Farm Vehicle Operators May Request More Gas If Allotment Not Sufficient

Temporary transport rations are in store for owners of farm vehicles whose certificates of war necessity do not provide sufficient gasoline for 30 days essential operation.

Under an adjustment phase of the transportation program, the Texas USDA War Board announced this week that farm vehicle operators should make requests for additional gasoline to local War Price and Rationing Boards where obvious errors have been made in certificates.

The procedure for handling emergency cases was agreed upon by the Department of Agriculture and the Office of Price Administration.

The war Board explained that when allowances are corrected by the local War Price and Rationing Boards, operators will receive motor fuel rations for operation to December 31 and the amount of gasoline used will be deducted later from the total gallons of motor fuel allowed on a corrected certificate of war necessity.

County Farm Transportation Committees are scheduled to handle appeal cases from farmers for corrected certificates. The War Board said in explaining that regular ODT appeal forms would be sent to committees as soon as possible.

Temporary rations will take care of emergency cases and give committees sufficient time to consider appeals and make proper recommendations to ODT under regular appeal procedure. The Board pointed out.

Former Dawson County Judge Now Army Captain

Phillip Yonge, Sweetwater attorney, and former county judge of Dawson County, has been commissioned a captain in the judge advocate general's department of the Army and is to report for duty Thursday.

Yonge is now president of the Sweetwater Bar Association. He served two years in World War I and has held a reserve commission since 1926. He is a past president of the Sweetwater Board of City Development.

Before moving to Sweetwater in 1937 he lived in Lamesa and was county judge of Dawson County for seven years.

English-McQuien Motor Co. In New Location

English and McQuien Motor Company moved on December 1 to their new location in the old Earnest and Nix Implement building on the highway, and invite all their friends to visit them.

Look up their ad on another page of this issue of the Courier.

Lamesa Feed And Hatchery Moves

Clay Howell owner of the Lamesa Feed and Hatchery announces this week that he is moving his business to the building formerly occupied by English and McQuien Motor Company, also on North First Street, across from his old location.

Look up the Lamesa Feed and Hatchery ad on another page of this issue of the Courier and read what he has to say.

Subscribers Are Asked To Check Expiration Dates

Courier readers are asked to watch their expiration dates on their subscriptions in order that they not miss a single issue of their home town newspaper.

In other words, if the numbers following your name on your paper read 1-43, that means that your subscription will expire on January 1, 1943, and that unless you renew your subscription will be stopped at that time.

The subscription price of the Courier is now \$2.00 per year in Dawson, Martin, Gaines, Borden and Lynn Counties, \$1.25 for six months, or \$3.00 for two years. The subscription price outside this territory is \$3.00 per year.

Grid Comet

Speedy Rudolph Mobley, nicknamed "Little Doc" by Hardin-Simmons college mates, is way out in front in the national 1942 gridiron ball carrying race, and, with nearly 1,000 yards reeled off against opponents, seems destined to surpass even Whizzer White's all-time season record of 1,121 yards, established when Whizzer starred at Colorado University.

Parents Of Young Boys To Have Meeting Friday

A meeting will be held on Friday evening, December 4 at the Recreation hall in the City Park for all mothers and fathers of boys between the ages of 9 and 11 years interested in Scout cubbing.

G. M. Unger, Scout Executive of Lubbock will be present and will outline the program of cubbing. All interested are urged to attend and bring the boys.

Dawson County Women Urged To Join WAAC

Lieutenant Virginia Williams of the Lubbock Army recruiting station, spent Thursday here meeting Lamesa women and seeking recruits for the WAAC.

Lt. Williams states that valuable service to the Army is being performed by the WAAC, but still more women are needed. Never before, she says, in the history of the nation have there been such opportunities for alert, patriotic women-opportunities to serve America when America needs you the most. Every member of the WAAC is helping the nation directly, personally her work behind the lines, both at home and abroad, releases a soldier for duty at the battle front.

According to Lt. Williams only half as many soldiers can be released for combat duty by December 1 as was originally hoped for. Too few women have entered the Auxiliaries ranks to make this possible. "However," Lt. Williams added, "we anticipate a greater response from the women of this area since the need is so great."

Women of the WAAC now receive the same pay as soldiers in the Army. Non-Coms receive from \$50 to \$138 per month plus clothes, food and lodging, medical care and hospitalization. Each woman now has an opportunity to be selected for officers training school since all officer candidates are now selected from the auxiliaries ranks.

Lamesa women desiring to serve their country in the Women's Army Auxiliary Corps may obtain complete information from Lt. Williams at the Williams Hotel, Thursday evening or write or call her at the Lubbock Recruiting Station.

The Solomons chain of islands in the Pacific is 900 miles long.

Sixth Selective Service Registration Starts Dec. 11

The sixth Selective Service registration for young men who have attained their 18th birthday will start on December 11, between the hours of 9 a. m. and 5 p. m. and on the days hereinafter designated for their registration as follows:

Those who were born on or after July 1, 1924, but not after August 31, 1924, shall be registered on any day during the week commencing Friday, December 11, 1942, and ending Thursday, December 17, 1942.

Those who were born on or after September 1, 1924, but not after October 31, 1924, shall be registered on any day during the week commencing Saturday, December 26, 1942, and ending Thursday, December 31, 1942.

Those who were born on or after January 1, 1925, shall be registered on the day following the eighteenth anniversary of the day of their birth; provided, that if such anniversary falls on Sunday or a legal holiday, their registration shall take place on the day following.

Soldiers Fight Rail Fire

Lieut. Col. John W. Casey of tank destroyer center, Camp Hood, is shown firing a burst of 50-caliber machine gun bullets into a railroad tank car fire near Waco. A small "task force" was sent to the scene to blast the blazing cars with grenades and shells to eliminate a hazard to human life. Two trainmen died in the accident. (U. S. Army photo).

Courier To Publish Santa Claus Letters

Once again the Courier has made arrangements with Santa Claus to act as a clearing house for the kiddies letters to him, as to what they want for Christmas.

So all you children write your letters to Santa Claus, The Dawson County Courier, Lamesa, and we will see they are delivered to him. Get them written and mailed as early as possible, so that we will have plenty of time to send them on to Santa.

All letters received by the Courier will be published in the annual Christmas edition of the paper and then forwarded on to Santa.

Marr's Receive Good News Of Son In England

Mr. and Mrs. W. L. Marr received a very pleasant surprise Tuesday afternoon when they had a long distance telephone call from Fort Worth bringing news of their son, Capt. Lloyd M. Marr, who is stationed somewhere in England.

The call came from a secretary of Amos G. Carter, publisher of the Fort Worth Star-Telegram. Mr. Carter who is now in England, communicated with his Fort Worth Office and asked that they call Mr. and Mrs. Marr, telling them that he had lunched with their son, Capt. Lloyd M. Marr in England and that he was well and happy.

This good news of their son was joyfully received by the Marrs and also by Mrs. Lloyd Marr of Washington, D. C., who has been a guest in the Marr home during the past week.

Capt. Marr is a military aid to General Grew somewhere in England. He was also an escort to Mrs. Franklin D. Roosevelt during her recent visit to his camp in England.

