## CURRENCY BILL DEBATE BEGINS

CHAIRMAN GLASS DECLARES WALL ST. IS PROMPTING OPPOSITION TO MEASURE

### "NO POLITICS" HE SAYS

Challenges Statement That System Proposed in Bill Can Be Perverted in That Way

By Associated Press. Washington, Sept. 10.—The administration currency bill today started on its way to the statute books when Chairman Glass of the House banking committee opened the currency debate in the House.

"There is no politics in this matter. It is my earnest conviction based upon long reflection that no man can conceive, as none has yet pointed out, how any part of this system can be perverted to political uses. I happened to be present when an eminent banker suggested such a possibility to the present occupant of the executive chair and I heard this banker vainly challenged to show how it might be done. I shall not forget the emphasis with which the president of the United States declared that no man would ever be found who would be willing to imperil his reputation or tarnish his fame by so flagrant a prostitution of his high office."

Mr. Glass declared that opposition to the bill by bankers was caused by the fact that the bill would sever the relations between banks and stock gambling. He said:

"The whole fight of the bankers is to drive us from our firm resolve to break down the artificial connection between the banking business of this country and the stock speculators' operation at the money center. The real opposition to this bill is a loss of profits derived from a system which makes the banker the legal custodian of the reserve fund of the country, \$240,000,000 of which on the fourth day of November, 1912 they had put into Wall street stock operations."

## PATRICK HENRY RESIGNS PLACE AS LEGISLATOR

Will Enter Upon New Duties at Fort Worth Shortly—No Successor Named

Patrick Henry, representative for Wichita and Wilbarger counties in the Thirty-Third Legislature, has filed his resignation with Governor Colquitt, announcement being made today. Mr. Henry, as was stated some time ago, will be principal of the business department of the Texas Christian University at Fort Worth and will make his home in that city. Unless Governor Colquitt should call another special session of the Legislature, no successor to Mr. Henry will be chosen until the regular election next year. While several Wichita men are understood to be grooming for the race, it is said that Wilbarger county will also have someone in the race next year. Should there be another called session of the legislature between now and January, 1915 it will be necessary to hold a special election to fill the vacancy caused by Mr. Henry's resignation.

## CHRISTIAN CONFERENCE MEMBERS ON EXCURSION.

Koekuk, Iowa, Sept. 10.—Delegates to the annual Christian Church conference meeting here today were guests of the local committee on an excursion about Lake Cooper the great artificial lake formed by the building of the Koekuk Dam, the largest structure of its kind in the world. The conference will be in session until Friday night.

## WALLER BAKER OF WACO DEAD IN SAN FRANCISCO

Manager of Gov. Hogg's Campaign in 1892 Believed to Have Met Foul Play

San Francisco, Cal., Sept. 10.—Waller S. Baker, a prominent attorney of Waco, Texas, was stricken on the streets here last night and died. The police are investigating a report that several hundred dollars was missing from Baker's pocket. His vest was found to be turned inside out, with his coat buttoned over it.

Baker was visiting here with his wife and children and his brother, J. S. Baker of Waco. Last night he was supposed to have gone to a theatre, but Baker declined, explaining that he did not feel well. He insisted, however, that the others enjoy themselves. Shortly afterward they heard that he was dead.

Waller S. Baker managed the Clarke campaign for James E. Hogg in Texas in 1892 and was chairman of the Texas democratic executive committee at that time. He had lived in Waco since 1868 and had always been prominent in state politics.

## Principals In Latest Developments Of The Harry K. Thaw Deportation Case

## BILL NOW READY FOR CONFERENCE

EXPECTED TO REMAIN THERE AT LEAST TWO WEEKS FOR ADJUSTMENT

### FEW IMPORTANT CHANGES

In Principal Measure Does Not Differ From That Passed By Lower House

By Associated Press. Washington, Sept. 10.—With the tariff bill passed by the Senate Tuesday afternoon by a vote of forty-four to thirty-seven, arrangements are now being made to send the measure to conference, where the differences between the House and Senate bills may be adjusted. The bill is expected to remain in conference two weeks.

The tariff bill as it passed the Senate retained the principal House provisions, including free sugar and free raw wool, but revised other rates still further downward. The average ad valorem rate in the bill now is approximately 26 per cent, a decrease of 28 per cent from existing rates and nearly 4 per cent lower than the rates of the House bill.

The Senate's additions to the House free list with 1912 as a basis will cost the government more than \$44,000,000, but by adding a tax of one-tenth of a cent on cotton for future delivery, a tax on bananas of one-tenth of a cent, restoring the requirement of a full internal revenue tax of \$1.10 a gallon on brandies used to fortify wines, and by increasing the surtax rates on large incomes, Senate leaders believe they have provided an actual increase. That is a point disputed by Majority Leader Underwood of the House.

The Senate made these other changes:

Lowered the normal exemption from the 1 per cent income tax from \$4,000 to \$3,000 for single persons with exemptions for wives and dependent children; exempted the incomes of mutual insurance companies which revert to the benefit of stockholders; increased graduated surtax on large incomes to a maximum of 6 per cent of those of more than \$500,000; exempted incomes of public utilities and changed the date from what the tax shall be computed for the first year from January 1 to March 1, 1913.

Free listed cattle and other live stock, wheat, hair of the Angora goat and some other agricultural products; restored oatmeal and rolled oats to the dutiable list and provided an elaborate inspection of meat imports.

Reduced House rates on woolen manufactures to become effective January 1, 1914.

Provided in the sugar schedule for immediate abolishment of the Dutch standard test; postponed operation of proposed reduced rates until March 1, 1914, leaving the provision unchanged for free sugar in May, 1916.

Slightly increased rates on finer cotton goods, reclassifying the whole cotton schedule.

Vice President Marshall appointed Senators Simmons, Stone, Williams and Johnson, democrats and Senators Penrose, Lodge and La Follette, Republicans, as the Senate conferees.

Senator Stone withdrew from the committee and Senator Shively was appointed in his place. The House conferees, it was reported, will be Representatives Underwood, Kitchin and Ralney, Democrats, and Payne and Fordney, Republicans. Each house will have an equal vote in the conference committee, even though each does not name the same number of conferees.

Roll Call on Tariff Bill. Following was the roll call on the tariff bill:

Chamberlain, Chilton, Clark of Arkansas, Fletcher, Gore, Hitchcock, Hollis, Hucker, James, Johnson, Lane, Kern, Lewis, Martin, Martine, Myers, Newlands, O'Gorman, Overman, Owen, Pittman, Pomerene, Robinson, Saulsbury, Shafroth, Sheppard, Shields, Shively, Simmons, Smith of Arizona, Smith of Georgia, Smith of Maryland, Smith of South Carolina, Stone, Swanson, Thompson, Tillman, Vardaman, Walsh, Williams, Democrats; La Follette, Republican and Poindexter, Progressive—Total 44.

Noes—Senators Borah, Bradley, Brady, Brandegee, Bristol, Catron, Clapp, Clark of Wyoming, Colt, Cummings, Dill, Dillenger, Fallis, Gallinger, Jackson, Jones, Kenyon, Lippitt, McCumber, Lodge, McLean, Nelson, Norris, Oliver, Page, Penrose, Perkins, Root, Sherman, Smoot, Stephenson, Sterling, Sutherland, Warren, Weeks and Worcester, Republicans; Hammett and Thurston, Democrats—Total 37.

Paired and Not Voting—Senators Townsend of Michigan, Burton, Crawford, Goff, Dupont and Smith of Michigan, Republicans; Bankhead, Bryan, Cullers, Lea, Thomas and Reed, Democrats—Total 12.

Absent and Not Paired—Senators Burleigh and Gronna, Republicans—Total 2.

Vacancy—Alabama 1. The final struggle began at four o'clock, when, under a previous agreement, arbitrary votes began on pending amendments. During the closing hours of debate Senator La Follette had become the center of interest, proposing final amendments on the cotton and agricultural schedules and discussing some features of the bill which he deemed favorable. It was nearly 5:30 o'clock when the vice president put the bill upon its passage. The roll call proceeded deliberately until the clerk called "La Follette."

The Wisconsin senator, seated in the front row, hesitated a moment. His head was bowed and resting on his hand. He leaned forward a trifle and vigorously answered "Aye."

La Follette's Vote Applauded.

Instantly the applause broke from the galleries and senators on the Democratic side joined in enthusiastic handclapping, nearly every Democrat on the floor participating in the brief but vigorous demonstration. When the name of Senator Poindexter the only Progressive senator, was reached he had contributed his vote for the bill the applause was renewed.

Senator La Follette had a few words to say of his vote after many Democratic senators had surrounded his desk and shook his hand.

"I realize what I did was a political sacrifice," he said, "but that within me compelled me to vote for the bill. The tariff act of 1897 was but a little short of a crime; the bill passed today is not a Democratic measure, but is a protective measure. Every change made by the finance committee was made by way of adjustment to a protective basis except such as free wool and free sugar, which were determined upon outside. They treated the agricultural schedule, I regret to say, on a free trade basis and I would have retained more duty on cutlery and some other articles in order to be sure not to ruin American production. Give the Democrats time and they will put anything on a free trade basis, but they have not done it in this bill."

Senator Poindexter said of his vote:

"I voted for the Senate tariff bill because it is as a whole a better bill than the Payne bill, and it has force. Furthermore, it contains an income tax, which we have been trying to get for twenty years."

"Some of its rates are too high and some are too low, but its general average in manufactures is high enough. Its classification is far from scientific, but not more so than the existing law."

Snyder—At the request of good roads advocates in this county, C. R. Buchanan, county judge, designated October 2nd and 3rd as good roads day for Scurry county. It is expected that several thousand men will help work the roads on those dates.

## HEARING BEGUN IN CONVICT CASE

FOUR SURVIVORS OF DARK CELL TRAGEDY WILL PROBABLY TESTIFY

### CABELL TO BE WITNESS

Legal Battle Likely Over Admission of Testimony of the Convicts Involved

By Associated Press. Richmond, Texas, Sept. 10.—Justice F. M. Owsen this morning began the examining trials of Sergeant Sid Wheeler and Guards S. M. Fain and R. H. Stewart, all charged in eight cases each, with negligent homicide in connection with the deaths of the eight negro state convicts in the dark cell last Saturday night.

An array of counsel was present for both sides. The state's interests were looked after by Assistant Attorney General Sweeney. The State has fourteen convicts presently whose testimony it was said would be offered. These included the four survivors of the dark cell. The morning session was spent in testimony of medical experts; all of whom testified to facts previously published, adding but little new to the record.

At the noon adjournment, it was announced that Ben F. Cabell would be called in the afternoon. When the State offered the testimony of the convicts a sharp legal battle is scheduled as the defense will contend they are ineligible as witnesses. Indications are that the hearing will last several days.

## COMMISSION ADVOCATES MEET TOMORROW NIGHT

Will Form Organization at City Hall To Work For Their Charter Plan

"A conference of friends of the commission form of government will be held at the city hall (Chamber of Commerce rooms) Thursday, September 11 at 7:30 p. m., for the purpose of organization. All favoring the movement are invited to attend."

The above notice was issued today by several of the advocates of the commission form, an dtte meeting is expected to start the ball rolling on behalf of the commission cities. An organization will be formed and it is expected to wage a vigorous campaign.

It is not known whether the opponents of the commission form will organize or not. Considerable opposition to the commission has developed and it is not unlikely that this will be crystallized in some way.

## AMERICAN PUBLIC HEALTH ASSOCIATION IN SESSION.

Colorado Springs, Colo., Sept. 10.—"Sanitation in Cuba: Its Progress," was the subject of an interesting address delivered at today's sessions of the forty-first annual meeting of the American Public Health Association today by Dr. Jorge Leffroy of Havana, Cuba. Dr. Leffroy told of the great progress that has been made by the department of health of Cuba, the head of which is a member of the president's cabinet. He declared that the United States, Canada and Mexico would do well to follow Cuba's example and establish a department of health. Only in this way, he declared, could the federal government properly combat disease and increase health conditions of the country.

## THAW SUDDENLY DEPORTED, UNDER ARREST AGAIN IN NEW HAMPSHIRE

### PRO VICTORY IN ARCHER COUNTY

TUESDAY'S ELECTION RESULTS IN DRY MAJORITY OF ABOUT THIRTY

### ANTI'S CONCEDE DEFEAT

With One Box Yet To Hear From, Vote Stands 381 Dry and 361 For Saloons

Archer county will remain in the dry column as the result of Tuesday's local option election. Anti leaders this morning conceded that the pro had won by a majority of at least thirty votes. A complete tabulation of the vote was not received here but with one small box missing the vote was 381 dry and 361 wet.

The results in the larger boxes as reported last night were: Archer City, 76 dry, 73 wet; Megargol 66 dry, 36 wet; Dundee 53 dry, 9 wet; Terrapin 9 dry, 29 wet; Windthorst 3 dry; 60 wet; Scotland 2 dry, 56 wet.

In the statewide prohibition election two years ago the county gave a dry majority of 35. In the last local option election about three years ago the dry majority was about 115. The county voted dry the first time a number of years ago by a majority of three votes.

## ARSON VENUE HEARING IS STILL IN PROGRESS

Defense Witnesses Being Heard, With Eighty-Five Still to Go on Stand

### STRAYED—ONE AIRSHIP; ZEPPELIN BREAKS AWAY

Two Soldiers are Killed When Dirigible Gets Away From 150 Men at Lelpic

By Associated Press. Lelpic, Saxony, Sept. 10.—Two soldiers were killed and another Zeppelin dirigible narrowly escaped destruction here today. The great German airship Z. II, was stratched from the hands of 150 men and carried aloft by a sudden gust of wind. The dirigible is still in the air.

## COTTON GLOVE FACTORY AGREEMENT IS REACHED

Committee Comes to Terms With Mr. Hilburn as to Terms of Contract for Plant

Mr. Hilburn, the cotton glove manufacturer and the special committee of the Chamber of Commerce have practically reached an agreement as to the draft of a contract providing for the establishment of a factory here, but it will not be signed until after it is inspected by Mr. Kemp who is now out of the city and by other stockholders who are associated with Mr. Hilburn. The latter left this afternoon for El Paso.

The committee was favorably impressed with Mr. Hilburn.

## CLAIMS HIS UNCLE SPIRITED HIM AWAY.

Chicago, Sept. 10.—John Farmer of Cleburne, Texas, who says he was kidnapped from Chicago when five years old, has asked the Chicago police to search for his parents.

Farmer believes his right name is John Fisher. According to his story he was taken from his home by an uncle and spirited away on a train in the night his uncle disappeared. The boy was taken in charge by a negro porter and finally landed at Fort Worth, Texas. He was kept by various families until finally adopted by a man named Farmer in Dupuy county, Texas. He is now employed by William Graham, Cleburne, Texas.

## SCREAMING AND FIGHTING, IS RUSHED ACROSS BORDER

### Wanders About Unmolested Until Rural Officer Arrests Him—Action Ordered By Authorities

By Associated Press. Colebrook, N. H., Sept. 10.—Harry K. Thaw wandered about the hills of Coos county, New Hampshire, for three hours today after being thrust across the Canadian border at Norton Mills, Vermont, and was arrested by Sheriff Drew of Coos county at Little School House, five miles from Colebrook just before noon.

Thaw made no resistance and was brought immediately to Colebrook. In his wanderings he was accompanied only by two newspaper men in an automobile.

He did not know where to go. After leaving Norton Mills, he stopped a few minutes at Averill, Vermont, for breakfast and leaving there doubled back into Canada, re-entered Vermont at Canaan and then crossed the Connecticut river into Stewartstown. Meanwhile no one attempted to detain him.

He was planning, when arrested, to strike a railroad and buy a through ticket to Detroit. He tried vainly to get into communication with his lawyers in Montreal.

Failing in this he resumed his blind journey, until detained by the sheriff. The sheriff had no warrant but held him as a fugitive from justice.

## Is Set Free On Reaching Border

By Associated Press. Coaticook, Sept. 10.—Harry K. Thaw was started for the Vermont border at eight o'clock this morning. As Thaw left the station here, under custody of deputy superintendent of immigration, Robertson, he was protesting that it was a case of kid-napping. Robertson answered that it was "all regular."

Thaw had been rushed out of the immigration pen without breakfast. The immigration officers would make no explanation except that they were acting under orders of the minister of justice. Thaw was taken at once toward the Vermont border in an automobile. He seemed to be screaming and fighting like a mad man.

On the way to the automobile, Thaw shouted at the top of his lungs that he was being kid-napped and immigration officers tried to quiet him with assurances that such was not the case. Nevertheless he fought hard and smashed a window with a bottle as the officers dragged him downstairs. The suddenness of the maneuver took Thaw and his counsel entirely by surprise. The destination of the automobile except that it was some place in Vermont, was unknown here to any persons except its passengers.

The automobile crossed the Vermont border at 8:55 this morning. Thaw was astonished when the Canadian immigration officials told him at Norton Mills, Vermont, that he was free to go wherever he liked. He got out of the Canadian automobile and stood gazing helplessly around until the newspaper men who had followed, offered him room in their car. He gladly accepted the offer. He said:

"This thing has been such a surprise to me that I don't know yet what I shall do."

Armed with written orders to deport Thaw, Robertson came unheralded to Coaticook last night. Accompanied by two subordinates and two policemen, Robertson went to Thaw's quarters in the detention pen shortly before eight o'clock. Robertson told Thaw that he had orders to deport him to Vermont. Before Thaw could reply, Robertson ordered him to get ready at once, that an automobile was waiting for the dash to the border.

Immediately Thaw's surprise changed to fury. He refused to go and picking up a bottle hurled it at Robertson. The missile went wide. Robertson and his men seized the prisoner and ejected him from the room. After Thaw had departed, townspeople unloosed their indignation in a small public demonstration. Thaw was fifteen minutes away, well on the road to the international line before the newspaper men learned what had happened.

## Wanders About On Vermont Border

By Associated Press. Averill, Vermont, Sept. 10.—Thaw arrived here at nine o'clock from Norton Mills, four miles away, and at this hour, was an absolutely free man, as nobody representing the State of New York or the State of Vermont was on hand to take him. Thaw reached Stewartstown shortly after ten o'clock. No attempt was made to arrest him there. He stood about the village square for about fifteen minutes, then re-entered his automobile without announcing his destination. About eleven o'clock he stopped at a farm house near Stewartstown then continued his journey.

# GUARDS' INDIFFERENT TO CONVICTS' VAIN BEGGING

## Three Inquiries Are Started Into Tragedy In Which Eight Negro Prisoners Were Asphyxiated

By Associated Press. Harlem, Texas, Sept. 8.—Three separate investigations into the tragedy at the prison farm in which eight negro convicts were suffocated in a dark cell Saturday night, are apparently scheduled. The four survivors were permitted to talk freely this morning and they joined in saying that repeated warnings of the conditions in the cell were given during the night.

