County Stands By Bingo Vote

Lynn County commisioners met last week and voted unanimously to file an answer to a petition challenging the recent vote on legalizing bingo in Precinct 3, denying all the allegations in the suit filed against the county.

A suit fuled by Rev. Rodney Howell, priest of the Catholic churches in O'Donnell and Tahoka, alleges that some persons were allowed to vote illegally in the recent election, which resulted in an 8-vote margin of defeat for those wanting bingo legalized in that precinct.

County commissioners are denying this, and have asked county attorney Jimmy Wright to handle the case for the county. The suit is filed in 106th District Court.

Parents Of Kindergarten Students Express Concern

A group of about two dozen parents of kindergarten age children appeared before the Tahoka school board last Thursday night expressing concern that Kindergarten classes might have too many pupils per teacher in the coming school year.

Dr. David Midkiff, spokesman for the group, said pre-enrollement figures and other indicators point to a larger than usual kindergarten this fall, and some in the crowd predicted that the beginning group could number more than 70. The group also said 15 to 20 pupils per teacher was much more conductive to learning than any greater total per teacher.

Supt. Jim Coulston, after commenting that the school certainly would welcome a large kindergarten class, especially since enrollment in Tahoka school continue to decline, observed that the program for next year now has 57 names pre-enrolled, and at present operates with two teachers and two aides, the number prescribed by the state. He added that if the kindergarten classes total at least 63, the school will qualify for a third teacher.

Asks Third Teacher

Midkiff asked that the school board go ahead and authorize three teacher for this fall, but Coulston said he was not ready to make this recmmendation to the board. The board and superintendent did tell the visitors they would "do everything possible to assure that your children get the best education opportunities" and voted to have Coulston and the elementary principals make a definite recommendation on kindergarten at the June 17 meeting of the board.

Also present at the meeting were Don Dawes, minister of the Church of Christ in Tahoka, and Rev. Gene Wisdom, pastor of Tahoka First United Methodist Church. The ministers asked that the board consider implementing Bible Class as a high school elective, to be taught in rotation by ministers using materials now in use in the Dallas school district for such classes.

It was emphasized that there would be no devotional activities and strictly no doctrine taught, but that the class would study the Bible as history and as literature.

Decision In June

The board voted to have the superintendent make recommendation at the June meeting on whether to institute a Bible class, and discussed whether the one elective credit could be part of the 21 credits now required by the school for graduation.

Because of cuts in spending and because of some recent collections of delinquent taxes, the school now is anticipating some surplus at the end of the current school year, although Coulston warned the board that he did not think the school could live with a preliminary budget presented earlier.

Coulston told the board that "we've cut out a lot of programs and teachers, but we must take care of some needs in order to continue having the best Class AAA school in the state."

He said transportation needs, raises for teachers and extra increases for some teachers of courses high in demand would make it impossible to operate on the same budget as last year.

The board, however, did not vote any pay increases for classroom teachers at last week's meeting.

Resignations were accepted from Ann Adams, special education diagnostician; Jody Roberson, high school math teacher, and Mark Edens, vocational agriculture teacher. The board also voted to operate the ag program with one teacher next year because of declin-

Absentee Vote Starts May 26

Absentee voting in the June Democratic Primary runoff election in Lynn County will begin next Wednesday, May 26, at the county clerk's office.

Three county races and four states races are on the runoff ballot. In the county, E.R. Blakney and Robert Edwards are seeking the Precinct 4 commissioners job, Margie Jester and Cindy Bryan are in a race for county treasurer, and David Smith and Ben Morrison are running for the office of justice of the peace, Precinct 4.

Crime Line Pays First Reward Here

The Lynn County Crime Line has paid out its first reward, $200 to a person who gave information leading to the recovery of some items stolen in a house burglary in April.

Sheriff Stanley Krause said two adults and one juvenile were picked up May 12 as a result of the call to Crime Line and that articles taken from the H.H. Hewlett home in a burglary a mile southeast of Wilson on April 19 were recovered.