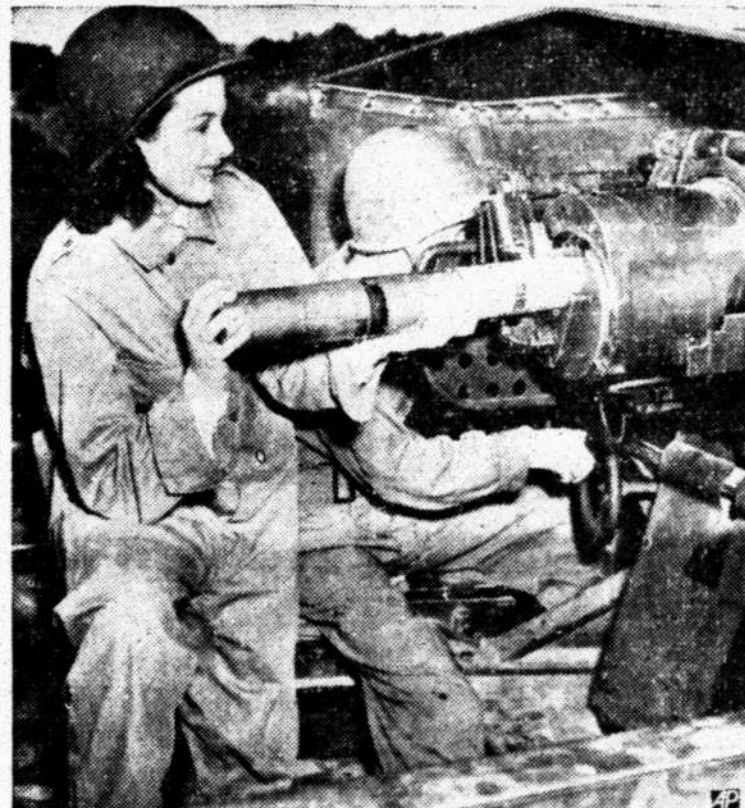

Capt. Marr worked in the U. S. Treasury Department in Washington before going into the service, going to Washington in 1936. He was a member of the Washington, D. C. National Guard for five years.

B. J. Baskin Gets Distinguished Service Award

At a meeting of the National County Agricultural Agents Association annual meeting in Chicago December 1, B. J. Baskin, Dawson County Agent, was awarded the Distinguished Service Award of the Association. This award is given to only twenty-five county agents in the United States, and is given for outstanding agent work.

Mr. Baskin, did not attend the meeting but was notified of the award by telephone and by mail. To be eligible for this Distinguished Service award an agent must have been in the service for 10 years, and must have performed outstanding County Agent work. Mr. Baskin has featured during his years as an agricultural agent, 4-H club work, diversified farming and soil conservation, which has won for him this distinguished award.

Miss America Behind Gun

Donning helmet and coveralls, pretty Jo Carol Dennison of Tyler, Miss America of 1942, visited the army's tank destroyer center at Camp Hood, Texas. Here she is shown trying her hand at slipping a 75mm shell into place. (U. S. Army photo).

Crowds Fill Ration Office Seeking Supplementary Gas

Crowds thronged in and out of the Rationing Offices all this week seeking their supplementary gasoline rations so that business through out the county might go on as usual.

J. T. Allen, chairman of the Gasoline Panel of the Dawson County War Price and Rationing Board stated that over 2000 applications for supplementary gasoline had been filed at the office, and the gas board members have been hard at work on these, and would get all of them passed on as soon as possible.

According to Mr. Allen, as soon as the board pass on an application the applicant will be notified by mail, and there is no need for them to come back to the Ration Office or stop any board member on the street, to ask when it will be passed on. Extra clerks have been hired and with all five board members working, every one calling at the Ration Office cannot be waited on. Wednesday great crowds rushed the office and those in the most urgent need were cared for as fast as possible.

Members of the board stated that they did not think any hardship would be placed on any person, when the board really get started on the supplementary applications, and ask that people please be patient, as each will be carefully check in due time.

Every motorist must write their name and car license number on the back of each coupon, Mr. Allen states. This must be done before they are cashed. Filling station operators will not accept these coupons unless the name and car license number are written on the back.

Texas OPA Director Mark McGee issued emergency instructions Sunday to Mr. Allen, designed to relieve the "bottleneck" in the issuance of gasoline ration books.

Korea was once known as "the hermit kingdom."

47,012 Bales Cotton Ginned Here To Nov. 14

Dawson County gins have ginned 47,012 bales of cotton up to November 14, according to the government census report. The county had only ginned 26,382 bales up to this date in 1941.

No Sugar For Meat Processing

According to information coming from the Dawson County War Price and Rationing Board, no sugar is available for processing meat. Government officials suggest the use of prepared products for which sugar has already been allotted to the manufacturers.

Ireland was once known as Inishlan—the Isle of destiny.

COOPERATING IN BOND ADS FOR THIS MONTH

A list containing the names of firms and individuals, who are cooperating in the Treasury Departments War Bond Stamp program, will be published in this space each issue of the Courier.

A special series of advertisements, encouraging the sale of War Bonds and Stamps, has been prepared by the Treasury Department and will be offered for sale by the Courier each week.

The following list includes those who have purchased War Bond and Stamp advertising this month:

Hurt's M. Q. Martin
Lamesa Creamery

Classifying Of 18 and 19 Year Old Boys Started At Local Draft Board During Week

Farm Leaders To Have Meeting On Saturday Morning

Charles E. Tarter, Administrative Officer of the AAA announces that a meeting of community committee-men will be held Saturday morning, December 5, beginning at 10 o'clock in the District Court Room.

During the meeting the committee-men will be instructed on the December 12 voting on cotton quotas, Mr. Tarter said.

Lamesa Workers Conference To Be Held December 9

The Lamesa Workers Conference which formerly announced for December 10 at Five Mile Baptist Church, will be held on December 9, at the First Baptist Church, Lamesa, beginning at 2 o'clock. This change of time was announced by Rev. E. Brand.

The Associational Sunday School Conference will also be held on December 9, at 6:15 p. m. at the First Baptist Church Lamesa.

Earnest and Nix Motor Company Changes Location

Earnest and Nix Motor Company have recently moved from their old location on the highway to the Earnest and Nix Implement Company building on the highway just east of the City Hall.

They invite all their friends and customers to visit them in their new location.

MAIDS ARE SO SHORT MAIDS CAN'T GET THEM

OKLAHOMA CITY (AP)—A member of the Oklahoma Club was telling Manager O'Reilly what a time he was having finding household help.

"I even called up a former maid and asked her if she knew where I could get help," said the member.

"She said: 'No ma'am. I don't I can't even get none myself.'"

BUY WAR BONDS AND STAMPS

The Dawson County Selective Service Board started last Monday, November 23 classifying young men 18 and 19 years old.

The following men are designated for local physical examination: James H. Outlaw, Mabron Henderson, Robert Hardburger, Pink Carter, Jr., James McCarty, Winfred Dorman, E. P. Dixon, Jr., Jim Bradley, Carl L. Garrett, Jr., Clarence Martin, Ira D. Robertson, DeVerle Goode, Saul Deboskie, Matthew K. Crawford, Joe C. Buchanan, Vernal M. Roberts, Harry Dennis.

Ray F. Bolton, Leroy Galtcutt, Florentino Ancira, Jim B. Thomas, Elias Colson, William D. Parker, Walter T. Dotson, Alfred W. Pierce, G. W. Tolbert, Amos F. Hamilton, Jr., Cloy C. Costin, Jr., Spurgeon C. Motley, Jr., Eugene V. Henderson, Lewis E. Grissom, Oku B. Provence, Sandlin J. Jordan, Jr., Willie Garcia, Albert R. Furrow, William A. Carpenter, Billie R. Truitt.

Jimmie L. Hogg, Harley W. Myers, Jr., Allen G. Barnard, Jr., Eugene F. Smith, Herman Losburn, Ollie McKee, William D. Brothers, Norman K. Kendall, Vernon M. Miller, James T. Threalt, Arthur N. Riddle, John T. Reed, Jessie E. Hester, Gene L. Gore, Leroy Hanes, Robert E. L. Smith, Jackson C. Tatum, J. T. Latham, Ross Henshaw, Stanley Applegate, Calvin Reed, Mack Buckalew, Gus White Jr., Dewey Dronnan, Paul Cameron, Johnnie L. Toney, Harrel Driver, Sherod Thompson, Jr.

Patricio Hernandez, Arnel A. Hester, Wilburn J. Lobstein, Albert E. Damerson, Bill L. Kidd, Troy L. Jones, B. N. King. Other reclassifications: Valentin Gusman, 1-A; Joseph Touchstone, 1-A; Louis W. Jordan, Enlisted; Lonnie Clemens, Inducted; M. Warren Richardson, Enlisted; Milton E. Greenlee, 2-A; William C. Riddle, 2-A; Claddie L. Pearson, 2-A; Lenard Walker, 2-B; Andrew D. Adams, 2-A; John Collins 2-A; Richmond Sprabery 2-A; Garfield Hulsey, 3-A; Sue Fletcher, 3-A; J. Anderson, 3-A; Pedro Galtan, 4-F.