"Men are dying in here," they claimed they yelled repeatedly to the guards, and that frequently the reply was, "You will all wish you were dead if you don't make less noise."

In behalf of the guards, it was said it was always the custom for prisoners confined as were the twelve men in this case and it is asserted that the guards had no reason to think anything unusual was transpiring.

Three Holes in Floor.

Justice Fenn with others visited the death cell today and started the probe. The party almost fell back, so sickening were the odors. This was after the cell had been aired for hours and lime had been thrown in.

The investigators found three small holes in the floor. There had been a fourth hole, but it was plugged up. Each hole was just large enough to admit a quarter.

It is said three of the survivors passed the night each with his mouth glued to one of the holes. The fourth who lived had his nose to a small crack in the bottom of the door. Prison Commissioners Cabell, Tittle and Erskine were all at the prison this morning. In company with Manager Blakely of the farm the investigation was started. Doctors Lay and O'Farrell agreed, after hearing testimony and examining the bodies that death was due to asphyxiation caused by lack of air.

Convicts May Not Testify.

There seems to be a difference of opinion about admitting the testimony of the survivors. Assistant Attorney General Sweeton believes that the convicts' testimony will not be admissible. He also says he does not believe the guards can be held for their part of the tragedy.

Mr. Blakely, the newspaper man, who submitted to a test of the black cell. Although there were but two of them and the cell had been aired

# ENGLISH-GERMAN MARKETING PLAN

## COMPARISON OF LONDON AND BERLIN METHODS OF SELLING FARM PRODUCTS BY STRICT REGULATION

German Limit Amount of Food Offered For Sale and Forbid Speculation in It.

(By S. A. Lindsey, chairman Texas Farm Life Commission.)

Lucerne, Switzerland, Aug. 14.—I went to Southern Italy and to Sicily when vegetables, citrus and other fruits are grown, hoping to learn something as to the marketing of these products that would be of value to those people of Texas who are engaged in the growing of perishable products. I was disappointed, for the people of these two sections seemed never to have had the problem of marketing perishable farm products as far as they are concerned.

The territory of Europe adapted to the production of fruits and vegetables is so restricted and unaided to large production, that buyers come from Northern Europe to the groves and fields of Italy and Sicily and purchase their products before they are gathered. European California growers are regarded as invincible in their methods, for they have driven the European oranges and lemons practically out of the American markets, and are introducing California wines into Europe in competition with the wines of Italy, France and Spain. I think the methods of California growers are the ones for our people to study. I have already mentioned the methods of marketing farm products in both Denmark and Ireland and Frank Woonerscraft, in a very able paper to the Texas Farm and Ranch, has described the marketing methods of the farmers of Holland. I will now describe the marketing methods in Germany and England, giving a study of the food markets of Berlin as an example of the one, and of London, as an example of the other.

Areas of Market Buildings.

Both Berlin and London have regular city markets, and the buildings of great extent and magnitude. There are wholesale meat markets and wholesale fruit and vegetable markets in each city. An idea of the size of these markets may be gained when I say that in London twenty-five thousand sheep are sold daily through the markets daily. This means the carcasses of about one hundred thousand animals, besides fowls. Acre of buildings are required to provide stalls enough to expose all these meats for sale. The bulk of the produce is sold daily, and more space is required for these. Then there is the milk market, the butter and egg markets and fish markets. I am speaking here of wholesale markets.

The city of Berlin, being about half the size of London, has markets about half as large. The food products in both Berlin and London are sold at wholesale on commission, the commission being 3 1/2 per cent in case of meats and 7 per cent in case of vegetables and fruit. The butcher and cheese take same commission as meats. In the Berlin markets all the farm products are from the German farmer, because a tariff protects and preserves the German markets to the farmers of that empire.

In the markets of England one sees no English farm products, but there are meats from Argentine, Australia, New Zealand, fowls and eggs from Russia and Holland, and large stalks of meat, I suppose from America, as these stalks are obtained by large meat packers. In Berlin the whole sale is virtually made by the producers, as the organized farmers sell, most always through their own agents. Hence the German farmer receives all his produce brings, except the cost of transportation and the commission.

City of Berlin Owns Markets.

At the wholesale city market the products pass into the hands of the hundreds of retail dealers. In Berlin all these dealers rent stalls and transact business in the city's retail markets. The cost of the stalls, if they do, but many dealers carry on business in privately owned buildings scattered about the city, while others are merely hucksters selling from wagon.

Now, note the difference in the systems.

In Berlin the city owns an abattoir for slaughtering place. All animals killed for the Berlin market must be slaughtered there, by the permission of the food authorities. In this way the city is not only able to know the kind and condition of animals offered for sale, but is also enabled to prescribe the number to be killed daily.

I asked, "Why did the city wish to regulate the amount of meat offered to the market daily?" The explanation was, that there are times when few people are able to buy, and the market will rush more meat on the market than is needed, as in the fall, when cattle are fat and the farmer does not wish to carry them in the winter. If this should be permitted there would surely follow a scarcity of meat later, and consequently a rise in price as meats would have to be imported, for the German farmers produce a little over ninety-five per cent of the food products of Germany. The purpose of the city is to see to it that German meats shall go as far as possible and that prices be kept uniform.

London does nothing of this kind. Food Speculation Prohibited.

The German government prohibits speculating in food products. It goes upon the theory that the speculator either hoards or depresses prices; if he hoards, the consumer is hurt, and if he depresses them, the producer suffers. So the government has enacted laws prohibiting trading in futures of food products, such as wheat and wheat, and providing a

# AN ENCOURAGING REPORT OF CROPS

## WICHITA COUNTY FARMERS ARE NOT IN HARD SHAPE BY LONG ODDS WELL SUPPLIED WITH FEED

Wichita county farmers have harvested a good wheat crop, the corn crop is fair, they have plenty of feed stored and considerable more to harvest. The county is in better shape than many people believe.

That is the situation here, in the opinion of J. W. Campbell, district agricultural agent, who has been over this section in the past few days. Mr. Campbell says that very few farmers will have to buy any feed as many of them had a supply left over from last year, while others have made good crops of milo maize and kafir corn in spite of the drought.

Mr. Campbell is unable to make any estimate of cotton, he says a third to the acre, but most will be considerably below that. In some places a still take would be twenty acres to make a bale.

Corn has done surprisingly well in some places and Mr. Campbell himself was astounded when he saw the yields that were reported. He is not allowed by the government to give out any names, he knows of one farmer who had forty acres that averaged forty-one bushels, another with twenty-six acres that averaged forty and several others with good yields, as follows: Ten acres averaging twenty-seven; ten acres averaging twenty; seven acres averaging twenty-one; five acres averaging thirty-five; fifteen acres averaging thirty-one; five acres averaging twenty-one; thirty acres averaging twenty-five and thirty-five acres averaging thirty-five bushels.

Mr. Campbell tells of one farmer who has fifty acres of milo maize and kafir corn, upon which he is pasturing a hundred head of hogs. Mr. Campbell considers this a valuable hint. There are some good fields of kafir corn and milo maize in this vicinity, Mr. Campbell says; one of seven acres will average seventy-four bushels and one of ten acres will make forty-five bushels.

These forage crops, Mr. Campbell finds, have weathered the dry spell in excellent shape and he finds general conditions much better than they are generally believed to be. While the drought has cut deep into the cotton production and the corn, Wichita county is in better shape, everything considered than was thought earlier in the year.

# OFFICERS WATCH FOR MAN IN VAIN

## ALLEGED LAWTON KIDNAPPER FAILS TO SHOW UP IN THIS CITY

The Lawton kidnapper for whom local officers kept a watchout Thursday night drove to Iowa ark, according to the Lawton Democrat, where he took a train for New Mexico. Officers here watched for him all night. The Lawton Democrat of Saturday has the following account of the kidnapping and the flight of the kidnapper:

Local officials were scouring the country yesterday for additional evidence in the Nesbit kidnaping case, and as stated in yesterday's Constitution, the theory that C. N. Andrews was the driver of the mysterious black car which swooped down on the little boy Thursday evening, was run to the ground, with the result that a warrant against the boy's father, and officials will serve same on him some time today. The result of this work on the part of the police in discovering the identity of the driver clears up the case, and incidentally lays Andrews liable to punishment under the provisions of the above quoted statute, a section of the Oklahoma laws on kidnapping, the laws of the state providing that although a man does not take active part in the actual taking, the fact that he is present, aiding and abetting in the crime makes him equally liable under the law with the principal in the act, to a sentence of not exceeding ten years in the state prison.

The facts in the case, as reported, are that Nesbit, who is about 29 or 30 years of age, arrived in town Thursday, and about 10 o'clock in the morning went in to Snowhill's garage and asked for a car to take him to Wichita Falls, Texas. He asked for some driver who was well acquainted with the country roads, and was referred to Andrews, who was in the garage at the time.

On being asked by Andrews what time he wished to start he suggested that they drive around a bit, and after visiting the railroad stations to ascertain what time the various trains left, he went west past the place occupied by T. A. Nesbit's parents, where he was to pick up the boy. Mr. Nesbit, who was visiting with the boy.

It was not until they were on their way out of town that the purpose of the trip was mentioned to Andrews, it being reported that Nesbit said, "The government is looking for you, and they're going to take you to Canada in September, but he's my boy and I've got to have him. I couldn't bear the thought of the kid being away up there."

According to Andrews it was Nesbit who was driving the car, and he gathered the boy into his arms, at about five o'clock and the race was on. Residents of a neighboring house state that the cries of the child could be clearly heard above the exhaust of the speeding car, but Andrews states that the boy's whimpers ceased after a couple of miles and Nesbit was addressed as "My Daddy."

After the party had arrived at the trip was mentioned to Andrews, it being reported that Nesbit said, "The government is looking for you, and they're going to take you to Canada in September, but he's my boy and I've got to have him. I couldn't bear the thought of the kid being away up there."

# SENATE HEARING

## MAY REACH ROLL CALL ON MEASURE BEFORE ADJOURNMENT TONIGHT

Washington, Sept. 8.—The democratic tariff bill introduced by majority leader Underwood five months ago and passed by the House four months ago today may pass the Senate before adjournment tonight.

Good Roads Plan Fails.

When the measure was called up today by Chairman Simmons of the finance committee, it was the intention to hold the Senate in session until a vote was reached. Leaders of both sides agreed, however, that the bill would be reported back to the House sometime tomorrow. In conference, the measure is expected to be debated less than two weeks.

Senator Dullingham's amendment to turn back each State's income tax for good roads, with the proviso that each State appropriate a like amount, was lost. Foreign books were returned to the free list as originally provided by the House.

Senator Smoot moved to reduce the duty on cut, but not set, diamonds, pearls and other precious stones from twenty to ten per cent. He said he would not object to the high duty if it were possible to collect it and prevent smuggling. The senator held in his hand eight pearls which he said cost \$75,000. His amendment was lost.

Urges Tax on Income.

Senator Norris, progressive Republican, called up his tax amendment proposing a tax on inheritances graduated from one per cent on \$50,000 up to seventy-five per cent on inheritances exceeding \$500,000. He said it was designed to break up immense fortunes. Senator Clapp said he would support the amendment although he believed the time had come when the government should go further and not permit people of great wealth, like the Astors, to take what does not belong to them from the people.

Senator Norris took the case of Vincent Astar to illustrate his amendment. He said the younger Astar did nothing to accumulate the fortune of \$80,000,000 he received from his father.

Norris added:

"Under this proposed amendment the tax Vincent Astar would pay to the government would be \$43,299,500. He would then have more than \$36,000,000 left in his lap, a fortune made by millions of people of the United States, a fortune for the accumulation of which he did not sweat a drop, a fortune accumulated without an effort of his hand or brain. Such a tax would not be robbing Mr. Astar."

# TAX ON LARGE FORTUNES

## Amendment Aimed at Astar Estate Is Debated—Other Changes Made in Bill

Washington, Sept. 8.—The democratic tariff bill introduced by majority leader Underwood five months ago and passed by the House four months ago today may pass the Senate before adjournment tonight.

Good Roads Plan Fails.

When the measure was called up today by Chairman Simmons of the finance committee, it was the intention to hold the Senate in session until a vote was reached. Leaders of both sides agreed, however, that the bill would be reported back to the House sometime tomorrow. In conference, the measure is expected to be debated less than two weeks.

Senator Dullingham's amendment to turn back each State's income tax for good roads, with the proviso that each State appropriate a like amount, was lost. Foreign books were returned to the free list as originally provided by the House.

Senator Smoot moved to reduce the duty on cut, but not set, diamonds, pearls and other precious stones from twenty to ten per cent. He said he would not object to the high duty if it were possible to collect it and prevent smuggling. The senator held in his hand eight pearls which he said cost \$75,000. His amendment was lost.

Urges Tax on Income.

Senator Norris, progressive Republican, called up his tax amendment proposing a tax on inheritances graduated from one per cent on \$50,000 up to seventy-five per cent on inheritances exceeding \$500,000. He said it was designed to break up immense fortunes. Senator Clapp said he would support the amendment although he believed the time had come when the government should go further and not permit people of great wealth, like the Astors, to take what does not belong to them from the people.

Senator Norris took the case of Vincent Astar to illustrate his amendment. He said the younger Astar did nothing to accumulate the fortune of \$80,000,000 he received from his father.

Norris added:

"Under this proposed amendment the tax Vincent Astar would pay to the government would be \$43,299,500. Such a tax would not be robbing Mr. Astar."

# Dark Cell More Cruel Than "Bat" Says R. B. Humphrey

The tragedy at the Harlem farm simply emphasizes what many authorities have often contended—that the dark cell, as a means of punishment is more inhumane than the bat," said Representative R. B. Humphrey of Thompson county here today.

Mr. Humphrey, who was a member of the legislative investigating committee of the present legislature, is in the city on business. He said he knew nothing of the affair beyond what he saw in the papers.

"Mr. Blakely, the newspaper man, who submitted to a test of the black cell. Although there were but two of them and the cell had been aired

# Texas Railroads Paid Only 3.32 Per Cent On Assessed Valuation

Austin, Texas, Sept. 6.—An analysis of the items entering into the business results of 33 of the leading Texas railroads, comprising approximately 23 per cent of the mileage of Texas and doing approximately 20 per cent of the total railroad business of the State, for the fiscal year ending June 30 last shows a deficit of \$2,135,586.15. These details have been worked out by General H. G. Askew, statistician for the roads.

That the figures may be properly understood it should be stated that the accounting department of all Texas railroads are conducted under a system laid down by law and each is identical with the other. First the total revenue from operation is shown. From this is deducted the operating expenses and the result gives the net operating revenue. To this net operating revenue is added other income that may be had and the fiscal result is the gross corporate income.

Out of this gross corporate income is paid the following necessary expenditures of each road: Taxes, rents accrued for lease of road, rents for joint facilities, debit balances for hire of equipment, debit balances for outside operations, such as dining cars and the like, miscellaneous rents, other deductions and interest.

The total operating revenue for the 33 roads for the last fiscal year was \$118,617,454.87, an increase of \$18,080,523.23 over the preceding fiscal year. The operating expenses were \$22,608,812.30, an increase of \$9,098,254.99 over the preceding year. The net operating revenue was \$96,008,642.57, an increase of \$8,982,268.87 over the preceding year. Other income for the last fiscal year was \$1,507,811.33, a decrease of \$402,

# EARLY GINNINGS RECORD BROKEN

TOTAL OF 794,006 BALES REPORTED PRIOR TO SEPTEMBER FIRST

TEXAS SHOWS DECREASE

Increase Believed to Be Due to Efforts of Farmers to Defeat Boll Weevil

By Associated Press.

Washington, Sept. 8.—The greatest quantity of cotton ever ginned in the season prior to September 1, was reported by the census bureau today, everything considered than was thought earlier in the year.

The heavy ginnings for the first period are the result of an early maturing crop and an effort by farmers to beat the boll weevil. In the opinion of the bureau officials, all states reported an increase in the ginnings for the period over last year's total for that time, except Texas and North Carolina. Last year's total ginnings were 720,935 bales.

Texas ginnings this year were 649,642, or a decrease of 71,293 bales from last year's 720,935.

# GETTING READY FOR CONVENTION

DISTRICT SUNDAY SCHOOL ASSOCIATION TO MEET IN THIS CITY NEXT WEEK

EXPECT MANY DELEGATES

Pastors Association Pledges Support of Churches—Many Counties Will Be Represented

Support of their churches and their own individual efforts to make the district school meeting here, September 22-23, were pledged by the pastors of the meeting of the Pastors' Association this morning.

The committee in making good progress according to a report made this morning and a good representation from the counties included in the district is expected.

Among the prominent Sunday school workers already engaged for the meeting are Rev. W. W. Wiggins, Dallas, secretary of the state association; and an expert in Sunday school organization, Rev. W. W. Wiggins of Fort Worth, and Mrs. V. A. Godbey of San Antonio who will have charge of the

# SAFETY FIRST MEETING OF KATY EMPLOYEES HELD

Seventy-eight employees on the Henry division of the Katy between Wichita Falls and Whiteboro gathered here Sunday, to discuss matters pertaining to the safety of passengers, train crews and the protection of traffic generally.

The meeting was held in the Odd Fellows Hall and Chairman Dixon of Okemville presided. Superintendent Sullivan, Roadmaster Rattle and B. B. Foreman Kibbler were present and joined in the discussions.

These meetings are held about every sixty days and bring out many instructive points.

# A CONFESSION

Hines, Ala.—"I must confess," says Mrs. Edith Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would split up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and I would have severe headaches constantly.

Since taking Cardui, I have entirely quit splitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ailments to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such life, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chattanooga Drug Co., Ladies' Aid Society Dept., Chattanooga, Tenn., for 25-cent trial bottle. Home delivered just same. 7-cent in plain wrapper. No

# STUDENTS "TAKE" PHILADELPHIA

Philadelphia, Sept. 8.—On their trip through the East since their 100th deliver to the Eighth International Congress of Students "took" Philadelphia today and then settled down for a two days' tour of Pennsylvania's institutions of learning in this vicinity. The delegates, who are mostly foreign representatives at the Cona Fratres which recently was held in Ithaca, N.Y., are undergraduates from great universities and colleges all over the world.

On their arrival here today a committee appointed by Provost Smith of the University of Pennsylvania, including Dr. T. S. Sigsbee, John W. Wampler and Cyrus K. Curtis welcomed the visitors. An elaborate program is ahead of the delegates tonight and tomorrow. After an inspection of the city and the University museum, they will be taken for a stamper, the Schuylkill river, an automobile trip through the city and Fairmount Park, and a visit to Valley Forge. The program also includes dinners, luncheons and theatre parties.

# NO HUNTING, FISHING, CAMPING OR PEACOCK HUNTING PERMITTED ON LAND UNDER MY CONTROL. W. M. COLEMAN. \$3 10

San Angelo—Many bags of wool are being purchased by the commission men of this city and the prices received by the growers is gratifying.

