

THE MEN IN SERVICE WRITE HOME

Dear Buford:

This place is really swell where I am at present, but it is nothing compared to what it will be like in another week.

On Aug. 14, I will be discharged from the Navy with an honorable medical survey.

After a fellow once goes where things are "hot" and comes back and gets into civilian life, you really know what a wonderful country we have. You really don't appreciate what you have here until you get where you have none of these privileges but fighting for those things and the people back home.

The Navy is really not such a bad place but they can surely do things to one that are not right. I am no better physically now than I was over a year ago when I was hurt. Then they discharge you without any compensation whatsoever. It is really not right. Now I have to go out on my own with my disability and try to make a living.

One thing that gets me is the people griping about not having things they used to have, and out there we make a meal on a bowl of rice and feel like you could go to sleep while standing up.

What I am trying to say is, take things as they come and don't gripe because some of your relatives are out there and have hardly enough to keep them going, and then, by getting a bullet in return and when we return we get nothing in return except the fact that we have tried to make this a better country for the ones back home and a better place to come back to. Your friend, Wayne A. Medlin.

Dear B. F. D.:

How is everything down that way? It certainly is hot up here.

I made radioman second class last March, and was transferred to the Fleet Service schools in Norfolk, Va., in June.

I went to California to see my folks the first of July. I didn't expect to get enough leave to go out there before the end of the war, but I got a lucky break and got enough time to go to California. The climate out there is really swell and I certainly enjoyed myself out at Compton.

As I have quite a bit of work to do, I will close.

Sincerely, Q. D. Hallmark, RM2c, Atlantic Fleet Service School, Div. E, Radio, N. O. B., Norfolk, Va.

Hi, Buford,

Just a few lines to let you know I am back in God's Country, and my new address is: M/Sgt. Jno. O. Jenkins, H. & S. 89th Engr. Bn., Ft. Lewis, Wash. Thanks, and good luck. Sincerely, John. (He was in Canada. BFD.)

Dear B. F. D.:

Before I left for the Navy you were kind enough to offer me the Abernathy Review when I got stationed. I am stationed at Williamsburg, Va., and it surely is a swell place. The Navy is a fine part of the service, the only thing wrong is I surely get homesick, so, if you want to, please put my address in the Review and tell all the homefolks to write me a note, because I sure am too busy to write much. So, thanking you in advance for the paper, I will close. Yours sincerely, Billy Harkey. (Billy Harkey, A/S, Area D-5, Plat. 6624, Brks. 106, Camp Peary, NCTC, Williamsburg, Va.)

August 13, 1943, At Sea.

Dear Buf.

I will write you a few lines to let you know how much I enjoy the paper. I wish to thank every one very much who make it possible for all of the boys in the service to receive it. As I receive my mail in different places, it comes in intervals, sometimes I get papers two months at a time and they are always welcome regardless. I can keep up with most of the boys and girls I knew there. It seems that the most of them are in the service in some way or another.

I am glad to hear of all the boys who are getting leave and would enjoy some of it myself, but it seems to be a long ways off. I guess things had changed a good bit there during the months Capt. Webb was gone. Do you ever hear him say what he thought of his last station up until he came home on leave? There are

THE MEN IN SERVICE

Pvt. Audy Brewer, who entered the service in June, going from Ft. Sill, Okla., to Sheppard Field where he is now stationed. He is a son of Mr. and Mrs. Chas. Brewer of Kress, former residents of Lakeview community. Pvt. Brewer was graduated from Abernathy High school this year.

things that are O. K. about it and things that are not. But, when a person stops in one place a long time, he naturally will want to be moved to another part.

Well, there isn't anything else for me to write, so I had better close. Tell everyone hello for me and let the people all know that I still think of them. Tell Fred Thompson to take it easy or I know just about what he has been through in the past months.

I had about forgotten something. I have been advanced to the rate of torpedoman, third class (TM3c). My address is the same except the change of rate. I will close for now. Thanks a million, Robt. A. Kinslow.

Dear Buford:

My latest address is: Lt. Jay O. Reed, USMC, BOQ No. 1, Camp Elliott, San Diego, Calif. I missed my Review two weeks but they finally came together a few days back.

I'm still in the States but the turnover here in the personnel is indeed rapid. I have a heavy machine gun platoon and like it fine.