Grady Teague, 4-F; C. Virgil Swiger, 4-F; Samuel D. Albrecht, 4-F; James V. Stone, Enlisted; Huey C. Russell, 2-A; Jose Prado, 3-A; Clearance W. Lebetter, Inducted; Aguinado Martinez, 1-A; Sam L. Carter, 1-A; William A. Dorman, 1-A; Charlie Brown, 1-A; Jesse Galtien, Inducted; William A. Cook, Inducted; Gustab Laab, Inducted; Thomas S. Johnson, Inducted; Daniel P. Raulsbach, Inducted; Keith Mallett, Inducted; Quinten A. Collins, 2-B; Sisto C. Morin, 4-F rejected; Robert H. Carr, deceased; Floyd A. Moore, 1-A; Willie K. Bolton, 1-A; Raymond Simpson, Enlisted; Mabron E. Henderson, 3-A; Frances L. Payne, 4-F; Don W. Singleton, 4-F rejected; Andy D. Castilleja, 4-F rejected; Francisco Romero, 4-F rejected; Norman H. Hoback, Enlisted; Harold K. Gill, 3-A; Salbader C. Gaudier, Jr., 4-F rejected.

COP FINDS HIS EXAMPLE A TRIFLE CONTINGING

PRATT, Kas. (AP)—Policeman Leroy Peck offered to demonstrate how to snap a pair of handcuffs on a prisoner. He snapped them on his own wrists—and then discovered there wasn't a single key to unlock them in the whole police station. A couple of hours later Sheriff Martin Ray located one.

Mileage Rationing A Certainty

Mileage rationing is a certainty. Our Commander-in-Chief, the President of the United States, has spoken and we accept without question. This is a bitter pill, possibly the bitterest pill that the American public has ever been forced to take, but take it we must. There is one thing that we do not want to forget, and that is whom should we hold responsible. Can we lay our charge at the feet of our Commander-in-Chief, the President of the United States? Certainly not. Should we charge Mr. Jeffery or Mr. Henderson? No. What about our local gasoline board? They are helpless. Then who is responsible? There is one man and only one man who is responsible and that is Herr Hitler. No doubt that he is gloating over the fact that he has put some of us afoot and his sole intentions are to put all of us afoot, including our Armed Forces. The best news that he could receive would be that we, the American people, are holding someone else responsible for mileage rationing.

Let us not misinterpret the real need for mileage rationing throughout the nation. It is not a question of gasoline, except in certain areas where it is due to transportation problems, but it is a question of preserving our rubber supply throughout the entire nation. We must furnish our armed forces with the finest and most modern equipment that American industry can produce. The material over and above that, regardless of what it is, must be rationed to the civilian population where it will do the greatest good.

We are assured by those charged with the responsibility of administering this program of mileage rationing that if we will cooperate one hundred per cent that we are assured:

1. Gasoline for all necessary operation, and
2. Tires for all necessary equipment.

That is all we need and all we can patriotically ask for. Of course no one in Washington knows whether or not you or I need a tire or whether we need five or ten gallons of gasoline to carry on necessary operation with the tires that we now have, and for that

reason the administration has been broken down to the states and to the many counties and communities within the State. In the county our neighbors have been carefully selected to serve us, without pay, so that we might get those things that are necessary in the promotion of this war.

Now let us look at the set up here in our own county. Dawson County War Price and Rationing Board is headed by our good friend and ex-county Judge, Dixie Kilgore. This board is broken down in various panels and the panel that we are concerned more about right now is the gasoline panel. This panel is composed of John Allen, Sr., O. H. Morris, Jerry Spruill, Olon Earnest, and Ben Dopson. Who would attempt to say that these gentlemen are not competent and would not execute their duties in an impartial manner? Right now there are many problems confronting them:

1. Time.
2. Clerical assistance, and
3. Detailed information.
It is going to require several days to administer the program of mileage

rationing in Dawson County. There are going to be errors made and yet possibly, none that cannot be corrected. We must give them all the assistance possible by:

1. Filling out our applications as accurately as possible.
2. Not filling an application unless it is absolutely necessary, and
3. Being patient until they have time to consider our claims.

The Dawson County USDA War Board, the Farm Transportation Committee, and the AAA Office as well as numerous individuals are cooperating to give all possible help.

Thousands of Mexican laborers have already gone South. However, there are quite a few here and it is our duty to come with them to town and assist them in contacting the proper authority in order that their needs might be taken care of.

How should we proceed in order to save time and trouble?

1. If you have a passenger car and have not been issued an A card, go to the gasoline board in the basement of the Post Office, secure an application blank, fill it out, present it to the lady in charge and she

will issue you an A card which is good for four gallons of gasoline per week or 240 miles of driving per month.

2. If you already have your A card and that is not sufficient mileage to take care of your necessary driving, and you do not have an application blank for additional mileage, go to the basement of the Post Office, secure proper blanks, fill it out and file it with the lady in charge to be passed upon by the gasoline board as soon as they can get to it. If your need justifies, they will issue you a B book, which is good for four gallons of gasoline month, or a C card, which is good for approximately 1100 miles of driving per month. In special cases more if necessary.

3. In an emergency case see your local board for an emergency allotment.

4. If you have a commercial vehicle, truck, or pickup and have not already sent for an application blank for a certificate of war necessity, see the ladies on the first floor of the Courthouse and they will fill (Continued On Page Four)

Tulsa's Glenn Dobbs Does Most Everything On Gridiron; He Will Carry His Skills To Sugar Bowl

By BEN FUNK
(AP) Features

TULSA, Okla. — There are two things that Glenn Dobbs doesn't do when Tulsa's Golden Hurricane plays a football game: (1) take tickets, and (2) sell hot dogs. Otherwise this tall, graceful quarterback — praised by many experts

as the nation's finest all-around player — does just about everything that is necessary on a gridiron.

This Dobbs can pass. His record for accuracy is the best in the country, with 62 out of 95 tosses completed, nine for touchdowns. His average gain on completed passes is

14.4 yards. This Dobbs can kick. His average distance is a sensational 52.23 yards in 17 punts.

This Dobbs can run. He has lugged the ball 66 times for a net advance of 5.5 yards a try, and has scored seven touchdowns by rushing.

This Dobbs can tackle. As a sophomore, he drew widespread attention in 1940 by engaging Jarrin' John Kimbrough of Texas A. and M. in a duel and dumping him for a net loss for the afternoon. The coaches say his tackling has improved since then.

Oh, yes, this Dobbs can catch a pass. Once, just for variety, he slipped over to the wingback position, called on understudy Clyde LeForce to do the pitching, and took the pass himself for 25 yards and a touchdown.

"I rate 'The Dobber' among the best back of all time," commented Coach Henry Frnka. "He certainly should be on anybody's All-America team."

"There may be players who can pass as well as Dobbs. There may be backs who can kick as far as Dobbs, or run as well. But I've never seen a man who could do all of these things as well as Dobbs. 'Don't forget, too, that Dobbs is terrific on defense.'"

Those are strong words, but Frnka finds ample support for his opinion throughout the midlands.

Listen to Coach Tom Gorman of Washington University, a former Notre Dame player, on the night that Tulsa wrecked his team, 40-0.

"In my time I've seen many great backs — Cagle of the Army, Schwartz of Notre Dame and many others — but tonight Dobbs was greater than any of them."

This Dobbs, a superbly poised 190-pounder has been going on for years in Oklahoma, but it took the Golden Hurricane's all-victorious record this season to gain him national recognition.

Back in the Frederick, Okla., high school, where he won all-state honors by leading a team that lost only one game in two years, "The

Dobber" first distinguished himself as a passer and kicker.

