

## Big Hunt On For Slayer Of Sisters

PINECLIFFE, Colo., June 20. (AP)—A dragnet was spread across the Far West today for a retired school teacher, wanted for questioning in the slaying of his friends, Emily Griffith, 65, famed Denver educator, and her invalid sister Florence, 67.

The sisters were found dead yesterday in the mountain cabin they had made home since Emily Griffith's retirement in 1934 from adult education in which she had pioneered. Each had been shot once through the head from the rear.

The man sought was named by Undersheriff Donald Moore of Boulder county as Fred W. Lundy, 65, one-time teacher in Denver's Emily Griffith Opportunity school. It was Lundy who helped build the small, booklined Griffith cabin, took the sisters on mountain rides, cut their firewood and did many of the chores around their rustic home.

Denver Detective Joseph Holmdrake, one of a squad sent by Mayor Quigg Newton to this small mountain community 30 miles northwest of Denver to aid in the investigation, said police had reconstructed this sequence of events near the time of the slayings.

Lundy asked Emily Griffith a few days ago to go to Illinois with him, hoping to ease the days of her older age. She refused. He expressed to neighbors his fear of old age and said, "When people get this old, they should be shot." About 3:30 Wednesday afternoon, two neighborhood boys helped Emily Griffith carry groceries from a small store to the cabin. Lundy was sitting on the porch. Florence Griffith was inside. Within 20 minutes, neighbors saw Lundy take his car from a nearby garage and drive off.

They later saw the car parked a mile up the narrow canyon but saw no sign of Lundy. Dr. R. O. Buck of Cleveland, Ohio, saw a man answering Lundy's description board a westbound freight train not far from the car.

Thursday morning neighbors, noting a lack of activity at the Griffith cabin investigated. They found the bodies of the sisters. In the kitchen they found an untouched supper which the sisters customarily ate with Lundy about 4:30 p. m. daily. Deputy Coroner Norman Howe said death occurred about 4 p. m. Wednesday.

Investigating police found in Lundy's car \$350 and a note saying: "If and when I die, please ship my body to Roscoe, Ill. No autopsy. Correspond with Roy Cummings, Roscoe, a cousin. No funeral here. Money in this briefcase can be used for immediate expenses. Thank you. Please embalm in Boulder, Colo. (Signed) Fred Lundy."

## Much Of State Gets Rainfall

By The Associated Press

Rains which began yesterday and continued today broke a potentially serious Texas drought, bringing moisture worth a fortune to farmers and ranchers and dropping temperatures to pleasant lows.

The rainfall was general over most of Texas, but varied sharply in amount. Heaviest reported overnight was Waco's 4.16 inches.

Traffic was stalled in the Sonora-Del Rio area by rains and resultant rises in the nearby streams.

Rain fell generally over the South Plains and the Panhandle last night, but only a slight delay was expected in the record-breaking wheat harvest. No damage was reported to the wheat, and the moisture is expected to benefit cotton, other row crops, and ranges.

Average rainfall in that area was about one half inch. In Lubbock, it was 1.25 inches, probably the heaviest in the section. Temperature there was 58 degrees last night, dropping from the day's high of 82.

In Houston, 3.33 inches of rain fell during a 48-hour period ending this morning. Of this total, 1.12 fell since noon yesterday, and rain was still falling today.

## Cattle Raisers Back More Aid In Disease Fight

OKLAHOMA CITY, June 20. (AP)—Southwestern Cattle Raisers Association favor an immediate federal appropriation for control of foot and mouth disease.

They also voted to support the government's control program, in a session yesterday.

C. E. Weymouth of Amarillo, president of the association, said the control appropriation was "imperative." Directors termed the foot and mouth disease, now inflicting Mexican herds, the "number one economic problem of the country."

## Rent Controls Next Puzzler For President

Housing Aides Denounce New Extension

WASHINGTON, June 20. (AP)—President Truman, the labor bill off his chest, faces a new puzzler today—whether to let rent controls run out this month or sign an extension bill roundly denounced by his housing aides.

The senate completed congressional action late yesterday on the measure extending rent control through next February 29, with a provision that ceilings can be lifted as much as 15 per cent if landlords and tenants agree on a lease running past Dec. 31, 1948.

The bill also knocks out all construction curbs except in the case of recreational type buildings, such as theatres and bowling alleys. It was this provision which prompted Housing Expediter Frank R. Creedon to declare last weekend that enactment of the measure might wreck the housing program.

Creedon said material shortages are still too critical in many sections to permit unrestricted non-residential building "without disastrous consequences on home-building."

However, in the brief debate which preceded senate passage of the measure by a voice vote, Senator Sparkman (D-Ala.) called the bill "better than no law at all."

He said if it were not accepted, rent controls simply would end June 30.

Senator Taylor (D-Idaho), a last ditch opponent of the measure, told his colleagues "You're setting a bomb with a time fuse on it under the tenants."

Taylor argued that every tenant who wanted to retain his accommodations would have to agree to a 15 per cent rent boost soon or "maybe 100 or 200 per cent after the controls go off."

Truman May Visit Brazil

WASHINGTON, June 20. (AP)—President Truman today received an official invitation to visit Brazil and the White House said he hopes to be able to go.

The invitation was extended by Brazilian Ambassador Carlos Martins who told reporters upon leaving the executive mansion that Mr. Truman had accepted and hoped to make the trip "as soon as possible."

Martins said the invitation came from President Eurico Gaspar Dutra and that Mr. Truman accepted it with the remark that he was very pleased to go to Brazil.

But White House aides, checked for further details, gave reporters a different version. They said: "The president told the ambassador he was happy to receive the invitation and hoped he would be able to come."

## Increase Shown In E-Bond Sales

Additional reports Friday gave E bond purchases a substantial boost on their way to a \$66,000 quota for the series during June and July.

These reports showed sales of \$5,250 Thursday and \$1,631.25 previously unreported for the week, bringing the total for the month to \$16,743.75, or 25.4 per cent of the E bond goal for Howard county. The over-all \$110,000 bond quota has been exceeded.

## French Strikers March On Assembly

PARIS, June 20. (AP)—Several hundred automobile workers marched on the National Assembly to demand higher pay today as strikes continued in the country's banks and many Paris department stores were closed as a result.

Police dispersed the first 50 to reach the Square behind the Assembly building—the Place du Palais oignon—and a second and bigger crowd broke up peacefully after sending a delegation inside.

## Inequity Noted In Case

SENTENCE IS COMMUTED

AUSTIN, June 20. (AP)—Walter Crowder Young, 27, of Dallas, convicted on a charge of rape and sentenced to die in the electric chair, will live.

