Remember that it is not a matter of just play, but educational, the boys are taught to swim, to read signs of the woods and to camp, but they also are taught morals, civics, physical and mental advancements. Then leather working, carpentering, hog raising, is taught, to help the boys to find his place in the world. Some times a boy is put in the line of endeavor that is best suited to his ability.

More parents should try to help. There is plenty to do.—Please volunteer to help.

REVIVAL MEETING ON MUCH INTEREST SHOWN

Rev. W. H. Matthews is conducting a revival meeting at the Presbyterian church, and he is an able expounder of the gospel; some say he is the best that has ever filled a pulpit in Cross Plains, and that is a broad statement. Hear him.

Building Time

This is home building time—and we hope to see many new homes erected in our community this year. Do you own yours? If not, why not? If you own your home and are thinking of remodeling, repainting or repairing it, we want to figure with you.

Yours for Service.

B. C. CHRISMAN, Co. Supt.

NEW MANAGER

J. H. Sheppard, of Kerens, has accepted position as manager of the hardware department of the Higginbotham store, filling the vacancy created by the resignation of Gene Dice, who will enter the oil business, as drilling contractor, it is understood. Mr. Sheppard will assume his duties Monday, it is stated.

IN TEXAS THIS YEAR CONVENTION HELD

Texas—and Houston gets the democratic national convention, which will be held in June this year, and Jesse H. Jones, nationally known capitalist and democratic leader of Houston secured the convention, single handed, so to speak, and now, all Texas—and especially Houston, are praising him and his name is being mentioned as a running mate for the democratic standard bearer in the race for the presidency this year. And why not? He has brains and executive ability; he is a leader, and for years he has been a heavy contributor of his time and means to the party; he is familiar with national problems and conditions as well as international affairs, he is a Texan; he sets his marks high and then hits the mark—and that is all a mule can do. Being human, he probably has his faults, as most of us do, but his merits are not to be overlooked. He is very popular at Houston, as well as at many other points in Texas, and is well known in many of the cities of the north and east. Bringing the national convention to Texas has placed him in the limelight, and given him an edge on other possible entrants, which his friends are making good use of—and you can't blame them.

It's strange, but its a fact—some business men still contend that it does not pay to advertise. You may determine who they are by reading the Review ads each week. It's hard for you to believe, no doubt, that a business man of these modern times will contend that it "don't pay to advertise" when all about us there is proof that it DOES PAY. Big business men believe in advertising—and that is one thing that has made them big business men. The Review has space to sell—and its a good investment.

MANY NEW HOMES

Sunday, we drove over town, checking the new residences that were erected in 1927, and we were surprised to see so many. We have been here all the time, and noticed the different houses under construction throughout the year, but we did not realize that so many nice homes had been builded. Several real nice homes have just been completed recently in the Highland Park addition, north, but the building has not been confined to that part of the city; new houses have gone up in other sections of town. Jimmie Love and Jim Miller have just completed modern and attractive homes in Highland Park.

Mr. and Mrs. Geo. B. Scott were called to San Angelo Monday on account of the illness of Mr. Scott's mother.

Mr. and Mrs. Bowden Freeman spent the week end in Coleman, visiting Mrs. Freeman's parents.

CRIME UNABATED

The so-called "Crime Wave" is not a wave, but a condition that is here to stay until the American people, who sit on the jury, let justice instead of sympathy, rule and govern their verdicts. In England, a crime is punished; men fear the law; he who takes life, must pay with his life—the plea of insanity, self-defense, etc., seldom profits. It becomes necessary some times for a man to kill—but never to murder. In England there are very few murders. The United States leads the world by great odds in crime of all kinds, and its because they (the criminals) seldom pay the penalty prescribed by law. Make them pay and crime will be reduced to a great extent.

Dr. Longbotham requests the Review to state that he is moving to the Bertrand residence, three blocks east of the Post Office, where he will maintain offices. He will have an office in the Moore building on north Main, when completed, he states.

COTTONWOOD NEWS

The farmers are enjoying some rain at present writing, but are hoping that it isn't through raining yet.

Rev. Howell of Abilene filled his appointment here the past week end at the Baptist church.

Rev. Fowler of Abilene preached at the Christian church here the past week end.

Mr. and Mrs. Robert Odell entertained the young folks last Saturday night with a party.

