MEETING OF ALL LANDOWNERS IS CALLED

Old Timers Of County To Meet Here May 20

City Park Will Be Scene Of Pioneer Annual Gathering

Barbecue And Basket Picnic Will Be Served

Saturday, May 20th is the date selected by the pioneers of Dawson County to hold their annual Old Timers Meeting for this year.

At a meeting held this week, committees and chairmen of the different divisions were selected and actual work on the celebration is under way.

Word comes from many old timers who now live in other sections, some as far away as California, that they will be in attendance at the meeting.

Present plans call for the gathering to start at the City Park in the early morning with a barbecue and basket picnic served at noon. In this connection everyone is urged to bring a well filled basket to supplement the barbecue.

E. C. Nix is president of the organization and has charge of the program for this year. The following committees chairmen were appointed this week: Finance, Weldon Lindsey; arrangements, W. L. Marr; publicity, V. O. Key; barbecue meats, C. E. Martin; home foods, Mrs. A. M. Bennett; registration, Mrs. W. L. Marr.

Mrs. M. C. Lindsey will have charge of a booth in which old time pictures and things of interest of yester years will be exhibited. All who have early day pictures of places and people are urged to loan them to this display. They will be taken care of and returned to the lender.

"The hearty cooperation of all will be greatly appreciated," said E. C. Nix, Wednesday. "We must not disappoint our friends from a distance who will return for this occasion, also there will be many new members added this year." To become eligible for membership in the Old Timers Club, a person must have lived in Dawson County twenty or more years ago. It makes no difference where the person lives today; just so they were a resident of this county prior to May 20th, 1919.

A detailed program of the day's activities will be given next week.

Rotary Charter Is Given To Seminole Rotarians Friday

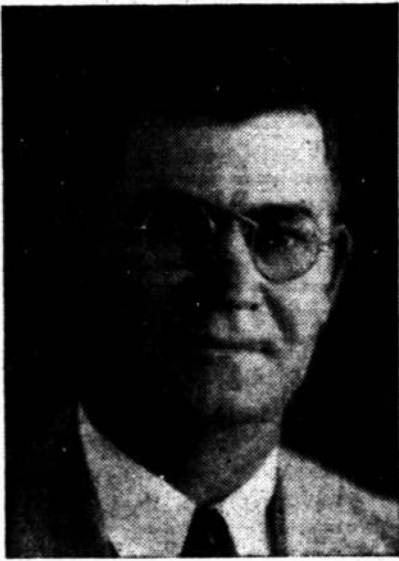

Big Delegation From Here Attend Meeting

It was difficult to tell at the Seminole Rotary Club charter presentation in the high school gymnasium there Friday night, which was the proudest of the occasion, the Lamesa club, the "father," or the Seminole club, the "son." Eight other out of town clubs were represented.

There were twice as many visitors for the program as there were home folks, but no one seemed a stranger. Check showed 92 visitors, 45 from Lamesa; 16 from Seagraves; 9 from Brownfield; 6 from O'Donnell; 5 from Lubbock; 4 from Midland; 3 from Hobbs, N. M.; and two each from Tahoka and Wichita Falls. It was ladies' night and a large portion of the group were wives of the Rotarians.

W. B. Collins of Lamesa, personal representative of Governor Linton H. Hall in formation of the club, presided as toastmaster. The banquet was hosted by ladies of the First Methodist church, with girls of the home economics department of the high school serving. Owen C. Taylor of Lamesa in singing and Rev. Omer C. Taylor (continued on Back Page)

Mr. Nix is president of the Dawson County Old Timers Club, who will hold their annual meeting in Lamesa, Saturday, May 20th. He is a pioneer school teacher and real estate man.

Bearden Is Elected Lion Governor At El Paso Meeting

Large Lamesa Crowd Attend Gala Event

At the District Meeting of the Lions Club for District 2-T, held in El Paso last week, A. G. Bearden, secretary of the Lamesa Chamber of Commerce, was named Governor of the district.

The local club has been very active in the sponsorship of Bearden's campaign for this high office and deserve a great deal of credit in bringing this honor to a Lamesa man.

He was elected over John Hontz of Dalhart, three to one. Robert H. Bean, president of the Lubbock Club, made the nominating speech.

Midland was chosen as the meeting site for next year's convention without opposition.

The meeting at El Paso was called the Little International, as the New Mexico District, which comprises the entire state of New Mexico met at Las Cruces and Old Mexico had their National Convention at Juarez. A barbecue was given by New Mexico at Las Cruces, the different luncheons by the Texans at El Paso and the Mexican entertainment consisted of a bullfight in Juarez Sunday afternoon. Approximately one thousand Lions were in attendance at the three meetings.

This is a signal honor, not only for Mr. Bearden, but for the Lamesa Lions Club and the town as well.

CLEVE AUSTIN PROMOTED TO PO INSPECTOR

Cleve R. Austin, who for the past several years has served as Assistant Postmaster in Lamesa, Wednesday received an appointment as Postal Inspector. He was ordered to report to St. Paul, Minnesota, and expects to leave this week for his new post.

Mr. Austin has been a resident of Dawson County for many years and has been with the postal department for several years. He has served as assistant under J. D. Dyer and Owen C. Taylor.

The vacancy created by his promotion will not be immediately filled, according to Owen C. Taylor, postmaster, as it is the custom of the department to wait six months before a vacancy is created by promotion, before a successor is chosen.

Rev. E. F. Cole To Deliver Commencement Address To Lamesa High Graduates

Rev. E. F. Cole will deliver the sermon to the graduating class of Lamesa High School, Sunday night at the First Methodist church.

Commencement exercises will be held in the High School Auditorium on Friday night, May 19. The senior class will be represented with between ninety and one hundred graduates. A list of the membership will be found on the front page of the second section of this issue of the Courier.

Bob Crawley, son of Mr. and Mrs. W. K. Crawley, won honors as the highest ranking member of the class,

and will therefore be valedictorian, with M. L. Hailey taking second position. Highest ranking girls were Bernice Rhodes, followed by Lillian Cameron.

Official closing date for the schools has been set for Friday, May 19th, but it is understood that the pupils in the grade schools will end their class duties this week. In order that the remodeling program on the buildings may be rushed to completion. They will return next week to receive their final grades and certificates of promotion, it is understood.

Lubbock Hubbers To Meet Lobos In Two Game Series Beginning Here Saturday

District Court Is Busy In Final Week Of Present Session

Grand Jury To Convene In Final Meet Friday

Because he was disqualified to hear several cases, Judge Louis B. Reed and Judge Albert S. Manzey of the 32nd Judicial District exchanged benches for two days this week.

During the two days several civil cases, two divorce cases and three criminal cases were disposed of.

B. E. Sargeant received a one-year suspended sentence on a charge of drunken driving. W. McLauren, from two to three years, suspended, on a charge of swindling, and J. B. Raborn, two to four years, suspended, on a charge of cattle theft.

The Grand Jury has been called for the third session during this term. They will convene Friday of this week.

Lubbock Hubbers To Meet Lobos In Two Game Series Beginning Here Saturday

Next Saturday at 3 p. m. will resume the baseball feud between the Lamesa Lobos and the Lubbock Hubbers, when they tangle in the Lamesa park for the first of a two game series.

The same clubs will meet again Sunday afternoon at the same park. The two teams now stand at one win each in their rivalry and fans may expect and rest assured that these games will be chuck full of thrills for all.

Under Lights Monday

For the first time the people of this section will be able to witness a game under lights when the Pampa Oilers tangle with the Lobos at the Lamesa Park Monday night. The game has been called for 8:30. They will meet again on Tuesday night.