His death sentence was commuted to life imprisonment in the Texas penitentiary yesterday by Gov. Beauford H. Jester.

In his action, the governor followed unanimous recommendation of the State Board of Pardons and Paroles. He noted along with the Board, that this was "another illustration of the necessity for revising our code of criminal procedure."

# House Quickly Slaps Truman's Labor Veto

TAKE PETITION TO WHITE HOUSE—A group of CIO leaders pose at the White House door in Washington with boxes of petitions which they say contain a half-million signatures asking veto of the Taft-Hartley labor bill. Left to right: John Brophy of Washington, Nathan Cowan of Pittsburgh, Allan S. Haywood of Washington, Thomas Owen of Akron and David McDonald of Pittsburgh. The petitions were received by William Simmons, White House receptionist. (AP Wirephoto).

## Bevin Wants Speed In Recovery Plan

LONDON, June 20. (AP)—British Foreign Secretary Ernest Bevin vows that in launching a cooperative effort for European economic recovery under the Marshall plan he intends to brook no delays such as those which stymied the recent foreign ministers conference in Moscow.

Eagerly awaiting a response from Russia to a joint British-French request that the Soviet Union participate in drafting an aid-to-Europe program, Bevin declared in the House of Commons last night that the guiding principle I shall follow in any talks I have on this matter will be speed.

"I spent six weeks in Moscow trying to get a settlement," he asserted. "I shall not be a party to holding up the economic recovery of Europe by the mess of procedure, terms of reference or all the paraphernalia which may go with it."

The reply of the Soviet Government is awaited," he continued. "And the House will understand that until it is received there is nothing I can usefully say on the subject today. I know the great interest of the house in the U. S. proposals and I wish very much it was possible to say more about the position."

The British press gathered from the tone of Bevin's speech that Britain and France definitely intended to go ahead with work under the suggestions made two weeks ago by Secretary of State George C. Marshall—either with or without Russian participation.

## Corn Price At Record \$2 Top

CHICAGO, June 20. (AP)—Two-dollar corn was chalked up on the blackboards for the first time in the 99-year history of the Chicago Board of Trade today.

After opening lower at 1.98½ to 1.97½, the July corn contract moved upward and smashed through the \$2 figure within the first hour of trading. The price rose to \$2.00½ a bushel. The previous high for any corn future here was \$1.99½ on July 10, 1919.

While corn futures went above \$2 today for the first time, corn in the spot cash market here has been selling above that figure for some time. However, most corn is bought from the country on the basis of the July futures price.

## Man Not Seriously Hurt When Elevator Settles On Head

E. S. Robbins, employee of the Otis Elevator company, had an elevator settle on his head today and lived to tell about it.

At the Big Spring Hospital, where he was given emergency treatment, Robbins was said to have suffered only lacerations and contusions about the head.

He was knocked unconscious for a short time when a descending elevator struck him on the head as he worked in the shaft at the Settles hotel. Robbins was at basement level, a factor which was believed to have saved his life since the elevator had slowed sharply after passing main floor level.

## U. S. Regains Speed Record

MUROC, CALIF., June 20. (AP)—An army jet plane, the P-80, has regained the world speed record for the United States—at 623.8 miles per hour.

Striking just 50 feet above the Mojave desert near Murdoc army airfield, Col. Albert Boyd of Ashville, N. C., guided the Lockheed built fighter yesterday on four runs over a 1.86 mile (three kilometer) course. The average topped by 7.8 m.p.h. the 616 m.p.h. The m.p.h. mark set by a British Gloster Meteor jet plane Sept. 7, 1946.

With the wind, the P-80 reached speeds of 632.5 and 630.5 m.p.h. The upwind runs were made at 617.1 and 614.7 m.p.h.

## Variety Show At City Park This Evening

Variety—one of the fundamentals of success of the continuing series—will be much in evidence at 8 p. m. today when the first of the community entertainment programs is presented at the city park amphitheatre.

The programs, offered as a free public service under the sponsorship of the chamber of commerce, will continue each Friday evening through the month of August.

Highlighting the program this evening will be the presentation of a special certificate from the American Red Cross to R. R. McNew for saving the life of Leonard Kinder, a co-worker at Cosden's refinery. Kinder was one of several men gassed, but did not recover when removed from fumes as others. McNew started artificial respiration, credited with reviving Kinder. The incident will be re-enacted before the audience.

Kinder is to be the patient again in the re-enactment and R. R. McNew, maintenance foreman for Cosden, will be the key figure.

Cosden first aid team members who will assist are E. W. Richardson, J. T. (Jack) Morgan, Lee Harris, and Jack Y. Smith.

Others on the program are, Jim King and his string band, Larry Evans, Doyle Maynard and Lane Bond, vocalists; Roy Allen Hickman, novelty whistler, Helen Duley, Mrs. Bill Griese and Helen Blount in a piano duo; Jean Cornelsen, Joyce Worrell, and Billie Younger in a vocal trio; and 20 girls from Arab Phillips' physical education class in a folk dance demonstration. J. H. Greene, chamber manager, is to preside as master of ceremonies.

Last year the series was revived after being suspended during war years, and an estimated 40,000 people turned out for the home-talent productions during the season.

## Committee Votes RFC Investigation

WASHINGTON, June 20. (AP)—The Senate Banking committee voted unanimously today for a "full and complete" \$50,000 investigation of the Reconstruction Finance corporation.

By the same vote, Senator Buck (R-De.) told reporters, the committee approved a resolution extending the life of R. F. C. for one year beyond June 30.

Both the investigation and the extension are subject to approval by the Senate itself.

The house banking committee yesterday approved a two-year extension of the lending agency.

## U. S. Regains Speed Record

MUROC, CALIF., June 20. (AP)—The record will not be official until certified by the Federation Aeronautique Internationale in Paris. Official observers, however, pointed out that the new mark was made over the standard course and according to all other international speed rules.

It was the first time in 24 years that the United States moved into the top position, although a P-84 jet moved the mark up from 606 to 611 m.p.h. the same day the British announced 616 m.p.h.

The pilot, Col. Boyd, is chief of the flight test division of the air forces' air material command at Wright Field, Ohio.

## Big Battle Taken Up To The Senate

WASHINGTON, June 20. (AP)—Senator Morse (R-Ore.), today blocked a proposal that the Senate vote at 3 p. m. (CST) tomorrow on President Truman's veto of the Taft-Hartley labor bill.

WASHINGTON, June 20. (AP)—President Truman today vetoed the Taft-Hartley bill to curb labor unions and the House promptly voted 331 to 83 to make it law over his veto.