# LIGHT SHOWER FALLS IN CITY SUNDAY EVENING

Lays Dust and Cools Atmosphere—Rain Reported at Number of Texas Points

A light shower, sufficient to wash the dust out of the air and settle the fall in the streets fell in Wichita Falls shortly after 7 o'clock Sunday evening. Light showers were reported up the Fort Worth & Denver as far north as Quanah but they did not extend more than a few miles east. Saturday night however, a good shower fell from Fort Worth to Decatur. Showers are also reported from points along the Northwestern in Oklahoma.

Monday morning's Western Union report indicated cloudy weather over all of Oklahoma and Texas with rain at a number of places.

Among the towns reporting showers last night were Corsicana, Weatherford, Waxahachie, Sherman and Denison. In Oklahoma light showers fell at Halleyville, Shawnee, Ogle, Norman, Perry and Oklahoma City.

Last night's shower here came down from the north and was preceded by a wind which swept a dense cloud of dust over the city. Just before the rain fell these dust clouds were so thick that it was impossible to see more than a few feet and twilight was hurried into the darkness of night.

# NOTES

No hunting, fishing, camping or peacock hunting permitted on land under my control. W. M. Coleman. \$3 10

San Angelo—Many bags of wool are being purchased by the commission men of this city and the prices received by the growers is gratifying.

# Here Is the Evidence of the Merit of a Life Insurance Company—

**The First Death Claim Made Against the Wichita Southern Life Insurance Co. Was Paid in Three Days After the Death Occurred**

**T**HE fact that this company has written over three million dollars' worth of insurance in the two and one-half years it has been in operation, with only one death loss, tells the story of its safe, conservative management, and the fact that this first claim was paid in full within three days after the death occurred, is the best evidence that the company recognizes its duty to its policy holders, and will pay its claims without quibbling or loss of time.

## That Is the Kind of Insurance You Should Buy

<b>Assets:</b>	
Capital	<b>\$146,600.00</b>
Surplus	<b>\$96,173.43</b>
Policy Loans	<b>\$550.00</b>
Miscellaneous Assets	<b>\$13,382.59</b>

 T. M. HOXIE, Cashier

**THE FIRST NATIONAL BANK**  
ELECTRA, TEXAS  
Capital \$25,000.00

August 28, 1913.

Wichita Southern Life Insurance Co.,  
Wichita Falls, Texas.

Gentlemen:—

We beg to acknowledge receipt of your Check, No. 3,307, in the sum of One Thousand Dollars, in payment of claim under policy 810, issued to Mrs. Mattie Brokaw, June 12, 1912.

Mrs. Brokaw's death occurred Monday, August 25, 1913, and we congratulate you upon the prompt payment of claim.

Yours very truly,  
T. M. HOXIE, Cashier.

Our policies are absolutely free from conditions as to residence, occupation or place of death, and are guaranteed by deposits with the Texas State Treasurer.

**T**HE above letter is self-explanatory. It shows Mrs. Brokaw to have been insured in the company but little over one year. It shows that this company paid the claim in but three days after her death, and on the same day that the proof of death was submitted. The company is exacting in its medical examination, and can therefore provide cheaper insurance for those who pass the examination. We invite inquiries from those who desire the best class of insurance at the minimum cost, and will be glad to submit rates and sample policies to those who wish them.

J. A. KEMP, President. E. P. GREENWOOD, General Manager

Our sympathy somehow is with Thaw. He was never crazy. If the State couldn't convict him for the killing of White, it ought not to imprison him on a pretense.

Had he been tried in Texas he would have been acquitted. The people of New York State do not think and act like the people of Texas.

Let us have the commission form of government, if that is the form which stirs the peoples interest. Let us not, however, attach too much importance to conspicuous success of commission government in Galveston, Houston and other cities...

Just before sunrise on the morning of Sept. 15 the harvest moon will pass into the shadow of the earth and a total eclipse of our satellite will occur.

At this time, the moon will be low in the west and will set just as the eclipse is beginning. West of the Mississippi river, however, the moon will not set until it has become completely immersed in the shadow...

The Baptist Standard dubs our governor a "Statewide Affliction," and judging from the way both pros and antis are criticizing his action in using the power of the veto the Standard is not far wrong.

Thanks for the small sized shower of Sunday night. It was the first that had fallen in this city since July 21st, and while it did no more than settle the dust for a day or so and cool the atmosphere, that is something to be thankful for.

Using a shot-gun as a poker has its disadvantages," says the Bartlettville, (Okla.) Examiner, in giving an account of a Kentucky woman who stirred the fire under the wash kettle with the family shooting iron.

The Fort Scott, Kansas, man who failed to land a government job because he failed to pass the civil service examination in spelling, geography and arithmetic, had better luck before the school board.

COMMISSION GOVERNMENT

To the Editor of the Times: I wish to avail myself of your invitation and say a few words and ask a few questions in regard to the Commission form of government.

The commission form of government originated in Galveston and had its inception from the flood which swept that city in 1900. It has since been adopted by hundreds of cities, both north and south, and is the only new idea in city government that has gained any favor in the last hundred years.

What does the commission form of government mean and how does it differ from the aldermanic form? It does not differ from the aldermanic in the manner of electing commissioners. It is true that most cities having the aldermanic form of government elect their aldermen from wards, and that most cities having the commission form of government elect their commissioners from the city at large.

Another difference is that each commissioner becomes head of a certain department of the city's affairs, and devotes all his time to it, while under the aldermanic system each alderman participates equally in the government of every department.

Should the people select their minor officers themselves or delegate the power to a board of commissioners? Can the voters of a board of commissioners pick the best men to perform ordinary duties? Most people will agree that greater efficiency along this line would be secured by a commission just as experience has proved that a corporation is better managed by a board of directors than by a mass meeting of stockholders.

But if the commission form is more efficient, is it not liable to be more dangerous? If the commissioners have power to do more good, will they not also have more power to do harm? Of course, if the commissioners are always honest and capable men, tiger can never be any trouble. The same is true with the aldermanic system.

Let us have the commission form of government, if that is the form which stirs the peoples interest. Let us not, however, attach too much importance to conspicuous success of commission government in Galveston, Houston and other cities where its success may have been due to the intense public interest in the experiment rather than in any inherent merit in the system.

CHAS. R. FULLER.

There are more things to be done for Wichita Falls than can be accomplished right away, but we can do some of them, and the first should be to secure a new city charter, vote \$150,000 or \$200,000 worth of street im-

provement bonds. After that, see that the money realized from the bonds are expended for the purpose for which they were voted, and if that is done Wichita Falls should have at least five or six miles of paved streets by this time next year.

WAY ARE OUR STREETS NOT SPRINKLED?

Editor Daily Times: I am neither a knocker nor a kicker, but am for anything and everything that looks to the comfort and betterment of our city and its people. Being "such an one," I ask: Why is it that situated as we are and possessing the very best water supply, our streets are sprinkled neither with oil or water?

J. W. HILL.

This is not original, but it fits our case: "If you feel down in the month, remember Jonah and the whale—he came out all right."

If supply and demand is to cut any figure in the price of cotton this year, the farmers may, with reason expect to get that 15c per pound before January 1st.

In another column will be found an article written by Rev. J. W. Hill, explaining of the dusty streets. As every one is probably aware, dust can be kept down to a considerable extent by sprinkling. There is plenty of water which can be obtained at so much per 1000 gallons, but it seems the city is without funds to buy the sprinklers or to pay for the running of them.

And Mr. Jerome was "pulled" while in Canada to bring Harry Thaw back for gambling, was jailed for a few hours, let out on \$500 bond, which, considering the fact that the penalty for such an offense in Canada is one year in jail, he lost no time in forfeiting, and made just about as quick time in getting out of Canada as Thaw did in his race for liberty when he made his escape from Matteawan insane asylum.

On September 15th the city public schools are to open, and this calls for a new set of text books. This business of changing text books so often in Texas is working a hardship on a whole lot of people, and so far as the average man is able to make observations, the oftener the changes are made the higher the price of the books. They may be better than the ones that are to be discarded, but it does seem that there are motives prompting these quick changes other than that of the good that will come to the pupils who study them.

Newspapers are always looking forward to what is likely to happen. Already most American papers have been supplied with cuts and a biographical sketch of the French aviator who turned a summersault with his aeroplane in the air one day last week and repeated the feat the following day just to show that the first time he did it, it was not an accident.

Lawton has the irrigation fever and a big irrigation project is under consideration there. Wichita Falls isn't going to be the only city in these parts with thousands of acres of irrigated lands in her back yard.

Let us have the commission form of government, if that is the form which stirs the peoples interest. Let us not, however, attach too much importance to conspicuous success of commission government in Galveston, Houston and other cities where its success may have been due to the intense public interest in the experiment rather than in any inherent merit in the system.

Thaw Suddenly Deported, Under Arrest Again In New Hampshire

(Continued from Page One)

Declares Deportation Legal

By Associated Press. Ottawa, Ontario, Sept. 10.—C. J. Dougherty, acting minister of the interior department today said he had rejected Thaw's appeal from the decision of the immigration board of inquiry upholding the findings of the board and ordering the deportation of Thaw immediately.

"Dumfounded" Say His Lawyers

By Associated Press. Montreal, Sept. 10.—Members of Thaw's family and his lawyers here were dumfounded when they learned the fugitive had been deported. Attorney Greenfields said: "I am simply dumfounded."

Jerome Surprised At Latest Move

By Associated Press. Manchester, Vermont, Sept. 10.—At North Adams, Massachusetts, W. T. Jerome en route to New York was notified today of Thaw's arrest at Colebrook. He said immediately he would proceed there. Jerome expressed great surprise that the Canadian officials had not notified him of their intention to deport Thaw.

ONLY SEVENTEEN PERSONS O'NFELONY CHARGES.

Marshall, Texas, Sept. 8.—The grand jury of Harrison county, in session since last Monday, has taken a recess until Monday, Sept. 21, when they will meet again.

The grand jury returned indictments for seventeen felonies to the clerk. Four of the indictments were for murder, one for criminal assault and the others for burglary.

Among the indictments were those of W. J. Varner and son, in, for the murder of Marion Scott, the night watchman at the Marshall Car Wheel & Foundry Company, about two weeks ago. Jim Varner is also indicted for assault to murder Will Devore in Red Chute about a month ago.

ANOTHER RAIN FALLING HERE THIS AFTERNOON.

Rain began falling here again at 1:50 this afternoon and continued to three o'clock. The rain started with a heavy shower which lasted several minutes and then settled to a steady gentle rain that gave promise of continuing several hours. Early reports indicate that the rain was general over this section.

Automobile tourists coming down today from Oklahoma report a heavy shower last night between Grandfield and Burk Burnett that made the roads almost impassable. The roads are also very muddy in the Clara community, and reports indicate that the rain last night was much heavier in the northern part of the county than here.

SELECTING JURY FOR ARSON TRIAL

CASE OF LEE WEATHERFORD COMES UP TODAY IN COURT AT FORT WORTH

PAPERS IN NORRIS CASE

Attorney for Defense Springs Surprise by Asking for Them to be Produced

By Associated Press. Fort Worth, Texas, Sept. 8.—Because only fifteen of the special venire summoned for the trial of Lee Weatherford, accused of burning the First Baptist Church, were left after excuses were made, Judge Buck adjourned court until two o'clock this afternoon. Meanwhile more veniremen will be summoned.

A session was created when Attorney Albert Baskin for the defense announced that County Attorney John Baskin would be summoned as a witness and would be requested to bring all the records in the trial of Rev. J. Frank Norris, First Baptist pastor, at the burning of the church and tried once for perjury.

MAN'S DEAD BODY FOUND ON ELEVATOR PLATFORM

Believed to be Taylor of Amarillo—No Evidence of Foul Play Discovers

The dead body of a man apparently about 25 years of age believed to be that of Taylor of Amarillo, was found Sunday morning lying on the platform at the Jones Grain Company's warehouse. The body was discovered by C. R. Brinkley who had known Taylor.

Officers were notified and Justice W. J. Howard was called and made an investigation of the body and the surroundings. When discovered at about 7 o'clock the body was lying face downward and from a distance it looked as if the man was sleeping. There were no evidences of foul play and Justice Howard ascribes the death of natural causes or to an overdose of morphine or other drug to which it is said the dead man was addicted.

Julius Markey, cook on a boarding car in the freight yards told Justice Howard that the dead man had asked him for a meal late Saturday evening and that he had fed him. Markey said the man told him that it was the first time in his life that he had ever begged a meal or anything else and he seemed greatly depressed. When Markey saw him he wore a nearly new Stetson hat. This was gone when the body was found and in its place was found an old ragged one. One dollar and ninety cents was found in the pockets of the dead man and it is believed that this was from the proceeds of the sale of his hat.

Beal had been employed as a cool at Electra and is said to have come to Electra from Childress. His mother lives in Amarillo and wired Undertaker Hill that she would be here tonight to look after the funeral arrangements.

ICE COMPANY PLANNING 5000 TON STORAGE PLANT

Will Build Addition to Permit of Manufactory of Ice During Winter Months

Plans are being prepared for a five thousand ton storage plant for the People's Ice Company. The contract for the plant will be let soon after the plans are completed and it will be ready for use by the beginning of winter. The storage plant will enable the company to keep its ice plant running throughout the winter, the surplus to be stored for summer consumption.

The storage plant will be 30x150 feet and is built of brick. The walls will be lined with cork. It will cost approximately \$25,000. A contract has also been let for the erection of an electric sign 42 feet long advertising Schlitz beer. The sign will be suspended from the smoke stack of the ice plant.

TYPHOID VACCINE USED AT ELECTRA

One Hundred and Fifteen Employees of the Producers Oil Co. Are Inoculated

One hundred and fifteen employees of the Producers Oil Company at Electra were vaccinated last week with typhoid fever vaccine. Serum was furnished by the Richardson Drug Company and was administered by Dr. Ogden of Electra. It is expected that other companies operating in the oil fields will follow the example of the Producers company. Last year typhoid fever caused many deaths among oil workers, who by the nature of their employment are exposed to greater risks than workers in almost any other line. According to the last reports most of the men vaccinated show indications that they have become inoculated and none of them are experiencing any serious trouble from the vaccination. The typhoid vaccine has been used by the United States army on the troops now stationed in Texas with excellent results.

BOOKS USED IN PUBLIC SCHOOLS

LIST OF THOSE REQUIRED THIS YEAR IS MADE PUBLIC

VACATION IS SOON OVER

Pupils are Expected to Equip Themselves With Necessities Before School Reopens

Superintendent George H. Carpenter of the city schools announces below a list of the text books to be used and accompanies the list with the following statement:

"Pupils who have been regularly promoted to the next higher grade are requested to purchase their books before the opening of school. Those who were not regularly promoted and new pupils should not secure books until they are classified and proper lists given them by the teachers. In the list of books by grades exchange prices are given on books of same grade. On readers and a few other books exchange prices will be given on books of different grades. The book dealer will give you full information on this point. Following is the list of books and supplies needed:

Low First Grade. The Playmate Primer, retail 18c; exchange 9c.

The Arnold Primer (later), retail 22c; exchange 11c.

Drawing Crayola. Music as directed. Pencil Tablet. Supplementary reading as directed.

High First Grade. Hill's Reader, book one, retail 18c; exchange 9c.

The Art Literature Reader, book one, retail 25c.

Writing Book, No. 1, retail 5c. Practical Drawing Book, No. 1, retail 20c.

Music, Primary Melodies 25c. Crayola pencil tablet. Supplementary reading as directed.

Low Second Grade. Hill's Reader, book two, retail 25c; exchange 12c.

Progressive Road to Reading, book two.

Writing Book No. 2, 5c. Practical Drawing Book two, 20c.

Music, Primary Melodies, 25c. Water Color Box, 25c. Pencil tablet. Supplementary reading as directed.

High Second Grade. The Art Literature Reader, book two, 25c.

The Progressive Road to Reading, book three.

The New Century Spelling Book, 18c.

Writing Book, No. 2, 5c. Practical Drawing Book, No. 2, 20c.

Music, Primary Melodies, 25c. Water Color Box, 25c. Pencil tablet. Supplementary reading as directed.

Low Third Grade. Hill's Reader, book three, 20c. Supplementary Reading as directed.

Sutton and Bruce's Arithmetic, lower book, 22c; exchange 11c.

Our Language, first book, 28c; exchange 14c.

World Geography, first book, 48c; exchange 24c.

The New Century Spelling Book, 18c.

Writing Book, No. 3, 5c. Drawing Book No. 3, 20c.

Music Book Primary Melodies, 25c. Water Color Box, 25c. Pencil tablet, penholder, pens.

High Third Grade. The Art Literature Reader, book three, 45c.

Sutton and Bruce's Arithmetic, lower book, 22c; exchange 11c.

Our Language, first book, 28c; exchange 14c.

World Geography, lower book, 48c; exchange 24c.

Writing Book, No. 3, 5c. Drawing Book, No. 3, 20c.

Music Book, primary melodies, 25c. Water Color Box, 25c. Pencil tablet, penholder, pens.

High Fourth Grade. Hill's Reader, book four, 38c; exchange 19c.

The Art Literature Reader, book four, 45c.

Sutton and Bruce's Arithmetic, higher book, 42c; exchange 21c.

Our Language Grammar, 40c; exchange 20c.

The New Century Spelling Book, 18c.

Hopkins and Underwood's Mental Arithmetic, 22c.

The Student's History of Our Country, 70c; exchange 35c.

Elementary Principles of Agriculture, 60c; exchange 30c.

Writing Book, No. 7, 5c. Drawing Book, No. 7, 5c. Music Book, new Educational second reader.

Water Color Box, 25c. Pencil tablet, penholder, pens. Webster's Academic Dictionary, \$1.50.

change 17c. Sutton and Bruce's Arithmetic, lower book, 22c; exchange 11c.

Our Language, book two, 34c; exchange 20c.

The New Century Spelling Book, 18c; exchange 9c.

The New Mental Arithmetic, 22c. Writing Book, No. 4, 5c.

Drawing Book No. 4, 20c. Water Color Box, 25c.

Pencil tablet, penholder, pens. Webster's Primary Dictionary, 50c.

Supplementary reading as directed. Music Book, new Educational first reader, 30c.

Water Color Box, 25c. Pencil tablet, penholder, pens.

Supplementary reading as directed. Webster's Primary Dictionary, 50c.

Low Fifth Grade. Hill's Reader, book five, 40c; exchange 20c.

Sutton and Bruce's Arithmetic, lower book, 22c; exchange 11c.

Our Language, second book, 34c; exchange 20c.

World Geography, second book, 88c; exchange 44c.

The Human Body and Its Enemies, 65c; exchange 40c.

The New Century Spelling Book, 18c.

Hopkins and Underwood's Mental Arithmetic, 22c.

Writing Book, No. 5, 5c. Drawing Book, No. 5, 25c.

Music Book, new Educational first reader, 30c.

Water Color Box, 25c. Pencil tablet, penholder, pens.

Webster's Primary Dictionary, 50c.

