Plan On-the-Farm Research Work at Thursday Meeting

1959 plans on the Northwest Texas Research-Demonstration Program will be laid in a meeting in Wellington Thursday, December 11, with representatives from the three counties participating and of the Texas Experiment Station and Extension Service attending.

This is the on-the-farm demonstration program which will enter its third year in Collingsworth and Hall Counties. Wheeler County

was added earlier this year, and the name changed to Northwest Program.

The meeting will begin at 9:30 a.m. and will be held in some office of the court house, County Agent Bob Lynch said. In charge will be Lynch and Dwane Scott, co-ordinator of the program.

Research personnel from Bushland and Chillicothe Experiment Stations will attend, along with

R. J. Hilbreth, of Lubbock, co-ordinator for research in West Texas for the Texas Experiment Station; V. G. Young, College Station, state agricultural agent; Knox Parr, of Amarillo, district agent, District 1; and J. G. Simmons, of Vernon, District 3 agent.

County Agent Bob Lynch announced that if the people of the county have special problems in the field of agricultural research, or some problem that needs to be answered, they should contact him or Duane Scott, co-ordinator, or a member of the planning committee, and these will be taken up at the meeting.

Planning committee members are John Coleman chairman, Zook Thomas, John Sherman, Fred Bourland, Wood Coleman, Woodrow Wilson, C. E. Pitts, David Baumgardner and Fred Squyres.

Leslie Veach

Leslie Veach New Manager of Ritz, Bronco

Leslie Veach, with Video Theatres 13 years, has been appointed manager of the Ritz and Bronco Theatres to succeed the late Emmett Pasghore. He comes here from Cuero, where he has managed a theatre for 8 months.

He and Mrs. Veach were reared at Mangum, and had requested that they be transferred to this area.

Veach took over his duties here December 1.

He joined the Video organization at Mangum 13 years ago, when he was released from the Army following World War II. After 8 years there, he went to Enid as an assistant manager and moved to Cuero.

Veach, 35 years old, was born at Wynnewood, Okla., but was reared at Mangum. He entered the Army from there in 1940 and served in the North African, Italy, Southern France, Malta and Sicily. He received the Purple Heart and Combat Infantry Badge. Veach has been active in Lions Club, the American Legion and Veterans of Foreign Wars.

Mrs. Veach is the former Betty Jo Barrett of Mangum. They have three children, Betty Faye, 13 and in the eighth grade; Leslie Wayne, 9, a third grade student; and Sandra Jane, 7, and enrolled in the first grade.

The family is living at 1101 Amarillo Street.

Plan Electric Course at Quail

Quail Young Farmers are sponsoring an electrical short course for all interested farmers from Monday, December 8 through Friday, December 12.

Bob Jaska, specialist from Texas A&M College, will conduct the course. Jaska is assigned to work with Young Farmer and Future Chapters of the state.

The three-hour classes will begin at 7 p.m. on all nights except Wednesday. During an afternoon session, from 1 to 5 p.m., the class will do a wiring job on some farm in the Quail area, according to Frank Kennedy, advisor.

The course will be held at the ag building and the class is limited to 16. There is a small registration fee to cover cost of materials.

Delbert White is president.

Norwood Rodeo Group to Dispose of Grounds

The Samnorwood Rodeo Association was re-organized recently and seven new directors elected.

Wood Coleman was chosen from the board to be president and Ernest Schaub secretary. Other directors are Albert Oldham, Guy Lindsey, J. H. Oldham, Cecil Brown and Jimmie Jones.

The group then passed a resolution to sell at auction the rodeo pins and equipment on January 15, at 2 p.m. and deed the tract of land owned by the Association to the Samnorwood school district.

The Rodeo Association grounds adjoin the school campus.

Quail Woman Painfully Burned

By Mrs. G. T. Stephens

Mrs. Frank Coleman of Quail was painfully burned on her face, hands and arms Tuesday, Nov. 25, when she started to light the oven of her stove.

Gas had collected in the oven, and when she struck a match, the fumes exploded. Her hair was singed, but her glasses protected her eyes.

Mrs. Coleman was alone at the time of the accident.

FFA Selling Christmas Trees

Wellington Future Farmers are selling Christmas trees, with their stock already on hand. The trees are at the ag building on the high school campus.

These are a type evergreen that stays green for a long period of time, and may be had in heights of four to eight feet, Danny Garcia, vocational ag instructor, said.

Proceeds from the tree sale will be used to buy an FFA marker to be set up at the south edge of Wellington.

Youth Revival at City Church

A three-day youth revival was held at Fundamental Baptist Church, Thursday through Saturday nights, November 27 to 29.

Rev. Dennis Herring, son of the Rev. W. S. Herring, pastor, was the evangelist, while Mrs. Herring, Miss Winene Herring and Miss Gay Chance conducted the singing. The group came here from Springfield, Mo.

Christmas Event

Annual Methodist Bazaar and Dinner Scheduled Saturday

The annual church-wide Christmas Bazaar and turkey dinner of First Methodist Church will be held in the community building, Saturday, December 6.

The bazaar will feature hand made linens and other crafts, as well as baked delicacies and country produce, all with the approaching Christmas season in mind.

The dinner, always a festive event, will be served from 11 a.m. to 1 p.m. It has taken on the nature of a community Christmas party, at which friends meet and visit.

This will be a turkey dinner with all the trimmings. Bazaar committees have been named. Mrs. James Sullivan is in charge of booths, and has announced that all articles are to be brought in by 8 a.m.

Members of the Dorcas Class are handling the country produce items, while the couples class will have the toys and baby clothes; Loyalty class the linens and fancy work; Circle No. 1 of the Woman's Society of Christian Service, sweet shop; Circle No. 2, cakes; Circle No. 3, breads and pastries.

The curiosity shop will be directed by Sunday School teachers of the primary department, with each person asked to bring a wrapped package worth 50c or less.

Any woman who sews, bakes or has country produce is invited to contribute to the bazaar.

Planning the dinner are Mrs. Henry Vaughan, Mrs. J. B. King and Mrs. Jennie Holcomb.

Mrs. Bill Eller is in charge of

distributing posters, while cashiers will be Mrs. Elvis Crawley and Mrs. Lloyd Woodriddle.

Dinner music will be by Mrs. Sam Thompson and Mrs. Lynn Carter.

The senior MYF, directed by Mrs. Gorman Owens, and the Intermediate MYF will be in charge of setting and clearing the table; Mrs. G. B. Hopper will direct the serving, while the menu was planned by Mrs. Pearl Aaron, Mrs. Hopper and Mrs. Vaughan.

Men of the church, and various classes contributed the cost of the food. Mrs. Sullivan is directing the cooking of the turkey and Mrs. Emma Jones the dressing.

Mrs. Walter Franks heads the kitchen committee.

1958 Cotton Crop Three Fourths Harvested; 14,000 Bales Ginned

Collingsworth cotton growers had ginned approximately 14,000 bales of the 1958 crop by Tuesday evening, December 2, and ginner estimates that the crop is only approximately 75 per cent harvested.

This last one-fourth of the crop is dropping in grade, with a considerable amount of light spot cotton appearing, but ginner estimates are still optimistic that the growers

would realize a fair price for it. It has been a harvest season of many contrasts. The best harvesting weather in recent years has been experienced, but in some sections, especially around Dodson and Quail, gathering has been the slowest in many seasons, due to the large amount of late cotton in both areas.

Good crops in some section—up to a bale per acre on dryland fields—have contrasted with scant yields in other areas damaged by late hail storms.

There was probably more spraying for insects than in most years, but boll weevil in the Dodson area did more damage than for any other year in history.

Also the Dodson section, which usually finishes harvesting first, has not much more gathered percentage wise than the north part

of the county, and in none of Collingsworth do ginner expect the cotton to be out before Christmas.