That put up to the Senate the issue of whether the measure is to become law despite the President's vigorous objections. The administration was battling desperately there to round up the votes to make the veto stand.

The house ballot, 106 Democrats joined 225 Republicans in voting to override the president's wishes. Voting to uphold the president were 71 Democrats, 11 Republicans, and the one American-Labor party member, Rep. Marcantonio (N.Y.).

The White House lent a hand to Democrats trying to line up the senate votes to back up the president.

Mr. Truman called in 10 Democratic senators who originally voted for the bill for a luncheon conference. Also invited was Senator Young (R-ND), who voted for but is reported unenthusiastic about the bill, and Senator Overton (D-La.) who was absent and did not vote. Senator Barkley of Kentucky, the Democratic leader and foe of the bill, was a 13th guest.

The president also announced plans to go on the radio tonight and make directly to the people his arguments against the measure. He will speak on all networks beginning at 8 p. m. (CST).

Senator Taft (R-Ohio), one of the authors of the legislation, arranged to reply over MBS at 8:45 p. m. (CST).

In the late afternoon, the prospects to the time for a senate vote were uncertain.

It was clear that Democrats would want to—and could be talking—force a delay until after the president's radio speech.

One Republican leader said efforts were underway to get an informal agreement fixing a time for a senate vote tomorrow.

The house listened while a clerk droned through the long message. Then came the vote which smothered the veto under a deluge of both Republican and Democratic votes.

That action did this:

1. Propelled the labor issue directly into the 1948 political campaign.
2. Erased whatever vestiges may have remained of White House-Congress teamwork on domestic affairs.

Carroll Reece, Republican national chairman called the veto a "plain defiance of the will of the American people" and an "open bid for a fifth term for the new deal."

Mr. Truman summed up his displeasure of the labor bill in five terse sentences:

"The bill taken as a whole would reverse the basic direction of our (See LABOR VETO, Page 8, Column 4)

## Jester Signs, Vetoes Bills

AUSTIN, June 20. (AP)—Gov. Beauford H. Jester yesterday vetoed two legislative measures, signed 37 others and continued to ponder the controversial ones.

Vetoed were house bills which would have set up rules of procedure relating to citations in delinquent tax suits.

He noted that power to make such rules had been vested in the Supreme Court by the 46th legislature and "to prevent confusion" the court should be permitted to exercise the power with which it had been vested.

He said Supreme Court Justice James P. Alexander had assured him, if he vetoed the bills, that a committee to draw up the tax suit procedure would get started at a meeting of the Texas Bar July 3, 4 and 5.

The controversial liquor control bill, proving tighter regulations over liquor distribution on the one hand, and on the other permitting incorporated cities and justice precincts in 41 dry counties to vote themselves wet, continued to draw comment.

The governor said he received 836 telegrams Wednesday asking his signature on the bill and 13 telegrams asking him to veto it. He added that many handwritten letters on tablet paper had also requested his veto.

He indicated he may act on the measure before the end of the week.

He said he hoped to have all pending bills acted on by the early part of next week.

## Russia At Odds With UN Majority Again

LAKE SUCCESS, June 20. (AP)—The United Nations security council today overrode a Russian attempt to block immediate consideration of a governor for Trieste.

The vote was 9 to 1, with France abstaining. Russia was alone in opposing the British proposal.

# Demaret, Hogan Led PGA Field Into Match Play

Jimmy Medalist  
With 68-69-137

DETROIT, June 20. (AP)—Defending champion Ben Hogan, hard-hitting, methodical little man, and medalist Jimmy Demaret, top tournament money winner of the year, led 64 qualifiers into match play of the National PGA championship today.

The two stars from Hershey, Pa., and Ojai, Calif., and the other survivors of two days of heated qualifying rounds started whacking away at each other in man-to-man struggles in the opening 18-hole round of match play.

Hogan, only automatic qualifier in the field, squared off in his first match against Tony Penning, a 1946 PGA champion who qualified with 72-74-146. This was two strokes over par for the 36 holes and just three strokes under the qualifying maximum of 149, with which Jack Smith, tall slender Marshall, Tex. pro, squeezed into the bracket in an 11-way playoff.

Demaret, who was pro here for two years and knows Plum Hollow golf club's long, rolling 6,922-yard tournament test as well or better than anyone else in the field, put together two fine sub-par rounds of 68-69-137 to tie the Alex Smith Memorial trophy, and a narrow one-stroke qualifying edge over Clayton Haefer, tall blond from Charlotte, N. C., and Claude Harmon, one-time dance band vocalist now pro at Winged Foot country club, Mamaroneck, N. Y. Harmon drew home pro Sam Byrd, a former PGA champion who was paired with hard-hitting Jimmy Thompson.

National Open champion Lew Worsham, who qualified comfortably with 144, even par, earned a lower bracket position against Johnny Morris of Montgomery, Ala. Clarence Doser of Harbardside, N. Y., who led the qualifiers with 67 after the first round, finished with 73 for 140 and tackled Al Smith of Danville, Va., in his first round match.

The qualifiers included: Lloyd Watkins, Odessa, Texas, 73-71-144.

Something like a dozen men have signed on with Sweetwater since Dotlich took over. That would include Jim Ailstock, Callen McKee, Wally Cwik, Dick Dickenson, Dick Samek and Bill Sanders.

Midland has been able to get along without Coyer and Bryant, shortstop and first sacker, respectively, who opened with the Indians, but Skipper Webb has since added Jim Prince, Johnny Alvis, Ozzie Kolwe and Art Ayres in efforts to bolster his nine.

Of the boys who started the season here, only Joe Traspuesto a pitcher, is not around now. Joe developed arm trouble and was sent home to Cuba.

McClain, Harold Ellington, Jim Tidwell and Huck Doe have since inked contracts. Steve Villines was sent along by Joe Cambria of the parent Washington club to help the mound corps.

Doe, incidentally, has been placed on the suspended list. He was told to undergo a tonsillectomy. El-

Pete Garrison, on the hill for the "Dove" team, limited the Big Springers to two hits. Johnny Day-long also pitched two-hit ball for Doyle Turner's troupe but his mates could not get a run for him.

Garrison struck out 17 men in the seven-inning stint. Daylong registered four "K's."

Jack Griffin had a double and Ted Gross a single to rob Garrison of a non-hit tilt.

Big Spring Motor forfeited to the Midland Jaycees in another bout.

In other games Thursday, Robinson-Sinclair turned back Gulf Oil of Odessa, 2-0, while Texas Electric Service of San Angelo was nudging Primm Drug of Brownfield, 2-1.

Tonight's schedule:

6:15—Gabriel's Aces of Odessa vs. Cuthbert of Colorado City.

