## Negro Charged In Assault On White Lady Near Here

An 18-year-old Negro man is in jail at an undisclosed place as the result of an assault on a 27-year-old white lady, mother of two children, Tuesday afternoon shortly after 2:00 o'clock at her home a mile and a half northeast of the old Redwine school building.

The Negro, Bennie Lee McIntyre, was charged with rape Wednesday. He is said to have made a statement to Sheriff Norvell "Booger" Redwine and District Attorney George Hansard of Lamesa, but contents of the statement have not been disclosed.

The lady, member of a well-known Lynn county family, was taken by her husband Tuesday afternoon to a Post hospital, where she was treated and released. She is said to have had bruises about the throat.

McIntyre, who came here about seven months ago from Rosebud, Falls county, has been living in a barracks building at Grassland. He is unmarried. Recently, he has been working for a terracing contractor on a farm near Redwine. Tuesday afternoon, he is said to have left the field where he was working and went to the nearby house of the woman.

The husband was in Tahoka, one of her two children was at school and the younger one was at home. Officers said he forced his way into the house, and threatened to kill the lady.

Leaving the place, he drove toward Tahoka in a Grassland man's pick-up. About three miles east of Tahoka he stopped the pick-up and hailed a passer-by, who turned out to be Deputy Sheriff Eldon Corley of Garza county. Corley immediately radioed Sheriff Redwine and told him he had a man he (Booger) would want to talk with. Sheriff Redwine went out and took the man into custody sometime before 3:00 o'clock.

In the meantime, the lady had called her husband, who went to her aid and carried her to a doctor.

When several men began making inquiries and offering to help him, the Negro, not knowing, evidently, that he already was in custody, the accused man was transferred to an undisclosed jail for safe-keeping.

**Working People Eligible For S. S.**

Are you among the many persons past retirement age who have not applied for social security benefits because you are still working?

Because of a change in the law you may now be eligible for some payments during the year even though you are still employed or self-employed and earn well over \$1200 a year.

Beginning this year, most people can earn more money and still get social security checks for some months in the year. In fact, under the new law, a person always has a larger gross income from earnings and benefits when he does not limit earning to \$1200 a year.

As in the old law, you can earn up to \$1200 and get benefits for all months in the year. No matter how much you earn in a year, you are still considered "retired" in any month you do not earn over \$100 as an employee or aren't active in your own business. Also, for all months in which you are at least 72 years of age, you will be considered retired, regardless of how much you earn.

Beginning with 1961, retirement insurance benefits payable to you (or your family) are withheld at the rate of only \$1 in benefits for each \$2 you earn between \$1200 and \$1500. On earnings over \$1500, \$1 in benefits is withheld for each \$1 earned.

For example, a person can lose only \$150 in benefits if he earns

\$1500 in 1961. A worker whose family is entitled to the monthly maximum of \$254 can earn \$4398 before the family loses all social security benefits this year.

If you have passed your 65th birthday but have delayed filing application for social security benefits because you are still working, it might pay you to visit your nearest social security office. The Lubbock office is located at 1616 19th St., and is open from 8:30 a. m. to 4:30 p. m. (except national holidays and Saturdays).

A representative of the Lubbock Social Security Office will be in Tahoka on Tuesday, May 2, in the Courthouse at 9:30 and will be glad to assist in all matters pertaining to social security.

And, then, electric heat homeowners volunteer information like,

"It's amazing, there's just no maintenance to pay for or worry about."

MELVIN WUENSCH

Anyone having or knowing the whereabouts of the Planet Jr. boxes for planting grass seed please contact W. L. "Cap" Rowe. These boxes are the property of the Lynn County Soil Conservation District and are for the use of the cooperators with the soil conservation district.

L. B. Burk, who lives east of Grassland has completed bench leveling 13 acres of irrigated land.

The leveling operation was cost shared through the A. C. P. program.

Terraces have been completed on the Bromberg estate east of Tahoka. The farm is operated by R. M. Thomas of Grassland. A complete conservation plan was developed with Thomas for conserving soil and water. Terraces are being cost shared through the Great Plains Conservation Program.

Alex Sanders completed seeding approximately 20 acres of cropland back to grass. Sanders planted side oats grama on the shallow ropland. The farm is one mile west of Tahoka.

Ranches planning to control mesquite with chemicals should be making arrangements for chemicals or with contractors. Mesquite should be sprayed not earlier than 90 days after the first leaves appear, when trees are in full foliage and sufficient soil moisture is present so that the trees have at least 30 days of vigorous growth prior to spraying.

E. J. Cooper was admitted Wednesday of last week to Tahoka Hospital while suffering a virus infection. He was dismissed Friday.

#### Citizen's Committee Host At Coffee

The Citizen's Committee for Youth sponsored a coffee for mothers of fifth, sixth and seventh grade students Tuesday of last week.

As a result of this meeting, eight ladies volunteered to help organize a Girl Scout troop in Tahoka; two offered to assist in organizing another Cub den. The ladies voted that films be sponsored by the committee for those parents and children wishing to attend at the City Legion Hall. The need for mothers meeting together was also presented and was endorsed.

A proposal was made that a P. T. A. be organized here and the majority attending voted for this move.

#### Birthday Party At Special School

Sylvia Sue Woodrum, daughter of Mr. and Mrs. Bobbie C. Woodrum of Lamesa was given a birthday party recently at the Lynn County Special School at Tahoka.

The honoree's mother was hostess and did the decorations for the occasion. A happy birthday scheme was carried out in the decorating of the cake and table.

Sylvia Sue was a happy little girl as she was crowned queen of her party. The children and guests sang "Happy Birthday" to her and she made a wish and blew out all of her 10 candles. Mrs. Woodrum served all the children and guests with birthday cake and soda pop and gave favors to everybody. We had a wonderful time sharing in Sylvia Sue's happiness.

Every child in the Special School has a birthday party during the school year. If their birthday comes in the summer as Sylvia Sue's did, then they have a make-believe birthday and are given a party.