In those two seasons, Dobbs completed 79 out of 129 passes and had only two interceptions. As a kicker, he was just as good as he is today.

Once, in a tough game with Altus, Dobbs kicked from his own 18-yard line out of bounds on the Altus one-yard line, thus setting the stage for a safety that gave Frederick a 2-0 victory.

The six foot, four inch youngster's kicking and passing ability won him a starting berth with the Tulsa Hurricane as a sophomore, but he was considered NO great shakes as a runner. He had tremendous speed but all of his running was done on a bee-line course, which simplified matters for enemy tacklers.

Last year Frnka told him: "If you would learn to run, you'd be a sure-fire All-American."

Dobbs was willing, and for weeks Frnka and Backfield Coach Buddy Brothers worked with him, teaching him to fake, spin and shift. This year, it is said that he can run as well as he can do anything else — when it is enough said.

Dobbs reached his peak as a passer last year against Texas Tech in the Sun Bowl. The Red Raiders had led the nation in pass defense during regular season but Dobbs threw 29 passes against them, completing 21. The 21st pass, in the last minute of play, was caught by Saxon Judd for the touchdown that gave Tulsa the game, 6-0.

"The Dobber's" best statistical performance this season was in the Washington game. He played two quarters, threw ten passes and completed all of them, three for touchdowns.

Once, he faked a pass, then tucked the ball under his arm and galloped 55 yards to score. Dobbs usually stands flat-footed and tosses short bullet passes 10 to 15 yards across the line, but if he's rushed he can pitch on the dead run without any loss in accuracy. The good-looking youth, who performs his football chores with the easy grace characteristic of a natural athlete, is modest but proud of his accomplishments. His only complaint is that he hasn't seen enough action this year.

"Golly," he said, after Frnka had used him only seven quarters in Tulsa's first six games, "do you think I'll play enough to earn a letter?"

Victory came so easily in those early games that Frnka used Dobbs sparingly, taking NO chance of an unnecessary injury to his star field general, but in later games "The Dobber" saw plenty of action, to the eternal sorrow of Hurricane foes.

He will carry on his football ability in the second largest bowl game of the U. S. on New Year's Day in the Sugar Bowl. Tulsa is pitted against the vaunted Tennessee Vols in this top attraction, which is expected to draw around 73,000 football lovers from the Southwest.

Waymond Moore and Mrs. W. R. Hopkins and family of Fort Worth, spent the Thanksgiving holidays here visiting with their parents, Mr. and Mrs. Ben Moore.

Keeping warm these horse-and-buggy days

You haven't actually traded in your auto for a buggy. But you are out in the air more. And you'll be more comfortable if you change from Summer underwear to mid-weight HANES WINTER SETS.

These garments are warm enough outdoors without being too hot indoors. You'll like them especially if you're conserving fuel with a cooler house this Winter.

You also have the gentle athletic support of the HANESKIN Crotch-Guard. Conveniently placed opening. Flexible waistband.

CHOOSE FROM THESE HANES WINTER SETS. Wear a short-sleeve or sleeveless shirt with mid-thigh Shorts (shown above) or with ankle-length Drawers (Figure A). Ask for HANES WINTER SETS for boys, too.

HANES UNION-SUITS (See Figure B). For men who need even warmer underwear. Fleecy and comfortable. Tailored to exact chest width and trunk length—they won't pinch or pull. Ankle-length legs. Long or short sleeves.

The HANES Label assures you quality garments at moderate prices. We are making every effort to keep you supplied. But if you cannot obtain your favorite style of HANES underwear, remember, much of our production is going to our Armed Forces. P. H. Hanes Knitting Company, Winston-Salem, N. C.

Grandma Had Beauty Tricks Of Her Own

By BETTY CLARKE
Wide World Beauty Editor

Maybe the horse and buggy days are coming back. Maybe priorities will take some of your beauty products. Who cares? Even so, you won't be an ugly duckling. Grandma was a beauty and she never heard about priorities!

In her romantic days she whipped up most of her beauty preparations right in the kitchen. Perhaps you can take a few tips from her; let's go to Godey's Lady Book and see:

The facial mask which kept grandmother's skin lovely and smooth sounds like the morning porridge. She boiled a handful of oatmeal in water and when cool enough spread it on her face. Other times she beat up the white of an egg and lathered her face with it. No, she didn't have blackheads. Once in a while she put a thin layer of cream on her face and held her head over a basin of boiling water to let the steam remove impurities.

Rain Barrel-Beauty. The good old rain barrel was a help to grandmother's flawless complexion too. She wouldn't think of washing her tender skin with hard water. If no rain water were available, she used a pinch of borax to soften hard water.

When she got suntanned (which wasn't often) she bleached the tan and freckles with buttermilk. Sliced cucumbers soaked in skim milk, or

a dash of lemon juice in fresh milk were also her standbys for bleaching. At the first sign of wrinkles, she'd coat her face with a mixture of honey and lemon.

If the bloom in grandma's cheeks wasn't natural, it was next to it. She simply scrubbed her cheeks to a bluish with hot water and a washcloth. She didn't need rouge.

Grandmother's hands were kept lily-white this way: Every time she washed her hands, she dried them thoroughly by plunging her hands into a bowl of dry oatmeal. If they happened to be the least bit rough she rubbed them well with cow's cream. And sometimes she went to bed wearing big mittens made of Turkish toweling after she had covered her hands with a mixture of oatmeal and milk.

Egg Shampoo. She was proud of her crowning glory too. While she didn't shampoo as often as the modern girl does, her hair was kept clean by daily brushing. Her shampoo was a couple of eggs, whipped to froth and then rubbed into the roots of her hair. She let this dry before she washed the egg and dirt out with warm water in a little borax. Grandmother's bath usually consisted of a cupful of cornstarch added to the tepid water. It made her skin as smooth as velvet. Some of the famous beauties of her day were more luxurious in preparing their baths. Of all things, they added crushed strawberries, or floated rose petals in the bath water.

Mr. and Mrs. S. L. Black and family, Mrs. Jessie Reed and Harley Hicks of Canyon spent Thanksgiving here visiting in the home of Mr. and Mrs. J. E. Barron.

SAYS TALKING WOMEN HELP WIN THE WAR

LONDON (AP) — Said a Midland production manager: "Get a gang of women together where they can chin-wag and you get output. Isolate them and the pace is distinctly slowed." He explained it this way: "Sooner or later there will be squabbling, which results in hard eyes, tight lips, and a blistering silence. Strange to say, this also increases the rate of work. The great thing for output is to get them together."

CITY SCRAPS BOUNDARY TO GET MORE SCRAP

WASHINGTON (AP) — Just outside the limits of Harvey, Ill., a large, abandoned grain elevator offered tempting prospects for scrap salvage, but it could not legally be condemned by city authorities. So the city expanded its boundaries to include the site of the elevator, the WPB reports, and 175 tons of scrap iron and steel went to the steel mills.

NOW CAR OWNERS CAN BUY THE NEW Firestone WAR TIRE

YES—It's true! If your present tires cannot be recapped, you are eligible to apply for a certificate to buy the new Firestone War Tire no matter whether you hold an "A", "B" or "C" gasoline ration book.

The new Firestone War Tire is now on sale at all Firestone Dealers and Firestone Stores. Its construction has been tested and proved by more than two years of service. Naturally, you'd expect Firestone to build the best War Tire that can be built, because Firestone has always been a pioneer in developing new processes and creating new products made from rubber. And with its unequalled background of experience in building tires that successfully withstand the most gruelling tests of durability and safety, it is not surprising that Firestone is building a War Tire with such exclusive features as:

Safty-Lock, Gum-Dipped Cord Body—same construction that has made Firestone Tires so strong, so safe, so durable on the road as well as on the

Speedway. The body of the new Firestone War Tire is built to outwear several treads and can be recapped for thousands of miles of extra service.

Firestone Non-Skid Tread—famous for performance and protection against skidding.

Vitamic Rubber—made by adding a new wear-resisting rubber vitamin, called "Vitalin."

