Liberation Of Paris Reported

Doughboys Enter Industrial City Of Grenoble

Americans Roughly 70 Airline Miles From Swiss Frontier

By NOLAN NORGARD
ROME, Aug. 23 (AP)—American troops of the Seventh army, in a spectacular surprise thrust deep into southern France through German defenses, have entered the large industrial city of Grenoble, 140 airline miles north of the Mediterranean coast, it was announced today.

A swift American armored and motorized infantry column plunged into the city, long a hotbed of the French patriot movement, with "French forces of the interior playing an effective support role," Allied headquarters said.

This quick advance put Maj. Gen. Alexander M. Patch's spearhead within less than 240 miles from the most southerly points officially announced as reached by American troops below Paris, and it appeared that the two Allied French fronts would be joined much sooner than originally thought possible.

Grenoble, 58 miles southeast of Lyon and situated on a river leading directly to the Rhone valley 30 miles to the west, is 80 miles or more beyond the last reported Allied positions in southern France.

At Grenoble the Americans were roughly only 70 airline miles from the Swiss frontier and for all practical purposes already had sealed off the Nazi forces in southern France from communication with the enemy in northwestern Italy.

The Americans also were in position, by striking westward, to cut off German units reported fleeing from the Mediterranean beachhead along the Rhone valley. (An Associated Press dispatch from Geneva said French forces of the interior were reported attacking Lyon.)

An Allied headquarters statement on the northward drive said "enemy resistance was spotty during the advance." Thirteen hours of house to house fighting occurred at Digne. It was there that the Allies captured Maj. Gen. Hans Schubert, a German corps commander.

On the Mediterranean coast, a bitter battle still raged in encircled Toulon, French armor and infantry had pushed virtually into the outskirts of Marseille, and the French occupied Hyeres east of Toulon.

Austin Predicts No Cleavage On Peace Issues

WASHINGTON, Aug. 23 (AP)—A prediction that there will be "no party cleavage" over issues of peace and postwar security was made today by Senator Austin (R-Vt.) after a conference with John Foster Dulles, foreign policy advisor to Gov. Thomas E. Dewey.

Austin, a member of the senate foreign relations committee who has supported peace organization efforts leading to the current Soviet-British-American peace talks, and Senator Vandenberg, of Michigan, another republican committee member, discussed international questions with Dulles before he went to the state department to confer with Secretary Hull.

Dulles came here as Dewey's representative after the republican presidential nominee had commented publicly upon the Dumbarton Oaks conference.

The session today moved toward detailed analysis of Russian, American and British plans for organizing the world for peace. All three proposals were presented to yesterday's meetings and officials familiar with them said they showed broad areas of agreement.

The main problems developed for future discussion apparently were the extent of authority to be proposed for small nations and the kind of commitments for the use of force if and when it is necessary to suppress aggression.

Dulles arrived late yesterday and at a press conference gave some broad indications of possible developments in his talks with Hull. He brought along, he said, his own ideas and those of Governor Dewey, the republican presidential nominee, on organizing world peace.

New Red Drive Smashes Forward

By DANIEL DE LUCE
MOSCOW, Aug. 23 (AP)—A new Red army offensive, probably designed to knock Romania out of the war and break Hitler's grip on the Balkans, smashed forward today on a 150-mile front beyond Iasi to within 180 miles of jittery Bucharest and 155 of the great Ploesti oil center.

(An official German broadcast said the Russians had reached the beaches at Riga, Latvian capital and largest Baltic states city, indicating a new trap for the German 16th and 18th armies.)

Advancing over the bodies of 25,000 Germans slain in three vio-

lent days while 12,665 others trudged back to prison cages, Red army groups under Generals Rodion Y. Malinovsky and Fedor I. Tolbukhin drove within 51 miles of the mouth of the Danube.

German shock troops tried to stiffen war-weary Romanian divisions as Russian tanks rolled at least ten miles south of Iasi. Tolbukhin's drive through Bessarabia headed cross country for a junction with Malinovsky in the Galati gap, the capture of which would make much of the Balkan area untenable for the enemy. Advances ranged to 44 miles. The Bessarabian capital

of Chisinau was left trapped in a deep pocket on the Dniestr.

In northern Poland, the Russians gradually were outflanking Warsaw and splitting German forces between that besieged Polish capital and East Prussia. The Russians moved 14 miles south-east of Lomza, communications hub.

Desperate German attempts to salvage her Baltic positions brought new tank attacks in the direction of Jelgava, which controls road and rail routes in Latvia. As the Red army drive into Romania went through its fourth

Communique States That Fight Is Led By 50,000 Organized Frenchmen

LONDON, Aug. 23 (AP)—Paris shook loose the shackles of four years of enemy bondage today and stood free once more, liberated by armed and unarmed tens of thousands of Frenchmen who swept the Nazis from the city's streets, while American armed might drew up around the capital.

A special communique from Gen. Charles De Gaulle's headquarters in London announced the liberation after four days of street fighting that recalled scenes of Bastille day when the mobs of Paris once before struck an historic blow for liberty.

This time, the communique said, the fight was led by 50,000 organized French forces of the interior, bolstered by hundreds of thousands more who joined in with whatever weapons they could find.

The dramatic announcement touched off broadcasts to Frenchmen everywhere as the triumphant strains of "La Marseillaise" sounded again to the news of a French victory.

There was no word immediately that American troops had entered the city and up to 5:35 p. m. (10:25 a. m., Central War Time), the supreme command public relations office said it lacked news confirming liberation of Paris.

Allied columns hammered in a tightening trap today on Germans falling back in a "rout" on the steel-swept lower Seine, and speared deep below Paris in menacing new drives only 160 miles from the German border.

One U.S. armored column plunged beyond Sens, 58 miles southeast of Paris. It stood but 160 miles from the reich's frontier.

Between Sens and Paris, Lt. Gen. George S. Patton's Third army was operating in woods near Fontainebleau. In this sector the Americans had thrown a bridgehead over the upper Seine.

Canadian and British troops scored advances of 10 to 15 miles in the chase of the battered German Seventh army toward the lower Seine from the disastrous Falaise trap. On the coast Canadians battled some seven miles across the Seine estuary from Le Havre. Germans in that port lobbed shells across the water.

U. S. units hit down the river toward the sea, bringing in the eastern jaw of the pincers. They menaced Emureux and Vernon, about 50 miles from the Seine's mouth.