Around Dodson, it is estimated that half of the late crop, planted after the sand storm of June 25, has been ruined by boll weevil. The quality of the remainder of this cotton is rather poor, due to weevil damage, Ed Crowder of the Farmers Co-op Gin said.

Crowder said about 30 per cent of the cotton he is getting is hand pulled, and Marvin Wynn, manager of Davis Gin, said about 50 per cent of what he is ginning now is pulled by hand.

Most of the extra good white cotton is in, and on this, the ginner said they had the best grade they ever had.

On the other hand, Crowder said the staple in that area had not been quite as long this year, for no explainable reason.

Around Wellington, the grade has begun to break only in the last few days, with a considerable amount of light spotted cotton now coming in.

Several ginner estimated about half the cotton in the Wellington area is being stripped, but added this does not appear to be hurting the grade much.

At Dozier, Dub Marchant, manager of Paymaster Gin, said dryland cotton had averaged half a bale, with irrigated cotton yielding up to more than a bale. Not many farmers are stripping their crop.

Only between a third and two-fifths of the crop around Quail is gathered, Earl Chaney, manager of Quail Gin, said. The quality is still good, but the overall yield is low, due to late summer hails that damaged a large acreage. In spots, where the cotton was not damaged, yields are good, with some dryland cotton making up to a bale per acre.

Chaney said that he hasn't ginned a bale of stripped cotton this season.

Explorers on Bow-Arrow Hunt

Seven Explorer Scouts and their advisor, Gus Allen, recently hunted deer with bow and arrow along the Washita River in Hemphill County on a week-end camping trip.

Although the boys killed no deer, they saw some.

Explorers were Jack Scott, Ronny Rudy, Delmer Duckworth, Pat Frost, Cread Hill, Randall Scott and Freddy Watkins.

Mrs. Holley Deputy Clerk

Mrs. Eldon Holley has been appointed deputy county clerk, effective Monday, December 1, Mrs. Betty White, county clerk, announced.

She succeeds Mrs. Earl Patterson, who resigned to devote her full time to her family.

Mrs. Holley has served as secretary of the First Methodist Church here, and before moving to Wellington last year was secretary of First Methodist Church, Childress.

Orrs Move to Enid, Okla.

Mr. and Mrs. Vesta Lee Orr and baby daughter, Terry Ann, moved to Enid, Oklahoma, Tuesday, November 25, where Orr will work with the J. B. Payne Engineering Firm.

He was employed here with the Greenbelt Electric Cooperative Inc. as a construction foreman. Mrs. Orr was formerly employed with the West Texas Utilities Company.

Crooks Recovering from Eye Surgery

By Mrs. G. T. Stephens

Darroll Crooks returned to his home near Quail Wednesday, November 26, after 7 weeks in the Veterans Hospital, Oklahoma City, where he underwent eye surgery.

Crooks will have to go back in about 30 days for additional treatment.

Write Soon!

Leader Will Print Letters to Santa

Santa Claus has issued his annual call to all boys and girls of the Wellington area to write him, telling what they want for Christmas this year.

These letters are to be sent in care of The Wellington Leader, and everyone of them will be published in the paper, then sent on to Santa at his north pole toy factory.

The Wellington Leader urges the children to write these letters right away—within the next week. They should be mailed or brought to the newspaper office.

All children of the area are urged to take part in this big letter writing, which has been a Christmas feature in The Wellington Leader for more than 25 years. Parents of many of the children now writing letters also had their letters to Santa published in The Wellington Leader when they were young.

Injured Monday

Quannah Contractor Dies After Fall Here

W. C. Jobe, 42, prominent Quannah electrical contractor, died in St. Joseph's Hospital at 7:30 p.m. Tuesday, December 2, of injuries received Monday afternoon in a fall.

Mr. Jobe held three electrical contracts in Wellington. He was a sub-contractor for electrical wiring on the Wellington Housing Project; sub-contractor on the new office building of the Greenbelt Rural Electric Co-operative, Inc., and he also had a contract for work at Singley Mill.

The accident occurred about 4:30 p.m. at Singley Mill.

Housing Project 97% Completed

Wellington's low-rent housing project is 97 per cent completed, as of December 1, Robert Bruce, engineer, has reported to N. M. Higdon, chairman of the Wellington Housing Authority.

As preliminary steps to setting up the schedule of maximum income for persons occupying the project, Charles G. Park, economist with the Public Housing Authority, Fort Worth, was in Wellington recently making a survey of payrolls and securing data on wages and earnings to help determine what a "low income family" is, Higdon said.

W. B. Coppage of the management section of PHA was here Tuesday, December 2, to discuss management operations with directors of the Wellington Housing Authority.

Hays Here With SCS

Tommy Hays of Jefferson has been transferred to the Soil Conservation Service office in Wellington as soil conservationist, succeeding George Hutchings, who moved to Palestine.

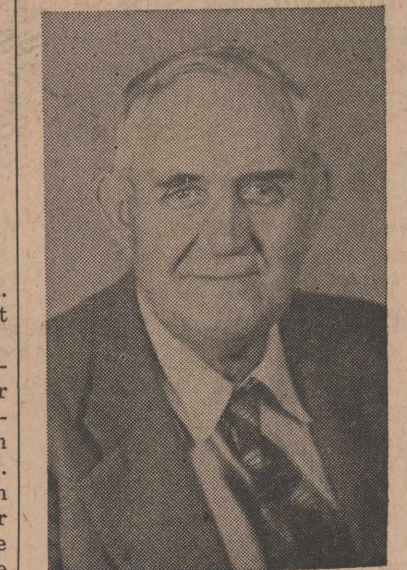

Hays began work Monday, December 1.

A graduate in agriculture from East Texas State College, Commerce, he has been with SCS five years.

Much of his work here will be with the Great Plains program, following a period of training.

Hays is married to the former Ruth Jones of Henderson, who attended North Texas State College, Denton. They have one daughter, Laura Ann, 7 months old.

The couple is active in the Baptist Church and in Jefferson he was an assistant Scoutmaster.

J. E. Warrick

J. E. Warrick Will Be Buried Here Thursday

J. E. Warrick, 77, for many years a prominent Wellington farmer, and a resident of the Frio community near Hereford since 1943, died in Deaf Smith County Hospital, Hereford at 5 a.m. Tuesday, December 2. He had suffered a stroke Thanksgiving day and his condition was critical after that time.

Funeral services were held at 3 p.m. at Frio Baptist Church with the Rev. B. H. Baldwin, pastor, officiating. Following that service, his body was brought to Wellington and will lie in state at Kelso Funeral Home from 8:30 p.m. Wednesday until 10 a.m. Thursday, when burial services will be held at West Wellington Cemetery.

Jesse E. Warrick was born November 18, 1881, in Izzard County, Arkansas, the son of Mr. and Mrs. James Warrick. His father died when he was only three months of age and throughout his life he carried more than the usual responsibilities of life.

He was married to Miss Fannie Buchanan in Sydney, Ark., on January 12, 1902, and for two years he farmed and operated a gin. In 1904 they moved to Durant, then in the Indian Territory, where he again bought a gin and mill. Many of his dealings were with the Indians, and some of his firmest friends were among them.

In 1909, Mr. Warrick brought his family to Wellington, arriving on Christmas eve in a wagon pulled by mules. They settled on the farm a mile south of Wellington, that was to be their home for 30 years.

In 1923, he established the J. E.

Permission Necessary

Game Warden Explains New Hunting Laws

A hunter must have permission from the landowner or his agent before he hunts on land, regardless of whether that land has a fence around it, District Game Warden Slim Davis said in Wellington Monday, December 1, opening day of the Quail season.

Davis was explaining hunting regulations which are operating for the first time this year. Most of these are under what is known as the "Regulatory Power to the Panhandle District," passed by the State Legislature in 1949, but clarified only by the last session of the Legislature.

Prior to this year, hunters did not have to get permission from the landowner if the land was not

fenced, Davis said. Now permission must be had to hunt on any land.

