DOLLAR HIDE WELL FLOWS AT RATE OF 10,000 BOPD

The Pure Oil Company and Humble Oil & Refining Company No. 3-E-A E. P. Cowden, stepout from an Ellenburger producer in the Dollar Hide field in extreme Southwest Andrews County has made a heavy flow from the Silurian.

That project produced 75 barrels of pipe line oil in 10 minutes, flowing through a one-quarter-inch choke off of seven-inch casing. On that basis the well showed that it was capable of producing at the rate of 450 barrels per hour or 10,800 barrels per day.

The zone making the oil is a cavernous section at 8,320-40 feet. The production is natural. The seven-inch casing is cemented at 8,503 feet. This project had reported drilling to a total depth of 8,610 feet, but it is apparently plugged back to about 8,540 feet.

Operators have perforated the pipe at 7,628-7,700 feet, opposite a section in the Devonian, which has indicated that it will make petroleum. A production test is to be made at once on that zone.

This extra heavy producer is one location, or a quarter of a mile, outside the proven limits of the Dollar Hide field and is 555 feet from south and west lines of section 24, block A-52, pal survey.

Unofficial sources report that this development recently flowed to pits for a short time through open casing and that it yielded oil during that period at an estimated rate of from 1,000 to 1,500 barrels of oil per hour. This is apparently one of the largest producers reported in West Texas in several years.

STERLING VENTURE HAD NO SHOWS IN DRILLSTEM TEST

Anderson-Prichard Oil Corporation No. 1 Foster, seven miles south of Sterling City, in Southeast Sterling County, and 660 feet from south and west lines of section 12, block 15, H&TC survey, was drilling ahead below 3,759 feet in lower Permian lime.

It called top of the San Andres at 1,590 feet, and top of the San Angelo, (Glorieta), at 2,000 feet. Elevation is 2,479 feet.

A drillstem test was attempted at 3,775-3,548 feet. The packer failed immediately and the well was lost. Another effort was made at 3,412-3,568 feet. The tool was open one hour. Recovery was 65 feet of drilling mud. No shows of oil, gas or water were reported. This project is to go to about 5,000 feet to explore into the Ellenburger zone.

HUMBLE NO. 4 Y&A IS STILL IN ELLENBURGER PAY

Humble Oil & Refining Company No. 2 Y&A, southeast of Allen, southwest of the discoverer for Ellenburger production in the Y&A or Ellenburger field in Southwest Ector County, and 1,980 feet from north and west lines of section 18, block B-14, pal survey, continues in pay.

Red Protest Meets Flat Rejection

Nehru Pleads For Peace As Triple Murder Plot Is Bared

NEW DELHI (AP)—Prime Minister Pandit Jawaharlal Nehru told the Indian Constituent Assembly Monday that he accepted the restoration of peace in this troubled land as an issue on which his government would stand or fall.

"If we don't do that we are not worth being in this government, certainly not of being his (Mahandas K. Gandhi's) followers or even saying words of praise for this great soul," Nehru said.

"I have a sense of utter shame as an individual and as the head of the government that we should have failed to protect the greatest treasure we possess, the lives of the Juntas, meanwhile, the ashes of the assassinated Gandhi were reverently collected and prepared for scattering on waters sacred to orthodox Hinduism."

Search for Gang Officials of the Indian Union hunted for a gang accused of plotting to send three high officials of the dominion to their deaths with Gandhi's assassins.

Nehru had to pause at times as he spoke to the assembly at a memorial service for Gandhi. He was barely able to control his tears and sobs.

"Gandhi's assassination is not the isolated act of a madman," he told the hushed assembly, which is jointly the constitution-writing and legislative branch of the new Indian government. Gandhi is the affectionate name of the name.

"It is the result of a certain atmosphere of violence and hatred that has prevailed in the country for many months and years, especially the past few months," he said.

"If we are to serve the cause that Gandhi put before us, we have to face this atmosphere, combat it, struggle against it and root out the seeds of hatred and violence from the country and from our individual selves."

Earlier, at the services beside the Juntas, a throng of 5,000 watched quietly as the ashes were sifted carefully.

Women Ask Meat Rationing

WASHINGTON (AP)—The General Federation of Women's Clubs urged Monday that Congress give the government power to ration meat in case there is a "serious shortage."

Mrs. J. L. Blair Buck of Richmond, Va., president, said the 3,000,000 women in the federation also want something done about "the disastrously high and steadily rising cost of living."

