## Annual Farm Tour Thursday, 9 A.M.

Annual farm tour beginning this morning (Thursday) at 9 o'clock will feature up-to-date farm and rangeland practices in areas north and east of Colorado City.

First stop of the bus tour, starting from Lone Wolf Electric Co-Oparium, will be Mrs. Ned Smith's farm operated by James Cox.

After a cotton variety demonstration on the Smith farm, buses will travel past Buford Co-Op Gin. Water way and parallel terrace construction on Bodine Bros. farm will be pointed out en route to the Murrell Blasingame home for a mid-morning watermelon feast hosted by Travis P. Turner.

From there the group will head south to R. Y. Hammond farm, five wells pumps water into one storage tank and then is distributed through a wheel-move irrigation system.

Conservation projects and crop conditions will be pointed out by tour host representatives at farms belonging to Mrs. J. P. Nunn, Mrs. Loden Blasingame, J. K. Butler, Doyle Hester and Tommy Linam.

Next bus stop will be at Lorraine Grazing Association, an operation owned by Dual Blair and Malcolm Bruce and set up with a loan from Farmer's Home Administration.

A forage sorghum variety

demonstration on the J. W. Boyd farm will be next on tour list.

After crossing Interstate 20 tourists will stop at irrigation system on D. M. Smith's farm operated by underground pipeline and wheel move irrigation pipe and farm of Charles Finley and Herbert Mearse now in Great Plain Conservation Program.

Olen Lee will display a tractor mounted with an ultra-low volume sprayer used in boll weevil spraying and tourists will see chaining of mesquite in rough pastureland on A. L. Maddin place, now being done by Bunky Glavin.

Brush control on Spade Ranch

will be viewed en route to the Whit Holman farm where a grain sorghum variety demonstration will include a report of crop yield plus grain harvesting.

Heading back to Colorado City the group will see acreage of Bill Harris in Cropland Adjustment Program and cattle being used to weed out Johnson Grass on Parker Jarman place.

Dutch lunch will be served by Buckalew's Barbecue at the Co-Oparium at the end of the tour. Tickets are \$1.25 and can be purchased prior to the tour. Dink Rees and Alfred Carey are in charge of meal arrangement.

Hosting agencies for the seasonal tour are Chamber of Commerce agricultural committee, Mitchell County Agricultural Stabilization Conservation Service, Mitchell Soil Conservation Service, Farm Home Administration and Mitchell County Extension Office.

Tour commentators will be John Kadza, Bobby Lemons, M. A. Stinson, Don Hodges and J. D. Hill.

"We want to invite business people as well as those having farm and ranch interests," Lemons said Wednesday.

"There is a great deal at stake in Mitchell County agriculture. It is a big industry for the county."

"We'd like for the business people to go and see what our farmers have invested in that industry."

### City Bond Reserve Reinvested

Colorado City's 1949 water and sewer revenue bond reserve cash has been re-invested at more than eight per cent interest.

The re-investment more than doubled the 3 1/4 interest rate of last investment, city officials said.

City Manager J. A. Sadler Jr. Monday was in Dallas where he invested the securities in Federal Mortgage Administration notes, purchased at 99 per cent par value plus 7.25 per cent interest.

Maturity date of the new investment is in September, 1971.

The reserve account, required by law under bonded indebtedness, is equivalent of one year's payment on the bond of \$72,000.

A portion of that bond account amounting to \$27,500, becoming due Aug. 15, plus \$2,500 accumulated in interest was figure re-invested by Sadler.

### The Long and Short of It

Fashions this fall at Colorado High School will be almost as varied as subjects offered. Girl students this week got the okay from Principal Wallace D. Price for wearing minis (longer lengths), midis, pantsdresses, culotte and even maxis. Stepping out in style (although some of the

girls aren't sure yet) are Patty Bodine wearing a gaucho skirt and white blouse, Teresa Bert in a longer mini, Jerene Roenfeldt in a maxi coat bought for football games, Patty Pattillo in the below the knee fashion and Barbara Boyd in pantsdress.

## Braswell Promoted ASCS Manager to District Job

Friday will be last day for Eddie Braswell as Mitchell County's manager for Agricultural Stabilization and Conservation Service.

