Bond Rally Scheduled For July 1st

American Legion Post To Sponsor 4th Of July Celebration In Lamesa

Political Rally At Court House

Plans have been partially completed by the Allen-Houston Post of the American Legion for a county-wide patriotic - political rally to be held on the court house lawn July 4. The program of activities will begin about ten o'clock in the morning and will continue through the day.

Political speeches will be permitted by all candidates who care to talk. John Lee Smith, candidate for Lieutenant Governor, has agreed to present on this occasion and will speak to the public. Mr. Smith is one of the outstanding speakers in the state. Arrangements of all speaking will be in the hands of Mayor Charnell Jobe and Sam Richardson.

Arrangements are being made for a baseball game of an entertaining nature to be played in the afternoon. Details of these arrangements have not yet been announced.

A general picnic spread is not being planned, but people who care to bring their lunches and eat on the courthouse lawn will find plenty of shade trees and water available. It is understood that many of the business houses have agreed to close on that day. The square will be partially roped off for the convenience of the occasion.

The purpose of the affair is to arrange a general get-together of friends and acquaintances of the county and to permit candidates to make their appeal to the public. Everybody is urged to attend and to enjoy the day.

Subscribers Are Asked To Check Expiration Dates

Courier readers are asked to watch their expiration dates on their subscriptions in order that they not miss a single issue of their home town newspaper.

In other words, if the numbers following your name on your paper reads 7-42, that means that your subscription will expire on July 1, 1942, and that unless you renew your subscription will be stopped at that time.

The subscription price of the Courier is now \$2.00 per year in Dawson, Martin, Gaines, Borden and Lynn Counties, \$1.25 for six months, or \$3.00 for two years. The subscription price outside this territory is \$3.00 per year.

John Stringer Is Reported Safe By Navy Department

After being previously reported as missing on a Navy Department Casualty list of June 1, 1942, John Samuel Stringer, machinist's mate, first class, United States Navy, of Lamesa, is now reported to be safe, according to information received at the Eight Naval District Headquarters on June 22.

He is the son of Eugene Edgar Stringer of Sand, Texas.

Human Chain Gives Farmers Vital Information

The "human chain of information" is carrying pertinent information concerning price fixing to the farmers throughout the county, states B. J. Baskin, County Agent of the Texas A. & M. College Extension Service.

This information is timely and practical, and is vital to our producers. After the last war prices of all farm commodities dropped from their highly inflated levels, but fixed charges, such as taxes, interest, land payments and etc., remained at high level. Therefore each year the farmers financial condition became more unstable. Price fixing will tend to prevent such drastic economic readjustments.

How price fixing is to work; what the farmers can do to help himself and related information is being carried to the farmers by Neighborhood Leaders at this time, further states, B. J. Baskin. It is the hopes of everyone that information will be of much value to our farmers.

JOHNSON WELL ABANDONED

In western Borden County, Ed McAdams and George P. Livemore, Inc., both of Lubbock, have abandoned No. 1 W. D. Johnson as a dune at 4,970 feet in time. It failed to show any oil or gas.

Glider Makes Trip From Lamesa To Lubbock; Attains Altitude Of 14,000 Feet

Attaining an altitude of 14,000 feet, a glider manned by Cap. W. D. McCulla, student, and Art Hoffman, instructor, made a cross-country flight to Lubbock Saturday, a distance of approximately 65 miles, in two and one-half hours.

Taking off from the field of the Lamesa Glider school, one of the sites of the government's new program for training of Army glider pilots, the motorless ship broke tow at 5,000 feet Saturday afternoon at 3 o'clock, landing at the site of the proposed South Plains Army Flying School at 5:30.

In another glider, Lieut. W. S. Power, instructor, and Lieut. James W. Knox, student, flew from the field, located approximately 7 miles north of Lamesa to a point four miles north of Tahoka, a distance of about 35 miles, in the time of 51 minutes. They cut loose from the tow plane at a height of 4,000 feet.

Glider Students Now Receiving Night Training

Glider training is coming along on schedule at the Lamesa Glider School and this week the training advanced to the stage for night flying. The present class of student pilots will probably graduate about July 1.

The flying field is being put in first class shape, as county graders have been working this week leveling the ground. An auxiliary field is being made ready for use in the near future.

Construction work is getting underway, pouring of concrete for foundations was started Thursday. Electricians are busy this week putting in power lines. Mr. Nelson the contractor reports.

A number of local men have been employed by the construction company, and Mr. Nelson states that they could use more good carpenters. Buildings materials are arriving each day and it is thought that the buildings will go up according to schedule.

BUY WAR BONDS - STAMPS

Only 250 Auto Use Stamps Sold At Post Office

Postmaster Owen C. Taylor reports that approximately 250 Auto Use Tax Stamps had been sold up to Wednesday afternoon at the local post office. These Federal automobile tax stamps sell for \$5.00 and are to take the place of the ones purchased last February.

All you have to bring to the post office to get these stamps is \$5.00. Mr. Taylor said, you do not have to bring any of your car papers.

All purchasers who have not bought these stamps are urged to do so as soon as possible.

BUY WAR BONDS - STAMPS

Fifth National Registration For Young Men 18-20 To Be Held On Tuesday, June 30

The fifth National registration for Selective Service will be held on Tuesday, June 30, for all young men, ages of 18 and 20 inclusive. The registration will be held at the local draft board offices in Lamesa for men in this county, between the hours of 7 a. m. and 9 a. m.

All men who were born on or after January 1, 1922, and on or before June 30, 1924, must register at this time.

It has been estimated that approximately 220,000 young men in Texas will register on June 30. Local draft officials state that approximately 200 boys will register in Dawson County.

This fifth registration will complete the inventory of the nation's potential manpower, although under current policy, men under twenty are not subject to induction for combat duty. Anyone who is unavoidably away from home on June 30 may register at the registration place most convenient on that day, all registrants are urged to make every effort to register with their own local boards to avoid possible confusion in the future. Any person who must register away from home is urged to specify his home address so that his registration card may be forwarded promptly to his own local board.

Sen. O'Daniel, Hal Collins To Speak Here July 2nd

United States Senator W. Lee O'Daniel, and Hal Collins of Mineral Wells, will speak in Lamesa on Thursday, July 2.

Senator O'Daniel, candidate for reelection, as Junior Senator from Texas, and Mr. Collins, candidate for governor of the State of Texas, are traveling over the State together, to conserve rubber. They both will speak here in the interest of their candidacies at 12 o'clock, noon, and will have their sound truck parked on the north side of the court house. Their speeches here will be broadcast over Texas Quality Network.

Farmers Can Help Fight Post-War Inflation

"Price fixing will react to the farmers benefit more than to any other phase of our national life," stated B. J. Baskin, County Agent of the Texas A. & M. College Extension Service, "because it protects them against such drastic declines in the prices of farm commodities in the post-war period."

Inflation slows down our war efforts and doubles its cost. Inflation raises taxes. All groups do not share equally in inflation. Inflation prevents incomes catching up with operating expenses. Inflation means run away prices, further stated B. J. Baskin.

Farmers are vitally interested in knowing how to fight inflation. There are several ways in which farmers can help. Among these are:

- (1) Support of Price Control and Rationing Program;
- (2) pay taxes and buy bonds and stamps;
- (3) pay old debts;
- (4) make no new debts;
- (5) waste nothing;
- (6) take good care of farm buildings and machinery;
- (7) buy only those things actually needed;
- (8) cooperate with neighbors in exchange of labor, machinery and transportation.

Farmers Taking Steps Against Insect Damage

With crop prospects so bright, and prevailing prices of cotton so favorable, many farmers are exercising every precaution to prevent insect damage. Many Dawson County farmers are making field surveys for cotton fleas, thereby enabling them to determine the need for dusting with sulphur for the flea control, states B. J. Baskin, county agent of the Texas A. & M. College Extension Service.

Bulletins covering cotton insect control are available for distribution at the county agent's office.

USDA Thanks Farmers For Cooperation

The County USDA War Board wishes to thank the farmers of Dawson County for their fine response to the Labor Questionnaire, states B. J. Baskin, county agent.

The information gathered through this questionnaire has been turned over to the U. S. Employment Service, and will be used as a basis for allocating labor this fall at the cotton picking time.

RETURNERS FROM FISHING TRIP
Bill Roberts, Carl Williams, Bob Ryan and Wallace Ryan returned Wednesday from a fishing trip to Buchanan Dam, near Austin. They report a wonderful trip and that the fishing was good.

New York enacted price-fixing laws in 1790.

Aid In Rubber Drive

These local children helped start the Scrap Rubber Drive in Lamesa on Monday morning, June 15, when they made a house to house canvas down South First Street, pulling their wagon, and soliciting scrap rubber. They are reading from left to right, Larry Ridd, Jack Barrett, Nancy Stuart, Johnnie Jo Barrett, Judy Allen, Ann Rugg, and Shirley Jolly.

Approximately 100,000 Lbs. Scrap Rubber Turned In; Drive Ends On June 30

Filling station and oil companies of Lamesa have purchased approximately 100,000 pounds of scrap rubber in the scrap rubber drive now going on, these figures were secured by checking with a number of oil companies and filling stations of the city.

The 100,000 pounds is approximately the amount brought into the city, and does not include what has been carried to outlying filling stations. An accurate check cannot be reached until the drive ends and the oil companies take over all scrap from their stations.

Tuesday, June 30 is the date set for the ending of the scrap rubber drive, and everyone who has not carried their scrap rubber to their nearest filling station is urged to do so at once.

All major oil companies are accepting the rubber and will pay one cent per pound for it. Individuals are asked to take their scrap rubber to their nearest filling station where it will be weighed, and they will receive one cent for each pound. The filling station operators then will turn the rubber to the oil company which serves him and will be reimbursed for the money he has paid out.