Our children are taught to do their share and part in preparing these parties. So they know that they are loved, needed and are contributing. They are happy, well-mannered children and we are proud of every one of them and their accomplishments.—Margaret Renfro, teacher.

**Margaret Renfro Attends Workshop**

Margaret Renfro, Lynn County Special teacher attended a workshop April 21 in Lubbock on psychological service for the exceptional child.

Charles E. Eskridge, director division of special education, Texas Education Agency, was the chairman. Other speakers included Nat Williams, superintendent of Lubbock schools; Roy Van Hoover, coordinator of special education, Lubbock schools; Lee H. Prodehl, executive director U. C. P. A. of Texas; Bert D. Levine Ph. D., psychologist, Harlingen; Mrs. Ruth Blackman, psychologist, Houston.

The workshop was a wonderful success. There was a lot of worthy material presented from 8:30 until 4:30. One speaker ended by saying, "Be happy with what you have but never dissatisfied." Mr. Eskridge suggested that the teachers use "lots of common horse sense."

Several of the speakers and coordinators have cerebral palsy or other types of handicapped children in their homes. They simply radiated with happiness and human gratitude to be able to find and give help.

Mr. Eskridge and Mr. Prodehl lectured in Lamesa April 20 to the F. T. A. They spoke in the interest of organizing a special school there. At this meeting, Mr. Eskridge praised the Lynn County Special School at Tahoka, the school officials and Lynn county people, the teacher and parents for a wonderful work and a wonderful school.

A compliment like this coming from the director division of Special Education Texas Education Agency is very gratifying to all of us—Margaret Renfro.

**Senator Preston Smith**

Every new situation in an election seems to give Texas politicians a new and drastic interpretation. Take the special US Senate election for instance.

The story of the Pool Bill is a familiar one to all who are interested in Texas politics. It is referred to again only because it is part of the picture.

Until 1957 there was a wide-open field in the scramble for the election to the U. S. Senate, with high man—even by one vote, if that should be the result—winning the place.

The Pool Bill was finally passed, after the heat of the 1957 special election, for the purpose of drawing the line more clearly between Republicans and Democrats. This was recognized in providing for a runoff. The theory, of course, was that a strong Republican candidate against a scramble of Democrats, would have had the odds-on chance of topping the field. In a runoff the Democrats could marshal their combined strength.

Now, in 1961 Special U. S. Senate race, some Texans are saying there are no binding party lines; that candidates did not run on a party platform; that it was an individual affair; and that no party loyalty is involved.

This can't be argued when you consider that the Pool Bill final passage by the Legislature was for no other reason than to cut the issue squarely on a Democrat-Republican issue.

And that is what the runoff is between Democrat William A. Blakey and Republican John Tower.

It doesn't seem probable that the Democrat Legislature would be tempted to come around eventually to a further change in the election laws to provide for a Republican vs. Democrat ticket in the special Senate or congressman-at-large elections. This would give the Republican candidate an automatic entry in the runoff, whereas under the present law the Democrats could assure a party victory in the first election.

## How To Raise A Delinquent

The Citizen's Committee for Youth will meet Thursday, May 4, at 4:00 p. m. when all members are urged to attend, and all interested parents and guests are cordially invited, according to members of the organization.

The Committee has submitted the following article "How to Raise a Delinquent" a guide of 12 rules which are being passed out by the Houston, Texas police.

1. Being with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.

2. When he picks up bad words, laugh at him. This will make him think he's "cute." It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.

3. Never give him any spiritual training. Wait until he is 21 and then let him "decide for himself."

4. Avoid use of the word "wrong." It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.

5. Pic up everything he leaves lying around — books, shoes, clothes. Do everything for him so that he will be experienced in throwing all responsibility on others.

6. Let him read any printed matter he can get his hands on. Have no concern whatsoever for what goes into his mind. Be careful that the silverware and drinking glasses are sterilized, but let his mind feast on garbage. Provide him with sanitary cups for his lips, but let his brain drink out of any dirty container.

7. Quarrel frequently in the presence of your children. In this way they will not be too shocked when the home is broken up later.

8. Give him all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?

9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.

10. Praise him in his presence to all the neighbors. Show how much smarter he is than the neighbor's children. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.

11. When he gets into real trouble, apologize for yourself by saying, "I never could do anything with him."

12. Prepare for a life of grief. You will be likely to have it.

—John Winters Fleming

## Consumer Prices Go Up But Farm Prices Go Down

College Station—Farmers got lower prices for their 1960 produce than for that produced in 1947, but consumers paid substantially more for the foods, according to a research report issued recently by the USDA.

Where did this extra money consumers spent go? It was taken up by increases in marketing costs for wages, containers, fuel, freight rates, depreciation, rents, advertising, taxes and other costs. Marketers' profit as a percentage of the consumer's dollar showed no decided trend, but their total profits were up.

Although food prices were higher in 1960 than in 1947, the consumer could purchase more food with an hour's wages. This is possible because personal incomes have risen considerably faster than food prices. For example, an hour's work in 1960 would buy 2.5 pounds of beef compared to 1.9 pounds in 1947.

Retail prices of food rose less than prices for all commodities and services, the study showed. Food prices since 1947 are up about one-sixth, but the Consumer Price Index has risen more than one-fourth. Relatively, therefore, food is a bargain for consumers when compared to the total of their other expenditures. Since marketing costs rose faster than the Consumer Price Index, the slower rise in food prices was due entirely to the lower prices paid to farmers.

In 1960, the farmer received only 39 cents of the dollar spent by the consumer for food, the study showed. The remaining 61 cents went to pay marketing charges. The farmer's 39 cents in 1960 compares with 51 cents he received in 1947 and with 32 cents in the depression years of 1932-33.

## TRUCK ROUNDUP

Western star Roy Rogers spreads the good word for your local dealer! "Right now he's making it easier than ever to own America's easiest riding truck. That's Chevy — the truck that saves you plenty with its special brand of Independent Front Suspension."