Supreme headquarters declared 40,000 to 50,000 Germans had been captured in the Falaise pocket, with the Nazi dead still uncoun-

(One Berlin broadcast said the U. S. bridgehead across the lower Seine—presumably referring to the Mantes area 25 miles northwest of Paris—had been liquidated in a German counter-attack.)

The Germans reported fighting south of Paris, and said the "20th American corps" was striking toward Nemours and Montreuil, both about 40 miles southeast of the capital.

The new Allied trap of Field Marshal Gen. Guenther von Kluge's riddled forces along the left bank of the Seine appeared to be closing on all sides as the Germans gave up all attempt at an organized rearward action.

At the Seine crossings Allied planes hammered the German troops and were expected to deliver more punishment today as the weather showed signs of clearing.

Other German troops fled toward the river where hundreds of river craft of every description from rubber boats to small steamers had been gathered to ferry them across.

Six hundred German tanks, vehicles and locomotives fell before the guns and bombs of Allied planes, supreme headquarters said, while a belated German air force attempt to give fleeing Nazi ground troops cover resulted in the destruction of 37 enemy aircraft.

Driving up the coast toward the mouth of the Seine and the great port of Le Havre, Dutch and Belgian units took the famous resort cities of Trouville, Villers-sur-Mer and Euville. Le Havre is seven miles across the Seine estuary from Trouville.

The latest report placed the value of lend-lease supplies and services at \$4,045,000,000 for the quarter ended June 30.

Reverse lend-lease was estimated in value at more than \$3,000,000,000. The report emphasized, however, that ultimate measurement of aid given and received could be found only in terms of battles won, enemies killed and captured, and hundreds of thousands of lives saved. Rather than in dollar figures.

French to the core! I am not Parisian and my birthplace, Brittany, was liberated some weeks ago, but today, I experienced the same joy as when the Allies liberated my homeland.

"France is no longer a prisoner of war, for at last, she breathes freely. The German heel will no longer tramp on our streets... the Nazi will no longer demonstrate his pride in the master race along the Champs Elysee, and he will no longer defy our monuments. We have been waiting for this day for four years now, and today, our heartfelt thanks goes out to the Allies and to our American and English friends who gave us Paris the chance to live again."

Romania Rumored In Acceptance Of Peace Terms

BULLETIN
NEW YORK, Aug. 23 (AP)—Romania has accepted a Russian peace offer and will become an "ally" of the United Nations, the Bucharest radio announced tonight in a broadcast recorded by the Federal Communications commission.

NEW YORK, Aug. 23 (AP)—Possibility that Romania may get out of the war was raised today when the Bucharest radio broadcast a royal proclamation accepting peace terms offered by the Russians. The broadcast was picked up by FCC.

The Bucharest radio said Premier Ion Antonescu has resigned and that the peace terms offered by Moscow had been accepted.

The report came as two powerful Russian armies were driving forward in a four-day-old offensive aimed at knocking Romania out of the war.

Russian peace terms have been accepted and the government of Premier Marshal Ion Antonescu has resigned, the Bucharest broadcast said.

Congress Told Lend-Lease Aid Should Continue

WASHINGTON, Aug. 23 (AP)—President Roosevelt told congress today that lend-lease aid should continue until the unconditional surrender of both Japan and Germany.

Apparently taking note of statements by some persons in and out of congress that this vast program of Allied aid should be curtailed or dropped after Germany is defeated, the chief executive, in forwarding a quarterly report to congress placing lend-lease help through June 30 at \$28,270,351,000, asserted:

"We should not permit any weakening of this system of combined war supply to delay final victory a single day or to cost unnecessarily the life of one American boy."

"Until the unconditional surrender of both Japan and Germany, we should continue the lend-lease program on whatever scale is necessary to make the combined striking power of all the United Nations against our enemies as overwhelming and as effective as we can."

The last time the question arose as to the life of lend-lease was on August 7. Then, a report was issued by the national association of manufacturers saying British officials were insisting on keeping lend-lease alive after Germany gives up.

The lend-lease act was extended this year until June 30, 1945. Some legislators have said this government should not be too hasty about extending it again if Germany collapses meantime.

The latest report placed the value of lend-lease supplies and services at \$4,045,000,000 for the quarter ended June 30.

Reverse lend-lease was estimated in value at more than \$3,000,000,000. Italian Patriots Treated Severely

ROME, Aug. 23 (AP)—Increasing severity of enemy treatment of Italian patriots harassing the Nazi rear areas in northern Italy was disclosed by the Eighth army's capture of an order from Colonel Von Hofman, which decreed immediate shooting of "anyone assisting the criminal and treacherous partisans by giving them food or lodging."

He announced he would support "any officer who exceeds our customary degree of restraint in his choice of measures for dealing with the Partisans."

Air Offensive Against Japs Has New Climax

By J. B. KRUEGER
Associated Press War Editor

The unceasing Pacific air offensive against Japan has achieved a new climax with a record 135-ton bombing of strategic Hainan island 300 miles south of the Philippines, Gen. MacArthur announced today.

This strike was the latest and biggest of air blows steadily re-

ducing 6,700-square-mile Hainan as a barrier between MacArthur's New Guinea forces and the Philippines, which he aims to recapture. Liberators went in unopposed to plaster its airfields, supply dumps and defenses, and to destroy eight parked planes and sink a freighter.

The blow followed a 110-ton strike announced yesterday.

Elsewhere the Allied air offensive—currently bridging a lull between invasions—ranged from the Flores Sea 1,000 miles south of the Philippines to tiny Marcus island 1,000 miles southeast of Tokyo. MacArthur's planes hit Ceram, Davao, Vogelkop on Dutch New Guinea, Biak island, Wewak, Palau, New Ireland, New Britain and Bougainville.

Central Pacific air forces under Adm. Nimitz set fire to two ships near Marcus and attacked Truk and Ponape in the Carolines and Yap island southwest of Guam. Wake, U. S.-owned island some 900 miles east of Marcus, was hit also. The Wake and Marcus blows could have been designed to blind enemy reconnaissance to impending blows in the western Pacific.

Chinese forces were succeeding in their Yunnan battle but encountered a new flood of Japanese power aimed at consolidating the victory at Hengyang. Chungking said its forces held one-third of Tengchung and were whittling down the enemy garrison. This city helps control movement on the Burma road, which the Chinese are trying to reopen.