The landowner has the final say over his agent as to whether there shall be hunting on the land, or who shall hunt on it.

The bag limit has been increased to 12 birds, and after the third day, a hunter can have 36 birds in possession, not more than 12 of which were killed on the third day. The thirty-six birds applies to those a hunter has in his deep freeze, also.

"There is no open season for hunting on the public roads, and any one caught doing this will be fined on for hunting out of season," Davis warned.

President Can Start Opposing "Spenders" Beginning at Once

President Eisenhower put himself squarely on the side of governmental economy when he said, in commenting on the election results, that the people apparently didn't heed his warning against the "spender wing" of the Democratic party.

The President has been on that side before—at campaign time, notably. And during his first term in office he did make some gestures in the direction of economy and cut down governmental expenditures somewhat.

But last year he asked Congress for a record peace-time budget. This year, he asked for even more. Appropriations soared at the same time receipts were off, due to the business recession, with the result that the nation is facing a \$12,000,000,000 deficit.

Even so, Congress cut \$5,000,000,000 out of his budget.

The President apparently has awakened to the danger of rising budgets, increasing deficits and growing national debt. His statement that no project or program is immune from his determination to curb spending indicates as much.

He can implement this new determination beginning immediately. The fiscal 1959-60 budget is now in the state of formation. He has two months in which to induce the various departments and agencies to lower their sights.

For the long pull—two years of it—the President has yet another means of reducing federal expenditures. This, of course, is the veto. If the "spender wing" of the Democratic party pushes appropriations above the budget level, he can unlimber the veto axe.—The Houston Chronicle.

Real Men Are Needed

We are not a perfect nation.

Many things are needed and one of these items is a better quality of manhood—from the lowest worker to the highest. We simply need more men of industry and courage.

When news is good, we become complacent. When we hear bad news we become nervous and jittery. We like to talk about what should be done, but the men who will step out and try to improve conditions are scarce.

Stout-hearted men of high principles are needed.

What makes a man stout-hearted? Usually he has faith that his approaching task will improve society. He feels the need for action so strongly that he cannot remain on the bench. He rushes to the field, the fire of accomplishment burns fiercely and he is afraid of no competition.

We need men of vision.

These are especially rare. All of us know what to do when the game is over. Sincerity of purpose is a characteristic we need of all men who lead our schools, state institutions and governments.—Carthage (Mo.) Evening Press.

The Commissioner's Prayer

Our public servants, on the whole, are honest, conscientious and hard-working lot. They live constantly under fire from their constituents—the people who put them in office—to do something in support of their own pet peeve or project, whether it be revoking or imposing the stock law or cutting the national budget.

An amusing bit of writing was brought to our attention last week that speaks eloquently of the plight of one of our most important county servants—the commissioners.

The writing, entitled "The County Commissioner's Prayer," reads like this:

"Lord bless now the commissioners of our counties. Grant us greater wisdom than Solomon, greater patience than Job, greater strength than Samson and greater courage than Daniel.

"Help us to build all the roads and streets the inhabitants of our districts request, and build them without any road tax; help us give an abundant amount for all public requests and satisfy all the inhabitants of the districts; and after doing all these things, help us reduce the tax rate.

"We do not complain of our duties. We asked for them and got them, but there are times when we need outside help and need it badly.

"And then after being defeated at the polls or retiring under pressure, give us strength to stand up and take the criticism of those who have never done anything for local county government."—Citronelle (Ala.) Call.

LOOKING AHEAD

by Dr. George S. Benson

INFLATION — A MAJOR DANGER

Inflation can be more damaging and destructive to a nation's people than war—even H-bomb war. This is a fact difficult for people to accept, and that makes inflation all the more dangerous; for unless people are frightened of the consequences of inflation they will take no effective action to halt it. Today in the United States, continuing "modest" inflation and the threat of wild, runaway inflation constitute one of the major dangers to our prosperity, our freedom and even to our survival.

There are many grim lessons in history on the destructive power of inflation. Despots have deliberately debauched the currency to gain dictatorial control over a nation's people; bloody revolutions have been brought on by conditions of wild inflation; and in nation after nation the value of monetary wealth has been wiped out by inflation, leaving a whole population prostrate. No condition could be of greater value to the Communist leaders plotting to conquer the world than runaway inflation in the United States.

Our 48-Cent Dollar

The fact that since 1939 inflation has gradually eaten away 52% of the dollar's purchasing power should alarm and alert every American citizen; but unfortunately it hasn't. The fact that inflation has continued each month through 1958, in spite of a substantial "recession" in certain areas, should move citizens into counteraction; but it hasn't. Many actions that feed and expand inflation, and over which citizens could exercise a controlling influence, are continuing.

It is vitally necessary for the people of America to understand inflation, its principal causes and some of the more dramatic examples of its effects. It is vitally necessary for them to act intelligently to cope with this expanding danger. Inflation is caused by the existence of more money in the market place than there are goods to satisfy, the demands. The over-abundance of dollars in ratio to goods cheapens the dollars; each dollar's purchasing power is reduced. Government spending, higher wages without bigger man-hour production, expanding public and private debt, and other related factors bring about the cheapening of money which is called inflation.

Recent Example

In succeeding columns we will discuss in detail these factors which have become serious inflationary realities in recent years and what citizens can do about them. Meantime, your individual stake in continuing inflation can perhaps best be understood by recalling what happened in Germany

in the 1920's. At the end of World War I, the Socialist Party wielded the dominant influence in the new German government. German debts and stiff reparations had to be paid largely in goods, while domestic demands for goods were tremendous. Commerce was rigidly controlled but the government permitted currency to become abundant while goods were scarce.

Destruction By Inflation

By July of 1923, 160,000 marks were required to equal a dollar's purchasing power.

By October, 1923, it required 242,000 marks to make a dollar.

By November 26, 1923, the marks were valued at 4,200,000,000,000 to the dollar. A newspaper in Berlin sold for 200 billion marks per copy. There was an actual case of a young German being left an inheritance of 650,000 marks in 1920 (worth \$65,000 at that time) with the provision that he would receive it at age 21. He became 21 in mid-1923. With his entire inheritance he was by then able to buy only one skimpy meal.

Similar runaway inflation occurred in Germany after World War II. This time the government and the economy were rigidly controlled by the Allied occupation forces. They permitted the circulation of too much currency in ratio to goods and services available. The German mark became worthless. Widespread chaos followed. It is noteworthy that in both of these inflationary periods, government social security became worthless. Only the personal attributes of self-reliance, resourcefulness and spiritual faith had genuine security value.

Twelve school fires occur daily.

★ REPORT

Dear Editor:

I see where the Army is starting in again to give its recruits bayonet practice, after having dropped this subject from the course of study a couple of years ago.

My logical neighbor says this seems like a shrewd move, being as H-bombs, missiles and money are very good for adjusting the viewpoint of foreigners but a little expensive to use in ironing out domestic differences.

Says, after all, when it comes to persuading a neighbor that you know best how to run his business, a bayonet is very effective, especially if he hasn't got one.

I see where a couple of auto makers are arguing over the matter of which put tail fins on their cars first.

But my neighbor who still drives an old non-dynamic, droopy-tailed car with only two headlights and one owner, says he is not in favor of prosecuting the guilty party even if he is tracked down.

Says after all these sheet iron flippers are just for show and don't tend to misrepresent the merchandise like extras on other items, such as padded shoulders and rubber bosoms.

I see where a highly degreed after dinner prophet says that by the year 2000 the work day will be down to two hours.

Which my salt mine neighbor says must be some kind of capitalistic propaganda to undermine labor's hard-earned freedom.

Says he has figured it out and being on the job only two hours per day wouldn't give him time for his regular coffee breaks and to catch up with Li'l Abner and the sports news in the reading room.