On Wednesday and Thursday nights the Big Spring Barons will make their first appearance of the season in Lamesa, for a two game series. These will also be played under the lights.

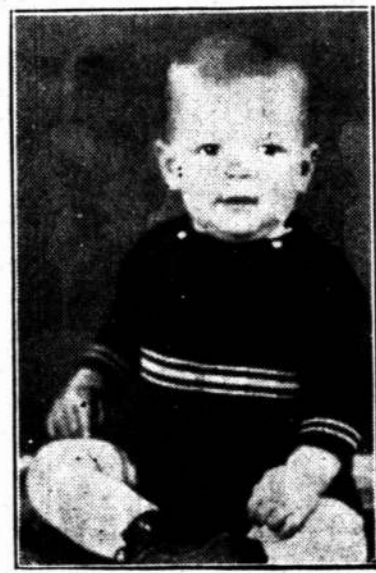

The Lobos then go to Pampa for two games Friday and Saturday.

ATTENDS CONVENTION

E. A. Conley, manager of the J. C. Penney Company store in Lamesa, attended a meeting of store managers in Abilene the first of this week. He returned to Lamesa Tuesday night.

Among The Younger Set

PHOTOS BY ASH STUDIO

This week the Courier is proud to present this perfect specimen of babyhood, as the reigning monarch among the younger set for this week. He is James Barrow, son of Mr. and Mrs. J. F. Barrow, Motor Route D. He was born January 6th, 1938. He has brown eyes and blond hair. He likes to ride in a truck or on a horse.

Lloyd Bratcher Is In Grave Condition Following Cutting

Claud Luttrell Charged In Saturday Affray

As the result of an altercation reported to have occurred in the Cactus Inn, on the Big Spring highway Saturday night, Lloyd Bratcher is in a local hospital suffering from severe knife stabs and lacerations about the body. It is reported that his lungs were twice punctured, and his abdomen cut from side to side, with the intestines slashed in several places.

While his condition is critical, reports from the hospital Wednesday afternoon were to the effect that unless complications develop, he has a good chance for recovery.

Claud Luttrell was lodged in jail by the Sheriff's department, where he is being held charged with assault with intent to murder.

The incident occurred around 10 p. m., according to reports.

Four Meetings To Be Held Monday In Each Of Precincts

Time And Places Given For Important Meetings

In a series of four meetings to be held over the county next Monday, all landowners in Dawson County are invited and urged to attend the meeting in their precinct.

The meetings are being called by the County Commissioners, so that Dawson County may be in position to either accept or reject a chance to participate in a recently enacted law in Texas. The bill known as House Bill No. 20, provides for any political subdivision in the state to participate in the State Soil Conservation program, only when 90 per cent of the land owners in the district vote in favor of the move.

The meetings Monday are being called to select a county delegate from each precinct, as this is required, should any part of the county want to go into the movement. This does not obligate anyone to go in or stay out, but this must be done before any acceptance or rejection of the proposition may be passed upon.

Landowners in Precinct One will meet at Five Mile School house, Monday at 8 p. m. Precinct Two at Hancock school house at 2 p. m. Precinct Three at Welch Methodist church at 2 p. m. and Precinct Four at Wilson Baptist Church at 2 p. m.

Every landowner in the county is urged to attend the meeting in his respective precinct, according to B. J. Baskin, Dawson County Farm Agent, as well as members of the Commissioner's Court.

QUAKER OATS MAKES FREE GIFT OFFER

The time is drawing short for you to get one of the beautiful Betty Lou spoons which the Quaker Oats Company is offering to readers of the Courier.

All you have to do is clip the coupon from the ad which you will find in this paper this week or any of the coupons which have been run during the past month, bring it, together with a trade-mark from a large package of Quaker Oats, or two small trademarks, to the Courier office and you will receive one of these beautiful and unique spoons.

These coupons and trade-marks will be honored up until June 14th, according to information released this week. You must have the coupon and trademark and there is nothing to buy or anything to pay.

Look up their ad and clip the coupon now, lest you forget it.

Lamesa Rotarians Arrange Program For Seminole Club

W. B. Collins, newly elected president of the Lamesa Rotary Club, had charge of the program for the Seminole Club at their regular meeting today.

Mr. Collins, M. C. Lindsey and Cleve Austin, members of the Lamesa Club, and Hon. Louis B. Reed, an invited guest made the trip.

Mr. Austin made the principal address and took for his subject "Rotary Principles and Ideals."

Reeves Coates, president of the Seminole club, made an interesting talk and told of the District meeting at El Paso.

The luncheon was served in the beautiful new Methodist Church, by the ladies of the church.

A good crowd was present.

Mr. and Mrs. Chester Brown and daughter of Seminole spent Sunday here visiting in the home of Mr. and Mrs. Cleve Wilson and Mr. and Mrs. Clarence Wilson and daughter.

Lobos Maintain League Lead In Winning Four And Dropping Two Close Decisions

The Lamesa Lobos, leading the West Texas-New Mexico Baseball League in games won and lost, have won four and lost two out of the last six games played.

Entertaining Clovis on the home lot last Friday and Saturday they took both games, the first 5 to 3 and the second 18 to 5. Then they went to Lubbock to engage the defending champions in a two game series. Sunday saw them win in the ninth 3 to 2, and drop the second Monday night by a score of 4 to 3. On Tuesday they dropped a game to Amarillo 15 to 16 that went ten innings. Wednesday they evened the series by winning 7 to 5.

Friday Game

In a thrilling game Friday afternoon the Lobos outthit the Clovis Pioneers to win a close, hard fought battle. Red Hay, tossing for the locals, was master of the situation throughout the game, giving up nine hits, while his team mates were collecting ten off

Saturday Game

Played in a high wind that caused some wild plays, Lamesa took a surprising lead from Clovis by the lopsided score of 18 to 5. Although the score would indicate that home runs were the order, such was not the case, as there was not a single home run to

figure in the twenty-three scores amassed by both teams.

The Lobos pounded four Clovis hurlers for a total of sixteen safeties, while Needham and Hallborg were giving up ten. Needham started for the Lobos but was relieved in the second when with only one out the Pioneers had collected five hits. Hallborg gave up the other five hits in the seven and two-thirds innings he worked. Griffin started for Clovis, followed by Russ, Weaver, and Glor, in an attempt to stop the Slugging Lobos.

FLECT FORREST AS DIRECTOR IN FACTORY

Construction work will begin this week on an airplane plant for the National Aircraft Company, in San Antonio, according to an announcement released from Fort Worth this week.

S. L. Forrest, general manager of Forrest Lumber Company, whose home is in Lamesa, was named one of the directors of the company at a meeting held in Fort Worth, Monday.

Other directors chosen at that time were James C. Kennedy, of Corpus Christi, chairman of the board, O. E. Radford, Abilene; C. E. Madgen, Lubbock; Judge J. H. Lynn, Plains; George Elliott, Odessa; and Ivan Shiller, San Antonio. A. P. Barrett, president of the organization, announced that ground would be broken today.

CARD OF THANKS

We wish to extend our thanks and appreciation to our many friends for their wonderful kindness and help during our grief and sorrow for our beloved husband and father.

May God's blessings be with you all.

Mrs. C. S. Bowles,
Mr. and Mrs. A. W. Liles,
Berness, Charlie Fay and Dorothy Bowles.

VERNON MEN TO FACE CHARGES IN THIS COUNTY

Sim Bailey and Herman Whitley are in jail at Vernon charged with automobile theft there, and a burglary and hijacking case in Dawson county, according to word received here this week.