"Something must be done, and done quickly," she said. Mrs. Buck discussed the situation as a witness before a Senate banking subcommittee. The senators are studying a bill by Senator Plender (R-Vt) to let the government print ration books and hire people to work out a ration plan.

His bill says rationing couldn't start until President Truman sent a rationing plan to Congress and Congress gave its okay. Can't Make Predictions Flanders said one trouble about giving something done is that he hasn't been able to find out just where the Administration stands.

Secretary of Agriculture Anderson has said that while he favors both rationing and price control, rationing alone would be better than nothing.

But President Truman said there is no having rationing without price control. "Flanders declined to predict what the five-man committee will recommend. But he said he is concerned because those who oppose the bill have offered no other plan."

Mrs. R. E. Rankin, 70, pioneer West Texan, and a former Midland resident, died suddenly Saturday night in her apartment in an Abilene hotel. She was a sister of the late Clarence Scharbauer of Midland and Mrs. George D. Elliott of Odessa.

Funeral services were to be held at 4 p. m. Monday in Abilene's St. Paul Methodist Church, with Dr. Earl B. Hamlet, pastor, officiating. Interment was to be in Cedar Hill Cemetery here.

Mrs. Rankin was born in Indian Fields, Albany, N. Y., May 3, 1877. She was the daughter of Mr. and Mrs. Chris Scharbauer, well-known pioneers of Midland and West Texas.

When groundhogs stay out and play, can Spring be far away? Overcast Promises Winter's End Soon

To those Texans who go for groundhog meteorology, Monday should bring broad smiles. Virtually the whole state was overcast with low hanging clouds, making it a certainty the little weather prognosticator will not see his shadow, which means, according to tradition, Winter is just about over.

Only in the area West from the Guadalupe Mountains to El Paso were skies mostly clear. Austin had half an inch of rainfall Monday morning with more to come. In the Panhandle—where minimum temperatures ranged from 23 degrees at Pampa to 32 at Amarillo—

Groundhogs Back East Make Texas Overcast Useless

PUNXSUTAWNEY, Pa.—(AP)—A little animal crawled out of his hole Monday—and so, as the legend goes, you can crawl into one for the next six weeks. Brother groundhog saw his shadow.

Yes, throughout Pennsylvania, this little animal known variously as the whistle-pig, woodchuck, sandhog—and just plain groundhog—emerged from his wintry underground hideaway and became enveloped in his own shadow.

It was a unanimous verdict too. At Punxsutawney, Dr. F. A. Lorenzo, president of the Groundhog Club, reported that the sun shone for one minute at 8:46 a. m. (EST) and the groundhog saw his shadow and retreated for six weeks.

Dry Ice Falls Charles Hess, hibernating governor of the Slumbering Lodge of Groundhogs in Quarryville announced that despite sabotage the groundhog saw its shadow at 9:58 1/2 a. m. (EST).

Hess said an airplane swooped over the Quarryville observation field at some 10,000 feet and dropped a round of dry ice in an attempt to make an artificial snow storm. But the prophets accomplished their observations despite the "weather madders," Hess said.

Two New 'Kicks' Come From Soviet

WASHINGTON (AP)—The United States rejected outright Monday Russia's protest against the visit of American warships to Italian ports.

A State Department note said the Italian government granted advance permission for each such visit. It said that the calls were "in strict accord with the comity of nations."

"It is customary for sovereign states to grant the privileges of visits to Naval vessels and personnel of friendly foreign powers," the note added.

Russia charged in a note delivered Wednesday by Ambassador Alexander S. Panyushkin that the presence of American warships in Italian ports violated the new peace treaty with Italy, which required withdrawal of all Allied armed forces by last December 15.

The State Department meanwhile delayed a reply to an earlier Moscow protest against restoring an American-built air field at Melahla in Italy's former North African Colony of Libya. Russia, in a note delivered January 21, charged this likewise violated the Italian treaty.

Planes Fly Too Low The Moscow radio said Monday that two more protests have been made about Americans. These deal with the Middle East and Japan. One asserts American bombers come too low to Russian shipping in Japanese waters. The other, directed to the Iran government, charged that activities of the American Military Mission threaten the Russian frontier.

The Russian Ministry of Foreign Affairs has demanded that American bombers stop flying over and inspecting Soviet shipping in the Yellow Sea and the Sea of Japan, the Moscow radio said.