Crime Line needs funds for paying rewards to persons who call in information, the sheriff said. He urged citizens and business persons to make the tax-deductible donations by contacting any of the three banks in the county, where accounts have been set up, Wilson State Bank, First National Bank of O'Donnell and First National Bank of Tahoka.

The Crime Line phone number is 998-5145 and it is manned 24 hours a day, the sheriff said. He added that any information on any criminal activity is welcome.

No Names Given

Krause explained that callers should not identify themselves. They are assigned a number when they call and are asked to call back later to determine if their information led to the arrest and/or recovery of stolen items. If so, arrangements are made to pay a reward.

"Right now we need contributions from citizens interested in fighting crime, because the funds in the three banks are very low," Krause said.

A meeting of Crime Line directors and any other persons interested in attending is scheduled at 8 p.m. Tuesday in the district courtroom in Tahoka.

The sheriff's office is continuing a campaign to halt littering and downtown beer-drinking, and in the last 10 days 10 young persons have been charged with littering and minor in possession, with several having already appeared in justice of the peace court and paid fines, the sheriff reported.

Fines for littering start at $15 for first offense, with $100 for second offense, and minor in possession fines begin at $50. All are plus court costs.

Arrests Made

Antonio Rodriquez, 25, of Lubbock, has been arrested in Lubbock in connection with five felony cases, including robbery of a wedding party, and he has been charged in teh burglary of the Kenneth Fillingim home near Lakeview on Dec. 28 of last year, when about $8100 worth of goods were stolen.

The sheriff's office said they expect to clear at least five other home burglaries in the New Home area and a couple of gin office burglaries in O'Donnell with the arrests of Rodriquez and his companions in Lubbock.

Lynn deputies and a DPS officer arrested a 21-year-old Brownfield man in a car seven miles north of Tahoka Sunday for Dawson County officers in Dawson County, where the man was charged with theft.

In jail during the last week were three for public intoxication, one for unlawful carrying of a weapon, one

Tubb Elementary News

Teachers and students alike have been very busy with end of school activities.

Kindergarten classes went on a field trip to Lubbock. Because of rainy weather they spent the morning at South Plains Mall where they also ate their sack lunches. The afternoon was spent at Mahon Library. While at the library they heard a story, watched a film and saw a puppet show.

Second graders and their teachers also chose a rainy day for their trip to Lubbock. They toured the main fire station that morning and then went to the Civic Center to have their picnic. They went to Mrs. Baird's Bakery in the afternoon. Their last stop was Mackenzie Park to have some fun and get rid of some energy before returning to Tahoka.

Third grade students and teachers worked hard preparing for their special program which was presented Tuesday, May 18, in the high school auditorium for their parents and the other Tubb students. The program was a great success

A surprise get-together was given in the home of Mrs. Gerald Deane Wood for the Tubb Elementary personnel members who will not be with us next year. Those honored were Tom Cooper, our principal, who will be going to high school; Mrs. Allie Marcus, who will be moving to Crane and Mrs. Ann Wharton who is retiring.

Visiting in the home of Mr. and Mrs. H.D. Daniell last weekend were his brother and sister-in-law, Mr. and Mrs. Homer Daniell of Albany.

The Tahoka Rodeo Assn. wishes to announce a Rodeo Princess Contest in conjunction with the Queens Contest. The Princess will be determined by the person selling the most tickets and will receive a belt buckle.

Each contestant must have parental consent before entering.

The parade will be June 24 at 4 p.m. followed by the Rodeo that night and also the 25 and 26. There will be all of the usual rodeo events with a grand entry each night.

The members of the Tahoka Rodeo Assn. has been preparing the arena for several weeks, painting, putting up new bleachers and all around fix-up.

Anyone interested in entering the contest should contact Louise Fisher, Sherry Tilley or Tom Marrier.

All clubs are invited to ride in the parade, also singles, but the clubs will be judged by a licensed judge and the results will be sent in for points.

"Prairie looks" --among the hottest fashions for spring-summer--start with gathered "prairie skirts" topped with romantic blouses, and they finish off with rustic concha belts for accent, says Alma Fonseca, a clothing specialist with the Texas Agricultural Extension Service.