High Fifth Grade. Elson's Fifth Grade Reader, 44c; exchange 32c.

Sutton and Bruce's Arithmetic, lower book, 22c; exchange 11c.

Our Language, second book, 34c; exchange 20c.

World Geography, second book, 88c; exchange 44c.

The Human Body and Its Enemies, 65c; exchange 40c.

Writing Book, No. 7, 5c. Drawing Book, No. 7, 5c.

Music Book, new Educational second reader. Water Color Box, 25c.

Pencil tablet, penholder, pens. Webster's Academic Dictionary, \$1.50.

High School Books. Have books properly checked in the course you select before purchasing them. The books given below in each year represent the various subjects taught in the high school.

First Year. Myer's Ancient History, \$1.41; exchange 70c.

Wentworth's New School Algebra, 80c; exchange 45c.

Tarr's Physical Geography, first term, 88c; exchange 44c.

Ritchie's Human Physiology, second term, 40c; exchange 45c.

Our Language Grammar, 40c; exchange 20c.

Scott and Denny's Elementary English Composition.

Classics, Scott's Ivanhoe; Irving's Alhambra.

Bennett's First Latin, \$1. Bacon's German Grammar.

Wagoner's Spanish Grammar. Worman's First Spanish Book, 40c.

Victorlay otros Cuentos. Webster's Academic Dictionary.

Second Year. Myers Medical and Modern History, \$1.41; exchange 70c.

Wentworth's New School Algebra, 90c; exchange 45c.

Herrick and Damon's Composition and Rhetoric, 87c; exchange 43c.

Classics, Carle's Essay on Burns; Lowell's Vision of Sir Launfal.

Leavitt's Outline of Botany, \$1. Gunnison and Harley's Caesar.

Bennett's Latin Grammar. Thomas' Practical German Grammar.

German Reading, "Denkschriften," "Traceleren" (Leander).

Hill and Ford's Spanish Grammar, \$1.25.

Alarcon's Spanish reader. Novelas Cortas (G. and C.), 90c.

Webster's Academic Dictionary. Wentworth-Smith's Plane Geometry, 76c; exchange 38c.

Carhart and Chute's Physics, \$1.20; exchange 60c.

Herrick and Damon's Composition and Rhetoric, 87c; exchange 43c.

Classics, Carle's Essay on Burns; selections from Lincoln.

Herrick's American Literature, \$1.25.

Cheyney's English History. Gunnison and Harley's Cicero.

Kinnip's Virgil. Bennett's Latin Grammar, 80c.

Thomas' Practical German Grammar. German Reader "Die ournalleiten."

Other selections given as needed. Hill and Ford's Spanish Grammar, \$1.25.

Hamprey's Prose Composition, 75c. Spanish reader, Alarcon's El Capitán Veneno, 50c.

Webster's Academic Dictionary, \$1.50.

Benetti's Latin Grammar. American History by Cousins and Hill, \$1.25.

Wentworth-Smith's Solid Geometry, 80c.

Webster's Academic Dictionary, \$1.50.

When Huerta recently issued an order redistributing his generals to various frontier points of Mexico the move was interpreted as being of military character only, but more recent Washington officials have been led to believe that Huerta fears the instigation of plots and intrigues among his generals and is moving them about to prevent any concerted action against him. Gen. Blanquet was the right hand man of Huerta in the days just preceding the overthrow of Madero.

The war department received a report of the killing of Lieut. Acosta, a Mexican federal officer, by American immigration agents at El Paso, Texas. The report confirmed press dispatches of the incident.

The producers' test on the Andrew Weeth at Burk Burnett is being watched with interest. It is in the northeast corner of the Weeth section and is about two miles directly south of the Horton and Walker tract.

Among the week's completions was one by the Producers on the Marriott, good for 400 barrels. The Corsicana yesterday completed a 75 barrel well on the A. A. Honaker.

It was reported yesterday that the Producers company had an eighty barrel well on the Markowitz tract near Burk Burnett.

Clint Wood No. 2 Borchardt will be drilled in shortly in the 1500 foot sand. His No. 1 is making about sixty barrels. Mr. Wood has made locations for Nos. 3 and 4 on the Borchardt, they being north of No. 2 and west of No. 1, respectively.

The casing is now being pulled on the Kemp Oil Company's well on the Daniels, which was abandoned at 2700 feet. This failure, following that of Mr. Kemp on the Ayres, makes it appear that Mr. Kemp was not cut out for an oil man. There have been seven or eight ventures in the oil field in which Mr. Kemp has been interested and none of them have proven successful. The only production in which Mr. Kemp is interested is that of the Developers company, in which he owns some stock.

Latest figures show a total of 194 rigs and drilling wells in Wichita and Clay county, a new high figure. Not all of the rigs are running as lack of water has shut a great many of them down.

The almost 30,000 barrels production in the field is distributed as follows: Electra-Producers, 14,550; Corsicana, 7500; Guffey, 1550; Forest, 800; Red River, 1400; all others, 1250. Total for Electra, 27,000.

Burk Burnett-W. C. McBride, 130; Guffey, 90; Corsicana, 850; Corsicana (Greenleafs), 75; J. W. Dyson, 50; Producers, 75; Head and Langford, 70; shallow wells, 100 barrels.

Iowa Park-110 barrels shallow production. Petrolia-Producers, 600; Guffey, 30; Developers, 300; Edmonds Oil Company, 40; 340 shallow wells, 400. Total for Petrolia, 1370 barrels.

Fear of typhoid fever at Electra caused the Producers Oil Company to have a number of its employees inoculated with the anti-typhoid serum, according to the Electra News. This precautionary measure was taken when several cases of typhoid developed at Electra.

New York Faces "School Shortage." New York, Sept. 8.—Because of inadequate facilities New York City officials today were forced to order 100,000 pupils to attend half time classes. Figures today were basis for the calculation that this year's enrollment in all five boroughs of Greater New York will exceed 600,000 the greatest in the history of the local public school system.

"We saw two lights apparently floating across the sky," said Mr. Bean describing the meteors. "They looked very much like arc lights only they were of a greenish hue. They appeared to be connected and did not move as swiftly as meteorites usually do. I thought at first they were lights of an airship or some other mechanical contrivance."

COUNTERVAILING DUTY IS REMOVED

Senate Strikes Out all Retaliatory Features Against Canada in Wood Pulp Schedule

By Associated Press. Washington, Sept. 6.—The countervailing duty on wood pulp proposed by the tariff bill was struck out by the Senate today and all retaliatory features against Canada were removed. Senator Smoot said he would vote for the amendment but predicted it would not be many years when the great pulp manufacturing business would be transferred to Canada. Senator Hughes said:

"All the burdens of these retaliations which have existed against Canada on wood pulp must be borne by the tariff bill was struck out by the Senate today and all retaliatory features against Canada were removed. Senator Smoot said he would vote for the amendment but predicted it would not be many years when the great pulp manufacturing business would be transferred to Canada. Senator Hughes said:

"All the burdens of these retaliations which have existed against Canada on wood pulp must be borne by the tariff bill was struck out by the Senate today and all retaliatory features against Canada were removed. Senator Smoot said he would vote for the amendment but predicted it would not be many years when the great pulp manufacturing business would be transferred to Canada. Senator Hughes said:

O'SHAUGHNESSY'S PUBLIC DENIAL

SAYS HE HAS RECEIVED NO ASSURANCE THAT HUERTA WILL NOT RUN

CANDIDACY NOT LIKELY

Washington Believes Mexican Constitution Will be Invoked When Contest Begins

By Associated Press. Washington, D. C., Sept. 8.—Charge O'Shaughnessy's public declaration at the Mexico City embassy that no assurances had been given him that Huerta would not be a candidate at the coming election and the authoritative declaration here that such assurances had been aroused a disposition in some quarters to question whether Mr. O'Shaughnessy and the state department were working in accord, but officials denied it flatly.

Diplomats regard O'Shaughnessy's denial as being required by the politics of the situation in the Mexican capital and the administration's view is that Huerta will not be a candidate. The understanding is that Mexico City authorities will maintain to the last that the constitution alone prevents Huerta becoming a candidate to succeed himself and thus avoid appearance of having acceded to the American demand.

Negotiations with Zamacona. Some advice to the Mexican government as to conditions under which Washington would continue negotiations with Senor Zamacona now en route to the United States are expected to go forward within the next few days.

Mr. O'Shaughnessy's statement was not surprising in Washington, as it had been noted on from time to time by officials here that they had relied only on the reported emphasis of Federico Gamba, Mexican minister of foreign affairs, of the statement that Huerta was ineligible by the constitution to succeed himself. Mr. O'Shaughnessy incidentally disclosed the fact that the Mexican officials had supplemented the argument of the second Gamba note, calling attention to Huerta's ineligibility by verbal references to that part of the note.

The encouragement the Washington officials that the Huerta candidacy will not materialize. They realize that Huerta could circumvent constitutional obstacles by resigning in advance of the election, but such an act, it has been openly stated by high administration officials, would be regarded as a breach of faith, and they are proceeding on the assumption that Huerta has been eliminated.

Huerta's military chiefs. When Huerta recently issued an order redistributing his generals to various frontier points of Mexico the move was interpreted as being of military character only, but more recent Washington officials have been led to believe that Huerta fears the instigation of plots and intrigues among his generals and is moving them about to prevent any concerted action against him. Gen. Blanquet was the right hand man of Huerta in the days just preceding the overthrow of Madero.

The war department received a report of the killing of Lieut. Acosta, a Mexican federal officer, by American immigration agents at El Paso, Texas. The report confirmed press dispatches of the incident.

BAIL WILL BE ASKED FOR HARRY K. THAW

This Will be Next Move of His Counsel—Mabeas Corpus Writ Returnable Sept. 15

By Associated Press. Montreal, Sept. 6.—An application for bail will be the next move by lawyers for Harry K. Thaw, who yesterday secured from Justice—Cross and Gervais a writ of habeas corpus 2700 feet. This failure, following that of Mr. Kemp on the Ayres, makes it appear that Mr. Kemp was not cut out for an oil man. There have been seven or eight ventures in the oil field in which Mr. Kemp has been interested and none of them have proven successful. The only production in which Mr. Kemp is interested is that of the Developers company, in which he owns some stock.

Latest figures show a total of 194 rigs and drilling wells in Wichita and Clay county, a new high figure. Not all of the rigs are running as lack of water has shut a great many of them down.

The almost 30,000 barrels production in the field is distributed as follows: Electra-Producers, 14,550; Corsicana, 7500; Guffey, 1550; Forest, 800; Red River, 1400; all others, 1250. Total for Electra, 27,000.

Burk Burnett-W. C. McBride, 130; Guffey, 90; Corsicana, 850; Corsicana (Greenleafs), 75; J. W. Dyson, 50; Producers, 75; Head and Langford, 70; shallow wells, 100 barrels.

Iowa Park-110 barrels shallow production. Petrolia-Producers, 600; Guffey, 30; Developers, 300; Edmonds Oil Company, 40; 340 shallow wells, 400. Total for Petrolia, 1370 barrels.

Fear of typhoid fever at Electra caused the Producers Oil Company to have a number of its employees inoculated with the anti-typhoid serum, according to the Electra News. This precautionary measure was taken when several cases of typhoid developed at Electra.

New York Faces "School Shortage." New York, Sept. 8.—Because of inadequate facilities New York City officials today were forced to order 100,000 pupils to attend half time classes. Figures today were basis for the calculation that this year's enrollment in all five boroughs of Greater New York will exceed 600,000 the greatest in the history of the local public school system.

"We saw two lights apparently floating across the sky," said Mr. Bean describing the meteors. "They looked very much like arc lights only they were of a greenish hue. They appeared to be connected and did not move as swiftly as meteorites usually do. I thought at first they were lights of an airship or some other mechanical contrivance."

MYSTEROUS LIGHTS IN HEAVENS ARE VIEWED

C. W. Bean and T. S. Freeman of this city saw the two meteors which chased across the sky Thursday night. The two Wichitans did not know what they had seen until they read Sunday morning's paper and saw where the phenomena had been seen at other places. Mr. Bean and Mr. Freeman were on a Katy train leaving Whitesboro for Wichita Falls.

## DEMOCRATIC TARIFF BILL PASSES SENATE TUESDAY

VOTE IS TAKEN AT FOUR O'CLOCK  
AFTER BUSY SESSION DURING DAY

### SEVERAL CHANGES

Republicans Soon Abandon Their Attempts to Amend the Measure, However

Washington, Sept. 11.—The Senate this afternoon passed the Underwood-Simmons tariff bill, after a day spent in debate over numerous amendments. The roll-call began at four o'clock.

The final vote on the tariff bill was taken in the Senate at 4 o'clock this afternoon, in accordance with an agreement reached before the Senate adjourned, shortly before 2 o'clock this morning, after a sixteen hour session in which many important features including free wool and free sugar were disposed of.

Republicans Give Up.  
An exodus of senators was expected soon after the final vote. Senator Simmons in urging the four o'clock hour for a vote, said it was imperative that one democrat who wished to vote for the bill should leave town on a train at 5 o'clock.

The Republicans today gave up hope of carrying any amendments and allowed many of the votes to be taken without roll call. When the fight over agricultural products began, Senators Thornton and Randall, democrats, joined the Republicans in voting against the low duties of the democratic bill. An amendment by Senator Bristow for a fifteen per cent duty on cattle, hogs, sheep and other domestic animals was defeated, 33 to 29.

Several Changes Made.  
The Senate committee's action in cutting off the ten per cent duty on cattle, fixed by the House bill, and putting them on the free list, was then modified, 31 to 28. Senator McCumber led the fight against free wheat. The House bill imposed ten cents a bushel, but the Senate committee transferred the item to the free list.

An amendment by McCumber for a 15 cent duty was defeated, 35 to 29. Senator Jones made a further attempt to have retained the House provision for five per cent reduction in duty on all goods imported in American ships. He got only eleven Republicans to support him and the provision was removed. Many foreign governments had protested against it.

Democrats Stand Firm.  
The final onslaught of the opposi-

tion found the Democratic lines standing solidly for the bill. Under urging of their leaders the ranks closed against the anti free wool and anti free sugar forces, and as fast as amendments came to a vote they were defeated.

Attempts to restore to the bill a duty on raw wool and to raise the duty on woolen manufactured goods made in successive amendments by Senators La Follette, Catron and Penrose, were defeated without the loss of a party vote.

A last stand by the anti free sugar forces, led by Senator Randall of Louisiana (Dem.) held the attention of the Senate throughout the evening, but the votes of Senators Randall and Thornton had been long conceded to the Republicans on the sugar issue.

Inheritance Tax Losses.  
Repeated efforts were made to secure a general agreement for a final vote on the bill at some definite hour today. Democratic leaders were willing to adjourn at midnight if such an agreement could be reached, but while negotiations were under way they insisted the Senate should remain at work with the prospect of an all night session if the attempt at the agreement failed.

Among the amendments defeated was that of Senator Norris for a heavy tax on inheritances. This was voted 5 to 12, the following Republicans joining the Democrats in voting against it: Senators Brandegee, Catron, Clark of Wyoming, Colt, Fall, Gallinger, Jackson, Lippitt, Lodge, Oliver, Penrose, Perkins, Root, Sherman and Sutherland.

Two attempts by Senator La Follette to secure the adoption of a substitute for the Democratic wool tariff schedules failed by strictly party votes. There remained the prospect of a final wool fight when the single item of free wool was reached in the free list of the bill.

Senator Randall in beginning his fight against free sugar announced he opposed free wool also and would join in an attempt to have a small duty put on that product. He had voted against the La Follette amendment which embraced a duty on all classes of woolen goods, but it was expected he would support the Republicans in the last fight against the wool item in the free list.

THIS IS CERTAIN  
The Proof That Wichita Falls Readers Cannot Deny

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

P. W. Nolan, 1100 Indiana St., Wichita Falls, Texas, says: "I got Doan's Kidney Pills at Harrington's Drug Store and was relieved of pains across my kidneys that had made every move one of misery. In the morning the trouble was worse. Doan's Kidney Pills relieved me and I consider them a fine remedy for regulating the kidney action and removing trouble with the kidney secretions. I willingly confirm the testimonial I gave some years ago."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

DOC YAK GOING FISHING;  
WATCH HIM NEXT SUNDAY.

Having sold his automobile to the junk man, Doc Yak spent the proceeds of the sale for fishing tackle and has applied for membership in the Wichita Rod and Gun Club. His initial experience as a fisherman will be depicted in next Sunday's Times.

## PLAN EXHIBIT OF FARM PRODUCTS

CHAMBER OF COMMERCE WILL  
EMPLOY TO GET UP AGRICULTURAL DISPLAY

### PRIZES WILL BE OFFERED

Will Send Completed Exhibit to State Fair at Dallas and to Other Points

Employment of a man to take charge of the arrangements and the collection of a farm exhibit here beginning October 1 was authorized by the directors of the Chamber of Commerce Tuesday morning. The selection of the scope of the exhibit was left up to a special committee comprising Messrs. Gardner, Long, Hines, Huey, Gates, Noble, Henderson and Campbell. It is probable that a store-room will be leased for the exhibit and in addition to grains, vegetables and other such farm products that prizes will be offered for poultry and other livestock.

Prizes Already Offered.  
The Chamber of Commerce has already offered about \$250 in cash prizes for agricultural exhibits and it is now planned to enlist the merchants in the movement and to have them offer additional prizes. It is believed that the cash and merchandise prizes can be raised to \$500 or more without much trouble. Such an exhibition, it is argued, would be of educational value and encouragement to the farmers and would bring many country people into the city during the days the exhibit was open.

The products exhibited will later be taken to Dallas for the exhibit at the Dallas Fair. The exhibits from the recent carnival at Burkburnett are already entered. J. W. Campbell, agricultural demonstration agent, reported that in traveling over the county to make up his report to the department he had found crop conditions much better than most people imagined and said there were very few farmers who did not have enough feed to run them over until next season. With the exception of cotton other crops, he said had been better than for years.

Burkburnett Specimens.  
Most of the agricultural specimens were obtained from the Burkburnett carnival and make an excellent farm exhibit in themselves. Other sections of the county will also be represented. Specimens of grain, cotton, vegetables and fruit, will be included, together with a comprehensive display of the products of local factories.

Wichita county has not yet captured any blue ribbons at the various fairs, but was "in the money" at both Dallas and Waco last year. It is hoped to do even better this year and Acting Secretary John Thomas of the Chamber of Commerce has been at work for some time getting the exhibit together.

J. T. Young was employed by the Chamber of Commerce today to assist Acting Secretary John Thomas and Agricultural Agent J. W. Campbell in collecting an agricultural exhibit here October 1. A building will be rented for the exhibit which will probably be kept open three days. Prizes aggregating about \$250 are offered by the Chamber of Commerce. The exhibits will be taken to the Dallas Fair later where Mr. Young will be in charge of the exhibit from this place.