Just pick the model that fits your job and you can be sure you're putting your truck dollars where they'll do the most good. You'll get a super-efficient power to capacity ratio, a truck that's Sturdi-Bilt clear through, a king-size cab to keep your driver happy. And savings that just naturally go along with Chevrolet's I.F.S. ride.

You save on maintenance costs. I.F.S. lengthens truck life and protects cargoes by soaking up as much as 78% of all objectionable road shock and vibration. Your truck keeps working for extra thousands of miles! How in the world can you go wrong! Especially now—during truck roundup time!

Chevy's hefty Jobmaster 6, standard in Series 60 middleweights, is known far and wide for its fuel-saving performance.

## CHEVROLET LES TRUCKS

Chevy's famous Thriftmaster 6 does the saving in this Fleetside model. It's the most highly respected truck 6 ever put under a hood. It's best known for economy and

dependability—for pulling more loads over the years than any other truck engine. The 135-horsepower 235-cu.-in. Thriftmaster's standard in all Chevy pickups.

### Grassland News

(This news was written by Mrs. Gus Porterfield as a courtesy for Mrs. O. H. Hoover while she is on vacation).

Signs of spring are bursting all around us. One of the surest signs is that the O. H. Hoovers are at their cabin on Lake Stamford hoping to catch some of the big fish that got away.

The Iris gardens in our community are really getting to be beautiful. Almost any morning you can see the ladies going from one garden to the next.

Spring cleaning is getting underway too. The O. C. Harrisons have been painting and preparing the interior of their home.

The Methodist parsonage has its final coat of stucco and a pretty white dash. The parsonage family are very happy about it.

Mr. and Mrs. W. M. Davis have been putting down new floor coverings and doing some other redecorating.

Guests in the E. B. Gregg home recently were Mr. and Mrs. Jay Johnson and Eva Webb, Mrs. Lonnie Keese and daughter from Colorado Springs, Colo., Mr. and Mrs. Herman Huffaker, Mr. and Mrs. Bobby Huffaker, and Mr. and Mrs. Bob Norman.

Mr. and Mrs. Gus Porterfield were called to Shawnee, Oklahoma for the funeral of his cousin. While in Oklahoma they also visited his sister and family in Oklahoma City.

Donna Carpenter of Slaton spent Saturday night with Mr. and Mrs. W. A. Morris and attended the Methodist Church with Mrs. Morris Sunday morning. After church they drove to Slaton and had lunch with the Donald Carpenters.

Mr. and Mrs. Roy LeMond have been with her mother, Mrs. H. W. Edwards Sr. who had surgery at the Methodist Hospital in Lubbock last Wednesday.

Jim and Janet Porterfield visited over the week end with her brother in Fort Worth. They also visited near Burleson.

Luther Thomas was feeling well enough to visit for a short time with Mr. and Mrs. J. W. Fox and Gladys on Sunday.

Mr. and Mrs. E. B. Gregg accompanied the Huffaker family to Lamesa to visit in the home of the Roy Huffakers on Monday night.

Guests of Miss Gladys Fox during the week end were Mrs. Roy Appling Mrs. Laverne Aten and children and Mrs. Gus Porterfield.

Mr. and Mrs. C. E. Short are at Lake Thomas for a few days fishing and getting their cabin ready for the summer.

Mr. and Mrs. Sonny Huffaker and children visited the W. H. Normans Sunday. Also Richard and Patsy Brooks and Roddy were visitors with them.

Visiting the Gus Porterfields Sunday were the J. E. and Gus Sherrill families and the H. A. Watkins.

Gerald and Laveta Norman, Judy and Jodi spent the week end at Stamford Lake but reported the fish were not biting. They visited the Hoovers while there.

J. W. Inklebarger is ill and is having to stay in Tahoka Hospital for a few days.

Several ladies from the Methodist Church plan to attend a district meeting of Woman's Society of Christian Service at O'Donnell Tuesday.

### Farm Facts

The toll worn farmer striving mightily to eke out a bare existence on a heavily mortgaged plot of worn out land while a grasping money lender floats gleefully has provided a plot for more than one fanciful novelist. The novelist today, however, would have a hard time proving his point.

The Balance Sheet of Agriculture, 1960, published by the U. S. Department of Agriculture, explains that the rate of voluntary and distress transfers in the year ended March 1, 1960, remained low despite the continued decline in numbers of farms.

"Although many farm liquidation sales have occurred, rising market prices and the strong demand for land have enabled owners to recover their original equities and often to realize capital appreciation.

"The rate of voluntary sales in 1959-60—at 30.7 farms per 1,000—was 2% below that of the previous year and the lowest since 1939-40. Farm about \$12.3 billion. Value of foreclosures and distress farm real estate totaled \$129.1 billion, and of all assets—about 6,800—100 less than in 1959-60.

### CARD OF THANKS

I would like to express my sincere appreciation to everyone who helped make my Rainbow Pancake Supper a success. I would especially like to say "thank you" to Horace Rogers and W. T. Kidwell of Piggly Wiggly, Mr. and Mrs. A. M. Bray, F. E. Redwine, Granvel Ayer, Fred McGinty, and my parents, Mr. and Mrs. Perry Walker. —Sue Walker, Charity, Tahoka Rainbow Assembly. 1tp

Ford saves you plenty when you buy...

Saves even more as you drive!

Who else but Ford could bring you the lowest full-size wagon price\* in America?

Listen—not only does this '61 Ranch Wagon cost even less than some so-called "compacts"—but it's beautifully built to take care of itself!

Just read about these self-service features on this page... then pop in and look for yourself. Look at that cavern of a cargo-hold. Look at that new roll-down rear window. Enjoy the sedan ride of new rear springs and Wide-Tread design.

Choose Ford's Mileage Maker Six, or the optional Thunderbird V-8. Take your pick of six handsome Ford wagons. Whatever you want in a wagon, we Ford Dealers have got. Today. Come and get it!

### HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

**Lubricates itself**—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

**Cleans its own oil**—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through three... trapping more dirt than any other type of filter.