Miss Hazel Nordyke spent the week end at home, bringing her friend, Miss Vera Duncan with her.

Mr. C. F. Nordyke and family, motored to Putnam Sunday immediately after church to see their new grandson, Doyle Nordyke.

Mrs. Mollie Murray and son, and her mother, Mrs. Jensen spent the week end at Cisco.

Mrs. A. E. Ellis went to Baird at first of week to spend a few days with her niece, Mrs. W. R. Thompson.

Elmer Thomas has been very low last week and it is understood that Ray (his brother) took him to Dallas last Monday night where he will undergo an operation.

Mrs. Whitehorn gave a big dinner last Sunday for Mr. Whitehorn's birthday, and invited the children to come but some were not present.

The B. Y. P. U. rendered a splendid program here last Sunday night, having the fathers and mothers to carry the programs out.

Mr. and Mrs. Jewel Ellis spent the past week end at Putnam and Colony.

Mr. and Mrs. Sam Moore were called away to the bedside of Mrs. Moore's brother-in-law last week, returning Saturday night about 10:30.

Mr. Ralph Brock and family spent Sunday night with Mr. Brock's parents, Mr. and Mrs. W. A. Brock.

The Methodist had quarterly conference here last Saturday, had a large crowd and lots of dinner. We had Bro. J. B. Baker and family of Putnam with us, we also had quiet a number of folks from other places present.

Mr. C. W. Young and family of Putnam spent last week end with Mrs. Young's father, Mr. A. J. Arrin.

Miss Ruth Emiret spent the week end with home folks at Comanche.

IMPROVING

Porter J. Davis is building two more poultry houses, modern in every way, at his chicken ranch, south of town. One will be 16x40 and the other 24x90 feet. He has two Mammoth incubators and one of the most complete poultry plants in this part of the state. These new poultry houses will have concrete floors, which insures more healthful and sanitary conditions, and that has much to do with poultry raising.

Mr. and Mrs. G. C. Nicholson of Winters spent Monday night with the editor and family. Tuesday, Mr. Nicholson and Tom Anderson, manager of the Higginbotham stores here, went to Comanche to attend a meeting of managers and directors of Higginbotham stores. Mr. Nicholson is manager of the Higginbotham stores at Winters, and he states that he had a fine business last year. Mrs. Nicholson remained here with friends Tuesday, and upon Mr. Nicholson's return from Comanche, they left for home.

Mr. and Mrs. Pat Murphy and Mr. Eugene Williams spent the week end in Abilene.

Mr. and Mrs. Weldon McClure and Mrs. Oran McClure and daughter of Spur are visiting Mr. and Mrs. Martin Neeb.

MAYOR GWIN RESIGNS WILL GO TO PAMPA

Mayor F. M. Gwin resigned as mayor Tuesday night at the regular meeting of the Council, and will leave Sunday for Pampa, where he becomes City Manager. J. W. Westerman, president of the Council, automatically becomes mayor, and there will be no special election, as it won't be long until the regular city election, at which time a mayor and four City Councilmen will be elected.

BAPTIST CHURCH NOTES

All former records in S. S. and B. Y. P. U. attendance broken last Sunday. A very fine spirit in all our services. Let every body give attention. The last two weeks in April, Dr. J. E. Gates of San Antonio will be with us in a meeting. Dr. Gates is one of the outstanding Evangelists of the State and even in the South. We may count ourselves very fortunate indeed to have a man like this to come to us for a meeting. Let all of us begin now, looking forward with much prayer and anxiety for a great campaign. You are always welcome at all of our services.

James H. Hunt, Pastor.

Otis Coker and H. F. Holley of Comanche were business visitors here Saturday.

Don't Let That Cold Turn Into "Flu"

Just Rub Away Danger

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub *Musterole* on the congested parts and see how quickly it brings relief as effectively as the messy old mustard plaster. It does the work without blistering. *Musterole*, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

Have Kidneys Examined By Your Doctor

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of *Jad Salts* from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

It is easy to see through the system of some literary critics. They only seek to be "different."

FRUIT COOKIES

1½ cups sugar, 1 cup butter, 3 cups flour, 3 eggs, 1 level teaspoon cinnamon, 2 level teaspoons Calumet Baking Powder, 1 pound raisins, 1 pound walnuts. Cream sugar and butter. Sift dry ingredients. Chop nuts and raisins together, add with beaten eggs to mixture. Drop from spoon to cookie sheet and bake in a moderate oven.