Not one bit of rubber is too small, too worn, too old to enlist in this drive. We all know our Army needs rubber, and if there is not enough scrap turned in during this two weeks drive, we will more than likely have our gasoline rationed.

Our Army needs rubber. Just one little scout car, nosing out the terrain, uses 339 pounds of it.

Our Navy needs rubber. The 25,000-ton battleship pointing its guns at Tokyo uses 75 tons of it.

Our air force needs rubber. One of those pneumatic rafts which have already saved so many of our flyers requires 29 pounds of it.

But Japan now controls over 90 percent of the world's rubber plantations.

So it's up to us to pounce on every ounce of rubber scrap in our homes.

Only Nine Days Left For USO Drive; County Short Over \$500.00 On Quota

Dawson County's USO Fund is still approximately \$575.00 short of the quota, according to W. D. Arnett, county chairman, with only nine more days until the deadline, this amount will have to be raised, before this time, Mr. Arnett said.

Mr. Arnett received the following telegram Wednesday from H. C. Weiss, chairman for the State of Texas:

"Our USO Campaign is at a critical stage, with only nine more days in which to see that Texas goes over the top and meets its obligation to the men in the service and to the nation. We in Texas have an unusual responsibility in this matter because Texas is host to more soldiers than any other state, and the USO is spending much more money here than we are being asked to contribute. As a chairman and leader in this campaign, you realize the important work that United Service Organizations will do to maintain the morale of our soldiers and sailors at the high standard necessary for America to win this war. You have the patriotic duty to give every person in your area an opportunity to contribute to this organization. Knowing that everyone in your county wants the hundreds of men who have gone into the war from your area to be given the best possible care within the power of the USO, we feel confident that your county will make a good showing. Reports received thus far show that you have made good progress toward raising your quota, but we will appreciate immediate reply by wire of all money now raised and also your estimate of the percent of your quota which can be filled by July 4. Signed H. C. Weiss, chairman state campaign committee."

Dawson County's quota is \$3,073.40, and if you have not contributed toward this goal, you are urged to do so at once.

SCOUTS NOT TO PICK UP WASTE PAPER

We have been asked to announce that the Boy Scouts will not collect scrap paper until further notice, due to the fact there is no demand for waste paper at the present.

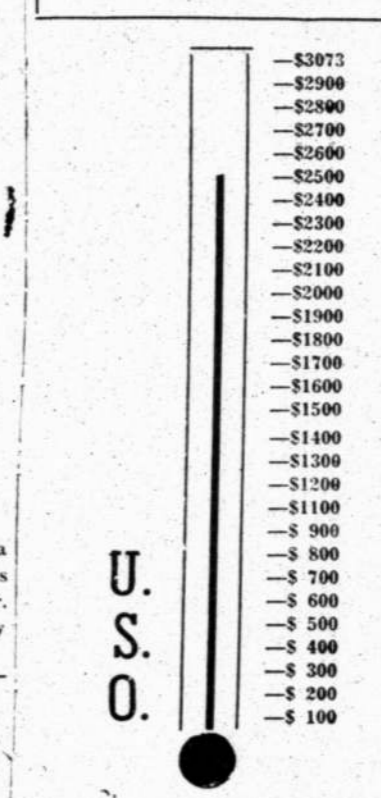

Lions Club Carnival To Open Here Tonight; Will Run Through Saturday

Everything is in readiness for the Lions Club second annual carnival which will open in Lamesa this evening, Thursday on the south side of the square. The carnival will be run on Thursday, Friday and Saturday, and will open each evening at approximately 7 o'clock, according to Joe Whitlow, chairman of the carnival committee.

Lions Club members who brought the carnival to Lamesa, will operate each booth, show and rides, with the proceeds all going to charity. Plenty of entertainment is in store for every member of the family. There will be the ferris wheel, the loop-o-plane, merry-mix-up and the little kiddie cars. There will be a bingo table, numerous booths and slide shows, the rat race and the well known dip, and a number of other entertainment features.

The south side of the square will be roped off giving plenty of room for the carnival. Every citizen is urged to attend every night and enjoy the many pleasures that will be offered. Remember the time Thursday, Friday and Saturday evenings, this week.

Climbing

Water Found At 385 Feet In Well At Glider School

Water has been reached at a depth of 385 feet in the well drilled at the Lamesa Glider School site, north of Lamesa. The water is reported to be plentiful and fairly good.

According to Porter Gilbert, local driller, plenty of water will be available and it is estimated that the well will produce 50 gallons per minute. Mr. Gilbert reports that he drew 20 gallons per minute and the water continued to rise to an elevation of 200 feet in the well.

Plans are underway for drilling several more water wells on the site.

Rev. Bozeman To Conduct Lawn Services Sat.

The Dawson County Ministerial Alliance is to sponsor the third religious service this coming Saturday afternoon, June 27, at 4:00 p. m. on the Court House lawn.

The preacher for this hour will be Rev. W. M. Bozeman, pastor of the Assembly of God Church.

Everyone has a special invitation to come to the lawn Saturday afternoon and hear Rev. Bozeman. Remember the time now, 4 o'clock.

Jo Ann Phinizy to Represent Pitch-Fork Ranch

Miss Jo Ann Phinizy, daughter of Mr. and Mrs. Jack Phinizy of this city will attend the Texas Cowboy Reunion at Stamford July 2, 3, and 4, representing the Pitch-Fork Ranch. Miss Phinizy will ride one of the fine horses belonging to the Pitch-Fork.

The state dining room in the White House can seat 100 guests.

Business Will Be Suspended For 15 Minutes

Start Sale of War Stamp at 12 Noon at Stores; Bonds Sold at Banks, Loan Office

Cooperating with the United States Treasury Department, merchants of Lamesa will suspend all regular routine business for a 15 minute period here on Wednesday, July 1, at 12 o'clock and devote the time to the sale of War Bonds and Stamps.

Every retail merchant will sell stamps, but bonds may be purchased only at the banks, post office and the Lamesa Federal Savings and Loan Association.

Unofficial estimate is that Dawson County citizens have purchased \$23,000.00 worth of bonds up to Thursday morning this week. June quota as set by the Treasury Department for this county is \$47,300. To meet this quota local citizens will have to buy \$24,000.00 of bonds.

Local retail merchants are asked to please have plenty of stamps on hand next Wednesday, and to purchase these stamps early so that the post office can supply their demand.

All citizens are asked to keep in mind this War Stamp and Bond Drive next Wednesday and to make their purchases at that time. It has been indicated that unless this response is given, it is probable that the Government would probably feel it necessary to deduct 10 per cent of every one's monthly earnings.

Every retail store in the United States has been asked to cooperate in this drive on July 1, the local Chamber of Commerce received a telegram from Benjamin H. Namm, chairman of the Retail Advisory committee, U. S. Treasury Department, recently, asking that local merchants cooperate in the sale.

Mr. Namm's telegram to the Chamber of Commerce reads as follows:

"Chamber of Commerce, Lamesa, Texas.

All retailers are being asked to cooperate in nation-wide tribute to America's war effort on July 1st at 12:00 noon by suspending all sales of merchandise for fifteen minutes and devoting this brief period to sale of War Savings Stamps and Bonds exclusively. We are counting upon your personal cooperation so that we may report 100 percent unity in this vital program to launch nationwide Victory campaign of 'Retailers for Victory.' Will you please advise how many of your local retailers will participate? Please wire as soon as possible so that I may advise Secretary Morgenthau and President Roosevelt on Monday morning.

Signed BENJAMIN H. NAMM, Chairman Retail Advisory committee, U. S. Treasury Department, Room 811, Treasury Building, Washington, D. C.

Immediately after receiving this telegram a petition was carried to the merchants, and all signed that they would cooperate.

The state dining room in the White House can seat 100 guests.

The normal potato crop of the world averages 9,000,000,000 bushels a year.

Serve Country Now, Serve Yourself Later

The golden door of opportunity has been swung wide open to far-sighted private pilots willing to pioneer a new field vitally important to American defense at present and one that bears much promise of becoming a great post-war industry with a far-reaching effect on the world.

To the impatient youth and to his adventurous older brother who frets at the delay of long training periods, Uncle Sam offers an opportunity for immediate service through his Glider Pilot Training Schools.

Immediate ratings of staff sergeant with flight pay are given to all recruits. After only six weeks of intensive training graduate pilots displaying outstanding qualities of leadership, judgment, force, and discipline may be commissioned second lieutenants in the army.

To be eligible for training applicants must be citizens, between the

ages of 18 and 25, hold a current CAA certificate of private grade or higher, or hold such a certificate which has lapsed since the first of January, or have completed at least 200 hours of glider flights. Former aviation cadets with as much as fifty hours flying time and graduates of CAA elementary pilot training courses are also eligible.

Many civilian pilots and private pilots now enlisted in the regular army who have not, heretofore been able to qualify as combat pilots because of age or physical condition will now be able to participate in the military aviation program. The vision of glider pilots may be 20-40 if correctible to 20-20. Pilots who were unable to pass the screening test for regular pilots may also be eligible for glider training. Applicants who have all other qualifications will be accepted if they score 65 or more on the No. 10-B Cadet qualifying examination or 75 or more on the No. 10-A examination. These are mental aptitude tests. No. 10-B being in current use.

To the more serious-minded looking beyond his service to Uncle Sam, the glider service offers unlimited possibilities as a trade. With more tonnage capacity than planes, far swifter than ships it will outdistance all other craft in the rehabilitation of war-torn countries of the world.

Just as it offers the faster method of transporting troops to a needed area it will be indispensable in conveying the more perishable freight or any large quantity of supplies in urgent demand.

For instance, fresh fruit and vegetables that now travel four to five hundred miles a day in refrigerator cars and ships, could be transported by gliders in a fraction of that time eliminating the delay and expense of re-loading en route.

