## Cosmetology newly added in school's curriculum

FINISHED product always brings pleased smiles.

(EDITOR'S NOTE - This is the first in a series of articles about the vocational courses offered in Iowa Park schools. The nine departments are termed the finest both in facilities and instruction of any AAA school in the entire state. The articles will be written by the instructors themselves, covering the work and goals of each class.)

By JUDY VEST, Instructor  
Cosmetology is the science of beautifying and improving the complexion, hair, or nails. This is one of the new vocational departments at Iowa Park High School.

Twenty-four students are enrolled in cosmetology this year, four seniors and 20 juniors. The seniors have had Vocational Cosmetology in other cities or have been enrolled in private schools during the summer. Cosmetology is offered only to juniors, to take during their junior and senior years of high school. They complete the

course in May of their senior year. By taking a vocational course such as this, they not only have a high school degree, but a hairdresser's license, which makes them financially independent.

A student in Cosmetology spends three hours a day in class. These classes are either in the morning or in the afternoon, depending on the student's schedule. The morning class has 11 students and starts at 8 a.m.; it continues until 11 a.m. The afternoon class has 13 students and starts at 12:30 p.m.; it continues until 3:30 p.m. During the time they are not in Cosmetology, they are in academic classes at the high school.

Since the Cosmetology Department is located on the Valley View Campus at Valley View, the students are bused to class. Our building is situated at the back of the tennis courts in the former Vocational Agriculture building. This department has approximately 3600 square feet of floor space

that has been divided into a classroom, office, and lab.

The latest and most modern equipment has been purchased for our department: contour shampoo bowls with dial temperature control; hydraulic hairdressing chairs with reclining back, head and foot rests; air-conditioned hair dryers with thermostat heat control; manicure tables and stools. All this equipment is covered in gold vinyl upholstery.

When the students arrive at class, they dress out in white uniforms and then theory class begins. Theory is the scientific fundamentals of beauty culture. Some of the subjects taught are: Professional Ethics; Bacteriology; Sterilization; Sanitation; Anatomy; Physiology; Disorders of the skin, scalp and hair; Electricity; Light Therapy; Chemistry; Salesmanship; and Beauty Shop Management. The science of Cosmetology is taught, so a student will know

INSTRUCTION in anatomy is important part of curriculum.

## Lake and park are named for Dr., Mrs. Gordon Clark

The Iowa Park city council voted Monday night to name a lake and park after Dr. and Mrs. Gordon G. Clark.

They gave the lake in the northeastern part of town, formerly known as City Lake, the new name of Gordon Lake, and identified the park area on the west side of the lake "Oscar Park", after Mrs. Clark.

A proposed resolution, written by George Huckaby Sr., was submitted to the council requesting the namings. In Huckaby's absence, it was read by Dr. Erwin Soell, mayor.

Dr. Clark will retire Monday, ending a medical career here which covers 50 years.

Other topics covered by the council were relatively light, in comparison with most of the meetings the past couple of months.

Aldermen voted to pay Frank McGrath \$5,710.44 for the Third Street widening and sidewalk construction in front of Kidwell Elementary school. The original bid had been \$5,200 but errors in measurement by the city's engineer created a larger cost than bid specifications had stated.

Councilmen set April 1 as election day for city offices. Three aldermen and the mayor's position will be up for vote. Candidates will have until 30 days before the election to file for a position on the ballot.

Terms of Dr. Soell and aldermen Rip Smith, L.W. Teel and Herman Mahler, are expiring.

Aldermen voted to give members of the Volunteer Fire Department their second 2,000 gallons of water free, after charging them minimum rate for the first

2,000 gallons. Above 4,000 gallons, the regular rates will be applied. This is the only compensation given firemen for their work on the department.

Rufus Noah was hired as inspector of the water pipeline construction project work to be done in the city. His salary was set at \$100 weekly when construction starts.

In a study to determine whether the city will provide sirens for some fire department members' private vehicles, action was delayed to learn more about insurance requirements if such action was taken.

Chief Bud Thompson told the council at least three members need the sirens to aid them in answering calls either to the fire station or to the fire scene itself. Cost of the equipment is about \$100 each.

They also voted to purchase a typewriter for the police department, but delayed approving a bid of \$189 for a new machine until Alderman Smith could see if he could find an acceptable used machine at a lower cost.

Purchase of a new four-drawer filing cabinet was approved. City Secretary George Trammell told the council office workers had no more space in which to

file paperwork. Sears of Wichita Falls submitted the low bid of \$58.69, including freight and delivery.

After studying routes to be taken to extend sewer and water to the new White's store under construction at the ParkWest Shopping Center, aldermen referred Joe Ash, Lone Star Gas Company representative, to negotiate approval to allow that company a hookup to Iowa Park water system.

The gas company, according to Ash, plans to construct a transmission line office on its property west of town, near the lake. He said his company would lay the line and purchase its own meter.

The council told him the city's agreement with Wichita Falls, concerning a recent contract between the two municipalities to purchase treated water, prohibited any additional out-of-city hookups without Wichita Falls approval. He was assured Iowa Park had no objections. The line would be connected to the main on Johnson Road.

Approval was given to pay expenses for R.B. Wilkerson to attend a Water Instrumentation Course at Waco.

Councilmen held a brief discussion with City Attorney G.N. Newman about progress of obtaining easements for the water line from Wichita Falls. He said there was still considerable time needed to complete negotiations with property owners.

### FEBRUARY 4

## Capacity crowd seen for Chamber banquet

More than 100 tickets have already been sold to the annual Chamber of Commerce banquet, to be held Feb. 4 in the high school cafeteria.

That leaves only 350 more tickets for the event, which will have a doubleheader highlight.

Chamber directors have already named Dr. Gordon Clark as Citizen of the Year. He will be honored during the banquet with a plaque.

The other highlight will be a speech by William "Bill" Hayes of Amarillo, who will talk on "How To Keep Business At Home".

## Merlin show here tonight

With more than 200 advance tickets sold, indications are that the Merlin Mystery Show tonight and Friday will be a big success.

The return performance of Merlin is sponsored by the Noon Lions Club, which reported the advance ticket sales Tuesday.

Tickets will remain on sale from members of the civic club for \$1 until the high school auditorium doors open at 7:15 p.m. today. Then adult tickets will be sold for \$1.50, as they will be tomorrow evening. Student tickets are \$1 each. Tickets are good for either night.

Leading advance ticket salesman was Henry Jones, who reported having sold 90 by Tuesday.

Funds raised from the show, according to president Hoyt Watson, will be used in civic work by the organization, including the Lions Sight Program which provides eye glasses to needy children, and sending children to the Lions Club Cripple Children's Camp at Kerrville.

The Merlin Mystery Show offers entertainment for every member of the family. Many volunteers are used from the audience in his acts, which includes hypnosis. Merlin will make brief performance appearances on each of the campuses of the school system to entertain the students during the visit here.

Tickets, available at the Chamber office or H.M. Nipper, Ralph Beall, Bob Birk, Wayne House or Buck Voyles, are \$4 each. The admission is for a cash, red-dinner which will be served by members of the Home Economics Department.

Decorations again this year will be the creations of the Iowa Park Garden Club, which has drawn praise in the past for their hours of work and attractive results.

Dr. Clark, who will retire Monday after 50 years practice here, will be recognized not only for his efforts in the community the past year, but for the 49 before it.

Hayes is one of the most sought-after banquet speakers in the Southwest. He has a wide variety of professional experiences, ranging from sports to politics, and is president of a personal firm.

Members of the Chamber board are still confident of having more than 400 persons seated in the cafeteria when the 7 p.m. event is started.

## Record turnout of blood donors

Despite winter illness which has swept through much of the community, a record number of pints of blood was collected Thursday by the Red Cross Bloodmobile.

Local donors contributed 67 pints. This is short of the 75-pint allotment for the city, but was one more than had been collected on a single visit in the past.

Blood drive director Harry Moore commented, "With all the sickness going around, I thought that the total amount was real good."

Many of the regular donors were not able to participate, Moore said, because they were either ill, taking medicine or not in town. He said 16 new donors signed up.

Several donors completed gallon achievements. Miles Thompson completed his fourth gallon donation; Arlan Shook, three gallons; and single gallon achievements were reached by Charles Hickey, Mrs. Jim Miller and Jimmy Sheets.

Blood donated through the Red Cross Bloodmobile is credited to the community's record.

IOWA PARK, WICHITA COUNTY, TEXAS, 76367

## Hawks host Weatherford Friday

The eager Iowa Park Hawks will be seeking their rightful place in the District 4-AAA conference standings when they host Weatherford tomorrow night and Vernon Tuesday.

They closed out the first half of the loop schedule Friday night with a 60-46 victory at Stephenville. That marked their first conference victory as a AAA team, and gave them a 1-6 league standing to match Stephenville.

Tuesday night they were edged by the Burkburnett Bulldogs, 67-65, to open the second round of play.

The Brownwood Lions captured first place in the opening round of play, with a 7-0 record. However another team, such as the Hawks, can win the second round of play and go into a playoff with the Lions for the conference championship.

The Hawks play four of their remaining six games at home, traveling only to Hirsch and Graham.

In that sweet victory over Stephenville, the Hawks led the host Yellowjackets throughout the contest, posting 18-14, 27-20 and 46-31 leads at the end of quarters.

Three players finished in the double figures: Randy Alsop, 18; David Laurence, 11; and Robbie Bosley, 10.

The dogging defense of the Hawks kept the Yellowjackets out of the picture throughout the contest, limiting them to only 11 field goals. The only place they could score was from the free shot line, where the hosts connected on 24 of 34 attempts. Coach Earnie Reusch's crew canned 23 field goals and had a 14 of 23 experience at the charity line.