There are plenty of Abernathy people out here and I see someone I have known someplace nearly every day. A few around besides my sister, Kathleen, and her husband (who is in the Navy here) are: Dewey Johnson and wife, Richard Schroeter and wife, Poochie Kelly, Irvan Rhodes, Jerry Moorhead, LeRoy Waters and wife, and several I haven't seen yet. Capt. Gorman Webb is stationed here at the same base I am. So, we can nearly take an Abernathy roll call at a few get togethers.

May I thank you for the Review, and those responsible for our receiving it. You can't realize from that end how much it really is appreciated. Sincerely, Olin Reed.

Dear Buford:

Just a word of thanks for the write-up in the paper of my brother, V. L. The yellow rats, they didn't give the boys half a chance. But, when we get this job finished here we are going over there and help blow the rats right off the map.

Buford, I am sorry I haven't written before now. We have been so busy the last few months that I have not had time to write to anyone. I want to thank you again, and the ones who are responsible for sending me the paper. Sometimes it is two months old but still I read every word in it. It keeps me informed on the boys who are in the service, of where they are and what they are doing — and it also lets me know how the farmers are getting along.

I must close for now. Tell everyone hello and I will be looking forward to the day when we boys come home. A soldier, Curtis Hall. — (He was in England. BFD.)

Dear Buford:

Well, I'm still working hard in order to rush the completion of this

SERVICE FLAG HAS 253 STARS HERE

The service flag for this vicinity has 253 stars, representing that many men and women in the various branches of the Armed Forces.

(Turn to Page 2)

This report is on basis of information from the Review's mailing file for servicemen and women on Aug. 15.

At that time we were sending the Review to 242 men and women in uniform, and 11 were enroute to new stations and their file cards were temporarily on the "new-address-needed" list.

Seventy-one men from this area are either on overseas duty or on sea duty with the Navy.

The Review was going to men and women in 40 states and the District of Columbia. Forty-one men are in Texas and 32 are in California. The number of our men and women stationed in other states follows: 9 men and 1 WAC in Louisiana; 7, Oklahoma and Kansas; 6, Florida; 4 men and 1 WAVE in Tennessee; 4, Kentucky, South Carolina, New York, Washington; 3, Arkansas, Wisconsin, Mississippi, South Dakota, Oregon, Georgia, Virginia; 2 men and 1 WAVE in Ohio; 2, Alabama, Massachusetts, Missouri, Colorado, Nebraska, Rhode Island; 1 each in Nevada, Utah, New Mexico, Wyoming, New Jersey, Pennsylvania, Illinois, North Carolina, Connecticut, Iowa and the District of Columbia.

Number in Each Branch
Here is how the 253 men and women are divided among the various branches: Army, 193 (with 87 of this number being in the Army Air Corps); Navy, 29; Seabees, 6; Marines, 14; Coast Guard, 8; WAC, 1; WAVES, 2.

Ranks Listed
Ranks are listed here for 249 of the men and women. (We do not know the rank of four men.) Private, 54; auxiliary, 1; private first class, 30; corporal, 22; T5, 4; T4, 3; sergeant, 29; staff sergeant, 14; tech. sergeant, 7; first sergeant, 2; master sergeant, 3; second lieutenant, 14; first lieutenant, 10; captain, 5; major, 1.

Coast Guard: seaman 2c, 1; seaman 1c, 2; MOMM 2c, 1; Sp. G., 1; PHM 3c, 1; Cox, 1.

Navy: Apprentice seaman, 3; seaman 2c, 6; seaman, 1c, 3; RM 2c, 2; PHM 2c, 1; PHM 1c, 1; SK 3c, 1; Sp. (T) 2c, 1; AMM, 3c, 1; ARM, 3c, 1; SF 1c, 1; SF 3c, 1; AM 1c, 1; QM 2c, 1; Chief C. M., 1; AM 3c, 1; F 1c, 3; MM 2c, 1; MM 1c, 1; FC 3c, (R), 1; Y 3c, 1 (WAVE); Ensign, 2 (one is WAVE); Lieutenant (j. g.), 1.

