# Lynxettes advance to regionals with win over Cubettes Monday

Foul No. 4 for Cindy, as she stops a Olney Cubette from driving to the basket Monday night. Gressett had one of her best games, as the Lynxettes won the right to go to regional. Comegys and McAdams are in the action shot.

The Spearman Lynxettes, playing their greatest game of the year, will advance to the regional finals, in Lubbock this Friday. They will play at 7:30 p.m. Friday against the winner of district 7 and 8.

The Lynxettes jumped into an early lead, and held on to the lead for the entire first three quarters. However, in the last quarter, with 5:40 left in the game, the Olney Cubettes jumped into a 34-33 lead, and the Lynxette fans went into shock, wondering what to do next! Coach Newton displayed his finest coaching abilities in this crisis as he switched girls from forward to guard, and guard to forward, to completely dominate the last few minutes of the game and take a 46-37 nine point victory in the hectic contest.

The Lynxette effort was strictly an entire team effort. Carla Harper canned the Cubettes with her sensational shooting as she garnered 20 points, and Debbie Greene, hit 12 points. The Lynxettes now 22-6 for the year grabbed a seven-point (27-20) half -time lead, and held a 33-30 margin at the end of three periods.

The Lynxettes who face the winner of Sonora-Fabens in the first round of the regional tournament Friday in Lubbock , seemed to play better under pressure; this could be a big help to them in their regional venture this weekend.

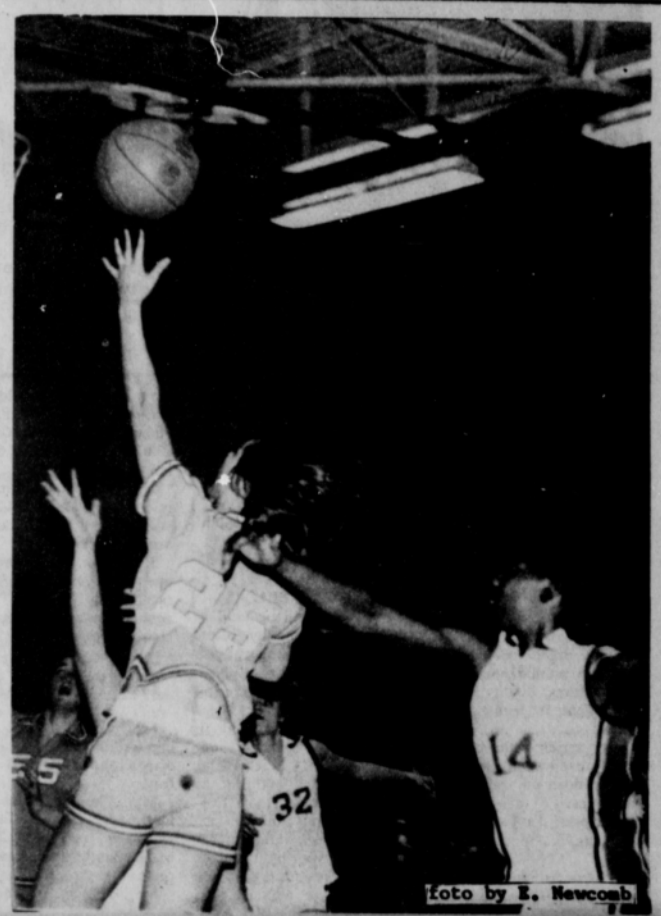

Defensively, Spearman was pretty much in control of the game, all the way, but Cindy Gressett was called for 3 fouls in the first half and 1 early in the third period, and had to set much of the last half out. Gresset, despite her fourth foul, played her best game of the year! In the scoring by quarters, the Lynxettes lead 14-9, 27-20, 33-30, and 46-37.

Scoring for Lynxettes: Carla Harper 8 field goals, 4 free throws for 20 points; Tracie Keetch, 3 field goals and 2 free throws for 8 points. Keetch was back in the lineup for the 2nd time since her injury to her foot, and the Lynxettes just couldn't make it without her. She will be a real addition to the club for the regional play. Christy Collier 2 field goals, 2 free throws, for 6 points. The Lynxettes hit 17 field goals and 12 free throws. Olney hit 12 field goals and 13 free throws. Total fouls, Spearman 15, Olney 16. None of the girls fouled out in the bi-district game.