He has been named ASCS district director for 12 counties bordered by Fort Stockton, El Paso, Kermit and Sanderson.

Manager here since Feb. 1, 1963, he and his family will move this weekend to Alpine where they will reside.

Braswell has been with ASCS for more than 13 years, starting as SCP and counter clerk in Robert Lee. He trained in Hallinger and was county office manager in Sterling county over three years before coming to Colorado City.

In 1969 the young agriculture, church and civic leader received state, area and national recognition for his performance within the ASCS setup, his pioneering of new techniques and systems beneficial to the local farmer and rancher, his communication and leadership

which resulted in understanding and superior cooperation from the agricultural industry.

His knowledge, interest and extraordinary service to agriculture included the development of new ASCS procedure now used throughout the state for late reports of destroyed cotton which assist the local county to maintain program.

And he led in the utilization of production records for setting of cotton yields for individual farms.

He has served as president and vice president of District Texas Agricultural Stabilization County Office Employees Association.

Mitchell County was named most outstanding and most improved county in the district in 1968 by chairman of Texas ASCS Committee.

Braswell has explained farm programs and problems to civic and business clubs, led in the establishment of agricul-

ture related groups and programs, helped establish the county award for quality cotton production, served as chairman of Chamber of Commerce agricultural committee, served as Colorado City Jaycee president-earned the Jaycees Distinguished Service Award.

## Storms Cause Fires Damage At Lake

Storms Tuesday night and early Wednesday morning produced very little rain for Mitchell County farmers and

Extensive lightning from those storm clouds, though, is credited with at least two major rangeland fires.

Winds were strong enough at Spade Ranch to uproot large trees near ranch headquarters and at Lake Colorado City high winds broke a cable of the Fish-A-Rama, setting the fishing barge afloat in the storm.

About 100 acres of grassland was lost to fire caused by lightning Tuesday night on the Francis Winn Ranch. Four-

teeth rain fell and strong winds reported by Mrs. Winn.

Colorado City and Westbrook Fire Departments fought the blaze for more than two hours, Frank Hodnett, pastor of Westbrook Baptist Church and Westbrook fire chief, was taken to Root Memorial Hospital for emergency treatment after the new Westbrook truck was involved in a one-vehicle accident.

Spade ranch hands fought several small fires believed to be caused by lightning. Rain was not enough to measure, according to Wright Hock, who lives on the ranch.

Heaviest rain was 6-inch

reported by Sam Thompson in Plainview Community.

James Wulfjen in the Seven Wells Community got a quarter inch at his home with .5 in his pasture gauge south of his home.

J. C. Williams in Payne Community got .35 and W. E. Wood in the same area had .4 in his gauge. One-tenth inches was gauged by both J. T. Vest in Looney Community and O. P. Givens south of Lorraine. Jasper Wood said his farm in Buford Community received .2 inch. Sprinkles were reported in Lowe and Cuthbert Communities.

Colorado City's official rain gauge measured .26.

## Rules Spelled Out

### Schools Review Dress Guidelines

Back-to-school fashions won't change much from last year's styles in Mitchell County schools.

Guidelines for dress and grooming, with emphasis on neatness were announced this week by officials in the three high schools.

Rules for Westbrook School students, reviewed by Superintendent L. M. Dawson, are the same as those adopted for 1969-70 school year.

The policy states that girls do not wear shorts, jeans or slacks unless previous permis-

sion has been given by superintendent or principal.

Boys are always to be clean shaven and have their hair neatly trimmed. They "keep their shirt properly buttoned and shirt tail inside trousers unless shirt is designed to be worn outside. Trousers would be worn with a belt."

Dawson advised students making school trips should always remember that their dress and appearance will leave a lasting impression and that coaches and teachers will make sure that this is practiced on school trips.

"Knowing what to wear and

how to wear it is a sign of good teaching and training," Supt. Leroy Scott of Lorraine School said in announcing guidelines for that school.

Rules adopted by Lorraine Board of Education follows:

Boys will wear their hair neatly cut and groomed.

