Accused Klansman Dies Today

BESSEMER, Ala. (AP)—William Orville Eaton, 41, one of three Ku Klux Klansmen charged with the murder in the slaying of civil rights worker Viola Gregg Liuzzo, died of a heart attack today.

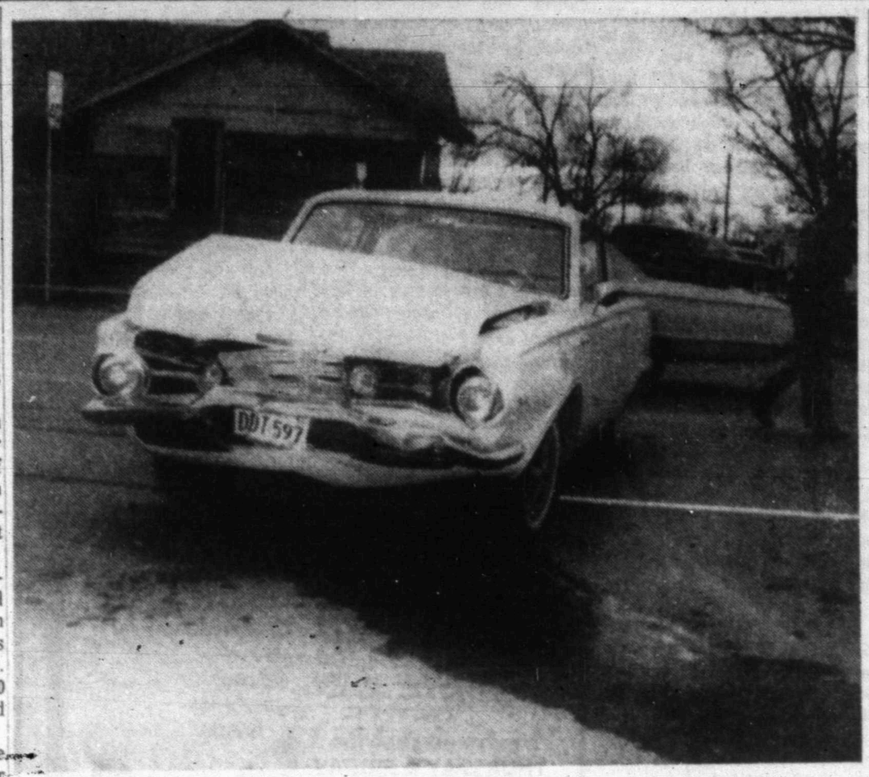

Eaton reportedly was stricken at his home early today and was dead on arrival at a hospital.

Eaton and fellow Klansmen Eugene Thomas of Bessemer and Collie Leroy Wilkins Jr., of Fairfield, all of the Birmingham area, were convicted by a federal court in Montgomery last fall of conspiracy charges.

They were accused of conspiring to violate the constitutional rights of persons taking part in 1965 voter-rights demonstrations in the Selma-Montgomery area.

They were sentenced to 10 years each. Their attorney said an appeal is planned.

The state indicted the three Klansmen for muder last year in the highway slaying of Mrs. Liuzzo. The wife of a Detroit labor leader was shot to death in Lowndes County the night of March 25, 1965, while ferrying participants in the Selma-to-Montgomery voter-rights march.

MINOR INJURIES — Delbert Foree, driver of this late model Plymouth, received minor injuries in a two-car mishap in the 1800 block of Avenue S about 8 o'clock this morning. Mrs. Mae Stubblefield, operator of the other vehicle, also received minor injuries. Both were released after treatment at Cogdell Memorial Hospital. (Staff Photo).

N. Viets Overwhelm Special Forces Unit

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — North Vietnamese regulars overwhelmed the isolated Ashau Special Forces camp tonight after a fierce, two-day fight put up by several hundred mountain tribesmen and their 15 to 20 U.S. advisers.

The commander of the U.S. Special Forces detachment at Da Nang, Lt. Col. Kenneth B. Lacey, pronounced the doom of the garrison which is in the forested hills near the Laotian border. "We closed Ashua at 5:45 p.m. this evening," he said.

Casualties among both the Americans and Montagnard defenders were heavy. But Col. William McKean, commander of Special Forces in the area 360 miles north of Saigon said his men "fought every inch of the way" and he thought the Communist toll was also high.

The Communists took the triangular-shaped fortress after it had been pounded into ruins and flames by Red attack and U.S. planes trying to drive them off. Heavy clouds, at times cutting the ceiling to 200 feet, seriously hindred the American pilots flying in almost over the tree tops.

Until the end the American "Green Berets" and their tough little Montagnard troops clung doggedly to a single bunker on the camp's northern trench line.

The attackers were described as a reinforced North Vietnamese regiment. Originally, they had been thought to be two companies — 200 or so men — of regular Viet Cong troops.

Before the collapse, helicopters flew out "a certain number of defenders," Lacey said. He gave no figures. The camp was defended by 15 to 20 Americans and about 300 Montagnards they had trained.

Three U.S. aircraft — two planes and a helicopter — were lost in the determined effort to save the camp.

The Communist capture of the camp dominated reports from the fighting zones. Elsewhere in South Viet Nam, the Communists showed little stomach for combating the U.S., Vietnamese and other Allied forces hunting them down.

A flurry of speculation dominated the political scene as Premier Nguyen Cao Ky and other members of the ruling military junta met under heavy security at Saigon's Tan Son Nhut Airport.

While Vietnamese air force planes circled overhead and tanks and troops guarded the compound, the military leaders held a special session amid a flurry of reports that one of its most powerful members, Lt. Gen. Nguyen Chanh Thi, might be removed as commander of the 1st Army Corps.

This is the zone that includes the fallen Ashau Special Forces camp. Thi has long been known for his independent ways. The show of force by Ky, who still commands the air force, was described as a precaution and in no way connected with any coup attempt.

The bad weather that plagued the defense of Ashau also curtailed air raids against North Viet Nam. Air Force and Navy pilots were limited to radar-guided runs in the Vinh area, but reported some hits on Route 15, a Communist supply line running south from Vinh.

CALLS FOR POLICY CHANGE — A. Doak Barnett, acting director of Columbia University's East Asian Institute, sits at the witness table as he testified before the Senate Foreign Relations Committee in Washington. The Committee has turned its attention to U.S. policy with respect to mainland China. Barnett called for drastic changes in current policy and for wide efforts to reach an accomodation with Red China. (AP Wirephoto)

T. Shoemake Dies Today

Funeral arrangements were pending at noon today at Bell-Seale Funeral Home for Tom Shoemake 56, who died at 10:12 a.m. today at Cogdell Memorial Hospital after a long illness.

A native of Palo Pinto County, Mr. Shoemake had lived here since 1951 and had been engaged in oil field work.

Surviving are his wife; three sons, S-Sgt. Howard Shoemake of the U. S. Air Force, Bill Shoemake of Midland and Steve Shoemake of the home; three daughters, Mrs. Robert J. Castor of Midland, Mrs. Herman Adams and Mrs. Gerald Adams, both of Snyder.

Also surviving are three sisters, five brothers and seven grandchildren.

Concert Assn. Plans Drive

A meeting of the Scurry Concert Association was scheduled for 5 p.m. today to make plans for the organization's annual membership drive. The meeting was to be held in the council room at the city hall.

The final program in this season's concert series will be presented at 8:30 p.m. Wednesday in the high school auditorium when the Chicago Little Symphony appears for a concert.

Amendments Outlook Poor

By JOE HALL

WASHINGTON (AP) — The administration sought today to persuade Senate-House conferees to drop two Senate amendments that took a $1 - billion chunk out of a $6-billion tax bill designed to help finance the Viet Nam war.

Chances for dropping the two provisions appeared good as the conferees try to compromise Senate and House versions and meet President Johnson's March 15 deadline for final congressional action on the measure.

Senate Republican Leader Everett M. Dirksen told a reporter he had been advised the House conferees would stand firm against the two amendments.

One would provide Social Security coverage for 1.8 million persons over 70 not covered now. The other would confine reinstatement of the 10 per cent excise tax on phone calls to long-distance calls while keeping it at 3 per cent for local residential calls.

Major provisions in the bill are reimposition of taxes on phone calls and car sales that were cut Jan. 1, a graduated withholding system for collection of personal income taxes and a speedup in payment of corporation taxes.

Sen. Eugene J. McCarthy, D-Minn., predicted the Senate conferees would abandon the two amendments "before they get to the rotunda." The Senate conferees pass through the rotunda in the center of the Capitol on the way to meet the House group.

Sen. Albert Gore, D-Tenn., charged that the President had sent up a "picayune bill" not geared to meet the government's needs in the war crisis.

As the bill cleared the Senate Wednesday by a 79-9 vote, it would provide a net of less than $5 billion.

The Social Security amendment by Sen. Winston L. Prouty, R-Vt., adopted 45 to 40 Tuesday, would cost an estimated $750 million.

And the proposal by Sen. Vance Hartke, D-Ind., to knock out of the bill the increase in the excise on local residential telephone service would wipe out $315 million of the bill's revenue.

The Senate became so confused Wednesday in voting on Hartke's proposal that it adopted the amendments by a vote of 46 to 42 in a form which actually repealed the entire excise levy on residential service.

But Hartke said this was a mistake. He finally got consent to change it to carry out his original intention of leaving the residential phone tax at 3 per cent.

The President's supporters beat back 47 to 37 a proposal of Sen. Abraham A. Ribicoff, D-Conn., to provide for deductions of up to $325 for annual college education expenses. It would have cost about $1 billion a year starting in 1968.

Two Injured In Mishap

Two area residents received minor injuries in a two - car mishap in front of the First Assembly of God Church on Avenue S about 8 o'clock this morning.

Treated at Cogdell Memorial Hospital for minor injuries and then released were Mrs. Mae Stubblefield, Route 3, Box 311, and Delbert Foree, Clairemont Road.

Foree, a Snyder High School student, was taken to the hospital by Bell-Seale ambulance. He was driving a 1965 model Plymouth. A Bolger Funeral Home Ambulance took Mrs. Stubblefield to the hospital. She was driving a 1965 model Rambler.

Damage to both vehicles was extensive. Due to the position of the cars after the accident, it was difficult for police to determine the circumstances that prevailed prior to the mishap.

The Rambler apparently had been heading north on Avenue S. The tire marks indicated it negotiated a semi-circle curve, stopping in the yard and south of the entrance hall of the church. The Plymouth stopped near the middle of the street faced almost in a northerly direction.

WEATHER

SNYDER TEMPERATURES: High reading Wednesday 72 degrees; low, 53 degrees; reading at 7 a.m. today 57 degrees.

North Central Texas: Mostly cloudy tonight, partly cloudy Friday. Possibly widely scattered showers Friday afternoon. A little warmer in afternoons. Low tonight 52 to 60. High Friday 70 to 79.

Northeast Texas: Partly cloudy tonight and Friday. Warmer tonight, low 44 to 56. High Friday 68 to 73.

Northwest Texas: Partly cloudy tonight and Friday. Not quite so warm in north Friday. Low tonight 45 in northwest to 57 in southeast. High Thursday 73 to 82.