The junior varsity also won the road trip game with a 50-39 decision.

Their inability to cash in on free shots lost the Hawks a victory here Tuesday against Burkburnett. That two-point deficit could have been erased had they converted on four two-shot opportunities in the last 1:50 of the contest.

Actually, the score was only 65-66, but a personal foul against the Hawks as the final buzzer sounded gave the Bulldogs a free throw, hence the extra point.

## SCS slates study of watershed area

The Soil Conservation Service will begin a new study of the Wichita Valley - Pond Creek Watershed next week, according to SCS District Conservationist Gary A. Batte of Iowa Park.

The study was requested by local residents and the Wichita Soil and Water Conservation District following flood damages of almost \$1-million last August.

Purpose of the study will be to see if it is possible to develop a watershed plan to prevent future floodings.

L.J. Lann, SCS Assistant State Conservationist (watersheds) from Temple will be in charge of the team of experts who will spend about a week in this area.

The crowd, estimated at more than 250, was on its feet much of the night as the Hawks would surge into a five or eight-point lead and then see it melt away by the outstanding outside shooting of the Bulldogs.

Holding an 8-1 advantage, the Hawks saw the Bulldogs surge back to a 15-13 lead in the first quarter. But big Laurence sank a tip in with one second remaining to tie the score at the end of the first quarter.

Burk held a 26-25 lead with 4:04 remaining in the second period, but the Hawks went on a fast-break rampage to lead 37-30 at the half. They outscored the visitors in the third period also, 22-19, to hold a bulging 59-49 lead at the third official rest stop.

But Burkburnett's older and more experienced club, which is made up of eight seniors as compared with the two seniors and five juniors of the Hawks, pulled the game out of the fire by outscoring their hosts 18-6 in the final eight minutes.

After only four and a half minutes had expired in the last period, Burkburnett

had surged to a 60-59 lead. The Hawks went ahead, 63-62, with 1:27 remaining, but 25 seconds later the Dogs went ahead to stay.

For the night the Hawks hit only 50 percent from the charity line, 11 of 22. Four players, led by 6-6 Laurence, scored in the double figures. Laurence had 20, Greg Frazier 18, Alsop 11 and Bosley 10. Jim Frazier, the only other Hawk to score, had six.

Burkburnett's junior varsity handed Iowa Park a 90-63 defeat.

The junior varsity games always start at 6 p.m., and are followed immediately afterward by the varsity games.

had surged to a 60-59 lead. The Hawks went ahead, 63-62, with 1:27 remaining, but 25 seconds later the Dogs went ahead to stay.

Burkburnett's junior varsity handed Iowa Park a 90-63 defeat.

DRIVING HARD - Greg Frazier, 12, drives hard to score two of his 18 points Tuesday night against Burkburnett. The Bulldogs came from behind late in the game to win the District 4-AAA contest, 67-65.

## Farr-Cooper vows are read Saturday

Miss Mary Kathryn Farr became the bride of James Dale Cooper of Del City, Okla., Saturday evening in the Faith Baptist Church. The Rev. Gerald Tidwell, pastor of the First Baptist Church at Tulsa, officiated.

The bride is the daughter of Mrs. Lavender Farr and the late Mr. Farr, and the groom's parents are Mr. and Mrs. O.J. Cooper Jr. of Wichita Falls. Mrs. John Rentschler, organist, and Darrell Dick, vocalist, were the wedding musicians. The selections rendered by the vocalist were "We've Only Just Begun", "For All We Know", "The Lord's Prayer" and "Serve the Lord With Gladness".

The couple repeated their vows in a candlelight setting featuring cathedral candles burning in spiral candelabra and candle trees of votive lights. Wedding foliage was used effectively to provide contrast in the altar area.

Jimmy Farr, brother of the bride, escorted her to the altar and presented her in marriage. She chose an Empire white

velvet gown accented at the high neck and wrists with velvet ruffles and daisy braid trim. The ruffles and braid were repeated on the chapel train which was attached to the gown at the shoulders. Her illusion veil adorned with white appliqued roses fell gracefully from a white velvet bow. She carried a bouquet of long stemmed white carnations, stephanotis, baby's breath and English ivy.

The gowns worn by the bridal attendants were fashioned and made by the bride's mother.

Mrs. L.P. Sanders of Wichita Falls served her sister as matron of honor. She was attired in an aqua velvet gown designed like the bride's gown. She wore an aqua velvet bow in her hair and carried a bouquet of matching long stemmed carnations.

Mrs. Tommy Dean and Mrs. Ralph Sterle of Wichita Falls, the bridesmaids, wore avocado green velvet gowns styled identically to the one worn by the matron of honor. They wore matching velvet bows in their hair and carried matching long stemmed carnations.

Miss Cindy Tidwell of Tulsa,

the junior bridesmaid, wore a green velvet gown.

Shanna Riddle, cousin of the bride, was flower girl, and Mike Clemons of Holliday, also the bride's cousin was ring bearer.

David Lippincott of Austin was best man. Groomsman were Richard Cooper of Hurst, brother of the groom, Jack Barger of Waco, brother-in-law of the groom, and Dan Farr of Lubbock, brother of the bride.

The bride's mother was hostess for the wedding reception held in the Fellowship Hall of the church.

The bride's table was characterized by sentiment. The lovely white cutwork embroidered linen cloth that covered the table was brought from England by her late grandfather, Odie Riddle. An antique crystal epergne in the center, that held the roses and blue stock arranged by Mrs. Herb Adcock, was used at the wedding reception of her parents.

The three-tiered wedding cake at one extremity of the table was frosted in white and garnished with blue roses with green leaves and the traditional miniature bride and groom on top. The crystal punch service marked the other table extremity.

The groom's table was laid with a green linen cloth and appointed with an antiqued bowl of fruit, the chocolate cake decorated with blue roses and the silver coffee service.

The table which held the bride's book was covered with white linen and appointed with a pair of love birds holding blue candles nestled in blue stock.

Presiding at the bride's table during the reception were Mmes. Darrell Dick, Norman Hodges, and Jeanene Browning. Serving at the groom's table were Mrs. Dale Franklin, Mrs. Ray Taylor and Miss Cindy Rentschler.

Other members of the house party were Mmes. Preston Morton, Larry Hord, Sam Fairchild, Jimmy Brown, Walter Lemons and Jack Hodges.

Mr. and Mrs. O.J. Cooper Jr. hosted the rehearsal dinner Friday evening at Country Squire Restaurant.

The new Mrs. Cooper was graduated from Iowa Park High School. She attended Midwestern University and graduated from Draughon's Business College. She has been employed in the Data Processing Department for the City of Wichita Falls.

Cooper was graduated from Hirschi High School. He attended Paris Junior College and Midwestern University. He is employed by W.L. Somner Companies, Inc. in Oklahoma City. The couple will live in Del City, Okla.

When the couple departed for their new home, the bride traveled in a beige crushed velvet pants suit with blue and brown accessories.

MRS. JAMES DALE COOPER

## Holy Land, Africa are program topics

The Holy Land and Africa were brought into focus Thursday afternoon during the 23 Study Club meeting when the program theme was "Quest for International Understanding". Mrs. M.L. Hines and Mrs. Travis Smith were hostesses for the meeting in the home of Mrs. Hines.

The caption above the program outline in the yearbooks paved the way for the different phases of the program for the afternoon. It was "Grant us Brotherhood, not only for this day but for all our years—a Brotherhood not of words but of acts and deeds" by Stephen Vincent Benet.

Mrs. C.E. Birk served as leader.

Mrs. Fred Widmoyer brought the devotion on "Love and Understanding, Keys to Peace". She stressed how the two attributes were essential in promoting peace among families, communities and nations.

Mrs. Earl Watson, the featured speaker, who visited Africa and the Holy Land during the fall of 1970, treated the tour in a different way by discussing "Some Outstanding Personalities I Met in Africa and the Holy Land".

She mentioned first her brother-in-law and sister, Mr. and Mrs. Peter Hinchliffe, and their son, David. Hinchliffe was at that time the city editor of the Daily Nation at Nairobi and his wife was teaching in the St. Mary's School for Boys. Their two and one half year old son amazed Mrs. Watson with

his ability to speak three languages.

In Nairobi, she found Peter Obouther, a reporter for the Daily Nation, and Ranjil Ramal, an Indian, who wore ties embroidered with the five big game animals of the country, very interesting.

Mrs. Watson observed that the plight of the Indians, who were brought into Africa at the turn of the century to build a railroad into Uganda, was very sad. She described the dress and customs of the Masai women and warriors and a session of Parliament which she sat in on.

The two most outstanding personalities that Mrs. Watson met during her six-day visit in the Holy Land were Herr Bachman of Israel and Mataman Khalil, an Arab Christian, who were her tour guides.

The Israelite made an indelible impression on her because of his noble attitude. Even though he had been a prisoner of the Nazis he harbored no resentment in his heart toward anyone. By way of contrast another Israeli guide was very bitter toward certain races and countries. The Arab Christian exemplified Christianity at its finest, according to Mrs. Watson.

She displayed many interesting mementos from the two countries including dolls dressed according to the customs, shells from the Sea of Galilee, Mediterranean Sea and Tel Aviv, bead work, jewelry, scarves, olive wood belt, pictures, books, maps, etc.

Mrs. Rollins Woodall concluded the program with an article "The Creation of the World", an African folk tale from Uganda.

To emphasize the Brotherhood theme, the hostesses gave Bits-of-Bible Gems for favors.

