Senate Showdown On Anti-Poll Tax Legislation Promised

Leaders Make Plans To Quit At Early Date

Democrats Shout Sabotage; Bitter Charges Hurled

(By The Associated Press)

WASHINGTON, July 28 — Senate Republicans decided today to have committees study President Truman's requests for housing and anti-inflation legislation and to make an effort to outlaw the poll tax.

Chairman Millikin (R-Colo) of the Republican conference announced the decision after an almost three-hour closed session of the Republican senators.

Press To Decision

"It was decided to take up the anti-poll tax bill, and that we will press the matter to decision," Millikin told reporters. "We will make every effort to pass the bill."

Southern Democrats have promised to filibuster against it —a move that possibly would block indefinitely other action by the Senate.

"There is a general feeling around here that we will finish in about two or three weeks," Millikin told newsmen.

He said the Senate Republicans approved a general policy statement issued last night by top GOP leaders of House and Senate.

Millikin acknowledged that some senators had protested the statement, but added "there was no dissent on policy."

Explanation Is Given

Asked what "policy" means, Millikin replied—

"No appropriations, no confirmations, limiting the session to matters of an emergency character of national interest and getting through as soon as possible."

Millikin said the Republicans also agreed that the appropriate committees will consider the specific points in Mr. Truman's message to Congress yesterday.

They agreed to act, he said, on anything "of an emergency character and of national importance."

One other qualification, Millikin added, is that legislation considered must be capable of being "properly processed within the time permitted to an emergency session."

No Quitting Date Set

"We were agreed that we should not stay here long enough to interfere with the proper conduct of the campaign," Millikin said, but added that no adjournament time was set.

Republican leaders have laid plans for adjournament as "soon as possible"—probably next week or the week after.

Earlier, Senator Wherry (R-Neb), acting majority leader, said the GOP senators agreed to a 24-hour delay in any attempt to bring up the anti-poll tax bill.

But Wherry quickly added that any senator, including the score of southern Democrats, can upset the present plans and touch off an immediate filibuster which would tie the Senate in a wordy knot.

"My guess is that we will meet, hear a few speeches and then adjourn until tomorrow to get a

Cool Front Is On Way Here

(By The Associated Press)

That magic word "cooler" showed up in the Texas weather forecast today.

But the Weather bureau wants you to know that something could go awry, and also that temperatures cooler than those experienced recently could still be pretty warm.

The forecast said a cool front moving down from the north may drop temperatures in the extreme northwest portion of East Texas tomorrow, and in the Panhandle tonight and tomorrow and South Plains tomorrow.

Laredo Hot Spot

Sometimes such a cool front starts galloping south but pulls up sharp just short of panting Texans, the Weather bureau warned.

Meanwhile high temperatures continued. Yesterday's high was 104 at Laredo, followed by 103 at Alice and Crystal City, 101 at Wichita Falls and San Antonio, and 100 at numerous points. Corsicana reported 102 for yesterday —highest reading there this year. Presidio, usually the hot spot, had a high of 89 yesterday, saved by cooling showers.

Scattered thundershowers are predicted for most of Texas again. One such shower near Dallas yesterday dropped temperatures 18 degrees in an hour.

The Weather

WEST TEXAS — Considerable cloudiness this afternoon, tonight and Thursday. Scattered thundershowers this afternoon and tonight and from Pecos valley eastward Thursday. Cooler Panhandle tonight and Thursday and in South Plains Thursday.

EAST TEXAS — Considerable cloudiness with scattered thundershowers mostly in north portion this afternoon, tonight and Thursday. Cooler extreme northwest portion Thursday. Moderate to fresh southerly winds on the coast.

Registration For 19-25 Draft Will Be As Painless As Possible

WASHINGTON, July 28 (U.P) Selective service officials said today that registration for the new 19-through-25 draft will be made as painless as possible.

★★ FINAL EDITION

They said that in cases where the older registrants are clearly exempt from service, they may not even have to fill out questionnaires. This will be especially true in the case of veterans whose military records are known to their draft boards.

Selective Service Director Lewis B. Hershey told the Senate armed services committee yesterday that his organization hopes "to bring certainty to the upper age groups as soon as possible as to whether they will or won't be taken."

He said selective service will call the 25-year-olds first and then work backward to the 19-year-olds. He added, however, that only about 8,000 25-year-olds will be taken into service. Of the 5,000,000 men in the 22-through-25 age group, all but about 70,000 will be deferred.

Emperor Hirohito Is Described As The Typical "Sad Sack"

"10 Most Provocative Faces"

NEW YORK, July 28 (AP)—Emperor Hirohito has the most pity-producing face in the world and film actress Ava Gardner has the sexiest one, the Artists League of America said today.

Issuing its selection of the "ten most provacative faces in the world," the national organization of painters, photographers and other artists listed these choices—

"Emperor Hirohito—typical 'sad sack.' . . . His face provokes pity.

"Amir Faisal-Al Saud—Saudi Arabia's foreign minister . . . his face . . . provokes fear and hatred.

"Boris Karloff— . . . A soothing, gentle, sensitive face which provokes calm.

"Winston Churchill— . . . In some photographs, he looks like a petulant cherub whose cheek you want to pinch; in others, you figuratively withdraw to avoid a blow. His face provokes a father image.

"Sammy Kaye—The bandleader's eyes . . . (reveal) a twinkling warmth; they combine with other facial features to provoke a reaction of friendliness.

"Ava Gardner—The sensuality of this movie actress' face would excite even an octogenarian.

"Ernest Hemingway—A brooding surliness. It provokes annoyance.

"Candy Jones— . . . Provokes a nostalgia for the girl back home.

"Diego Rivera—Confusing composite . . . it provokes a reaction of 'make up your mind, mister."

"Jimmy Durante—The brightest and perkiest of all unhandsome faces. It provokes chuckles."

Ship Was One Of Three On World Flight

One Survivor Is Found; Bodies Of Others Missing

(By The Associated Press)

ADEN, July 28—An American B-29, one of three making a circuit of the globe, crashed into the sea last night after taking off from this port on the south coast of Arabia.

One survivor—identified only as Sergeant Gustafson—was reported picked up by a local fisherman, who brought him to shore. He now is in the RAF hospital and reported resting comfortably.

List Of Men Issued

(Capt. Percy H. Kramer, public information officer at Davis-Monthan field in Tucson, Arz., the ships' home field, issued a list of the men aboard the three planes last Thursday night, which included M/Sgt. Sigyer R. Gustafson, Norwood, Mass.)

Col. J. C. Eelser, commandant of Davis-Monthan field, said two of the planes had 18 men aboard and the other had 17. He said he had not yet received any report on the crash from overseas.)

The crash occurred about a mile off shore. The wreckage is visible from the shore. The RAF and navy patrolled the beach throughout the night and early this morning but found no bodies.

Left Six Days Ago

The three big planes left the Air Force base at Tucson, Arizona six days ago on what the Air Force called a "routine long distance training" flight. It was the first around-the-world attempt for B-29s.

They reached MacDill field at Tampa, Fla., for refueling the same day they took off. They landed at Lagens air base in the Azores the following day. Their next stop was at Wheellus field, Tripoli, and they reached this port Monday morning.

The three planes carried a total of 53 men, an announcement in Tucson last week said. The customary complement of a B-29 is nine men.

Return Set Aug. 5

The planes were scheduled to return to Tucson Aug. 5.

The Air Force was careful to note that the flight had the concurrence of the State department, which had taken a dim view of previous Air Force projects to send big flights of warplanes on globe-girdling scouting trips.

According to their original flight plan, the B-29s were to go to Ceylon from Aden.

The crash occurred at 7 p. m.,

VIOLENT SCUFFLE ENDS IN DEATH

Pastor Kills Man He Caught Stealing $50 From His Desk

(By The Associated Press)

PHILADELPHIA, July 28.—While 25 parishiners were meeting in an adjoining auditorium, the pastor of a North Philadelphia church last night shot and killed a man he had surprised stealing $50 from a desk in his study, police reported.

Police identified the victim as Robert Winters, 25, and said he was killed instantly by five bullets as he tried to flee from the New Light Tabernacle Baptist church.

The Rev. Theodore Bullock, 39, pastor of the church, told police he fired the shots from a .32 caliber pistol.

The shooting, according to police, climaxed a violent scuffle during which the intruder dropped an envelope containing the money.

Many of the parishioners hurried to the vestibule at the rear of the main church auditorium as the last two shots were fired.

All five shots struck the man in the upper part of the body, police said.

NEW MEXICO MAN LOSES CASH

Woman Is Charged In Theft Of $1,560

A warrant was issued early this afternoon from the court of C. E. Lynn, justice of peace, for arrest of Mrs. Robert Ware, who was accused of theft of $1,560 in money here today from an elderly New Mexico man.

District Attorney Lloyd Croslin and Dep. Sheriff Earl Horton were informed that the woman and the New Mexican took a few drinks together at a downtown hotel a few minutes after midnight.

"Probably Was Doped"

The officials were told that the complainant "probably was doped."

When he awakened, all his money—which he had obtained for payment of a hospital bill here—was gone.

The woman, investigators were told, skipped town about 4 a. m., probably by train.

She was accompanied by a man, officials believed.

The woman was described as from 23 to 25 years old, about 5 feet 4 inches tall, 115 to 120 pounds in weight, having upper front teeth rather widely spaced, and as having dark, possibly, dyed, hair.

Description Of Man

The man was described as being 28 to 30 years old, about 5 feet 9 inches tall, weight approximately 160 pounds, and wearing gray sports shirt and gray trousers.

A bellboy introduced the woman to the victim, investigators were informed. He will be questioned further into the case, it was promised.

Farben Plant Razed; 1,400 Persons Hurt

Fountain Of Fire And Smoke Shoots Two Miles In Air

(By The Associated Press)

MANNHEIM, Germany, July 28 —Police said between 500 and 600 persons were killed and 1400 injured today in an explosion and fire which wrecked the I. G. Farben chemical plant at Ludwigshafen.

The disaster in the French zone city appeared to be the greatest in Europe since the war.

Police in Mannheim, an American zone city across the Rhine from Ludwigshafen, said about 1,400 injured already have been taken to hospitals.

Thousands Employed

The plant employed from 6,000 to 7,000 chemical workers and comprised several buildings sprawled over a wide area.

The explosion shattered a six-story building, shooting a fountain of fire and smoke two miles into the air.

Flames enveloped the building. A cloud of smoke a half-mile square obscured the scene. For a time, firemen were unable even to get close.

The injured poured across the river into Mannheim. They crowded the hospitals here and in towns surrounding Ludwigshafen. Workmen from parts of the plant distant from the explosion said the heat and wreckage made it impossible to rescue those trapped.

Rescuers Rush To Scene

From all parts of western Germany rescue and police squads were rushed to Ludwigshafen.

The cause of the explosion was not known.

Even rescuers were killed. Two died when two vehicles rushing to the scene collided.

A comparable disaster occurred in Texas City, Texas, in April of last year when an estimated 650 persons were killed and 3,000 injured when a French ship loaded with nitrates blew up in the harbor. Last August, more than 65 persons were killed in the explosion of a Spanish arsenal two miles from the center of Cadiz.

Flames Sweep Plant

Flames roared through the plant, preventing firemen from getting anywhere near enough to make an exact estimate of casualties.

"From my window here in Mannheim, the smoke cloud over the plant seems to be about a half-mile square," the American official said.

"Several buildings apparently have blown up, but it is impossible to tell definitely because the smoke obscures everything."

One could only guess how many fell victim or escaped. The force of the explosion and the scope of the fire convinced authorities the toll will be high.

In Nitrate Building

French officials on the scene reported to U. S. military government men here that the explosion occurred in a structure known as the "nitrate building."

Hundreds of windows in Mannheim were smashed by the concussion.

Scores of injured were rushed across the river to Mannheim, from the French to the American zone.

Doctors in Mannheim city hospital said "the hospital is full of

Four Hurt In Big Explosion

(By The United Press)

PRINCETON, Ind., July 28,—Federal, state and company investigators today groped through King's mine, largest shaft in Indiana, seeking the cause of an explosion that killed 13 coal miners and injured four others.

The blast apparently took place in the mine's "east run," a section that was sealed off last Saturday because the coal vein was exhausted. The mine had reopened yesterday after being closed for repairs.

Ripped Through Seal

Investigators said the explosion ripped through the seal just as the 175 day shift workers were leaving the pit. Most were unaware that there had been a disaster until they reached the surface.

Placide Mayeur, the mine superintendent, said "some kind of terrific pressure" apparently had built up in the sealed-off section.

It was the second major explosion at the mine within a year.

The men killed and injured apparently were just passing the sealed-off section. The explosion caught them like the blast from a cannon barrel. It seared them with flame and blew them against the wall of the tunnel they were walking through.

Fire Breaks Out

Fire broke out in the wake of the explosion.

Early today, the bodies of the victims were taken to various Gibson county funeral homes. They had lain during the evening on the floor of the Princeton armory which was converted into a temporary morgue.

Eleven of the dead were killed

Allied Labor Chief Threatens To Resign

TOKOYO, July 29 (AP)—James S. Killen, head of the Allied labor section threatened to resign today because of General MacArthur's statement that Japan's 2,000,000 government workers should not be allowed to strike, for higher wages.

"I propose to resign," Killen said in a statement, "because I can not adjust myself to the new occupation labor policy which denies the government workers the right to collective bargaining."

REPUBLICANS PLAN BROADCAST

GOP Leaders Set For Second Attack

(By The Associated Press)

WASHINGTON, July 28—Republican leaders in Congress made tentative plans to swing into a second-round attack on President Truman's special session with a radio blast tonight.

House Majority Leader Halleck of Indiana and Ohio's Senator Taft, chairman of the Senate GOP policy committee, were prepared to take a fresh poke at the message Mr. Truman delivered yesterday, in an NBC broadcast tentatively scheduled for 7:30 P. M. (EST).

Reasons Are Listed

The radio discusion would buttress a 1,000-word statement issued by GOP leaders last night, which listed seven reasons for winding up the special session "as soon as possible.":

1. The special session is unnecessary and was called "solely as a political maneuver" in President Truman's campaign for re-election. There is no "'extraordinary occasion' as required by the constitution" and Democratic leaders themselves had agreed to last month's adjournament.

2. "The call involves no reference to the critical situation in foreign policy in which no emergency action is requested of the Congress."

Require Six Months

3. "Serious legislative problems cannot be satisfactorily handled in the midst of a political campaign." What's more, "it would take at least six months to give proper consideration to the President's program."

4. "The President's quarrel with the 80th Congress is not its failure to enact legislation, but a fundamental difference in government philosophy between the President and Congress." That difference can be stlled only "by vote of the people at the November election."

5. "In the President's program there is very little of an emergency nature." The Democrats, "professing the greatest interest in social welfare legislation," now "blame the Republicans for not enacting the program they failed to enact during fourteen years" in control of congress.

The Republicans do not plan to

Nurse Faces Charge Of Assault By Auto

HOUSTON, July 28. (U.P) — Charges of assault by auto faced Mrs. Fannie Lou Sample, 28-year-old nurse, today in connection with a traffic accident late yesterday.

Mrs. Sample's car struck a motorbike ridden by Clarence Buhler, 20, of Houston. He was hospitalized with a skull fracture, and was reported in critical condition today.

Sheriff's deputies said Buhler was attempting to make a left turn when he was struck.

Mrs. Sample was released on bond.

City's Building Total Boosted

Permit for the recently authorized addition to the Senior High school enhanced Lubbock's already imposing building records today.

The permit, issued to L. C. Bateson Construction Co., contractor, added $482,777 to 1948 construction totals.

It increased the building total for the year to $8,492,325, or $1,572,211 more than the $6,920,114 to the same date last year — breaking all records to that time.

July Figure Boosted

It boosted the July figure to $1,977,745, the largest during any month since March, 1947, when permits were issued for $2,254,513 in construction. Included in that figure were permits for two junior high school buildings and the Texas Tech stdium, which accounted for approximately $1,600,000 of the month's total.

With more than five months still to go, the 1948 figure already is within $2,638,541 of the all-time record for any year, set at $11,130,866 in 1947.

The chief Senior High improvement will be an enlargement of the west wing of the building, including an extension to the Nineteenth street sidewalk.

"Hot Foot" Device For Dogs Brings Neighborhood Protest

Electrified wiring strung along the hedge at a Second street home spread its shock through that neighborhood today and into the Lubbock city hall and courthouse.

One of the immediate actions generated was the preparation by City Attorney Vaughn Wilson of an ordinance which would specifically forbid that sort of electrification. He submitted the proposed ordinance to City manager Marlin R. Smith, jr., for his disposition.

The wiring is at the home of R. H. (Bob) Currey, 2323 Second street, a parts man at a local motor company.

He said he had strung the wires, attached to a six-volt auto battery, to protect his hedge and lawn from dogs. Barbed wire, he added, guards the electrified wiring from contact by humans.

Several indignant parents in the neighborhood complained at the city hall to the city attorney and others.

Details of the peacetime version remain to be worked out. Lindsay F. Kimball, of New York, president of USO during the war, said the reorganization of the entertainment unit will be completed by the end of the year.

Explosion Is Fatal To One, Two Injured

AMARILLO, July 28 (AP) —Mrs. Brooks Altman, 29, was fatally burned and her two children were injured yesterday in an explosion of gasoline that she was using to remove varnish from a floor

The gasoline was ignited by fire from a nearby water heater.

Poisoning Of Dog Prompts Warning

Parents of young children who live or sometimes play in the vicinity of the 2600 block on Twenty-third street are warned that a dog-poisoner is active in that area and may be using candy to disguise the poison.

Dixie McGehee, daughter of Mr. and Mrs. C. D. McGehee, 2615 Twenty-third, reported to The Journal this morning that her Scottie dog had eaten poisoned food and that a veterinarian called in on the case had suggested a public warning, for fear some small child might pick up some of the poisoned food.

Dog poisoners have been active from time to time in Southwest Lubbock over recent months. The McGehee dog, second pet of the family to be poisoned in the past two years, was still living but very sick.

Soviets Accuse U. S. Officers

BERLIN, July 28. (AP) — The Russians, through their official press, claimed today that two American officers tried and failed to bribe their way through the Soviet blockade of Berlin. The accusation said the officers offered guards watches, cigarets and money.

One of the Americans named promptly called the Russian statement "a fantastic lie." He was Lieut. Arthur Walters of Washington, D. C.

He said he tried to drive from Berlin to Western Germany over the international highway to Helmstedt July 22. He said the Russians stopped him at Marienborn and demanded a special visa from Soviet headquarters in Berlin.

"Don't Do It!" Grim Warning From Texas To Ku Klux Klan

AUSTIN, July 28. (U.P) — Texas Attorney General Price Daniel yesterday issued a warning against any attempt to reorganize the Ku Klux Klan in Texas.

The warning came after several inquiries had been made as to whether reorganization of the Klan would be legal.

Daniel declared that it would not be legal and asserted that it would be resisted by his office at every turn.

Laws banning the hooded order were passed by the Texas legislature in 1925.

Resurgence of the Klan would result in strict enforcement of anti-Ku Klux Klan laws, which cover unlawful assembly, wearing of masks in public places and wearing of disguises or hoods in parades by secret organizations, Daniel said.

Daniel declined to state the origin of the inquiries about Klan revival, but he took cognizance of Atlanta reports on a planned "south-wide

Dixiecrats' Interests Turn To Filibustering Technique

By FRANCIS J. KELLY
Associated Press Staff Writer

WASHINGTON, July 28—A Senator expressly designed for filibustering would have an iron constitution, a tin ear, and a steely disregard for other people's feelings.