When a girl shows a young man a photograph of herself she expects him to ask for it.

When You Feel a Cold Coming On, Take Laxative BROMO QUININE Tablets to work off the cold and to fortify the system against an attack of Grip or Influenza. 80c.—Adv.

There is a great deal that is pleasant in human nature, but self-sufficiency approaches the divine.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless especially when a few drops of plain *Castoria* will right a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of *Castoria*; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste it's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: it is genuine *Fletcher's Castoria* that physicians recommend. Other preparations may be just as free from all doubtful drugs but no child of this writer's is going to test them! Besides, the book on care and feeding of babies that comes with *Fletcher's Castoria* is worth its weight in gold.

TOUCH OF GENIUS ON FELT HATS; NAVY BLUE ONCE AGAIN POPULAR

Some Pretty Felt Hats.

A GAIN the felt hat for midseason and early spring? To be sure! But with a touch of genius that thrills with interest and newness.

One thing that Paris modistes are making a point of this season is to present intricacy under the guise of simplicity. At first glance, the 1928 models suggest the thought "so simple"—which is not the case at all. When it comes to fantastic cuts and folds, new wrinkles and queer twists the new felts are breathtaking.

It is apparent, in the "just arrived" models that the majority of French modistes are still plying the scissors most vigorously, making of felt a plaything when it comes to cutting it in fantastic designs. Also, brims are asserting themselves, which is real news. Some of the new brims are evidently possessed of a "wanderlust." They cut loose at the crown headline and wander up on the crown, forming a trimming as they go or perhaps develop into a tiara d'ore. Many of these brims have a trick of dropping at the back, fitting into the nape of the neck, and then suddenly developing a tendency to form tabs which entirely conceal the ears.

From close-fitting cap to cloche of medium brim, runs the course of the "first hats" in the new year. The illustration portrays several interesting felts, very smart for immediate wear.

Special attention is called to the cloche shown in the lower right corner of this picture for it indicates the trend of the vogue toward curious new brim outlines. Grosgrain ribbon shows through the slashes in the crown and the same ribbon ties about the head line.

The snug cap centered to the left shows a type of bead embroidery with

the bottom of the illustration draped so gracefully to fit the head in this fashionable shade.

Prepare to hear the good news, navy blue registers for a spring debut. When the pendulum swings to navy blue—well, there is simply no stopping it on its onward course.

In yesteryear it was navy blue serge that ruled in the realm of daytime fashions, today all indications are that navy jersey will do the honors both for frocks and for charming ensembles which emphasize three-quarter coats with plaited skirts.

Navy jersey with a metal touch achieved in gold buttons, perhaps a gilded belt and like as not a gold bracelet is a promise of spring.

Huge bows, of ribbon are slated as a forthcoming trimming item and many of them will be navy blue. It is navy blue grosgrain ribbon which is so artfully brought down to one side of the frock shown to the right in the picture. It is decorated with novelty steel studs, which harmonize with the grayish blue crepe of which this frock is made. Note also the effective use of graduated tucks which extend from the neckline almost to the yoke.

At a recent Paris opening which introduced many interesting inter-season modes, the vogue for navy with white was foretold in the model which is shown to the left in this illustration. This charming youthful model is of navy crepe with white bands inset with hand fagoting. And this reminds us, fagoting is used in abundance in

Two Charming Frocks.

cabochon motifs which is liked in that it gives a semi-dressy appearance. Felts embossed in alligator effects and some with polka dots are among the very chic showings. The model at the top of this group is of this sort.

Melon shaped sections of felt bound with ribbon, or metal galoon banding, as you see on the hat shown to the right below contrive to impart a touch of artistry to many a midseason chapeau.

There is a new color called coachman's drab which is very popular in Paris. The very handsome velours at

the styling of dainty frocks for the Southern midwinter resorts, both for children and grownups.

Another detail in regard to this Paris frock is the slight circular fullness of the skirt, for you must know that skirts are growing wider and wider. As it is to impress the importance of navy blue upon those who would learn of style trends, the dainty Parisienne who posed for this picture wears exquisite navy kidskin shoes with this frock.