7:25—Moore Brothers of Odessa vs. Coca Cola of Monahans.

8:35—Midland Jaycees vs. Robinson-Sinclair.

9:45—Dowell Chemical vs. San Angelo T.E.S.

Semi-finals are booked for Saturday night while the grand finale will be held at 3 o'clock Sunday afternoon.

The Cincinnati Reds recently produced perfect pinch-hitting in a double bill at Philadelphia. Eddie Lukon got two hits in a pinch role, and Ray Mueller, Kermit Wahl and Benny Zientara got one each.

# Homes And Stores Combat The Heat

(This is the second of two articles on air conditioning trends in Big Spring—Ed)  
By Wacil McNair

Big Spring people are doing something about the summer weather.

Air conditioning units are setting the pace for appliances with evaporative type coolers enjoying the widest patronage in this semi-arid climate.

Small units, designed to cool one, two or three rooms are more popular in the homes, and if a one-room unit is installed, nine times out of 10 it will be put in the living room. Big Spring people seldom need air conditioners in their bedrooms at night, and they usually are interested in cooling the room they occupy most during the day. And the housewife usually prefers the living room for another reason. With the air conditioner operating, she can keep the windows and doors closed tightly, eliminating the dust hazard for that section of the house.

Air conditioners usually operate more efficiently here if installed on either the south or west side of the house, and they also make less noise than those on the north and east sides. This is caused by wind characteristics. A cooler working with the wind is about 25 to 30 percent more effective, air conditioning men say.

Prevailing winds here cause another tendency that is particularly noticeable to salesmen of air conditioners. On streets running east and west, the people in houses on the north side usually purchase air conditioners more readily than those on the south. The reason for this, the salesmen say, is that living rooms of houses on the north side of the street usually face south. With air conditioning, doors and windows can be shut, reducing the dust nuisance.

Specifications for air conditioning installation in business houses varies considerably from those in homes. In the home, they usually figure the volume of the area to be cooled and install a conditioner that will change the air every two or three minutes. This procedure may be followed in some business houses also, but in types of business where excessive heat is en-

countered or where large numbers of people may congregate at one time, it is necessary to completely change the air more often to get the desired cooling qualities. When making installation in a cafe, the air conditioning men usually figure on changing the air at least every minute.

Most of the evaporative-type coolers are designed to keep the temperature at about 15 to 20 degrees below the outside thermometer reading, which is regarded as the maximum variance from the health standpoint.

Until recently, business houses used air conditioning as a competitive weapon to draw extra trade. This trend is diminishing, however, according to air conditioner dealers. Instead, the air conditioner has become an accepted appliance, just like the office desk, the store display cases and other essential equipment to business. Of course the air conditioning experts may be too enthusiastic, but they predict a day when the air conditioner will rank second only to the cash register in popularity with Southwestern business men.

## Polio Education Need Is Cited

Mrs. R. O. Pearson, Abilene, chairman for the National Foundation for Infantile Paralysis, informed the Howard county chapter's executive board Thursday of a need for disseminating information about poliomyelitis.

She explained the availability of booklets and other literature, together with material for talks, films, etc., without charge from the national foundation. She conferred with Mrs. Marie Womack, chapter woman's educational chairman.

Members of the executive board voted to underwrite half the purchase price of a fog machine, said to be exceptionally effective for spraying DDT as a control measure against flies, mosquitoes and other insects. The other half of the purchase price has been subscribed at Midland and the machine will be divided between the two cities.

Reports to the board showed three cases of polio in Howard county so far this year. One originated in Forsan, the other two in the northwest quarter of the city. One of these is under treatment at the present time.

Several appeals for aid were passed upon by the board. Attending were C. S. Blomsheld, chairman, G. W. Dabney, Mrs. Womack, Mary Cantrell, Edith Gay, Joe Pickle, Ira L. Thurman, Walker Bailey, Sam Goldman and J. H. Greene.

Schizophrenia is the major mental disease in the United States with 15,000 patients admitted to state supported institutions each year and with more hospital beds devoted to its treatment than to the treatment of tuberculosis and cancer combined.

## Vincent Baptist Church Pastor Will Speak Here

The Rev. C. O. Watt, pastor of the Vincent Baptist church, will be guest speaker at the 11 o'clock services Sunday morning at the East Fourth Baptist church.

The Rev. Watt is to deliver the sermon in the absence of the Rev. Jimmy Parks of Lorena, who has been chosen new pastor of the East Fourth Baptist congregation.

The Rev. N. L. Sutter pastor of the Church of God will deliver a message on "The Christian's Progress," using the text from Col. 2:6, at the 11 a. m. worship service Sunday.

An Evangelistic message will be heard at the 8 p. m. services.

The Rev. Oscar Davis, Sulphur Springs, will conduct evening services nightly at 8 p. m. at the Church of God Monday through Friday.

Selected for the First Methodist church Sunday services, "God With in the Shadow" will be delivered by Dr. C. A. Long, pastor.

Morning worship at the First Methodist church is listed at 10:55 o'clock, with Sunday school opening at 9:45. Evening sermon will be heard at 8.

At Divine Worship at St. Paul's Lutheran church the Rev. O. H. Horn, pastor, will speak on the theme, "It Is A Fearful Sin to Neglect God's Word," using the text from Luke 14:26-24.

Sunday school and Bible class is listed for 10:15 a. m., and at 2:30 the Ladies Aid Society will hold its monthly social in the W. C. Heckler home.

The Lutheran Hour may be heard over KBST at 1 p. m. and Christian doctrine instructions are taught Wednesdays at 8 p. m.

Selecting his text from Luke 16:2 the Rev. Audrey White, pastor of the Wesley Methodist church, will speak on "The Accounting of Life" at the 11 a. m. services.

"Am I My Brother's Keeper?" based on Genesis 4:9, is the theme for the Rev. White's evening sermon.

At the 11 o'clock worship at the Presbyterian church, the Rev. Gage Lloyd, pastor, will speak on "The Pre-eminence of the Church," using the text Col. 1:18.

The Rev. Lloyd's evening topic will be "Pricelessness of Salvation" based on Matthew 13:44-46 and 13:43-58.

Special hymns in the Sunday services will be full choir arrangements of "Grow Thou My Soul, O Christ" (Sullivan), and "What Is the Thing of Greatest Price" (Wilson).

## Geraldine Hancock Roy Lee Reaves Marriage Is Told

Announcement has been made by Mr. and Mrs. H. V. Hancock of the marriage of their daughter, Geraldine, to Pvt. Roy Lee Reaves, sons of Mr. and Mrs. H. Reaves, June 14 in San Antonio.