A Moscow broadcast said Soviet Ambassador Ivan K. Sadchikov handed to the Iranian government in Tehran a note asserting that American officers were directing the location of formations along the border and that American advisers were directing the building of airfields there.

The dispatch declared that tours by American advisers of border districts were "for the purpose of making photographs and making a military study of the Soviet-Iranian frontier."

Monoxide Fumes Blamed In Death Of Three Sunday

FORT WORTH (AP)—Carbon monoxide fumes were blamed for the deaths here of a retired Methodist minister and his two small grand-children.

The bodies of the Rev. Thomas S. Barcus, 70, of El Paso, and Wade Lancaster, five, and his sister, Ann, two, were found in their beds Sunday morning.

The fumes originated from a central heater, circulating through the eight-room house. Formerly At Big Spring Thelma Hicks, a negro maid, found the bodies and notified police. A neighbor, called to the scene, found Mrs. Barcus alive and summoned an ambulance.

Mrs. Barcus retired from the ministry in 1942 after 44 years. At times he had held pastorates in Fort Worth, Houston, Orange, Graham, Plainview, Hereford, Longview and Big Spring. He had been presiding elder of the Stanford and Brownwood districts of the Methodist conference.

Severe Storm Delays Shipping On Atlantic

NEW YORK (AP)—Strong westerly winds, racing across the North Atlantic, threw shipping schedules into confusion Monday.

The giant liner Queen Mary reported that she would be about 48 hours late, arriving early Wednesday. Many other ships were delayed.

The Holland-America liner Nieuw Amsterdam, which arrived Sunday 48 hours late, suffered damage to steel railings during her crossing. Windows on the observation deck were smashed in by heavy seas but none was injured.

Talkington Announces For Constable Here N. W. Talkington announced Monday he will be a candidate for the office of constable, Precinct 1, Midland County, in the election this year.

Winter Mushrooms Out All Over

Mostly cloudy and slightly warmer with rain in the Panhandle, South Plains and Pecos Valley eastward Monday night. Tuesday cloudy with rain from Pecos Valley eastward and colder with snow in Panhandle and South Plains and other sectors of West Texas.

Maximum temperature Sunday was 49 degrees, minimum 28 degrees. Minimum Monday was 39 degrees.

Weather Bureau predicted additional precipitation through Monday, Monday night and Tuesday, including snow in the Panhandle and South Plains and the upper portions of the Red River valley Tuesday.

The weatherman says Monday's inclement weather should continue for the next 24 to 36 hours, including colder weather drifting in from the extreme Northern part of Texas Monday night.

LATE NEWS FLASHES

NEW DELHI (AP)—In swift implementation of Prime Minister Nehru's stand for peace, the Home Ministry late Monday issued a communique abolishing private armies and "any organization preaching violence or communal hatred."

WASHINGTON (AP)—Rep. Doughton (D-NC) told the House Monday if Republicans trim their tax-cutting bill from \$6,500,000,000 to around \$4,250,000,000, Congress will override any veto.

WASHINGTON (AP)—A State Department official denounced as "false" and "distortions" Monday Russian charges that the United States is seeking to make Iran an American "strategic base."

SHANGHAI (AP)—Three women workers were killed and more than 70 other workers and police were injured Monday in rioting and gunfire between 500 policemen and strikers among 7,000 cotton mill workers.

Two Burglaries Attempted Here

Burglaries were attempted sometime during Saturday night at the Midland Tire Company and J. C. Penney Company on North Main Street, police reported Monday, but neither of the burglaries was successful.

A storeroom of the tire company was entered through a skylight but nothing was taken and the main part of the store was not entered. A hole was cut in the roof of the Penney store but it was not entered.

Officers believe the burglaries were thwarted by night patrol cruising police.

Three Million Germans Schedule Food Strike

FRANKFURT, GERMANY (AP)—Nearly 3,000,000 German workers will strike at midnight Monday night in the biggest mass demonstration yet against shrinking food rations.

The 24-hour protest strikes were called in an area stretching from Hamburg to Stuttgart.

Rizley-Moore Bill Hearings To Resume

WASHINGTON (AP)—A Senate subcommittee will resume hearings Wednesday on House-passed legislation to bar the Federal Power Commission from taking jurisdiction over gathering or production of gas in the field.

