Texas Highways Present Hazards

AUSTIN (AP) — The Texas Highway Department reported these road conditions at 9:30 a.m. today by districts:

San Angelo—Ice on bridges in Irion, Reagan, Runnels, Coke, Glasscock and Sterling counties. Texas 158 between Sterling City and Bronte has ice cover.

Fort Worth — Ice cover on highways in Jack and Wise counties, and ice on bridges in Palo Pinto, Tarrant and Parker counties.

Corpus Christi — Ice on bridges in Live Oak and Bee counties.

Childress — Ice cover on all highways. No improvement expected today.

Lubbock—Ice and snow cover on all highways.

Paris—Ice on bridges.

Abilene — Ice cover on all highways. No improvement expected today.

Tyler — Ice on bridges in northern part of district.

Wichita Falls — All highways have snow and ice cover. No improvement expected today.

Amarillo—All highways have snow and ice cover. No improvement expected today.

Odessa—Ice cover on all highways in northern and western portion of the district.

Brownwood — ice on bridges throughout the district, and driving conditions to get worse today.

Dallas—Ice on bridges north of Dallas.

IMPORTED SNOW — Candye Gould of Mount Pleasant, a secretary to Sen. Ike Harris of Dallas, gets the feel of winter as she rakes her hand through the snow on the car used by Gov. Preston Smith. Actually, the white stuff was imported from Lubbock. The car is owned by Secretary of State Larry Teaver and still had a blanket of snow on it when it arrived in Austin from Lubbock. (AP Wirephoto.)

No Early Relief Due For Siege

With forecasters saying no relief for icy weather is in sight "before Thursday at the earliest and quite possibly not then," the stay-off-the-slippery-roads watchword remains the order of the day for all the northwestern third of Texas.

The National Weather Service at Midland Air Terminal—where temperatures skidded from 25 degrees at midnight to 18 at noon — said there is a 70 per cent likelyhood that freezing drizzle or light snow that fell much of the morning would continue tonight and Wednesday.

Snow, Sleet In Area

Temperature was expected to remain around 20 today, dip to the middle to upper teens tonight, and edge back to the middle to upper 20s on Wednesday, meaning there is no prospect for an early thaw.

The freezing drizzle was expected to be mixed with occasional light snow or sleet in the region.

Some briefly heavy snow flurries fell at Lamesa this morning, and light snow was falling from time to time at Crane and Big Lake.

The Department of Public Safety said road conditions remain dangerous throughout West Texas, from El Paso to Abilene and north through the Panhandle.

Old Adage Tested

Even the old claim about "neither rain nor sleet nor snow . . . ," stopping the mail from going through was being put to a severe test by the treacherous coating of ice on highways throughout the region.

Midland postal sectional center officials said mail trucks were arriving here "four to six hours late, if at all," and that only one of 30 scheduled air mail arrivals to Midland made it during the last 24 hours.

"To say we're running late is an understatement," declared one postal official here. "Most of the usual morning mail arrivals didn't make it before the carriers went out for city deliveries today.

Far Behind Schedule

"One truck scheduled to be here at 3 a.m. just now rolled in," he said at 11:30 a.m.

"Trucks from the north, where they're used to this kind of weather, are getting here late . . . but many from Dallas and El Paso areas, where they're not accustomed to driving on ice, are not getting through until the roads clear some . . . whenever that may be."

Schools closed throughout the region, many local meetings of all types were postponed, and several basketball contests were being rescheduled for later dates —including games originally set for tonight by Midland High School and Lee High School, as well as Stanton-at-Crane and Andrews-at-Odessa Ector.

The list of closed public schools included Midland, Odessa; Andrews, Lamesa, Stanton, Big Spring and Garden City.

The roads were not quite so slippery to the south at McCamey, Crane, Rankin and Big

Midland Field Opens To New Gas Horizon

I. W. Lovelady of Midland has completed No. 1-D (Formerly No. 1-E) Josie Faye Peck, former Fusselman and Ellenburger oil producer, as a Devonian gas pay opener in the Sweetie Peck field of Midland County, 17 miles southeast of Odessa.

Calculated absolute open flow was for 7.55 million cubic feet of gas daily, with gas-liquid ratio of 12,382-1. Gravity of the condensate was 62.5 degrees.

Production was through perforations at 11,628 - 11,910 feet, which had been acidized with 10,500 gallons.

Total depth is 13,316 feet, with 5½-inch casing set one foot off bottom. The plugged-back depth is 12,100 feet.

The following tops were picked under ground elevation of 2,907 feet: San Andres, 5,700; Wolfcamp, 9,840; Pennsylvanian, 10,340; Devonian, 11,595; Fusselman, 12,500, and Ellenburger, 13,140 feet.

Location is 500 feet from north and east lines of section 20, block 41, T-4-S, T&P survey.

Pecos Test Flows Devonian Gas, Oil

Jake L. Hamon, Dallas, No. 4-C Noelke, Pecos County Fusselman gas pay opener in the Sheffield Townsite multipay field, ⅝ mile southeast of the Devonian oil opener and lone well from that pay, contined production tests through Devonian perforations at 7,976-7,986 feet, which had been acidized with 500 gallons.

It flowed 24 hours through a ½-inch choke, making 48.18 barrels of oil and gas at the daily volume of 177,000 cubic feet.

It assured production earlier, with the flowing of gas at the rate of 1.9 million cubic feet daily, plus two barrels of condensate and 56 barrels of water in nine hours, through a 20-64-inch choke and Fusselman perforations at 8,492-8,504 feet.

A re-entry operation, it originally was drilled by Marathon Oil Co. as No. 1 Freida C. Noelke, and plugged and abandoned Nov. 22, 1965 at 10,202 feet.

Location is 1,926 feet from most northerly north line and 1,650 feet from middle east lines of section 2, block 193, TMRR survey, one mile east of Sheffield.

Explorers Slated In Winkler, Coke

Exploration is scheduled in Winkler and Coke counties.

Exxon Corp. has filed application to re-enter and plug back to 5,738 feet, for recompletion attempt as a Tubb pay opener in the Keystone field of Winkler County, at No. 10-B W. A. McCutcheon, former Devonian producer.

Perforations opposite the Devonian at 7,389-7,430 feet will be squeezed.

Location is 735 feet from south and 555 feet from east lines of section 15, block B-2, PSL survey, six miles northeast of Kermit.

Richardson, Moorer Testify For Nixon's Vietnam Leadership

WASHINGTON (AP) — Elliot L. Richardson, nominated to become secretary of Defense, today supported as wise and conscientious President Nixon's bombing and military decisions in Vietnam.

"I believe the leadership the President has given to achieving an honorable peace in South Vietnam is wise and conscientious," Richardson told the Senate Armed Services Committee.

"I believe that all actions have been taken for the sole objective of achieving peace on terms that minimize risks to the preservation of that peace," Richardson said.

The comment responded to a direct question by Sen. Stuart Symington, D-Mo., whether Richardson believed that the policy of continued bombing of North Vietnamese cities is necessary "to the security and prosperity of the United States."

Like Secretary of Defense Melvin R. Laird Monday, Richardson declined to discuss specifically the bombing and whether the massive attacks in December were necessary to secure the release of American prisoners of war and an accounting for Americans missing in action.

Related To Paris Talks

He said that the military actions are related to the Paris negotiations for a settlement of the war and that it is not appropriate for him to discuss them publicly. He said the Defense Department has offered to give a full briefing on the military aspects to the Senate committee in private session.

As to the bombing, Richardson said only that "my understanding is that all targeting in Hanoi and Haiphong have been military targets."

Meanwhile, Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff, was a witness at separate, closed sessions of the House Appropriations and Armed Services committees.

Secretary of Defense Melvin R. Laird told congressmen

Court Rules Tax Records Not 'Sacred'

WASHINGTON (AP) — The government has a right to compel bookkeepers and accountants to turn over tax records of their clients, the Supreme Court held today by a 7-2 vote.

While specifically avoiding a hard and fast rule, the majority said a Roanoke, Va., restaurant operator had no right to assert her Fifth Amendment privilege against self-incrimination when her bookkeeper was hit with an Internal Revenue summons for her tax records.

Douglas Dissents

In dissent, Justice William O. Douglas said the decision could lead to government invasions of privacy which will "stultify the exchange of ideas that we have considered crucial to our democracy."

Writing for the majority, Justice Lewis F. Powell Jr. said, "it is important to reiterate that the Fifth Amendment privilege is a personal privilege: It adheres basically to the person, not to the information which may incriminate him.

"The criterion for Fifth Amendment immunity remains not the ownership of property, but the 'physical or moral compulsion exerted'," Powell wrote quoting from an earlier decision.

FOR 140-DAY REGULAR SESSION--

63rd Legislature Opens

By LEE JONES

AUSTIN (AP) — Texas lawmakers assembled today for a 140-day session and quickly learned that the state treasury is healthy and that one potential source of legislative conflict has been erased.

The 63rd Texas Legislature convened officially at noon.

Shortly after Secretary of State Larry Teaver gaveled it to order, the House was expected to elect Rep. Price Daniel Jr. as its speaker.

The possibility of an opening-day floor fight over seating Rep. John Allen of Longview, recently convicted of misdemeanor nepotism, vanished. Rep. Larry Bales of Austin, who previously had threatened to move for Allen's explusion, said he had decided to offer only a resolution setting up a five-man committee to investigate Allen's conduct.

"I have talked with a lot of members, including freshmen, who are not acquainted with the facts. And there is a lot of sentiment not to do anything. That accounts for the compromise," Bales said.

Such a resolution probably would take weeks to reach the floor.

The new speaker also said he planned for late this afternoon.

State Comptroller Robert Calvert issued a report to the lawmakers, estimating that $1.8 billion in general revenue will be available for expenditure during the two years starting Sept. 1. That more than covers the two-year state budget which the Legislative Budget Board has recommended, a board official said.

Calvert's report means new taxes would be required only if the lawmakers embark on new spending programs, or are forced by federal court decisions to pump more state funds into local school districts.

The Senate does not plan to do much in the way of organizing itself until after Houston newspaper executive Bill Hobby is inauguranted as Lieutenant governor next Tuesday.

Lame duck Lt. Gov. Ben Barnes presides until then.

But Daniel planned to move quickly to put many of the "reforms" on which he campaigned into the rule book. His staff said a rules vote was wants to move swiftly getting the House down to business on legislation.

Unlike predecessors who sometimes waited several weeks to appoint committees to consider bills, Daniel said he hoped to announce his selections Friday.

This would clear the way for

(See LEGISLATURE Page 2A)

LATE NEWS FLASHES

OKLAHOMA CITY, Okla. (AP)—Schools in a number of Oklahoma cities were told today to cut off their gas furnaces at noon today as natural gas suppliers continued to curtail deliveries because of the bitter winter weather.

MORGAN CITY, La. (AP)—A barge loaded with chlorine rammed into a railroad bridge over the Atchafalaya River near here today, and a second barge is loose and unaccounted for on the river.

Mauzy Named Senate Boss Pro Tempore

AUSTIN (AP) — Sen. Oscar Mauzy of Dallas, generally acknowledged as the unofficial leader of the Senate's liberal minority, was elected by his colleagues today as their assistant presiding officer.

Mauzy said when he receives the traditional honor of being governor for a day, he will hold the ceremonies in Dallas' Oak Cliff section, which is his district.

Mauzy, 46, and Chet Brooks of Pasadena are the only two remaining senators from a group of nine elected in 1966. The Senate president pro tempore job is based on seniority.

A graduate of The University of Texas Law School, Mauzy has practiced law in Dallas since 1952. He is a former president of the Dallas County Young Democrats and was co-chairman of the Dallas County Kennedy-Johnson campaign in 1960.

How Many Snipers? Nobody Knows

NEW ORLEANS (AP) — Police Supt. Clarence Giarrusso says a sniper involved in the slayings of six persons slipped through a 200-man cordon from his hotel rooftop perch Monday either through "police negligence" or because he was super smart.

Giarrusso said Monday night he was convinced more than one sniper was responsible for killing the six and injuring 17 others in a two-day battle. But when pressed by newsmen, Giarrusso admitted there could have been just one sniper — the man killed by police gunfire Sunday night.

A floor-to-floor search of the 18-story DownTown Howard Johnson's hotel was made by 100 officers Monday night. They found no one and all but about a dozen officers left the scene.

The central business district, which was cordoned off by police Monday, remained closed to normal activity today, Mayor Moon Landrieu said.

As the floor-by-floor search of the hotel began, Giarrusso said, "If they don't turn up anyone . . . then he got away."

How could he have filtered to freedom through the scores of officers surrounding the hotel?

"There's a gamut of possibilities ranging from police negligence to a superbrain sniper," Giarrusso replied.

The theory of two or more snipers was based on "some" evidence, Giarrusso said, stressing that after a sniper was killed on the rooftop Sunday night, there were reports of gunfire coming from the roof and three officers were slightly wounded.

However, the superintendent admitted the possibility that the three were wounded by gunfire from fellow officers stationed in surrounding buildings.

He said he had other evidence, but would not elaborate.

A sharpshooter in an armor-plated Marine helicopter killed the sniper whose body lay on the rooftop all night and most of the day Monday.

The body was removed Monday evening and fingerprinted. Giarrusso said there was a tentative identification, but "I'm not going to announce anything tentative. When we are positive, I'll tell you."

He said he believes the shoot-

Six-Hour Kissinger-Tho Meet Produces No Sign Of Results

PARIS (AP) — Henry A. Kissinger conferred with Le Duc Tho for six hours today in the second session of their Vietnam peace talks as Hanoi declared in a broadcast that "there has not been any sign showing that the negotiations will reach any results."

President Nixon's national security adviser was the host of the meeting in an American-owned villa in suburban St. Nom la Breteche. As at Monday's meeting on Communist ground, there was no public handshaking between the two sides, reflecting the apparent chilly atmosphere of the talks following the massive American bombing raids on North Vietnam.

But Tho and his advisers emerged smiling from the villa at the end of the meeting, in marked contrast with their grim expressions when the meeting began. Kissinger also directed a wan smile toward waiting newsmen and photographers when he left the villa a few minutes later.

Both sides maintained their mutually agreed news blackout over the subjects under discussion.

The North Vietnamese delegation announced that Kissinger and Tho would meet again Wednesday in the Communist-owned villa at Gif-sur-Yvette where they held their first meeting.

The unfriendly atmosphere which surrounded Monday's meeting continued today. None of the North Vietnamese was outside to greet Kissinger on his arrival Monday, so none of the Americans was visible when Tho and his staff arrived today. However, the door was opened from the inside as the North Vietnamese reached it, while on Monday Kissinger had to open the door to the Communist villa himself.

Wholesale Farm Prices Chalk Biggest Increase In 26 Years

WASHINGTON (AP) — Wholesale farm prices posted the biggest monthly increase in 26 years last month with a climb of 6.8 per cent, the government reported today.

The report, by the Labor Department's Bureau of Labor Statistics, blamed weather damage to crops as the main reason for the big increase.

The sharp climb in food prices boosted the government's over-all wholesale price index 1.8 per cent in December, the largest rise in 22 years. The increase was slightly less, 1.6 per cent, on a seasonally adjusted basis.

Prices of a broad range of industrial raw materials rose three-tenths of 1 per cent while wholesale consumer finished goods ready for market at retail had climbed 1.2 per cent, the report said.

The big increase in prices of farm products, largely uncontrolled by federal price regulations, included boosts of 21.1 per cent for grains, 16.9 per cent for eggs, 13.6 per cent for hay and oil seeds, 9.4 per cent for livestock, 7.8 per cent for plant and animal fibers.

Bob Boydstun for insecticides. (Adv.)

eight-tenths of 1 per cent for poultry and one-tenth of 1 per cent for milk.

The only declines was 5.1 per cent for fruits and vegetables.

Grains were 44.1 per cent higher than a year ago, livestock was 22.4 per cent above last year and eggs were up 25.8 per cent over the year.

The rise in prices of farm products was the largest since March 1947 and the over-all rise in all wholesales prices was the biggest since January 1951, the bureau said.

The report said wholesale prices have risen at an annual

McGovern Would Let Television Do His Walking

If He Had To Run Presidential Campaign Over Again

By MARGARET SCHERF

WASHINGTON (AP) — If he could do it over again, Sen. George McGovern says, his presidential campaign would be different: less travel, more television, less openness with the press, and more "no comments."

"My confidence in the ability to get to people with appeals based on simple, old-fashioned virtues like trust and decency has been shattered," said the Democratic party's 1972 presidential nominee, who was overwhelmed by President Nixon in last November's election.

As he eased back into the congressional routine — and geared up for his 1974 senatorial re-election campaign—the South Dakota senator reflected in an interview on what he would do differently.

"I'd conduct a cooler campaign," McGovern said. "Campaigning in three or four cities a day is a thing of the past. I don't think anyone will ever run for president that way again."

McGovern added: "I had thought that, as an underdog, it would impress people with my determination and sincerity. But it didn't work that way."

His advice for anyone contemplating a presidential campaign: Do less traveling and depend more on television—"fireside chats"—to carry your message to the voters.

"I wouldn't be as open with the press," McGovern said. "I'd be more discreet, more cautious about baring my soul. There would be more 'no comments.' "

McGovern says the press did a poor job of covering the campaign.

"I don't think the American people got a true picture," he said. "That was partly my fault and partly the fault of the press. I don't have harsh feelings for the press. I think they do a good job generally. But we had an unusual situation this time and neither I nor the press handled it quite right."

The senator particularly resents what he considers the news media's gullibility in falling for the Nixon campaign's strategy of using "surrogate candidates."

Day after day, McGovern said, various spokesmen for the Nixon administration were given equal play with the Democratic presidential nominee while Nixon was able to ride out the campaign without ever having to respond to McGovern's charges.

McGovern's somber mood extended to the subject that propelled him into presidential politics—the Vietnam war.

"I'm terribly discouraged, almost at the point of despair," he said. "I don't know if Congress can do anything with the President. He doesn't consult with us, he doesn't talk to us, he doesn't tell us anything. He just does."

But, McGovern said, ending the war still is his top priority. He said of the stalled peace negotiations: "I'm not going around saying 'I told you so'. But it's perfectly obvious, as I warned, that President Nixon deliberately misled us."

CAUGHT BY SURPRISE—The frosty grip of the worst ice storm North Texas has weathered in 20 years caught warm-weather residents like pretty Midwestern University coed Pat Patterson completely by surprise as the mercury dipped to 8 degrees in Wichita Falls. (AP Wirephoto.)

Watergate Trial Won't Reach Administration's Top Levels

WASHINGTON (AP) — The trial of the seven men charged in connection with the break-in and alleged bugging of Democratic national headquarters will reach into the Nixon administration, but not to the top levels.

Seven current or former White House staffers or members of President Nixon's re-election effort were named Monday as anticipated witnesses as the trial opened in U.S. District Court.

Asst. U.S. Atty. Earl J. Silbert, heading the prosecution team, read a list of 60 witnesses the government expects to call, including four Nixon campaign officials, two White House staffers and a former White House secretary.

The defendants include a former White House consultant, a former official of the Committee for the Re-election of the President and another man who worked in both places.

An eight-count indictment charges them variously with burglary, conspiracy, interception of oral and wire communications and unlawful possession of intercepting devices.

Five of the men were captured at gunpoint early last June 17 inside the Democratic offices in the Watergate office-apartment complex overlooking the Potomac River.

The two others were added in the federal indictment which said the seven conspired from May 1 to the day of the break-in to illegally gain information from the headquarters. Democrats have charged that political espionage was behind the break-in but the White House steadfastly has denied any connection.

Among the prosecution witnesses slated to be called are Jeb Magruder, a top lieutenant in the White House communications office who organized and initially headed the Nixon campaign committee.

Others include Hugh W. Sloan Jr., former treasurer of the Finance Committee to Re-elect the President; Robert C. Odle Jr., personnel chief for the campaign committee, and Herbert R. Porter, who ran the surrogate-speaker program for the Nixon campaign.

PRICES—

(Continued From Page 1A)

rate of 6.6 per cent during the 14 months of President Nixon's Phase II wage-price controls compared to a 5.2 per cent rate in the eight months before any controls were imposed in August 1971. The rate of increase in the last six months accelerated to 8.1 per cent, it said.

While most retail prices are controlled, wholesale food price increases at the farm level can be passed on to retailers and the consumer.

Panel Appointed To Study Jail

ODESSA — A committee has been appointed to study conditions at Ector County Jail and has had one meeting, County Judge Mike Earney revealed Monday.

The committee has called in a penology consultant.