South Central and Southeast Texas: Mostly cloudy and mild tonight and Friday with occasional light rain or drizzle, mainly tonight and a few showers Friday. Low tonight 48 to 62. High Friday 62 to 74.

Southwest Texas: Partly cloudy to cloudy tonight with occasional light rain or drizzle, mainly in east tonight. Decreasing clouds and a little cooler in west Friday. A few showers in east. Low tonight in 50s. High Friday 65 to 75.

Border Eyed For Gunman

COLUMBUS, N. M. (AP) — Border patrolmen kept an eye on the boundary line today in case a gunman who held a Columbus ranch hand captive for 8½ hours tries to sneak back from Mexico.

Silba Bryant of the Border Patrol, pieced together this account:

The unidentified man used a pistol to hold Buck Irving captive most of Tuesday, presumably waiting for nightfall.

In the evening he took a horse and shotgun from the ranch and headed south into Mexico. Officers tracked him to a point where a border fence was cut and five miles farther into the bleak Mexican desert.

Peking Under Close Watch

WASHINGTON (AP) — Red China is believed on the verge of critical foreign policy decisions which could further inflame its rivalry with the United States and Russia and perhaps intensify the war in Southeast Asia.

Johnson administration leaders are watching Peking closely for signs of new moves. Officials say they believe the policy review has been under way there for two or three months and must be about completed.

They are not sure when the results will begin to show up or whether the ultimate effect will be to harden or soften the Red Chinese attitude toward other countries.

But they are concerned about the possibility that Red China will become even more belligerent in an effort to compensate for setbacks suffered during the past year.

Among these reverses, as evaluated by Washington, are the recent overthrow of Kwame Nkrumah in Ghana, attacks on Peking by Fidel Castro of Cuba, the Army drive beginning last fall against the powerful pro-Chinese Communist hold in Indonesia and the massive build-up of U.S. military power in Southeast Asia.

Within the Communist bloc itself, the conflict between Moscow and Peking has grown constantly more bitter, particularly because of strains imposed by their differences over the war in Viet Nam.

The Chinese Communist party newspaper told readers last week that "victory in the struggle is frequently intermingled with reverses." The article was read here as a notable public admission inside the country that Red China's drive to extend its influence and power throughout Asia, Africa, and Latin America was not going well.

Launchings Set For 40th Polaris Sub

GROTON, Conn. (AP) — The 40th vessel in the Navy's projected fleet of 41 nuclear-powered Polaris - firing submarines will be launched at the Electric Boat Shipyards April 23.

It's the Francis Scott Key, named for the man who wrote "The Star Spangled Banner."

Electric Boat also is building the 41st and last of the Polaris fleet—the Will Rogers, scheduled for launching this summer.

Gale Winds Ease Today

By The Associated Press

Gale winds and rain that lashed the Oregon coast for three days subsided today. Warm air spread mild weather over most of the nation.

The storm left 1.47 inches of rain at Cape Blanco Wednesday. Cape Blanco, on the southern coast, got 13.38 inches of rain during the three-day storm.

The storm center spread light rain inland over the Northwest Plateau and south into the San Francisco Bay area.

Two warm-air masses flooded spring-like warmth through much of the country.

A southerly flow moved up from the Gulf of Mexico east of the Rockies, pushing temperatures Wednesday into the 60s as far north as Minnesota and Montana. At midnight, it was 48 in Helena, Mont., and in the 30s in the Carolinas.

The warm air boosted midnight temperatures into the 60s across the Southern Plains and into the Southwest.

A westerly flow of warm Pacific air brought mild temperatures west of the Rockies.

Can't Figure Why Patti Is Mad!

WILMINGTON, Del. (AP) — "Now Patti hardly speaks to me," said Ralph Julian, 19, after he proclaimed his affection for his sweetheart, Patti Boyle, 18.

Ralph put up a billboard with foot-high letters proclaiming "Pattie: I love you! Will you marry me?" It was signed "Ralph."

Ralph didn't say why Patti wasn't speaking, whether because he misspelled her name or she was embarrassed.

He said Wednesday he hopes a more formal proposal will bring about a change of heart.

Crowd Fails To Stop Royal Vows

By JAMES F. KING

AMSTERDAM, the Netherlands (AP) — Crown Princess Beatrix, the future queen of the Netherlands, married a handsome German diplomat today as 1,000 demonstrators tried to march on the royal palace. Club-swinging police beat them back.

The bridegroom, Claus Von Amsberg, 39, grew up under Hitler and as a youth served in the German army. The marriage made him a prince of the Netherlands, entitled him to an annual allowance of $83,000, and changed his name to the Dutch, Van Amsberg.

The demonstrators, most of them youths, shouted condemnations of the bridegroom and republican slogans but were about half a mile from the wedding procession through Amsterdam. The police dispersed the crowd as it started to march on the palace.

In the former Jewish quarter flowers were placed at the monument to the wartime resistance movement against the Germans.

Youths also set off smoke-bombs in protest against the marriage.

But thousands of Dutchmen, many waving flags, cheered the 28-year-old "smiling princess" and her bridegroom as the bridal procession moved through Amsterdam.

A simple civil ceremony in Amsterdam's City Hall preceded the glittering church wedding before a gathering of Europe's dwindling royalty.

The traditional marriage oath "to heed and obey" was omitted from the rites of the Dutch Reformed Church.

Amid the pomp and pageantry a restlessness ran through the Dutch nation, where five years of Nazi wartime occupation left deep scars.

The heaviest security forces in this ancient city's history — about 10,000 police and troops — were strung along the royal route.

Beatrix's wedding gown was of white satin in fitted "princess line" style with long sleeves and high neckline. The train, starting from the waist, was 15 feet long and seven feet wide.

She wore a short veil and the tiara of pearls and diamonds her grandmother Queen Wilhelmina wore when she married a German, Prince Hendrik, in 1900.

Blaze Hits Lake Cabins

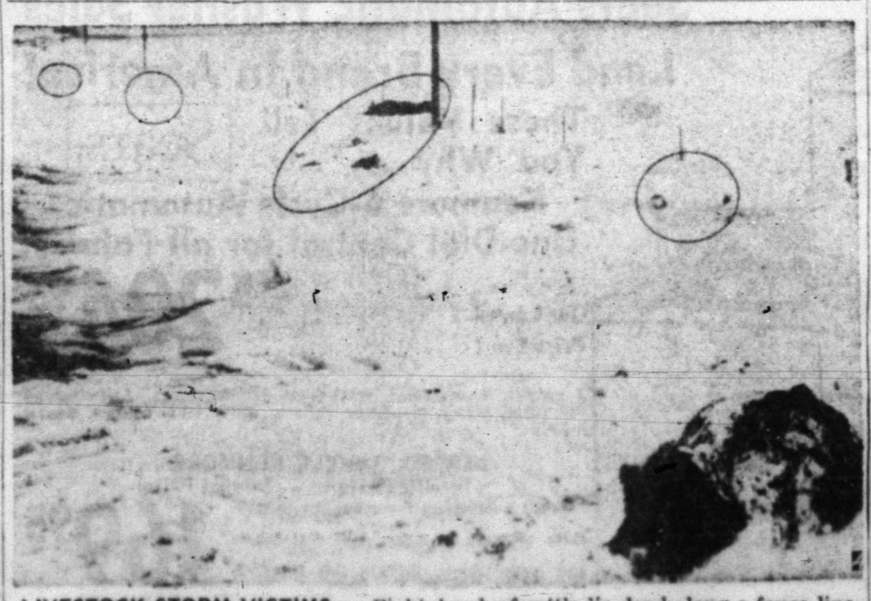

A trash fire that got out of control Wednesday afternoon swept through four cabins at Lake J. B. Thomas, causing considerable damage.

All of the cabins are located on the north end of the lake on the east side of the Bull Creek channel. The most seriously damaged cabin is owned by Truman Davis of Andrews. It was burned to the ground. Owners of the other cabins were not identified.

Firemen from Snyder answered the call, but the damage had already been done when they arrived at the scene.

Registrations Legal

AUSTIN (AP)—The attorney general's department said today it is legal for county tax assessor - collectors to accept bundles of voter registration blanks delivered by one person or sent in one envelope by mail.

LIVESTOCK STORM VICTIMS — Eight head of cattle lie dead along a fence line in southwestern North Dakota near Mott, victims of a blizzard that swept the state. Feet of one steer are visible in a drift. Others lie buried almost wholly as circled. (AP Wirephoto)

Ten Indians Die In Food Rioting

By CONRAD FINK

NEW DELHI, India (AP) — Food rioters set fire to an express train and a railway station outside Calcutta today and threw up barricades and stoned police units in the city.

The mobs turned wild after police killed a student demonstrator. About 10 persons were reported killed in the rampage of rioting and arson.

India is gripped by a food shortage and many agitators, particularly leftists, have been stiring up antigovernment demonstrations charging it has failed to deal adequately with the problem.

Much of West Bengal State, of which Calcutta is the capital, was in the grips of a general strike, demanding more food.

Railway tracks were ripped up in many places and some demonstrators squatted in front of trains to prevent them from moving.

Buses and trains were forced to halt and a few private cars that appeared on Calcutta's streets were stoned.

All train service from Calcutta was suspended and the army was patroling long stretches of railway lines in the district.

One mar was killed when police fired on demonstrators in the coal town of Asanol, about 120 miles west of Calcutta.

Police fired on mobs in five other small towns near Calcutta.

A general strike left international air travelers stranded at the Calcutta airport.

PASSING OUT CHECKS — Tom LeMaster, manager of the C. R. Anthony Co. Store here, passes out profit-sharing checks to local Anthony employes. To qualify, clerks must have been employed at least one year. The C. R. Anthony Co. allots 20 per cent of its net profit for the employe profit-sharing plan. Receiving checks, are, front row from left, Katies Smith, Katherine Hardegree and Sue Trice; back row, Madge Derryberry, Beatrice Spears and Estella Minor.

Mansfield Says Blockade Not Under Consideration

By JACK BELL

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield said today he does not believe President Johnson is giving consideration at this time to proposals to blockade North Viet Nam ports.

Mansfield said in an interview he thinks any action to mine the harbor of Haiphong, bomb the docks there or intercept supply ships would bring a confrontation with the Soviet Union that might drive the Soviets and the Chinese Communists closer together.

He gave his views as a feeling of uneasiness spread among some senators that Johnson may be considering fresh action to diminish military supplies reaching the Viet Cong in South Viet Nam.

Sen. Karl E. Mundt, R-S.D., a member of the Senate Foreign Relations Committee, said in a separate interview that this feeling is based on a statement by Gen. Maxwell D. Taylor that he is inclined to believe the time has been reached to mine the Haiphong harbor from the air to cut off shipping.

Taylor, a part-time presidential adviser, said he was giving only his personal opinion. But Mundt said he doubts the general would have made such a statement without at least tacit White House approval.

This and other Viet Nam war questions were likely to be raised in a Senate debate on a $415-million foreign aid authorization, including $275 million in emergency funds for South Viet Nam.