Brazen lungs might help, but they aren't absolutely essential. There have been official rulings that a Senator might hold the floor even if he mumbled in tones hardly audible to his seatmates.

The rules say he's got to keep talking to hold the floor, but they don't specify how loud he must talk.

Filibustering, or the science of drowning legislation gently in a foam of words, has been practiced for at least 123 years in the United States Senate. John Randolph of Roanoke was one of the early expert practitioners.

Matter Becomes Of Interest

The matter becomes of immediate practical interest with the Republicans' announcement that they are going to call up the anti-poll tax bill for Senate debate. Or try to, anyway.

Southern States Rights Democrats who bitterly oppose such legislation couldn't have jumped into action quicker if Robert E. Lee himself had sounded "charge" on a brass bugle.

A full score of them are ready to lay down a rolling barrage of adjectives, expletives and other assorted parts of speech if that is what it takes to beat back the bill.

None of the men from Dixie claims to be the perfect filibusterer. Most even disclaim any intention to do more then axpound a reasonable, logical explanation of the issues. Straight-faced, they add that these explanations may take considerable time.

Head Start Is Best

The way to run a successful filibuster is to get a head start on the opposition, stiff-arm every parliamentary effort to take the speaker off his feet, but agree readily to overnight recesses with a firm understanding that the current orator be allowed to continue his work the following day.

The surest way to beat a filibuster is to apply the cloture or debate limitation rule. That takes a two-thirds majority, however, and it has been held that it applies only to debate on a bill, not on a motion.

That ruling leaves a wide loophole for the filibusterers. In recent years they have embraced the device of "amending and correcting" the journal of the previous day's proceedings. This is a process which in expert hands can stretch out for days—or weeks—or months. Senate business simply can be brought to a halt while the member who has the floor talks about anything that comes to mind.

Journal Normally Not Read

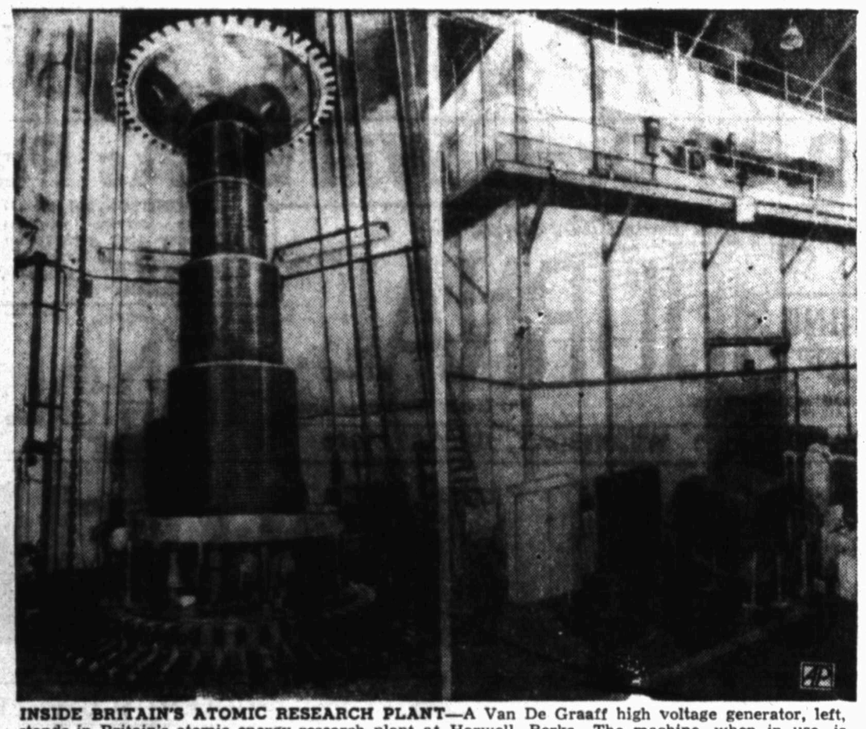

The journal is a straight-away account of the Senate doings. Normally it isn't even read at the appointed hour.

But when it is, there's usually a reason; and the reading then is complete with punctuation.

That means someone can move to substitute a semicolon for the first comma; with a long-winded explanation of why the comma in that instance is incorrect.

Or there can be long argument over whether the verb should be "was" or "were" or whether the "Senator from———' should not be referred to as "the esteemed Senator."

And so it can go, for hours and days on end.

Judge Would Transfer Custody Of Child If Being Reared In Communistic Ways

BINGHAMTON, N. Y., July 28 (AP)—A state supreme court justice says he would consider it his duty to transfer custody of a child from its mother if convinced the child were "being reared under Communistic influences."

A child "is entitled to be reared as an American under American influences," Justice Bertram L. Newman of Elmira declared yesterday.

He made the statement in ruling on a divorced father's plea that he be granted custody of his two-year-old daughter on the grounds the child's mother had Communistic leanings.

Charge Not Established

Justice Newman held that the father, Edmond Kokalas of Johnson City, had failed to establish the charges and turned down the plea. In an accompanying memorandum, however, the jurist said that had the father proved his point "we would not hesitate to change the custody."

"It would be our duty to do so . . ." Judge Newman added.

Mrs. Victoris Kokalas of Binghamton was given custody of the child when she won a divorce in Broome county supreme court in March, 1947.

She denied being a Communist or having Communistic leanings.

Segregation Of Units Favored

FORT KNOX, July 28 (AP) — The Army's Chief of Staff, Gen. Omar Bradley, told newsmen here that he favors segregation of white and negro units in the lower levels of the Army.

His remark at a news conference yesterday followed the issuance of an executive order by President Truman Monday establishing a committee on "equality of treatment and opportunity" in the armed services.

The policy of the President as set forth in the order is "that there shall be equality of treatment and opportunity for all persons in the armed services without regard to race, color, religion or national origin."

Larger Units Favored

General Bradley, here for a seminar on the training of recruits under the new military expansion program, also told the newsmen he favored the combining of the various units to form larger organizations such as battalions and divisions. He said it would take 60 years to house the army properly at the present rate of building.

"Sure we've got a caste system," the general said, replying to criticism of the Army's caste system. "Do you know of any major industry that doesn't have? It's incentive that makes this country work the way it does."

He added that the separation of officers and enlisted men, however, should apply only to military relations.

U. S. occupation forces in Germany, the general said, will not be strengthened as a result of the recent developments in Berlin.

Nine total eclipses of the sun will be visible somewhere in the continental United States during the next hundred years.

Gary Cooper Says He Might Produce Own Pictures Again

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, July 28—Gary Cooper indicates that he may produce more pictures. Hollywood has thought that Coop had soured on the tedium of making his own films, but he told me on "The Fountainhead" set he may try it again. "But I would have a shooting script first," he says. "It's too expensive to start a company and not shoot right away."

Evelyn Keyes

Hollywood hears that the Rita Hayworth-Orson Welles reconciliation was largely coincidence. She happened to be at the same hotel where he went to see Darryl Zanuck and Tyrone Power about appearing in "The Prince of Foxes." Rita and Orson remain friendly, but Hollywoodites doubt if they'll ever remarry.

Bette Davis had a prompt answer to rumors she was having another baby. "This has been going on once a year for 15 years," she said on the "June Bride" set "Only once have the rumors been true."

Keyes Has Picture Waiting

Evelyn Keyes goes right from "Enchantment" to a new Columbia picture, as yet unnamed. (How about "Born Yesterday"?) She says she must keep working—"I've got a horse to support, you know."

Lucille Ball's new airshow, "My Favorite Husband," has an amusing sidelight. It's based on the book "Mr. and Mrs. Cugat," which is the name of the competitor of Lucille's husband, Latin Musicman Desi Arnaz.

Lucille Ball

Shirley Temple and John Agar have a slight difference of opinion about how many more children they'll have. Shirley wants two more, John holds to three. That's how many brothers and sisters each had.

Leatrice Joy plans a lengthy return to pictures. After the current "Red Stallion In The Rockies," she goes into "The World And Little Willie" with June Lockhart . . . "Pittsburgh Escapade" was changed to Baltimore because a beach scene was planned. The beach scene has been deleted from the picture—but it's still "Baltimore Escapade."

Twins Get Another Nurse

Susan Hayward telling about her help problem: "My twin boys have notched their guns for another nurse" . . . Gene Kelly and Frank Sinatra wandering around MGM labeled "Wolves," name of their baseball club in "Take Me Out To The Ball Game" . . . Goliath-like Charles Laughton reading the story of David and Goliath for his recordings of Bible stories . . .

Gary Cooper smoking his first cigar in months, gift of a proud new poppa . . . Tom Drake wandering around enterprise with script in hand (a loanout for "Luckiest Girl") . . . A stage coach (on the back of an RKO truck) going over the Cahuenga pass ,where such vehicles used to travel regularly . . .

Dog Has Operation

Alan Young telling about the tonsillectomy of his dog, Freckles . . . Alexis Smith telling about her "South of St. Louis" role: "It's a pleasure to play someone called 'Rouge' after seven years of 'Cecilies'" . . . Robert Ryan duded up as a tycoon in "Luckiest Girl"—"The first time I've been able to wear anything but baggy suits in a picture" . . . Lou Costello explaining his horse racing misfortunes: "They won't let me enter all 16 of my horses in a race—so I can be sure."

Raw Foods, Milk Aid In Ulcer Prevention

SAN FRANCISCO, July 28 (U.P.)—If you are afraid of stomach ulcers, you may do well to include raw foods and fresh milk in your diet.

That conclusion was reached by Dr. Garnett Cheney, scientist at Stanford University's school of medicine, after tests conducted with guinea pigs.

A diet rich in vitamin U, found in raw foods and milk but deficient in heated foods, reduces peptic ulver occurrences, a university bulletin said. The importance of the findings depends on whether the human stomach behaves exactly like that of guinea pigs, the bulletin added.

To make their fingers slippery for their spitballs, old-time baseball pitchers used to chew slippery elm bark.

Lubbock Child Hurt When Hit By Auto

Minor cuts and bruises were suffered by Sharon Rhea Mangum, 3-year-old daughter of Mr. and Mrs. R. T. Mangum of 2112 Sixth, about 7 p. m., Tuesday when she was struck by an automobile in front of the Mangum residence She was treated at West Texas hospital.

The car, driven by James M. Bennett, 27, of 1520 Broadway, was going east on Sixth street when the child stepped from behind a parked car into the path of the oncoming vehicle. The girl, according to the parents, was starting across the street to visit neighbors.

Reports indicated that the car had slackened speed considerably before striking the child.

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe to take off ugly fat.

Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take just two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 30 Pounds

"I wish to state that I lost 30 pounds taking Barcentrate. I didn't starve myself and I feel better than I have in years. I am sure that the easy, safe way to lose weight is by taking Barcentrate."—Mrs. Florence Chadwell, Route 1, Box 650, San Antonio, Texas.

25 Pounds Lost

"When I started taking Barcentrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcentrate."—G. W. Miller, Weatherford, Texas.

BIRTH ANNOUNCEMENT

MR. AND MRS. J. G. LANCASTER, 2520 Ruby street, received announcement of the birth of a grandchild Monday. The unusual little card read: "Announcing the Comedy Drama, Life Begins at 3 a. m., Featuring the new baby star, James Angel Lancaster, First show at Clinica Quirurgica Dr. Pila, Ponce, Puerto Rico, July 6, 1948. A Lancaster Production. Cast of Characters: patient mother, Carmen Maria F. de Lancaster; distracted father, Carroll Stephen Lancaster; attentive stork, Dr. L. A. Balasquide; the star, James Angel Lancaster. Comments: After months of preparation, the first appearance of the new juvenile who tips the scales at six pounds nine ounces shows great promise of future gain both in weight and popularity. In the first scene the Star appears in the nude, creating quite a sensation. The Star gave a lusty, boisterous performance. After playing the first five days at the hospital, the show will move to the Family Residence in Juana Diaz, where there will be continuous performances day and night. Reservations should be made in advance. A word from the Star: "Mother is doing fine—We almost lost Daddy." Underwritten by Lancaster & Figueroa . . . The announcement was addressed to Grandmother and Grandfather Lancaster. The baby's great-grandparents are Mr. and Mrs. S. J. Etter, 716 Thirty-first. Baby and parents are expected to come to the United States soon. The father is a graduate of LHS and formerly worked with Dr. Charles Fiel.

Nature Study To Be Shared

Virginia Butler, daughter of Mr. and Mrs. Walter Butler, 2801 Twenty-first has just returned from a two weeks session of the Audubon Nature Camp of Texas near Kerrville.

Virginia, who was sent to the camp by the Lubbock Garden club in cooperation with the Girl Scouts, studied nature activities, birds, and plants while there. Field trips were held and lectures were given daily. This fall she plans to use the information obtained to teach a short course to the Girl Scout and Brownie leaders of Lubbock, and then to assist in the teaching of the various troops.

The Audubon Nature Camp is particularly interesting because it is one of the four in the United States, and this is the first year for one to be held in this part of the country. People from all over the United States were there, and Virginia said that if enough interest is shown, two more sessions will be held this summer.

Methodist Children To See Sound Film

Primary and junior children of the First Methodist church meeting weekly in additional session are scheduled next Tuesday to witness a colored sound film on Latin-American youth, and following the film, the group will go by chartered bus to visit the Latin-American Methodist church here, where they will be entertained and hold a morning devotion service. A basket lunch outing will follow in Mackenzie park.

The group, 50 in number, met Tuesday at the First Methodist church and saw a colored sound film, "The Indian Fanfare," and heard a program on the mission study of the Navajo Indians. Mrs. F. W. Haley was a visitor.

In charge of the additional sessions are Mrs. G. F. Hill and Mrs. C. C. Chambers, assisted by Mrs. George Box, Mrs. Claude H. Dalton, Mrs. A. F. Harrison and Mrs. Garland Newsom.

Democrats Reminded Of Saturday Session

A reminder was issued here today by L. C. Ellis, county Democratic chairman, that the county Democratic convention is to be held Saturday afternoon beginning at 3 o'clock on the third floor of the courthouse.

The session will follow a meeting of the executive committee at 1 o'clock, when votes in the first Democratic primary last Saturday will be officially canvassed, and results declared.

Ellis urged full attendance at the county convention.

STREETS BEFORE BANKS JAMMED

Disorders Rage In Berlin Red Sector

(By The Associated Press)

BERLIN, July 28 — Disorders broke out in the Russian sector of blockaded Berlin today when thousands of Germans jammed streets before banks in an effort to exchange their money for new Russian-sponsored currency.

Newspapers in western Berlin said the Russians and their Communist-controlled economic commission are trying "to cheat the people out of their money." The deadline for the even exchange is tonight.

Admit Chaos Exists

The Russians through their newspapers admitted "chaos" existed, but blamed the non-Communist city government for not providing enough exchange places. American military government finance officials said this is untrue and "the Russians are trying to make the city government a scapegoat for their own mistake."

Mayor Louise Schroeder defied an order from the Russian commandant to fire her new anti-Communist deputy police chief, Johannes Stumm.

The three western commandants had advised her the Russians had no authority to order unilaterally the discharge of Stumm. He replaced the Russian-trained Paul Markgraf, whom the elected government fired earlier this week.

Have No Authority

The western commanders also advised Mayor Schroeder to reject another Soviet move aimed at destroying the city government and placing all Berlin under Communist control. They told her the Russians have no authority to install Paul Letsch as deputy head of the city food department, one of the major jobs in the city.

Walter Bedell Smith, U. S. ambassador to Moscow, stopped over a day in Berlin en route to Moscow. He may talk with Gen. Lucius D. Clay, the U. S. military commander. Smith was in the diplomatic talks in London at which the western powers were reported to have decided on a verbal approach to Foreign Minister V. M. Molotov in Moscow over breaking the Berlin blockade.

Conduct Is Flayed

Newspapers in western Berlin said the Russians and their German economic commission were guilty of "scandalous and unscrupulous conduct" in the money exchange. They charged discrimination was being exercised against residents of the American, British and French sectors. Many of these were told their money was "forged" and worthless.

The Russian note exchange was proclaimed as the final phase of their currency reform for eastern Germany and Berlin. When they announced their program last Saturday, the Russians asserted they had no new money ready, so they effected it by pasting distinguishing coupons on the old notes left in circulation.

At one bank the exchange process was so slow that only 27 persons received new money in two days.

Short, Well-Built Type Is Preferred

Chance For Irish Colleens

DUBLIN, July 28. (AP)—Irish colleens perked up today at a letter published in the Dublin Evening Mail advertising for a wife for a well-to-do stationary engineer who prefers "the short," well-built type—not too slender.

The letter was signed, "Bert Stone, 13297 Glen Ooks boulevard, San Fernando, California.

"She can be from, say, 20 to 30 years of age," it said.

"She should know how to cook, keep house and prepare a good meal.

"She should be, at least, a high school graduate—the more education the better."

The writer said he was "past 40 years" and "athletically built."

He promised: "The girl I marry will have a good car to drive, good clothes, money for luxuries and necessities."

He also pledged return passage "if she isn't satisfied."

Woman Left To Die Takes Witness Stand In Colorado

CASTLE ROCK, Colo., July 28. (INS)—A dark-haired woman left dying with a bullet wound in her head took the witness stand in Castle Rock district court today to identify her assailant and the accused slayer of her husband.

Mrs. Shirley Hutchins, young widow of a Denver war veteran, testified as the chief prosecution witness in the murder trial of Donald M. Tucker, 25, of Peru, Ind.

Mrs. Hutchins pointed out the defendant as the hitch-hiker who shot her husband to death and wounded her on a lonely road near Larkspur, Colo., last New Years day.

Widow Tells Of Shooting

The 21-year-old widow told the jury that she and her husband picked up Tucker while returning to Denver from a vacation in Los Angeles. She told how Tucker "borrowed" a revolver her husband had in the car and a few moments later shot Hutchins when he refused to pull off the road and turn over nearly $1,500 in cash to the hitch-hiker.

"I last remember," she said, "when he had the gun pointed at my head.

The car was later abandoned in Denver. With the unconscious and bleeding Mrs. Hutchins was her four-year-old son, Larry, terrified but unharmed. The husband's body was found near Larkspur.

The alleged slayer was traced through Denver and taken off a train at Ganby, Colo., by sheriff's officers.

Two Negroes Die In Auto Accident

MARSHALL, July 28 (U.P.)—Two negroes were killed late yesterday and three others seriously injured in an automobile accident west of here.

Dead was Thom H. Hill of Hallsville and an unidentified negro child, about 12.

Highway Patrolman Earl Elliott said Hill's car attempted to pass a pick-up truck and crashed into a soft drink truck coming from the opposite direction.

E. O. Webb, driver of the other vehicle, and Louie Yants, his helper, were uninjured, although their truck overturned twice.

Kitten Takes Plane Ride After Injury

COLUMBUS, O., July 28 (AP)—A six-week-old kitten took an airplane ride to Kansas City today mainly because it had a broken leg a couple of weeks back.

Miss Ruth Ellen Gosnell found it down near Chillicothe and nursed it back to health. Her uncle and aunt, Mr. and Mrs. E. C. Gosnell of Kansas City, visited here and fell in love with it.

So today, Ruth Ellen put it in a box with a toy dog and sent it off air express.

President Truman Urges Congress To Carry Out Eight Anti-Inflation Recommendations

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, July 28—You hazy on some of the eight points President Truman recommended to Congress to stop inflation?

They cover a wide field. They're better known to businessmen than to the public: banking, credit buying, taxes, and so on.