The informal ceremony was solemnized by Chaplain Leroy Priest in the chapel on Goodfellow Field, where Pvt. Reaves is stationed.

White gladioli interspersed with fern decorated the altar. The bride chose for her wedding costume a white street-length frock with which she wore red accessories.

Her corsage was of gardenias. Pvt. and Mrs. Reaves both attended Big Spring high school, and Pvt. Reaves is a 1946 graduate.

Attending the ceremony were Mr. and Mrs. Hancock and Mrs. Leroy Priest.

## Earlene Jeffreys Becomes Bride Of Marvin Fisher, Jr.

Earlene Jeffreys, who represented Big Spring in the Midland rodeo recently, was married to Marvin Fisher, Jr., also a rodeo rider, June 13 in the home of the Rev. Richardson, Lubbock, who read the ceremony.

The bride is the daughter of Mr. and Mrs. Tom Jeffreys, whose ranch is near the Lee community and the bridegroom is the son of Mrs. Nola Fisher.

The bride wore a white suit with pink and brown accessories. Mrs. Dan Taylor of Big Spring was matron of honor and Taylor served as best man. The only other attendant was Bill Cox.

Mrs. Fisher is a graduate of Odessa high school and attended Texas Technological college. For the past two years she has been employed as secretary to the superintendent of Andrews Public schools in Andrews.

The couple will take a wedding trip in September to the Madison Square Garden rodeo. They are living on the Fisher ranch northwest of Andrews.

## Melons Appear On Fruit Stands

Although the volume still is far from the peak, the watermelon and summer fruit and vegetable season has descended upon Big Spring. Large, green melons already have made their appearance at grocery stores and fruit stands, and early peaches, cantaloupes and other items are beginning to trickle in.

Most of the watermelons on the market to date are shipped from points in South Texas, but the East Texas crop is expected to begin arriving soon. The early melons this year are fair specimens, although some dealers still call July 4 the earliest date at which "really good" watermelons reach the consumer.

Current prices for watermelons averages about a nickel a pound from the ice vaults or four cents a pound uncooled. Peaches are high, and as yet, few in number. Generally the volume is expected to be heavy this year, but an unusual demand is forecast, which probably will keep the prices at above ordinary levels.

The same is true of tomatoes and other products that are beginning to move from the eastern part of the state. Bumper crops have been reported, but to date they have not been able to make a dent in the demand.

## Brotherhood Hears Rev Audrey White

The Rev. Audrey White was speaker at the regular meeting Wednesday evening of the Men's Brotherhood of the Wesley Methodist church in the church.

Ella Phillips, president, was in charge of the meeting. Members were appointed to the recreation committee for the next meeting July 9.

Women of the Wesley Methodist Women's Society of Christian Service served dinner to the 13 men attending the meet.

## East Fourth Baptist Class Has Visitation Day Luncheon Meeting

Visitation day and a luncheon at the church were observed by members of the Reapers Class of the East Fourth street Baptist church Thursday.

Husbands of the members were present as guests. Those attending were Mr. and Mrs. Monroe Gafford, Mr. and Mrs. F. B. Rogers, Mr. and Mrs. Jimmy Medford, Mr. and Mrs. Gene Haston, Mr. and Mrs. Jack Dearing and Mrs. Walker Bailey.

## District 8 Youth Camp Scheduled

Approximately 1000 young people are expected to participate in the five-day Baptist Youth camp, District 8, which opens Monday at the camp site south of Big Spring.

Enrollment into the camp includes associations over a wide section of the State. District 8 stretches from Roscoe on the east as far west as Seagraves; south to Garden City and north to Welch. The convention will be divided into two sections: the first, for boys, opens Monday and runs through Wednesday noon; the girls' division starts Wednesday noon and closes Friday noon.

A continuous program has been worked out under camp director The Rev. Fred McPherson of Midland. Cooking, outdoor camping methods, sports and handicraft will have parts in both boys' and girls' divisions, and each section will end with a chicken barbecue.

The Rev. R. Y. Bradford, Colorado City, has been selected camp pastor for the young men, and Dr. P. D. O'Brien is named camp pastor for the girls' division.

Enrollees will begin arriving early Monday morning. Registration is at 2 p. m. Monday.

## Tea Is Planned By Credit Women

Plans were completed for a tea to be given Sunday afternoon in the home of Veda Carter, 300 Dixie street, when members of the Big Spring credit women's club met Thursday for a luncheon in the First Methodist church.

New officers will be hostesses at the tea, which is for members and their guests.

In presenting the program for the Thursday session, Elizabeth Stanford discussed "What Women Mean To Credit Business."

Mrs. Jeanette Ware and Mrs. H. L. Phinney were present as guests. Others attending were Doris Carr, Veda Carter, Faye Coltharp, Alice Craven, Ollie Eubanks, Bobbie Goad, Kathryn Homan, Florence McNew, Irene Meier, Jessie Nalley, Elizabeth Stanford, Pauline Sullivan, Edith Trapnell, Margarette Wooten, Ina McGowan, Josephine Raoul and Mae Hayden.

## Two Members Host Homemakers Class Meeting At Church

Mrs. F. C. Robinson and Mrs. M. C. Lawrence were hostesses Thursday evening to members of the Homemakers class who met at the home of Mrs. Cliff Wiley.

Mrs. J. H. Stiff, president, conducted the business meeting which was followed by contests. Mrs. J. D. Benson offered prayer.

Hostesses were assisted in serving refreshments by Mrs. Cliff Wiley.

Those present were Mrs. M. C. Bell, Mrs. George W. Hall, Mrs. R. J. Michael, Mrs. E. L. K. Rice, Mrs. C. A. Murdock, Mrs. W. W. Grant, Mrs. Lloyd Thompson, Lucille Speer, Mrs. J. H. Gray, Mrs. Stiff, Mrs. Lawrence, Mrs. Robinson, Mrs. Benson, Mrs. Wiley and Mrs. Harry Lees.

## Party To Complement Methodist Children

The Rev. and Mrs. Audrey White will entertain the children of the Wesley Methodist church parish this evening with a party on the church lawn at 7:30.

A movie, "Little Black Sambo," will be shown and there will be refreshments.

All children of the parish are urged to attend.

## P-TA To Sponsor Open House Affair

High school students are invited to participate in an open house affair Saturday at 8 p. m. at the YMCA, when the high school Parent-Teachers association and the following the program and social period, there will be games and refreshments.

High school students are invited to participate in an open house affair Saturday at 8 p. m. at the YMCA, when the high school Parent-Teachers association and the YMCA sponsor a special program.