Sen. J.W. Fulbright, D-Ark., chairman of the Foreign Relations Committee, turned over management of the measure to Sen. John J. Sparkman, D-Ala.

Fulbright, a critic of Johnson's Viet Nam policies, said he lacked enthusiasm for the bill.

The committee, in recommending approval of the measure Wednesday, said it has doubts expenditures in South Viet Nam will provide a better life for the people there.

"Until the military situation improves," the committee said, "our aid program is likely to be little more than a holding operation keeping the wolves of rampant inflation away from the door and providing relief where needed.

FDA To Review Policy On Drug

By MARTHA COLE

WASHINGTON (AP) — The Food and Drug Administration said today it is reviewing its policies on starting clinical testing in studies of oral contraceptive drugs.

Dr. Joseph F. Sadusk Jr., medical director of the FDA, said in testimony prepared for a House Government Operations subcommittee that this was being done in view of basic experimental findings with MK665, a birth control drug.

Sponsors of the drug withdrew it from clinical studies last Jan. 18.

Sadusk said the long period of clinical use of other drugs similar to MK665 "would lend assurance as to these products; nevertheless, the pharmacological data on oral contraceptives is being thoroughly reviewed to confirm this thought."

The subcommittee is studying the work of the FDA in protecting the American public.

Wednesday, FDA Commissioner James L. Goddard acknowledged the FDA, as well as industry, had been culpable in watchdog operations over the drug DMSO, which was withdrawn from human testing in 1965.

DMSO had been publicized as a wonder drug for the treatment of a variety of diseases, including arthritis, Sadusk said. It was withdrawn pending clarification of its effects on the eyes.

Farm Income Hits Peak

WASHINGTON (AP) — The Agriculture Department reported today that the average income of farm operators and the entire farm population reached record highs in 1965.

Farm operators earned an average of $4,280 after deducting production costs. This compared with $3,486 in 1964.

Per capita income of the farm population was $1,510, compared with $1,370 in 1964. These figures include earnings on and off farms.

The department said the average net income per farm was larger in 44 states in 1965 than in 1964. It was lower in four states.

As it did in 1964, Arizona led with an average of $740, down 12 per cent.

Averages for other states and the percentage change from 1964 included Oklahoma $2,906, up 38; Texas $4,972, up 27; New Mexico $7,413, up 15; Louisiana $3,326, up 3.

Bill Adds 3 Judgeships

WASHINGTON (AP) — Three new U.S. district judgeships would be created in Texas under legislation passed by the Senate and sent to President Johnson Tuesday.

Texas already has 16 federal district judgships. Two are vacant, so five judges would be appointed after the measure becomes law.

Over-all, 45 new judgeships are contemplated for the federal judiciary throughout the country.

The bill would add four temporary judges to the U.S. 5th Circuit Court of Appeals, which has appellate jurisdiction over Texas, Alabama, Florida, Georgia, Louisiana and Mississippi.

The first four 5th Circuit vacancies appearing thereafter would not be filled.

Present vacant judgeships in Texas were last held by Homer Thornberry of El Paso and T. Whitfield Davidson of Dallas. Thornberry went to the appellate courts and Davidson retired.

Real Estate Sales Drop In January

BEAUMONT (AP) — Real estate sales here during January and February were up 56 per cent over the like period of 1965, figures show.

The average house sold here in the first two months of 1966 cost $16,271, compared to an average cost of $16,819 in 1965.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Get this picture. My husband and I were walking out of a supermarket. I had one large sack which I know weighed 22 pounds because I weighed it on our bathroom scale when I got home. He was carrying a 20 pound sack of flour and a 10 pound sack of sugar.

Then he saw this nice looking young woman walking out just ahead of us. She was carrying only one large sack. My husband handed ME his 30 pounds, rushed up to take the sack from this stranger's hands, and then he carried it to her station wagon.

I would like for you to explain exactly what you think of his actions. My husband claims he can't see where he did anything wrong.

BOILING MAD

DEAR BOILING: Either your husband is still working for a merit badge or he is hungering for a kind word from a strange woman.

• • •

DEAR ABBY: "LOVE-STARVED" has my sympathy. He's the man whose wife won't let him kiss her because she's afraid he might mess her hairdo or smear her make-up.

I have been married for nearly four years, and I have never seen my wife with curlers in her hair or goo all over her face. She says, "I can do all the construction work during the day time. I don't care if the mailman, milkman or delivery boys see me looking like a spook. But when my man comes home, I like to be as fresh and pretty as I can be."

LUCKY LENNY

DEAR LUCKY: Cover her up. She might get pneumonia.

• • •

DEAR ABBY: Please say something about wives who wear their husband's secretaries out with their constant phoning to remind him of something they forgot to tell him before he left the house. A busy executive relies on his secretary to take most of these messages. Mine are like this:

"Tell Mr. Jones not to forget to pay the dentist's bill

"Tell Mr. Jones the brakes on my car need adjusting.

"Tell Mr. Jones not to get tied up next Wednesday night. It's his daughter's piano recital night."

Some wives insist on talking to their husbands. If I say, "Mr. Jones is talking on another line," she asks, "WHO is he talking to?" If I say, "Mr. Jones has stepped out," she asks, "Where did he go and when do you think he'll be back?" Then she demands that I have him call her the minute he returns, as it is an emergency.

So when I try to call her back, her line is busy for an hour! A secretary has enough to do without all those interruptions and time-consuming chores. Abby, you have my permission to change this letter around any way you wish, just do us secretaries a favor and get this message across!

BUSY BUT BOTHERED

DEAR B. B. B.: You've said it so well, I wouldn't dare to change a word. When a woman's feet hurt, no one else can describe her pain with quite so much feeling.

• • •

CONFIDENTIAL TO "MISS G. IN MACON:" You are under no obligation to tell him your age. Simply say, "I'm old enough to know the score, and young enough to play the game." (That ought to settle his hominy grits.)

• • •

Problems? Write to Abby, Box 69700, Los Angeles, Cal. For a personal reply, inclose a stamped, self-addressed envelope.

• • •

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Cal., for Abby's booklet.

Texas Solons Cast Votes

WASHINGTON (AP) — Sens. John Tower, R-Tex., and Ralph Yarborough, D-Tex., took opposite sides Wednesday in two Senate votes on tax bill provisions.

Yarborough cast a ballot for and Tower against a tax bill amendment, defeated 47-37, by Sen. Abraham Ribicoff, D-Conn., to allow a tax saving up to $325 on costs of education.

Tower joined the majority and Yarborough voted against an amendment, approved 47-41, by Sen. Vance Hartke, D-Ind., to retain in the tax bill the current 3 per cent excise levy on home telephones. The administration wanted it restored to 10 per cent.

Bible Book Store Opens

A new business in Snyder is the Bible Book Store, located at 1403 Avenue S.

Owned and operated by Mrs. Z. W. (Janelda) Davis, the store has 200 feet of shelf space filled with films, projectors, Bible games and crafts, scripture greeting cards, records and song books. For teachers there is a large selection of visual aids, pattern books, maps and attendance charts and seals.

For children there are story books, picture dictionaries, religious coloring books and finger plays. For teenagers and women there is a wide selection of books that also can be used in church study groups. For men there are sermon outlines, dictionaries and concordances.

There are 37 different graded church school series and nine Vacation Bible School series, and for the entire family there are 28 different styles and prices of Bibles.

Pleas Are Entered In County Court

County Judge Sterling Taylor handed a 3-day jail term to L. D. Dobbins this morning after he pleaded guilty to County Court to a charge of driving while intoxicated. He was apprehended Wednesday.

The sentence also included a $100 fine plus court costs.

R. C. Hardy pleaded guilty to two counts of swindling by worthless check and theft. The first offense occurred March 4, 1965; and the second one August 10, 1965. He will return to Court Friday for sentencing.

Cottonmen Sign Acreage Agreement

WASHINGTON (AP)— About 45 per cent of the nation's cotton farmers have signed agreements with the Agriculture Department to take 2,065,000 acres of their federal planting allotments out of cotton production this year.

Farmers agreeing to cut back on plantings will be eligible for supports. The signup period ends April 1.

Valentine's Day Marriage Fails

SPRINGFIELD, Mass. (AP) — Cecil and Jewell Love were married on Valentine's Day 1958 by the Rev. Paul A. Fullilove. They were granted a divorce Wednesday in Hampden County Probate Court.

Mrs. Love filed for the divorce on grounds of cruel and abusive treatment.

'Auntie Mame' Make-up Crew Relates Importance

By PATSY RAINWATER

Scrape off a little make-up and what do you have—a high school student portraying a character in the comedy hit of Jerome Lawrence's and Robert E. Lee's "Auntie Mame."

Not only have the directors and characters worked hard on the play which will be March 11 and 12 in the high school auditorium, but also the various crews, including the make - up crew.

Head of the make-up crew is Carolyn Hardegree, a senior, while Janeen Clements, also a senior, serves as co-chairman. Members include Vicki Minor, Diane Lehman, Debra Norton, Nancy Kimbrough, Cary Lynn Richardson, and Helen Ward.

Others on the crew are Janet Womack, Pam Cumbie, Mike Gallman, Sharon Barfoot, Cheril Stevenson, Marianne Askins, Nancy Weyel, and Gayna Gladson.

Make-up is of vital importance to "Auntie Mame" since make-up can be used to show age. The comedy covers a period of approximately 25 years. Therefore, age lines are drawn to show the increase in the character's ages.

Cleaning the face with cold cream is the first step in applying make-up to a character. The powder base is then applied, followed with rouge, eye make-up, and lipstick. A translucent powder is then used over all the make-up to prevent it from running together. The final touch is clown white, a substance used on the eyes to give them a sparkle and to make the eyes seem far apart. This prevents a character from looking cross-eyed while on stage.

Selection of make-up colors is important for each character. Colors of powder base, rouge, eye shadow, eye brow pencil, and lipstick are kept on a chart by crew members for them to know the exact make-up to use before a performance. Special features, such as beauty marks, age lines, and mustaches are also recorded on the chart.

During the performances, many crew members will work behind the stage to draw age lines and apply other necessary make-up.

Prices for "Auntie Mame" are $1 for adults, 50 cents for students, and 25 cents for children under 12. Curtain time is 8 o'clock both nights.

Lincoln School Homemakers Meet

The Lincoln School Homemakers group met in the lunch room of the Lincoln School Monday night to continue work on their garments.

An easy method of putting in a zipper was one of the processes learned. Almost every one put in a 24 inch back zipper.

Those present were: Mrs. Fonora Thompson, Mrs. Jearldene Anderson, Mrs. Ophelia Braziel, Mrs. Frances Jones, Mrs. Ammie Braziel, Mrs. Mary H. Brandon and Mrs. James Collins.

R. Clinton Hosts Vivace Music Club

The Vivace Junior Music Club met with Ronald Clinton, son of Dr. and Mrs. Robert Clinton, 4503 Denison, Saturday, March 5, at 10 a.m.

Mrs. Sonne Umberson, Vice President of Texas Federated Music Clubs, and also District II, spoke to the group concerning the State Convention to be held at the Inn of Six Flags, April 16th. She gave a few highlights the members could look forward to.