POSTAL RECEIPTS INCREASE IN JULY

Postal receipts here in July showed an increase of \$218.68 over the same month last year, Edwin Hardesty, acting postmaster, reported last week. Receipts last month totaled \$611.45, and in July, 1942, they were \$392.77.

The Marines are doing all the work. By the way, Kay Kyser was here tonight. I really enjoyed the broadcast, but the program we had after the broadcast would make your hair stand on end. Ish was really in his prime tonight, but the people listening in didn't get the best part of it.

I'm still hoping to get moved Friday but I will not find out until Friday morning.

I wish that Newell Reed and I could have been at home at the same time. I haven't seen him since he left — so far as that goes, there are several guys that I would like to see. Well, I've got to hit the sack. — A friend, Pvt. I. G. Holmes, ATS-131-MCAB, Kearney Mesa, San Diego 45, Calif.

"Crime Doctor" Is Picture for "Copper Matinee"

Bring your scrap copper to "pay" your admission to the merchants free show at Rita theatre Saturday afternoon. This vital metal is needed in producing the tools for Victory. (See ad on page 2 of this Review.) Money derived from sale of the copper collection will be given the Red Cross.

Picture for the "copper matinee" is "Crime Doctor," featuring Warner Baxter and Margaret Lindsay.

Local merchants sponsor the free show as a trades day feature. Three programs, to which everybody is invited, will be given. The first show is at 2 p.m., the second at 3:20 and the third at about 4:40.

BOND SALES DECLINE DURING JULY

A slight decline in War Bond purchases was noted here in July, reports said. The post office and First State bank received \$10,031.25 for 125 bonds, and the post office sold War Savings Stamps totaling \$157.20, bringing the July sales to \$10,188.45.

During the first seven months of this year, the Bank and post office received \$143,173.20 for War Bonds and Stamps.

Nearly 3 Million Gallons of Water Used In Abernathy

Customers of Abernathy water system on Sept. 1 will pay for approximately 2,861,000 gallons of water used from July 16 to Aug. 13, city officials reported. This is believed to be a record consumption for any one month since the system started operation in 1935.

Dry, hot weather in July and August made constant irrigation necessary to save gardens, flowers and lawns. Despite the heavy water consumption, many gardens and lawns showed the effects of intense heat.

The system has about 203 customers.

The new well, drilled south of the one now in use, tests about 400 gallons per minute, reports said. It will be placed in use to supplement the present source as soon as a pump can be obtained.

QUILTING POSTPONED

The all-day quilting which was to have been held Wednesday this week by the Baptist Euzellian Sunday school class was postponed until Wednesday, Sept. 1. It is to be held in the home of Mrs. C. B. Reeder.

Abernathy School Begins New Term Monday Morning

Abernathy school begins its 1943-44 term Monday, Aug. 30, with buses making their first rounds 8 a. m. and arriving at 9:45. The same schedule will be followed during the early weeks of the new term, Supt. W. V. Swinburn announced.

A brief opening program will be held Monday at 9:45 a. m. Registration of pupils and issuing of books will follow.

The opening program will include talks by ministers of the town, readings and musical numbers.

Swinburn stated school will dismiss at 12:45 each day for lunch, resume classes at 1:30 p. m., and turn out for the day at 4:30 p. m.

Whether or not the school will observe a brief holiday during cotton harvest this fall is not known yet. It will depend on conditions at that time, the superintendent said.

Scholastic count for this year totals 685, with about 33 transfers to Abernathy from Lakeview and about 20 from Iowa Avenue.

Drivers of the eight buses, which will cover 280 miles of this district, are: Max Caraway, No. 1 bus; Glen Orval Rhodes, No. 2; Roy Sandefur, No. 3; Billy Lroy, No. 4; Lewis Lutrick, No. 5; J. W. Smith, No. 6; W. M. Bryant, No. 7, and Clifton Thomas, No. 8.

Faculty members this year, their home addresses, college attended, the school they taught last year and their positions in the local school, are announced as follows:

Mrs. B. F. Pearman, Jr., Abernathy, formerly of California, Baylor, (no school listed for last year), will teach high school commercial work.

Mrs. W. W. Wallis, Abernathy, formerly of Florida, Texas Tech, (no school listed for last year), will teach second grade; Mrs. Joe Gill of Abernathy, WTSC, (no school listed for last year), to teach high school English and Science. She is a graduate of New Deal High school.

