### Twinkles

This is a great (size) country, as the oft-frustrated search for public enemies shows.

This is the time of the year when dyed-in-the-wool fishermen consider their time well spent if they don't catch a thing.

Scientists, proving that dogs can be alive without brain action, suggests that this may explain the condition of some humans, declares the West Foster group.

We favor sideburns for the Pre-Centennial in preference to big hats. Sideburns won't blow off in a southwest wind and they keep you warm during spring frosts. But for those who can't grow sideburns the big hats will suffice.

We read that it is almost impossible to find enough dirt in Manhattan for a window-box, yet we'd wager that you could find plenty of men who would claim to have once been real dirt farmers.

### Brevitorials

Musings of the moment: The "stop at stop-signs" movement here is o. k. in theory and needed in practice, but it runs contrary to a well-defined American desire to almost obey the law, "but not quite." Geared up to high speed, we think it is stopping if we merely slow down to 10 or 15 miles per hour. . . . You get the same effect when you slow down at small places while traveling rapidly across country. A similar spirit hinders attendance at church—many folk cannot with ease slow down their emotions and tongues so that they can with enjoyment hear the preacher. . . . Other words for hurry: He, spurt, scurry, hurry-scurry, peg.

EVERY adequate relief program adds many to the lists of those willing to accept assistance. Just as passage of nuisance laws creates criminals by definition, so does offering of relief increase the numbers of those who need it. This is no argument against adequate relief for the really needy, but it is proof that a hard-boiled policy toward the hangers-on may be necessary. It is unfair to the

JOHN JACOB ASTOR, FIRST MUSICAL INSTRUMENT DEALER IN U.S.

POSTAGE STAMPS FIRST PLACED ON SALE, JULY 1, 1847.

POLO INTRODUCED IN AMERICA, IN 1876.

Answers to Previous Questions  
ASTOR opened his musical instrument "store" in his mother-in-law's house in New York, May 22, 1788. James Gordon Bennett, famous newspaper publisher, brought polo from England. The equipment came from abroad, the horses from Texas, and the first games were played in New York. The first stamps were a Benjamin Franklin "five" and a George Washington "ten." They were printed by a private firm in New York.

## England Moves To Ban Jap Goods From British Colonies

### BRITON WILL TELL JAPAN'S ENVOY TODAY

### ENGLISH ALARMED AT NIPPON'S GROWING TRADE IN EAST

By HAROLD F. BRAMAN  
Associated Press Foreign Staff  
PARIS, May 3. (AP)—The French government today called upon Japan to observe the nine-power treaty to the letter in a straightforward reply to Tokyo's note explaining Japan's "Asia for Asiatics" doctrine.

LONDON, May 3. (AP)—Walter Runciman, president of the British Board of Trade, is expected in well-informed circles to inform Ambassador Tsubono Matsudaira of Japan, at a conference late today, that Great Britain has completed proposals to restrict the importation of Japanese goods into British colonies.

It was indicated that the interview was regarded as most serious in the face of world competition between Great Britain and Japan for trade markets.

In many areas, Japanese goods are underselling the British and others considerably and Japan has made rapid strides forward in the textile business, long a mainstay of England.

### N. B. Graggs And Judge Mead Will Attend Roundup

Pioneers of the pampas are taking to the idea of the Pre-Centennial celebration and Pioneer Roundup like a duck does to water, according to letters being received from the old timers themselves. Last week letters inviting them to attend the event here May 31 and June 1 were mailed. This week the answers are coming in.

This morning's mail brought two letters from well known old timers. J. A. Mead, county judge of Roberts county wrote that he was "pleased to receive and accept the invitation. I expect to be with you. Mr. Jack Wilson was just in the office and asked me to report him as going to be there. With best wishes, and betting on Pampa."

From Shamrock comes this epistle from Mr. and Mrs. N. B. Graggs of Shamrock, widely known Panhandle old settlers: "Received your invitation to the old timers roundup yesterday. Yes, myself and Mrs. Graggs will be there if the Lord is willing. I know we are as glad as anybody to meet the old timers again and to make new friends. . . . P. S. The best rain fell last night that has fallen for two years."

## Postal Receipts Are Growing

April Income Is \$502.64 Above Year Ago—Money Order Business Hikes.

POSTAL receipts at the Pampa postoffice are reflecting unmistakably the increasing activity in this oil territory.

Receipts for last month were \$4,826.38, compared with \$2,230.50 for April of last year, or a gain of \$502.64 for the month. During the first four months of 1934, receipts totaled \$18,660.42, compared with \$15,589.01 for the first four months of 1933.

Money orders have more than doubled lately, April being the month of greatest money order activity in the history of the office. Postal savings deposits and withdrawals also give evidence of the fluidity of business in this section.

This trend, following a slight decline for a few months last year, is regarded as very encouraging. It is all the more gratifying because the new postoffice will be occupied in June.

### DIRECTORS OF PRE-CENTENNIAL PAGEANT CHOSEN; NOTED DALLAS SHOWMAN TO STAGE PRODUCTION

#### Spurs Flying

Pampa Group To Be Assisted By State Fair Producer

A CONTRACT to stage "The Land of Friends," Texas historical pageant to be produced as a feature by the Pre-Centennial Celebration and Pioneer Roundup, May 31 and June 1, has been let to Hal C. Worth of the Worth Amusement Enterprises of Dallas.

Directors for the 14 scenes of the pageant were announced today by John Kettler who was recently appointed director in chief of the pageant by Sherman White, chairman of the pageant committee.

Of the five directors announced by Mr. Kettler, Mr. White said, "If there is anyone in this whole section who is any more capable of directing the pageant, I'd like to know who they could be. Their selection and their willingness to assist in this patriotic undertaking almost insures the success of the pageant."

Directors are Pampans. The five directors are: Beth Blythe, Mrs. Virginia Barrett, Dick Hughes, Ed Damon, Rex Farless. All have had extensive experience in directing dramatic productions, and are thoroughly acquainted with the fundamentals of stage production.

With the selection of the directors and Mr. Worth to present the pageant, the Junior Chamber of Commerce members who are sponsoring the two-day celebration, fear that their biggest worries regarding that feature were over. But for Mr. White, Mr. Kettler and the directors the work of staging the production has just begun.

### City To Receive Bids on Pool at Session Monday

Bids for painting and repairing buildings at the swimming pool and for operation of the pool during this season will be considered by the city commission Monday evening. The commission will convene at 7:30 p. m.

A proposed contract for operation of the pool includes insurance, specifications as to maximum water cleanliness, orderliness, posting of life-guards at all times, forbidding sale of beer or other intoxicants, and opening on no Sundays before 1 p. m.

Water would be sold to the operators at regular city prices, and a \$100 water deposit would be required.

The city has not definitely decided to lease the pool, but is willing to consider bids from reliable persons. The proposed contract is available at the office of the city manager.

### I HEARD—

That Dick Griffin of Fort Worth, in a telephone conversation with a Pampa resident last night, declared that Pampa's Pre-Centennial celebration and Pioneer Roundup was about the biggest thing in Texas this year. He said that everyone in Fort Worth was talking about it.

Mrs. Newt Dilley thinking those who assisted in making the A. A. U. W. basket ball tournament a success. The money raised went into the scholarship fund and some Pampa girl will go to college who would not otherwise be that fortunate.

### DRY CRUSADER HAS MAJORITY OF 99 VOTES

### CHURCHMAN LIKELY TO BE REASSIGNED BY METHODISTS

JACKSON, Miss., May 3. (AP)—With a great show of strength, Bishop James Cannon, Jr., the militant dry crusader, today won victory over efforts to superannuate him and was retained for four more years as an active bishop in the Methodist Episcopal church, South. The bishop's greatest strength came from the Pacific coast where conferences turned the tide for Cannon in practically a solid bloc and their leaders said they would welcome him for assignment.