I note it claimed that sometimes when a citizen disagrees with a government wheel he all of a sudden commences to have trouble about his income tax.

Which my crafty neighbor says is logical, on account of when the Revenuers are looking around for another victim to harass, they naturally pick on folks with expired influence.

Says he figures that some day only Democrats will pay taxes when Republicans are in power, and vice versa, and if a man is fast enough on his feet he can enjoy a happy and tax-free life.

My historical neighbor says Congressmen will soon join the dodo as an extinct species, being unnecessary now that the courts and

I see where an auto manufacturer has put out a news release with pictures and detailed instructions on how to get into and out of his new 1958 models.

But my old-carred neighbor says this is not one of his problems since his last brush with the Internal Revenuers.

Says, though, if he could own one of these street-sweeping 1959s, he couldn't worry about getting into it, but he'd be a little uneasy about it might wear out the seat of his pants on the pavement.

Camp Fire Girls Work Planned

The directors of the Camp Fire Girls Council met Thursday night, November 20, in the Junior High School Library with Frank Weir presiding.

It was decided that the annual Camp Fire Girls' candy sale would begin Thanksgiving Day, November 27. Proceeds remain in local groups and with the local council to promote Camp Fire activities in this area.

Plans were made for the annual council meeting to be held in January. The date and program will be announced later. Sam Thompson, vice-chairman, will be charge.

There are 87 girls registered with the council: six groups of Bluebirds and two Camp Fire groups. Girls from the second through the fourth grades are eligible to belong to the Bluebird groups and girls from the fifth through the eighth grades are eligible for the Camp Fire groups. There are no Horizon groups for older girls in Wellington now. The council is striving to promote a larger Camp Fire program here since there is no other activity similar for girls of this area.

Adequate, well kept exists are a major factor in preventing life loss in fires.

Early Christmas Mail Asked by Post Office

Postmaster Charles Allen said today, "Christmas may be quite a way off, but nevertheless, we're starting our annual 'Mail Early For Christmas' Campaign immediately, because there's every indication that the 1958 Christmas season will set an all time mailing record."

The Postmaster said further that now is the time to plan your Christmas card and gift mailings. The first thing to do is to check your Christmas card list very carefully—make sure that each address, particularly on mail to larger cities, includes full name, street and number, city, zone and state.

A little advance planning can save a lot of headaches when the Christmas rush is on. It is suggested that you stock up now on heavy wrapping paper, sturdy corrugated cartons, strong cords, and

paper adhesive tape, for use in securely packing and wrapping your Christmas gifts. Remember, also, that you can include your Christmas card or letter inside your gift package if you'll just add the appropriate First Class mail stamps to the package for the package itself.

Be sure to use only First Class four cent, or seven cent Air Mail postage on your Christmas cards. All cards sent by First Class mail may include a personal handwritten message, whereas a signature only is authorized on cards that are mailed at the three cent Third Class rate.

Brother of City Man Dies

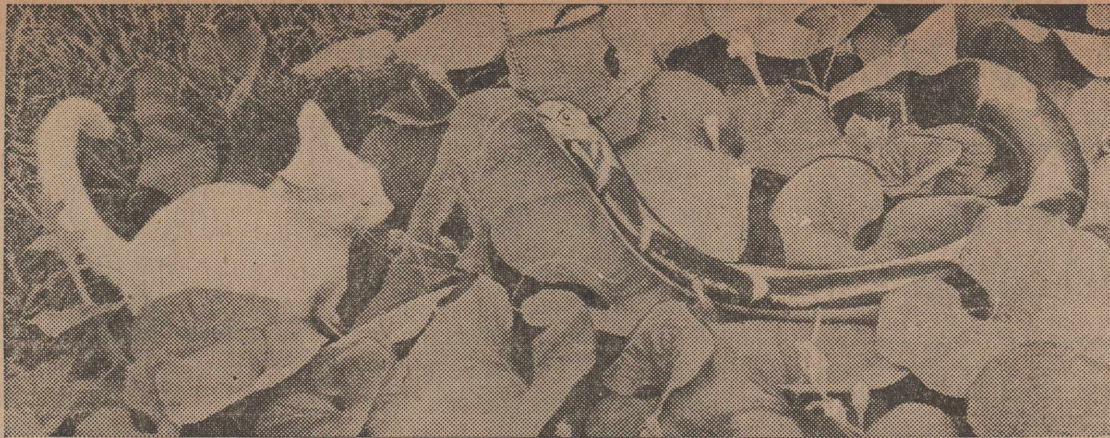

A former county man, Paul A. Neely of San Diego, California, died Friday, November 21, and was buried there Wednesday, November 26.

Services were conducted by Rev. B. E. Powell, formerly of the Arlie community and son of Mr. and Mrs. John Powell, and the Rev. Earl Patrick, in the Greenwood Mortuary.

Neely was born here March 3, 1903 and lived here 38 years until 1941 when he moved to San Diego. He was employed by the Rohr Aircraft Co.

Survivors are a wife, Velma, one son, Cecil Ray, San Diego; one granddaughter, three sisters, Mrs. Ruth Brown and Mrs. Ruby Ledbetter, Samnorwood, and Mrs. Ora Hardcastle, Wheeler; two brothers, Frank Neely, Carlsbad and Bill Neely, Wellington.

Those attending the funeral from this area were Mr. and Mrs. Bill Neely, Mrs. Brown, Mrs. Ledbetter and Mrs. Hardcastle.

Pair Charged in Check Case

Charges have been filed against Two Sayre, Oklahoma, in connection with a forged check given at Lucky Corner Station, Sheriff John Rainey reported.

A charge of forgery was filed against Bill Bland, 22, and a charge of passing a forged check against Freddy Ashley 19.

Sheriff Rainey said the men took a lie detector test in Amarillo and following the test admitted they passed the forged instrument.

The sheriff added that the two burglarized a beer joint at Texola and stole a number of checks. They raised one check from \$1 to \$5, and forged another check on Kersten and Neeley here.

The two also admitted entering the old White Service Station at Riverside and attempting to remove a refrigerator unit; entering the house immediately south of

Mrs. LaDwain Bowen

Home Ceremony Unites Donna Lewis and LaDwain Bowen November 28

The home of Mr. and Mrs. Carthel Lewis was the setting for the wedding of his sister Miss Donna Sue Lewis and LaDwain Bowen of Hart Friday, November 28, at three o'clock in the afternoon, before members of the couple's immediate families.

The bride is the daughter of Mr. and Mrs. George Lewis of the Kelley community. Mr. and Mrs. Earl Bowen of Wellington are the bridegroom's parents.

Rev. Berkley Sorrelle of Clarendon performed the double ring ceremony.

Members of the Wedding party stood before an arch of foliage, with candelabras holding lighted tapers and baskets of bronze chrysanthemums on either side. A prie dieu beneath the arch completed the arrangement.

Mrs. Lynn Carter played the wedding music and accompanied L. B. Bratten as he sang "Because" and "The Lord's Prayer."

Mr. Lewis gave his daughter in marriage.

The bride's dress was of white lace over satin, designed with an empire waistline and matching lace jacket with tapered sleeves and high-fitting collar. The skirt was street length. She carried a bouquet of a white orchid surrounded by white chrysanthemums, placed on a white Bible.

Miss Elouise Bowen, sister of the bridegroom, was maid of honor. Her dress of bronze taffeta was similar in style to the bride's, and she carried a colonial bouquet of bronze chrysanthemums tied with yellow satin streamers.

Thomas Kutch of Rule was best man, and the ushers were the bride's brothers, Carthel Lewis the Tommy Lewis.

Mrs. Lewis chose for her daughter's wedding a black crepe dress with white trim and black accessories. Mrs. Bowen wore a black suit with white accessories. Both had corsages of white carnations.

A reception followed the ceremony. The bride's bouquet provided the centerpiece for the linen-covered serving table. Mrs. Tommy Lewis served the wedding cake, while Miss Bowen poured. Mrs. Carthel Lewis registered the guests.