The next meeting will be at Mrs. N.E. McKinney's Feb. 3 and Mrs. James A. Sewell will be co-hostess. Mrs. Leroy Stankewitz will be the guest speaker.

Other members in attendance were Mmes. Chauncey Weiler, Delbert Todd, E.F. Soell, Joe Singer, C.L. Metz, O.E. Lochridge, D.O. James, Sam Hill, Earle Denny, T.M. Clark, L.E. Brooks, Homer Blalock and Miss Ethyle Kidwell.

## Church groups meet jointly

The W.S.C.S. and Wesleyan Service Guild of the First United Methodist Church held a joint meeting Monday night in the chapel.

The theme of the program led by Mrs. David Whittington was "Open Up Your Life", which was also the title of the meditation by Miss Shirley Lowrey.

The program participants and their topics were: "Giving", by Mrs. Gene Owens; "Inasmuch As Ye Did It...", Mrs. M.J. McDonald; "Doing", stressing how one gains strength in meeting the needs of others, Mrs. Don Youngblood, and "Missions in the U.S.", with special emphasis on the work in the Appalachian area, Mrs. Delbert Todd; "Overseas Missions", a topic which showed the merits of the agriculture, food and family planning programs, Mrs. Wilbert Wynn.

Mrs. Otis Gay, organist, provided music for the program. Mrs. S.B. Keeter, president of the W.S.C.S., urged attendance at the officers' training school at Grant St. Methodist Church today. Ten members

volunteered to bake cakes for the young people to take to Sheppard AFB this evening.

Miss Mary Butcher, president of the Wesleyan Service Guild, requested members to continue saving cancelled stamps for the benefit of the blind.

Also present were Mmes. John Sibley, E.E. Wallis, Miles Thompson, H.M. Mahler, M.L. Hines, R.E. Waters, Wm. Owens, Paul Zink, Carroll Hester, George Trammell, Kathleen Hatten, Henry Johnson, J.W. Farmer, Ronnie Waters and Ray Low.

## Shower fetes recent bride

A miscellaneous bridal shower honoring Mrs. Mike Davis, the former Miss Cathy Ann Irby, was held Saturday in the home of Mrs. D.H. Ford. Hostesses were Miss Cindy Johnson, Miss Kathy Thompson and Mrs. C.E. Thompson.

The refreshment table was covered with a white lace cloth and centered with a purple and white floral arrangement.

Special guests were Mrs. E.F. Irby Sr. and Mrs. Albert Davis.

The couple married Jan. 14 and are making their home in Lawton, Okla., where Davis is serving in the U.S. Army.

FIVE STAR POINTS - were honored Tuesday night by the Order of Eastern Star. Left to right: Mmes. James Beavers, Adah; Ray Brown, Ruth; Jerry Whitaker, Esther; Larry Latimer, standing in for Mrs. Richard Dunn, Martha; and Bill Carnes, Electa.

## Eastern Star ceremony honors five star points

The five star points of the Order of Eastern Star were honored Tuesday night during the stated meeting. The honorees were Mmes. James Beavers, Adah; Ray Brown, Ruth; Jerry Whitaker, Esther; Richard Dunn, Martha; and Bill Carnes, Electa.

During the meeting which preceded a social hour, Mrs. Ella Mae Fry from the Joseph A. Kemp chapter in Wichita Falls, a member of the Star Visitation committee of the Grand Chapter of Texas, was a special guest, and gave a report on visitation among chapters.

A report on the School of Instruction to be held at Vernon March 15-16 was given, and members were encouraged to attend and get their A&B certificates. It was announced that a meeting will be held in the home of Mrs. Faye Gibbs each Monday evening to study the work, constitution and by-laws and ritual for the examination at the school in Vernon.

Following the meeting, the group assembled in the dining hall where Mrs. Carl Davis, assistant conductress, paid tribute to the five honored guests. Mrs. Larry Latimer concluded the tribute with a poem "At Day's End".

The star points occupied places of honor at a table appointed with beautiful dolls dressed in formal attire in the shades of blue, yellow, white, green and red, the colors symbolic of the different offices. The dolls are a part of Mrs. H. I. Tatom's collection and she dressed them especially for the occasion. Matching long silk gloves were also an interesting part of the decorations, and the honorees were presented with novel pin cushions fashioned out of spools.

The refreshment table was covered with a floor length white satin cloth bordered with white felt outlined with silver braid. The front of the skirt was centered with a five-point star accented with beads and sequins. The white sheet cake was decorated with the colorful five-point star and roses. A basket of spring flowers added beauty to the table setting.

**LIGHT AND POWER COMPANY**

This reproduction of an advertisement which ran in 1919 in a city we serve makes it pretty obvious that you couldn't always take round-the-clock electric service for granted.

You can take it for granted today because Texas Electric has constantly

planned and built ahead to provide enough reliable electric power for all of our customers' needs. Needs which continue to grow.

Just 25 years ago the average residential customer served by Texas Electric used 1,000 kilowatt hours of elec-

tricity a year. Today, the average is about 8,500 kilowatt hours.

So we have to "run the Electric Light Plant" all the time now, and we have to keep planning and building ahead. Only in this way can we make sure we're always "at your service."

# Hendrix-Maples vows read Friday night

The Church of Christ at Anadarko, Okla., was the setting Friday evening for the exchange of nuptial vows by Miss Lynette Hendrix and John L. Maples II. The officiant for the double ring ceremony was John L. Maples, minister of the Iowa Park Church of Christ, father of the bridegroom.

The bride's parents are Mr. and Mrs. Ed Hendrix of Anadarko, Okla., and the bridegroom's parents are Mr. and Mrs. John L. Maples of Iowa Park.

The nuptial area of the church featured branched candelabra ornamented with turquoise and green satin bows, a unity candle and a large turquoise heart. Church pews were marked with candles.

The pre-nuptial music featured a vocal solo "Because" by the bride's father, and solos by the bride, who sang "We've Only Just Begun", "A Time for Us", "More" and "I Pledge My Love". During the ceremony a quartet of musicians composed of Miss Linda Seat, Miss Pam Shipman, Wayne Pope and Bobby Tidwell sang "The Wedding March", "The Lord's Prayer" and "Whither Thou Goest".

The bride was presented in marriage by her father. She was a lovely picture in an Empire Victorian-style candlelight silk gown over taffeta. The wide Venetian lace at neck, rounded

yoke and wrists and the ruffled lace border of the skirt and built in train further identified the gown with the Victorian age. A face-framing headpiece of orange blossoms held the nylon illusion bouffant veil. She carried a full bouquet of turquoise, green and white roses.

Mrs. Mervin Deason of Fort Cobb, Okla., sister of the bride, was matron of honor. She wore a green Empire Victorian gown of polyester crepe enhanced with ruffles at the neck, waistline and hemline. Flowers were entwined in her Gibson Girl hairdo and she carried a mixed bouquet.

The other bridal attendants were Miss Vonna Lewis of Anadarko, Okla., maid of honor, Miss Romona Maples, Miss Rachel Maples of Iowa Park, sisters of the groom, and Mrs. Ed Hendrix Jr. of Wilburton, Okla., bridesmaids. They were attired in turquoise polyester crepe gowns patterned identically to the gown worn by the matron of honor.

Miss Amy Deason of Fort Cobb, Okla., niece of the bride, the flower girl, wore a dress designed like the bride's dress. Candelighters were Miss Susan Watson of Dallas, cousin of the groom, and Miss Suzette Hendrix of Oklahoma City, cousin of the bride.

Dale Beall of Iowa Park, student at Oklahoma Christian College, Oklahoma City, was best man. Groomsmen were Viggo Ulrich of Vernon, Ed Hendrix and Jim Hendrix of Wilburton, Okla., brothers of the bride, and Mervin Deason of Fort Cobb, Okla., the bride's brother-in-law. Ushers were Lance Watson, cousin of the groom, and Gary Lundine.

The reception which was given by the bride's parents was held in the annex of the church where the colors of turquoise and green were emphasized in decorations and appointments.

The refreshment table was draped with white satin and centered with a five branched silver candelabrum holding a bouquet of mixed flowers and candles.

MRS. JOHN L. MAPLES II

The details of the four-tiered turquoise-frosted square wedding cake which gave it special vividness were white love birds and wedding bells on each columned layer and the chimes-of-love bells on the top tier.

Reception assistants were Miss Kendy Dykes, Mrs. Frank Springer, Miss Jackie Deason and Miss Vickie McVicker.

When the couple left on a short honeymoon, the bride traveled

in a gray and pink wool suit with hot pink accessories.

The bride was graduated from Anadarko High School and attended Oklahoma Christian College at Oklahoma City. The bridegroom was graduated from Iowa Park High School and is a junior at OCC. The couple will live at Edmond, Okla.

The groom's parents hosted the rehearsal dinner at Anadarko Thursday evening.

## Engagement announced

Mr. and Mrs. Grover Cleveland Johnson Jr., of 1312 Mary Drive, announce the engagement of their daughter Jerrie Call to Quannah Don Gray, son of Mrs. Norma Lee and Billy John Gray of Wichita Falls.

Miss Johnson is a graduate of Iowa Park High School where she was a member of the A

Cappella Choir four years and was president her senior year. She attended Texas Woman's University in Denton and is now attending Midwestern University where she is majoring in art education. She is presently employed by Texas Water Crafters.

Gray is a graduate of Wichita Falls Senior High School where he participated in varsity football. He attended Midwestern University and is presently employed by United Electric. The wedding date has not yet been set.