Committee members are Charles Baker, Ector County head librarian, chairman; Warren Burnett, Odessa attorney; Carroll Albritton, assistant county auditor; Phillip Godwin, county court-at-law judge, and the Rev. D. Hungerford.

Long Winter Siege Due In Basin

(Continued From Page 1A)

Lake, where schools remained open.

The Weather Service's official forecast for Northwest and Southwest Texas offered no encouragement, reading as follows:

"Ice storm watch South Plains and Southwest Texas east of the Guadalupe-Davis Mountains tonight and mainly in Southwest Texas east of the mountains Wednesday. Travel advisory Panhandle tonight. Occasional snow north portion through Wednesday with additional accumulations of 1 to 3 inches causing hazardous driving conditions. Freezing rain or sleet Southwest Texas east of mountains likely tonight. Intermittent snow South Plains Wednesday and freezing rain or sleet Southwest Texas east of mountains. Cloudy with scattered showers Southwest Texas west of mountains through Wednesday . . ."

Official forecasters posted ice storm watches calling for sleet or freezing rain mixed with snow to spread eastward into North Central and Northeast Texas, and light rain in only slightly warmer portions of South Central and Southeast Texas.

And to Texans already weary of winter's early severity, long-range predictions added this discouraging note: Bitter cold with still more snow or rain can be expected almost everywhere in the state the rest of this week.

Up to four inches of snow blanketed most of the Panhandle-Plains sector, the National Weather Service reported, and additional accumulations of as much as three inches were predicted. From that area toward the south and east, freezing rain or drizzle was mixed with light snow as far as a line linking Paris, Brownwood and Marfa.

Early morning temperatures skidded to 2 above zero at Perryton in the Texas Panhandle, where 3½ inches of snow covered the ground and more was falling briskly.

It was 5 above at Dalhart with snow falling, 7 at Amarillo, where fog was mixed with snow and freezing drizzle, and 9 at Childress and Lubbock, also blanketed by snow. Readings elsewhere dropped to freezing or below as far south as Beaumont, Port Arthur, Houston and Corpus Christi, and the warmest spots were Brownsville and El Paso at 40 and Kingsville at 46, The Associated Press reported.

Among other readings near dawn were Wichita Falls 10, Abilene 14, Big Spring and Mineral Wells 16, Dallas and Fort Worth 20, San Angelo and Wink 22, Waco 23, Tyler 25, Austin 26, College Station, Longview and Marfa 27, Texarkana 28, Lufkin 29, San Antonio 30, Beaumont-Port Arthur 31, and Corpus Christi, Houston, Palacios and Victoria 32.

Outside the areas of subfreezing or freezing weather, rain already was starting again around Brownsville and McAllen in the Lower Rio Grande Valley—a semi-tropical zone where the mercury dropped to 36 at McAllen and 39 at Brownsville.

Temperatures were expected to stay well below freezing at many points today and overnight lows were due down to 8 in the Panhandle, 16 in North Central and Northeast Texas and 29 in South Central and Southeast Texas.

Monday that Moorer would provide "complete information" on the stepped-up bombing of targets around Hanoi and Haiphong, which ran from Dec. 18 to Dec. 30.

Youth Arraigned In Doctor's Death

SAN ANGELO — A man being held without bond in the slaying of a prominent San Angelo physician was arraigned here Monday before Justice of the Peace Ruth Nicholson.

He is Rusty Ray Thigpen, 19, accused of the shooting death of Dr. Aubrey Lewis, 75, whose body was found behind a hospital he owned.

The shooting, which officials said followed a robbery, occurred Friday night.

Trio Arrested On Pot Complaint

Complaint of marijuana possession were filed against three Midlanders following an arrest by the Texas Department of Public Safety Narcotics Service and Midland police.

They are Gary Michael Teinert, 20, of 2520 Shell St.; Mario Flores, 21, and Nelda Sepalveda, 23, both of whom reportedly live at 2305 S. Fort Worth St., according to authorities.

Justice of the Peace Robert Pine issued a search warrant for the Fort Worth Street address and state and local officers served it about 6:20 Monday.

Pine set bonds at $3,500 for Teinert and the woman and $5,000 for Flores. The trio remained in city jail this morning.

Arson Petitions Filed In Odessa

ODESSA — Petitions alleging arson have been filed in juvenile court here against two boys in connection with a fire at Ector High School.

The boys, both 14, are accused of setting a fire which did $15,000 damage to the school Dec. 22, according to police.

Archie D. Brooks Dies; Rites Pending

Archie D. Brooks, 64, 308 E. Magnolia St., died in his residence at 2:30 p.m. Monday.

Services are pending at the Newnie W. Ellis Chapel.

Weather Kayos Midland Meets

MC REGISTRATION

Midland College spring term registation for credit courses, originally scheduled for 6 to 9 p.m. today at Lee High School, has been rescheduled for 6 to 9 p.m. Wednesday, according to Dean of Student Affairs C. C. Dakil.

All students who have not completed registration or paid tuition and other fees should do so at this time, Dakil said.

SENIOR CITIZENS CENTER

The newly-formed Senior Citizens Center, originally scheduled to open with an informal open house from 10 a.m. to 3 p.m. Wednesday, will open a day late due to inclement weather and icy conditions.

Mrs. Marion Fisher, director of the center located in the First Christian Church, said this morning the open house will be held Thursday from 10 a.m. to 3 p.m. unless present weather conditions continue or worsen.

BAR ASSOCIATION

The Midland Bar Association postponed its meeting set for today noon at which Leroy Jeffers, president-elect of the State Bar of Texas, was to speak.

Jeffers, a Houston attorney, could not make it to Midland because of the bad weather conditions. Local bar officials said the meeting would be rescheduled.

API

The American Petroleum Institute's 6:30 p.m. meeting at Ranchland Hills Country Club today has been cancelled.

Burns McKinney, well-known Southwest Conference football official, was the scheduled speaker. He will be scheduled at a later meeting.

NACE

The scheduled 6:30 p.m. today meeting of the National Association of Corrosion Engineers in the Hotel Scharbauer Ballroom has been canceled.

The speaker was to be R. F. Weeter of Midland.

NEWTIMERS

The installation of officers meeting of the Newtimers Club at 10 a.m. today was canceled. The installation, which was scheduled at Ranchland Hills Country Club, will be held at a later date.

HAIRDRESSERS

The Texas Hairdressers and Cosmotologists Association meeting scheduled for 8 p.m. today in the Midland High School Annex, has been canceled.

The meeting will be held at 8 p.m. Jan. 16 at the same location.

GEOPHYSICISTS

The Permian Basin Geophysicists Society meeting scheduled for 6:30 p.m. today in the Downtowner Motor Hotel has been postponed until Jan. 16.

The speaker will be Anthony B. Williams of Midland.

Legislature Opens Up New Session At Austin

(Continued From Page 1A)

formal introduction of bills Monday, with committee hearings probably beginning a week later under a five-day notice rule that was one of Daniel's proposed "reforms."

Senate action on rules—including a crucial decision over whether to give Hobby complete power to name committees or leave them at least partially as they are now organized—will probably await Hobby's inauguration.

Daniel comes into office as a "lame duck"—he has pledged to serve only one term and says he will push for legislation imposing this limit on all future speakers.

Some of the half dozen or so candidates for speakers of the 1975 House might have other ideas.

Daniel's reform plans grew out of what he called the dictatorial control of the House under former Speaker Gus Mutscher, who resigned the job in March after he was convicted of conspiracy to accept a bribe from Houston promoter Frank Sharp, central figure in the National Bankers Life Insurance Co. stock manipulation scandal.

Daniel, whose father, former Gov. Price Daniel, was House speaker in 1943, says he wants representatives to have more independence than they have had in the past to vote their own views.

Legislators who want quick information on the status of bills will have new gadgets to help them—computer terminals were installed in each house Monday.

Some of Daniel's proposed "reforms" were started last year by the man who succeeded Mutscher as speaker, Rayford Price of Palestine. Price was defeated for re-election to the House by Rep. Fred Head of Troup in a Democratic runoff primary.

Head is believed to be Daniel's choice to be chairman of the House Redistricting Committee, which was Mutscher's springboard to the speakership—a post that Head covets.

One potential source of contention in Daniel's proposed rules would be over the use of seniority on committees. Price left a set of rules, approved by the House, that would let Daniel appoint most committees, with members keeping their positions in future sessions. Daniel wants a system where only half the committee assignments would be made on the basis of time served in the House.

Rollbacks Asked In Auto Prices

WASHINGTON (AP) — Ralph Nader and Consumers Union asked the courts today to roll back increases granted by the Price Commission for 1973 model General Motors and Ford cars.

Last month the commission granted increases averaging $54 a car for General Motors and $62.55 for Ford.

Number Of Snipers Still Mystery

(Continued From Page 1A)

ing spree was part of a national conspiracy of black militants.

"It's my cop's intuition," Giarrusso said.

When asked what evidence he had to back up his statement, Giarrusso declined to comment.

Landrieu said the police operation has now "moved from the hectic action at the hotel to the painstaking investigation into all circumstances involved."

He said this will include sifting through the myriad of reports and rumors connecting the sniper, or snipers, to other incidents in the city.

The superintendent also made it clear that he's seeking a second sniper.

"It's my belief he was there," he said. Other police officers said privately that they were of the same belief.

The shooting at the hotel, just six blocks from New Orleans' famed French Quarter, started Sunday. Fires were set in the hotel and firemen responding to alarms were shot at.

During outbursts of gunfire Sunday and Monday, three policemen and three civilians were killed.

When police rushed the roof Monday, three officers were wounded by ricocheting bullets as police unloosed a strom of gunfire at a concrete elevator shaft where they believed a sniper to be hiding. None of the wounded was seriously hurt.

At one time, police reported they had cornered a sniper in a huge air conditioning unit on a roof covering the lower level of the hotel.

One officer said he could see someone moving around in the unit shack, but when police moved in on the eighth-floor roof, they couldn't find anyone.

ATTACK BLOCK HOUSE—New Orleans police open fire on a concrete cubicle atop the Howard Johnson Hotel that they thought was holding one or two snipers. Several policemen were injured by ricochets during the attack, but the group failed to find any snipers in addition to the one slain Sunday night. (AP Wirephoto.)

Council Report Recommends Major Changes In Texas Jails

AUSTIN, Tex. (AP) — The Texas Legislative Council approved a report Monday that calls for major changes in the state's jails, including a work-release program for certain inmates.

The report is one of five forwarded by the council to the 63rd Legislature, which convened today.

More than half the states now have programs in which jail inmates, after conviction, can work at their jobs during the daytime and return to jail at night, a council committee said.

This enables an inmate to continue supporting his family, maintain "a greater amount of respect in the community" and keep his family off welfare, the committee report, approved by the council, said.

Also recommended was the creation of a State Commission on Jail Standards to issue and enforce regulations for county jails, with power to prohibit confinement of prisoners in jails with uncorrected deficiencies.

Texas now has jail standards, and the State Health Department has inspection authority but no power to force compliance with the standards.

"Only five jails in Texas have been found to be in compliance with these standards," reported the committee, headed by Rep. Hilard Doran of Del Rio.

Also recommended was a new provision in the law permitting release of defendants who pay 10 per cent of their bond to the court, to be refunded when they appear for trial. The committee said many inmates remain in jail pending trial because they can't afford to pay a bondsman a non-refundable 10 per cent of their bail. Because of this, 71 per cent of county jail inmates in Texas are awaiting trial, compared with a national average of 51 per cent, the committee said.

The report also contained a recommendation that convicted jail inmates awaiting the outcome of their appeals be transferred to the state prison system. The average wait for an appeal now is 18 months, and two years is not uncommon, the report said.

"These inmates represent the hard core, multiple offenders," the committee said.

Three Texas Refineries Go Under Strike Notice

PORT ARTHUR, Tex. (AP) — Refineries in Port Arthur and Beaumont are under strike notice from the Oil, Chemical and Atomic Workers union.

Officials of Gulf and Texaco here and Mobil Oil in Beaumont were told Monday they had 48 hours to sign new two-year contracts or face a walk-out.

A. F. Grospiron of Denver, president of the union, said any contract must focus "on new health and safety provisions for the protection of our members who work in the oil industry."

Texaco employs about 4,000 workers, Gulf has about 3,000 and Mobil 1,500. Company spokesmen said they plan to operate their plants with management personnel if the strike comes.

In Texas City, meanwhile, members of OCAW Local 4-449 voted Monday night to ratify a contract reached earlier with the giant American Oil Co. refinery there. The contract contains the disputed health and safety issues as well as an immediate 6 per cent pay raise and a further 27 cents an hour general increase in January of 1974.

The American Oil pact, which covers 1,106 employes, was the first of the 415 individual contracts negotiated by the OCAW to be settled.

In Port Arthur, a strike by 320 OCAW employes at the British Petroleum Co. plant continued today.

Suspect Charged In Lawyer's Death

SAN ANTONIO, Tex. (AP) — The death of former Asst. Dist. Atty. Ralph Winton Jr. was homicide, county medical examiner Ruben Santos ruled Monday.

Winton, 33, was found dead Thursday at his apartment. Authorities held Richard Shultz, 31, a Houston construction worker, on a murder charge in lieu of $50,000 bond.

THE PRESIDENT IS 60—President Richard Nixon relaxes during an interview in his White House office on the eve of his 60th birthday. Nixon, 60 today, says the best way to beat advancing age is to avoid boredom, look to the future and—above all—have young people around. (AP Wirephoto.)

D.A. CRIES 'FRAUD'—

Moyer Maneuvers New Delay In Trial

By ROBERT HEARD

AUSTIN, Tex. (AP) — Former Rep. Hudson Moyer has hired a legislator lawyer—after swearing a month ago he would not hire one—forcing a postponement of his theft trial.

"This is a fraud perpetrated on the court," Dist. Atty. Bo' Smith said angrily.

"But, Mr. District Attorney, you agree I have no other alternative?" said State District Court Judge Mace Thurman.

Jurors Already Qualified

The district attorney agreed.

Moyer sprang his surprise Monday afternoon after the prosecutor had qualified 32 prospective jurors in the case. The law provides an automatic delay in cases in which legislators serve as attorneys during a legislative session and for 30 days before and after the session.

Moyer filed a sworn statement Dec. 4 saying he would not employ this tactic if the judge would grant a third postponement in the case to give the defendant time to hire a lawyer. He already had been granted one delay for that purpose, and the prosecutor earlier agreed to still another delay.

Fourth Delay Denied

Moyer asked for a fourth postponement Monday on the ground that the lawyer of his choice, Roy Minton of Austin, earlier agreed to represent him but had to back out because of a conflict with another much-delayed criminal trial in which Minton is the defense counsel.

The judge refused. He ordered the trial to proceed.

After a break for lunch, Moyer filed an application for continuance on the ground that one of his lawyers would be Rep. Wayland Simmons of San Antonio.

"I can't say I'm in full accord with the law," the judge said with a pained smile. "Maybe some day the legislature will see fit to change the law so that it will not interfere with the proper administration of justice."

The judge set the trial for July 9—a year and two months after Moyer was indicted on charges he used $5,040 worth of postage stamps from his House contingent expense fund in 1970 to help repay a $6,000 bank loan.

The charge is theft by false pretext, which carries a penalty of two to 10 years in prison.

Moyer's pledge not to hire a legislator was not enforceable, and the district attorney said last month that he agreed to the delay because he was satisfied Moyer's motion "is made in good faith."

Woman Sworn In As Harris Judge

HOUSTON (AP) — Ruby Kless Sondock was sworn in Monday as the first woman district-level judge in Harris County history.

State Sen. Jack Ogg of Houston administered the oath of office to Mrs. Sondock, 46, a lawyer who was appointed last week by Gov. Preston Smith as judge of Harris County Domestic Relations Court No. 5.

Trio Indicted In Conspiracy To Kill State Representative

HOUSTON (AP) — Three men, including a Nederland pharmacist, were charged Monday with conspiring to murder State Rep. Terry Doyle of Port Arthur.

Two were jailed in Houston—Jerry W. Hanks of Nederland, a former political opponent of Doyle, and Harvey Doyle Castleman of Port Neches.

The third man, Castleman's brother, Gerald Wayne Castleman of Shepherd, told officers he would surrender here, but late Monday night jail officials said he was not in custody.

The indictments were returned by a grand jury here after a two-month investigation by the Department of Public Safety, the Jefferson County sheriff's office and the district attorneys of Harris and Jefferson counties, spokesmen said.

Investigators weren't disclosing many details of the case but Dist. Atty. Tom Hanna of Jefferson County did say, "The conspiracy involved the attempt to hire someone to commit the murder."

Doyle, 34, in Austin for the opening of the Legislature today, said he was aware of the investigation but refused to comment on the case.

"I intend to cooperate fully with the prosecuting attorneys," he said.

Jack's Not Quite Up To Paar

By JAY SHARBUTT

NEW YORK (AP) — Comedian Jack Paar is back running a late-night television show in competition with the one he left nearly 10 years ago — NBC's "Tonight" program.

His return came Monday night on the ABC television network, where he began the first of his one-week-a-month shows with:

— A noticeable case of opening night jitters.

— Peggy Cass, network television's first female announcer. Her initial effort in that field almost was drowned out by the band.

— A dull home movie about two Siberian tiger cubs he briefly raised.

— Two separate, equally funny interludes with guests Goldie Hawn and comedian Jonathan Winters.

— Unusual home movies, never seen before on television, of three Kennedy brothers — Joe, Robert and John F. Kennedy — as young men enjoying life in the relaxed company of friends.

Paar, 54, seemed hesitant and unsure of himself until he swapped quips with Miss Hawn and Winters.

He lapsed into questionable taste on several occasions, such as when a videotape broke and a floor director motioned to him to keep ad-libbing.

"Well, now that we've hired the handicapped, when are we going to bring the real crew in?" he asked.

Informed the tape had broken, Paar said, "This is going to be one helluva debut, isn't it?"

It was a rocky start for the man who turned NBC's once-shaky "Tonight" show into a huge profit-maker in less than five years.

Paar, who left "Tonight" in 1962, lived up to his perennial billing of "unpredictable" in his ABC debut. But he has a long way to go before his new show acquires the lustre of his good old days.

'Today' Prepares For Wild Man Shalit

'INSULATION' FOR 75 BELOW — This Prudhoe Bay, Alaska, oil worker wears "insulation" for the knifing cold. It sometimes gets down to 75 below, and there is a constant alert for frostbite and snow blindness. (AP Wirephoto.)

By JAY SHARBUTT

NEW YORK (AP) — Gene Shalit will join the regular cast of NBC's "Today" show next Monday. So prepare yourself. He's a wild man in both word and appearance.

He's also one of the few movie critics in this hamlet with a sense of humor, a serious crime in Manhattan reviewing circles.

Physically, he resembles a free-lance anarchist. His hair goes in all directions and he sports a thick black mustache.

Some of us already know him as the movie critic whose reviews are seen on WNBC-Tv here, KNBC-Tv in Los Angeles and 100 other assorted NBC television affiliates around the land.

Others may know him as the guy who writes zany outbursts for the Ladies Home Journal, Newsday and Sport magazine.

Still others may know him as the movie reviewer on NBC's "Monitor" radio show or as the "Today" book editor since 1969.

It'll be good to see him turned loose on a thrice-a-week basis on "Today," where he'll continue as book editor, but he also will have a crack at sports and the lighter side of life, if such still exists.

The Shalit television style is hard to put in print. When he's deciphering a film for the citizenry, his eyebrows rise and fall with vigor and he makes no bones about his likes and dislikes.

His approach basically is that of a guy who bumps into a pal at the neighborhood tavern and tells him he's just seen a movie. A dog of a movie, sometimes. A great flick, at other times.

But he never proclaims the film " a profoundly moving experience" or some such lofty bilge. That's the best part about him. He works in plain English, with sharp, funny observations.

Shalit was born 41 years ago in Manhattan. He came to broadcasting in a roundabout way. He started off as a free-lance writer, than began doing a column for the Ladies Home Journal. He also became movie critic for the now-defunct Look magazine.

He was at work committing scrivened mayhem one day when the phone rang. An NBC executive was on the other end.

"He said, 'I've been reading some of the things you write, and I've been wondering,'" Shalit recalled. "'Do you think you can talk out loud the way you write?'"

Whereupon Shalit went to audition for NBC radio. The rest is history, but he still gives his audition bad reviews.

"I tended to orate," he said. "Instead of talking to one person I was talking to "the multitudes' and that's not the way to do it. Now, it never occurs to me that anybody's watching or listening. And maybe they're not."

That's a bad attitude for a New York Critic, Shalit, a bad attitude. And a welcome one.