Fads in hair-do, beards, shaven heads, clothing or other things designed to attract undue attention to individual or disrupt orderly conduct of the classroom and campus activities are not acceptable. Sideburns should not become below the ear lobe, hair not below the neck or over the ears.

Boys will dress neatly, with shirts buttoned and tucked in trousers. Collars will be turned down. Sport shirts that are cut short and straight around the bottom and designed to be worn outside may be worn outside, providing they are worn neatly.

Girls should dress neatly and with good taste at all times. Dresses will be no shorter than three to four inches above the knee. Low cut sun dresses will not be acceptable. Pants and slacks will not be allowed to be skin tight.

Shorts or similar garments are not acceptable as school dress for boys or girls.

"Students who violate these basic rules of good grooming will be asked to correct the problem before attending classes," Supt. Scott said, "or remain at home until it is corrected."

Colorado High School Principal Wallace D. (Wally) Price spelled out in detail what is expected of his students this year.

He interpreted the school policy of boys hair being neatly cut and groomed to include hair above the collar, off ears and above eyes.

Fads in hair-do, beards, shaven heads, clothing or anything designed to attract undue attention to the individual or disrupt the orderly conduct of the campus and classroom activities are not acceptable. Boys will dress neatly with shirt buttoned and tucked in trousers. Collars will be turned down. Sport shirts that are cut short and straight around the bottom and designed to be worn outside may be worn outside provided they are worn neatly.

## Elementary Students To Register Monday

Students in grades 1-6 will register Monday in Colorado City's three elementary schools.

Kindergarten students as well as first, second and third graders will register at Kelley Primary School from 9 a.m. until 12 noon and from 1:30-4 p.m.

Registration at Wallace and Hutchinson Elementary will be from 9 a.m. until 12 noon.

Fees for workbooks and instructional material are to be paid at registration time. Fees will be \$2.50 per student in first through sixth grades.

Parents of those entering first grade must show birth certificates of their children and statements from doctors providing smallpox immunization. Kindergarten students are to

have immunization records plus birth certificates or baptismal statements.

New residents wanting to register their child at Wallace or Hutchinson before Monday can do so by contacting school offices.

Even though students who attended Colorado City schools last year have already been registered by school officials, they are to pick up room assignments and books during registration hours.

Supply lists for the six grades as announced by Wallace-Hutchinson principal Jerry Reynolds and Kelley Principal Esten Blackmon follows:

Sixth grade (Wallace) - notebook for paper with two rings, white paper with two holes,

#2 pencils, map colors, crayolas, 12-inch ruler with regular linear and metric markings, red grading pencil, pointed scissors and three 10-cent cardboard folders.

Fifth grade (Hutchinson) - two #2 pencils, one red lead pencil, one ballpoint pen (black ink), two-ring notebook and paper (no clip board), crayons, map colors, pointed scissors, Elmer's glue, one 12-inch ruler and seven folders.

Fourth grade (Hutchinson) - two #2 pencils, one red grading pencil, two-ring loose leaf notebook (not zippered type), notebook paper, crayons, map colors, pointed scissors, one 12-inch ruler and one spiral two-ring notebook.

Third grade (Kelley) - four See STUDENTS Page 6-A

### What People Power is, what it does for you.

People Power is all of us at Texas Electric working together to make good things happen electrically when you turn a dial or flip a switch.

People Power sees to it that electricity is generated and ready when you want it.

#### But People Power is more:

It includes a full-time staff of specialists who can advise you on wiring, lighting and electric heating and cooling for your home, store or offices.

Our home economists, who are available to help you with suggestions on ways to get the best use from your electric appliances.

And agricultural specialists who can help farmers and ranchers find ways to do their chores faster and easier with electricity.

And area development representatives who work with local groups to help attract new industry, new payrolls and new residents to the areas we serve. And people who try to make things right when you call in with

a complaint about something we've done or haven't done.

People Power makes good electric service possible. And helps you find more efficient ways to use electricity, so that you get the most benefits for the lowest cost.

The way we see People Power—the way we hope you see it—is helping people live just a little bit better. Texas Electrically.

# Program Ends

## Thursday Last Day Of Summer Recreation

First summer recreation program at Wallace Neighborhood Center sponsored by Mitchell County Community Action Program ended last Thursday.