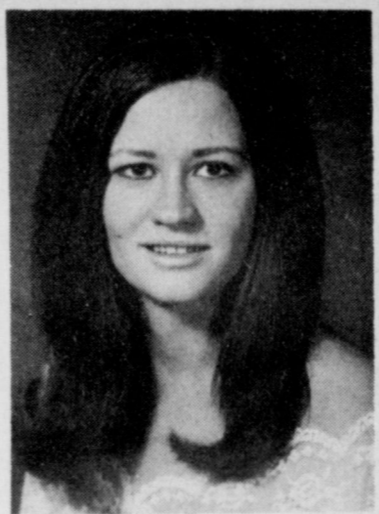

## Friends fete the Tidwells

Approximately 60 friends of the Rev. and Mrs. Gerald Tidwell, Cindy and Todd, of Tulla called Saturday afternoon during the open house given in their honor by Mr. and Mrs. Odys Mayo in Wichita Valley Farms.

The refreshment table was laid with white lace and the centerpiece featured a silver candelabrum holding red and pink carnations and red candles.

Mrs. E.H. White presided at the coffee service and Mrs. Larry Balsley served punch during the social.

The Rev. Tidwell, a former pastor of the Faith Baptist Church, is pastor of the First Baptist Church at Tulla.

## Cook of the Week

Mrs. Orange Lester, a deputy clerk for the City of Iowa Park since 1965, is a busy housewife and member of the Iowa Park Church of Christ. She and her family have lived in Iowa Park since 1950.

Her husband is a civilian aircraft mechanic at Sheppard AFB and a deacon in the Church of Christ. They have two sons, Mike of Wichita Falls, and Chris, a sixth grader, and one grandchild.

### CHICKEN OR BEEF CHILI

Boil, debone and chop in bite size two chickens or one large hen, or 3 lbs. ground beef, fried and browned with all the grease drained off.

Saute 1/4 lb. oleo 3 large onions, chopped Add 2 small cans chopped hot green chili peppers

Place in a double boiler, or over low heat, stirring constantly: 1 lb. grated Velveeta cheese 2 1/2 cups tomato juice 1 large can milk

Mix well and heat until cheese is melted.

1 1/2 dozen ready cooked or frozen tortillas fried until crisp and broken in pieces. Alternate layers of tortillas, beef or chili, onions and peppers and cheese sauce in casserole. Cook in 375 degree oven until it bubbles.

### ORANGE SLICE FRUIT CAKE

3 cups flour  
1 cup shortening  
1/2 cup brown sugar  
1/2 cup white sugar  
1 tsp. soda  
1/2 tsp. salt  
1/2 tsp. allspice  
1 tsp. cinnamon  
2 eggs, beaten  
1 cup applesauce  
1 cup flaked coconut  
1 lb. orange slices  
2 cups pecans  
1 cup drained pineapple  
1 cup golden raisins  
Bake 2 or 2 1/2 hours at 350 degrees. This can be baked in a tube pan, two loaves or six coffee cans.

### BROWNIES (Two Dozen)

Melt 2/3 cup shortening. Add 4 tbsps. cocoa 2 cups sugar 4 eggs, beaten 1 1/2 cups flour 1 tsp. salt 1 tsp. baking powder 1 cup chopped pecans, if desired. Bake at 325 degrees for 45 minutes.

Mrs. Orange Lester

## Performer is speaker here

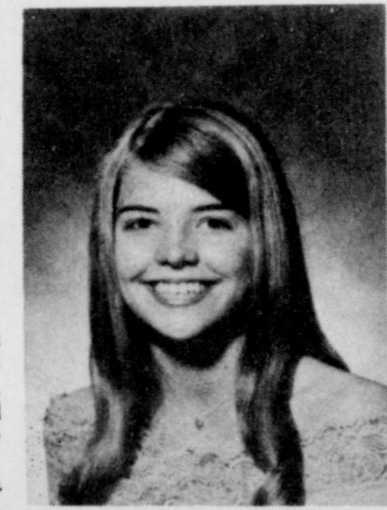

Miss Kathy Hawkins of Alberta, Canada, a member of the Up With People cast that performed at the Memorial Auditorium in Wichita Falls Tuesday and Wednesday nights, was a guest at the TOPS Dreamers meeting Monday night. She gave an impromptu speech in which she explained the purpose and work of the troupe.

Nineteen members weighed in and Mrs. Harry Moore was named queen of the week.

Mrs. J. C. Helms was in charge of the business. Plans were discussed regarding attendance at the National Convention at Denver, Colo. in July and a garage sale was planned at the home of Mrs. G. V. Henderson this week end to help defray expenses of those who attend the convention.

Mrs. Paul Callaway was a guest.

Other members in attendance were Mmes. Pauline Steele, George Boles, A. O. Beall, Gerald Walsh, DeWayne Williams, H. Pierce, Bob Bush, W. D. Vestal, Wilbur Garrels, O. S. McLemore, Lloyd Lowe, Joe Baxter and Miss Gayle Dean.

MISS VICKIE ILLINGWORTH

## Couple tells plan to wed

Mr. and Mrs. Robert R. Illegworth are announcing the engagement of their daughter, Vickie Lynn, to Jimmy Burton Gilmore, son of Mr. and Mrs. B.J. Gilmore.

The future bride is a senior at Iowa Park High School where she is a member of the band and FHA.

Gilmore was graduated from Iowa Park High School in 1971. He participated in track and football during his high school career and won numerous honors. When he was a senior he was named to the All-District and All-State Football teams and won the Outstanding Sports Award from the Iowa Park High School. He is presently attending Tennessee Auto Diesel College at Nashville.

A late summer wedding has been planned.

## Sheppard ladies look for golfers

The Sheppard Ladies Golf Association is staging their annual membership drive now and is on the prowl for beginning golfers.

Cost is \$3 for one-half year and playdates are every Tuesday with major tournaments in the spring and fall.

The business meetings are the first Tuesday of every month with a tee hostess at the Sheppard club to "greet and meet" from 9 to 3:30 a.m., and make sure new members have a partner to play with.

Added bonus for new members is a new golf ball. Prizes or trophies are awarded for regular events.

The Association received two members recently, Ella Lewis and Pat Shankle who were greeted by club president Sandy McAllister.

## WATCH FOR THEM

MANICURING is important phase of cosmetology instruction.

## Cosmetology is offered

Continued from page 1

the "why" and "how" of the varied services rendered to a patron.

In the lab, a student learns to do the practical work. This consists of such practices as shampooing, hairstyling, permanent waving, hair cutting, manicuring, pedicuring, bleaching, tinting, scalp treatments, facial treatments, make-up, eyebrow arching and styling, care and styling of wigs and hair pieces and superfluous hair removal.

In the lab we have manikins to work on, but only to style their hair or practice permanent waving. Students can work on each other, but that's not like working on someone they don't know or see every day. They need and have to have the experience of working on the public.

A student can work on the public, after they have accumulated 150 hours of study in

Cosmetology. Each student that performs work in the lab has either performed the work on a maniquin or on a fellow student. All this work is supervised by the teacher.

This service is offered to the public for a nominal fee to cover supplies and materials used. Only the best professional products are used.

After a student has completed two years of Vocational Cosmetology and acquired 1,000 hours, she can take a State Board Exam and obtain her license. These two years also give students six high school credits, three per year toward their high school graduation.

Students also receive 500 hours for their academic subjects taken their junior and senior years. These rules and regulations are set by the School Board of Iowa Park, the Texas Cosmetology Commission, and Texas Education Agency.

This year our department has two seniors who will take their State Board Exam in Austin. The other two seniors will finish their course in a private beauty school.

During these two years, the students are involved in a Vocational Industrial Club which is called "Vica". Vica is part of the course to help a student develop both attitude and leadership. The officers of this club have attended a meeting in Brownwood. This meeting was an officer's training session, designed to aid the organization of the club.

These students are involved in all types of competition when they attend a District Meeting. Our district meeting this year will be in March and the State meeting will be in April. There are many events the students can enter such as debate, all types of projects officers contest, styling contest and etc.

The club is run by the students with the teacher as an advisor. There are professional people who also help the club, called the advisory committee. The committee has three members at this time: Jack Warden and Bill Thompson of Wichita Falls, and Harold Cowley of Iowa Park.

On February 7 the Vica Club will attend the "All Texas Beauty Show" in Dallas. During the show, they will see many new products being used, the newest in fashion and trend, and most of all, the many fields

of Cosmetology they can go into. This is only a little bit of what Cosmetology students are doing and learning in Iowa Park High School. Our department is open to the public every school day of the school year.

We would like to take this opportunity to invite you to come

to see us. If an appointment is needed just call 438-2335 in Valley View, and our receptionist will take care of you.

Come out and see our department and watch these students at work. They need your support.

## Lions seek youngsters for summer camp

Applications for a summer vacation full of fun for handicapped children in the Iowa Park area are now being accepted by Members of the Noon Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 4. Five Sessions will be held this summer for youngsters from seven through sixteen years of age.

The Camp is free to eligible

blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Lester Brooks of the Noon Lions Club.

In the past years, Lions have sent over 13,000 youngsters to Camp.

EXPERIENCE in rolling hair is partially gained on manikins.

## SAFB helps raise area economy

More than \$141,000,000 was added to the economy of Wichita Falls and the surrounding area by the operation of Sheppard Air Force Base in calendar year 1971.

This was an increase of approximately \$11,000,000 from 1970.

Military pay, the largest single item of expenditure during 1971 was \$91,000,000. Civilian payroll from appropriated funds totaled approximately \$27,000,000. The Base Exchange, including the concessionaires, had a payroll of approximately \$1,600,000 while the nonappropriated fund employees payroll was about the same figure.