Tv Industry Fights Proposed Kid Shows Commercial Ban

WASHINGTON (AP) — The television industry has responded to a petition to prohibit all commercials on children's programs with a plea that it be allowed to continue with self-regulation.

"This is not so much a plea for gradualism but rather a plea to use the apparatus we have," Stockton Helffrich, director of the National Association of Broadcasters' code authority, told the Federal Communications Commission Monday.

" . . . In the current climate of change, where all of us want improvements in our society's imperfections which most stand out, there is a prevailing temptation to malign and negate that which has been laboriously built. . . .

"The code—in my opinion, wisely—makes haste slowly. It cannot move faster than the necessary fact-gathering and due process permit. That is a positive, really, where the establishment of new policies pertain, better right than sorry."

Helffrich told the commission he questions a suggestion that a minority of public members be added to the code review board.

That suggestion was advanced by the Rev. Edward A. Powers, general secretary of the division of Christian education of the United Church of Christ.

"The NAB code review board," he said, "should be augmented by the presence of public members to evaluate children's programming and to act as advisers to the NAB board of directors with respect to the needs of children and how they should be fulfilled."

The Rev. Mr. Powers said these members should not be named by the industry, but rather by such groups as the League of Women Voters, the National Education Association, the AFL-CIO, and Action for Children's Television—ACT.

The FCC is holding hearings on a petition by ACT, a citizens' group based in Newtonville, Mass., to ban all commercials from children's tv programs and to require at least 14 hours weekly of programs aimed at specific age groups from 2 to 12.

All three networks—American Broadcasting Co., the Columbia Broadcasting System and the National Broadcasting Co.—testified against the proposal.

EPA Laboratory Dedication Held

HOUSTON (AP) — A new laboratory staffed by federal and state pollution fighters was dedicated here Monday by William D. Ruckelshaus, chief of the federal Environmental Protection Agency.

An array of federal, state and local officials showed up for the dedication of the lab, which will serve the five-state EPA region headquarters in Dallas.

Outfitted with about $750,000 worth of sophisticated scientific equipment, the laboratory can run chemical and biological tests on air, water and pesticide samples.

Alaska's Katmai National Monument is twice the size of the state of Delaware.

Dear Abby

A Shower Of Bath Arguments

—By Abigail van Buren

DEAR ABBY: Germaine Greer is going to crucify you. She went on record as saying that a woman's natural odor is nothing to be ashamed of, and any man who didn't like it could go jump in the lake. And now you come along with your statement that a man should bathe daily and a woman can't bathe enough!

As the world's most widely read columnist, how are you going to defend yourself against Germaine Greer, the most outspoken proponent of Women's Lib?

ABBY FAN IN BOSTON

DEAR FAN: Germaine Greer can go to her mikveh and I'll go to mine. (P.S. Mikveh means bath.)

DEAR ABBY: I am mystified over your remarks on bathing. Thanks for enlightening me. I had always heard that all men were created equal. I never realized that women were born "dirtier" than men. I knew that a woman is paid less for doing the same job as a man, but until now I didn't know it was because she is offensive.

I'm amazed at you, Abby. You must have water on the brain from spending so much time in the bathtub.

S. K. H.

DEAR S. K. H.: Men and women are NOT created equal — anatomically speaking. Unlike the male reproductive organ, the female's is an orifice which constantly produces a secretion which is normally somewhat odoriferous. She is not necessarily "unclean," but a woman who wants to be forever fragrant will not spare the soap and water.

DEAR ABBY: In conjunction with your recent letter concerning bathing: Will you please stress the fact that MEN need underarm deodorants as well as women?

My husband and I are square dancers, and I sure wish I could tell some of these men that it isn't their swinging that makes me dizzy, it's just the fact that I am holding my breath — and a gal can hold her breath just so long before she loses consciousness.

Please print this, Abby. There are a lot of square dancers, and it could be a lot more fun.

A SQUARE IN MICHIGAN

DEAR SQUARE: Consider it done. It's not easy to star through while you're holding your nose.

DEAR ABBY: I am one man who wants to thank you for taking the stand you did regarding women bathing.

Several years ago I had a secretary who splashed on cologne several times a day. (She probably couldn't stand her own odor.) Between the cologne and her body odor, she turned me against one of the world's loveliest fragrances.

I knew she didn't bathe much because her elbows were always dirty, and her filthy feet showed through her hosiery!

She was the talk of the office and although her work was excellent I had to let her go. I frankly told her why, which didn't seem to bother her.

I have let men go for the same reason. Some men may shower daily but they never use deodorant to take care of the perspiration acquired during the stress and strain of the daily routine, which is unfair to their coworkers. Forgive my typing. I typed this myself while my secretary was out for lunch.

THE BOSS MAN IN COLUMBUS, OHIO

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY, in care of this newspaper. Enclose stamped, self-addressed envelope, please.

PERSONAL DELIVERY—Mrs. Robert L. Swanson, left, of the Junior League of Midland, Inc., presents an invitation to the league's Charity Ball to Mrs. John Grimland Jr. Mrs. Grimland and her husband are one of the sponsoring couples of the 22nd annual invitational ball to be held Jan. 29.

League Delivers Ball Invitations

Members of the Junior League of Midland, Inc., have hand-delivered invitations to the league's annual Charity Ball to be held Jan. 29 in Midland Country Club.

The theme of this year's ball is "Deja Vu," and the decorations will create a nostalgic look at past decades. A variety of music and entertainment will be provided throughout the evening by Les Elgart and his Orchestra, the Janet Moore Four and Teddi Sullivan.

Chairman of the ball is Mrs. Robert B. Holt. Mrs. William D. Kennedy is chairman of the decorations, assisted by Mrs. Fred C. Durham. Mrs. Charles L. Morgan is sponsor chairman.

Sponsors for the ball are Mr. and Mrs. Philip M. Adams, Mr. and Mrs. Carlton Beal, Mr. and Mrs. Jack Evans Blake, Mr. and Mrs. Andrew A. Bradford, Mrs. Raiford H. Burton, Commercial Bank & Trust Co., Mr. and Mrs. L. Decker Dawson, Mr. and Mrs. John Grimland Jr., James Lisle Hooker, Mr. and Mrs. Bob L. Johnson.

Also Mr. and Mrs. Cullen J. Kelly, Mr. and Mrs. William Donald Kleine, Mr. and Mrs. Edward Horst Leede, Cowden Oliver, Mr. and Mrs. Donald E. O'Shaughnessy, Mr. and Mrs. William Glenn Ross, Mr. and Mrs. Jack Samples and Jack Wilkinson Jr.

All proceeds from the ball are returned to the community through numerous projects sponsored by the league: Children's Dental Clinic, Children's Diagnostic Clinic, Community Orientation Course, Directory of Community Services, Film Service, Midland Arts Council, Midland Community Theatre, Museum of the Southwest, Pickwick Players, Public Affairs Study Committee, Puppetry, Story Hour, Student Art Festival, Tape-Lending Library, The Midland Film and Volunteers in Midland.

Crafts Program Given Teachers

Mrs. M. L. Leierer of The Talent Tree presented a program on crafts at a recent meeting of the Beta Pi Conclave of Kappa Kappa Iota, teachers' society, in the home of Mrs. Don S. Hicks, 3612 W. Louisiana St.

Mrs. Clinton Adams, president, presided.

The program was followed with a social hour. Mrs. John Norris was the co-hostess.

White Guideline

Draw baby's fingernails through talcum before cutting and you will then have a white guide line to go by in cutting.

Helping Hand Meets Today

The Helping Hand organization will meet at 7 p.m. today at Jane Long Elementary School.

POLLY'S POINTERS

Tip For Students Lets Things Hang

By POLLY CRAMER

Newspaper Enterprise Association

DEAR POLLY — My Pointer is mainly for college students who are not allowed to hang anything on the dorm walls. My daughter's room does have a built-in wall board but it is not large enough. I solved the problem by using 1½-inch twill tape to make two strips that go entirely around the door, from top to bottom. They can be moved close together or separated to make space between, as one desires. I measured the doors and then made one continuous strip to go all around. The ends were joined together with a short piece of elastic to allow for slipping on the door and no way interferes with the closing of the doors. The items to be hung may be pinned or stapled to the strips and on both inside and outside of the doors. If wider strips are desired they could be made of those plastic strips used for repairing yard furniture. An old folding screen with the wood panels removed and unbleached muslin (or any desired fabric) tacked to the frames also makes a terrific bulletin board. — L.M.W.

DEAR POLLY — My Pet Peeve is when stores sell products such as panty hose and then pay no attention at all to how they handle these sold items. Often the panty hose are stapled to the bag when the clerk should be watching what she is doing instead of talking. Then we get home with no-run hose that have holes in them. Thanks for listening. — PATSY

DEAR POLLY — Her vacuum cleaner should solve Mrs. L.S.'s problem. Use the small brush attachment on the end of the hose to remove all of the corn meal from the corduroy brocade purse she cleaned. If her vacuum has such an attachment it should be set on low suction and then be increased if necessary. If the bag has any small ornaments such as sequins or beads, they should be securely attached before vacuuming. — CATHERINE

DEAR POLLY — Rubber washers glued to the bottom of your bread box will allow the air to circulate underneath so the bottom of the box does not rust and perhaps rub off on your counter top. MICHELLE

Polly's Problem

DEAR POLLY — I would like to know what NEA means under the drawings with your column. — CINDY

NEA stands for Newspaper Enterprise Association, a feature service that distributes my column.—POLLY.

You will receive a dollar if Polly uses your favorite homemaking idea, Pet Peeve, Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

Officers Named By Chopin Club

The Chopin Music Club of the elementary division of the Texas Federation of Music Clubs elected Sandra Evans president, during a recent meeting and program in the home of Mrs. Hans Roweck, 108 S. M St.

Other officers named were Lori Brice, vice president; Kathy Davis, secretary; Faye Jene Bohannan, treasurer, and Stacye Cole, reporter.

Presenting a program of piano selections were Kimberly Wolfe, Marla Francis, Darci Daehling, Miss Brice, Nica Foreman, Miss Bohannan, Jeff Woods, Becky Woods, Miss Davis, Miss Evans and Kaki Warren.

New members of the club are Janelle Thummel, Gina Adams, Amye Raney, Jeff Woods, Miss Woods, Miss Warren, Lori Westbrook, Susan Sneed, David Daheling, Cheri Hunter and Debbie Hunter.

Dinner Honors Crane Couple

CRANE — Mr. and Mrs. Quay Clark were honored on their 40th wedding anniversary recently with a dinner given by their son and daughter-in-law, Mr. and Mrs. Quay Clark Jr.

The Clarks moved to Crane from Fort Stockton in 1936. He was a rancher and contractor in the county.

Thirty-one guests attended the dinner.

Happy Birthday No

HOUSTON, Tex. (AP)—Two-year-old Stephanie Shea Gregory was attending a wedding ceremony at a church with her grandparents. When altar candles were lit, Stephanie began singing, "Happy Birthday to You!"

Fine Arts Club, 1:30 p.m., Midland Woman's Club.

Flatlanders Ski Club, 7:30 p.m., Midland Room of The Midland National Bank.

DAR Chapter Names Officers

Officers for 1973-75 were elected Monday when the Col. Theunis Dey Chapter, Daughters of the American Revolution, met in the home of Mrs. Robert K. Hudson, 2206 Gulf St., presiding regent.

Those named are Mrs. George Van Husen, regent; Mrs. S. P. Crain and Mrs. Preston Lea, first and second vice regents; Mrs. B. F. Black, chaplain; Mrs. G. E. Stengl, treasurer; Mrs. Willard Green and Mrs. J. C. Snyder, recording and corresponding secretaries; Mrs. W. C. Hubbard, registrar, and Mrs. E. R. Neff, historian-librarian.

Elected to attend as delegates to the state conference in March in Houston are Mrs. Hudson and Mrs. John P. Butler. Alternates are Mrs. Crain, Mrs. Edwin F. Alstrin, Mrs. Van Husen, Mrs. Bruce Pearson, Mrs. Lea, Mrs. W. C. Hubbard, Mrs. Black, Mrs. Charlton Hadden and Mrs. F. B. Essex.

Mrs. Hudson read a paper on fradulent uses of passports from the National Defender. Frances G. Knight, passport director says, "Fraudulent use of United States passports is spreading. Her office is drowning in paper work and is understaffed. But her laments and pleas for effective help go unheeded.

"It is estimated that more than one half of some 50,000 passports reported lost or stolen in a three year period have fallen into illicit channels, especially that of international drug traffic. Those persons obtaining passports by fraud fall into such categories as drug traffickers, militant groups, confidence men or swindlers, illegal aliens in the U.S., fugitives from justice and imposters.

"The demand for U.S. passports is great as they are the most acceptable form of identification. It is easier to obtain a passport today than in years past and illegal possessors of a passport have very little trouble obtaining one. Mrs Knight urges swift and stern measures be taken to make the use and submission of fraudulent documents to any departure agency or segment of the U.S. Government a costly and unpleasant experience."

On Honor Roll

McPHERSON, Kan. — Susan Thurman, daughter of Mr. and Mrs. Olney Thurman of Midland, Tex., has been named to the Dean's Honor Roll of Central College for the 1972 fall semester.

RITES SET — Mr. and Mrs. Billy O. James, 5105 Thomason Drive, announce the engagement of their daughter, Nelda Elaine, to David Lynn Lewis of Terrell, son of Mr. and Mrs. George Lewis of Andrews. The wedding is planned for 6 p.m. Feb. 23 in Parkiea Baptist Church.

Doggy Expenses

LEXINGTON, Ky. (AP) — When Mrs. June Griffith filed a report on her expenses for running in a campaign for the state legislature, she listed as expenses $3 for a tetanus shot 3 to 5 p.m. Wednesday in the home of Mrs. Howard W. Park. She explained that while campaigning she had been bitten by a dog.

ADP Alumnae Set Tea Date

The Alpha Delta Pi Alumnae Association will hold a tea from 3 to 5 p.m. Wednesday in the home of Mrs. Howard W. Park, 2305 Winfield St., honoring actives.

YOU MAY BE
THE COUPLE WEST TEXAS BOYS RANCH COULD USE AS DORM PARENTS

West Texas Boys Ranch is seeking a husband and wife between the ages of 25 and 60, who have no children of their own still living with them, to serve as dorm parents. They must be in good physical and emotional health with temperaments for living and working with large groups of youngsters of all ages.
The husband should possess abilities which would qualify him to work as a painter, or a carpenter, or a plumber, or an electrician.

Dorm parents at West Texas Boys Ranch have the privilege of fruitful and helpful fulltime Christian service, plus the challenge of "on the job" training and experience as a husband-wife team working with boys, serving as substitute parents, and assuming all the responsibilities while performing many of the duties normally attributable to natural parents.

The work is challenging and rewarding. The salary is adequate. If you think you are interested in being considered for possible employment as dorm parents, write for an application to Kenneth Hewell, Superintendent, P. O. Box 3568, San Angelo, Texas 76901. When you write please share some information about yourself.

PART-TIME
NURSERY ATTENDANT

VALUE RATED

A reminder to you that might be considering the purchase of a preowned automobile.

A Berg Motor Co. value rated used car is not just another used car as it must pass many mechanical and appearance tests to qualify.

Our value rated used car is backed by a 100% 30 day or 2000 mile mechanical and electrical written guarantee plus a GW Service Discount agreement of 2 yrs. with a 15% discount on parts, labor, and accessories.

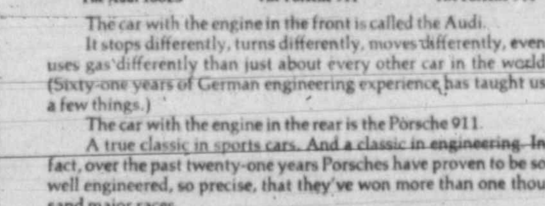

Berg Motor Co. is the oldest established dealership in Midland and we are very interested in your car buying needs.

BERG MOTOR CO.

OLDSMOBILE — CADILLAC — GMC

3205 WEST WALL 694-7741

Come see a car with an engine in the front, the back, and the middle.

The car with the engine in the front is called the Audi.

It stops differently, turns differently, moves differently, even uses gas differently than just about every other car in the world. (Sixty-one years of German engineering experience has taught us a few things.)

The car with the engine in the rear is the Porsche 911.

A true classic in sports cars. And a classic in engineering. In fact, over the past twenty-one years Porsches have proven to be so well engineered, so precise, that they've won more than one thousand major races.

And the car without an engine in the front or the back is the Porsche 914.

We put the engine in the middle so the 914 would hold the road better, corner surer, and brake smoother than almost any other car.

At the auto show we'll be glad to show what our cars look like in real life. We're very proud of them.

And we'll show you something we're even more proud of than the way they look:

The way they work.

HOROSCOPE

by Carroll Righter

(Jan. 10)

GENERAL TENDENCIES: This is one of those days when you should be able to combine your mentality and your intuitions, so that you can see clearly how, why and when to put in motion a new course of action which can bring to you the results vital to your welfare.

ARIES (Mar. 21 to Apr. 19) A good day to talk over with experts the ideas you have for getting ahead much faster in the future. First make sure you are well dressed and feeling fine, and then make a fine impression on others.

TAURUS (Apr. 20 to May 20) Relax and think over how to make your position in life a more affluent and impressive one. Then get busy obtaining the data you need. A new associate can be most helpful in aiding you to advance.

GEMINI (May 21 to June 21) Find the right methods for handling daily responsibilities more wisely and efficiently so you have greater profit. Show more affection for mate and get better results. The evening can be a fine one.

MOON CHILDREN (June 22 to July 21) You are in the mood to handle a civic matter and this can lead to very fine things, so get busy. Take care of an important business matter without fail, even if it means foregoing fun.

LEO (July 22 to Aug. 21) Search for a better system of operating so that you can become more successful and attain greater income. Being more helpful to fellow workers brings you their aid willingly and quickly. Relax tonight.

VIRGO (Aug. 22 to Sept. 22) You can get all those responsibilities handled well and early in the day so that you can later go out to the amusements that appeal to you. Use your intuition and please good friends and mate.

LIBRA (Sept. 23 to Oct. 22) Listen to an associate who has fine ideas for improving conditions at home. An outsider can help you in a business way, also. Get together with this person and make future plans. Be wise.

SCORPIO (Oct. 23 to Nov. 21) Find a better system for handling your regular duties and give more support to fellow workers for better results now and in the future. Avoid a troublesome situation at home tonight.

SAGITTARIUS (Nov. 22 to Dec. 21) You have fine creative ideas that need to be put into active expression so that you can get the benefits. The evening can be amusing at whatever delights you the most. Don't be too extravagant.

CAPRICORN (Dec. 22 to Jan. 20) Showing kin that you are truly devoted adds to the harmony now existing at home. Anything that stands in the way of progress should be eliminated. The social side is most productive in the evening.

AQUARIUS (Jan. 21 to Feb. 19) You are thinking very clearly now and can get allies to go long with your ideas, but don't confide in others. Routines should be done in a more efficient way. Become more energetic and enthused.

PISCES (Feb. 20 to Mar. 20) You have an opportunity to add to your present abundance and should not procrastinate or lose out. Talk with experts and gain the benefit of their good advice. Avoid one who slows you down.

Nixon Whacks 14 Per Cent From Big White House Staff

By FRANK CORMIER

WASHINGTON (AP) — President Nixon, according to close associates, has cut the White House professional staff by about 14 per cent since announcing plans to reorganize and slim down the federal bureaucracy.

These sources said even more will go.

Nixon, who has presided over history's biggest expansion of the White House staff, told newsmen at Camp David, Md., last November that he expected to set an example for government efficiency by ordaining that the most sizable personnel cutbacks would come in the White House staff.

To date, according to White House figures, 23 White House professionals have been announced as returning to private life and 13 others have been announced as being in line for other positions within the bureaucracy.

It is on the basis of these figures that White House sources said there already has been a reduction of about 14 per cent in professional personnel.

No figures have been given on secretarial and clerical employes who may have left because their bosses were fired or sent to other agencies.

The White House figures apparently are based upon a budgeted personnel limited to 510 bodies—male or female—for the 1973 fiscal year that ends June 30. Recent Civil Service reports would indicate, however, that the White House obviously has topped its personnel ceiling and may indeed be employing more than 600 persons—plus an undisclosed number borrowed from such State departments and the Central Intelligence Agency.

Although none of the big-name White House factotums—such as H. R. Haldeman, John D. Ehrlichman, Henry A. Kissinger and Ronald L. Ziegler, who may even take on additional duties—is supposed to be leaving any time soon, there has been an apparently studied departure of lesser lights.

For example, special assistant Mark I. Goode, a professional in the field of television image-making, is returning to private life.