If your present tires can be recapped—be sure to have them recapped by the Firestone Factory Controlled Method. Firestone has the largest system of recapping shops in America, strategically located to give you better service. This nation-wide system is strictly supervised and uniform in workmanship. For longer mileage, bring your tires to us for recapping.

COME IN AND SEE IT! The new Firestone War Tire is now ready for the car owners of America. Come in and see it. We will be glad to help you make out an application for a tire rationing certificate.

PROTECT YOUR TIRE MILEAGE with Firestone LIFE PROTECTORS

For longer mileage and greater safety, equip every tire with a Firestone Life Protector. This amazing double-chambered tube keeps your tire inflated in event of a puncture or a blowout, so that you can stop safely without cutting or slashing the precious tire. Any certificate for a new tube entitles you to buy a Life Protector.

Billy McCasland visited his grand-

Four Questions Every American Should Ask Himself

1. HOW CAN I HELP WIN THE WAR?
2. HOW CAN I KEEP THE COST OF LIVING DOWN?
3. HOW CAN I BE SURE TO HAVE SOME MONEY TO TIDE ME OVER THE PERIOD OF READJUSTMENT AFTER THE WAR?
4. HOW CAN I GET \$4 FOR \$3?

An answer to all four questions is: BUY WAR BONDS through the Pay-Roll Savings Plan.

The more Bonds you buy, the more quickly we can win the war.

The more Bonds you buy, the more you reduce the possibility of a rising cost of living.

The more Bonds you buy now, the more money you will have when the war is won.

The more Bonds you buy, the more four dollars you'll get for three!

Put at least 10 percent—not 6 percent or 7 percent or even 9 percent, but 10 percent—of your earnings into War Bonds. Do it through your

company. Twenty million Americans are doing it now. Let's make it at least 10 percent for every American!

WHAT YOU SHOULD DO

- If you are—
1. Already setting aside 10 percent of your pay for War Bonds through the Pay-Roll Savings Plan—boost that 10 percent if you can.
 2. Working in a plant where the Plan is installed but haven't signed up yet—sign up tomorrow.
 3. Working in a plant where the Pay-Roll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
 4. Unable to get in on the Pay-Roll Savings Plan for any reason, go to your local bank. They will be glad to help you start a plan of your own.

THURSDAY, DECEMBER 3
There is a distinctly hollow sound about the Duce Mussolini's subdued victory forecasts to his people even more significant that the gasping, cough-punctuated delivery noted by Allied radio listening posts.

Whether the once roaring lion of Italian fascism is a sick man physically, as so often rumored, is beside the point. It is impossible to scan excerpts of his long and labored diatribe, however, without concluding that he is suffering mentally, and that his gobbling of forebodings and disaster haunts him.

Perhaps the outstanding evidence of that is in the text he borrowed from his Nazi master, Hitler, with which to clinch his victory, predictions. It was that "Japan's intervention (in the war) is the absolute guarantee of Axis victory."

"Japan is invincible," Duce shouted.

Hitler's View
Hitler put it another way in his winter "appeal" to the German fiber is as necessary as tanks, guns, planes, or men trained to operate them. Nothing will be done to slow down the production of food and fiber, but everything possible will be done to increase our production. The unnecessary operations are what must be eliminated.

JOE PETERSON, Chairman Dawson County USDA War Board.

Mrs. Loy Matthews Honored With Miscellaneous Shower Monday Evening

Mrs. Loy Matthews, a recent bride, was complimented with a miscellaneous shower Monday evening at the Lamesa Country Club. Hostess for the occasion were Mesdames O. L. McElroy, Joe English, Edwin Matthews, Chas. Lawler, Mildred Bristo, Mildred Busby, Hugh

Gaines and Misses Thelma Bristo, Ella Dean Drennan and Miss Marjorie Nell Miller.

As the guests arrived they were greeted by Miss Ella Dean Drennan who presented them to the receiving line, which was composed of the Honoree, Mrs. Mattie Herndon, mother of the honoree, Mrs. Matthews, and Miss Thelma Bristo.

During the evening, Mrs. Chas. Lawler presided at the brides book where approximately 40 guests registered.

The serving table was laid with a lace cloth and centered with an arrangement of Fall flowers. Presiding at the table during the evening were Mrs. Mildred Bristo, Mrs. Edwin Matthews, Mrs. Hugh Gaines and Mrs. Joe English.

Throughout the evening Miss Marjorie Nell Miller played piano selections.

PARENT TEACHER ASSOCIATION TO MEET DECEMBER 10

The Parent Teachers Association will meet December 10 at 3:30 o'clock in their regular meeting, at the Elementary School Building.

The subject for the program will be "Courage on Critics." The Elementary Chorus Girls will give several vocal numbers.

This being the last meeting in 1942 all mothers are urged to attend.

New Officers Elected For The Federation Of Church Women At Meeting Monday

The Federation of Church Women met Monday afternoon November 30, at the First Methodist Church.

The meeting was opened with an Organ prelude and was followed by the group singing "Holy Holy Holy."

The Lord's Prayer was given in Union and was followed by a talk "Words of Appreciation" by the President Mrs. J. W. McDonald.

Mrs. Carl Rountree gave an Organ solo. The Devotional was given by Mrs. Leslie Pratt and was followed by a duet given by Miss Patsey Jo Rountree and Miss Mary Lou Frazier.

A Sunday School Reading was given by Patricia Blanton.

During the business session officers for the coming year were selected. They are: Mrs. T. A. Kellam, President; Mrs. Victor Crawley, Vice President and Mrs. G. A. Blanton, Secretary.

Retiring officers were Mrs. J. W. McDonald President; Mrs. C. A. Elland, Vice President, and Mrs. Arthur Hull Secretary.

Refreshments were served at the close of the Meeting by the hosts.

Farmers May Appeal For More Gas For Trucks

WASHINGTON, Dec. 2 (AP)—County farm transportation committees will handle the appeals of farmers for more gasoline for farm trucks.

The Office of Defense Transportation said today, but will not issue certificates of war necessity themselves.

Under the new arrangement explained yesterday in an ODT statement which declared "no farmer is to be put out of business by the certification plan, the certificates will continue to be issued and mailed from the Detroit ODT office."

May Make Appeal

However, if a farmer feels the amount of mileage and gasoline granted him by the ODT certificate is insufficient, he may appeal to his county agent, county war board, or county farm transportation committee.

If the committee is convinced that more gasoline is needed, it will recommend that a revised certificate be issued. This recommendation will be sent to the ODT district office for the area in which the farmer lives. The district officers have been instructed to accept the recommendations of the committee unless they contain obvious errors.

Any farmer who has applied for but not yet received his certificate of war necessity should apply directly to his local OPA ration board, the ODT said, for a temporary ration to carry him through December.

Robert Carr Buried Here Last Friday

Funeral services were held for Robert Howell Carr, Friday afternoon at 4 o'clock in the First Baptist Church, conducted by Rev. E. F. Cole, assisted by Rev. Waldorp.

Robert was injured in an auto accident Tuesday night, November 24, about 8:30 o'clock. He succumbed to his injuries the following day at 11:30 in the Price Hospital, where he had been carried, after being removed from the wreck.

He and a neighbor had just returned home from a deer hunt bringing back with them two deer and a turkey. Having been away from his farm several days, he decided to go to Mungler to see about his cotton there. It was one mile east of Mungler gin the accident occurred. It is believed he was out fixing a flat tire when the other car collided into his.

Robert had lived in Dawson County since he was 4 years of age, most of that time he had resided in the Union Community. No boy has ever lived in the community who had more friends than Robert. He was especially a favorite with any group of boys he was part of.

Robert was born in Howard County, September 30, 1915. He was converted at the age of 12 years and immediately presented himself as a candidate for baptism. He was a graduate of the 1933 graduating class of Lamesa. In 1933 he was married to Miss Naomi Thomas, to this union 3 children were born. Jean 6 years, Jackie Yvonne deceased and William Robert 2 years. Others in his immediate family, are 3 sisters, Mrs. Arthur Carlton, Los Angeles, California; Mrs. E. L. Barron, Lamesa, and Mrs. Buck Newman, Lamesa; one brother, Raymond and his parents, Mr. and Mrs. R. A. Carr of the Union Community. His grandparents, Mr. and Mrs. Creighton of Big Spring and Mrs. Carr of Lamesa, all were present for the funeral.