Odd, But Science; Turning Bugs Into Rugs

By HOWARD W. BLAKESLEE
Wide World Science Editor
NEW YORK — Man ought to be able to take disease germs and convert them into artificial wool.

This is pointed out by Monthly Science News, a British publication which has been started since the war began to keep alive interest in science of all kinds.

The explanation is that virus particles, the organisms which cause many plant, animal and human diseases, are proteins. In principle any protein is a good source for synthetic fibers to make clothing.

The main drawback of the diseases is not their deadly character, but the fact that they would not supply a large amount of cheap protein. Before a protein can be converted into a synthetic fiber it has to be denatured.

That destroys its original nature. A denatured virus would no longer be a disease organism. De-naturing is familiar in a hard-boiled egg, the heat of boiling changing the makeup of the protein.

Proteins, like milk and nuts which already are used to make artificial wool, are denatured and then dissolved to form a viscous solution. In that condition proteins which before denaturation were crystals, or egg white, milk or nuts can be drawn out into fibers for clothing.

Large Crowd Inspects Lubbock Flying School

Tradition says that the navy is America's first line of defense, but our air forces are our first line of offense," said Major-General H. R. Harmon, commanding officer of the Gulf Coast Training Area, before a crowd of approximately 35,000 gathered at the large Lubbock Army Flying School for the formal dedication of the field on Sunday, June 21.

General Harmon went on to point out that from Lubbock alone the present field and the new South Plains Training School will turn out more fliers every three months than were in the whole United States air force in 1939.

Gathering long before the gates of the Lubbock Field were scheduled to open, the huge crowd saw the behind-the-scenes life of an army camp as they inspected barracks of both cadets and enlisted men, day rooms, theater, post exchange, and the flying line itself. At one end of the large, airy hangar the Lubbock Army Flying School Band under the leadership of Warrant Officer George P. Attridge played a varied program.

During the actual dedicatory services Colonel Thomas L. Gilbert, commanding officer of the Lubbock school, spoke briefly and introduced General Harmon who said, "Although we are now formally dedicating the field for practical purposes the field was dedicated when the first class was graduated," representing the civilian public of Lubbock and surrounding area.

George Dupree, Lubbock spoke and placed war responsibility squarely on civilians as well as on soldiers.

After the formal dedication the sky above the Lubbock Field was literally aswarm with planes flown by flying officers and cadets in various formations and routine flights. Because of the press of war time business, General Harmon was forced to cut short his visit at Lubbock and flew away to meet previous commitments.

Grasshopper Poisoning Getting Good Results

Grasshopper control work continued active in the South Plains area through the week end, with such good results obtained by some farmers that no further baiting will be needed, according to Cameron Siddall, entomologist of the A. and M. College Extension Service.

Quoting from a report of William J. Spicer, field supervisor of the grasshopper control division, USDA, Denver, Colorado, who is working in the infested region, Siddall says that while baiting activity seemed to be decreasing to some extent over the whole area, Lubbock, Hardeman and Childress counties increased the output of bait over that of preceding weeks. This was due to hoppers moving in from other counties. About 2,000 tons of wet bait were mixed and spread in the Texas control area during the week ending June 13.

In the Lubbock area, Siddall explains, adult migratory grasshoppers made up about 65 percent of the population, while in the vicinity of Plainview about 35 percent had reached adult stage. In Dickens County, the adult populations have become so scattered that they number only about a normal population, whereas they numbered 60 per square yard two weeks ago.

A survey of Hemphill County showed infestation by adults in numbers high enough to include that county in the control area. The hoppers, which moved in from the south, have caused marginal damage to wheat and cotton.

Regardless of grasshoppers, Spicer reports crops "looking fine" over the south plains area, Siddall says.

NOTICE!

I have recently purchased the interest of my partner, Clifford Townsend, in the Cavern Cafe, and will continue to give the public the same efficient service that you have received in the past.

I sincerely appreciate your past business and hope that I may continue to serve you.

Do You Fight? Here's 10 Rules To Follows

Wide World Features
CHAMPAIGN, Ill. — Herb Craig and Hek Kenney, instructors in the University of Illinois physical education class on "dirty fighting" offer these 10 essentials of defense:

1. Get into the best possible physical condition and stay in condition by regular exercise.
2. Under conditions of civilian life, never initiate an attack regardless of provocation.
3. When facing an opponent intent on injuring you, allow him to show his hand first.
4. The counter-attack has greater possibility of success. Let him swing and then duck and strike under his guard.
5. When conditions are such that it is the only way out, take your opponent by surprise.
6. Fighting is not a gentleman's game and should be indulged in only for protection of self, family or nation.
7. The man who observes the rules of a gentleman when defending himself against attack by another is using extremely poor judgment.
8. If required to make a frontal attack, approach in such a way as to make the opponent lash out first—but it's better to get behind a foe if you can.
9. Remember your weak spots and your opponent's vulnerable areas: are the groin, solar plexus, neck, throat and chin.
10. If you get in there and can gouge him, get him in the eyes.

Wheat Farmers Collect Insurance

Insured wheat farmers are offsetting crop failures by collecting insurance on this year's crop.

Already, 342,000 bushels of indemnity wheat have been paid on 1,917 claims with majority of wheat placed under government loan. Present loan rate is approximately 15 cents per bushel more than market price. All claims paid represent 100 per cent crop failure and none have been paid to producers who have harvested any wheat. E. R. Duke, state wheat insurance supervisor, announced.

Under the 1942 wheat insurance program, production on approximately 11,451 Texas wheat farms was insured. Wheat insurance provides 50 and 75 percent coverage, with a majority of farmers signing for 75 per cent coverage. Duke said.

JACK OF THIEVES
KNOXVILLE, Tenn. (AP) — Fred E. Demareus had two tires and wheels stolen from his automobile but he came out ahead in the deal. The tires and wheels were found unharmed in an alley two days later—and Demareus is now owner of the auto jack with which the thieves raised his car.

HE ANGLES FOR BIDS
MANGRUM, Okla. (AP) — B. H. Squire has a sure-fire recipe for success when his wife goes out of town for a couple of days. First he goes fishing. Then he distributes the first to friends in the neighborhood. And then he sits back and the dinner invitations come rolling in.

Mrs. Floy Barfoot left Monday morning for Spur, where she will visit with her mother, Mrs. L. W. Langston.

Young men, older men, all who are eligible should investigate this line of service today.

To the slogans of "Join the Army and Learn a Trade," "Join the Navy and See the World," we might add "Join the Glider Force and Serve the World."

Santa Fe and your WINTER WHEAT

● Once more the miracle of the winter wheat harvest is with us. Nature has been kind, in Santa Fe territory, and another bumper crop is indicated. Prices, too, are good.

That is a happy prospect, but it brings serious problems with it—both for you who raise the grain, and for us who move it.

You face a shortage of harvest labor, and a serious lack of storage space, at terminals and in rural bins, because of the unprecedented carry-over of old wheat. We face the job of moving a vast grain tonnage, in a short time, on top of the greatest railroad traffic load in history.

For example, in April, 1941, Santa Fe freight cars moved 108,131,891 miles. In April, 1942, that mileage had leaped to 142,823,878. A great part of that 32% jump represented war freight, that *must* move first.

Santa Fe pledges every possible help in moving 1942 wheat to points where it can be accepted and placed for use. Of you we ask prompt loading and unloading, and that no car be used for storage, even temporarily. Let's pull together and whip this war-born transportation problem, as we have so many others in the long years we've worked together.

AT YOUR SERVICE—Talk over your transportation problems with your Santa Fe representative. He'll be glad to help with practical suggestions.

Here's How A Battleship Goes To War

Wide World Features
(Condensed from "The Tools of War" by James R. Newman, published by Doubleday, Doran & Company, Inc.)

Let us go into action aboard a battleship. Look her over. The first thing that strikes us is the squat fatness of her 35,000 tons. Along her 650-foot length she swells to over 100 feet amidships. Her jumbled superstructures are not used for living quarters, but only for navigating bridges, fire-control towers, workshops and signal stands. Yet in the cramped space below room must be found for a whole city of men, including tailors, barbers, printers, dentists and soda-jerkers. The ship's social structure makes the arrangement more complex: each class of men must have its own separate messes, galleys, recreation quarters, and shore boats. A hundred tons of beef may be aboard, alongside hundreds of tons of ammunition. On British ships is a supply of daily rum; on American ships a supply of Hollywood movies.

As the fleet steams toward the suspected area the battleship becomes a rush-hour transmission center. Messages are coming in from the aircraft-carriers planes that have sighted the enemy a hundred miles away; cruiser screens are being ordered about; destroyer flotillas are being closed; enemy messages that the navy's shore stations have picked up and decoded and relayed are being received.

Year Around Schools Urged

By FRANK LE MAY
Associated Press Staff Writer
WASHINGTON, May 1. — Year-around operation of America's 25,467 high schools — eliminating summer vacations — in a plan for full mobilization of education the war effort was urged today by the U. S. Office of Education's wartime commission. Among the courses proposed for the summer was "aviation education."

A wide range of activity was recommended for "all types" of schools meaning that thousands of elementary schools might remain open during the summer, along with high schools — not for instruction of pupils but to render special community services.

The summer courses recommended are those for which a definite demand is being made by officials directing the various phases of the war effort. The commission listed six phases of education for which a strong demand already was evident, as follows:

1. Aviation education. Under this head courses developed by the U. S. Office of Education with other government authorities will be available. (This was expected to cover pre-pilot study.)

2. Courses in mathematics, English, science, and social studies adapted to the specific needs of the armed forces and war production.

3. Courses designed to train girls and women in business, trade and clerical occupations as replacements for those drawn into the armed forces or war production.

4. Courses in home nursing, nutrition, first aid and other fields definitely related to civilian defense and other war needs.