JACKSON, Miss., May 3. (AP)—Bishop James Cannon, Jr., the militant dry crusader of the Methodist Episcopal church, South, today won his preliminary fight for continuance in office as a bishop when a test vote in the quadrennial general conference ordered his name added to the list of bishops recommended for effective reassignment.

The vote was 269 for reassignment and 170 against, or a majority of 99 votes for Bishop Cannon, which gave the bishop a pronounced victory over his opponents.

Bishop Cannon was wreathed in smiles over the decision of the conference to retain him as an active member of the college of bishops.

After the vote was announced he said he had no statement to make. That the conference had spoken and it was their business. He occupied his accustomed seat on the rostrum among his fellow bishops during bitter debate over his proposed superannuation which came up suddenly and deferred the regular order of business.

Stormy debate broke out in the conference. His supporters charged that Bishop Cannon was being "crucified" and that the church was "surrendering" to the "wet press" and the "Roman Catholics," if Cannon should be retired after the church head's militant prohibition fight.

His opponents urged retirement "for the good of the church" on the claim that the bishop was infirm.

The lead for Bishop Cannon was taken by the Rev. R. P. Shuler, of the Pacific conference, who said his people in the west would welcome Bishop Cannon for assignment in their section.

One of the leaders arguing in favor of retirement was Judge C. W. Ferguson, of the West Virginia conference.

### HUGE REWARD FOR NEWS OF GUNMAN READY

Daily News-Universal Newsreel Wants Dillinger

In COLLABORATION with the Pampa Daily News, the Universal Newsreel today is offering a \$5,000 reward for the capture of John Dillinger, No. 1 public enemy of the nation.

Pampa-Daily News-Universal Newsreel shown each Friday and Saturday at LaNora theater is giving nationwide publicity to this big offer today in order to make it profitable for everyone to be alert and ready to recognize Dillinger wherever he may appear.

Universal Newsreel will pay \$5,000 in cash to the person who sends to Universal Newsreel, Rockefeller Center, New York City, the information which directly leads to the capture and arrest of John Dillinger. This reward is open to everyone everywhere. The editor of Universal Newsreel will be the sole judge as to who is entitled to the reward, and his decision will be final.

This is the only large reward offered for the gunman's capture.

### 10 PER CENT INCOME TAX IS REJECTED

Emergency Super Levy Is Stricken From Bill By Senate; Report Okayed.

WASHINGTON, May 3. (AP)—The house today approved the 45 per cent margin requirement in the stock market control bill. This provision was termed by Chairman Rayburn (D., Texas) of the interstate commerce committee, as "the heart of the bill."

Under the bill, the federal reserve board has the authority to change the 45 per cent margin requirement if he believes that it is in the public interest.

WASHINGTON, May 3. (AP)—The senate today completed congressional action on the \$417,000,000 tax bill by eliminating the 10 per cent emergency super-income tax for next year proposed by Senator Couzens (R., Mich.).

The conference report was adopted without a record vote and then without a roll call the senate recessed on the proposed 10 per cent levy on income taxes which the house had turned down by a big majority.

The measure sent to the White House goes a long way toward bolstering the budget and helping to pay the cost of the recovery program, but most of the new revenue will not start coming in until 1935 when a majority of the new taxes are effective.

### Dog-Catcher Kind in Spirit But He Has Strict Orders

A dog-catcher was alertly searching out unlicensed undisciplined dogs today.

The owners will have three days in which to claim their pets and pay pound fees. At the end of each day, notices giving descriptions of impounded dogs will be posted at city hall and in the postoffice.

The dog catcher is said to be a kind and reasonable man—Carl Clark—but he has his orders. "I don't think he'll bite the dogs," said City Manager C. L. Stine to a reporter looking for news.

But carbon monoxide gas will be used to send unclaimed dogs to a canine heaven.

### Police Make 66 Arrests in April

Officers of the police department made 66 arrests in April. Fines assessed totaled \$467.25, of which \$258.75 was collected.

Arrests were distributed as follows: Vagrancy 4, intoxication 31, affray 5, disturbing the peace 2, speeding 1, other traffic 11, investigation 6, theft 2, gambling 4. Three cases were transferred to higher court.

Prisoners worked 11½ days and served an aggregate of 48½ days. Prisoners were served 162 meals during the month. Dog licenses netted \$33.

The report of the water department showed 22,640,000 gallons pumped for a daily average of 754,667 gallons. This is a sharp increase over the previous month, but rains this month will reduce the consumption, it is believed.

### CARS DAMAGED

Two cars were badly damaged in an accident at the corner of West Foster and North Frost street. One of the occupants was slightly injured. Two men were arrested by city officers in connection with the accident.

### NO. 1 PROBLEM—A BRIDGE—IS OF GROWING INTEREST IN CITY

THE NO. 1 problem of much of Gray county remained unsolved today, but interest in it was growing rapidly.

The problem is construction of a bridge across the North Fork south-east of LePore so that oil men and others can reach the new field in western Wheeler and eastern Gray county without making a lengthy, time-consuming circuitous journey.

Estimated cost of the longer hauls to oil and material men in this area, and to others who travel frequently back and forth is running into thousands of dollars each day. Keenly concerned over the lack of a passable road, business men and oil company executives

### In Romance?

Barbara Newberry, musical comedy star, has found romance in England, according to whispers among stage folk. Rumor that she will wed George Farrar, a Briton, was brought back to America by her dancing partner, Carl Randall.

### THOUSANDS SEE PRE-CENTENNIAL CAR AT GUYMON

Hundreds Garbed In Old-Time Clothing Enter Parade

PERSONS massed on Guymon, Okla., streets for two miles yesterday saw the Texas flag and read with interest signs telling of Pampa's Pre-Centennial and Pioneer Roundup of May 31 and June 1.

George Briggs and C. A. Clark entered a posterized car in the Pioneer Day parade at Guymon. It was the only car in the parade since the Guymon Junior chamber of commerce allowed no motor vehicles in its parade proper.

Guymon's second annual Pioneer Day was called a true success. The parade of oldtime vehicles, scores of persons in oldtime costumes, staid parade of derby hats, mustaches, sideburns, cowboys, cowgirls and other evidences of old days in "No Man's Land" provided a striking scene in which everyone seemed to enter with enthusiasm. Oldtime "dandies" were numerous.

Guymon is an attractive little town of 2,000 persons, but there were 12,000 persons at Pioneer Day.

The program included two nights of fights and dancing, a free barbecue and rodeo. The barbecue required 26,000 buns and many beavers.

Boy Scouts materially aided in keeping order. A bugle and drum corps from Liberal joined several brass bands in the parade.

O. N. Steele underwent a major operation at Pampa hospital this morning.

### 853 EMPLOYEES AT SEMINOLE IN WALK-OUT

### SINCLAIR OPERATIONS IN DISTRICT ARE SHUT DOWN

SEMINOLE, Okla., May 3. (AP)—A total of 853 oil field workers of the Sinclair-Prairie organization in the greater Seminole area walked off the company's 119 leases this morning, carrying out their strike threat in protest against alleged violation of a tentative labor agreement signed on April 6.

The walkout was orderly and indications were the situation would remain quiet, with the oil workers' union offering aid in policing the company's property.

A monthly payroll of between \$75,000 and \$80,000 was forfeited by the strike action. However, E. W. McNamara, Sinclair plant superintendent, announced that the workers would be paid their regular wages on May 5 for work done up to the time of the strike; after the pay day, he said, the company office here would be closed.

Indications were there would be no resistance by either workers or company officials.

Fourteen pools in the area are affected. The strike entailed cessation of all Sinclair operations in the district, including drilling, pumping, gasoline plant operations, and pipeline and other transportation of oil and oil products.

By The Associated Press.  
Orderly picketing marked the third day of the strike of longshoremen along Texas gulf coast points today as they held out for higher wages and kept wharf activities at a standstill.