Other relatives from Oklahoma, Big Spring, Hamlin, Levelland, Lubbock and O'Donnell attended the funeral, also many friends from out of town attended.

The high esteem in which he was held by his many friends and relatives was manifested by the unusually large crowd that filled the church, to pay their last tribute of respect, and extend their sympathy to the family, stricken with grief because of the sudden going of their loved one.

Pallbearers were Henry Norris, H. B. Miller, Les Woodul, J. C. Clearman, Arthur Nolan and Clarence Myers.

His body was laid to rest in the Lamesa Cemetery with Clyde Brannon in charge.

A FRIEND.

Christens Liberty Ship In Houston

Mrs. Elliott Roosevelt of Fort Worth receives a bottle of champagne from Mrs. Reed A. Albee of Houston just before the daughter-in-law of President Roosevelt christened the liberty ship SS Joseph E. Johnson, at the Houston Shipbuilding Corporation yards. Let to right are: Arthur Stout, vice-president and general manager of the corporation; John Galiano, chief hull clerk who made the principal address; Mrs. Roosevelt; Mrs. Albee, and Capt. H. R. Grenlee, administrative assistant of the corporation.

Mr. and Mrs. Billie Gill and Miss Louise Gill of Fort Worth spent the week end here visiting with relatives and friends.

Steve and George Murphy and

Mr. and Mrs. G. W. Harrison and Carolyn McMullen visited with Mr. and Mrs. Paul Collier in Jalisco, Mexico, over the week end.

Miss Lillian Huffstetter of Snyder visited with relatives and friends here over the week end.

THE MOST IMPORTANT ANNOUNCEMENT

EVER MADE BY THE U. S. TREASURY DEPARTMENT

The 9 Billion Dollar Victory Loan Drive Is On!

This week the United States Government begins the task of borrowing nine billion dollars from accumulated savings and idle funds in the next several weeks as an essential part of winning the war more quickly and more completely.

During these critical weeks you probably will be visited by a representative of one of the securities firms or banks which are contributing their time and effort—without compensation of any kind—to the Victory Fund Committee. He will explain to you, for instance, the benefits that you can obtain from the new Victory 2½'s—available for the first time. Welcome him as a war worker when he calls. If you miss him, ask your banker or securities dealer for full

particulars. There is no limit to the amount that you can purchase.

Today many American families are torn apart. Millions have left their homes or their jobs; thousands have given their lives and many more are prepared to do so.

But the government, your government, is not asking you to give anything to this Nine Billion Dollar Drive. It is asking you to lend it all of the money you can possibly invest in what is the safest investment in the world—at a good rate of interest.

When the Victory Fund representative calls, please remember this: it is in your own interest, as well as that of your country, to listen to him—and to invest.

BUY THESE VICTORY 2½'s NOW

Twenty-six year 2½ per cent bonds due December 15, 1968, callable December 15, 1963. Issued in coupon or registered form at the option of the buyer. Commercial banks will not be permitted to hold these bonds until ten years after the date of issue. There is no limit on the amount any eligible investor may purchase. Interest is paid semi-annually, June 15 and Dec. 15. The bonds will be sold in denominations from \$500 to \$100,000. In the event of the death of a holder, the bonds may be redeemed at 100% and accrued interest for the purpose of satisfying federal estate taxes.

Two series of shorter term obligations: (a) 1½ per cent bonds due June 15, 1948, and (b) ¾ per cent certificates of indebtedness due one year after issuance. These securities are open for subscription by banks, and also by all other classes of investors, whether private, corporate or institutional.

Other Treasury Securities offered to investors through the Victory Fund Committee are Treasury Tax Savings Notes A and C, and U. S. Savings Bonds, Series F and G.

THE DAWSON COUNTY COURIER

KEY

Denver, Truitt

Edd Grissom left Friday for Tampa, Florida, where he will visit his son Sgt. Paul D. Grissom.

HOW TO HELP PROTECT EYES AND GET MORE FROM YOUR LIGHTING!

1. SET A GOOD EXAMPLE FOR THE CHILDREN! Our eyes get worse as we get older... not better. Whether you're reading a bedtime story or a report from the office, make sure your lamp has the right size bulb. You can't go to work tomorrow fresh for any important job... unless you protect your eyes tonight!

2. KEEP BULBS AND SHADES CLEAN! Scientists say you can get from 25 to 30% more light from a reading lamp just by keeping shades, bulbs and reflectors free from dust! Wipe bulbs with a damp cloth. If shades are dark inside, clean them or replace with white-lined shades that reflect light instead of absorbing it.

TEXAS ELECTRIC SERVICE COMPANY

C. E. CAMERON, Manager

RURAL CORRESPONDENCE

MIDWAY

Mrs. W. E. Love

Those visiting with Mr. and Mrs. Carmichael over the week end were Cpl. Emmitt Carmichael of South Dakota, Mrs. Orr of Cleburne and Ethel Carmichael of Los Angeles, California.
Sgt. and Mrs. Paul Pritchard of Lubbock spent Thanksgiving here visiting with Mr. and Mrs. S. P. White.
Mr. and Mrs. S. P. White spent Sunday in Big Spring visiting with Mr. and Mrs. Ted Vinson.

Meet The Fighting U. S. Fliers Who Blasted Rommel

By THORURN WIAINT

Wide World Features

CARIO — Ten days of flying, eating and sleeping with American fliers in the western desert have made me fairly glow with patriotism.

I am prouder than ever that I'm an American after seeing our boys and what they are doing. They are flying medium bombers which are blasting enemy troop concentrations, motor transport, tanks and airports, thereby enabling the Allied ground forces to advance toward the west. They are flying fighter planes which protect bomber missions that are scoring terrific records in the destruction of enemy

planes.
Talk Of The Desert
Their achievements are the talk of the western desert, yet they are modest and reluctant to talk about what they have done. They prefer to listen to swing records such as Bing Crosby singing "I'll See You In My Dreams" or Dinah Shore crooning "I Wanna Go Where You Are."
All are young; their average age is 23. Col. Curtis Low, of Needham Heights, Mass., executive officer of the bomber outfit with which I spent several days, is 30 years old.
The men swear by him. As an operations officer, Col. Low is entitled to stay behind the lines and direct the activities of others. But he isn't content to do just that. The other day he went on a dangerous bombing mission, flew into heavy ack-ack and dropped eggs. Some ack-ack knocked out his right engine and he headed back for a landing behind our lines. When he put the plane down, the left tire hit a sharp stone and blew out. But he brought her in safely. American officers are like that — always doing more than they are supposed to do.
Morale of the boys I met was high. Captain T. S. Cordill, 36, of Los Angeles, who is our Senior Chaplain in the Middle East, told me that they have no worries except those caused by news in their letters from home.
All Are Healthier
I ever saw — rosy cheeked, tanned, clear-eyed. Captain O. H. Ake, 26, of Clarkfield, Minn., flight surgeon on one unit, told me the men are healthier in the western desert than in the United States.
All these boys have what it takes to win wars.
I spent 24 hours with eight fighter pilots going out on a pre-dawn strafing mission. In the evening we briefed — that is, we received instructions about strafing the target, a enemy airdrome.
I slept in the tent of one Captain Glade "Buck" Bilby, 23, of Skidmore, Mo., tagged by friends "the Clark Gable of the Western Desert." I got up at 4 p. m. and ate breakfast with them as they talked about the job they were going to do. It was a highly perilous mission, but they discussed the last letters they had received from home. We finished breakfast and they took off in a purple haze. An hour and a half later seven came back. The eighth had crashed in enemy territory.
We sat around the table and reviewed the mission. They didn't say much about the eighth who didn't come back. Instead they talked about a blonde singer they had heard in Miami, Florida.
That is what it takes.
About 2,300 U. S. cities with a total population of 11-12 million depend on private cars because they have no transit systems and 54,000 communities, lacking railroad facilities, depend on trucks and buses.