Construction figures for contracts awarded during the year decreased. It totaled about \$6,000,000 as compared with about \$11,000,000 for the 1970 period. The 1971 figures included military construction project contracts for a 1,000-man dormitory, a technical

training building, air-conditioning 32 dormitories and two smaller contracts, modification of air conditioning and hot water system of two dormitories and modification of roof beam of an officers quarters. It also included numerous operation and maintenance contracts.

Other projects completed during the year were a 100-bed addition to the U.S. Air Force Regional Hospital, a data processing plant, and an aerospace ground equipment shop. A 1000-man dormitory, started in 1970, is almost finished which will make three completed and one under construction.

The base procurement office spent approximately \$9,200,000. Of that amount \$5,500,000 was spent in the Wichita Falls area for local purchase of supplies, approximately \$2,700,000 in the Dallas-Fort Worth area and about \$1,000,000 in the remainder of the Texas area.

Of the 2,323 vendors throughout the United States on the

bidders mailing list offering their supplies and services in support of Sheppard, 378 are from Wichita Falls.

Local support services totaled approximately \$5,000,000. This included the contracts for both Serv-Air, the company which has the maintenance contract for the T-37 and T-38 jet aircraft used in the undergraduate pilot training program; and Webster Company which has the contract for dining hall maintenance. Other services included in this is utilities, refuse collection, education, contract maintenance, custodial service, clothing alterations, dry cleaning and office machine maintenance.

The estimated increase in salaries at Sheppard in the new year due to the federal pay raise effective this month will be approximately \$6,000,000 for military and \$1,000,000 for civilians paid from appropriated funds.

BUSY students always appreciate patrons.

## Variety show talent sought

Auditions for Talent and Entertainment Specialty Acts for the Iowa Park Band Boosters annual "Local Yoke!" variety show has been slated for Feb. 3 and Feb. 10 at 6:30 p.m. at the high school auditorium.

Individual and group singing and instrumental acts will be auditioned Feb. 3 and comedy, monologues and specialty acts will be auditioned Feb. 10.

The proceeds of the annual fund-raising project will be used for the support of the band and band programs.

The show is scheduled for presentation March 17-18.

## SCHOOL LUNCH MENU

- MONDAY - Fish burgers, pinto beans, cole slaw, soup and sandwiches, chocolate and plain milk, fruit cobbler, Jello, ice cream.
- TUESDAY - Meat loaf, creamed potatoes, green beans, fruit, corn bread and butter, chocolate and plain milk, chocolate pudding, Jello, ice cream.
- WEDNESDAY - Hamburgers on bun, beans, potato chips, pickles, onions, tomatoes, lettuce, chocolate and plain milk, ice cream bars, Jello.

## Dixie band big success

The Dixieland Band of the freshman class of Iowa Park High School brought enthusiastic applause with each selection they played, and were brought back for an encore number, when they presented the program for the Evening Lions Club Tuesday.

Their selections included "Basin Street Blues", "Down Yonder" and "Sweet Georgia Brown".

The musicians were Denise White, Charlotte Elliott, Debbie Adams, Darryl Harrison, Tina Muhlinghauser, David Bennett, Sam Callaway, Jerry Smith and Mark Hubner. They were accompanied by Larry Kingsley, band director, and his assistant, David Mooney.

Wm. Nunn, president, was responsible for the program.

## Youth choir sets program

The youth choir at the Faith Baptist Church will present a musical program Sunday evening during the worship service. Mike O'Donnell will direct the group.

Cindy Rentschler will be the pianist and Dave Bridgers will serve as organist. Mike Wadsworth will have solo parts.

The Rev. Herb Crocker, interim pastor, will deliver the message of the evening.

**SOPHOMORE CLASS FAVORITES** this year are Dianna Cavener and John Kocks. Dianna plays the clarinet in the school band and includes as her other interests swimming and cooking. All her school years have been in Holliday. John's hobbies are deer hunting, football and playing the tuba in the band. He has attended Holliday schools since he was in the fourth grade.

### Home-ec girls hear speaker

Floyd B. Spencer, high school English teacher, spoke to the Future Homemakers in a regular meeting held Wednesday in the Homemaking department of Holliday school. The Basics of Home and Family Life was chosen as the speaker's topic.

A retired army colonel who has traveled extensively throughout the world during his career, Spencer chose Proverbs 31 as the theme for his talk.

Spencer also gave the students recipes for making Lye hominy, soaked wheat bread and tortillas. Patty Haggerty was in charge of the business session. Karen Henke was chosen Girl of the Month. Helen Alley was elected voting delegate to the Area IV meeting to be held in Stephenville in March. Karen Henke, Kathy Woods, Danna Berry and Sylvia Clark were elected as members for the Area Chorus. Chapter Advisor Miss Lawler reminded the girls that all degree applications are due by February 16. Mrs. J.H. Barton will be speaker for the February meeting and mothers of the girls will be special guests.

### City election open for four candidates

In regular session of the Holliday City Council meeting Monday, Mayor Fred Daume Jr. called for the city election to be held April 1 at the City Hall. A mayor and councilmen for Places 1, 2 and 4 are to be elected. The place 1, now occupied by Louis Hodge, is for a term of one year; Places 2 and 4, now filled by Joe Martin and Jim Darr, are for two years. Deadline for filing for either office is March 1. Candidates may file with City Secretary, Mrs. Evon Carter, any time during regular office hours.

## HOLLIDAY HAPPENINGS

Holliday Lions Club annual Pancake Supper tonight, (Thursday) beginning at 5 in the school cafeteria. Tickets available at the door for \$1 per serving. Proceeds to go to the Lions' benevolence fund.

Holliday city employees were hosts Thursday evening to 125 members of the Northwest Texas Water Utilities Association, in the school cafeteria. Mayor Fred Daume Jr. gave the welcome address and H.T. Phillips, vice-president of the organization was in charge of the program.

Leon Bell, of Henrietta, presided over the meeting which included a general discussion of water problems. A catered meal was served by The Country Inn.

Holliday's 4-H Club will meet in the Community Building on Tuesday, Feb. 1, to hear Dr. John W. Allen, veterinarian, speak on Preventive Medicine. County Agent Marvin Henry will be present to assist members and leaders on their project work.

Mrs. Jim Casey will meet with 4-H members who are working on Food Projects, at 4 p.m. on Feb. 1, in the Community Building. Home Demonstration Agent Mrs. Judy Germany has planned a program food study designed to appeal to students. Members will exhibit completed projects later this year.

Deputy Sheriff Leroy Addison reports that two rifles were stolen from unlocked pickups in separate incidents last week. Several parts were also taken from parked cars over the weekend. Addison and Ranger Jesse Priest were in Austin and Huntsville on official business Monday and Tuesday.

School Cafeteria Menu  
Mon. 31, Enchiladas, buttered corn, green salad, cake, milk.  
Tues. 1, Corn dogs with mustard, pineapple salad, pudding, milk.  
Wed. 2, Chili beans, corn bread, cole slaw, spinach, fruit, milk.  
Thurs. 3, Beef stew, crackers, rice, pineapple and cheese salad, fruit cobbler, milk.

Fri. 4, Fish sticks, tartar sauce, macaroni and cheese, western beans, ice cream, milk.

Baptist women will meet Tuesday, Feb. 1, at the church for Bible study. Mrs. C.V. Lough will lead the study with the theme "Uniting Ability with Need" beginning at 9:30 a.m.

Mrs. Shurman Stone visited last week in Garland with her daughter and family, the Tommy Yarbroughs.

Holliday Chaparrals held the monthly Play Day Sunday with good attendance in the arena at Stonewall Jackson Park. Fifty riders participated in the six events for ribbon awards. Brenda Henson was winner of the door prize; a \$10 gift certificate. Emmitt Woods, Mrs. Fred Toler and Mrs. Harold Wilson were timekeepers. Next Play Day will be February 27.

Mr. and Mrs. Jerry Wakefield and Bryan of Grapevine were weekend visitors with the Clyde Hutchinsons and the A.R. Comptons.

Boy Scout Troop 133 and Scoutmaster David McMillan, enjoyed a bike-hike at Possum Kingdom on Saturday. The Scouts made a base camp and visited the ranger station and state park, on their bikes. Doug McMillan, Jim Stevens, Paul Gribble and Greg Lindsey made the trip.

Mr. and Mrs. Howard Lyles were hosts Sunday for a family dinner in honor of their daughter Cheri Lynne's birthday. Also honorees at the dinner were Cheri's aunts, Mrs. R.A. Thorman of Mineral Wells and Mrs. Mack Lyles of Wichita Falls. The three ladies annually meet with their families to observe their common birthday. Also present for the celebration were Mr. Thorman, Carole Thorman, and Rodney Henderson of Mineral Wells; Mack Lyles and Mr. and Mrs. Corky Davis of Wichita Falls; Mr. and Mrs. Mike Fox, Doug and Keith of Archer City and Mr. and Mrs. J.H. Lyles of Holliday.

Holliday Baptist Church has set February 2-6 for the Laymen's Revival to be sponsored by the church's brotherhood with Paul Vandergriff as Director. The men of the church will take charge of all activities of the revival; Jim Casey will be at the piano, Herbert Todd Jr. will direct the music and brotherhood members will assist with special music, testimonials and devotionals. Speakers for each service are: Wednesday, J.L. Stone; Thursday, Jim Casey; Friday, Roy Cannon; Saturday, Dan Owen; Sunday morning, Sherwin Boyd and Sunday evening, O.L. Willis. Services will begin each evening at 7:30 p.m.

### Henson's art feature of Sunday showing

Artist Jim Henson will exhibit some of his work at a one-man show Sunday in Robinson's Gallery, 2003 Ninth St., Wichita Falls, from 1 to 6 p.m. This is the third one man show for the high school junior who is rapidly becoming known throughout north Texas for his outstanding ability to capture on canvas the beauty of the world about him.