Meanwhile, the national labor board instructed the Texas board of the U. S. regional organization to continue efforts to "arbitrate and mediate" between shippers and the workers.

### Again Most Of Panhandle Gets Heavy Rainfall

Highways in this vicinity were almost impassable off the paving late last night and early today because of rainfall amounting to .85 of an inch.

This moisture, added to that which fell the previous night, amounting to 1.55 inches, remained on the ground and materially raised the surface of lakes.

The bus from Shamrock was an hour late today because of heavy roads.

It was reported that the small bridge over Sand creek between Skellytown and . . . Berger went out last night. There was no water in the creek yesterday afternoon.

AMARILLO, May 3. (AP)—The Panhandle-Plains country, where the bulk of the state's wheat crop is grown, received additional rains last night, ranging from a half inch to three inches.

Last night's rains were probably the most general that have fallen since rain clouds moved into the plains region last Sunday. The area from Lubbock to the Oklahoma Panhandle was soaked, except for the drought-ridden Delhart district, which received only a quarter-inch.

Sherman and Moore counties, which long have been in the drought, received from one inch to three inches. Parts of Oldham and Deaf Smith counties, also were removed from the drought area with rains amounting to two inches in some communities.

Many points throughout the territory had received from four to eight inches since the rains began last Sunday.

Al Gulliland and Arlie Critter wearing real ten-gallon western hats. Al is growing about the finest set of sideburns and whiskers seen to date. Jaycees want every man in town to either wear a big hat or wear sideburns. The Pre-Centennial is not a Jaycee affair—it is a Pampa-wide event.

## GETTING AT BOTTOM OF THINGS

Those republicans and other administration critics who are making such a big play about radicalism and brain-trusting in the Roosevelt family are merely laying down a political smokescreen.

The biggest troubles of the country are not in Washington—although federal agencies can make or mend the ills which affect many of us. But if you wish to get down to the seat of difficulties which have piled up to vex the government, don't go to Washington.

Recent news contains several items that come pretty close to landing in that category.

In Chicago, 10,000 holders of defaulted real estate and municipal bonds parade down Michigan boulevard, shouting "We have been robbed" at the top of their lungs.

In Oklahoma City, Governor Murray orders national guardsmen on duty in 11 counties to prevent sale of property for delinquent taxes, as advertised by county authorities. The soldiers are ordered to arrest "as a military prisoner" any county treasurer or other officer who tries to conduct such sale.

In Nebraska, farm leaders plan for a demonstration of 25,000 farmers to protest against New Deal agricultural policies and to demand the release of two men arrested for preventing farm mortgage foreclosure sales.

And in North Dakota, farmers threaten "actual battle" to save their land from foreclosure, and beg the governor to declare martial law to save the situation.

When you add all these things together, they should rather ominous. A change is coming over the face of the waters—and it's the lad down at the bottom of the heap who's causing it, not the brain truster sitting craftily at a desk in Washington.

What trouble we have is coming up from the grass roots, not down from above. And the way to avert more trouble is to remove the causes of this discontent on the spot.

Turning in on after-dinner chats at Washington tells us nothing and gets us nowhere.

## 'SCIENCE WILL NEVER REVIVE A DEAD MIND,' FAMED DOCTOR SAYS

OKLAHOMA CITY, May 3 (AP)—Life may be revived in animals and even in human beings but, in the opinion of Dr. Charles Mayo, of the famous Rochester, Minn., clinic, "science will never find a way to revive a dead mind."

Commenting on the California dog reanimation experiments in an interview here, Dr. Mayo said: "Life factors will compare between animals and humans, but the animal has no real mental side and the animal experiments often won't work when the human brain is taken into account."

"We know a lot about reviving life in the lower brain cells, those that govern organs as in an animal. We know that they can be dead and revived under certain conditions, but that part of the brain which gives the human a mental side, has something in its composition that defies revival after a few minutes."

"It is my belief that science will never find a way to revive a dead mind."

"Death under an anaesthetic has given us an opportunity for much study along this line. We know that often we can restore life in the human brain if less than two minutes elapse, or in the animal brain if less than seven minutes elapse. But that two minutes is the deadline."

Dr. Mayo and his wife visited Dr. and Mrs. A. L. Clark here. There are motoring from California to Rochester.

## Wife Was Fat No Longer Attractive Lost Husband's Love

The above headlines appeared in a New York newspaper in connection with a divorce trial. "She was a beautiful woman," one witness testified, "but she got fat and is not attractive any more."

Thousands of women are getting fat and losing their appeal just because they do not know what to do.

Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast and keep it up for 30 days. Then weigh yourself and see how many pounds you have lost.

Kruschen Salts are a blend of 6 mineral salts most helpful to body health. Best of all, a bottle of Kruschen Salts that will last you for 4 weeks costs but a trifle. Ask Richards Drug Co., Inc., or any druggist for a bottle and start to lose fat today.

It's the SAFE way to reduce without being sure you get Kruschen—your health comes first and remember this if you are not joyfully satisfied with results—money back.

## Skipp Funeral Is Not Arranged Yet

John Skipp of Pueblo, Colo., is en route to Pampa to make funeral arrangements for his father, S. C. Skipp, who died suddenly at Kingsmill Wednesday morning. The body is at rest at the G. C. Malone Funeral home.

Mr. Skipp had been a resident of Pampa for more than seven years. He erected a number of apartment houses and at one time operated the Pampa auditorium. He had been making his home in Kingsmill for the last year.

Mrs. Jack Dunn has been confined to her home by illness the past few days.

### Special Event Would Steal Show; Thompson Expected To Be Dunivan's Match

Promoter B. W. Kelly is still dickering for a special event that will almost steal the show at his weekly boxing card at the Pla-Mor auditorium tomorrow night. "Popeye" Hubbard wants to come over to Pampa but so far the promoter has not found a suitable opponent for the clown.

Mickey Dunivan, left-handed Irishman who used to be a right-hander and still forgets that his right is smashed when in the heat of battle, will meet Jack Thompson of Marietta, Okla., in the main event. Dunivan makes it hard on his opponents by his wonderful footwork and shift of style.

Thompson, when matched against a boxer his own size, is reported to be a real threat. How he will stack up against a left-handed puncher has fans wondering. Thompson packs a punch that comes straight from the shoulder. He bleeds easily but fights better when the blood is flowing.

An 8-round semi-final will bring Joe Vernon, Pampa, in the ring with

Dick Hedges, Perryton slugger. The two boxers have been seen here in one of the best fights ever presented. They can box or slug and both prefer the latter style of fighting.

Gerald Maroney and Red Davis will trade in the four-round preliminary at 8:15 o'clock.

Mr. and Mrs. C. F. Tillman of Oklahoma City spent yesterday afternoon and this morning with friends here.

## HOLLS ROUTS ROADRUNNERS IN 14-2 TILT

### OKLAHOMANS RING UP SEVEN TWO-BASE BINGLES

A barrage of extra base hits rattled the boards around Danciger park yesterday afternoon as the Hollis, Okla., entry in the Red River Valley league swamped the Roadrunners 14 to 2 for the first Roadrunner loss of the season and the fourth since the team was organized.

Hollis hitters connected for seven two-base hits and two home runs to account for most of their runs. Bill Hardin was on the mound for the Roadrunners but his fast ball and curves looked alike to the Hollis willow-wielders. He was picked for 16 safe hits. Hutton, Hollis pitcher, allowed 11 hits but they were well scattered.

The Hollis lineup had many familiar faces, including Gordon Nell, Al Williamson, and Slim French of the old Pampa Grays and W. "Hack" Wilson, last season with the Roadrunners. Nell and French were the only two who played in the game. Wilson hit a double and home run. Hack Wilson hit for three singles and a double on his six trips to the plate.