It will be recalled that about three weeks ago, the home of Audrey Cox was entered and among other things taken was a watch and pistol. On the same night a Mr. Scare, of Graumann Service Station in South Lamesa, was held up and robbed of something over \$30.

Mr. Scare and Mr. Cox accompanied Sheriff A. M. Bennett to Vernon where Mr. Cox identified some of the articles found in the mens possession as those taken from his home, according to the report, and Mr. Scare identified one of the men as the one who held the gun on him. Sheriff Bennett reports that they admitted the crimes here.

After facing trial there, they will be brought to Dawson County for trial, he said.

About One-Half Transportation Money Received

Announcement was made this week at the office of the county superintendent that 50 per cent of the transportation aid for the county has been received and apportioned. The total amount for Dawson County amounted to \$6704.00.

Only 80 per cent of the amount approved originally over the entire state will be paid. This is a reduction over the per cent paid last year but according to the state department of education this reduction is necessary because of the increase in the number of children being transported over all previous years.

It is generally believed that the legislature will make a larger appropriation this biennium for transportation and that a greater per cent will be paid next year.

A total of \$12.00 state per capita money has been received to date with an additional \$2.00 promised this month. The remaining \$10.00 will be received during the summer months.

Those entitled to private transportation may call at the office of the county superintendent and receive their checks at their convenience.

Textile Course Is Being Offered By Lamesa Hi School

The local High School will sponsor a course in textiles for salespeople, persons engaged in selling materials or clothing will be eligible for admission to the class. The course will deal with a study of the material going into textiles, basic weaves, testing of materials, properties of different materials, uses of materials and care of materials.

Mrs. R. H. Huddleston, teacher of clothing in the Homemaking Department of the High School will instruct the class. Mrs. Huddleston is a graduate of Texas Tech and has done work at Fort Collins, Colorado.

The first meeting of the class will be held in the Homemaking Department in the High School, Friday, May 12, at 7:30 p. m. Registration may be made at the meeting Friday evening. A fee to defray local expenses will be charged. The fee will be \$1.50 for the entire course. The course will be composed of 10 lessons. Meetings will be held three times weekly, Monday, Wednesday and Friday.

HAIL FALLS IN CITY SUNDAY

High winds brought a shower to Lamesa Sunday afternoon accompanied by quite a bit of hail.

The stones were too small to do much damage. Other sections of the county report showers.

Most of the county is still too dry to plant. However, many parts, particularly east of Lamesa, have their crops planted and coming up.

This week has brought the first real touch of summer weather, with Wednesday the thermometer registering above ninety.

SENIOR PLAY TO BE HELD NEXT TUESDAY

The Senior Class Play to be presented next Tuesday night at the High School auditorium, promises some real entertainment for the people of this section.

"Beginners Luck" is the title of the hilarious, heart-rending, side-splitting comedy, in which Bernice Cox, Ruth Tinkler, Lois McBride, Helen Cope, Bob Smith, Chuck Jacobs, F. M. Mitchell, Gilliam Abbott, Bessie Morris, Dorman Sears, Scotty St. Clair, Ann Woodward, Robert Carter, Estelle Billingsley and Geraldine Richardson take part.

Under the able direction of Mrs. L. M. Pratt, this promises to be the best home talent play of the present season.

UNION SCHOOL WILL PRESENT PLAY FRIDAY

The Senior Class of the Union High School will present their play Friday night at the Union School, beginning at 8 p. m., according to announcement released this week.

"Aaron Slick from Punkin Crick" is the title of the comedy which will be presented.

Admission will be 10c and 15c, and it's a laugh from start to finish, according to reports of those who have seen rehearsals.

HIGHWAY BAPTIST CHURCH

Special Mother's Day Services will be held at the Highway Baptist Church next Sunday, and every person attending will be presented with either white or red ribbon markers designating whether their mother is living or dead.

The pastor, Jno. R. Denning, will preach from Second Kings, Chapter 4, or "There Was A Great Woman." All friends are urged to bring their mothers and be present at ten o'clock for the Bible School, after which there will be a special song service and the sermon at eleven o'clock.

Sunday night there will be delivered a prophetic message of unusual interest from the Ninth Chapter of Daniel, in which Denning will attempt to show the nearness of the end of this present age, and how that God is again getting ready to deal with the Jews as a nation. All who are interested in prophecy should not miss this message.

Last Saturday afternoon Mrs. J. R. Flaniken attended a meeting of the Progressive Series Music Teachers at the Settles Hotel in Big Spring, for the purpose of organizing a Pi Mu Chapter of a national music sorority which will meet in Big Spring each month beginning with the second Saturday in September.

Mrs. Flaniken was accompanied by Miss Maxine Peterson, an enrolled student, who played a piano solo at the meeting.

In honor of their mothers, members of the Victory Bible Class, of the First Baptist Church, will have a special program and lesson in keeping with Mother's Day, May 14th.

They don't come any bigger! "DODGE CITY!" Palace soon!

Miss Madge McClendon spent the week end in Odessa visiting with relatives and friends.

The roaring mile that made the whole world gasp—"DODGE CITY!"

Mr. and Mrs. A. G. Rothell spent the week end visiting with friends and relatives at Littlefield.

ROTARIANS TO BIG SPRING MEET

The Lamesa Rotary Club membership attended the District Meeting in Big Spring last week, almost one hundred per cent. It is reported that only five or six of the local membership did not attend at least a part of the meetings there.

There will be no meeting of the club this Friday at noon, but the regular meetings will be resumed next week.

All who attended the Big Spring meeting report a wonderful time and are high in their compliments to the Big Spring club for a perfect gathering.

Hiram Arrant, professor of chemistry at Hardin-Simmons University, Abilene, was elected District Governor, to succeed Linton Estes, retiring governor.

The entire time in Big Spring was given over to high class entertainment, interesting talks and fine foods, according to those who attended.

WILL OBSERVE HOSPITAL DAY

Announcement was made this week that Loveless & Bennett Hospital will observe Hospital Day, Friday, May 19, in conjunction with hospitals over the nation. Each spring one day is set aside as Hospital Day and this year the 19th of May was chosen.

"The object of National Hospital Day is to acquaint the public with the services and routine of the hospital," said Miss Zelma Jordan, Superintendent of the hospital.

"To serve the community best, we need your cooperation," she added. "The public is cordially invited to visit our institution on Friday afternoon, from 2 to 4, and in the evening from 7 to 9. Everyone will be shown through the hospital during these hours."

TAKES NYA POST

Miss Freida Smart, of this city, a graduate of the Texas State College for Women, Denton, is scheduled to assume her duties as home economics instructor of the NYA at Corsicana, cooperative nurses home, at the P. and S. Hospital, a Navarro County institution at once. Miss Smart succeeds Miss Opal Wood, also of this city, who resigned April 1.