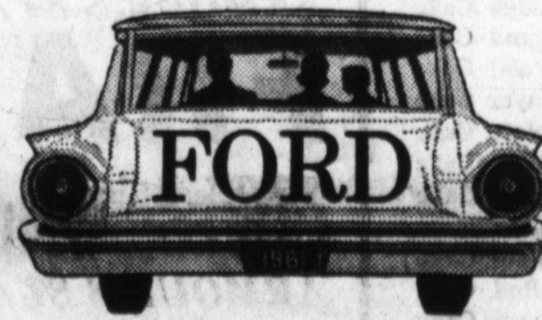

**Adjusts its own brakes**—New Truck Size Brakes adjust themselves automatically.

**Guards its own muffler**—Ford mufflers are double-wrapped and shielded to last three times as long as ordinary mufflers.

**Protects its own body**—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

**Takes care of its own dash**—Just wash and clean Ford's new Diamond Lustrite Dash to make it glisten like new. It never needs waxing.

\*Based on a comparison of manufacturers' suggested retail delivered prices for comparable models and equipment.

### Students Attend Spanish Fiesta

Several Tahoka students in high school Spanish classes attended the 14th annual Spanish Fiesta of Llano Estacado American Spanish teachers held in Post Saturday.

Contests were held in various events and Tahoka students placed in all events entered. A total of 350 students from 25 high schools and junior high schools from this area attended.

Francis Willhoit won first place in the first year vocabulary event; Larry Price, third, second year vocabulary; Sarah Wells, third, second year spelling; Kay Halameick and Judy Thomas, second, ball room dancing, presenting a tango. Tahoka king and queen candidates, Craig Leslie and Tina Perez, received honorable mention.

Billy Clinton and Darrell Young were in charge of the market for the entire fiesta.

Mrs. Gordon Hamilton is the local Spanish teacher and she states that interest is growing in the language in the local schools. The enrollment for next year's first year Spanish class has doubled that of this year.

Dr. T. L. Hamilton of Texas Tech delivered the principal address of the fiesta, when he stated that elementary and pre-school age children are more apt to learning the Spanish language than are older students and adults, pointing out that Spanish should be taught extensively in the lower grades.

Mrs. Vernon Willhoit and Mrs. Halameick accompanied the group to Post.

**Club Is Formed By Skin Divers**

Tahoka Skin Divers Organization has almost filled its capacity for membership here having 14 members. The most the club can serve at the present is 15.

Reason for this, officials state, is that equipment is not available to take care of more than 15 members at this time and funds are not available to purchase equipment for any more than that number.

The group met Thursday night of last week in the home of Charles McClellan, where scuba lungs were on display. The organization has purchased filling equipment for tanks and has located a filling compressor, which they hope to buy. Donations have come in for this fund from interested citizens.

In addition, the group has built a trailer to carry the filling and diving equipment.

Several members of the organization tried out the breathing apparatus in Lake Thomas last Sunday.

The group was formed here recently, and will work with Civil Defense in emergency situations.

**CHILD ESCAPES INJURY**

Jonna Barham, daughter of Mr. and Mrs. N. M. Barham, fell from a tractor Sunday while the machine was moving and barely escaped injury. It was at first believed that one of the wheels had hit the child's head, but no injuries could be found in x-rays taken at Tahoka Hospital, where she was taken for observation.

Rev. Charles Uzzle and daughter were here Wednesday to attend funeral services of D. J. Pennington. Rev. Uzzle is pastor of the First Baptist Church in Mobettie and is a former citizen of Lynn County.

**Cleaner Quotes**

Mixed emotions, yes and no. About Saturday night when the beards and rodeo will be gone.

Lots of floats are taking shape now. It's good to have Tahoka buzzing around.

Entrants for riding, calf roping, the works are above our hopes already. Looks like a good show is on and Tahoka and surrounding towns have always been good rodeo towns. Beards alone prove that.

Be sure you clean clothing before you store for summer months. We will clean, moth proof, seal in air tight plastic bags, and store your wool winter wardrobe, keep them through the summer, then press them just before the cooler weather.

"Thorough" cleaning is a must at this time. Spots, soiled areas, perspiration left whole or in part will cause damage to our fine wools in four or five months of hot weather.

Let us serve you better.

**ATHLETES ATTEND ANNUAL BANQUET**

About 60 athletes, coaches and wives and others who have contributed to the athletic program in Tahoka attended a dinner Tuesday night at Underwood's in Lubbock when Berl Huffman, Texas Tech basketball coach and freshman football coach, spoke to the group.

Attending were boys and girls who have participated in all variety sports during this year, including football, girls and boys basketball, and track.

Introduced by Athletic Director Jake Jacobs, Huffman told the boys and girls that the world is no longer interested in mediocrity. It wants the very best. He said when athletes are chosen for college sports, college coaches no longer take the boys that are merely good. They must be very good.

Huffman said that neither do they take the boys that are only very good in athletics. They must have a good scholastic record, leadership ability, and good character. No longer do college coaches only talk to the potential college athlete's high school coach. They also talk to the principal of their school and their pastor.

He continued that this is true in other phases of life also. With all the talk of unemployment, there continues to be posted at Texas Tech a long list of employment opportunities. But, he said, you have to know something. There is a great demand for young men and women with knowledge.

Following Huffman's speech, Jacobs said that the local athletic program wants their boys and girls to first be ladies and gentlemen, good scholars next, and finally good athletes. He announced that beginning next year a plaque will be placed in a prominent place at the local schools whereupon will be engraved the names of the outstanding athletes in football, girls and boys basketball, track, and the athletes named outstanding in scholarship, leadership and sportsmanship for the year 1961-1962. He challenged the boys and girls to do their very best, because those chosen for the honor will have their names hanging in the local schools on the plaque for many years to come.

**Little League . . .**

Other assistants will work with these teams.