Molly Walker, president, conducted the business meeting with the repeating of the club collect and pledge, followed by the singing of the club hymn, accompanied by Mrs. Wayne Bethel, sponsor of the club. Connie Stansell read the secretary and treasurers report and called the roll. The president passed out information concerning an essay contest for high school students on "The Importance of Music To Me", sponsored by the Texas Federated Music Club. First prize in each district is $25.

The club enjoyed a program on the "Sonata and the Sonatina" introduced by Vee Ann Johnson, program chairman for March. She gave the history of both. Ronald Clinton played the third movement of the Mozart Sonata No. 1. Jacque Stehley played Sonatina Op. Number. Vicki Hinshaw conducted a Sonata quiz. Some of the questions were very interesting. For instance, What musical games did—and—when they got together? The answer: they made up musical canons. Jana Bullard played Clementi's Sonatina Op. 36 No. 6. Raleen Martin played Little Suite No. 1 by Turk.

Banana bread, fudge squares, mint cups and lime sherbet were served to: Herry Adams, Hermleigh; Mark Brock, Jana Bullard, Therisa Campbell, Hermleigh; Denise Clark, Ronald Clinton, Betty Foree, Vicki Hinshaw, Vee Ann Johnson, Don Montgomery, Raleen Martin, Renee Patterson, and Retha Patterson of Ira; Connie Stansell, Jacque Stehley, Linda Shifflett, Jane Ann Womack, Molly Walker and Mrs. Wayne Bethel. Special guests were Mrs. Sonne Umberson, Reagan Clinton and Dr. and Mrs. Robert Clinton.

What your conscience says is more important than what your neighbors say. Bible Book Store, 1403 Avenue S.

Bigham Sisters Hostesses For Union 4-H Club

The Union 4-H Club met recently at the Union community center. Hostesses Gloria and Marcella Bigham served cookies and punch to Roxanna Ainsworth, Lou Alice Mathis, Barbra Tate, Tina Duke, Judy Tate and Terri Duke.

The meeting was called to order by Judy Tate, president. The program was a demonstration of proper table setting and discussion on planning menus and the Food Show. Judy Tate showed the different types of cards to use for menus and recipes and ways to set them up for the Food Show, based on the types she had observed last year at the district food show where she was a contestant.

Beauticians Make Plans, Award Prizes

The Snyder's Beauticians Affiliate No. 77 met at The Steak House at 7:30 Tuesday evening. The meeting was called to order by Dee Byrom, acting as first vice president.

New business discussed and voted on was the forthcoming "M" Day, membership Day, April 3. A contest on a comb, brush and razor set went to Melinda Cunningham. The highlighting event of the evening was a prize awarded Dee Byrom for the tackiest hat present. She was given a pair of German made hair scissors.

Members present were Jonnie Taylor, Nelia Reeves, Merlyn Pinkerton, Bobbie Cannon, Ovemine Handback, Dee Byrom, Thelma Clark, Melinda Cunningham, and Frances Machen.

US Is Due Hard Knocks In Coming British Campaign

By LOUIS NEVIN

LONDON (AP) — Uncle Sam may come in for some hard knocks in Britain's national election campaign which begins officially Friday.

Prime Minister Harold Wilson set the election for March 31 hoping to increase his Labor party's parliamentary majority substantially over its present three-vote margin.

There is a growing feeling of frustration among many British citizens who believe that Britain's policy is too closely aligned with Washington.

Politicians of all three major parties have made clear they intend to exploit the issue.

Their positions are roughly these:

— Left-wing Laborites strongly oppose Wilson's support of U.S. policy and action in Viet Nam. Some have charged that this was the price their party leader had to pay for American support of the pound sterling.

— The Liberals oppose British backing of American efforts to contain Red China. They say Britain's future lies in Europe, not "east of Suez."

— The Conservatives believe, in the words of party Leader Edward Heath, that British dependence on the United States is "not the right relationship for allies." Heath wants to strengthen the British economy so "we can stand on our own feet."

Before the Laborites came to power and even during the first days of Wilson's administration, there were fears in the United States that relations between the two countries would deteriorate.

But Wilson made close U.S.-British ties a cardinal policy and many observers believe relations between Washington and London have never been closer.

The Tories oppose the Labor government's plan to buy American F111 supersonic planes for Britain's nuclear strike force. They call it a crippling blow to this country's aircraft industry.

They also say it is a bad use of foreign currency and will place Britain further in debt to the United States. One leading Conservative recently told a group of newsmen privately that the United States appeared to be trying "to clamp Britain in (financial) chains."

Anti-Americanism — although the term may be too strong — erupted in the House of Commons Monday and Tuesday during a heated debate of the government's defense policy. Tempers flared again Wednesday after an announcement that the state-operated British Overseas Airways Corp. is canceling an $84 - million order for British-made airliners.

"The government has damaged the capability of the aircraft industry, reduced the strength of conventional forces, and are rendering the country for a whole range of requirements, prisoners of the United States," charged Enoch Powell, who speaks for the Conservatives on defense matters, during the defense debate.

"Britain is now relying on the military strength of the United States, combined with that of former enemies, Germany and Japan, for protection against world communism," complained left-wing Laborite William Warbey.

And Robert Carr, the Conservative party's spokesman on aviation, said: "The opposition believes the Anglo-American and the European-American partnerships are essential foundations of peace and freedom. But if that bond is to be strong, tough and enduring, the relationship in the long run has got to be one of real partnership and not resentful subservience."

Carr also described BOAC's decision to cancel an order for an additional 10 super VC10 jetliners "yet another very grave damaging blow to the British aviation industry." He said if necessary BOAC should have sold some of the American-made planes in its fleet to buy the VC10s from the British Aircraft Corp.

The airline now operates 20 of the four engine VC10s and the same number of American-made Boeing 707s.

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY — A quarter of a century ago this was a nice little town of one million inhabitants. Today there are close to six million, with all the trimmings.

Futuristic glass-fronted buildings. Huge avenues filled with built-in traffic. Modern department stores, modern supermarkets and modern gimmicks everywhere you turn.

Mexico City is a big city.

In the old days you could snag a bus on any corner, or a taxi if you had an extra peso, and have a carefree ride to town in a few minutes. Every place was five minutes from anywhere else.

Today I look out of the window and get scared. I cover up my head and stay in bed all day. If everyone else would do that, I could go to town and have a carefree time.

The city fathers are studying ideas for improving the transportation system. Something to bolster the bursting buses and seldom available taxis.

They have considered, and rejected, plans for a subway system. Too expensive and Mexico's sub - soil is spongy. Everything heavy sinks.

Someone suggested a monorail train. Didn't say if it would be on ground level or up in the air like at Disneyland. The city fathers thought it over and found bugs in the idea.

But they have promised to come up with something. There are many more plans being studied and even the streetcars have been assured of another 40 years of service. They'll still be running when I ain't.

We have big city problems and big city advantages. Occasional blackouts but nothing like New York and Boston produce. Ours are short. And we generally can call the light company, cuss 'em out and things are on the bright side again.

City water is now pure, but don't let it run all day. The houses still have roof tanks to store water in when the pressure is low during the daylight hours. As soon as the sun comes up, everybody starts taking a bath or washing dishes and the water pressure drops.

And we now have the new-fangled speedy cleaners just like back home. These establishments sport fancy signs announcing ONE HOUR service. Take your suit in and pick it up in an hour.

I took a suit to one last year for a rush job and the lady in waiting told me to come back that afternoon. Business was heavy.

The other day I tried another. The lady smiled politely as she took in my suit and said, "It will be ready tomorrow afternoon."

So I shouted, "Tomorrow afternoon? What about that sign that says one hour service?"

She mumbled something about business being heavy.

"Then why do you leave the sign up?" I asked.

She sighed. "We can give you one hour service. But everyone brings their clothes now and we have too much business. Tomorrow afternoon, please."

But we have progressed from the old - style cleaners who took a week to give you three-day service. And progress is a wonderful thing.

Chicago Installs Air Pollution Camera

CHICAGO (AP) — Chicago has a 631-foot-high electronic air pollution watcher.

A television camera has been installed atop the city's tallest building, the Civic Center, and begins operation today sweeping the horizon for clouds of pollution.

A spokesman for the Department of Air Pollution Control says the camera will flash signals to a monitor from its perch 631 feet above ground. The monitor will pinpoint the violation site and patrol cars will be sent there.

The spokesman said the camera will be used as long as it proves effective.

Officials Praise Negro Soldiers

WASHINGTON (AP) — Pentagon officials are praising the Negro as a gallant, hard-fighting soldier. New figures show that proportionately more Negroes have died in Viet Nam than military personnel of other races.

One spokesman said the Negro "has shown himself at least as worthy a fighter as the next man."

The Defense Department Wednesday provided figures from what it called a "one-time survey" which showed Negroes suffering a higher number of deaths, proportionately speaking, in the Southeast Asian conflict.

The survey showed that Negroes make up 14.8 per cent of the Army force in Viet Nam, but have suffered 18.3 per cent of the deaths since January 1961.

By the same token, Negroes comprise 8.9 per cent of the Marine total in Viet Nam but have suffered 1.3 per cent of the casualties.

When only enlisted men are counted, the Army's Negro deaths jump to 22.1 per cent of the total casualties, and the Marines' Negro deaths are upped to 12 per cent.

Pentagon officials say they do not consider the number of Negro fatalities high. If the figures show anything, one spokesman asserted, "it is the valor of the Negro in combat."

Officials emphasized that Negroes are not singled out for hazardous missions in battle areas. Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, recently told inquiring Southern senators the same thing during hearings on additional funds for the Viet Nam war.

Pentagon officials say many Negro deaths occur in forward airborne units where the number of Negro volunteers is high.

Ramona Littlefield On CSW Honor Roll

Ramona Littlefield, daughter of Mr. and Mrs. Oran Thompson of Snyder, is one of 18 students listed on the honor roll for last semester at College of the Southwest at Hobbs, N. M.

Seventeen of those on the honor roll, including Mrs. Littlefield, are married students.

To be listed on the honor roll at College of the Southwest, a student must attain a grade average of 3.80 or better, school officials said. Mrs. Littlefield had a grade average of 4.0. She is majoring in elementary education and is preparing to teach handicapped children.

Snyderite Earns Honors At College

Damon Ginbey, son of Mr. and Mrs. Donald B. Ginbey and a graduate of Snyder High School, will be recognized at the annual All-College Recognition Service at Texas Tech.

The recognition service is set for 2 p.m. March 20 in the Tech Union Ballroom.

At the recognition service the college pays tribute to students who, during the preceding two regular semesters, have contributed with distinction to the college in the fields of scholarship and leadership.

Ginbey will be recognized for academic achievement as a scholarship winner.

A psychology major, he was taking two accelerated courses when he won his scholarship.

Wind Erosion Noted In Texas Areas

WASHINGTON (AP) — The Weather Bureau reports wind erosion has been causing some damage to the important winter wheat crop in areas of the Central and Southern Great Plains.

The damage was said to have centered in Kansas, Nebraska and Texas.

Meanwhile, farmers in the Central Great Plains were said to be making good progress in planting spring small grains, particularly oats and barley.