Following the program and social period, there will be games and refreshments.

Arrangements are in charge of a committee composed of Mrs. W. D. Willbanks, Mrs. Buel Fox, and Mrs. Bill Montgomery.

## One Dead, One Hurt In Highway Mishap

ABILENE, June 20. (U-P)—Tena O. Lackey, about 67, was fatally hurt and George Moore, 77, suffered serious head injuries as a result of an automobile accident on the outskirts of the city limits here yesterday. Both men were from Merkel. The car, driven by Lackey, struck a bridge abutment.

**COFFEE**

## Sunday School Lesson

### Fall Of The Southern Kingdom

(The International Uniform Lesson on the above topic for June 22 is II Kings 24-25; Jeremiah 37; 39-40, the Memory Verse being Psalm 29:11, "Jehovah will give strength unto His people; Jehovah will bless His people with peace.")

By NEWMAN CAMPBELL

We are nearing the end of Judah's history as a nation. It began gloriously under David and Solomon, and ended shamefully with the people, all but a small remnant, in captivity in Babylon. Jehoiachin followed his father Jehoiahim, as king of Judah, but not for long. He was 18 years old when he began his reign, but he only reigned for three months. Nebuchadnezzar, king of Babylon, "came up against Jerusalem, and the city was besieged." Instead of fighting, Jehoiachin, with his mother, his servants, his princes and officers, went out to the king of Babylon, and was carried into captivity, never to return to his native land. After years in prison, however, Nebuchadnezzar's successor and son, took him out of prison and made him a pensioner in his house, with a regular allowance for his support.

At this time the treasure of the temple and palace were carried away by the Babylonians, and all the people who were "strong and apt for war," who could lead or fight, were also carried into captivity. Zedekiah was made king (the last) of Judah by Nebuchadnezzar.

Jeremiah Imprisoned

During his reign, Jeremiah, the prophet, who had gone out of Jerusalem to the land of Benjamin, was accused by one, Irijah, of betraying his people to the Chaldeans. He indignantly denied it, but was nevertheless, taken to the princes, who were angry at him, and put him in prison. He remained in a dungeon for many days, and then Zedekiah went to him and asked him, secretly, if there was any word from the Lord. Jeremiah answered yes, that the word was that he, the king, should be delivered into the hand of the king of Babylon. In what way had he offended, Jeremiah asked the king, that he should be put in prison? Zedekiah commanded, then, that Jeremiah should be committed to the court of the prison, and should every day be given a piece of bread out of the bakers' street until all was gone. Zedekiah tried a rebellion

## VISITS - VISITORS

Returning home Thursday night were Mr. and Mrs. A. V. Karcher and Mr. and Mrs. M. K. House who have spent three weeks in California. They attended the Rotary International convention in San Francisco June 8-12.

Mrs. Ches Anderson will leave Saturday on an extended vacation during which she will visit a sister in Chicago, Ill., and a brother in Newark, N. J.

Celia Sullivan is spending her vacation with her mother in Vernon.

Mr. and Mrs. L. E. Hutchins and son are visiting relatives in Oklahoma.

Mr. and Mrs. Homer Thompkins and Patsy Ann will leave this weekend for a week-long fishing vacation in Brownwood.

## Typhoid Inoculations Given At Colorado

COLORADO CITY, June 20. — Dr. Harry A. Logsdon, city physician of Colorado City, and Dr. J. Melvin Crymes, county physician, gave the first typhoid serum shot to 34 Negro residents here Thursday afternoon. The inoculations were given as a precautionary measure to all persons living in the vicinity of the home of Dorothy McClure, 13-year-old Negro girl, seriously ill of typhoid in a local hospital.

Colored citizens of Colorado City postponed their annual Juneteenth ball game for the two o'clock trek to the city hall where the serum was given. Residents of surrounding blocks in the Negro district will be immunized in the weekly series of shots in what Dr. Logsdon termed "A purely precautionary step. One case is all the own has encountered."

## Cadets Studying Bombing Tactics

EL PASO, June 20. (U-P)—Three hundred West Point cadets were to start a study here today on organization, mission of light bombardment groups, employment to light bombardment in the European theater, night attack doctrine and use of jet-propelled aircraft.

The group arrived here yesterday from Fort Worth as part of a 28-day tour of army air fields. They are to be graduated in 1949 as ground force officers.

The cadets will inspect P-80s, jet engines, armament and guns and A-26 planes of the 47th bomb group. They also will study the mission and organization of their air service group in the A. A. F.

## 'TRUNK MURDER' BODY IS ALIVE

LOS ANGELES, June 20. (U-P)—Police thought they had a trunk murder case on their hands, but the body wouldn't lie still.

Mrs. Hazel Ford phoned the homicide bureau that she had opened a trunk in her basement and found a body inside. Detectives learned she was 100 per cent correct—but the body was alive and belonged to a 15-year-old boy who said he crept in to take a snooze.

## Mrs. H. V. Crocker Entertains Auxiliary Of Fire Department

Members of the auxiliary of the Big Spring fire department were entertained with a picnic Thursday afternoon at the home of Mrs. H. V. Crocker, 1707 Benton St. Names of secret pals were revealed and gifts exchanged.

Present were Mrs. A. D. Meadow, Mrs. Howard Beene, Mrs. R. T. Hale, Mrs. Robert Fields, Mrs. Herman Morrison, Mrs. Noble Kennemur, Mrs. Herbert Moore, Mrs. Johnny Waddell, Mrs. S. E. Smith, Mrs. Hubert Clawser and Mrs. Fred Winn.

Fourteen states and the District of Columbia in the United States had no reported cases of smallpox in 1946.

# Legal Notice

## THE STATE OF TEXAS

TO: EDWARD D. WHEELER and PUBLIC FINANCE CORPORATION, CREDITORS.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 45 days from the date of issuance of this Citation, the same being Monday the 14th day of July, A. D. 1947, at or before 10 o'clock A. M. before the Honorable County Court of Howard County, Texas, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 29th day of May, 1947.

The file number of said suit being No. 1420.

The names of the parties in said suit are:

Tot Stalcup as Plaintiff, and Edward D. Wheeler and Public Finance Corporation as Defendant.

The nature of said suit being substantially as follows: To wit:

Plaintiff is suing to recover storage charges accrued on and against a 1938 Pontiac Coupe automobile, Motor No. 34188, left in storage with Crawford Hotel Storage in City of Big Spring, Texas, on September 18, 1945; plaintiff alleges the amount due for storage to be \$188.00, that plaintiff is the owner of said claim for storage and asserts and seeks to foreclose storage lien on and against said automobile, and alleges the value of said automobile to be \$300.00.