LET US MAKE THIS A GOOD CHRISTMAS

Our chain of joyous, untroubled Christmases is broken. This Christmas will be different... but we can still make it a good one. All that Christmas means to us is in peril today and may be lost to us unless we dedicate ourselves wholly to the task of winning the war. We must preserve our Christmas spirit, so it will shine out for all the world to see. This Christmas, of all we have ever known, must be a good Christmas.

The Gift She'll Really Wear! WOMEN'S SPORT JACKETS

4.98

Wool flannel popular tie, but a very acceptable gift. A Gift For This Year!

PENNEY'S TOYLAND FUN FOR EVERYBODY!

THE PENNEY WAY IS THE THRIFTY WAY... THE THRIFTY WAY IS THE AMERICAN WAY

"TOPPING" our biggest job

Long ago the railroads made possible the swift settlement and development of this land.

Today they face their greatest test in the struggle to preserve it.

For this is essentially a war of rolling wheels. Millions of men, and tens of millions of tons of vital raw and finished products must be moved swiftly and surely, where and when they are needed.

Stop the wheels that move them, and we stop all that floats and flies as well.

That is why today, on the Santa Fe, movements essential to the war effort are "topping" the biggest job in our history. They must come first, beyond argument or selfish interest, on every American railroad.

KEEP 'EM ROLLIN'—OR ELSE

* No nation that does not possess efficient mass transportation can hope to win a modern war. In America that mass transportation job is squarely up to her railroads. If they fail, we lose.

Neither battle gallantry nor industrial wizardry alone will turn the tide. To meet this tremendous responsibility, we ask for every possible consideration in the allocation of materials for vitally essential repairs, maintenance and new equipment.

LET'S ALL PULL TOGETHER

As the tide of military rail travel mounts, you can help us maintain adequate civilian passenger service as well, in these ways:

* Make reservations and buy tickets early * Cancel unwanted reservations promptly * Carry least possible luggage, checking extra pieces to avoid crowding * Vacate dining cars quickly after meals * Travel mid-week, avoiding week-end and holiday rush periods.

Turn freely to your local Santa Fe representatives for help on your travel or shipping problems.

FARM NEWS

from YOUR COUNTY AGENT TEXAS EXTENSION SERVICE

There has been a marked increase in the volume of tenderable cotton with desirable qualities in 1942 over that produced in 1941 in Dawson County," states a local cotton buyer. "In 1941 grades were low due to the unfavorable weather conditions, but there was lots of cotton that the trade could use. This year there has been a heavy increase in the number of bales of cotton that have the staple and character for which there is a good demand by the trade. I attribute the bulk of this increase of desirable cotton to the heavy plantings of the Mebane 141 in 1942.

"We know that this cotton was developed by the Experiment Stations in West Texas. We know that its yield compare favorably with other varieties. And we know definitely that this variety is being demanded by the trade. Open weather has kept the grades good. "If the West Texas farmer would pick his cotton rather than pull it he would get more returns in dollars and cents. Too, the ginners would be in better shape especially since cost of upkeep would be lower and replacements, which are now so hard to get, would be held to a minimum.

"I am well pleased with the contour lines that you ran for me," states B. P. Painter, Dawson County farmer living in the Klondike Community. "The yields per acre are well above my expectations. In fact, where I built terraces I am making a good bale to the acre."

"Every acre of my land is terraced, and this year, with its low rainfall, I am going to crowd a bale per acre on my cotton crop," states J. S. Allen, Dawson County farmer-stockman farming in the Key Community. "My stands are even. My plant growth has been very uniform. And the yields are indeed satisfactory."

Dawson County 4-H Club Boys, who are not Pig Club Boys at the present time, will have the opportunity of entering another Sears Contest next spring, states B. J. Baskin, County Agent of the Texas A. and M. College Extension Service. The eight boys that now have these fine gifts will give the best gifts out of their first litters to the County Agent. Those eight gifts will be awarded to eight 4-H Club Boys, who will be selected from those that enter an essay contest.

Lots of boys are looking forward to entering the 1943 contest. Now is the time for every 4-H Club Boy that is interested in Pig Club work to start work in preparation for the contest. Any 4-H Club Boy interested in the 1943 Pig Club Contest is urged to see the County Agent.

Farmers are urged to start their repairs of all farm machinery now, states B. J. Baskin, County Agent of the Texas A. and M. College Extension Service. The WPB has cut down on the number of new tractors, planters, etc., that can be built for 1943. It has also increased to amount of iron and steel that may be used to make repairs and parts. However this order of the WPB can not and does not speed up the delivery of these parts.

It is wise management on the part of farmers to make repairs as early as possible. To delay might mean delay in listing of land or the planting of the 1943 crops. Further labor shortages in 1943 are going to create further demands for planting seed of types of grain sorghums adapted to combining. Good seed, seed direct from the farm of the breeder, will bring increased yields over home-grown seed. Dawson County farmers are urged to secure their planting seed for 1943

of such types of maize, etc., at an early date.

The problem of changing from soaked feed to dry feed for fattening hogs comes up very often, states B. J. Baskin, County Agent of the Texas A. and M. College Extension Service. Feeding experience show that once a hog is started on soaked feed it is hard to change him over to a dry feed. Experiments conducted at our Experiment Station show, however, that once a hog is started on dry feed he will gain as much weight and in as short time as one on soaked feed. Your water is wasted in the soaking process. The time and labor put out by the farmer is lost.

"The meat of the whole problem is whether the hog is working to make a profit for the farmer, or the farmer is working to make a profit for the hog.

"Start your hogs on dry feed. Start them on a self-feeder. A hog will make an average of 23 trips per day to a self-feeder. And when a hog is eating 23 times a day he will make faster gains than he will when fed only three times per day.

A self-feeder for hogs or for cattle is a labor saver for the farmer. Farmers are going to be short on labor in 1943. Any labor saving device he can use will cut costs.

Green feed, such as oats, wheat, barley, etc., is limited on the average farm. Green feed is high in Vitamin A, which is essential in all rations. If you do not have plenty of green feed for hogs, cattle or poultry, be sure to feed bright green alfalfa hay.

Threshed grain sold through hogs will bring the average farmer at least \$2.00 per hundred. If you can not sell your home-grown grains for \$2.00 on the open market then sell it through hogs.

Feed sold through livestock not only brings greater returns to the producer but also contributes more beef and pork and produce for our War Efforts.

Old Post Exchange Ain't What It Used To Be
By WALDO WEISE
Wide World Features

FORT DES MOINES, Ia. — The "Hell for Leather" cavalry boys wouldn't recognize their old hang-out today.

The post exchange at Fort Des Moines, where cavalrymen swapped stories, enjoyed soft drinks and brought mementoes of army life for 40 years, now features powder puffs, soap flakes and nail polish.

There's a modern "self-service" section around the balcony where the new residents — members of the Women's Army Auxiliary Corps — can buy personal items, snacks of food and other things to round out life on the post.

Display cases that once held pocket knives, men's handkerchiefs and watches now hold items reserved for women only. Several cases are filled with various types of vanity cases, powder boxes, nail polish, polish remover and cosmetic sets. There are dainty "kerchief" displays and cases of jewelry—clips, rings and pins.

In the balcony "self-service" department a dozen types of soap flakes and other items for washing hose and underthings are on display in typical grocery store fashion.

There is the usual soda fountain, soft drink bar, candy department and counters displaying cameras, post cards and souvenirs. The exchange still sells cigars, cigarettes and tobacco — there are many men officers and soldiers on the post — but generally speaking, boys, you wouldn't recognize your old place.

Remember when a woman was a novelty in the building? Ninety per cent of the customers are women now.