BUYING YOUR GLASSES

Buying a pair of glasses is an important expenditure. That's one reason why you should take your time in selecting the glasses you like best.

For starters, glasses won't be worth much unless the prescription is accurate. The lens has to be professionally made to your doctor's exact specifications.

You can look for bargains. That may save you money initially. But if your glasses aren't comfortable, if you have to select from only a few styles, or they aren't well-made, that's no bargain. You want glasses you can wear in comfort for a long time. Something so important, that you use every day at work or at home, deserves very careful consideration. Appearance is important too. You want them to look good on you.

So when you get a new prescription for glasses, take your time in choosing the frames. Make sure you really like the style and color. And, most importantly, make sure they fit securely and comfortably.

JUST THINKING

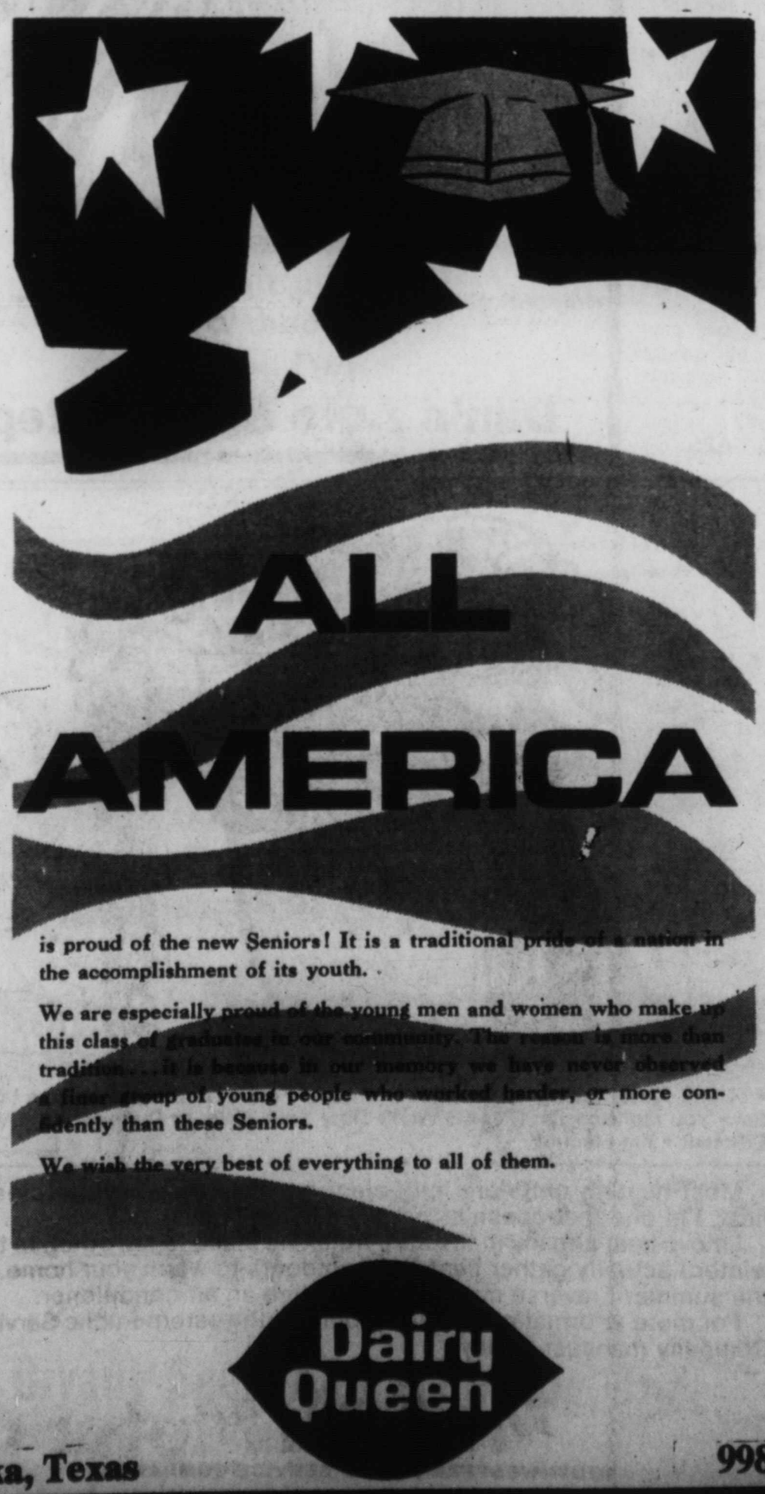

About the seniors. They're quite a group, these young men and women. They're a big, big part of our home town. Once they were the little boys you saw playing football on a vacant lot, and the little girls having play tea parties for their dolls.