Freddie Brickell got to Hutton for a home run and two singles to lead the Roadrunner parade. After and Cox each hit a single and double and Vaughn garnered two singles. Fielding was erratic because of several wet spots in the field, and many usual easy outs went for singles and doubles.

Batters went out in order the first two innings, but the Oklahomans got the break in the third inning when Carroll threw a muddy ball 10 feet over Cox's head to allow two runs to score. Carroll could have tagged the man coming into third base but elected to try for the batter, who later scored. Hollis had another field day in the fifth inning when four runs crossed the plate on two doubles, a single, home run, and error. Four more runs were added in the eighth, also on a home run, two doubles and two singles.

Brickell scored both Danciger runs. He singled in the third inning and was advanced to third on Alex's double. Vaughn scored Brickell with a single. Brickell's home run over deep left center field netted the other Roadrunner run. The Pampa nine missed a good chance to score in the seventh when Seitz fanned, with three men on base, for the third out.

Fielding honors appeared a battle between centerfielders. Hatchett of Hollis had the advantage by gathering in everything that came his way. Seitz of the Roadrunners missed a hard chance which went for a hit rather than an error.

## PIRATES PLAY CHAMPIONS IN FIRST SERIES

### AGAIN GIANTS WOBBLE THROUGH TO WIN OVER DODGERS

BY HUGH S. FULLERTON,

Associated Press Sports Writer.

As the eastern clubs of the National league move on the west for the opening of the first inter-sectional strife of the 1934 season a timely warning might be to look out for the Pittsburgh Pirates. It appears very much to the point as the Buccaneers clash with the league leading New York Giants in the first series.

So far the Cubs have held the spotlight more than any other western club but it was Pittsburgh, in third place with only a fair showing against Cincinnati and St. Louis, which knocked Chicago out of the lead. Following Tuesday's 4-1 triumph, behind Ralph Binkofer, the Pirates won 4-2 yesterday with Heinie Meine, veteran right-hander, on the hill.

Chicago's defeat dropped the Cubs a half game behind the Giants, who wobbled through to their third straight victory over Brooklyn, 6 to 5, when Frank O'Doul smashed a pinch homer with two aboard in the eighth and Hal Schumacher managed to pitch a complete game after being knocked out three times running.

The Cardinals won the other National league struggle 4 to 1 from Cincinnati, but had to get along without Jim Bottomley. Philadelphia and Boston were unscheduled.

The Cleveland Indians slipped into the American league lead without playing a game as both New York and Detroit suffered reverses. The Yanks bowed 6-2 to Washington when the Senators landed on Russell Van Atta in the first inning, collecting six hits and four runs before he retired with only one out, and finishing the job against Johnny Murphy in the same inning.

The St. Louis Browns handed the Tigers a 5-2 setback on a combination of home runs by Irving Hurns and Ray Pepper that produced all the tallies and George Blacholder's seven-hit hurling. Philadelphia's Athletics outslugged Boston 12-11 after spotting the Red Sox six runs in the first two innings.

Bob Johnson's pinch homer in the seventh finally put the A's ahead. Chicago was bracketed with Cleveland for an off day.

Gilbert Called

Cynical, Abusive

In Divorce Plea

HOLLYWOOD, Cal., May 3. (P)—John Gilbert's fourth marriage has found its way into the divorce courts where the other three marital ties of the one-time great lover of the screen have ended.

In filing a divorce action yesterday, Miss Virginia Bruce described the actor as "arrogant, violent and abusive." The actress said he was cynical of her intelligence; refused to have her parents around and insisted she was extravagant. Miss Bruce asked \$150 a month for the support of their infant daughter, and \$92.31 a week for herself for three years.

Married in 1932, the screen couple separated several months ago at which time Miss Bruce said divorce appeared to be the only solution of their difficulties.

Like Miss Bruce, Gilbert's three divorced wives were actresses—Ina Claire, Leatrice Joy and Olivia Burwell.

## THREE ENGLISH-BRED COLTS ENTERED IN DERBY SATURDAY

English Sires, Dams Produced Cavalade, Bazaar And Spy Hill Horses.

LOUISVILLE, Ky., May 3. (P)—Saturday's Kentucky Derby may decide, for this year at least, whether it's pronounced "derby" or "durbey." Three English-bred colts are among the prominent contenders for the \$30,000 added stake, and the home-breds will have a hard time cutting them out of a share of the prize money.

The English-breds are Mrs. I. D. Sloane's Cavalade, Mrs. Payne Whitney's Spy Hill and Col. E. R. Bradley's Bazaar. Cavalade, and Spy Hill were foaled in New Jersey and Bazaar was foaled in Kentucky, so they are native Americans in the final analysis, but merry England produced their sires and dams.

Charles W. Fisher's Mata Hari, Joseph E. Widener's Peace Chance, Alex B. Gordons' Sir Thomas and Alfred G. Vanderbilt's Discovery are the home-breds conceded the best chances of scoring a clean sweep in the derby finish, but these three English-bred thoroughbreds, fathers and grandfathers, for that matter, there are few thoroughbreds in America that do not have British blood in their ancestry.

The "derby" and "durbey" argument has raged merrily since the Earl of Derby wrote the Kentucky statute in 1830, and asked interviewers why they didn't pronounce it "durbey." Quite a few purists, principally radio announcers, have taken up the English pronunciation, greatly to the distress of the average Kentuckian who sticks to "durbey" and won't have it any other way, since the Kentucky derby is his race.

With every leading candidate training up to expectations, Saturday's race over a mile and a quarter for three-year-olds has the experts more befuddled than ever in their attempts to pick a winner.

The weather forecast is for probable showers Friday night, dimming the prospects for a fast track and record time for the test.

# WOMEN'S ORGANIZATIONS OF FOUR CHURCHES MEET YESTERDAY

## MEETINGS FOR BUSINESS AND LESSONS ARE CONDUCTED AT BOTH HOMES AND CHURCHES

### FIRST CHRISTIAN, PRESBYTERIAN, EPISCOPAL, AND CATHOLIC SOCIETIES MAKE PLANS AND STUDY

LUNCHEONS were given by two groups of First Christian Women's council yesterday, while other groups gathered later for study hours.

Group one had its lunch at the church, and after a devotional by Mrs. Ramon Wilson adjourned so the members might spend the afternoon making calls. They reported 104 calls made last month, and 68 Bible chapters read.

Present were Mmes. Lee Ledrick, John Tate, A. A. Tleman, Frank Meers, Ross Cornelius, John Mulen, Floyd Coffin, Bessie Martin, Ed Dubbs, Weldon Wilson, Ramon Wilson.

Mrs. Mel Davis and Mrs. H. J. Lippold were hostesses to group two at Mrs. Davis' home. Mrs. G. M. Garrett conducted the devotional and Mrs. Roy McMillen the lesson from II Corinthians.

Others present were Mmes. Louella Howell, C. P. Woodward, George Farley, Jenkins, Don Hurst, T. D. Hill.

Mrs. Mundy was hostess at the church to group three. Mrs. C. C. Wilson presented the devotional

and Mrs. W. E. Speed the lesson. Mrs. Snow was a guest and members present included Mmes. DeLoe, Vicars, C. A. Clark, Souder, and C. L. Thomas.

A luncheon was given by group four at the home of Mrs. O. N. Fraser, west of town. Mmes. V. G. Worth and H. C. Jones were new members. Reports were made of 271 calls, 65 Bible chapters read, and two daily Bible readers.

Mrs. Dick Rhodes was leader of a lesson on China, assisted by Mmes. E. R. Sunkel, Clyde Oswald, W. E. Noblett, and A. L. Burge. A vocal duet was sung by Mmes. Ed Mazy and I. E. Duncan. Mrs. Otto Patton gave a reading, A Wild White Rose.

Others present were Mmes. H. C. Matthews, George Dezzern, E. J. Zmotosky, E. A. Tweniler, and H. C. Schofield.