The 10-week youth program, termed a success by CAP officials, was made possible by a grant through First United Methodist Church.

Activities were sponsored at the center five days and two nights a week for youths up to 6-18 years of age. An average

day time attendance ranged in the 40's, according to Bobby Palit, summer youth director.

Night attendance averaged in the high 30's with highest single attendance about 60.

Highlighting end-of-program activities were two basketball matches with Sweetwater Neighborhood Center youths for 14-18 year old young people.

Children, 13-years-old and under last Wednesday traveled

to Abilene where they visited Abilene Zoo.

Paid workers in the program in addition to Palit were Joy Jones, arts and crates supervisor; Clara Mae Taylor, Nathaniel Jackson, Linda Gonzales, Becky Davis, Sammy Martinez, Jayzenita Hopkins and Gloria Lee, all Neighborhood Youth Corp workers.

Volunteer workers were Martha Kinard, Mrs. Janet Cline, Mrs. Jack Parse, Mrs. Bill Randle, Rev. Weems Dykes, Eddie Deregibus, Mrs. Ernest Biggers, Mrs. Henry Heredia and Margie Palmer.

Goals of the program set at the start of the summer was "to have a place for kids to go, meet new people, do new things and have things for kids to do," Mrs. Robert Shamburger, CAP coordinator.

"It was planned to offer a program to compliment other recreation programs in town for all children between 6-18," she continued, "and to contribute a better understanding between local communities."

Mrs. Shamburger and Palit expressed appreciation to First Methodist for financial assistance, Ecumenical Church school children for financing the Abilene zoo trip and to "all other persons, organizations and government agencies for their help."

"We feel that for our first year and limited knowledge of the program," Mrs. Shamburger spoke, "it has been a successful program."

## Dove Maps For Hunters

The Texas Parks and Wildlife Department is distributing the 1970 dove maps to help prospective hunters prepare for the season on white-winged and mourning doves starting in September.

For regulatory purposes, the state has been divided into a North Zone and a South Zone. The North Zone mourning dove season is Sept. 1 to Oct. 30. The South Zone mourning dove season is Sept. 26 to Nov. 24, except in those counties having a whitewing season where it will be Sept. 5 and 6, Sept. 12 and 13, and Sept. 26 to Nov. 20.

# Lone Star Gas Company Has Record Earnings In June

Record earnings were achieved by Lone Star Gas Company for periods ended June 30, 1970, according to L. T. Potter, chairman.

Potter reported earnings per share of \$1.94 for the 12 months compared with \$1.38 per share for the same period in 1969. New income for the 12 months rose \$8,211,555 to \$28,457,601, a 40.6% gain. Total operating revenues of approximately \$252 million were up 10.4%.

"Tight expense control was a major contributing factor in the net income advance," Potter said. "Other operating and maintenance expenses increased less than 4%."

Potter described the company's overall cash position as excellent with no interim or short-term debt outstanding. Net proceeds from the recent sale of a \$30 million issue of 9-3/4% sinking fund debentures due in 1995 were used to prepay \$18 million of 13-

month bank notes and to pay outstanding short-term indebtedness related to past construction. Funds also were used for the company's 1970 construction program.

Also reported was the acquisition, in April, of gas distribution and other related properties of City Gas Company, Inc. through exchange of 34,500 shares of \$10 per value Lone Star common stock.

Potter said that Lone Star Gas Company's impressive gas supply of seven trillion cubic feet was supported by its continued, aggressive exploration and gas supply connection programs. Lone Star Producing Company recently negotiated for gas sales from its completed Puryear No. 1 Well in the Texas Pan handle. Two thirds of an estimated, daily sale of 30 million cubic feet of gas is to be delivered to Lone Star Gas Company on an exchange basis. The Producing Company also has completed the previously announced purchase of half interest in 70,000 acres of leases in Oklahoma's Anadarko Basin. That purchase includes an interest in one deep producing gas well. Two deep exploratory tests are planned on the acreage. The first, the E. B. Baden Unit Well No. 1, is projected to be drilled to a world record depth.

