BANDITS RAID BROWNWOOD BANK

GALVESTON CLUB PROPRIETOR ROBBED OF \$15,000

BANDIT PAIR HOLD UP CAR OUTSIDE CITY

GUARD USUALLY WITH CLUB AUTO WAS LEFT BEHIND

(By Associated Press)
GALVESTON, Tex., Mar. 13.—Louis Morris, proprietor of the Kit Kat Club, and Andrew Best, his employee, were robbed of \$15,000 on leaving the club today, Morris told police.

Morris and Best were driving toward the city in an automobile from the club, which is on the Galveston-Houston highway out of the city limits. They drove a short distance and another car pulled even with them. They were commanded to stop.

Two white men, one masked, in the robbers' car covered Morris and Best with a rifle and a spotlight. A leather bag containing more than \$10,000 was taken from the car, and \$200 more was taken from Morris, he said.

The Morris car was then damaged by the robbers who drove toward Galveston.

The Kit Kat Club car usually is followed by a guard, but today the guard left for Houston some time before the closing hour, Morris told police.

Youths Face Trial On Charges Today

The last two youths arrested by the recent clean-up drive of the police department are scheduled to go to trial today in the Lubbock county court before County Judge Robert H. Bean on charges of delinquency.

Following a wave of petty thievery throughout the city, Chief of Police John Lemond last week issued an order for the arrest of all "alley rats" and youths who habitually loaf about the street. Eight arrests were made and most of the youths have been paroled to their parents. A large quantity of stolen property has been recovered.

ASK ELECTION FOR AIR FIELD

\$100,000 BOND ISSUE TO INSURE ADEQUATE PORT HERE URGED

Directors of the Lubbock Board of Development last night unanimously recommended that City Commission call a bond election of \$100,000 for the purpose of establishing a modern municipal airport for the city. The board pledged its support to the issue.

This action was taken following the report of the airport committee of the board, which has been studying the local airport need for the past several months. The committee is composed of George E. Benson, chairman; J. D. Slaughter, Roscoe Wilson, Charles A. Guy, John Dailymple and T. B. Duggan. Committee members will meet tomorrow afternoon.

Consideration of the Board of City Development's recommendation that a bond election be called for a \$100,000 municipal airport will be the principal point of interest in the regular semi-monthly session of the Lubbock city commission at the city hall tomorrow afternoon.

Marrs Will Speak At Tech Tuesday

S. M. N. Marrs, of Austin, superintendent of public instruction for the State of Texas, will visit in Lubbock next Tuesday, Dr. Paul W. Horn, president of Texas Tech, announced this morning.

Mr. Marrs will be the featured speaker at a convocation of Tech college students at the college gymnasium at 11 o'clock Tuesday morning, Dr. Horn said. He issued an invitation to the public to attend.

Heavy Rebel Losses Reported As Major Armies Converge In North

BRILLIANT COUP ONE OF BIG FACTORS FOR FEDERALS

(By Associated Press)
Heavy rebel losses were reported by the government today as powerful federal and insurgent forces continued to converge on Torreón where the next few days may witness either one of the biggest battles in the history of Mexican revolutions or a speedy disintegration of the entire revolutionary movement.

An army of 22,000 rebels was reported massing at Torreón while General Calles, commander-in-chief of the federals, was proceeding northward and 8,000 men under General Almazan was advancing from the east to descend on the rebel stronghold.

Rebel headquarters anticipated a decisive battle, but the government at Mexico City was equally optimistic that the rebellion had failed and that the insurgents would scatter northward before the federal drive.

Government successes were reported at widely scattered points. Along the border, in the heart of the rebel country of Sonora, a serious defection of Yaqui and Mayo Indian troops hit the insurgents heavily.

General Ochoa hit the rebels apparently supporting the rebels staged a coup yesterday and today was strongly entrenched at Naco which he took over in the name of the government.

Rebel reverses in the east and west also were reported. Retreating before the advance of General Almazan, the insurgents evacuated Saltillo after looting two banks of about \$60,000. The federals were at work repairing serious railroad damage caused by the withdrawing insurgents.

In the west, the insurgents who had been driving on Matamoros, at first slowed down their advance, and today were reported to have withdrawn their main forces north of Culiacan and Quila.

President Portes Gil, confident that the revolt has been crushed, has stopped recruiting in the army by volunteer organizations.

General Simon Aguirre, brother of General Jesus Aguirre, defeated rebel leader in Vera Cruz, was court-martialed and executed for his part in the revolt.

Government circles said the rebel leaders were sending their families northward to cross into the United States. They held this as an indication of the collapse of the rebel movement.

LUBBOCK MEN TO GO TO ROAD MEET

In the interest of designation of highways west of Lubbock to Bledsoe, Morton, and possibly to Roswell, N. M., good road advocates of the two states will meet at Bledsoe today for a discussion of the present road problem.

R. J. Murray, M. O. Abernathy, A. B. Davis, manager of the Lubbock Chamber of Commerce and several others will attend the meeting as representatives from this city.

A business session will be held at 3 o'clock this afternoon and a banquet tonight in honor of the visitors.

Should the proposed designation be secured, a direct and much shorter route from Lubbock to Roswell will be established.

A wave of car and accessory thievery was climaxed here yesterday with the report of four car thefts, two motometers and two car jack thefts.

Two of the cars were stolen here, one at Stamford, and another at Carlsbad. The motometers were taken from automobiles parked downtown, and the jacks were taken from the 555 Service Station.

MODERN QUASIMODO LIVES IN CHURCH TOWER, RAIDS SWEETWATER HOMES

(Special to Journal)
SWEETWATER, March 13.—A modern Quasimodo, who, like the famous character of the novel, "Hunchback of Notre Dame," has found sanctuary from pursuers in the belfry of a church, was captured in his hiding place here and charged with a number of recent burglaries.

Sweetwater's burglaries ended in a dramatic climax when the Twentieth Century Quasimodo looked into the barrel of a blue nose automatic, tightly clutched in the sturdy right fist of Rev. Irvy L. Townsend, pastor of the First Christian church.

Today his temporary quarters were transferred from the temple of worship to the Nolan County Jail.

Escaped From Jail
The suspect, who has been the target for several Sweetwater guns the last few days, told his captors he was afraid to leave the church for fear of "being shot." He escaped from the jail here last Thursday night and since then, according to allegations of outraged citizens, has been making nightly forays in the city. Twice he has escaped to his haven in the church tower under a fusillade of police bullets.

On escaping from the county bastille, the suspected prowler entered the home of Judge W. W. Beall, according to charges filed against him, and got away with \$43.75, a watch, some clothing and a full stomach which he had replenished at the judge's larder. That night and the next he was accosted by policemen and upon fleeing was fired upon.

Monday afternoon his presence in the church was suspected when Mrs. F. M. Northern, janitress, heard a noise "upstairs." She later got word to the pastor, who, accompanied by a member of the church, hunted out and located the belfry occupant.

The church minister was dispatched for police and the determined minister stood guard over the only exit from the tower asylum. Hardly had the pastor's companion gone when the hunted man leaped down from the belfry, threatened the cleric and then retired under the menacing muzzle of the pistol.

Upon arrival of the police, he was turned over to them and a search of the belfry showed it equipped with a stove. A number of cigarette ends and a drained wine bottle also were found in the improvised quarters.

WURZBACH TO FIGHT CHARGE BLOCK VOTE ON AUTO FEE BILL

MOTION TO QUASH IS FILED IN COURT AT SAN ANTONIO

(By Associated Press)
SAN ANTONIO, March 13.—Motion to quash the six-count indictment returned by a federal grand jury at Waco, charging former republican Congressman Harry M. Wurzbach with violation of the corrupt practices act, was filed by High R. Robertson and two other attorneys representing Wurzbach in federal district court here today.

The motion to quash sets out that "in none of said counts do the acts charged against the defendant constitute a violation of any law of the United States."

United States District Attorney John D. Hartman, who has five days in which to file an answer to the motion, indicated he may be prepared to take up the case Saturday.

Trial of Wurzbach, transferred to San Antonio, is on call May 6, opening date of the next term of court.

Congressman Wurzbach was arrested here last Saturday and made bond in the sum of \$2,500.

The indictment charges him with having received and being concerned in receiving contribution from three federal employees during the republican primary campaign of 1926.

German Vessel Hits Rocks; Is Total Loss

SHANGHAI, March 13 (P)—The German freighter *Glissen*, bound for Hongkong, struck the bottom near the Saddle Islands today and is believed a total loss. An unnamed liner was standing by and had rescued three passengers and most of the crew.

Bomb Explosions Claim Three Lives

(By Associated Press)
ST. JOSEPH, Mo., March 13.—Three persons were killed and nine others, mostly children, were injured today in mysterious explosions which wrecked two buildings.

The first blast demolished a two-story brick building. The second explosion, two hours later, wrecked a building two blocks away. A large crowd, attracted by the earlier blast, was milling about the street when the second explosion took place.

One of the wrecked buildings housed a grocery store, with a rooming house above. The second building was a residence.