Mob Dispersed With Tear Gas

HERTFORD, N.C. (AP) — Authorities used tear gas and fire hoses to disperse about 200 Negro demonstrators Wednesday night.

Police said 30 persons were arrested for parading without a permit and released on $50 bond each. No injuries were reported.

Three highway patrolmen were struck by flying objects, but none required treatment.

Hertford is an agricultural community of about 2,500 on the Perquimans River near the coast. It is 17 miles southwest of Elizabeth City. The area has a large Negro population.

The violence broke out as police loaded demonstrators on a prison department bus.

The march was called by civil rights leader Golden Frinks of Edenton to protest "the power structure's refusal to conduct good faith negotiations." Frinks was one of those arrested.

The Negroes are demanding a 14-point program, including the hiring of Negro policemen, deputy sheriffs and store clerks.

The Rev. F. L. Andrews, pastor of the First Baptist Church in Edenton, also arrested, said Negroes are "dissatisfied with the way Hertford and Perquimans County are responding to our recommendations."

Mayor V. N. Darden, who also is police chief, said the Negroes earlier in the day refused to ask for a parade permit, but later sought one.

"I told them it was too late then," he said.

The mayor called for police reinforcements when he said Frinks told him the protest march would be held "permit or no permit."

Thirty-one highway patrolmen, eight game protectors, five Hertford policemen, a deputy sheriff and two state bureau of investigation agents were standing by.

The fighting broke out shortly after 10 p.m. when the 200 persons marched out of the First Baptist Church, down the sidewalk and onto the main street.

Police arrested 30 marchers and told the others to return to their homes. When they refused, firemen, with three hoses ready, sprayed the crowd.

The Negroes hid behind buildings and began throwing things.

The patrolmen, carrying long night sticks, moved into the middle of the fight and fired tear gas. The crowd dispersed.

Plan May Aid Medical Personnel

OKLAHOMA CITY, Okla. (AP) — A 77-year-old physician is the only medical doctor in rural Grant County which has a population of 8,000.

But a novel idea by the University of Oklahoma Medical Center will soon bring reinforcements to the overworked doctor as well as determine whether such projects are feasible in other areas of similar needs.

"If our plan works, all of the medical have-not areas will eventually be helped," Dr. James L. Dennis, dean and director of the medical center, says.

"Project Responsibility," as it is called, is designed to supply the immediate medical needs of doctor-short rural areas, train health workers and provide postgraduate teaching in family medicine at a combination clinic-hospital.

The pilot facility will be established in the town of Wakita — population 450 — in north-central Oklahoma's wheat country.

Wakita hasn't had a medical doctor for two years. Dr. Franklin P. Robinson of Pond Creek, 30 miles to the south, is the lone physician in the county.

Dennis said the pilot center will be staffed by a general practitioner, a pediatrician and an internist. Each will have a medical school teaching appointment. There also will be nurses and a professional social worker. The hospital will have nine beds for emergency cases.

Eventually, Dennis said, physicians operating the facility may buy the clinic-hospital, which is supposed to be activated within the year.

In the plans are a heliport for speedy transport of acutely ill patients to larger medical centers and to expedite visits by consulting physicians.

Wakita civic leaders agreed to raise about $200,000 to erect the center. Doctors, who will receive a guaranteed salary, will charge standard fees.

Six Texans Are Killed

WASHINGTON (AP) — Six Texans were among 51 U.S. Servicemen listed Wednesday as killed in action in Viet Nam.

The over-all toll reflected 43 members of the Marine Corps killed last weekend northwest of Quang Ngai near Viet Nam's central coast.

Marines from Texas killed:

Sgt. Antonio Jimenez, son of Mrs. Mable M. Jimenez, 1525 Webster Street, Waco, Tex.

Pfc. Rickey D. Garner, son of Mrs. Dahlia B. Garner, 1006 North Bishop Avenue, Dallas, Tex.

Lance Cpl. Alfred J. Smith, son of Mrs. Annie Mary Smith, 7424 Cabot Street, Houston, Tex.

Pfc. Joe Rodriguez, son of Mr. and Mrs. Cecilo Rodriguez, 704 East 4th Street, Rio Grande, Tex.

Pfc. Mario Ybarra, husband of Mrs. Manaen R. Ybarra, 1501 East Katie Street, Weslaco, Tex.

The Texas soldier killed was Pfc. Jack W. Lindsey, son of Mrs. Dorris Phillips, 13102 Reeveston, Houston, Tex.

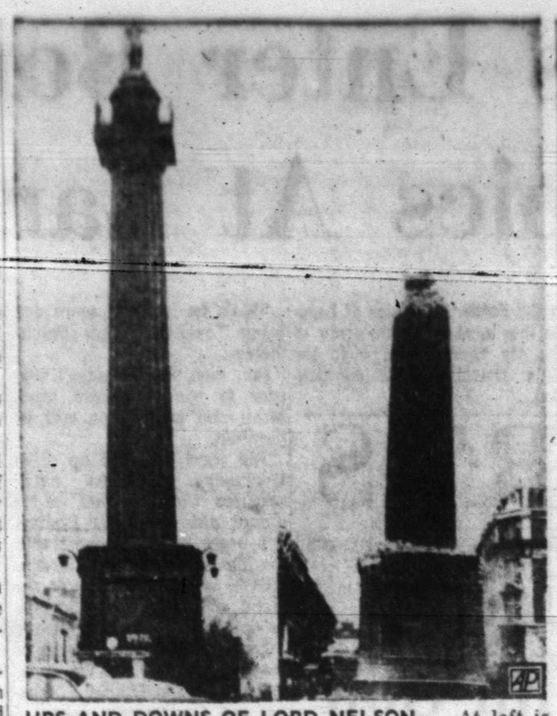

Painting Sale To Help Finance Library

WACO, Tex. (AP) — Baylor University's proposed new library will receive half the money from the sale of 30 Chinese paintings exhibited recently at the Student Union Building.

The paintings by Professor Lim Tsing-Ai of China and Formosa were priced from $100 to $500. They are in the Chinese style of water color paper glued to silk brocade.

Provides Clean Money

DALLAS (AP) — The Stoneleigh Terrace, a Dallas hotel, now polishes all coins to provide patrons with clean, shiny money.

UPS AND DOWNS OF LORD NELSON — At left is a photo of the 134-foot Nelson monument as it once stood in the heart of Dublin, Ireland, where it was erected in 1809. At right is what is left of the landmark after an explosion blasted away two-thirds of the shaft. Police blamed the outlawed Irish Republican Army for the explosion. The statue was erected by public subscription to commemorate Adm. Lord Nelson's victory over the French at the 1805 battle of Trafalgar. (AP Wirephoto)

Crews Work On Jumbled Freight Train

LOGAN, N.M. (AP)— Crews labored through the night to straighten a jumbled nightmare of 59 freight cars and six diesel units left by a derailment which sent three trainmen to a hospital.

The 106-unit Chicago, Rock Island & Pacific freight train hit an equipment-loaded truck in the rail yards here Wednesday. One resident said it sounded "like the world coming to an end."

Wreckers and cranes were brought to untangle the tons of twisted metal. Temporary tracks were laid around the wreckage.

The injured men were reported in satisfactory condition at a hospital in Tucumcari, 22 miles west. They are Howard Andrews, 19, of Tucumcari, a student brakeman; Vernie Purcell, 55, of Dalhart, Tex., the engineer, and Ray Ruppaner, 47, also of Dalhart.

Ernest Bruhn, 37, of Logan reportedly left his truck shortly before the freight train sliced into it. He was not injured.

A fog banks hangs off the Aleutian Islands most of the year.

Carr Has Report On Registration

By The Associated Press

The second week of Texas' free voter registration began Thursday as county tax assessor-collectors mailed reports on the first week's results to Atty. Gen. Waggoner Carr.

Carr also asked to be notified if spot checks by the FBI in 43 counties have interferred in any way with registration.

Reports on the first week's registration were to be forwarded by Carr to the special federal court that declared the poll tax unconstitutional.

A final report by the county officials is scheduled on March 18, after the free registration period ends.

U.S. Sen. Ralph Yarborough, D-Tex., asked in a statement Tuesday that the federal court require the state to extend the registration period.

Fritz Robinson, Travis County tax assessor-collector, predicted Wednesday his report on the first week would show "at least 2,500" registrations.

"It's picking up now," Robinson said. "I imagine it will pick up a little bit each day now."

Bexar County Tax Assessor-collector Charles Davis said he expected registrations in his county would hit 10,000 for the first week.

Carl Smith, Harris County tax assessor collector, said 25,000 persons have registered since the special period began. Officials have set up 109 sub stations in grocery stores and offices to handle applications.

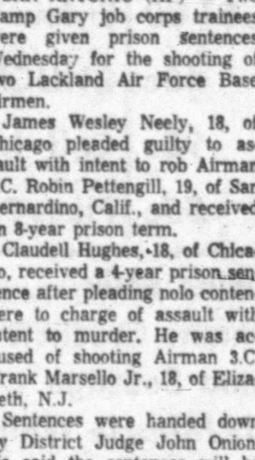

Hidalgo County, in the Lower Rio Grande Valley, reported 2,010 registrations since the free registration period began. The tax collector, R. L. Lyon, said he would not estimate the number of registrants for the first week. He said the bulk of his applications, which reaches about 100 daily, were received by mail.

Mrs. Ellis Perry, tax assessor collector for Cameron County, said 917 applications had been processed by Wednesday. She said most of the applications were received by mail.

Tigers Enter Border Olympics At Laredo

With the championship of the annual Canyon Reef Relays tucked in their locker, the Snyder High School track team will go after the team trophy in the Border Olympics at Laredo this weekend with some of the top teams from over the state providing the competition.

PROUD PUGILISTS — These Snyder Boys Club boxers will represent Abilene and Odessa teams at the state Golden Gloves tournament in Ft. Worth today. They were to draw for pairings this morning. They are, from left to right, Jesse Costello (127), Freddie Benitez (127), Adam Romero (135), Ruben Gonzalez (147), Billy McClain (162), and Coach Joe Brown. (Staff Photo).

Snyder Boxers Vie At State Tournament

The Snyder Boys Club boxing team left Wednesday night for Ft. Worth where the boys will vie for individual and team trophies in the annual state Golden Gloves tournament.

Coach Joe Brown took five boys with him. Four of them represent the Abilene team and one the Odessa team as a result of winning regional boxing crowns there.

The only boy boxing for the Odessa team is Freddie Benitez, a featherweight, who has been boxing for six years. Abilene representatives are Jesse Costello (127), Adam Romero (135), Ruben Gonzalez (147), and Billy McClain (162).

Costello, a 5-year boxer, will compete as an alternate for Rumaldo Gonzales. He, Benitez and McClain will be making their first trip to the state tournament.

Romero competed in 1961 at Ft. Worth as a bantam and lost his first bout on a split decision. He's returning to the ring after a three year layoff. Ruben Gonzalez is the most experienced boy with seven years in the ring. He competed at the state tournament in 1960 as a featherweight and in 1963 as a lightweight. This year, he will fight in the welter division.