BASEBALL—

(Continued from Front Page)
were Lamesa fans, the Hubbers and Lobos put on one of the nearest exhibitions of baseball it is possible to see.
Stud Raines, ace Lobo hurler, had the Hubbers completely in his control as he silenced their bands to hardly a murmur, giving up two hits, one of them being a scratch infield bunt which was beat out.
It was strictly a pitchers battle throughout, with both hurlers going the entire route. The Lobos took the lead in the third with a two run rally. The Hubbers scored in the fourth and sixth to knot the count. In the first half of the ninth the Lobos pushed another run across to go ahead 3 to 2. Only three Hubbers faced Raines in the last half of the ninth as he

bore down to protect his lead.
Not only did Raines hold the Hubbers tight, but by his own two-base blow in the ninth he won his own ball game.
The Hubbers played errorless ball while the Lobos were guilty of two miscues, one by Gurnes and one by White.
Monday Game
The first night game of the season saw the Lobos lose a heart-breaker to the Hubbers Monday night, 4 to 3. With the Hubbers taking a two run lead early in the game, and with the airtight pitching of the Lubbock ace hurler, it looked like an easy win for Lubbock. The only error of the game, an overthrow by the Hubber third-baseman but Haynes on third and Pullenwide hit a long one over the fence in the eighth to knot the count at two-all. In the same inning a Lubbock batter parked one to put Lamesa behind. In the first half of the ninth on three successive singles the Lobos knotted the count at 3 to 3. Lucas was relieved for a pinch hitter in the ninth and Needham took over the mound duties, walking the first two batters to face him. He was relieved by H. J. Bourg, who let the first man hit into a forceout, sending the runners to second and third with one down. The next batter was purposely walked to fill the bases. A forceout at the home plate on the next batter made two out and left the bases loaded. The next batter received a walk to score the winning run, the final score being 4 to 3 in favor of the Hubbers.
Tuesday Game
In a slugging duel at Amarillo Tuesday afternoon the Gold Sox took a ten inning battle by a score of 15 to 16. Amarillo amassed a total of twenty hits off Hay, Needham, Reeves and Raines, while the Lobos were garnering fourteen off three Gold Sox hurlers. Amarillo made nine errors while the Lobos were charged with four. Although the scores were high, reports from the helium city are that it was

a thrilling encounter and full of thrilling moments.
Wednesday Game
In the Wednesday game played in Amarillo the Lobos took the Gold Sox number 7 to 5. Details of the game were lacking as this was being written. The Lobos will go from Amarillo to Pampa to engage the Oilers in a two game series, Thursday and Friday. They will return home Saturday to open a two game series with the Lubbock Hubbers.
ROTARY—
(Continued from Front Page)
Curtis, Baptist pastor, gave way to Rev. Hugh Rockes, Hobbs, N. M., Catholic priest and Rotarian for the invocation.
Sam Malone, editor of the Seminole Sentinel, on behalf of his club, welcomed the visitors. "We are proud that you are here and that we are your hosts," he told the visitors. "We are glad to be one of you. We are proud of Seminole."
"Rotary" was the theme of the address of Carl Rountree of Lamesa, the principal speaker of the evening. "We pride ourselves in Lamesa at being friendly with all the towns around here," he said. "There has always been a very close bond between Lamesa and Seminole."
The new Seminole members, said the speaker, "will not be strangers when you walk into a Rotary club meeting." He urged the new club members to give themselves to their new service. "Service is the motto of Rotary. You will get out of Rotary just what you put into it," he added.
Fred Wemple of Midland, a past district Governor, spoke on the responsibilities and opportunities. "Rotary," he explained, "is organized to develop leadership in a community. The principles of Rotary are the fundamentals and the bulwark of the world." He advised the new members on what to do to keep up interest and attendance.

A. F. MONTHY
SPARENBERG SUPERFEX

Regular meeting of the directors were advised, among others.
Mrs. Clyde Branon of Lamesa, gave a reading.
"It is my happy privilege to be here and to present to the 53rd club in this district, its charter," said District Governor Estes. He told of receiving a letter from a friend in Sudan, explaining it was his belief the "time is ripe" for a Rotary Club in Seminole, hence, he added, the work was begun.
Growth has been steady in spite of the fact that Italy and Germany have both banned Rotary International. Charter number is 5,014 and the Rule, club, to be completed soon, has charter 5,024.
After the district governor had handed to President Reeves Cothes the charter, visiting clubs gave expressions of friendship. V. Z. Rogers, vice president of the Lamesa club spoke as did President Warren P. Clement of Lubbock; Vice President J. O. Gilham of Brownfield; President Jess Hall of Seagraves; President Marshall Whitsett of O'Donnell; Dr. Allen Terry of Hobbs, N. M.; and Rollin E. McCord, of Tahoka. Clint Lackey, Midland president, also spoke briefly.
Brownfield club presented the new group with a Rotary plaque. Seagraves individual membership pins, and Lamesa a gong.
President Cothes responded to the many felicitations. The club meets Thursday noons at the Methodist church.

BOB CRAWLEY GIVEN EAGLE SCOUT BADGE

Scouts of the Southern District of the South Plains Council assembled in the county court room Monday night for a regular court of honor. Boys from each of the four troops of this district were recognized for their various advancements.
Most outstanding of these awards was that given to Bob Crawley, member of Troop 22 of Lamesa. This award, the Eagle award, is the highest rank to be reached in scouting, and is one that is reached in very few towns in scouting. Crawley through several years of advancement has reached the rank that only few other boys of Lamesa have reached. Boys that achieve this rank usually are found to be a great help to his school and community—so it has been with Bob.
It might be mentioned that the last boy in Lamesa to reach the Eagle rank was Skeet Noret, who reached it in May, 1937.

NELSON COPE WINS SUIT IN SALES CONTEST

Nelson Cope, salesman with E. R. Yates Hardware, was this week awarded a suit of clothes by the Servel Electrolux Company, for selling the most refrigerators of any salesman in the South Plains District in the month of April.
Mr. Cope is to be congratulated upon this honor. The Yates Company last week received their second carload of these ice boxes during the past few weeks. They are among the largest dealers in Western Texas.

FARM HOME OF RAY MEDLIN IS BURNED MAY 8

The farm home of Roy Medlin, in the Sawyer Flat community, was completely destroyed by fire Monday night about midnight.

LARGE CROWDS FROM HERE WILL GO TO ABILENE

A rather large delegation is scheduled to go to Abilene from Lamesa next week to the West Texas Chamber of Commerce annual convention in that city.
Headed by Owen C. Taylor, Lamesa director in the regional body, the group will include Miss Frances Lindsey, daughter of Mr. and Mrs. M. C. Lindsey who will compete with other West Texas orators in the "My Home Town" contest.
Miss Elmerine Barron, who is attending school at Abilene, will be Miss Lamesa at the convention where she will compete with other West Texas beauties for the official title of Miss West Texas.
Although a large number of bands are expected to attend the meeting, it is understood that the local band will not attend. Coming in the final week of school, many of the band members are busily engaged in final examinations.
It could not be ascertained Wednesday afternoon how many from Lamesa would go to the meeting, but A. G.

FLOWER GROVE TO BUILD NEW SCHOOL BLDG.

A contract was let this week by the board of trustees of the Flower Grove School District for the erection of a school building for that district.
Several bids were received, according to reports, and the bid of Jess Williams of Lubbock for \$29,800 was the low bid, and he was awarded the contract.
Erection of the building will be started immediately according to an item appearing in the Stanton Reporter last week.

FEWER KILLED ON HIGHWAYS IN TEXAS IN 1939

Julian Montgomery, State Highway Engineer, called attention to a noteworthy reduction in persons killed and injured in motor vehicle traffic accidents the first three months of 1939, as compared to previous years.

In 1939 persons killed totals 353 with 3,398 injured; in 1938 434 were killed and 3,650 injured; while in 1937, 441 were killed and 3,846 were injured.

"This reduction," Mr. Montgomery said, "was the result of an intensive educational campaign being carried on by the Traffic and Safety Division of the Highway Department in conjunction with the Department of Public Safety and other enforcement agencies. It also shows a splendid cooperation by the traveling public of Texas, but we must keep up the good work." Sunday continues to lead all other

days in the number of accidents, with Saturday in second place. 6 P. M. to 8 P. M. are hours in which most accidents occur, and passenger cars were involved in 70 per cent of all accidents. Sixty-two per cent of all accidents happened while the vehicles were going straight ahead, and 14 per cent of all accidents happened while the operators were driving too fast for conditions. For your own safety and that of other motorists and pedestrians, drive carefully and respect the other driver's rights.