Police expressed belief the blasts were set off by bombers and were seeking two men seen leaving the scene of the first explosion.

NEW TRIAL IS COURT RULING TO CALLOWAY

MRS. MOLLIE TURNER, LYNN COUNTY, ALSO GETS CHANCE

Conviction and five year penitentiary sentence in the case of P. T. Calloway, 69-year-old manager of a local cotton compress, tried in District court here about eighteen months ago on a charge of rape, today was reversed and remanded for new trial by the Court of Criminal Appeals at Austin, advised from there stated.

Calloway was charged with a statutory offense against a Lubbock child at that time alleged to have been only eleven years of age. He was represented by Bledsoe and Crenshaw.

Calloway has been out on bond.

TURNER CASE IS ALSO REVERSED

A new trial was also ordered for Mrs. Mollie Turner, Tahoka woman, charged with murder of her husband. Mrs. Turner was given a penitentiary term at her trial in Lynn county some time ago, the trial coming about eight years from date of the alleged slaying.

AFFIRM SENTENCE TO GEORGE HARLAND

The three year penitentiary sentence of George Harland, convicted of car theft in the 99th district court here about a year ago, today was affirmed by the Court of Criminal Appeals, according to dispatches from Austin.

Benjamin Kuera represented the defendant in the trial of the case here, and Bledsoe, Crenshaw, and Dupree were given the case for appeal.

DICK HAZZARD WINS NEW TRIAL

AUSTIN, March 13 (P)—Dick Hazzard, Comanche county, given death for criminal assault, won a new trial when the court of criminal appeals today reversed and remanded the verdict.

Cases of Harvey Holland and J. D. Pierce, indicted jointly with him for the same offense, and given life imprisonment, were affirmed.

The conviction of Margarito Silva, San Patricio county, carrying life imprisonment for the murder of Mariana Luna, was affirmed.

Reversals were given the cases of James Elliott, Cottle county, 65 years for the murder of Joe Mackey, and Mollie Turner, Lynn county, 20 years for the murder of her husband, M. B. Turner.

Federals To Help Dry Up In Chicago

CHICAGO, March 13 (P)—The federal government, through District Attorney George O. Johnson, has announced its intention to help police dry up Chicago.

Five government attorneys have been assigned to obtain indictments and follow through with swift prosecution of violators under the Jones law. Johnson expressed the belief that indictments under this law in Chicago would soon average 250 a month.

HANGAR IS BURNED

CURTIS FIELD, N. Y., March 13.—Fire today destroyed a hangar of the Rogers Air Lines in which parts of 20 seaplanes were stored. It was believed the ships would be lost.

CRISP MORNING IS EFFECT HERE

While the Rocky-Mountain section shivered under a final wintry blast, Lubbock and the South Plains continued in the throes of spring weather, with only a cool north wind lashing the territory.

The temperature rose to around the sixty-degree mark early this afternoon, following a colder than usual night. Sandstorms, which have appeared virtually every day of the month, continued today.

Midnight oil is being burned profusely in the vicinity of Tech College this week and "campus wrecks," bedecked with bright colors and numerous labels, remain unoccupied as students "crash" desperately for term examinations.

Study holds supreme sway and social activities are at a stand-still. Examinations continue through Friday, with Saturday a between-terms holiday.

Registration for the spring term will be held all day Monday and regular classes will start at 8 o'clock Tuesday morning. An increase in enrollment is predicted for the new term.

CHICAGO, March 13 (P)—A powerful time bomb exploded last night at the entrance of the fashionable South Shore apartment building owned by John C. Schank, head of the Hawthorne race track.

AIDS BRADLEY

BURTON S. BURKS

Following the recent passage of a bill by the legislature providing for an assistant district attorney here, the office was filled yesterday with the appointment of Burton S. Burks, local attorney, to the position.

Burks took the oath of office yesterday and immediately assumed his duties. The over taxed work of District Attorney Durwood Bradley justified the legislation for the addition.

SEVERE SNOW IN MOUNTAINS

WESTERN STATES ARE COVERED BY HEAVY FALL TUESDAY

(By Associated Press)
DENVER, Colo., March 13.—Small towns throughout the Rocky Mountain region were marooned today by snow that covered highways to a depth of three feet in places following a two-day storm.

The storm area extended northward to the Canadian border, spreading a white blanket over Montana, Wyoming and Colorado. It was estimated it would take at least two days to clear the roads.

With warmer weather anticipated, it was feared the melting snow would send streams in the vicinity of Greybull, Wyo., out of their banks and cause further damage. A flood was experienced in that section last Sunday.

From 18 to 24 inches of snow fell in Central Wyoming where the storm spent its fury; twelve inches was reported in the vicinity of Casper. In Colorado the snowfall was general except in the San Luis Valley in the Southeastern part of the state. Nine inches fell at Denver.

CRISP MORNING IS EFFECT HERE

While the Rocky-Mountain section shivered under a final wintry blast, Lubbock and the South Plains continued in the throes of spring weather, with only a cool north wind lashing the territory.

The temperature rose to around the sixty-degree mark early this afternoon, following a colder than usual night. Sandstorms, which have appeared virtually every day of the month, continued today.

MIDNIGHT OIL, NOT GAS BURNS

Midnight oil is being burned profusely in the vicinity of Tech College this week and "campus wrecks," bedecked with bright colors and numerous labels, remain unoccupied as students "crash" desperately for term examinations.

Study holds supreme sway and social activities are at a stand-still. Examinations continue through Friday, with Saturday a between-terms holiday.

Registration for the spring term will be held all day Monday and regular classes will start at 8 o'clock Tuesday morning. An increase in enrollment is predicted for the new term.

CHICAGO, March 13 (P)—A powerful time bomb exploded last night at the entrance of the fashionable South Shore apartment building owned by John C. Schank, head of the Hawthorne race track.

The dead: Mrs. Mary Lew, 65; Charles Donald Nolan, 10; Dorothy Glogner, 9.

The injured: Tom Nolan, 45; Mrs. Mary Nolan, 38; Catherine Nolan, 11; Marie Nolan, 16; Helen Norine Nolan, 8; John Patrick Nolan, 2; Tom Tunney, 24; Mary Agnes Glogner, 8; J. A. Glogner.

TWO UNMASKED MEN ESCAPE AFTER LOCKING EMPLOYEES IN VAULT EARLY THIS MORNING

(By Associated Press)
BROWNWOOD, Tex., Mar. 13.—The First National Bank of Brownwood today was robbed of \$5,500 in cash by two unmasked men, who escaped after locking employees of the institution in the vault.

The robbers met the first employees to arrive at the bank, and at the point of revolvers forced them to open the doors. One of the men accompanied the clerks inside while the other stood guard at the door.

As other employees arrived they also were ushered into the bank by the robber at the door. After the man inside had gathered up all the loot available, the employees were forced into the vault, and the men made their escape.

Those in the vault, including Millard Romines, cashier, extricated themselves, but too late to see in what direction the men departed. Among those herded into the bank was N. A. Locks, assistant cashier, who was forced to open one of two safes in the vault, from which the money was taken.

John Y. Yantis, president, arrived at the bank a few minutes after the robbery.

The robbers were described as being about 25 years old. One was tall and slender, while the other was short and weighed about 155 pounds. Employees locked in the vault besides Locks were Millard Romines, cashier, Sylvan Schermer, W. O. Kemp, E. T. House, Everett Lea and J. P. Coffee.

Poses were organized immediately and began a search for the bandits which until noon had proved unsuccessful.

COUNCIL APPROVES BILL BY MUSSOLINI

ROME, March 13 (P)—The council of Ministers today approved a bill which Premier Mussolini presented for fulfillment of the Italian-Vatican treaty for settlement of the historic Roman question.

PRISON ISSUE STILL ENIGMA

NIGHT MEETING HELD BY COMMITTEE FRUITLESS

(By Associated Press)
AUSTIN, March 13.—A night meeting of a senate-house conference committee failed to solve the enigma of prison centralization.

Senators A. J. Wirth and J. T. Holbrook and Representatives A. P. C. Uetech and O. F. Chastain labored late on a third prison bill, acting under instructions from the conference committee. The measure was to be submitted some time today to the full committee.

The compromise plan outlined before the committee and around which the four lawmakers planned to draft their new bill gives the state prison board of eight members blanket authority to locate and centralize on any of the 78,000 acres now comprising prison properties, without direction from the legislature. If farms now owned as a part of the prison system, are found unsuitable for a concentration point, the board will be required to investigate other locations and furnish recommendations to the legislature at a special session.

When the proposed draft was explained to Governor Moody, the state's chief executive disapproved it with the statement that the Young-Turner-Loy bill passed in the house earlier in the session, providing for reorganization on either the Darrington or Ramsey farms, would have been preferred.

Illiteracy Blamed For Mexico Revolt

"I have no idea. No one can tell." That, in a nut shell, represents the opinion of Dr. Paul W. Horn, Tech college president, concerning the outcome of the present revolution in Mexico.

Doctor Horn, who spent the school year of 1921-22 in Mexico City at the head of an English speaking school, regards revolutions in Mexico as natural, due to the percentage of illiteracy in the country.

