Red Radio Says Talks Will Stall Until UN Backs Down

NORTH KOREAN IS SMOKING MAN

Almost as much a personality feature as his grim look is North Korean General Nam Il's curved cigarette holder. Both the look and holder are evident in these studies of the head Red truce negotiator during recent Kaesong talks.

Heat Wave to Stay; Rains Fall in Area

By the Associated Press

Good rains fell at scattered points in Texas Sunday but weather officials warned today that the state's heat wave is due to continue "for two or three days."

The parched San Angelo ranch country had 2.03 inches in the 24 hour period ending at 6 a.m. today. Some points in the area measured as much as 4 inches.

Big Spring had .92, Follett 1.25, Roanoke near Dallas, .93, Marfa, .40, Wink .04, Claude .20 Panhandle .76; Shamrock .48, Coleman, 1.6; Santa Anna 1.5; Bronte, 3; Talpa, 2; Miles, 3.2; Sterling City, 1.5; Water Valley 2 inches, Robert Lee 2.83, Spearman 40, Vega .50; Ballinger .28, Henrietta .75 and Sherman .06.

Light showers were reported at Wichita Falls, Dallas and Gainesville.

San Angelo's Lake Nasworthy gained an estimated 3,500 acre feet of water, more than doubling its usuable supply.

Rains fell over the watersheds of the Middle Concho River and Spring Creek, two of four streams feeding th lake.

Tom Green County Agent Marlon Badger said the rain was worth at least 5,000 bales of cotton to the county, increasing the previous estimate by one third.

He said the drouth wasn't broken, but waterholes are filled.

Much of the sheep country south of San Angelo to Del Rio and west to Fort Stockton received little or no moisture and livestock are suffering.

The North Concho also was on a rise but no water was caught in a new $17 million dam because the government hasn't yet given authority to impound the runoff.

Elsewhere much of the state blistered under a fiery sun again with thundershowers bringing temporary relief in widely scattered areas.

Temperatures sohred to 104 at College Station for the high maximum Sunday. Marfa, in the Big Bend Country, had the low maximum of 81 Sunday and the low minimum of 62 Sunday night.

Hunt Wildcat Is Staked In Loraine Area

Hassie Hunt Trust Estate of Dallas is to start operations at once at its No. 1 Lillie E. Bennett, which is slated to be a 7,500 - foot wildcat to test to the Ellenburger in Northeast Mitchell County.

Location for the prospector is 660 feet from north and west lines of the southwest quarter of section 24-25-tln-T&P.P

That puts it one and three-quarter miles northwest of Loraine.

DAWSON OFFSET

Gulf Oil Corp. is to start operations by Aug. 15 on its No. 1 T. E. Vestal, which is scheduled to be a 10,700 - foot exploration to try for production in the Siluro - Devonian in Central - North Dawson County 14 miles northeast of Lamesa.

The project will be a one location south offset to Amerada Petroleum No. 1 Adcock, flowing producer from the Siluro - Devonian section which opened the Adcock, Siluro - Devonian field early in initial potential of 882.84 barrels May.

That well was completed for an of oil per day, flowing from pay at 10,605-615 feet. That zone had been washed with 500 gallons of mud acid.

The Amerada discovery is the only well so far drilled in the Adcock area. It is located 467 feet from south and 1,530 feet from west lines of section 166-34-D&SE survey.

Gulf No. 1 Vestal will be 660 feet from north and 1,980 feet from west lines of section 101-34-D&SE. The nearest town to the project is O'Donnell, four miles to the north.

FIELD OPENER

York & Harper, Inc., has reported a potential for its No. 1 J.E. Wright, flowing discovery from the Glorietta in Northeast Yoakum County.

The new field opener, three and one-half miles northeast of the closest production in the Cobb - Glorietta field, was completed for a daily potential of 360.89 barrels of 27 gravity oil and no water.

The final was gauged on a one-half inch tubing choke. The oil is from perforations opposite the Glorietta at 5,940-6,007 feet. They were washed with 3,500 gallons of acid.

Total depth is 6,007 and top of the pay is at 5,940 feet.

Gas - oil ratio was 265-1.

Location is 660 feet from south and east lines of the northeast quarter of section 13-D-John Gib-

Wild Parties For Contracts

WASHINGTON, Aug. 13. (AP) — Investigating Senators said today they may turn a public spotlight on wild parties at which a contractor provided girls to entertain Army procurement officers.

Committee members said they will decide within a week or two how many details to make public.

Investigation started a year ago, to determine whether the contractor gained any unlawful advantage in competing for defense contracts. The firm got contracts, and still is performing under them, these sources said.

Two civilian procurement officers resigned after being suspended by the Army during the inquiry. The contractor's name also was kept secret.

A preliminary report said the two had received "entertainment in the form of women and parties" but gave no details.

No Watering Violation Ticket Issued So Far

There have been no tickets issued for violations of the city's anti-watering ordinance so far, Ray Keenan, police chief, said today.

"However, we have investigated a number of complaints to find either that no watering had been done, or that watering was being done from a private well," he said.

"We appreciate the interest that is being shown by persons reporting possible violations to us," he added.

Personnel of the police department are instructed not to ask for the identity of persons reporting watering violations, Keenan stated.

Anglo-Iranian Negotiations SnaggedAgain

TEHRAN, Aug. 13. (AP)—Iranian officials expressed pessimism today about their oil nationalization talks with the British.

A new hitch developed when the British postponed submission of their proposal for a settlement of the dispute over the nationalization of Anglo-Iranian Oil Company holdings. Iranian coolness was the reason.

The British proposal was to be presented tonight by Richard Stokes, chief of the British delegation. Stokes saw the Shah this morning, and is believed to have outlined his proposal and appealed for the Shah's supports.

Kazem Hassibi, undersecretary of finance and adviser to the Iranian negotiating team, said: "In view of our talks in the first four meetings with the British, it is very difficult to be optimistic that their proposals will meet a satisfactory response from the Iranian government."

The crux of the dispute is this: Who shall have actual control of the refinery and the oilfields. The British said they are willing to accept the principle of nationalization, but informed sources reported that their proposal, not yet made public, insists upon continuing British management of production.

Bracero Bill To President

WASHINGTON, Aug. 13 (AP)—The House today passed and sent to the White House legislation providing $950,000 for operating the Mexican farm labor import program.

Introduced last week by Rep. Bentsen (D-Tex), the measure was speeded through Congress to meet a critical shortage of cotton pickers in the Rio Grande Valley of Texas.

Approximately $200,000 of the fund will be used to establish centers at several points along the international border, including Harlingen, Tex., where American farm operators may hire Mexican nationals.

The remainder of the money is to be used as a revolving fund to pay the cost of moving the workers from their home towns in Mexico to the reception centers. American employers are to pay up to $15 per worker to cover the transportation costs below the border.

The House last week passed the bill as originally introduced. Action today was acceptance of a Senate amendment permitting the Labor Department to employ Mexican citizens at recruiting centers in Mexico, in such jobs as typists and clerks.

BLIND BOY AND NEW PUPPY

Bobby Vargas, three years old and blind since birth, shows his joy upon receiving a Boxer puppy that will be his eyes when they both grow up. The dog was given to the Los Angeles boy by Joe Nielsen, 12, of Burbank, Calif., who recently announced he wanted to give one of his eight puppies to a deserving blind child. Experts believe the puppy can be trained to guide Bobby despite his youth.

Main County Park Would Be Near Snyder

Two separate county park areas —the principal one near Snyder, the smaller one near the Colorado River dam—are proposed under the county park bond vote set for Saturday, Paul Keaton, chairman of the park planning committee, said today in answer to questions asked by several county residents.

"There is considerable confusion about the location of the park," Keaton said. "It has never been anticipated that the big county park, with swimming pool, livestock show barns, and recreational areas, would be located anywhere except in the center of the county near Snyder.

"The proposed park at the Colorado River dam site would only be a public recreation area on the north shore of the lake, and would not be extensively improved like the one proposed near Snyder.

No definite site has been selected for either of the parks, Keaton said. However three sites near Snyder are being studied.

The recreation area near the lake would be purchased from the Colorado River Municipal Water District at $50 an acre, the original cost to the district. It is expected that it would be only about one half the size of the main county park here.

Although tentative applications have been received by the Colorado River Municipal Water District from Ector, Howard, and Scurry Counties for land for public recreation, no tracts have been assigned to them as yet.

Group Checks Charges Made Against Boyle

WASHINGTON, Aug. 13. (AP)—Senator Hoey (D-NC) said today a senate investigating subcommittee may get a preliminary report this week on an inquiry into charges against William M. Boyle, Jr., the Democratic national chairman.

Hoey told a reporter that agents for a Senate expenditure subcommittee he heads are in St. Louis looking into accusations that Boyle had attempted to influence government loans and contracts.

Boyle has denied that he had any connection with a $565,000 Reconstruction Finance Corporation (RFC) loan to the American Lithofold Co., a St. Louis printing firm from which he said he received legal retainers for a period in 1949 before he became national chairman.

held Boyle, saying that he had complete confidence in the national chairman, and that his confidence was sustained by a White House inquiry.

Hoey said committee investigators were assigned to "get the facts" about charges made by the St. Louis Post-Dispatch that Boyle received $8,000 in fees from the printing firm. Boyle said he got $1,250 for general legal services before he quit his law practice when he became executive vice chairman of the committee. He receives $30,000 a year as chairman.

"This is merely a preliminary investigation to determine whether the committee should make a full investigation," Hoey said. "The investigators probably will have finished the preliminary survey this week and may be ready to report."

Hoey said Boyle had furnished the committee with a copy of a statement he made last week denying the "influence" charges but had neither asked for nor opposed an inquiry.

Navy Patrol Plane Missing

KODIAK, Alaska, Aug. 13. (AP) — A four-engined Navy patrol bomber with 12 crewmen aboard was reported missing today in Alaska. It was the fourth plane lost along the Alaska and British Columbia coasts since July 21. They carried 60 persons.

The Navy PB4-Y-2 Privateer disappeared Sunday after taking off from its Kodiak base on a routine mission.

Nothing was heard from the big plane after it gave a position report at 10:14 a.m. Its fuel supply would have been exhausted at 9:35 p.m., Alaska time, Sunday.

Names of the three officers and nine enlisted men in the crew were withheld.

An air and sea search was started after the bomber was presumed lost. Fog and rain curtailed rescue efforts.

Sister Kenny, Polio Nurse, Says She Is Incurably Ill

SYDNEY, Aug. 13. (AP) — Sister Elizabeth Kenny, a leader in the fight against polio, told a reporter today she is incurably ill and has little time left in this world.

The world famous nurse did not name the disease with which she has been stricken, but the reporter said she was shaking and looked ill.

Miss Kenny, who is 65, said she would continue her fight against the ravages of polio "until I die." She will leave Thursday for the United States en route to an international poliomyelitis conference in Copenhagen, Denmark. She will be under a nurse's care on the trip.

"I am unwell and incurably so," she said. "I only hope I will be spared the time to come home again. I am very happy in my beautiful Toowoomba home among my own relatives and the people among whom I made my discoveries on poliomyelitis. I want to end my days at home."

Her journey to the United States is eased by the fact that the American Congress, in a special bill, granted her the "freedom of the United States." She is the second person in history to gain this distinction which allows her to travel back and forth without passport or immigration formalities. The first was Gen. LaFayette who won the right for his services in helping the American colonists gain their independence from England in the 18th century.

"I have an abiding and deep love for America and the Americans," Miss Kenny said, "and it has been through American friends that I was able to return to Australia and now go to the Copenhagen conference."

Miss Kenny lived in the United States from 1940 until February of this year when she returned to her old home in Toowoomba, Queensland.

The noted nurse will present a manuscript on her controversial concept and treatment of polio to the American Medical Association while in the United States.

Taft To Oppose More Deficits In Government

WASHINGTON, Aug. 13. (AP)—Senator Taft (R-Ohio) said today he will support an increase in the Air Force but will oppose any equivalent boost in the size of the Army and Navy.

Taft, who heads the Senate Republican Policy Committee, told a reporter he is concerned about reports that military leaders may ask Congress for an additional $20 billion or more appropriations later in the year.

"If that comes along, it will mean that we are headed toward a $100 billion budget with deficits running about $25 billion a year and I don't think we can stand such deficits," he said.

Taft, long an airpower advocate, said he believes a "reasonable" expansion in the Air Force in the long run would give the country better defense at cheaper cost than an over-all expansion of the military branches.

Senator Ferguson (R-Mich) said an appropriations subcommittee, of which he is a member, is going to call in the Chiefs of Staff and find out whether any more fund requests are in sight before it acts on a pending military money bill.

The Air Force was allowed $19,-854,000,000 (B), the Army $20,125,-000,000 (B) and the Navy $15,552,-000,000 (B) in a $56 billion appropriations measure approved by the house last week.

President Truman said the committee won't be able to make "any big reduction in these amounts because of cost increases."

Chairman Vinson (D-Ga) of the house armed services committee has come out for a 163-wing air force, compared with the present 87 wings and a goal of 95 groups by next July 1.

Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, and other military men have contended that the Army and Navy must be increased whenever the Air Force is boosted to keep a balanced defense team.

Taft said if th Air Force is to be expanded greatly he doesn't believe the Army and Navy can keep pace without overloading the country's budget.

Mexicans Get Loan on Rails

WASHINGTON, Aug. 13. (AP)—The Export-Import Bank has granted two credits totaling $56 million to Mexico for railway rehabilitation.