Northwest of Hengyang reinforced Japanese pushed two columns in an enveloping move around Chinese forces. To the south the Chinese made some progress in holding the enemy off the Hankow-Canton railroad gap.

In western Burma the Japanese retreating from India moved so fast as to suggest a general withdrawal to the south.

Storm May Reach Mexico By Night

NEW ORLEANS, Aug. 23 (AP)—The United States weather bureau said at 9 a. m. Central War Time today that indications were the hurricane in the lower section of the Gulf would continue its west-northwestward movement and reach the Mexican coast near Tampico tonight.

"High winds and tides will set in late this afternoon on the coast, extending from vicinity of Tampico to a distance of 150 to 175 miles northward," the advisory said.

The disturbance, which started forming a week ago in the Lesser Antilles, moved across the Caribbean, striking Jamaica and the Yucatan tip and entering the Bay of Campeche at the lower extremity of the Gulf of Mexico last night. Reports from Jamaica said extensive damage was caused to the banana and other crops.

Navy Ships Destroy 8 Enemy Vessels

LONDON, Aug. 23 (AP)—Royal navy ships in two running battles destroyed eight enemy ships in the Audierne Bay between Brest and Lorient before daybreak today, the admiralty announced tonight.

Two minesweepers, three supply ships and three escort vessels were knocked out of action. Two of the escorts were heavily armed.

The British Cruiser Mauritius and Destroyer Ursa and the Canadian Destroyer Iroquois took part in the action and came through without casualty or damage, although German shore batteries joined the battle.

AUSTIN, Aug. 23 (AP)—John Creaton, retired customs officer who served for many years at posts along the Mexican border, died here yesterday. He had served as a scout for the United States army in the war between the States.

Mitchell Named Chief Of Police

The appointment of A. G. Mitchell, 30, special officer for North American Aircraft at Dallas, as chief of police was confirmed by the city commission Tuesday evening.

Mitchell is an officer of more than a decade of experience, having been with the police department at McKinney and at Denton before joining North American.

City Manager B. J. McDaniel, who appointed the chief, said that Mitchell was due to be here during the weekend.

He will fill the vacancy left by the resignation of J. B. Bruton as chief. During the interim, A. D. Bryan, veteran member of the force, has served as acting chief with Kenneth Manuel assisting on the day side.

ACCEPTS RESIGNATION

RIO DE JANEIRO, Aug. 23 (AP)—President Getulio Vargas has accepted the resignation of Brazilian Foreign Minister Oswaldo Aranha, it was announced officially today.

AAFBS French Have Mingled Feeling Of Jubilation Regret

Overjoyed Frenchmen at Big Spring Bombardier school today received unofficial reports of liberation of Paris with mingled feelings of jubilation that the capital of their homeland had shaken off four years of enemy bondage and of a feeling of apathy because they did not take part in the liberation.

As reports of the liberation reached them, they took stock of the manner in which monumental events have coincided with visits here of Chaplain Pierre Goube, a former German prisoner and now one of the two Catholic chaplains serving the Free French in the United States.

The next time Chaplain Goube arrives, they hope the war will come to an end.

It was on June 5 that Chaplain Goube first visited the school here to hold mass with men of the French detachment. On the following day, the Allies invaded France.

On Tuesday of this week, Chaplain Goube returned for services "Pray for the liberation of France," he urged the boys over and over. Today, according to reports awaiting official confirmation, Paris was liberated.

The coincidence of his visits here reminded of another date, in which an important event in his own life coincided with the Holy anniversary of Good Friday.

Serve Hamburgers On Tomatoes
Grilled Hamburgers on Tomatoes
Mashed Potatoes Wax Beans
Hard Rolls
Mocha Cup Cakes—Iced Tea

(Recipes Serve Four)

Grilled Hamburgers on Tomatoes
1 pound chopped boneless beef
1-2 teaspoon salt
Dash of pepper
2 tablespoons milk
1 teaspoon onion juice
1 egg
Dash kitchen savory sauce
2 large tomatoes
Salt and pepper
Margarine
Beat egg and add salt, pepper, onion juice and chopped beef. Mix lightly and shape into four patties. Remove cores of tomatoes and cut tomatoes in half. Place on a greased broiling pan, season with salt and pepper, and place a hamburger patty on each tomato half. Dot the patties with margarine and broil about ten minutes in a 375 degree oven until brown on one side. Turn patties carefully on the tomatoes and brown the other side for ten minutes.

Cup Cakes

2 cups sifted cake flour
2 1-2 teaspoons baking powder
1-2 teaspoon salt
1-2 cup shortening
1 cup sugar
1 teaspoon vanilla
2 eggs
2-3 cup milk
Mix and sift dry ingredients. Cream shortening and sugar. Stir in vanilla and well-beaten egg yolks. Add flour mixture alternately with the milk, finishing with flour. Fold in egg whites which have been beaten until they are stiff but still moist. Bake in greased cup cake tins at 375 degrees for 20 minutes. Frost with mocha icing (see below).

Mocha Icing
2 tablespoons margarine
2 cups confectioners' sugar
1 square melted chocolate
1-2 teaspoon vanilla
Dash of salt
2 tablespoons strong coffee
Cream margarine and sugar. Add salt, vanilla, melted chocolate and enough coffee to make an icing which will spread easily.

Don't Turn Bedtime Into A Bugaboo

Prepared by the Staff of the Child Study Association of America, Inc. AP Features

When they are tired, children naturally want to sleep. Your child may not be ready to sleep just when you think he should or wake up to suit your convenience. You can find out how much sleep he really needs and plan accordingly.

But most children fuss about going to bed at one time or another. Going to bed means being separated from the grownups and their fun. They will keep on calling you back, or asking for "another drink of water" just to keep your company.

It's a good idea to play quietly with your child for a while, just before bedtime, giving him all your attention. Tell him a few minutes ahead when it is time to

go to sleep—and perhaps go with him to his room.

You naturally expect the door to his room to be closed when he sleeps, and if you close it quietly there will usually be no fuss. But if, for any special reason, he wants the door left open or a light left on in the hall, give him this comfort for a while. It may be enough for him to know that you are nearby in case he really needs you. Soon he will be ready to have the door closed again and he will tell you to himself when he feels that way.