Known as the Rizley-Moore measure, it was returned to a Senate Interstate Commerce subcommittee headed by Senator Moore (R-Okla.) after the full committee, failed by a 4-6 vote to report it to the Senate.

Chicago's shoreline presents an unusual winter pattern, as a row of hills become covered with ice during a sub-zero spell. The hills gracefully follow the sweep of Lake Michigan against a backdrop of gloomy winter skies and smooth water.

The Crane Man Marries San Antonio Girl

CRANE—Paul Chaney, son of Mrs. Lulu Chaney of Crane, was married to Miss Cleo Davidson, daughter of Mrs. Ollie Bell Ingham of San Antonio, January 25 in the chapel of the First Baptist Church of San Antonio.

Dr. Perry F. Webb read the single ring ceremony in a setting of cantalouba, palms, white gladioli, and calla lilies.

Mrs. Cecile Kern sang the bride's musical selection, "Ah, Sweet Mystery of Life," and "Because."

The bride was attended by her white velvet gown fashioned with a Peter Pan collar, long tapered sleeves sprinkled with seed pearls and a full skirt which was swept into a cathedral train. Her finger-tip veil of illusion fell from a crown of seed pearls. The bridal bouquet was centered with a white orchid surrounded by white carnations.

Miss Rosa Lee Ober was maid of honor. Miss Edna Drain, matron of honor and Misses Sue Thompson, Freda McDaniel and Bernice Lineberger were bridesmaids. Flower girls were Barbara and Darlene Foster, and Tom L. Cox was ring bearer.

Victor R. Novell of Blisbee attended the bridegroom as best man. Ushers were Major Claud W. Smith and Captain Howard E. Turner.

The floral theme was repeated at a reception in the Tapestry Room of the St. Anthony Hotel.

As her traveling ensemble, the bride selected grey suit, black accessories and an orchid halo hat.

Chaney, who served five and a half years in the Navy, is a recent graduate of Texas A. & M. College and Mrs. Chaney received her degree from NTSC in Denton.

Following a brief honeymoon, the couple will reside in Colorado City, where Chaney will be employed by the Texas Electric Service Company.

SHORT TEEN-AGE GIRL SHOULD ACT TALL

By ALICIA HART
NEA Staff Writer

Pink-sized teen-agers complaining about their lack of inches ask what to do about this deficiency.

If that's your problem, you probably know all the dress tricks, as our young readers write that they do, for creating the illusion of more height.

What you may not be aware of is that the shorter you are, the taller you ought to act.

I've known little charmers who put on such a "tall act" that everybody they meet is convinced they have two or three inches more than measurements can prove.

Their trick is to meet people with an air of self-confidence. If a girl shows by her hesitant, self-conscious approach that she is aware of her deficient height, the audience will be aware of it, too.

But let her enter a room acting as tall as she wants to be and her height justifies that air of assumption.

Distributors Club Names Delegates To State Convention

Frank Lane, Jr., Laura Jobe and Delbert Shelburne have been named to represent the Distributors Club of Midland High School at the second annual Distributors Club convention in Austin Friday and Saturday.

A formal banquet and dance Friday night will open the meeting. Outstanding men and women in the distributive education field will speak at the banquet. Field trips and business meetings will be held Saturday, when officers for 1948 will be named. Delegates to the national conference also will be elected.

Ruth Donnell, coordinator, will accompany the Midland delegates to the Austin convention.

Relief At Last For Your Cough

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREMULSION For Coughs, Chest Colds, Bronchitis

TAKE A LOOK AT YOUR INSIDES

bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you; you may have heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep.

In the morning you are tired instead of refreshed. Gradually your health is impaired.

Your complexion may become sallow or bilious; dark rings may appear under your eyes, you may feel laxy, dull and irritable or blue and melancholic. You may have frequent colds (catarrh) or dull head-ache; your bowels stop their free, full and natural action; you have constipation, gas, putrefaction and self-poisoning ("intestinal toxemia" or "acute gas-brittle" as many doctors call it).

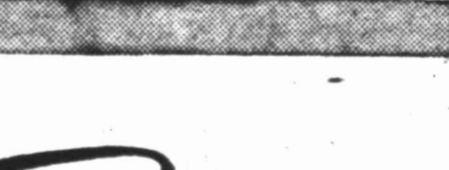

HOW TO GET RELIEF
You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.