The bank said it may issue more credits if need is shown.

The first loan is for $51 million to buy materials, equipment and services, including rolling stock, in the United States. It went to the National Railways of Mexico. The railroad operates 8,000 miles of lines. Some narrow gauge roads will be made standard.

Some $5 million went to Ferrocarril Mexicano, which operates 560 miles of lines between Mexico City and Vera Cruz.

Shortly after the Korean War started, the bank began emphasizing loans to increase production of strategic materials needed in defense. Bank President Herbert E. Gaston said transportation loans would form part of the program.

The loan is for 3½ per cent interest and will be amortized in 20 equal semi-annual installments beginning in 1954.

Possible Changes In Japanese Treaty Are Hinted by U. S. Officer

MANILA, Aug. 13. (AP)—U. S. Ambassador Myron M. Cowen hinted today at a possible change of American policy on the peace treaty for Japan.

"The treaty will not make you too unhappy," Cowen said as he emerged from a conference with Carlos P. Romulo, Philippine secretary of foreign affairs.

SOUVENIR FROM LIVE SNAKE

ROTAN, Aug. 13. (AP)—Coe Hawkins killed a big rattlesnake behind his barn last week. Later at dinner he told Mrs. Hawkins about it. She suggested he go back and cut off the rattles, a popular souvenir.

With flashlight and pocketknife, Coe returned to the spot. He planted a firm foot on the snake's back, lifted the tail, and snipped off the rattles.

On the way to milk his cows the next morning, Hawkins glanced at the dead snake. It still had its rattles. He had removed the rattles from a live snake!

Custody Fight Ends in Death

FREDERICKSBURG, Aug. 13. (AP) —A manufacturers agent was shot to death Sunday on the lawn of the Gillespie County courthouse.

Slain was Seth A. Good, 38, of Dallas. Murder charges have been filed against his wife's former husband, Lenar O. Birk, 41, owner of a variety store here. He is free on a $5,000.00 bond.

The shooting followed five court battles over custody of Mrs. Good's daughter by her former marriage. Mrs. Good and her daughter, Carolyn Ann Birk, 8, were in a car nearby.

Birk and Mrs. Good were divorced in 1945. Custody of Carolyn Ann was disputed in two trials in Dallas and three here.

The last trial last March resulted in custody of the child going to Birk in a judgment handed down here August 6 by 33rd District Court Judge Thomas Ferguson.

Mrs. Good, had filed notice of appeal.

An agreement provided that her mother could see Carolyn Ann once a month from 4 p.m. Friday to 8 a.m. Sunday. The early Sunday return was arranged so the child could get to Sunday School on time.

The Goods had agreed to meet Birk at the courthouse Sunday morning to return Carolyn Ann to her father.

Coöler Weather Here

Although Snyder got none of the rain which skipped over this area yesterday, there was some relief from the heat with a high of only 94 degrees. The minimum recorded before dawn today was 67 degrees, with 71 degrees reportd at 7:30 this morning.

Senator's Kin Killed in Car; 20 Texans Die

By the Associated Press

Twenty persons died violently in Texas over the week-end, with traffic accidents accounts for 15.

Mrs. Melwyn Jones, 31, Marshall, was killed early Sunday when her car went out of control on the Marshall-Karnack highway. Mrs. Jones was a sister of Mrs. T. J. Taylor of Karnack. Mrs. Taylor is the mother-in-law of Sen. Lyndon Johnson.

William Andrew Achord, 24, Galveston city bus driver, was killed and two other persons injured Sunday when their car went out of control and overturned near Hitchcock.

A Dallas manufacturers agent was shot to death at Fredericksburg. A woman was electrocuted. An oil field worker was crushed to death. A man drowned. An Air Force pilot was killed in the crash of his jet plane.

The deaths include:

Samuel Guzmas of Coahoma killed Sunday in a two-car crash east of Big Spring.

Mrs. William T. Shifflett, 32, of Sweetwater, died of electrocution in Coleman Sunday after she became entangled in a wire.

Lewis Bryan, 34, Stamford oil field worker, crushed to death Sunday eight miles west of Hamlin, while working on an oil well drilling crew.

Mrs. Charles Beckham, 30, and her son, David, 6, were killed Sunday in an automobile collision near Alma north of Corsicana.

Mrs. James Moore of Coleman was killed in a three-way auto wreck on highway 80, 42 miles west of Pecos Saturday.

Lt. Edward T. Thornton, 25 of Wetumpka, was killed when his F-80 jet plane disintegrated during an electrical storm northwest of Big Lake.

Four Men Break Hole In City Jail Roof; Two Are Still at Large

Two of the four men who escaped from the city jail last night through a hole they knocked in te roof are still at large, Ray Keenan, police chief, said today.

Two of the men were apprehended a few minutes after the break.

A third man held in the jail declined to join the escapees.

The two men who were not picked up had been jailed on misdemeanor charges of drunkness, Keenan said, and have probably left town.

'Heat' Strikes By Telephone Workers

DALLAS, Aug. 13. (AP)—Protesting the lack of air conditioning at their switchboards, hundreds of employees of Southwestern Bell Telephone Co. here struck at 9 o'clock this morning.

Company officials placed the strikers at 750,550 operators and 200 plant workers. Other sources said about 1,200 were out.

Most workers were women who said they would be off all day. Many who left their jobs were sympathizers from other divisions.

A Union official (CWA-CIO) said the strike was not sanctioned.

Service was being carried on by supervisory personnel.

Temperature in Dallas at 9 a.m. today was 87 degrees.

The walkout occurred in the Haskell Street and downtown exchanges. Employes at the Haskell exchange walked out first, saying tubs of ice and fans which had been placed by their switchboards as cooling aids were insufficient.

Clyde L. Stewart, division manager of the telephone company, said no formal complaint had been made by employes.

"The present heat wave in Texas is uncomfortable for people in all walks of life. Our building is well-ventilated and our operators are given regular 15-minute relief periods each morning and afternoon," Stewart said.

"Lounges are provided for the comfort of workers. We are a loss to understand why the operators left their jobs. . . We are doing everything possible to handle emergency calls," he said.

Western Electric workers at the Haskell exchange also struck in "sympathy."

— — —

No increase in absenteeism among telephone operators here as noted by employees in the chief operator's office. The switchboard room is cooled by large fans.

No Agreement On Positions Of Combatants

MUNSAN, Korea, Aug. 13. (AP)— The chief Communist armistice negotiator said tonight Korean truce talks "will not make any progress" unless the United Nations changes its demands on where to create a buffer zone.

The statement from North Korean Lt. Gen. Nam Il was broadcast 10 hours after he had again refused to change his own demands.

The Red position is so firmly fixed that in Monday's negotiation session Nam Il rejected a United Nations statement as "not satisfactory as soon as it was delivered.

And, a U. N. communique said, Nam Il made the rejection while "speaking from a previous prepared and translated paper."

In the broadcast Nam Il called on the U. N. delegation "to change its attitude" and "to take into consideration our demands" for a buffer zone along the 38th Parallel.

TERMS DEMANDS DISTORTED

He said if the Kaesong truce negotiations are to "make any progress at all" U. N. delegates must "change their distorted demands they have made up to now."

The U. N. has made it clear that the Allies will not consider a demarcation line on the 38th Parallel. They say the Reds must change their stand if negotiations are to progress.

No progress was made in today's one hour and 20 minute session — the 13th devoted to the same question.

Opposing representatives could not even agree on where their armies are.

Their next session, scheduled for 11 a.m. Tuesday (7 p.m. Monday CST) will find them right back where they started.

A U. N. spokesman said the Red generals refused again Monday to side step the deadlock and talk about something else. They ignored a U. N. invitation to express their views on a demilitarized zone based on the present battle line.

BATTLE "POSITIONS" DIFFER

The difference in view of present battle positions became apparent when Vice Adm. C. Turner Joy, chief U. N. delegate, introduced a map comparing the Allied and Red concepts of the fighting front.

Brig. Gen. William P. Nuckols, U. N. briefing officer, said they were in general agreement, but there were some differences — "particularly in th center and on the flanks." Joy noted they were practically the same on parts of the line.

Gen. Nam Il, had introduced a map the preceding day showing the Red concept of the front. His map compared this with (1) the Allied view of a demilitarized zone based on the present battle line and (2) the 38th Parallel as a demilitarized zone.

Nuckols said the Reds on Monday were "no less firm than in the past" in insisting the fighting be halted right where it started—on the old political boundary between North and South Korea.

Nam Il insisted it was a just and reasonable line. "This," commented Nuckols, "is a statement rather than an argument."

Communist arguments became slightly less temperate, Nuckols said. General Nam's remarks were sprinkled with such words as "arrogant, absurd and contradictory."

JOY OPENS SESSION

Joy opened the Monday session by reading a 38-minute statement. It was an answer to five questions asked by Nam Il.

Nuckols said Nam Il's questions were partly "provocative of thought." But some were "double barreled rhetorical questions" to which no answers were expected. Some pertained to the U. N. concept of a demilitarized zone. Nuckols would not say what the other questions were about.

"I don't know what Nam Il was trying to get out," Nuckels said. "Perhaps he was trying to encourage a departure from the previously stated U. N. command position."

While Joy was reading his prepared answer to the questions, Nuckols said, Nam Il studied a typewritten paper in front of him. Nuckols said he thought it was from this paper that Nam read his rejection, but he wasn't sure.

WEATHER

WEST TEXAS: Partly cloudy tonight and Tuesday with widely scattered afternoon or evening thundershowers. No important temperature changes.

EAST TEXAS: Clear to partly cloudy with continued high temperatures tonight and Tuesday.

Germavy's Red Youth Rally Is Called Victory for Free World

BERLIN, Aug. 13. (AP) — German Communist youth bosses publicly hailed Stalin today as their "feud" rer." They did this in a message to the Soviet leader following up munist youth, a demonstration which far outdid anything the Nazis ever whipped up for Hitler.

The West used the Communist World Youth festival to get in some propaganda blows of its own. Hundreds of thousands of youngsters who slipped by the Red guards on the sector border saw things in "imperialist" West Berlin they never dreamed existed there.

Th leaders of the Communist "Free German Youth Movement" (FDJ) used the word "fuehrer" to Hitler—when they sent the Soviet Prime Minister a pledge promising undying loyalty to him and unfailing opposition to "Wesetrn imperialists." Time after time the message, purportedly signed by 4,145,839 young Germans, addressed the Soviet leader as "Dear Joseph Stalin." It concluded with the words: "Long live our wise teacher and fuehrer, our best friend, the great Stalin."

Ernst Reuter, mayor of West Berlin, said the Red youth festival was "A great success for the free world." Some said the festival had given the Communists such a jolt that East Berlin would not be chosen for such a role again. It was too easy for the kids to get a look at the other side of the curtain.

Communist youths leaving their big parade heard instructions from East German Communist Boss Walter Ulbricht to sabotage Western defenses by "all manner of strikes" in West Germany. He told them there would be ultimate ruin for West Germany if it rearmed.

Organizers of the Communists' "world peace festival immediately" began moving hordes of replacements for the departing boys and girls into the city as the second week of the "Flame of America" jamboree got under way.

They will have a hard time, however, matching the pitch of mass hysteria reached in yesterday's demonstration.

From early in the morning until late in the afternoon seemingly endless waves of blue-shirted kids shouting "Long Live Stalin" and "Ami (Americans) go Home," marched past the reviewing stand in Marx-Engels Platz.

There were at least a million boys and girls in the parade and the Reds claimed 500,000 more cheered from the sidelines. Western authorities thought this latter figure exaggerated.

Once past the reviewing stand, where East Germany's Communist President Wilhelm Pieck, Premier Otto Grotewohl, Ulbright and their Russian guests took the "friendship salute," observers noted that the kids' enthusiasm collapsed.

Breaking ranks, they literally dropped out of line and fell asleep on the ground. Some of the marchers were only six years old.

Study Ways Of Increasing Tax

By SAM DAWSON

NEW YORK, Aug. 13. (AP) — Congress still has ways to tax you that it hasn't tried yet.

Blue Monday may be no time to bring it up but Congress is being urged today to look into these ways. The Committee on Economic Stabilization thinks Congress should start now to study taxes never used here before — just to be ready in case the tightening screws of the income tax and the excise taxes don't raise the billions sought for defense.

The congressional economic committee, at the same time, releases a report of its staff experts today recommending an immediate tax hike of $10 billion—with most of the burden on the middle income brackets.

The Twentieth Century Fund, a non-profit foundation for public education on current economic problems, sticks to its previously stated idea that $16 billion is needed in additional taxes to pay for defense as we go, and to ward off inflation.

The fund's committee thinks that hiking personal income taxes is the best way to raise most of the $16 billion it insists is needed. But it also suggests that Congress, as a preparatory move start studying other taxes.

These are explained in a book the fund publishes today— "Financing Defense" by Albert G. Hart and E. Cary Brown, who teach economics at Columbia and the Massachusetts Institute of Technology, respectively. The taxes — which the authors discuss rather than recommend— are:

1. A spendings tax. The more bills your family runs up on you, the higher rate you would be taxed.

2. A net-worth tax. People could be taxed on what they're worth rather than on what they make.

3. Tax on increases in personal income. If you're making more this year than last, you'd pay in addition to the usual income tax another tax on the extra amount you're taking home this year.