\*\*\*\*\*  
CORRESPONDENTS TO THE TIMES WANTED.  
\*\*\*\*\*

The Daily Times wants correspondents at Burkburnett, Electra, Petrolia, Elyers, Holdiday, Charlie, Dundee, Archer City, Devol, Grandfield, Olney and Newcastle. A news letter once a week will be expected from such correspondents who will be furnished the Daily Times and stamped envelopes in compensation of their services. Address Managing Editor, The Times, Wichita Falls, Texas.

### OLD WELL IS DEEPEMED

Is On R. S. Allen Tract and Is Owned by Producers—Breaks Two Field Records

Two records—one for initial production and one for total daily production—were broken in the Electric field late yesterday when the Producers company No. 1 Reese Allen, deepened to 1900 feet, came in for 2100 barrels.

This well was a producer in the 1800 foot sand for more than two years but recently had dwindled to such an extent that it was decided to drill deeper. The result was the best initial producer the field has ever seen. A few months ago the Producers completed a well on the Honaker for about 1700 barrels which was the record up to yesterday. "The Allen well is still flowing vigorously at a 2100 barrel clip; it is in the northwest corner of the south half of Block 224 of the Waggoner Colony."

The well was drilled nearly three years ago by the Electric Oil and Gas Co., being a fair producer in the shallow sand. Later it was the property of Clint Wood and was bought by the Producers about two years ago.

Reports of production in the Northwest Texas field, published in the Times of Sunday, showed the total to be very close to 30,000 barrels daily. This new producer, with other smaller ones drilled in since the figures were compiled, brings the field's total production well above the 32,000 barrel mark. Reese Allen, owner of the land on which the record breaker was drilled, and who will draw down an additional royalty of something like \$260 per day, is now in Colorado.

NEWS FROM IOWA PARK;  
PUBLIC SCHOOL REOPENS.

Iowa Park, Texas, Sept. 9.—School opened Monday morning with a full attendance and many of the patrons from the town and surrounding country present for the opening exercises. Interesting talks were made by Prof. Atticus Webb of Fort Worth, Rev. Nichols, the superintendent, the pastors of the town and several members of the school board. The Mothers' Club met after the opening exercises and organized for work during the next year. Mrs. Dooley was elected president and Mrs. L. D. Butcher, vice president.

Chester Zink and Noel McKinney expect to leave Tuesday for Waco, where they will attend Hill's Business College.

Some one broke into the Iowa Park implement store Sunday night and took three guns and several knives.

A line boy was born of Mr. and Mrs. C. H. Clark Monday morning.

Miss Lacie Perry arrived from Sentinel, Okla., Saturday for a visit with her sister, Mrs. S. L. Denny. She will accompany Mrs. Denny to Mineral Wells the latter part of the week.

A light shower fell here Monday afternoon and the cloudy condition of the atmosphere promises more rain.

Rev. Atticus Webb of Fort Worth, occupied the pulpit at the Methodist church Sunday morning. A union meeting had been planned for Sunday evening when Rev. Webb who is traveling in the interest of the Anti-Saloon League was to have delivered a temperance lecture but was prevented by the wind and dust storm so the lecture was postponed until tonight.

\*\*\*\*\*  
WILLIAM TRAVERS JEROME TO HAVE HEARING TODAY.  
\*\*\*\*\*

By Associated Press.  
Coaticook, Sept. 8.—William Travers Jerome arrived here at noon today. A small crowd greeted him in silence. The hearing was set for 4 o'clock.

## ARE DETERMINED TO LOCATE BLAME

OFFICIALS ARE BUSY INVESTIGATING CONVICTS' DEATH AT HARLEM

### CHARGES AGAINST GUARDS

Negligent Homicide is Basis of Complaint—Stories of Survivors Told

By Associated Press.  
Houston, Texas, Sept. 9.—Members of the prison board, Assistant Attorney General Sweeton and others interested in the investigation of the death of eight negro convicts in a dark cell at Harlem Farm, spent the day here, preparatory to going to Richmond tomorrow for the preliminary examination of the sergeant and two guards, each of whom is charged with negligent homicide.

All the officials are reticent and have absolutely nothing to say of the tragedy except that the blame for it will be fixed, if blame exists. One of the rumors today is that the accused men will waive examination at Richmond and enter bond pending grand jury investigation.

Stories Told by Survivors.  
Differing though they did in details, the stories told by the four surviving convicts matched in the main. These four were Edgar Evans of Jefferson, Marion County, serving two years for burglary; John Douglas Burroughs of Bexar County, serving two years for burglary and theft; James Curtis of Livingston, Polk county, serving two years for assault with intent to murder, and Ollie Brown of Dallas, serving five years for burglary.

"We were punished for not picking enough cotton," said Burroughs. "When I went in the cell after a day in the chains they gave me a bakin' powder tin of water. That's the only water I got. 'Bug Juice'—we called him that 'cause he was in 'for bootleggin'—he had a tin and started rollin' 'round on the floor. He got Jim Curtis' foot between his teeth and bit him, and someone says, 'He's started to die.' 'Bug Juice' died; that is, I reckon he died, 'cause he quieted down."

Cell's Facilities.  
"It was just as hot in there as if someone had threw a bucket of hot water in on us," said James Curtis, another survivor, to the group of newsmen. Curtis' story tallied in most of the details with that told by Burroughs.

Ollie Brown added further unprintable details of conditions in the cell when the stifling negroes were in the last stage of asphyxiation and sank back with the blood running from nose and mouth. "In nearly all of the cases of the eight dead negroes these blood stains were found upon noses and mouths of the corpses Sunday morning."

Manager Gives Statement.  
Capt. Calvin Blakely, manager of the Harlem State farm, gave a full account of the circumstances leading up to the eight deaths, to the extent of his knowledge.

"I regret this tragedy probably more than any man in the penitentiary system," he said. "I regard it as simply a case of poor judgment. Twelve men ought not to have been put in a cell that size at the same time. Yet two weeks ago eleven men were there twenty-four hours instead of twelve, and no harm resulted."

"Will there be a new set of prison regulations on the dark cell as the result of this mishap?" Capt. Blakely was asked.

"As far as I am concerned, this is the end of the dark cell for men," he joined. "There won't be any orders necessary to keep down the number confined to the cell after this."

## CURRENCY BILL REPORTED TODAY

MAJORITY RECOMMENDATIONS ARE STRONG IN FAVOR OF MEASURE

### DISSENT BY REPUBLICANS

Democrats Declare Their Bill Aims at Correction of Evils of the Present Banking System

By Associated Press.  
Washington, Sept. 9.—The administration currency reform bill as approved by the democratic caucus, was reported to the House today, from the committee on banking and currency by Chairman Glass.

The majority report declared the bill "intended to bring about necessary changes in the present banking and currency system of the United States and to correct long standing evils that have had a slow and deep rooted growth. It aims at the rectification of the essential evils of the present system, although it does not seek to make all the innovations that might, from an ideal standpoint, seem desirable."

"After looking whole ground over and after examining the various suggestions for legislation, the committee on banking and currency is firmly of the opinion that any effective legislation on banking must include the following fundamental elements which it considers indispensable in any measure likely to prove satisfactory to the country:

"Creation of a joint mechanism for the extension of the credit to the banks which possess sound assets and which desire to liquidate them for the purpose of meeting legitimate agricultural, manufacturing and commercial demands by their clients.

"Ultimate retirement of the present bond secured currency with suitable provision for the fulfillment of government obligations to bond holders, coupled with the creation of a satisfactory flexible currency to take its place.

"Provision for better extension of American facilities in foreign countries to the end that our trade abroad may be enlarged and that American business men in foreign countries may obtain the accommodations they require in the conduct of their operations.

"Beyond these cardinal and simple propositions, the committee has not deemed it wise at this time to make any recommendations except that in a few places it has suggested the amendment of existing provisions in the National Bank act, with a view to strengthening that measure at points where experience has shown the necessity of alteration."

In their minority report on the bill, the Republicans of the committee pointed out what they held to be the weakness of the measure. They said they found democrats of the committee "so bound by their caucus action that they could not consider amendments to the bill which if adopted would have eliminated its unsound and questionable provision."

ACADEMY OPENS SESSION  
WITH GOOD ATTENDANCE

Registration for 1913-14 Term is Large, Including Many from Out of Town

The Academy of Mary Immaculate opened its 1913-14 session yesterday with a large attendance and prospects for a very successful term. The attendance was fully up to expectations, including the usual large number of pupils from Oklahoma, New Mexico and Texas points and a great many from Wichita Falls.

Additions to the faculty and other improvements have been made at the Academy and the sisters expect this session to be one of the most prosperous in the history of the institution.

SUMMER RECIPES.

Pineapple-Orange Salad.  
Arrange upon each individual salad plate of crisp, curly lettuce leaf; upon this place a smaller slice of canned pineapple, then a smaller slice of orange and top all with a spoonful of whipped cream, slightly salted, with which a spoonful of chopped walnuts has been mixed.

Stuffed Eggs.  
Boil as many eggs as needed, hard, and throw into cold water to loosen the shells. Shell and cut the eggs in half, lengthwise. Remove the yolks and rub them smooth with enough olive oil to make a paste, and add a half teaspoonful of finely chopped or ground English walnuts, one for each egg. Season with a quarter teaspoonful of salt and a saltspoonful of pepper. Fill the mixture into balls and place a ball in each halved white. Put on the ice until thoroughly cold and serve on lettuce with a spoonful of mayonnaise on each egg.

French Cucumber.  
Peel three cucumbers and cut lengthwise into four strips each; drain very slowly until tender; sliver and sprinkle over them salt and pepper. Make a cup of rich white sauce and lay the cucumbers in and serve hot. Fine with fish.

## PROPOSITION FOR GLOVE FACTORY

\$25,000 PLAN MAY BE ESTABLISHED HERE BY DALHART MAN

### WANTS STOCK SOLD HERE

Factory Contingent Upon Wichita Falls People Taking One-Third of Capital Stock

A special committee was appointed by the directors of the Chamber of Commerce at their meeting Tuesday morning to consider a proposition submitted by Mr. Hilburn of Dalhart for the establishment of a cotton glove factory here. Mr. Hilburn is operating similar plants at Dalhart and El Paso.

His proposal was for the organization of a \$25,000 stock company in which he would take two-thirds the capital stock and Wichita Falls citizens one-third. He said the plant he proposed would employ 200 men and 40 operatives at the start at wages ranging from \$6 to \$15 per week.

Mr. Hilburn came here from El Paso at the invitation of the Chamber of Commerce. A special committee comprising Messrs. Hines, Huey, Gates, Noble and Henderson was named to discuss the proposal in detail with Mr. Hilburn and if they thought advisable to enter into a tentative contract with him contingent upon the ability to secure subscriptions for the amount of stock asked.

OIL FIELD NEWS

The Guffey company this morning brought in a well on the Goetz farm, about a mile east of the Borcheid wells. The sand was found at 1400 feet and is showing for a fair well.

Only one rig is now running in the Petrolia field. This is owned by the Producers Company. All others are shut down on account of the drought. The rig now operating may be forced to shut down in a few days unless rain falls.

Forest Oil Company's Marriot No. 7 came in yesterday and is said to be one of the best wells in that part of the field. This is an old well which had been pumped from the 1070 sand and which was drilled deeper. The well was drilled to the 1960 sand with a rotary. The sand is 18 feet thick and is producing oil in a copious quantity.

A quarterly dividend aggregating \$25,000 was declared by the directors of the Texas Company at a meeting in Houston. The dividend is \$1.75 per share, payable October 1, is an increase from \$1.25, equal to an increase from 6 per cent to 7 per cent. The dividend of Texas Company stock for 1912-1913 was 6 per cent; for 1911-1912 was 5 per cent; for 1910-1911 was 10 per cent and for 1909-1910 was 12 per cent. The stock of the company has made remarkable earnings during the last year, especially as compared with the earnings of a year ago. The statement of earnings made on August 13, 1913, shows earnings of 23 3/4 per cent on the stock, as compared with 8 1/2 the previous year. The operations of the company, as shown by the annual statement for the year ending June 30 was as follows: Gross earnings \$25,882,864; increase \$1,353,323; net, after taxes, \$12,944,919; increase \$8,610,970; sinking fund, department of insurance, \$2,538,095; increase \$4,152,725; surplus, \$6,663,123; increase, \$4,459,241; dividends \$1,620,000; increase \$270,000; final surplus \$5,043,123; increase \$4,189,041.

The balance sheet of the company shows \$28,295,452.59 invested in real estate, leases, rights of way, oil, land, oil, gas, pipelines, ships, cars, terminals, distributing stations, natural gas wells and equipment.

Other assets of the corporation are: Bonds and mortgages, \$3,026,000; other investments, \$1,445,231.74; storehouse supplies, \$669,474.67; stocks of oil (crude and refined), \$1,000,000 (manufacture), \$16,793,348.61; unexpired insurance, \$149,464.89; accounts and bills receivable, \$14,395,624.48; cash on hand \$2,232,347.54.

The liabilities of the company, as shown by the balance sheet, are as follows: Capital stock issued, \$27,000,000; 6 per cent convertible debentures issued, \$14,000,000; 6 per cent serial notes outstanding, \$2,400,000; accounts and bills payable, \$6,531,248.14; provision for taxes, \$143,534.78; provision for interest on debentures, \$25,000; provisions for interest on bank notes, \$72,000; provision for bond and stock insurance reserves, \$50,000; reserve for sinking fund and depreciation, \$8,761,186.60; and surplus, \$7,500,000.

Progressive Plan 1914 Campaign.  
Detroit, Mich., Sept. 8.—Progressive party leaders from all over Michigan gathered today on Bois Blanc Island in the Detroit river to lay plans for a vigorous 1914 state campaign. While the party chiefs talked politics and party news and means, the rank and file of Detroit and Wayne county Bull Mooseers headed for the famous river park for the annual outing. The entertainment part of the program today was in the hands of the Wayne county Progressive Club. Victor Burdock and Albert J. Beveridge were on the program for the only political speeches of the day.

## FIGHT TO SHIFT TO CONCORD, N. H.

THAW EXTRADITION WARRANT ON WAY FROM NEW YORK TO GOV. FELKER

## HEARING IS PUT OVER

Tax Payer's Suit May be Instituted for Thaw's Deportation to Pennsylvania

By Associated Press. Concord, N. H., Sept. 12.—The next legal battle in the case of Harry K. Thaw probably will be fought at Concord, N. H., before Governor Felker. The Thaw's lawyers, learning today that an extradition warrant from Acting Governor Glynn of New York was on its way to the New Hampshire capital, decided to defer arranging Thaw in police court here and to demand a hearing of the governor before he acts on the matter of extradition.

They sent a representative to Concord to confer with the governor and also appeared to him by telegraph. Thaw, meanwhile, is in the sheriff's custody. He was to have been arraigned at ten o'clock this morning, but his counsel after vainly trying to persuade Jerome not to seize Thaw instantly, should the extradition from New York be honored at once, deferred bringing him into court.

It was announced that by mutual consent of counsel the hearing had been put over until tomorrow morning.

New Legal Battle Possible. A Thaw attorney said today if Thaw is taken back to New York, a tax payer's suit will be brought there for his deportation to Pennsylvania on the ground that in his case, New York is being taxed for the support of an insane person whose legal residence is in another state.

MARRIED ELEVEN TIMES IN AS MANY COUNTRIES.

(New York World) Hagerston, Md.—To be married to each other eleven times since 1898 has been the novel experience of Mr. and Mrs. Frank Vernon, who are at Braddock Heights. The marriage ceremonies have been performed in as many different countries.

Asked why he and his wife had been married so often, Vernon said it was a sort of a hobby with them and they took the step as a precaution because in some foreign countries marriages performed in others are not recognized.

He and his wife were first married in Columbus, O., in 1898; then in Montreal in 1910; in England, Scotland, Wales, France, Germany, Bulgaria and Russia in 1911; in Sydney, Australia, in 1912 and in Vera Cruz, Mexico in 1913. They hold marriage certificates of all these weddings and the display is unique.

## TWO PANHANDLE PRESBYTERIES UNITE

Southern Presbyterians Vote for Organic Union With Presbyterian Church U. S. A.

Organic union with the Amarillo Presbytery of Presbyterian Church, U. S. A., was voted by the Panhandle Presbytery of the Southern Presbyterian Church at Clarendon yesterday. A telegram telling of the action of the Southern Presbytery was sent to the Amarillo Presbytery of the Southern Presbyterian Church, U. S. A., in session at McLean and committees were appointed by the two Presbyteries to meet in Clarendon today to make arrangements for the transfer of the church property of the Southern organization.

Rev. J. L. McKee, pastor of the First Presbyterian Church here, returned from McLean today and expressed much satisfaction over the union. He was appointed by his Presbytery as moderator for the Vernon Presbyterian Church and was instructed to declare the pulpit of that church vacant. The two churches at Vernon will unite and it is expected the present pastor of the Southern church there will be chosen pastor of the united congregations.

Wichita Falls is not included in the Panhandle Presbytery of the Southern church and the action will not affect the status of the two churches here.

M. O. McDowell left today for Greeley where he will enter the Southwestern University.

T. T. Reese left today for Mineral Wells where he will visit for about ten days.

SULZER'S WHEREABOUTS REMAIN A MYSTERY.

New York, Sept. 12.—The whereabouts of Governor Sulzer continued to be a mystery today. His secretary said he did not know where the executive was, and it was said at the executive mansion that he was not there.

## RETURNING VOYAGERS ARRIVE SAFE IN PORT

W. N. Bonner and Linn Boyd Get Back Without Their Machine But With Somebody's Else

City Attorney W. N. Bonner and Linn Boyd chugged into town and landed at the Eighth-street pier last night after an adventurous voyage in from Mineral Wells. After they had run their own automobile into a stump and broke the steering gear they borrowed a machine from a farmer and came in from Antelope yesterday afternoon and last night in a deluge of rain. At times, they said, the water came up to their radiator tank and every minute they expected their engine to be drowned out. Although the tires of their machine were fitted with mud-chains they whirled and slipped in the mud more than they could care to remember. The two voyagers were more than three hours in coming in the last five miles of the way.

## REYES RESIGNS FROM HUERTA'S CABINET

Rumored That he Will Become Running Mate of General Felix Diaz

By Associated Press. Mexico City, Sept. 12.—Rudolpho Reyes, son of the late General Bernardo Reyes and one of the first victims in the revolt against Madero, resigned today from the ministry of justice in the cabinet of Provisional President Madero.

The reason given by Reyes for his resignation was that "the policy of the president demands my separation."

It is said in some political circles that Senator Reyes may be substituted for that of Senator Odego as running mate for General Felix Diaz in the coming presidential election.

## MINERAL WELLS TO PLAY HERE SUNDAY

Big Crowd Expected to Accompany Team to Wichita Falls—Excursion Rates

One more good game of baseball will be staged for Wichita fans Sunday afternoon when a team composed of Mineral Wells and Jacksboro players will meet some of the local talent. The home team will include a number of the members of the clerical team and a strong nine will be organized to face the visitors.