Miss Mary Rankin of Abernathy,

Texas Tech, Abernathy, first grade.

Mrs. W. G. Webb of Abernathy,

Texas Tech, Abernathy, first grade.

Mrs. Edwin Hardesty, Abernathy,

WTSC, Abernathy, second grade.

Mrs. Vera Hawkins, Lubbock, Tex-

as Tech, Flomot, third grade.

Mrs. Thomas Johnston, Abernathy,

Texas Tech, Abernathy, fourth grade.

Mrs. Jno. L. Harral, Abernathy,

Baylor, Abernathy, fifth grade.

Mrs. Louise Holcomb, Abernathy,

NTSC, Kemp, Kemp, sixth grade.

Mrs. L. E. Groves of Knox City,

Texas Tech, (no school listed for last year), sixth grade.

Miss Amelia Windwehen of Plain-

view, Texas Tech, Abernathy, sev-

enth grade.

Miss Dorothy Baker of Lubbock,

Texas Tech, Ropes, seventh grade

and music.

Mrs. Jess Thompson, Lubbock, W-

TSC, (no school listed for last year)

eighth grade.

Mrs. Machal, Lubbock, Iowa

state, (no school listed for last year),

eighth grade.

Miss Frances Caffey, Loop, Texas

Tech, Southland, homemaking.

M. O. Hood, Abernathy, Texas A.

& M., Abernathy, vocational agricul-

ture.

Mrs. Geta Warren, Lubbock, Tex-

Tech, (no school listed for last year),

high school math.

Mrs. Homer Bridges, Abernathy,

WTSC, Abernathy, study hall and

library.

Kermit Mitchell, Abernathy, WT-

SC, Lakeview, high school principal

and coach.

Mrs. Atha Ezell, Amarillo, Texas

Tech, (no school listed for last year),

English in high school.

W. V. Swinburn, Abernathy, Texas

Tech, Abernathy, superintendent and

math.

Cemetery Working Is Set Friday

Residents of this community are urged to co-operate in work planned for Friday, Aug. 27, at Abernathy cemetery when weeds will be cut and hauled away and burned, and graves will be shaped. Workers are urged to gather at 8 a. m. and stay until the job is finished. Others who cannot be there by 8 o'clock are urged to come as early as possible.

Spades, shovels, rakes, hoes and pitchforks and two or three pickups will be needed, reports said.

Everyone is asked to bring drinking water.

We have a large, complete line of stationery. Pinson Pharmacy.

TO OUR BOYS AND GIRLS NOW IN THE SERVICE OF OUR COUNTRY — GREETINGS.

Abernathy, Texas, Aug. 18th, 1943.

This afternoon I gladly busy myself with the greatest of delight, to try to give you dear beloved friends an idea concerning what are the current happenings in and around your home town these good Summer days. First, I'll say we're having it just a little unusually warm here for West Texas. While thus far, none of us haven't yet entirely suffocated during this abnormal weather, but almost seemingly at times.

Naturally from the way which I described the weather herein above, you'd begin to wonder as to the condition of our crops here, as it being right at a time which naturally we all think of it as being their real maturing season, and is, yet, after all, optimistic yet believing it'll take more than just a brief heat wave to weaken our faith that we'll not harvest a bumper crop.

I expect about the outstanding news item of the day is, that I hung out my Shingle giving notice to the public the latter part of last week that I were now a full fledged real estate man; too, the rush on me has been just about as exciting since that it looked most every one was either in the market for a farm or some city property. All for my best interest of course, as business is what I'm going after now.

Seemingly there is some indescribable aspect about our city of late, of course, when we begin to think and arrive at the correct perspective of the situation, it's then the fast dawn on us of what be the cause for such a phenomenon. And, it sums up to nothing other than the loss of your precious ones presence from the sidewalks of this busy little city, of which there is none other seemingly of its class.

As it does appear at this writing, do both you loved ones and the Russians continue to keep up your present pace, we'd not be at all surprised if both the Huns and the Italians didn't fall victims to your pressure ere we witness the close of the current year. Yet there is no one wise enough to forecast the surprises which they may be holding in store for their enemies when we are forced to go on their home soil.