Don't ever use going to bed as a punishment. This makes it something he doesn't like. Going to bed should be a pleasant thing to do.

Girls Find France 'Peaceful' After Buzzbombs Of London

HELLO FRANCE! WACs arrive at Normandy beachhead. In foreground is Sgt. Nancy E. Carter, Charlottesville, Va.

HEADQUARTERS FORWARD

ECHOLON NORMANDY—Telephone here will soon be buzzing. Thirty top-notch WAC switchboard operators flown to England a week after D-Day have landed in Normandy to work for the Signal Corps at Forward Echelon Headquarters.

They found the WAC area at headquarters full of home comforts fixed up by the first WAC detachment which landed on Bastille Day, commanded by Capt. Isabel Kane, of Tacoma, Washington. Since Gen. Eisenhower has established headquarters in Normandy, officers and enlisted personnel, including WACs are living in tents in a camouflaged area under constant patrol by heavily armed military police.

I talked to new arrivals resting after an exciting trip. Their traffic officer, Lt. Olive H. Dugan, of St. Louis, Mo., previously worked ten years with the Bell Telephone Company.

Sgt. Ruby M. O'Neal, of Mt. Pleasant, Tex., cleaning up the WAC apple orchard, told me she wasn't sorry to get away from the London buzzbombs, explaining:

"We reached England the day they started, and it seems peaceful here."

Like the first WAC detachment, the girls had a tremendous welcome from G.I.'s all along the route. Arriving in the concentration area tired and hungry, they lined up for chow. Everything was quiet until the first WAC stepped into the mess tent—Pvt. Gwendolyn Meeker, of Tampa, Fla.—when the boys started up the band, playing "Mr. Five by Five" as a surprise.

"They played again when we were drilling the next morning," said Cpl. Laura L. Carson, of Chicopee Falls, Mass. Laura, who speaks fluent French, had an especially good time, for not only the G.I.'s but also the French people she has talked to have told her how glad they are to see American girls in France. She has been kept busy translating for the other girls.

"This seems very luxurious here," said Pvt. Helen L. Braun, of St. Louis. "We slept on the floor of the officers' lounge on the ship. After we landed we slept on the beach—and slept wonderfully."

Sunbaked, tired but happy, ten more WACs attached to the headquarters of the Forward Echelon arrived at camp at 4

a. m., accompanied by Maj. Frances S. Cornick, of Norfolk, Va., assistant WAC staff director in the European Theater of Operations.

The girls will do clerical work mostly. Three are cooks: T-5 Jessie P. Wells, Texarkana, Tex., T-4 Orpha M. Powell, Hart, Tex., and Sgt. Evelyn McDine, East McKeesport, Pa.

Two of the youngest WACs are veterans. Pvt. Mavis Hill, 20, of Altadena, Cal., came over to join the British WAFs in 1943 and transferred this May. She works for the Services of Supply.

Pfc. Joan Sissons, of Los Angeles, who was living in England with her mother, was a dental technician with the WAAF for three years before transferring this year to the WAC. Both say their old comrades are green with envy.

Stunts Will Be Given By Girl Scout Camp

Girl Scouts will present a program of stunts and other entertainment before a crowd of parents and friends at 8 p. m. in the city park amphitheatre today, leaders announced.

The program will be climaxed by a Girl Scout camp fire program. The entire event is sort of a finale for the district day camp just concluded.

JUDGE RICHARD CRITZ

Associate Justice Supreme Court of Texas and Candidate for His Second Elective Term

Was born in Mississippi of a poor family. His great-grandfather was with Washington at Valley Forge. His father and five of his father's brothers fought in the Civil War under Stonewall Jackson.

Judge Critz came to Texas at an early age, worked his way through school, attended Southwestern at Georgetown, practiced law in Williamson county, was appointed by Dan Moody to the Supreme Court Commission and by Jimmy Allred to the Supreme Court to fill out an unexpired term.

Since Judge Critz went on the Supreme Court, the docket has been brought up to date and in his opinions and that of his associates, the Court has exemplified the best traditions of Texas jurisprudence. His Opinions have been unbiased. No shadow of suspension has been cast upon his character or charged against his official conduct. There is no individual, high or low, rich or poor, that can or has influenced his opinions beyond what he believed to be a just and honest interpretation of the law.

I will thank you very much indeed if you will vote for Judge Critz next Saturday and will count it a personal favor.

AWARDED DFC
WASHINGTON, Aug. 22 (AP)—The War department announced today the award of the Distinguished Flying Cross to Texas personnel of the United States 12th Air Force, including Scott T. Bowden, staff sgt., Rice.

Donald McKinney, Cliff Prather, Marilyn Keaton and Billie Cain of Big Spring are among students making reservations at dormitories at John Tarleton Agricultural college at Stephenville, according to information received from the college. The fall trimester will open Sept. 22.

Tires Wear Out twice as fast at 90°

WHEN YOU SUFFER with the heat, remember that your tires really *sizzle* on the road... because road-surfaces are usually 25° hotter than air temperatures.

This frying-pan heat saps the strength of rubber... produces doubled wear as the thermometer rises from 60° to 90°... and multiplies tire-failure by twenty per cent.

Obviously, you and every other patriotic driver, want to get every bit of precious mileage remaining in your present set of tires. That is why we bring you these authoritative suggestions:

Avoid hot-road driving as much as you can... Drive at slower speeds... Don't over-inflate tires, but avoid under-inflation as you would a plague... And don't neglect to have your tires cross-

switched every 3,000 miles.

Your Phillips 66 Service Man is anxious and waiting to help you. Give him the opportunity, at least once a week, to check air pressures... to inspect for nail holes, cuts, and bruises... to examine tires so he can warn you when re-capping is advisable.

This is only part of the *Tire-Saving* and *Car-Saving* Service pledged to you at every Phillips 66 Service Station, to help you "Care For Your Car For Your Country."

In the Nation's interest and in your own, be watchful and intelligent about making your car and your tires last longer and go farther. Drive in for help at the Orange and Black 66 Shield, the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

'Whiskers' Puts In For Purple Heart

By HAL BOYLE

WITH AMERICAN TROOPS IN FRANCE (Delayed) (AP)—Pet rabbits are helping to while away foxhole boredom among many of the front line troops by playing quite an effective part in the war.