5. Intensive courses for promotion of physical fitness of those likely to enter the military services or war production within the next three years.

6. Training through cooperation with the Office of Civilian Defense for air raid wardens, auxiliary fire and police officers, and such other personnel as may be needed.

7. Home demonstration club work is vital and important in periods of peace, but in time of stress its contribution is even greater. Mrs. Kennedy said in discussing how rural women are aiding in the Food for Victory program, are conserving food, clothing and equipment, and

Reclassified Men May Enlist In Naval Reserve

Men who have recently been reclassified for selective service may enlist in the Naval Reserve, provided application is made before call to report for Army induction is mailed. Navy recruiting officers at Big Spring said today.

Physical standards for Naval Reserve enlistment have recently been lowered and many men previously rejected are now able to meet physical requirements. Qualified men are urgently needed for operation and upkeep of Naval ships and stations. Petty officer ratings are now open to aviation and auto mechanics, bakers, cooks, carpenters, electricians, machinists, metal smiths, painters, pattern makers, pharmacists and hospital attendants, radio technicians, and practically all types of experienced construction workers.

Unskilled men, and those skilled in trades not open for enlistment have opportunity to attend Navy trade schools and win promotion in the service.

Negroes may be enlisted as apprentice seamen, mess attendants or in construction petty officers ratings. They are sent to Negro training stations.

Age limits for enlistments in the Naval Reserve are from 17 to 50 years. Application should be made in person at nearest Navy recruiting station.

Club Work Is War Work; Says State President

Because war intensifies the importance of home demonstration work annual meeting of the Texas Home Demonstration Association likely will be held this fall in spite of transportation problems and many other difficulties facing the Association's 45,000 members.

Mrs. W. G. Kennedy, Bailey County farm woman and president of the rural women's organization, indicated during a recent conference with Extension Service workers, that plans for the state meeting will be made at an executive session tentatively set June 24.

"Home demonstration club work is vital and important in periods of peace, but in time of stress its contribution is even greater," Mrs. Kennedy said in discussing how rural women are aiding in the Food for Victory program, are conserving food, clothing and equipment, and

11. Home demonstration club work is vital and important in periods of peace, but in time of stress its contribution is even greater. Mrs. Kennedy said in discussing how rural women are aiding in the Food for Victory program, are conserving food, clothing and equipment, and

15. Home demonstration club work is vital and important in periods of peace, but in time of stress its contribution is even greater. Mrs. Kennedy said in discussing how rural women are aiding in the Food for Victory program, are conserving food, clothing and equipment, and

are sustaining the morale of their families. She quoted Lady Halifax, wife of England's ambassador to this country, who said recently in a radio broadcast that the only clubs still intact in England are the "rural women's institutes." They are comparable to home demonstration clubs in Texas.

Farm prices approaching parity after 20 years of depression offer a great temptation to farm families to compete for reasonably-priced consumer goods, the state president points out. "When you've been getting along without a kitchen sink

for a long time and at last have the money to buy one, it's hard to keep on carrying your bucket to the windmill and invest your money in War Bonds. But we are willing to withstand that temptation if we can save our country and give our boys better equipment for winning the war."

Thousands of club women and their neighbors have profited from first aid and home nursing courses this year, upon the recommendation of the Texas Home Demonstration Association, the president indicated. She added that the Extension Ser-

vice war-time program, the Victory Demonstration, is popular because it helps every farm and ranch family in the state know its war-time responsibilities.

Conservation and fair distribution of seasonal food surpluses will be given much consideration by county home demonstration councils and clubs this year, Mrs. Kennedy explained. Waste is considered poor business and is unpatric.

Miss Irma Sprawls returned Saturday after a two weeks vacation in California.

241 PARTS USED IN MODEL DOG SLED
JUNEAU, Alaska (AP) — Latest addition to the native arts collection in the Territorial Museum is a 5-ounce model of a Yukon dog sled, composed of 241 pieces carved and fitted together by a Diomed Island Eskimo. It is made of black balerun (whalebone) and white walrus ivory, the black runners having white sled shoes, and the black-frames being fitted together with 51 bolts and nuts, tapped and threaded despite

their tiny sizes, made of the white ivory. The sled is 19 inches long, 4 inches wide and 6 inches high.

THEY START LIFE IN THE CRIBS
LONDON (AP) — With the demand for wartime salvage of all waste paper, it is considered unpatric to throw confetti at weddings — but friends of Sgt. F. Chapman and his bride, Miss Dorothy Greenslade, found a way. They whittled handfuls of chips from an old butter box and tossed them at the newly-married couple.

Miss Marie Yates Takes Vows With Pvt. David Calloway In Twilight Ceremony

Miss Marie Yates, daughter of Mr. and Mrs. W. M. Yates became the bride of Pvt. David Calloway, son of Mr. and Mrs. G. H. Calloway, in a beautiful and impressive double ring ceremony held at twilight Wednesday evening at the home of the bride's parents.

The rites were read by Rev. E. F. Cole, as the couple stood before a background of palms and fern flanked by large baskets of peach gladioli and white tapers.

The bride and bridegroom are graduates of Lamesa High School. Mrs. Calloway attended John Tarleton Agricultural College, Stephenville, Texas, and North Texas Agricultural College, Arlington, Texas, where she received her private flying license.

After a short trip the couple will resume their work in Lubbock and Wichita Falls.

groom was cut by the bride, Mrs. S. P. White presided at the table and Mrs. Buck Kirksey presided at the bride's book.

Only close friends and relatives attended the wedding. Guests from out-of-town included, Mr. and Mrs. W. A. Yates, Tahoka; the bride's grandparents, Mr. and Mrs. Ralph Calloway, Carlsbad, N. M. and Mrs. Moore of Lubbock.

PRESBYTERIANS TO BE HOSTS TO CITY FEDERATION MONDAY
The First Presbyterian Church will be hostess to the City Federation of all missionary societies, Monday afternoon at 4 o'clock.

A very interesting program has been planned and every woman in Lamesa is invited and urged to attend this meeting.

Refreshments were served to about thirty-four guests.

MRS. JUD WATSON HONORED WITH FAREWELL PARTY
Honoring Mrs. Jud Watson, who will leave this week end for Fort Worth, where she will make her home, Mesdames Joe Green, Edwin Matthews, and Mrs. J. T. Waller entertained with a farewell party at the home of Mrs. J. T. Waller.

During the evening games of 42 were enjoyed after which many lovely gifts were presented to the honoree.

Ice cream and cake were served to the following guests, Mesdames, Jud Watson, Henry McQueen, Tim Boyd, O. H. Taber, Maurice Sharp, Jack Womack, H. B. Glover, Ira Gable, O. C. Mc Bride, J. C. Hart, O. D. McElroy, R. G. Ragen and the hostesses.

BARNEY MCKINNEY HONORED WITH BIRTHDAY PARTY
Mrs. Barney McKinney entertained Wednesday evening at her home with a birthday party honoring her husband on his birthday.

During the evening games of 42 were enjoyed, after which a refreshment plate was served.

Guests attending were Messrs. and Mesdames Durwin Echols, Elmer Cope, Stancel Clement, Frank McKinney, Joe Whitlow and Barney McKinney.

BERNICE DAVIS HOSTESS AT SLUMBER PARTY
Bernice Davis entertained Wednesday evening at her home with a slumber party for several friends.

Various games and contests were enjoyed until a late hour. Refreshments of cookies, sandwiches and punch was served to the guests.

Those attending were Margaret Hudson, Louise Davis Virginia Trice, Jane Fisher, Lavene Rietmayer, Norma Jean Shortes, Amanda Jo Shortes, Phyllis Green and Mary Jo Davis.

Mr. and Mrs. Ed Noret and son, Skeet, left this week for Michigan for a two weeks' vacation.

MRS. CLYDE ADAMS HOSTESS AT CANDLE LIGHT PARTY

Mrs. Clyde Adams entertained Thursday evening at the Lamesa Country Club with a candlelight party for a group of friends.

The club house was most attractively decorated with a pink color scheme being carried out. The club house was decorated with bouquets of pink gladioli with a background of calla lilies, carnations, roses and shasta daisies.

During the evening games of 42 were enjoyed after which refreshments of sherbert float and white cake were served to the guests.

Guest list included Mesdames, Z. T. Davis, A. H. Hilliard, O. H. Morris, M. C. Lindsey, David Murray, Hardy Morgan, Matt McCall, Will Morris, R. E. Simpson, A. H. Smith, W. B. Collins, Walter H. Collins, Walter Barfoot, W. V. P. Baker, Leck Cowden, A. E. Jacobs, A. G. Barnard, Grover Wilkes, Joe Barron, Ervin Bailey, C. E. Ault, T. F. Vaughn, Joe Alexander, Rupert Townsend, Sam Richardson, Stanley Wilkes, W. K. Crawley, A. B. Heffernan, Webb Randal, Homer Beal, C. A. Elland, E. W. Renner, Albert McSpadden.

Misses Willa Belle Cleveland, Olive Meadows, Irma Sprawls.

WILSON-KLONDIKE H. D. CLUB REPORT
The Wilson-Klonidke Home Demonstration Club met Friday, June 19th in the home of Mrs. S. B. Norris.

Miss Phenix, Home Demonstration Agent met with the club and demonstrated some interesting uses for fruits.

The next meeting will be July 3, at the home of Mrs. J. L. Morris.

MARRIAGE LICENSE
Aaron Redwine and Jerry Ward, June 12.

Leland Eugene Mitchell and Lena Lachea Harris, June 20.

David L. Calloway and Willie Marie Yates.

4-H CLUB CALVES OF ARCHER BROTHERS DOING GOOD
4-H calves of Leon Archer and J. W. Archer, brothers of the Grandview community are doing nicely. These calves are on a ration of corn, oats, bran, protein supplements and sudan.