"Whenever a country has an illiteracy percentage of 90 per cent you are likely to see frequent revolutions," he said.

Indict Exum For Murder, Pro Charge

SHERMAN, Texas, March 13 (P)—An hour before Alvin Exum was placed in the county jail here yesterday, after being returned from Duncan, Oklahoma, by a deputy sheriff, an indictment charging him with murder in connection with the fatal shooting of Leldon Taylor at Van Alstyne, March 3, was returned by a grand jury.

Exum also was indicted on charges of selling intoxicating liquor.

Fort Worth Man Is Slain In Shooting

FORT WORTH, Mar. 13 (P)—J. R. Gunn, 36, proprietor of a drug store, was shot twice, and died at a filling station and cold drink stand here last night.

Gunn and H. J. Kelly were at the station, which Kelly owns. Kelly was questioned by Assistant District Attorney Hooper at the police station.

HOOPER MAKING DRASTIC CHANGES IN OPERATION OF INTERIOR DEPARTMENT

BY JAMES L. WEST
Associated Press Staff Writer
WASHINGTON, March 13 (AP) — Reaching changes in the policies and operations of the interior department are being effected under the Hoover administration with a rapidity which has startled official Washington.

Although Dr. Ray Lyman Wilbur has been in charge of the department for a week, a new major policy, that of the complete conservation of government oil in the ground, has been adopted and a series of changes made in administrative officers with several more to follow in the near future.

Several Changes Made
Joseph M. Dixon, former governor of Montana, has succeeded E. C. Finney, as chief assistant to the secretary. Mr. Finney has replaced Ernest O. Patterson as solicitor, and three bureau chiefs are to be deposed as soon as their successors can be found. They are Charles H. Burke, in charge of Indian affairs; George S. Messersmith, commissioner of the general land office,

who has been in ill health for months. While the interior department has been under general fire in Congress for a number of years, friends of Dr. Wilbur assert the changes in policies he is inaugurating are more the result of his own studies of the whole field of activities of the department than of any assaults that have been made from the outside.

The oil conservation policy, disclosed yesterday by President Hoover in reply to questions of newspaper correspondents, was determined upon at conferences between the President and Dr. Wilbur and seems to have produced conflicting reactions on Capitol Hill.

Senator Walsh, of Montana, a democrat, whose prosecution of the naval oil lease investigations has made an indelible imprint upon congressional history, has questioned the authority of the chief executive to refuse to issue permits for further oil prospecting on the public domain when Congress in the general leasing act of April, 1920, said leases for oil exploitation in that domain may be issued.

On the other hand, Senator Nye of North Dakota, chairman of the public lands committee, which has conducted the whole series of oil investigations and of which Senator Walsh is a member, has endorsed the President's policy, and so has Senator Borah, of Idaho, who also hails from one of the public land states.

Senator Walsh takes the position that the cutting off of further oil development in the public lands states will work to the detriment of those states which are looking for development in which oil lands have passed into private ownerships.

Doherty Delegate Gets New Position

LOS ANGELES, Mar. 13 (AP) — R. M. Sands, for 15 years associated with the E. L. Doherty interests, today was elected a director of Petroleum Securities company. Under direction of the president he will have supervision of all of the activities of the \$100,000,000 corporation, it was announced.

Sands entered the Doherty operations in New York in 1914 as a stenographer for the Mexican Petroleum company. With the sale of the Doherty interests in 1925, Sands came to Los Angeles as personal representative of E. L. Doherty.

LUBBOCK FARMER WAS ON VERGE OF GIVING UP WORK

After 19 Years Of Suffering He Was In Despair—Orgatone Ends All Troubles

"A medicine that will play such a remarkable part in one's life as Orgatone has in mine certainly deserves the highest praise," said J. M. Copp, of rural route 5, Lubbock, Texas.

"It was about nineteen years ago," he continued, "that I began having indigestion and the trouble soon got to be serious. Nothing seemed to agree with me and I lost weight and strength rapidly. Gas would form on my stomach after eating and keep me in misery for hours. I would often bloat badly and at these times my heart would palpitate so that I was greatly alarmed. I suffered from liver trouble, and had severe pains, and it seemed as if I just hurt all over. I had heart burn and was very dizzy, and bilious. I got so I could neither eat nor sleep but little. Had no energy and it just seemed that my whole life had been changed completely around. I felt so miserable I could hardly get around and everything I did or said was an effort. I was so weak, nervous and run-down that I could hardly do my work, and just felt as if I would have to quit trying."

"A friend of mine recommended Orgatone to me, and it was a lucky day for me, that I decided to try it. I am getting wonderful results and I feel better now than I have in nineteen years. I do all of my work, and feel fine every minute of the day. I eat anything without it bothering me in the least. I sleep soundly every night, and I'm not bothered with pains in my abdomen any more. The red and dizzy spells are a thing of the past now, and in fact, I just feel like a different person. I'm not nervous and restless as I was, and my constipation is entirely relieved. I've taken a lot of different medicines but Orgatone has done more for me, than all the others I have taken in 19 years. It is a wonderful medicine and I am glad to recommend it to my friends."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Lubbock, exclusively by the Bowers Drug Store, under the personal direction of a special Orgatone representative who is meeting the public daily. Out of town customers are being supplied by mail upon receipt of price one bottle \$1.25 or six bottles for \$6.25. Adv.

Sister Of Former Kaiser Bankrupt

BONN, Russia, March 13 (AP) — Bankruptcy proceedings were instituted today against Princess Victoria, sister of the former Kaiser.

The Princess, who is living in seclusion at the Palace here, declined to make a statement. The first meeting of her creditors was called for April 4.

Circles close to the Princess were not surprised at the turn of events as they knew that since his marriage had regularly taken large sums from her.

She first divested herself of all her cash resources to meet his bills and hush scandal and then rented parts of her palace. Finally, it was reported, she even began to sell the famous jewels of her grandmother, Queen Victoria of England.

"Vicky" was the favorite grandchild of the British Queen who willed her the greatest part of a

jewel collection which she spent years in bringing together.

DEVELOP WATER RESOURCES

ALBANY, N. Y., March 13 (AP) — Development of the Hydro Electric resources of the St. Lawrence River by the state through a board of trustees and distribution of power by a private corporation was proposed to the legislature today by Governor Roosevelt.

TO LET CONTRACT FOR HAIR PAVING

PLAINVIEW, March 13—Contract for the paving of Highway 9 from the Swiss county line to Hale Center will be awarded by the state highway department in the March letting, according to word reaching here from Austin. The contract will be let March 18 or 19. The stretch of road to be paved is 20.9 miles in length.

Part of the equipment for the unit one work on Highway 28 has arrived and this work will start in a few days. Contract for the grading and drainage work on this road has been let to Fields and McElvey of Lubbock.

FOUNDER OF COCA COLA DIES

ASA GRIGGS CANDLER, WHO ROSE TO RICHES FROM OBSCURITY, CLAIMED BY DEATH

(By Associated Press)
ATLANTA, Ga., March 13—Asa Griggs Candler, who rose from obscurity as a drug clerk to a position of great wealth as founder and head of the Coca Cola Company, died at a hospital here yesterday at the age of 78.

The end came quietly at Wesley Memorial Hospital, which he built and gave to his church and to which he had been confined for more than two years by failing health attributed to the infirmities of age. His condition was feeble for many months but did not become critical until a few days ago.

Funeral services will be held Thursday at 11 a. m., at the palatial Candler home in Druid Hills, with Dr. Franklin N. Parker, dean of the Candler School of Theology at Emory, officiating. Burial will be

in West View Cemetery. Mr. Candler retired nearly 20 years ago from active direction of the soft drink business he organized and built into a concern for which his family received 25,000,000 when their interests were sold in 1919. He was once rated one of the wealthiest men in the south but had distributed his fortune among his five children after his Coca Cola holdings were sold.

As former mayor of Atlanta and art patron, he achieved a reputation among his intimates for wide philanthropies and public benefactions. Most of the former were distributed to individual cases which he considered deserving and outside realm of organized charities but he would never identify himself publicly with them.

TEXAS MOTOR WAYS, INC.—ED. C. ABBOTT, PRES.
CARS LEAVE LUBBOCK AS FOLLOWS: At 7:10 a. m., 12 noon and 4:00 p. m. for Ralls, Crosbyton, Dickens, Seymour, Wichita Falls and Spur, Stamford, Breckenridge, Ft. Worth and out of Ralls at 9:30 a. m., 2:30 p. m. and 5:30 p. m. for Floydada, Matador, Paducah, Vernon, Quanah, Abilene, Snyder, Chickasha, Lawton, Oklahoma City, Tulsa, Kansas City and St. Louis. Passengers leaving Lubbock at 4:00 p. m. and Ralls at 5:00 p. m. make direct connections at Floydada with the Frisco's fast overnight train to Oklahoma City, Kansas City, St. Louis and intermediate points. A car leaves Lubbock for Ralls at 7:30 a. m.