As the couple left for their new home at Hart, the bride wore a flecked blue wool chemise suit with black accessories. Her cor-

Mrs. Gayle Pyeatt Honored at Quail Friday with Bridal Shower

By Mrs. G. T. Stephens

Mrs. Gayle Pyeatt, the former Miss Nancy Stephens, was honored with a bridal shower Friday, November 28, from 4 until 6 p.m. in the Quail Home Economic Cottage.

Hostesses were Meses. Tom Crabtree, Pat O'Hair, Fred Bourland, Pat Pebley, Obie White, Warren Carter, Alex Shields, J. W. Canada, Frank Coleman, Ople White, Ira Morgan and Chester White.

Miss Patricia DePauw cousin of the bride, registered the guests as they arrived. The registration table was covered with a white linen cloth centered with an arrangement of pink carnations. Corsages of white carnations were

presented the bride, her mother-in-law, Mrs. Owen Pyeatt and her mother, Mrs. G. T. Stephens, by the hostesses.

Miss Almeda Tidwell played the piano intermittently during the evening.

The serving table was laid with a white linen cloth centered with an arrangement of fall flowers and leaves which had been sprayed in gold and silver. Crystal and appointments were used to serve the punch and squares of white cake decorated with pink rose buds and green leaves. Mrs. Howard Eilevins poured the punch. The gifts were presented to the bride by Patti Carrol Holton and Margie White. Approximately thirty-five attended or sent gifts.

Nancy Stephens Weds Gayle Pyeatt in Quiet Mid-November Ceremony

In a quiet ceremony performed in Amarillo Friday, November 14, Miss Nancy Stephens of Amarillo became the bride of Gayle Pyeatt of Clarendon.

The bride is the daughter of Mr. and Mrs. G. T. Stephens of Quail, while the bridegroom's parents are Mr. and Mrs. Owen Pyeatt of Clarendon.

Mrs. Pyeatt is a graduate of Quail high school and Clarendon junior college. She played basketball four years in high school and received a basketball scholarship to CJC, and while a member of that college team, she played in the national tournament in 1956. At the time of her marriage she was a bookkeeper in Duffy's Studio, Amarillo.

The bridegroom also was graduated from Clarendon Jr. College and spent four years in the Navy. He now operates a garage in Clarendon, and the couple will their home in that town.

Care of Christmas Turkey Discussed for County Homemakers by Miss Potter

It's time to be thinking of that Christmas Turkey, Miss Kathryn Potter, county home demonstration agent, reminded homemakers this week.

She passes along a reminder that sanitary handling and proper storage are of utmost importance to the safety, appetite appeal and flavor of meat.

Uncooked turkey should be wrapped loosely in aluminum foil or waxed paper and stored in the refrigerator at 36 to 38 degrees F. Whole birds may be kept this way for three days; cut-up turkey for two days.

Whole cooked birds without stuffing, such as barbecued turkeys, should be refrigerated at 36 to 38 degrees F. Wrapped loosely in foil or waxed paper, they may be kept up to three days.

Proper care of left-over stuffed roast turkey is especially important. Specialists suggest removing all stuffing from the bird. Wrap meat and stuffing separately in waxed paper and store at 36 to 38 degrees F. Use gravy and stuffing within one or two days and heat thoroughly before serving.

Questions are often asked on freezing uncooked stuffed birds. This is definitely not recommended by specialists.

It is best to thaw a frozen bird before roasting it, specialists say. To do so, loosen the wrapping, but leave it on, and place turkey in the refrigerator to thaw. This may take two days or more depending on size of the turkey.

Try Half Turkey

Do you feel your family is too small for a big Thanksgiving turkey?

Try a half or a quarter turkey this year, extension foods and nutrition specialists suggest. . . . It will cut down roasting time and you won't have the problem of leftovers.

Here are directions for roasting a half or quarter turkey.

Rub the cut side with salt. Skewer skin to meat along cut edges to hold the skin and meat together during roasting. Tie the leg to the tail piece and tie a cord around the breast to hold the wing flat.

Place the bird, skin side up, on a rack in a shallow pan. Grease

with cooking fat and cover with a fat-moistened cheesecloth. Baste during roasting. Set oven for 325 degrees.

Here is a guide for roasting times:

3½ to 5 pounds — 3 to 3½ hours
5 to 8 pounds — 3½ to 4 hours
8 to 12 pounds — 4 to 4½ hours

Prepare your favorite stuffing as usual and bake in a greased pan or casserole during the last one or one and one-half hours of roasting time. To perk up the stuffing, baste with pan drippings or giblet broth.

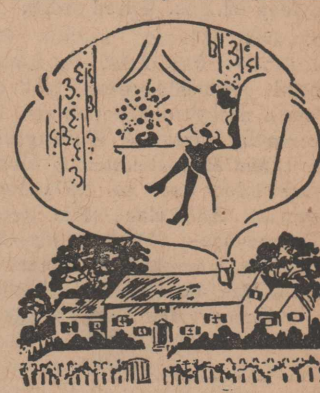

Francis Drake Holiday Hostess

Miss Francis Ann Drake was hostess at an open house for college and high school friends Friday night, November 28.

Fruit and candles were combined to form the Thanksgiving motif used in decorating the entertaining rooms.

Approximately 30 friends called during the evening.

Miss Drake, a freshman in the University of Texas, visited her parents during the holidays.

THE MOST BEAUTIFUL WEDDING OF THE YEAR

They're married in style and luxury! The Thunderbird and the new Ford Galaxie.

Announcing THE NEW FORD Galaxie

Just Married in Style to the Thunderbird!

It's the newest and most exciting of all the 59 Fords—the elegant new Galaxie. A bright new personality in cars — and more. The Galaxie is a full "fine car" 6-passenger expression of Thunderbird grace, spirit, style and luxury in an altogether new line of Fords. The Gal-

axie, as you'll quickly see, is as wonderfully all-the-way Thunderbird as a low-price Ford can be.

Reception now—you are invited. You are cordially invited to come and see the Galaxie and the very full measure of elegance it brings to the low-price field.

True, Ford owners are accustomed to luxury—and at the low Ford price. But never in any Ford—nor in cars costing far more—have you seen anything as sweet, smart and glamorous as this! Come see Ford's new Galaxie today . . . and bring the entire family.

You'll want to honeymoon again in a

Season Right on Commandments of Hunting

These "Ten Commandments of Hunting" were first published by the Nevada Game Bulletin and have been widely copied:

I.—Thou shalt not employ others to kill thy game for thee, nor count game killed by others.

II.—Thou shalt speak to the farm owner of land in a gentle grace, and kindly entreat him to let thee hunt on his premises, lest he boot thy north end from his domain.

III.—Point not thy gun toward any living thing thou dost not wish to kill. Lo, there are fools and idiots wandering to and from on the earth, but he who fails to observe this rule is verily the King Imbecile.

IV.—Shoot not thy gun toward any cattle, swine, or farm livestock within one-fourth mile of thee. If thou shalt disobey this, the farmer will jab thy pants with his pitchfork till thou roarest for help, and thereafter must eat thy meals standing.

V.—Unload thy gun before thou enterest an automobile. Then may thy days be long and thy funeral postponed.

VI.—Take not thy gun by the muzzle to draw it toward thee. Verily, some foolish human may love thee, and why shouldst thou die?

VII.—Look not into the muzzle of thy gun whether it be loaded or empty. An empty gun shooteth out an inquiring eye, and the undertaker groweth rich thereby.

VIII.—Thou shalt not carry thy gun cocked. Thou art a mighty hunter, but the hides of thy friends will not turn shot.

IX.—Climb not fences with thy gun in thy hands. Put thy gun through first with the muzzle pointing away from thee and all living things. Better to miss a chance at one crow than to return to thy house with guilt in thy heart and thy friend's hind leg in a basket.