RED CROSS POSTPONES NOVEMBER ROLL CALL
WASHINGTON (AP) - The Red Cross has postponed its usual November roll call and has combined it with a war fund drive to be conducted in March, 1943.

The action had the full approval of President Roosevelt. He wrote Davis that "the nation can look forward to the month of March 1943 as Red Cross month."

Mrs. J. E. O'Quen, Mrs. R. L. Meyers and Mrs. O. E. Dunlop spent last week at Ruidosa vacationing.

Mrs. Dimple Davis and sons Dan Jr. and Dewane, are visiting in Clarksville, with relatives this week.

Mr. and Mrs. Raymond Hatch spent Tuesday in Lubbock attending to business.

Misses Van Clark, Myrtle Henderson, Jim Neil and J. B. Buckleby spent Sunday in Carlsbad, N. M. where they went through the caverns.

Mr. and Mrs. Walter Jones left Thursday for Hot Springs, New Mexico, where they will spend several weeks.

Mrs. J. O. Bush and Miss Caroline Hobbs, of Phoenix, Arizona, are visiting here this week in the home of Mr. and Mrs. Earnest Gambill.

Mrs. Joe Green spent the weekend at Breckenridge where she visited with relatives and friends.

Mr. and Mrs. George Upland, of Lubbock, spent Tuesday here visiting in the home of Mr. and Mrs. Joe Green.

Mrs. Tom Green of Hobbs, New Mexico, and Mrs. J. H. Grayson, of Trent, spent Thursday here visiting in the home of Mr. and Mrs. Joe Green.

Mrs. Ed Thompson, of Snyder, spent Sunday here visiting with Mrs. Ira Gable.

Midshipman Bob Crawley, of Annapolis, Maryland, is visiting here this week with his parents, Mr. and Mrs. W. K. Crawley.

Mr. and Mrs. Filmore Epley, of Stanton, spent Tuesday here attending to business.

Sgt. Thomas Weeks, of Kelly Field, San Antonio, is visiting here this week with relatives and friends.

Mrs. John Alexander, Recent Bride Complimented With Shower Monday Evening

Complimenting Mrs. John Alexander, a recent bride, Mesdames J. C. Loveless, Owen C. Taylor, John Cason, S. P. White, Carl Cox, Ervin Bailey, Swanson Hurt and Miss Bertie Gordon entertained with a miscellaneous shower at the Lamesa Country Club Monday evening.

The table was laid with a lace cloth and centered with an arrangement of shasta daisies with tall yellow tapers on either side. Presiding at the table was Mrs. O. D. Harris, and Mrs. Melba George.

The program consisted of musical selections by Mrs. A. G. Barnard, violin selections by Miss Betty Jean White. Miss Earlene Davis gave a most appropriate reading and Miss Mary Frances Barnard and Miss Wynelle Cotten accompanied by Mrs. Barnard gave several vocal numbers.

After the program the honoree was presented with many lovely gifts.

MARY LEECH HONORED ON 5TH BIRTHDAY
Mrs. Marvin Leech complimented her daughter, Mary, with a birthday party, on her sixth birthday, Tuesday afternoon at the home of Mrs. S. E. Fishers.

Twenty-four boys and girls were there to enjoy the many games that were played during the afternoon.

After a long play on the lawn many lovely gifts were opened after which punch and birthday cake were served to the guests.

GOLDIE CHEEK, RECENT BRIDE HONORED AT SHOWER
Complimenting Goldie Cheek, bride elect of Nuell Shoffner of San Diego California, Mrs. Cecil Gardner and Miss Pat Gill entertained with a miscellaneous shower Tuesday evening.

The honoree was presented with many lovely and beautiful gifts, after many games were enjoyed. About 20 attended the shower.

Mrs. W. G. Lillard is receiving medical treatment this week.

CARD OF THANKS
We wish to sincerely thank all our friends and neighbors for their many acts of love and kindness to our dear husband and father, D. E. Barrett, during his illness and death, and thank all for the beautiful floral offerings and delicious lunches you sent in. May God's richest blessings rest upon each of you is our prayer.

Mrs. D. E. Barrett and family.

CARD OF THANKS
We wish to express our gratitude to the many friends who were so kind to us during the illness and death of our wife and brother. We wish to thank you for the many beautiful floral offerings and for the food that was brought in. Especially do we want to thank Rev. Klenk for his many kindnesses.

May you have such friends in your time of sorrow.
The Rietmayers.

Beat Houston Is Aim of Dallas Navy Recruiter Determined to outdo Houston in its all-out recruiting drive during May which netted the city 2,163 recruits, Lieut. L. H. Rideout, Jr., in charge of the Dallas navy recruiting district, announced Saturday that 60 men a day will be needed before the end of June if the Houston record is to be topped.

"Down there, the sense of duty of Houstonians in replacing men lost on the cruiser Houston, brought about the staggering total," Lieutenant Rideout pointed out.

"But I don't think North Texas men need a campaign to prod them into their nation's service," he added. "I think we can get our 60 men a day for the next ten days and thereby beat that 2,163 figure."

A navy representative will be in Dallas Monday, Tuesday and Wednesday to explain the need for recruits in a construction regiment, he announced, emphasizing that navy physical requirements have been lowered recently and that men formerly turned down may once again apply for enlistment.

Men enlisting now who have specialized training will be sent to the Grand Prairie naval air base immediately for initial duties.

Draft officials advise that some men who are being removed from 3-A status and being placed in 1-A classification are being called for induction immediately.

Lieut. Rideout says that these men should investigate opportunities of the Navy before they get their call for induction.

Avery Armstrong, of Carizozo Springs, is visiting here this week with his mother, Mrs. Dell Armstrong.

Mr. and Mrs. Epp Wright and Mr. and Mrs. Lex Brock returned this week from a two weeks vacation at Ruidosa, New Mexico.

Harold Williams of the U. S. Navy, Jacksonville, Florida, is visiting with his parents, Mr. and Mrs. Ray Williams, several days here this week.

Help Your Percolator Last for the Duration * Electric percolators, like many other household appliances, are out of production due to the war. You'll want to take good care of the one you have so that it will last.

Don't let your percolator boil dry and be careful not to put it in water, for it might burn out. Use only a damp cloth to wipe the outside, and avoid letting the core become twisted or trayed.

When your percolator refuses to "perc," it may be that the fuse in the base is loose or has burned out. Stores which sell electric appliances and electric shops usually can replace the fuse in a few minutes.

* This message is one of a series designed to aid you in getting the maximum benefit from your present electrical equipment.

FIRST AID BEFORE SLEEP
OKLAHOMA CITY (AP)—Here's another first aid joke:
 Mrs. James F. McMurry was fussing and fuming because she was doing her spring housecleaning and the bed fell apart. She couldn't get the mattress fixed in place at one end.
 She called her husband. A sheepish expression stole over his face as she told him her troubles.
 "You see," he admitted, "I took the slats to use them as splints in teaching students how to care for broken legs."
 The people of Belgium speak two languages—French in the southern areas, Flemish in the north.

RURAL CORRESPONDENCE
FIVE MILE
 Amelia Foster
 Sunday School and church were well attended Sunday morning and others are invited to come every Sunday.
 Mr. and Mrs. Olin Earnest made a business trip to Lubbock Monday. The little daughter of Mr. and Mrs. Lipe has been a patient in a Lubbock hospital for nearly two weeks and is expected to undergo a serious operation soon. She is only 5 weeks old.
 Mr. Truitt Shipley and family spent Sunday with Rev. and Mrs. Shipley of the Key Community.
 Miss Amelia Foster became the bride of Donald Clark June 6, at Snyder, Texas. Mr. Clark is with the U. S. Air Corps in Virginia. Mrs. Clark will join him in the near future.
 Mr. and Mrs. Bee O'Neil and family of Lubbock spent the week end in the home of Mr. and Mrs. Clay Cowger.
 Mr. Charles Gearheart of Lamesa spent several days this past week visiting in the Berry home.
 Mrs. Katy McGregor and little daughter of San Diego, California, are visiting with relatives and friends here this week.

FAIRVIEW
 Georgia Mae Gibson
 Sgt. Maurice Womack of Enid, Oklahoma, spent a few days last week with his parents, Mr. and Mrs. W. E. Womack.
 Sgt. Thomas J. Weeks of San Antonio spent the week end here visiting with his parents, Mr. and Mrs. Tom Weeks.
 Mr. and Mrs. J. B. Gibson and Dale, Mr. and Mrs. Wendell Gibson, Treva and Geneva, Elsie Gene Preston and Houston Hendon visited in the Gibson home Sunday.
 Mrs. Estell Karr left Friday for Joshua, where she will make her home.
 Mr. and Mrs. Mansil Barton are visiting his father in Joshua this week.
 Mr. and Mrs. J. R. Payne of Lamesa spent Sunday with Mr. and Mrs. Loyd Payne.
 Mr. and Mrs. Roy Weeks spent Sunday with Mr. and Mrs. Tom Weeks.
 Mr. and Mrs. Bill Wallace of Ackerly and Mr. and Mrs. Billie Harrell spent Sunday with Mr. and Mrs. W. E. Womack.

SPAREMBERG
 Sherman Moulton, Jr.
 Mrs. Jacob Reithmayer, a pioneer resident of this section, passed away at the family home east of here on Saturday afternoon, after an illness of nine years, during much of the time she was bed-fast. Mrs. Reithmayer is survived by her husband, and three sons, Albert, of Longview, Texas; Leo, of Lubbock; and Otto, of Spareberg, and eleven grandchildren, besides a host of other relatives, many of whom were here to attend the funeral.