The two economists estimate that defense spending—either next summer or the following winter—will be at least $84 billion a year. They think personal exemptions on income taxes may have to go down to $400 per capita and the first-bracket rate go up to 32 per cent.

But Senator Taft, the Republican leader, said Sunday that next year Congress may have to consider a federal sales tax to meet the cost of military spending.

PERSONALS

Johnny Tatom, 2304 Avenue J, has returned from visiting his sister in Amarillo.

Mr. and Mrs. W. B. Taylor, seventeenth Street, had visiting in their home Sunday Mrs. C. E. Walker, 1002 Twenty-eighth Street.

Mr. and Mrs. Gordon Goss moved over the week end into their new home at 3001 Fortieth Street, Towle Place. They have been living in a trailer located at Gordon's Drive-in, owned and managed by Mr. Goss.

Mr. and Mrs. Burton Tankersley, who recently arrived in Snyder from Eastland, Tex., have bought a home in Towle Place, 3104 Thirty - ninth Street.

Mr. and Mrs. R. E. Adams and granddaughter, Gaynelle McWilliams of Houston, have returned from a vacation trip on which they toured 11 Western states. Miss McWilliams will spend the remainder of August visiting here.

Mrs. J. H. Drennap of Arlington, a former resident of Hermleigh, is reported recovering satisfactorily from a major operation in a Fort Worth hospital. Her mother, Mrs. F. J. Kasper of Hallettsville, Tex., has been with her.

Farrar Hontas of Snyder will be among the students receiving degrees at Sul Ross College in Alpine on Aug. 23. Hontas will receive a bachelor degree in business administration.

Split Seen In Committee's Report On MacArthur Hearing

WASHINGTON, Aug. 13. (AP) —Senators who spent almost two months investigating the dismissal of Gen. Douglas MacArthur have apparently come to an abrupt parting of the way over the need of a report on their findings.

Senator Cain (R-Wash) Sunday said flatly that he and seven other members of the two inquiry committees, Armed Services and Foreign Relations, have already signed a report.

But on Saturday Senator Russell (D-Ga), who ran the two million-word hearings repeated what he has said before—that he thinks no report is needed.

However, Russell told a reporter he would call a meeting of the joint committee soon to make a final decision.

Cain, appearing on an NBC television show, did not identify the Senators who he said he joined him in his report.

It was learned early last month that Cain was working on a preliminary report blasting President Truman for firing the Far East commander and declaring that MacArthur's Korean War program was "the only positive program" for winning the war.

Cain said then he was representing "six or seven" Republicans.

But Sunday all Cain would say is that the report outlines the signers' views as to mistakes made in the far east.

He said the eight would submit it to the joint committee for approval but would make it public whether approved or not.

The whole question of what to do with the voluminous testimony taken from MacArthur, Secretary of Defense Marshall, Secretary of State Acheson, and 10 other witnesses on Korean War policy has been very much in the background since a cease-fire became a possibility.

However Senators in a position to know said last month that Cain's proposed report would charge that the administration's foreign policy has been "dictated by fear of Russia," would blame the Yalta Agreement for the Communist capture of China and would severely criticize the President for the way he fired MacArthur, although not questioning Mr. Truman's right to do so.

Assign Police To Two Shifts

A schedule has been worked out for operation of the city police department by Ray Keenan, police chief, for two 12-hour shifts each 24 hours.

Under the arrangement either Keenan, or police captiain L. J. White will be on duty at all times.

Hal Bjornsrud has been put in charge of the identification department and his regular work hours will be on the day shift.

Marvin Brister is the day-shift desk sergeant with A. D. Williams and Harold Murphy on day patrol, and J. C. Blakley working the parking meters.

T. L. Steele is the night desk sergeant, with Marck Search, Harold Williams, and Richard Duncan on night patrol duty. Toy Gideon will return to the department Aug. 15 and will be added to the night patrol squad. Gideon first joined the department Aug. 8, 1950, and left the force Jan. 12, 1951.

The day shift works from 6 in the morning until 6 at night, with the night shift working the remaining 12 hours.

Last Train Victim Found

SIMMESPORT, Aug. 13. (AP) —The body of the last known victim in a crash between a Marine troop train and a streamliner has been recovered from the wreckage.

Dr. J. C. Roberts, coroner, said he was "practically sure" it was the body of L. L. Rainey, 69, engineer of the Southern Belle.

The Southern Belle and the troop train carrying more than 300 Marines crashed head-on early Friday, killed 11 and injuring 60.

R. R. Sutter, Kansas City Southern superintendent of transportation said Sunday the troop train engineer, C. A. Yates, 41 of New Orleans, had written instructions to eer, C. A. Yates, 41, of New Orallow the Southern Belle to pass.

Both trains were operated by the KCS.

Being Indian Chief Not All It Was Cracked Up To Be

By HAL BOYLE

HIBBING, Minn. (AP) — You think you'd like to be an Indian chief.

Well, think again Paleface. There's a lot of woe to the title, and in the Sioux tribe, at least, you don't get paid a sou for the job. I've been an Indian chief less than a month, and already I'm beginning to think I should have remained an Irishman.

The Oglala branch of the Sioux took me into their fraternity during a festival at Hot Springs, S. D. It wasn't quite the ceremony I had expected.

I thought it would be done in secret at night by a raring campfire, ut we Sioux are up to date now. The proceedings were broadcast through a loud speaker.

TOURISTS' DELIGHT

A group of painted braves and moccasined squaws led me through a crowd of curious tourists to the peak of a small hill.

"Whatsa matter," said one tourist. "Did they catch him stealing?"

"I dunno," said another. "Let's hang around. Maybe they'll scalp him."

"A little late for that" said the first tourist, looking at the gun glinting on my bald forehead.

When you entered the tribe in the old days you gashed your wrist and held it against the gashed wrist of a born Sioux, and the mingling red made you blood brothers. But after a glance at my grub-white city features, Chief Ben American Horse and his pals decided to forego that rite. They figured I didn't have enough blood.

CHIEF FOR LOAN

"You now Chief Leading Eagle," said an old warrior, crowning me with a headdress of red and white eagle feathers. Then ann Indian on the edge of the crowd stepped up and borrowed ten bucks from me, and I knew I really was one of the family.

After that we had a victory dance. It consists of jumping up and down as if you were stamping out snakes and yelling as if you'd sat down on a thorn. We Indians found it pretty fatiguing — but it made the tourists happy.

Chief Leading Eagle It was a nice name. But what's in a name? soon I'd get a pension.

"Chiefs no get pension," he said.

"How about insurance"

"Chiefs no get insurance.

No pensions No insurance! What kind of a lodge was I in?

"Indians have bad time now" one brave said bravely.

REMEMBER CUSTER

He explained that it is hard to get enough beads from Czechoslovakia to make genuine Indian souvenirs for the tourists. Our tribe is also short of cattle on the reservation, and times are so tough some of our boys have had to go to work in the palefaces' new atom plants. It's a rough world today for lo, the poor Indian.

I asked a group why we didn't send a delegation to the Great White Father, and demand justice.

"Hell, we've worn out half the doorsteps in Washington in the last 50 years," said one disgruntled leader. "The government is still mad at us because we whipped Custer."

HOARD HANGOVERS

BOSTON, Aug. 13. (AP)—Liquor distillers are "hoarding hangovers" by packing their warehouses, the WCTU was told.

Mrs. Fred J. Tooze of Portland, Ore., national secretary, told the convention Sunday bonded warehouses now contain 901,106,000 gallons of whiskey and other spirits.

Scurry Fourth In Oil Rigs

Upton County led Permian Basin counties in the number of rotary rigs active on Aug. 1 with 80 in operation on that date.

Midland County stood second with 63 rigs, the same number reported on July 15, and Ector County ranked third with 60. Scurry County was in fourth place with a total of 48 rigs running, an increase of three in the past two weeks.

Borden County gained four operations to make a total of 10 active rigs on Aug. 1, while Kent County lost two to make a total of nine operating. Martin County now has six.

Glasscock, which placed high among leading active counties, had 35 rigs in operation five fewer than on July 15. Howard and Terry Counties held the same number, 18 and 14 respectively. Reagan reported 10 rigs operating.

A total of 632 active rigs were reported in the Permian Basin, an increase of 37 over the 595 total on July 15. Figures were compiled by the Reed Roller Bit Co.

Liberty Will Go to Houston

HOUSTON, Aug. 13. (AP) — The Liberty Broadcasting System will move its headquarters from Dallas to Houston within four months and open a news bureau here, Gordon McLendon, president, said here Saturday.

McLendon was here conferring with H. R. Cullen, Houston oil man and philanthropist who recently purchased half interest in Liberty.

McLendon said Cullen paid "well over a million dollars" for the 50 per cent interest, and that Cullen was offered 51 per cent of the stock in the broadcasting system but turned it down on the theory that the public might think that is own personal views were being voiced too vigorously by Liberty.

Liberty Broadcasting System was estabilised in March of 1948 by McLendon, a Texan, born in Paris.

KSNY of Snyder is a member of the Liberty Network.

Refunds Due On Employers

AUSTIN, Aug. 13. (AP) — More than 12,000 Texas employers will get a $1.5 million refund from their unemployment compensation payments.

The Texas Employment Commission said today that amount is refundable under an amendment to the State Unemployment Compensation Law.

The refund was made possible through a revision by the legislature in the 1950 tax rate upon receipt from the federal government of 1949 interest earned by money in the unemployment fund, TEC said.

Eligible for the reduction were 12,266 Texas employers. Another 18,500 taxpaying employers did not qualify because they were already paying minimum taxes.

Two Offsets Planned To Schleicher Strike

Two offsets have been staked to the Wesley West No. 1 Mrs. Christena Mittell, Pennsylvanian lime strike in Central - North Schleicher County.

Standard Oil Co. of Texas will drill an east offset as the No. 1-3 Mrs. Christena Mittell on a 979.36-acre lease 10 miles north of Eldorado. It is in section 78-1-Texas Central Railway Co. survey. It is projected to 6,400 feet with rotary tools.

Wesley West will drill the other offset as his No. 2 Mittell, 890 feet west and 330 feet north of his No. 1 Mittell in section 77-TTTC survey.

The No. 1 Mittell is reported to be preparing to perforate casing near the bottom of the Pennsylvanian lime section, said to be almost 200 feet thick. The casing was cemented after the wildcat flowed an estimated 75 barrels of fluid hourly, half oil and half water, on a test from 6,322-72 feet.

District Court Jury Is Excused Until Tomorrow

The jury panel in 132nd district court summoned for service this morning was excused until 9 o'clock tomorrow morning by Judge Ben F. Thorpe.

Several civil cases are slated for trial during the current week, Judge Thorpe said.

Prediction Made That Senate Will Cut Down Tax Increases

WASHINGTON, Aug. 13. (AP)—The Senate Finance Committee today begins closed door consideration of the new tax bill. Several members of the group predict it will trim down the $7.2 billion tax boost approved by the House.

The bill is on the "must" list compiled by the Democratic leadership for action before Congress quits this year.

Chairman George (D-Ga) of the committee told newsmen he expects the 13 Senators to finish writing their version within two weeks — by Aug. 24 or 25.

It will take another week for the committee staff and Treasury to write a report on the measure, he said. George predicted the bill will reach the Senate floor shortly after Labor Day.

There appeared to be little or no sentiment for increasing the tax hike to the $10 billion asked by President Truman. Estimates by committee members on the amount their group would approve ranged from $5 billion up to the amount set by the House.

One Republican member, who asked not to be identified by name, told newsmen he was sure the group would throw out the House's method of raising individual income taxes.

The House proposes to get about $2,850,000,000 in additional revenue by adding 12½ per cent to the tax bill each person pays now.

This would concentrate much of the increase in the middle and higher income brackets.

The GOP senator predicted the committee would go for the Treasury plan which is to add the same number of percentage points to each tax bracket.

Secretary of the Treasury John Snyder told the Senators this would have greater impact on the lower brackets. Some lawmakers favor this as an anti-inflationary measure on the ground the bulk of the spending is in these brackets.

Oil News

Continued from Page 1

son survey and 16 miles northeast of Plains.

SCURRY WILDCATS

Bankline Oil Co. No. 1 Joe Parks, wildcat 14 miles west of Snyder, is drilling below 4,145 feet in dolomite and chert after a drillstem test at 3,668-3,710 feet.

With tool open 90 minutes, recovery was 350 feet of sulphur water cut drilling mud and 880 feet of black sulphur water. The project is to drill to 8,400 feet to test the Ellenburger.

In Northeast Scurry County, Lion Oil No. 1 Helms is drilling below 5,315 feet in shale.

KENT WELLS

Cosden Petroleum Corp., No. 1 W. G. Williams, wildcat in the extreme southwest corner of Kent County, is now drilling below 3,870 feet in dolomite and shale. The prospector topped the San Andres at 1,630 feet, the Glorietta at 2,460 and the Clear Fork at 2,710 feet. It will drill to 8,200 feet into the Ellenburger.

Texaco No. 1 S. M. Swenson, wildcat northwest of the Salt Creek-Canyon field, is at total depth of 7,024 feet in lime and chert and fishing for cones.

NO SHOWS

El Tee Oil Co. No. 1 Briley, Dawson County wildcat, is drilling below 7,662 feet in the Spraberry sand, which was topped at 7,502 feet on an elevation of 2,091 feet. Operator cored from 7,532-7,582 feet with no shows.