X.—All these rules thou shalt obey and live past threescore and ten. If thou failest, thou shalt sleep in thy coffin or in thy prison cell while thy mourners go about the street.—Nevada Game Bulletin.

More accidental deaths occur in the bedroom than anywhere else in the home, according to a study reported by the National Safety Council.

Dodson Splits Double Header

BY KAY NORMAN

The basketball teams from Dodson and Reed split a double-header on Friday night, November 21, 1958, when Reed teams visited Dodson. The Dodson girls won a 47-30 victory over the Reed girls. It was the fifth win for Dodson who has not lost a game this year. The starting line-up for the girls was Melva Miller, Zenith Swift, and Eldmira Hernandez—forward; Gaye Ford, Mozell Lemons, and Ruby Morrison—guards. Zenith Swift, captain, and Eldmira Hernandez led Dodson's

scoring attack. Swift scored 19 points and Hernandez scored 18. Key Norman, an A-team guard, was unable to play due to a knee injury.

In the second game the Mustangs dropped a 45-39 decision to the Reed boys. It was a rather unusual game due to the fact that Dodson had only four players left on the court at the end of the game. Sickness reduced the Dodson team to only eight players before the game began, and Dodson lost four players because of fouls. At the end of the game, Roger Painter, Ralph Webb, Eddie Hunt, and Albert Motenbocker were left. Benson Hernandez was high-point man for the Mustangs with 10 points.

Farmers Can Make More Money in Meat Type Hogs

"If you raise hogs for market, meat-type hogs will make you more money", says County Agent Bob Lynch. "The more muscular hogs cost less to produce, command top price on the market and provide the kind of pork the average consumer demands."

Tests show that meat-type hogs gain just as rapidly as fat-type hogs and at a feed saving of approximately \$1.00 for each 200 pound hog. The larger percent of high value pork cuts in meat-type hogs makes them more desirable to buyers.

Over 60% of the total value of a hog lies in the four lean cuts: the ham, loin, Boston butt and picnic. These are the cuts which the present day consumer demands. On a live weight basis, meat-type hogs produce about 34% to 37% in the four lean cuts, while some fat-type hogs yield 30% and less.

Lynch says, "This meat-type hog can be produced by selecting gilts and boars that have adequate length, a thirty inch carcass on a 200 pound hog. They should have thick, muscular conformation, with just enough fat at market weight to insure carcass firmness and give quality and flavor to the cuts. They must come from sows

that farrow and raise large litters of big pigs, be fast growing and able to convert feed into pounds of pork at an efficient rate."

Producers should aim for goals of 9 or more pigs per litter, 100

pounds of live hog for 325 pounds of feed and hogs ready for market at 200 pounds in 5½ months.

The finest ride
you've ever known

... starts with the wonders of wide-track wheels

You get the solid quality of Body by Fisher.

ONLY CAR WITH WIDE-TRACK WHEELS

... acclaimed by experts as the year's top engineering advance! The wheels are moved out 5 inches for the widest, steadiest stance in America—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. Pontiac gives you roadability no narrow gauge car can offer!

You've never known a car to ride so smoothly or handle so surely ... because no car was ever built like this before. And that wide, solid stance is only the beginning. Engineering's hottest team really poured it on to produce this one for you: There's a great new Tempest 420 engine to give you the most breath-taking performance on wheels ... or, if it's extra economy you're after, Pontiac has, at no

extra cost, a new V-8 companion, the Tempest 420E, that actually delivers better gas mileage than many smaller cars with so-called "economy engines." There are great new True-Contour Air-Cooled Brakes for smooth, safer stops. And inside, seats wider than a sofa! Come on in and see for yourself. And remember, your quality Pontiac dealer displays the manufacturer's suggested retail prices on every new Pontiac!

PONTIAC MAKES V-8 HISTORY! A Pontiac Tempest 420E has set a NASCAR sanctioned and supervised 2,442 mi. coast-to-coast economy mark on regular gas—only 11½¢ per mile at an average speed of 40.2 m.p.h.!

Homemaker of Tomorrow Tests Given Tuesday

Senior girls of Wellington, Quail and Samnorwood joined others throughout the United States in taking the "Homemaker of Tomorrow" tests Tuesdays, Dec. 2.

The school winners will be announced early in 1959, Mrs. Dee Coleman, Wellington homemaker instructor, said.

By taking a homemaker knowledge and attitudes test, they will compete for \$106,000 in college scholarships and an educational tour which this year includes the middle west in addition to historical sites in the east.

Enrolled in the Betty Crocker Search for the American Homemaker of Tomorrow this year are 349,150 girls from 12,260 schools. This is the largest number of participants in the five-year history of the scholarship program. Growth has been steady since 1955 when 187,463 girls in 8,040 schools participated.

The 1959 All-American Homemaker of Tomorrow will be announced in Minneapolis April 10 at the American Table Dinner in the Leamington Hotel's "Hall of States". She will be selected from among 48 state Homemakers of Tomorrow and the representative from the District of Columbia, each chosen in a written 50-minute examination which will be administered in the schools Tuesday.

Minneapolis replaced New York as this year's finals site to permit the homemaker representatives from every state to visit the new Betty Crocker Kitchens located in the home of General Mills, sponsor of this program. The state winners and their school advisors will travel to Minneapolis after six days of educational sight seeing in Washington, D. C., colonial Williamsburg, Va., and New York City.

The All-American Homemaker of Tomorrow will receive a \$5,000 scholarship. The runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth-place winner a \$2,000 scholarship. Each of the other state Homemakers of Tomorrow will receive a \$1,500 scholarship and the runner-up in each state will receive \$500 toward her college education.

The immediate objective of the 349,150 participants in this coast to coast homemaker program will be naming the Homemakers of Tomorrow in each participating school. The school winner's paper will then be entered in state competition. The test is designed and judged by Science Research Associates.

Each school Homemaker of Tomorrow will receive a homemaker pin which represents the slogan, "Home is Where The Heart Is". The school of each state winner will receive a set of the Encyclopedia Britannica.

Mr. and Mrs. Grady Van Pelt had their four children and their families home for the holidays, including Mr. and Mrs. James Van Pelt and sons of Memphis; Mr. and Mrs. Olan Alexander and children of Plainview; Mr. and Mrs. Newell Van Pelt and baby of Clovis, N. M. and Don Van Pelt, student in North Texas State College, Denton.

Billy Frank Agee, a student at North Texas, Denton, was home over the Thanksgiving holidays with his parents, Mr. and Mrs. J. C. Agee. Other guests in the Agee home Thursday were Mr. and Mrs. Glover of Childress, Mrs. Agee's parents.

Rats Can Ruin 1959 Quail Crop

"We have the biggest quail crop we have had in 15 years, but we stand the biggest chance of losing next year's quail crop that we have in the last 15 years," Game warden Slim Davis said in Wellington Monday, Dec. 1.

This menace comes from the rats, he pointed out.

"We have more field rats and field mice, and rats eat the same weed seed as quail. By February 1, the ground will be cleaned of seeds by the rats, and if we have any quail next year, we're going to have to take care of the birds during February and March," he continued.

Davis said the best way to clear out rats is to let the coyotes and skunks alone, since both are natural enemies to the rodents. He pointed out, however, that when a coyote becomes a menace to a farm chicken yard, it does have to be destroyed.

Quail Annual Staff Named

Members of the Quail high school annual staff, coming from the senior class, were named recently.

Editor is Annell Lacy, while Cleta Kennedy is business manager; Doris Blasingame copy editor; Billy Moseley art manager; Donald White and Don Langford, photos; Lynda McGill, sports editor; Neal White, feature editor; Willie Newman and Travis Cummings, advertisements.

James Frederick LeDerer, student in Southwestern School of Medicine, Dallas, came for Thanksgiving with his parents, Mr. and Mrs. Fred LeDerer. He returned Sunday.