MT. OLIVE
 Dauphin Whitehead
 Lora and Allene Flowers spent Sunday in Seminole visiting with friends.
 Mr. and Mrs. Eugene Bartlett of Los Angeles, California spent last week with his parents, Mr. and Mrs. Leaf Bartlett.
 Grandma Russhin left Saturday to spend a week with her son, A. V. Williams of Seminole.
 Mr. and Mrs. Conley Esmond of Midway visited Mr. and Mrs. J. D. Nix Sunday.
 Mr. and Mrs. Howard Stoudt and family visited her father, Mr. Stricklin of Lamesa Sunday.
 Mr. and Mrs. Herman Burkett and family and Alma Ruth Bartlett visited in Lubbock Sunday.
 Dorothy Jeter of Mullins spent Saturday night in the Sebe Flowers home.
 Mr. and Mrs. W. P. Stovall and family are on their vacation. They will visit in San Angelo and San Antonio.
 Beavertley Spears of Lamesa visited Herring and Studie Pearle Whitehead Saturday.

PATRICIA
 Eudora Bruce
 Mr. and Mrs. Burl Teague lost their home by fire Friday afternoon.
 Mr. and Mrs. E. S. Bruce and Mr. and Mrs. Sidney Bruce visited Mr. and Mrs. S. D. Dollar at Lamesa Sunday night, also their daughter, Mrs. J. B. McGregor of San Diego, California, who is home on a visit.
 Mr. and Mrs. Clyde Greene of Dallas has returned home after spending several days visiting relatives here.
 Mrs. E. S. Bruce and Eudora Bruce attended a shower at Mrs. Earnest Mitchell's at Klondike Wednesday afternoon, given in honor of Mrs. H. H. Dean. She received many pretty and useful gifts.
 Mrs. A. E. Latson has returned from Lovington, N. M., where she visited her daughter, Mrs. Preston Cook.
 Mr. and Mrs. Clay Hudson of Seagraves visited her parents, Mr. and Mrs. Howard Chapman this week end.

What'll They Think Up Next?
 Development of a new technique in wrapping oranges and other citrus products for several months. Tests in the laboratories of the Florida Experiment station demonstrated that grapefruit wrapped in ploffium and stored at 70 degrees temperature for seven months retained its texture and juices, and seed showed no indication of sprouting. The wrapping allows transmission of carbon dioxide with enough rapidity to keep the fruit from suffocating, but transmits moisture vapor slowly enough to prevent loss of moisture, retaining the juices and fullness of the fruit, and preserving vitamin content.

THEY HANG PAPER IN A HURRY
 HOME CITY, Kas. (AP)—No war time splash in the pan is the business (in a man's field) that Mrs. Paul Kaufman and Miss Anna Schrieber have built at Home City. They are paperhangers and have been at it 12 years. Their specialty is papering shops at night so as not to interfere with business. They're always in a rush to finish a job to see what the room looks like.

Knott visited Mr. and Mrs. George Burchell Sunday.
 Mr. and Mrs. G. W. Jones visited his parents, Mr. and Mrs. R. L. Jones of Pumpkin Center Sunday.
 Mrs. Kemper and Velah Kemper of Knott spent Thursday evening visiting with Mr. and Mrs. W. E. Nichols.
 Mr. and Mrs. G. W. Burchell have moved to San Diego, California.
 Randle Patty of Lamesa spent a few days with his aunt and uncle, Mr. and Mrs. Hubert Teal.
 Harvey Kemper is spending a few days with relatives at Knott.

Rev. W. H. Burns of Seminole filled his regular appointment here Sunday.
 Rev. and Mrs. Burns were dinner guests of Mr. and Mrs. M. A. Lee Sunday. Afternoon callers were Mr. and Mrs. L. D. Crapps.
 Mr. and Mrs. Tom Barron and children of Mt. Olive visited her parents, Mr. and Mrs. Ed Knox Sunday.
 Altha Lee Wyrick of Tulsa is visiting her grandparents, Mr. and Mrs. W. L. Lee.
 Mrs. Leroy Bird and little son spent from Wednesday until Saturday with her sister of Wichita Falls.
 Mr. and Mrs. Darrell Patty of Fairview attended church here Sunday night.
 Mr. and Mrs. J. T. McGuire and children spent the week end with Mr. and Mrs. J. O. Anderson of Seagraves.
 Earnestine Page and Dorothy Burns of Seminole spent Sunday in the Grayson home.
 Mr. and Mrs. J. E. Airhart and children of Spareberg spent Sunday with Mr. and Mrs. George Burchell.
 Rena Kemper of Lamesa spent Sunday afternoon with her parents, Mr. and Mrs. Roy Kemper.
 Mr. and Mrs. A. L. Mitchell of

"THE MISSION HAD BEEN ACCOMPLISHED"

"A running fight between the bomber and the 18 Japanese planes continued for 75 miles... continued until the remaining pursuit ships exhausted their ammunition and turned back. With two engines gone and the plane practically out of control, the American bomber returned to its base after dark and made an emergency landing. THE MISSION HAD BEEN ACCOMPLISHED."—President Roosevelt, in his Fireside Chat, April 28, 1942.

THERE, in the words of President Roosevelt, is one of the war's most stirring episodes—a demonstration of how, with one man killed, another man's hand shot off, and a third man injured, our American boys struck to the fight, bombed their objective, and brought their plane home.

Undoubtedly you felt a thrill when you heard it over the air, and maybe you'll have another thrill reading it gain.

But your thrills won't win the war!

It takes planes—thousands of them—and tanks—thousands of them—and shells—millions of them—and bullets—billions of them! It needs ships and guns and jeeps...

It takes money.

It takes the money of all of us—the girls at their typewriters, the men at their machines—the clerks, the farmers, the messengers, the bookkeepers and the salesmen.

It needs a surging, patriotic Nation of people who love their country enough to buy a share of America by investing 10% of their wages every payday—a dime from every dollar—in War Bonds.

It needs—and it's getting it!—the cooperation of Labor and Management to put the Payroll Savings Plan over the top.

Your money in War Bonds—10% of your salary every payday—not only will help pay the bill to create the most powerful blasting force ever put together—but you'll do yourself and your family a favor, too.

Because every time your savings amount to \$18.75, you'll get a War Bond—worth \$25 in ten years.

You don't give your money; you invest it, both for Victory, and for your own personal security.

That's your mission—will you accomplish it?

THE VOGUE

Fair Enough!

IT'S LIKE PUTTING MONEY IN THE BANK!

- 5 REASONS WHY**
1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
 2. You prove that you are a patriotic American.
 3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
 4. You prove to our enemies that we are a United People.
 5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

"Listen, mister... I'm making pretty good wages these days, and so are about fifty million others. And we all think pretty much the same about the way we can help America win the war.

"Save 10% in War Bonds every payday? That's no sacrifice—it's a cinch! Like putting money in the bank.

"Take my wife, for instance. She says it's money we just wouldn't save, otherwise—dough that we just chuck away—with nothing to show for it later.

"But this is the real payoff—

"The money we save in War Bonds is going to produce the planes, the tanks, the ships and the guns to make the Japs wish they'd never even seen Pearl Harbor! It's going to produce the bombs and the bullets to make their honorable 'harakiri' seem like a picnic.

"Do you think we people on the home front want to be left out? Don't you know that the workers, the stenos, the farmers, dentists—every last man and

woman of us wants to come through with his share?
 "So when they came around in our plant and actually offered to help us save for the War Bonds, you can bet we all said 'yes!'"

"Every week they save 10% out of our pay—a dime in every dollar—and when it adds up to \$18.75, we get a War Bond—worth \$25 in ten years. Yessir! A War Bond in our own name, or the Missus, or both!"

"Honest, now, do you think we're patting ourselves on the back? Do you think we're asking for praise just because we do our part to hamstring Hirohito and Hitler—and lay away a pile of dough in the bargain?"

"How about you? Are you in on this plan? If not, better get in. Better save your 10% every payday. Better do your share to wallop the tar out of the Japs and Huns.

"Say 'sure!' when they come to you...
 "It's like money in the bank!"

RURAL CORRESPONDENCE Cowboy Reunion Hostess

McCARTY
Mrs. B. B. Bullard

Next Sunday is preaching day, so lets every one come to church.

Rev. Elmer Peterson of Lubbock who has been visiting his parents, Mr. and Mrs. N. F. Peterson, was taken seriously ill, and was rushed to a Lubbock hospital, where his condition is reported very serious.

Mr. and Mrs. Welton Blair and daughters, Shirley and Karen visited Mrs. Blair's parents, Mr. and Mrs. Furlow of Harmony Sunday.

Mr. and Mrs. Jube Cotten and son James, have moved to Big Spring, where they will make their home.

Mr. and Mrs. Marvin Peterson, formerly of McCarty, who are now making their home in San Angelo, are the parents of a baby girl.

Mr. and Mrs. Morris Finley and son visited Mr. and Mrs. Welton Blair Saturday evening.

Mr. and Mrs. J. D. Reed visited Mr. and Mrs. J. Bostick Sunday evening.

Mr. and Mrs. B. E. Green and children visited in the Woody community Sunday.

Paul Crow of Midway visited his grandparents, Mr. and Mrs. Jack-

son over the week end.

All of Mr. and Mrs. J. M. Peterson's family met at the park to have lunch in honor of Mrs. Keith Durham and daughter, Julia, Mrs. Carl Zeek and children, Joyce, Richard and Charles, who plan to fly to Panama Canal Zone, to their home this week. They are the daughters of Mr. and Mrs. Peterson.

Mrs. Clyde Wyatt and children, Mary Frances and Wanda Lou, spent the week end with Mr. and Mrs. H. E. Blair.

Mr. and Mrs. Edd Parks of Desdemona, visited Mr. and Mrs. J. Bostick last Thursday.

ACKERLY
Jerry Ward

We had good attendance at Sunday School. There wasn't any preaching services at the Methodist Church. The pastor Rev. Jackson was in Dallas attending a Pastor's School.