Houston Beauchamp and daughter of Dumas spent Sunday here visiting in the home of Mr. and Mrs. J. J. Taylor.

Mr. and Mrs. Earl Moore and daughters Erlane and Margie of Lubbock spent Sunday here visiting in the home of Mr. and Mrs. J. J. Taylor.

Misses Mary Roach and Bettey Travis of Wink spent the week end here visiting with friends.

Dr. and Mrs. John Bennett are attending a medical meeting in San Antonio this week.

Miss Mary McGown of Odessa is here this week visiting with friends.

Local Scout Troop Wins With 1,310 Points In Camporee

Boy Scout Troop 23 of Lamesa won class A rating with a total of 1,310 points for two patrols in contests Friday which brought a two-day bi-district camporee to a close.

Participating were 160 members of 10 troops from Brownfield, Ropesville, Meadow, Seagraves, Seminole, Tahoka and Lamesa.

Members of the winning patrol were

Allen Barnard, Luther Key, Sam Lattimore and Douglas Hardwick. Leslie Pratt is scoutmaster.

Class B ratings were won by Beaver and Pirate patrols of troop 22 of Lamesa. Joe N. Spikes, scoutmaster; Silver Fox patrol of troop 80, Lamesa. A. L. Burnett, scoutmaster; and Green Bar, Panther, Wolf and Indian of Troop 49, Brownfield, Dr. R. B. Parish, scoutmaster.

F. D. Stark of Seminole was chairman of the camporee committee. Feature of the program Friday night was an Indian ceremonial dance while Joe Spikes lighted the campfire.

Miss Olive Meadors spent the week end visiting with friends in Lubbock.

Local Happenings

Miss Hattie Emma Yates of Tech, Lubbock, spent the week end here visiting with her parents, Mr. and Mrs. W. M. Yates. Miss Dorothy Johnson, Elmer Tarbox and Mr. Taylor, all of Lubbock, spent the week end here as her guests.

Miss Hazel Camp spent the week end at Galveston visiting with friends.

WHAT KIND OF EDUCATION IS PROBLEM TODAY

The past 100 years have seen virtual realization of the traditional ideal of democracy's "universal education." Dr. Homer P. Rainey, University of Texas president-elect, pointed out in an address at Durham, N. C., on the occasion of the centenary celebration of Duke University. As late as 1890 not more than 6 per cent of all youth of high school age was enrolled in school. Today more than 65 per cent is actually enrolled.

This very development has posed its own social problems. "Aren't too many

youth going to high school and college?" is frequently asked.

The stair-step formula of elementary school-high school-college-profession is breaking down at the top, because the preferred professions "do not offer opportunities to more than a small fraction of three who desire to enter them."

"If we should accept the criterion of the number of employment opportunities that require college training and limit our enrollments in colleges to this number, we should thereby have to reduce our college enrollments to about one-half or possibly one-third their present size."

"The democratic alternative is to admit all youth into high school and college who have ability and character and to recognize that such training may have values for our democracy wholly apart from its contribution to the enhancement of one's earning power and economic status."

"In the last 100 years we have been engaged in trying to provide education for the masses of our people. Our problem for the next 100 years is to try to find out what kind of education we should give them."

tion Tuesday afternoon and will be judged at that time. The first place band will receive a \$50 cash prize in addition to the "Official Band" title.

R. T. Bynum, director of Abilene High School Eagle band which won the WTCC official band designation at the Wichita Falls convention last year, is chairman of this year's band contest.

Among bands listed for the convention to date are: Texas Christian University, Post High School, Breckenridge High School, Ballinger High School, Anson High School, Wichita Falls High School, Paul Seeds' Texans of Wichita Falls, Coleman High School, which was the 1937 WTCC band; Howard Payne College of Brownwood; Olney High School, Cleburne High School, Stanton High School, Eagle Band, Honor Band, and Girls' Band of Abilene High School Abilene Christian College, McMurry College band and drum corps.

Several other bands are expected to enter the contest within the next few days.

Cotton Maine Concern Of Extension Service

The cotton industry has been one of the main concerns of the Texas A. and M. College Extension Service through the years. Jack Shelton, vice director and state agent, pointed out in connection with the observance of the 25th anniversary of the signing of the Smith-Lever Act.

It was cotton and the boll weevil that brought Dr. Seaman A. Knapp to Texas in 1903. Of the 70 acres in cultivation on the Walter C. Porter demonstration farm near Terrell that year, 40 acres were devoted to cotton and the remainder to feed and food crops.

Farmers Cooperative Demonstration Work, the forerunner of the Extension Service, was organized primarily to combat the cotton boll weevil, Shelton said.

He listed seed standardization, or establishment of one-variety cotton community associations, correct cultural practices, control of insects and diseases, improved harvesting and handling methods, better ginning, neater and more durable baling, cooperation with the US Bureau of Agricultural Economics in the federal cotton classing and market news service, and marketing practices, as items of active concern to the organization at the present time.

"I doubt if any one realizes more than we do that our greatest opportunity in the cotton fields of Texas lies along the lines of improvement of in quality and in efficient production," Shelton stated.

SET RECORD IN CLUB ACTIVITY

Texas with 57,395 4-H club members enrolled in 1938, helped to raise the national 4-H Club enrollment for that year to a record-breaking total of 1,286,029, according to H. H. Williamson, director, Texas A. and M. College Extension Service.

Director Williamson received announcement of the national total this week from Dr. C. W. Warburton, national director of extension work, who said last year's record enrollment brings to approximately 7,500,000 the total number of young people who have received 4-H training since the work became nation-wide in 1914.

More than half a million boys and girls became club members for the first time last year, about 28,780 of them in Texas.

Members learn to do by doing. Under supervision of voluntary local leaders and county extension agents they acquire first hand farm and home skill as part of their club work.

Clubs in Texas are sponsored cooperatively by Texas A. and M. College and the U. S. Department of Agriculture. Membership is made up principally of youths between the ages of 10 and 21.

"The large number of boys and girls who have received club training, and the positions of leadership they are assuming in their communities, are pointing the way to rural abundance in the quarter century ahead," Williamson asserted.

BLUEPRINTING OF CO-EDS FEET NEW PRACTICE

One hundred University of Texas "co-eds" have had their feet "blueprinted" by Miss Ruth Bass, University assistant physical education professor.

Miss Bass has just returned from the American Association of Health, Physical Education and Recreation meeting in San Francisco, where she described the unique technique she has devised for testing foot health.

Flat feet are not necessarily weak feet, she pointed out. She first blueprints the bare foot, then with a specially designed instrument salibrates the variations in skeletal measurements in relation to weight bearing.

Your Most Priceless Possession

When Mother Nature gave us eyes, she gave us the most priceless possession of all... for regardless of how we may need and use our other senses... none are more important to our happiness and well being than our eyes.

Thus, as there is no argument as to their value, we should use every precaution to safeguard them against any and everything which might damage them even the slightest bit.

Call us for an appointment today or drop in our office. We will tell you readily whether you need glasses or whether your eyesight is all right. But don't put it off until your eyesight is permanently damaged... Many times delay will do damage to your eyes that even the greatest scientists, with all their equipment and knowledge, cannot undo.

FEMINE FANCIES

By Kathleen Eiland

Sheerness in stockings is something we've often wondered at. But we never knew there would come a day when air, just plain old every day a-l-r would be one of the three materials used in making hose.