PRE-SEASON BALLYHOO MAKES CUBS FAVORITES FOR PENNANT

DID YOU KNOW

Random Scraps Of News Pertaining To Sports World

Ken Radick and Red Bullman are Marquette athletes—in football, track and hockey—they pay their bills by working as street car conductors. —The manager of the Orville, Calif., semi-pro team is Bill James—one of the trio who pitched the Braves to a pennant in 1914—Riggs Stephenson batted four times in the first practice game of the Cubs—and got four hits, one a triple—Dartmouth will take the air—to get to Stanford for that football game next fall—and the players won't miss any classes—Tom Cunningham is ending his third season as co-captain of the Chicago De Paul basketball team—Hick Wakefield, the former All-America end at Vanderbilt, sells bonds—and he is Alabama agent for those big bankers in Nashville.

Relies On Veterans

There are few strange faces in the training camp of the Philadelphia Athletics at Ft. Myers, Fla.

With the exception of Tris Speaker and Ty Cobb, who have departed, the Athletics are going to battle for the 1929 pennant with the same players they used last summer.

Connie Mack probably has the smallest squad in the training camps. The exact figures on the other clubs aren't available yet, but Mack has only 27 players on his list and there are no sensational rookies about for the writers to write pieces about.

Mack, however, is content with things as they are. And he doesn't take any stock in those stories that went the rounds last summer, and during the winter that the Athletics lack a heart.

"I'm an old Irishman and I have plenty guts and I won't have anyone around who hasn't got guts," he told his writer.

And that is the real answer to the question about the courage of his ball players.

Mack's View On Race

"I think the Athletics will be up there again this year," Mack said. "I wouldn't dare say that we are going to win the pennant because you newspaper fellows have been razzing me too long. But I will say that we are going to be in the race."

Mack was asked about the other clubs.

"The Yankees will be a great club if the Babe, Pennak, Combs and Lazzeri are up to their game," he replied.

"Detroit is going to have a very good club and the St. Louis Browns can't be ignored. I think it is going to be another tough pennant race, and I'll promise you one thing—the Athletics won't quit."

"I wouldn't have a quarter on my team and I wish I could make it stronger."

Simmons Ready To Go

One of the great sources of satisfaction to Mack is Al Simmons' fine condition. Al looks to be in great shape. He was sick at this time last season and he wasn't able to play all through the first quarter of the pennant race.

He reported a little over weight, but he will get rid of that before the season starts. That means he will be in there driving in runs for Mack at the start of the ball.

Jack Quinn is around and he says he is going to win a lot of ball games again. He probably will win a few. Jack Britton is still winning fights.

Those Handy-Andies

Connie Mack is certain about his starting line-up.

He did say, however, that Ossie Orvill isn't going to be a pitcher. Ossie will play first base or the outfield and maybe, in a jam, will be shoved in to throw them past the batter.

Mack has so many utility men that he can't be certain about his line-up. Jimmy Dykes, the Fox boy and Cochrane, as well as Orvill, can play so many positions that the old man has a problem to keep them working.

TEXAS PROFESSOR IS GIVEN HONORS

(Special to The Journal) AUSTIN, March 12.—Dr. Fred C. Ayer, professor of educational administration at the University of Texas, has been honored by having his book "The Organization of Supervision," prepared jointly with Prof. A. S. Barr of the University of Chicago, selected by the American Library Association and the Journal of the National Education Association as one of the sixty best books on education published during 1928.

The selection of sixty books out of the 450 publications appearing in 1928 was a careful examination of all available titles and on the list of several hundred reviews, supplemented by scores and comments gathered in correspondence with nearly 100 specialists in various educational fields throughout the United States.

'JELLIES' FEED PASSES TO 'TOUGHS' AND WIN, 19 TO 1

INTRA-SQUAD GAME PROVES EXCITING GO

SMITH TO HARDBERGER PASS COMBINATION SPELLS VICTORY

The "Jellies" carried out all their threats—and then some. By trouncing the "Toughs" 19 to 13 in the first of a series to decide the spring football training championship of Lubbock high, the Jellybeans not only disproved the idea that lounge lizards can't play football, but they gave the toughed heads a beating and made them like it.

Using the same ultramodern tactics on the gridiron that they use in the parlor, the Jellies sprang an overhead attack that netted a brace of touchdowns and when the Toughs started the aerial game, Smith, Watkins and Co. turned one of these into a counter.

A heavier Tough machine piled up more first downs than the lounge lizards, but lacked that goal line punch that comes in handy sometimes.

The Toughs drew first blood in the second quarter when John R. Green, playing his first football game, broke through tackle and outdistanced the secondary Jelly defense to score a touchdown.

Jelly Pass After the Toughs had taken the lead, the Jellies opened fire with their passing attack that netted a counter in short order. With the ball in mid field, Moody Smith stood behind perfect blocking to curl a 40 yard pass across the field to R. E. Hardberger, who raced across the line was good for the extra point.

The third counter of the game came by the same route as the second. Hardberger cut across the turf and made a leaping catch of Smith's heave. Try for extra point failed.

An intercepted pass by Curtis Scharnberg, diminutive halfback with the Jellies, netted the third touchdown for the winners in the third period. Curtis grabbed the oval in midfield and drove a pair of flying heels to the Tough boys.

Toughs Stage Rally

With the score standing 19 to 7 against them, the Toughs made a determined rally in the final quarter. The Tough backs, led by Lawson, tore at the line, carried end and passed desperately to drive back the fast charging Jelly line-men. One of these passes found its mark and was carried across for a touchdown.

URGE ENTRIES BE MADE SOON

INTER-SCHOLASTIC MEET WILL OPEN ON MARCH 29

SLATON, March 12.—Entries for the county interscholastic meet must be in the hands of the proper directors of the Lubbock County Interscholastic League at least ten days before the events start. H. M. Pevhouse, director-general of the county, announced this morning. This meet is set for March 29-30.

Individual prizes, medals etc., will be awarded winners of first and second places in all events. The complete program for the meet has not yet been worked out but should be ready for publication within a few days.

Below is the list of the directors of the Lubbock County Interscholastic League.

Director-general, H. M. Pevhouse, Slaton.

Director of debate, G. W. Scott, Idaloo.

Director of athletics, R. L. Hooten, Shallowater.

Director of declamation, Miss Eda Watson, Slaton.

Director of essay writing, Mrs. John L. Harrah, Abilene, Route 1.

Director of arithmetic, M. S. Bowlin, 1606 Ave. O, Lubbock.

Director of spelling, J. N. Townsend, Slaton, Route 1.

Director of music memory, Miss Gladys Hoxey, Idaloo.

Director of tiny tot music telling, Miss Margaret Cauley, Slaton, Route 2.

Director of rural schools, county Superintendent Miss Mae Murfee, Lubbock.

Director extempore speaking, R. N. West, Wolfforth.

League Question Will Be Delayed

WASHINGTON, March 12 (AP).—The "Root-Hurst arrangements" for American adherence to the World Court has little chance to be taken up for consideration by the Senate before the regular meeting of Congress in December.

BEHIND THE SCENES WITH MACKS

BY JACK SORDS

Sports Cartoonist-Writer for Central Press and Journal

It has been a long 15 years since Connie Mack last sat on the bench wiggling signals to his players during a world's series game. Since then the venerable old manager of the Athletics has been trying everything in an effort to land his team on top again.

Of late years, assisting him in his task, is "Kid" Gleason. No one would be more pleased to see Connie win another pennant than this grand old man of the game.

Gleason is filled with the baseball knowledge that comes with years of close contact with the sport, and is a valuable lieutenant for any manager. A pitcher and an infielder in his day, the "Kid" was playing the game as far back as 1886. He was a member of the famous "old Baltimore Orioles" at the time John McGraw, Hughie Jennings, Wilbert Robinson and Willie Keeler played with the team, and also saw service with St. Louis, New York and Detroit.

Before going to the Athletics, Gleason was a coach and manager of the Chicago White Sox. He piloted the Windy City team from 1919 to 1922.

SPODDERS PUT THROUGH STRENUOUS TRAINING FOR EXHIBITION SEASON

RAIN INTERFERES WITH SCHEDULES OF SOME TEXAS LEAGUERS

DALLAS, Mar. 13.—The Wichita Falls Spudders will be put through a strenuous training period for the next few days in preparation for exhibition games scheduled to get under way three days hence. Manager Jim Galloway is devoting most of his time in getting veteran players in condition. Every veteran pitcher took a turn on the mound this morning.

The San Antonio Bears and New York Giants, playing in San Antonio today, barring a weather change, they play Thursday, Saturday and Sunday, also. Neal Baker, former Texas university star, was the full choice for the Bruins, while Carl Hubbell was the probable Giant pitching selection.

Manager Frank Snyder will take the rookies through a few many places are open for them on Manager Dan Rowley's St. Louis Browns today set a numerical classification yesterday of ten pitchers, seven infielders, five outfielders and three

CITY LEAGUE AT STAKE TONIGHT

Lubbock baseball enthusiasts are called to meet at the city hall tonight at 7:30 for the purpose of organizing a city baseball league in this city.