Brown, the coach, gained most of his boxing experience with the U. S. Army. He boxed as a lightheavy.

Weigh-ins will be held and drawings for pairings this morning. The tournament will be held Thursday, Friday and Saturday nights with the finals slated Monday night.

Rudy Benitez, 118, who went to the semifinals last year and lost to eventual state champion Freddie Garcia, will not make the trip this year. He dropped a split decision to Johnny Hernandez at the Odessa tournament.

Frogs Flail Bearkats

FORT WORTH, Tex. (AP) — Texas Christian swept a baseball series with Sam Houston State Wednesday, beating the Bearkats 1-0 in the final when pitcher Ronnie Matney walked three and threw a wild pitch in the third inning.

Otherwise Matney allowed the Horned Frogs only one hit. Ronnie Paul, the TCU hurler, yielded two hits but wasn't wild.

Big Battles Set Tonight

KANSAS CITY, Mo. (AP) — Four big battles take place tonight in the quarter-final round of the National Association of Intercollegiate Athletics (NAIA) basketball tournament.

The feature contests will likely be Rockhurt, Mo., versus Grambling, La., a battle of former tournament champions, and defending champion Central State of Ohio versus Norfolk, Va., State.

Illinois Wesleyan plays Georgia Southern and Oklahoma Baptist meets Carson-Newman, Tenn., in the other games.

Top-seeded Central State had to come from behind twice to defeat unseeded Lakeland, Wis., Wednesday night, 72-68.

Lakeland led at halftime 37-35, and after trailing as many as nine points midway in the final half, came up to grab a 66-65 lead with 4:20 remaining. Two field goals by Kenny Wilburn and a free throw by Don Rather pulled out the victory for Central.

Norfolk State had an easier time, but also had to come from behind. Athens, Ala., jumped off to a 13-point lead early in the game, but Norfolk, led by Essex Thompson, roared back with deadly shooting and domination of the backboards to win 103-81.

Al Payne moved into the post and scored 33 points to lead Rockhurst to a 97-89 victory over Albuquerque, N.M. Payne received 25-point held from regular center Pat Caldwell.

Grambling outshot a cold Carroll, Mont., College team for a 95-86 victory. The tall tigers from Louisiana hit 42 of 71 from the field for 59.2 per cent. Carroll was 33 of 85 for 38.8 per cent.

On the gate of the notorious Dachau death camp, the Nazi wrote, "Work makes men free."

N. Dakota Edges Wildcats, 63-62

By TED MEIER
Associated Press Sports Writer

Virginia Tech and Western Kentucky, underdogs in college basketball's major postseason tournaments, the NIT and the NCAA, got pats on the back today.

Virginia Tech opposes the favored Temple Owls in the opening game of the NIT at New York's Madison Square Garden tonight. Western Kentucky is pitted against Michigan in the first round of the NCAA Mideast regional at Iowa City, Iowa, Friday night.

"We don't think anything Temple will do will surprise us," said Howie Shannon, Virginia Tech coach. The Gobblers haven't played since Feb. 19 when they ended their regular season at 19-4, but Shannon said his boys have "looked awfully sharp in practice."

"We seem more eager now than we have all season," Shannon concluded in giving his team a vote of confidence against the Owls, 20-6.

The Western Kentucky Hilltoppers, 24-2, got their pat on the back from George Ireland, coach of the Chicago Loyola Ramblers, who were upset by the Hilltoppers last Monday.

"If they have a good night they'll beat Michigan," Ireland said. "And, if they get by Michigan, they can beat Kentucky."

He referred to the nationally top-ranked Kentucky Wildcats, who play Dayton in Friday's first game at Iowa City.

NCAA regional doubleheaders also will be held Friday at Raleigh, N.C., Lubbock, Tex., and Los Angeles.

De Paul and NYU clash in tonight's second game of the NIT doubleheader in New York.

The small college tournaments, the NCAA and NAIA got down to the semifinals and quarter-finals, respectively.

In the round of four of the NCAA small college at Evansville, Ind., tonight Southern Illinois meets North Dakota and Akron takes on Kentucky Wesleyan. Southern Illinois beat Fresno State 93-70, Akron downed Long Island 74-68, North Dakota edged Abilene Christian 63-62 and Kentucky Wesleyan overcame Central Connecticut 84-76 Wednesday night.

In the NAIA quarter-finals at Kansas City tonight, Grambling meets Rockhurt, Oklahoma Baptist opposes Caron Newman, Norfolk State is pitted against Central State of Ohio and Georgia Southern goes against Illinois Wesleyan.

Gigantic Meet Begins With Golf

LAREDO, Tex. (AP) — A golf tournament opened the Border Olympics today, forerunner of a massive track and field meet that starts Friday and goes through Saturday night.

Sixteen universities and colleges moved out in a 36-hole round of the annual golf tournament which Houston has won so many times it might well have the affair named for it. The Cougars will be after their third title in a row and 10th in the 15 years of the tournament.

There will be 18 holes Friday and the final 18 Saturday.

The high school division, 15 times strong, swings into action Friday and will play 36 holes.

Forsan Girls At Austin

AUSTIN (AP) — Round Top-Carmine, runner-up last year and undefeated this season, plays High Island in a Class B game Thursday night to open the annual Girls' High School Basketball Tournament.

The other game Thursday night matches Forsan and DePort, also two B teams.

The three-day tournament ends Saturday with state championships to be decided in four divisions—B, A, AA and AAA.

Semifinal games are scheduled in Class B Friday morning, with the other three classes getting started later in the day.

One of the top entries in B is Sundown, who is 31-4 for his season and won the Class A state title for three years in a row, 1961-62-63.

Eight of the 18 teams at the tournament are making their first appearance—Forsan, DePort and High Island in Class B; Cross Plains and Springlake (Earth) in A; Ganado and Rivercrest (Talco-Bogata) in AA and Raymondville in AAA.

First round pairings for the tournament with won-lost records in parentheses:

THURSDAY

Class B

7:30 p.m., Round Top-Carmine (37-0) vs. High Island (31-1).

8:50 p.m., Forsan (33-1) vs. Deport (37-1).

FRIDAY

Class B

8:55 a.m., Brock (Weatherford) (32-7) vs. winner Round Top-Carmine vs. High Island.

10:20 a.m., Sundown vs. winner Forsan-DePort.

Class A

11:35 a.m., Midway (Waco, 31-1) vs. Springlake (Earth, 37-2).

1:45 p.m., Jourdanton (34-2) vs. Cross Plains (30-4).

Class AAA

3:10 p.m., Little Cypress (Orange, 32-3) vs. Ganado (26-4).

4:35 p.m., Rivercrest (Talco-Bogata, 23-4) vs. Spearman (33-4).

Class AAA

7 p.m., Duncanville (19-10) vs. Victoria (28-6).

8:25 p.m., Tulia (28-5) vs. Raymondville (16-5).

"We'll be lucky to score any points," said Coach Jim (Dutch) Stehley.

But, then, Snyder wasn't suppose to win their own track Meet, and competition will be they did.

The team wrapped up drills Wednesday afternoon and departed for Lareado at 6 o'clock this morning. Prelims will begin Friday morning with the finals slated for Saturday.

Over 50 teams will be at the Meet, and competitoion will be in one division only. Thus the Tigers will go against some of the larger schools in the state, including teams from the Houston and San Antonio areas.

Coach Stehley listed probable entries in the various events:

440 yard relay—Ronnie Hardwick, Jackie Rice, Teddy Brown and Curtis Clay.

880 yeard run—Tom Page and Rob Golden.

high hurdles—Steve McMahan and Leon Riggins.

100 yard dash—Ronnie Hardwick, Jackie Rice and Vernon Clay.

440 yard run—Teddy Brown, M. C. Powell or Kent Noble.

low hurdles—Leon Riggins, Steve McMahan and Vernon Clay.

220 yard dash—Curtis Clay and Ronnie Hardwick.

mile run—Rudy Benitez.

mile relay—Leon Riggins, M. C. Powell, Curtis Clay, Teddy Brown and Kent Noble (alternate).

pole vault—Jackie Rice and Vernon Clay.

broad jump—M. C. Powell and Steve McMahan or Jackie Rice.

shot put—Jerry Simons and Terral Austin.

discus—Jerry Simons, Roy Taylor and Terral Austin.

high jump—Steve McMahan and Leon Riggins.

and Baylor paced the Lakers over the Royals. West hit for 31 points and Baylor 27 to offset a 39-point effort by Oscar Robertson for Cincinnati.

Philadelphia made it six straight victories as Wilt Chamberlain and Hal Greer each got 31 points against the Hawks. Big Wilt also grabbed 36 rebounds.

A 40 mph wind pushed a 7-iron shot 170-yards to a hole-in-one at the Hugoton Country Club—the first recorded ace since the club installed new grass greens last year. The golfer: Frank Swafford, president of the club.

Southpaw Jim Kaat of the American League champion Minnesota Twins pitched 265 innings last season and allowed 265 hits. He had an 18-11 record.

Lakers Wrap Up Title

By The Associated Press

The Los Angeles Lakers have won their second straight Western Division championship in the National Basketball Association and their fourth in five years.

Only a second-place finish to San Francisco in 1964 and a similar runner-up position to St. Louis in 1960 has prevented a streak of six straight Western titles for the Lakers.

The Lakers wrapped up 1966 Western Division laurels by edging the Cincinnati Royals 19-116 Wednesday night in a nip-and-tuck game at Indianapolis. Four free throws, two each by Elgin Baylor and LeRoy Ellis, sewed it up for the Lakers after the Royals had pulled to within 115-114 with 90 seconds left.

The victory gave the Lakers a won-lost record of 42-33. Thus they can lose all five of their remaining games and still finish ahead of the runner-up Baltimore Bullets.

The Bullets got whipped by San Francisco at Seattle 125-115 and now have lost seven more games than the Lakers.

Meantime, the Philadelphia 76ers increased their Eastern Division lead over the champion Boston Celtics to one full game with a 123-115 home triumph over the St. Louis Hawks. Both the 76ers and Celtics have five games left.

The veteran duo of Jerry West

Ponies Get Swim Nod

AUSTIN, Tex. (AP) — The Southwest Conference swimming meet opens today and it will be larger than last year by almost 100 per cent, but the result is expected to be the same, Southern Methodist will walk, or paddle, away with the title.

Texas Christian, Arkansas and Rice have joined the field this time, putting seven teams in competition. Baylor is the only absentee. SMU, Texas, Texas A&M and Texas Tech are the regulars.

Braves Brass Are Skeptical?

By HARRY CHANDLER

MILWAUKEE (AP) — The prosecution in Wisconsin's antitrust suit against baseball is picturing National League club owners as skeptics who summarily rejected a proposal that would have given Milwaukee an expansion club in 1966 to replace the departing Braves.

The state apparently was seeking to use the flat rejection to support its accusation that National League members conspired to boycott Milwaukee as a major league city.

The abortive attempt of Milwaukee Brewers Inc., in December 1965, to obtain an expansion franchise in the senior circuit was described Wednesday by Allan H. (Bud) Selig, president of the organization.