Primarily self-taught, Jim works in acrylic, watercolor, ink and charcoal on a variety of subjects. His wide range of interests has aimed him in the direction of realism, but his works also include abstract and impressionistic.

Since he entered his first exhibit in the Holliday Sidewalk Art Show in 1969, Jim has won 35 awards including three youth trophies at Holliday and the Best of Show Award at Henrietta.

An honor student at Holliday High School, Jim credits his parents, the J.D. Hensons of Lakeside, with much of the inspiration for his work. Mr. Henson is a Student Director at Midwestern and is a former commercial artist. Mrs. Henson and the daughter, Betty, also maintain an active interest in art. The family attends Fain Presbyterian Church where Jim sings in the choir and is a member of the brass ensemble. At Holliday, he is a member of the High School Band where he holds the position of Drum Major. He is on the school annual staff and a class officer.

At the close of the show on Sunday a drawing will be held for the door prize: a 16 x 20 watercolor painted by Henson and custom framed by the gallery. The show is open to the public.

### Fund drive nearing end

Volunteers for the March of Dimes will be completing the fund raising drive this week, according to Mrs. Charlie Lee Martin, county chairman.

Miss Suzanne Lawler is chairman for Holliday, and will be assisted in the effort to reach each home in the city by Donna Craddock and Helen Alley, co-chairmen for the drive.

Members of the Future Homemakers will work with Miss Lawler.

Mrs. A.D. Horner is chairman for Lakeside City-West; Mrs. Lucille Moseley for Dundee and Mrs. A.R. Compton for Mankins. Literature to be distributed in the house-to-house canvass, will be a bookmark, "Environment and Birth Defects" and a quiz on Rh blood type.

### Church enters state event

The First Baptist Church of Holliday has enrolled in the 1971-72 Texas Baptist Town and Country Church Achievement Program, according to Clinton Watson, state program director.

The new program is sponsored by the Missions Support Section of the Baptist General Convention of Texas. It is designed to stimulate interest in a church's total ministry by providing growth incentives. "This program dares a church to be greater," said Watson. "It challenges it to strengthen its total program. It is the only program of its kind offered to touch every aspect of a church's life."

He pointed out that eligible churches - there are more than 2,000 in Texas eligible to participate in this program - and their pastors making outstanding achievements during the year will be honored by the Wichita-Archer-Clay Baptist Association and at the annual convention of Texas Baptists next year in Abilene.

Pastor W. Clayton Hoffman will lead the church to adopt goals for advancement in the areas of a better local church, a better community, and a better world.

A Record of Progress notebook will be compiled by church members and will serve as the

basis for evaluation among all participating churches. No church may enter the program if its community's population exceeds 2,500 persons.

### Sanderson candidate for mayor

J.L. (Sandy) Sanderson has announced his candidacy for the office of Mayor of the City of Holliday.

Sanderson has formerly served on the city council as he and his family have owned their home in Holliday the past five years. He is presently employed by the Water Department of the City of Wichita Falls.

A retired veteran of the U.S. Air Force, with 23 years experience, he served in several overseas assignments before returning to Holliday, where Mrs. Sanderson attended school.

The Sandersons have one child, a daughter, Sharon Sue, who is a junior at Texas Women's University in Denton. The family are members of the United Methodist Church and he is a member of the Dundee Masonic Lodge.

### Students seek scrap paper

The sixth grade science classes will start collecting paper for recycling in the Save A Tree Project Saturday. A pickup truck will be parked across the street north from the city park between 9 a.m. and 11 a.m. to receive papers, magazines and cardboard boxes. They will continue collecting paper each Saturday until the close of school.

For pickup service call Mrs. James Dyer or any sixth grade student. The money the class receives from the paper drives will be given to the city tennis court project. Members of the last year's sixth grade classes who collected papers throughout the year recently voted to donate \$50 to the tennis court fund, according to Mrs. Dyer.

### Seniors meet

Hostesses for the weekly Senior Citizens meeting Monday afternoon were Mrs. Gladys Thompson and Mrs. Myrtle Travis.

Others present were Messrs. and Mmes. L.P. Lambert, Hill Spruiell, Raymond Good and M.L. Hines; Mmes. J.J. Dwyer, Amma Chesher, Lydia Hudson, O.M. Jones, J.C. Roby and Johnnie Starnes; and J.A. Berg, F.A. Mann, T.M. Clark, Edd Hayes and Will Spruiell.

### 123 pairs of glasses given

More than 120 pairs of discarded glasses were donated to the Lions Club sight program, it was announced Tuesday at the Noon Lions Club meeting.

Making the announcement was Lester Brooks, who took 123 pairs of glasses to the District 2-E1 midwinter meeting in Graham.

Brooks said the Lions will continue to accept the glasses, which can be left either at the Hill Insurance Agency or the Iowa Park Leader. They can be broken, whole, or in parts, and still be helpful to the program, he stated.

Program for Tuesday's meeting was presented by conservationist Gary Batte, who showed a slide film presentation on water conservation in Texas.

### LL officers are elected

John Huff was re-elected president of Little League Baseball at a meeting held Tuesday night. Jack Hodges was also re-elected vice president.

Board members elected were Derrell Burrell, Bill Griffin, Bernard Blair and Howard Klinkerman.

Board members retained were John Huff, Jack Hodges, Jake McLemore, Arch Hughes, Gregg Cleary, Jesse McCullough, Buck Voyles, Wayne House, Charles Bentley, Gerald Franks and Bud Reed.

Filtrum is the name of the groove in the face between the nose and the mouth.

Pineapples contain only 20 calories per pound.

Real name of the calico bush is mountain laurel.

Death Valley is the lowest point on the continent.

There are about 80 glaciers in Glacier National Park.

## Alton B. Birdett

Services were Wednesday afternoon in Harrell Funeral Home chapel in Dublin for Alton B. Birdett, 69, of Burkburnett, father of Bob Birdett of Iowa Park. Burial was in the Old Dublin Cemetery.

Birdett was born Jan. 20, 1903 in Alabama and died Monday in a Wichita Falls hospital following a long illness. He had been a resident of Wichita County since 1945.

Other survivors are his wife; a daughter, Mrs. Lela Nolen of Sherman; a sister, Mrs. Odessa Phillips of Dublin; two brothers, Troy of Dublin and Travis of Waco; six grandchildren and two great-grandchildren.

## Gerald C. Lankford

Services for Gerald C. Lankford, 57, an aircraft mechanic at Sheppard AFB, were Monday morning at West Side Baptist Church in Wichita Falls.

The Rev. L.J. "Scotty" Newton, pastor, officiated. Graveside services were that afternoon in Fairview, Okla.

Lankford was born May 26, 1914 in Artesia, N.M. He was the father of Robert L. Lankford and the brother of Mrs. D.D. Burrell, both of Iowa Park.

Other survivors are his wife, Fern; a daughter, Mrs. Wayne Stroman of Richardson; his mother, Mrs. Mattie Lankford of Wichita Falls;

two stepdaughters, Mrs. Ed Reed of Denver, Colo., and Mrs. James Boeckman of Okene, Okla.; another son, Cpl. Stephen H. of Yorktown, Va.; two stepsons, Bill and Joe Blair of Stillwater, Okla.; four other sisters, Mrs. W.E. Moore of Hebronville, Mrs. E.F. Kelly of Corpus Christi, Mrs. C.Y. Anderson of Willmar, Minn., and Mrs. Esther Verdi of Wichita Falls; three brothers, Kenneth of San Juan, T/Sgt. Glenn of Germany and T/Sgt. Pete of Wichita Falls; and three grandchildren.

## Edward E. Good

Funeral for Edward E. Good, 79, was Tuesday afternoon in the Assembly of God Church at Olney. The Rev. Troy Frazier, pastor, officiated, and burial was in the Cundiff Cemetery.

Good, a retired pumper, who had lived in Olney 28 years, died Sunday morning in an Olney hospital.

A native of Dallas County, he married Lois Swazy in 1963. She survives.

Other survivors are four daughters, Mrs. T.F. Johnston of Bowie, Mrs. Jerry Fields of Holliday, Mrs. J.H. Peck of Archer City and Mrs. Fred Pryor of Graham; a stepson, Otis Swazy of Justice, Calif.; two stepdaughters, Mrs. George Padgett and Mrs. Bill Butts of Fort Worth; two brothers, Clyde and Raymond of Iowa Park; six grandchildren and six great-grandchildren.

## Church group hosts foreign airmen group

The Christian Workers Sunday School class of First United Methodist Church has for several years helped to create an atmosphere of good will between the foreign students in special training at Sheppard AFB and the people of the area by inviting a group of them to be special guests at their monthly covered-dish dinners and socials.

They have worked through M/Sgt. W.S. Tarkington, Foreign Military Affairs, who accompanies the airmen whenever possible. When he is unable to come, Mrs. Ruby Swadley, a secretary in the office, accompanies them. The consensus of the class members is that the contact with the young airmen has not only enriched their lives but has made them conscious that people the world over are desiring peace.

The social last Thursday night was considered special by virtue of three airmen from Vietnam providing the program following the meal. The entertainment featured vocal and guitar music by AB Hen, Hynh, AB NGOC, Do Quang and AB Anh, Nguyen Quang who presented Vietnamese country songs.

Other special guests were 1/Capt. Reuben S. Mateo, S/Sgt. Rosaline L. Flores and S/Sgt. Leonardo T. Tempozosa from the Philippines, and Mrs. Swadley.