Mr. Truman says there's an "urgent" need for Congress to carry out his eight-point anti-inflation recommendation.

The Republican leaders in Congress seem to take a different view. They say Mr. Truman is playing politics.

In fact, they seem to be gambling on their belief that the voters will think they're right and Mr. Truman is wrong, for they said:

"The only way this fundamental difference can be resolved is by vote of the people at the November election."

For that reason, Congress probably will ignore Mr. Truman's eight points. Yet, a big part of the political arguments between Democrats and Republicans from now to November will revolve around those eight points.

Tax Ended After War

So here's an explanation, starting with points at the bottom of Mr. Truman's list because they're familiar to everyone.

1—2—3. He asked for power to (a) slap on limited price and wage controls, (b) start rationing when he thinks necessary and (c) strengthen rent controls.

4. Excess profits tax. This was a special tax on corporations in the war years to keep them from getting fat, or too fat, on war contracts.

To let industry expand and the war ended Mr. Truman asked Congres to wipe out this tax. It did, in the fall of 1945. Now Mr. Truman is asking Congress to put back an excess profits tax. He did not disclose the rate.

The regular tax on corporations is 38 per cent. In the war years—in addition to the regular tax—an excess profits tax drained off 85 ½ per cent of a firm's earnings above what its profits were in the pre-war years of 1937-39.

In the year 1945, last year of its existence, the excess profits tax brought $11,000,000,000 into the U. S. treasury.

In that year corporations' income after taxes was $8,748-000,000. In 1947, when there was no excess profits tax, corporations' income, after taxes, was $18,075,-000,000.

Curb Price Boosts

Mr. Truman's reason for wanting the tax back: so the treasury, which may run in the red this year, can get money and "brake" inflation.

He probably meant that if a lot of industry's profits had to be paid out in taxes, business would be less inclined to boost prices.

5. Consumer credit controls. They existed during and after the war to hold down inflation. Congress wiped them out last November. Now Mr. Truman wants them back.

During the war, if you bought things like autos or washing machines on credit, you had to pay one-third of the price down and pay off the balance in 12 months.

After the war and until last November, the government eased up a bit on the controls. You still had to pay one-third down but had 15 months in which to pay off the rest.

The administration argues that widespread buying on credit helps boost prices because it means more things being bought up.

6. Bank credit. Mr. Truman asked Congress to give the governments' federal Reserve system greater power to regulate bank credit.

(The Federal reserve is the central banking organization with power to regulate in some degree most of the nation's banks.)

Higher Bank Reserves Asked

Right now the government can compel banks which are members of the system to set aside, or keep in reserve, a certain amount of the cash they have on deposit.

This set-aside money can't be lent to borrowers. When people can borrow money easily—just as when they can buy easily on credit—they spend money and help boost prices generally.

Depending on the location of the bank, the government can force members of the system to set aside from 14 to 26 per cent of their deposits.

So far, the most the Federal reserve has compelled a bank to set aside is 24 per cent. It still has a 2 per cent margin it can use.

But Mr. Truman is asking for power to compel banks to set aside even a higher percentage and thus reduce lending that much more.

Mr. Truman asked for authority to regulate speculation on the commodity exchanges—such as those dealing in cotton, wheat, and so on.

With this power, the government could say, for instance, that anyone speculating — which means buying a commodity for profit instead of for use—would have to put up a margin—or down payment—of maybe 50 per cent of the price of the commodity he was buying.

Control Of Scarce Items

The government has no such power to put a brake on speculation although the exchanges themselves set their own requirements on margins.

8. The President has asked power for "allocation and inventory control of scarce commodities."

In this case, steel might be considered a scarce commodity. And it means this:

The government could compel a steel mill, for instance, to send so many tons a month to a firm making freight cars.

It could also—and this would be inventory control—compel a maker of freight cars to keep on hand only a limited supply of steel, maybe for only 60 days. This would prevent his hoarding steel someone else needed.

Right now the government can only ask businessmen, like steelmakers, to agree voluntarily to send steel to firms—like the makers of freight cars—which badly need it.

Actress Dismisses Suit For Divorce

LOS ANGELES, July 28. (AP)—For a consideration, Actress Kay Williams has dismissed the divorce suit she filed recently against Sugar Heir Adolph Spreckels, jr., their attorneys have announced.

They said a satisfactory settlement had been reached by Spreckels and his fourth wife, who formerly was married to Argentine Capitalist Martin Dé Alzaga Unzue, but declined to disclose the terms. They added, however, that there had been no reconciliation.

In her suit, Miss Williams had asked $2,500 monthly temporary alimony and their $75,000 home.

Brother Of Outlaw Is Elected Sheriff

SALLISAW, Okla., July 28. (AP)—E. W. Floyd, brother of the late Charles (Pretty Boy) Floyd, one-time public enemy no. 1, won the Democratic nomination for sheriff of Sequoyah county in the Oklahoma run-off primary yesterday.

Complete but unofficial returns indicated Floyd had more than a 1,000 vote margin over incumbent Henry Jones.

Floyd led the field in the first primary.

His friends, who contributed to newspaper advertising, described his candidacy thusly: "He ain't perfect but he's honest."

U. S. Policy Toward Japs Is Not Changed

NANKING, July 28 (AP)—U. S. Ambassador Leighton Stuart said today Secretary of State Marshall had authorized him to say that the United States was not considering any separate peace plan for Japan.

In a formal statement, Stuart said that the U. S. policy toward Japan remained the same—assurance that Japan would not again become a menace to the peace of the world and to bring about in Japan the establishment of a peaceful government which will carry out its international responsibilities, respect rights of others and support the objectives of the United Nations.

NAM President Says Inflation Not Solved By Price Controls

NEW YORK, July 28. (U.P.)—Morris Sayre, president of the National Association of Manufacturers, said today that a return to price controls would "create a black market which would make our last one seem lily-white by contrast."

Sayre, speaking at the 31st annual convention of the international association of Lions clubs here, said the answer to inflation was neither in higher wages or lower profits.

"Of all the people on earth, we Americans are the one people who ought to know by recent and bitter experience that price controls and rationing are no answer to high prices," Sayre said.

"Key" Arguments Stated

Sayre told the Lions that "production to satisfy demand is the only way to stop the spiral" of prices.

"And increased productivity," he said, "—output per worker—is the only way to increase real wages, lower prices and provide the better tomorrow we all so ardently desire.

"The key to this log-jam is to eliminate unnecessary government spending and reduce our highly progressive income tax so that people can save and invest.

"The answer to inflation is certainly not in higher wages. Three rounds have demonstrated that."

Hong Kong Typhoon Is Fatal To Nine

HONG KONG, July 28. (AP)—Nine were known dead today in yesterday's typhoon which injured nine others and left two persons unaccounted for here.

Seventy-five mile an hour winds ripped through the city wrecking four war damaged buildings.

Reports from the small Cheingchau island said a tidal wave there destroyed 50 large junks and one police launch was grounded. Naval authorities reported the launch crew was missing.

Hong Kong shipping and installations suffered only minor damages.

Crues Clouts 52nd And 53rd Homers; Sox Trim Hubs, 6-4

Between . . . The Lines

— By JOE KELLY —

Somebody ought to put sand in Bob Crues' spinach. We've heard that sand in a motor will cause the machine to stumble, falter and come to a stop. If it works with machinery, it ought to work with the hard hitting Amarillo outfielder, for he's a beautiful machine at the plate. Crues hit two homers last night, No. 52 and No. 53. That brought him within four of the record 57 hit last year by Lubbock's Bill Serena. And each fourmaster was a well-hit ball.

• • •

Crues is a beautiful piece of machinery swinging at a ball. He takes a long, full cut, his big bat moving in a graceful arc, his body humping behind the swing and his arms following through like pistons. He's the type of ball player who, when he misses, still looks like a power hitter. He missed a strike last night and looked bad, but drove the next pitch out of the park. In fact, he liked the no balls, one strike count last night. He hit two of them out of the park.

• • •

There's no question that Crues is to Amarillo what Ted Williams is to Boston and Joe DiMaggio is to New York. The former pitcher is well ahead of the league in runs batted in and much of it is due to his home run hitting. It also explains, to a large extent, why the Gold Sox are fighting for a pennant. Last night Crues drove in four more runs to bring his total for the year to 186. This is only four short—like his homer mark—of the record set last year by Serena. If anyone thinks Crues is going to fall short of either mark, he's mistaken. It would be like a stalk of wheat trying to stop a Sherman tank.

• • •

Many persons wondered why Manager Jackie Sullivan didn't play, but was able to take his turn at bat in the ninth as a pinch hitter. Sullivan was in intense agony throughout the night and the day with a bad case of ptomaine poisoning picked up in Abilene. Chick Fowler was out of the lineup the night before with the same ailment and even Jackie Wilcox had some of the same. One of the Abilene players also came down with the food poisoning and it is suspected that they all acquired the strain at an Abilene eating house popular with the players.

• • •

It certainly didn't help the Hubbers not to have Jackie on second, although Don Moore did a fine job in his stead. He took part in two double plays and handled 13 chances without an error, exceeding even Wilcox, who handled 10 chances flawlessly. Virgil Richardson came within two outs of equaling his own record for the greatest number of putouts and fielding chances accepted. There was little over which to complain in the fielding department last night.

• • •

We thought the outstanding piece of base running seen in a long time was Gene Hixson's in going from first to third on a sacrifice bunt. The yanky outfielder really has the speed with which to travel the bases and he puts it to use. It was a daring piece of work and his slide on the end of it was the finishing touch. Naturally, we think Umpire Fisher, whose talents have been under attack all season, called another wrong one in calling Chick Fowler, who had laid down the bunt, out. Just as we would have called Moore safe at first on a pick-off play. But Fisher, at second base, was in such a good spot to call the play that we'd never think of disagreeing. He couldn't have seen it better unless he'd been wearing magnifying glasses.

• • •

Bobby Layne left the Hubbers last night and Lubbock this morning, bound for the Chicago Bears' football camp. The former Texas star has been a help to the Hubbers in this short season. The fans, baseball men and sportswriters were skeptical of his ability to step in and hurl professional ball. He probably stepped into a league that features harder hitting than most Class C loops. He did well to win six and lose five in a year that hasn't seen many Hubber hurlers with any better records. Moreover, he made the big step without any other seasoning than college ball. He won friends, he was liked by the fans and the ball players respected him. He made good here in a big way and we hope he goes on to bigger things with the Bears.

• • •

Here's good news for Serena fans. In his first appearance in a Buffalo Bison uniform, Bill stepped into the game as a pinch hitter in the fifth inning and hit the first pitch out of the park. That was on July 18. He played rightfield in the second game of a double header that day, played the same position on July 19 and again on July 20. In four games, Bill has gotten two hits, a single and homer, scored one run, driving in one run and accepted three chances. Maybe he can do in Triple A ball what he couldn't do in Double A.

• • •

THE ROUNDUP: The Hubbers were going after bad pitches last night . . . Heller has developed a new underhand slider that fools the batters . . . Royce Mills, who bumped his elbow on a door, says that his arm doesn't bother him now . . . Sullivan's strategy of using Fred Pollock for one batter and Mills for another in the ninth paid off . . . Crues hit his second homer over the Avalanche-Journal scoreboard. We've lost track of how many have been hit over—and onto—it this year . . . And with 98 games played, meaning 42 to go, football is getting closer. The Southwest Conference will have 155 lettermen back in this order: Texas Christian 29, Baylor 26, Arkansas 24, Texas and SMU 21 each, and the Aggies and Rice 16 each . . . Damon Hill, Dunbar High school coach, is passing out cigars. It was a boy. Remember? The Panthers had a winning football team in Lubbock last Fall.

Lamesa Drops Gassers, 7-4

Belting Bob Crues of the Amarillo Gold Sox came to Lubbock yesterday with 51 home runs, only six short of the record made by Bill Serena of the Hubbers last year. Today Crues is only four short of the record.

The pitcher-converted-to-outfielder smashed his 52nd and 53rd of the year last night at Rosenthal Field to give the Gold Hose a 6-4 victory over the Hubbers. The victory also cut a full game off Albuquerque's lead, the Dukes dropping a 12-6 decision to Pampa. Abilene drew to within four games of the Hubbers by trouncing Clovis 11-5 and Lamesa didn't help Borger's Gassers with a 7-4 victory.

Hubbers Drop Lower

The Gold Sox victory brought them to within two and a half games of Albuquerque and left them three and a half contests ahead of Pampa. The Hubbers dropped farther out of the race, falling two and a half games behind the Oilers.

Leon Hayes turned in a creditable performance for the Loboes, shutting the door in the Borger faces whenever they threatened. He allowed eight scattered hits, including Tommy Fox's 34th circuit clout of the season.

I B. Palmer led the Loboes to victory, even though his hits were all singles. With them he drove in three runs to lead the way, while getting timely hitting on the part of his mates.

Walker Bashes Two

Crues wasn't the whole show at Rosenthal Field last night. Rookie Floyd Walker, unabashed at being in such fast company, stroked two homers over the wooden barriers, one of the blows being the longest hit at the local ball orchard this summer. His second clout, in the sixth, zoomed over the lightpole in right centerfield. His first homer, in the second, which handed the Hubbers a 2-0 margin, also was hit hard. The ball, going on a dead line, barely cleared the fence by a foot, but it hardly rose after leaving his bat.

Outside of those two blows, the Hubbers couldn't do much with their nine hits, as Jim Heller racked up his 14th victory of the year. Two hits were good for two runs in the second, but they wasted two more the same frame, and two hits were good for one run in the third, when a third hit was wasted. After that the Hubbers were allowed only two more safeties, one of them Walker's second homer.

Larue vs. Budny

Tonight the Hubbers will try to even the current series by winning the second game, with Roy Larue entrusted with the mound duties. Manager Buck Fausett, who argued only twice with the umpires last night, will send Joe Budny to the hill for the sox. A crowd larger than the 1,608 who witnessed last night's game, is expected.

Tickets For American Legion Regional Tourney Go On Sale

Tickets for the American Legion regional, or area, tournament already are on sale in this city, some 2,000 tickets being held at present by American Legion members.

The Legionnaires will be selling the tickets all this week and next as well, with two price scales available. One type of ticket will admit the holder to all games on any one day of the tourney. This sells for fifty cents. The other type of ticket admits the holder to all games on all three days and sells for $1.50.

Prizes To Be Given

Tickets for children also will be sold at nine cents each, with the Lubbock Boys club handling the distribution of the tickets. Service and civic clubs probably will buy the majority of these tickets, with John Wilson, Boys club director, handling the distribution to children.

One of the features of the tournament will be prizes to be awarded to various persons on hand. There will be one prize for the tallest man, another for the shortest and still another for the fattest man. A prize will be given to the largest family and another to the family coming from the farthest distance. The couple present that has been married the longest will be given a prize, as will the couple present that has been married the shortest length of time.

Contests Are Slated

The family with the largest number of boys also has a chance to get in on the prizes, as has the family with the largest number of girls. Of course, all prize winners must be present at the game designated without announcement of which game it will be.

Prize lists are being worked out at present and will be announced as soon as completed.

The Legion baseball players, including boys from Wichita Falls, El Paso, Lamesa and Lubbock, will have a chance to win prizes also. Definitely scheduled already is a fungo-hitting contest and a relay race, in which team of four players will circle the bases against time. The team with the shortest elapsed time on the basepaths will be named the winner.

As for the tournament itself, the games should present the best in senior American Legion ball. Many of the players, still kids, are on the verge of big league careers. The winning team will go to the state tournament and that winner will go to the national meet.

Final Game Will Be Reeled Off At Ralls

RALLS, July 28 (Special) — Final game of the Ralls Girls' Softball tournament will be played here tonight, with the College Avenue All-Stars of Lubbock battling the Ralls team for the meet championship.

Lubbock advanced to the final bracket with a narrow 7-6 win over the Tuco Independents here Tuesday night.

The Lubbock team trailed, 6-3, going into the final stanza, but broke loose for a four-run offensive in the seventh frame to clinch the victory. Skipper Richey was the winning pitcher.

A motion-picture camera has been developed which can take 11,000,000 frames a second. Sixteen frames is normal.

Net Favorites Win In Second Rounds

SEA BRIGHT, N. J., July 28 (AP) —All four seeded contestants in the men's singles division of the 60th annual Sea Bright lawn tennis and cricket club invitation tennis tourney won second round matches Tuesday.

Top-seeded Frankie Parker of Los Angeles defeated Straight Clark, also of Los Angeles, 6-0, 6-3.

Arnold Saul, University of California player, trimmed Jack Geller of New Rochelle, N. Y., 6-3, 6-1. Bernard Bartzen of San Angelo, Tex., defeated Fred Kovelski of Hamtramck, Mich., 0-6, 6-3, 7-5.

Two Junior Tilts Are Slated Today

Two junior diamond tilts are scheduled this afternoon at Lubbock Boys club, with the Red Sox battling the Tigers in a Pee Wee league encounter and the Exchange club meeting the Lions in a Junior loop clash.

Tuesday afternoon the Cardinals, paced by Dean Fawcett's three singles, bested the Dodgers in a Pee Wee tussle, 9-7. Kenneth Stevenson sparked the losers with a bingle that drove in two runs.

In the Junior circuit the American Business club pounded out a 5-2 win over the Methodist Men. Lindle Bailey topped the ABC nine with a triple, while Billy Presley collected a double and a single for the Methodist Men.

Two games are scheduled at the club diamond today, with the Red Sox battling the Tigers and the Exchange club meeting the Lions team.

Bob Seeks An All-Time Mark

AMARILLO, July 28 (AP) — Pounding Bob Crues hammered his fifty-second and fifty-third home runs last night and at the pace he's now traveling will break the all-time record of professional baseball with circuit clouts to spare.

That record is 69 set by Joe Hauser with Minneapolis of the American association in 1933. And Joe did it in 153 games. Crues will play only 140 with Amarillo of the West Texas-New Mexico league.

But with 44 more contests to go, Bob, by maintaining his present average, will hit the 77 mark.

Only Four Away

Today Crues is only four away from tying the league record in homers set last year by Bill Serena of Lubbock. Bill got 13 more in the play-offs for a total of 70 for the season but it appears Bob should beat even that.

And Crues also is after another league record — the 190 runs batted in by Serena. He's just four away from that mark, too.

Crues started in pro baseball as a pitcher and in 1940 won 23 of his last 24 games with Borger in the West Texas-New Mexico league. But in the Boston Red Sox training camp the next spring he injured his arm and never was an effective hurler after that.

Crues Has Improved

However, his arm has improved steadily since late last season and he has been throwing well and accurately. The old soup bone has been feeling so good he even has asked to be allowed to pitch.

Bob is brilliant on fly balls, specializing in one-handed catches on those hit to his right and behind him.

But at bat he's the terror of this hard-hitting league — the sluggingest loop in pro baseball. He clouts many homers on what usually are regarded as bad pitches and hits to all fields.

They figure he has an excellent chance to beat the record because he's showing a familiar trend — he's hitting in clusters.

Last season Battering Bob got 52 homers so he's already ahead and the pitchers aren't coming close to getting him out these days. If he misses a game without a homer he makes up for it by clouting two the next night.

Changes Made In Texas Standings

By HAROLD V. RATLIFF
Associated Press Sports Editor

There were some changes made in the Texas league lower bracket today as San Antonio edged back into fourth place and Dallas, a pre-season choice for the first division, slumped to seventh.

The leaders copped their games last night, Fort Worth beating Houston 5-4 and runner-up Tulsa strapping Shreveport 8-3.