A Child Doesn't Laugh and Play if Constipated

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Fig Syrup," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups.

Ask your druggist for a bottle of "California Fig Syrup," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

What Doctors Think of the Laxative Habit

In all history no Indian was ever known to have constipation. Nor need YOU. He chewed the bark of a tree called cascara. Today, we have the candy cascara.

Cascaraizing the bowels never forms a laxative habit. If already formed, an occasional cascaret will usually break the habit. For cascara strengthens the muscular walls of the bowels, and their need of any aid at all grows constantly less. What other cathartic has this characteristic? The writer knows of none.

An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morrow—and for days after. For there is no REACTION as with sickening salts, or any of the man-made purgatives that go through one's system like a bullet.

Physicians tell us cascara is the ideal laxative—and the tongue tells us

candy cascarets are its ideal form. At least a million people know this; what a pity there are any who don't! Especially parents; because children love to take a cascaret. After which, for days-on-end, the bowels will be seen to work of their own accord.

The only habit from cascara is that of regularity! Cascarets tone and train the bowels. But at the first sign of returning sluggishness another cascaret is as effective as the first.

There isn't a druggist who has cascarets, so WHY experiment laxative?

THE COCKTAIL

When beverages were used commonly in cocktails their strong and pungent flavors destroyed the appetizing effect of the hors d'oeuvres and seriously retarded digestion. In these days of enlightenment we enjoy the flavor of the food instead of seasoning.

Sardine Cocktail.—A sardine cocktail makes a welcome first course for luncheon or dinner. Cut the sardines into inch-long pieces or leave them whole to be dipped into the sauce. Serve them chilled with a cupful of the sauce in the center of the plate. Serve with:

Cocktail Sauce.—Take one teaspoonful each of horseradish and tomato catsup, a saltspoonful of cayenne, one-half teaspoonful of tabasco sauce, two tablespoonfuls of lemon juice. Mix thoroughly, serve in lemon cups. Nice to serve over oysters, six to eight.

Mint Cocktail.—Crush a bunch of mint, mince and soak half an hour in the juice of two lemons and the grated rind of one. Cook two cupfuls each of sugar and water until it spins a thread; take from the fire and stir in the juice of a large orange, the lemon and the mint. Let stand on ice until chilled. Serve on ice.

Oyster Cocktails.—Clean and chill five dozen oysters, mix with three tablespoonfuls of horseradish, one tablespoonful of tabasco sauce, two tablespoonfuls of vinegar, five tablespoonfuls of lemon juice, three tablespoonfuls of Worcestershire sauce, three tablespoonfuls of catsup, one and one-fourth teaspoonfuls of salt. Mix well and serve over the oysters, which are placed in lemon, grapefruit or glass cups. This serves twelve to fourteen persons.

Save any cooked ham, put it through the meat grinder and mix with salad dressing for sandwiches or add to it an omelet just before it is folded.

FOODS NOW SEASONABLE

Some day when it seems impossible to originate an idea as to what to have for a meal,

try serving nice mealy baked potatoes with codfish in
Drawn Butter Sauce.—Melt one-half of a third of a cupful of butter in a hot saucepan and when bubbling hot add three tablespoonfuls of flour, one-half teaspoonful of salt if the fish is not already salted enough to season the sauce; a few dashes of white pepper and add gradually one and one-half cupfuls of boiling water. Cook five minutes and add the remaining butter in small bits. Serve with the fish or the fish may be added to the sauce.

Cream Dumplings.—Sift two cupfuls of pastry flour with three teaspoonfuls of baking powder and one-half teaspoonful of salt. Add enough thin cream to make a soft dough to drop from a spoon—about three-fourths of a cupful; if sour add a pinch of soda. Mix and drop from a teaspoon on to the meat and bones, to keep on the dumplings from touching the liquid. Steam well covered for eight to ten minutes, depending upon the size.

Jellied Prunes.—Stew one-half pound of large prunes after soaking well in water. Drain and cut into squares. Prepare a dish of lemon gelatin, using any kind at hand; when partly thick add the prunes. Pour into a mold and set away to become firm. Serve with sugar and whipped cream.

Apricot Ice.—Take two cupfuls of canned fresh or dried fruit. If fresh put through a sieve; if dried cook until smooth then put through a sieve; add sugar to sweeten, one-half cupful of lemon juice and the stiffly beaten whites of two eggs, the water in which the fruit was soaked, or the canned juice. Mix all but the egg whites and freeze; when partly frozen add the egg whites and finish freezing.