Very noticeable at the game Monday night, was the huge student body present to back the Lynxettes, along with many other fans in the area. The Lynx basketball boys certainly made a big difference in being on hand, and yelling for the Lynxettes.

The boys basketball team lost their district to Dalhart by a slender 1 point, and many think that although Dalhart won the district, **the Lynx have the best team!**

See you in Lubbock Friday at 7:30 p.m.!

A karate chop for Carla, as she makes a lay-up in the bi-district game at Memphis Monday nite. The Lynxettes will meet Fabens in their regional game Friday, 7:30.

## County Officials Attend Seminar

Hansford County Judge Johnnie Lee and Commissioners C. J. Renner, Precinct 3; and Garland Head, Precinct 1, have returned from College Station where they were among the hundreds of county officials from the State who attended the annual Seminar for County Judges and Commissioners sponsored by Texas A&M University.

Those attending participated in a two-day program specifically designed to keep county officials informed on a number of matters.

The seminar included presentations from the following:

**U. S. District Judge Reynaldo G. Garza, Chief Judge for the Southern District of Texas.**

**Ron Jackson, Director of the Texas Juvenile Council.**

**Ralph Tabor of Washington, D.C., who discussed revenue sharing concepts.**

**Mark White, Texas Secretary of State who discussed election laws and laws pending in the State Legislature.**

**Robert Brown, executive director of the State Retirement System.**

**Dr. Francis L. Duff, Director of the Texas Department of Health Services, who lectured on the public health services available to the 254 counties in Texas.**

**Robert C. Flowers, director of the Criminal Justice System of Texas.**

**Arthur B. Wolfe of Texas A&M University discussed the improvement of productivity in county government.**

**Dr. James Mallett discussed County Government and Commission Development.**

**Dr. Daniel C. Pfannstiel, director of Texas Agricultural Extension Service, discussed the applications of that service in the counties in the state.**

**Guy Van Cleave, executive director of the system, discussed new and improved correctional centers for Texas.**

During a presentation by Sam Clounts, executive director of the Texas Association of Counties, delegates from Hansford and the other counties heard A Legislative Report From the Texas Association of Counties.

Reagan Brown, special assistant to Gov. Dolph Briscoe, spoke about Where We Are Today in connection with implementing programs designed to put people to work with funding from State and federal resources.

## Sales Tax Receipts Up 15%

In a release from Comptroller Bob Bullock, he announced Texas cities received a total of $302.9 million in city sales tax rebates last year, a 14 percent increase over the 1975 calendar year. The cities received $264.5 million in 1975, Bullock said.

The City of Spearman received $93,288.71 for 1976 sales tax compared to $80,818.96 in 1975. This is up some 15 percent.

The City of Gruver 1976 total was $22,245.95 as compared to $22,296.51, which is down 01 percent.

The City of Houston led the state in total rebates with a total of $62.6 million in 1976. Dallas collected $35.3 million, San Antonio $18.9 million, Fort Worth $12.3 million and Austin $9.1 million.

The one percent city sales tax is collected by merchants and other sales tax permit holders along with the four percent state sales tax and is returned to the cities by the Comptroller's Office on a monthly basis.

The Spearman Post Office will be closed Monday, February 21, in observance of Washington's Birthday.

SCHOOL BOARD MEETS

The Spearman school board met in regular session Tuesday evening at the high school, with all members present, except President Porter, who had taken the coaches to Alpine to scout a game.

The board prepared and ordered an election for April 2, 1977. Three board members have already signed to run for the school board; they are Clark Mires, Paul Hazlewood, and Chalmers Porter.

It was learned at the meeting that the Lynxettes will play Fabens in their first game at the Regional tumey in Lubbock Friday.

--------0----------

BI-DISTRICT CHAMPS

Cubettes felt the sting,
One more piece of gold;
Now you're regional bound,
Greater games will unfold.
Right on two eighty-seven,
At ole Memphis town;
The Lynxettes came to play,
Unyielding for the crown.
Lynxettes deserve the praise,
As heroines of the day;
The fruits of their labors,
Is evident when they play.
Once more you'll get to play,
Now it's on this Friday night;
Spearman will all be there, and

Lubbock is the site.
You can make a small wager,
No Lynxette will say die;
Eroxed is the game plan,
Motions will run high.
Take along your Purple Pride,
The very best to each of you;
Enjoy a weekend of success,
Super good luck in all you do.