A one-eyed rabbit named "Butch" started a battle all by himself and another rabbit called "Whiskers" has been put in for the Purple Heart for a combat wound.

"Butch" is the American army champion patrol rabbit. He has been in German lines more often than most frontline doughboys. Snuggles in the pocket of his no. com owner, Sgt. Lawrence Swain, 21-year old squad leader, of Vernal, Utah.

During one black night recently Swain was crawling along a hedgerow on patrol when "Butch" crawled out of his pocket and went AWOL without his owner noticing it.

The rabbit nibbled a few spears of grass and then decided to rejoin the patrol squad. Suddenly he hopped on Swain's neck.

"Scared?" said the sergeant. "I jumped and emptied a full clip of ammunition in the air. I didn't know what had me."

The firing startled Germans nearby and they swept the area with rifles and machineguns. This led the American commanders to think the Nazis were attacking and the Americans began throwing metal, too. Swain and his rabbit found themselves in the middle of the scrap.

Since then, "Butch" sticks pretty close to his owner. "Whiskers" fights in the same infantry division and belongs to Pfc. Leo Silkey, of Marshfield, Mo. "He served 18 days in the frontline trenches before he was nicked in the ear with a piece of shrapnel. For this wound in action he was recommended for the Purple Heart. Silkey says he wouldn't take \$100 for the "Whiskers," who he says isn't at all afraid of enemy fire—"at least no more than me."

Warning Issued To Insurance Buyers

Warning that people of Texas should be sure they know what they are buying when they pay money to out-of-state insurance companies not licensed in Texas on insurance policies advertised by radio or direct mail has been issued by O. P. Lockhart, chairman of the board of insurance commissioners, at Austin.

Complaints have reached the board from dissatisfied policy holders indicating a large number of companies with home offices outside the state are attempting to sell policies in the state and do not have certificates of authority to do business in the state, his announcement said. Such companies are outside jurisdiction of both the Texas insurance department and Texas courts. The commissioner suggested persons considering buying an insurance policy solicited through the mails or by radio should, for his own protection, find out whether the company holds a certificate of authority to do business in the state and stated the board of insurance examiners, State Office building, Austin 14, will answer inquiries of that nature.

Correspondents Ordered Out Of War Theater

NEW YORK, Aug. 23 (AP)

Three American war correspondents and one artist accredited to the Ninth Air Force in France have been ordered out of that theater of war "apparently because their work has not measured up to standards set by publicity minded Ninth Air Force officers of higher ranks," the New York Herald Tribune said today in a copyrighted dispatch.

The correspondents were Stanley Frank of the New York Post, Gordon Gammack of the Des Moines Register and Lee McCardell of the Baltimore Sun, and John Groth, artist for Parade.

The order is the aftermath of a long series of threats indulged in by certain public relations officers of the air force," Herald Tribune Correspondent Jack Tait wrote. "Correspondents have been told that they must confine the bulk of their activities to coverage of Ninth Air Force news. Those who did not, it was made clear, would have to seek reassignment elsewhere."

Tait's account added: "Ninth Air Force officers in charge of publicity have made it plain to correspondents here that they are more interested in promoting their own unit than they are in getting war news out of this theater to readers in the United States."

"We, at first, were inclined to treat the threats made against some of the correspondents here as a joke. It seemed inconceivable that one group engaged in this war would consider publicity for itself more precious than giving the United States the story of this war, whether it be the air story, the ground story or a combination of both."

In the case of the four men recalled, it should be pointed out that they are employed by newspapers with comparatively small foreign staffs. It was their job to try to give their readers an overall picture of the war in France, rather than primarily report on the air aspect of the struggle."

No Hope Held Out For Labor Supply

FORT WORTH, Aug. 23 (AP)—C. E. Belk, of Austin, state director of the War Manpower Commission, held out no hope here today for a sufficient supply of labor in Texas in the near future to permit resumption or increase of civilian goods production.

Production cutbacks such as those now taking place at the North American Aviation plant at Grand Prairie, he said, are intended only to release labor needed for more urgent war production.

Belk and members of his staff, with some members of the regional WMC staff, were meeting here with the 12 area WMC directors in Texas to find means to tighten the labor clearance program so as to furnish the workers needed in war production plants of the country with the highest labor priorities.

Belk pointed out that there now is a nationwide demand for more than 200,000 workers in plants producing war materials which are in most urgent demand by the armed forces. He said Texas was able in July to step up its recruitment of labor for these plants to 5,000 men, as against 3,000 in June.

Man Gets Postponement Of Prison Sentence

SHREVEPORT, Aug. 22 (AP)—Judge Ben C. Dawkins has granted Samuel R. Morgan, owner of the Morgan Ice Co. at Lake Charles, until October 1 to begin serving a six-months prison sentence on a charge of violation of Office of Price Administration (OPA) ceiling prices on ice. Bond was set at \$2,000.

Morgan, sentenced in federal court at Lake Charles August 17, asked for postponement of sentence on the grounds that his plants, two near Beaumont and two near Port Arthur, Tex., provide an essential service which would be hindered by his imprisonment. He also filed notice of appeal.

Browns Head Homeward Bolstered By Four And One-Half Game Lead

By JACK HAND
Associated Press Sports Writer
Emerging from their final eastern invasion with a slight limp and new respect for the Philadelphia A's and Washington Senators, the league-leading St. Louis Browns headed home via Detroit

and Cleveland today bolstered by a 4 1-2 game lead and a friendly pat on the back from the schedule makers.

All American league clubs enjoy an open date today and only a Chicago at St. Louis night game is listed in the national as clubs change scenery to open a month of scrapping in their own areas before the final inter-sectional series.

With 34 games to play, the Browns' scheduled calls for 23 at home and only five road dates after they complete the impending series in Detroit and Cleveland. The Tigers, likewise, finish at home but trail by six lengths and have dropped to fourth place.

New York has 13 home dates in its last 37 and Boston has to hit the road for 27 of its remaining 35 tilts.

Johnny Niggeling blanked the Browns last night in Washington, 3-0, as the Sewell men would up their trip with the unimpressive score of seven wins in 16 games. A scrap between Nels Potter and George Case touched off a free-for-all among the players in the seventh inning.