Presbyterian Auxiliary

A church night program next Wednesday and on the second Wednesday of every month was planned by women of the Presbyterian Auxiliary in their meeting yesterday. A covered dish supper will be

served at each of these programs. Mmes. Charles Hoover and George Prias were hostesses yesterday to 25 members. Mrs. Hoover presided for the business session. The program, appropriate to the approach of Mother's day, was on mothers of the Bible, and Biblical proverbs concerning the ideal woman and mother. Mrs. Wilson was in charge.

A vocal solo by Mrs. John Andrews, accompanied by Mrs. Wanner, opened the program.

Episcopal Auxiliary

Further plans for beautifying the church grounds, a project that has already been started, were discussed by members of Episcopal Auxiliary in their business meeting yesterday. The meeting opened with a devotional by Mrs. Roy Wallbratenstein.

Members expressed regret at the departure of Mrs. H. C. Charles, a member, from the city, and sent congratulations to another member, Mrs. Paul Jones, on the birth of a daughter.

The next meeting, on May 16, is to be the last before the summer vacation, and plans are being made for full attendance.

Refreshments were served on the new china bought recently by the auxiliary for the church kitchen. Present were Mmes. S. G. Suratt, Wallbratenstein, S. F. Thornton, Clyde Gold, C. P. Buckler, Earle Scheig, and Julian Barrett.

Altar Society

Mrs. J. W. Garman and Mrs. J. J. Corrigan were hostesses to a regular meeting of the Altar Society of Holy Souls church yesterday at the home of Mrs. Garman.

Members present were Mmes. Lynn Boyd, Ed Carrigan, Agnes Croft, William Dee, John Cummings, Helen Fitzgerald, Ed Fitzgerald, P. H. Lane, R. E. McKernan, D. J. O'Day, C. H. Robinson, L. H. Sullins, H. W. Waddell, J. P. West, A. B. Zahn.

## ANNUAL JUNIOR FOLLIES SHOW VARIED DANCES

### Many Pupils Appear In The Costumed Program

Ranging from ballets to tap dancing, a versatile program was presented by the Vincent dance studio last evening in the 1934 Junior follies. It was applauded by a large crowd in the city hall auditorium.

In addition to the regular program numbers, an exhibition of ballroom dancing was given by a class of older students.

A ballet, The Snowflake and the Rose, opened the program. In it appeared Dorothy Jo Moore, Frankie Lou Keehn, Peggy Mae Brown, Donna Jo Berry, Betty Sue Price.

The second group of numbers, by younger pupils, included Cow-Girl, by Mary Maud Rutherford; Taps, by Martha Kelley; Firefly, Peggy Lois Shank; off-rhythm acrobatic, Veda Lee Alden; tumbling tape, Patsy Ruth Johnson; acrobatic clog, Patie Smoot; Football, Pattie Burrow; Petite Adagio, Donna Jo and Yvonne Berry; Ballet, Jean Couch and Vernell Block.

Joe Cree in a tap dance and Peggy Mae Brown in the Jumping Ropes clog appeared in the third group.

Fan Dance Specialty.

Part four included Bee Interpretative, Frankie Foster; Hula, Mary Maud Rutherford; Syncopated clog, Shirley Taylor; Cross Stepping, Yvonne Berry; Fuddie Head Jones, Betty and Joe Cree; Did You Ever See a Dream Walking?, by Frankie Lou Keehn, George Cree, and Dorothy Jo Moore. It closed with an exhibition of ballroom dancing and the fan dance by tiny Veda Lee Alden.

Numbers in part five were: Tap, Dorothy Jo Moore and Donna Jo Berry; Rhumba, Frankie Foster and Pattie Burrow; Hard-Sole Rhythm, Wayne Kinnison; Walking in a Dream, Pattie Smoot; Special Rhythm, Donna Jo Berry; Ain'tcha Glad, Peggy Mae Brown and Lechner Graham; tap, Vernell Block and Jean Couch; tap, Veda Lee Alden; Jimmie Head a Nickel, Joe Cree and Pattie Burrow; Irish clog, Peggy Lois Shank and Shirley Taylor; Uptown Lowdown, Betty Sue Price; Dance of Life, Dorothy Jo Moore; acrobatic tap, L. Coombes; French Doll, Mary Maud Rutherford; Swanee River tap, Bill Patton and Joyce Smith; Cracker Jacks, Frankie Foster; Make Hay While the Sun Shines, Lechner Graham and Marion Shull; Daisies, Helen Lambert, Betty Sue Price, Betty Cree, Pattie Smoot.

New Steps Used.

A specialty number, Jungle Lady, was presented by Frankie Lou Keehn. Part seven comprised the following dances: Lazy Bones, L. J. Coombes; Valse clog, Claudine Jeffries; Adagio, Dorothy Jo Moore and James Foster; Baby Contortionist, Veda Lee Alden; Chill Pickers, Jean Croucher and Vernell Block; Carols, Wayne Kinnison and Virginia Jeffries.

## TEACHERS TO BE GUESTS OF SKELLY CLUB

### PICNIC TOMORROW IS TO BE GIVEN FOR FACULTY

SKELLYTOWN, May 3.—A picnic to entertain the school teachers, their wives and friends, was planned for May 4 when the P. H. Sewing club met last Friday at the home of Mrs. Jack Propst.

After the business meeting, piano numbers were given by Mrs. Propst. A quartet consisting of Mrs. J. C. Mrs. N. M. Osborne, Mrs. J. L. Simms, and Mrs. Emil Hutto sang, accompanied by Mrs. Lee Roberts.

The remainder of the afternoon was spent in sewing and games. Refreshments of cake and ice cream were served to Mmes. Dallas Bowsher, Herbert Campbell, Arthur Johnson, I. Looman, Osborne, Simms, Joe Carroll, Earl New, E. Crawford, E. Patchett, Les Roberts, Keneshert, Jack Tomlin, Hutto, and the hostesses, Mmes. Propst and Lee.

Persons.

Miss Dorothy Steele left Monday for Amarillo, where she will enter training as a nurse at St. Anthony's hospital.

Misses Edith, Madge, and Lucille Cooper and Ruby Murphy visited Sunday with their parents at Wheeler.

Mrs. Layburn Fulton shopped in Pampa Monday.

Mrs. Bertha Crawford returned the last of the week from Freedom, Okla., where she visited relatives.

Earl Gunter of Allison was here on business Sunday.

Harty Brandt transacted business in Pampa Saturday evening.

James Talley made a business trip to Wellington Sunday.

Jack Raser spent the week-end with relatives at Miami.

Henry Coffee of Panhandle was a visitor here Sunday.

Mr. and Mrs. J. C. Jarvis motored to Pampa Saturday afternoon.

George Green of Memphis stopped here Sunday to visit friends. He was en route to Dallas to make home.

Sunshine Club.

"Magnificent Obsession" was the book reviewed at a meeting of the Sunshine club of Skellytown Tuesday at the Methodist church.

After the business session, Miss Bessie Lee Sikes, county home demonstration agent, gave a demonstration on cutting collar, yoke, and sleeve patterns from a foundation pattern.

Those attending were Mmes. F. S. Genet, J. C. Kenedy, E. Hatchell, Earl New, M. G. Roberts, I. C. Looman, J. C. Simms, H. H. Rumph, H. E. Murphy, W. S. Boyd, and Miss Sikes.

Texas Missions will be the subject of the next program, May 15, at the Methodist church.

Alexander Rites

Are Not Set Yet

Funeral arrangements for W. D. "Bill" Alexander, 36, who died Monday night after a brief illness, will be made upon the arrival of a brother, F. H. Alexander of Hot Springs, N. M. Mr. Alexander left Hot Springs Tuesday but has been unable to reach Pampa because of torrential rains. He is expected here today.