This un-identified L ynxette is moving so fast, her hair-do fooled the camera. The action was swift and sweet at Memphis Monday nite as the Lynxettes won the bi-district game,and are headed for Lubbock.

# Suspects In Grain Theft Released Under Bond

Two subjects arrested and charged with alleged felony theft in connection with the disappearance of two loads of corn last month from the Bernstein elevator have been released on bond, Hansford County Sheriff R.L. McFarlin has announced.

The subjects are Buddy L. James, 36, of Chickasha, Oklahoma, and Teddy Teakell, 28, of Buffalo, Texas.

Teakell was arrested in Buffalo Saturday, Feb. 12, on a warrant from Hansford County. A truck and semi-trailer loaded with grain was impounded as evidence in Buffalo.

James was released under bond on Texas, Oklahoma, and Kansas charges of felony theft of grain.

The two are implicated in the disappearance of two loads of corn consigned from the elevator in Bernstein to a feedlot in Bellflower, California, which never arrived at their destination.

James also is involved in the theft of grain from a Guymon, Oklahoma, firm and milo from a firm in Englewood, Kansas. The milo was in the semitrailer James was hauling at the time of his arrest in Canadian on February 2. The tractor and trailer load of milo has been parked in Spearman after being impounded as evidence. James is the owner of the tractor and trailer and allegedly obtained the milo from the Kansas firm using a forged check.

Teakell has returned to Buffalo pending further court proceedings.

James has been returned to Oklahoma authorities where he is facing federal charges.

## Library Board Meeting

The Library Board meeting met Wednesday, February 9 in a regular session at 3:30 p.m.

The minutes of the previous meeting and were read and approved. The treasurer's report was presented and discussed.

The Library has purchased a Minolta Copying Machine for the use of the public, which still will be charged 10 cents per page.

Mrs. Terry Curtis was employed as the new librarian. The circulation for the month of January was 1933 with 11 new library cards issued and '17 new books processed.

Members present were: Mary Alice Gibner, Mr. James Cunningham, Mr. J.R. Stumpf, Mr. P.A. Lyon, Sr., Charles Eaton, and Mr. Dick Kilgore.

Next meeting will be March 9 at the Library.

## Historical Survey Committee Meets

The Hansford County Historical Survey Committee, Inc. met Friday, Feb. 11 at 1:30 p.m. for a regular session in the Museum. In the absence of the president and vice president, the meeting was called to order by Mrs. Ruth Shaver.

New officers elected for the 1977 year term: president, Fred Groves; vice president, Mrs. Grace Lyon; secretary, Mrs. Ruth Shaver; treasurer, Mrs. Clementine Renner.

The minutes and the treasurer's report were read and approved.

The Committee discussed getting some more display cases for the Museum. Glass is needed for the two display cases that they already have. As soon as the glass is installed, new articles will be displayed in them.

The Committee has items for sale in the Gift Shop in the front porch at the Museum. They still have some Bi-centennial Cook Books on sale at the Library, Museum, and Chamber of Commerce for $3.00 each--all proceeds go to the Museum.

As of January 1st the new hours for the Museum are 2:00 to 4:00 p.m., Tuesday through Friday. Any group or organization that would like to tour any other hours are to call mrs. Clementine Renner- 659-2335 or Ruth Shaver- 659-3474.

Members present were: Helen Boyd, Johnnie Lee, John Hutchison, Grace Lyon, Clementine Renner, Fred Groves, and Ruth Shaver.

The next meeting will be March 11 at the Museum.

# Easter seal drive, light bulb sale

Between now and March 14, if a lightbulb burns out in your house, don't replace it unless absolutely necessary and then on that date or March 15, when you are contacted by a member of the Fellowship of Christian Athletes, purchase a lightbulb from them.

On those two days next month, members of the Spearman FCA Chapter will be involved in their annual sale of bulbs to provide funds for the summer camps they sponsor in Colorado, it has been announced by Spearman High School Coach Gregg Sherwood.

Sherwood added the FCA drive will hopefully provide enough funds to take as many boys to camp as want to go this year.

Also in March, the Lynx football team will be out trying to defend their state title as champion Easter Seal Sales Champions.