Boston missed a chance to gain in falling before Cleveland again, 5-3, when Steve Gromek outstayed the wild Emmett O'Neill. Detroit, the western club with the best record in the east, slid down below the New Yorkers in bowing 9-7 at the Yankee stadium. Hal Newhouser failed in his search for win No. 21, losing to Rookie Mel Queen who needed a parade of relief help to hold the edge.

Russ Christopher took his seventh straight, the longest streak of the year in the American, when he hurled Philadelphia to a 5-1 victory over Chicago's Johnny Humphries.

Pittsburgh continued to rush headlong in mad but futile pursuit of the Cardinals. The Pirates trimmed Brooklyn, 7-5, their 17th win in the last 18 games, but lost ground to St. Louis as the defending champs upped their lead to 17 games by twice trimming Boston 7-4 and 2-1. Harry Brecheen notched his 15th triumph at Jim Tobin's expense and Max Lanier outpointed Al Javery with a one-hitter, a scratch single off Whitey Kurowski's glove by Butch Nieman in the first inning.

Cincinnati split with the Phils on Tom Delacruz' five-hit, 5-1 job in the second game after Ron Northey's 15th homer had given Bill Lee a 4-3 edge in the first. New York copped the season series from Chicago by staggering to a 9-8 victory with the Cubs threatening until the very end.

Record Take By Snead May Be Topped In Open

CHICAGO, Aug. 23 (AP)—That all-time record take of \$19,600 by Slammin' Sammy Snead, along professional golf's money circuit in 1938 may be topped in the 72-hole all-American open starting tomorrow at Tam O'Shanter.

Three favorites in George S. May's golf extravaganza—Harold (Jug) McSpaden, the defending champion and top money winner of 1944; Byron Nelson and Sammy Byrd—are within striking distance of the long-hitting Snead's financial success of six years ago.

Byrd, the tremendous hitter who deserted professional baseball for golf and has picked up bonds with a cash value of \$10,500 this season, must win the open's \$10,100 (cash value) first prize take, but those "gold dust twins"—McSpaden and Nelson—could pass Snead by taking the \$2,750 cash third prize.

The three big money winners were idle today except for practice shots as approximately 150 non-exempt professionals battled through 18 holes for 40 places open in the 72-hole championship engagement. All money winners here in 1943 former P.G.A. and U.S. open champions and various members of the armed services were not requested to participate in the professional qualifying test.

The simon pures, paced by the sizzling 67 five under par, by Ed Furgol, Detroit's public links star, had to do 75 or better to pass their tests. Twenty-six amateurs, including defending champion Dale Morey of Martinsville, Ind., and former national titleholder Charles (Chick) Evans of Chicago, will be in the amateur field.

Eighteen-year-old Polly Riley of Fort Worth led the women qualifiers with a 79, one stroke better than Georgia Tainter of Fargo, N. D. Lt. Patty Berg of the Marines, the 1943 winner, and six other players did not have to compete for positions in the field of 24 shooters.

Officers Look Back On Record Of 16 Wins Against 11 Losses

Following completion of the playoffs in the Houston Amateur Softball association the Officers of the Big Spring Bombarider school have laid aside uniforms for the season, looking back on a season's record of 16 wins against 11 losses.

Representing the first attempt at organization of an all-officer squad results were fairly gratifying with the locals managing to schedule some of the best teams the southwest had to offer.

Foremost of the season's schedule was the 2 to 1 victory the Officers chalked up over a fast Goodfellow Field of San Angelo, which resulted in the only defeat for Goodfellow in their home park.

Composition of the squad was unique in that 14 lieutenants made up the roster, all of whom at one time or other had previous softball experience. Officials of the

A.S.A. at Houston cited the team for their ability and sportsmanship following Big Spring's near removal of the pre-tournament favorites, Lindale Park.

Among victims of the Officers 16 wins were Group 1 Officers, Cadets of 44-10, 1047th Guard Squadron, Goodfellow Field Officers, Section 4, Ordinance, Section B, Phillips Tire, Corsicana Field Officers, Carlsbad, N. M., Officers, Cadets of 44-12 and Selman Officers of Monroe, La.

Roster of the team is as follows: Lt. Kenneth Nelson, Lt. R. M. Bradbeer, Lt. D. C. Lillard, Lt. R. J. Fairchild, Lt. C. W. McCormack, Lt. R. L. Capps, Lt. H. T. Bryant, Lt. P. E. Powell, Lt. J. W. Shasteen, Lt. A. T. Gifford, Lt. G. W. Hallahan, Lt. C. H. Williams, Lt. D. K. Phillips and Lt. E. C. "Ned" Humphreys, manager.

It's A Safe Bet Allies Will Take Invasion Money With Them

By KARL R. BAUMAN
WASHINGTON, Aug. 23 (AP)—When Anglo-American forces sweep across Germany's frontiers, it's a pretty safe bet they will bring their "invasion money" with them.

"Invasion money" now is being used in France and Italy, will be used elsewhere.

"Invasion money" is printed by the bureau of engraving and printing, turned over to military authorities. One question that never has been answered is who is going to pay for it in the end.

The pay-off will be handled differently with each country, since each had a different status.

Italy, for example, started out as an enemy, became a co-belligerent; France was an ally which fell under the axis heel, and Germany has been an out-and-out enemy.

Some day the diplomats and financial experts will sit down with each country and add up the credits and debits, financially and otherwise.

In the case of Italy, it might be the "invasion money" that troops spent and that military commanders used to obtain supplies, etc., but that Italy would have to stand for the money used for such things as the maintenance of schools and salaries of local officials.

France might be given a credit for the full amount of "invasion money" circulated there.

Germany might be told, among other things, that it was its job to pay off the "invasion money."

The idea behind "invasion money" is not as complicated as deciding who's to pay off eventually. The purpose is to provide troops and commanders with a medium of exchange for goods and services. It's all according to international law which gives an occupying authority the right to provide for the currency needs of the area occupied.

The exchange rate is 100 lire to the dollar in Italy. In France, a dollar is worth 50 francs.

College Squad Works Out Daily At Canyon

CANYON, Aug. 23 (AP)—A squad of 15 men is working out daily for football at West Texas State with all incoming freshmen to report Sept. 5.

Included among those attending summer school and now receiving conditioning exercises are Eddie Castleberry, tailback; Curtis Kelly, fullback; and Willis Hedges, wingback, who lettered in 1942. West Texas had no team last season. All three have seen service with the armed forces but have been discharged.