On the very night that owner Dick Burnett stifled rumors he was going to fire the manager by handing Skipper Jimmie Adair a 1949 contract, Dallas fell next to the cellar by being edged 11-10 by San Antonio in eleven innings.

Tulsa was helping San Antonio ascend with its victory over Shreveport.

Beaumont, one of the hottest clubs in the loop these days, whammed Oklahoma City 6-3 to rise to sixth, just three games out of fourth.

Lubbock Boys Are Chosen As Alternates For Junior Golf Tourney In Michigan

DALLAS, July 28. (AP)—Warren Higgins, who learned his golf at Lakewood Country club here and became campus champion at Notre Dame university, will lead this section's three-man entry to the first annual junior championship at Ann Arbor, Mich., Aug. 11-14.

Higgins fired a record-breaking 69 over the Dallas Country club course yesterday.

Second was John Touchstone, jr., of Dallas, who was three over par with a 75. Sixteen-year-old Hank McFadden of Dallas won the third spot after an extra hole tiff with Dilmus James of Abilene. They were deadlocked at 76 in regular play.

James became an alternate, along with Ross E. Mitchell of Lubbock, who turned in a 82; James P. Hjelsmeth of Dallas, 83; Reed Sayles of Abilene, 88, and Bill Tatum of Lubbock, 92.

Lubbock American Legion "B" Squad Defeats Plainview 8-4

Singles by Dan Adkisson, Morris Turner, Mack Taylor and Bobby Sexton sparked a four-run rally in the bottom of the seventh frame that gave the Lubbock American Legion "B" team an 8-4 win over Plainview in an exhibition tussle Tuesday afternoon at Chapman field.

The Plainview youngsters had deadlocked the count at 4-4 in the top of the seventh, on two bases on balls and safe knocks by Tommy Patterson and Joe McGinnis, but the Hub city attack that exploded in the last of the stanza clinched the triumph.

Morris (Moe) Turner, who relieved Mack Taylor on the mound after Plainview tallied their four runs to tie the count, was credited with the hurling win. Turner put out the fire in the seventh, when he struck out Max Luedtke and forced Tommy Reichert to ground out to second, then shut out the visitors without a hit for the final two frames.

Taylor had pitched brilliantly until the seventh, allowing only one safety and no runs in six full innings. But two walks, a single by Patterson and a double by McGinnis put him into serious trouble.

Three Lubbock players—Adkisson, Taylor and Bobby Sexton—shared batting honors with two hits each, although Turner came through with a timely bingle and a sacrifice that tallied the first Hub city run. Jimmy Sexton had one single in two official trips to the plate.

The Lubbock "B" team will invade Spur at 3:30 o'clock this afternoon for the second game of the week's schedule.

AMATEUR, BUT GOOD

PARIS, Tenn. (U.P.)—James Guinn is a railroad worker to most persons, but to archaeologists he is an authority on Indian relics. Guinn's collection contains some 5,000 pieces including 72 hatchets, 200 drills and awls and a 26-pound stone axe. Guinn has been asked to sell the collection, but to him it's his life work.

Tag Team Mat Battle Slated

Sled Allen has rolled out the welcome mat again this week for another tag team event at his wrestling arena, this time bringing back two pairs of wrestlers disgruntled over the results of a week ago.

Al Getz and Frankie Murdoch, allegedly incensed at the indecent treatment received last Wednesday at the hands of Bill Weidner and George Curtis, raged, ranted and stormed for a re-match. After considerable pause to anticipate the public's reception of such an event, Allen reluctantly rushed out to spread the good word.

They Get Their Wish

Be that as it may, Getz and Murdoch secured their wish and tonight's feature battle will see them attempt to gain revenge at the expense of the Curtis-Weidner team. The faithful will be rewarded with a chance to cheer for their favorites.

The main go will be a two out of three falls event, with a one hour time limit on the bouts.

In the first event, Gil Knutson and Gorilla Poggi square off in a bout that is expected to set the pace for the evening. Poggi has returned only recently from the West Coast, where he had good luck and proved highly popular.

Tickets will go on sale in advance from 9 a. m. until 5 p. m. at Wylie's Drug store and the first bout is scheduled to begin at 8:30.

Olympic Games Open In London Thursday

LONDON, July 28 (AP) — Thousands of athletes wound up meticulous training today and tidied up for tomorrow's opening of the Olympic games.

The first day's program will be devoted to ceremony, presided over by King George. The competitors get down to business Friday.

NABORS ASKED TO ALL-STAR TILT

Ex-Tech Gridders Off For Pro Ranks

The football stadium at Texas Tech probably will remain quiet now until the resumption of fall practice by the Red Raiders, after the departure yesterday of the final former Tech gridder for the professional ranks.

Walter Schlinkman, who will play with the Green Bay Packers again, left yesterday for training camp and will pick up Ralph "Ears" Earhart in Oklahoma City. The latter will be trying for a backfield berth in his first year in the pro ranks.

Roland "Tuffy" Nabors, one of Tech's great centers, left Friday to join the New York Yankees. Walter "Bull" Rankin of Plainview, former lineman at Tech, left the same day for his fifth year with the Chicago Cardinals, National Professional Football League champions in 1947.

Other Players Report

Earlier Bernie Winkler, one of last year's tackles and co-captain, reported to the Los Angeles Rams; Floyd Lawhorn, guard, went to the Washington Redskin camp; and Joe Smith left his Electra home for the camp of the Baltimore Colts, the same club with which Hubert Bechtol, Lubbock, will be playing his second season. Bechtol lettered at Tech in 1944 and was All-America the following three years at Texas, where he was a Naval assignee.

Nabors has been invited to play with the College All-Stars in Soldier Field, Chicago, late next month in the annual game against the pro champions, the Chicago Cardinals. He had not decided, when he left Lubbock, whether he will go to Chicago, saying he felt he should remain in the Yankee camp.

"If the Yankee officials want me to go to the All-Star game, I will go," Tuffy said. "But it would seem better, in the long run, for me to spend the three weeks I would be with the All-Stars working out with the Yankees, where I hope to earn my living this fall."

Broadmoor Tourney Match Play Starts

COLORADO SPRINGS, Colo., July 28 (AP) — Tourney medalist Fred Newton of Denver, with a qualifying score of 68 and defending champ Charles Coe of Ardmore, Okla., with 74 were favored today as match play got underway in the 28th annual Broadmoor golf tourney.

Yesterday's qualifying scores included:

Ernie Blanton, Enid, Okla.; J. G. White, Midland, Tex.; Milton Kelley, Bay Town, Tex.; Neil Smith, Ardmore. 80—D. C. Norwood, Wichita Falls.

The face gets most of its wrinkles from laughing, not from worry.

Inter-State Battle Slated For Clovis

An inter-state American Legion junior baseball clash will be unreeled at 8:30 o'clock tonight at Clovis when the Lubbock Legion "A" nine, winner of the bi-district diamond crown, tangles with the Clovis team at Pioneer park.

The exhibition tilt will be the final warm-up for the Hub city squad before the opening of the area tournament here Aug. 5.

Starting hurler for the Lubbock team, which won the bi-district series from Clarendon, will probably be either Jack McCabe or Jackie Martyn, officials said. Both pitchers are southpaws and have good records in competition this year.

Other Lubbock starters will include Jack Cook, catcher; Jesse Fullerton, first base; Charles Galey, second; Jack Whitehead, third; Bob Brown, short; Dorrance Guy, left field; Jimmy Richards, center; and Garnett Reeves, right field.

Hale Center Church To Be Opened Soon

HALE CENTER, July 28 (Spl.)—The $45,000 new yellow-brick Church of Christ will be put in use by its members here in about ten days, Joe Banks, minister, reports. A homecoming program for all members of the church who have moved to other communities will be held in connection with a dedication ceremony soon, Banks added.

The church is built in a T-shape, with an auditorium, 103x43 feet in size, to seat 450 persons, and a two-storied education and Bible study department 76x32 feet in size.

O. W. Arthur supervised the construction work, a lot of which was done by volunteer workmen.

The present Church of Christ, a wooden frame structure, has been purchased by Mrs. W. H. Kirby and is to be remodeled into an apartment building with four apartments.

CARDINALS WIN

Dean Fawcett's three singles paced the Cardinals of the Pee Wee league to a 9-7 victory over the Dodgers Tuesday afternoon at Lubbock Boys club, although Kenneth Stevenson sparked the losers with a bingle that drove in two runs.

Halley's Comet will next be seen in 1986.

Potter, Fired By Connie Mack, Doing Swell Job With Braves

By JOE REICHLER
Associated Press Sports Writer

Billy Southworth, Boston Braves' manager, continues to have amazing success with castoffs.

Southworth's latest "find" is Nelson Potter, the veteran right-hander he picked up a month ago as a free agent after the latter was fired by Connie Mack of the Philadelphia Athletics.

Potter who won his first start against Pittsburgh, got his second last night and again came through with a well-pitched game. This time the American league discard permitted the Pirates only six hits in defeating them 5-1 in Boston. He did not allow a run after Ralph Kiner tagged him for his 28th home run in the first inning. He did not issue a single base on balls and struck out four, including Kiner, in the ninth inning.

Red Sox Extend Streak

Boston's Red Sox, extended their winning streak to 13 straight games by blanking the Tigers in Detroit 8-0.

Boston's triumph together with the Indians' 10-5 victory over the Atheltics in Cleveland, gave the Red Sox a full-game lead in the tight American league pennant race.

The Brooklyn Dodgers replaced the St. Louis Cardinals in the runner-up spot in the National league by coming from behind with two runs in the ninth to nip the Redbirds 3-2.

Larry Jansen turned in his second straight shutout and 13th victory of the season as he pitched the New York Giants to a 3-0 triumph over the Cincinnati Reds.

Browns Trip Yanks

Rookie Hank Arft, making his major league debut with the St. Louis Browns, drove in three runs with a triple and home run to lead the Browns to a 4-0 triumph over the New York Yankees.

Pat Seerey walloped his 14th home run with Luke Appling on base and two out in the last of the ninth to give the Chicago White Sox a 2-1 triumph over the Washington Senators.

Bob Scheffing's pinch single scored Clarence Maddern with the run in the 11th inning that gave the Chicago Cubs a 3-2 victory over Dutch Leonard and the Philadelphia Phils.

BARBERS BEST IDALOU

IDALOU, July 28 (Spl.)—Lubbock Barber college's softball nine pounded out an 11-8 victory over the Idalou Independents here last night behind the steady hurling of John Vandeventer.

STEELERS BEAT VFW

R. J. Matheney hurled Panhandle Steel to an easy 12-0 victory over the Veterans of Foreign Wars in an Industrial league softball tussle Tuesday afternoon.

FIRST BAPTIST WINS

First Baptist church softball nine, paced by the twirling of Kerr Ceon, pounded out a 12-4 victory over the Salvation Army in a City Softball league tilt Tuesday afternoon.

Texas Congressmen Back Parts Of Truman's Recommendations

WASHINGTON, July 28 (AP)—Texas congressmen volunteered only scattered approval of President Truman's message yesterday—and only of parts of it. Critically speaking, all those who would comment agreed on one point. None favored the President's civil rights measures.

Neither Senator Tom Connally nor Senator W. Lee O'Daniel had anything to say about Mr. Truman's message to Congress.

House minority leader Sam Rayburn of Bonham and Rep. Wright Patman of Texarkana, usually administration supporters, were not available for comment.

Rep. Lyndon Johnson of Johnson City sided with part of the message, condemned other sections, and got in a word campaign-wise.

"I will not support the so-called civil rights legislation," Johnson said.

Volumes Available To Coke

"Next to war, the greatest danger to our country is inflation. We can allocate critical materials and should. We can strengthen our anti-trust laws and stop this trend toward stifling competition by squeezing out competitors.

"I will support the best housing bill that we can get to the floor.

"My opponent (Coke Stevenson) has announced that he will be in Washington for the special session as an observer."

"I shall be glad to make available to him the several volumes of testimony taken by my committee on such matters as the draft, UMT and other national and international problems concerning which he previously has said that he lacked adequate information to 'predicate a stand.'

"However, he will need to cram considerably to get ready in five weeks for the exam for which I have been studying 11 years.

Critical Comments Made

Favorable comment on parts of the President's speech:

Rep. Combs of Beaumont—"I was particularly gratified at two points in the President's speech. He singled out the housing and inflation problems. We ought to be able to tackle them without acrimonious partisanship."

Rep. Thomas of Houston—"I think the President made a good statement and I hope the Republicans will try to do something about the high cost of living and broaden the social security act."

Critical comment:

Rep. Wilson of Dallas—"I'm against the whole thing."

Rep. Fisher of San Angelo—"I am opposed to the return of the OPA. What we need is more production.

"Of course I'm opposed to the civil rights program, and to socialized housing. I do think that title six of the housing law, to help home construction through sound loans, should be restored."

Mahon Opposes Price Control

Rep. Gossett of Wichita Falls—"price control without wage controls would aggravate, not alleviate, our present distress. The President's position urging admission of more displaced persons is an appeal to religious and racial prejudices and is to be regretted."

Others:

Rep. Thompson of Galveston said there was "no question but what there is a lot of unfinished business which should be handled.' He said he favored the Taft-Ellender-Wagner bill.

Rep. Mahon of Colorado City, said he did not believe price controls as applied during the war would work now, while Rep. Worley of Shamrock said he was "opposed to isolated controls of any kind."

Rep. Poage of Waco approved proposals to levy excess profits taxes, contending this approach to the problem was preferable to imposition of price controls.

Rep. Beckworth of Gladewater—"the inflation problem is serious indeed. I wouldn't say that nothing can be done about it. I've looked for a long time with great fear on the trend of prices. I favor working toward a solution for this dangerous trend. It is my desire to help solve the housing problem which confronts our people."

Alaska Travel Film Shown To Rotarians

A travel picture of Alaska, in sound and color, produced and sponsored by Alaska Airlines in the interest of colonization of a territory "that will do this nation proud when it becomes the 49th state," was shown at the Rotary club luncheon today at the Hilton hotel.

The film, presented by Ben Edwards and W. R. Lynn, southwestern representatives of the Alaska Airlines, belies what it refers to as the general idea that all Alaskans live in igloos. Principal cities, including Anchorage and Fairbanks, are as modern as anything in the states, and travel facilities are making rapid progress.

Program Introduced

J. B. Cardwell introduced the program. James Malone, junior Rotarian from Texas Tech college for July, expressed his appreciation for the privilege of attending the luncheons.

Visiting Rotarians included Tom Johnston of Spur, Bill Blakney of Abilene, Rev. James Abernathy of Ralls, Walter Craig of Amarillo, O. C. Thomas of Ralls, L. D. Williams and Fred Reynolds of Bryan, Boyd Henderson and J. W. Porter of Dallas, Paul Brannon of Seminole, R. E. Willis of Lovington, and Sam Hord of Fort Worth.

Club President Irving Jones was in the chair, with invocation by Dr. H. I. Robinson.

victims." They said the other victims pouring in would have to be sent to Heidelberg.

Phone Lines Destroyed

Several telephone lines between Mannheim and Ludwigshafen were destroyed. The stricken city could not be reached from Frankfurt.

The plant was a branch of the sprawling I. G. Farbenindustrie chemical trust before the combine was split up by a four power order. It was the main factory in Ludwigshafen and covered several acres.

U. S. officials here said the plant was burning furiously two hours after the explosion.

The plant has been reported making dyes.

Completely unconfirmed reports in recent months have stated that French authorities were making in the plant high-explosion propulsion fluids for experiments with V-1 and V-2 missiles.

Concussion Injuries Many

Mannheim police headquarters said "many" persons were injured in Mannheim by concussion from the explosion. Some 300 policemen were sent from here to help rescue work.

American military police also went to the scene with American and German fire companies.

All police from the American zone state of Hesse and from the French zone state of Rhineland-Pfalz were ordered to send men to the area. Red Cross workers for miles also rushed to the scene.

instantly. Two others died after being taken to a hospital.

The four injured men were being treated at the Gibson county hospital here. One member of a rescue team that fought its way to the dead and injured miners was treated for exhaustion.

Steps were being taken to seal off the area in which the explosion and fire took place. Mine officials said the seal would be of concrete, wood and steel.

Congress

(Continued From Page One)

good night's sleep," Wherry said.

Wherry said he has not worked out any informal agreement with southern Democrats to delay start of a civil rights battle until tomorrow.

Other Republicans reported a majority agreement to go along with the plans of leaders to adjourn as "soon as possible"—probably next week or the week after.

And as the GOP leaders laid plans for a speedy adjournment, they announced complete willingness to let the voters decide in November whether they had done the right thing.

Demos Shout Sabotage

Democrats promptly shouted "sabotage." They accused the majority party of setting out deliberately to wreck the President's program for anti-inflation and housing legislation which he pleaded for yesterday to avert "another great depression."

Privately some Republicans questioned the wisdom of their leaders' strategy, which GOP Senator Robertson of Wyoming said had been arrived at after consultation with Gov. Thomas E. Dewey of New York, the party's presidential nominee.

Robertson emerged from a meeting of the Senate's Republican policy committee late yesterday and told newsmen Chairman Taft of Ohio had relayed the advice from Dewey to "stay around a week or so and then go home."

Report Is Relayed

This report was relayed in turn to James C. Hagerty, Dewey's press secretary, at Pawling, N. Y. Hagerty at first said Dewey had no comment but a little later announced:

"The governor feels that the Congress should stay in Washington and give careful consideration to whatever was proposed in the President's message."

Here's what Republicans said they will do:

Take up in the Senate—perhaps today but probably tomorrow—an anti-poll tax bill already passed by the House and fiercely opposed by southern Democrats.

Asked For Such A Bill

Mr. Truman, without naming it, asked for such a bill yesterday when he urged action on his February civil rights program calling for anti-poll tax, anti-lynching and anti-discrimination legislation, among several other things.

Southerners who bolted the Democratic national convention in opposition to the civil rights platform said they are all set to filibuster, although only one of them used that term.

Senator Hoey (D-NC) told a reporter "we are ready to speak any civil rights bill to death." Then he added:

"The southerners are lining up to filibuster."

Ku Klux Klan

drive."

He said it was obvious that Klan leaders are attempting to use the present civil rights controversy as an excuse for organizations in other states.

"I shall use every legal means possible at the state level to prohibit the revival of the Ku Klux Klan or any other secret organization which proposes to take the law into its own hands or incite racial and religious hatreds in our state," Daniel declared.

MARCH OF DIMES

NEW YORK, July 28 (AP)—The net collection in the 1948 March of Dimes campaign was $18,669,299, Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced yesterday.

Daily Markets

Stock Market

SMALL GAINS AND LOSSES

NEW YORK, July 28 (AP) — Rising tendencies in the stock market faded away in late trading today.

Final prices showed a close mixture of small gains and losses. Early advances in some cases were either wiped out or converted into losses.

U. S. Steel was a late casualty, ending about a point lower after showing a fractional net gain at one time.

Business was slack throughout the session. Turnover ran in the neighborhood of 900,000 shares.

Wright Aeronautical and Santa Fe railroad moved well in front, both adding around four points.

Smaller gains appeared for Nickel Plate, Atlantic Coast Line, Pure Oil, Mission Corp., American Smelting, Dow Chemical, Johns-Manville, and Eastern Airlines.

Losers included Republic Steel, International Harvester, Schenley, American Safety Razor, Consolidated Natural Gas, Westinghouse Electric, Union Pacific, and J. I. Case.