Also departing, for California politics, is counselor Robert H. Finch.

One of the first announced departures from the White House staff was that of Robert J. Brown, a special assistant who was known as the highest ranking black on the staff.

He went back to an apparently lucrative public-relations business in the Carolinas.

Then there is Dr. Edward E. David Jr., erstwhile director of the White House Office of Science and Technology, who had taken a job in the private sector before Nixon ever got around to acknowledging his departure.

Sepulveda Awarded Ecology Certificate

AUSTIN — The official State Health Department's certificate of competency for ecology workers has been awarded to Jose M. Sepulveda of 3505 Fairmont St. in Midland.

Sepulveda, who works for the City of Midland, has been taught effective ways for producing safe drinking water. To receive the certificate, he has completed both a formal and a specialized education, accumulated a prescribed amount of actual work experience and passed the examination given by the State Health Department's Sanitary Engineers.

Sniper Deaths Spark New Quest For Death Penalty

NEW ORLEANS (AP) — Gov. Edwin Edwards says he may seek renewal of the death penalty in Louisiana for certain "heinous crimes" such as the shooting of policemen and firemen.

Edwards' announcement was made Monday in the New Orleans Charity Hospital, where he visited some of the policemen and firemen being treated for injuries received during the sniper shootout at a downtown hotel. Three policemen were killed.

"I am going to advise a panel of legal minds to review the Supreme Court decisions which threw out capital punishment as it had been applied and the reasoning leading up to it and ask the legislature to look in that direction," Edwards said.

The governor said legislation re-establishing the death penalty could be enacted during the legislative session scheduled for May.

Peterson Trial Under Way Here

The Danny Charles Peterson trial for attempted murder of a police officer got under way this morning in Midland's 142nd District Court.

Peterson is accused of wounding patrolman Jesse Robbins last spring.

Authorities have said that Robbins was arresting a prostitute when a shootout between him and the accused occurred. Peterson surrendered to police shortly after the shooting.

Jurors chosen Monday are Gary L. Thurman of 3407 Sinclair St.; William W. LaForce Jr. of 2001 Shell St.; Donald John Pyle of 701 Beckley St.

Also Mrs. W. T. Riley of 3230 Camarie St.; Rhoma Fern Duncan of Rt. 2, Box 190Z; Alford J. Havens Jr. of 3315 W. Ohio St.; Rickie Armstrong of 414 Kent St.; and Carl Rayford Calhoun of Rt. 3, Box 517C.

Also Clifford W. Matthews of 1420 Ainslee St.; L. L. Troit of 4510 Wilshire St.; Otelia Fortune of 907 W. College St.; and Jack G. Elam of 2058 E. Circle St.

District Atty. Jim Mashburn is representing the state and Odessa attorney Tom Hirsh is defense counsel.

San Antonio Has Sixth Gas Cutback

SAN ANTONIO, Tex. (AP) — "We can't dismiss the possibility of this happening again through this month," city utility official Tom Deely said Monday as he disclosed San Antonio's sixth gas curtailment of the season.

Deely, general manager of the City Public Service Board, said the city's natural gas supplier, Coastal States Gas Producing Co., notified him Sunday night of the latest cutback.

According to Deely, the 50 million cubic foot curtailment affects only the city's generating plants, the same as the other curtailments have in the last two months. The home consumer of natural gas is unaffected.

Burglar Robs Cigarette Machine

A burglar took cigarettes and change from the cigarette machine at Dora's Drive-In, 500 N. Mineola St., early today.

It is believed the crime occurred between midnight and 2:20 a.m., when it was discovered by patrolmen Eddie Squyres and F. L. Bartlett.

The machine was badly damaged and a box which contained extra change was not taken.

Ziegler Wins Power Struggle With Herb Klein

WASHINGTON (AP) — Ronald L. Ziegler has emerged victorious in a power struggle over reorganization of White House public relations machinery and will soon be named President Nixon's principal adviser on information policy, The Washington Post reported today.

Ziegler, 33, who has been the President's press secretary, also will continue in that role, the newspaper said.

It said Herbert G. Klein, 54, who has been White House communications director, will leave the government in the near future.

The Post said Ziegler will take over Klein's responsibilities, in addition to keeping his own duties as head of the White House press operation.

Tarrant College Defends Lawsuit By Ex-Instructor

FORT WORTH, Tex. (AP) — Trial of a $110,000 damage suit brought against Tarrant County Junior College by a former English instructor began Monday before U.S. District Court Judge Eldon Mahon.

Marie Bradford, 41, whose $9,100-a-year contract with the school was not renewed in 1970, claims in the suit that TCJC denied her freedom of speech and damaged her professionally.

Counsel for Mrs. Bradford rested her case late in the day, and defense testimony was due to be heard today.

Aussie Union Calls Off Boycott

SYDNEY (AP) — The two-week-old boycott protesting the American bombing of North Vietnam was called off today by the Australian Maritime Union. Two other unions involved in the boycott are expected to follow suit.

Maritime Union Secretary Elliott V. Elliott said the boycott was stopped at the request of the Australian Council of Trade Unions, but that members had the right to resume it. He said the ban was worthwhile because of the worldwide reaction it provoked.

Lions President Compliments Band

The Midland Downtown Lions Club's internationally known "Big Name" Band has received a "thank you" note from the president of Lions International for the band's popular musical album sent to him last year.

President Georges Friedrichs of Annecy, France, wrote to the band, as follows:

"Thank you so much, dear Lions friends, for the wonderful record you so kindly sent me. The band is perfect and has a great musical quality.

"Congratulations for having such a good band and best thoughts for your 25th anniversary."

The Midland Lions Band played at the president's reception held at the annual convention of Lions International last summer in Mexico City. Friedrichs complimented the band at that time, and the album later was sent to him at his home address.

The recording was made early last year and hundreds of the records have been sold here and elsewhere.

The Big Name Band will be heard at the annual banquet of the Midland Chamber of Commerce on Feb. 1.

Rhodesian Rebels Aim To Take Over

By ARTHUR L. GAVSHON

LONDON (AP) — Under a moonless sky on the night of Dec. 21 ragged-trousered raiders opened fire with rockets and bullets on Marc De Borchgrave's lonely farm house in the Zambezi Valley of Rhodesia.

Two nights later the black guerrillas struck again, against neighbor Archie Dagleish's place, where the De Borchgraves had taken refuge.

Within a few hours, a Jeep-load of four Rhodesian soldiers taking part in a big sweep ran over a land mine.

The world's newest "liberation army" was in action. It even has its own Ho Chi Minh Trail, meandering from base camps in neighboring Mozambique to the sunbaked bushlands of northeast Rhodesia, 120 miles north of Salisbury, the capital.

It is equipped also, the Rhodesians say, with a modern armory of weapons from the Soviet Union or China.

The Zimbabwe African National Liberation Army, or Zanla, has vowed to wrest Rhodesia — which it calls Zimbabwe — from the grip of Premier Ian Smith's white minority government.

Since they still hope to play a role in Rhodesia, the British are following with great interest these developments in the African territory that declared its independence in 1965.

British experts think the black guerrillas have a long way to go and a lot to learn before they can pose any real threat to Smith's forces. In eight years of sporadic campaigning, they have achieved little.

Yet authorities here acknowledge the danger to the white regime is certain to increase as Zanla improves its techniques and its links with rebel movements in neighboring countries. The nearest and strongest of these is the Front for the Liberation of Mozambique, or Frelimo. By ambushes, night raids, mining of roads and railroads, Frelimo for years has pinned down thousands of Portuguese troops.

New fighting in northeast Rhodesia also creates yet another front for Smith's limited forces. Already he has 1,000 miles of frontier to defend eastward against incursions from Frelimo units in Mozambique, to the northwest against Zanla raids from Zambia, and on the southwest where Rhodesia meets Botswana. He is being helped by South African police units, and he is pressing for ever fiercer action by Portuguese forces.

This week Smith called up army, police and air force reservists to meet the developing emergency.

The British are hoping that time and experience will yet convince Smith's regime that its ultimate salvation lies in a constitutional settlement with Britain.

FDA Wants Tough Quality Standards For Bottled Water

WASHINGTON (AP) — The Food and Drug Administration is recommending that bottled drinking water be covered by the same quality standards that apply to public drinking water supplies.

The agency noted that bottled water is increasingly being used as a source of drinking water, partly because of consumer affluence and partly because of concern over reports of pollution of some public water supplies.

It said, however, that a 1971 survey of 85 bottled water samples disclosed that eight contained coliform bacteria from human waste.

If the FDA recommendations are finally adopted, the criteria that covers bacteriological, physical, chemical and radioactive limits of public water supplies will also apply to bottled water.

Bottled water has not previously been subject to federal quality standards.

Cash, Three Checks Stolen From Office

Thirty dollars cash and three checks totalling $10,100 have been reported missing from Jack E. Blake's office in the Gulf Building at 300 W. Wall St.

Betty Hohle, secretary, told authorities that she left the office about 5 p.m. Friday and the cash drawer, which had contained the money and checks, was locked.

Blake noticed Saturday that the money and checks were gone, but he decided that one of the employes had moved them, Patrolman Edgar Hale reported.

He discovered Monday that the items had been stolen and called police.

Ohio Farmers Due Canadian Propane

COLUMBUS, Ohio (AP) — Arrangements were made Monday with a Canadian firm to supply 700,000 gallons of propane gas to Ohio's farmers, the Public Utilities Commission said.

Commission Chairman Henry Eckhart said gas from HydraGas of Sarnia, Ont., will go mostly to farmers in northwestern Ohio where it is needed for drying corn and soybeans.

State officials say 20 million gallons more are needed to dry the dampened crops.

An attempt to have the gas shipped by barge from Texas so far has not succeeded.

Andrews County Raises Approved

ANDREWS — Andrews County Commissioners approved Monday a 5.5 per cent pay raise for non-elected county employes, and voted a 5.5 per cent salary hike for themselves.

Other elected officials here received a 5.5 per cent increase and additional car allowance last fall following recommendations from the county's grievance committee.

Water, Inc., Sets Annual Meeting

AMARILLO — The sixth annual membership meeting of Water, Inc., will be conducted here Feb. 17.

More than 300 of the more than 2,200 members of the two-state non-profit organization are expected to be on hand for the session according to D. G. "Bill" Nelson, Amarillo, chairman of the near future.

New officers will be named at a board meeting following the annual meeting. Gaston Wells, Dumas, will retire as president following two one-year terms.

Genealogical Group To Meet Thursday

Mrs. Robert R. Truitt will be the featured speaker at a 7 p.m. Thursday meeting of the Midland Genealogical Society in the Western State Bank.

Mrs. Truitt will discuss "The Romance of Heraldry." She is a member of the Lt. William Brewer Chapter of the Daughters of the American Revolution, a past regent of the genealogical society and a contributor to three books on genealogy.

Job Seekers Should Know Of Right To Sue—Report

AUSTIN (AP) — Applicants for state jobs should be told they have the right to sue if they are refused employment because of their race, religion, sex or national origin, a Texas Legislative Council staff report said Monday.

The report was prepared for a committee of the council, but the committee did not take action on it.

The staff of the council, the legislature's research arm, said that as of last August 80 per cent of the 118,055 state employes were white, 9 per cent were white with Spanish surnames, 10 per cent were Negro and 1 per cent were members of other racial or ethnic groups.

Whites held 89.2 per cent of the processional, technical and managerial jobs, whites with Spanish surnames 4.7 per cent, Negroes 4.5 per cent and other groups 1.6 per cent.

The report said a statement that state law permits civil suits by persons denied employment by the state because of race, religion, sex or national origin should be attached to each job application.

Also recommended was creation of a governor's Committee on Equal Employment Opportunity in State Government to develop policies to attract minorities to state jobs and report on acts of discrimination.

The fact that the committee did not make the report kept the council from voting on whether to approve it.

SCRAM-LETS®

The Puzzle with the Built-In Chuckle

1. Rearrange letters of the four scrambled words below to form four simple words.

TONKYT (1 2)

NUSEE (3)

VITDO (4)

HIBTEL (5 6)

Lazy housekeeper: "I washed the windows on the inside, so I could look out, but I left them dirty on the outside so no one could ——." (1-9)

4. Complete the chuckle quoted by filling in the missing words you develop from step No. 3 below.

2. PRINT NUMBERED LETTERS IN THESE SQUARES (1 2 3 4 5 6)

3. UNSCRAMBLE LETTERS TO GET ANSWER

SCRAM-LETS ANSWERS

Knotty — Rinse — Dhoti — Blithe — LOOK IN

Lazy housekeeper: "I washed the windows on the inside, so I could look out, but I left them dirty on the outside so no one could LOOK IN." 1-9

CARNIVAL

"What did I learn in school today?"

"I learned that the kid who stood next to me in the corner has a frog for sale!"

SIDE GLANCES

"Of course I love you. I've told you things I wouldn't even tell my bartender!"

Nixon Okays Limited Fighter Blows North Of 20th Parallel

SAIGON (AP) — President Nixon has authorized U.S. fighter escorts to attack North Vietnamese MIGs or surface-to-air missile sites above the 20th parallel if they threaten American B52s below the northern limit Nixon has placed on the bombing of North Vietnam, reliable sources reported today.

The U.S. Command announced today that an Air Force F4 Phantom shot down a MIG21 along the 20th parallel Sunday when it threatened a flight of B52s.

The Command said that the MIG was downed "northwest of Thanh Hoa," which is only 10 miles below the 20th parallel, and spokesman refused to say just how far northwest of the city. This was interpreted as a tacit acknowledgment that the dogfight extended above the parallel.

U.S. sources outside the Command indicated today that Hanoi Radio was not lying when it reported last week that U.S. fighters escorting reconnaissance planes attacked antiaircraft defenses in Hoa Binh Province south of Hanoi. The U.S. Command denied at the time that American planes had bombed pre-selected targets above the 20th parallel, but it refused to comment on reconnaissance operations and what action fighter escorts might have taken.

Thirty-nine B52s dropped about 1,100 tons of bombs in the North Vietnamese panhandle during the 24 hours ending at 8 a.m. today, U.S. sources said.

During the same period, the Command said, U.S. fighter-bombers made 128 strikes in the panhandle, destroying supply trucks and setting fuel depots afire.

Hanoi claimed that two B52s were downed Monday and today below the 20th parallel, and said an unmanned reconnaissance plane was shot down north of Hanoi on Monday, but the U.S. Command said it had no plane losses to report.

In South Vietnam, almost 50 B52s dropped more than 1,200 tons of explosives on troop concentrations in a staging area that North Vietnamese forces used for attacks in the triborder region of the central highlands, where the frontiers of South Vietnam, Laos and Cambodia meet.

Second Day

It was the second day of heavy raids in the region between Highway 14 and the border, 10 to 20 miles northwest of Kontum. This indicated a new North Vietnamese buildup, perhaps in preparation for an attack on Kontum.

Premier Pham Van Dong of North Vietnam ordered new austerity measures and heightened military alerts for his country as Hanoi again accused President Nixon of threatening to resume the bombing of Hanoi and Haiphong.

The U.S. Command again refused to comment on Hanoi Radio statements that American planes were flying reconnaissance over Hanoi and Haiphong in preparation for resumption of the bombing there should the current round of Paris peace talks fail.

Hostilities Anticipated

Radio Hanoi said the North Vietnamese premier followed up an order Saturday declaring a national emergency with a new set of directives indicating that he anticipated hostilities through the Tet celebration of the lunar new year, Feb. 3, the biggest Vietnamese holiday.

"This Tet will still be the Tet of resistance against the United States for national salvation," one of Dong's directives said.

Dong banned Tet holiday displays, and cut the days off for civil servants and workers from the usual three to one and a half in order to conserve manpower.

AT MINIMUM INTEREST—

Auditor Reports State Deposits At Stockdale

AUSTIN, Tex. (AP) — The State banking department keeps $100,000 in deposits in a rural bank whose president is a member of the commission that sets departmental policy, a state audit report shows.

State Auditor George McNeil said the excess operating funds were deposited in Security State Bank of Stockdale at 4½ per cent interest as of the audit date, Dec. 31, 1971.

Banking Commissioner Robert Stewart said the same amount is on deposit now at the same rate of interest.

The bank's president, J.H. Bain, is a member of the State Finance Commission, which makes policy for the department, sets Stewart's $35,000-a-year salary and promoted him in 1970 from deputy commissioner to commissioner.

Stewart said he personally decides where to deposit the department's $225,000 in excess operating funds and saw no conflict of interests in putting the funds with Bain's bank.

He also said he did not feel his job would be in jeopardy if he withdrew the funds, and he added this might happen next month if the bank does not give better interest rate.

J. T. Brower Dies At Lamesa; Rites Wednesday

LAMESA — John Terry Brower, longtime Dawson County resident, died Monday morning in a Lamesa hospital. He was 74.

Funeral services will be conducted at 2 p.m. Wednesday in the Branon Funeral Home Chapel, with interment to follow in Lamesa Memorial Park.

Brower, a retired carpenter, was a native of Ardmore, Okla. He had resided in Dawson County 32 years.

Surviving are two sons, Noble Brower of Brownfield and Alvin Brower of Huntington Beach, Calif.; three daughters, Mrs. Bill Wilcox and Mrs. Alie Gaines, both of Lamesa, and Mrs. Virginia Williard of Houston; seven sisters, Mrs. Myrtle Tankersley of Comanche, Mrs. Rosa Phillips of Wichita Falls, Mrs. Mattie Bounds of Odessa, Mrs. Meca Deering of Madill, Okla., Mrs. Raye Jolly of San Marcos, Calif., Mrs. Sybil Wilkerson of Amarillo and Mrs. Bill Long of Los Angeles; two brothers, Gene Brower of Huntington Beach, Calif., and Bonus Brower of Houston, 17 grandchildren and seven great-grandchildren.

Mrs. Carpenter Dies At Big Spring

BIG SPRING — Mrs. Frances Alice Carpenter, 84, died Sunday night in a hospital here.

Funeral services have been scheduled for 10 a.m. Wednesday in the Nalley-Pickle Rosewood Chapel here, with interment to follow at 3 p.m. in the Eastland Cemetery at Eastland.

Mrs. Carpenter, born in North Baltimore, Ohio, moved to Texas in 1919, residing first in Ranger and then at Eastland. She moved to Big Spring several years after the death of her husband in 1957. She was active in the Order of the Eastern Star.

Surviving are four nieces and two nephews.

Testimony Starts In Voting Machine Conspiracy Trial

HOUSTON (AP) — A federal court jury starts hearing testimony today in the fraud-bribery conspiracy trial of V. V. Ramsey, a former Harris County (Houston) commissioner.

Ramsey is accused in a three-count indictment of conspiring between 1966 and 1971 with Shoup Voting Machines Corp., its former vice president, Martin R. Schott, and George Chandler, a Baytown lawyer, in using the mails for the alleged bribes.

The government claims Ramsey was sent three checks totaling $9,100 through Chandler as bribes in connection with voting machine purchases by Harris County, including 100 more-than-20-year-old machines.

Harris County paid $1,500 each for the 100 machines which had been disposed of for $30 each on public bids by Hillsborough County (Tampa), Florida.

Three Sentenced In Bank Robberies

HOUSTON (AP) — Two men drew long prison terms Monday from U.S. District Court Judge Carl O. Bue for two robberies of the same bank.

Warren Earl Lewis, 21, and Carl Levern Rogers, 24, received 25-and 20-year concurrent terms in the December 1971 and February 1972 holdups of the South Texas Bank in which a total of $36,000 was taken. They had been convicted earlier by a jury.

A third man, Richard Wayne Barnes, 22, pleaded guilty to the same crimes and received a 15-year sentence.

Five Midland Students Due Degrees From UT

AUSTIN — Five Midland students are among more than 320 candidates for the Bachelor of Business Administration degree from The University of Texas at the end of the fall semester.

The Midlanders are Charles Ross Gaines Jr. of 1700 W. Kansas St., John Michael Legg of 902 Country Club Drive, Gilbert A. Naert Jr. and William D. Naert, both of 2804 Durant St., and Thomas Wendel Reiser of 1201 W. Missouri St.

Artificial Teeth Never Felt So Natural Before

Now... Plastic Cream Discovery Revolutionizes Denture Wearing

For the first time, science offers a plastic cream that holds dentures as they've never been held before—forms an elastic membrane that *helps hold your dentures to the natural tissues of your mouth.*

It's a revolutionary discovery called FIXODENT® for daily home use. (U.S. Patent #3,003,988)

FIXODENT holds dentures firmer . . . *and more comfortably.* You may bite harder, chew better, eat more naturally.