Mrs. Otis Gay was program leader. She also directed a game where each one was given an opportunity to list his New Year's resolution, the thing he liked most and the thing he disliked most. The airmen participated, and, without exception, each one not knowing what the others had written expressed that he disliked war the most.

H.M. Mahler directed the business. Hosts and hostesses were Mr. and Mrs. James Stewart, Mr. and Mrs. Otis Gay, Mrs. Etta Bennett and Mrs. C.C. Robinson.

The head table was centered with a bouquet of fresh red and white carnations, and the other tables were decorated with single carnations in bud vases and candles.

Also present were Messrs. and Mmes. Gene Lowrey, Ray Low, Floyd Boyd, Swan Reaves, Carroll Hester, J.C. Ralston, Neil Johnson, Elgin Denny, H.M. Mahler, Travis Smith, Carl Sullivan, R.G. Warner; Mmes. M.L. Hines, Emma Gauntt, Ida Parker, Paul Zink, M.J. McDonald, George Trammell, Henry Johnson, Kathleen Hatton, E.H. Pearce, Bessie Buehard, Homer Blalock, a guest, Miss Ethyle Kidwell and Miss Mary Butcher.

## Soccer team to organize

A meeting will be held Friday at 5 p.m. at Will Burnett Field to organize soccer teams in Iowa Park to be entered in the Boys Club Soccer League. J.J. Hutchins, who coached Little League Baseball last summer, will be the soccer coach.

The age groups will be 7-10 and 11-13 and boys who were 14 after Sept. 1 will be eligible to play also. At least 15 boys are needed on each team to be entered in the Soccer League. All boys who join will be eligible to play.

The Soccer League will officially begin Jan. 31. For further information call Hutchins at 592-5385.

**ABOUT TOWN**  
Mrs. L. B. Jones entered Wichita General Hospital Monday for observation and tests.

Less than one two-billionth of the sun's energy is intercepted by the earth.

Jay Oliver, a nine pound, ten ounce son, was born to Mr. and Mrs. O.C. Loggins Jan. 13. He has two brothers, Clinton, 2 1/2 years old, and Larry, 14.

The grandparents are Mr. and Mrs. C.J. Cook of Iowa Park and Mr. and Mrs. M.L. Loggins of Electra.

## Junior high teams win

The Eighth Grade won its games during the past week and the Seventh Grade split victories, though narrowly.

Both clubs took big wins over Henrietta Thursday, with the Eighth Grade winning 49-29, and the Seventh Grade 39-17. Against Notre Dame Monday, the Seventh Grade was edged, 29-31, but the Eighth Grade pounced out a 53-32 decision.

Neither team has a game scheduled this evening, but will host Electra Monday starting at 6 p.m.

## Midget Hawks win 2, lose 1

The Midget Hawk basketball team has won one and lost two conference games during the past two weeks in the Boys Club program.

They lost 23-20 to the Wolfpack and 28-8 to the Rockets. Tommy Gardenhire had 11 points for the Hawks in the Wolfpack game, while Andy Sitgreaves led with four against the Rockets.

Their first victory was a 23-22 decision over the Missiles, in which Jeff Nolan was high with seven points.

## Walter White on all-state band

Walter White, former Iowa Park Hawk bandsman, made the Alabama All-State Red Honor Band on percussion in tryouts Saturday.

The son of M/Sgt. and Mrs. Walter White, former residents of Iowa Park, he is a sophomore at Athens, Alabama High School.

## PUBLIC NOTICE

**REPORT CARDS**  
Today was another one of those dreaded days—usually known as report card day. On their report cards this time, though, students found not only their 9-weeks grade, but also their semester test grade and average. Unfortunately, for more than one student these progress reports mean the end of many freedoms.

**SENIORS ORDER**  
Monday at 9:30 seniors are to order their invitations for graduation from an engraving company representative, Mr. Bob Sheroc. He will also measure seniors for caps and gowns.

**THESPIANS**  
February 4 is the date set for the Thespian Initiation banquet at Mayo's Steak House in Wichita Falls. The semi-formal affair is slated to begin at 7:30.

**STATE AUDITORS**  
The second week in February has been slated as the time the state auditors will be visiting our school. They inspect the courses offered by the school and the way these courses are taught.

**SENIORS MEET**  
Seniors will meet in the auditorium first period Tuesday and will be given the Kuder Interest Inventory Test by Mr. Miller. This test simply indicates the type of occupation a student would be most happy doing.

**JOKES**  
The drill sergeant barked a command: "All right all you dummies, fall out."  
With much confusion and clatter every man in the company except one fell out and scattered. The sergeant glared at the remaining recruit and said, "Well?"  
The rookie smiled and replied, "There sure were a lot of them, weren't there, Sarge?"

THE GREAT **MERLIN** MYSTERY SHOW  

## Exciting Full Evening Show

Awe, skepticism and bewilderment are just some of the thrills in store for those who attend the performance of The Great Merlin Mystery Show.

Are there really such powers as E.S.P., mental telepathy and clairvoyance? Can the veil of the future be lifted so that we can catch a glimpse of the unknown? Merlin has amused and befuddled audiences for years by, among other things, reading the minds of people right in their own seats in the audience. It is said that Merlin's mental powers are 100 years in advance of our time. His demonstrations include the answering of questions submitted to him by people in the audience. Apparently he receives the questions as a form of mental vibration and them answers the questions according to visions that he sees in a crystal ball. Merlin absolutely disclaims any supernatural powers and answers questions, as he says, simply through extra-ordinary development of his natural psychological faculties. Of course this may be perfectly natural for Merlin but absolutely supernatural for others less wonderfully endowed.

Merlin will also present many of his famed hypnotic demonstrations including mass hypnosis using volunteers from the audience. He will cause a person to become intoxicated on a glass of ordinary water; another to eat an onion believing it to be a peach. Those who volunteer to be hypnotized will feel the weather change from 40 degrees below zero to 120 degrees above zero, all in the twinkling of an eye. After it's all over, the volunteers remember the demonstration as though it had taken place in a dream. Merlin who often hypnotizes individuals with a single glance, claims that if you can concentrate he can read your thoughts and hypnotize you.

Curtain time is 8 P.M. at the High School Auditorium.

## MESQUITE MUSINGS

By RUBY L. ROBERTSON

Only God can make a tree, as the poet said; but you can certainly show Him where you want one and provide the labor and equipment to transplant it, and there is no better time for the job than during this year's observance of the hundredth anniversary of Arbor Day.

Nothing shows optimism as much as the act of planting a tree. It is significant that one of the first steps taken by farmers when they began to recover from the Dust Bowl horror, was the planting of trees in the shelterbelts to check soil erosion and provide shelter for wildlife. Tree planting demonstrates an awareness of our ecological needs and a desire to leave the world a little better than when we found it.

These majestic plants fight air pollution by inhaling carbon dioxide and exhaling oxygen and releasing moisture into the atmosphere. Noise is abated when it passes through a row of trees and nothing can hide a junk pile as effectively as a green band of trees.

Few things are as much a part of our daily lives; from the morning coffee to the paper for our daily news, even the lowly toothpick, are a part of the 5,000 products to come from the forests.

Trees were worshipped in pagan rites in pre-Biblical times. The oak tree was sacred to the Druids, priests who lived in Britain during the first century. These religious men also venerated the mistletoe and as a part of their rites, cut it with a golden sickle in the light of the moon. We are not sure how it was used afterwards, but scientists are now experimenting with the use of the berries in cancer control.

Trees are not immune to the crime wave. In the Michigan area, thieves are cutting down prize walnut trees and hauling away the logs which are often valued at several hundred dollars.

If you think planting one tree is difficult, how about the 198 million acres of forest that the Southern Forest Resource Council is planting? Much of the hilly country is planted by helicopters which can cover 2500 acres daily. So set up a filter for the summer sun and make a new friend. Plant a tree.

## As I See It . . .

By BOB HAMILTON

While four Texas congressmen were taking some pretty hot verbal shots at the federal judicial system, they didn't know that, only a few miles away, their targets were about to unload with a mini-sized atomic bomb.

They were Graham Purcell, Jim Collins of Dallas, Jim Wright of Fort Worth and Bob Casey of Houston; guests at a congressional breakfast of the Texas Press Association mid-winter convention in Fort Worth.

A few miles down the turnpike three federal judges were making their decision to overturn a redistricting of congressional districts and set it up the way they felt like it should be. And had the result of their decision been known to the four elected officials, I'm sure the comments would have been even more critical than they were.

Mainly the actions of the judges across the nation which have to do with school busing were the centers of remarks by the four. Like Casey said: "I'm fed up with the judiciary system making rulings

on their own opinions of social situations, and not using legal decisions based on precedents."

"The only way to change the busing situation is through a constitutional amendment," stated Purcell. But I doubt that he would agree with his statement now, with judges throwing out and attaching whatever edicts they apparently feel they want.

Purcell, replying to my question from the floor, confirmed that the "trend of the government was to provide free lunches to all school children". Many children now receive free or reduced cost lunches through a government program, if they request it by stating they cannot pay any or full cost. Schools are paid 47 cents per meal to feed them.

Casey, at another period of discussion, stated "Anybody who thinks their school can operate with federal support and not have more federal control is sadly mistaken". This was an interesting observation, in that he is on the House Committee on Health, Education and Welfare.

Other Purcell comments: "I am against revenue sharing. . . . against guaranteed annual income. . . . against minimum wage increase to \$2 hourly. . . . believe government should do more for small towns to keep people from moving to larger cities. . . . only way to change school busing situation through constitutional amendment. . . . the Postal Service has degenerated more than any other federal service we have".