Cotton Market

NEW YORK REPORT

NEW YORK, July 28 (AP) — Cotton futures were quiet today as light mill buying in nearby October and December met only limited hedge offerings. Some buying was attracted to deferred deliveries, influenced by expectations of a higher mid-July cotton parity and a government loan on the next cotton crop of around 31 cents a pound for 15-16 inch middling.

Private advices indicated producers were inclined to withhold new crop supplies until the loan is fixed on the next crop.

Cotton futures closed at lows of the day on local New Orleans selling.

Futures closed 25 to 60 cents a bale lower than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, July 28 (AP) Buyers wanted cash corn here today and they bid up prices for it. One result was an early strengthening in prices for corn futures. But a large part of the gain in both corn and other grains was lost in late dealings.

At the cash tables premiums for corn were raised as much as 5 cents. No. 1 yellow corn brought 43 cents a bushel over the September futures prices.

Wheat closed ¼ lower to ¾ higher, September $2.38¾-⅞, corn was 1¼ lower to 2 cents higher, Beutember $1.74½-¾, oats were ⅛ to 1 cent higher, September 73¼-⅜.

FORT WORTH REPORT

FORT WORTH, July 28 (AP) — Wheat No. 1 hard 2.34¾-38¾.
Oats No. 2 white 90¾-92¼.
Corn No. 2 yellow 2.27½-30½.

ONLY ONE TEXAN REPORTED ABOARD

TUCSON, Ariz., July 28 (AP) — Davis-Monthan Army Air Base today released the names of crewmen who were aboard a B-29 with M/Sgt. Sigyler Gustafson at the time the plane left the base here. The plane crashed today at Aden, Arabia, and Sgt. Gustafson was the only known survivor.

The crew at the time the plane left the base here contained only one Texan, M. Sgt. William M. Roberts, Fort Worth, radar operator.

The base emphasized that the crews may have been interchanged during the trip.

"open the Pandora's box" of routine legislation dealing with such things as nominations or new appropriations which "would add to the fires of inflation."

7. Congress will study the President's anti-inflation proposals, but probably won't do anything about them, since he already has effective powers which he is not using. Government controls, "the police state methods decried by President Truman himself, would only make the situation worse."

New housing legislation also will be considered. But the legislation already passed "practically exhausts the materials and labor available for the purpose." Anything more would involve "serious complications and differences of opinion which cannot be dealt with adequately at this special session."

Scar-Faced Giant Outwitted Allies On Orders Of Hitler

Mussolini Kidnaper Escapes

FRANKFURT, July 28. (U.P.)—German government officials reported today that Otto Skorzeny, former lieutenant-colonel in the SS Elite Guard who kidnaped Benito Mussolini from the Allies in 1943, has escaped from Darmstadt prison camp.

Skorzeny, a scar-faced giant, planned and carried out the rescue of Mussolini on direct orders from Hitler in September, 1943, by dropping parachutists in the Gran Casso mountains where Mussolini was being held by anti-Fascist Italians.

An announcement by the Hesse government said Skorzeny, whose daring exploits earned him numerous decorations from Hitler, escaped yesterday.

He was being held at Darmstadt for denazification trial. He was acquitted by a U. S. military court last September on charges of sending German troops into combat dressed in American uniforms.

Skorzeny was held in a cell block with 400 other prisoners awaiting trial. No special precautions had been taken for his security.

Camp officials said Skorzeny left a note with one of his friends in camp promising to write the denazification court about his escape.

The officials said they had no information on how the escape was made. They said Skorzeny left most of his belongings behind.

A widespread search by local and state police was underway. American police were not called in because Skorzeny now is a German problem exclusively.

Cash Is Taken At Crosbyton

The Texas Highway patrol and other law enforcement authorities on the South Plains today were attempting to locate an unidentified negro man who allegedly took money from a cash register at a Crosbyton service station about 4 p. m. yesterday.

Officials believed they knew identity of the suspect, however.

The negro, discovered by the attendant in the act of rifling the register, was accosted and part of the money recovered from him. He made his escape, however, while the attendant was calling the sheriff's department at Crosbyton, that office said last night. The sum reported missing was about $15.

The man was said to have made his escape in a 1936 or 1937 black light sedan, going east from Crosbyton. Interrogation of motorists coming into the city from the east failed to turn up evidence of the fugitive in that direction. It was believed that he may have circled and headed toward Lubbock.

Descriptions of the negro tallied closely with those of a Lubbock negro who has been involved previously in similar cases, having served a term in the state penitentiary recently for burglary.

The service station, a Phillips 66 station owned by Tillman Reeves of Crosbyton, is one of two located on Highway 82 in west Crosbyton. The sheriff's department there said that the station robbed was the one located nearest the center of the town.

Monk Massengill, 19, of Snyder, posted $1,000 bond for appearance before an Aug. 9 grand jury on a charge of chicken theft, the sheriff's department said.

David Beehill Tate, about 58, was fined $25 and county court costs on a charge of driving while his operator's license was suspended, and his license was suspended a further six months, a judgment of Judge Davies showed. Judge Davies also fined Earl T. Brown, 26, a negro, $100 and costs on a liquor law violation complaint.

Juvenile officials will investigate the case of two negro boys who were arrested after burglacy of premises at 1218 Ave. F. Taken were gum, candy and two chisels.

Registration

men is expected sometime after Oct. 1.

It will ask for about 30,000 men. It was expected that this first call will take all the eligible men in the 25 and 24-year-old brackets and most of the eligibles in the 23-year-old group.

Senate committee members, including Chairman Chan Gurney, R., S. D., gave Hershey's "age group" plan their blessing. Gurney originally had favored a lottery for determining which registrants would be called first.

Meanwhile, two members of Henry Wallace's progressive party in Congress—Reps. Vito Marcantonio, N. Y., and Leo Isacson, N. Y.—introduced a bill to repeal the recently-enacted draft law. Sen. Glen Taylor of Idaho, the party's vice-presidential nominee, is expected to introduce a similar measure in the Senate.

Selective service said local boards will start sending out draft questionnaires soon after registration begins on Aug. 30. It said registrants will have "at least 10 days" to fill out the forms.

Selective service officials said no decision has been reached on how long draftees will have to arrange their personal affairs before reporting for duty. At the end of World War II as much as 90 days elapsed before draftees were actually taken to camps for training.

able to get the required visa in Berlin. I begged them for gasoline to get back to Berlin. Their statement that I offered them bribes to get through is a fantastic lie. Fortunately, an American captain from our Potsdam liaison mission came along and gave me gasoline for the return trip."

The Russians also accused an American captain named M. Jameson of making a bribe offer which was rejected. Jameson could not be identified through Berlin directories.

The Russian account said the Soviet guards told the two American officers, in rejecting the alleged bribes: "You are not in Wall Street now."

Barber Shop Singers Will Sponsor Boys

Members of Lubbock chapter No. 10 of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., meeting Tuesday night made tentative plans to sponsor a boys club chorus here, heard announcement that they will furnish entertainment for the state masters plumbing convention set here Sept. 11, and welcomed four new members.

The group also learned that new chapters are in the process of organizing at Lamesa, Midland, Abilene, Big Spring and San Angelo, and that efforts are being made to establish chapters in Plainview, Littlefield, Levelland and Brownfield. Lubbock and Pampa are co-sponsoring a new chapter at Amarillo, which will receive its charter Sept. 7.

New members received include Hilary Mather, James B. O'Connell, H. M. and J. L. Zimmerman. Visitors included Jack K. Noyes, Bill Kight, Charles Newton and Durwood Horn. Ivor (Tiny) Jones of Omaha, Neb., was an out-of-town visitor.

The next meeting of the organization will be held Aug. 10.

play," one irate mother declared.

The immediate results were examinations of the wiring by city inspectors and the preparation by Wilson of the proposed ordinance.

He agreed with inspectors that no present ordinance forbids the precaution Currey has taken.

"But we don't believe the current is strong enough to hurt anyone," was the gist of the inspection reports.

Other electricians disagreed with this view. They said that a current of the kind described might, under extreme conditions, cause serious injury or death.

District Attorney Lloyd Croslin said if any fatal tragedy should occur, the person responsible for the wiring would be liable to criminal charges, including the possibility of murder with malice—a capital offense.

But his office would have no authority to correct the condition in advance, he added. The procedure there, he said, probably would be for those objecting to the wiring to seek to have it declared a nuisance.

Curry insisted that he wanted "to do what is right," and that he will do whatever city officials tell him about the wiring.

"But I think my lawn and hedge should be protected from dogs," he declared. "I keep my dogs up. Why can't other people keep theirs up too?"

City officials said they turned their reports of the incident to the city manager, who planned an investigation this afternoon.

Residents of the neighborhood said, meanwhile, they were discussing the possibility of forming a committee to appear before a special meeting of the city commission Thursday afternoon to insist upon the removal or deelectrification of the wires.

Sec. Marshall Plans Inquiry

WASHINGTON, July 28 (AP)—Secretary of State Marshall announced today that he is creating a committee of three citizens to investigate whether the United Nations is bringing persons into this country who are a danger to American security.

Marshall declined to give a news conference the names of the three citizens but promised they would be announced later. He described them as distinguished citizens.

Cover All Classes

The investigation wil cover all classes of persons associated with the United Nations, Marshall said, including foreign delegations and their staff, newspapermen and other reporters, members of specialized U. N. agencies and the staff of Secretary General Trygve Lie.

The investigation grows out of testimony of two State department officials before a congressional committee that hunderds of secret agents from Europe's Communist countries may be using U. N. credentials as a means of getting into the United States to stir up trouble.

Bomb Wing To Try For Record Flight

FORT WORTH, July 28 (U.P.) — The 509th Bombardment wing, Walker Air field, Roswell, N. M., will be attempting the longest round trip Saturday in the non-stop flight of B-29's from the Eighth air force to New York for President Truman's review of the air force.

Pilots and crewmen will be tested by the long mission on "cruise control" skill in long range flight. The review will be staged at New York's new Idlewild airport and will be the greatest air force demonstration since the end of World War II.

Emergency Bases Listed

Planes from the 509th may, in event of emergency, land for refueling at Dayton, O., or Chanute Air Force base, Ill., or Carswell base here.

The 43rd Bomb wing from Tucson, Ariz., will arrive here Friday at Carswell and will make the trip from here. The 2nd wing from Tucson will stage from MacDill Air Force base, Fla., and the 97th of Briggs base, El Paso, from Maxwell base, Ala. The 7th Bombardment wing will take off from here.

Dallas Housewives Balk At High Price

DALLAS, July 28 (AP)—Dallas housewives are continuing their holdout against high meat prices, and as a result meat processors have virtually quit buying livestock from producers, a survey showed today.

The processors contend they can't sell the meat already slaughtered and ready for distribution. The explanation could be seen in many retail stores—meat counters piled high with expensive cuts that aren't selling.

One meat processor, speaking anonymously, said he was "highly pleased" that housewives are balking at high meat prices.

Littlefield Man Dies In Amherst Hospital

LITTLEFIELD, July 28. (Special)—James Robert Ray, 77, of Littlefield Star route 2, died about 2 a. m. today in an Amherst hospital. A retired farmer, he had been a resident of Lamb county for the past seven years.

Funeral services will be held at the Anton First Baptist church, but time of services has not been set. Interment will be in Whitharral cemetery.

Survivors include three sons, Fred, Arthur and Nolan Ray, all of Littlefield, three grandchildren and one great grandchild.

Levelland Boy, 13, Dies In Hospital

LEVELLAND, July 28 (Special)—Merlyn Dean Wheeler, 13-year-old son of Mrs. R. H. Wheeler, died at Phillips-Dupree hospital here at 2 o'clock this morning.

Funeral services will be held at the Fifth Street Baptist church here at 2 p. m. Thursday, with Rev. John Hallford, pastor, named to officiate. Interment will be in Levelland cemetery under direction of Bryan McDonald & son Funeral Home of Lubbock.

Survivors include the parents, and a sister, Sandra Jean Wheeler.

Operators Of Flight Training Schools Seek VA Clarification

Operators of flight training schools throughout the 79-county West Texas area served by the regional office of the Veterans administration here, were in session at Hotel Lubbock this morning, and were to meet with VA officials this afternoon in an effort to clarify the GI flight training program as recently amended and restricted by Congress.

Operators said they are "at sea" over interpretation of certain phases of the revised training program, and charge that they have been unable to get from the VA a clear-cut statement on plans of the agency concerning approval of applications for flight training

Must Show Use

The last session of Congress amended the Servicemen's Readjustment act to the extent that, effective on July 1, every applicant for flight training will have to show a vocational use for the training.

Principal confusion among operators springs from interpretation of "contemplated," a term used in the amendment concerning business use of the training, and the term "complete justification," used by the VA in approval of training applications.

Fifty or more operators and flight school representatives were in the morning session, and a canvass showed that not one had received an approved application for training since the new measure went into effect.

Program Almost Nullified

Thus, they assert, the revision virtually nullifies the training program, placing a hazard on their investments in equipment and landing fields.

Harry B. Lewis, of the Seminole Chamber of Commerce, World War I flying veteran, has taken the lead on behalf of operators, and presided at the morning meeting. The session was called by Andy Anderson of the Wes-Tex Aircraft here, and G. L. Stanfield of the Seminole Flying servcie.

The amended measure became effective on July 1, providing among other things that no part of the appropriation for education and training under Title 2 of the Servicemen's Readjustment act shall be expended for any course . . . which is determined by the administrator to be avocational or recreational in character.

The measure goes on that "for the purpose of this proviso, education or training for the purpose of teaching a veteran to fly, or related aviation courses in connection with his present or contemplated business or occupation, shall not be considered avocational or recreational."

Thus, Lewis pointed out, clarification of the intent of Congress in passing the measure, and the interpretation by the Veterans administration on the proviso, may mean much to the aviation industry and specifically to flight training schools "which have heavy investments in equipment and landing fields."

Seeking to clear up the intent of Congress on the matter, Lewis wired Senator C. Wayland Brooks (R-Ill.), author of the rider of the bill which placed the restrictions, asking his interpretation with respect to the intent of Congress on the word "contemplated."

The senator wired back that the Veterans administration had advised him that the burden of proof is up to each individual seeking training, "since individual knows best whether he is engaged in such training for future use in business or occupation."

Lewis, charging the senator's answer was an evasion of his question, since he wanted the attitude and intent of Congress on the measure, again wired the senator requesting "definite answer my question regarding intention of Congress on term "contemplated." No answer had been received this morning.

Points Are Suggested

Asbury Meadows, executive officer with the Texas Aeronautics commission, suggested two principal points he said should be cleared. One, he said, is definition by the VA of the term "complete justification" of a veteran in qualifying for flight training, and another, he added, is a reading on an application before the veteran is forced to spend $10 and undergo a complete physical examination.

Meadows compared the present VA operation and requirements under the program to a suggested requirement by a college or university of an affidavit and other proof from, for example, a medical student, who under similar procedure would be forced to prove without question that he has a definite location waiting for him when he finishes his course.

The operators were to meet this afternoon with officials of the VA regional office here, hoping to get a clear-cut understanding on procedure necessary for enrollment of GI students.

Wage Hike Offer For Phone Men Planned

NEW YORK, July 28 (AP)—The Western Electric Co. is reported to have agreed to make a wage increase offer next month to 30,000 telephone installation workers throughout the country.

The report came yesterday from Allan E. Haywood, CIO national organization director, who said the wage offer was promised by Western Electric president Stanley Bracken at a meting in company offices.

A threatened strike by the installation workers whose contract expired last May 8, would tie up installation of equipment in telephone central offices across the nation.

The amount of the promised offer was not specified, Haywood said, adding that Bracken indicated the offer would be based on patterns used in other wage settlements.

Forgery Counts Are Dismissed

HOUSTON, July 28 (U.P.)—Forgery and embezzlement charges were dismissed today against the secretary of J. C. Franklin, a Houston man who disappeared seven years ago.

Criminal District Judge Frank Williford dismissed 14 forgery and embezzlement counts against Helen O'Keefe, still under indictment for Franklin's murder.

Miss O'Keefe was charged after Franklin's burned car, with charred fragments of a body believed to be his, was found Nov. 12, 1941, on the San Jacinto river banks near the Beaumont highway.

Evidence Insufficient

At a trial in Judge Williford's court in March, 1942, she was given a 25-year sentence, but the verdict was reversed by the Court of Criminal appeals. The higher court held that evidence supporting Franklin's death was insufficient.

The other charges, dismissed today, grew out of the drawing of checks totaling $1961 on the American Industrial Investment Co., operated by Franklin. The dismissal was on recommendation of Assistant District Attorney John H. Meyers, who told Judge Williford Franklin was an essential witness.

Troubles Pile Up For Denton Family

DENTON, July 28 (AP)—Misfortune piled up today for the Ray Meredith family of Denton.

While they were in Dallas today visiting their daughter, Nita Ray, 9, critically ill with polio, their house here burned following an explosion.

Strain and worry over Nita Ray's illness sent her grandmother, Mrs. A. L. Meredith, to a local hospital, suffering from nervous exhaustion.

Semi-Military Education Is Planned For Soviet Youths

By WATER KOLARZ
United Press Staff Writer

LONDON, July, 28 (U.P.)—Official Soviet sources have disclosed plans for the systematic semi-military education of Soviet youth.

The education will be carried out by three new all-union voluntary societies for assisting army air force and navy, DOSARM, DOSAV and DOSFLOT.

The foundation of the organizations was announced on May 28 in a communique of three lines. The organizations since have charted their tasks and started the membership recruiting campaign. They are working under military leadership and with the support of the Communist Youth League and the Soviet Trade Unions.

The All-Union Voluntary Society for Assisting the Airforce—DOSAV—whose chief is General M. P. Kaminin is working for the "revival of mass aviation sport." It set itself the task of opening air clubs and glider and parachute clubs in all bigger industrial centers and in towns of provincial and district importance.

Competitions Planned

Gen. Kaminin said the DOSAV will also organize competitions for pilots, speed trials for light aircraft and rallies and competitions for model aircraft fans. It also plans the reintroduction of medals and insignia for record achievements.

DOSAV also will carry out a great deal of ideological work and boost the Soviet Union as the country of a highly developed aircraft industry and of 62 international records established by Soviet aviators.

DOSARM, the voluntary society to assist the army, also announced an ambitious program. DOSARM is about to organize clubs in industrial undertakings and on collective and state farms.

The primary task of DOSARM, working under the supreme direction of Col. Gen. Kuznetsov, will be "to see to it that its young members enter the army not merely with a knowledge of the foundations of warfare but with the technical skill of a telegraphist, telephonist, and driver of motor cars."

To Practice Shooting

DOSARM proposes to set up a network of rifle clubs and shooting ranges throughout the Soviet Union. Its immediate aim is to hold a series of rifle competitions and snipers' meetings in August. The DOSARM program further provides for the extension of the amateur radio movement and the encouragement of the country's motoring clubs.

Comparatively little was made known of future activities of the third organization, DOSFLOT, headed by Admiral A. A. Nikolayev.

Nikolayev said DOSFLOT will "bring up sailors in the spirit of devotion to the motherland and to the cause of Lenin, Stalin and Soviet patriotism." Its practical task will consist in organizing water sports and naval competitions.

She sued him for divorce yesterday, claiming cruelty. Married in New York in 1941, they have two children.

McMath, Holt Lead In Arkansas Vote

LITTLE ROCK, July 28. (AP)—Sidney S. McMath and Jack Holt raced into the home stretch of Arkansas' gubernatorial handicap today.

McMath, 36-year-old crusading Hot Springs prosecutor, led Holt and five other opponents in yesterday's Democratic primary by 22,000 votes. The runoff primary will be August 10.