FIXODENT lasts for hours. Resists moisture. Dentures that fit are essential to health. See your dentist regularly. Get easy-to-use FIXODENT Denture Adhesive Cream at all drug counters.

Gas Pinch Closes 31 UT Buildings

AUSTIN (AP)—All furnaces in 31 campus buildings of The University of Texas were shut down Monday night as a result of Austin's latest gas shortage crisis.

The university is in holiday recess until Jan. 15.

James Colvin, UT-Austin vice president for business affairs, said the heat cutoff would affect only the 31 buildings and heat would not be turned off in university dormitories or other buildings that require temperature control.

Like the City of Austin, the university was placed on a 100 per cent curtailment of natural gas Monday and fuel oil is being used in generating plants.

Mayor Roy Butler appealed to Austin citizens Monday to cut back on electrical use.

Butler said if the 100 per cent cutoff by Coastal States Gas Producing Co., which supplies gas for the city electric generating plants, continues through Wednesday, the city will have to ask for a citywide voluntary cutback of electrical energy.

The 100 per cent curtailment by Coastal States was the seventh this winter for city-owner power plants.

Residential customers are supplied natural gas for heating by Southern Union Gas Co. There has been no cutback for residences.

Jury Selection Starts In Second Young Trial

TYLER, Tex. (AP) — Selection of jurors was starting today in the second trial of Fred Foy Young Jr. on charges of killing an antique dealer and her small granddaughter at Kountze.

District Court Judge Galloway Calhoun ordered the case to trial Monday after denying a series of defense motions.

A postponement had been ordered Oct. 31 after defense lawyer Joe Goodwin of Beaumont became ill with chest pains.

Young, already convicted of murder in the slaying of Mabel McCormick, 50, faces trial here on a charge that he also killed her granddaughter, 3-year-old Leslie Bowman.

Dennis Anderson, charged with Young in an earlier trial at Belton, pleaded guilty and was assessed a life sentence by District Court Judge Jim Evetts. Young drew a five-year probated sentence in Evetts' court for the same crime.

While Young was held in jail in Tyler, defense lawyer Goodwin contended that his client was held in solitary confinement on half rations.

At a preliminary hearing in October, Goodwin said Young had told him that Smith County jailers were out to "punish him for what the Belton jury did not."

Calhoun said the question of Young's treatment was not the matter before the court.

"The court is not disposed to tell the sheriff how to run the jail," the judge said.

Edwin M. Bryan Dies; Rites Set

FORT WORTH — Edwin M. Bryan, 74, who lived in Midland 40 years, before moving here about a year ago, died this morning in a Fort Worth hospital after a two-year illness.

Funeral services are set tentatively for 10 a.m. Thursday at Center and interment will be there under direction of Mangum Funeral Home.

Bryan had been retired 10 years, having been a pump station engineer for Atlantic Pipeline Co. He worked for Atlantic 35 years.

He was a member of First Baptist Church in Midland.

Survivors include the widow; a daughter, Eddie Jo Bryan, and a son, Jack H. Bryan of Roswell, N.M.

Mexican Train Wrecks Kill Eight

MEXICO CITY (AP) — At least eight persons were killed and 23 injured in two train wrecks Monday.

Five hoboes died and three others were injured as 12 cars of a freight train jumped the track near Encarnacion de Diaz, in Jalisco state, Federal Atty. Manuel Romo Trujillo reported in Aguascalientes.

None of the victims was identified. All were in one of the derailed cars, Romo Trujillo said.

In the second pileup, which left three dead and 20 injured, a freight and a passenger train collided between Paty station and La Pedad in Michoacan state. Both engineers died.

Retired General Rhea Dies At 64

SAN ANTONIO, Tex. (AP) — Death has claimed retired Brig. Gen. Robert L. Rhea, 64, who switched from teaching English in college to pursuing a medical career and became commander of Brooke General Hospital here.

Rhea was found dead by his wife Monday. An Army spokesman said death was due to apparent natural causes.

Japan Turns To Oil As Protein Source

WASHINGTON (AP) — Japan, the biggest customer of the U.S. soybean farmer, is turning seriously to petroleum byproducts as a source of protein meal for livestock, the Agriculture Department reports.

By 1975, the Economic Research Service said Monday, Japan could be getting as much as 11 per cent of its livestock protein feed supplements from petroleum.

Basically, ERS reported in the January issue of "Farm Index," protein is formed when yeast is put on common paraffin wax, a derivative of converting raw petroleum into fuel.

"It contains the essential amino acids needed by humans and animals for tissue building," the ERS said. "In one of these aminos, lysine, the petroleum product has a higher percentage than soybean cake."

Officials said the petroleum protein "may be no more costly to make" than that from soybeans.

World output of petroleum protein still is relatively small, with production including France 16,000 to 20,000 tons a year, the Soviet Union 5,000 and Britain 8,000, the report said.

The go-ahead for development in Japan was given last September when Japanese health authorities declared petroleum protein to be free of cancer-causing ingredients and other toxic substances.

Japan is the biggest buyer of U.S. soybeans, taking about $357 million worth last fiscal year, the report said.

Commissioners Okay Budget, Pay Hike For Most Employes

By D'EVA LUTHRINGER

Midland County Commissioners Monday approved an amended budget, which included a $30 per month salary hike for most county employes.

Elected county officials did not receive a salary increase.

It will be about a week before County Auditor Irma White totals the changes and determines the amount of the amended budget, she said.

Commissioners met at 1:30 p.m., the first regularly scheduled afternoon meeting of the group. Commissioner Charles Welch said the court is going to try the afternoon meetings for a while to determine whether the new time slot is more convenient.

In other business Monday, commissioners:

— Decided to seek an attorney general's opinion on whether the court may allocate money for the Senior Citizens Services program.

Mrs. Marion Fisher, coordinator of the new program, asked commissioners for $8,000 and said she would be meeting with the Midland City Council today to put in a similar request.

To Seek Opinion

Commissioners said it is their understanding that the court is forbidden by law to put tax monies into a private program such as this but they are interested and will seek the high-level legal opinion.

— Decided to advertise for bids for a car for County Agent Charles Green and for a depository for county funds.

Green's car is five years old and has 115,000 miles on it, he said.

— Appointed Commissioners Welch and John Thomas to the board of the Community Action Agency.

Mrs. Marion Kimberly, executive director of the Midland group, requested the appointments.

She said the board is made up of 18 members, one-third from the poverty-level group in Midland, one-third from business and interested citizens and one-third from public officials (or their appointed representatives)

— Agreed to rent the County Exhibit Building to Balie Griffith Firestone for $500 per day plus utilities and a $25 clean-up fee which would be returned if the building is left clean.

The building is to be used Feb. 21 through 26 for a three-day sale by the two Midland stores. The other two days are for setting up and tearing down displays.

Commissioners said this is the first time the building has been rented for this type of purpose.

Smith Appoints Hardeman To Head Water Rights Unit

AUSTIN, Tex. (AP) — Dorsey Hardeman, former state senator from San Angelo, was named chairman of the Texas Water Rights Commission Monday by Gov. Preston Smith.

Hardeman was Smith's floor leader when Smith was lieutenant governor, and the two have been longtime political allies.

Hardeman replaces Otha Dent as chairman, but Dent remains a member of the commission. The governor has the power to name any of the three commissioners to the chairmanship, without Senate confirmation.

Hardeman was mayor of San Angelo, a House member for four years, and a senator for 22 years. After he was defeated in a 1968 re-election bid, he was named by Smith to the State Insurance Board, but the nomination was withdrawn when it became apparent the Senate would not confirm it.

Smith then named Hardeman executive director of the water rights commission, a post that does not require Senate approval, and in 1971 appointed him to the commission, this time gaining the necessary Senate okay.

Negro Elected To Head Trustees

HOUSTON (AP) — Dr. Herman A. Barnett became the first Negro ever to serve as president of the Houston School Board Monday night.

Barnett was elected by fellow trustees for a one-year term as president.

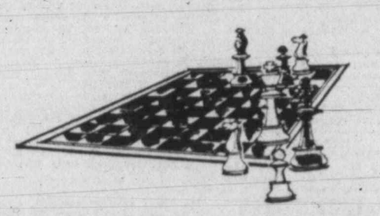

Clark, Martin Receive UT Humanities Degrees

AUSTIN — The University of Texas College of Humanities listed 139 students as candidates for Bachelor of Arts degrees at the close of the fall semester.

Among them were two Midlanders. They are Robert Brian Clark of 2100 Wadley and Thomas Roger Martin of 2405 Fannin.

HOGG SECOND TEAM—

Uvalde Tops AAA All-State

By THE ASSOCIATED PRESS

Uvalde's Class AAA champion Coyotes placed three men on the Texas Sportswriters' Association All-State first team roster with tackle Ronnie Rogers getting the distinction of making it on both the offensive and defensive units.

Runnerup Lewisville landed sophomore running back sensation Paul Rice and linebacker Jim Bragg on the first 22.

Brenham's Wilson Whitley, a rugged 6-foot-3, 270-pound tackle, was the nearest to unanimous on offense. He was mentioned on every ballot. Offensive end Mike Crosswhite of Gregory-Portland was the second leading vote-getter on offense while Rice was third.

Defensive back Chris Spray of Pecos was the top vote-getter on defense.

Other area players named to the first team are Seminole quarterback Donald Roberts and defensive back Edward Lockhart of Odessa Ector.

Lamesa's Wayne Hogg, a flashy halfback, was named to the second team offense along with tackle Stan Caffey of Seminole and guard Joe Segulia of Pecos. Caffey tied Mount Pleasant's Carl Hall in the voting to earn a second team berth.

Lubbock Dunbar linebacker Thomas Howard, running back Matt Murski, Brenham and Whitley were repeaters from last year's All-Star team.

Rogers and Whitley were the only players to make the first team on both offense and defense.

DALLAS (AP)—Here is the Class AAA All-State Schoolboy Football team as selected by The Texas Sportswriters Association:

FIRST TEAM OFFENSE

Ends—Mike Crosswhite, Gregory-Portland, 6-2, 195, Sr. and Randy Gerdes, Uvalde, 6-3, 198, Sr.; Tackles—Wilson Whitley, Brenham, 6-3, 270, Sr., and Ronnie Rogers, Uvalde, 6-4, 232, Sr.; Guards—Mike Bingham, Uvalde, 6-0, 215, Sr. and Malcolm Bussey, Wilmer-Hutchins, 6-1, 195, Jr.; Center—Jimmy Summers, Henderson, 6-2, 195, Sr.; Quarterback—Donald Roberts, Seminole, 6-3, 195, Sr.; Backs—Cleveland Franklin, Brenham, 6-1, 190, Sr.; Paul Rice, Lewisville, 5-11, 185, Soph; and Matt Murski, Brenham, 6-0, 207, Sr.

FIRST TEAM DEFENSE

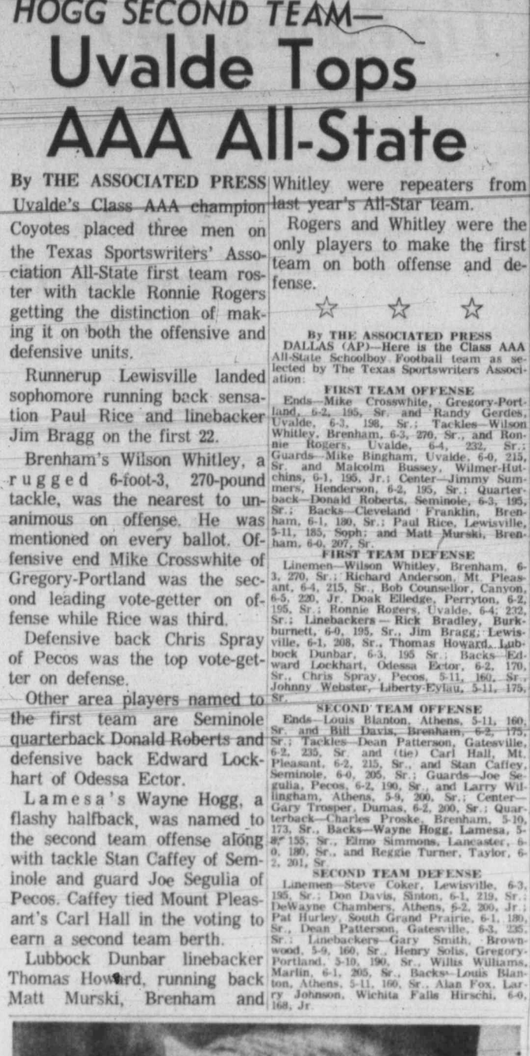

Linemen—Wilson Whitley, Brenham, 6-3, 270, Sr.; Richard Anderson, Mt. Pleasant, 6-4, 215, Sr., Bob Counsellor, Canyon, 6-5, 220, Jr. Doak Elledge, Perryton, 6-2, 195, Sr.; Ronnie Rogers, Uvalde, 6-4, 232, Sr.; Linebackers—Rick Bradley, Burkburnett, 6-0, 195, Sr., Jim Bragg, Lewisville, 6-1, 208, Sr., Thomas Howard, Lubbock Dunbar, 6-3, 195 Sr.; Backs—Edward Lockhart, Odessa Ector, 6-2, 170, Sr., Chris Spray, Pecos, 5-11, 160, Sr., Johnny Webster, Liberty-Eylau, 5-11, 175, Sr.

SECOND TEAM OFFENSE

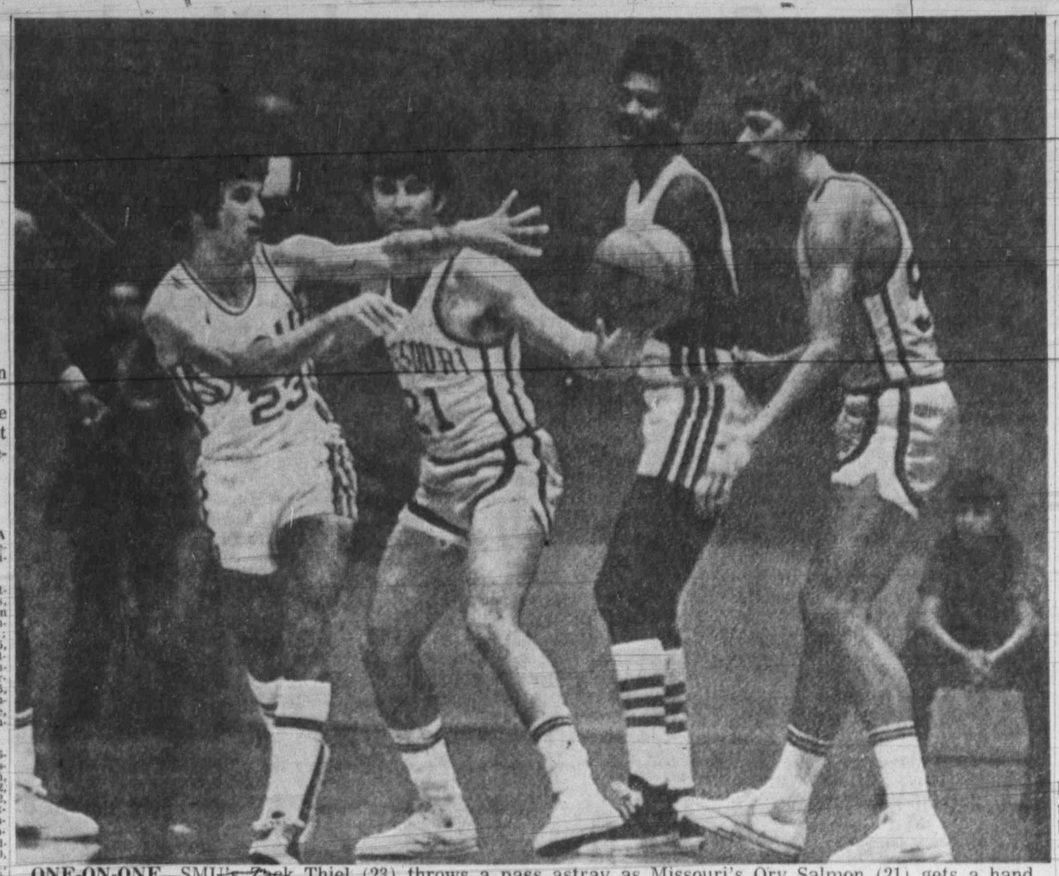

Ends—Louis Blanton, Athens, 5-11, 160, Sr. and Bill Davis, Brenham, 6-2, 175, Sr.; Tackles—Dean Patterson, Gatesville, 6-2, 235, Sr. and (tie) Carl Hall, Mt. Pleasant, 6-2, 215, Sr., and Stan Caffey, Seminole, 6-0, 205, Sr.; Guards—Joe Segulia, Pecos, 6-2, 190, Sr. and Larry Willingham, Athens, 5-9, 200, Sr.; Center—Gary Trosper, Dumas, 6-2, 200, Sr.; Quarterback—Charles Proske, Brenham, 5-10, 173, Sr., Backs—Wayne Hogg, Lamesa, 5-8, 155, Sr., Elmo Simmons, Lancaster, 6-0, 180, Sr., and Reggie Turner, Taylor, 6-2, 201, Sr.

SECOND TEAM DEFENSE

Linemen—Steve Coker, Lewisville, 6-3, 195, Sr.; Don Davis, Sinton, 6-1, 219, Sr.; DeWayne Chambers, Athens, 6-2, 205, Jr.; Pat Hurley, South Grand Prairie, 6-1, 180, Sr., Dean Patterson, Gatesville, 6-3, 235, Sr.; Linebackers—Gary Smith, Brownwood, 5-9, 160, Sr., Henry Solis, Gregory-Portland, 5-10, 190, Sr., Willis Williams, Marlin, 6-1, 205, Sr., Backs—Louis Blanton, Athens, 5-11, 160, Sr., Alan Fox, Larry Johnson, Wichita Falls Hirschi, 6-0, 168, Jr.

ALLEN PONDERS — George Allen, coach of the Washington Redskins, ponders a question during a news conference following the Redskins first California workout in Anaheim Monday. Allen's Redskins will meet the Miami Dolphins in the Super Bowl Sunday. (AP Wirephoto.)

ONE-ON-ONE—SMU's Zack Thiel (23) throws a pass astray as Missouri's Orv Salmon (21) gets a hand on the ball. Immediately behind Salmon is SMU's Ruben Triplett, followed by the Tiger's John Brown. Brown sank a field goal in the last two seconds of the game to preserve Missouri's unbeaten string in this season. The Tigers won 74-73. (See Story Page 2B.) (AP Wirephoto.)

George Allen Is Cautious

☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

Redskins Prepare For Dolphins

By BRUCE LOWITT

LOS ANGELES (AP) — The last time the Miami Dolphins lost a football game it was to Washington—but that doesn't mean a thing, psychologically or otherwise, says Redskin Coach George Allen.

"We used a lot of different people then and so did they," Allen said Monday of the Redskins' 27-24 preseason triumph against the Dolphins, who then proceeded to chalk up a perfect regular-season record followed by playoff victories against Cleveland and Pittsburgh.

"It's as if the California Angels beat, say, the Los Angeles Dodgers in an exhibtion, then they wound up in the World Series. One has nothing to do with the other."

Mentioning the Angels wasn't just by chance. It's their home, Anaheim Stadium, where the Redskins are working out for ther first National Football League championship game since 1945.

They attracted some 4,000 young fans to their hour-long practice, then had to run for cover when more than half the spectators, ignoring the slim security force, vaulted the ball-park fences and stormed onto the field, seeking autographs, pictures and handshakes.

"It was heartening," Allen said of the turnout, "but scary."

The Redskins coach also said he couldn't understand how Washington has been installed as a slim favorite to beat the Dolphins in Super Bowl VII on Sunday.

"They're 16-0 and they've got the No. 1 offense and No. 1 defense in the league," he said. "And they've got the three best running backs on any one team," Larry Csonka, Mercury Morris and Jim Kiick.

The 'Skins generally brushed aside the idea that Miami might have a psychological edge over them, having already been in a Super Bowl while it's new to Washington.

"It's all the same game," said wide receiver Roy Jefferson. "You formulate a game plan, work on it, then go into the game and try to execute it, that's all."

And linebacker Jack Pardee, one of the raft of Redskins who followed Allen to Washington after the coach had been dumped by the Los Angeles Rams, added:

"We're not exactly rookies. And we've got a few guys who've been in championship games, like Jefferson when he was with Baltimore, and Verlon Biggs (when the defensive end was with the New York Jets) and a couple of others. So the fact that they were here last year and we weren't doesn't really mean much."