Issued this 29th day of May, 1947.

Given under my hand and seal of said Court at office in Big Spring, Texas, this 29th day of May, A. D. 1947.

(SEAL) LEE POSTER, Clerk.

Court Howard County, Texas.

By: PAULINE S. PETTY, Deputy.

Kevo made at Johnnie Griffin's adv.

### State 4-H Meet To Be Held At A&M

COLLEGE STATION, June 20. (AP)—The state 4-H club round-up, the biggest event of the year for Texas' 4-H clubbers, has been set for September 4-5 on the campus of Texas A. & M. College.

J. W. Potts and Lorene Stevens, state 4-H club leaders of the Texas extension service, have announced that each county may send to the round-up two 4-H boys, two 4-H girls, one woman club leader and one man leader.

Whether your trip is to the next town in Texas or across the nation, see your American Busline agent.

## Revolutionary New Car Has Initial Showing

CHICAGO, June 20. (AP)—The new Tucker automobile, described by its makers, the Tucker Corporation, as "The first completely new automobile in 50 years," was brought out for unveiling yesterday.

Auto dealers and distributors were invited to the huge Tucker plant for the first showing of the car by Preston Tucker, 44 year old race car designer and head of the corporation. He says his model is a "better and safer car than ever has been built."

The company announced that the car, with a 2,800 pound shipping weight, a wheel base of 128 inches and standing 60 1-2 inches high, has a 150-horsepower airplane type engine located in the rear. The company also said that the car can stop in 240 feet while traveling 90 miles an hour and at moderate speed can travel about 35 miles on a gallon of gasoline.

Tucker has said the Tucker car will eliminate "approximately 800 parts now used in conventional models," including the fly wheel, ring gear, clutch and clutch mechanism, universal joint and drive shaft.

## Would Permit Entry Of Jews

WASHINGTON, June 20. (AP)—Rabbi Philip S. Bernstein estimated today that 60,000 Jewish refugees scattered throughout Europe want of up to 400,000 displaced persons to come to the United States to live.

Rabbi Bernstein, advisor to Gen. Lucius Clay on Jewish affairs in Germany, urged a house subcommittee on immigration to approve a bill which would permit entry of up to 400,000 displaced persons during a four year period.

He said in a prepared statement that about a third of the 60,000 Jews who would like to enter the United States are children.

The majority of the adults are tailors, carpenters, painters, exile workers and shoe makers, he said.

"My observation led me to the conclusion that they would make good American citizens," Rabbi Bernstein told the committee.

## Combines Needed For Wheat Harvest

BORGER, June 20. (AP)—One hundred and fifty combines will be needed by July 1 to aid in the harvesting of the estimated \$1,550,000 bushels of wheat expected to be produced in Hutchinson county, according to county agriculture agent John Nielson.

He said only 25 combines were on their way to Stinnett, five coming from Canada. There was no severe labor shortage, Nielson said, although an employment office has been established. Harvesting in the county is expected to get underway about June 25.

## Mayor Assigned Additional Jobs

COLORADO CITY, June 20. (AP)—Appointment of Colorado City's new mayor, Peter Martin, as judge of the corporation court to fill the unexpired term of Charles Brazil, mayor who resigned, was made here in a called meeting Wednesday night.

The council also named Mayor Martin to the post of superintendent of public works, the position which virtually gives him city managerial duties and responsibilities.

P. O. OFFICIAL DIES  
FORT WORTH, June 20. (AP)—Funeral services for James M. Rowland, assistant postmaster, will be held at 2 p. m. tomorrow at Westminster Presbyterian church here with burial in Greenwood cemetery. He died here yesterday of a heart attack.

Bear and bull-baiting on Sundays were banned under England's King James I who issued a "book of Sports" in 1617.

## MODERN LIVING CLAIMS VICTIMS

SOFT, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless feeling. It's cases like this that the new improved ADLERKA is designed to help. This scientifically compounded Tonic-Up laxative is quickly absorbed by the gastro-intestinal system... gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERKA today.

Caution: use only as directed.

ISLAND CEMETERY—Workmen care for graves of personnel of the British Royal Navy killed in 1943 and buried on the Isle of Jersey in the English Channel.

## Labor Veto

(Continued From Page One)

national labor policy, inject the government into private economic affairs on an unprecedented scale, and conflict with important principles of our democratic society.

"Its provisions would cause more strikes, not fewer.

It would contribute neither to industrial peace nor to economic stability and progress.

"It would be a dangerous stride in the direction of a totally managed economy.

"It contains seeds of discord which would plague this nation for years to come."

As for the measure's ban against recognition of unions with communist leaders, the president said that would play into the hands of the communists.

"The only result of this provision," he said, "would be confusion and disorder which is exactly the result the communists desire."

The fundamental test to be applied to the Taft-Hartley bill, Mr. Truman said, is whether in the "present critical hour" it would "strengthen or weaken American democracy."

This was his judgment: "I have concluded that the bill is a clear threat to the successful working of our democratic society. The president capped his blast against the measure with an invitation for the legislators to try their hand again with a wholly new bill."

Mr. Truman said they still had genuine opportunity to enact "appropriate labor legislation" and called attention to recommendations he made last January. These were for a measure prohibiting jurisdictional strikes and secondary boycotts (for unjustifiable objectives) and for creation of a commission to study the need of other labor law objectives.

## Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY—Partly cloudy this afternoon, tonight and Saturday. Scattered thunder showers this afternoon and evening.

Expected high today 92; low tonight 69. High Saturday 92.

WEST TEXAS—Partly cloudy this afternoon, tonight and Saturday. Scattered thunder showers, mostly in afternoon and evening. Not quite so warm in Panhandle and South Plains Saturday.

EAST TEXAS—Partly cloudy this afternoon, tonight and Saturday. Scattered thunder showers. Not quite so warm in northwest portion Saturday. Moderate southeast winds on the coast.

## Markets

LIVESTOCK  
FORT WORTH, June 20. (AP)—Cattle calves 250-300 lbs. and weak, beef steers and yearlings scarce, few common and medium lots 13.00-20.00; no good beefers; good beefers, good to choice fat calves 18.00-21.00; plain and medium calves 12.00-17.00; medium stockers and yearlings 12.00-17.00.

Hogs 150-160 lbs. mostly steady, top 24.75; good and choice 18.00-22.00; butchers 24.50; good and choice 20.00-25.00; 24.50; good and choice 15.00-17.50; 21.25-24.50; 18.50-20.00; stocker plus 23.00; down.

Sheep 3.00-3.50; Spring lambs steady in strong medium and good spring lambs 18.00-21.50; medium and good spring aged sheep 6.25-8.00.