Production start at Nipak, Inc.'s Plastic Pipe Plant and delivery of the first polyethylene pipe and fittings to Lone Star Gas Company for gas distribution use occurred in April. Plant operation and product quality are superior, Potter said.

## Maj. Wicker Loraine Receives Bronze Star Appraisal

Major Wayne M. Wicker, son of Mr. and Mrs. W. M. Wicker of Seminole recently received the Bronze Star Medal while serving with the 4th Transportation Command near Saigon, Vietnam.

He was presented Bronze Star medal for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam.

Maj. Wicker received award while assigned as commanding officer of the command's U.S. Army Harborcraft Company. He also holds the Joint Service Commendation Medal.

His wife, Glenda, lives at 975 East 16th Street.

Lee Jacobs and Company, tax appraising firm from Amarillo, have completed tax appraisals for Loraine Independent School.

Patrons are invited to meet with Jacobs Wednesday at the Lions Club Building between hours of 9 a.m. and 5 p.m. according to Leroy Scott, superintendent.

Board of Equalization will meet next Thursday and Friday at 9 a.m. and 5 p.m. to with patrons their values.

Members of Board of Equalization are Woodrow Pratt, Ralph Lankford and Roscoe Hudgins.

Values for the school have been set at 40 per cent of appraised values. Tax rates will be 1.35-per 100 valuations.

MRS. DWAYNE STUBBLEFIELD, ... exchange vows Saturday.

To Live In Lubbock

## Miss Fredda Bynum Is Wed To Dwayne Stubblefield

Fredda Gail Bynum, daughter of Mr. and Mrs. Howard Bynum of 986 East 16th, was wed to Charles Dwayne Stubblefield of Lubbock Sunday afternoon in First Baptist Church.

Bridegroom is the son of Mr. and Mrs. Charles N. Stubblefield of Route 3.

Rev. Glenn Roenfeldt officiated during double ring ceremony.

Mrs. Glenn Roenfeldt presented wedding music of "Whither Thou Goest" and "Wedding Prayer." She was accompanied by Glenn Crosthwait on organ.

Wedding arch of lemon foliage and crystal votive candles complimented altar setting. Candelabra on either side of arch completed altar setting.

Family pews were marked by stalin streamers.

Bride, given in marriage by her father, wore a white peau de sole princess style gown fashioned by her aunt, Mrs. Joe Bynum of Odessa.

Appliques of lace accented the wedding ring neckline, cardinal sleeves, bodice and slim skirt. Her tulle veil, edged in lace, extended into a cathedral length train.

Bride's informal bouquet was a yellow throated cattleya orchid and stephanotis.

For traditional something old bride wore a gold wedding band which belonged to her grandmother - something new, pearl earrings given to her by the

bridegroom; something borrowed, diamond necklace belonging to her mother, something blue, garter.

Matron of honor was Mrs. Milton Thompson III, cousin of the bride, of College Station.

She wore a yellow peau de sole and chiffon gown fashioned with empire style waist and square neckline. A moss green satin bow which extended to the floor accented waistline.

Looped moss green ribbon complimented the yellow short veil. She carried a long stemmed yellow rose.

Bridesmaids were Miss Brenda Chambers, Miss Marsha Nance and Miss Christy Stubblefield, sister of the groom, all of Colorado City.

They were dressed as matron of honor.

Debbie Lindley was flower girl. She was dressed similar to bridesmaids. She carried a moss green basket of yellow rose petals.

Candle lighters were Debbie Gaylor, cousin of the bride, of Lubbock and Kirk Stubblefield, brother of groom.

David Stubblefield, brother of groom, served as best man.

Groomsmen were Bennie Murrice, Hunter Wistrand, both of Colorado City and Richard Ramsey of Midland.

Dale Bynum, brother of bride, of Lubbock, Donald Smith of

Colorado City, Jim and Joe Hill of Midland were ushers.

Wedding reception was in Fellowship Hall of church.

Bride's table was covered with a white peau de sole and chiffon table cloth. Two silver candelabras and bride's bouquet centered the table. A four tiered cake and punch was served.

Registry table was covered with a white peau de sole and chiffon table cloth. A large white candle, rice bags of yellow and green, and bride's book accented table.