Northwest Upton Test Flows From Spraberry

Sohio Petroleum Co. No. 1 Clark, wildcat in Northwest Upton County, has indicated as a Spraberry discovery. It is two and one-half miles northwest of the Pembrook field and the same distance northeast of Sohio No. 1 Hill, a recent Spraberry pool opener.

The project was drilled to 7,191 feet in the Spraberry which was topped at 7,190 feet. It flowed 49.14 barrels of oil, natural, through a 16-64-inch choke during a seven-hour test.

When three inches of pay had been penetrated, gas blew the cable tools from the hole with the well making 104 barrels of oil in 15 hours before control head was installed.

After the well was controlled, it flowed 92 barrels of oil in two hours through a choke of unreported size.

Seven - inch casing has been cemented at 7,138 feet. At last report, bottomhole surveys were being run.

It is 660 feet from north and west lines of section 11-N-HE&WT survey.

Youth Suffers Fracture Of Wrist in Accident

Tommy Pherigo, route No. 1, was taken to Snyder Hospital yesterday afternoon to receive treatment for a broken wrist sustained in a motorcycle mishap.

Several Charged With Stealing Sheets in Post

POST, Aug. 13 — Charges of theft and receiving and concealing stolen property will be filed against five persons here following the recovery of $1,764 worth of sheets stolen from the Postex Cotton Mills.

Six other persons, living in Snyder, Slaton and Big Spring, face possible charges on the same counts, peace officers said.

The accidental discovery of 18 bundles of sheets hidden in a culvert enabled the officers to make the first arrests. Thefts from the mills began early this year, but the large thefts occurred last week.

Three Plead Guilty To County Driving Charges

Three motorists entered pleas of guilty to driving while intoxicated in county court this morning before Robert R. Patterson, special judge.

Leonard Ashley, 25 of Sweetwater, and O. Floyd Wharton, 24, of route No. 1, west of Snyder, were fined $100 each and assessed $23.50 court costs, while Hyman O. Williams, 31, of 1011 Twenty-fifth Street, was fined $75 and $23.50 costs by Judge Patterson.

The jury panel of 24 which had been summoned for duty, was dismissed for the term by the court. Judge Patterson said the county court docket had been cleaned up with the exception of certain cases where guilty pleas were being sought by persons who did not desire to face jury trials.

Two Wildcats Staked In Northeast Crockett

Two shallow wildcats were staked in Northeast Crockett County.

Pure Oil Co. No. 1 E. C. Mitcham is scheduled 467 feet from south and west lines of section 8-AB-BC&SF survey, and 17 miles north of Ozona.

Contract depth is 1,500 feet with cable tools.

It will be one and one-half miles north and slightly east of Anderson & Starr No. 1 University, a dry hole and two and one half miles east and slightly north of C. W. Brown No. 1 University, another dry hole.

Three miles north of the No. 1 Mitcham, Terrell Petroleum Co. No. 1 University will be drilled in section 15-42-University land survey. It will be 20 miles north of Ozona on a 123.9 - acre lease.

Cable tools will be used to go to 1,999 feet.

Eight Absentee Votes On County Bond Issues

Only eight absentee ballots had been received on the park and jail bond election set for Saturday, according to Pat Johnson, county clerk, this morning.

The deadline for absentee voting is midnight tomorrow night, said Johnson.

Accident Victim Gains

Noe Cadena, 18 - year - old Mexican injured in an accident on the Clairemont Road late Friday is reported to be showing slight improvement at the Snyder Hospital today. He suffered lacerations and internal injuries when his car overturned.

Mrs. Moore to Hospital

Mrs. Milton Moore, 1112 Twenty-eighth Street, was taken to the Snyder Hospital yesterday afternoon by a Bolger - Barnes ambulance. She is reported resting well.

Nancy! What a grand surprise!
An old school chum in town . . . just driving through . . .
But there's always time for a telephone call . . . and a pleasant trip back through memories of other years.
Come to think of it, lots of the pleasant moments we enjoy wouldn't be possible without the telephone.
Yet—with all its worth—the average cost of a local telephone call, including tax, is only about 2½¢.
A bargain? One of the very best.
EVERY HELLO IS A GOOD BUY
A REAL BARGAIN. The average wage earner today works less time to earn the price of telephone service than he did ten years ago.

VARIETY OF LIGHTING FIXTURES

Specializing in lighting fixtures that are unusual and distinctive, Howell Electric, 1507 Twenty-sixth Street, has just about every imaginable type of lighting apparatus. Western style lamps of wrought iron and brass with flame-shaped globes are one of their biggest sellers. A Czechoslovakian import with 14-karat gold and crystal trim is another featured item.

West Point's Honor System Is Vital In Every Way To Cadets

By CAPT. JOHN EISENHOWER

WEST POINT, N. Y., Aug. 13. (AP)—When the Superintendent of the United States Military Academy announced recently that approximately 90 cadets were being dismissed for cheating in academics, the result was a storm of publicity and, from some quarters, protests. Almost all Americans were apparently handicapped in their judgment of the matter by strong misconceptions.

Some writers regarded the system as cruel; some, as a means of preserving outworn traditions of chivalry and feudalism; some, as mysterious. Actually the West Point Honor System is neither cruel, feudal, nor mysterious. Except for the wider scope which it embraces in a man's life, it is not fundamentally different from any other school's honor system — its purpose is simply to develop honest men, straightforward, and able to take responsibility for their action.

This development begins early. Upon entrance the new cadet has the principles of the system carefully explained to him, and he immediately begins to live by the practical application of these principles. Briefly, they mean that a cadet does not lie, cheat, or steal. His word and his signature are above question. He is honor bound to report any violations that come to his attention, for the honor system is above personal friendship. He knows that a single intentional violation of the code means that he will leave West Point.

BENEFITS OF SYSTEM

In addition the cadet learns of immense benefits which accrue to him through the honor system — not only the luxury of leaving valuables carelessly around the room but also the realization that he is living in a society where each man's word is his bond, whether it be the word of cadet to officer or officer to cadet.

The Cadet Honor Committee, comprising representatives elected by the cadets themselves, administers the system. The new Plebe soon learns to come to a member of this highly respected body with any problem he has concerning honor.

The Honor System is so much a way of life at West Point that the normal cadet soon accepts it as natural. The day never passes in which a cadet does not make some official statement, which, because of the System, is unquestioned. Many of the privileges accorded the corps of cadets are possible only because of the Honor System. The application of the Honor System to the academic arrangement at West Point is taken completely for granted. The cadet assumes that the honor system works.

The greatest teacher of the West Point Honor System, overlooked by many of the recent comments on the subject, is the fact that it is administered and perpetuated almost entirely by the corps of cadets.

It is regrettable in the recent scandal that so much attention was paid to the testimony of a few offenders and so little attention was paid to the remainder of the corps who stood adamant against those who had broken their code. The Honor System is vital to West Point. The ability to live by that system is a requisite for a man who is preparing to be an officer. If a man cannot understand and adhere to the code while he is a cadet, there seems a grave danger that he will not be able to adhere to it under the much greater stresses of his officer service — a service which may mean 40 years of increasing responsibility.

Americans To Resist Lower French Fashion

LOS ANGELES, Aug. 13. (AP) — A top California fashion authority today said thumbs down to Paris' decree of hems down.

The word from Paris is longer skirts especially since Christian Dior came out recently endorsing the trend. That makes it official in the fashion-conscious French capital.

But G. Peter Rosenfeld, president of the California Fashion Creators, said his association will resist the trend.

"American women have the most beautiful legs in the world. Why hide them?" asks Rosenfeld. The industry association he heads has a $500 million annual business.

"Besides," he added, "Paris creates clothes only for those people who have nothing to do but dress up all the time. California clothes are functional."

During an interview, a Rosenfeld associate told how his wife bought a dress from a famed Paris designer but later found she couldn't sit down in it. Returning it to the salon, she was told that the dress was not made to sit down with.

"That tells the whole story," commented Rosenfeld.

The Paris decree would have the high water mark in skirts about 14 inches from the floor. Rosenfeld said such a length would look "ridiculous" on many women.

"American women have now found the becoming length in skirts —about mid-calf. They will not change."

Texans' Scores At Tournament

CHICAGO, Aug. 13. (AP)—How Texas golfers fared in the "World" tournament:

Ben Hogan, Fort Worth, 68, 69, 70-66 — 273 ($12,500)

Jack Burke Houston, 71-71-67-73 —282 ($1,400)

Earl Stewart, Jr., Dallas, 68-72-72-72—284

Ray Gafford, Dallas 67-74-76 72—289 (240)

Women:

Betsy Rawls, Austin, 71-76-76-84—307 ($500)

Marlene Bauer Midland, 78-82-75-78—313 ($237.50)

Alice Bauer, Midland, 80-82-81 78—321 ($125)

Betty MacKinnon, Mt. Pleasant, 83-82-80-80—325 ($125)

Western Style Light Fixtures Available Here

Distinctive lighting fixtures for every room of the home are a specialty of Howell Electric, 1507 Twenty - sixth Street.

Fixtures that are in keeping with modern trends in design and interior decoration are on display at the firm at all times.

Some of their outstanding items are: Western fixtures for dens, and imported fixtures for living rooms.

One of the western fixtures that has met with wide approval here is [illegible] the lights hanging from the rim and spokes. Another outstanding western type fixture is one made of wrought iron and hand-tooled copper. Both have been purchased for some of the finer new homes here, C. W. Howell, owner, said.

Of a different type, but just as attractive is a Czechoslovakian import that is trimmed in crystal and 14 karat gold.

These are just a few of the many unusual fixtures displayed in the firm's lighting department. If you are building a new house, or remodeling an old one, new lighting fixtures from Howell Electric will add the touch you've been looking for.

Factory Gives 1-Day Service On Bedding

Now is the logical time of year to check your bedding to see if it is up to par for the winter months, B. W. Dunnam, owner of Dunnam Bros. Mattress Factory, 2302 Avenue S said.

"If your present mattresses have become lumpy and hard they are uncomfortable to sleep on, and do not provide the rest that working adults need," Dunnam said.

"We can take your old mattress and completely renovate it to give it a new look and new comfort. The job will last as long as a new mattress, because it virtually makes a new mattress of the old one," he said.

Every operation in the construction of both conventional and inner - spring mattresses is done here in Snyder by the factory, and all materials are of the finest quality.

"We also offer another special service for our customers," he added.

That is one - day service on the production of a mattress. If you will tell us what kind of mattress you need in the morning, we can deliver the finished product to you that night. Several times in the past this one-day service has proven almost essential to many of Dunnam's customers. Unexpected arrival of guests sometimes points up a long - standing need for more sleeping facilities in the home.

Some other specialties which the factory has are the new style roll-away beds with Hollywood headboards. Folded into a compact unit the bed can be stored in a closet or a trailer house closet when not in use, or unfolds to make a comfortable bed.

A couple of tablespoons of chili sauce and two more tablespoons of finely chopped watercress added to a half cup of French dressing give the dressing zest. It's good served over a hard-cooked egg salad.

NEW BRITISH RIFLE

A British soldier holds the new .280 calibre rifle, left, before the weapon was put through tests at Warminster, England. The soldier at right displays the old British .303 Enfield gun, longer and heavier than the new stockless rifle. Despite impressive tests, western military men, including American observers, were not convinced that it is the best weapon in its field. At present the American Garand rifle is top nominee for the standarized infantry weapon to be used by Atlantic pact nations.

Allies Keep Up Air Strikes On Communists

U. S. EIGHTH ARMY HEADQUARTERS, Korea Aug. 13. (AP) — U. S. Fifth Air Force planes flew nearly 300 sorties today in strikes at Red troops, railways, roads and bridges.

Pilots reported they inflicted 65 casualties on Communist troops, hit 75 supply buildings, four bridges and three small boats. Fifty of today's sorties were flown before dawn in continuing around-the-clock attacks.

Heaviest attacks Sunday were directed against rail centers by B-29s and jets.

U. S. Eighth Army headquarters today reported only small patrol actions along the muddy front. But high Allied officers agreed that the Reds have built up their forces to the point where they can launch another major offensive if Kaesong armistice talks fail.

One of the few ground actions was reported south of Kaesong. U. N. troops engaged Communists there Sunday for the fifth successive day.

Two British Commonwealth patrol frigates moved up the Han estuary to shell Red positions in this area. The ships — New Zealand's Hawea and Australia's Murchison— did not report results.

Superforts from Okinawa rained 130 tons of bombs on rail yards at Sariwon, southern tip of the bombing and rocketing sweeps by the Thunderjets.

Marine night fighters and night-flying B-26 bombers reported they spotted only about 360 Red vehicles on the highways. As many as 2,000 have been noted in recent days. About a third of those spotted Sunday night were hit in flare-lit attacks.

The U. S. heavy cruiser Toledo fired the big guns on the naval front, continuing, for the 178th consecutive day, the attack on Red communications, through the east coast port city of Wonsan. The Dutch destroyer Van Galen, and the U. S. destroyers Uhlmann and Hopewell supported the bombardment with about 500 rounds.

Dewey Winds Up East Trip

WELLINGTON, New Zealand, Aug. 13. (AP)—Winding up a whirlwind fact finding tour of the Pacific, Gov. Thomas E. Dewey gave a gloomy picture today of what he found.

The situation is "very bad," he declared.