Mr. Alexander, a veteran of the World war, is also survived by a brother, J. M. of Pampa, and two sisters, Mrs. E. H. Frey of Miles, and Mrs. H. C. Johnson of Philadelphia. He had been a resident of Pampa eight years.

The body is at rest at the Stephenson Mortuary.

Mr. and Mrs. M. K. Brown were Amarillo visitors yesterday.

F. L. Stallings made a business trip to McLean today.

Part eight was a European ballet by Dorothy Jo Moore, Donna Jo Berry, Peggy Brown, Marion Shull, Frankie Lou Keehn, Frankie Foster.

Two military numbers made up part nine. They were, Wooden Soldier, by Joe Cree and Wayne Roby, and Military tap by Dorothy Jo Moore, Donna Jo Berry, Marion Shull, Frankie Lou Keehn. Tap dancing by Bill Patton and Joyce Smith formed the finale.

Mrs. Frank Keehn was pianist and Dorothy Meers Nelson the violinist.

Three of the pupils, Vernell Block, Jean Couch, and Lechner Graham, are from White Deer.

## LEFORS PUPILS ENJOY ANNUAL CLASS PICNICS

### Seniors Make Trip To Palo Duro on "Skip Day"

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. They should pour out three hundred and thirty pints of fluid a day, which contains 4 pounds of waste matter. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and distress.

If kidneys don't empty 8 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes. Your common sense will tell you that this is impossible. Treatments of this nature may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

## Lax The Bladder With Castor Oil?

No, it can't be done. But you can do it with juniper oil, such as leaves, etc., contained in BUKETS, the bladder laxative, which is pleasant to take. Drive out impurities and excess acids that cause the irritation which results in backache, bladder weakness, burning and getting up nights. Get a regular 25c box. After four days if not relieved your druggist will refund your money. You are bound to feel better after this flushing and you get your regular sleep. BUKETS guaranteed by City Drug Store and Fatheree Drug Co. —Adv.

# PERSHING WORKED FAMED HOAX ON GERMANS AT 'SPY TOWN'

## POLE ADMITS CAPTAIN SOLD FORT SECRETS

FORMER POLISH ARMY OFFICER ARRESTED IN NEW PLOT

By STUART MORONEY, Associated Press Foreign Staff.  
PARIS, May 3 (AP)—France's best spy catchers worked feverishly in the historic citadel at Belfort today in an effort to trace the leaks in her closely-guarded military secrets.

They bent their efforts particularly toward following the trail of Stanislas Krauss, former Polish army officer, who was arrested yesterday as a German spy.

At the same time, however, a force of detectives and secret police were investigating the activities at this fortified town near the Franco-German frontier of Captain Froge of the French army, accused of having been Krauss' accomplice.

The army officer's lawyers demanded an immediate hearing for Froge. They declared it was "suspicious" that a new witness had been aligned against him just when French operatives were on the point of concluding he was not involved in the asserted plot.

In announcing the arrest of the officer after they said Krauss had confessed, Captain Froge sold him \$5,500 worth of military secrets for Germany, police revealed they had been ready to exonerate Froge of charges previously lodged against him when the new accusations were raised.

Belfort, one of the spy centers of the World War, was the scene of a famous hoax General John J. Pershing pulled on the Germans. General Pershing sent officers to Belfort to build up elaborate headquarters and "lose" their plans to convince the Germans an attack was planned at Belfort instead of at Argonne as actually was the case.

Krauss and his alleged French accomplice reached prison, oddly enough, because members of the French secret service read the want ads.

Police declared that after Captain Froge fell under suspicion, Krauss sought a new source of military information for Germany by advertising in the classified columns.

## Murder at MOCKING HOUSE

BY WALTER C. BROWN

SYNOPSIS: Pierre Dufresne, political power and contractor, has been ambushed on a lonely road near the city. It may be the work of the person who has been sending him anonymous threatening letters, but Sergeant Harper is not sure. At dinner in the Austerlitz with Dufresne, Harper has been puzzled by his host's heavy drinking, and by his hints that someone close to him may be responsible.

Chapter Six  
DULL NIGHT  
Twenty-four uniformed men were drawn up in two parallel lines across the Squad Room of the Fourteenth Precinct, the most outlying police district of the city. The men wore their heavy winter coats, for it had turned bitterly cold and a howling snowstorm was under way. During the afternoon the storm had made several false starts, with brief flurries, but now the flakes were whirling furiously against the steaming windows, driven by a shrill northwest wind.

Lewis finished the rollcall. "No stalling tonight, men! 'No pulling your boxes on schedule, or I'll come out looking for you myself. Dismiss!"

Instantly the lines lost their wooden character. The men broke ranks and made for the door, snuggling their coats more firmly about their shoulders and chatting as they filed out, donning gloves and settling their nightsticks in holsters. The "long shift" was going on duty. Among them was one destined never to return.

Sergeant Lewis returned to the "office" and settled down with the evening paper. For several hours the men on patrol duty rang up from the street boxes, and "Sad Sam" Byers, who was on switchboard duty, laconically reported "O. K., Sergeant, each time the round of calls was completed. A drowsy quiet settled over the Fourteenth Precinct Station, a gray stone building at the extreme end of Woodbine Avenue, just a matter of ten minutes' walk from the county line.

Sergeant Lewis sat behind the railing at the raised "charge" desk. Tiring of the paper, with its mid-winter dearth of sports news, he turned a ruminating eye toward the windows and with stolid calm watched the pounding and spattering on the panes.

Over in his corner Byers had discarded the telephone headpiece while he indulged in a game of pinchle with Officer Connolly. They played with silent concentration, the only sound emanating from their game being the sharp slap and rattle of the cards.

Lewis sat down again. He stared at the calendar pad on the opposite wall. Its bold, black markings proclaimed that this was Tuesday, January tenth.

He rustled his newspaper impatiently. He hated prolonged silences. Small talk was as necessary to him as meat and bread. So, when Clymer turned out the papers from his machine and deftly sifted out the carbon sheets, Lewis pounced on the opportunity.

"Say, Clymer, did you ever hear of a Thirteenth Precinct? This is the Fourteenth and Butler's got the Twelfth; but where the unlucky number?"

The typist leaned back in his chair and considered the question. Finally, he shook his head. "I never heard of one, now that you mention it," he admitted.

Lewis rubbed his chin. "I guess the fellows who laid out the Precincts were superstitious."

The Sergeant flicked over the open leaf of the police "blotter," which bore the same date as the calendar pad. There was not a single scratch of writing on its blue-lined surface. "It looks like a shut-out, all right," he commented.

Byers glanced at the clock. It indicated ten minutes to nine. "There are still three hours till midnight," he said. "On the next 'pull' I'll tell the boys to get us some business," he joked.

The Sergeant smoothed down the sheet. "Not much chance now—on a night like this. I never drew a total blank before. It must be something like a record."

A silence fell, and they listened to the wind lashing the snow against the windows with unabated fury. "It must be a couple of inches deep by this time," Lewis observed. "If this keeps up all night everything will be tied up."

There was an angry buzz from the switchboard and a tiny white bulb glowed. Byers scurried across the room and adjusted the earpiece, flinging a glance at the clock as he slid into the chair. It was two minutes to nine.

"Fourteenth," he spoke into the mouthpiece.

"Morris—1638," came the reply.

"Any orders?"

"O. K., no orders." Then he dropped the crisp, official tone. "Don't get your feet wet, Morrie," he called, "and listen—we haven't a thing on the blotter. Can't you fellows give us a little action?"

"Nothing doing tonight," came back the answer. "You're lucky to be inside. It's cold as hell."

Byers 1638's forceful, if somewhat mixed, metaphor.

Byers placed a check mark after Morris' name on the list posted at his elbow. For the next few minutes the little lights continued to flash and at the conclusion of each report Byers checked the name of the patrolman. With some he exchanged brief, bantering remarks, but always cut out swiftly to keep the line open.