Selig, facing additional cross-examination today, testified that the owners, meeting in Miami Beach, tossed cold water on the plans of a syndicate of wealthy Wisconsin industrialists, backed by $4.3 million in cash commitments, to fill the void left by the exodus of the Braves to Atlanta.

In the current suit before Circuit Judge Elmer W. Roller, Wisconsin contends that the National League is guilty of monopolistic practices in permitting the Braves to move and refusing to grant Milwaukee an expansion franchise.

The owners challenged the Milwaukee group's estimates of an anticipated minimum attendance of 880,000 at County Stadium in 1966, Selig said. They cast doubt also on proposed capitalization of $1.5 million, and questioned whether other expected resources, including a bank loan commitment of $1.5 million and promised loans from two concession firms — Sports Service and ABC Vending — would be adequate.

Moreover, said Selig, Walter O'Malley of the Los Angeles Dodgers said he (O'Malley) "personally wasn't in favor of granting the application" unless what O'Malley described as the "political situation" in Milwaukee had improved.

The Dodger owner was quoted further as saying that the Milwaukee group "would be doing the right thing by withdrawing the franchise application, take a year to study the operation of other clubs, then resubmit the application the latter part of (next) September."

Under cross-examination by Atty. Earl Jinkinson, Chicago, Selig said he and seven other Milwaukee businessmen made overtures late in 1964 to Braves' Board Chairman William Bartholomay relative to possible purchase of the club. Jinkinson brought out that no "firm offer" ever had been made.

CALIFORNIA DEMOS AT ODDS

Bitter Fight Due In Primary

SAN FRANCISCO (AP) — The promise of a bitter fight for the party's governorship nomination punctured Democratic plans for a peaceful primary today and cheered Republicans seeking political control of the nation's most populous state.

Democratic Gov. Edmund G. Brown, seeking a third term, replied angrily to the challenge of Los Angeles Mayor Samuel W. Yorty, who said Wednesday he will try to take the nomination away from Brown.

"I think he's in the wrong party's primary, but I accept the challenge," Brown told 2,500 Democrats Wednesday night at a $100-a-plate fund-raising dinner in San Francisco.

Yorty, a maverick Democrat who supported Republican Richard M. Nixon for president in 1960, accused Brown's 7-year-old administration of "shoddy machine politics."

Republicans—themselves split by a fight for the GOP gubernatorial nomination — were heartened by the Democrats' squabble, something Brown had been hoping to avoid.

"This is one more indication of the division in Democratic ranks which has become very obvious in the past few weeks," said former San Francisco Mayor George Christopher, one of three candidates for the GOP nomination.

His major foe, actor Ronald Reagan, said Yorty's candidacy offers Democrats an alternative to Brown. He added it "might bring out once and for all the answer as to whether the incumbent really intends to be governor of California if he is elected."

William Penn Patrick, San Rafael cosmetics manufacturer and the third candidate in the GOP race, said "It is good to see that the Democrats have not swallowed Brown's hogwash."

Monahans Boasts Largest Oak Forest

MONAHANS, Tex. (AP)—When you see it, you may find difficulty in realizing you are viewing one of the largest oak forests in North America.

The forest stretches out over the 40,000 acres of land in the Monahans Sandhills State Park which is just northwest of this town between Odessa and Pecos in Far West Texas.

The reason it doesn't look much like a forest is that almost none of the trees are more than three feet tall.

They are known as Harvard Oaks, and the comparison with other forests comes from botanists who find the trees of unusual interest.

That oaks will grow at all in this semi-desert is unusual, but there is a trick to it.

The oaks send down roots as far as 90 feet in order to find food and water. The museum at the park displays one with roots of 70 feet.

Some of the different kinds of animals dwelling in the park are coyote, gray fox, badger, skunk, bobcat, jackrabbit, pack rat and kangaroo rat.

Not many years ago the lobo wolf was a visitor but his days are gone as are those of the ancient camel, mammoth and bison whose bones are sometimes uncovered by the shifting sands.

Many primitive Indian tribes used the sandhills with their permanent water holes as a hunting ground. Many of their weapons are on display at the museum, including spears, bow and arrow and a throwing stick called the "atlatl."

Visitors occasionally find fossils of pre-historic mastodons and mammoths. Amateur archaeologists continue to find many Indian artifacts that have been covered by the sand for centuries.

Even more exciting to some is the possibility that the sands may shift to reveal treasures of gold.

Like many other parts of Texas, legends exist of treasure trains intercepted by Indians and the gold lost.

But as far as is known, no one has found any lost gold.

In circulation a dollar bill has an average life expectancy of 18 months.

ALL THE MORE REASON TO SPEAK WITH CARE!

Spectacular City Growth Alarms Health Organization

By J. W. DAVIS

WASHINGTON (AP) — When pioneers like Daniel Boone felt that the settlements were getting too crowded, they moved on to the wide open spaces.

These days, the Daniel Boones are few and far between. There's a rush to the cities that is appalling, frightful.

The World Health Organization says: Over the last 100 years, mankind has doubled its numbers. But the world's city population has increased five-fold. Of the 3 billion people now living in this world, 1 billion live in cities. All this despite the well-known flight to the suburbs of those who can afford it.

The spectacular city growth alarms the WHO. It says: "Overcrowding, evil housing conditions, the spread of slums, the dwindling of parkland and open spaces, traffic paralysis, the accident toll, water pollution, time wasted on journeys between home and work — all these drawbacks and more hamper the New Yorker as much as the man from Calcutta."

The Greek philosopher Plato held that the ideal urban community should not be larger than 5,000.

Today, Plato would be saddened to read these population figures, from the 1966 World Almanac: Tokyo 10,686,660, New York 8,085,000, London 7,978,234 Shanghai 7,100,000 Moscow 6,335,000, Bombay 4,152,056, Peking 4,140,000, Sao Paulo 3,850,000, Buenos Aires 3,799,200 and Hong Kong 3,692,000.

The WHO cited figures on the overcrowding in calling attention to World Health Day, to be observed April 7.

It said: Paris leads in overcrowding, with 82,880 city dwellers per square mile, followed by Tokyo with 41,440, New York with 34,188, London with 26,667 and Berlin with 9,065.

Dr. M. G. Candau, director general of WHO, says that as much as one-third of today's city population is unhealthily crowded together in terrible slums.

In a World Health Day message, he said: "Many a person coming to the city from the country has to learn to put up with less space, less daylight, less fresh air, less greenery, more noise, but less liberty to make noise.

"Psychosomatic and neurotic disorders are undoubtedly largely associated with the congestion and noise, the hectic rhythm of city life, its vast enonymity and its many strident appeals to the individuals to do this or that.

"Furthermore, as a counterpart to the glamour of the modern city, to its employment possibilities, its educational wealth and its cultural achievements, we have delinquency, crime, prostitution, alcoholism and the excessive use of drugs."

Maybe old Daniel Boone and ancient Plato were right.

Junior Editors Quiz on RACCOONS

QUESTION: What do raccoons eat? Is it true they wash their food?

• • •

ANSWER: The raccoon is a smart, practical little animal with a talent for taking care of himself. Related to the pandas, bear-like animals who live in Tibet and China, the raccoon is bear-like in his own habits. He is willing to eat just about any food which comes along. This 'coon diet included such various items as nuts, wild blackberries, grapes, bugs, reptiles, birds' eggs, frogs and fish. The last two are high on the menu, since 'coons love to explore the edges of streams and ponds. Their forepaws, almost like hands, help them to grasp the various little creatures on which they dine. These paws are also a great help in climbing trees. Since the 'coon hunts at night, sleeping birds are frequently eaten.

'Coons like to wash their food, especially that part consisting of meat, and provided they are near water. They are very particular about this, holding the food in their paws and dousing it thoroughly; in fact they wash it so much they make it look quite unpalatable. It is a curious habit, yet one which naturalists say is characteristic of 'coons in all parts of the country, when water is available.

• • •

FOR YOU TO DO: Clip out this picture and article to paste in a scrap book about interesting animals. 3-10

(Robert C. Kays of East Liverpool, Ohio, wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

T-Patchers Near End Of Training

AUSTIN, Tex. (AP) —Brig. Gen. Ross Ayers of Friona, commander of the 36th Brigade, said this week that the unit would be ready for active duty by June.

Ayers said the famed "T-Patch" outfit, which was one of several national guard divisions designated as "selected reserve forces" by the Defense Department in November 1965, would complete final training at Ft. Hood in June.

Units of the Texas brigade are already spending weekends at active Army installations. Most 36th Brigade units were formerly in the 36th Division or the 49th Armored Division.

There are 35,000 U.S. students taking Russian in 600 colleges and universities — more than double the number studying the language less than a decade ago.

Parents Can't Always Be Perfect

By HAL COOPER

NEW YORK (AP) — There comes a time in the life of every parent when his children cease to regard him as infallible.

This blackest hour of fatherhood is often connected with broken toys.

When the children are young the toys tend to be simple. Even a man who is ham-handed can replace a wheel on a tricycle. His children regard him as a mechanical genius.

Then all of a sudden they're playing with things like electric motor raceways and a father's troubles begin.

Surveying with disgust the parts of a nonworking racer after his father's unavailing efforts over the weekend, the 10-year-old said:

"Daddy, I don't think you understand electricity."

"It's a rather specialized field, Jeffrey. This car will have to go back to the shop for servicing."

"When Michael's Ferrari quit running his father fixed it."

"Michael's father makes his living as an electronics expert. It is not surprising that he could fix Michael's Ferrari."

"Daddy, can you fly an airplane? asked the 9-year-old.

"No, Nicky, flying airplanes is not among my accomplishments."

"David's uncle can. He owns his own airplane. He took David to Miami."

"We aren't wealthy enough to own an airplane. Besides, I can't stand the heat in Miami."

"Daddy, could you change a tire?"

"I could if we had a jack. I keep forgetting to buy one."

"If we have a flat tire will you have to call a mechanic?"

"As matters stand, yes."

"All right, daddy. Will you help us with our arithmetic?"

"It's the binary system again, isn't it? I'm sorry, but they didn't teach that when I was in school."

"Daddy, are you awfully old?"

"I wasn't when I woke up this morning, but I just aged 10 years."

Pilot Sues Cork-Popper

DENISON, Tex. (AP) — A suit for $114,975 has been filed by an Air Force captain against a Navy lieutenant who popped a champagne cork at an Armed Forces Day party.

The Air Force officer, Capt. Robert A. Dash of Sewart Air Force Base, Tenn., is suing Lt. Thomas W. Hogan of Chase Field, Beeville, Tex., in 15th District Court in Denison.

The suit alleges Hogan and Dash flew to Perrin AFB near Denison on May 15, 1964, to take part in Armed Forces Day celebrations.

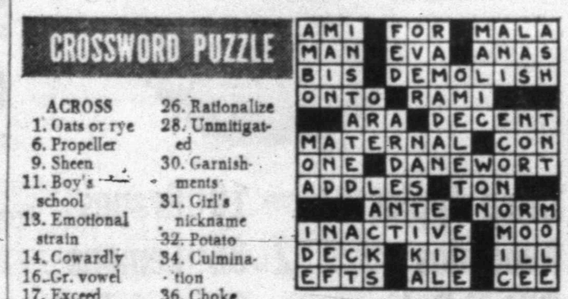

At a party held later in the day in the base officers' quarters, the suit alleges that Hogan popped open a bottle of champagne and the cork struck Dash in the eye.