"Russia had never ceased making war since the end of the second World War" he told a news conference. "Five wars are going on in the Pacific — In Korea, Indonesia, Malaya, the Philippines and Indochina — and nobody else is behind them but Russia. Russia has two objectives: getting Japan and Germany. If she can get both, she can tip the balance of power. Japan's ability to defend herself must be built up."

Arriving by plane from Australia for a three-day visit, the New York governor advocated more defense treaties in the Pacific, particularly one covering Indonesia and Burma. He emphasized that the only way to avoid World War III is to be strong enough to prevent it.

Dewey praised the Japanese peace treaty as a brilliant piece of negotiation.

Army 5 Years Behind With New Setbacks

WEST POINT, N. Y., Aug. 13. (AP)—How long will it take Army football to recover from the present exam-cribbing scandal and fight it's way back to a place of eminence?

"Five years at least" said one high-placed source today. "Near 10," commented another.

The outlook is anything but bright. De-emphasis may well set in after all the hullabaloo about recruiting. Once-mighty Army may be tossed back to an ultra-conservative Ivy League category.

This is a prospect facing Coach Earl (Red) Blaik, who in 10 years raised West Point football to its highest status.

"De-emphasis does not come into my department, he said. "We shall continue to try to build the best football team possible from the material at hand."

He said there is no way of softening the schedule because the slate is made out three years in advance.

"It's a big-time schedule" he added, "but we plan to keep our commitments."

The Military Academy superintendent, Major General Frederick Irving, said, "We consider intercollegiate football important in maintaining balance at the academy, and we plan to continue it."

Suicide For Officer

TAIPEH, Formosa, Aug. 10. (AP)—A Nationalist Chinese army officer committed suicide Thursday because his country has been excluded from Japanese treaty negotiations, it was officially announced here today.

Kerensky To Munich

NEW YORK, Aug. 13. (AP)—Alexander Kerensky, president of Russia before the Communists took over was on his way to Munich, Germany, today for an anti-Red conference of Russian emigres.

Lufkin Strike Comes To End

LUFKIN, Aug. 13. (AP) — AFL craft unions ended a strike that began last May 7 by signing a new contract Sunday with the Lufkin Foundry and Machine Company.

Terms of the new contract for the 600 craft union members were not disclosed. It was reliably learned, however, that the terms were the same as offered by the company when workers walked out 100 days ago.

Walter Trout, president of the company, stated in an advertisement in the Lufkin Daily News last Friday that the workers had been offered a 10 per cent raise across the board last May 6.

Although 600 of the plant's 800 workers had struck, the company continued operations and employed about 600 workers when the strike ended Sunday.

A spokesman for the company said the men would be called back to work a few at a time "as rapidly as plant operations will permit."

The striking craft unions included machinists, molders, core makers, boiler makers and carpenters.

The plant manufacturers oil field equipment, diesel engines and trailers.

Cadets Wait For Discharge

WEST POINT, N. Y., Aug. 13. (AP) —The Army was holding firm today to its stand that there will be no honorable discharges for cadets found guilty of violating the Military Academy's honor code.

A restatement of the Army's position came Sunday with an official announcement that final hearings should be completed early this week on the 90 cadets facing dismissal for cribbing on examinations.

The accused cadets, housed in a special barracks but granted the full run of the post, were restless and anxious for a decision so they might enter other colleges.

But so far, many of them, particularly football players, reported a cool reception among colleges contacted. They said the schools seemed afraid to take them under the present circumstances.

Reed Plainview Champ

PLAINVIEW, Aug. 13. (AP)—Buster Reed of Denton won the Plainview golf tournament Sunday over Dick Jennings of Lubbock, 4-2.

Jacksonville Match

JACKSONVILLE, Aug. 13. (AP)—Leroy Roquemore of Palestine won the Jacksonville golf tournament Sunday over Don January of Dallas one up.

THE ADVENTURES OF PATSY

Indians Come To Top Of Heap As Luck Runs Out On Yankees

By the Associated Press

Cleveland's Indians stood alone atop the American League today, enjoying a game and a half lead over the New York Yankees — and all along the circuit they were whispering, "poetic justice."

That's not what Manager Casey Stengel of the Yankees believes, though.

"We were the victims of rotten luck," he said. "Nothing more."

Stengel was referring to Sunday's second game 7-4 loss to the Athletics in Philadelphia. The A's [illegible] won the opener, 9-5, to sweep the doubleheader from New York. The double loss coupled with Cleveland's 7-1 triumph over the Chicago White Sox, snapped the Yankees-Indians first place tie.

CURFEW BEAT YANKS

Stengel's Yankees actually had a 9-7 lead following a five-run rally in the top of the eighth when play was halted and the score reverted back to the seventh inning. Pennsylvania has a Sunday 6:00 p.m. curfew law. Since the Athletics did not bat in their half of the eighth, the Yankees' five runs were wiped off the records.

In New York July 7, the Yankees led, 3-1, as the White Sox went to bat in the ninth. Chicago tallied three times to go ahead, but rain intervened and the umpires called the game. The score reverted to the end of the eighth. That made the Yankees the winners.

Poetic justice? Perhaps.

Boston's third-place Red Sox regained their winning ways, sweeping a pair from Washington by identical 6-2 margins. Hoot Evers punched a bases loaded single in the ninth inning to break a tie and give the Detroit Tigers a 2-1 victory over the St. Louis Browns.

BUMS' LEAD SHRINKS

Don Newcombe pitched Brooklyn to a 7-2 victory over the Boston Braves but the Dodgers' first place lead in the National was reduced to 12½ games as the New York Giants swept a twin bill from Philadelphia's Phils 3-2 and 2-1.

The St. Louis Cardinals overcame a 3-0 Cincinnati lead to win 4-3. Pittsburgh and Chicago swapped shutouts. Murry Dickson hurled the Pirates to a 1-0 triumph over Joe Hatten in the opener. The Cubs retaliated when Paul Minner blanked Pittsburgh, 6-0, in the nightcap.

The Yankee-Athletics nightcap ended in rain and darkness amid a welter of confusion.

Mike Garcia chalked up his 16th victory for the Indians, who raked four White Sox pitchers for 14 hits including home runs by Larry Doby, Bobby Avila and Ray Boone. Dale Mitchell got three of Cleveland's hits to stretch his consecutive hitting streak through 20 games.

15-Year-Old Takes Soapbox Derby Sunday

AKRON, O., Aug. 13. (AP)—Tall, slender Darwin Cooper, 15, a shy boy who built his sleek black racer in the dining room of his home in Danville, Pa., is the hero of the Susquehanna Valley today.

The black-browed lad rode to victory in the 14th All-American Soapbox Derby here Sunday to give Pennsylvania its first national champion in the history of the event.

The All-American champ, running under the colors of the Williamsport Sun-Gazette, defeated 140 winners from the United States, Canada, Alaska and the U. S. zone of Germany.

Darwin's steelworker father, William, his mother Elizabeth, and a cousin, Donalter, who was second in last year's All-American were there to watch. While the overflow crowd of 80,000 cheered, Cooper roared across the finish line ahead of Raymond Marconi of Gary, Ind., who placed second, and Paul F. (Freddie) Albright of Jefferson City, Mo., who was third.

The winner still is to decide where he will take the $5,000 scholarship he won.

Said his mother, "I wanted Darwin to become a doctor, but he has his heart set on becoming an auto mechanic. He loves cars. In school his best subject is mathematics."

The boy raced first at Williamsport in 1949, but was beaten in the first heat. Last year he won one heat there. So he spent three months of careful work in the dining room to build his present car.

One of the wheels of his winning racer came from the '49 entry, one from the '50 car, and two were new.

"I did it for good luck, and I guess it worked," he said.

Fort Worth Drops Behind

By the Associated Press

Fort Worth took a staggering blow to hopes of a first division berth when they dropped a doubleheader to Beaumont Sunday.

The Roughnecks shut out the Little Dodgers twice to widen their fourth place margin to four full games. Scores were 4-0 and 5-0.

San Antonio swept a twin bill to move ahead of Dallas into second. The Eagles lost a 14-inning, 3-2, decision to Shreveport.

Houston trimmed Oklahoma City, 5-3. Larry Miggins drove in four of the five Houston runs with four hits in four trips.

Charros Win With Big Bat Of Bob Hedington

By the Associated Press

Brownsville's Bob Hedington had one of his best nights Sunday night as he paced the Charros to a victory over Port Arthur in the Gulf Coast League.

Hedington smacked two home runs and drove in six runs as the Charros whammed the Seahawks, 10-5.

Texas City bowed to Galveston, 3-1. Laredo lost to Corpus Christi, 4-3.

Harlingen took a double-header from Lake Charles, 3-1, and 4-3, to drop the Lakers into a sixth place tie with Texas City.

Hogan Up From Five Strokes Behind To Take World Title

CHICAGO, Aug. 13. (AP)—Ben Hogan, the man who dodged a rendezvous with death in Texas two years ago, celebrated his 39th birthday today with a $12,500 present as "World" Tourney champion and recognition as the game's greatest stretch-drive player.

Hogan virtually duplicated his heroic victory finish in the U. S. Open last mid-June as he erased a five-stroke deficit on the final round to win by three taps at 15-under-par 273 in the $50,000 "World" at Tam O'Shanter's gaily bedecked course.

Ben's roaring, six-under-par 66 demoralized his good fairways friend Jimmy Demaret—the stout 5-houle leader — who floundered to a closing 74 for second-place 276 and a $7,000 prize.

KILLER FORM WINS

Much has been said about the ability of Hogan to come back after the 1949 highway smash-up near Van Horn that nearly-claimed his life.

But even more amazing is his killer form on a selective basis, a contradition to experts who claim golfers must play week-after-week to stay at top form. He plans no further tourney activity until the Masters next April.

Hogan has played in only six major tourneys this year, winning the Masters, the U. S. Open and the World.

Ben's "World" triumph raised the year's earnings to $20,400, second only to Lloyd Mangrum, who leads with $21,078 in 13 tournaments.

The steel-nerved Hogan used only 25 putts on his 33-33 closing round.

BABE WINS AGAIN

Deadlocked for third at 277 were Pete Cooper and South Africa's Bobby Locke, who each pocketed $2,750.

A stroke behind at 278 and netting $2,100 each were Lawson Little and Clayton Heafner.

Sammy Snead, who has done little since winning the National PGA Tourney this year, was deadlocked with Lloyd Mangrum at 280, worth $1,650 to each.

Top amateur was Toledo's Frank Stranahan with 283.

In the women's "World," Babe Zaharias exercised her usual title monopoly by winning with a 298, six strokes ahead of Patty Berg. The Babe won $2,100.

Roswell Hurler Hangs Up 27th

By the Associated Press

Dean Franks, the Roswell pitching sensation, may not be the winningest man but the boys in West Texas will bet you he has a good a record as any pitcher in organized baseball.

The Roswell right-hander hung up his second win in two days and his 27th Sunday as he was credited with Roswell's 11-7 victory over Midland. He was the fourth Roswell pitcher.

Roswell pounded four Indian pitchers for 21 hits. Zeke Bonura, Midland manager, homered. Odessa pushed across a run in the last of the ninth for an 11-10 victory over Artesia. Stubby Greer, Artesia manager, had hit a three-run homer in the ninth to tie the score.

Big Spring had a romp over Vernon, 13-3. Three home runs swelled the score.

San Angelo and Sweetwater were postponed.

Abilene Holds To Easy Lead

By the Associated Press

The West Texas - New Mexico League has settled down to jockeying for position in the first division but the Abilene Blue Sox don't figure to make any changes. They have a comfortable lead.

Other teams have just given up hopes of stopping them — or cutting into their 8½ game lead much. They made it 8½ Sunday with an 8-0 victory over Amarillo. Jim Melton gave up 13 hits while Larry Mann, the loser, allowed only nine.

Lamesa whammed the Albuquerque Dukes, 11-5, with Ted Wyberanec scattering eight hits.

Clyde Baldwin gave seven hits in pitching the Pampa Oilers to a 9-2 victory over Borger. Clovis staged a late rally to edge Lubbock, 6-2.

Mr. and Mrs. H. G. Carter and daughters, Joy and Carol, 128 Twentieth Place, visited in Oklahoma over the week end.

Inventor Charges Patent Law Serves Pirates Purposes Best

NEW YORK, Aug. 13. (AP)—When Wright brothers invented their flying machine, all they had was a bicycle shop, a few pieces of junk and plenty of courage.

But if you want to be a successful free-lance inventor today, you'll probably need all the genius and faith and stick-to-it-iveness the Wright brothers had — plus maybe a million dollars.

So says T. Irving Potter, an inventor and manufacturer for more than 40 of his 63 years, who is sparking a crusade to protect the free-lance inventor's right to control his own invention.

Potter is the guiding genius and mainspring of a non-profit, nonpartisan organization called the Patent Equity Association. It aims to "revitalize" the U. S. Patent System.

ELOQUENT ZEAL

A short-statured, deep-chested man with searching blue eyes and neatly trimmed beard, Potter talks with the eloquent zeal of a missionary. He says he's fighting for a square deal for the inventor who holds a patent but doesn't have the money to defend his rights in court.

"Patent rights aren't respected any more," says Potter, they're violated every day, and it costs a king's ransom — about $90,000— to prosecute the average patent infringement case.

"Even Thomas Edison would have had a tough time under such conditions."

The remedy as Potter sees it, is speedier adjudication of patent cases by scientifically-trained judges. He proposes a central patent court of five judges, including three with technical training. One jurist would be a specialist in mechanical engineering, another in chemistry and a third in electricity and electronics.