The beneficial effects of Calotabs lie in the fact that they are (1) laxative, (2) antiseptic to the intestines, (3) diuretic to the kidneys, (4) effective in relieving symptoms of biliousness and acute gastritis due to constipation or faulty digestion.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggist's.

NATURE'S DANGER SIGNALS
When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, you, sooner or later, begin to feel some of the following symptoms:

Your breath may become unpleasant (halitosis), your tongue coated, a

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel chilly, nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise middle-age women take Pinkham's Compound regularly to help build up resistance against this distressing condition. Pinkham's Compound contains no opiates—no habit-forming drugs. It helps assure (you know what we mean!) This great medicine also has what doctors call a stomachic tonic effect.

Cadillac

ATTAINMENT

Cadillac's attainment in the world of motor cars is the fruition of almost half a century of unwavering adherence to the most exacting standards. Throughout all this time, Cadillac has been concerned only with quality—with raising the standards by which motor cars are judged. Small wonder that Cadillac has long been recognized as the world's supreme automotive creation—the universal symbol of all that is good and fine.

If you are waiting for a new Cadillac—please be assured that every effort is being made to further production. Demand is so great, however, that some delay in delivery is still inevitable. But hold to your purpose! There is no substitute for a Cadillac.

Just A 200-Pound Baby

Believed to be the smallest pachyderm ever brought to this country, "Butch" is quite popular with the circus people at Gonzales, Texas, where Daily Bros. Circus is wintering. "Butch" is just six months old, weighs 200 pounds and stands three feet high. A. Arimasingh, left, and M. Pyaru, right, are two of three native Indian elephant boys who accompanied a shipment of elephants from Madras, India, to Gonzales. Mrs. Ben Davenport, center, and her husband own the circus.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

Russ Winterbotham, a writer in the Comic Art Department of NEA Service in Cleveland, sent me today's hand. He says it came up in a game of bridge at his home after Christmas dinner, and they had agreed that there would be no criticism or comments on the bidding or play.

Mrs. Ralph Lane was North and Russ was South. Ralph Lane, who draws Vic Flint, an NEA comic, was East, while Russ' mother, Mrs. J. H. Winterbotham, was West.

Russ did not ask how I would bid this hand—he said he thought

Midland C. Of C. Had Busy 1947

Scores of individual projects and activities sponsored and conducted by the Midland Chamber of Commerce during 1947 are listed in the organization's annual report which has been distributed to members. Accomplishments during the year were numerous, and other projects, started last year, will be pushed to completion in 1948.

The report does not attempt to present a complete report of activities, but is confined largely to the work of major committees. Considerable space is devoted to the far-reaching program of the Agriculture - Livestock Committee, which is one of the most active groups.

Copies of the annual report are available at the organization's of-

Gulf To Erect New Building In Crane

CRANE—The Gulf Oil Company has cleared grounds for a new 600 office building to be constructed of steel, tile, and stone. The building, which will be 154 feet, will accommodate 125 offices. It will be constructed immediately south of the present offices.

Contractors advise the building will be ready for occupancy within six months.

Dick Jurgens Band Here Tuesday Night

A record attendance is anticipated Tuesday night at the VFW Hangar at Midland Air Terminal when the Midland Post of Veterans of Foreign Wars presents Dick Jurgens and his nationally-known orchestra in a one-night dance engagement.

Reservations have been made by scores of residents of Midland and other Permian Basin cities, but VFW officials said Monday plenty of tickets yet are available. They urged that reservations be made as promptly as possible.

The Jurgens band is headed East for a lengthy engagement in New York City, and the stop here is one of five in Texas. The orchestra is widely recognized as one of the best dance bands of the nation, and its recordings are in big demand.

Single members of the unit travel in a bus, while the married couples travel in individual automobiles. The band members are expected to arrive here Tuesday morning.

The Tuesday night event is one of a series of dances with big-name bands planned by the VFW chapter here this year.

Noted Mental Wizard To Be Here Tuesday

The Midland Concert and Lecture Association will present Dr. Franz Polgar in a lecture-demonstration, "Miracles of the Mind," in the high school auditorium at 8:15 p. m. Tuesday, as its fourth program of the season. All members are urged to attend.

Doctor Polgar, one of the world's best-known mental wizards and hypnotists, and who has one of the greatest powers of memory ever recorded, is a native of Hungary and served in the Hungarian Army during World War I. A well-aimed Italian shell buried him alive in a trench and his memory was blotted out for six months. He remained buried under the debris for three days before being dug out and sent to a field hospital. While recuperating he developed his senses of telepathy. Later he attended the University of Budapest, and it was there that he took an interest in psychology.