Albert Curry is head of the umpire committee. Umpires will include Thomas Jolly, Dub Harvick, Dan Curry, Roy Harvick, John Curry, R. E. McElroy, Billy Jack Dunlap, Pat Patterson, Jarrell Thurman, E. L. Short, George Glenn and Jim Huey. Others are also invited to sign up as umpires.

A. M. Bray is head of a committee to secure a full time announcer and score keeper. Mothers of the players will operate the concessions stand this year and Mrs. Clifton Hamilton is in charge of making arrangements of the working roster.

Rosters will be printed this year on cards and will be sold by the boys, Reid stated.

Reid stated that during the winter a total of 59 light bulbs were shot out, a public address system stolen, and over \$200 damage done to other property at the park by vandals. He asks the help of citizens in reporting to the county attorney any vandals seen destroying park equipment, and urges young people to please help keep the park in good condition.

**Pony League . . .**

Boys 13 and 14 years old are eligible to play in Pony League and workouts will begin in the near future.

Umpires working with Little League will also work with Pony League, Lean Taylor stated. Concessions stand in Tahoka will be operated by mothers of the boys.

**Harold Sanders Is Back From Europe**

Harold Sanders of O'Donnell arrived home last week from Augsburg, Germany, with his Army discharge.

He was stationed in Germany about a year and a half in the Quartermaster Corps of the 24th Infantry, according to his father, Carl Sanders. His wife, the former Pasty Clark, returned from Germany several weeks ago after spending about a year with him there.

Mrs. Harve Henderson, former citizen of Lynn county, is in critical condition in West Texas Hospital in Lubbock. She is the mother of Harley and Coleman Henderson.

Mrs. James Bray of Lubbock, the former Linda Milliken, was dismissed from Tahoka Hospital Wednesday where she was admitted Sunday as a medical patient with a virus infection.

Mrs. Zella McCoy remained a medical patient in Tahoka Hospital this week where she is showing steady improvement. She was admitted to the institution April 11th.

Speed is still the number one killer on our highways. During 1960, 10,970 persons lost their lives in accidents blamed on speed. More than 1,000,000 were injured.

Studies made by The Travelers Insurance Companies show that the safety record of commercial vehicles is far better than the private passenger car.

### Durhams Attending Dental Meeting

Dr. and Mrs. K. R. Durham and dental assistant Mrs. Fern Hillhouse left Wednesday afternoon to attend the meetings of the Southwest Society of Denture Prosthesis and the Texas State Dental Society in Houston.

Dr. Durham is to give the entire clinical program before the Southwest Society of Denture Prosthesis April 28th and 29th.

The program will be given in the Dental School Branch of the University of Texas where they have closed circuit television for teaching purposes and other facilities.

The Durhams and Mrs. Hillhouse will return Thursday May 4th.

The following Monday night after their return Dr. Durham will go to Dallas to attend a banquet for Baylor Senior Dental Students given by the American College of Dentists. He will be one of a panel of three dentists and will speak on the small town dental practice.

Mrs. H. W. Edwards underwent major surgery for a blood vein that was threatening to rupture Wednesday of last week in Methodist Hospital in Lubbock. She is improving rapidly but will probably remain a patient there until some time next week.

Mrs. Irving Stewart, a medical patient in a Lubbock hospital for several days, was able to return home Sunday and is reported to be doing fairly well.

Buy, build, live in Tahoka.

**QUESTIONS, PLEASE**

QUESTION: "Is it True That There is Nothing To A Name?"

ANSWER: On the contrary there is a great deal to a name. One could find that out very soon by forging another's name to a check. It is illegal to use a name that isn't yours on a draft for money. The check becomes counterfeit. Using a name in religion, other than an authorized name, makes that religion counterfeit. If not, why not? Do names mean something in the secular realm and nothing in the religious? We are told that there is salvation in no other name than Christ's (Acts 4:12). The argument that "rose by another name smells just as sweet" is not a valid argument. If the rose has a sweet smell there is no sense in giving glory to something else by calling it something else. We want to give honor and glory to God and Christ by using names they have authorized. The only safe course of action is to call Bible things by Bible names and do Bible things in Bible ways. It is presumptive of man to take it upon himself to change God's nomenclature. Different great religious leaders have encouraged their followers not to call themselves after them. Let us resolve to use Bible names.

**QUESTIONS, PLEASE**

QUESTION: "Is it True That There is Nothing To A Name?"

ANSWER: On the contrary there is a great deal to a name. One could find that out very soon by forging another's name to a check. It is illegal to use a name that isn't yours on a draft for money. The check becomes counterfeit. Using a name in religion, other than an authorized name, makes that religion counterfeit. If not, why not? Do names mean something in the secular realm and nothing in the religious? We are told that there is salvation in no other name than Christ's (Acts 4:12). The argument that "rose by another name smells just as sweet" is not a valid argument. If the rose has a sweet smell there is no sense in giving glory to something else by calling it something else. We want to give honor and glory to God and Christ by using names they have authorized. The only safe course of action is to call Bible things by Bible names and do Bible things in Bible ways. It is presumptive of man to take it upon himself to change God's nomenclature. Different great religious leaders have encouraged their followers not to call themselves after them. Let us resolve to use Bible names.

# Rotary Leaders From 40 Clubs Meet In Tahoka

Rotary club presidents, secretaries and other members from 40 of the 43 clubs in District 573 of Rotary International attended the assembly, or work-shop meeting, in Tahoka Saturday. The meeting opened at 9:00 a. m. and closed at 5:30 p. m.

The meeting was a work session in which incoming officers are given training and hints on club operation for the coming Rotary year. Sessions were held in the local school building.

District Governor Bruce Pember of Slaton was in charge of the meeting, and received assistance from L. E. (Pat) Patterson of Midland, the incoming district governor for 1961-1962.

Also present was the district governor-nominee for 1962-1963, C. H. Smith of Plainview, and past district governors present included Rig Edwards of Sweetwater, Burnett Roberts of Levelland, and Rex Webster of Lubbock.