Dash said the accident damaged his side or peripheral vision, causing him to lose his pilot status. The money, he contends, if for compensation of his loss of pilot status.

Bogus Papers For Dogs Big Business

WASHINGTON (AP) — The executive director of the American Humane Association has told a House Agriculture subcommittee about what he says is a phony registration racket for purebred dogs.

Rutherford T. Phillips testified Tuesday "there seems to be quite a booming business in bogus dog registration papers."

The subcommittee concluded two days of hearings on legislation aimed at protecting pet owners from theft and the animals from mistreatment. Proposed legislation would regulate the transportation and sale of animals, especially for research purposes.

More than 50 witnesses testified during the hearings, many of them pleading for passage of legislation to curb the thefts. But scientists and researchers urged in their testimony that some caution be used to prevent restrictions on research programs involving animals.

In his testimony Phillips gave a rundown on the phony dog registration business racket.

The operators begin, he said, by sending a report to the American Kennel Club about an actual purebred litter just born — but the litter is represented to be bigger than it actually is. Some time later, Phillips told the subcommittee, a registration report on a completely fictitious litter is sent in — the nonexistent offspring of two of the extra animals reported earlier.

Now, said Phillips, the operator has official paper on perhaps six or eight nonexistent puppies:

"These papers are then matched to stolen dogs which are sold to unsuspecting purchasers as pets, or even as show animals. The new owners think they have secured a fine dog at knocked-down prices," he said. "What they have purchased is a stolen dog and a spurious pedigree."

Laredo Businessmen Buy Tallest Hotel

LAREDO (AP) — Laredo's tallest structure, the 12-story Hamilton Hotel, has been sold to five Laredo businessmen, it was disclosed Wednesday.

The 330-room hotel, which was built in 1890, was purchased from David and Logan L. Stephenson of San Antonio for $410,000.

Purchasers of the hotel were Laredo Mayor Joe C. Martin Jr., Max Mandel, a banker; A. E. Gujardo, an automobile dealer; Mervil Moore, an auto parts store operator; and Attorney Elmore Borcher.

The United States had 21 million horses in 1915, but the number dwindled as automobiles became popular. Horses numbered 12 million in 1935 and two million in 1960.

SPECIAL FORCES CAMP

'Copters Find Few Survivors At Ashau

By ROBIN MANNOCK

DA NANG, South Viet Nam (AP) — After almost two days of fierce fighting, the Special Forces camp at Ashau was lost to the Viet Cong tonight.

Lt. Col. Kenneth B. Lacey, commander of the Special Forces detachment in Da Nang, announced: "We closed Ashau at 5:45 this evening."

The colonel said a "certain number of defenders" were evacuated by helicopter before the camp was abandoned to the victorious Communist force, estimated now as a reinforced North Vietnamese regiment.

The American and Montagnard defenders suffered heavy casualties.

It was not known immediately where the few rescued survivors were taken.

Col. William McKean, commander of all Special Forces in the area, said: "We sent in a whole flock of helicopters but the ceiling closed right in on them."

A heavy cloud cover had prevented effective air support or relief since the battle started at the triangular mud and log fort near the Laotian border 60 miles northwest of Da Nang.

A force of 15 to 20 Americans and about 300 tough little Montagnard troopers occupied the lonely outpost when it was attacked in the predawn hours of Wednesday.

The defenders fought fiercely from that time until late Thursday afternoon. At one time the survivors occupied about one-fourth of the camp's bunkers while the North Vietnamese regulars held the rest.

Thursday afternoon about 100 survivors, many wounded but still fighting, mounted a last-ditch charge but were driven back.

With attack planes bombing blindly because of the cloud cover and dropping their bombs within the confines of the outpost itself, one last effort was made to bring out the survivors.

This is the first time the Viet Cong have conquered a Special Forces camp since a similar battle Aug. 19 at Dak Sut.

McKean said the decision to abandon the camp to the enemy was made after the weather had foiled all attempts to send in reinforcements.

"There was 40 minutes this afternoon when the ceiling over the valley went up to 1,800 feet, but by the time U.S. Marine choppers got there to start evacuating the survivors the ceiling was back down to 50 feet," McKean said.

Radio and other military equipment in the part of the camp still held by the defenders was destroyed before they evacuated it, McKean said.

The Special Forces commander had high praise for the Marine aviators who attempted to bomb the enemy positions throughout the day. "But we were badly hampered by the weather. Everything was in favor of the Viet Cong," McKean said.

Some survivors were flown out by helicopter during the afternoon, McKean said. Some Americans were believed to be amongst them.

McKean said he thought the Communist death toll would be "very high." He said, "My men fought every inch of the way."

Fire Levels Texas Firm

EL CAMPO, Tex. (AP)—Fire levelled a big building at the May Aluminum Co. factory late Wednesday, and the firm's president estimated the loss at $250,000 to $300,000.

Employes discovered the blaze as they were leaving shortly after 5 p.m. The roof and walls collapsed by the time volunteer firemen arrived.

Company president Doyle May said the tile structure, covering 40,000 square feet, contained large quantities of paint and chemicals.

May Aluminum fabricates a number of items, including aircraft landing mats under government contract. Its plant is on the west edge of El Campo off U.S. 59.

The main building, where about 600 people work, was not affected by the fire. Twenty employes were assigned to the building which burned.

Duck Blinds Oulawed At Lake Houston

HOUSTON (AP)—Duck blinds have been outlawed at Lake Houston.

The City Council approved an ordinance banning the blinds. The ordinance was patterned after other ordinances prohibiting shooting of firearms within the city limit.

Figures Fail To Back Pessimists

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Profits were never higher but the stock market is eyeing gloomy predictions that the earnings climb is tiring. Some even fear the trend may be reversed. The figures themselves, however, scarcely bear this out. They get bigger all the time.

The market shrugs these off as past history and tries to guess the future. What is feared is that profits will be cramped by several developments.

These include rising production costs as wage scales mount and payroll outlays are hiked by higher Social Security taxes; tight money proving both expensive and restrictive for business expansion plans and current activities; high break-in costs for new plants coming into operation or, on the other hand, unprofitable operation of aging plants as stepped-up production schedules push against the limits of capacity; and labor shortages that spell more overtime, less production, or the hiring of less efficient help.

All seem likely to happen. And in the realm of probability are higher tax payments this year through a speedup in collections, and maybe higher tax rates before the year is out.

Predictions that the climb in profits is petering out are based on an interpretation of the latest figures, rather than on the figures themselves.

Actual results show that in the final three months of 1965 manufacturers' net income after taxes advanced 19 per cent over their profits for the preceding quarter. The fourth quarter net earnings also were 16 per cent above the fourth quarter of 1964. This year-to-year gain was about the same as set up in each of the first three quarters of 1965.

With some companies advancing as much as 40 per cent in profits last year, what is the reasoning behind the predictions of a letdown?

In addition to the forces outlined earlier, the statisticians at the First National City Bank, New York, point to the season trends. They say the 19 per cent advance in the fourth quarter of 1965 from the July-September period was only slightly more than seasonal. That is, profits are usually highest in the final months, while the summer often sees a lag.

This only slightly more than seasonal advance at the end of year is contrasted to a considerably more than usual advance in the April-June quarter and a much better than usual summer performance.

The moral the statisticians draw is that in the spring and summer profits were really swinging. But at year's end either the boom was tiring, or costs were mounting, or both.

Industry is still producing at near record levels in this first quarter of 1966. But what the stock market is wondering is: How much of the feverish activity is being turned into after-tax profits?

IN TRAINING—Airman Kenneth W. McDaniel, 19, son of Mr. and Mrs. James W. McDaniel, 1905 Avenue L, has been selected for training at Chanute AFB, Ill., as an Air Force aircraft equipment repairman. A 1965 graduate of Snyder High School, he recently completed basic training at Lackland AFB.

Dickey Quits Post

DALLAS (AP)—G. G. Dickey has resigned as Buckner Baptist Children's Home administrator but will remain for a time as a consultant. He has been administrator for 30 years.

ALWAYS FIRST QUALITY

just lovely! the delicate charm of pima 'chiffon' cottons!

Imagine—a cotton so luxurious . . . yet so carefree! Pima 'chiffon' cotton, here in neat lady-like daytime looks that dip and drip dry quick-as-a-hanky, need but the slightest touch-up to look as crisp and femininely cool as ever! Sweet lace and embroidered trims in pale spring-into-summer pastels. Misses' and half sizes!

CITY CAB CO.

Planning a new home?

MAKE IT TOTAL ELECTRIC

...including electric cooling and heating, and enjoy the economy of our

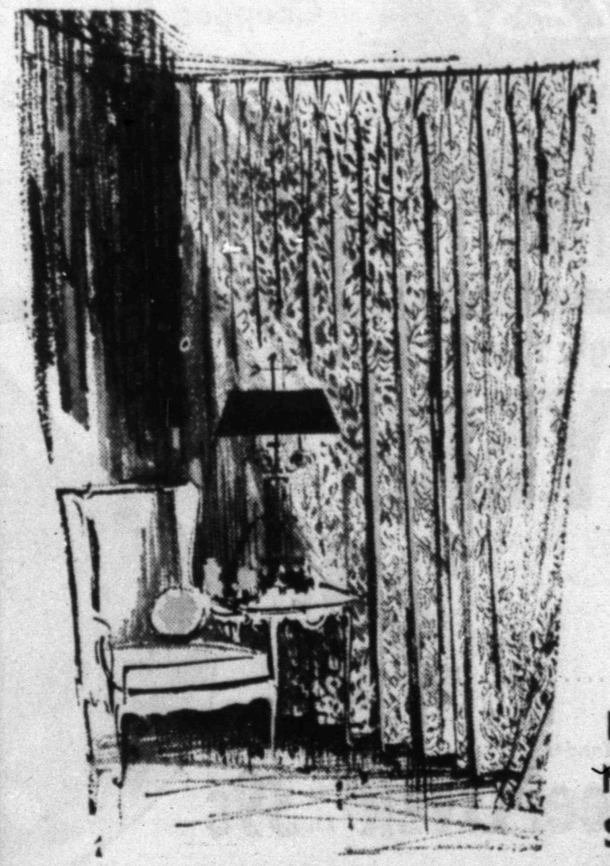

LOW RATE FOR ALL-ELECTRIC HOMES

Our low rate for All-Electric Homes substantially reduces the cost of electricity for summer cooling and winter heating, as well as for other household purposes, when you live in a total electric home.

With electricity as the "do-everything" source of energy in your home, you'll enjoy real economy along with wonderful new cleanliness and convenience . . . you'll save much time and energy . . . and you can relax in the comfort of an ideal climate the year around.

Before you start construction of your new home, come by our office or telephone and let us give you full information about our low electric rate for All-Electric Homes, and show you the savings in the cost of summer cooling and winter heating this rate makes possible.