Which doubtless will indicate the growth of your home town, when I tell you we were forced to punch another hole in the ground here in search for a larger water supply, not only in order that each present user might have a larger quantity, which now numbers as I understand, two hundred and three, with quite a large number of others just awaiting the tying on of the extra well which is only a hundred feet south. Tonight closes all the revivals of the city for this year, except the Christian people, which, as I understand is to start immediately. All of them thus far have been conducted in their various churches.

From both all account and general maneuvers it's generally believed that we'll soon come under the service of our old time friend, W. A. Richter as our next congenial servant and Post Master for our lively little city. While the retiring one, Mr. Edwin Hardesty, has performed a service in that capacity in this place that no one will ever excel. It has been as near perfection as man dare to contribute to the public needs.

Which is quite unusual since it seems they've been relegated so long to the scrap heap or the rear of the Motor buggy, yet I'm able to get a faint glimpse of old dobbin making his reappearance little by little, and it could be this war would render conditions to where he'd be both liked and appreciated as back in days of old, when it seemed so classy for both Pa and Ma to mount the same steed and hi away to Church.

Guess general health conditions for this community would be hard to improve on at this particular time, of which I'm proud to report. Of course School days are now near, and the touch of the Vaccine needle is to be a very unwelcome comer with the many kiddies just entering for their first time. But, very early after their having reached the playgrounds all stabs and pains are quickly forgotten in favor of both glee and fun.

Dear precious loved ones you can never know how that we do miss you (Continued to Back Page).

Dear Buford:
Enclosed is my personal check for \$2.00 which I hope is sufficient to cover one year's subscription to the Review, but if it is not, please let me know and I will forward the balance immediately. (Review subscription rate is \$1.50 per year. BFD.)

Through your paper is the only way I have of keeping in contact with the boys of Abernathy whom I know. Lewis Stambaugh tells me the local news from your paper. By taking the Review, I can get the news first hand now. Although I don't know all of the boys in the service from Abernathy, I do know quite a few and I will be glad to read about them. To name a few of them whom I know, they include Neil Fields, Shelton (Wimpy) Hardin, Raymond Parsons and his brother, Jack, the Thompson boys, Fred, Edwin Lee and Pete, Earl Crow of Lubbock, but an Abernathy boy at heart (such as I), the Buske boys, the Webb boys, Ed Jones' boys, Roy and Robert, the Struves, Edgar and Rudolph, and a lot more I can't remember just now. Yours very truly, E. P. (Preacher) O'Neal, 509 S. Banks St., Pampa, Tex.

ELECTRICAL APPLIANCES

REMEMBER your electrical appliances were made to give many years of service, but now more than ever before you must take good care of them! Don't forget to oil motors and have large appliances checked once a year. Have repairs attended to by your local repairman. He can help you get longer service from your appliances.

★ Before you throw away any electric appliance, let us check it for you.

For Sale: VICTORY BATHROOMS

How many years is it now that you have been planning to put in a new bathroom? Well, now that you have the money, you can't even find a stray faucet for sale. But you can be sure of a "Victory bathroom" — a fine one to be installed after we win the war! Put your money in War Bonds so that they will be a reserve to take care of that new bathroom in 194-V!

too, how frequently your names come in such vivid nearness to us, who we do love and care greatly for as a people as a whole are for your very best interest and general welfare. We are all praying daily that our dear blessed Lord may feel His precious Holy Spirit ever attend each of you through all of your trials, disappointments, privations and hardships until you return home.

Now, boys and girls make no mistake by looking to and trusting that man may liberate you from such a sordid, thankless unwarranted task in which you are now engaged. But,

WANT-ADS

LOST — About three weeks ago, wheel, tube and tire, somewhere between Abernathy and my farm. Tire was 8-ply Goodyear, TA-15, for pickup. REWARD. G. G. Gililand.

PARTY and SHOWER GIFTS

FARMERS

Plant Good Seed Wheat

Wheat farmers can improve their own wheat crop and help improve the quality level of the wheat grown in their community and state. This can be done by planting only good wheat seed free of smut and rye mixtures and of varieties recommended by the U. S. D. A. and State Agricultural Experiment Stations.

The recommended varieties are the high quality

COMANCHE, TENMARQ, and TURKEY

and the intermediate quality ...

STANDARD BLACKHULL