There's a new synthetic yarn made from coal, air, and water (sounds incredible, but the manufacturers should know) which is said to have particular promise for use in fine hosiery. Stockings made from this new fabric are said to possess extreme sheerness, high elasticity, high strength and greater resistance to runs.

But the mysteries of chemistry are beyond our feeble comprehension. Mixing coal, water, and air together and producing a yarn that will make silk hose sounds like a greater fairy story than any we ever read in childhood

days. Speaking of hose did you know there is a 7-thread silk stocking manufacturer for hard wear with heavy shoes? Perhaps we're just unusually behind the times but we only learned recently that such hose are made.

Have you ever wondered just what type of hose to wear for specific occasions? Merchants advocate wearing 2- or 3-thread hose with light slippers; 4-thread hose for general use with street shoes; 7-thread hose (as mentioned above) for hard wear; and lisle hose for sports.

Out in Palm Springs, California, hoodlums are the rage. Not the sort that makes their enemies fall down and go boom, you understand.

These California hoodlums are favorites of the ladies. And no wonder, for they are little suede hoods in various

colors and we're told they are so popular that they're being worn for every occasion, even for evening.

Three fashion hints to observe in choosing a style-right wardrobe for spring and summer:

Use boleros or short jackets of any kind—self material, contrasting, or striped.

See that your skirts are sufficiently short and have them gracefully flared.

Brighten solid color dresses, especially those in the sombre shades, with something gay—a striped belt or a vivid jacket. Use your imagination—and the sky's the limit!

LABOR WAR ON CAPITOL WAS TEXAS' FIRST

Texas first labor war almost halted work on the State Capitol it is disclosed in an article by Dr. Ruth Allen, University of Texas associate professor of economics, in the April issue of the Southwest Historical Quarterly, edited at the University.

Accusing contractors of hiring "scab labor," granite-cutters halted construction of the State Capitol in 1885, and then fell back upon the "Kings of Labor," A. F. of L. forerunner, when contractors brought in workmen from Scotland, Dr. Allen recounts.

The granite-cutters finally received an \$8,000 judgment against one of the contractors.

POLICE POWER EXTENDED TO MANY FIELDS

Police power, a supreme and necessary authority in the modern municipality, is being extended to a variety of fields, according to a 200-page survey just published by The University of Texas Bureau of Municipal Research. It follows a survey of three months ago on police administration in Texas, in which the bureau found the Southwest to be one of the crime centers of the United States and suggested numerous reforms.

The report declared that the courts have held the use of parking meters to be a valid phase of the police power, since it lessens the duties of officers and lightens the expense of the municipality in enforcing traffic limits.

The report stated that only 17 per cent of Texas cities reported a board of censors.

The survey reveals that many cities

do not enforce the state law requiring grocery stores and markets to stay closed on Sunday, leaving the regulation to State laws.

Zoning, unemployment relief, municipal entertainment and the regulation of advertising were listed as objects of newly aroused municipal interest.

ON MT. LOCKE TEXAS EYE SEES MORE - FARTHER

Why did astronomers choose 6,791-foot Mount Locke for the site of the University of Texas' McDonald Observatory, 400 miles west of its parent institution at Austin?

For near-perfect starlight reception the requirements were: no vibration, no dust, no glare, no clouds.

So in his search for an observatory location, Astronomer-in-charge Dr. C. T. Elvey found the Davis Mountains, with peaks of around 7,000 feet, to be the most ideal.

Although the 75-ton telescope itself is mounted firmly on gigantic concrete piers, Dr. Elvey had to take into account the proximity of railroads and other sources of vibration. The Texas and New Orleans is the nearest railroad—40 miles away.

Unshielded street lights, which would make a disturbing glare, are no closer than Fort Davis, 16 miles from the Observatory. Extra precaution was being made in 1936 that no filling stations would ever be erected anywhere within five or six miles of the plant.

Dr. Elvey preferred Mount Locke to a neighboring peak because Mount Locke was covered with more foliage which helps to keep down dust on the windswept mountain. Too much dust in the air is a serious obstacle to good vision, he pointed out.

With a rainfall of only 15 inches per year, the area is unclouded approximately 300 days of the year.

Then too, more than 50 per cent of the stars and nebulae which will be objects of scrutiny are seen better from positions nearer the equator. Thus the southernmost vantage point in the United States was selected.

The 200-acre site, with an adjoining 200-acre tract, was given to the University in 1933 by Mrs. Violet Locke McIvor of Concord, N. H., whose grandfather, G. S. Locke, founded the UP and Down Ranch there. The land is now valued at \$4,000.

Mrs. Chester DuBose left Tuesday for Los Angeles, Calif., where she will visit with her mother, Mrs. Green, for several weeks.

DEPARTMENT STORE SALES UP FOR MARCH

Sales of Texas department stores climbed 25.5 per cent during March, reports to the University of Texas Bureau of Business Research from 104 Texas department and clothing stores indicate.

Business for March was slightly better than in March last year, a gain of 1.7 per cent being recorded in dollar sales. Aggregate sales for the first three months, however, dropped 1 per cent from the corresponding period last year.

Ratio of credit sales to net sales during March gained slightly over March last year, and ratio of collections to outstanding accounts dropped a fraction of 1 per cent.

LOYOLA
Mrs. H. A. Duke

Loyola received a light shower of rain Sunday which was accompanied by a hail storm which beat lots of the leaves off the trees. As yet Loyola has not received enough rain for the farmers to plant their crops.

Miss Marie Hall of Abilene is visiting friends in Loyola this week.

Mr. and Mrs. Franks of Lamesa, Mr. and Mrs. Kate Billingsley visited in the home of Mr. and Mrs. J. M. Robinson, Sunday.

Mr. and Mrs. Ted Arltz, Mr. and Mrs. Karl Kaddatz, visited Mr. and Mrs. Felix Huse, Sunday night.

A large number of Mrs. H. A. Duke's friends surprised her Sunday afternoon with a nice shower. She received a goodly number of nice gifts for her new home which she and Mr. Duke recently completed. Refreshments were served at the conclusion.

HIGGINBOTHAM

There were 146 attending Sunday School and church services Sunday.

Rev. R. C. Guest filled his regular appointment both morning and night.

Let's not forget that Sunday school services begin promptly at 10 a. m. Sunday, May 14. Rev. W. A. House will bring a message following Sunday School. Lunch at 12:00 o'clock and our Mother's and Father's Day program will be rendered in the afternoon. We urge you to be with us. Visitors are welcome at all services.

There will be an addition built to the church this week for Sunday school classes. We hope to have more room.

The ladies of the W. M. U., and W. M. S., met in regular session Wednesday, May 3, with ninety members and ten children present. We are always glad to have new members and visitors.

Don't forget that each Wednesday night is our prayer meeting night. You are invited to attend.

The young folks render a program each Sunday night. We are urging other young people to join our band.

Those visiting Mr. and Mrs. D. P. Huddleston and family Sunday were Mr. and Mrs. Lester Lewis of Hagin, Jennie Doris Lewis, Mr. and Mrs. Logan Cozart. Afternoon guests were Rev. and Mrs. R. C. Guest and son, Dick, Lois Cozart and Miss Selma Tuckness of Klondike.

Mrs. John Webster is improving nicely. Several of her neighbors visited her Sunday.

Preston Cozart returned from California Sunday afternoon.

Junior guests of Mr. and Mrs. Howard Ramsey were Rev. and Mrs. R. C. Guest and son, Opal Jack, Cicero and Altha Lee Huddleston, Bill and Glenn Hillman, Ira Robertson and Lee Dunn.