Some six or seven teams have already been organized and others are expected to be represented at the meeting tonight, according to Joe Harris of the Myrick Hardware company. A six club league is the aim of those in charge of plans.

Harris is anxious that every baseball bug in Lubbock who is interested in a twilight league be on hand for the confab tonight.

SHIPMENT OF QUAIL ARRIVE

BIRDS WILL BE PLACED ON RANCHES OF THIS AREA

Deputy Game Warden M. W. Dickenson has recently received a shipment of quail from the state department to be distributed over this section. It was announced this morning. The birds were shipped from southwest Texas.

"The birds will be distributed over the outstanding hunting grounds of the South Plains," Mr. Dickenson said, including the section from over the caprock south of Crosbyton as far west as Muleshoe, some on the Corn ranch near Crosbyton, on the Boles ranch in the south canyon, at the Robinson ranch south of Slaton and at the Halsey ranch north of Amarist.

"I am especially anxious that hunters of this section help us take care of these birds," the game official said this morning. "The quail season has been over for some time and hunters caught violating the game laws will be fined to the full extent of the law."

A number of arrests have been made recently on duck hunters by the game warden's department. Hunters were caught shooting ducks out of season at Abilene, Petersburg, Hale Center and Muleshoe.

Back Seat Driver

SAN FRANCISCO — Praise for the back seat driver comes from the state railroad commission. It has found that the fewest automobile accidents occur when machines are well-loaded.

CRIPPLES OF GIANT ROSTER BACK ON JOB

GLENN WRIGHT STEALS SHOW AT BROOKLYN TRAINING CAMP

(By Associated Press) SAN ANTONIO, Texas, March 13.—Most of the cripples in the New York Giants' camp have recovered. Carl Mays, Fred Fitzsimmons and Andy Reese are ready to return to duty. Mays, who broke a thumb when he knocked down a line drive some days ago, got back into action yesterday and Reese's "charley horse" has disappeared.

Glenn Wright seems to have stolen the show at the Brooklyn Robins training camp at Clearwater, Fla. The shortstop was the subject of almost all the talking yesterday. He is undergoing treatment for a shoulder injury, alleged to have been incurred before he was traded to Brooklyn by Pittsburgh. Wilbert Robinson has threatened to carry the case to John A. Heydler, president of the League. If Wright's shoulder doesn't respond to treatment.

Yankees Need Work

More batting practice seems to be the chief need of the New York Yankees at Tampa. The world's champions opened their exhibition schedule yesterday by noosing out Tampa of the Southeastern League. A Class B organization, one to nothing.

The Chicago White Sox and Dallas Steers are scheduled to resume their baseball argument today—providing the weather at Dallas permits. The Sox were rained out of a practice session for the second consecutive day yesterday and Manager Elna Blackburne is anxious to get his hopefull back on the job.

Manager Joe McCarthy's Cubs have their down as well as their ups. Yesterday his "murderers row" failed to function and his pitching ace, announced as ready for the season's opener, was as wild as a March wind. The Catalinas defeated the Avalons 14 to 3 in an inter-club game.

Billy Southworth's Regulars will get the call in the remaining exhibition games of the St. Louis Cardinals, he said yesterday, at Avon Park, Fla., the experimenting with recruits being over. Rain caused an abbreviated workout yesterday in preparation for the invasion of Bradenton to play the Boston Red Sox.

At West Palm Beach, Fla., the rookies already know how many places are open for them on Manager Dan Rowley's St. Louis Browns today set a numerical classification yesterday of ten pitchers, seven infielders, five outfielders and three

WHIPPED AGAIN

HEENEY ONCE MORE HANDED REAL LACING

VON PORAT'S RIGHTS POUND REQUIEM TO HIS HOPES

(By The Associated Press) CHICAGO, March 12.—Otto Von Porat's galloping gloves pounded a requiem to Tom Heeneey's heavy-weight title aspirations last night and sent the New Zealand hard rock to the hospital for repairs.

Eight stitches were required to close the inch-deep gash in Heeneey's lip which Von Porat's right hand opened in the final round. The wound sent blood cascading down over Heeneey's body, and the New Zealander, realizing how desperate his plight must have appeared to Referee Ed Purdy not to stop the fight, that he was all right.

After the cut had closed, Heeneey left the hospital.

Heeneey, upon whose body Gene Tunney wrote his farewell to pugilism last year, was a badly whipped man when the Norwegian puncher

got through his ten rounds of work. Von Porat took seven rounds, lost two and held Heeneey even in the other. To the surprise of most of the 9,000 spectators he not only outslugged the New Zealander but outboxed him most of the time.

WHY--

WINTER COOKING REQUIRES MORE GAS

Consumers who use gas for both cooking and heating realize why their bills are higher in winter than summer. They know that it takes much more gas to keep them warm during severe months than in periods of mild weather.

In cases, however, where gas is used only for cooking, consumers sometimes wonder why their winter bills are higher than in summer.

There are several reasons, one of which is that more hot food is eaten in winter than in summer.

Water coming from the faucet in summer frequently averages around 70 degrees in temperature, while in winter it may average as low as 45 degrees or a temperature lower than that of the ice water you drink in summer.

Thus, in winter, the temperature of the water may have to be raised 167 degrees to reach the boiling point, while in summer it may be necessary to raise it only 142 degrees—or even less.

This same situation applies in more or less degree to all branches of cookery. The articles of food go into the oven or on the stove at a lower temperature than in summer, the utensils are colder, and the air in and around the stove is colder—so much more gas is required for cooking than in summer even if the same menus are used.

The West Texas Gas Company organization works diligently throughout the year—and to the end—that you may enjoy A REALLY GOOD GAS SERVICE, whether it be on the Fourth of July or during the bitterest wave of winter cold.

\$6000 Budget Set By Littlefield C. Of C.

LITTLEFIELD, March 12.—The Littlefield Chamber of Commerce has set aside a budget of \$6,000 to be used in the various interests sponsored by the organization this year. A membership drive is being carried on under the direction of F. G. Sadler, business man of Littlefield. Among other things, the dairy industry will have considerable place in the program of work for the year.

As for the veterans, the Cubs will have some noteworthy throwers as Charley Root, Guy Bush, John "Sheriff" Blake, Harold Carlson, and Art Nehf, the latter a southpaw, however. Mike Cuyugros, who went to the Wichita Falls club of the Texas League from the majors, and turned in 21 wins as against eight reversals last year, is another left hander upon whom McCarthy will depend.

Berlyn Horfe, somewhat older having had ten years experience, an oneness of a consistent record, has been puzzling batters with his deliveries this season, and McCarthy has indicated the former Jersey City pitcher also might be a member of the staff.

Two newcomers will make their mound corps if their performance to date count for anything. E. Lautenbacher, 21-year-old acquisition from the Reading, Pa., club comes to the Cubs with a record of 10 victories and 5 defeats and it is more than likely that the youthful hurler will drag his six feet three inch stature over the mound in the coming campaign.

For the veterans, the Cubs will have some noteworthy throwers as Charley Root, Guy Bush, John "Sheriff" Blake, Harold Carlson, and Art Nehf, the latter a southpaw, however. Mike Cuyugros, who went to the Wichita Falls club of the Texas League from the majors, and turned in 21 wins as against eight reversals last year, is another left hander upon whom McCarthy will depend.

IDALOU MEET FARM BUREAU

SESSION SET FRIDAY;
BROWNFIELD GROUP
CALLED SATURDAY

The Lubbock County Farm Bu
reau will hold a membership meet
ing in the club house at Idalou at
2:30 o'clock next Friday, it was an
nounced yesterday.

The principal object of the meet
ing will be for the Idalou members
of the organizations to meet the
present officers and county board.
Principal speakers will be W. H.
Hames, Crosby county state direc
tor of the bureau; R. E. Overstreet,
state director; N. H. Payne, field
representative; and either Prof.
E. O. Ellsworth or Prof. H. J. Bow
ers of Tech College.

An all-day meeting of the Terry
County Farm Bureau, together with
the Terry County 4-H Farm Club
boys, is to be held at Brownfield on
next Saturday, beginning at 10 a.
m. The morning program will be in
charge of the boys' clubs, with a
basket lunch at noon and an after
noon session of the bureau mem
bers.

W. F. Moore, of Levelland, presi
dent of the Hockley County Bu
reau; Mrs. M. S. Hudson, of Hale
Center, state director; Prof. E. O.
Ellsworth of Texas Technological
college; R. E. Overstreet, Lubbock
county; are to be principal speak
ers. A number of Lubbock county
Farm Bureau members are expect
ing to attend.

Manners Leaves Fund To Theatrical Guild

NEW YORK, March 13 (AP)—The
will of J. Hartley Manners, play
wright who wrote "Fog" and "My
Heart", contained a bequest that
100 pounds Sterling be paid annu
ally for six years to the Royal Gen

REAL ESTATE TRANSFERS NEAR TWO MILLION MARK FOR YEAR

THE TINYMITES BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

While three small Tinsies search
around to see where Clowzy can
be found, others search a while un
til they've covered every mile around
the closed up cave door. Into hard
work they tossed.