☆ ☆ ☆ ☆ ☆ ☆

SAYS CSONKA—

Morris, Kiick Not Feuding

By HUBERT MIZELL

LOS ANGELES (AP) — Larry Csonka is fed up with people trying to create a feud between Mercury Morris and Jim Kiick his running partners in the Miami Dolphins' backfied.

"They love each other, they pull for each other," says Csonka. "They just hate to ride the bench. To a real football player, the bench is hell. As far as I can determine, nobody enjoys hell."

That's one feud down, one to go.

Then there's the Bob Griese-Earl Morrall stickiness at quarterback. When the icy, confident Griese suffered a busted leg in the season's fifth game, the 38-year-old Morrall came to the Dolphins' rescue.

He led the club to 11 victories in a row.

Now, with Griese healed, Bob is No. 1 again for Sunday's Super Bowl VII matchup against the Washington Redskins Old Earl is one of those bench-hating types, too, but again the anger is professional instead of personal.

Don Shula is the man who decides who'll play and it ripped the iron-jawed Miami coach apart to assign Morrall to the sidelines.

"It was diffcult because Earl is such a first-class person on and off the field," Shula said Monday. "We wouldn't be standing here today, preparing for the Super Bowl, if it were not for Morrall. He picked us up in our darkest moment."

The darkest moment in a 16-0 season came when Griese was crumpled under a furious pass rush by San Diego Charger strongboys Deacon Jones and Ron East. Shula's heart was suddenly in his throat.

"Seeing Griese, the player of the year in the National Football League in 1971, laid out before you is a shocking thing," he said. "Then I turned to Earl for help. He responded, oh, how he responded."

Morrall quarterbacked for Shula when both were employed by the Baltimore Colts. It was Earl who was intercepted three times when Baltimore was upset by the New York Jets 16-7 in Super Bowl III.

The Dolphins, will work behind closed gates at the small baseball park today. It's the site where Washington's George Allen drilled the Rams when he was their head coach.

Nordiques Edge Out Raiders

By THE ASSOCIATED PRESS

The hockey teams from the Province of Quebec had this thing about blowing third-period leads Monday night but one of them managed to pull out a victory anyway.

No, it wasn't the Montreal Canadiens. They settled for a 3-3 tie with the Minnesota North Stars in the only National Hockey League action. The victorious sextet was the Quebec Nordiques, who eked out a 6-5 triumph over the New York Raiders in the only World Hockey Association game on Yves Bergeron's goal after 2½ minutes of sudden-death overtime.

However, it was a profitable evening for both Canadian clubs. The Nordiques climbed within three points of third-place New York in the WHA's East Division while Montreal pulled three points in front of runner-up Boston in the NHL East.

The Canadiens took a 3-1 lead on a pair of goals by Yvan Cournoyer and one by Frank Mahovlich. But Dennis Hextall scored for Minnesota at 7:22 and Buster Harvey's powerplay goal 6½ minutes later tied the score.

Bergeron backhanded a 10-foot shot past New York goalie Pete Donnelly to give the Nordiques their victory. Bergeron's decisive goal, his seventh of the season, came on the only shot of the overtime session by either team.

Quebec goals by Jean Payette, Rejean Giroux, Andre Gaudette and Michel Parizeau and New York markers by Ron Ward, his 34th, and Gene Peacosh staked the Nordiques to a 4-2 lead after two periods.

The Raiders caught up the first time on third-period goals by Brian Bradley and Brian Perry before Francois Lacombe's 50-footer put Quebec on top 5-4. New York's Mike Laughton sent the game into overtime by scoring with 5½ minutes left.

Captures Lead

SAN ANTONIO, Tex.—Frank Conner carded a four-under-par 67 to lead opening round scorers at the ninth weekly $30,000 Pro Golf Management Tourney.

FORMER CRANE STAR—

Pros Interested In HPC's Jones

BROWNWOOD—From Crane, Tex., to Chicago is a long way in more respects than one.

But Tom Jones, 6-foot guard with the Howard Payne College basketball team, may have an inside ticket to make the trek sooner than he would have ever believed possible.

Recently the Chicago Bulls of the National Basketball Association informed Jones in a letter that they may give him the opportunity to go big time.

According to the Bulls, he's being considered for the draft.

If he is selected by this year's pro ball draft, the honor would represent for Jones the biggest plum in a career that's been fruitful for the senior.

Jones came to Howard Payne from the little West Texas town of Crane — more well-known for oil than slick basketball players.

In high school, he set West Texas ablaze with a fiery brand of ball that combined quick moves and a scoring average that topped 45 points a game.

About 60 colleges and universities sought the super schoolboy. He decided to cast his lot with Howard Payne College in Brownwood.

Jones' tenure with the Brownwood team has paid off.

He's been an all-Lone Star Conference selection more than once, a small-college All-America, and recently he became the school's No. 6 all-time leading scorer with about 1,360 points.

While at Howard Payne, Jones has helped Yellow Jacket teams roll up more than 100 wins. This year he has served as co-captain on a Jacket team that has won 10 of its first 11 games.

UNTIL SATURDAY—

5-4A Games Postponed

The Midland vs. Abilene and Midland Lee vs. Abilene Cooper District 5-4A basketball games tonight have been postponed until Saturday, it was announced by Athletic Director Thurman (Tugboat) Jones today.

Icy roads, freezing temperatures and sleet forced the rescheduling of the games.

Midland will host Abilene Saturday while Lee travels to Cooper.

In Friday's action, Lee is at Big Spring and Midland entertains San Angelo.

Lee, 19-1 for the season and on a 17-game winning binge, has a 2-0 record in district and shares first place with Odessa Permian.

The Panthers weren't expected to be a contender, but ended Midland's 20-game district winning streak last Tuesday, 53-51, and then squeaked by Abilene High 54-53. Midland High at 1-1 is tied with San Angelo, Abilene and Odessa for the runnerup spot.

SUCCEEDS PONT—

Corso Named To Indiana Job

CINCINNATI (AP) If Louisville's Lee Corso lives up to his reputation when he moves to Indiana, he'll have the football Hoosiers laughing — and winning.

Corso was as eager to proschool Sunday, to succeed John Pont, was known for cracking jokes as well as the whip while head coach at nearby Louisville.

He once confessed to driving past a cemetery on the way to work each morning to remind himself, "Things could be worse."

Corso, 37, is the life of the party — until he gets on the football field. Then he's all business, even if the business is sprinkled with levity.

Corso's 28-11-3 record in four years at Louisville speaks for itself. His 1972 team was 9-1, its only loss coming by two points.

Corso was as eager to rpomote the school's athletic program at Indiana.

They had a parade a couple of years back, and Corso volunteered to ride an elephant as a publicity gimmick.

"I didn't know an elephant has sharp little hairs all over it," Corso moaned later. "Wore a hole clear through the seat of a brand new pair of pants.

"This elephant goes through an underpass, and I thought I was going to get squashed. I could see the headlines . . . 'U. of L. Coach Dies on Elephant.'"

Corso once waved a white towel on the sidelines as Memphis State applied a 62-17 Missouri Valley Conference drubbing in Memphis.

The next season UL applied the drubbing 40-27.

Corso once took a turkey to midfield as game captain before an MVO battle.

And then there was his television show.

"Tell us about last week's game," an interviewer would begin.

"No." Corso would say. More snickers.

Then came the discussion of strategy for the upcoming game.

"Boy we've got some surprise for Memphis State," Corso would say. "Yeah, we ain't gonna' show up.'"

NBA All-Star Contest Set

NEW YORK (AP) — New York's Dave DeBusschere and Atlanta's Pete Maravich will be in the starting lineup for the first time when the National Basketball Association holds its annual All-Star Game in Chicago Jan. 28.

NBA Commissioner Walter Kennedy today announced the first eight players selected by writers and broadcasters to represent the East in the 23rd annual classic at Chicago Stadium.

John Havlicek of Boston was named for the eighth straight year.

Questions Unanswered

The Reagan County Invitational Basketball Tournament this past weekend was supposed to answer a lot of questions about the upcoming District 7-AA cage race, which opens at three sites tonight, but when the 42nd edition of the old established tourney had ended, nothing but muddled confusion remained.

Coahoma's powerful Bulldogs were considered as the pre-tournament favorite, which also means that the 'Dogs were rated as a favorite to capture the 7-AA crown, but Coahoma never got past the second round of play, falling to a spirited herd of Buffaloes from Stanton, 87-76.

Therefore, Stanton's stock should have hit the ceiling after the impressive win, but then along came Ozona. Ozona's Lions made up an 11-point deficit in the championship finale to down the Buffs 55-50 for the crown.

Ozona polished off McCamey 49-38 in the second round and then slipped by Reagan County by a mere point, 45-44, in the semifinals. At least Reagan County can be considered as a threat to Ozona as the Owls came within a heart beat of downing the Lions, so Ozona's championship stock is not of the caliber to risk large amount of funds.

Stanton and Coahoma can not be given up for dead as pre-loop tournaments have nothing to do with district crowns.

McCamey and Crane have to be listed as on the outside looking in, but if things get too hectic in the title race, one of them might slip through.

7-AA Opens Tonight

Crane's Golden Cranes got off to a horrendous start and own a sloppy 5-14 record to date, but the Birds have won four out of their last six contests, including two consolation championships. McCamey won consolation honors at the Howard Payne tournament two weeks ago, and will get another chance tonight against Ozona on the home court. That could make a big difference in the Badger attack, if they could pull off a big victory at the opening gun.

McCamey will use the scoring combination of Buzzy Stevenson and Paul Prather against the Lions tonight while Ozona features a balanced attack with Ruben Tambunga, David Huff, David Sewell, Ricky Webster and Stanton transfer Randell Papasan.

Reagan County will travel to Coahoma tonight in a tough opener, and an Owl win could make the conference race exciting right from the beginning. Coahoma has always been tough to beat at home, and the Owls will need all the help they can get.

Coahoma features senior Roland Beal on offense, and Beal can kill you from any spot on the court. Reagan County's Steve Bird is the Owl mainstay, but he will need help from Robert Gunnels and Monty Barnes if the Owls are to win. Barnes happens to be the younger brother of Texas Tech quarterback Joe Barnes.

Stanton tangles with Crane tonight, and the Buffs are heavily favored to win. On the positive side, however, the Buffs have to play in the Golden Crane sanctuary.

From top to bottom, the Buffs appear to hake the most solid squad in the league. Rick Wilson and Tommy Deavenport provide the scoring spark as Mark Eiland, David Chandler and Dewayne McMeans are good rebounders with scoring punch. If the Buffs are hot, they can ruin a good scoreboard.

Carl Milam has been the scoring ace for the Cranes, but Mike Green and Billy Joe Neal looked impressive in the Reagan County affair.

Should Stanton, Coahoma and Ozona pull off victories tonight, the race will have started in predictable fashion, and the Stanton-Coahoma battle Friday will draw the attention.

If either Crane, Reagan County or McCamey earn wins tonight, the race will still have a natural look about it because this district horse race will probably go down to the last game of the year anyway.

The 7-AA football race was no different—why should it be in basketball?

Faulty Scoreboard Clock Sinks SMU

Area High School Basketball

7-AA Sets Kickoff

By TERRY WILLIAMSON

The District 7-AA cage race opens tonight, weather permitting, with three key contests on the slate, and the six loop teams involved appear to be headed for one of the tightest races in the area.

Stanton's surprising Buffaloes will travel to Crane, and the Buffs are rated as one of the league favorites even though four teams appear to have a shot at the title.

The pre-season favorite was Coahoma, but Stanton knocked off the Bulldogs last week in the Reagan County tournament, and Ozona's Lions clipped Stanton in the finals for championship honors. So those three teams appear to be the class of the league, but Reagan County's Owls, who have been up and down all year, still have to be considered.

Crane, the defending champion, has gotten off to a bad start with a lowly 5-14 mark, but has managed four wins in their last six outings. McCamey's Badgers are still an unknown quanity, but lost to Ozona in the second round of the Reagan County affair.

The Badgers will get another shot at the Lions tonight with the home court advantage while Reagan will have to travel to Coahoma in a tough opener.

District 2-AAA play continues today with the Andrew Mustangs and Odessa's Ector Eagles battling for the league lead. The Mustangs are 3-0 in loop play while the Eagles own a 2-0 mark. That contest will be closed to the public and has a 2 p.m. Starting time.

Seminole's Indians will be in a survival battle tonight against Pecos while Fort Stockton and Monahans tangle in a "so-what" contest.

Lamesa's league leading Tors host Brownfield in the key District 3-AAA contest. Lamesa owns a 2-0 loop reading, and a win over the Cubs would just about sew up the first half title for the Golden Tornadoes.

Sweetwater hosts Lubbock Dunbar while Coloardo City travels to Lubbock Estacado in the other 3-AAA battles.

In District 6-A contests, Sanderson hosts Clint, Iraan travels to Marfa and Balmorhea takes on Wink. Rankin's Red Devils draw the open date, but they will return to loop action Friday against Marfa.

Lake View's Chiefs host Snyder in the only non-conference game.

GET ALL VOTES—

Bruins Are Still Top Cage Team

By THE ASSOCIATED PRESS

Rampaging UCLA, riding a 55-game victory streak, is the unanimous choice as the nation's No. 1 college basketball team in this week's Associated Press poll.

The mighty Bruins, 10-0, received all 47 first-place ballots and 940 points from the nationwide panel of sports writers and broadcasters who participate in the voting. Maryland, 9-0, garnered 767 points and maintained second place today in the poll covering games through Saturday. North Carolina State, 9-0, tallied 689 points, moving from fourth to third place and exchanging places with Marquette, 10-0 and 656 points.

Missouri, 11-0, moved from seventh to fifth place with 495 points while Long Beach State, 11-1 and 394 points, dropped from fifth to sixth. North Carolina, 12-1, was seventh, followed by Minnesota, 9-1, Vanderbilt, 11-1, and Houston 10-2.

Providence, 7-1, earned 11th place followed by San Francisco, 10-1, Southwest Lousiana, 7-1, Alabama, 7-1, and Jacksonville, 10-2.

Rounding out the Top Twenty are: Indiana, 8-2; Kansas State, 9-2; Florida State, 8-3, St. John's, 8-2, and Louisville, 10-2. Poll: 10-2. The Top Twenty, with first-place votes in parentheses, season records and total points. Points tabulated on basis of 20-18-16-14-12-10-9-8-7-6-5-4-3-2-1

1. UCLA (47)	10-0	940
2. Maryland	9-0	767
3. N. Carolina St.	9-0	689
4. Marquette	10-0	656
5. Missouri	11-0	495
6. Long Beach St.	11-1	394
7. North Carolina	12-1	392
8. Minnesota	9-1	364
9. Vanderbilt	11-1	252
10. Houston	10-2	203
11. Providence	7-1	188
12. San Francisco	10-1	156
13. SW Louisiana	7-1	146
14. Alabama	7-1	130
15. Jacksonville	10-2	98
16. Indiana	8-2	80
17. Kansas St.	9-2	52
18. Florida St.	8-3	47
Tie-St. John's, NY	8-2	47
20. Louisville	10-2	34

Others receiving votes, listed alphabetically:

Arizona, Brigham Young, Cincinnati, Iowa, Marshall, Memphis St., Michigan, New Mexico, Oklahoma, Oral Roberts, Penn, St. Joseph's, Pa., Santa Clara, South Carolina, Southern Cal, Washington.

Flatlanders Set Meeting

The Flatlanders Ski Club of Midland will hold a meeting Wednesday at 7:30 p.m. in the Midland Room of the Midland National Bank.

Two ski movies, "The Performers" and "Commitment to Excellence", will be shown, and plans will be finalized for a ski trip to Ruidoso, N.M., Jan. 12-14.

All interested persons are invited to attend.

IN DEMAND—Organist Norm Kramer concentrated on his music at a recent Minnesota Fighting Saints game. Kramer, considered hockey's top organist, is in the middle of a talent war between the National Hockey League and the World Hockey Association. (AP Wirephoto.)

☆ ☆ ☆ ☆ ☆ ☆

JOINS WHA—

Kramer Is Part Of Talent War

By PAT THOMPSON

ST. PAUL, Minn. (AP) — To Norm Kramer's delight, he's found himself in the middle of the National Hockey League and World Hockey Association war for talent.

"I'm worth at least a goal a game," brags Kramer.

Only Kramer's talent is psyching up crowds, not scoring goals, with hockey music at the organ.

The 45-year-old St. Louis native is considered hockey's top organist after serving the NHL St. Louis Blues for five years.

The Blues not only changed coaches this year but also switched organists, Kramer noted.

Now, he's entertaining offers from the Atlanta Flames of the NHL and numerous WHA cities. Kramer is in St. Paul this week for five Minnesota Fighting Saints games and has had requests to go on the WHA tour.

"The Flames hadn't won a home game when they sent for me in November," Kramer boasts. "They tied the first night because the sound system wasn't just right, but the next game they just walked over Minnesota. The crowd came off its hands the last five minutes of games."

Kramer says it's his intention to provide catchy music to fit events taking place on the ice. He claims credit for introducing the current rallying music used by most hockey organists.

"I'm not about to divulge what my secret is," he said. "It's a matter of timing. It's something to enthuse the crowd—I picked it up watching the Astrodome scoreboard on television. If they can do it for baseball, I thought I could get something going for hockey to get the fans off their hands.

"If the fans don't get with it, the players don't get with it."

Kramer said most NHL teams sent their organists to St. Louis to learn how he was firing up fan reaction.

"There was one or two teams who sent an organist down with a tape recorder without doing it the right way," Kramer says.

In St. Paul, he's showing local organists how hockey games should be intermixed with organ notes.

"This crowd will be with it by the end of the week," he said.

Kramer says he has been involved with musical instruments for 37 years, but took up the organ only 10 years ago.

Emery Jones, general manager of the St. Louis Arena, spotted him in a nightclub and invited him to try out for the Blues' job when they entered the NHL in 1966.

"I left the Blues in a happy air," said Kramer. "The St. Louis owners were great. I just thought I needed a change."

Seasonal Golf

☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

Nicklaus Wants Global Tour

By WILL GRIMSLEY

RANCHO LA COSTA, Calif. (AP) — Jack Nicklaus sees big-time tournament golf going global with the United States providing only a segment of a rich tour that will lap over to other continents.

"Personally, I would like to see golf played on a seasonal basis in this country with more competition in foreign lands," the game's top player told Pacific Coast golf writers Monday night after they had honored him as the No. 1 player of last year.

"I don't know what that season is but I am in favor of fewer and more select tournaments. That way, we would be able to provide a more representative field for most of the sponsors."

Nicklaus, who won more than $320,000 on the U.S. tour last year while playing in about half of its 40-odd tournaments, said he wouldn't be surprised to see the Mexican Open and rich tournaments in Japan and Great Britain added to the tournament program in future years.

"I support the American tour but I think we should also support tournaments in other countries," the blond bomber from West Palm Beach, Fla., said in an interview. "After all, the American tour was not built by Americans alone but no one can say that fellows such as Roberto DeVicenzo, Gary Player and Tony Jacklin haven't made tremendous contributions to our tour. We owe them something."

Frank Conner Leads PGM Tournament

SAN ANTONIO, Tex. (AP) — Frank Conner, known locally as a former collegiate tennis hero, rolled to an opening round 67 to capture a two-stroke lead Monday in the ninth weekly $30,000 Professional Golf Management tourney.

Conner's card was 32-35 for the tough, par 71 Pecan Valley Golf Club.

A Houston golfer, Richard Killian, also started with a 32 in clear and cold weather, but he faltered to a 37 on the back nine for sole possession of second place. His 69 puts him two strokes back of Conner, who played tennis for Trinity University here.

Jim Barker, a Pecan Valley pro, and Chris Blocker, a tour veteran from Austin, share third place with 70s, going into Tuesday's final round. Barker won the $5,000 top money in one of PGM's previous tourneys.

Missouri's Tigers Tip Ponies, 74-73

By THE ASSOCIATED PRESS

Missouri's victory over Southern Methodist couldn't have been any closer. It's also doubtful whether the narrow one-point verdict could have evoked any more controversy.

John Brown pumped in a lay-up with no time showing on the clock as fifth-ranked Missouri edged SMU 74-73 in an intersectional college basketball game Monday night.

Umpire Pat Malette of the Big Eight Conference ruled the basket was legal despite an emphatic protest from the timekeeper that time had run out.

"I've been on the short end of this situation a few times," said Missouri Coach Norm Stewart. "It's tough but it happens."

SMU Coach Bob Prewitt was less than philosophical.

"The official (Malette) already had made up his mind. He should have consulted the timer," the angry cage boss exclaimed.