This patent court would have nationwide jurisdiction. It would be the last stop before the Supreme Court itself.

TERRIFIC COSTS

At present, Potter says, most patent cases are heard in U. S. District or Circuit Courts, and many drag on interminably at terrific cost in time and money. For all practical purposes the court of final recourse is the U. S. Circuit Court. And there are 11 such courts, each with its own territorial jurisdiction.

According to Potter's definition, a typical inventor might be Charles X, who could be almost any one of the 50,000 Americans who successfully apply to Washington each year for patents.

Mr. X has a small but thriving automotive parts business in a medium-sized Eastern city. He is a man of substance in his community. He is a dreamer as well as a practical business man and he likes to tinker with gadgets.

One fine day this dealer in nuts, bolts, sparkplugs and carburetors for the garage repair trade hits upon an idea for a new and improved electric toaster.

ENTER "PIRATES"

But before he can cash in on his invention, somebody else comes out with the identical process or device or an almost identical imitation. He's been robbed by a "patent pirate."

It's Potter's contention that if the wronged and cheated inventor scrapes up enough cash to fight the thing out in the courts the chances are four out of five his patent will be declared invalid. In many cases, Potter says, some technical flaw in the wording of the patent will be ferreted out by attorneys for the patent pirate.

"We've got to do something," Potter states. "Otherwise our free-lance inventors will lose incentive and quit. Imagine what a world it would be if the American free-lance inventor had had no protection in the past. We'd have no washing machines, telephones, airplanes, air-conditioning or television."

SHE DROVE TOO FAST

When Patrolman Charles Brown overhauled a speeder in Cincinnati, Ohio, she turned out to be this scantily-dressed six-foot, two-inch brunette. She gave her name as Mrs. Doris (Amber) Rosas of New Orleans and said she was "Miss Amazon of the Cajuns of New Orleans" last year. Patrolman Frank Johnson is shown taking her to jail on charges of speeding and failure to have a drivers' license.

Uprisings In China Not Bothering Reds

(EDITOR'S NOTE(The author of the following has been AP Chief of Bureau for China since the close of World War II. In a complex sphere laden with propaganda, exaggeration and rumor he has long specialized in sifting out the facts.)

By FRED HAMPSON

HONG KONG, Aug. 13. (AP)—Every day reports come out of Red China that guerillas are punching the Communists groggy, especially in the South.

In the past 60 days enough confirmation has come through to establish the truth of many raids. Even the Reds are beginning to admit some of them.

Are the guerrillas really getting strong

Twenty stories about 20 guerrilla raids can create the impression of a vast anti-Red movement.

When you add them up, however, they come to an average of 100 men each.

MEN INVOLVED FEW

Twenty raids therefore might involve no more than 2,000 men scattered over four or five big provinces.

Look at it that way, and guerrilla activity seems trifling.

Well, which is it important or trivial?

The answer, so far, is "pretty small."

Wishful thinkers may make much of the rash of outbreaks, but dispassionate evaluation shows the guerrillas, at present, are no more than an annoyance to the Reds.

They may become more than that, depending on several factors including the Korean War, but it is a mistake now to view them as a serious threat even to Red provincial regimes.

I have talked to a number of persons from Red China, and not one takes the guerrilla movement seriously as yet. Even missionaries coming from remote stations in the hill country say guerillas thus far have not been abel to establish and hold a base.

ONE BIG OPERATION

The buildup of a resistance area by old Nationalist regular troops under Gen. Li Mi in the southwestern province of Yunnan is the only really sizable operation positively known to exist.

Even this may be more in the wilds of North Burma than on Chinese soil.

Generalissimo Chiang Kai-shek's Nationalists on Formosa put out hopeful reports about establishment of guerrilla control areas.

As times passes and fact is winnowed from fiction, it becomes apparent these so-called guerrilla strongholds either never existed or were speedily wiped out.

A good yardstick for the extent of guerrilla work is the Chinese railroad system. China has poor communications, so a cut railroad is a serious thing.

TRAINS ON TIME

Guerrillas hve indeed blown up a few locomotives and robbed a few munitions cars, but all indications are that the trains in Red China still run close to schedule, with no lines cut for more than a few hours.

It will be time to sit up and take notice when raiders start smashing railroads and keeping them smashed — as the Reds used to do when they were guerrillas.

The type of uprising conspicuous in South China lately appears to be mostly the work of angry farmers getting revenge for a bad deal on land distribution or for the heavy grain tax. Some of it also sounds like rescues of purge victims by relatives. Many cases look simply like the work of hungry people.

Tipping Hiked By Inflation

NEW YORK, Aug. 13. (AP)—An average tip of 15 to 20 per cent is more in keeping with the times than the traditional 10 per cent gratuity now an inflation casualty, says a New York automobile club official.

This bit of advice for summer vacationists came Sunday from Gilbert B. Phillips, travel department manager of the Auto Club.

His suggestions also included 25 cents for the bellboy at a city hotel, more if he carries several bags; 25 cents per person for the chambermaid if the hotel stop is two days or more, nothing for one-night stays; and 15-20 per cent of the check at better restaurants, more at a night club.

In considering tips, Phillips recommended that travelers consider the quality of service and the type of establishment. He added that they also must not leave more than they can afford.

No. 2-C Connell Finals For 90.3 Barrels of Oil

Kewanee Oil & Gas Co. No. 2-C Will Connell, East Polar - Pennsylvanian field location in Kent County, has been completed for 90.3 barrels of 38.1 gravity oil with 36.1 per cent water.

The potential was based on a 24-hour pumping test. Gas - oil ratio was 346-1. The hole had been acidized with 1,500 gallons.

Pay was topped at 6,934 feet with five and one-half inch casing cemented at 7,001 feet. Casing is perforated from 6,934-6,948 feet and 6,962-6,985 feet. Total depth is 6,998 feet.

The No. 2-C Connell is in section 3-4-H&GN.

Senators Endorse More Pact Nations

More NATO Nations

WASHINGTON, Aug. 13. (AP)—Agreement "before very long" on admitting Spain, Greece and Turkey to the North Atlantic pact defense organization was predicted Sunday by Senator Green (D-RI).

Senators Hunt (D-Wyo), Cain (R-Wash) and Bridges (R-NH) who appeared along with Green in a transcribed radio (WINX) discussion of European defense, also endorsed the idea of taking the three Mediterranean countries into the pact.

Funeral Services For Early Set Tuesday

WASHINGTON, Aug. 13. (AP)—Stephen T. Early, press secretary to two Presidents, will be buried in Arlington National Cemetery Tuesday morning.

Funeral services will be held at the Washington National Cathedral at 8 a.m. (CST) and burial will follow at 9:30 a.m.

83 Casualties On List

WASHINGTON, Aug. 13. (AP)—The Defense Department today identified 83 additional United States casualties in Korean fighting.

List No. 35 contained the names of 18 killed, 46 wounded, 11 injured and eight missing in action.

Waxey's Life Shows Violence Of Prohibition Vice-Lord Days

NEW YORK, Aug. 13. (AP)—Waxey Gordon, a short, pudgy, puffy-eyed entrepreneur, is the last of prohibition's big mobsters still chasing an uneasy buck.

Al Capone, Dutch Schultz and Jack "Legs" Diamond are dead. Roger Touhy is still in jail. Johnny Torrio has dropped out of the news. Whatever he is doing now, Lucky Luciano is doing it in Italy. And whatever Frank Costello is doing when he isn't on television, he must be ruled out because in the days of bathtub gin he didn't quite make the top echelon.

That leaves only the 62-year-old, wanton Waxey, former millionaire beer baron, patron of the arts, Broadway "angel," gambler, tax evader black marketeer and supercautious golfer who used to be so careful he took out a $30,000 insurance policy just in case his shoes killed anybody.

EAST SIDE PRODUCT

Waxey, who was born Irving Wexler on the lowest East Side of New York, has come upon hard and humiliating times since repeal but recently had the hardest. He was arrested with three cronies on charges of possessing $180,000 worth of heroin.

Waxey was tossed into the clink, a comedown for a man who used to spend $20 for silk underwear ($20 then was equal to $40 today), $160 for suits, $225 for tuxedos (at an opening night, Waxey wouldn't be caught dead without one), $3,600 for a bar in his apartment, $4,000 for a library of expensively bound classics which he never read, and other thousands of dollars on two Pierce-Arrows, two Lincolns and a Cadillac which he maintained simultaneously in those days.

But Waxey has had his ups and befor, having been acquainted with jails at Leavenworth, Sing Sing and others in New York and Pennsylvania.

GREAT VERSATILITY

His career has shown great versatility. He began it in 1905 with an arrest as a pickpocket and got his nickname because his hands were as smooth as wax. Two years later, he turned to stickups, became a little clumsy and spent two years in Sing Sing.

In 1914 he and 12 others were acquitted of a murder charge resulting from a battle between "Dopey" Benny's mob and some competitors. That same year he drew two years in Sing Sing for beating up a man and relieving him of $465.

Some time in the early twenties, Waxey came back to New York and opened a pool hall on the Lower East Side where, according to authorities who could never make the charge stick, he organized a dope-peddling ring.

He was nabbed but acquitted in 1924 of charges involving the shipment from New York to Duluth, Minn., of two trucks containing 192 pounds of opium.

PERSONAL INTEREST

Waxey appeared to have a personal as well as a business interest in dope. Years later, in 1936, Nancy Presser, self-described mistress of Lucky Luciano, testified at Luciano's trial that Gordon was one of the "big shots" who taught her to smoke opium.

But back in 1924, the dope charge evidently frightened Waxey away from that line. He bought himself a couple of Manhattan hotels.

He made big money but these were expanding times and Waxey expanded. He entered into bootlegging, beer being his specialty. He quickly acquired a string of breweries in New Jersey and New York. In several cases the previous owners had died suddenly.

BUSINESS WAS GOOD

Business was good. Federal agents were bought, shot or fooled. When an agent showed up at one of Waxey's big breweries he saw only trucks carrying off near or legal beer. What he didn't see was the hundreds of thousands of gallons of real beer being pumped right and day through pipes in city sewers to bottling and barreling plants in garages a half mile away.

Waxey, it was later testified, was getting $50 for a barrel of beer which cost him $4. He sold 3,000 to 7,000 barrels a week, depending on the market, the competition and who was hi-jacking whom. In 1930, his breweries netted $2.5 million but Waxey paid the government just $30 in income tax.

He was living well. His three children attended expensive, exclusive schools. He had a big apartment in the city and a huge home in the country. According to Elmer L. Irey, former chief of the enforcement branch of the treasury Department:

"He made millions from the Prohibition Act. . . . He was on intimate terms with the best people in America and a good many of them pulled their cowlicks when he passed; Gordon was a suave patron of the arts, if leggy musicals can be considered part of the theater."

WAXEY OR DUTCH

It was always a matter of academic interest in the underworld who was bigger, Waxey or Dutch Schultz. Now and then it was more than academic. Four days after repeal became effective in 1933, at a time when breweries were going at a premium, persons unknown opened fire on Gordon and his confereres in an Elizabeth, N. J., hotel. Two of his boys were killed. Waxey fled through a window.

Five days later, a third Gordon lieutenant was shot to death. There are, however, many who believe that Waxey finally won the argument since Schultz ran into a fatal hail of lead in Newark in 1935.

In 1933, youthful Thomas E. Dewey, special U. S. prosecutor, made Gordon the first major victim of his legal talents. Although Waxey never had signed anything, Dewey used 150 shivering witnesses and 1,000 documents to prove that the mobster owed the government more than $500,000 in back taxes for 1930 and 1931.

DEWEY GOT HIM

Waxey was sentenced to 10 years and fined $20,000. With time off for good behavior, he emerged from prison in 1940, signed a pauper's oath while the government had a $2 million tax lien against him, announced, "Waxey Gordon is dead. From now on it's Irving Wexler, salesman."

Despite the announcement, Waxey found himself unpopular. He was tossed out of San Francisco as a vagrant. In New York, the late mayor Laguardia ordered him arrested on sight, but Waxey won a court fight to stay if he behaved.

Two years lafer, the wavering Waxey was back in the clink, drawing a year for black market operations in sugar. In 1944, LaGuardia linked Gordon with a syndicate doing business in surplus war goods, but no prosecution resulted. In 1947, he was arrested on a charge of possessing $40,000 worth of "hot" watches, but he was acquitted.

HOUSE JOINT RESOLUTION NO. 6
proposing an Amendment to the Constitution of the State of Texas amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to residents of the State of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of sixteen (16) years; needy children under the age of sixteen (16) years; removing the Thirty-five Million Dollars ($35,000,000) limitation upon expenditures for such purposes and providing for a limitation of Forty-two Million Dollars ($42,000,000) upon such expenditures; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; prohibiting payment of assistance after disposition of property under certain conditions; providing for acceptance of financial aid from the Government of the United States of America for such assistance; providing that the payment of such from State funds shall never exceed the payments from Federal funds; providing for the necessary elections; and providing for the form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so that the same shall hereafter read as follows:

"Section 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty Dollars ($30) per month.