H. B. McCord Jr., local club president, was the host, opened the morning meeting and presided at the noon luncheon in the City-Legion Building. Secretary Dale

Thuren and Treasurer J. P. Hewlett registered delegates and visitors, and incoming President Dr. Skiles Thomas and other local Rotarians helped make the meeting a success.

A total of 127 Rotarians were registered including 39 club presidents, 28 secretaries, and 60 other officers and members. They came from Dalhart, Dumas and Perryton on the north to Odessa, Big Spring and Sweetwater on the south, and from Denver City and Muleshoe on the west to Quanah and Spur on the east.

Also appearing on the program were Fredric DeVries of Slaton; Rex Webster, Robert J. Hearn, and C. L. Kay, all of Lubbock; and J. J. Maxey of Slaton.

Outstanding address of the day was that of C. L. Kay of Lubbock Christian College on the subject, "Challenges of the Sixties," in which he held his audience spellbound as he told of the threat of Communism.

He told of the Communist plan to take America without a battle, and their long-time plan for taking the world is now away ahead

### Local Students Place In Meet

Lester Ford was the lone Tahoka entry in the Regional Interscholastic and Track meet held in Lubbock Saturday to bring home a blue ribbon, and qualify to enter the State Meet in Austin, but three others placed in literary events, and one other in track.

Ford won first place in the mile run with a time of 4:44.3, leading runners from Dublin, Tullia, Marfa, Winters and Dalhart. Frank Great-house placed sixth in discus with a throw of 133.8.

In literary events, Susan Thomas placed fourth in poetry reading, Buddy Chestnut, fifth in poetry reading, and Vennie Faye Ratliff, fourth in typing.

In the Class AA track meet Tahoka's points totaled 10.

However, O'Donnell broke two regional records in two relay races and placed in another event to garner 46 points and fourth place in Class A events.

With a time of 43.9, a quarter composed of Fernando Lopez, Billy Amaro, Dennis Jordan, and Darrel Lavender, broke the 440-yard relay record of 44.3 set by Springlake in 1956.

O'Donnell also broke the mile relay with a time of 3:28.4 with a team composed of Roy Harris, Amaro, Jordan and Lavender. The old record of 3:28.6 was set by Stinnett in 1956.

Lavender placed third in the 100-yard dash.

In Class B events, Ronald Wyatt of New Home placed fifth in broad jump with a measurement of 20.6.

# Printer's Ink-lings

By F. P. H.

Hurrah for President Kennedy! We're glad to see him give that firm warning to Khrushchev, Fidel Castro, et al. The only way to do business with a dictator, or bully, is to talk tough, because tough talk is the only kind of talk such people understand—then back it up with force as a last resort. Too long, the United States has followed a path of soft words and appeasement! It's long past time to let the rest of the world know we intend to defend the Western Hemisphere against Communist aggression. Even, Adlai Stevenson, who has in the past advocated a policy of "getting along" with the Communists, is beginning to see the light and get tougher in his United Nations talks.

Since it's rodeo time in Tahoka, a few may be interested to know The Printer is an old cow hand (not from the Rio Grande).

As a kid we had several ambitions—to be a railroad engineer, a race horse jockey, or a cowboy. We lost the first ambition when we fell off a freight one cold night four miles from town while a brakey was "shaking down" the train. Our dad cured our desire (with a willow limb) to become a race horse jockey when he found out we were "on the sly" working out race horses for the Newmans and the Trammells out at the fair grounds.

Several instances led to The Printer giving up his desire to be a cowboy. For one thing, we'll say here and now cowboy life is not what it's pictured in the movies and on television. In fact, we can't ever remember seeing a gee-tar on a ranch, ever seeing a real cowhand who could sing, (apologies to Earl Grider and H. C. Gribble) and the only cowboys we ever saw wearing fancy duds were at rodeos and in shows.

But, down at old Roscoe, we got our cowboy inspiration and also some of the disillusionment. There were a lot of little ranches not far from the town, and there were frequently Saturday or Sunday afternoon cow-trot rodeos (not ro-day-os, either).

"Booger Red" Senior and "Booger Red" Junior, who operated down in Southern Nolan and possibly Coke county, were frequent visitors to Roscoe. Both were famed rodeo cowboys and traveling rodeo operators. We think "Booger Red" originated the contest of bulldogging. But, in those days, "Booger Red" would bulldoze a long-horned, wild leathery-skin, tough Mexican steer, ram one of the steer's horns into the ground, reach around and take a bite with his teeth in the lower lip of the steer and twist the brute to the ground, many times with his body between the steer's horns. Both "Booger Reds" were about as tough as men came, and we saw "Booger Red" Senior ride a bronc when he was 70-some-odd years of age.

Another rodeo sport then was tournament riding. As we remember it, about four telephone poles were erected in a row about 30 feet apart, an arm extending from each, and on the end of each arm hung a piece of string a few feet long on the end of which was a ring about two inches in diameter. The contest was to see how many rings a rider on a horse running at top speed could spear with a lance he carried balanced in his right hand at about head height.

There were no chutes for the bronc riders. A couple of men just eared the wild horse down, or pulled him up to a snubbin' post, while another put the saddle on, and the rider climbed aboard and tried to stay until the bronc quit bucking.

But, back to those Sunday rodeos. A boy had to prove himself a "man" by riding. We started out

on calves and ended up on a Mexican steer—and if you ain't seen a Mexican steer, you ain't seen nuthin'. The Printer rode a lot of calves and yearlings, and thinking he was getting pretty good, one day agreed to crawl aboard a Mexican steer. The "rodeo arena" was a fence-post corral out at Emerson's ranch. A fence post corral is made of fence posts standing upright and close together. We remember there was a lot of laughing and "guying" from the men and boys and they were going to pass the hat if we rode the critter. Well, there we were. We couldn't back out before that crowd. They put the bellyband on, a cowbell hanging from the animal's underside. The old steer snorted and bellered and slobbered and fought, but old Rhondo Wharton, we think it was, put the little Printer on the animal's back and the men turned us a-loose. There was a little bucking—not near as bad as from some of those yearlings—and then the old bad boy from Chihuahua, or somewhere across the Rio Grande, went to running like a horse around that circular post corral. The Printer was still aboard. But, just as he looked around toward that bunch of onlookers a-straddle of the gate with a grin as if to say, "I told you so," we (the steer and The Printer) came to a post that was loose and protruding out toward the center of the corral. It was while we had that grin of satisfaction on our face, turned toward the gate, that the upper end of that fence post came in contact with The Printer's head. The next thing we remember, we woke up under a flat-bed wagon, there was blood everywhere, and three or four faces looking into ours. Then, somebody brought us the "pot"—40 cents, we think—and we grinned again. But, we had one more steer ride coming we'll tell about in a minute.