Holiday guests of Mr. and Mrs. Elvis White were Mr. and Mrs. Harold Johnson of Seminole. The couples were friends when both were at San Augustine.

Marriage Licenses

Mike E. Cortez and Miss Margaret Jamie Gonzales of Harmon County, November 25.

Sidney Edmon Raper and Miss Jo Anne Ogletree of Collingsworth County, November 22.

Church Supper at Dozier

A Thanksgiving supper was held for members of Glen Davis Memorial Methodist Church at Dozier Wednesday evening, November 26, with the Rev. Dale Swain, pastor, in charge.

Rev. Swain gave the devotional, a vocal solo was given by Mrs. Don Ward and a duet by Mr. and Mrs. James Murry. Sonna Murry gave a Thanksgiving reading. Two films followed, "Giving Thanks at Thanksgiving," and "How and Why We Worship."

Approximately 50 attended.

Quail Science Club Formed

A Pre-Freshman Curiosity Club for the study of science has been organized at Quail school, with Jimmy Crooks chief.

Other officers are Paul Baker, assistant; Paul Boyce, chief health officer; Jenny Ann Kennedy assistant health officer; Jamie Ross, chief of observers; Billy Cummings, Len Baker, Billy Lindsey, Rita Moody and Phillis Riley, assistant observers; Dean Johnson, chief of scientific methods; J. C. Saunders, assistant of scientific methods; Barbara Tyler, chief of records and Richard Keller, assistant.

Vehicles Hit at Intersection

Neither driver was hurt, but both vehicles involved in an intersection collision received considerable damage early Friday, November 28, Sheriff John Rainey has reported.

The accident occurred at the corner of El Paso and 7th Streets, and involved a 1953 Dodge driven by Auturo Mora Serna, Jr., and a county-owned pickup driven by R. L. Johnson, county employee.

Both vehicles had considerable damage, the sheriff said.

G. C. Belew of Alamagordo, N. M., visited last week with his sister and family, Mr. and Mrs. J. L. Alexander and children, at Lutie. The entire group then went to Lorenzo to visit the Alexander's older son, Mr. and Mrs. Billy Ray Alexander.

Right of Way" Rules Get Interpretation

Possibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection. In reality, however, these rules are quite simple.

In trying to understand the laws regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own.

Obviously, however, in many cases one driver or the other will be legally entitled to the right of way. When it becomes necessary to determine right of way in a particular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored.

But when two automobiles are an equal distance from the intersection, that one approaching from the other driver's right normally has the right of way.

Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already in the intersection. However, don't depend too much on the other fellow's courtesy, and be sure to keep a "proper look-out" and your car under "proper control," as explained in an earlier column.

At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through street but not already in the intersection.

However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to be able to see your signal and slow down to allow you to turn with safety to all concerned.

Stay in the inside lane until your left-hand turn is entirely completed, and only then move gradually over to the right-hand lane if you wish. When turning right, stay in the right-hand lane at all times. Do not swing wide into the center lane, as to do so

Dodson Wins Over Arnett

The Dodson High School Basketball Teams continued their winning streak by beating the Arnette Indians twice on Friday, November 14. In the first game of the night, the girls from Dodson downed the Arnette girls by a score of 57-47. It was the fourth win for the Dodson girls who have not been defeated this season.

Melva Miller led the Dodson cagers in scoring with 22 points. Eldmire Hernandez was next with 18 points, and Zenith Swift scored 17 points.

In the second game, the Mustangs stampeded past the Indians by a score of 56-40. Arnette led by one point at the half; however, Dodson outscored the Indians by 17 points in the third quarter and managed to retain their lead for the rest of the game.

Benson Hernandez and Joe Lennon were top scorers for Dodson with 23 and 17 points respectively, and McDaniel set the scoring pace for Arnette with 14 points. All members of Dodson's traveling squad saw some action in this game; although, the five starting players lasted nearly all of the contest.

County Tops in Percent of Bond Sales

Collingsworth County heads the list of counties in District 2 in the percentage by which the Saving Bonds goal had been exceeded by the end of October, E. L. Green, chairman, has announced.

The sales of \$159,422 represent 122.6% of the goal for the year, set at \$130,000. Wheeler County is a close second with 122.1% raised, although both the quota and the total sales are above those of Collingsworth.

During the month of October, bond buyers of the county purchased \$8,318, according to John Forbis, chairman.

Other counties of the district, with the amounts of October sales, cumulative sales, 1958 goals, and per cent of goals, listed in that order, are:

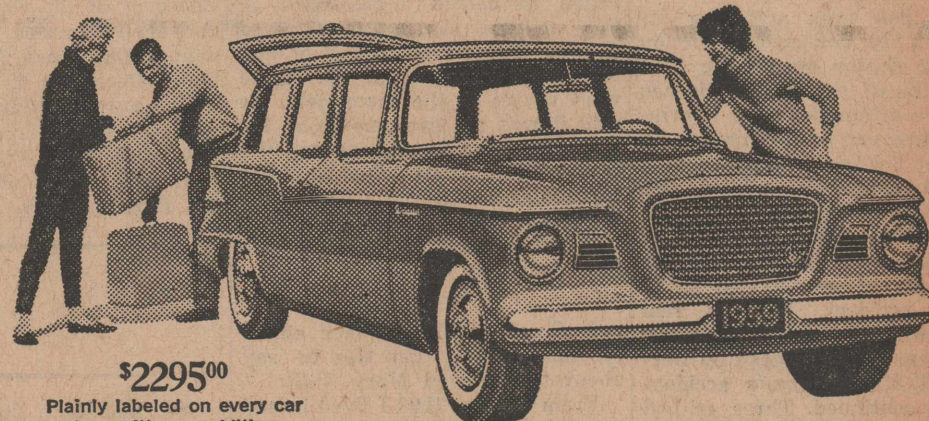

Donley: \$5,089; 110,263; \$132,000; 83.5%.
Gray: \$30,485; \$567,916; \$754,000; 75.3%.
Hempill: \$14,912; \$157,538; \$189,000; 83.3%.
Lipscomb: \$15,488; \$316,329; \$268,000; 118%.
Ochiltree: \$62,517; \$540,435; \$60,000; 117.5%.
Roberts: \$1,959; \$19,255; \$21,000; 91.7%.
Wheeler: \$12,020; \$211,294; \$173,000; 122.1%.

Deck's DIDACTICS

—By Deskins Wells

The Christmas lights are on in Wellington and most of the store windows have the holiday look and a very pleasing sight it is. Several stores report that the Christmas buying has been brisk for the past two weeks and really began to pick up this past Monday. Wellington is still somewhat of a Saturday town; but the Christmas buying is done mainly in the first part of the week.

Texas has been achieving its goal of a 10 per cent reduction in traffic deaths during the first ten months of the year. This has been done although travel has increased two per cent. This has an important bearing on our economy inasmuch as traffic accidents effect insurance rates, repair bills, hospital bills and many other things that have to do with the pocketbooks of people who never have an accident. But the real winners will be 254 Texas people. All of them would be dead by December 31 if last year's accident rate had continued. Three critical weeks remain. The death rate increases tremendously during the Christmas and New Year season.

If things go well, I will be off this Friday to attend a banquet in Austin honoring Prof. Paul J. Thompson who has retired as head of The Journalism School of The University of Texas. He has devoted many years of work to maintaining and increasing the high standards of the UT School of Journalism which ranks right along with Northwestern, Missouri and Columbia. But he is remembered best for the active interest he has kept in his former students and the willing help he has given so many of them through the years.

We finished eating Thanksgiving dinner at our house Monday. It was turkey chow mein and was much better than hash. We had expected a large crowd, but the folks from Wichita Falls couldn't come and Mamma backed out on account of the weather and Clay came down with a cold so we have been eating turkey, turkey salad, turkey sandwiches and just turkey. For Christmas, I think we will have a ham.