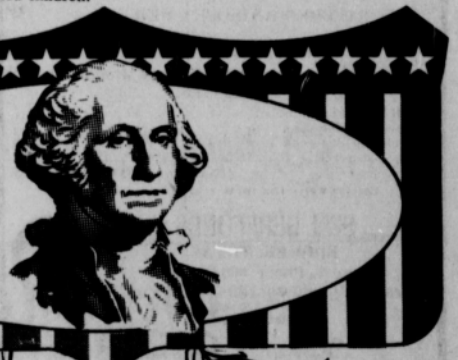

State District 1AA Team Members Bo DeArmond and Terry Latham will be co-chairmen of this year's drive, it has been announced.

As defending champions of their Easter Seals sales record, the Lynx will be out to take in money which is used to aid and assist crippled children.

# Ventura To Be FGBMFI Speaker

Sammy Ventura, Jr. will be the speaker at the Monday, February 21 meeting of the Spearman Chapter of Full Gospel Business Men's Fellowship International to be held at Martin's Steak Garden. The meal will be at 7 p.m. and speaker at 8 p.m.

Sammy Ventura, Jr., has been the owner of the Italian Village Restaurant in Dallas for the past ten years. It was at one time a sophisticated private club with name entertainment, and a thriving bar trade. A disastrous fire, which Sammy attributes to God, forced him to convert it back into a restaurant.

Still doing a heavy volume in drinks served with meals, Sammy became a Christian last year and felt led to discontinue serving alcohol altogether. In dropping the liquor trade, he sacrificed all but a fraction of his original business. He now needs the patronage of sincere, devoted Christians in the Dallas area to help him restore his business and survive financially.

He says his restaurant isn't full like it used to be on weekdays, and his prices have been lowered twice, but he doesn't miss the days when Bob Hope, Frank Sinatra, Jr., and oather high-profile personalities would frequent his club.

He receives several invitations each month to speak to churches and business men's groups around the country.

He and his wife and three daughters attend the Beverly Hills Baptist Church. Anyone wishing to attend the meeting is cordially invited to do so. You do not have to be a member of the chapter to attend.

# Story Of Woody Guthrie Of Pampa Told In Film

The story of Oklahoma-born Woody Guthrie, who left his impoverished Texas farm near Pampa for presumably greener pasture in California, that promised land for thousands of other Okies, is told in an exciting new motion picture now showing at the Lyric Theater in Spearman.

Guthrie became the voice of forgotten American by writing and singing such songs of hope as "This Land is Your Land" and "There's A Better Time A'Coming" and his story is told in the film starring David Carradine.

The struggle for survival is not new in America. The most spectacular recent time was, of course, some 45 years ago when the American way of life ran smack into the Dust Bowl, the Wall Street Crash and the Depression.

It was then that Guthrie moved west to California.

Like Guthrie's songs, the motion picture is described as an expression of hope and promise.

Guthrie offered no 'pie in the sky' but a more basdic, more immediately comprehensible, theme. If we work together, he said, we can make a better world.

People listened and learned.

We have, today, such amelliatives as medicare, welfare, social security, unemployment insurance, pension plans. We have powerful unions and giant corporations. We have many things completely unknown to those who sought survival in the Depression and, surviving, fought for economic cushions so that they and their children would never again face disaster.

It has not been enough. Our way of life continues to hurt individuals and families, young and old, all races and colors. Some, sooner than others. Some, worse than others.

More must be done.

It is to this that "Bound for Glory," we think, is dedicated.

Woody Guthrie believed in America and the American people. "This Train Is Bound For Glory," he sang, and we whole-heartedly agree.

American has only temporarily been disrailed.

**The word "cattle" comes from the Latin *capitale* meaning wealth or property. At one time it meant all domestic animals. Now it is used only for bovines.**

PIONEER BRAND 3780 3305

**STAGGERED MATURITY MAKES SENSE**

STAGGERED MATURITY is making sense to a lot of corn farmers in this area. They have already bought more of Pioneer Hi-Bred's staggered maturity varieties than ever before . . . by almost 100%. They will be planting three hybrids with different maturities, a short season, a medium maturity and a later maturity. Here's why it makes so much sense:

1. **Provides insurance against weather and disease.**
2. **Spreads critical irrigation times.**
3. **Allows you to harvest each at optimum times.**
4. **Uses equipment and labor more efficiently.**

On the basis of performance data gathered over several years, our agronomists have selected three hybrids for each area. The selection takes into account soil types, weather patterns, the prevalent cultural practices, water availability and disease and insect problems by area. We are recommending these three hybrids for this area:

PIONEER 3780

**A SHORT SEASON PROFIT PRODUCER**

3780 is a short-season variety that really proved itself in 1976. It is approximately 14 days earlier than 3369A, but doesn't concede profit for its earliness. It may yield a little less than the later hybrids, but costs less to grow.