Mr. and Mrs. W. P. Cozart, Myrtle Antha Preston, Myrtle Huddleston, Emma Lea, Earlene Gust, Billie Jean Gary were dinner guests of Mr. and Mrs. W. A. House and family, Sunday. Afternoon guests were Mrs. C. R. Gary and children.

Phillip and Ellenora Knobie and Mr. and Mrs. D. B. Knoble visited in the L. M. Baxter home Sunday.

Everyone present enjoyed the entertainment in the home of Mr. and Mrs. T. P. Blackstock, Saturday night.

Mr. and Mrs. T. L. Smith, Mr. and Mrs. Tolbert Blackstock, Clarence Blackstock and George Borland visited Mr. and Mrs. Ray Henderson, Sunday.

CARD OF THANKS

We wish to take this means of thanking our good friends and neighbors in Lamesa for their kind help and

There's a difference in Gasolines, too

All dogs look alike to me, says the man who doesn't know much about them... All gasolines are the same, says the motorist who brags that he doesn't know anything about a car except how to drive it.

But those who love animals know that one dog may be a frisky bundle of steel and rubber, while another is sady-eyed and drowsy.

Experienced drivers soon discover similar differences between low test

gasoline and high test Phillips 66 Poly Gas. This modern motor fuel demonstrates in your car, because every gallon contains the extra energy added by the scientific POLYmerization process.

You pay nothing extra. You get extra power and more mileage. And this plus performance is protected against change in weather, because Phillips 66 Poly Gas is more accurately custom-tailored, all year round, to the month by month changes in your climate.

OIL - CHANGING PART II

At no unusual price get the plus of OIL-PLATING

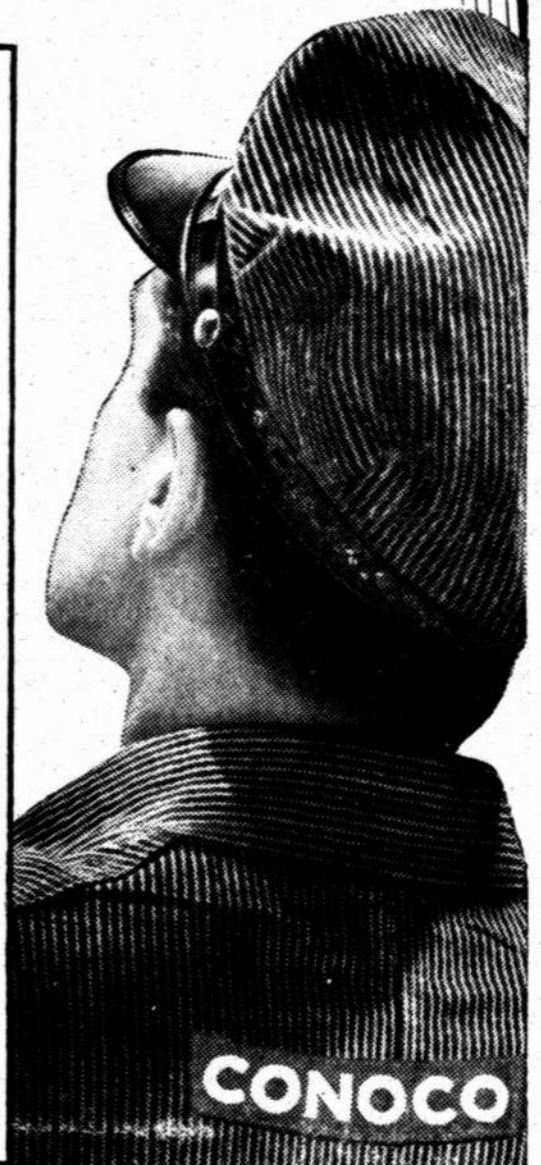

"The 2-in-1 oil-change," automotive experts call it, because... **1st**—It gives your engine the change badly needed today—from Winter dirt and oil to your correct Spring grade of patented Conoco Germ Processed oil... **AND 2nd**—Your engine thus gets the out-and-out plus of OIL-PLATING.

The exclusive Germ Process gives this oil such an intense "power of attraction" that it holds to cylinder walls, bearings and piston rings as if plated there. Plating on the bumpers, for instance, doesn't fry up in the heat, fly off at speed, or drain down during parking. Neither does OIL-PLATING. So it keeps your engine ready-oiled for safe starting every time. And it helps you get big plus mileage all Summer from your Conoco Germ Processed oil.

YOUR ELECTRIC SERVICE IS MORE THAN THIS!

How many folks do you know who still call their ELECTRIC SERVICE BILL an "electric LIGHT bill"? And they are still using electricity for so many uses—besides lighting—in their homes!

Once, your electric service bill did cover only lighting. But today the average ELECTRIC SERVICE BILL for all uses of electricity in the home is about the same that was paid for lighting alone not so many years ago.

It has taken millions of dollars in additional investment, great outlays of money for maintenance, and hundreds of additional employes to provide you with the dependable electricity needed to meet your present demands.

Miss Reynolds rendered "Sylvia" by Speaks; "Sunshine of Your Smile" by Ray; "At Dawning" by Codman, and "Macushia" by MacMurrough. She was assisted in the recital by Miss Mary Mallory Kelley who gave "To Preludes" by Chopin and Brahms "Waltz." About twenty guests attended.

Pupils Presented In Recital Friday At Country Club

Mrs. A. G. Barnard presented several of her pupils in a vocal recital last Friday afternoon at the Country Club. The Club house was very attractively decorated with bouquets of spring flowers.

Those appearing on the program were Roy Neil Kayal, Mary Whited, Kathleena King, Donna Jean Caldwell, Delajane Yates, Jack Vaughn, Mary Mallory Kelley, Ernestine Gambill, Mary Jo Priddy, Billy Jo Strickland, Lucille Blackmon, Conway Helen King, June Rose McCuller, LaVelle Gable, Betty Jean Stanfield, Mary Frances Barnard, Wanda Jean Esmond and Glenodine Esmond.

Miss Helen Cope Is Presented in Vocal Recital

Mrs. A. G. Barnard presented Miss Helen Ruth Cope, daughter of Mr. and Mrs. Nelson Cope in a vocal recital Wednesday afternoon at the Country Club.

The club house was very attractively decorated with vari-colored vases of

spring flowers. The table was laid with a lace cloth and centered with a bouquet of sweet peas. Miss Elwanda Gilbert presided at the tea table and was assisted by Miss Peggy Eiland and Miss Sarah Eiland.

Miss Ernestine Gambill greeted the guests as they arrived.

The program given by Miss Cope included "A Kiss in the Dark," "I Promise You," and "Marie Antoinette," by Victor Herbert.

Assisting Miss Cope was Miss Lois McBride who read "One Fine Day" from "Madame Butterfly" by Puccini and "Benefits Forgiven," by an unknown author.

Miss Estelle Billingsley, also assisting Miss Cope gave "Expectancy," by Stackels, and "Wake Up" by Simpson. About thirty-five guests attended.

Mrs. L. M. Pratt Presents Pupils In Play

"The Bridge of the Pink Cloud," a Japanese play in two acts was presented last Friday evening in the high school auditorium by the elementary pupils of Mrs. L. M. Pratt's speech class. The stage was a thing of loveliness with its Oriental garden setting. An arched bridge, a lotus throne, and the typical Japanese lanterns created a perfect atmosphere for the play in which twenty six children took part.

Costumes out of Hollywood were both colorful and effective and the make-up was complete in every detail, even the hairdresses of the various Japanese girls was styled appropriately.