Lesson for January 22

JESUS AND THE LAW

LESSON TEXT—Mark 2:18-3:6.

GOLDEN TEXT.—Think not that I am come to destroy the law, or the prophets. I am not come to destroy but to fulfill.

PRIMARY TOPIC.—Doing Good on the Lord's Day.

JUNIOR TOPIC.—How to Use the Lord's Day.

INTERMEDIATE AND SENIOR TOPIC.—How Jesus Obeyed the Law.

YOUNG PEOPLE AND ADULT TOPIC.—Jesus Declares the Higher Law.

1. Jesus and Fasting (vv. 18-22).

1. The questions asked (v. 18).

The scribes and pharisees seeing Jesus eating with the publicans and sinners, raised the question as to why He did so. When Jesus heard their question He declared, "They that are whole have no need of the physician, but they that are sick." Another question was then asked as to why Christ's disciples did not fast when the disciples of John and of the pharisees did fast? John the Baptist was now in prison, therefore his disciples were mourning for him.

2. Christ's Answer (vv. 19, 20).

In explanation He raised the question, "Can the children of the bride-chamber fast while the bridegroom is with them?" He then declared that as long as they have the bridegroom with them they cannot fast. The time will come, however, when they would fast. He is now away. Fasting, therefore, is appropriate.

3. New wine in old bottles (vv. 21, 22).

The bottles mentioned here were made of skins of animals. In the fermentation of the wine there was expansion which stretched the skin. To put new wine in the bottle after it was stretched would cause it to be rent asunder when fermentation took place. The same thing in principle would be realized if new cloth were used on old garments. The teaching designed was to show the foolishness of imposing old customs on the new age.

11. The Disciples Plucking Ears of Corn on the Sabbath (Mark 2:23-28).

1. The charge made against the disciples (vv. 23, 24).

Perhaps they were on their way to the synagogue to worship when they plucked the ears of corn. For this act the pharisees accused them of lawlessness.

2. Jesus defends them against the charge (vv. 25-28).

(1) He cites a precedent (vv. 25, 26).

He showed them that the very law which they charged the disciples with breaking recorded the fact that David the great king of Israel had gone into the house of God and eaten the bread which should be eaten only by the priests.

(2) He shows the nature of a Sabbath law (v. 27).

The Sabbath was made for man, therefore its right use is to be determined by the good of man. The laws of honesty, truth, purity and love differ from the law of the Sabbath and there is no circumstance or condition under which they may be departed from.

(3) Jesus is the Lord of the Sabbath (v. 28).

It was He who instituted it when creation was finished, therefore He had a right to use it as it pleased Him for man's good.

111. Jesus Healing a Man's Withered Hand on the Sabbath (3:1-6).

1. The place—the synagogue (v. 1).

Jesus' example shows what He did on the Sabbath. He went to the place of worship. The presence of the man with a withered hand gave Jesus an opportunity to administer a rebuke to the pharisees.

2. The pharisees watching (v. 2).

They knew that Jesus would be interested in this helpless man. They surmised that some work would have to be performed to heal him.

3. The man made an example (v. 3).

Jesus wanted the case to be open to all, so He commanded the man to stand forth where all could see him.

4. The question asked (v. 4).

"Is it lawful to do good on the Sabbath day, or to do evil, to save life, or to kill?" He made the issue clear; He plainly showed them that to fail to do good, to show works of mercy, to save life, is to be guilty of wrong doing, even of murder.

5. The man healed (v. 5).

Christ healed him by speaking the Word, so they could not accuse Him.

6. The result (vv. 4, 6).

The pharisees were silenced. There was no ground upon which to accuse Him. But since their hearts were bent upon His destruction they sought how they might put Him to death.

Radio Transmission

Now that radio has entered the business of transmitting pictures and messages by the square inch instead of by dots and dashes, it is interesting to note that within its first year of operation the speed of transmission has been doubled. Whereas last year 40 minutes were required for a single photograph of standard size, today it can be done commercially in 20 minutes. Under laboratory conditions the same accomplishment has taken but two minutes.