Members of houseparty were Miss Donna McKinney, Miss Pattie Bodine, Miss Nancy Damborsky, and Debbie Brown.

Bride wore for a trip to Dallas a beige and brown polyester sleeveless dress with pleated skirt accented by beige accessories.

Couple will live at 2902 3rd Place in Lubbock.

# CONVERSATION CORNER

EVERY ONCE in a while, little echoes of wise lectures from a sociology professor at Baylor make me remember how it was he always explained what happens eventually to young people he called "The wild ones."

That was before such label as "rebel, the establishment, liberal, conservative" became all too trite. Before people talked about "the generation gap."

"The wild ones," that PhD professor used to point out, grow older and become the staid and sober ones, staunch citizens, community leaders.

All it takes, he held, is time, money in the bank, property, matrimony and children to make

"The wild ones" over into the cautious ones.

If he were still teaching today he would be saying "To make a conservative out of a rebel give him a few years to sample financial and social success."

SOMETIMES, too, take to remembering the first real rebel ever encountered personally.

He was a tall young pre-med student assistant in math and biology. He liked to shock people, including innocent young co-eds. He professed not to believe in anything much, including such frivolities as pep rallies and football and such serious things as church choirs, even God.

Met him once, some twenty-something years later, to find that he was a Sunday School superintendent and a Chamber of Commerce director in good standing.

He wasn't one of "The wild ones" any more. Just a solid citizen, this reformed rebel, talking the football season and his family, driving a new Cadillac, and wearing a fraternal order diamond ring.

WENT HOME and scribbled a poem of sorts about him, that being the poem scribbling era of this checkered career. Well as can be remembered, the comment went like this--

"Recalling his as he was then. . .Nineteen I think he was at first. . .Thick hair down in his eyes, smooth chin. . .A hard young mouth that mocked or cursed. . .At all who held with Genesis. . .When there were evolution's laws. . .At churches, prayer, and politics. . .It seems preposterous that he. . .Now 40, bald, with golf-course tan. . .Should publicly proclaim to be. . .A deacon and Republican."

ART LINKLETTER has defined the generation gap as "the distance between what older people forget and younger people don't know."

What older people are prone to forget is that younger people go through rebellion along with voice changing and love in bloom. What younger people do not know is that all too soon they will be wringing their hands over rebellion of "The wild ones" of the next generation. You can count on that.

Had never had the slightest desire to live to be 100. But am beginning to think it might be worth it just to have the fun of seeing what the generations to come can think up to shock their elders.

They will think of something. And the long-hairs of today will turn into the gray-hairs of tomorrow. So it goes. . .because

so it always has gone. . .and always will go.

TALKED to three people in a row the last few days, all middle-aged or older, who declared sorrowfully how the young people are headed for disaster if not damnation.

They were not referring to rock throwing or arson-minded real rebels, either. Just being horrified over the clothes, hair and habits of "The wild ones" in this better-than-average community.

Right then and there was when there came echoes from the philosophy of that old sociology professor. Thought him an old man, then, anyhow. Why, he must have been nearly 50!

But he had a way of planting hope and the promise of responsible adulthood for "The wild ones" of his day. Mostly, the years have proved him right.

Main thing older people forget is that they were younger once!

SEEN LATELYS this time included Arlene Morris, post master. . .Mrs. Jim Hale and Mrs. Oscar Majors on the shopping scene. . .Mrs. Leonard Long at her morning coffee break. . .Ditto C. N. Stubblefield. . .Lena Baumann.

Saw Charlie Thompson, back from Africa, headed for the mail box. . .Clem Myers and Joyce Wilkerson. . .Bruce Campbell in the coffee crew. . .Maurine Sparks.

Dropped by to see Lena Porter and found her crocheting tiny pearl beads into a beautiful rope-like strand. Lena is one of our town's talented ones. She delights in making stylish clothes and accessories. Beads for her current handwork came to her from Hawaii where her daughter Fannie Bess, her husband Eddie K. Norris, and their sons Skipper and Dale live. Major Norris is on duty in Honolulu with the Air Force.

CLOUD NINE in baby pink floats over the Wayne Pruitt house. They have a third

daughter, born to them Monday. Named Andria Layne, the baby weighed six pounds, eight ounces.