Mr. and Mrs. Milam and daughter, Lila Lee, of Lamesa, visited in Ackerly Monday.

Mr. and Mrs. Earl R. Ponder, the Supt. of the Ackerly School the past two years moved Tuesday to Sumerbrook, where he and Mrs.

Mrs. G. H. Zachary, above, will be hostess to the cowgirl sponsors from various West Texas towns and cities at the Thirteenth Annual Texas Cowboy Reunion to be held in Stamford July 2, 3 and 4. Mrs. Zachary is a daughter of Chas. Brewington of Dallas, who was a leading Stamford citizen in the early days of the town. She is an ardent golfer, rides horseback, and is active in social and Red Cross activities.

Ponder will teach school next year. We regret losing them from our community, but wish them success in the new home.

Mr. and Mrs. Vernon Munn and Leona Rudevalp returned home after an extended visit with relatives in Arkansas.

Mr. and Mrs. G. W. Bryson and Weldon are visiting their sons in New Mexico this week.

Mrs. Elmer Oaks and children of San Angelo spent a few days here last week visiting with her parents, Mr. and Mrs. George Bryson.

Ila Margaret Coleman, who has been attending Draughton's Business College at Lubbock the past year is here. She has employment at the Big Spring Air Base.

Mr. and Mrs. Lynn Hendon and children spent Sunday here visiting with her parents.

Mr. and Mrs. Lewis Singleton and children of Denver City visited here Saturday with his parents, Mr. and Mrs. A. D. Singleton, Sr.

Freddie Mearl Pendergrass entertained with a farewell party Monday evening for Nell and Billie Ponder who have moved to Sumerbrook.

Edd Cross and J. A. Faulkenberry left Monday for San Antonio, where they have government employment.

J. A. Faulkenberry and daughters are visiting at Laraine with relatives this week.

Nell Ward is spending this week at Dawson with her sister, Mrs. Lynn Hendon.

of Robert Lee Saturday and Sunday.

Mrs. E. L. Wade and son, Vernon, visited friends and relatives in Colorado City over the week end.

Mr. and Mrs. Robert Dunn and children visited Mr. and Mrs. Johnnie Corbin Sunday.

Mrs. Leo Phelan visited Mrs. Skeet Phelan Saturday.

Mrs. Charlie Butcher visited Mrs. Robert Dunn Wednesday.

Mrs. H. W. Thurman visited her parents, Mr. and Mrs. D. Richards Wednesday.

MIDWAY
Mrs. W. E. Love

Mr. and Mrs. J. A. Hinson and daughter, Jewel, spent Sunday in Lubbock.

Donnalita Love visited Mr. and Mrs. Claud Dean and family of Robert Lee the past week end.

Mr. and Mrs. Charlie Mullins and children visited Mr. and Mrs. Ralph Mullins and children of Flower Grove Sunday.

Mr. and Mrs. Elmo Murff and daughter, Betty, visited relatives in Tahoka Sunday.

James Hinson and Roger Gibson spent the week end in Spur.

J. L. Schoeler visited relatives in Robert Lee the past week end.

W. M. U. Met with Mrs. J. P. Gibson Monday. Refreshments of ice cream and cake were served.

KEY
Denver Truitt

Several visitors attended church services with us last Sunday. We all were very glad to have them and invite them back again.

Mr. and Mrs. Bill Music of Lovington, N. M., visited Mr. and Mrs. J. W. Southard over the week end.

Mr. and Mrs. Gus Grawunder and family of Lamesa visited in the home of Mr. and Mrs. Hub Spraberry Sunday.

Mr. and Mrs. M. M. Shearer and children, and Mr. and Mrs. Willard Tapley visited relatives in Colorado City Sunday.

Billie Walter York of Lamesa visited his grandparents, Mr. and Mrs. Walter Dement over the week end.

Mr. and Mrs. E. T. Waldrop, Mr. and Mrs. G. V. Waldrop and family, Mr. and Mrs. O. Reeves and family, Mr. and Mrs. Vernon Garrett and family, all of Woody and Mr. and Mrs. R. O. Baxter Jr., and Rev. A. A. Watson of Lamesa were dinner guests of Mr. and Mrs. P. E. Waldrop and family Sunday.

Wanda Trice and Mr. and Mrs. Holder and daughter, Aderon of Sparenberg attended church with us last Sunday.

Mr. and Mrs. Frank Stanley of Carlsbad, N. M. and Mrs. Stanley of Lamesa visited in the home of Mr. and Mrs. H. A. Shipp last week.

We are very sorry to report that Mrs. Tisdale had the misfortune of breaking her leg while fishing last week.

Mr. and Mrs. Johnnie Collett and family of Shumake visited in the home of Mr. and Mrs. I. T. Truitt Sunday.

Mrs. C. A. Preston of Welch visited her mother, Mrs. J. M. Riley last Saturday.

THREE LEAGUE
Gladys Russell

Mr. and Mrs. George McAdoo, of Lamesa and Mr. and Mrs. Elmer Reed and son of Dumas, spent the week end with Mr. and Mrs. Edgar Reed and Mr. and Mrs. Claude Reed.

Mr. and Mrs. C. B. McReynolds and son of Lubbock spent Sunday with Mr. and Mrs. G. M. Oliver.

Mr. and Mrs. J. M. Russell had as their dinner guests Sunday Mr. and Mrs. Amos Painter and daughter, Poyce of Wilson, Mrs. T. E. McReynolds and Mrs. Nolan J. Robinett and daughter, Willonia, and son, Nolan Jr., of Patricia, Mrs. Gussie Cockrell of Wortham, Mrs. Lonnie Childs and sons, Charles Earl and Harold Dean of Centerville and Darlene Moore of Union.

Mr. and Mrs. Comer Holcomb and daughter, Gloria, are visiting in New Mexico.

Pvt. Archie Dennis of Camp Barkley, Abilene, spent the week end with his parents, Mr. and Mrs. Walter Dennis.

Thelma Lee Dennis had as her guest this week her cousin, Jenny Everet.

Mr. and Mrs. Noel Studer of Mungler spent Sunday afternoon with Mr. and Mrs. Walter Dennis.

Mrs. J. M. Russell had as her guests the past two weeks her daughter, Mrs. Lonnie Childs and sons, Charles Earl and Harold Dean of Centerville, Texas, and her mother, Mrs. Gussie Cockrell of Wortham, Texas.

Edgar Reed has return home for a 10 day furlough.

Miss Darlene Moore of Union spent the week end with Miss Gladys Russell.

LOYOLA
Mrs. L. M. Wiggins

Mr. and Mrs. A. E. Dauley and son, Dean, who have been visiting with friends and relatives in Arkansas, returned home Sunday.

Mrs. Bonnie Smith and children visited Mr. and Mrs. Leo Phelan Monday.

Mr. and Mrs. William Staas visited Mr. O. Phelan and son, J. D. Sunday night.

Mrs. Loyd Wiggins visited Mr. H. W. Thurman Friday.

Mrs. Fred Dunn visited Mrs. L. D. Woodward Tuesday.

Mr. O. Phelan and son, J. D., and Mrs. Loyd Wiggins and son, Wayne visited Mr. and Mrs. Loyd Phelan

Married Men With Children Will Be Last To Be Called Into Nation's Armed Forces

By Associated Press

Draft headquarters announce that generally speaking married men with children would be the last to be called into service, but emphasized that they could count upon no permanent deferment.

Emphasizing the policy to be followed under the bill signed today giving financial assistance to dependents of men in the armed forces, selective service officials established four broad categories to govern the order in which men shall be called:

Category 1 Registrants otherwise qualified for military service who have no bona-fide financial dependents.

Category 2 Registrants otherwise qualified for military service who have financial dependents other than wives or children mentioned in categories 3 or 4.

Category 3 Registrants otherwise qualified for military service who have wives with whom they are maintaining a bona-fide family relationship in their homes and who were married prior to Dec. 8, 1941, and at a time when induction was not imminent.

Category 4 Registrants otherwise qualified for military service who have wives and children—children alone, with whom they maintain a bona-fide family relationship in their homes who were married prior to Dec. 8, 1941, at a time when induction was not imminent.

After setting forth these classifications the selective service system added that it wished to make it "emphatic that they do not provide for the permanent deferment of men with dependents but rather registrants with dependents will be inducted."

Might Still Be Called

Moreover, it appeared that in some cases married men might still be called ahead of others, if such action were necessary to fill draft calls on time. The announcement emphasized that "the national interest requires that all calls to meet the manpower requirements of the armed forces be filled on schedule" but that, insofar as was practical in meeting these calls, the category system should be followed.

Thus, it seemed possible that in cases where a draft board is already on the point of sending married men up for induction and can not substitute single men quickly, the married men may have to serve.

Must Get Full Facts

Local boards will continue to review the facts in the case of each individual," the announcement said. "In the selection of registrants for induction from any of the four categories the full facts in each individual case shall be considered, and the local board, subject to the usual appeals, must judge whether or not there are sufficient unusual circumstances to justify a departure from the general rule of priority of induction."

In addition to issuing this statement the draft headquarters dispatched a telegram to state directors saying:

"It is the expressed intent of Congress that registrants who are otherwise qualified for military service be divided into categories on the basis of family relations and dependents, and that the registrants in the several categories be arranged in the order in which it is advisable to select them for induction, and that all registrants in each category be selected for induction before any registrant in the succeeding category is selected for induction."

In additional the national headquarters made it clear that the establishment of these categories had no effect upon occupational classifications.

The bill providing for financial aid to dependents of fighting men and laying down a congressional policy aimed at preserving the "institution of the home" was signed into law today by President Roosevelt.

Policy Written Into Bill

The general deferment policy was written into the bill after some members of Congress had said they feared that draft boards

Glider School News

Col. Norman D. Olsen, executive officer South Plains Air Base of Lubbock and his staff were visitors at the Lamesa Glider School this past week. They were here getting ideas for the Lubbock Glider School.