Accompanying the visiting team will be a large crowd from Mineral Wells, Jacksboro and other points. The Gulf Texas and Western and the Wichita Falls Southern are putting on an excursion for the occasion and many from between this city and Mineral Wells are expected to take advantage of the opportunity to visit Wichita Falls. They will arrive about noon and leave late in the evening, having time to eat supper here.

## TWO YEAR CONTRACT FOR BROOMMAKERS

They Go Back to Their Machines and Both Sides in Controversy are Pleased

Broommakers employed at the plant of the Wichita Falls Broom Manufacturing Company who struck last Friday after their contract had expired, returned to their machines Thursday afternoon after a new contract for a period of two years had been signed. The new contract is said to be entirely satisfactory to both sides.

## DATE NOT SET FOR TESTIMONY HERE

Austita, Texas, Sept. 12.—Assistant Attorney General Nichols today announced that testimony would be taken in the state's suit against the Katy at Walnut Springs beginning September 25. The date has not been set for the taking of testimony in Wichita Falls.

New York Cotton. —New York, Sept. 12.—Spot cotton closed steady. Middling upland 13.15; middling gulf 13.40. Cotton futures closed steady. September 12.93 and 95; October 12.90 and 97; December 12.88 and 95; January 12.77 and 78; March 12.87 and 89; April 12.73; May 12.92 and 93; June 12.94 and 96; July 12.94 and 96.

## WOULD REFORM HOUSE LEGISLATIVE PRACTICES.

By Associated Press. Washington, Sept. 12.—Representative Anderson of Minnesota who resigned from the ways and means committee last night as a protest against the caucus methods of the democrats today introduced a resolution for the creation of a committee of nine members to reform the legislative practices of the House.

## WATSON DENIES MULHALL CHARGES

FORMER REPUBLICAN WHIP SAYS HE NEVER WAS IN EMPLOY OF MANUFACTURERS

## TAKES CRACK AT BRYAN

Calls Secretary of State the John D. Rockefeller of the Chataouqua Platform

By Associated Press. Washington, Sept. 12.—Former Representative James E. Watson of Indiana, before the House lobby committee today made a general denial of the charges that he was one of the active friends of the National Association of Manufacturers in Congress for many years.

"At no time while I was in Congress, or after I left Congress, was I in the employ of the National Association of Manufacturers for any purpose nor was I at any time a lobbyist or a lawyer for it."

Watson said he did work for the National Tariff Commission Association, an organization of several hundred associations and many individuals. He declared Mulhall's charge that he had used his influence to put certain men on House committees and remove others was without foundation. He said:

"You don't need to tell the birds to sing any more than you need to tell Uncle Joe Cannon who to appoint on committees."

"While I was the 'whip' of the House," said Watson, "for six years, I was intimately acquainted with almost every member and I never knew a corrupt man in the House."

Questioned about lectures for the manufacturers or allied organizations, Watson took a shot at Secretary Bryan, saying:

"He is the John D. Rockefeller of the Chataouqua platform. He has made more money out of it than any body else, and he has made more money because he has gone about abusing the other fellows for making money."

## HEAVY RAINFALL AT GALVESTON

PRECIPITATION AT ISLAND CITY IN PAST 48 HOURS MORE THAN 10 INCHES

## ALSO HEAVY AT HILLSBORO

Streets There are Torrents of Water—Power House Wall Falls in Last Night

By Associated Press. Washington, Sept. 12.—United States weather bureau officials today announced that over ten inches of rain had fallen at Galveston within the past forty-eight hours.

Six and a Half Inches at Hillsboro. By Associated Press. Hillsboro, Texas, Sept. 12.—Six and a half inches of rain had fallen in Hillsboro from six o'clock yesterday morning up to eleven o'clock this morning and at that hour the rain continued in a steady downpour.

For the first time in years what is known as the Katy lake is filling. The streets are running small rivers of water and all streams are swollen and there has already been considerable damage in the lowlands.

One wall of the Southern Traction Company's power house collapsed last night damaging machinery and placing the city in darkness throughout the night.

## COLDER AT SAN ANGELO; TWENTY DEGREES LOWER.

By Associated Press. San Angelo, Texas, Sept. 12.—A drop of more than twenty degrees in temperature occurred here this morning. A cold rain has been falling.

## 1000 FOOT OF TRACK IS DESTROYED BY WASHOUT.

By Associated Press. Weatherford, Texas, Sept. 12.—One thousand feet of track was destroyed by a washout yesterday on the Weatherford, Mineral Wells and Northwest railroad between Graford and Oran.

## VERNON TEMPERATURE DROPS; SLOW RAIN IS FALLING.

By Associated Press. Vernon, Texas, Sept. 12.—The temperature here dropped twenty degrees this morning with a cold norther. A slow rain is falling.

## COWELL IS UNDECIDED AS TO PRISON APPOINTMENT.

By Associated Press. Whitesboro, Texas, Sept. 12.—The offer of an appointment as state prisoner commissioner tendered yesterday by Governor Colquitt to State Senator F. B. Cowell, is still under advisement. Senator Cowell said today he will not announce his decision until next week.

## M'ANENY DECLINES MAYORALTY NOMINATION

Fusionist Tendered Gaynor's Place on Independent Ticket by Campaign Managers

By Associated Press. New York, Sept. 12.—George McAneny, president of the Borough of Manhattan and fusion candidate for president of the board of aldermen, was designated today by the Gaynor campaign managers as their candidate to take the place made vacant by Gaynor's death. McAneny was quick to decline the designation. He said:

"I sincerely appreciate the honor, but under no circumstances could I accept a mayoralty nomination in opposition to Mr. Mitchell, the fusion candidate."

Opposition from his son, Rufus M. Gaynor, who was his father's only traveling companion, gave details which showed that the end had come with shocking suddenness.

Father died at 1:07 p. m., Wednesday, the 10th," said the message from the son, received by Secretary Adamson last night. "His death was due to heart failure. He was seated in his deck chair at the time. I and the nurse and the ship's doctor were with him. I discovered him unconscious in his chair, though still alive. He died about three minutes later without recognizing any of us. Everything possible was done, but he seemed to go as a candle flickers out. An all right and an trying to arrange to bring the body back on the Lusitania, sailing from Liverpool on Saturday, the 13th."

Heart Weak for Years. That the mayor's heart had been in a weakened condition for years was the statement last night of physicians who treated him at the time he was shot. The death of the mayor was due to an aneurism discharged employee of the city in August, 1910. They would not declare their belief that the wound inflicted by the bullet had led directly to the end, but did affirm that his general resistance had been lessened thereby to a very great extent.

The death of Mayor Gaynor automatically transferred the office of mayor to Col. Adolph L. Kline, a Republican, president of the board of aldermen. President Kline took the oath of office today and his first official act was to call the board of estimate together to lay plans for the public funeral services of his predecessor.

Mayor Kline then declared that during his short term of office, which will be less than a week, he will carry out the policies of Mayor Gaynor, so far as he knew them.

Campaign Comes to Stop. While messages of sympathy from local political leaders and from all parts of the country poured into the mayor's office in the city hall and at the Gaynor country home at St. James, Long Island, the heated municipal campaign came to a sudden stop although many conferences were held to review the general situation. Geo. Mason, fusion candidate for president of the board of aldermen, announced late yesterday that he had decided to postpone his vacation trip abroad on which he planned to start Saturday.

## SIN KILLER HAS SENT FOR BIG TENT

Expects to Arrive Tomorrow—Will be Pitched at Corner of Tenth and Ohio

Sin Killer Griffin announces that his big tent is en route to this city and that it will be here tomorrow probably in time to be set up for tomorrow night's meeting. The tent will be set up on the vacant lot at the corner of Ohio avenue and Tenth street, and Sin Killer says he will have room for three thousand shoppers.

He says he has received several donations on account of his efforts to bring rain as he promised last week. Farmers have been among those making donations.

For several nights past Sin Killer has been holding his meetings in the street. He expects to have some real shouting when the crowd gets under the big tent.

## 22 DEGREE DROP IN TEMPERATURE HERE.

A drop of twenty-two degrees in temperature, accompanied by a chilling rain and a blue norther, featured Wichita Falls' weather today. The weather is over thirty degrees cooler than last week, being between sixty and sixty-five. The north wind was sharp and brisk and altogether the day was considerably more. January this September. Several good showers fell last night and this morning, increasing the rainfall figures for the week.

Straw hats were not much in evidence today and some of those who did wear them also wore overcoats. This afternoon the sun came out and the weather moderated somewhat.

## ANOTHER GERMAN AVIATOR MEETS WITH FATAL ACCIDENT

By Associated Press. Muenster, Germany, Sept. 12.—Aviator Hans Lorenz was killed today as he was completing a two hour flight. He steered the machine too steeply downward and the wings buckled and the aeroplane fell. The gasoline tank exploded.

## KATY PASSENGER INTO THE DITCH

TWO COACHES ON TRAIN FROM W. F. TO DALLAS LEAVE TRACK

## BRAKEMAN IS INJURED

Spreading Rails Believed to Have Caused Wreck Near Garza This Morning

By Associated Press. Dallas, Texas, Sept. 12.—Due to it is believed to spreading rails Katy passenger train No. 17 from Wichita Falls to Dallas, was wrecked at Garza, a small station in Denton county, early this morning. A sleeper and a chair car left the rails and partly turned over down a seven foot embankment. The only person hurt, according to the Katy officials, was the brakeman whose ankle was wrenched. There were fifty or more passengers in the two coaches.

Katy officials here knew nothing concerning the wreck this afternoon and it is believed to have been of minor consequence. There were several passengers for Dallas on the train when it left here this morning.

## CREMATION SOCIETY HAS VERY PLEASANT BANQUET.

Paris, Sept. 12.—The menu for the Cremation Society was announced today. It was in French, of course, but translated it ran like this:

Grilled sardines in a quick fire Mutton a la Carbon Chicken, Half Mourning Pots of veal, in a hot stew Irish Potatoes, cooked under cinders Plum pudding, in flame Little Cakes, à la Crematory Lacryma Christi in urns Fruit Wreaths

The society was founded for the propagation of cremation and of late its growth has not been as rapid as was hoped. The banquet is intended to enlighten the things that make the city so gloomy and induce new members to join.

## NO VENUE CHANGE IN ARSON TRIAL

LEE WEATHERFORD TRIAL WILL BE HELD IN FORT WORTH COURT

## EFFORT TO SHIFT BLAME

Defendants Attorneys Indicate Intention to Show Someone Else Guilty of Burning

By Associated Press. Dallas, Texas, Sept. 12.—Change of venue, sought in the First Baptist Church arson case, was denied this morning by District Judge Brown after hearing 116 witnesses. Lee Weatherford, a blacksmith, is accused of the burning but the change of venue was sought by the special prosecutors although not asked for by County Attorney Baskin.

The application was based on intense feeling aroused in the noted J. Frank Norris case more than a year ago. As soon as the state introduced its last witness this morning, Judge Brown ordered the selection of a jury to start.

Senator Lattimore, one of the special prosecutors, objected to this ruling on the ground that the county attorney believed the Rev. J. Frank Norris guilty of the church burning and therefore should not prosecute another person for it. Weatherford's attorneys will seek, not only to prove him innocent, but to prove another guilty and in questions to witnesses yesterday this other person was named as Rev. Norris.

## SANBARGER POET BEGINS SIX YEAR PRISON TERM.

Paris, Sept. 12.—His last hope of appeal gone, France's famous "superman" footpad and poet today began his term of six years imprisonment. Jean Michelon is his name. He was nabbed a woman and robbed her of \$700, but when betrayed by a friend, spouted an ode to the sun before the police. "I may be a crook," he said, "but I am an ideal man, I am a superman. I crack a lady on the head, I grab her coin and run; but any dub that has no bed can touch me for the man." The authorities are divided over whether Michelon is crazy or clever.

## BIG INCREASE IN CONCRETE CONSTRUCTION IS NOTED.

Washington, Sept. 12.—Indicating the steady advance in concrete building construction over more ancient methods, the sand and gravel output in the United States during 1912 surpassed the output of any other year excepting 1910, according to figures made public today by the United States geological survey. The output for 1912 was valued at \$23,981,555. Although the 1911 output was larger in quantity, its value was only \$21,158,583.

## WOMAN SUPPOSED DEAD, IS LOCATED IN HAVANA

Living With Man Who Was Mentioned in Connection With Her Supposed Death

By Associated Press. Havana, Sept. 13.—Mrs. Lena Janin, who was supposed to have been murdered in New York, her body cut up and thrown into the Hudson River, was found today living in a house in Havana street here with Vincent Planells, whose name has been mentioned in connection with the case. Several inquiries have been received together in New York and had sailed for Havana ten days ago after Planells had a dispute with the woman's husband over the question of the husband obtaining a divorce.

## NON OBSERVANCE OF LAW HINDERS HEALTH WORK

Speaker at Colorado Springs Meeting Tells of Trouble Caused By Disobedience

Colorado Springs, Sept. 12.—Concept of law, according to Dr. Cressy L. Wilbur, chief statistician of the division of vital statistics, of the bureau of the census, Washington, is "the greatest, underlying, the ever-present and, so far as our present experience extends, the insuperable difficulty or hindrance to the effective registration of vital statistics in the United States."

Dr. Wilbur was addressing the fourth day's session of the forty-first annual meeting of the American Public Health Association here. His topic was "Hindrances to the Extension of Uniform Methods of Vital Statistics in the United States."

"Rapid progress is being made," said Dr. Wilbur, "in the extension of the registration area for births and deaths and in the securing of uniform vital statistics generally, but we have much to do in this respect. Some people think that all that is needed is to pass laws requiring the reporting of deaths, births or marriages and that there the question rests."

"I should be asked what is the greatest, underlying, the everywhere present and, so far as our present experience extends, the insuperable difficulty or hindrance to the effective registration of vital statistics in the United States, I might reply: Concept of law."

"We may pass the best possible model law, but if the state registrar or the local health officer fails to enforce them or if the social workers, the physician, and the members of the American Public Health Association fail to respect them, our work is almost in vain."

"This contempt of law can be overcome only by a thorough process of education. In the registrar of births, for instance, we need most of all a better understanding and a co-operation from the women of the country. When women realize that the new children's bureau, established for their benefit, is seriously handicapped because of inadequate registration of births and infant deaths, then I believe there will be an irresistible demand that such births and deaths may be properly recorded."

## "SON" ONLY 65 YEARS OLD, PROMISES TO BEHAVE SELF.

(From Atlanta Georgian) Chicago.—The sad story of an erring son has been placed on police court records. William H. Farmer Jr., 63, is his name. He is a rollicking rake or 63, and his father, William H. Sr., who is 86, called on the police to check William's industry in the sowing of wild oats. Said the father to Judge Sabbath:

"I think he should stop sowing wild oats. He drinks a great deal. He comes home and acts like a young colt. I find it difficult to control him. You can see for yourself that he must be hard for me to manage. He weighs 250 pounds, while I weigh only 95. He is out every night carousing, calling on women, and I can't do anything with him."

"I tell him he'll ruin his constitution if he keeps on the way he's going. He always has been a wild, headstrong boy. I want rot, judge, to help me make a man of him. He's got to sign the pledge."

"I agree with you," said the court, addressing the father. "William is getting to be a big fellow now. It's time he learned to behave himself. I'll give him just one minute to sign the pledge."

## TURNIP PLANTING SEASON: GOOD DEMAND FOR SEED.

Local seed dealers report a strong demand from farmers for turnip seed since the rains this week. While it is a little late for turnip sowing, still the moisture now in the ground makes the conditions very favorable. Some farmers are sowing patches of several acres and intend to use the surplus turnips for stock feed.

Several inquiries have been received for alfalfa seed and several tracts will be sown to alfalfa.

Fort Worth.—The officials of the National Feeders and Breeders Show to be conducted here November 22nd to 29th, have announced that \$17,900 in cash prizes will be offered in conjunction with the special prizes usually awarded each year.

## WOMEN'S WORK HOURS SHORTER

NEW STATE LAW ON SUBJECT WILL BE EFFECTIVE OCTOBER 1

## LOCAL MERCHANTS READY

Adjusted Hours of Their Women Employees to New Order of Things Sometime Ago

Nearly all Wichita Falls merchants by joining in an early Saturday night closing several months ago forestalled the new law that becomes effective October 1 prohibiting the employment of female labor more than fifty-four hours a week. So that this week the merchants met the mercantile establishments of the city.

The laundries, the fruit jar plant and a few restaurants are the principal places that will be affected here and these are planning to bring their hours within the limits prescribed by the law either by shortening the work day for their female employees or by a half holiday one day in the week or other device. The telephone company has had a nine hour day for several years and will not be affected by the new law.

The full text of the law follows: Section 1. No female shall be employed in any manufacturing or mercantile institution engaged in the manufacture of clothing, shirts, overalls, jumpers or ladies' garments or any mercantile establishment or work shop or printing office, dressmaking or millinery establishment, hotel, restaurant or theatre or telegraph or telephone office or establishment for more than fifty-four hours during any one week, the hours of such employment to be so arranged to permit the employment of such females at any time so that a greater number of hours in one day than above stated, said operators to be paid not less than double their regular compensation for such extra time; provided, this act shall not apply to females who are registered pharmacists, provided this act does not apply to any establishment containing a population of 5,000 or less as shown by the last federal census.

As to Laundry Help. Section 1a. No female shall be employed in any laundry for more than fifty-four hours in any one week; the hours of such employment to be so arranged as to permit the employment of such female at any time so that she shall not work more than a maximum of eleven hours during the twenty-four hour period of one day, provided that such act shall not apply to females who are registered pharmacists, provided this act does not apply to any establishment containing a population of 5,000 or less as shown by the last federal census.

Section 2. Every employer in any manufacturing, mechanical or mercantile establishment or workshop, laundry, printing office, dressmaking or millinery establishment, hotel, restaurant or theatre, or telegraph or telephone establishment, employing any female shall provide suitable seats for female employees and permit them to use such seats when not engaged in the active performance of the duties of their employment.

Section 2a. Provided that this act shall not apply to stenographers.

Section 2. Any employer, overseer, superintendent, foreman or other agent of such employer who shall require any female to work in any of the places mentioned in Section 1 for more than the number of hours provided for in this act, during any day or twenty-four hours, or who shall fail, neglect or refuse to so arrange the work of females so employed in said places mentioned in Section 1 so that they shall work more than the number of hours provided for in this act, during any day of twenty-four hours or the number of hours prescribed by this act in any one week, or who shall fail, neglect or refuse to provide suitable seats as provided in Section 2 of this act, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than \$50 nor more than \$200 or imprisonment in the county jail not less than five nor more than thirty days, or by both such fine and imprisonment.

Section 4. And provided further, that the provisions of this act shall not become effective until the first day of October, A. D. 1913.