Bird Finally Got Home

King Avalon, a homing pigeon, owned by Frank Maderos of Martinez, Calif., was loosed in Nevada for a race to Martinez four years ago. After weeks had passed and the bird had not returned Maderos gave the bird up as lost, probably the prey of a hawk or hunter. But the bird has returned, very tired and apparently from a long flight, and has refused to leave its loft.

ELECTION ORDERED FOR SPECIAL ISSUE APRIL 3

Acting upon a petition presented the City Council Tuesday night, an election was ordered for April 3 (regular election date) to vote on the adoption of a city board of development, with a quarter of a cent, to be used for city development. If the election carries, it is understood that a board of twelve men would be selected to constitute the board, and the money would be used for the best interest of the city, as they would direct. A fourth of a cent tax would only be about \$2,500 on present assessments. Many cities are adopting this plan, and as the tax is so small, it is thought that there will be little opposition. The Review will have more to say concerning this matter in later issues.

TO MARK CITY STREETS

The City Council decided last Tuesday night to mark the streets with white paint for the regulation of parking, as has been done in many cities. This plan will make more parking room, as cars will be parked systematically, and in order. A turn stile will also be placed at main and 4th streets.

T. E. Gilbert, postal clerk, has resigned here and gone to Roby. Miss Lucille Carter has accepted position to fill this vacancy.

AUXILIARY MEETING

The Auxiliary of the American Legion met with Mrs. W. A. Huckaby, last Friday afternoon, and elected officers for the ensuing year. Those elected were:-

Mrs. W. A. Huckaby, president; Mrs. Geo. Wilson, vice-president; Mrs. Luke Westerman, secretary; Mrs. M. McGowen, treasurer; Mrs. Carl Slaughter, pub. director.

The next meeting will be held the first Tuesday in February, at the home of Mrs. John Sindorf, and all the members are urged to be present, as there is something in store for each one.—Mrs. Carl Slaughter, pub. director.

CITIZENS GAS COMMITTEE

Paul Longly, chairman,
Cross Plains, Texas
Box 507
Dear Sir:-

This is to advise you, and your committee, that the following has already been, or will be immediately put into effect:

FIRST—Effective at once the following semi-industrial rates will be open to all restaurants, cleaning and pressing shops, bakeries, and other businesses of similar nature:

1st 15,000 cu. ft. of monthly consumption at the rate of \$3.33 cents per thousand cubic feet.

All over 15,000 cubic feet of monthly consumption at the rate of 55.55 cents per thousand cubic feet.

A discount of 10 per cent will be allowed for the payment of these bills within ten days of billing, making the cost of gas to this class of consumers 75 and 50c.

In addition to the above, a minimum charge of \$12.00 per month will be made, even though the consumer shall not have used sufficient gas such month to make the amount of bill equal such \$12.00.

Contracts are now being prepared for signatures of these consumers.

SECOND—A meter prover will be transferred from our DeLeon office to Cross Plains, and a systematic and periodic meter check on all domestic and industrial meters will be made. THIRD—Work on a 3 inch belt line around the town has already been started, and completion of which will be carried forward diligently. We have to date tied in numerous dead ends, and will continue to do so until we have effected a permanent and adequate distribution system for your town.

While in Cross Plains, I made arrangements with Morrison-St. John for a connection with their line approximately five miles west of town, which will supply Cross Plains in case of accidents or interruptions to service to our supply from the East. This should relieve the present situation, and it is our intention to secure a permanent and reliable source of supply from the west as soon as a suitable deal can be made.

We will be very glad to work with your Committee, and assure you we will appreciate their co-operation in our efforts to better the distribution system in your town.

yours very truly,

REAL ESTATE

A REAL SHOWER

It has been said that Christmas comes but once a year, but you would not put that old proverb over on Bro. Collins. The reason is very simple and conclusive. Some of the ladies of the Sabanno community started out Monday one in one direction and another in another, gathering up the things that are so vitally necessary in any home, with the understanding that when they had made the rounds they were to meet and load it all on one car and "pound" the preacher. This they did and carried it to Bro. Collins' home. It looked more like a truck load than what could be hauled on a car, but they managed it, and that is a second Christmas for a similar visit was made a short time ago by the people of Cross Plains. No words will express our appreciation for these substantial gifts and certainly not for the spirit that prompts

these good people to remember us in this way.—Contributed.