PIONEER 3369A

**THE MOST FAMOUS MEDIUM MATURITY**

3369A is a medium-maturity corn that has been setting yield records around the Southwest for a number of years. It is planted on more acres than any other hybrid, and with good reason . . . profits in good years and bad.

PIONEER 3305

**LATER MATURITY FOR RECORD YIELDS**

3305 makes use of our long growing season to produce more corn. It will normally harvest five days later than 3369A. It is a tall hybrid with the ability to stand well. Its upright leaves make for easy combining.

**SUBSTITUTING**

Under certain circumstances it may be necessary or desirable to make substitutions for these hybrids.

PIONEER 3306

In fields in which head smut has been observed, for instance, it is recommended that Pioneer brand 3306 be substituted for 3369A. It has the same maturity and many of the other characteristics of 3369A and additionally offers strong resistance to head smut. Like 3369A, it has demonstrated its ability to yield well under the wide variety of weather conditions this area experiences. 3306 is especially well adapted to sandy soils.

PIONEER 3195

If a substitute for 3305 is required, Pioneer brand 3195 is recommended. This hybrid has record-breaking yield potential on good land and high fertility at medium plant population. Like 3305, it can use our long growing season to increase yield and bushel weight. Roots, stalks, and stay-green characteristics allow it to stand in the field until the combine gets there.

Since 3780 is a near perfect hybrid for the STAGGERED MATURITY program, has at least moderate resistance to most of the diseases that attack corn in this area and is in good supply, it is not anticipated that a substitute for this hybrid will be required.

Your Pioneer seed dealer can still order these hybrids, but talk to him soon. He will give you a free booklet describing recommended planting times, relative silking, maturity and harvesting dates. The STAGGERED MATURITY corn growing program is aimed at giving you the most profit possible from your land in 1977 whether it turns out to be a good year or bad.

## WTSU Alumni Reception Set

WTSU--West Texas State University and Borden, Inc. will join together for a "Family of Champions" WTSU alumni reception after the final WTSU basketball game of the season against Bradley February 19 in the Amarillo Civic Center.

All WTSU alumni and friends are invited to attend the reception, which will be in the auditorium lobby area, according to Jim Edd Wines, executive director of the WT Alumni Association.

"We cooked this up mainly as kind of pep rally," Wines said.

Borden will supply the refreshments, and WTSU's new football coach, Bill Yung, will be on hand along with representatives from the Alumni Association and from Borden.

Information about WT's Alumni Association will also be available at that time.

The Alumni Association assisted local boosters in the recent successful telethon to collect funds for WT athletics.

The $120,000 collected in the 18-hour session insured the $308,000 needed to keep WT athletics at the current level.

"I think that the telethon was the greatest thing that ever happened," Wines said. "It was something that was needed and it came at the right time."

Wines' responsibility was to organize groups in area towns to assist on the local level in the fund-raising, a practice he hopes to continue for the Alumni Association.

"The main thing we are going to try to do is set up active alumni chapters in area towns," he said.

"If we had strong alumni groups we could prevent things like football from happening."

# Conservation District Meeting Held

Temple--A. L. Black, chairman of the Texas Water Development Board and George McCleskey, also a member of TWDB, will present a program on High Plains water at the Panhandle Association of Soil and Water Conservation Districts meeting February 23, in Friona, Texas.

Don Rader, president of the association, said that registration will be from 11-11:45 a.m. at the Community Center. The meeting will follow the luncheon.

Black, who is master of ceremonies, is a former director and past president of the Association of Texas Soil and Water Conservation Districts. He also helped organize and was a director of the Parmer County Soil and Water Conservation District for 32 years.

McCleskey will speak on the topic of "Irrigation Water on the High Plains".