"The clock never went off and that's what has to be official," said Mallette. "If the shot goes off and we can't hear the buzzer, then I will consult the timer-that is the only time. But if the clock never goes off, all I can do is assume there is time left."

Freshman Ira Terrell, who led SMU with 26 points, had put his team ahead 73-72 with three seconds left. Missouri then called time with two seconds remaining. Steve Blind then took a half-court pass and missed his attempt, but Brown, who scored 35 points, grabbed the rebound and scored the controversial bucket.

The timekeeper, Bill Durrett, said when the clock was reset after the time out the buzzer wasn't turned on.

In other games involving teams in the Associated Press Top Twenty, Florida upset No. 9 Vanderbilt 80-72, No. 13 Southwestern Louisiana defeated Cincinnati 94-88 and No. 18 Florida State crushed Georgetown 101-70.

Gene Shy, a 6-foot-5 forward, scored 24 points as underdog Florida took an early 8-6 lead they never relinquished. Vanderbilt was handcuffed as 7-4 Steve Turner collected three fouls in the first five minutes.

Dwight Lamar sparked a SW Louisiana rally by scoring six of his game-high 32 points in the final two minutes.

The Seminoles recorded their second highest scoring total of the season, romping to a 56-34 halftime bulge and placing all five starters in double figures.

David Vaughn scored 34 points and hauled down a school record 34 rebounds as Oral Roberts romped past Brandeis 123-95. Ruben Montanez registered 22 points as Duquesne whipped St. Bonaventure 84-60.

In other games Monday night it was: Illinois St. 107, Morehead St. 91; Illinois 76, Wisconsin 74; Michigan 71, Iowa 59; Iowa St. 73, Oklahoma St. 59; Southern Mississippi 105, Missouri-St. Louis 83 and Kentucky 90, Mississippi St. 81.

Other results were: Southern Alabama 83, Fairfield 82; Georgia Tech 69, Rice 65; Furman 82, Niagara 77; New Mexico 87, St. Louis 67 and Utah St. 84, Texas Tech 76.

Court To Review U.S. Responsibility Over Local Jails

By BARRY SCHWEID

WASHINGTON (AP) — The suicide of a Texas youth has prompted the Supreme Court to review the government's responsibility over conditions in local jails.

On any given day, about 4,000 federal prisoners are in state and local jails waiting to be tried or sentenced.

The jails often are overcrowded and the facilities substandard, Chief Judge John R. Brown of the U.S. Circuit Court has said. Inmates routinely subject other prisoners to "varieties of subhuman treatment that no citizen of a civilized nation . . . should be compelled to endure," Brown wrote last July.

The judge and two others, John Minor Wisdom and Irving L. Goldberg, wanted their court to reconsider its ruling that the parents of the youth, Reagan E. Logue of Corpus Christi, were not entitled to damages for his death.

They lost, 12 to 3, but on Monday the Supreme Court agreed to hear the parents' appeal.

The 18-year-old boy faced federal trial on charges of conspiring to smuggle 229 pounds of marijuana into the United States when he was placed in the Nueces County jail.

Doctors, mindful of a suicide attempt and a diagnosis that the youth was acutely psychotic, had recommended he be kept in a hospital, the appeal said.

One day young Logue removed a long bandage from his arm and hanged himself.

The parents are seeking the $5,000 in damages awarded in 1971 by U.S. Dist. Court Judge Owen D. Cox of Corpus Christi but reversed by the Circuit Court.

The appeal tests whether the U.S. government is exempt from liability under federal law. But, it also says, there is a deeper, fundamentally moral issue at stake: "the conditions to which the federal government subjects its prisoners when it turns them over to local jails."

The Justice Department opposed the review.

The case will be argued before the court in March or April with a final decision due before the end of June.

Cold, Ice Storms Hold Grip On Most Of Nation

By THE ASSOCIATED PRESS

Freezing rain and icy conditions plagued the Southeast today, closing highways, toppling trees and snapping power lines and leaving thousands without heat in below-freezing temperatures.

Bitter cold remained entrenched over many sections of the nation. A new Pacific storm scattered snow from Northern California and Oregon into Nevada.

Snow flurries touched the Texas Panhandle and the central Midwest and Great Lakes Region.

The collapse of a snow-covered furniture store roof in Jacksonville, N.C., killed one person. Two elderly sisters in Red Oak, Ga., an Atlanta suburb, died in a fire triggered when an ice-loaded tree limb fell on their home.

Slick roads contributed to two traffic deaths in North Carolina. Interstate 85 in north Georgia was closed. Heavy snowfall in Tennessee and North Carolina mountain areas halted all business and travel, and ice buildups in north Georgia and southeastern Tennessee caused power failures.

The possibility of flash floods loomed for later in the week when warmer temperatures are expected to melt snow and ice accumulations.

Georgia Power Co. crews got extra help from workers in south Georgia and Alabama as they tried to overcome outages in the Atlanta area, Augusta, Athens, Rome and other northern areas. About 30 per cent of Atlanta's power customers were without electricity.

Numerous schools were closed in Arkansas because of snow and ice, and 4,000 customers of the Arkansas Power & Light Co. were without electricity in the state's southern section as ice-laden utility lines snapped or were broken by falling trees.

Trial Under Way In Sniper Slaying

FORT WORTH, Tex. (AP) — Prosecutors said they would begin today calling to the stand witnesses who can prove circumstantially that David Nelson shot and killed Fort Worth patrolman Edward M. Belcher 15 months ago.

Nelson, 20, went on trial Monday in the sniper slaying of the 24-year-old officer as he stood on a parking lot outside a once popular South Side night spot.

Jury selection was completed Monday.

Lee Youth Center Chatter

By DIANA NORTHINGTON, CARLA NANCE And PAM BOHRER

Hi, Rebs! We hate to say it, but it's back to school! The holidays have been fun and relaxing and now we know you're all ready to get back to the same ol' G-R-I-N-D. Right?

Over the Christmas holidays, the OEA Club went Christmas caroling. Mr. Chapman and Mrs. Blaine were just a few of the people serenaded by OEA members. Those spreading Christmas cheer were Angie Whitely, Gracie Garcia, Vicki Bolton, Ana Jimenez, Diane Beaudry, Sally Allen, Debbie Brannon, Suzie Haney and Mrs. Cason.

Surprise Party

Rusty Shaw and Andy Taylor hosted a surprise going-away party on Dec. 20 for Pat Lyons and David Perry. Those roller-skating and having a good time were Steve Carrier, Michelle Gillis, Karen Robinson, Randy Reddell, Debbie Turner, James Roller, Jana Roberts, Terri Newton, Charlotte Meyer, Andy Lynch, Diann Berry, Kallie Shivers, Anna Vick, Mary Hellinghausen, Carolyn Reavis.

Also Joey Dudenhoeffer, Robbie Barnes, Terri Cullen, Sara Dennis, Clayton Holcomb, Lisa Buckles, John Stark, Kenny Clodfelter, Tom Mallin and Randy Scott.

Bumps And Bruises

Clayton Holcomb and Terri Newton had a going-away party for Ben Carmona New Year's Eve. Cake was served and everyone skated until 3:30 a.m. Some of those celebrating the New Year with bumps and bruises were Gary McCright, Laura Hughes, Randy Reddell, Karen Robinson, Jogee Reynolds, Luretta Bybee, John Patton, Bill Winget, Lesla Andrews, Bob Wigley, Rick Dunn, John Kaufman, Donna Porter, Becky Meyer, Bruce Peeler, Jim Johnson and June Bateman.

"BULLITT," starring Steve McQueen, will be shown in the Lee Y.C. at 7:30 p.m. Saturday. Everyone be sure to see the "Crime Flick with a Taste of Genius" — LIFE. Tickets are 50 cents with a Y.C. card and $1 without a card. REMEMBER — these movies are for both Midland & Lee.

Seventeen in a row! WOW! What a record! Way to go roundballers! Tonight the Rebels are playing Cooper in Abilene and Friday night we travel to Big Spring to defeat the Steers. Everybody hit the road and follow the team on its victory trail.

Meeting Scheduled

The monthly Junior Council Meeting is scheduled at 7:30 a.m. Thursday. Everyone please attend. Doughnuts will be served.

Special Thanks go to— Ann Becker, Kallie Shivers, Anne Freitag, Gini Lively, Jeanette LaBouff, Pam Kinch and Jogee Reynolds for undecorating the Youth Center.

Some of those celebrating birthdays over the holidays were Jackie Smith, Sammy Adkins, Steve and Stefanie Blackmon, and Vicki Bolton. Hope ya'll had happy birthdays!

See ya next week,
Diana, Carla and Pam

P.S. Congratualtions to Jeri Taylor who has been selected to study in Germany under the YFO program. Lucky REB ! !

Sparkman Promises Action To Minimize Freeze Of Subsidies

By MAX B. SKELTON

HOUSTON (AP) — Senator John Sparkman, D-Ala., says he believes quick legislation will erase about two-thirds of the serious impact resulting from President Nixon's order to freeze new housing subsidy starts.

The freeze was announced Monday by outgoing Housing Secretary George Romney as both he and Sparkman spoke at the 29th National Association of Home Builders convention.

Romney said a temporary holding action on new commitments for water and sewer grants, open space grants and public facility loans also has been ordered.

'Time To Re-Evaluate'

"The time has come to pause, to re-evaluate and seek out better ways," Romney said.

He emphasized, however, that projects already in the "pipeline" and those necessary to meet statutory or other specific commitments will be approved.

But Sparkman, U.S. Rep. Wright Patman, D-Tex., and home building officials viewed the actions as abuse by the Executive Branch of its power to impound appropriated funds.

Sparkman, chairman of the Senate Banking, Housing and Urban Affairs Committee, said the housing freeze will have serious impact the next six months or the remainder of the current fiscal year.

Quick Congressional Action

"But I am hopeful Congress will have acted on legislation by then that will negate the last 12 months of the moratorium," Sparkman told newsmen prior to appearing on the same platform with Romney.

"I should think we could get legislation through pretty early. We passed a good housing bill in the Senate last year and I think we can use that as a basis. With full support of the public and the Congress, I believe we can present to the President a legislative package he would find impossible to turn down."

Patman, chairman of the House Banking and Currency Committee, spoke before Romney's announcement but commented on rumors of an 18-month moratorium on new subsidized housing starts.

He said waste and corruption may be involved in some of the housing programs but added "It is silly, and destructive, to think these ills can be cured by a meat-ax."

"Some of this meat-ax approach to cutting government spending is not fiscal responsibility, but fiscal irresponsibility of the highest order—fiscal irresponsibility which threatens the very future of the nation," Patman said.

"Housing has been made the scapegoat of a confrontation between the Executive Branch and Congress," was the reaction of Stanley Waranch, the association's president from Norfolk, Va.

Directors of the association earlier had approved a resolution saying the rumored moratorium would result in the loss of at least one million man years in jobs and over $10 billion to the economy on 12 months.

Stalled Before Christmas

At a news conference last Wednesday, Romney said he thwarted the contemplated freezes or cutbacks before Christmas and that negotiations were continuing. He said Monday the final decisions were made last Friday afternoon.

Romney reminded the home builders Nixon the last two years has urged federal revenue sharing participation in housing and community development projects.

"The President remains firm in his commitment to this approach at a significant level of funding, and will so indicate in his forthcoming budget message," he said.

Sparkman said Congress cannot let stand such arbitrary exercise of executive power taken in violation of the intent of Congress and in complete disregard of the housing needs of the poor and ill-housed.

OUT ARIZONA WAY—

Utility Seeks To Deny Gas To New Customers

PHOENIX, Ariz. (AP) — Arizona Public Service Co. asked the state Corporation Commission Monday for permission to refuse natural gas service to new customers.

"The shortage of natural gas which has affected other parts of the country in recent years, and which is now affecting our customers, makes it necessary for us to ask the commission on an emergency basis for temporary permission to decline natural gas service to new areas and new customers," said company vice president Keith Turley.

"During the moratorium, we will make a comprehensive evaluation of the situation and we expect to return to the commission within 90 days to request a more detailed permanent order specifying guidelines under which we will accept applications for new gas service," he said.

"Effective immediately, and until such time as the hearing has been held and an order is issued by the commission," he said, "the company will not accept any new requests for gas serving involving construction of gas facilities.

"However, we do intend to honor commitments for gas service previously made."

Turley said El Paso Natural Gas Co. has notified his firm that no increases in gas deliveries are possible under current conditions. He also said El Paso faces a gas shortage which could become worse in the future.

"El Paso Natural has requested the Federal Power Commission to set rules and regulations related to gas curtailment procedures and gas priorities in time of shortages," he said. "The FPC has rendered an interim decision in that matter, specifying the manner in which El Paso is to make delivery of gas to its customers."

Turley said the FPC decision will be in effect until next October.

"Therefore, we do not want to institute new gas service where such customers cannot be assured of a continuing supply of gas," Turley said. "We believe that protection of the gas supply for existing customers is of the utmost importance."

Quints' Dad Says Home 'Short Five Bedrooms'

EVANSTON, Ill. (AP) — James Baer says his house is "short five bedrooms" but he still calls the birth of quintuplets to his wife a "miracle and a blessing."

"I don't know what one baby costs, let alone five," Baer told newsmen Monday at Evanston Hospital, where the five-day-old quints were rushed shortly after their birth Friday in Highland Park Hospital.

The three girls and two boys born to his wife, Lynn, 26, were the Baers' first children. The 30-year-old Northbrook stockbroker confirmed reports that his wife had taken fertility drugs and added, "If we had it to do over again, we would have repeated everything we've done. My wife and I wanted a family more than anything in the world and God knows we finally succeeded . . ."

The infants, ranging in weight from 1 pound, 11 ounces to 2 pounds, 14 ounces, are "beyond the most difficult period" said Dr. Thomas Gardner, the neonatology specialist caring for them.

Gardner guessed the infants would spend two months in Evanston Hospital, a referral center for premature and high risk babies.

"Their chances for survival are quite good," he said.

Mrs. Baer was reported in excellent condition in Highland Park Hospital.

Feature Of Fauna

The great feature of the Australian fauna is the nearly total absence of all the forms of mammalia which abound in the rest of the world.

'Where's It From?'

"Now where in the world was this Christmas card mailed?" undoubtedly was asked on many occasions during the recent Christmas season, especially when a return address was not on the envelope.

The question resulted, of course, from the new policy of the U.S. Postal Service which doomed individualized postmarks in favor of "U.S. Postal Service 000" or whatever may be the first three numbers of a city's Zip Code.

Postal Service officials, incidentally, are quoted as saying the new system resulted in the Christmas mail landslide this season having been handled far more smoothly than in past years. And, it is hoped, at far less cost.

But this doesn't help the person interested in knowing where the letter he received was mailed.

* * *

Terry Kliewer, writing in The Dallas Morning News, bemoans the fact that the Texas postmarks of Valentine, Tarzan, Sublime, Desdemona, Matador, New Deal and such no longer will be seen.

And for years and years, many persons had driven to Valentine, in Jeff Davis County, to mail cards to sweethearts across the country on St. Valentine's Day.

Progress does bring changes. Individualized postmarking, according to the Postal Service, had to go by the wayside as part of the new U.S. Postal Service's effort toward fiscal responsibility.

The increasing centralization of mail collection and handling at selected, highly mechanized offices, such as the Midland Post Office and other regional centers over the state and nation, is responsible for the passing of the individual postmark. Highly sophisticated machines in use here and elsewhere somehow do not respect the charm of Valentines from Valentine, "TX."

This is the way it goes in the "Sophisticated '70s."

Attention, Young People!

Congressman Philip Crane of Illinois is quoted as saying that the federal government spends $1,175 annually for every man, woman and child in the United States.

He estimates that if overspending (deficit financing) continues to increase, in approximately 30 years it will cost every man, woman and child in the nation about $15,000 a year.

This is something for everyone to ponder seriously.

But C. C. Moseley, president of the Grand Central Industrial Centre, Glendale, Calif., in a letter to The Reporter-Telegram, says that he particularly is anxious that "Young people please take notice."

Yes, they are the ones who will be paying the bill for the vastly increased spending by Uncle Sam.

The Washington Merry-Go-Round

Jack Anderson Says: Walter Hickel still as blunt as ever in advising the President.

WASHINGTON — Former Interior Secretary Walter Hickel, who got in trouble with President Nixon for criticizing his policies, is still as blunt as ever about giving the President his advice.

In public, Hickel has turned to praising the President. But in private, Hickel politely reiterated his former criticism when he sat down with the President on Sept. 13 for an hour-long private conversation.

A source privy to the conversation quotes Hickel as telling the President to his face: "All over the country people are raising the same question — why is the President spending so much time on Vietnam when there are so many problems at home? Our cities are in desperate shape. They need your help."

What was the President's reaction to Hickel's criticism? When we asked Hickel, he had little comment. "The President was very receptive and cordial. That's all I can say," he replied.

Hickel, meanwhile, is considering a proposal to head a group of Alaskan businessmen on a trade trip to China later this year. This has stirred talk that he might like to become the first American ambassador to Communist China. But Alaska Democrats suspect he merely is getting ready to run against Sen. Mike Gravel, D-Alaska, for his Senate seat in 1974.

Shuster's Shenanigans

Our revelations of kickbacks and Bobby Bakerism led Rep. Irving Whalley, R-Pa., to give up his House seat last year. Now his successor, Rep. Elmer "Bud" Shuster, R-Pa., has arrived in Washington with $23 million in civil claims against him.

My associate Stuart Madden has spent several days investiagating the charges against Shuster. These involve alleged stock shenanigans in Delaware, Maryland, Pennsylvania, Wyoming and Washington, D.C.

Shuster, a financial whiz kid who holds a doctor's degree in business, became a vice president of the giant RCA at age 34. In 1968, he was called in to save the foundering Datel Corp. Datel records show that its book deficit was $724,905 when Shuster's management team took over in June, 1968. By the end of the year, the deficit had tripled to $2,176,473.

Nevertheless, the Datel directors, without telling the stockholders, contrived to sell Datel to Data Products, a California firm, for $3.5 million. But Data Products chief Irwin Tomash was dubious. He wrote to Shuster in a confidential Jan. 6, 1969, letter about "Datel's short history, lack of audited records, significant negative cash flow, etc . . ."

At one point, Shuster sold a huge block of stock in a computer company to Datel for $10 a share. We have seen audited financial statements, which claim the stock was worth less than 50 cents a share. Shuster's own auditors declared: "We have been unable to satisfy ourselves as to whether the transactions have been accounted for in conformity with generally accepted accounting principles."

Other suits also have been filed against the new congressman accusing him of misrepresentation and conspiracy to defraud. Not the least of the plaintiffs is the powerful Mellon interests of Pittsburgh.

Shuster tells us the several lawsuits are "absurb." He has never been guilty, he says, of anything more serious than a traffic violation. Upon his election to Congress, he divested himself of all his stock holdings and now owns only his farm in Bedord County, Pa., he claims.

Too Many Planes

In anticipation of a cease-fire freeze on military shipments, the U.S. has delivered more planes and helicopters to South Vietnam than there are pilots to fly them. The training programs aren't producing pilots fast enough. One problem is the language barrier. It takes a working knowledge of English for the South Vietnamese to fly American planes. The student pilots are shuffled through English courses and handed diplomas without learning the language. Later, many wash out of flying school because of the language problem.

Political Hacks

While President Nixon is promising to trim the bureaucracy, the Federal Railroad Administration is adding eight regional "safety directors" at a starting annual salary of $25,583 apiece. They won't be required to take tests or show any railroad experience. Yet they will have authority over lifelong railroad men who had to pass stiff civil service exams. The FRA claims the new men are needed to enforce safety standards. But our sources say what the FRA needs is knowledgeable workers, not expensive political hacks.

WORLD ALMANAC FACTS

New Zealanders are the world's biggest meat eaters, according to a report on annual per capita consumption of meat in 48 major meat producing and consuming nations, compiled by the U.S. Dept. of Agriculture. In 1970, New Zealanders ate an average of 230 pounds of meat per person, followed by Argentinians, 204 pounds, Australians, 201 pounds, Uruguayans, 196 pounds, and Americans, 186 pounds, The World Almanac says.

QUICK QUIZ

Q — What is the fatal nature of the tetse fly?

A — It carries the parasites that cause sleeping sickness. It is found only in Africa.

Q — How did the clock Big Ben in London get its name?

A — From Sir Benjamin Hall, commissioner of works, who was tall and stout. Parliament decided to name the clock for him.

Q — When were the Olympic Games inaugurated?

A — In 1896, in Athens.

Q — Why is the touch-me-not thus named?

A — Its flowers pop open at the slightest touch.

Q — Who was the youngest fighter to win the heavy-weight championship?