Holt, 45-year-old Little Rock, eloquent former state attorney general, cinched the runnerup spot with more than 4,000 votes over James (Uncle Mac) MacKrell, Little Rock radio showman and independent welfare worker.

Race Claims Interest

The governor's race claimed major interest in the preferential at which two statewide and three congressional races were determined and two other statewide races were narrowed to two-man affairs.

The vote for governor in 1,849 of 2,158 precincts gave Holt 52,378; McMath 74,472; Former U. S Internal Revenue Collector Horace Thompson 41,126; MacKrell 48,291; Charles Fleming of Forrest City, 1,096; John G. Lonsdale, jr., of Lonsdale, 989; and W. T Jennings of Texarkana, 502.

Reasons For Difference In Length Of Life Between Men, Women Studied By Doctor

By PAUL F. ELLIS
United Press Staff Writer

NEW YORK, July 28,—The medical men don't know why women live longer than men but they are working on it.

Dr. J. Murray Steele, professor of medicine at New York University, said today they are working on three theories, none proved scientifically. He was skeptical regarding the theory that men work harder than women, and therefore die earlier.

Other Reasons Posed

Dr. Steele was commenting on U. S. public health reports that the average life span for American men had climbed to 65.1 years and the women to 70.3 for an overall average of 67 years. The government agency attributed the better control of infectious disease as causing the increased life span.

As for the difference of some five years between male and female, Dr. Steele listed these three possibilities:

1. That men work harder and are exposed to more occupational hazards.

2. That men develop hardening of the arteries earlier in life.

3. That men have a different hormonal balance than women.

Dr. Steele said that there are no scientific statistics, definitely showing that men work harder then women or are exposed to more hazards.

"After all," he said, "there are statistics that more accidents occur in the home."

He said also that medical science was not sure that men developed arteriosclerosis, or hardening of the arteries, before women. Right now, Dr. Steele is conducting a research along those lines.

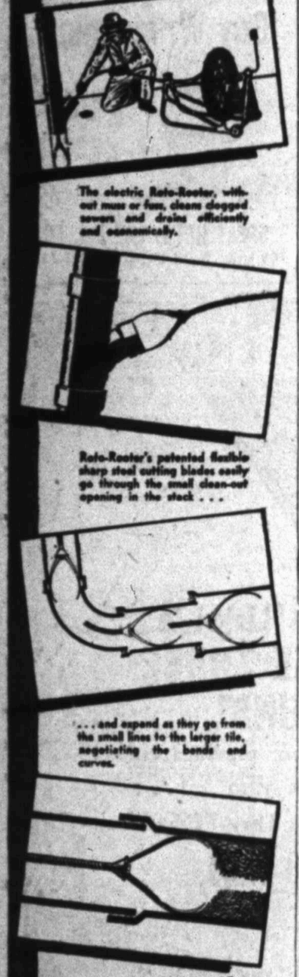

As for the no. 3 speculation, Dr Steele said it may have some bearing. It might be, he said, that women have a better hormonal balance—that is their makeup enables them to attain a better revitalization or replacement of tissues.

Dr. Steele said he would like to know the answer to the question of why women live longer than men.

"That would mean we would have knowledge that we don't have now," he said. "It would be a step toward knowledge of the aging process."

UN Armament Reduction Issue Is Being Shelved Temporarily

By DeWITT MacKENZIE
Associated Press Staff Writer

The working committee of the United Nations commission for conventional armaments (those apart from atomic weapons) finally has decided that armaments can't be reduced and controlled until the big powers agree on a U. N. police force, atomic energy is leashed and peace treaties are made with Germany and Japan.

In short this momentous question, which is the crux of the effort to enforce world peace, is being temporarily shelved. The committee's explanation strikes us as being a bit of diplomatic shadow boxing because the blunt fact is that United Nations can't function as a peace controlling agency until the cold war between Russia and the Democracies has been settled.

U. N. Will Face Problem

Presumably this problem of enforcing peace will come up in the U. N. again—and then again and again. But it never can be solved until the issue of world revolution for the spread of Communism has been dealt with. A British viewpoint of the fundamental difference between Russia and the west is summed up by the weekly publication "Time And Tide," and I quote it because it represents the consensus of many objective observers:

"The issue is whether Russia means to carry on with or abandon her plans for the destruction of the Democracies. If she will abandon them, there is no issue between Russia and the west which cannot be peacefully solved. The argument as to whether Russia wants war is beside the point.

War Probably Not Wanted

"In all probability she does not want it now. From Russia's point of view a 'shooting war' is not to be undertaken until the process of internal erosion in the Democracies has reached the point where only the very slightest push from without would be necessary to topple over the whole structure."

That's the story. The battle of Berlin, and the innumerable other cold hostilities all hinges on Bolshevism's efforts to communize the world. We shall get an easement of the German imbroglio, and the hundred and one other difficulties encircling the globe, if and when the Russians decide that they have carried their aggression about as far as they can for the present.

Easement Would Mean Truce

Such an easement wouldn't mean an end of the cold war but merely an armed truce. So long as a powerful Red dictatorship remains in control of Russia, just so long will the Communist world revolution continue. And the Red dictatorship will remain until the people under it decide that they have had enough and take matters into their own hands.

The trend of the German situation is likely to give us a fair gauge of Russia's intentions. She is bent on securing domination of Germany, and scarcely can be other than greatly disturbed by the way in which the three Western democracies have gone ahead with the organization of an independent government in their zones. It wouldn't be surprising to see the Muscovites make a gesture of playing ball with the Allies in order to secure concessions and gain time to inaugurate counter action.

However, let us not fool ourselves into thinking that we can have peace while Communism is reaching for power in all countries—not least in America.

Henry Wallace Declares Truman's Orders On Discrimination Are Political Gestures

NEW YORK, July 28 (AP)—Henry A. Wallace says President Truman's executive orders aimed at eliminating discrimination in the armed forces and calling for a fair employment practices system for federal employees are only "gestures."

The anti-discrimination order is "an empty gesture" and the employment order "another obvious political gesture," the new party presdential candidate said in a statement yesterday.

"Mr. Truman's nightmares over the rapid growth of the Progressive party," Wallace said, "have forced him to face the issue of discrimination, but once again he has made only an empty gesture. He has written into executive order the language of the South. . He fails utterly to attack the heart of the matter—segregation."

Debate Challenge Given

Commenting on the President's order concerning a fair employment practices system, Wallace said:

'His belated effort to establish an FEPC in government service, issued on the eve of his politically created special session, is another obvious political gesture—and a milquetoast one at that."

Wallace said he was repeating his challenge to Mr. Truman and GOP presidential candidate Thomas E. Dewey "to debate with me—and to debate with me in the south before non-segregated audiences."

Wallace said he had sent telegrams to all radio and television networks and independent stations demanding "equal time to reply" to President Truman's address.

Group Of Men Were Only Going To Vote

OKLAHOMA CITY, July 28. (AP)—When a group of men gathered outside her door, it looked mighty suspicious to Mrs. Ben Bennington, 54.

She thought they were going to molest her, and called police for help.

Prowler car officers W. B. Gates and O. E. Higginbotham raced to the scene.

But the men turned out to be the most solid of citizens—all waiting to vote in Oklahoma's primary at the polling place next door.

Pleasure In Giving Is Aid To Success

Bachelor Builds Multi-Million Dollar Night Club Business In Philadelphia

By HAL BOYLE
Associated Press Staff Writer

PHILADELPHIA, July 28 — The 39-year-old grandson of an Italian immigrant has become a Henry Ford of the night club business in America.

And Frank Palumbo built his after-dark empire here in the city of brotherly love, which is popularly supposed to stay up after sunset only on the days when an evening baseball game is being played.

But Palumbo created a multi-million dollar yearly business on the basis that the masses have more money to spend at night clubs than the classes.

"The whole secret of this business is giving the people the kind of entertainment they want," said Palumbo, who owns six night clubs and restaurants in Philadelphia.

Right now he thinks the people are shopping for night club entertainment every bit as sharply as they do for their dollar's value in food or clothing.

"They no longer are just satisfied to go and pay their way and listen to a band," he said. "They want more than a voice or a tune. These guys who just play their saxophones and clarinets and then turn their back to the audience are finished.

"Night clubs have to get back to real merchandising. The fast dollar is gone."

Becomes Civic Institution

Palumbo, a stocky, dark-haired cheerful bachelor, has made himself a civic institution here by his pleasure in giving. Friends estimate he gives away $100,000 a year.

By giving the zoo a leopard, four alligators, some South American birds and two rhinos he also endeared himself to the animal-loving hearts of the main line aristocracy here. And it is a crusty society you just don't crash with a new bank roll.

Palumbo has given blood transfusions as well as dollars. He is easier to hit than a radio giveway program. As the whim seizes him, he passes out watches, pen and pencil sets, cases of liquor, perfume, gold rings, bracelets, and television sets for orphanages.

"I get my chief pleasure out of life in seeing people enjoy themselves," he says. His favorite beverage is a soft drink.

The liner Bermuda Monarch, originally built for luxury tourist traffic between New York and Bermuda, is now to be used to carry British migrants to Australia and will be called The New Australia.

Mystery Of Strange Light Is Unsolved

ALICE, July 28 (AP)—The mystery of Alice's strange light in the sky was still unsolved today—but a pilot who spent some time looking for it believed it was nothing more glamorous than the reflection of a tin roof on a high haze.

The light appeared Sunday and was still visible from the ground yesterday. A navy flier from Corpus Christ and a National Guard pilot from Houston went aloft to hunt it.

On landing, both told J. M. Paschish, Chief of the Civil Aeronautics administration communications station here, that they could find nothing in the sky resembling the mysterious light.

Neither told Paschish his name.

Texan Charged With Assault To Murder

HOUSTON, July 28 (U.P) — H. R. Whitney, 48, today was charged with assault to murder a man to whom he made a $10 loan.

Hospitalized with a bullet wound in the left leg was Godfrey Webster, 28. Webster told deputy sheriffs he went to Whitney's home with a friend to get some carpenter tools, on which the money had been lent. Whitney had informed Webster he would hold the tools as collateral no longer

Webster said an argument followed and Whitney got a pistol and shot him.

Officers said they found Whitney hiding under his house.

GETS SCHOLARSHIP

HALE CENTER, July 28 (Spl.)—Patricia Findley, daughter of Mr. and Mrs. L. O. Findley, this city, and a May graduate of Hale Center high school, has been awarded a $100 annual scholarship at Texas Tech, Lubbock, for her attendance record in the local school. The award was given by a Lubbock department store.

Ex-Gov. Robert Kerr Wins In Oklahoma Demo Senate Chase

OKLAHOMA CITY, July 28. (AP)—Former Gov. Robert S. Keer, who won a fortune in oil and a national reputation in politics, is the Democratic nominee for U. S. senator from Oklahoma.

He gained the nomination by defeating Gomer Smith, Oklahoma City attorney and former congressman, in yesterday's runoff primary.

Returns from 3,561 of the state's 3,695 precincts gave Kerr 166,596 and Smith 120,888.

To Oppose Rizley

The victory sends Kerr into the November election campaign against Rep. Ross Rizley, eighth district congressman who won the Republican nomination in Oklahoma's first primary July 6.

The incumbent senator, Ed H. Moore of Tulsa—one of only three republican senators in Oklahoma's 40 years of statehood—did not seek renomination.

Kerr, 51 years old and a six-foot-three 230-pounder, taught school before venturing into the oil business. He won the governorship in his only previous effort as a candidate in 1942.

In 1944, he was keynote speaker at the Democratic national convention.

Serving Fourth Term

Rizley, also a one-time country schoolmaster, is serving his fourth term in the House.

Only one House nomination was at stake in the run-off. Fourth district Democrats chose Tom Steed, former Shawnee newspaperman, to oppose Clyde T. Patrick of Sapulpa, whom Republicans had designated in the first primary.

Returns from 485 of the fourth district's 501 precincts gave Steed 26,213; Lyle H. Boren 12,234. Boren was the district's congressman from 1936 to 1946.

Earthquakes occur on the average of every 14½ hours, a major earthquake every 6½ days.

Official Orders Return Of 1,000 Beds For Benefit Of Philadelphia Firemen

PHILADELPHIA, July 28. (AP)—A fireman needs his proper rest to perform efficiently, says Philadelphia director of public safety James H. Malone.

In keeping with that theory, Malone yesterday ordered the return to the city's firehouses of the 1,000 beds and cots which were removed four months ago.

The firefighters' beds had been placed in storage in the belief that better use could be made of the 106 matrons, previously employed in caring for firehouse dormitories.

The no-bed order remained in effect until 60 firemen were overcome by smoke in battling a recent blaze and were forced to remain either in hospitals or at home until sufficiently rested to return to duty.

In restoring the beds, Malone emphasized they were to be used for "emergency purposes only."

Wrong-Way Commie Arrested In Korea

SEOUL, July 28 (AP)—Korean police reported gravely today the story of the wrong-way communist:

An official in the Communist South Korea Labor party entered a police station 30 miles northeast of Seoul and began giving astonished officers a full report on Communist activities. They promptly arrested him on a spying charge.

The officers said he must have thought he had crossed the border into Soviet-occupied North Korea, and must have believed he was giving his report to Communist-governed North Korean police.

SLAV LEGATION REFUSES DEMAND

Russian Paper Says Yugoslavs Hiding Assassin In Hungary

MOSCOW, July 28. (AP)—Pravda today accused the Yugoslav mission in Hungary of harboring an assassin.

The Communist party newspaper featured a dispatch from its Budapest correspondent which said the assassin of Milosh Moich—secretary of the Democratic union of Yugoslavs of Hungary—was Zhivkov Boarov, Yugoslav press attache.

(A Moscow radio broadcast picked up in London indicated that Pravda was referring to Milos Moic, Hungarian subject of Yugoslav origin, who was found with four bullets in his body in Budapest on July 10. Moic died later in a hospital. A Hungarian note to the Yugoslav legation in Budapest July 13 asked that Boarov be surrendered to Hungarian police for questioning.)

Part Of Terrorist Plans

The dispatch said the slain man was reported to have criticized the "nationalist anti-popular position of the central committee of the Yugoslav Communist party."

The message said the slaying was part of "low terrorist plans of international reactionaries."

"Possessing unquestionable evidence that Moich's assassin was Boarov," Pravda said, "Hungarian authorities made a lawful demand on the Yugoslav mission to question Boarov, the police even agreeing to the presence of Yugoslav representatives at the questioning.

Refusal Was Made

"Instead of satisfying this elementary legal proposal," the paper continued, "the leadership of the Yugoslav mission had the criminal in the missions building and refused. Furthermore the Hungarian public has heard that persons from Yugoslavia are taking steps to secretly take out of Hungary Moich's assassin—Boarov, this agent of a foreign state.

"Naturally the question arises why the Yugoslav mission is hiding an assassin in its buildings, this agent of a foreign state who carried out low terrorist plans of international reactionaries."

(Premier Marshal Tito and other Yugoslav leaders were blasted recently by the Russian-dominated Communist-international information bureau—Cominform—for deviating from the Marxist-Leninist line).

Liner Delayed When Man Dives Overboard

HALIFAX, N. S., July 28. (AP)—The Italian liner Vulcania arrived last night after a one-hour delay caused by a passenger jumping overboard. The man was rescued by crew members who launched a lifeboat.

Witnesses said the man, identified as Giacomo Milglioli, 33, an American citizen, suddenly left a dining room table and dived over the rail just as the Vulcania was entering Halifax harbor. He suffered no ill effects from his dunking but was confined to ship's hospital for examination. He boarded the ship at Naples and was bound for New York.

27 ARE DROWNED

SEOUL, July 28 (AP)—The Korean Pacific press reported today 27 persons were drowned and 254 missing in flash floods in the past few days in South Cholla province. More than 7,000 were homeless, the news agency said, after heavy rains sent torrents pouring down treeless mountain slopes.

Residents Of City Oppose HST Program

Congress would turn "thumbs down" on the return of price controls and limited rationing, and the institution of an excess profits tax, if that body were to act on the opinions of a number of Lubbockites who Tuesday night were asked to give their thoughts regarding these requests, made by President Truman before Congress Tuesday.

Approximately 38 people were asked if they had either heard President Truman's address to Congress over the air, or had read it in their newspapers. To those who had learned the substance of the speech through either of the two mediums, these further questions were asked:

1 Do you agree with President Truman that price controls, limited rationing and an excess profits tax are necessary?

2 Do you think these things should be enacted at a special session?

3 Dou you think price controls should be extended to other things beside food and related commodities?

Several of the people questioned opposed the return of price control and rationing without reservation, and indicated that such measures would be dismally handicapped in peace time. As one man phrased it, "they didn't work too well in war time, so how could they work even as good in peace time?"

Others advocated such measures "only if absolutely necessary" and none of the group thought now to be the necessary time.

Another school of thought was that the measures would be acceptable on a limited basis. Clarifying this somewhat, several said that price controls should be reestablished on many grocery items, and on such things as used cars and real estate as well. But general price control, they said, was "no go."

Some Favor Curbs

Of course, there were some who gave the nod to a return of these measures, but few of them thought the special session a good time in which to return them. Most of the group who indicated they would like to see a return of rationing and price control, thought the measures, to be workable, would need more time and thought than the present Congressional group would—or could—give.

Most people gave rationing the cold shoulder. One woman, especially vehement to the idea, said she would never approve of another ration program if sugar weren't doled out more generously. She still shuddered, she said, when she thought of trying to can fruits with the amount of canning sugar she got. It devel-

Dependents Of Veterans Will Get New Benefits On Sept. 1

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON, July 28 — Widows, orphans and dependents of veterans will get most of the benefits of the veteran legislation passed during the closing days of the 80th Congress.

Starting Sept. 1, Veterans Administration checks to dependent widows, orphans and parents of veterans killed during the war will be increased according to the following chart:

	Old	New
Widow, no child	$ 60	$ 75
Widow, 1 child	78	100
Widow, 2 children	93	115
Widow, 3 children	109.20	130
Widow, 4 children	124.80	145
Widow, 5 children	140.40	160
No widow, 1 child	30.00	58
No widow, 2 children	45.60	82
No widow, 3 children	57.60	106
No widow, 4 children	69.60	126
No widow, 5 children	81.60	146
Dependent mother or father	54	60
Dependent mother and father, each	30	35

These increased rates will be made automatically by VA. No application is necessary and no additional forms need to be filled out.

Another new law provides payments for the dependents of certain disabled veterans. This is a brand new benefit which the veterans' organizations led by the Disabled American Veterans have been trying to get passed for a long time. It applies to all veterans with a 60 per cent or more service-connected-disability who have dependents. Following is the scale for veterans with 100 per cent disability:

Wife, no child	$21
Wife, 1 child	38
Wife, 2 children	45.50
Wife, 3 or more children	56
No wife, 1 child	14
No wife, 2 children	24.50
No wife, 3 or more children	35
Mother or father, either or both dependent upon veteran, each	17.50

Other veterans with not less than 60 per cent disability will receive the same percentage of these dependency payments as they are at present reciving in disability compensation. The VA will supply application blanks for these new benefits which will start Sept. 1.

Already In Effect

Earlier in the 80th Congress two bills were passed which directly affect a great number of veterans. They raised the payments to vets going to school and those taking on-the-job training more than 15 per cent. These increases have been in effect for several months.