The play told the story of a little Japanese girl who made a pilgrimage to the Emperors to enter her doll in the "Festival of Peach Blow Mountain" as did many girls in the spring time in Japan. Crossing the bridge of the Pink Cloud, fragile as a fairy span, lingering in the shade of honorable peach trees to tell customs of Japan and finally to arrive at the home of the Emperor to compete with dozens of other little girls, who brought their dolls which they worshiped because of their age, prize was the hand of the Emperors son in marriage, and each contestant presented her doll with an appropriate plea for that honor.

Every one who saw this little play acclaimed it one of the daintiest and most colorful of the season.

SOCIETY

"Maurine" Given At Twilight Program Monday

Mrs. L. M. Pratt presented twelve of her Junior and Senior girls in a review of "Maurine" last Monday afternoon in a twilight program. The book "Maurine" is a treasure of verse and tells a beautiful story of a sacrifice love. Each girl took an abridgement from a twelfth part of the book and gave it from memory. Nothing could have been selected that would have been more appropriate or pleasing. Guests spoke their appreciation in many expressions of praise and the group and Mrs. Pratt could feel well repaid for months of preparation by the favorable criticism they received.

Eleanor Simpson very effectively opened the story and was followed by Lois McBride, Estelle Billingsley, Mary Mallory Kelly, Geraldine Richardson, Bessie Morris, Evelyn Rose Morris, Adelle Ruth Fulkerson, Jo Evelyn Davis,

Frances Lindsey, Betty Guy Simpson and Bernice Cox.

The decorative flowers were furnished and arranged by Mrs. Guy Simpson who excels in the art.

Speaking the sentiments of one of the guests, "It was a touchingly beautiful program."

Mrs. Darwin Sprawls Hostess To Thursday Bridge Club

Mrs. Darwin Sprawls was hostess to members and guests of the Thursday Bridge Club, Thursday afternoon at her home.

Mrs. Ben Allen was awarded high score prize and Mrs. C. L. Schmidt was winner of traveling prize.

At the conclusion of the games strawberry shortcake was served to Mesdames Davis Jones, Ralph P. C. L. Schmidt, Allen Middleton, Ross Edward Jones, Johnnie Kline, Ben Allen, Lloyd Mitchell, Robert Koger, Maurice

Lamphere, George Mac Yates and the hostess, Mrs. Sprawls.

Future Homemakers Entertain With Tea Wednesday

The members of the Future Homemakers Club entertained with a tea for the Seventh Grade girls as well as the high school faculty members on Wednesday, May 10. This tea was given in the Homemaking Department.

Those in the receiving line were Mrs. Huddleston, Miss Griffith, Marjorie Rogers, president of the club, Ann Woodward, reporter, and Edwyna Jackson, secretary. Eleanor McNeely presided at the guest book. An interesting display of garments and canned goods added to the theme considerably. An attractive color scheme of blue and yellow was carried out.

Mrs. C. A. Eiland Hostess To Club

Mrs. C. A. Eiland was hostess to members and guests of the Thursday Forty-two Club, Thursday afternoon.

Games of forty-two were enjoyed during the afternoon.

At the conclusion of the games a delicious salad course was served to Mesdames Lee Billingsley, E. V. Wilkes, A. H. Smith, Ross Boardman, A. M. Bennett, Ross Simpson, Irvin Wright, Walter Jones, O. Lambeth, D. Hull, Ross Gibson, C. E. Ault and the hostess Mrs. Eiland.

SIDELIGHTS

By Marvin Jones
 Chairman, U. S. House Committee On Agriculture

The farm movement will be continued. The law will be improved, mistakes will be corrected, but the movement itself, since it is based on the fundamental principle of equality, must go on.

The principles of equality was recognized by the early statesmen of every political faith. It was written into the Declaration of Independence. It was carried forward in the Constitution. It was recognized in the first report on manufactures. It is not a question of whether we shall have a farm program. It is a question of what that program shall be.

What parts of the long-range program should be kept and what parts should be discarded:

(1) We have the lowest farm interest rates that have ever prevailed in this or any other great country. The farmers of America are now paying 100 million dollars per year less in interest rates than they were paying in 1932. These advantages should be retained.

(2) The freight rate provision of the present act authorizes the Secretary of Agriculture to file applications for correction of the rank discriminations against agriculture in the freight rate structure of the country. This is the first tangible step that has been taken in this regard and should be retained.

(3) The present act provides for the search for new uses, new outlets and new markets for farm commodities.

(4) The provisions of section 32 make available funds for widening distribution of farm commodities and the products thereof, both in this and other countries. These funds have been used effectively in respect to a great many different farm commodities and the products thereof.

(5) The soil features providing for conserving and rebuilding of the soil. Some of the finest work that has been done in this generation has been done under the soil provision act. I do not see how any one can object to continuing this work.

Practically all these features have been lost sight of in the discussion of loans and marketing quotas.

Personally I have never favored the mandatory loan features of the act. True, the bill as it passed the House contained a loan feature, but simply a discretionary one in order that complete price collapse, such as might have happened under the tremendous cotton production of 1937, could be prevented. It had no mandatory features, either as to the making or as to the amount of the loans. These were inserted after the measure left the House. I feel that these mandatory features should be changed. World markets are

important to us, and our program for the future should be so modified as to permit our commodities to flow freely into those markets.

I feel also that, as to wheat and cotton at least, the benefit payments should be based on the lease of a definite percentage of the tilled acreage of each farm and conditioned on soil-building crops and practices on such leased land. This would simplify the program and enable payments to be made more promptly.

The question of marketing quotas is the controversial part of the measure. Many of us hoped that these would be rarely used. They are invoked in reference to any commodity only when two-thirds of the farmers producing that commodity ask by their vote that the quotas be established. If quotas are to be used under any circumstances, I know of no wiser way than to allow the producers themselves to determine the matter.

For the current year, cotton farmers voted for quota provisions. The tobacco and rice farmers voted against quota provisions. It must be remembered that the cotton program is complicated by the six million bales overproduction in 1937. Any program, any plan that may be offered must deal with this tremendous carryover.

These quotas should never be formed on a scarcity basis. We should always produce all that the market will absorb both at home and abroad.

The farm problem is the primary outgrowth of tariff and other group legislation. Had there been no tariffs, no trade barriers, no trusts, no monopolies and no group legislation, there would have been little need for special farm legislation.

Dr. Cox Says:

"Tuberculosis no longer ranks first among the major killing diseases—a position it formerly occupied not only

in Texas but in the entire country. However, despite its now being seventh on the list in 1938, it continues to kill more persons between the ages of fifteen and forty-five than does any other single disease. And this is in the face of definite evidence that the majority of tuberculosis patients can be cured if the condition is detected early and proper treatment and living rules maintained," states Dr. Geo. W. Cox, State Health Officer.

"While the treatment of the individual early case is of great importance it is of equal moment, from a public health point of view, that the spread of infection to others be prevented. Such prevention is possible. A more concerted attack on this front would mean the saving of thousands of lives.

"In every case, when a diagnosis of active tuberculosis has been made, an investigation of the physical condition of the other members of the family should follow. It cannot be too emphatically stated that tuberculosis runs in families solely because it is communicable, the disease being usually transmitted through intimate and prolonged exposure to the 'open' case.

"It has been estimated that fifty per cent of the tuberculosis cases that will develop within the next decade will be the result of close contact with others already infected.

"Routine examination of all high school children, isolation or hospitalization of the active cases, discovery of

the sources of infection, application of hygienic living principles, periodic examination for all adults, and a careful check-up by physicians and trained workers of all known active cases and contacts represent an invaluable defense against the spread of tuberculosis."

Mr. and Mrs. J. R. Weaver spent the week end at Muleshoe visiting with friends.