Today, they are mature young people on Graduation Day and ready and confident . . . eager to take up new challenges, strive for new goals.

We're exceptionally proud of you, Seniors, and we wish each of you a full measure of success and happiness in every endeavor.

THRIFTWAY

Tahoka, Texas

is proud of the new Seniors! It is a traditional pride of a nation in the accomplishment of its youth.

We are especially proud of the young men and women who make up this class of graduates in our community. The season is more than tradition . . . it is because in our memory we have never observed a finer group of young people who worked harder, or more confidently than these Seniors.

We wish the very best of everything to all of them.

I move heat already in the area from one place to the other. In the winter I actually gather heat from outdoors to warm your home. In the summer I reverse myself and become an air conditioner.

The workshop will be held Tuesday and Wednesday, June 1-2, at the Hale County Agricultural Center in Plainview, Stanley Young, County Extension agent, said. The center is on U.S. 87 Business Route south of the city.

The workshop, conducted by the Texas Agricultural Extension Service, was first held in 1973 to train scouts in the pest management programs conducted by Extension. In subsequent years, it has expanded to include scouts employed by consultants, aerial applicators, and others, as well as producers who want to learn how to scout their own fields for insects. The workshop focuses on perfecting skills in identifying crop pests and making timely pest management decisions which can protect investments and yield and hold down production costs.

Also on the morning program are Dr. Dale Pennington, Extension soil chemist; Dr. James Supak, Extension cotton agronomist; Dr. Robert Berry, Extension plant pathologist; and Dr. Jim Leser, cotton Extension Entomologist.

The afternoon program will include Dr. Kirby W. Huffman, Extension agronomist; Dr. Pat Morrison, Extension entomologist; and Allen E. Knutson, Castro County Extension agent-entomology, who will discuss corn and sorghum pests.

The June 2 session, beginning at 9 a.m., will focus on scouting procedures and reports. Instructors will be county Extension agents-entomology Greg Cronholm of Hale County and Allen Knutson.

During the afternoon, participants will receive practical training on insect identification and scouting procedures during a field session.

JD DART talks back when the pressure is on!
Our goal is to have the parts you need in stock when you need them. And we generally meet that goal. But for those times when we don't have the part you need, we put our JD DART machine to work. It gives us a direct telephone connection to the John Deere parts system computer. We ask the computer about your part, and we get an answer—out loud in plain English. We can tell you in minutes where the part is, when it will be shipped, and approximately when it will arrive. We push a few buttons and the part is ordered, complete with shipping instructions. You can plan your work schedule with confidence. We can plan ahead for the repair job. All thanks to the computer that talks back when the pressure is on!

Thank You

We would like to express our sincere thanks to everyone for all of the food, flowers, and memorials. We are especially grateful for the special care and love shown by Mable Spruiell, Kay Cummings, Earline Tippit and Thelma Raindl. Your kindness and friendship are the only things that could make losing our loved one easy to accept.

I would like to thank each person that helped with the athletic banquet. I know many of you gave up many hours to work for the banquet and you deserve recognition. But, unable to give each of you that acknowledgement, I want to say thank you from the bottom of my heart. Each of you made my job easier.

Thanks,
Carolyn Klaus

Words alone are inadequate to express our heartfelt thanks and gratitude to all our friends and neighbors who showed so much love and concern while F.E. was in the hospital.

The prayers, thoughts, flowers and food were very much appreciated.

A special "Thank You" goes to all the farmers who took time out from their own chores to see that our cotton was planted.

You are all very special to us and may God bless each of you.

F.E. and Donnie Redwine and Family