Met the proud paternal grandmother Faye (Mrs. Bill) Bloomer and Andria's two pretty sisters, Tracy and Stacey, along with Wayne (Dowell engineer) at Eddie's.

Maternal grandmother is Mrs. A. C. Putman. Mrs. Wayne Pruitt is the former Brenda Putman.

FAMILIAR FACES here and there places belonged to Inez (Mrs. Graydon) Howell who was saying her daughter Carolyn and a friend Carolyn Bush, both of Austin, are just back from a trip to Mexico where they vacationed. . .Eddie Piland. . .Lore Wood (Mrs. Billy) and her daughter Deborah. Lore was saying that her husband's brother Ronnie is here at the home of his parents, the Otis Woods, too! He's been away for 24 months as a USN destroyer crew member in the Pacific.

Saw Nell and Bennett Scott. Nell is hospitalized for rest observation at Root Memorial. . .Doris Carter, wife of Bill F., was at the Colorado. . .So was Shug (Mrs. Howard) Bynum, mother of last Sunday's bride, Fredda, who is now Mrs. Dwayne Stubblefield.

HEAR TELL that our Maynette Davis, daughter of the George (Buster) Davis family, will teach in Paducah public schools this term. Maynette recently received her degree at West Texas State University in Canyon. Hear tell she chose the position in Paducah instead of an offer by Amarillo schools because she's a little-town-lover.

Did you know that the Joe Leonard family spent their vacation week visiting Nadine's relatives in her home town, Weatherford, Okla.? Nadine went to work this week, by the way, in the hospital business office.

Ann Randle Davis is the new assistant secretary in the office of Colorado Junior-High School principal Don Dulin.

THE JIMMY BROWNS and their baby daughter Rhona, who spent the summer in Texas, have returned to their home in Colorado Springs, Colo. Jimmy completed work toward his master's degree in English at WTSU, Canyon. Then the family visited his parents Bonnie and James Brown and Marie's mother Mrs. A. C. (Ruby) Putman of Westbrook.

Mrs. E. L. Ashford, Jimmy's grandmother, and Mr. Ashford

attended his M.A. graduation in Canyon, then drove to Colorado Springs and Denver for vacation visits.

OFF THE CUFF -- The Herb Gunn family spent their vacation time in Minnesota.

Annie Dixon (Mrs. Ross Sr.) plans to move back into her pretty home on Watson St. J. L. Harder, Sun Oil man, his wife Jackie and their four children who have been living in the Dixon home, have moved to Dallas.

Want to share a smile? There was this darling little girl, who looked to be about four and of Texas - Mexican heritage. She was coming out of Anthony's with her attractive mother and

was carrying a box with small new shoes.

"Do you remember, Mama, that when I was born I didn't have on any shoes and didn't

have on any clothes at all?" She was saying happily.

Her mother just smiled. And so did the lady who happened to hear that precious little bit of wisdom.

## Birthday Celebration

Mrs. A. J. Beck celebrated her 92nd birthday last Thursday in her home.

Present for the celebration were Harold Smith and wife, Dorothy, of Robstown, 2 great grandsons, Richard Smith and family of Port Author and Roger Smith of Coalla.

Five great great grandchil-

dren of Abilene and Colorado City also attended.

## Merket To Alice

Mr. and Mrs. Lucky Merket and sons have moved to Alice where Merket will teach school.

Weekend guests in the Pete White home were Rayburn White of Snyder, Mr. and Mrs. Elmer Rainey of Coahoma.

## GET 'EM TODAY

One of the better bargains these days is that \$7.50 price tag for a reserved season ticket at all of Colorado High Wolves' home football games.

In addition to being prices right, the season tickets assure fans of the same good seating places among friends for every game. Doesn't matter if you have to work late or have a flat and hurry into the stadium after the kickoff, with reserved season tickets you still are sure of your seats.

More than that, though. There's too much action coming up for our Wolves in District 3AAA this fall. . .too good a team. . .and too much excitement with our Black Knights of Precision Band Wolverines. . .to take a chance.

So, if you haven't already, why don't you call or drop by the High School office today and get your tickets.