Frank Gray, member of the Texas State Soil and Water Conservation Board is expected to report on recent activities of the state agency. Kenneth Kuykendall, president of the Association of Texas Soil and Water Conservation Districts will brief the group on current activities of the state association.

New officers for the Panhandle Association will also be elected at the meeting.

Twenty-five soil and water conservation districts are members of the Panhandle Association. They include: Hall-Childress, Tule Creek, Gray County, Cap Rock, Donley County, Dallam, Salt Fork, Lipscomb, Running Water, Moore County, Hemphill County, Parmer County, Wheeler County, Ochiltree, Tierra Blanca, Roberts, Hutchinson, Palo Duro, Hansford, Hartley, Oldham County, Staked Plains, McClellan Creek, Sherman County, and Canadian River Soil and Water Conservation Districts.

Current officers of the association are Don Rader, president, Canadian; James Bible, vice president, Wayside; and Frank Buzzard, secretary, Perryton.

## *Protecting Our Environment*

**Solution To A Fishy Problem**

If it weren't for a hardworking group of concerned researchers, our Great Lakes might be just that. Nothing but water. No fish.

In the 1950s a blood sucker from the sea, the lamprey, invaded the Great Lakes region in great numbers killing trout in epidemic proportions. The lamprey, an eel-like monster that looks like the short length of a black garden hose, would latch onto the side of the fish and literally suck the life out of it. If trout become scarce, the lamprey preys on other fish.

ECOLOGICAL SOLUTION--A new compound effectively attacks fish-killing lamprey, but does not harm other fish, animal or plant life.

## United Presbyterian Church News

There is a Sunday Church Class for every age group with a well prepared Bible lesson every Sunday morning at 9:45 a.m.

"Realizing the Importance of a Task Assigned" will be the subject of Pastor Ed Freeman's children's sermon and "Our Lord" will be the subject of his adult sermon at the service for the public worship of God on Sunday, February 20, at 11:00 a.m.

There will be a family covered-dish dinner following the morning church worship service on Sunday, February 20, to honor Chester and Diane Martin.

Ash Wednesday, February 23, is the beginning of the Lenten season. Each Wednesday night in Lenten there will be a Lenten service at 7:30 p.m. Pastor Freeman will speak on "The Meaning of One's Faith".

The Session will meet on Wednesday, February 23, following the Lenten service.

If you are without a church home, you will find a warm, friendly, loving, Christian welcome in the fellowship of the First Presbyterian Church.

---

Mr. and Mrs. Bill Kenyon from Portales, New Mexico, daughter of Mrs. Fred Brandt, will be taking her to help her sister, Mrs. Mamie McCorkle, celebrate her 100th birthday in Tyler, Texas, the latter part of the week.

Assistant Fire Chief Ronnie Antalek, standing, presents a check for $5 to Clay Messer, seated, for submitting the name for the Spearman Volunteer Fire Department's new mascot, Flame. Dalmations have been traditional mascots of fire departments ever since the days of horse-drawn equipment. Kindergarten children in Spearman had a contest to name the mascot and Messer's was the one selected. At a date in the near future, Flame will have her permanent home at the firestation.

# SVFD Has New Mascot

Spearman Volunteer Fire Department has a mascot, a young Dalmatian named Flame. And behind the acquisition of the mascot and selection of a name for her is some human interest.

Kindergarten classes in Spearman were to choose a name for the dog and the one selected was turned in by Clay Messer, son of Hansford County Sheriff's Chief Deputy and Mrs. Tom Messer.

Flame made herself at home with the SVFD about three months ago -- ever since she came wandering up to the fire truck out east of Spearman where the department had been called to standby while wreckage from an overturned tractor and semi-trailer was being cleared up.

She had no identification and her tail was bobbed. But she was friendly and seemed to make herself at home with the SVFD members. They brought her back to Spearman, and had her checked over by a local veterinarian and then made her at home in the firestation.

Some complications arose. Work on the city facilities back of the firestation apparently resulted in an eye infection. This was treated and then a schedule of placement in homes in Spearman until the work was completed was implemented.

While Flame was getting acquainted with the firestation and her new home, kindergarten classes were making tours of City Hall and adjacent facilities, noticed the animal and since she had not been named, members of the classes were given the opportunity to select the name for the mascot.

Young Messer came up with the winning one after all the votes had been counted to pick the name.