WALL STREET  
NEW YORK, June 20. (AP)—The stock market registered slow improvement today in the face of the president's veto of the labor bill.

Wall Street interest centered in prospect for congressional action to override Motors, Radio, Liquors and selected industries were leaders in extending the recovery in moderately active dealings.

American Telephone continued its bounce from the year's low with an advance extending more than 3 points at one time. Others prominent in the upside were Chrysler (which touched a new 1947 high), General Motors, International Minerals, Bethlehem, U. S. Steel, Goodyear, Norfolk & Western, Nickel Plate Preferred, Douglas Aircraft, American Distillers, Schenley Distillers Corp., National Distillers, American Smelting, Air Reduction and J. C. Penney.

## Patrolmen To Take Refresher Course

John Strother and T. D. Whitehorn, state highway patrolmen, and C. B. Strain, in charge of the state drivers' license bureau here, will go to Austin next month where they are to undergo Department of Public Safety refresher courses.

Strother will attend classes the week of July 14 while Whitehorn and Strain have been ordered to be on hand the week of July 21.

## County 4-H Club Stages Contests

Several competitive events highlighted the program at the county-wide 4-H club meeting Thursday night at Gayhill school.

Members of the Luther boys and girls club presented the history of 4-H clubs in dialogue, and Kirby Brown of Center Point and Joyce Clanton, of Vealmoor, won extemporaneous speaking contests in the speaking contest, all entries made addresses on their respective club projects. Cash awards were made to winners.

Hollis Yates was winner of name writing contest, while Reppy Guitart was awarded consolation prize.

County Agent Durward Lewter made a short talk on grasshopper control measures which are now underway in the county.

Ice cream and cake were served to approximately 225 club members and parents. Mr. and Mrs. O. R. Crow are sponsors of the Gayhill club.

## Scout Camps Are Arranged

Two camping periods of one week each have been mapped for Buffalo Trail Council Boy Scouts at Camp Louis Farr near Mertzon. Scout officials announced today.

The first week of the encampment begins on Aug. 4.

Activities at the camp will include most features which were arranged several weeks ago when the council planned to camp at the Agula canyon area.

Camp officials this year will be Rex Palmer, Scout executive from Pecos, camp director; H. D. Norris, Big Spring executive, assistant director; James K. Polk, Snyder executive, program director; and Don Betts, Odessa executive, in charge of commissary.

## Civilian Government Asked For Islands

WASHINGTON, June 20. (AP)—President Truman wants congress to give Guam and Samoa civilian governments.

Both Pacific Islands now are under navy control.

The chief executive forwarded the request for legislation to the house and senate yesterday. With it he also sent along a report by Secretary of State Marshall. The report suggested:

1. Separate legislation should be passed at this session to provide civil government for Guam and to grant citizenship, a bill of rights and legislative powers to Guamanians.

2. Similar legislation for American Samoa "should be prepared by the Navy and Interior departments and presented to the next session of congress."

## Negro Boy Scout Leaders To Meet

A two-day conference for all Negro Boy Scout leaders has been scheduled for June 28-29 at Lake Sweetwater, officials of the Buffalo Trail Council announced today.

At the conference the Negro leaders will discuss plans for a summer camp for boys, and a program designed to reach more Negro scouts in the area.

## Club Women Go To New York Meeting

AUSTIN, June 20. (AP)—Texas representatives left today for the general Federation of Women's Clubs convention in New York City June 23-28.

They will seek the election of Mrs. Volney W. Taylor of Brownsville as national recording secretary. Mrs. Florence Johnson Scott of Rio Grande City, retiring state president, will act as Mrs. Taylor's campaign manager, assisted by Mrs. W. H. Barker of San Antonio.

## Whitney Returns From WAA Parley

City Manager H. W. Whitney returned Thursday evening from Dallas and Fort Worth, where he conferred with War Assets and Civil Aeronautics Administration officials on matters pertaining to the Municipal airport.

Among the topics discussed with C. A. A. men was the possibility of installing instrument landing facilities at the local port. Developments still are indefinite, however.

## Plenty Of Grasshopper Poison Ready

A quantity of grasshopper poison was being mixed today for the third time this week, as county farmers rushed to protect their cotton crops from the seasonal menace.

County Agent Durward Lewter said the grasshoppers apparently were still spreading, but farmers who have applied poison have obtained excellent results. John Landrum, Waco entomologist, surveyed the problem here yesterday, and he said local farmers were applying the poison in the proper manner.

Lewter said that approximately 20,000 pounds of mixture had been distributed up to noon today. Heaviest infestations of grasshoppers continue at Vincent, while areas around Luther, Lee's and Lomax also have noted increases.

The county agent said he hoped to limit the mixing operations to one day a week in the future. It is planned to mix poison at the Big Spring farm labor camp each Monday. Farmers can keep a week's supply of the poison mixture for several days, Lewter said, by storing it in a cool place and covering with wet feed sacks. Farmers also were reminded to bring filler material and syrup to the mixing station when they request issues of the poison mixture.

## Local Shriners To San Angelo Event

Twelve or more Shriners from Big Spring are due to participate Saturday in the Shrine round-up in San Angelo.

Lewis Christian, in charge of the local delegation, said that it appeared Friday at least 24 Shriners here would be able to make the trip.

The one-day affair will feature a parade, barbecue, floor show and dance. Fort Worth is sending a special train with an estimated 250 Shriners aboard. The famous band from that temple, together with its drum and bugle corps will take part in the parade, which also features two score horsemen from the San Angelo sheriff's posse, bathing beauties, etc.

## Warrants Issued On Bogus Checks

Four additional warrants for persons charged with defrauding by obtaining things of value with worthless checks were issued by the county Thursday, bringing to nine the number issued since June 1.

Three of the accused were taken into custody by members of the sheriff's office this morning. One, a Negro man, was released after questioning.

## Milams Celebrate 45th Anniversary

Mr. and Mrs. J. J. Milam observed their 45th wedding anniversary last Sunday with a quiet ceremony at their home.

Among those who gathered at the Milam house for the party were their two sons, Odis and Cecil, and families.

Mr. and Mrs. Milam were married June 15, 1902, in Rusk county.

## US Ignores Latin Revolutionists

WASHINGTON, June 20. (AP)—The United States, after informed discussions with other American republics, has decided to continue to withhold recognition from the new revolutionary government in Nicaragua.

The State Department announced this today and said the other American governments also have indicated they will do likewise.

Of the 21 American republics, 11 have assailed Gen. Anastasio Somoza's seizure of power and have stated they had no intention of recognizing his regime.