"Sergeant, no report from 1645—Hamill." There was a note of surprise in Byers' voice.

Lewis frowned. It was eleven minutes past the hour. Connolly with-drew his attention from the cards for a moment. "Perhaps he's coming in with something," he suggested hopefully.

"Whether he is, or isn't, we'll be hearing from him shortly," was the Sergeant's opinion. Byers kept his car-piece clamped on and amused himself drawing caricatures on a piece of paper. At nine-twenty he glanced from the clock to Sergeant Lewis, still turning pages.

A moment later the outer door banged and every one looked in that direction, expecting to see the remorseless Hamill, Officer 1645, come stamping in from the hall. Instead, a snow-plastered and storm-buffed figure appeared, hunched and muffled beyond recognition. It was not until the man had broken off most of the clinging snow that plastered his front, unwound a muffler and removed his hat that Lewis recognized the newcomer. It was Howard "Sheriff" Doyle, the special crime reporter for the Daily Ledger.

Doyle treated the Sergeant to a quasi-military salute. He hung his hat and overcoat on a hook. "Howdy, Sergeant. Howdy, boys," was his breezy salutation. "Seen anything of Detective Barry up here tonight?"

CHICAGO—When Dr. L. Lionel Holzman made a set of false teeth for Miss Bertha Krinberg he did a very extra special job—but that's where the trouble started.

So fond was he of the product of his own art, he asked to borrow the teeth for a dental exhibit.

She complied, she charged in court, but the dentist never returned her teeth.

The teeth cost her \$64. The court awarded her a \$95 judgment, but the dentist keeps the teeth.

MORE THAN 50% LONGER NON-SKID MILEAGE

# IN THE NEW Firestone HIGH SPEED TIRE FOR 1934

THE new Firestone High Speed Tire for 1934 is the greatest tire Firestone has ever built. With its wider, flatter tread, greater thickness, deeper non-skid, more and tougher rubber, and greater non-skid contact with the road, you get more than 50% longer non-skid mileage.

This new development is made possible by the Firestone patented process of Gum-Dipping, whereby the cotton fibers inside the high-stretch cords are soaked and coated with pure liquid rubber. This provides greater strength, safety and blowout protection.

Firestone engineers pioneered and developed the first successful balloon tire in 1923, and it is only natural that Firestone would lead in the further development of tire construction to meet the demands of the high-powered high-speed cars of today.

**Performance RECORDS**  
FIRESTONE HIGH SPEED TIRES

- for fourteen consecutive years have been on the winning cars in the 500-mile Indianapolis Race.
- for seven consecutive years have been on the winning cars in the 131 laps of the Washington (D. C.) Railway and Electric Company, covering 11,357.619 miles without one minute's delay due to tire trouble.
- won on the Naiman Motors Ford V-8 Truck that made a new coast-to-coast record of 47 hours, 45 minutes, 30 seconds actual running time.

## DILLINGER IN CHICAGO AREA POLICE THINK

### BLOOD-STAINED CAR IS FOUND; BANDIT MAY BE WOUNDED

CHICAGO, May 3 (P)—The government's ace man hunters and police marksmen massed forces in the Chicago area today in a new drive to get John Dillinger, "dead or alive."

The discovery of a blood-stained automobile—one of ten or more cars the Dillinger mobsters apparently used in their dash to liberty from the little Bohemia resort near Mercer, Wis., April 22, spurred the concentration.

Police Captain John Stege's special "Dillinger squad," comprising the best marksmen of the police force, was under orders to comb all of the city's underworld haunts for the elusive Indiana bad man. There are forty determined men in the squad.

The blood-stained automobile was found late yesterday, abandoned in a street on the North Side. The stains gave rise again to the belief that one of the Dillinger gang had been badly hurt at one time or another after their flight from the resort near where a federal agent and a civilian were shot to death.

The car was stolen from Roy Francis of South St. Paul, Minn., on April 23—the day after the battle of Little Bohemia, after three men riding in a coupe and believed to be Dillinger gangsters, were sighted by deputy sheriffs at Hastings, Minn. A running gun fight between Hastings and St. Paul Park ensued, but the trio escaped, abandoning the coupe near Invergrove, Minn., where they held up Francis, his wife and baby, taking his sedan.

The coupe was found later, abandoned.

Other indications that Dillinger is hiding out somewhere in the Chicago area came Monday morning when one of four gunmen who disarmed a squad of Bellwood police, was identified as Dillinger.

Apparently the car's presence showed that it was the second time that Dillinger had selected Chicago as his hideout after a major escape. The other came a few days after the desperado escaped from the Crown Point, Ind., jail with the use of a wooden gun, and Sheriff William Holley's automobile.

## Fear Little June Robles Was Slain By Her Kidnapers

TUCSON, Ariz., May 3 (P)—The unvoiced fear that little June Robles may never be found alive was felt by many here today—the eighth day since she was kidnaped.

If the family had reason for new hope of her return, the fact was not made known. There has been no public announcement of developments in the case for two days. The only definite facts are: The 6-year-old child is still missing, and the ransom money—\$15,000 in bills of \$5, \$10 and \$20 denominations—is ready.

There has been no development to lend substance to the belief that the child may have been killed by her abductors, other than the continued silence of the kidnapers in the face of the family's readiness to meet terms of payment for June's return.

It is understood that the child's wealthy grandfather, Bernabe Robles, is awaiting word from the kidnapers so that he may hasten completion of negotiations. The aged cattleman has made two trips across the border into Sonora, Mexico, presumably in connection with the child's disappearance.

When and blood-stained, the trio continuing their wild flight, which apparently took them to Chicago, in Francis' car, presumably by way of Freeport, Ill., where it was equipped with stolen Illinois license plates and a driver's insignia.

The rear window of Francis' machine had been knocked out, to give the gunmen free range in any machine gun battles they might have with the police—a common practice, the authorities said, of gangsters expecting trouble. In the machine were a pile of bandages, several boxes of paper matches from the Little Bohemia resort, and a copy of a Dubuque, Iowa, newspaper, with a headline:

"Dillinger on rampage."

Other indications that Dillinger is hiding out somewhere in the Chicago area came Monday morning when one of four gunmen who disarmed a squad of Bellwood police, was identified as Dillinger.

Apparently the car's presence showed that it was the second time that Dillinger had selected Chicago as his hideout after a major escape. The other came a few days after the desperado escaped from the Crown Point, Ind., jail with the use of a wooden gun, and Sheriff William Holley's automobile.

## Longer Mileage Without Skidding, Firestone Claim

A new high speed tire is announced by Firestone Tire & Rubber company and is now on display, featuring an increase of more than 50 per cent in non-skid mileage, according to Floyd Hoffman, local Firestone dealer.

"The new tire has five important improvements—flatter tread, wider tread, deeper non-skid, greater thickness, and more and tougher rubber," Mr. Hoffman said.

This is made possible by the Firestone patented process of gun-dipping, by which the high stretch cords are soaked and coated with rubber, providing greater strength, safety and blowout protection.

"The Firestone developments embodied in this new tire have been proven by constant testing on Firestone's fleet of test cars, day in and day out, 24 hours a day, over all kinds of roads and highways throughout the country, 12 months in the year."

"In addition the Firestone rubber compounds, designs, strength, blowout protection and rugged endurance are proved at the Indianapolis 500-mile endurance race where Firestone Tires have been on the winning cars for fourteen consecutive years."

TAKING IT EASY  
NORTH SYDNEY, N. S. W.—Wallace Burke is taking it easy—bicycling the 1,250 miles to New York.

He came here by steamer from his home in Harbor Grace, Newfoundland, oiled his bike and settled into the saddle.

"I may have to walk over some stretches," he said, "but I'll make up for it on the good roads."

He says it's a fine way of "spending a vacation."