Lt. Col. Cornett and Capt. Hines of the Gulf Coast Training Center, Randolph Field made a tour of inspection to the Lamesa Glider School this week.

Get Canning Sugar Applications On Mon. and Fri.

Applications for canning sugar are taken on Monday and Fridays of each week in the basement of the post office, during the hours of 10 a. m. until 4 p. m., according to the War Price and Rationing Board, and who ask that everyone please observe these regulations.

Consumers who have registered may obtain sugar for canning or preserving fresh fruits for their own use in an amount of one pound per four quarts of finished canned fruit, and one pound each per person for use in preparing preserves, jams, jellies or fruit butters.

In no event may an individual or family unit be permitted more sugar than is necessary to can the quantity of fruit which the board thinks is reasonable, giving due consideration to the season, the practices of the individual and the community, and all other pertinent information.

Application shall be made at the Rationing board office in the basement of the Post Office by one adult member of a family unit for the entire family, or by a consumer not a member of a family unit. The applicant shall state the names of consumers for whom the application is made, their War Ration Book Serial numbers, the number of quarts of fruit canned in 1941, or if a previous application for canning has been made, the number of quarts of fruit canned since that application, the number of quarts of fruit in possession of the applicant, the number of quarts of fruit to be canned during the period for which application is made, whether sugar will be used for preserving and excess sugar supply as of time of registration, and any reduction since then.

If sugar allowed under this rule is not used during the specified period, the applicant shall within thirty days after the end of that period, report the fact to his board. If a certificate was not used it shall be returned to the board for cancellation. If the certificate was used, but sugar bought was not used for canning or preserving the War Ration Book or Books of the individual or the family shall be returned to the Board.

Boy Scouts Of Troop 22 Go To Scout Camp

Boy Scouts of Troop 22 and their leader, Joseph N. Spikes, are leaving this Friday noon for Camp We-hin-ah-pay to attend the regular summer scout camp of the Eastern New Mexico Area Council. Also in attendance will be scouts from Roswell, Clovis, Carlsbad, Hobbs, Lovington, Artesia, Tucumcari and other Eastern New Mexico towns, and a most wonderful outing is anticipated. They will return home July 5th.

Located high in the beautiful Sacramento Mountains in the Lincoln National Forest, twelve miles west of Weed, with stately pines, spruce, fir and quaking aspen trees in abundance, nothing is needed to make the camp most ideal. All meals will be prepared by professional cooks and served in the spacious mess hall. Scouts will sleep in cabins.

Director of the camp will be Ray Robbins of Lovington and Sam A. Henry, Jr., Scout Executive of Clovis will be business manager. They will be ably assisted by a staff of capable leaders and craftsmen. Mail should be addressed to Boy Scout Camp, Weed, New Mexico. Long distance telephone calls can be made to camp by way of Cloudcroft.

Scouts making the trip are: C. T. Beckham, Tom Branon, Wayne Cox, Wendell Denson, P. A. Dugger, Jr., Jake Gaultney, George Hart, Joe Lee Kelly, Robert Kirk, Wayne Lawler, Jno. Jr., Leuenberger, Ted McCollum, Jr., Lorayne Morris, George D. Norman, Jr., Oatus Roberts, Jr., Eldred Scott, Jimmy Smith, Marvin Standefer, Bill Taylor, Owen Taylor, Jr., and Charles Privitt.

Food Handlers Urged To Help Prevent Diseases

In a vigorous war time campaign to elevate the State health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health is conducting schools for food handlers in many sections of Texas. Dr. Geo. W. Cox, State Health Officer, announced today.

"Food handlers are being instructed in sanitary methods of preparing, handling, and serving food for public consumption," Dr. Cox said. "Actual experience has shown that an insanitary eating establishment is one of the surest sources of spreading infection. Public health is menaced by the lack of proper sanitation in food handling and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure an elimination of this health hazard."

Training schools consist of elementary courses in bacteriology, communicable diseases, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

Special attention has been paid to requests for schools in defense areas, and classes have already been held in Mineral Wells, Weatherford, Anahuac, Liberty, Victoria, El Campo, Wharton, Bay City, Brownsville, Harlingen, Corpus Christi, Midland, Odessa, Gainesville, Taylor and Georgetown.

T. J. Stanley, Jr., with the Air Corps, at Corpus Christi, is visiting here this week with his mother, Mrs. T. J. Stanley.

National Cotton Council of America, and others.

Cotton and cottonseed products' important part in the war effort and in post-war developments will be stressed at the 1942 Congress, and the program has been planned especially to be of interest and value to industrialists, bankers, chamber of commerce executives and other business leaders, as well as to several hundred members of the cotton industry who will attend the two-day session.

Cotton Congress To Be Held In Dallas July 9 and 10

"Cotton in War and Peace" will be the theme of the Third Annual Cotton Congress at Baker Hotel in Dallas, July 9-10, under the sponsorship of the State-Wide Cotton Committee of Texas, Burris C. Jackson, Hillsboro, has announced.

Director A. B. Conner of the Texas Agricultural Experiment Station is Congress Chairman. A. L. Ward, Dallas, Educational Director, National Cottonseed Products Association; H. H. Williamson, College Station, Director, Texas Extension Service; and Doctor A. B. Cox, Austin, Director, Bureau of Business Research, University of Texas, are program chairmen for the three Congress sessions.

More than thirty Texas organizations and such national organizations as the Cotton-Textile Institute and National Cotton Council are cooperating in the convention program, to be featured by a large number of exhibits of products and potential products made from cotton and cottonseed, as well as speeches by leaders in the cotton industry.

Nationally-known speakers on the Congress program will include: Doctor Henry G. Knight, chief, Bureau of Agricultural Chemistry and Engineering, U. S. Department of Agriculture, Washington; Doctor Claudius T. Murchison, president, The Cotton-Textile Institute, New York; Ed Lipscomb, director, Domestic Consumption Section, Na-

J. C. FREEMAN'S CLUB GILT SHOWING GROWTH

My 4-H club gilt is really making a nice growth, stated J. C. Freeman, 4-H club boy of the Union Club. I am feeding her ground grain, shorts, oats, tankage and protein supplement as well as minerals. Later I am going to put her on a sudan pasture to lower my feeding cost.

would consider government financial assistance for dependents a signal to start inducting married men on a large scale.

The government's financial allotments would go to the dependents of Army men up to and including the grade of lieutenant and of Navy men up to and including third class petty officers.

Dependents would be divided into two groups: wives, children, and former wives entitled to alimony in the first; and brothers, sisters and parents in the second.

Would Deduct Pay

In the case of a soldier with class A dependents the government would deduct \$22 monthly from his pay and add \$28 for his wife or \$40 for a wife and one child, with an additional \$10 for each additional child; \$20 for a child but no wife, and \$10 for each additional child, but no wife.

Deductions for class B dependents would be optional with the soldiers. They would amount to \$22 monthly if there are no class A dependents, and \$5 monthly if there are class A dependents. To this the government would add \$15 for one parent, \$25 for two and \$5 for each brother, sister or grandchild.

WOODY Aladine Drennan

Church and Sunday School at tendance was good Sunday at both morning and evening services.

Mr. and Mrs. J. M. Ranson of McCarty, visited Mr. and Mrs. R. H. Ranson and family, Sunday.

Mr. Abbott left Tuesday for Lubbock to attend school.

Mrs. Lane, Dorothy and Frank, Jr., visited Mrs. Lane's sister, Mrs. Annie Pounds, of Hancock, last Tuesday.

Mr. and Mrs. Jim Greer and Hazel, Mr. and Mrs. L. R. Bass and family spent the week-end visiting Mr. and Mrs. Floyd Greer, of Lovington, New Mexico.

Frank Lane, Jr., spent the last week in Big Spring.

Mrs. Smith and family left last Wednesday for Weatherford, Tex.

Gail Broughton and the musicians were glad indeed to have such a large crowd at their musical program Friday night at the Welch Drug Store. They will have another program July 3.

West Texans Are Showing Intense Interest In Aviation, Army Recruiter Says

With reports of probable invasion of United Nations countries in North Africa by air-borne Nazi troops, and the massing of thousands of troops around the Mediterranean sea, West Texans are showing an interest in all phases of aviation, Lieut. Col. Joseph R. Peller, district commander in charge of recruiting, pointed out Tuesday.

Opening of a glider training school at Lamesa, now in operation, and also another at Plainview, with tentative schools at Lubbock and Amarillo, have had their part in creating further interest, he said.

There are two classes for glider pilots, A and B. The first class is for men with previous aviation experience, the second for men without such experience. These men must be between 18 and 36 years of age, with a high type of physical energy and in good physical condition. Men who qualify are sent to San Antonio for training.

At Lamesa, said Col. Peller, the school is mostly for commissioned officers. A few of the better type of men will be commissioned, and the rest given high non-commissioned ratings. There are several types of training, and a man can qualify in approximately 12 weeks.

Parachute troop applicants must be between 18 and 32 years of age, weigh less than 185 pounds and be not over 72 inches tall. Their vision must be 20-40 or better. Applicants are sent to Fort Benning, Ga., for training. Parachutists also will receive \$50 a month in addition to their regular grade pay.

Aviation cadets must be between 18 and 26 years, and pass a rigid physical examination as well as an educational test.

In recent months the Lubbock district has examined a large number of young men, mostly Texas Tech Technological college students or graduates and, because of a shortage of training vacancies, have had to give them furloughs. In recent weeks, said Col. Peller, the number of available training centers has increased, so that aviation cadets are being called into service more promptly than for months.

Mrs. Henry Stafford, of Lubbock, is visiting here this week with her mother, Mrs. R. E. Simpson.