## SPAN BIG WELCOME TO MRS. EMMELINE PANKHURST.

New York, Sept. 12.—Friends and admirers of Mrs. Emmeline Pankhurst, English militant suffragette leader, are so sure she will not be excluded from the United States as an undesirable that they are planning to give her a big welcome when she reaches here next month. Mrs. O. P. Belmont has arranged to give Mrs. Pankhurst office room at the home of the Political Equality Association during her stay here.

Mrs. Pankhurst is scheduled to visit two Southern cities—Louisville on October 30 and Nashville on November 1.

the minute you get into a suit of Anderson Tailoring. It makes such a difference to know that your garments fit. It makes you more capable, more confident, more cheerful. That's why we claim that a made-to-measure suit is always a good investment.

Let us show you what Anderson Tailoring offers you—up-to-date styles, perfect fabrics and a guaranteed fit.

**COLLIER & HENDRICKS**

## SOME NOVELTIES IN TABLE LINEN

LATEST FASHIONS IN THIS DEPARTMENT INCLUDE SOME CLEVER NOTES

### SIMPLICITY TO BE SEEN

Everything is Attractive, However, Done To the Common Old Bath Towel

New York, Sept. 12.—Every woman knows that restocking her linen shelves and duding up her house in a lot of monogrammed sheets and towels, pillow cases, tablecloths and napkins is the next best thing to decking herself in a complete new outfit of sheer and lace lingerie. Fortunately for the thrifty housewife fashions in household linens are not so fickle and fleeting as in personal. Ever so, the florid designs of our grandmothers' tablecloths are in the worst possible taste today and the degree to which a bath towel has evolved into a thing of beauty as well as a utilitarian proposition would have widened her old eyes with amazement not unmixed with disapproval.

Quite the most charming designs in table linens for the up to date hostess are noticeable for their simplicity. A perfectly plain cloth with napkins to match has for design merely a broad white band for a border. Of course such smart severity calls for elaborately embroidered monograms. For the very large napkins these are printed in the center of the napkin but in the ordinary dinner also the monogrammed corner is equally attractive. An inch and a half monogram on the napkin and a three inch on the cloth is the best. Three letters in script make a very good monogram but the newest is a conventional arrangement of three block letters into a square or a triangle.

A striped cloth with a floral border is effective or one with a plain center with a floral border is pretty in either a round, square or long banquet cloth. The centers of the new cloths are all either striped or plain however, and an all-over design stamps them immediately as being of an earlier vintage than 1913.

For breakfast and luncheon cloths the colored damask is coming again to the front like tinted ghosts of the old red tablecloth. In blue, pink or yellow, they are quaint and attractive with china to match. The round cloths as well as the napkins are scalloped around the edges.

The assortment of luncheon sets is so irresistibly fascinating as to tempt even the tightest of shoppers. The elaborate flat and square sets are priced way up in three figures of course but stunning ones of hand embroidery with insets of cluny and cluny edging are quite within touch if one isn't too touchy.

Quality, durability, beauty and smartness are all four united, however in a plain handcolored linen set with hand scalloped napkins to match, each piece marked with a new square monogram.

Chinese linens for luncheon sets are steadily gaining as favorites just now and the heavy embroidery on the grass linen is most attractive. Inexpensive sets of the blue and white Japanese toweling are artistic with a service of the quaint blue and white Canton ware.

Sheets are traditionally best of linen but from a practical side the present day lady of the house leans toward a fine imported muslin as less prone to muss and also less clammy to a chilled tootsie.

Hand scalloped sheets with a three inch monogram are most effective but those that are hemstitched are quite as popular. The pillow cases of course must be scalloped or hemstitched and monogrammed to match the sheet. The linen cases, however, are preferable even though the sheets be muslin.

## B. T. Babbitt

A little bit of B. T. Babbitt's Pure Lye or Potash and a cupful of hot water will clean out your sink and destroy all bad odors and do away with the unsanitary waste in your sink pipe. B. T. Babbitt's Pure Lye cuts through grease like a razor. No chance for germs—B. T. Babbitt's Pure Lye destroys them. Babbitt's Pure Lye or Potash is sold by every five Grocer in Texas & Oklahoma. Every time you buy a can you are so much nearer a valuable present—there are 500 to select from. Send a postal right away to B. T. Babbitt, Box 1776, New York, N. Y.

## COUNCIL HAS LENGTHY EXECUTIVE MEETING

Matters Understood To Affect Police Force Are Considered at Secret Session Thursday

Following a brief open session last night the city council went into executive session and did not adjourn until nearly midnight. In announcing that council would go into executive session Mayor Pro Tem Tom Brady stated that Night Chief of Police L. N. Jernigan had some matters which he wished to present. These it is understood related to the police force and the enforcement of certain state laws.

## ACTS ON THE LIVER

Dodson's Liver Tonic Livens Up the Liver—Is More Than a Mere Laxative

Colonel was 62 years the only known medicine that would stimulate the liver. But calomel is often dangerous, and people are not to be blamed for being afraid of it.

Within the last few years many medicines have been put out to be used instead of calomel, but their effect is on the stomach—not on the liver. Stonecipher and Smith say that the only real liver medicine to actually take the place of calomel is Dodson's Liver Tonic, a mild, harmless, vegetable liquid that they recommend to take the place of calomel and which gives prompt relief in cases of constipation, biliousness and sluggish liver.

So confident are Stonecipher and Smith that they give their personal guarantee with every 50-cent bottle of Dodson's Liver Tonic. You can be sure that you are getting Dodson's by asking at this store if they are giving you the medicine they personally guarantee to refund money on if unsatisfactory.

## EUROPEAN PRINCE WILL VISIT AMERICAN OIL FIELDS

New York, Sept. 12.—Prince Albert of Monaco, the tiny principality surrounding and including the famous gambling resort of Monte Cristo, arrived in New York Bay on his yacht, the Hirondele, for a visit to the United States. It has been reported that he will go to Wyoming for a bear hunt and inspect Western oil fields in which he is said to have invested more than \$1,000,000. The Prince is traveling incognito as was the case of his last trip in April, 1912.

## HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctoring long for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it. Write for Chattanooga Medicine Co. Ladies' Advertiser, Chattanooga, Tenn. Special instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper, No. 111.

## ODDS AND ENDS

The suicide of John Bunney, the moving picture comedian, which was chronicled in this column some days ago, appears to have been an exaggeration. A man named John Bunney did commit suicide and that led to press dispatches stating that it was the movie hero. But such was not the case, as the latter is still on the job and seems to have no intention of killing himself, except perhaps to make a film. Probably if he knew that he was reported dead, he would be right peevish about it. Some people are that ill natured.

Harry W. Gaston, who at one time was newspaper and secretarial in our midst and who has been in New York since the first of this year, is now at the head of the Non-Slip Auto Pedal Company. While we were under the impression that it was bicycles that had pedals, and that autos run by gasoline and had no need of pedals, it goes without saying that H. W. knows what he is about. If he can sell non-slip pedals to people to run their autos with, it's nobody's business. In letters to friends here, H. W. writes of Broadway in as familiar a way as a native might refer to Indiana avenue and seems to be becoming a confirmed Noo Yawker.

Newspapers learn of lots of things that they can't publish, such as they would like to. For instance, a certain Wichita Falls business man whose wife was away this summer, didn't write to her, but dictated the letters to her to a stenographer. Just whether he started them by saying "Dear Madam: In reply to yours of the eighth inst. will state, etc. like a real business letter, we do not know.

Brookston—With a capital stock of \$10,000 the new State Bank of this place opened for business last week. Individual deposits for the opening day amounted to over \$5,000.

**Song for a Child.**  
Hast thou not seen the quiet blue  
That bends from out the quiet skies  
And watches them the long day  
through?  
It is thy mother's eyes.

Hast thou not seen the tender sun  
That lights thy heaven there above,  
And sends the stars when day is  
done?  
It is thy mother's love.

Hast thou not heard each leaf and tree  
Forget the daytime's heat and noise,  
While sleep comes stealing over thee  
It is thy mother's voice.  
—Stark Young, in Scribner's.

### YOUNG PEOPLE ENTERTAINED AT THE MAXWELL HOME.

Last Tuesday evening at 8 o'clock Carl and Georgia Maxwell entertained quite a number of friends. Numerous games were played and punch and an ice course was served. Those invited to Carl and Georgia for a most pleasant evening were Mildred and Elgin Van Vay, Majorie and Ella Mathis, Frank and Elizabeth Staples, Adele, Lawrence and Kathrine Marcus, Kathleen Lynch, Forest Shelton, Louise and Rela Deaton, Maurine Smith, Joe Fisher, Roberts Fairchild, "Buddy" Conz, Carl Dodson, Jessi Burton, Myrtle and Mabel Morris, Ruth, John and Berna Barnard.

### LADIES AID SOCIETY TO RESUME WORK NEXT WEEK.

The Ladies Aid Society of the First Presbyterian Church will resume their work next Monday. A fifty cent social will be held Monday afternoon, September 15th at the home of Mrs. M. M. Adickes. All the members are urged to attend.

### INVITATIONS ARE ISSUED FOR DANCE NEXT WEDNESDAY.

The following invitation has been received: Mr. and Mrs. W. A. McGregor and Miss Lillian McGregor at home Wednesday evening, September the seventeenth at 8:30 o'clock at Lake Wichita pavilion—Dancing.

### THURSDAY SEWING CIRCLE MEETS WITH MRS. HARTOOK.

The Thursday afternoon Sewing Circle met Thursday with Mrs. C. R. Hartook. Owing to the weather but few of the members were present. However the meeting was a very enjoyable one. The time was spent in the usual custom in sewing and conversation on various topics. The members present were Mrs. C. B. Montgomery, Misses Lena Gardner and Jennie Huggins. The visitors were Mrs. Crawford of Electric, Miss Roberta Bolton of Whiteboro, and Mrs. A. M. Hartook.

### RECEPTION TO TEACHERS TOMORROW AFTERNOON.

The Mothers' Club announces again the reception in honor of the teachers to be held tomorrow afternoon from 4 to 6 at the High School.

The Mayflower 42 Club will hold its next meeting Thursday, September 18 with Mrs. G. C. Hurst.

The regular business session of the Ladies of the Macabees to have been held this week was postponed on account of the rain.

Mr. and Mrs. R. P. Webb and son of Henrietta, spent Sunday with Mr. and Mrs. D. J. White.

Mr. and Mrs. E. L. White and family leave about the first of October for their home where they intend to make their home. Their departure will be greatly regretted by their many friends.

### Health and Beauty.

Don't use alcohol on the face unless the skin is oily. Use a face cream. For a summer cold in the head take five drops of camphor on a lump of sugar.

If the finger nails are too brittle rub them with vaseline at night. Tooth brushes should be occasionally dipped into boiling water to disinfect them.

Castile soap and orris root in equal parts make a cleansing and fragrant tooth powder.

Yellow dock, root or leaves, steeped in vinegar will cure the worst case of ringworm.

Don't bathe in hard water. Soften it with a little powdered borax or a handful of oatmeal.

The best cure for bee and wasp stings is some damp tobacco applied at once or painting the affected part with washing blue.

An invaluable cure for sore eyes is a little boracic powder dissolved in warm water. When cold bathe the eyes two or three times a day.

### MOUNTAIN ARTILLERY DOES SOME REAL CLIMBING.

Rome, Sept. 12.—All records for artillery work have been beaten by a battery of Italian mountain artillery which climbed the central crater of Mount Etna and fired its guns on the brink of the volcano, at an elevation of 11,000 feet. The soldiers who carried the regular equipment made a long day's march from Catania and encamped for the night on the outer fringe of the Linguaglossa forest. At dawn they commenced the arduous task of hauling the guns up the Mongibello side of the volcano over the eternal ashes in which the mules sank knee deep. The last part of the climb had to be done with the gunners hauling their own guns, the mules being unable to go further. Reaching the summit, five exercises were carried out until the soldiers were compelled to retreat to avoid asphyxiation by the sulphurous smoke from the crater.

## Try It on the Most Difficult Things You Ever Bake

## REAL HEARTFELT GRIN

By CECILIA HAMBURG.

Miss Pearl Patterson thoughtfully tucked out the waves of hair on the right side of her head and turned to get the effect.

"Do you like this sweet sixteen style on me?" she inquired of the stenographer from across the hall. "The bride wore hers this way, and I thought I'd try it. Do you know it's upsetting to have a bride thrust into the family so suddenly. I've been with the William Pye firm so long that it affects me just as much as though the Pyes were relations!"

"What William Pye, Sr., has been through since he first got that telegram is enough to finish a man half his age. The worst of it is that I believe he is discovering that all his emotion was unnecessary. He was dictating to me when the news came and he just stared at the slip of paper and turned heliotrope. 'No son!' he stammered, 'Willie—he's married!'"

"Last row of the chorus? I asked, real sympathetic.

"I—I believe so," he said, kind of wild. "Willie says she is a beautiful girl and has given up her stage career for him!"

"I groaned, I was so sorry for Mr. Pye. 'When they give up careers,' says I, 'you may expect the worst. Especially when they make the bluff on account of any one like Mr. William—er—that is—'"

"She'll ruin him!" Mr. Pye cried, sort of desperate. "All she married him for is my money, of course! My poor boy, you don't realize what you've got into!" Then he grabs his hat and hustles home to break the news.

"Of course we were all crazy to get a glimpse of her when they blew in from their wedding trip, me keeping track of the affair in a way because Mr. Pye dictated letters to me and was so broke up he had to talk to somebody. He always spoke of Bill as though Bill were the dear departed and he seemed to have forgotten the path Bill had burned clear across Chicago when he was supposed to be settling down to business in the office.

"William was such a good boy at heart," says father, signing the letter I put before him. "He always meant well. Just a little boyish frivolity, Miss Fattershall. Perfectly natural!"

"Yes, sir," I agree. "Mr. William was sure a great frivoler!"

"And to throw away all his prospects! he kept on. 'To tie himself down for life to an empty head, a drug store complexion and a scheming, selfish nature!' It's enough to

break a father's heart, Miss Fattershall!"

"It is that," I agreed, almost crying myself. I'm of a terribly sensitive nature.

"The next morning after the bridal couple reached town who should blow into the office one minute after I had arrived at eight but Bill himself.

"Good morning, Miss Fattershall," he said, brisklike, not noticing how my jaw had dropped, and that the office boy was supporting himself against the files sort of feebly. He headed for his mahogany desk that had stood vacant for months, just as though he was actually acquainted with it, and rang for the head salesman.

"He kept up the gait all day and the next and then some. Mr. Pye, Sr., was just as overcome as the rest of us and spent three-quarters of his time staring at Bill, who wore a heavy business frown and took only fifteen minutes for lunch.

"We were all stunned with astonishment till one day the bride dropped in. I had expected a languid blonde in a moleskin coat who would request some one to breathe for her—but not Mrs. Bill. She was about as big as a minute and pretty as a peach.

"William," she says to her husband, "I'll let you off fifteen minutes before closing time today for good behavior and you may take me out somewhere for tea. But if you leave any work unfinished you've got to get down earlier tomorrow morning to catch up."

"Yes, dear," says Bill, real quick and sort of tickled to death. "I'll come if you say so!"

"All of us sat paralyzed, staring at the door through which she had led him. Then we all heaved an understanding sigh. I wish you could have seen William Pye, Sr.'s, face as I caught a glimpse of it just then—I never knew what a real heartfelt grin was before, honest!"—Chicago Daily News.

### STRAW HAT SEASON OVER: MANY ARRESTS FOR SMASHING

By Associated Press.  
New York, Sept. 12.—More than fifty youths were arrested during the night for smashing straw hats as a means of emphasizing their opinion that the straw hat season was over. In court most of them were fined five or ten dollars. The youths did most of the smashing on trolley cars.

### Fort Worth Livestock.

Fort Worth, Texas, Sept. 12.—Cattle receipts today were 1850 head. Steers steady at \$6.00 to \$6.25; Hogs 1700. Market steady at \$8.40 to \$8.65.

### To Prevent Blood Poisoning

apply at once the wonderful reliable DR. FORTYER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a liniment. 25c. 50c. \$1.00.

## You Don't Save in Buying Cheap Meat

PHONES 432 AND 232

AUTO DELIVERY

Just bear in mind the fact that when meat is cheap it is either tough and tasteless or else it is on the shady side of fresh, and in neither instance is it good economy to pay out your money for such meat, especially when for the same amount or only a little more you can get the tenderest, juiciest and freshest of meats at my meat department.

It always pays to put the best on your table.

T. C. Thatcher, W. L. Robertson.

Wichita Falls, Texas, Sept. 12, 1917

The lawyers who are defending Thaw now claim they hope to delay proceedings in his case for a couple of years, at least. That will at least give Harry an opportunity of spending some of that \$80,000 per year he gets from the estate of his father.

On a wager six French dressmakers made a stylish gown while riding on a train in twenty minutes, finishing the garment just as the train stopped. Probably that garment made by the six dressmakers was one of the kind described by a Toledo policeman, who arrested the wearer and sent her home, saying that he could find all the clothes she had on into a half-pint cup.

It has rained every day this week commencing Sunday, Sept. 7th, and the total up to the morning of the 12th was 2.34 inches, according to measurements made by Mr. George Simmons. One and three-eighths inches of the total fell yesterday. This should be sufficient for the time being, making it so that farmers who had prepared their lands before the rains fell can sow their wheat fields, in time for it to come up and furnish good winter pasturage. It is sufficient also to revive the grass in the pastures and furnish water for stock, and this of itself is a great help to the country, as pastures were dry and barren, and stockmen were being forced to ship their cattle, horses and mules before they were ready or in condition to be sold to the best advantage. As for cotton crops, farmers say that the rain is of no value; it has rather done some damage, but the good it has done in other ways will far over balance the small damage incurred by the cotton that is opening in the fields.

So far the Democratic administration is making good. The tariff question has been disposed of, and in a manner that carries out the Democratic platform demands. This leads us to believe that all other platform demands will be lived up to, and if they are it will mean prosperity and plenty to the people of the United States. That should enable the Democratic party to retain control of the government, even though the Republican and Progressive parties come together and join forces at the next presidential election in an effort to oust the Democrats. Wilson is making good. He is the only President who has ever had the nerve to go up against the Wall street gang and whip them to a cold stand-still. Other presidents could have accomplished as much, but they either did not have the courage to undertake the job, or else lacked the backing of the party that elected them. It is different with President Wilson. He has managed to retain the leadership of the Democratic party, and when it was necessary to show that he was the leader he has not hesitated to exercise his authority.

The last word in freak railroad damage suits has appeared in the court records at Waco. A man who drank too much water on a train and became sick, is suing for \$10,000. He says he was "poisoned," but as numerous other passengers drank from the same tank, and suffered no ill effects, it is evident that he drank out of an individual cup (perhaps the enveloped cup) that was unclean.—McKinney Courier-Gazette.