Well, that was only one small portion of our convention program. We were privileged to hear talks by other heavyweights, such as George Bush, U.S. Representative to the United Nations; Sen. John Tower; James C. H. Shen, Ambassador of the Republic of China, who had some complimentary comments and predictions about the U.N.; and Justice Sarah T. Hughes, U.S. District Judge, who believes a five year prison sentence is sufficient for anyone because they should be completely rehabilitated in that period of time.

These were just a few of the speakers we had. It was probably the most interesting TPA convention I've attended in my 12-year membership. Our children had a ball; Dolores got to visit with all her friends and didn't have to cook a single meal; and I'm still trying to catch up on my sleep and work.

## None filed in elections

Filing of candidates is now open for both the city council and school board, as both factions have slated April 1 election dates.

Between the two races there are openings for six places.

The mayor's post and three councilmen will be voted on in the city election. Terms of Dr. Erwin Soell, mayor, and aldermen Herman Mahler, Rip Smith and L.W. Teel expire.

Two members of the school board have terms expiring. They are Cecil Streich and Jesse McCullough.

None of the six whose terms expire have indicated they will run, but only Dr. Soell has said he will not seek reelection.

As of Wednesday afternoon, no one had filed in either race.

In the past, candidates usually file near the last of the filing time, which is 30 days before election date.

## WORTH QUOTING . . .

Bill Black is home from his skiing trip and has proof that he spent at least a little time on the slopes. His broken leg is mending nicely, thank you.

Black, by the way, isn't at all interested in hearing any Aggie skiing jokes, so save 'em.

If Bill Craig has any doubts about the new First National Bank telephone time and temperature service, he doesn't anymore. During the recent cold spell thousands of calls were made to T 'n T.

"It's the first time I ever knew a recorded voice to get hoarse," Craig commented.

The recent Federal court ruling against Texas' school funding procedure has really dropped a bomb on a traditional concept--not only in our state, but in many states of the nation. It just happened that the first cases were filed in Texas and California.

Funding education from the property tax has always resulted in some inequities, but it has provided the local control that is a basic part of public education. We think the time limit of two years, set by the court, is not too long a period with the many complex problems to be studied.

Many observers felt that metropolitan areas would be elated over the new ruling, but this is not necessarily so. Consider this editorial from the Dallas Morning News:

"The recent federal court ruling against Texas' school funding procedure pointed out some inequities that have been generally recognized but not yet corrected. "In its decision the court set a time limit of two years. Within that time, the court says, the state government must move to establish a more equitable system of funding education or the court itself will step in.

"Needless to say, the court hopes that this latter action will be unnecessary," the court concluded.

"Needless to say, that hope is shared by many. Court-devised educational plans have not worked out particularly well, either from the judicial or the educational point of view.

"The 2-year grace period is not too long, considering the work at hand. The problems are complex and finding satisfactory solutions will be a time-consuming task. The consequences of the design of the replacement system will be enormous; a poor plan could wreak havoc with the public schools, causing damage far worse than that resulting from the present inequities between individual districts.

"The greatest danger, in our view, is that the new plan, with its greater reliance on state funding, might destroy or erode severely the local control that is a basic part of public education today. Local control is inseparable from the local support and participation that we believe the public schools must have.

"The unfairness that has resulted from the existing system of administering the

property tax has been the target of many editorials here.

"But other examples around the nation have shown that loss of the community's moral support and dedicated participation in the maintenance of the local school system can be disastrous, no matter how high the system may rank in per-student expenditures.

"In working out a new method of financing education, Texans must take care that in trying to solve one defect, they do not create a worse one."

## LETTERS

to the EDITOR

Dear Editor:

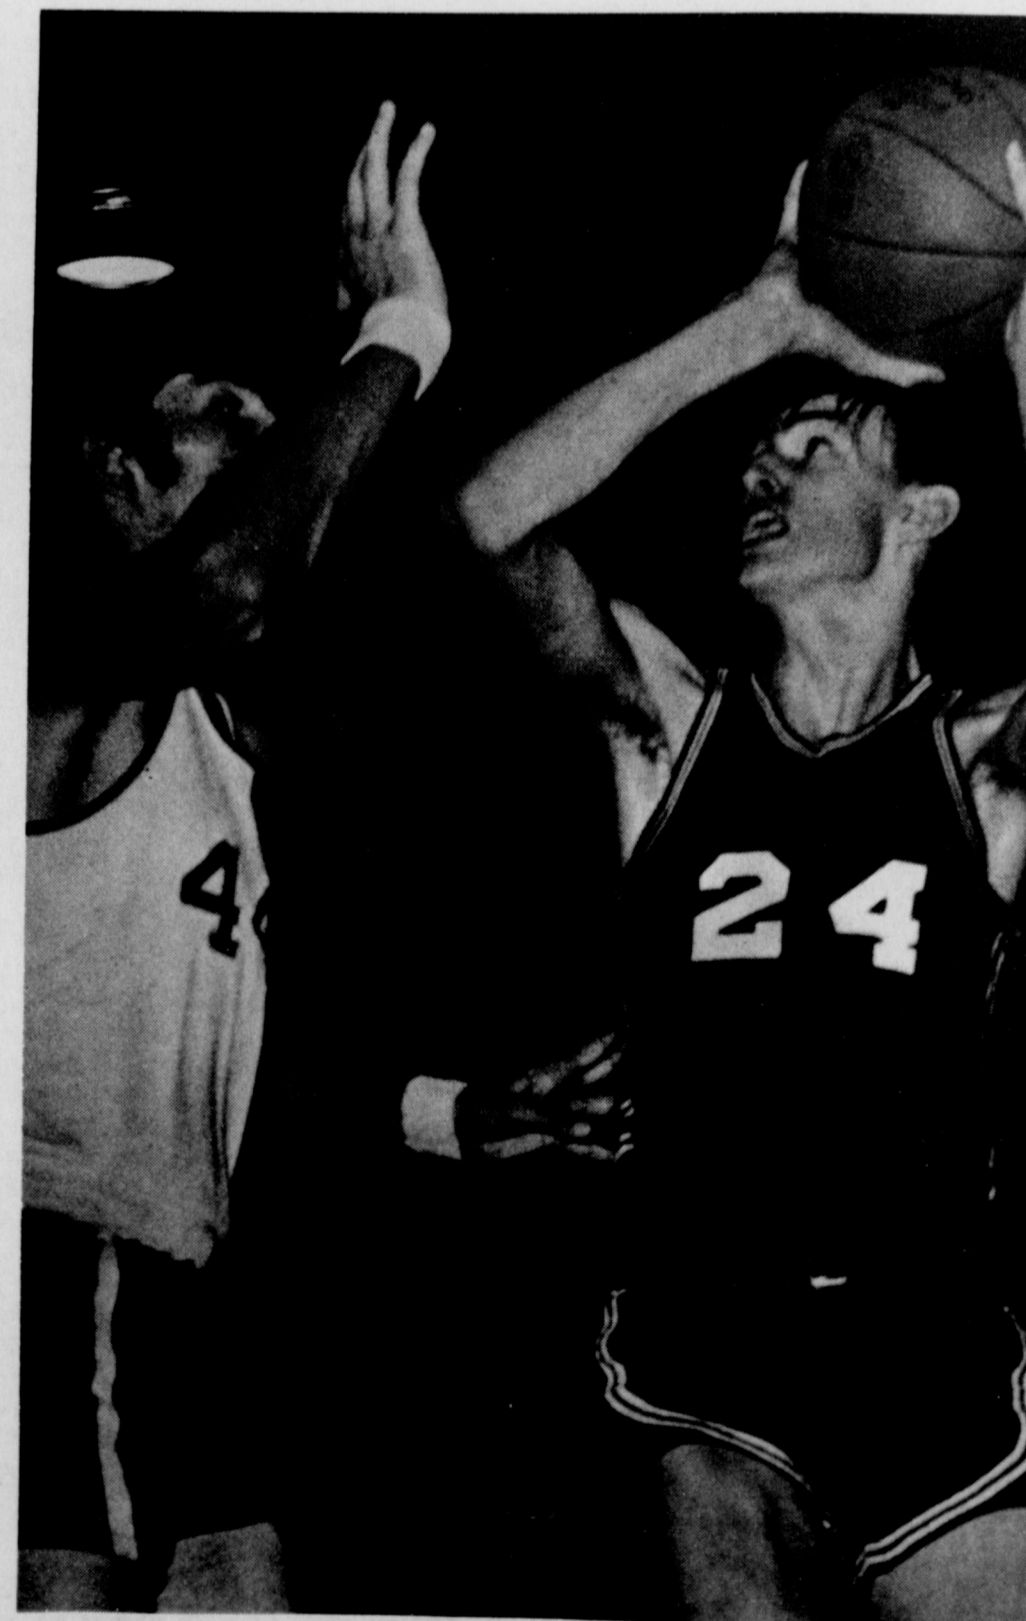

A wonderful doctor, our Dr. Gordon Clark.

I went to the doctor about 37 years ago and he finally found I had undulant fever. But he was honest and told me they had not found a cure for it. But I did not quit him and he kept after my fever. We both wondered a time or two. But he cured me and I have not even been bothered with it since.

He has helped keep me in shape. I will be 76 years old in March.

So you see I am very thankful we had Dr. Clark.

C.C. "Shorty" Burnett

AIMING FOR TWO - David Laurence, 24, is about to go high for another basket in Tuesday's conference game here against Burkburnett. The towering Hawk center scored 20 points, high for the team, and played a big part on defending the Bulldogs.

## RAINFALL REPORT

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week. . . . .	.01
Total for month. . . . .	.01
Total for year. . . . .	.01
Total last year. . . . .	.12