NOTICE TO BIDDERS

### Bride-Elect Is Given Shower by Hopkins Women

Miss Opal Davis, bride-elect of Willard Franklin of Erick, Okla., was complimented at a surprise shower Tuesday afternoon by women of the Hopkins Home Demonstration club, of which she is a member.

Club owners and other guests gathered at the home of Mrs. Leonard Darnell before the arrival of the bride. A little wagon beautifully decorated with blue and white with white was ready to receive the gifts.

After a short period of informal talk, little Maxine Darnell pulled the loaded wagon into the room and presented its contents to the bride-to-be. She unwrapped and displayed the many beautiful gifts.

Each guest registered in a white book tied with green ribbon, which was presented to Miss Davis. Fresh strawberry ice cream and cookies were served with green appointments carrying out the color scheme.

Present were the honoree, Mr. and Mrs. Ernest Vandenberg, Mrs. G. Pinnell, Mrs. C. P. Couts, Mrs. Grady Enoch, Mrs. Ella Terry, Mrs. R. I. Davis, Mrs. W. B. Weathered and son, Jackie Gene, Miss Fae Davis, and the hostess. Others sent gifts.

Miss Davis expressed her thanks for the gifts and for the opportunity of being with her club before leaving to make her home in Erick.

Pampan Will Make Trip With Chorus  
CANYON, May 3.—Members of the men's chorus of the West Texas State Teachers college go to Fort Worth Friday where they will participate in the state choral contest sponsored by the Moslah Shrine Temple of Fort Worth May 4 and 5. Professor Wallace R. Clark, director of the local organization, and his daughter, Miss Frances Alice Clark, accompanist, will also participate.

Both individual and massed concerts will be held, with Nobel King, well known choral club conductor.

### Band Groups To Present Number On Baker Night

As a special number on the Baker school program in the city hall auditorium Friday night, the clarinet quartet has been built into a sextet and the brass quartet has been added for the presentation of "The Rosary," Nevin's famous song. The Pampa Daily News carried the statement last week that the song sales had reached the ten million mark lately, proving that it is one of the most loved numbers in American musical literature.

Pampa school audiences, especially at the senior high school and the ward schools, are familiar with the work of the Baker clarinet quartet, Misses Harrison, Jones, Elliott, and Holt. To this group have been added Charlyne Jaynes and H. D. Jones to form a smooth sextet.

As an interlude in the piece, the brass quartet, fully as well known as the clarinet, has been added to play a brass arrangement of "Lead, Kindly Light" and then join in the completion of the "Rosary." The brass quartet, with Elizabeth Fleming on trumpet, Annabelle Lard on mellophone, Earl Bell on trumpet, and Billy Carmack on baritone, have practiced until their work is comparable to the playing of older and more experienced musicians.

As a special background to this famous piece, a special platform was constructed for the group, with a setting that will please every one.

A TIGHT SQUEEZE  
SAN RAFAEL, Calif.—Though Ed Baier was locked in a telephone booth by a robber, who looted his pool hall, he couldn't reach the receiver to notify police. Eight of Baier's customers were locked in the 5-foot square booth with him and it was too crowded.

Mrs. W. C. Strong of Doherty is spending a few days in the home of Mr. and Mrs. M. K. Brown, Mrs. Strong and Mrs. Brown are sisters.

### New Junior Club Will Be Honored By Its Sponsors

A dinner to honor the new junior club which they sponsored was planned by members of the Civic Culture club in a meeting Tuesday at the home of Mrs. Kate Vincent. It will be on May 15, the next club meeting date.

Girls of the Junior Civic Culture club will be guests at the home of Mrs. Pat Crawford.

The business hour was followed by a program on Mexico. Mrs. J. A. Berry was leader. Mrs. Ralph Thomas discussed the people of Mexico and their homes. Mrs. A. L. Patrick gave a geographical survey, mentioning famous mountain peaks. Mrs. H. H. Isbell's topic was Mexico, the Horn of Plenty.

Minerals and other natural resources of Mexico were discussed by Mrs. Berry, and Mrs. Irvin Cole told of agricultural possibilities and methods.

Refreshments were served to those on program and Mrs. E. A. Shackleton, M. J. Noel, V. L. Dickinson, Crawford, and Cyril Hamilton.

Parking Plans To Be Ready Monday  
John Roby and his committee raising funds for free parking spaces in the city will be ready to report to the B. C. D. by Monday, it was indicated today.

Although PERA aid has been denied, the B. C. D. committee intends to go ahead with the plans.

### Corinne Griffith And Morosco Get Mexican Divorce

HOLLYWOOD, Cal., May 3 (P)—A Mexican divorce parted Corinne Griffith and Walter Mitchell Morosco today, but the brunette screen actress said all was not over between them.

A few hours after the decree was obtained in Juarez, Mex., yesterday the actress said the action represented the only immediate solution of their problems, but "there is a very good chance for a reconciliation."

No grounds were cited in the divorce, the laws of Chihuahua, Mexican state in which Juarez is located, permitting divorce by mutual consent.

Morosco, son of the stage producer, Oliver Morosco, filed the action several hours after he arrived in Juarez by airplane. Miss Griffith, who remained here, said he would return to Hollywood today and "we shall be very good friends."

The couple was married nearly 10 years ago.

The 34-year-old actress was born in Texas, educated in New Orleans and came to pictures as a beauty contest winner. She was divorced from her first husband, William Campbell, film director, in 1923.

Greta Nissen Robbed  
LONDON, May 3. (P)—A well-dressed burglar robbed the home of Greta Nissen, actress, of \$5,000 worth of jewels early today. A brother, awakened by the thief, fought the intruder until he broke away, and escaped as the actress shouted "police, police!"

Jack Meade of Miami was a Pampa business visitor this morning.

## 'DEAD' DOG IS IN DEEP STUPOR BUT LAPS MILK

Doctor Explains How  
Why He Revived  
Canine

BERKELEY, Calif., May 3. (AP)—The pink tongue of a dog, revived from death, lapped eagerly as milk was poured into its mouth and Dr. Robert E. Cornish said today he hoped the animal's increasing

strength eventually would enable it to survive and thereby advance his revivification experiment to aid mankind.

Dr. Cornish, young research worker at the University of California, believes his theory of revivification some day may be applied successfully to human beings who have died from heart failure, shock, submersion and asphyxiation.

The animal, now known as "13," because it was put to death clinically on Friday, April 13, appears to be in a deep stupor and Dr. Cornish explained the dog has not recovered his mental faculties.

"I hope the dog's brain eventually will become restored to the condition it was before death," Dr. Cornish said.

"The dog was dead four minutes

by medical standards. It was asphyxiated, the heart had stopped beating, it ceased to breathe and its blood had halted its circulation. There is no question that the dog was dead.

"Then I injected heparin to start its heart and defibrinated blood into its veins and within a minute its heart was beating, but too rapidly.

"This rapid heart movement, which reached 220 beats a minute, quickly wore out the hearts of two dogs on which we experimented previously. To give the heart something to pump back into the arteries, we injected a salt solution and the beating slowed down to normal."

Dr. Cornish explained that part of the brain which controls physical functions has returned to normal, but the part wherein lies the higher

intellect appears to have been damaged severely by the animal's death. "The dog's anatomy is comparable to that of a man and I hope we may be able to apply our methods to save human beings. Of course, I may not succeed, but I want to keep on trying," Dr. Cornish said.

**HE WHO GETS SLAPPED, SLAPS**  
BROWNSVILLE, Pa. (AP)—Mike Minsky, 28, was willing to go along with the holdup until the thugs got insulting, then—

Returning home late at night Mike was halted by two gunmen. He emptied his pockets of 11 cents. "Ain't you got no more?" asked one of the thugs. Mike said no.

Then they slapped him, Minsky got mad, flattened one of the gunmen and took a swing at the other. Both thugs fled.