THERE'S SOME CONFUSION IN THE ANIMAL KINGDOM
CALDERWOOD, Tenn. (AP) — Mountaineer game warden Mark Tipton lives way back in the East Tennessee hills. The other day, so he told a fellow game warden, he placed his coat on a rail fence in order to chase a bear out of his back yard to save his cow. And before he could return to the fence a giant eagle swooped down and sky-rocketed away with his coat, thinking it was a chicken.

EVEN DRINKER'S CHECK WAS IN HIGH SPIRIT
JOPLIN, Mo. (AP) — The fellow Judge Ray Watson fined for bringing liquor into court paid his penalty with a \$10 check that bounced.

Farmers Will Vote Dec. 12 On Marketing Quotas

Wherever you live in Dawson county, there will be a polling place nearby in the cotton marketing quota referendum Saturday, December 12.

War-time restrictions and the importance of all farmers voting make it necessary to increase the number of polling places for the referendum. J. M. Peterson, chairman of the County AAA committee, has announced.

"Since every cotton grower in the county should participate in the referendum, we are doing what we can to make it as easy as possible for them to vote by increasing the number of ballot boxes," the AAA chairman said.

This year there will be 12 ballot boxes in the county compared with 4 boxes in previous referenda.

"Gasoline rationing, tire shortages and other wartime problems required that the number of boxes be increased," Peterson said.

Polling places in Dawson county will be open from 8 a. m. until 7 p. m. at the following places:

Lamesa, Shumake, Key, Harmony, Hancock, O. K., Welch, Bartlett, Union, Higginbotham, Klondike, and Five Mile.

Potter County Ration Board Standing Firm

Potter county's gasoline rationing board stood its ground Wednesday in the face of an admonition from state OPA Director Mark McGee that governmental agencies were entitled to extra fuel when they meet prescribed qualifications.

Amarillo's board previously had rejected all but a few requests from federal and state agencies for more gasoline, holding that only those proving a direct, vital bearing on the war were entitled to such.

Airmail Letter

Wednesday the board received an airmail letter from McGee. Its contents were not immediately revealed but presumably they reiterated his admonition of Tuesday night. The board made this answer: "Officials of the board believe each member had in mind all the points raised by McGee when the board voted on each individual case. The board is preparing a reply."

McGee's contention was that no board had a right to refuse government agencies extra gasoline when the latter met eligibility requirements.

Earlier the board announced it had received many congratulations for its stand, including wires from Chicago, Fort Smith, Ark., and Louisville, La.

Lt. Gov. Elect John Lee Smith of Throckmorton applauded the action of the Potter county board and suggested that other boards follow the example "in order to bring the government to a realization of the drastic regulations enforced on private citizens."

Austin Settles Problem

Meanwhile the city of Austin settled a problem arising from rationing. It decided to continue the use of parking meters even through the parking problem no longer is acute.

The South Texas Chamber of Commerce said some ranch interests have complained of inadequate allowances. It cited a telegram sent to Senator Tom Connally by I. P. Cherry, Beeville Chamber manager.

"Under proposed gasoline rationing plan certificates of war necessity for all trucks and pickups are issued by Washington, D. C. Some of these certificates are coming through, all requested mileage reduced by 15 to 80 per cent. Typical examples: Farmer operating 500 acres 12 miles from town, 100 of which is war crops, has 400 livery items, feeding 40 hives, requested 16,000 miles travel, allotted only 8,200 or 3 1-2 gallons per week. This is lower than town cars."

"Ranchman operating ranches 20 miles apart requested 25 gallons weekly, allotted 10 gallons weekly. "Ranchman asks what days should feed cattle and doctor screw worms and what days should let cattle go hungry and screw worms operate unmolested."

Dawson County Citizens Asked To "Share The Meat"

"Dawson County Neighborhood Leaders of the County Agricultural Victory Council are contacting their neighbors this week to explain the "Share The Meat For Victory Program."

"This rationing of meat is strictly on a voluntary basis at the present time, states B. J. Baskin, County Agent of the Texas A. and M. College Extension Service. However each person is asked to ration himself or herself on the same basis as if Ration Cards were issued."

"Slaughter houses were limited to 80 per cent of their normal slaughtering this year. During the next thirty days they are asked to limit their slaughtering to 70 per cent. The civilian population is asked to limit their consumption of beef, pork and mutton to 2 1-2 pounds per person per week. Civilians are also asked to increase their use of poultry, fish, etc. The reasons for such rationing, the use of other meats and the part each individual is to contribute to our War Effort will be explained to farmers by their Neighborhood Leaders."

Alcohol freezes at 200 degrees below zero, Fahrenheit.

William Groom Dies Here Early Thursday, Dec. 3

William Hop Groom passed away in a Lamesa hospital Thursday, December 3, following an illness of five weeks.

Mr. Groom was born on December 31, 1900 in Auburn, Tennessee. He had made his home in Lamesa for the past two years, and was employed at the Lamesa Glider School.

Burial will be made in Tye, Texas. Complete funeral arrangements had not been made when the Courier went to press.

Survivors include his wife and one small son, his mother, Mrs. J. G. Groom of Abilene, two brothers, C. W. Groom, Lorraine, and Guy Groom. Three sisters, Mrs. P. Briggs, Monterey, California, Mrs. W. T. Abbott, Abilene, and Mrs. Troy Briggs, Clyde.

AFTER THIRTY YEARS, LEARNS NAME IS WRONG

TULSA, Okla. (AP) — In the city directory you will see him listed as Bernard A. Lemser. The telephone book lists him the same way. Only recently Mr. Lemser found that for 30 years he has been going by the wrong name. It should be August Carl Lemser, Jr., he says, and he's changing all his registrations.

A volcano in the New Hebrides is generally in eruption every three or four minutes.

Mrs. Weaver Buys Smith Green House

Announcement is made this week by Mrs. J. R. Weaver of the purchase of the Fred Smith Green House, located at 611 South 4th Street.

Mrs. Weaver will continue to operate the flower shop at her home in addition she will open a new shop at the Green House. Watch next week's paper for a special announcement.

Sam Turner Gets Promotion

Sam G. Turner of Lamesa, was promoted to technician 5th grade at William Beaumont General Hospital, El Paso, Texas, on November 27.

Tech. Turner was inducted into the army on March 20, 1941, and after processing at the Fort Bliss Reception Center, was transferred to William Beaumont General Hospital on March 22, 1941. He has been on guard duty where his efficient work has earned him his present promotion. It is felt that Tech. Turner will undoubtedly go much further before his army career is completed.

CAT FIGHTS BICYCLE, AND THE FUR DOES FLY

DUNCAN, Okla. (AP) — P. L. Wilbur was pedaling his bike down the street when a cat disputed the right-of-way with him. Wilbur wound up in a heap, with cat fur clinging to the spokes and the frame of his bike.

Letters To The People

Lamesa, Texas, December 2, 1942

Dear Friends: It's my good pleasure to greet you all I wish to express my gratitude for your kindness and many good deeds that I have enjoyed. I shall forever have you at heart.

My reference Dr. and Mrs. R. F. Nix, Mr. and Mrs. Beal, Mr. and Mrs. Ben Olson, Mr. and Mrs. Walter Collins, and Mr. and Mrs. Gus Ragdale.

I am ready for the army and my departure is at hand, I mean to fight until God says well done. I can do all through Christ which strengthens me.

Rev. George Flemmings.

ARTILLERYMEN PICK UP SKULLS IN ALASKA

AN ALASKAN ARMY OUTPOST (AP) — Artillerymen get practically all the best souvenirs at this advanced army base in the Aleutian Islands.

No souvenir is quite such a prize to a soldier as a nice grinning skull. At one time there were many Aleuts in these islands and they always buried their dead on headlands so that they could look out to sea from their graves. The artillery has to have its guns similarly placed and the skulls just naturally come up when the gun crews dig in.

PATCHES COME IN BATCHES

WHITE STATION, Tenn. (AP) — The customer wanted S. A. Burkhardt to put six new patches on his tattered inner tube. But that wasn't what made Burkhardt gasp. The tube already had 79 patches on it.