Miller is pessimistic over 1944 prospects explaining that he is short on linemen and would certainly welcome some 200-pound tackles.

He also is seeking some more games. There are eight on the schedule with the Sept. 29 and Oct. 21 dates open. "I would like to secure one or two more games, preferably with college teams not subsidized by the military forces," Miller said.

CRUZ WINS DECISION
LOS ANGELES, Aug. 22 (AP)—Kid Vera Cruz, 123, of Vera Cruz, Mexico, making his first ring appearance on the Pacific coast, won a 10-round decision last night over Pee Pee Lewis, 123½, Los An-

geles, at the Ocean Park arena. Lewis took a nearly margin, but the Mexican lad finished strong with the winning points.

Lt. Clarence Clark Gets Air Medal

For more than 330 combat flying hours in the New Guinea area since going overseas last September, 1st Lt. Clarence H. Clark, Jr., of Wynnewood, Pa., has been awarded the Air Medal.

Another with more than 330 combat hours is Lt. George Wade Cramer of Casper, Wyo., who has been awarded both the Distinguished Flying Cross and the Air Medal at his base in India.

Another late arrival is Lt. John J. Czechowicz of Chicopee, Mass., who was reported missing in action over Hungary on April 3 last. Nothing more was heard from him until he returned to his Italian base on May 30 after almost two months dodging the enemy in occupied territory. How he managed to escape the Germans is a story that will have to wait until the war's end to be told.

The Air Medal with two clusters has been awarded Lt. James E. Casey of Jackson, Miss., before he was reported missing in action over Germany March 8. No further information had been received concerning him as late as June. He was with the 8th Air Force in England.

Another graduate based in England, 1st Lt. Wong Chew Dip of San Francisco, Calif., has been awarded the Air Medal.

After serving as an instructor at Childress until January, Lt. Roy E. Cundiff, Jr., of Bremerton, Wash., was transferred to Boca Raton, Fla., as an instructor.

A bombardier with the 13th Air Force in the Pacific, Lt. Ray A. Mallette of Carthage, N. Y., has been missing since April 12 in action over Truk and hope for the safety of the bomber crew to which he was assigned is practically non-existent, his parents have been informed in a letter from his commanding officer. Lt. Mallette was a member of the crew of a heavy bomber which was engaged in an important mission against the enemy. During the course of

FO Loflin Saves Ship From Loss

Flight Officer William E. Loflin, 1029 Seventh street, Huntington, W. Va., has been awarded the Distinguished Flying Cross for his heroism in saving his ship when

to take a navigation course at Midland.

Receiving decorations for extraordinary achievement in the China-Burma-India theater is nothing more than routine for 1st Lt. George G. David of Brooklyn, N. Y., who now has six of them, including the Distinguished Flying Cross with a cluster, the Purple Heart and the Air Medal with a cluster. He is a lead bombardier and instructor in combat bombing for new arrivals in that theatre. With about 80 missions and 450 combat flying hours to his credit, Lt. David was wounded only slightly last November.

incendiary bombs hung while being released.

"Officer Loflin voluntarily removed his parachute and body armor and crawled into the bomb bay," said the citation. Attempting to disengage the lodged bombs, he discovered that the shackles had been damaged, making it impossible to remove the bombs.

"Despite the flak bursting nearby, he lay down on the narrow catwalk with the open bomb bay beneath him and removed the detonators from the bombs. Although suffering from the bitter cold of high altitude, he further insured the safety of the plane by raising the bombs and securing them so the bomb bay doors could be closed."

GO Loflin is a member of the crew of the Gambling Lady, a B-24 bomber and is an Oct. 7, 1943 graduate of the Big Spring bombardier school.

Cowboys Roll Into Town For Rodeo As Locals Blossom Out In Regalia

Big Spring began to take on a semblance of festive excitement Wednesday on the eve of the opening of the annual rodeo here Thursday evening.

While natives blossomed out in rodeo regalia, bona fide cowboys from over the Southwest began rolling into town with trailers and horses, all set to have a whack at the prize money in roping, steer riding, steer wrestling and bronc busting.

The rodeo stock was on hand and grounds were being given a good sprinkling to offset the effects of a summer drought.

Jake Douglass mapped final plans for the first of three daily parades and appealed for all persons who can get a horse to be on hand at 4th and Bell streets at 6 p. m. Thursday. Boys and girls were urged to enter decorated bikes and compete for daily awards.

The parade is to proceed directly east on Third street to Johnson and then southward toward the rodeo grounds.

The shows start Thursday, Friday and Saturday at 8 p. m. and at 2:30 p. m. Sunday.

Billie Louise Hinson, Lampasas, Thana May Farr, representing the Farr ranch at Merton, Fennie Lee Jones, Lamesa, and Mrs. Punk Snyder, Melvin, were listed as new sponsor entries, bringing the total to 23.

Expected early Thursday are John Lindsey, rodeo clown, and Garrett, who will give an exhibition with one of his trained horses. The quadrille team from the Center Point announced ready for its mounted exhibition.

Only four boxes remained Wednesday at the chamber of commerce office, and many were buying their tickets there in advance to avoid the rush at the gate. Jack Smith is handling ticket details for general admission and Ira Driver is handling the grandstand.

Senator Ed H. Moore, Oklahoma republican, said after a conference with Dewey yesterday that the GOP nominee would fill a date in Oklahoma City about Sept. 25. Moore added it was his understanding this stop would be made on the return from a west coast tour.

Thus the beginning of the active phase of the first wartime campaign since 1894 may find Dewey and his running mate, Governor John W. Bricker of Ohio, in full stride while President Roosevelt bides his time. Mr. Roosevelt said when accepting a fourth term nomination he would not campaign in the usual way, but would be ready to answer any "misstatements" the republican nominee might make.

Dr. H. M. Cook Speaks At Lions Club Meeting

Adults have a perennial tendency to sit in judgment of youth. Dr. Harris M. Cook, Canyon, governor of the 127th district of Rotary International, told members of the Big Spring club here Wednesday noon.

Speaking on the theme of Rotary's part in community service, Dr. Cook reminded members that the club would have a big responsibility in helping to see that returning veterans are absorbed into useful occupations, are dealt with patiently and sympathetically, that those who have never been anything but students be aided in returning to their studies or in bridging the gap into a strange business world.