"Any applicant for or recipient of assistance, including the spouse in each instance, who shall dispose of any property after June 1, 1952, and any person who initially applies for assistance after June 1, 1957, who has disposed of any property within five (5) years prior to the date of application, shall be ineligible to receive assistance; provided, that if such property was disposed of by bona fide sale and conveyance, and for value commensurate with the actual market value thereof, such disposition shall not affect eligibility for assistance if it be shown that all proceeds from such sale have been used by such person and spouse for normal living expenses, or for the purchase of other real property of like value. If any recipient of assistance or spouse shall sell any real property, neither such recipient nor spouse shall thereafter receive assistance until all net proceeds of said sale have been expended for normal living expenses; and in case of disposition of such property by gifts or for an amount less than its actual market value, such person and spouse shall not thereafter receive assistance until the expiration of the period of time during which the net proceeds of said sale would have paid their normal living expenses had the actual market value been realized therefrom.

"(2) Needy blind persons who are over the age of sixteen (16) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application.

"(3) Needy children who are under the age of sixteen (16) years; provided that any child, if otherwise eligible, may not be excluded who has resided in the State for one (1) year immediately preceding the filing of the application for such assistance, or, if said child is under the age of one (1) year, whose parent or other relative with whom the child is living has resided in the State for one (1) year immediately preceding the birth of such child.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restrictions herein set forth; provided, however, that the amount of such assistance out of State funds to each person assisted shall never exceed the amount so expended out of Federal funds; and provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind and needy children shall never exceed the sum of Forty-two Million Dollars ($42,000,000) per year.

"Should the Legislature enact enabling laws and provide an additional appropriation herein in anticipation of the adoption of this Amendment, such Acts shall not be invalid by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at the Election to be held throughout the State of Texas on the Second Tuesday in November, 1951, at which election there shall be printed on such ballot the following clause:

"FOR the amendments to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollar ($35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars ($42,000,000) per year on State fund expenditures for such purposes each year."

"AGAINST the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age, removing the Thirty-five Million Dollar ($35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal Funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars ($42,000,000) per year on State Fund expenditures for such purpose each year."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and Laws of the State of Texas.

HOUSE JOINT RESOLUTION NO. 2
proposing an amendment to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars ($100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars ($100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature provided, that when the limitation of Twenty-five Million Dollars ($25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be construed as One Hundred Million Dollars ($100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veterans' Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law or as may hereafter be provided by law.

"All moneys received and which have been received heretofore from the sale of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds provided for herein, for a period ending December 1, 1959; provided, however, that so much of such moneys as may be necessary during the period ending December 1, 1959, to pay principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 1, 1959, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchaser, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars ($100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars ($25,000,000) has heretofore been issued; said bonds are hereby in all respects validated and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 35
proposing an Amendment to Article VII of the Constitution of the State of Texas by adding a new section after Section 11 thereof to be designated as Section 11a, providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution of the State of Texas; providing for the necessary proclamation and publication, and calling of an election therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII of the Constitution of the State of Texas shall be amended by adding after Section 11 thereof a new section to be designated Section 11a, which shall read as follows:

"Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in such other securities, including bonds, preferred stocks and common stocks, as the Board of Regents of the University of Texas may deem to be proper investment for said fund; provided, however, that not more than fifty per cent (50%) of the said fund shall be invested at any given time in stocks, nor shall more than one per cent (1%) of the said fund be invested in securities issued by any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enacting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution";

"AGAINST the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of the proper appropriation made by law.

HOUSE JOINT RESOLUTION NO. 22
proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 67, authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary and authorized by the qualified voters of such county; providing the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein; and providing that administration of such system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III; providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State, under such rules, regulations and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary and shall first be authorized by vote of the qualified voters of such county; provided further that the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors at an election to be held throughout this State on the second Tuesday in November, 1951, and at said election the ballots shall have printed thereon the words:

"FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and

"AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees."

Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed Amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed Amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

SENATE JOINT RESOLUTION NO. 4
proposing an Amendment to Section 48-d of Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts so as to provide that the Legislature may authorize an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation;

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 48-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide) the following:

"FOR the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation for the creation and establishment of rural fire prevention districts," and

"AGAINST the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Politicians Speculating On Who Will Run For President

By JAMES MARLOW

WASHINGTON, Aug. 13. (AP)—The 1952 presidential election still is more than a year away. But the political experts already are beating their gums about events ahead.

But they're being pretty cagey about it — they have to — because the future is uncertain. The picture can be summed up briefly:

Republicans — General Eisenhower and Senator Taft of Ohio are the two most prominently mentioned for the Republican nomination.

Taft is running for it as hard as he can. No one can predict at the moment what Eisenhower will do; he may want no part of it; or he may think he's more needed in uniform because of a war or because he thinks his job of rebuilding Europe's defenses isn't finished.

Democrats — President Truman has given no hint of whether he'll seek re-election. Apparently awaiting his decision, most of his fellow Democrats have remained pretty mum on any other choice of their own, if any.

NO WIDE CHOICE

They don't seem to have a wide choice. Given most mention as possible Democratic candidates if Mr. Truman doesn't run are these three: Senator Douglas of Illinois; and the Supreme Court's Chief Justice Vinson and Associate Justice Douglas.

The Supreme Court is not a place for developing political attractiveness and the two justices don't have much popular backing; and as for Senator Douglas — the President is reported to dislike him intensely.

The experts ridicule any suggestion that if Mr. Truman doesn't run he might, if he wanted to, be able to persuade Eisenhower to take the Democratic nomination.

Republican backers of the general claim to know he is a Republican and would run only on the Republican ticket. Only last week the President said he doesn't think the general is a candidate for the Democratic nomination although that doesn't rule out the chance he might try to persuade the general to be the candidate.

IKE'S POLICIES

From what he's said in the past, Eisenhower doesn't seem very close to Mr. Truman's thinking on domestic affairs. The President has urged much wider economic security for everyone, for instance, through a national medical health program.

While he was still active as President of Columbia University Eisenhower once said people looking for security could find it in jail, a remark which brought him criticism.

But the general is much closer to the President's views on foreign affairs than he is to Senator Taft. The general and the President both want strong military alliance with Europe, backed up by a lot of American aid.

"Taft, from away back, hasn't been very warm about close tie-ups with Europe.

Still, the experts don't seem to think the following could happen.

If Mr. Truman doesn't run and Taft cinches the Republican nomination, Eisenhower might accept the Democratic nomination because he differs so much from Taft on foreign affairs.

Tennis Tournament Opens In Brookline

BROOKLINE, Mass., Aug. 12. (AP)—Tennis observers freely predicted today the Wimbledon triple champions, Doris Hart of Coral Gables, Fla., and Shirley Fry of Akron, O., would win the women's title in the 70th National Doubles Tournament which begins today at Longwood Cricket Club.

The Australian pair of Frank Sedgman and Ken McGregor were the choice to win the men's championship, even though they were defeated in the semifinals at Newport last week.

Some leaned to the older pair of Gardnar Mulloy and Bill Talbert of New York.

To freshen a wilted veil, press it between two sheets of wax paper.

Thirty Attend Women's Golf Group Lunch

Mrs. George Frazier and Mrs. Joe Burkett won first and second prizes respectively in the Woman's Golf Association tournament held at the Country Club Friday in connection with the regular meeting.

Thirty members of the club were present for the noon luncheon at the clubhouse. Guests at the luncheon were Mrs. O. P. Thrane of Abilene, Mrs. J. S. Bradley of Fort Worth and Miss Veda Bell of Ennis, Tex.

Members participating in the tournament in addition to the winners were Mrs. Walker Dabbs, Mrs. Bill Atwood, Mrs. Mabel Younger, Mrs. W. P. Thurmon, Mrs. James Rosser and Mrs. Russell Yorgesen.

Plans for a pro - amateur tournament to be held at the club Aug. 23 were discussed during the meeting. Members of the association will be invited to enter competition. Invitations will also be sent to other professional and amateur golfers from this area.

Senator Cain Urges Action For Oatis

WASHINGTON, Aug. 13. (AP)—Senator Cain (R-Wash.) wants President Truman to make "an outspoken demand" to the new Czech ambassador for the release of William Oatis, Associated Press correspondent now in a Czech jail for "spying."

The new ambassador, Vladimir Prochazka will present his credentials to the President soon.

Cain wrote Mr. Truman on Saturday that the meeting would afford a "dramatic opportunity to confront the Czech regime with an outspoken demand for the immediate release" of Mr. Oatis.

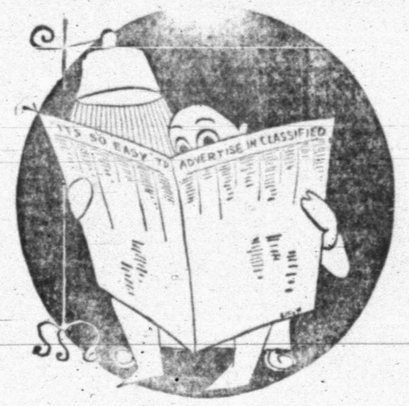

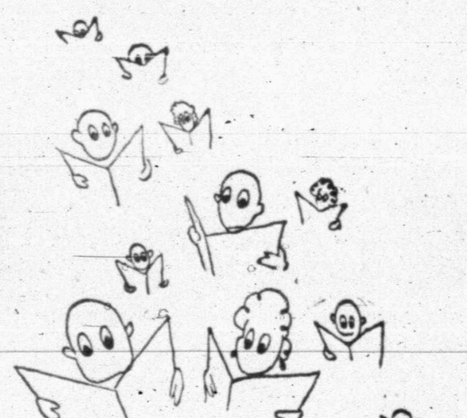

NEW SITE IN SIGHT—A four-apartment 2½-story building is moved from its location on Chicago's South Western Ave., to a new site on the same avenue by two trucks.

Vice-Chairman May Head Wage Board

WASHINGTON, Aug. 13. (AP)—Nathan P. Feinsinger reportedly has been picked to head the Wage Stabilization Board. He would succeed Dr. George W. Taylor when Taylor returns to the University of Pennsylvania.

Feinsinger, 48, is now board vice-chairman. A law professor, he was a member of the World War labor board. Fred Bullen, a member of the 18-man wage board, is expected to succeed Feinsinger as vice-chairman.

GIANT SHOVEL MOVED

This 3,700,000-pound shovel is being moved from Coal City, Ill., to the Essex pit of the Northern Illinois Coal Corp. Electricity powers the giant electric shovel on its 10.8 mile journey near Joliet, Ill. When the shovel reaches the end of the power cable, a substation, moves forward to tap transmission lines at another location along Route 66. Timbers are cabled together to form pads on which the shovel moves. The shovel lifts the timbers from rear to front as it inches down the roadway.

Sheppard Field Shows That It Can Save the Taxpayer's Money

WICHITA FALLS, (AP)—The word is out to save the taxpayer's money at military installations. Sheppard Air Force Base here is a good example.

About fifty million dollars was spent at the base in the fiscal year ending June 30. That's a lot of money.

But the cost would have been greater were it not for a constant campaign to impress upon everyone at the base that the ultimate source of the money is the common purse.

A faucet washer costs only three cents and can be installed in five minutes. But a neglected, leaky faucet must be replaced — and that costs three dollars.

CARLOAD PURCHASES

Cement, sand and gravel are purchased in carload lots. Paint is bought in 50-gallon drums. Competitive bidding has resulted in savings, in one instance a dollar a gallon on paint.

The Officer of the Day checks use of electricity. Where unnecessary lights are found, commanding officers are notified.

There are eight four-man teams of carpenter, electrician, plumber and foreman scattered about the base. Their principal aim is preventive maintenance — making the early repairs which save money.

The taxpayer does not pay for the juke box, nor the electricity which makes it operate in the various clubs. Installations, improvements and utilities costs are assessed against such facilities as the Officers' Club, NCO Club, base exchanges, cafeteria, barber and tailor shops, laundry, refreshment stands, etc.

SAVINGS MADE

If a plumbing job calls for use of 17 feet out of a pipe-length of 20 feet, the remaining three feet is threaded, stored and used for connections.

Food is a major item. A typical daily issue: 19,168 pounds of potatoes, 14,728 pounds of whole chickens, 1,195 pounds of lettuce, 7,469 pounds of ground beef, 50,568 eggs, 1,846 pounds of bitter, 4,860 pounds of tomatoes, 12,000 quarts of milk, and 3,200 loaves of bread.

Leftovers are used within 24 hours. Bread reappears as toast, or in puddings. Bacon becomes seasoning for beans, spinach, and salads.

SALVAGE YIELDS GOOD

Potatoes are machine-peeled, which saves time, manpower —and potatoes. The base has a fat rendering plant. All grease is used and re-used.

Kitchen waste is sold by contract to hog farmers. But chicken entrails and bones are kept separate, for sale to processors at a higher price. Egg cases are re-sold.

Salvage — sale of garbage, scrap metal, etc. — yielded $4,480 in May, which is about average.

With New Bonds, County's Debt Would Be Less Than 5 Per Cent

If the courthouse annex and county park bond issues are approved Saturday, the county's total indebtedness still will be less than five per cent of its valuation.

"This is a very low debt, and is considerably lower than that of most counties," Edgar Taylor, county judge, stated.

The state constitution allows a county to become indebted as much as 20 per cent of its valuation, he added.

The county's outstanding indebtedness now is $3,256,000, less than three per cent of the $120 million valuation proposed for this year. If the courthouse annex and county park bond issues carry in the election Saturday, the total indebtedness will be raised to only $5,056,000, which will be about less than five per cent of the valuation.