Then came a traveling rodeo. They had the first Brahma bulls we ever saw. They were big and looked mild and gentle. There weren't enough cowboys to ride them, and the rodeo boss sent out word for volunteer bull riders—a dollar for every bull rode. Well, we learned something about Brahmas right there. Shoot, riding one of them looked like a cinch. By this time, they had chutes. The Printer crawled aboard a "tame" bull for what looked like an easy buck. We're not bragging, but we rode that bull and collected that dollar. But, there's more to the story. It was all an accident. The first time that big animal hit the ground stiff-legged, we were jarred for several generations back—in fact jarred so hard we still don't remember anything that happened from then until a pick-up man dragged us off. We've really got respect for those boys that ride those Brahmas.

The last thing that disillusioned The Printer with cowboying was out on the T-Bar at a round-up in the early 1930's—a few may remember. We had made the mistake of bragging that we had flanked a few calves (very few) at brandings. Some town "cowboys," Frank George and maybe E. S. Evans and W. T. Bovell, grabbed us and away we went out to the T-Bar round-up at Twin Mills. We did right well with three calves, and had just started to leave the pen when somebody, we think it was either Dave Childers or "Bud" Milliken, hollered, "Here, Frank get this little one." We're a little suspicious of little, wirey calves, but anyway we took after him, reached over and got a round-up, or cattle drive, nor a

chuckwagon supper, not even any singing or gee-tar playing. All we did from early breakfast until late supper time was go out with our boss with a flatbed pulled by two mules and mend barbed-wire fences and pull windmill sucker-rods and doctor a few sleepy and sick cows. Never even saddled a horse. Great life!

The next time we got disillusioned about cowboying was the time we went out to work on a ranch down on Silver Creek. Never had a round-up, or cattle drive, nor a

didn't come, we missed him on the next jump, but on the third try we really got him—and how! That calf went down, but The Printer was on the bottom. He knocked the breath out of us, kicked us on the chin, taking a quarter's worth of flesh, he kicked us in the back, slobbered in our face and wiped it off with a brush of his tail. We could hardly walk for three weeks. We still don't know whether or not that calf got branded and "doctored."

Yes, sir, with all due respects to the Tahoka Rodeo Association, our cowboying days are over!

Last week, in telling of our ramblings down state, one paragraph got left out of our story. Here 'tis: Visited in Graham a night and day with Mae's youngest brother, Van Howard and family, and spent most of one day out at their Polled Angus ranch helping (?) them spray cattle. Anyway, we really enjoyed seeing their fine stock. Van has a few friends here in Tahoka who may be interested to know Van is making his money in oil and spending it on cattle and ranchland. His wife, Ruth, we suspect, is the real cowhand. Their son Max has had a couple of years in the University, and he and sister Sandra, who will finish high school this year, expect to attend Tech next year.

SERVING LYNN COUNTY FOR MORE THAN FIFTY YEARS—

## Higginbotham-Bartlett Company

This dealer in building materials is one of the old-timers in Tahoka, and has had a hand in the construction of more buildings in Lynn county than any other similar institution.

For more than fifty years, Higginbotham-Bartlett Co. has been supplying farmers and ranchers, business men, and town householders most of their building needs. Since the coming of the railroad to Tahoka in 1910, Higginbotham-Bartlett has had a hand in the building and development of the town and county.

A. R. Milliken, a native of this county, has been with the firm 27 years, except for time out for service in the Armed Forces during World War II, or more than half of the time since the business was opened in Tahoka. A. R. started work for the building supply firm at the age of 14, and has worked up to the manager's position.

He has a vital interest in the building needs of the people of this area, for these people are his lifetime friends and neighbors. The firm offers experienced advice on any and all building prob-

lems, and if there is information the prospective buyer needs this is gladly furnished. There are plans available for every building need, or such can be secured by the firm, for both new construction and remodeling, homes, farm buildings, or commercial structures, a hog feeder, cotton trailer, dog house, a tennis court, or whatever you may wish to build.

The firm can also furnish you ideas for a remodeling job on your present structure.

It can offer you helpful advice on construction loans, and has a set-up for FHA Title I loans that allow you sixty months to pay.

Many people put off building because they do not think they can afford it, but frequently this is

not the case and it may pay you to contact Higginbotham-Bartlett if you have a desire for a new home, barn, rent house, or business building.