When Doctor Polgar first came to New York he could not speak a word of English, but he learned it rapidly. A prominent physician first recognized his ability, and the National Artists Club and the Detroit Town Hall were among the first groups to recognize him. Since then, Doctor Polgar has appeared before various groups throughout the United States and in many foreign countries.

As to hypnosis, he is one of the world's most outstanding experts. He keeps this part of his program on a fun basis, however, and it is not in any way harmful.

Commodore Matthew Perry visited Japan in 1853 to "coerce the government of Japan into civilization."

A young antelope is known as a kid.

he found the craziest of opening bids in six clubs. But, fortunately for Russ, his mother chose to open the fourth best of her longest and strongest suit, which was the three of spades. Russ played the jack from dummy, and when it held, he cashed the ace of hearts and discarded his losing diamond. Now he led a small diamond to his ace, picked up the trumps and spread the hand for seven-odd.

Now let us assume that Mrs. Winterbotham opened a club. Was there any possible chance of making the contract then? If the club was won with the queen and Russ nonchalantly led the ten of spades, West probably would follow the rule of second hand low and not go up with the queen. Russ could overtake the ten of spades with the jack in dummy.

I do not say that it should happen this way, but nevertheless, a similar play actually was made a year or two ago by Robert McPherran of New York, one of the country's outstanding Life Masters.

Forty planes search for missing transport

HAMILTON BERMUDA (AP)—Forty planes took off from Bermuda Monday to press the widening search for British transport plane, missing since Friday with 29 persons aboard.

Sir Arthur Coningham, retired air marshal and a hero of the recent war, was among those aboard the missing craft.

Bulldogs Ready To Clip Abilene Five

The Midland Bulldogs will be a worthy foe for the high-flying Abilene Eagles in a 8-AA encounter here Tuesday night. The Purple is a different outfit from the one Abilene beat, 54-40, in Abilene. Playing ball like they did against Odessa last Friday night, the Bulldogs easily could trounce the Eagles. Midland now has begun its second round of the robin schedule against the other 7-AAA. In its first round, Midland won two and

Name Champs In Regional Gloves Meet

ODESSA—Three Midlanders were eliminated in the finals of regional Golden Gloves tourney here Saturday night. Ben Earl Shattuck of Odessa knocked out Bob Hunter of Midland in 1:14 minutes of the first round of welterweight final scrap. Cotton Fowler of McCamey took a TKO from W. A. Scoggins of Midland when Scoggins did not answer the bell for the second round. This was an open-class bantamweight fight. ACC Can Clinch Flag By Downing Austin

By The Associated Press Abilene Christian College can make the Texas Conference basketball race a formality Tuesday night by downing Austin College in Abilene. The unbeaten Wildcats need just one more victory to clinch the championship. Should Austin upset ACC, the Wildcats have another chance to cop the flag this week. They play cellar-dwelling Southwestern Thursday at Georgetown. Three other games are on tap this week as all teams return to action after a week's layoff. McMurry, deadlocked with Howard Payne for third place, meets Hardin at Wichita Falls Monday night. Saturday, Howard Payne and McMurry play at Brownwood and Hardin meets Austin at Sherman.

Arkansas-Baylor Tilts To Clarify SWC Cage Picture

By WILBUR MARTIN
Associated Press Staff

Arkansas and Baylor furnish the explosive due to blast apart the three-way tie for the Southwest Conference basketball lead this week.

Two of three undefeated teams in the conference, they tangle at Waco Friday and Saturday.

Five other conference games are overshadowed by the Razorback-Bear battle, including unbeaten Texas' second game with lowly Texas Christian Tuesday.

The remainder of the conference schedule matches teams already out of the title running.

Baylor, with six straight victories, has already won half of its conference schedule. But the surprising Bears will be on the short side against the gangling Razorbacks.

Big George Kok, top scorer in season and conference play, heads the tall Arkansas delegation.

Baylor's showing is due in part to its remarkable ball control, a factor Arkansas may find unbeatable.

Baylor, Texas Win
Texas is an overwhelming choice to hand Texas Christian its fourth straight licking. And if it follows

form, it may find itself setting the pace, should Arkansas and Baylor divide their series.

Last week, Baylor polished its offense with a 70-52 decision over Texas A&M.