Another law which affects a large number of veterans extends the life of GI term insurance for five years. Without this act all vets would have had to convert their term policies into one of the six available permanent forms of life insurance. Those veterans who take advantage of this extension, however, will have their premiums increased slightly up to the premium rate applicable for their age at the time of the renewal. The VA will handle this automatically for the men who have term policies in force and who want to keep them up.

Other Laws Passed

The following is a list of most of the other new laws passed by the 80th Congress which directly affect veterans:

Challenge Due At Convention

AUSTIN, July 28. (AP)—The fight between Texas factions of the Democratic party became more sharply defined yesterday.

It appeared a coalition of Gov. Beauford H. Jester's "middle-of-the-road" followers and the strongly pro-Truman Democrats may develop to meet the challenge of Texas Dixiecrats who definitely want to beat Truman.

Jester made it clear that he expects Texas Democrats to stick to the pledge of the Brownwood state convention in May: to support the presidential nominee of the Democratic party.

Bolters Are Rapped

The governor rapped those who would bolt the party. At his press conference yesterday he posed this question:

"Suppose we leave it to the Wallaceites and leftwingers and all those other people like that who have come in in recent years. How would there be any hope for us to help rebuild it (the party)?"

Later in the day he turned a cold shoulder on the appeal of two Texas men to give Texas voters a choice between President Truman and J. Strom Thurmond, the Dixiecrat candidate for the presidential nomination.

Palmer Bradley of Houston and Arch Rowan of Fort Worth asked Jester's influence in getting the state Democratic executive committee to put Truman and Thurmond on the ballot at the Aug. 28 primary. This, they said, would make possible a referendum by Texas voters on whether they want to go along with Truman's civil rights program.

The two men told reporters that Jester flatly refused to consider their proposal.

Refused To Help

"Gov. Jester refused to help us, but on the contrary said he thought the Democrats of Texas should vote for Harry Truman since he was nominated at Philadelphia," they said in a prepared statement.

The two said they will continue their fight by having Dixiecrats submit resolutions at Saturday's county conventions asking the state executive committee to submit the referendum Aug. 28.

Anticipating the executive committee's refusal to call a referendum, Bradley said the next step would be to fight for control of the state Democratic party at the state convention in Fort Worth Sept. 14.

Control Expected

"I think the states righters will absolutely control the Harris county convention," said Bradley, and Rowan expected the same to be true in Tarrant county where he lives.

Bradley declared the South to be the true Democratic party and said the Philadelphia convention was dominated by extreme leftwingers and representatives of the National Association for the Advancement of Colored People.

5,300-Foot Wildcat Well Is Scheduled For Gaines County

Luce and Ice, of Monahans, No. 1 Margie Webb is to be a 5,300-foot wildcat to explore into the San Andres-Permian, in west-central Gaines county, two and three quarter miles southeast of the Cities Service Oil company and The Atlantic Refining company No. 1 Proctor, recently completed discovery from the San Andres.

The new venture will be about eight miles south and west of Seminole, and at the center of the northeast quarter of the southeast quarter of section 332, block G, CCSD&RGNG survey.

Operations are to start immediately. The project is on acreage farmed out to Luce and Ice by Cities Service Oil company. That concern retained an interest in the tract.

New Well To Be Started

Lario Oil & Gas company No. 1-B Hayden Miles is a semi-wildcat in west-central Andrews county, to test into the San Andres.

It is located at the center of the southwest quarter of section 12, block A-46, psl survey. That makes it approximately six miles west of the town of Andrews.

It is near the Deeprock field, but outside the proven limits of that pool. Lario's No. 1 Hayden Miles, a small producer from the San Andres, is at the center of the northwest quarter of the northwest quarter of section 12, block A-46, psl survey.

Drilling at No. 1-B Miles is to begin at once.

Drill Permit Requested

Honolulu Oil Corporation has filed an application with the Railroad Commission, requesting a permit to drill its No. 11-B Dean, as a 5,500-foot prospector in south-central Cochran county, to test the San Andres.

It is 660 feet from north and west lines of the west 441.75 acres in the east three-quarters of league 89, Lipscomb county school land, and 18 miles west of Sundown, which is in southwest Hockley county.

Drilling on this project, which is classed as a wildcat is to start immediately. It is about two miles west of the nearest San Andres production.

Drillstem Test Run

Seaboard Oil Company of Delaware No. 1 E. M. Hinson, northeast Terry county discovery from a Pennsylvanian lime, ran a third drillstem test in that pay section, at 9,439-55 feet.

The tool was open two hours. Gas showed at the surface in six minutes. There was a steady blow of gas for one hour and 30 minutes, and gas by heads for the last 30 minutes of the period.

No fluid flowed out at the top. However, some observers think that if the tester had been left open for another 30 minutes, that the section would have flowed.

Recovery was 8,200 feet of clean oil, and 450 feet of heavily oil and gas-cut drilling mud. No formation water developed.

Pressure Was 1,300 Pounds

Open flowing bottom hole pressure was 1,300 pounds at the end of the two-hour test. After a 15-minute shutin it registered 2,000 pounds. Gravity of the oil was 41.3 degrees.

Operator has run a Schlumberger survey and the project is now waiting on orders, as to whether to run pipe and complete, or drill deeper.

The new field opener is 10 miles northeast of Brownfield, and 660 feet from north and west lines of section 91, block 4-X, psl survey. It topped the pay at 9,405 feet, and logged 50 feet of saturated zone, and has not found any water.

The old Latin word for money —"pecunia", from which we get our word "pecuniary" — came from "pecus," meaning cattle.

oped she customarily put up several hundred cans of peaches per season, in addition to other fruits. But other housewives mentioned the same thing.

Another said she didn't mind rationing if it were really necessary, but doubted the necessity or expediency at this time. In matters of price control, she said she hadn't wanted it to go off when it did, but now that it is off, she favored keeping it off.

A large number of those interviewed thought price control should be extended to other things besides groceries and related commodities, and again "used" cars and real estate were mentioned.

Most people were "watching" Congress and its attitude during the special session, and because of the circumstances, many thought price control and rationing would be shelved for the present. Few people made comment regarding the proposed excess profits tax.

A few people had no comment at all to make regarding the proposed measures. Perhaps one man was spokesman for this group when he said "let Congress worry about all that."

And likely it will.

vide up to 50 per cent of the cost of specially constructed homes for veterans who are paralyzed below the waist.

The deadline for amputees applying for new cars was extended to June 30, 1949.

The payments to veterans who incurred disabilities during peacetime were increased to 80 per cent of the war-time rate.

VA's fund, out of which advances are given to disabled veterans who start job training, was increased to $3 million.

Fund For Research

VA was given $1 million for research to develop new prosethetic devices.

For the operation of the VA: A system of internships is now provided for the Department of Medicine and Surgery. The construction of hospitals and the continued operation of offices was provided for the Philippine Islands for the use of Philippine veterans.

Miscellaneous: A service-connected-disability was automatically established for certain tropical diseases which are shown to exist one year from discharge.

Lenders were permitted to find a secondary market for housing loans given to veterans.

For other than World War I and World War II veterans: Pensions to dependents and veterans of the Spanish-American War, Indian wars and Civil War were increased 20 per cent.

Rites For Seminole Officer Set Today

SEMINOLE, July 28. (Special)—Funeral services will be held at 2 p. m. today at the First Baptist church here for Thomas A. McKay, 65, for 20 years a resident of Gaines county and for the past 15 years a member of the Seminole police force. Rev. M. C. Cox has been named to officiate.

McKay died at 7 p. m. Tuesday in a Seminole hospital after an illness of a week. He recently suffered a heart attack. Singleton Funeral home is in charge of arrangements.

Survivors include his wife, two daughters, Mrs. Billie Burdan, Loma Linda, Calif., and Mrs. George Thomas, Detroit, Mich.; a son, H. A. McKay, Hollywood, Calif.; two sisters, Mrs. Ida Loper, Abilene, and Mrs. Zedie Carlisle, Pima, Ariz.; a stepson, J. R. Coker, Seminole, and a stepdaughter, Mrs. Cecil Cooper, Roswell, N. M.

Carpets of nylon are now available for home use. When cleaned and stored, the new carpet will need no special protection from moths. Nylon does not attract these destructive pests.

Susan And Sandwich Shake Glamor Idea

HOLDENVILLE, Okla., July 28 (U.P.)—Holdenville's idea of Hollywood glamor has been somewhat shaken by the sight of Susan Hayward munching a bologna sandwich on a main street.

The red-haired actress has been in Oklahoma working in the movie "Tulsa."

She dropped into a local butcher shop with friends and had a brief snack in their car outside. The butcher passed out the bologna and got a Hayward autograph in return.

Jap Father Grateful For American's Aid

TOKOYO, July 28 (AP)—A grieving Japanese father is hunting for an American soldier—to thank him for driving the father and his dying son to a hospital.

Hisao Koyama wrote General MacArthur that the soldier, in a "Haki, beautiful motor car," picked them up after the son was hit by a streetcar. The father signed himself "Your faithful Japanese man."

Person Could Have Polio, Not Know It

MERCED, Cal., July 28 (U.P.) — Many people can contract polio and not know they have it, says Dr. John Philp, Merced County health officer.

In Merced County 28 cases of the disease have been reported since May 1 of this year.

Dr. Philp said that for every case of the disease severe enough to be detected, there are 100 cases so light people are not aware they are sick. He said many of the people think they have only a cold or a sore throat.

No case of the disease is hopeless, the health officer said, and recoveries are becoming more and more common as treatments are improved.

Dr. Philp said one-half of Merced County's 28 cases had recovered fully. There have been two fatalities.

Tomorrow's telephone service

"Today we are able to provide a great deal more service to more people than 20 or 25 years ago. The number of Bell telephones has increased nearly three times. Calls have increased from about 18 billion a year to more than 50 billion. Service is faster, the quality of transmission better, and errors less frequent.

"The plant is more sturdy and the service more dependable. The range of service has been vastly extended... to the more remote areas of our own country... the world, and to serve ships, automobiles, trains and aircraft.

"New types of facilities are being introduced, including coaxial cables and radio relay systems which are carrying television programs as well as telephone conversations. New switching systems will in time further speed up toll and long distance service....

"We are keenly aware that the problems caused by the war and the unprecedented demands of the postwar period have made it impossible to give service to all who want it and to give every customer the kind of service he wants. Yet, though the service today is not in every respect what we would like to have it and intend to make it, it is beyond all comparison better than it was 20 or 25 years ago.

"Not only is the service better but its value to the user is far greater than ever before. For example, a telephone user today on the average can reach three times as many telephones in his local exchange area as he could 25 years ago....

"We must continue to go forward—a task that is accepted with confidence, with whole-hearted enthusiasm, and with the determination that the people of our nation shall continue to enjoy the most, the cheapest and the best telephone service in the world."

Investigation Of Government Loyalty Program Is Promised

WASHINGTON, July 28 (AP) — A broadscale investigation of the government's loyalty program was promised today by Chairman Rees (R-Kan) of the House Civil Service committee.

Rees said his group wants to find out how the various departmental loyalty boards have been functioning since they were set up early last year. No hearing dates have been set but the Kansan indicated they will get underway during the special session.

With about half of the 2,000,000 federal workers checked to date, Rees said FBI investigations have raised doubts as to the loyalty of 5,510 government employes. But, he said, "there is no information available as to what action has been taken by the numerous loyalty boards with respect to these cases."

People Entitled To Know

"The American people are entitled to know whether this program is being carried out as intended by Congress," he added in a statement.

The Kansas lawmaker contended that President Truman showed a "lack of cooperation" in ordering agency heads not to turn over confidential material in their loyalty board files to congressional committees.

Mr. Truman took this action last May to bar Commerce department records on Dr. Edward U. Condon to the House Un-American Activities committee which had charged the Bureau of Standards Director with being "one of the weakest links in our atomic security."

Public hearings on the charges, which Condon repeatedly has denied, are expected to get underway shortly before the Un-American Activiites group.

Inquiry Will Be General

Rees indicated his committee's inquiry will be of a more general nature. He said government departments will be asked to furnish information on the "policies, procedures and accomplishments" of their loyalty boards.

"Unless the FBI investigations are seriously considered by the loyalty boards, and employes of doubtful loyalty are removed from the federal payroll, the $12,000,000 which the government has spent for the President's loyalty program has been wasted and the American people denied adequate protection," he said.

Legion Asks Passage Of 17 Pending Bills

WASHINGTON, July 28 (AP) — The American Legion asked the special session of Congress today to pass 17 pending bills.

Fifteen have a direct bearing on veterans affairs, including two dealing with housing and social security.

But except for universal military training, none was referred to specifically by President Truman in his message of the lawmakers yesterday.

The 17th bill on the Legion list is the Mundt-Nixon anti-Communist measure.

John Thomas Taylor, the Legion's national legislative director, made the request in letters sent to all congress members.

$5,000 Suit Brought Against Cab Company

Ruth Jones and husband Truman Jones filed a $5,000 damages action Tuesday in the 99th district court of Judge G. V. Pardue, naming as defendant J. P. Abbott and C. D. Abbott, doing business as Domino Taxi, a partnership.

The suit, it was alleged in a petition filed by the firm of Bradley, Key and Kimmel, is an outgrowth of a Nov. 13 collision of a cab in which Mrs. Jones was a passenger and another automobile, at Sixteenth and Ave. L. Plaintiffs alleged Mrs. Jones was injured.

Actor Is Suspended By Paramount Studio

HOLLYWOOD, July 28 (AP) — His studio says he refused to accept a film role, but actor Ray Milland claims he didn't. Anyway, he's suspended.

Paramount announced the suspension, saying the Academy Award winner had refused to star in "A Mask For Lucretia."

Milland countered: "It is a part that is out of my normal, natural range as an actor." He said he had objected to playing the role but hadn't refused it.

Deposed Japanese Minister Protests His Trial By Throwing Tantrum During Court

By TOM LAMBERT
Associated Press Staff Writer

TOKYO, July 28—Big Rikizo Hirano was haled into court today.

Twice before the deposed minister of agriculture ducked summons to stand trial on charges of falsifying his political past to a purge board.

Psychiatrists have testified he could stand trial but that he might throw a tantrum if things did not suit him.

Today Hirano threw a tantrum.

Spectators Shout

"I'm sick," he bellowed at the judge. "I am not in a regular mental condition. This case may be fatal to me as a politician and I want to undergo trial in good health."

To which the judge thundered: "Do not say superfluous things."

Hirano's attorney could not calm his client.

"I'm not asking for two or three years postponement," he shouted. "All I'm asking for is about two months time for recuperation."

The flustered judge heard spectators shout:

"He is right, he is right."

Court Recessed

Finally the judge ordered a doctor to examine Hirano. After the examination the doctor testified:

"Hirano gets spells of melancholia. His memory goes bad. He can not think smoothly. He can not stand spiritual burdens. The best treatment is sleep."

The judge ordered it to proceed.

That set off Hirano's attorney, who clamored loud and long for a continuance.

Finally the weary judge recessed court until Monday, and Hirano was led away.

U. S., Russia Support Israel In New Clash With Britain

LAKE SUCCESS, July 28. (AP)—The United States and Russia stood firmly behind Israel today in a new Palestine clash with Britain.

The latest division between the U. S. and Britain over the Holy Land concerned five British officials of the Jerusalem Electric corporation seized July 6 by Irgun Zvai Leumi and later charged with espionage.

Britain formally demanded yesterday that the United Nations Security Council order the Israeli government to release the five men. The U. S. and Russia contended the men now are awaiting trial on serious charges and any council action would constitute interference in Israel's internal affairs.

Israel Report Asked

The issue appeared near a vote when France proposed that Aubrey S. Eban, Israeli representative here, message Tel Aviv and see whether the Israeli government insisted on holding the Britons in view of the limited evidence against them.

Eban agreed to report to his government on the discussions and ask for instructions.

It was the second time Russia and the United States had split with Britain yesterday. In an earlier fight over a Syrian move to bring the Palestine question before the international court of justice, Britain supported Syria, along with China and four small countries. The United States, Russia and France opposed the Syrian proposal.

Question Rescheduled

Debate will be resumed on the question of the five Britons tomorrow at 10 a. m. (EST). Some quarters expressed belief the controversy might be ironed out without a vote.

The latest flare-up in the Dutch-Indonesian conflict also is on the council calendar for tomorrow.

The Security Council is in recess today.

In the little assembly, meanwhile, a fight is scheduled to continue at 9:30 a. m. (EST) over whether the little assembly—should recommend continuation of its own life for another year.

The little assembly, originally proposed by Secretary of State Marshall, was voted for one year only. The United States and some other countries are now urging its continuation for another year, but India served notice yesterday she would contest this in the Paris session of the Assembly beginning Sept. 21.

Texan Careless In Selecting Hat Gift

PHILADELPHIA, July 28 (AP)—During the recent Democratic national convention in Philadelphia, restaurateur Charles Taxin admired the 10-gallon hat being worn by a delegate from Texas.

The delegate promised to send Taxin one just like it as soon as he returned to his home state.

Yesterday, Taxin received a large package containing a 10-gallon hat. The parcel bore a Texas postmark but the hat carried the label of a Philadelphia hat maker.

Detroit Fire Damage High

DETROIT, July 28. (AP)—Flames smouldered on today among the piles of grain and malt once housed in the upper half of the eight-story H. W. Rickel and Co., malt plant.

A spectacular blaze of undetermined origin broke out near the roof late yesterday and burned downward, reducing the top four stories of the building to shambles and injuring five firemen.

President Armin Rickel estimated damage at $750,000.

Firemen Remain On Scene

The first of five alarms was turned in shortly after 5 p. m. two hours later the fire was pronounced under control, but Fire Marshall Edward Hall said crews would be kept on duty another 48 hours to fight stubborn flames in the piles of grain.

Two fire fighters were hurt when an explosion of grain dust blew off the roof of a shed and scattered debris over a wide area. Two others suffered burns and one was overcome by smoke.

Battling the blaze Hall called "the wickedest we've had in a long time," were nineteen engine companies, seven ladder companies, two rescue trucks and two high pressure outfits. One ladder truck was put out of commission by flying debris.

"In recent months, more than 10,000 Texans signified to me their desire to go to heaven," claims a traveling evangelist.

We don't believe it. Whoever heard of a Texan who didn't believe Texas was heaven?

IN and around Ralls, where the sprightly Ralls Banner is published, you can hear almost anything you want to about Ernest Joiner, the editor.

Some people swear by him, some at him—depending largely upon what he wrote about in his most recent columns. In other words, he is in the same position with his readers that every other editor is in if he speaks his mind.

But one thing you'll never hear charged against the lanky, humorous Mr. Joiner is that he dodges any issues. In his front page column, "It Sez Here," he meets all subjects head-on, usually after going out and finding 'em first.

Among other things, Editor Joiner is not averse to giving the folks an occasional lecture, even though it might taste like castor oil to the readers. This he did the other day, in the Banner which made its appearance just before the first primary.

* * *

What Editor Joiner told folks around Ralls ought to be told the folks everywhere.

It should be memorized by a lot of people, including some of the editors who fill their editorial columns up with canned stuff about planting flowers and shrubs, the Boy Scouts, etc.

And when folks read what Editor Joiner said last week, they should keep in their minds the plight of the people behind the Iron Curtain and in many another land which today is threatened with being over-run by Russia.

But let's see what Mr. Joiner actually said.

Like it, or not, he's talking truth.