To be conservative, the valuation may be figured at $110 million rather than $120 million. Then, to be more conservative, it may be supposed that only 90 per cent of the taxes assessed will actually be collected. Under such conditions a tax rate of only 20 cents would be required to pay off all the county's indebtedness, and this will come from the portion of the regular tax rate allocated for permanent improvements.

At this rate of payment, almost all the county's indebtedness will be paid in 16 years, Judge Taylor said. The only indebtedness then outstanding will be bonds issued years ago, including the original cost of the courthouse.

On the present indebtedness, about $78,000 in both interest and principal will be due annually until 1961 when the annual payment will drop to about $56,000 for the one year, then drop to about $11,000.

Next year, the principal on the two bond issues to be approved Saturday will be $66,000, and the interest will be $52,500. This will make the total requirement for the year $196,598. In 1953, the total requirement will be $196,485. The figure will vary up and down slightly for 16 years, being then paid in full, leaving only the old long-time debt which will be paid in seven more years at from $10,400 to $12,000 annually.

PRESENT DEBT

The breakdown on outstanding permanent improvement indebtedness now is:

Courthouse refunding bonds, $43,000.

Permanent Improvement Warrants, $2,000.

Courthouse Improvement Warrants, $129,000.

Airport Bonds, $182,000.

Hospital Bonds, $400,000.

Road Bonds, $2,500,000.

TOTAL, $3,256,000.

The average annual payments of principal and interest for the 16 years including all indebtedness, is $202,700. The average annual tax required to meet these obligations, based on an average valuation of $115 million and assuming 90 per cent will be collected, is $0.1959—or less than 20 cents.

THE STARS

By BOB THOMAS

HOLLYWOOD, Aug. 13. —When Arlene Dahl announced she wanted to end her MGM contract some time ago, most film observers thought she was out of her pretty red head.

She escaped the pact, all right. She passed up $1,250 a week and the security of a studio at a time when quite a few actors are living on breakfast food and cherished hopes. So I consulted her for an explanation of the seemingly foolhardy move.

It was partly due to her recent marriage to Lex Barker, the breast-beating ape man of the Tarzan series, she declared.

"It's risky enough for an actress to marry an actor," she explained. "I think many such marriages are wrecked because of conflicting schedules, with one party away on location while the other is at home and vice versa. I believe that is what caused the rift between Barbara Stanwyck and Robert Taylor. Those long absences are murder; a person can change completely in six months.

"I feel it is up to the wife to manage her life so she can be with her husband as much of the time as possible. That's one of the reasons I wanted out of MGM. As a free-lancer, I could arrange my schedule so I'm making a picture when Lex is."

OTHER REASONS, TOO

Arlene's other reasons for leaving the studio stemmed from its refusal to loan her to play Roxanne in Cyrano de Bergerac."

"They told me they would compensate for it with a bit role at MGM," she recalled. "But it never came. Instead, they put me in three stinkers ('No Questions Asked,' 'Watch the Birdie,' 'Inside Straight.') So I got mad."

The fiery redhead had it out with a studio bigwig. He admitted that the big musicals were designed for Jane Powell, Esther Williams, and Kathryn Grayson, and there were no plans for Arlene.

"Very well," she replied. "Then I want out."

Nearly every player who leaves a studio remarks, "the parting was friendly." But the old cliche appears true in Arlene's case. "They gave me my wedding gown," she explained. "And kept me on salary until after the honeymoon."

One other reason for her departure was the variety of her outside activities. She has almost as many enterprises as Bing Crosby's relatives.

ARLENE WRITES COLUMN

She produces a three - weekly beauty column, which runs in about 30 papers. (She does the interviewing and an assistant does the writing; a nice set-up if you ask me.) She is bringing out a line of negligees and matching sets, which she designed herself. She is also going to market cosmetics under her name.

Besides this, she just returned from playing in "I Married an Angel" at the outdoor theater in Dallas. And she leaves shortly for television appearances in the East and theater dates in New York, Washington and Flordia.

"Of course, I couldn't have appeared on television while I was at MGM," she said. "They would allow me to do other activities if I was a good girl. But if I got on suspension, I couldn't collect my money from them."

So now she is on her own. No need to worry about her future. This girl can handle herself in the business world as adeptly as Clifton Webb at a cocktail party.

TALK OF THE TOWN

By FRANCES BROOKS

Summer Notes:

The gulf breeze charmed Mrs. H. W. SANDERS and her three children, Dickie May, 12, Jimmie, 11, and Janie, 3, during their month at Corpus Christi. Home again at 2412 Thirty - second Street Mrs. Sanders is phoning friends, wistfully saying "Being back is wonderful. Is there a bridge game or anything going?"

* * *

The JACK SPARKS, 411 Twentieth Street, entertained her parents, Mr. and Mrs. Charles Coats of Cross Plains, Tex., last week and her sister from Lubbock, Mrs. Claude Lawson ... And Mrs. M.A. STURDIVANT and Miss ETHEL MAE STURDIVANT, 223 Twenty-fifth Street, enjoyed visitors—Mrs. Sturdivant's grandson from Kerrville, Arlen Sturdivant, and cousins, Mr. and Mrs. Marvin Curb and daughter from Comanche.

* * *

The W. K. KOLARS of Kolar Motor Co. are still away, perhaps in Alaska, where they had planned to travel, the very thought of which sounds cool ...The CLYDE HALLS, 2242 Sunset Avenue, entertained week - end guests, Dr. and Mrs. J. K. Wood and Mary Jo Wood and John Wood from Odessa and also Mr. Hall's parents, in from Brady for a visit ... Leaving Snyder this week for San Angelo were the OSCAR WEBER, Jrs., 1303 Twenty - third Street. To take a job in the shoe department of Hemphill - Wells there. Mr. Weber moved the family Sunday .....The ARMOR McFARLANDS are in from a week in New Mexico, which was hot, dry, but no hotter, drier than here.

* * *

The [illegible] received a letter which must have come part of the way by dog sled—it was postmarked Alaska....

"Whitehorse, Yukon Territory.

Well, here we are back to Whitehorse. We are fixing to "Go in the bush" (means hunting for 15 days). We spent about a week in Fairbanks, then flew 1,300 miles to Kotzebue, a small Eskimo town on the extreme northeast coast of Alaska in the Arctic Circle. I tried taking a picture of Siberia, but only got clouds. Then we went to Nome, the famous old gold rush town. They are still dredging and panning for gold. The largest nugget we saw was about the size of an English pea. The Eskimos were very friendly but horribly ugly. Their dogs and sleds were resting. The ice was all melted there.

Directly south and west of us are huge glaciers, probably centuries old. It doesn't get dark at night here.

Best regards.

NOLAN VON ROEDER"

* * *

El Dorado, Ark., where there is Two oil men's families this week escaped the heat by departing for El Dorado, Ark., where there is reported rain and breeze . . Mrs. TROY LILLY whose husband works at the Lion Gasoline Plant west of town took her daughter, Shirley and went for a few days to her former home, Mrs. JOHN PICKERING also in the same camp leaving with her children.

* * *

Mr. and Mrs. ED CHAPMAN entertained friends in their new home Saturday night .... the new house, 3110 Thirty - ninth Street, received a genuine "warming", lots of gifts for the new homemakers. There was bridge and canasta and cold drinks .... Over fifty persons attended the party. Seen were: The Dillard Popes, the Charles Egners, the Simon Steinbergs, the Joe Burketts, the M. M. Clarks, the Dan Webbs, the Noel Banks, the W. P. Hollands, and the Rodney Plattsmiers and Randy in from San Angelo, formerly Snyderites.

Mr. and Mrs. John Trussell of Hale Center are visiting Mrs. Earl McDow and other friends and relatives for a few days while they is in Snyder.

Ridgway Is Doubtful Of Peace Meets

WASHINGTON Aug. 13. (AP) — Gen. Mathew B. Ridgway, United Nations commander in Korea, apparently hasn't much confidence in the cease-fire talks now going on at Kaesong.

But he's banking heavily on the fighting spirit of his men, if the talks fail.

In an interview published today, Ridgway said:

"The ceaseless flow of falsehoods, perversion and slanted statements which continue to emanate from Communist-controlled public-information media, together with the long record of Communist duplicity deciet and faithlessness in contractual obligations, have dissolved all doubts in the minds of members of this command as to Communist objectives.

"The members of the United Nations command will now judge Communist intentions not by words, but by performance. This performance to date has produced no concrete evidence of honest, peaceful intentions. Our forces know why they fight and their spirits were never higher."

Of American fighting man, Ridgway said: "He is unsurpassed in battle."

The interview between Washington and Ridgway's headquarters in Tokyo was conducted by teletype.

County Demonstration Clubs Hold Picnic

The County Home Demonstration Clubs held their annual picnic Friday at the Rodeo Pavilion.

Mrs. Guy Stoker, Mrs. Jim Moss, and Mrs. Mel Andress, were among the hostesses who welcomed the 40 guests, both members and their families.

One of the outstanding entertainments of the evening was a square dance exhibition by Mr. and Mrs. Howell Light, Mr. and Mrs. Ernest Schattel, Mr. and Mrs. Dale Hess, and Mr. and Mrs. Billy Joe Clifton, from Pyron.

Odd Fellows Meeting

CORSICANA, Aug. 13. (AP) — Business sessions began today at the annual Texas IOOF secretaries, scribes and clerks association meeting here.

About 200 Odd Fellows and Rebekahs are gathered for the meeting. The Corsicana and Mexia Rebekah Lodges presented association and grand officers at a meeting Sunday night.

DRIVE-IN CROWD

BOSTON, Aug. 13. (AP)—The feature at the Neponset Drive-In Sunday was Sunday service.

The regular drive-in theater drew a congregation of 300 as the Rev. Dr. Ernest Lyman Mills, pastor of the Parkman Street Methodist Church inaugurated a Sunday worship series.

The parishioners heard Rev. Mill's sermon over the car speakers which normally carry the dialogue and music of movies.

The pastor said the attendance "was gratifying and encouraging — the spirit was such as we desired."

COOKING'S FUN!

Tuna Fish Salad and Cole Slaw with Potato Chips
Hard Rolls and Melba Toast
Crisp Cookies Sweet Grape Cooler*
(Recipe for Starred Dish Follows)

SWEET GRAPE COOLER

INGREDIENTS: ½ cup sugar, ½ cup water, juice from 1 medium-sized orange (1-3 cup juice) ½ cup grape juice, one 12-ounce bottle sparkling water.

METHOD: Put sugar and water in small saucepan over low heat and stir until sugar is dissolved. Bring to a boil three minutes; chill. Just before serving mix sugar syrup, orange juice, grape juice, and sparkling water. Pack four glassese with ice cubes and pour grape cooler over. Makes 4 servings.

ASK MILDRED

Can green pepper be frozen successfully and if so how do you prepare it? L. C.

Yes, they can be frozen. Here are directions. Wash peppers, cut out stem, cut in half, remove seeds, and slice or not, as desired. Unheated halves or slices may be packed directly into containers and put into the freezer. No headspace is necessary. For preheating give halves three minutes in boiling water, slices two minutes. Then chill promptly in cold water, drain and pack tight in containers, leaving a half inch of headspace. Use leak-proof moisture - vapor - proof cans, jars, cartons, or bags.

* * *

How much sugar is in Fancy Pack Fruit Syrup Mrs. S. T.

Unless the label tells definitely, the regulation amount is 55 per cent sugar.

* * *

How can one tell if the rug cleaning brushes of a vacuum cleaner are correctly adjusted to the proper level? Mrs. M.H.K.

If your cleaner has an adjustment screw, you may adjust it so that the bristles extend approximately one thirty - second of an inch below the nozzle. Also a test for correct adjustment is to place a dime about a foot from the nozzle and adjusting the height until the dime dances and moves toward the nozzle.

* * *

I am planning to can two bushels [illegible] print [illegible] jars will I need Aso review the steps in canning peaches in a water bath. Mrs. T.H.

One bushel of peaches will make between 30 and 44 pints canned. Water bath canning for peaches: Wash. Put firm fruit in a wire basket or cheese cloth and dip in boiling water 1 or 2 minutes. Then place in cold water quickly. Slip off skins. Cut into halves and remove seed. Pack tightly into containers. Pour boiling syrup to within one or two inches of the rim. Steam 10 minutes, seal and process 15 minutes. Cool.

* * *

Dear Mildred, I am hoping you will please print this wonderful recipe for Red Devil's Food Cake. This recipe was given to me by my very good friend Mrs. A.B. Casstevens.

Red Devils Food Cake (3 layers): 2-3 cups shortening, 1½ cups sugar, 2 eggs, 4 tablespoons cocoa, 3 tablespoons hot coffee, 1 teaspoon red cake coloring, 1 cup butter milk, 1 7-8 cups flour, 1 teaspoon soda ½ teaspoon salt, 1 teaspoon vanilla, 1 cup chopped pecans. Cream shortening until light and fluffy. Mix in sugar, blend well, add eggs and beat mixture until smooth. Add cocoa, hot coffee and cake coloring to shortening mixture. Sift flour, salt and soda together and add alternately with the buttermilk shortening mixture. Mix well and add vanilla and chopped pecans. Bake in moderate oven 350 F.

PERSONALS

Mrs. Helen Kay Shield Haugland, daughter of Mrs. Eupha Shield, 2901 Avenue M, will be among the students receiving bachelor degrees at North Texas State College Aug. 24. Mrs. Haugland is a business administration major and a member of Pi Omega Pi, national honorary society.