If you'll remember, Clowzy went
into the big black cave intent on
seeing just what was inside.
"Course he was brave and bold. He
didn't know that rocks above could
ever slip without a shove. But very
shortly he found out that one had
lost its hold.

The big rock tumbled by the
door and Clowzy knew what was
in store. Thought he, "I'm trap
ped and can't get out. This is my
bad luck day. I'll have to search
round here and there, and seek a
spot of light and air. To free my
self I'll have to find another pas
sage way."

So now poor Clowzy can be
found, far, far beneath the outside
ground. The cave that he has en
tered is a long and winding one.
Wee lanterns hang upon the wall
real tight, of course, so they won't
fall. As Clowzy looks around he
thinks, "This isn't any fun."

"I wish the lads outside were
here. Of course there's nothing
that I fear, but I am fond of com
pany. I'm lonesome as can be.
I'll bet right now they're round

about and trying hard to get me
out. 'Tis well the cave has lan
terns, or I couldn't even see."

Then through the cave he slow
ly roamed until all parts, it seem
ed, were combed. He didn't find
an exit. Everything was shut up
tight. He grew real tired and fell
asleep. While he was in his slum
ber deep he dreamed that very
shortly everything would be all
right.

(Carpy, Copy and Scouty get
a surprise in the next story.)

TWO DAY TOTAL FOR DEEDS IS CLOSE TO \$100,000

Forty really transfers filed with the
county clerk here during the past
few days tallied slightly more than
\$100,000, bringing the year's total of
warranty deeds to the new high
mark of \$1,989,463, only few hun
dred dollars below the two million
mark.

A list of warranty deeds compiled
since last Friday are as follows:

B. T. Thomas, et ux, to P. H.
Sullivan, lot 20, block 53, McCrum
men 2nd.

Eat Everything without Fear of Indigestion

Are there lots of foods you can't eat—for fear of gas, bloating, pains in the stomach and bowels? Do you have to pass up favorite dishes—while the rest enjoy them? That's a sign you need Tanlac! For more than 10 years Tanlac has restored to vigorous health thousands who denied themselves their favorite foods just as you have to.

Mrs. Albert B. Greer, 720 W. Markham St., Little Rock, Ark., says: "Since taking two bottles of Tanlac, I can eat anything without indigestion and put in a full day's work without a bit of trouble."

If you suffer from indigestion, gas, dizziness, headaches, constipation or torpid liver—give Tanlac a chance to help you! The first bottle often brings the needed relief.

Tanlac is a good, pure medicine, made of roots, barks, and herbs that are recognized by the United States Pharmacopoeia. Get it from your druggist today. Your money back if it doesn't help you.

COPPERS LEAD STOCK BOOST

LARGE BUYING ORDERS POUR INTO WALL STREET TODAY

(By Associated Press)
NEW YORK, March 13.—Large buying orders poured into the stock market at the opening today and prices moved irregularly higher under the leadership of the copper issues. Anaconda and Kennecott each opened 13-4 points higher. Initial gains of a point or two were recorded by Radio (new), Columbia Graphophone, International Telephone, Packard Motors, Lambert and United Fruit. Russia Insurance dropped 13-4.

Oils were in brisk demand in the early trading on reports of a sharp decrease in crude oil production last week, and expectations of favorable action toward voluntary curtailment plans at the conference of oil executives in Houston, Texas, this week. Standard Oils of California and New York, Maryland, Atlantic Refining and Barnsdall A. all recorded early gains of 1 to 2 points in the early trading.

With copper metal selling at 20 cents a pound, fresh buying orders appeared in the non-ferrous metal shares. Miami Copper, which sold below \$18 a share last year, advanced more than 2 points to a new high record at \$23-4.

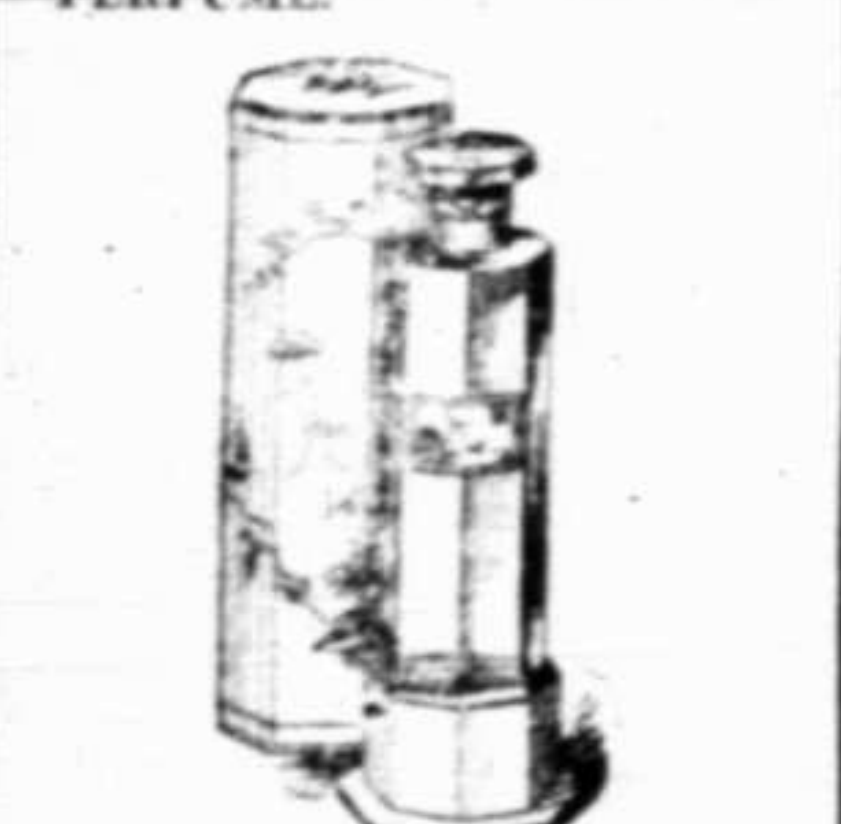

Bullish operations also were conducted with considerable vigor in a select assortment of public utilities. American and Foreign Power, Western Union, Pacific Gas and Electric and Peoples Gas leading the early advance.

Foreign exchanges opened firm with cables ruling 1-8 of a cent higher at \$4.85 17-32.

Lamp oil casualties are a little more than one day in Paris. New and stronger posts have been smashed by new and stronger motor cars.

The Easter Parade
Man—you can contribute to the annual Easter beauty parade by giving the lady a bottle of the famous SHARI PERFUME.

SHARI PERFUME
How much delicate perfume enhances beauty! Easter clothes may make the women, but SHARI PERFUME makes the atmosphere. So necessary for the proper appreciation of beauty.

COTTON GAINS WITH OPENING

STEADY CABLE NEWS BRINGS INCREASE IN PRICES

(By Associated Press)
NEW ORLEANS, March 13.—The cotton market opened firm in response to relatively steady Liverpool cables, and first trades showed gains of 8 to 11 points. Prices continued to advance after the start of overnight buying orders and on a trade demand stimulated by an unfavorable weather map carrying prospects for more rain in the belt. May sold up to 20.55, July 20.61 and October 20.27, or 11 to 12 points above yesterday's close. The improvement brought out realizing. The market strengthened in the second hour on buying induced mainly by continued unfavorable weather in the belt. May traded as high as 20.60, July 20.66 and October 20.32, or 16 to 17 points above the close of yesterday. Later considerable liquidation developed as well as selling by ring traders in an effort to force a reaction. At noon the market was steady but at 1:30 it was down.

NEW YORK MARKET ALSO IS STEADY

NEW YORK, March 13 (AP)—Cotton opened steady at an advance of 3 to 16 points. Active months showed net advances of 9 to 17 points during the first few minutes of covering or rebuying by recent sellers, apparently promoted by an unfavorable view of the weather map and relatively firm Liverpool cables. The advance to 21.27 for May and 20.46 for new October contracts was checked by rather heavy realizing, however, and the market sagged a few points during the first half hour. Offerings were absorbed on reactions of 5 or 6 points from the opening advance, with a considerable volume of covering or rebuying in evidence. Business tapered off later and the market was comparatively quiet late in the morning. Prices held steady, however, with May selling up from 21.21 to 21.29. The general list showed net advances of about 14 to 17 points at midday.

NEW ORLEANS FUTURES
NEW ORLEANS, March 13 (AP)—Cotton opened steady, March 20.27; May 20.51; July 20.60; Oct. 20.25; Dec. 20.26 bid.

NEW YORK FUTURES
NEW YORK, March 13 (AP)—Cotton opened steady, March 21.26; May 21.27; July 20.75; Oct. 20.45; Dec. 20.47.

LIVERPOOL SPOTS
LIVERPOOL, March 13 (AP)—Cotton spot, good business done; steady. American strict good middling 11.88; good middling 11.48; strict middling 11.28; middling 11.08; strict low middling 10.83; low middling 10.58; strict good ordinary 10.18; good ordinary 9.78. Sales 7,000 bales; 5,700 American Receipts, 10,000; American 8,400. Futures: closed steady, March 10.81; May 10.92; July 10.92; October 10.72; December 10.70; January 10.69.