A — Floyd Patterson, in 1956 at 21.

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY

(Newspaper Enterprise Association)

The opening no-trump is a "picture" bid. It pictures your distribution and high card strength so closely that on most occasions partner knows if the combined hands are in the part score, game or slam range and can control the bidding accordingly.

The picture conveyed by the Jacoby no-trump is almost exactly the same picture Oswald Jacoby decided to show some 40 years ago. It is 16-18 high card points, 4-3-3-3, 4-4-3-2 or 5-3-3-2 distribution and the doubleton if there is one must include one of the four top honors.

Forty years ago we were more conservative. The doubleton had to include either the ace, king or queen.

With any other distribution the hand may still wind up in no-trump but the winning player will start with a suit bid because such hands show too much promise in the right suit.

When we watched this hand played, South took about seven seconds to make four no-trump after opening with one no-trump.

No one noticed that six diamonds could have been made just as easily. We don't say that a diamond opener would have led to that contract. All we know is that if South had opened a diamond there would have been a chance of reaching the slam.

What do you do now?

A—We really don't know and your guess may be as good as ours. For the record, our guess would be to pass.

TODAY'S QUESTION

Instead of bidding four diamonds, your partner jumps to five diamonds in response to your double. What do you do now?

Answer tomorrow

RAY CROMLEY—

Alcoholism Epidemic Is Found In Soviet Union

By RAY CROMLEY

WASHINGTON (NEA) — There are signs alcoholism has reached almost epidemic proportions in the Soviet Union and is still on the increase. According to a number of Western scholars, consumption of alcohol in the U.S.S.R. doubled between 1950 and 1960 and has since increased by another 50 per cent or more. And two-thirds of that consumption is hard liquor.

This despite the most stringent laws against drunkenness — including exile — and concerted antidrunkenness propaganda campaigns using the full resources of the state and Communist party.

David E. Powell of the University of Virginia, who has done some excellent research on the problem, says the available data indicates that in Russia intoxication contributes heavily to crime, delinquency, divorce and mental retardation. Most of those convicted of criminal activity acted under the influence of alcohol. More than half of all fatal accidents involve individuals who are drunk.

Drunkenness is also the cause of millions of lost mandays, diminished output and increased wastage in plants, factories and farms. Industrial enterprises each year report hundreds of thousands of cases of absenteeism and tardiness due to drinking.

On Mondays and the days after holidays, cases of defective work and accidents are more frequent.

Moonshining is rampant and practiced in virtually every village. Schoolchildren as young as fifth graders are reported to have become alcoholics.

These problems, of course, exist in virtually all nations. But Powell's studies give him reason to believe that the problem in the Soviet Union is of greater magnitude than in most other societies.

The problem of alcoholism has become so serious, in fact, that from what can be gathered by researchers working here, the eradication of drunkenness has been assigned a top priority by Leonid Brezhnev and his colleagues in the Kremlin, who apparently regard excessive drinking as a crime associated with the vestiges of capitalism.

Drunks may find their names and pictures on public bulletin boards or in the newspapers. They are publicly ridiculed by name. Habitual drunkards are put into sessions and attacked and grilled for hours on end by fellow workers. Some habitual offenders are assigned guardians to watch over them at work, at home and at play.

Habitual drunkards who refuse voluntary treatment and who violate public order or labor discipline are to be sent to institutions for one-to-two-year terms of treatment and labor re-education.

Soviet doctors attempt hypnosis, drugs and conditioned reflex therapy with very limited success. In one more effective approach, alcoholics are given a violent emetic with a glass of vodka.

The propaganda campaign against drunkenness is heavy and sustained in public, in the press, in schools. But however effective incessant government and Communist party propaganda may be in other fields, here it obviously has failed.

The BIBLE

Can You Quote It?

By LAVINA ROSS FOWLER

1. Much of civilization's early history was recorded on papyrus (pa-PIE-rus), supplied mostly by Egypt, the world's paper mill for 3,000 years. Large quantities of this were baled and sent to Greece by Phoenicians. What writing material did Paul seem to prefer? 2 Timothy 4:13

2. The sins of what tribe did Jeremiah claim were written by an iron pen with the point of a diamond? Jere. 17

3. What professional men wore their writing material attached to belts, as a status symbol? Ezra 7:6

4. With what other faction did Jesus connect scribes? Matthew 20:18, 23:2

5. Who asked Jesus to name the first Commandment of all? Mark 12:28

Four correct . . . excellent. Three correct . . . good. See Bible.

TIMELY QUOTES

One public opinion poll after another tells us that the average American does not understand how free enterprise works. The average voter in this country thinks that our after-tax profits are about seven times higher than they actually are.
—Richard C. Gerstenberg, chairman of General Motors.

Despite the stubborn resistance of the forces of reaction, aggression and conservatism, the world in 1972 has made a step toward building a better future for entire mankind.
—Tass, Soviet news agency, summing up last year.

Dear Editor:

I see where numerous members of Congress are threatening to cut off funds for the Vietnam war in the new session of lawmaking.

* * *

Which tells the North Viets to hang on a little longer with the "negotiation" farce, and their buddies in Congress will bring our military home and forfeit the war.

* * *

If this works, maybe us taxpayers can get together when we're not happy with their activities and vote to cut off all funds for operating the Congress.

DON OAKLEY COLUMN—

What Indians Really Need Is A Good Orator

By DON OAKLEY

NEW YORK (NEA) — One thing the American Indian movement could use today is an orator with the power to articulate the soul of his people and, as Martin Luther King did as a black man, touch the hearts of all men.

Eloquence at one time was as much a requirement for Indian leaders as was prowess in battle, and their white opponents were not without their appreciation.

Not so very long ago, for example, the famous lament of Logan for his massacred family was required reading in public schools. But there is any number of other examples over the past four centuries of history.

Consider this statement by the Mohawk sachem Hendrick before the Battle of Lake George in 1755, in which the Mohawks reluctantly supported the British against the French. Looking despairingly at his small band of warriors, he said with a terseness worthy of a general of Caesar:

"If they are to fight, they are too few; if they are to die, they are too many."

Or this from as recently as 1912 by Black Elk, shaman of the Oglala Sioux, which may remind some of the Book of Ecclesiastes:

"The nation's hoop is broken and scattered. There is no center any longer, and the sacred tree is dead."

The quotations are from "I Have Spoken," subtitled "American History Through the Voices of the Indians," published recently in paperback form by Pocket Books.

The collection is a timely addition to the growing list of books by and about American Indians. Edited by Frederick W. Turner III, and presenting in chronological order 251 examples of Indian oratory from 1609 to the present, "I Have Spoken" reflects in the red man's own words his reactions to the alien force which landed on his shores and which he could neither comprehend nor combat.

Old Tassel of the Cherokees, to U.S. commissioners negotiating a treaty in 1777:

"Much has been said of the want of what you term 'civilization' among the Indians. Many proposals have been made to us to adopt your laws, your religion, your manners and your customs. We do not see the propriety of such a reformation. We should be better pleased with beholding the good effects of these doctrines in your own practices than with hearing you talk about them."

The Mohawk chief Joseph Brant, in 1804:

"Among us we have no prisons, we have no pompous parade of courts; we have no written laws, and yet judges are as highly revered among us as they are among you, and their decisions are as highly regarded . . . We have among us no splendid villains above the control of our laws. Daring wickedness is never suffered to triumph over helpless innocence."

Tecumseh, Shawnee chief, in 1810 expressing the Indian's attitude toward the environment while vainly attempting to unite the tribes:

"No tribe has the right to sell (land), even to each other, much less to strangers . . . Sell a country! Why not sell the air, the great sea, as well as the earth? Did not the Great Spirit make tham all for the use of his children?"

Indian oratory, of course, did not stay the inexorable march of history for an instant, as red power advocates today could justifiably point out.

Yet times have changed, and America has changed, if only because the Indian has hardly anything left for the white man to covet. Surely, if eloquence will not touch the heart of America, the white man's obscenities which so many young Indian militants seem to have adopted are not likely to.

Powerful Rocket

A booster rocket on the space shuttle will produce 18,000,000 horsepower, or the power generated by the engines on eight Boeing 747 airliners.

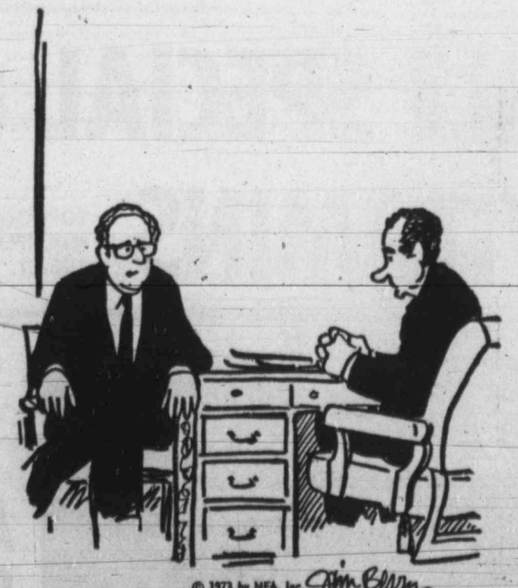

The Country Parson

"I'd rather try to love a man and fail than to try to hate him and succeed."

Prices Wobble Lower On New York Exchange

NEW YORK (AP) — Prices wobbled a little lower in today's stock market, in active trading.

The noon Dow Jones average of 30 industrials was down 2.56 to 1,045.30, and declining issues on the New York Stock Exchange had about a 7-to-5 advantage over gainers.

"One element in the market is the disappointment over the frosty air at the Paris peace talks," said Alan R. Shaw, research director at Harris, Upham & Co.

"Another is the fact that the advances of the past two weeks have been very selective and marked by a lack of sponsorship, as shown by the fact the utility and transportation stocks have not been gaining as the industrials have."

Traders said a possible factor in the market was a Labor Department report that wholesale prices soared in Decedmber at an annual rate of 19.2 per cent, the biggest rise in 21 years.

The Big Board's most-active issue was Fannie Mae, down 1⅛ to 17¾, with a block of 60,000 shares selling at 18. Analysts blamed the drop on a government announcement of a housing freeze.

Firestone, in second place, was up ⅜ to 26⅛. A block of 137,000 shares traded at 26¼.

Also active was Great Atlantic & Pacific, off ½ at 15⅛, with a chunk of 90,000 shares going at 15⅝. Last week the company decided to omit its fourth-quarter dividend.

After a delayed opening on the American Stock Exchange, Houston Oil & Mineral sold at 33, up 3⅛. The company reported Monday the discovery of a "significant" gas find in Galveston Bay, Texas.

Also active were Teleprompter, down ⅜ to 29⅝, and Dearborb-Storm, ahead ⅛ to 24⅞.

At noon the New York Stock Exchange index was off .20 to 65.15.

The price-change index at the Amex was .01 lower at 26.69.

Vast Drilling Program Set For North Sea

TULSA (AP) — Oil operators are planning wildcat and development drilling in the North Sea this year "that will eclipse anything yet seen in the area," the Oil & Gas Journal said Monday.

The trade magazine said that a number of forecasts agree that at least seven billion barrels of recoverable reserves have been found in the sea.

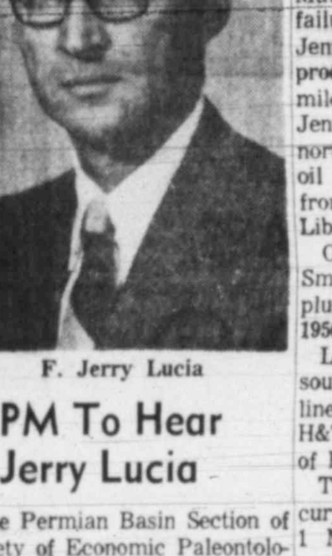

The estimates make the North Sea "the richest target laid before the international oil industry since the first Middle East discoveries," the magazine said.

Pioneer Subsidiary To Purchase Firm

AMARILLO — Burton P. Smith, president of Pioneer Natural Gas Co. of Amarillo, and Louis A. Waters, chairman of the board of Browning-Ferris Industries, Inc. of Houston announced today that an agreement in principle has been reached whereby a subsidiary of Pioneer would purchase Browning-Ferris Industries, Inc.

The transaction is subject to the negotiation of a definitive agreement and approval of the board of directors of both companies. The purchase, which is estimated at approximately $5 million, will be for cash.

Under the proposal, the assets of Browning-Ferris Machinery Company would be purchased by Plains Machinery Company, a wholly owned subsidiary of Pioneer Natural Gas Company.

F. Jerry Lucia

SEPM To Hear F. Jerry Lucia

The Permian Basin Section of Society of Economic Paleontologists and Mineralogists will meet Thursday in the Reddy Room of Texas Electric Service Co.

The meeting is scheduled for 7:30 p.m.

F. Jerry Lucia, associated with Shell Oil Co., in Midland, will speak on "Recognition of Evaporite-Carbonate Shoreline Sedimentation."

Japan Auctions New Apartments

TOKYO (AP) — The Tokyo government offered 103 apartments for sale Monday and got 38,298 applications. It decided the buyers by a lottery.

The prices of the apartments in a 14-story building ranged from $23,940 to $26,457, about 30 per cent cheaper than comparable apartments sold by private companies. Most consisted of three rooms and a kitchen.

Declare Dividend

BARTLESVILLE, Okla. — Directors of Phillips Petroleum Co. Monday declared a regular dividend of 32½ cents per share, payable March 1, 1973, to stockholders of record on Feb. 2.

Permian Basin OIL & GAS LOG

(Continued From Page 1A)

veyed site for No. 2 J. P. Arrott, as a 5,800-foot explorer in Coke County, four miles southwest of Tennyson townsite.

Drillsite is 660 feet from north and west lines of section 19, EL&RR survey, one location west of a 5,800-foot failure and ¾ miles east of the one-well Schuch (Caddo) field.

Queen Strike Seen In Chaves Sector

A Queen gas discovery has been indicated in Chaves County, N.M., with the flowing of gas at the maximum daily rate of 2.2 million cubic feet on a drillstem test at Read & Stevens, Inc., Roswell, No. 1 Jackson, six miles west of Tatum.

Tool was open 45 minutes on the test taken from 2,421-2,460 feet, on which gas surfaced in one minute at the rate of 1 million cubic feet per day, and increasing to the above rate on a ½-inch choke. Recovery was 250 feet of drilling mud. Flowing pressure was 350-560 pounds; 30-minute initial and final shut-in pressures were 980 pounds, each.

Operator set 4½-inch casing at 2,510 feet, total depth, and was preparing to perforate at an unreported interval and test.

Location is 1,980 feet from south and 660 feet from east lines of section 25-12s-30e, 2¾ miles southwest of a Queen oil discovery and within the proposed Southeast Chaves Queen Gas Area.

Nolan Workover To Test Deep Pay

Mercury Production Co., Fort Worth, plans to re-enter and clean to 5,550 feet, sufficient to test the Ellenburger, at No. 2 Maud Preslar, a 6,112-foot failure, ¾ mile northeast of the Jennings oil opener and lone producer from that pay, ¾ mile northwest of the four-well Jennings gas area and 1¼ mile north of the recent Ellenburger oil opener and lone producer from that pay in the Arriba Libra field of Nolan County.

Originally drilled by Ray Smith as No. 1 Preslar, it was plugged and abandoned Nov. 1, 1956.

Location is 1,980 feet from south and 660 feet from east lines of section 185, block 64, H&TC survey, four miles north of Hylton.

The Jennings oil opener, Mercury-McClain & Schumacher No. 1 Maud Preslar Estes, was completed through a ½-inch choke and perforations at 5,377-5,385 feet, July 6, 1972, for 72 barrels of 55-gravity oil and 15 barrels of water in 24 hours.

The Ellenburger opener, R. K. G. Engineering Co. No. 1-B Wilson, was completed Jan. 2 to pump 86 barrels of 48-gravity oil and 195 barrels of water, through shot holes at 5,890-5,993 feet.

Zone Extension Finals In Upton

The Amacker - Tippett multizone field of Upton County gained its third current Wolfcamp producer and a ⅞-mile southeast extension to that pay with recompletion of Mobil Oil Corp. No. 1 Barnett-Amacker, former Atoka well.

It finaled to flow 242 barrels of 43.2-gravity oil per day, with gas-oil ratio of 793-1, through perforations at 8,956 - 9,056 feet, which had been acidized with 500 gallons.

Location is 660 feet from south and west lines of Whittaker & Caldwell survey, SF 1, abstract 1175, 17 miles northeast of McCamey.

Confirmer Finals For Irion Region

Fortune Drilling Corp., San Angelo, has finaled No. 1-A Pearl Williams as the second upper Canyon gasser and a location south extension to that pay and to Canyon sand oil production in the Las Perlas field of Irion County.

Through upper Canyon perforations at 6,425-6,499 feet, which had been acidized with 1,000 gallons and fractured with 26,500 gallons, plus 26,500 pound, it finaled for a calculated, absolute open flow of 2.3 million cubic feet of gas daily, plus 53.3 barrels of condensate per million cubic feet of gas. Gravity of the condensate was 58.3 degrees.

From Canyon shot holes at 6,558-6,566 feet, which had been acidized with 1,000 gallons, it completed for a calculated flowing potential of 96 barrels of 41-gravity oil, plus 24 barrels of water and 163.2 cubic feet of gas per day, through a 12-64-inch choke.

Wellsite is 660 feet from north and west lines of section 35, block 21, H&TC survey, 10 miles southeast of Mertzon.

The upper Canyon opener, Universal Resources Co. No. 1 Winterbotham, was dually completed from that pay Aug. 12, 1972 for a calculated, absolute open flow of 7.8 million cubic feet of gas daily, through perforations at 6,425-6,496 feet. Gas-liquid ration was 32,800-1, with gravity of the condensate being 58.3 degrees.

Ector Wildcat Flows Holt Gas

Atlantic Richfield Co. No. 1 Johnson Deep Unit, Ector County scheduled 14,000-foot wildcat, six miles northwest of Odessa and 3½ miles south of a recently opened Holt area in the Cowden, North field, was taking another drillstem test after it recovered good shows and flowed gas and fluid on a drillstem test in the Holt.

Tool was open two hours and five minutes on the test taken from 5,160-5,267 feet, on which gas surfaced in 30 minutes at the rate of 200,000 cubic feet per day, and fluid flowed at eight to 10 barrels per hour, through 1-inch bottom choke and ⅝-inch top choke. Sample chamber recovery was 268 feet of gas and 3,250 cubic centimeters of oil with a trace of drilling mud.

Tool was open two hours and five minutes on a drillstem test from 5,275-5,317 feet, on which gas flowed at the rate of 100,000 cubic feet daily through ⅝-inch bottom choke and 1-inch top choke. Recovery has not been reported.

Location is 1,220 feet from north and 660 feet from east lines of section 39, block 43, T-1-S, T&P survey, six miles northwest of Odessa.

Cox Finals Wells In Midland Trend

John L. Cox of Midland has completed two producers in the Spraberry Trend Area in eastern Midland County, about eight miles southeast of Midland.

No. 1-C Crespi, ½ mile west of production, finaled for 74 barrels of 40-gravity oil and 10 barrels of water per day, with gas-oil ratio of 760-1, through perforations at 7,550 - 9,073 feet, which had been fractured with 120,000 gallons.

Location is 1,320 feet from north and west lines of section 18, block 38, T-2-S, T&P survey.

No. 1 Heidelberg, ½ mile north of the nearest, was completed to pump 67 barrels of oil and 12 barrels of water per day, with gas - oil ratio of 835-1, through perforations at 7,428-8,983 feet, which had been fractured with 130,000 gallons. Gravity of the oil is 40 degrees.

Location is 1,320 feet from south and west lines of section 29, block 38, T-2-S, T&P survey.

Sutton Sector Gets Fourth Producer

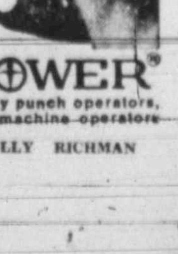

North American Royalties, Inc. of Midland, has completed No. 2-70 L. L. Cox as the fourth producer and a ⅝-mile northwest and northeast extension to the Sutton County portion of the Frances Hill (Pennsylvanian sand) gas field.

On a calculated, absolute open flow, it gauged 1.150 million cubic feet of gas daily, plus 16 barrels of 66.2-gravity condensate. Gas-liquid ratio was 62, 548-1.

Production was through perforations at 6,369-6,413 feet, which had been fractured with 24,200 gallons, plus 23,000 pounds.

Located 27 miles southeast of Sonora, it spots 990 feet from south and 2,305 feet from east lines of section 70, CCSD&RGNG survey.