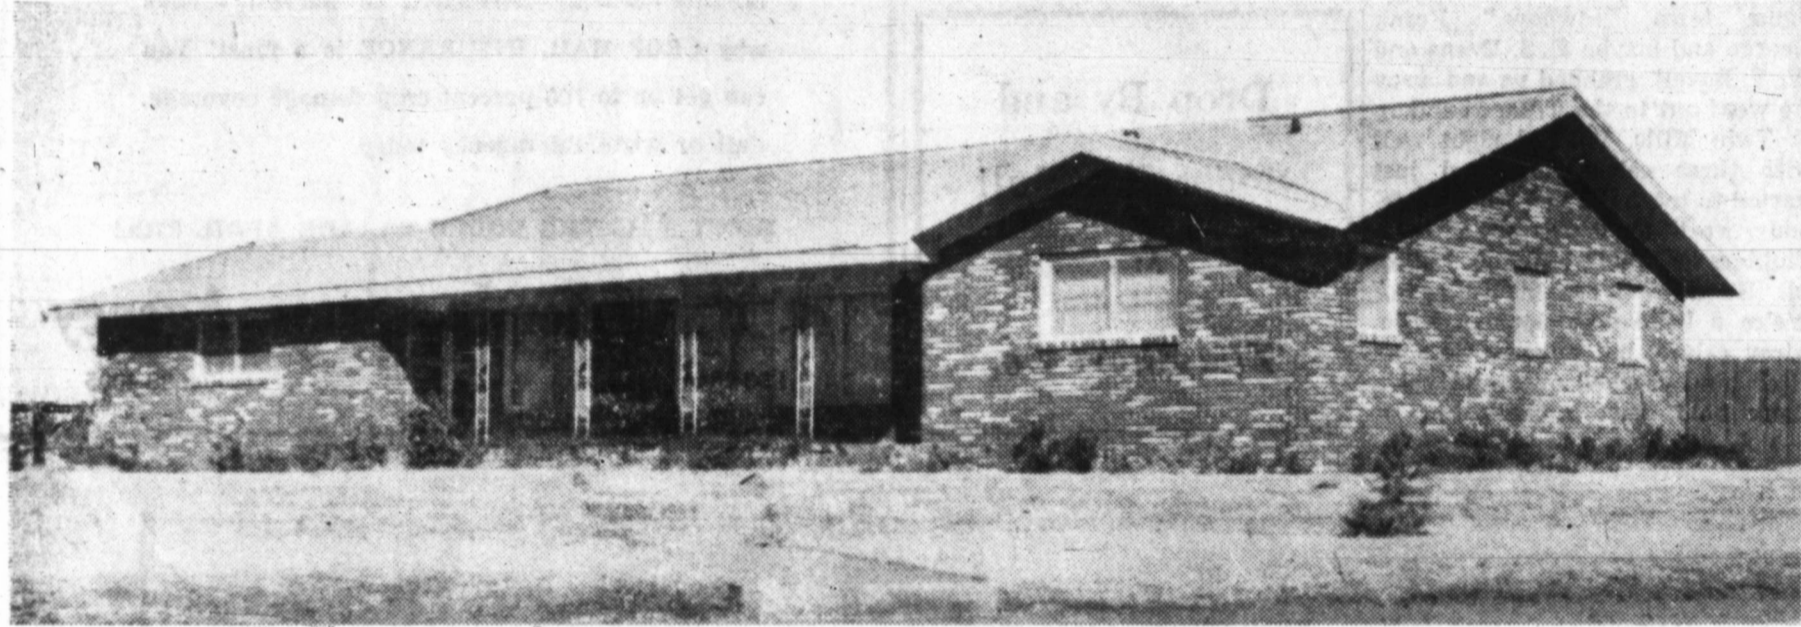

The firm handles the highest quality building materials including all kinds of lumber, tile and brick, steel and cement, paint and varnishes, caulking and weatherstripping, insulation, windows, doors, and screens, small hardware and tools, hoe handles and nails, sand, posts, wire, water heaters and plumbing supplies, electrical wiring supplies, roofing of all kinds, net wire and paling fences, water well supplies—in fact "Everything to Build Anything."

It costs nothing to get an estimate at Higginbotham-Bartlett. By

patronizing this home-town firm, the building can probably save money, a lot of time, worry, and trouble.

The firm has built many homes in Tahoka and over Lynn county such as the one shown in the picture on this page today of the Leonard Crawford home just east of Tahoka North Elementary School.

The progressive businesses advertising in The News appreciate an opportunity to serve you at any and all times.

## Thousands On The South Plains Enjoy Soft Water The Culligan Way

Would you like to "erase" forever that old nuisance... the "hard-water ring" around the bathtub? Are you tired of fighting "hard-water curd" which traps and embeds grime in fabrics? Does your hot water heater "gurgle" and "cough" because the supply Harold Johnson pipe is "choking" on "hard-water scales"? You can banish these "hard-water ills," plus a dozen others for just pennies a day. HOW? With Culligan Soft Water Service. The compact Culligan Service-type Water-Softener, which is attached to your water supply at any convenient location. You buy no softener, do no maintenance work. The Culligan Soft Water Service, 208 College Avenue, Lubbock, owns the Service

Unit, absorbs the cost of wear and care of it. Periodically the Culligan Serviceman exchanges the Unit for a fresh one which has been "sealed" at the Lubbock plant. This exchange takes but a few seconds and there is no fuss-or muss. You receive a small bill for the Service, and that is all there is to it. It amounts to just pennies per day. If you're wondering just how big the Unit is, here are the dimensions... only 44 inches high, occupies less than a square foot of floor space.

"Soft water pays its own way," says Harold Johnson, owner, Culligan Soft Water Service, Lubbock. "The family budget can show savings up to 25 per cent on coffee and tea," states Mr. Johnson. "Soaps and detergents can show savings up to 66 per cent... 24 percent on water heating costs... 33 percent longer wear from washables," he added.

Hard water uses from two to

three times more detergent or soap and produces less lather. Clothes washed with hard water are said to wear out faster. Hard water can harbor dangerous bacteria, according to scientific investigators.

Culligan soft water is always filtered. It is fresh, clean and better to drink. In soft water, foods cook faster, taste better and look more appetizing. Coffee and tea reflect dramatic improvement.

All the countless everyday household chores involving the use of water are made easier with soft water. Shampooing the hair and bathing can be done without the adding of "softening chemicals" to the water. Laundry, dishwashing and housecleaning are made easier.

Actually, there are three ways you can enjoy unlimited soft water automatically the Culligan way. For information about Culligan Service, you are invited to call Culligan Soft Water Service, 208 College Avenue, Lubbock. The telephone number is Porter 5-9307. In a moment or two—in your own home—the Culligan Dealer can show you the amazing difference

between the water you are now using... and Culligan Soft Water.

This page appears in The News twice a month, and during the series two news stories, one with a picture, will appear concerning each business firm represented here.

Use more cotton—and you help yourself!