Sheep: 8,000; lambs 35 and 80c.

TELL OF WASTE IN TEXTBOOK CHANGE

AUSTIN, March 13 (AP)—The state had on hand in usable condition more than 400,000 copies of the geography then in use by the schools, when the state textbook commission last October decided to change the text, according to the majority report of the Senate committee which investigated the state free textbook law and the letting of contracts.

"We find that this number was sufficient to run the schools this year without purchasing a single book," said the report signed by Senators A. J. Wirtz, of Seguin and Will N. Martin, of Hillsboro. "We further find that to change the present geography in use as well as arithmetic, histories and many of the other books that were sought to be changed at the October meeting, would entail a loss to the state of many hundreds of thousands of dollars."

AIRPORT

(Continued from Page One)

Seventeen men were sent to investigate airports of other cities and to attend the flying school of the Texas Air Transport and the West Texas Chamber of Commerce aviation committee meeting in Fort Worth.

Lubbock Far Behind
The report of the local committee stated that Lubbock was far behind in respect to aerial transportation, probably being the largest city in the state with no airport facility. It was pointed out, that with a modern airport this city would step into the spotlight as the air travel center of this part of the state and that a number of air lines now pending would be secured.

Possibility of securing a pilot's training school in the event of establishment of an airport was pointed out by the committee. The Texas Air Transport company is planning to place a school of this kind in this section, and at the present time Tech College is equipped with all of the ground equipment necessary for an aviator's course. The committee advised that bids had been received from property owners and proposed sites inspected. An option was secured on a 640-acre site near the city. It was recommended that the field should be at least this large and that the airport be controlled and managed by the city of Lubbock.

Establishment of an airport would mean "the following expenditures, according to the report: purchase of land, about \$42,000; erection of hangar, about \$15,000; erection of administration and waiting room, approximately \$2,000; grubbing land and grading runways, roads, about \$1,000; and the cost of electric lights, fueling equipment, gas service, water plant and other equipment has not been determined.

A salt lake heretofore unknown has been discovered in middle Asia between the Chu river and Balashakh lake.

First news of the marriage was a brief announcement telegraphed to Chicago society editors by Mr. Meeker. Cramer and Mary Meeker had always been known as good friends since childhood and he had been a frequent guest at the Meeker home recently.

Cramer and Grace Meeker were divorced two years ago and soon afterward she married Francis Vernon Lloyd, Philadelphia society man. Mrs. Cramer obtained the decree on a charge of desertion. Two children, born to Cramer and his first wife, became through yesterday's marriage, step-children of their aunt.

NEW YORK TO PUT LID ON DRY LAWS

ALBANY, N. Y., March 13 (AP)—Bills providing for state enforcement of the prohibition law in cases of beverages containing more than 6 per cent alcohol were before the assembly today, having been approved in committee. The bills, introduced by Assemblyman Edmund B. Jenks, republican, of Broome, provided in their original form for state enforcement of beverages containing more than one-half of one per cent alcohol. They emerged in their present form from the codes committee after a day of bewildering action which saw the committee first approve them, then withdraw, amend, kill, reconsider again and finally report them favorably.

Airplane Tagged
NEWARK, N. J.—His airplane tagged by a traffic cop, William Sulzenberger, manufacturer, must appear in traffic court. The officer found it parked on a street where it should not have been. It was the process of being moved somewhere or other like a trunk or a piece of furniture.

Higher sheep strong; lambs, good and choice 92 lbs down, 16.25 @ 17.50; ewes, medium to choice, 150 lbs down, 7.75 @ 9.75.

FORT WORTH PRICES
FORT WORTH, March 13 (AP)—Hogs: 2,000; 10 to 20c lower; top 10.65; medium to good 10.00 @ 10.40 @ 10.65; packing sows 8.25 @ 9.25. Cattle and calves: 2,000; good to choice 1st yearlings up to 12.75; choice fat cows up to 9.00; butchers, around 7.00 @ 7.25; heavy stock calves up to 11.85; fairly good heavy calves 9.50 @ 11.25. Sheep: 1,000; fat lambs and weaners strong to quarter higher; woolled fat lambs 16.00; shorn fat weaners 10.00.

NOBILE QUILTS

Commander Of Italia Resigns After Censure

LONDON, March 13 (AP)—The Exchange Telegraph company today said it had been officially announced at Rome that General Umberto Nobile, commander of the ill-fated Italia expedition, had resigned his rank and office. The resignations were accepted.

The official board of inquiry into the Italia disaster last week placed direct blame upon General Nobile for the loss of the dirigible and censured him for allowing himself to be rescued from the ice first.

General Nobile had a long and distinguished military career with the Italian army. He was an ardent Fascist and reached world wide prominence when he flew with Roald Amundsen in the dirigible Norge across the North Pole from Spitzbergen to Alaska in 1926.

That flight ended in a quarrel between Amundsen and Nobile and the Italian was charged with mistakes in the handling of the dirigible. The flight of the Italia followed two years later. The ship reached the Pole from Spitzbergen but crashed on the ice and was lost as it neared King's Bay on its return.

Criminal Appeals Court Decisions

AUSTIN, March 13 (AP)—The following proceedings were had in the court of criminal appeals today:

Affirmed: B. A. King, Hopkins; Sallie D. King, Harris; Glenn Jones, Floyd; Roy Neaves, Hill; Harley Holland and J. D. Pierce, Comanche; Sylvester Gates, Williamson; J. C. Smith, Collin; Laurin Gunter, alias Buddie Gunter, Collin; J. G. Roberts, Hill; A. L. Flowers, Liberty; Homer Motes, Jones; A. H. Beasley, Cottle; George Harland, Lubbock; Margarito Silva, San Patricio. Reversed and remanded: P. T. Callaway, Lubbock; J. R. Sands, Wichita; Nelsca White, Panola; Dick Hazard, Comanche; T. D. Wooten, Llano; James Elliott, Cottle; Mollie Turner, Lynn; Ernest Bridwell, Cottle.

Appellant's motion for rehearing overruled: Bob Davis, Hopkins; Roy Gaunce, Clay. Appellant's motion for rehearing overruled without written opinion: R. M. Platt, Mason; E. A. Dunn, Wheeler.

TAKES ON NEW LINE

The Paulger Battery and Electric company has added the Majestic line of radios to its present stock. C. A. Paulger, manager, announced this morning.

WHAT NEXT FOR DAWES? IS QUESTION NOW PUZZLING OFFICIAL WASHINGTON

WASHINGTON, March 13 (AP)—Although he has relinquished the vice-presidency and returned to Chicago, the question, what will Charles Gates Dawes do next, remains a subject of lively speculation in the capital.

Of course, it is known he has gone back to his Chicago bank, and he plans to go to Santa Domingo soon to help organize the fiscal affairs of that nation. It is also known he has been making plans to go to Europe this summer.

When that was first mentioned, the inference was that his European trip would be a personal affair. Now, however, the idea is gaining credence that he will not go as a private citizen, but as America's new ambassador to Great Britain.

Alanson B. Houghton, the present ambassador, it is assumed, is preparing to retire from that post and possibly from public life. President Hoover is maintaining his position that he will make no diplomatic appointments pending the arrival of his new Secretary of State, Henry L. Stimson, but he is known to have a very high regard for the former vice-president's abilities.

That regard was formulated first during and immediately after the war, when Mr. Hoover was engaged in relief work and Mr. Dawes was a general in the American expeditionary forces. At that time it is recalled, he sought the assistance of Dawes and appreciated it.

The eager welcome of a dog at New Haven, Conn., cost the life of his master, Joseph Durst. Durst had returned from a hunting trip and the dog jumped into his car. The animal's paw struck the trigger of a shotgun and the discharge struck Durst.

FUTURE PUZZLE

CHARLES G. DAWES

"In The Spring A Young Man's Fancy"

That spring is having its usual effect on young men's fancy was demonstrated yesterday afternoon as two additional marriage licenses were issued from the county clerk's office here.

Yesterday's licenses were granted to W. G. McClure and Grace Robinson, and to B. A. Hobbs and Zola Head.

TECH ANIMALS IN HIGH RANK

PLACE IN STOCK SHOW JUDGING HELD AT FORT WORTH

Tech entries in the sheep and divisions of the Fat Stock Show at Fort Worth placed high in award of prizes, according to Ray Mowery, of the Tech animal husbandry faculty, who returned day from Fort Worth.

In the heavy Poland China division, Tech placed first and third individuals, and first for a pen three; in the same division, the college placed the first single boar, pen of three, and a champion of three.

In the light Duroc-Jersey division, Tech had third pen of three. The hog show was classed by Mowery as "excellent." Tech entered ten animals.

In the Hampshire sheep division, Tech placed third yearling ram, second lamb ram, first set of sire and ewe for the Southdown division, Tech had second pen of ewes, fourth ram lamb, third ewe and third set of sire and ewe. Competitions were extremely keen in sheep, due to entry of several northern breeders.

Mr. Mowery stated that the Oklahoma A. and M. stock judging team scored first, Texas A. and M. second and the Tech squad third.