When work adjacent to the firestation has been completed, plans are to bring Flame to the firestation and turn her loose again, replete with a doghouse in the yard at the rear of the firestation.

Dalmatians as mascots for firemen are not unusual, they seem to be as much a part of the department in many cities as the equipment which rolls out of the station in response to an alarm.

Dalmations around fire houses dates back to the time when hitches of horses were the motive power for the fire equipment. The dog or dogs functioned as an escort and guard for the horses and the horsedrawn vehicles. The Dalmation is also known as the English coach dog or the firehouse dog and is generally even-tempered and gentle.

**JO NELL COMEGYS**

Finally, after watching and hoping for a long time, here comes our height. Although 5'11" is not exceptionally tall by today's standards for basketball players, it does seem taller for us. It is a true pleasure to see a guard blocking shots --when she's on our team anyway. This is the specialty of Jo Nell Comegys, our red-haired post guard. Not many things are more exciting than seeing a guard play good defense and then block a shot. Of course, blocking shots is not the only thing that Jo Nell does--she is a sophomore who is her height and she has worked very hard to become a good player and now it starts to pay dividends.

Jo Nell is rather quiet by nature and yet lacks a bit in aggressiveness on the court, but she will be causing a lot of noise in the old gym when the Lynxettes play. The cry from the student section when she goes up to block a shot is a very rousing "EAT, EAT".

Jo Nell is the daughter of Mrs. Charles Perry, and has made her mark in other things besides basketball. She ran in the regional track meet last year; she is a very talented soprano in the high school choir. Whether the noises she makes are in concert or on the court, they are joyous to hear. Mr. Angel likes to hear 'high C'; Coach Newton likes to hear 'EAT'.

**TAMMY ROBERTSON**

No place for short people in the game of basketball--"bah, humbug" and this young lady will prove that old misnomer to be "hogwash". There might not be always a place for people who are just short in the game, but there will always be a place for a Tammy Robertson on our team. When you talk about 'heart', you are really talking about this 5'3" Lynxette guard. Although up to now she has only played a reserve roll on the team, her value to the team is immeasurable. She spells the starters, she guards tough forwards in special situations, she keeps the chatter up, she encourages the other players, she gives her all. If she never played a minute, she would be a tremendous asset to the team because of her devotion to the team and the way she puts forth her one hundred percent in each workout.

Tammy is one of those kinds of players who makes things happen when she's on the floor. She is very alert and aggressive, mentally tough and very adept at handling the ball.

After spending the last two seasons on the 'B' team, look for the daughter of Mr. and Mrs. Reg Robertson to become a valuable player on the Lynxette squad for her junior and senior years.

When it comes to basketball, Tammy can "carry the mail".

**Carla Harper**

This senior at S.H.S. is an outstanding basketball player. The daughter of Mr. and Mrs. Caroll Harper has proven in her career already that she can play with the "best of them." Having already captured all-district honors in two previous years, she looks forward to many more honors this season.— Carla stands just a shade over 5'7" but plays much taller in the games. She averaged around twenty-one points per game last year and led the team in free throws and offensive rebounds. She is an excellent defensive player and one who makes things happen because of her quickness and tenacity. She will be the floor leader for the Lynx-ettes this year and with her love for the game, her loyalty, her intelligence, her desire to excell, and her willingness to work should lead the team to many victories this season.

Carla not only is an outstanding basketball player but has been twice medalist at the regional U.I.L. golf meets. She also qualified for the regional meet in the hurdles in her first attempt at track last year.

**Debbie Greene**

Only a sophomore and has already been selected all-district basketball player and qualified to the state track meet. What is left for her to accomplish? Probably many more honors will be hers before her high school days have passed. Debbie is the daughter of Mr. and Mrs. Jimmie Greene. She is 5'8½" tall with great jumping ability and good quickness which enabled her to be the leading rebounder on the Lynx-ette team last season even though she didn't break into the starting line-up until after the Christmas holidays.

Debbie's physical ability, her willingness to work, her desire to excell and her ability to take coaching will someday cause us to almost forget some of the greats who have played at S.H.S.

Besides basketball interests, Debbie is a terrific track girl--state qualifier in the long jump, a member of the high school choir and a talented piano player. Watch for great things from Debbie Greene.