Texas used Slater Martin's deadly shooting for a 57-51 victory over Southern Methodist University.

The rest of the conference swings back into action after mid-year examination layoffs.

Rice and Texas Christian meet at Houston Friday, and Texas A&M is host to Southern Methodist at College Station.

Saturday, Rice plays Southern Methodist at Houston, and A&M and Texas Christian tangle at College Station.

In a non-conference game, Texas and Southwest Texas State play at Austin Thursday.

Individual awards and trophies will be given to winners.

Weights in the grade school division will be: 75, 80, 85, 90, 95, 100, 105, 109, 112, 115, 118, 122, 126, 130, 135, 140, 147, 160, and 175 and over. All weights will fight one and one-half minute rounds in this competition.

The high school division weight classes are: junior flyweight, 109; flyweight, 112; junior bantamweight, 115; bantamweight, 118; junior featherweight, 122; featherweight, 126; junior lightweight, 130; lightweight, 135; junior welterweight, 140; welterweight, 147; middleweight, 160; light heavyweight, 175; heavyweight, over 175.

Individual awards and trophies will be given to winners.

ST. MORITZ, SWITZERLAND—(AP)—Norway swept in front of Sweden Monday in unofficial Olympic Winter games standings when Sverre Farstad won the 1,500 meter slalom in record-shattering time of two minutes, 17.6 seconds.

The United States, expecting to rally in this event, picked up only one point when Johnny Werker of Minneapolis finished sixth in 2:20.

Americans were completely out of the picture in the downhill skiing competition, the other main event of the morning program.

In duplicating the victories, team-mates Reidar Liaakley and Finn Helgesen scored in the 5,000-meter (3 1/8 miles) and 500-meter (1/3 mile) tests. Farstad clipped almost two seconds off the Olympic record 2:19.2 set by Norway's Charles Mathisen in 1936.

With sixth place in the downhill ski event to be determined, the nation's stood in the order through the morning events:

Norway 44 1/2; Sweden 39; Switzerland 25; Finland 24; United States 15 1/4; France 10; Austria 7; Belgium 3; Holland 3; Britain 2; Italy 1, Canada 1/2.

It's been 40 years since an American captured the so-called metric mile in Olympic competition, the last to turn the trick being Mel Sheppard when he won both the 800 and 1,500 meter runs in the 1908 contest.

But Dodd's showed 15,000 fans in Madison Square Garden Saturday night that he is in for his greatest year by winning the Wanamaker mile at the Millrose games in 4:05.3, the fastest competitive time for the distance ever run by an American.

Shatters Own Mark
Although it was only his second start this season, galloping Gilbert wiped out his own indoor record of 4:06.4 set in the Bankers mile at the Chicago Relays in 1944, and tied the American outdoor record established by Gunder Haegg of Sweden at Harvard in 1943.

The fastest previous mile ever run by an American in competition was the 4:06 clocking by Bill Hulse of the New York Athletic Club when he trailed Haegg to the tape at Berea, Ohio, in 1943.

SKEPTICISM

While one man is saying, "It can't be done," someone is doing it. Folks are skeptical of things they do not understand, never taking the trouble to study them. Revolutionary inventions have been scouted as impractical. Every new discovery has its hosts of doubters, without the expenditure of an hour's study, even a moment's thought, the unthinking boldly proclaim every new idea an impossibility because perchance, simple as it may be, it is unintelligible to them. The new is condemned, if for no other reason than its newness.

It is not unusual for some people to forget that these are days of change, when scientific revolutions are effected overnight. Skeptics ask, "What possible assistance can be given disordered kidneys, liver, stomach or heart by CHIROPRACTIC SPINAL ADJUSTMENTS?"

Pulling the trigger of a gun is remarkably easy. Without a knowledge of the latent force within the cartridge, its effect upon any living thing within the line of fire might well appear incredible. But to those who can reason from CAUSE to EFFECT, the consequences are clearly defined.

So it is with the SPECIFIC CHIROPRACTIC ADJUSTMENT . . . it immediately releases the latent force which is an inherent part of all living organisms, stirring dormant matter to life and action. And its value in the restoration of conditions wherein normal functioning of the various organs may be resumed is testified to by thousands of chronic invalids who have regained normal health through its application.

TURN TO CHIROPRACTIC FIRST . . . NOT AS A LAST RESORT. It gets QUICKER results. It DOES get sick people WELL.