The Tech team was high in hog judging, Paul Marr being the first ranking individual. Robert Burdick of Goldthwaite, was high individual on the Tech team.

"Dressmaker" TAILORING

In the New Frocks and Ensembles Presented Here for Easter!

The Ensembles are feminine and soft of line—yet so trim they will take your breath away. That is the secret of the new "dress-maker" tailoring which has simply taken Paris by storm. In all the new fabrics—new colors—and in a wide variety of styles.

The Frocks are suave and sophisticated—yet just with a hint of that feminine grace that typified "dressmaker tailoring." In crepes, georgettes and lightweight tweeds—all colors, of course.

Colorful

A colorful Spanish shawl... how it flatters the vivid beauty of the dancer! Every woman knows that a spot of color tastefully placed on hat or frock may make the ensemble. Your home may be given this subtle advantage of color. The colorful blends of Face Brick bring a tint and texture to the home that is unmistakably chic. Without clash or "splotchiness" your Face Brick walls blend into the natural surroundings, as do the tones of a rare old tapestry. Nor need you build a new home "from the ground up" to gain this subtle color advantage. The Face Brick veneering process enables you to remodel with all the advantages of new Face Brick construction. To your great advantage are the books pictured below. May we send them?

CONFESSES TO TEXAS MURDER

SOLDIER IN ISLANDS TRIES TO ADMIT SLAYING

WASHINGTON, March 13.—The war department today made public a cablegram from Major General Douglas MacArthur, commanding the Philippine department, giving the confession of Private Robert Dell to a killing in Dallas, Texas.

The message has been sent to Governor Dan Moody of Texas with the information that the soldier is held in confinement under observation and that no further action will be taken until Governor Moody's wishes are known.

Dell, a private in Company G, 31st Infantry, stationed at Manila, told the following story, according to General MacArthur.

"That his right name is Lee Robert Delgado, born in Dallas, Jan. 3, 1903, and that on or about Oct. 1, 1928, about 3 a. m., he shot in a holdup at Ervay and Kelly streets, Dallas, an unnamed man. Clarence Carter, a casual acquaintance, witnessed the killing, but is innocent of complicity and is under sentence of death at Dallas to be hanged at Dallas Friday."

The telegram continued: "Request you get in touch with Dallas authorities immediately, ascertain facts, and if story verified, make necessary representations to the Governor of Texas to delay the execution pending investigation."

POLICE SAY MAN MUST BE DERANGED

DALLAS, Texas, March 13 (AP)—Lee Robert Delgado, who made a "confession" to Major General Douglas MacArthur, commanding the Philippine department of the Philippines, is either homesick and conjuring an imaginary crime in an effort to get back to Texas or he is suffering from delusions, according to Dallas police officials.

A man was killed in Dallas about the time specified in Delgado's statement, and Clarence Carter was charged with the murder. A man named Delgado was the ambulance driver who picked up the body of Hugh Martin, the man killed.

Carter was acquitted after eye witnesses said Carter had shot Martin in self defense. Delgado was called as a witness but disappeared a week before the trial and has not been seen here since.

AUTO FEES

(Continued from Page One)

House was ordered. The sergeants-at-arms were sent out for absentees.

FUTILE BID MADE FOR BOND PLAN

AUSTIN, March 13 (AP)—House proponents of the \$175,000,000 road bond issue made a last futile bid for victory on parliamentary technicalities today when Representative Emmett Morse of Houston, raised a point of order that four paired votes on the proposal should have been recorded as giving the highway resolution 101 yeas, one more than the necessary two-thirds majority required for final passage.

Speaker pro tem Fred Minor overruled Morse's contention and when the Houston lawmaker appealed, the House voted 95 to 12 to sustain its presiding officer.

REVOLUTION

(Continued from Page One)

els has been massed at Torreón for the expected battle with federal troops commanded by General P. Elias Calles, according to unofficial information received at rebel headquarters here.

If reports to the size of the rebel contingent at Torreón are true, observers predict one of the greatest battles in the history of revolutions in this turbulent country. The army under Calles is reported to be one of the largest ever sent by the government to quell rebellion.

LABOR LEADERS HIT PRESENT REBELLION

WASHINGTON, Mar. 13 (AP)—Condemnation of the present rebellion by leaders in the Mexican Federation of Labor is expressed in a message from Luis Morones, former secretary of industry, commerce and labor of Mexico, made public today by Santiago Iñiguez, secretary of the Pan American Federation of Labor.

INDIAN TROOPS WAIT INSURRECTO ATTACK

NACÓ, Sonora, Mexico, Mar. 13 (AP)—Behind hastily constructed barbed wire entanglements and entrenchments, the loyal troops of General Augustino Ilachca, consisting mostly of Mayo and Yaqui Indians, today awaited an expected attack by

rebel troops from two sides.

Ilachca and his colorful band, previously looked upon as a part of the revolutionary forces, staged a coup yesterday after they had been dispatched from rebel headquarters by General Francisco Manzo to join other revolutionaries in the Torreón sector.

Arriving at Naco, 12 miles south of the border, Ilachca suddenly proclaimed his loyalty to the government and announced he planned to participate in an attack on the revolutionary stronghold at Nogales.

SUPPLY OF MEXICAN TOMATOES CURTAILED

CHICAGO, Mar. 13 (AP)—War in Mexico seems to be cutting off the supply of Mexican tomatoes. A report today by the United States agriculture bureau of economics said an embargo of freight traffic along the Mexican west coast might be one reason for tomato imports dropping to 70 cars for the last week. Some Mexican tomatoes, however, are moving to Los Angeles by boat.

Prices on tomatoes from Mexico have advanced sharply, and are now ranging from \$2.75 to \$4 per box.

TEXAS LEGISLATURE

Free conference report on penitentiary bill rejected by house and new committee named to try to adjust differences.

State textbook commission criticized by investigating committee for purchasing new books with large surplus on hand.

Land office investigation completed, with committee reserving report until special session.

House bill cutting motor vehicle registration fees in half engrossed by senate.

BARRIER BROS., INC.

"Quality Stores of West Texas"

FAMED PIANO PLAYER HERE

SCIENTI APPEARS AS FEATURE ON CLUB PROGRAM TODAY

Silvio Scinti, of New York and Chicago pianist appearing here tomorrow night at the annual spring music festival, supplied the feature of the program at the Lubbock Rotary club's weekly luncheon at Hotel Lubbock. Mr. Scinti, introduced by Miss Margaret Huff, played two numbers.

Dr. J. M. Gordon, dean of the liberal arts school at Texas Tech, was in charge of the program, which included a fire insurance talk by J. H. Speed, Dallas, and an impromptu address by H. C. Pipkin, Amarillo attorney.

The club members continued their campaign to insure a large attendance at the forthcoming district conference, scheduled in Ranger for the latter part of this month, and for the international convention, set for Dallas in May.

Approximately 100 persons, including a number of guests, were present.

Napoleon Boulet of Suncook, N. H., is deaf, but he can talk. Some of his talk—profane—cost him \$3 and costs in police court.

Province, R. I., reducing its police force by about a ton. Orders caused 125 patrolmen who were overweight to reduce.

PIONEER FETE

Program To Be Given In Hale County Capital

(Special To The Journal)

PLAINVIEW, Mar. 13.—Plans for the Pioneer Banquet to be given by the Business and Professional Women's Club at the city auditorium Thursday are complete. Preparations have been made to accommodate a large crowd and from the interest already shown indications are that tickets will be at a premium before the date of the banquet. Several old settlers of the Plains who have moved away from this section are expected to return for the occasion.

It is planned at this time to carry out the following program: Toastmaster, Judge L. E. Kinder.

Music by the Fiddlers.

Welcome Address, Miss Opal Wood.

Response, Mrs. Mary V. Dye.

Music, Cow-boy Song.

A sketch of Plains History, L. E. Shetty.

Pioneer Women, Mrs. T. V. Reeves.

Early Days on the Plains, Col. R. P. Smyth.

Reminiscences of the Early Days, by pioneers.

Square Dance.

Jewelry Exhibit Planned For Tech

An exhibit of hand-made jewelry will be held in Room 104 of the home economics building of Tech college from today until next Wednesday, according to Marie Delaney, head of the applied arts department, which is sponsoring the show.

Constable Gets 5 Year Jail Penalty

BROWNSVILLE, Mar. 13 (AP)—Porter Eubanks, Harlingen constable, charged with assault with intent to murder in connection with the firing of shots at an automobile occupied by three high school boys was sentenced today to five months in jail by a jury. Notice of appeal was given and Eubanks was released on bond.

Alleged Slayer, In Irons, Back In U. S.

HOUSTON, Mar. 13 (AP)—Chained to a steel stanchion in a tiny cabin aboard the steamship Endicott, John R. Fikes, 26 year old seaman, accused of slaying a shipmate at Havre, France, completed a 34 day journey in irons at Houston today.

Fikes freely discussed the circumstances surrounding his last shore leave and celebration which ended in the violent death of George A. Leonard, 32, chief steward of the French Foreign Legion.