The Wellington area had more quail than at any time in recent years up to December 1, but doubt if we do anymore. The slaughter was terrific and some hunters acted like crazy men with the mark of Cain on them. If this reckless disregard of the landowners rights continue more and more land will be put in game preserves where the birds can be partially protected.

Deloyce Savage tells of one group of hunters who shot into their pet covey before daylight. Mrs. Glenn Ketchum was in the office buying no hunting signs. She said that their pet covey had been shot up near their barn. Nei-

ther of these had given permission to hunt to anyone.

I got my quota of quail with twenty minutes work in my back yard. All I did was go out in my back yard and pick up a box of pecans. I swap these each year with a certain well known hunter for quail.

J. A. Keller brought me a sack of gigantic turnips recently. They were the largest I have seen since 1949 when Charlie Graham brought me in some whoppers. In both cases the turnips were as tender and firm as a turnip of any size can be.

Otto Russell tells of a remarkable mirage he saw while driving from Wellington to Amarillo last week. On the other side of Clarendon he beheld a panorama in the western sky which showed Groom, Palo Duro Canyon and Silverton clearly and all three were visible at the same time. He said it was an awesome sight. He has seen these two towns and the canyon often enough that he ought to be able to recognize them. The important thing is that his wife was riding with him and she verifies the story.

J. Claude Wells, former editor of The Leader, has this to say about the beloved Mary Stall: From 1901 to 1903 I lived in and near Wellington, and part of that time boarded at the Mooney Hotel where I learned to admire and respect all of the Mooney family, especially the young lady Mary Mooney. Then again from 1917 to 1925 while I learned to appreciate Mary and her husband Tom Stall more than ever.

We were grieved last week to learn of Mary's passing the week before. We know that as a wife to Tom Stall and the mother of a fine group of children, as well as a thoughtful neighbor and friend, throughout her life, Mary was the embodiment of all the virtues of a real high-minded Christian, and was one of God's Noblemen. The example set by her could be emulated to the glory of God and to the betterment of the world.

The passing of such Saints causes rejoicing in Heaven, but leaves an aching void in the hearts of those left behind.

City Teams Beat Shamrock

The Rockets B team and the Rockette B team took two games from Shamrock Monday night, December 1, in the Wellington gym.

The girls' game was close, coming from behind in the last minute of the game to beat the Shamrock team four points with a score of 45 to 41. Sherrie Gibbs was high scorer with 22 points.

The boys won with an easy 42-30 with Jackie Daves high scorer with 12 points. Mike Rainey and Lonnie Roark were next with 10 and 7 points.

The boys will compete in the Childress Freshmen Tournament in Childress Thursday, December 4, Coach Mc Odell has announced.

Every day 800 homes are struck by fire.

Drivers Warned to Use Care at Intersections

Sheriff John Rainey has warned drivers in town to use caution at the approach to intersections, since a majority of the collisions involving vehicles here during the fall months have been of this type.

Methodist Pastors of District Hold Holiday Party Dec. 6

The pastors of Methodist Churches of the Childress District and their families will hold their annual Christmas party Saturday night, December 6, at First Methodist Church, Childress.

Due to attend from here are the Rev. and Mrs. Frank Weir, the Rev. and Mrs. J. F. Michael, and the Rev. and Mrs. C. D. Damron.

A number of these have been in the north part of town, on dirt streets, and where there are sometimes blind corners, he pointed out.

"It looks like a lot of our drivers take it for granted that nobody is coming," Sheriff Rainey said in regard to the intersection collisions.

In most of these collisions, neither driver has been given a ticket, since the sheriff's department feels that both may be at fault.

In most collisions, too, damage to cars has been heavy, and in several accidents, the vehicles have been considered a total loss, since the cost of repairing them would be greater than their market value, it was pointed out.

News of Men in Service

VICENZA, ITALY (AHTNC) — Army Sergeant First Class Stanley J. Payne, 30, son of Mr. and Mrs. Frank J. Payne, Route 3, Shamrock, Tex., participated in recent Southern European Task Force organization day ceremonies in Vicenza, Italy.

The ceremonies consisted of a parade and athletic events and competitions.

Payne, a platoon sergeant in the 16th Sky Cavalry Troop C, entered the Army in 1946 and arrived in Europe last February.

He attended Lone Grove High School. His wife, Joyce, is with him in Italy.

The 4th platoon of Co B, 1st Training Regiment, Engineer, broke the foot bridge record across the Big Piney river last week, as they were undergoing training exercises.

The old record was 7 minutes, 31 seconds, which the 4th platoon beat by six seconds. The new record they established stands at 7 minutes and 25 seconds. Company commander is 2d Lt James R. Leggett, Wellington, and platoon sergeant is Sgt. Charles L. Valentine. Lt. Leggett is the son of Mrs. Aaron Meek of Pampa, and the late Cecil Leggett.

Many Deer Hides to State Hospitals

Austin — Deerhides to be tanned into buckskin for state hospital patients' use began piling up at the Austin Taxidermist Studio in the first week of the hunting season. Cooperation of locker plant operators is credited with the accelerated collection.

Sponsored by the Volunteer Services Council for Texas State Hospitals and Special Schools, the annual collection provides soft leather from which patients fashion such items as purses, gloves, mocassins and billfolds. Previously designated for tuberculosis patients, a sufficient supply is being sought this year for all the hospitals and special schools, according to Mrs. Malcolm Gregory of Austin, Volunteer Council Chairman.

Visiting in the home of Mrs. Paul Browning and Pauline and Mr. and Mrs. Cecil Browning over the week end were Mr. and Mrs. Lester Hornsby and Sue, Mr. and Mrs. J. A. Bobo, Mrs. Olivia Coleman and grandsons, Johnny, Wayne, and Lennie Browning, all of Rockwall.

Darryl Crooks of Quail who has been in the Veterans' Hospital in Oklahoma City has returned home.

QUAIL NEWS

By Mrs. G. T. Stephens

The first snow of the season fell here Thursday night, November 27. As there was no wind the snow fell beautifully leaving an even white blanket over everything.

Attend Funeral of Sister

Mr. and Mrs. H. D. Willoughby returned recently after attending the funeral of his sister, Mrs. Addie Mitchell who died Saturday, November 22, in Houston. The funeral was held Tuesday, November 25, in the Baptist Church at Ector, in Fannin County. Rev. Johnson of Sherman, a friend of long standing, conducted the services at 2 p.m.

Survivors are brothers, John Willoughby of Denison; H. L. Willoughby, Ft. Worth; H. D. Willoughby, Wellington; one sister, Mrs. Joe Parigh of Roanoke; four children, and 14 grandchildren.

Mother of Mrs. Weir Recovering from Illness

Mrs. Frank Weir was in Amarillo three days last week with her mother, Mrs. Ruth James, who was seriously ill in Northwest Texas Hospital.

She is recovering satisfactorily and has been returned to her home. Mrs. James has been in ill health since summer, and Mrs. Weir has made several trips to Amarillo recently to be with her.

Church Delegates Attend Conference

First Methodist Church was represented at the district conference in Childress Monday, December 1, by John Forbis, R. R. Crawley, Mr. and Mrs. Merritt Durfee and Rev. and Mrs. Frank Weir.

The Rev. Mr. Weir gave the morning devotional.

A highlight of the conference was the acceptance of partial support of a missionary couple, the Rev. and Mrs. Richard Deaets, who will go to the Philippine Islands in February. This is the first time in the history of the district it has voted to support a missionary.

To Homecoming of Flying Queens

Mrs. Sue Painter, Quail teacher, attended the Homecoming for the Wayland College Flying queens November 15. She is a former member of that famous basketball team, which has brought the school much publicity in recent years.

She was one of those honored at a dinner for former team members.

Mrs. Painter also is mentioned in the new book, "The Queen's Fly High," written by their coach, Harley J. Redin.