Speaking of "freaks" in the damage suit industry line, calls to mind a suit that has been brought at Jacksboro in Jack county. It appears that one of the railroads which runs into Jacksboro had failed to provide a drinking cup for one of the engines, and the engineer was forced to refresh himself by drinking through a rubber hose attached to the water tank on the engine. In doing this he took into his stomach a few wooden splinters that had come from the wooden water tank, and these splinters could not be removed by a surgical operation. This was accomplished, and the surgeon who performed the operation alleges that if the splinter had been allowed to remain in the man's stomach, much longer would have caused his death. This engineer is suing for \$20,000 damages, and so far as is known it is the only instance on record where suit has been entered for such a cause.

Don't miss the Tempo Trio tonight at the Lydia Margaret entertainers at the LYDIA MARGARET tonight. The crowd at the Lydia Margaret last night were very enthusiastic over the Tempo Trio. You should hear them!

Send for Texas Testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by all druggists. (Advertisement)

Gall-Rube Clayton of Lubbock recently purchased the P. W. Abney ranch, located in this county. The sale included all cattle and houses on the ranch. The property comprises 30,720 acres and sold for \$5 per acre.

TOO LATE TO CLASSIFY.  
WANTED—We don't want any boy to stay out of school; but if two or three good industrious boys that do not intend going to school will call at once we can offer them position as messenger. Western Union Telegraph Co. 5 tlc

FOR RENT—Two first class furnished rooms. Suitable for bed rooms or for light housekeeping. Opposite High School. Phone 851. 5 tlc

LOST—Friday morning, Sept. 12, between Travis and Austin, a locket and rope chain. Finder please return to 1009 Eleventh street and receive reward. Telephone 226. 5 tlc

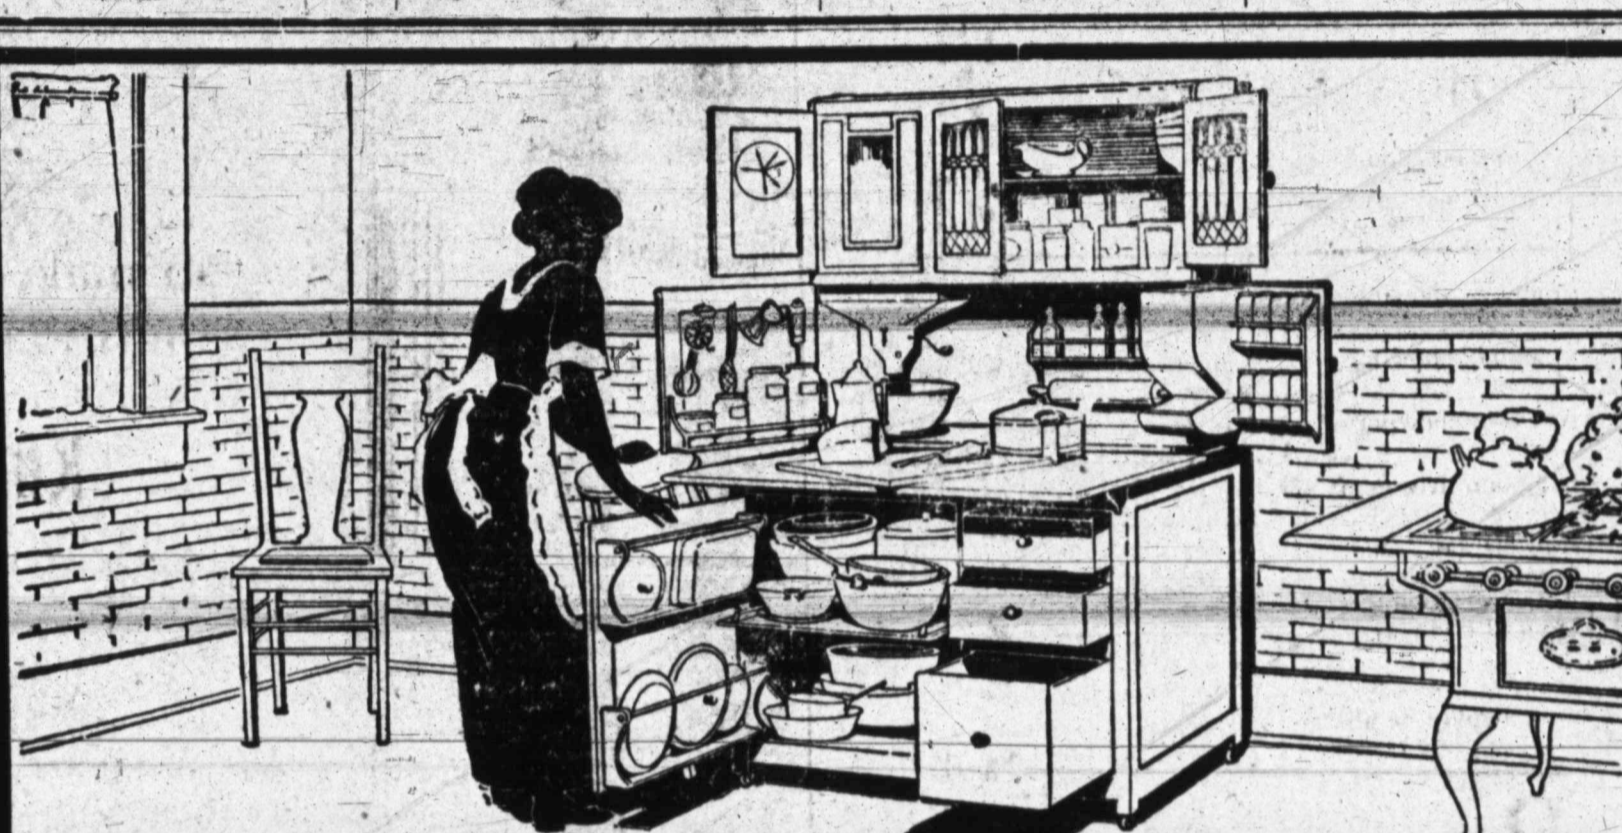

WANTED—Boarders and roomers at 601 Lamar. 5 tlc

Tyler—The local Commercial Club has succeeded in getting the city council of this place to order the installation of a white way system. The cluster lights will be used and it is the intention of the officials to have the new lights in use before the opening of the East Texas Fair on October 13th.

Waco—A Kansas City oil and gas operator of many years experience has offered to build a pipe line from the gas fields at Mexia to this city, at an approximate cost of \$500,000 if the right to lay pipe in the streets and alleys here is given. No bonus of any kind is asked.

Dr. Garrison, dentist, First National Bank building, Phone 49.

Cleburne—December, 21st to 12th are the dates selected for the next show of the Johnson County Poultry Association. This is the announcement made by President Clayton of the organization.

### How the Hoosier Cabinet Saved Miles of Steps

THIS kitchen before being remodeled caused miles of steps every day. It is 18 feet long and 12 feet wide. The table was taken out, the pantry changed slightly and a Hoosier Cabinet added. Now the Hoosier is the center of everything with a splendid light. The old pantry is the refrigerator room with outside icing.

To prepare a meal this housekeeper takes food from the ice-chest to the cabinet, where she works without a step; then to the stove and dining room. Returning, soiled dishes go to the sink then to their shelves. She has her work done in hours less time than before she had her Hoosier.

## Last Call for the Hoosier Club!

### Every Cabinet Will be Taken by Tomorrow Night

You are letting a remarkable opportunity to save money and health slip through your fingers by not investigating the club plan tomorrow, for this year not another Hoosier Club can be organized.

So many women have grasped this great opportunity to secure a Hoosier on the wonderfully generous conditions of the club plan that it isn't likely there will be a single cabinet left of our limited club allotment by 4 o'clock tomorrow afternoon.

As you certainly are going to have a Hoosier sometime, doesn't it follow that you are wasting strength and time throwing away chances for pleasure by letting this splendid opportunity slip by?

Why not make your kitchen work easy now, instead of putting in more months of drudgery?

### Makes Model Kitchen

Whether your kitchen is rather old-fashioned, or your home is brand new, you need the Hoosier to save steps.

For it alone can save you the miles of steps that you must take preparing and clearing up after meals. It combines the function of your pantry and kitchen table in one spot. It puts scientific system in your kitchen work.

With everything you need in cooking within reach, instead of put away somewhere across the kitchen, your work becomes easy.

You save hours of time, miles of steps and long hours of weary standing.

### Only Complete Cabinet

Every device that is practical for work saving in a kitchen, has been

tested by the Hoosier Company. The Hoosier Cabinet is the scientific result of all these experiments. It is the most important and complete labor-saving machine so far invented for women. It is the only kitchen cabinet that is complete.

### Only \$1.00 Puts the Hoosier in Your Home

Come early tomorrow without fail. Join the Hoosier Club, and we will deliver your cabinet and set it up in your kitchen ready to use immediately. You merely deposit the small \$1.00 membership fee, and your cabinet comes without waiting.

This \$1.00 is part of the price—the low national cash price that is not increased notwithstanding the easy conditions accorded Hoosier Club Members. Balance is payable in weekly dues of \$1.00, so you never miss the money.

This club method of purchase makes your Hoosier seem like a gift. The entire generous plan is under direct supervision of the Hoosier Manufacturing Company.

If we had many times these cabinets to offer this last day, we know every one would be taken.

But we can now supply only these few. This is going to be a lucky number for someone—you, if you get here early. Don't delay. Don't wait to make up your mind tomorrow. Decide now to be a Hoosier member and enroll first thing tomorrow. Nothing can be more important to your health and happiness than this lifetime labor-saver. Grasp your final opportunity to get one tomorrow. Make up your mind now, and tomorrow and be quick to enroll.

## GENEROUS RAINS FALL THIS WEEK

FULL TWO INCHES OF PRECIPITATION RECORDED TO THIS MORNING

### HELPS IN WHEAT PLOWING

Practically All Towns Within Radius of Hundred Miles Have Been Visited By Showers

Generous rains have fallen this week throughout this entire section of the state, filling water tanks and saturating the parched earth. Locally the rainfall for the week up to Friday morning had amounted to about two inches. A discrepancy between the government record kept by J. C. Myttinger and another record kept by George Simmons is shown. Mr. Myttinger's record shows a total rainfall for the week of a little less than two inches while that kept by Mr. Simmons shows two and three-eighths inches.

Copious showers have fallen along all the railroads leading out of this city for a distance of a hundred miles or more. Bellevue was the only place reporting this morning that there had not been heavy showers there yesterday and last night. A good shower was falling there this morning, however, and while enough rainfall to fill the railroad water tank at that place was not in sight, still there had been enough precipitation to give relief to the farmers.

For the first time since early in the season water is standing in the fields in many places in this section and the country roads are seas of mud.

The rain will aid greatly in the breaking of ground for wheat sowing and wheat sown in ground already broken will have enough moisture to give it a good start. The conditions are now favorable for the sowing of a large acreage of wheat and winter crops, and good pastures for these crops is practically assured.

### ANOTHER COMMISSION MEETING MONDAY NIGHT

Rain Prevents More Than Half of Attending Last Night and Another Call is Issued

Friends and advocates of the commission form of government will meet next Monday evening at 7:30 o'clock in the Chamber of Commerce rooms at the city hall to form an organization in behalf of their plan for the election September 27. This was decided at a meeting of a faithful few of the commission advocates last night, who braved the rain.

The meeting was devoted to an informal discussion of plans. It being decided that any definite action should await a more largely attended gathering, and Monday night was the time chosen. It is likely that some sort of organization will be formed to house the campaign. Those present last night included E. E. Huff, F. W. Householder, T. B. Noble, N. Henderson, W. T. Loun, A. H. Britton, J. W. Thomas.

**FOREIGN STUDENT DELEGATES IN WASHINGTON STUDYING**

Washington, Sept. 12.—The 104 foreign delegates to the International Congress of Students recently held at Cornell University, are in Washington today to remain until September 15 to study the system of federal government. The foreign delegates are being entertained by the American Peace Society and the Pan-American Union. Later they will visit New York and Philadelphia.

## CITY SEVERELY SCOLDED, PROMISED TO DO BETTER

Uncle Sam's Lawn, Marred By Fire Department Horse and Reprimand is Called Forth

The city of Wichita Falls will probably get off with a good scolding this time, but the next time one of the city's horses trumps over the saw at the federal building, pulls up the grass and cuts up the sod Uncle Sam threatens to use sterner punishment.

The horse was one used by the police and is kept in a stable formerly used as the city pound located on the lot adjoining the federal building. On two nights the horse got out of the stable on account of being insecurely fastened and Wednesday night it pastured on the lawn at the federal building which is the particular pride of Postmaster Bacon and is indeed a thing of beauty. Mr. Bacon very promptly notified the city authorities and at the same time reported the trespass to the Washington authorities.

The city officials have given assurances that the trespass will not happen again and are hoping that Uncle Sam will be lenient with them this time.

### CANNOT PREVENT AEROPANE EXHIBITIONS ON SUNDAY

London, Sept. 12.—The failure of King Charles the First to foresee and legislate for the advent of aeroplanes has enabled some six thousand residents of Hull and district to give the police and the local authorities the horse laugh, incidentally scores of police notebooks were wasted in taking the names and addresses of people who could not be prosecuted.

When Aviator Robert Whitehouse announced that he would be giving exhibitions at the local aerodrome on Sundays, the "uncle" gaid" of Hull also their hands in horror and put up such a squeal that the police notified aviators and possible spectators that they would be liable to prosecution under the Lord's Day Observance Act, an ancient statute of Charles I, framed to prevent the traveler from indulging in cock-fighting, bull baiting and kindred sports on the Sabbath.

Whitehouse declared that he would fly, prosecution on no prosecution, and some six thousand spectators patronized the aerodrome despite the warnings of the police, who took the names and addresses of all present. In applying for summonses, however, the police were told by the magistrates that they were neither a sport nor a pastime within the meaning of the law, and that prosecution must all. Strict sabbatarians are worth with the "Martyr King" for overlooking such an obvious form of deserting the sabbath but they remain in behalf of their plan for the election September 27. This was decided at a meeting of a faithful few of the commission advocates last night, who braved the rain.

# FIRST FALL SHOWING OF New Fall and Winter Goods

a tremendous line of new clothing, shoes, shirts, hats and furnishings for men. The new style coats for ladies and misses, underwear, hosiery, house dresses, neckwear and furnishings for women and girls. Shoes, suits and hats for boys and young men—offered at prices that defy comparison. We have been quiet for a long time, preparing our stock for a big fall business—loading our shelves with a choice line of merchandise. We take pride in the thought that Miller's Bargain Store is the recognized headquarters for low prices, that everywhere the store is known as the place where goods are marked at a lower figure, quality considered, than any other store in Wichita Falls, and this season we shall continue to impress this fact by opening the season with this choice line of goods selling at prices that will mean a 25 per cent. saving to all who buy from us.

# Miller's Bargain Store

602 Seventh Street, Wichita Falls

"MILLER SELLS IT FOR LESS"

### COUNCIL ORDERS POLICE TO CLEAR SIDEWALKS

Signs, Boards and Other Obstructions To Be Removed—Ordinance To Be Enforced

Acting on instructions from the city council, the police today ordered the removal of bill boards, boards used for the posting of restaurant menus, real estate bulletins and other obstructions not specifically exempted by ordinance from the sidewalks.

The ordinance governing these matters exempts goods displayed for the purpose of advertising when kept within thirty inches of the property line, but these goods must be removed after 9 o'clock at night. No ex-

emption was found in the ordinance for bill boards.

Many of such boards stand for weeks unused on the streets according to a report made to council and are blown here and there over the sidewalk making the sidewalks unsightly and interfering with pedestrians.

**ILLINOIS COAL OUTPUT INCREASED IN 1912**

Chicago, Sept. 12.—Production of coal in Illinois in 1912 reached the great total of 59,885,236 short tons with a value of \$70,294,378. These are the record breaking figures for the state announced today by E. N. Parker, coal statistician of the United States geological survey, who figures that the total area producing coal in Illinois, which is not generally known as a coal state, is approximately 25,600 square miles, including half of the 102 counties of the state.

### FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles. This is the only give you a clear complexion at the expense is trifling.

Simply get an ounce of othine—double strength—from any first-class druggist, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength othine, as this is the prescription sold under guarantee of money back if it fails to remove the freckles.

This company is the owner of the line between this city and Belton which it is understood will be extended to Waco and Austin. All surveys on the proposed extension have been completed and right of way secured.

## LABOR WAGES INCREASED DURING PAST SIX YEARS

Bakers Make Largest Gain, Getting Twenty-two Per Cent More With Shortened Hours

By Associated Press.  
Washington, Sept. 12.—There was a steady increase in the scale of wages paid to labor in this country in the past six years and this was accomplished in the face of a steady reduction of the working hours of labor. Statistics published today by the department of labor indicate that workmen now receive more pay for shorter hours of toil than ever before.

Bakers appear to have received the greatest increase. Their wages have risen twenty-two per cent in six years while their working days has been shortened nearly one-fifth.

### STOP TRAINS BY WIRELESS, NEW GERMAN INVENTION.

Berlin, Sept. 12.—Experiments being made on the German railroads with the wireless apparatus invented by Christopher Wirth of Nuremberg by means of which trains running at full speed may be instantly brought to a stop from the dispatcher's office, are proving highly successful. An apparatus invented by Wirth and located in the baggage car, instantly sets the brakes if a wireless signal from the dispatcher's office. It is the opinion of experts that the invention will be a great boon to the railroad companies.

PERSONAL MENTION

U. P. Goodman of Quannah, is a visitor to the city today. Mrs. S. E. Trevathan returned today from Mineral Wells, where she has been for ten days. Miss Bernice Millican has returned from a several weeks' visit with friends at Denton, Texas. Mrs. E. M. Brown, accompanied by her sister, Mrs. C. C. Huff, left today for Battle Creek, Michigan, for the benefit of her health. Mrs. S. T. Jones of Seymour, passed through the city today on his way to Chicago, where he goes to enter the McCormick Theological Seminary. Stanley Field, the Fort Worth architect, is in the city looking after some of the buildings which his firm has under construction here. Miss Constance Bryan of Stamford, spent yesterday and today in the city visiting friends. She was en route to Denton where she will enter the North Texas State Normal. Judge Jo A. P. Dickson passed through the city today on his return from Dickens county, where he has been hearing some injunction suits, to his home at Seymour. He met his daughter, Ann, here. She was on her way to Denton to enter the North Texas Normal College. Rev. S. D. Waldrop, pastor of the Southern Presbyterian church at Seymour, was here today on his way home after attending the meeting of the Panhandle Presbytery at Cleveland. He reports that this Presbytery voted yesterday to enter into organic union with the Amarillo Presbytery of the Presbyterian Church, U. S. A. S. E. Trevathan returned this morning from Wapata, Washington, where he has been looking after the picking of the fruit on his farm there. He shipped back a carload of peaches and pears which he will sell from his store here. The fruit is of superior quality and will doubtless find a quick sale.