* * *

"EACH two years at this time we are confronted with the hopeless task of asking people, on bended knees, to cast a ballot," Mr. Joiner wrote. "Not because we give two whoops which way the ballot is cast. Only because we have seen how many millions of people in other lands are enslaved today because they neglected the ballot—just as about 50 percent of the qualified electorate in Crosby county will do tomorrow in the primary election. The other half will be plowing, telling their neighbors that politics are dirty and they won't soil their hands with them, cleaning house, visiting friends, vacationing or taking a nap. But if tomorrow's election were to determine whether or not beer would be legally sold in the county, irate and patriotic and God-fearing citizens would be beating on the doors of the polling place before sunrise tomorrow. Businesses would close and employees would be herded to the polls; churches would call extraordinary sessions and members exhorted to protect our homes and children by voting against the diabolic brew; caucuses would be held in private homes and in back rooms; the opposing legions would produce generals equal in prowess to Napoleon and Eisenhower. But tomorrow the question is NOT beer. The question IS war or peace, life or death, low taxes or high taxes, prosperity or poverty; old age pensions, price control, honest government, public housing, soil conservation and social security. For these issues, the people won't vote! Only beer is that important: war and Communism don't threaten our homes and children like a cold can of beer! The public sense of values is indeed low when they choose beer to squander their oratory upon in the face of vital issues in this election. We offer this remedy: at each primary and general election Crosby county should be called upon to vote for or against beer. The stream of good Americans swarming to the polls would resemble a flight of hunger-crazed locusts descending upon a ripening field of grain. Wiping the beer-produced froth from their mouths they might take time out to mark a ballot for good state and national government—as long as they're there!"

By the way. Just what percentage of eligible voters went to the polls last Saturday?

Maybe 60 percent.

* * *

FAR be it from us to make the surviving candidates feel badly, but as they face the August run-off they should know that they may either gain, or lose, votes for no good reason at all.

Some candidates undoubtedly believe that their good looks, high degree of intelligence, campaigning efforts, etc., are responsible for getting support—and in some instances they may be right.

But all candidates in all races win or lose votes and support in ways and means which likely would surprise them if they knew the facts.

* * *

Day before last Saturday's primary, some of us here in the office were kidding about politics: who we liked and who we didn't. So we got a ballot and checked with each other to see how close together—or how far apart—we were, and why.

One fellow, for instance, was hot for one particular candidate because the candidate one time gave him eight cans of beer.

One of the girls had made a selection on a very important race, merely because a candidate lived in the same general neighborhood where she lives.

Another staffer was for a candidate because 20 years ago he worked in the same office with the candidate's daughter.

* * *

ONE REPORTER had been talking to a friend who was for a certain candidate because "he is so nice looking." Another in the session chose a candidate for governor because "he ain't going to be elected and that means I won't have to kick myself throughout the next two years for having voted wrong."

The "reasons" for political support—or opposition—ranked from the intelligent to the ridiculous: from the logical to the inane.

So you guys who still are "in there," and those of you who are planning to run for something in the future, may just as well know now that no matter what you do—or don't do—will not be a factor in many instances.

All you can do is your best—and then pray!

* * *

Talking further about voting, we saw a story in the paper the other day in which Reporter Opal Dixon came to the conclusion — after interviewing numerous feminine balloters — that husbands don't have any more control over wives' voting than they do over the wives' selection of hats.

Maybe that's what's wrong with the ga-reat American political system, hey, boy?

POP," asked the little, fellow "how do they catch crazy men?"

"My son," returned the Old Goat from behind the sports page, "that's easy. They use a little rouge, lipstick and perfume, a cunning hair-do, a pretty dress and a pair of sheer stockings!"

BY DREW PEARSON: UNITED FRONT AT HOME WOULD HELP OUR POLICIES ABROAD

Russian Propaganda Feeding On American Feuds

WASHINGTON.—A lot of my Southern friends have been telling me I should be awfully careful how I discuss the current political rebellion below the Mason-Dixon line. Undoubtedly they are right.

But, since so many people are already sore because of my nose-poking into all sorts of things, from the high cost of ambassadorships to Secretary of the Treasury Snyder's bibulousness at the President's birthday dinner, I suppose it won't hurt to get a few more people sore. So here goes.

PEARSON

One thing I can't help thinking about the civil-rights row is that the boy who is getting most satisfaction out of it all is Joe Stalin. He and his pals in the Kremlin must be licking their chops—and pumping stuff out over the Moscow radio every day about how Americans are feuding and name-calling over civil rights.

I also can't help thinking that a time when we are very much on the spot in Berlin is a time when we ought to be preserving a reasonably united front back home.

* * *

What The Russians Forget

The Russians, of course, don't know—or care—that all things are relative and that we've made a lot of progress in this country. It was only as recently as the 1919-20 post-war period that a horrible massacre of negroes occurred in east St. Louis, while disgraceful race riots took place even in the nation's capital. The present post-war period has been largely free from such violence.

And on the same night Birmingham was staging its rebellion, Satchell Paige, negro pitcher for the Cleveland Indians, pitched against the Washington Senators in the nation's capital and a white batter who tried to unnerve him was booed.

I remember also the great furor created when Oscar De Priest, Republican negro congressman, was invited to a White House tea in the Hoover administration. The Republicans were supposed to be the champions of the negro, but so many of them protested and Mr. Hoover got so worried, that Congressman De Priest discreetly stayed away.

In recent Democratic administrations, two negroes have served consistently in Congress, both Democrats; and Rep. Dawson of Chicago has informed me that his colleagues from the South have treated him with respect and courtesy. There has been no protest when negro congressmen were invited to recent White House receptions.

And today in Georgia, a negro is running for the U. S. Senate against Senator Dick Russell and is free to campaign where he pleases throughout the state.

These are things the Soviet propagandists will not mention.

* * *

THEY also will not mention—and a lot of people have forgotten—that Gov. Strom Thurmond of South Carolina, the man now leading the Dixiecrat revolt, is the same Governor Thurmond who got a lot of his own Southern white friends boiling mad when he insisted on trying some taxi-drivers for lynching a negro near Greenville, S. C.

Local sentiment was violently against Governor Thurmond, but he insisted that the men charged with lynching be prosecuted—which they were.

There are a lot of Southerners honestly working for fair play in the South. Only they don't like to have reforms rammed down their throats by outsiders. Ellis Arnall, when governor of Georgia, had no trouble getting Georgia to abolish the poll tax. Most Georgians took pride in this, though currently a lot of them have their backs up and if the poll-tax issue came along today they would vote the other way.

What Northerners don't always realize is that the Talmadges, the Rankins and the Bilbos aren't really typical of the South, and that there are a lot of fine Southerners who don't at all share their views.

Anyway, it seems to me we should all work a little harder on both sides of the Mason-Dixon line at understanding each other.

* * *

Wiping Out Mason-Dixon Line

The other day I met a man who has been doing his part at better understanding between the North and the South—a gentleman named Champ Pickens, of Montgomery, Ala., who has organized the Blue and Grey association. He is trying to get folks who followed the Confederate grey during the Civil war, and those who followed the Federal blue to get together at least once a year at a football game between the all-star team of the North and the all-star team of the South. He stages the game at Montgomery, cradle of the Confederacy, and as many Northern folks as possible are invited down to see the game.

Perhaps it might be a good idea for us to stage a lot of things like this—and to think a little bit more abou our own internal problems. We have been giving a lot of thought to friendship abroad—which cannot be neglected—but we must also work at friendship at home—which is equally important.

For instance, most people don't realize that there is no one memorial day to commemorate the veterans who wore the blue and the grey. Memorial days are sprinkled all over the calendar While the North sets aside May 30, North and South Carolina set aside May 10, Louisiana, Tennessee, and Kentucky June 3, while Florida, Georgia, Mississippi, and Alabama commemorate April 26.

Therefore, why not pick one day mutually agreeable to the South, and pay tribute not only to the fallen heroes of the past, but at that time promote more friendship for the future.

Also, it might be a fine idea for the Rotary clubs, the Kiwanis and Lions clubs, and the Junior Chambers of Commerce which all do such a good job of promoting worth-while community enterprises, to take up the problem of better understanding between the North and South If some of the Southern clubs invited Northern clubs down to their cities, and vice versa, a lot of solid friendship might result.

It may seem foolish to say that we need more understanding right here in our own country, but the fact is that we do.

It's not a matter of Democrats or Republicans, but rather of sympathy on both sides and presenting a united front at home at a time when the whole world—especially the Russians—is watching us intently.

Earl Carroll Girls Feel He Let Them Down In His Will

WHILE Winchell Rumbahs and Slumbahs—The Dog-days are here and so comes the annual stand-in stint, the six-week six-a-week columns. . .Winchell calls that work. To me it's fun . .After heavy reporting on two national conventions, turning out froth and fripperies is relaxation and relief. Though there has been no announcement, my desk is already piled high with letters. . .From professionals whose livelihood comes from getting piffle into the papers, . . .From people who have grudges and peeves to pay off. . .From others who have causes to plead—and you'd be amazed at how many hundreds of these there are, ranging into all fields of agitation, propaganda, fund-raising, eleemosynary aims, religious, patriotic some eloquent, others pathetic.

Yes, the Pressure Is On! . . . The scramble to get a mention is whirling . . . And for every "Thanks" there will be thousands disappointed, convinced that Lait is a stingy meanie with no feel for news and no judgment of values...

And I don't mean only show business people. . .This takes in judges, members of Congress, society matrons, merchants, sportsmen, financiers and nightclub loafers — the last of these, especially; they thrive, and swell on mentions in paragraphs like these, especially if they are hooked up with girls in sporty hangouts.

AFTER The Book was sent out to reviewers, Branch Rickey forced Leo Durocher, author, and Ziff-Davis, publishers to change its first title, "Dem Bums," and make it "The Dodgers and Me." Rickey, a deacon and Sunday school teacher, insisted that "Bums" is undignified . . .Now that Durocher is working for Horace Stoneham, chief rival of the Brooklyn Dodgers, Lippy wants to change the label back, but the publishers say its selling well and a changeback would be confusing. . .Besides, the profound opus will be offered in England and other British countries, where "bum" is a naughty word.

The Feminine Viewpoint

A FEW tips, tried and found successful, on how to get your husband to be a help about the house.

One. Don't expect him to work unaided and unsung. Stick around where you can hand him tools, admire his dexterity, and keep him from quitting a job before he is through.

MILLETT

Two. Enlist some aid in bragging about what he does. Show his latest "improvement" to everyone who comes to call.

Three. If he is "helpless" when it comes to building the simplest thing—and many husbands are—go to the public library and take out a stack of "how to" books. You can find a book on how to do almost any job around a house.

* * *

HELP LOCATE TOOLS

FOUR. Help him keep his tools all together and in a convenient place. Nothing is more annoying to a husband fixing things around the place than to have to hunt for a hammer or a pair of pliers.

Five. If you know a husband who especially excels in the handy man department, be extravagant in your admiration for his handiwork.

Six. If all else fails and you can't get him out of his easy chair any other way, be hard at work on the job you want done when he gets home some Saturday afternoon. Then call him out for a little advice. When he takes over you turn into an awed and admiring sidewalk superintendent.

The man who enjoys running after women is up against a tough problem these days, to-wit: Finding women who will run.

BY PETER EDSON

Dewey, Unlike Wallace, Will Not Aid Russian Propaganda

WASHINGTON—In the balance precariously held between peace and a final showdown with Soviet Russia the events of the past week end must weigh heavily. The net result will be known in the headlines of the days to come.

On one hand was the strange convention and final public rally of Henry Wallace's third party. Wallace's demand that the United States get out of Berlin will be exploited to the fullest by the Russians. It was exactly what they wanted to hear from an American.

EDSON

The peril in such a statement is obvious. Deceived about the state of American public opinion by agents who feel compelled to send back only the kind of news the Kremlin wants to hear, the Soviets could take the Wallace speech as evidence that the country is not behind a resolute stand in Berlin. Acting on that deception, they could bring about the calamity that so long has been dreaded.

At the same time that Wallace was haranguing his followers in Shibe park in Philadelphia, Gov. Thomas E. Dewey was meeting at Pawling with Senator Arthur H. Vandenburg and John Foster Dulles on the momentous subject of Berlin. Dewey's desire was to do everything possible to avoid rocking the boat in the present delicate situation while making it clear to the world that there is no difference between the Republican and the Democratic position on the basic issue of not yielding to Russia force in the blockade.

* * *

Wallaceites Boo And Hiss

In every speech Wallace and the lesser lights at Philadelphia brought out the name of Dulles, linking it with that catch phrase, "international banker." The response—loud boos and angry hisses— was each time as automatic as the response of a doorbell when you press the button. Dulles, Truman, the international bankers and "the generals" are back of the "get tough" policy. So the Wallaceites proclaimed. Boo! Hiss!

There is an irony in this that may someday be revealed When Dulles was called to Washington last week for consultation on Berlin, he threw all the weight of his influence as Dewey's chief advisor on foreign poicy on the side of new negotiations with the Russians.

Those negotiations, in Dulles view, should begin informally in Moscow and after exploraton at that level the foreign ministers of the four powers should meet to discuss all phases of the German deadlock. In ohter words, Dulles came down hard against the "get tough" policy which seemed to be heading straight toward disaster.

Since Dulles' meeting in Washington with Secretary of State Marshall a great many things have happened. Gen. Lucius D. Clay, U. S military commander in Berlin, has come back for consultations. The President and Secretary Marshall have both declared the chances of peace to be excellent, Charles Bohlen, State department counsellor, has flown to Berlin reportedly to initiate new negotiations.

* * *

Dulles has consistently opposed the kind of centralized German government urged by Clay and adopted at the conference of the Western Allies in Berlin. Privately, Clay refers to Dulles in strong language as a friend of France who is obstructing the reconstruction of Germany.

Clay's resentment of Dulles grows out of the latter's consistent advocacy of a policy that would avoid a centralized Germany. Dulles is in favor of a federation of Western Europe to which the individual German states could belong. He also has consistently favored internationalization of industry of the Ruhr.

A year ago in Cambridge, England, addressing a world church group, Dulles suggested that military men were too influential in making American foreign policy. When he returned to this country, W. Stuart Symington, now Secretary for Air, wrote him about this criticism.

In the correspondence that followed, Symington included a long memorandum from General Carl Spaatz, then Chief of Staff of the Air Forces, on world policy. Dulles replied by saying, in effect, that he thought this proved his point and proposing that the correspondence be made public. Nothing further was heard from Symington.

UNCERTAINTY OF POLITICS

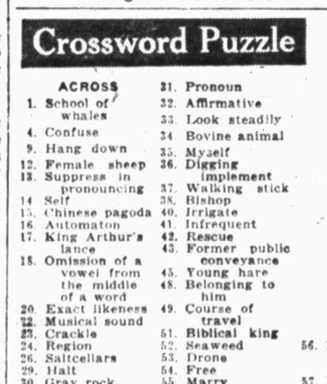

Rep. Harley Sadler, the popular Sweetwater showman, probably is completely persuaded now—if he ever doubted it—of the truth of the old saying that nothing is more uncertain than politics.

A few months ago he was being urged to run for governor. The consensus of observers was that he could win. Analysis of returns in last Saturday's primary strengthen the conviction that he would have been a cinch to get into the gubernatorial runoff—and a probable victory in the second primary with the unpopular incumbent as his opponent.

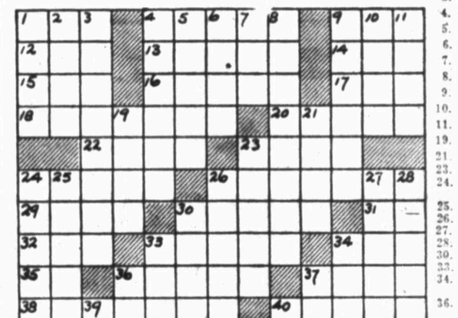

But Mr. Sadler chose not to make the race. He ran for the state senate instead. He lost narrowly to the incumbent, Pat Bullock, of Colorado City.

So, instead of becoming a probability as governor, Mr. Sadler is about to be an ex-representative who aspired to the senate. But if that is to mean he will be enabled to give more attention to his show business than was possible because of his conscientious service as a legislator, his friends and fans will not regret his retirement too much.

GIANT FLATTOP TO JET-LAUNCH FLEET OF ATOM BOMBERS—This is an artist's conception of the Navy's proposed new aircraft carrier, designed to jet-launch a task force of huge atom bombers. The 65,000-ton ship, whose deck is the equivalent of 10,000 feet of runway, may be ready by 1952. Mechanix Illustrated Magazine photo from NEA.

largest corporation law firm in the world. But he is also chairman of the Federal Council of Churches' commission on peace and he has worked unstintingly for what he believes to be the way of peace.

The words of the statement issued by Dewey at the end of his conference with Dulles and Vanderberg were carefully weighed. The desire was to avoid any criticism of recent policy in Berlin that could be seized on by Moscow, while emphasizing the need for continuing negotiations. But the final record will show where Dulles has consistently stood and his position will be seen to have little relation to the one that the Wallaceites have for their own purposes so conveniently assigned him.

Texas Stores Shy Away From Pesos

McALLEN, July 28 (AP) — Lower Rio Grande valley stores are shying away from the Mexican peso and valley banks are ignoring it, for the time being.

A survey yesterday showed that only a few Texas stores near the border are still accepting the peso and that banks have stopped dealing in it until the new exchange value of Mexican currency is fixed.

The general exchange rate on the Texas side of the border yesterday was six pesos for one U. S. dollar. The old rate was 4.85 to 1.

Across the Rio Grande from here, in Reynosa, Mex., banks were offering pesos at 6 and 6½ to 1. Mexican stores were trying to do as much of their trading as possible in U. S. money.

In the few Texas stores where pesos were still being taken, prices were pegged higher to make up the difference between the old and new exchange rates.

China Coal Center Retaken From Reds

PEIPING, July 28 (AP)—Government troops killed or wounded 2,000 Reds today and recaptured Paichiachuang, coal center 12 miles southwest of Taiyuan, National reports said.

As the National force pressed their advantages around the once besieged Shansi province capital, government planes blasted Communist positions west, southwest and southeast of the city.

Independent private sources here said Taiyuan had quieted down. Planes were reported flying in cargo to Taiyuan and returning empty. Last week 150,600 Reds besieged the city and refugees were flown out.

From Manchuria the Peiping daily news reported Red forces were trying to starve the 180,000 residents of mountain-walled Changchun, once the Manchurian capital. These reports said 500 persons had died.

Pro-government reports from Mukden said 14,000 railroad workers started a strike yesterday for food rations and pay increases. Mukden recently was freed of red siege.

Woman Living Alone On Island Kills Escaped Negro Convict

BELLE GLADE, Fla., July 28 (AP)—A frightened woman living alone on Torry island fired a random shot and killed one of four escaped negro convicts who were hiding in tall grass near her home.

County Judge George E. Tedder said the woman, Mrs. Mable Foy, fatally wounded 15-year old Roy Williams with a shot from a .22 caliber rifle Monday night.

The negro youth was under a life sentence for armed robbery.

One of his three companions surrendered soon after the shooting. Two others drove 25 miles in a stolen motor car and gave themselves up when they encountered armed men on a highway.

Convicts Disregard Order

The negroes sawed their way from the Belle Glade prison farm Sunday night.

Constable Roy Whitlock said the negroes stole Mrs. Foy's motor car Sunday night and returned Monday night. Mrs. Foy saw them, ordered them away, and when they failed to obey, Whitlock said, she fired once in the general direction of the negroes, who fled.

Bloodhounds later found William's body about a block away. The bullet had apparently grazed his heart, Whitlock said.

"She had only two bullets," he added, "and she was saving the other just in case."

John Paul Jones was an admiral in the Russian navy after the Revolutionary War.