When Rotarians agreed with him that several clippings he read from magazines applied to current juvenile and youth delinquency problems, Dr. Cook revealed that they were taken from issues 20 years ago and "were written about you."

The governor is to meet the club assembly composed of committee chairmen, at 8 p. m. in room No. 4 at the Settles today. He is professor of education at West Texas State Teachers college at Canyon, is active in public school, civic and church affairs as well as in Rotary.

Aerial Forces Resume Attacks

LONDON, Aug. 23 (AP)—Allied Aerial forces resumed their assaults upon the fleeing Germans in northern France as the weather showed signs of clearing today and headquarters announced they had smashed 600 assorted tanks, locomotives, railway cars and other vehicles in sweeps from the Seine mouth to south of Paris.

The Germans were reported in a rout, attempting to cross the Seine in 39 places west of Paris in a motley fleet of craft which included many collapsible rubber boats.

The German radio, meanwhile, announced that for the third straight day Allied Mediterranean-based bombers and fighters were attacking targets in the Danube region.

From their northern bases, the Allied air forces yesterday flew 1,400 sorties—only about one-eighth of their D-Day record but much better than the previous day, when the weather stopped all flying.

The battered German air force threw 100 or more planes into the battle area. Thirty-one were shot down and six more were destroyed on the ground against a loss of two Allied planes reported so far.

Both American and British planes crossed the sunny channel in waves in the early afternoon to join other air fleets based in France in hammering the German paths of retreat.

DROUGHTS CAUSE CROP DECLINES

AUSTIN, Aug. 23 (AP)—Continued drought in the week ended Aug. 21 caused further declines in Texas crops, although a general rain helped the trans-Pecos area and scattered showers were of some benefit elsewhere.

The U. S. Department of Agriculture reported that livestock continued to hold a fair-to-good condition in much of the state but in a number of localities shrinkage was evident and will become more widespread unless rains are received.

The department listed among the effects of hot, dry weather: Further shedding and premature opening of cotton in all districts.

A decline in the condition of grain sorghums in the high plains, and a reduction of prospective corn yield in the same area.

Transplanting of fall crop commercial vegetables was retarded and some crops in the field, particularly eggplant, peppers and tomatoes, were beginning to suffer.

New Cadet Class Is One Of The Largest
A new class of cadets—44-52B—has arrived at the Big Spring Bombardier school where it was reported that the group was one of the largest classes yet to report to the field for training.

There was a sizeable number of Frenchmen included in the new cadet class which arrived at the post Monday and Tuesday from Florida and from Harlingen Field.

Have a Coca-Cola = Let's work refreshed

... or a helping hand on the farm

Helping to feed America means long hours in the fields... endless tasks to perform. All the more welcome, then, is the friendly pause for an ice-cold Coca-Cola. Have a "Coke", says a farm companion, and it means Let's work refreshed. In country home or city dwelling, frosty bottles of "Coke" belong in the icebox. Across America, Coca-Cola stands for the pause that refreshes, a symbol of kindly hospitality.

Plans Made For FDR And Churchill To Be Present In Paris

LONDON, Aug. 23 (AP)—The London Daily Herald said today plans were being made for President Roosevelt and Prime Minister Churchill to be present in Paris.

"If that is practical," when Allied troops parade under the Arc de Triomphe.

Declaring the march into the French capital will wait until the "campaign of destruction of the German armies goes a stage further," the Daily Herald said special news reel operators already have been detailed to record the event and military bands which will participate now are practicing in France.

The Daily Mail said a conference between Roosevelt and Churchill would "take place within a matter of weeks on French soil."

Bill Extends Funds To Federal Workers

WASHINGTON, Aug. 23 (AP)—The house ways and means committee today struck from the senate-approved postwar demobilization and reconversion bill a provision extending unemployment compensation to 3,500,000 federal workers.

This action following a committee vote yesterday eliminating from the legislation all provisions for retraining and reemployment of war workers and throwing out a program to pay for the transportation of these workers back to their homes or to places of new employment.

The committee retained in the bill a provision that states shall continue to determine the amounts and duration of unemployment

Governor And Staff Will Go To Paris

LONDON, Aug. 23 (AP)—Lt. Gen. Joseph Pierre Koenig, military governor of Paris, is expected to go to the French capital tomorrow with his entire London staff and may join Gen. Charles De Gaulle there.

At headquarters of Koenig, who also heads the French forces of the interior, it was said that no attempt would be made to move the full civilian governmental organization into the capital until the Germans are cleared from the whole Parisian area and the danger of a German return in force is passed.

De Gaulle is expected to bring the French Committee of National Liberation from Algiers to Paris as soon as military and economic conditions permit. He will start on the great task of rehabilitating France as a great nation.

Food for the hungry and supplies probably already are rolling toward the capital. Gen. Eisenhower's headquarters disclosed yesterday that stocks were prepared.

benefits for covered workers. It also accepted a senate provision that the federal government guarantee the solvency of state unemployment compensation funds.

Cubs To Spend Night At City Park Camp

Thirty-six Cubs are scheduled to spend tonight at the city park as a mid-week feature of their day camp series, D. M. McKinney, Cubmaster, said Wednesday.

They will bed down following a picnic affair to which parents have been invited, and an awards presentation.

Attendance is holding up well. Tuesday the boys played softball; played games with Billie Swindell, Wayne Horn and Charles Moody, scouts, in charge; commando raid; washer pitching and flag ceremonies.

Pipeline Making Rapid Job Progress

Pipeline are moving at a surprisingly fast rate, City Manager B. J. McDaniel said Wednesday.

Tuesday one crew laid 1,800 feet of line and the other topped it by about 100 feet. Thus, the two, working from opposite ends of the 21-mile project, accounted for little less than four-fifths of a mile of line. At the well field, heavy water flow was continuing to give George Taylor, contractor, trouble.

Hillman Appeals To Religious Leaders

NEW YORK, Aug. 23 (AP)—Sidney Hillman, chairman of the CIO Political Action committee today appealed to religious leaders of all creeds for understanding of the PAC's aims and objectives, which he said could be realized through "re-election of Mr. Roosevelt and the election of a progressive congress."

In a letter to priests, ministers and rabbis, made public by the PAC, Hillman asked their aid in reducing misunderstandings and allaying the fears which "are bound to develop accompanying such a rapidly growing organization."