**Carrie Clark**

Short and fiery--two terms which may well describe this Lynxette player. Only 5'3½" tall is Carrie Clark, but she is much bigger than this at heart. After having spent her first two high school years on the Lynxette 'B' team, Carrie has become an integral part of the Lynxette varsity basketball team.

Carrie is one of the several members of this team who can play both forward and guard. She has played forward through her preparatory years, but because she has worked so diligently to improve her overall game, she has become a very good guard who can advance the ball very skillfully which is an absolute essential.

Carrie is an extremely unselfish basketball player. In fact, if she has a fault as a forward, it would be that she does not shoot often enough. This young lady, the daughter of Mr. and Mrs. Albert Clark, is a pleasure to watch as she gives her all as she strives for every Lynxette victory.

As are most Lynxettes, Carrie's efforts are not all toward basketball. She is a member of the National Honor Society, is a twirler in the S.H.S. Band and in the Drama Club.

**When we talk about the three D's - Determination , Desire, and Devotion - or when we mention one hundred per centers we must remember Beth Ann Flowers. She is a living example of those qualities. Beth Ann has spent the season in the shuttle position playing "B" team and doubling back to play varsity when necessary or when possible. She has gained valuable experience playing "B" team and has been an integral part of a very successful season for the "B" team. Standing 5'8" tall Beth Ann has become a good post guard but she can also guard an outside player as well. She is the leading rebounder on the "B" team and she always has the assignment of guarding the opposing team's best forward. the daughter of Mr. and Mrs. Roy Flowers is about ready to step up to the varsity and show what the 3-D's and 100 percent really mean. Beth Ann is also a member of the Fellowship of Christian athletes and the tennis squad. A great attitude and only a sophomore make the future bright for this young basketball player.**

Lori McAdams

One of the stand-out Lynxette guards this season is Lori McAdams. Lori is 5'3" tall, quite short for this game for tall people, but she does not give one quarter because of her shortness. Lori is a real "hustle bug". Someone has said that she reminds them of a water bug, the way she darts here and there on the court. She is often outsized but is yet to be out-hustled or out-worked. This is the guard who draws the assignment of guarding the opposition's best outside player.

Lori's specialty is ball handling, getting the ball to our forwards. She is very dependable when given the ball to advance, seldom does she lose the ball to the opposition.

This junior has earned two letters on the varsity team and has this year become a regular starter for the first time. Her stardom is yet ahead of her.

She is the daughter of Mr. and Mrs. Sid McAdams and is a member of the S.H.S. varsity tennis team, having qualified for the regional tournament last year.

We're extremely proud of this young lady.

Denise Ware

Another of the parade of Junior Lynxettes is Denise Ware, a 5'8" utility player. She is a very unselfish, dedicated worker who is always eager to get into the game whatever the situation or whatever the assignment, whether it be as a guard or a forward.

Denise has earned one letter as a Lynxette and gained some valuable experience at forward last year, but has made a strong adjustment when called upon to play guard most of the time this season.

Denise is a young lady who possesses good height, very good quickness, good jumping ability and can play both inside and outside on either end of the court.

She is the daughter of Mr. and Mrs. Wayne Ware. She is a member of the S.H.S. Choir and has been chosen to the all-region choir this year. Denise has made her mark already in track, as she ran on the regional qualifying 880 yard relay team last spring.

This young lady will make an outstanding contribution this basketball season.

Cindy Gressett

When opposing teams line up to play the Lynxettes this season, each one will be aware of the presence of a 5'9" junior guard named Cindy Gressett. Here is a living example of dedication and fortitude. Last year at the beginning, Cindy fell victim to the old athlete nemesis--a serious knee injury, which required surgery. She missed all of last year's basketball season and still has not fully regained full use of that knee, but because of her love for the game and her desire to contribute, she has worked herself into condition and into a starting role. Cindy is a fine defensive player who specializes in rebounding. She uses her height well and with her aggressiveness, adds a tremendous ingredient to the successful endeavor of the squad.

Cindy's love for the game is exemplified in the fact that she devotes some of her time to helping in the seventh grade basketball program.

This Lynxette junior earned a varsity letter in her freshman year and Mr. and Mrs. Ray Gressett's daughter is sure to be a standout player for the next two years.

CONNIE VERNON

"The Blonde Bomber" is a tag that Connie Vernon has acquired this year as she has played on the Lynxette "B" team. This name has been attached because of the long bombs she puts up and in the basket during those games. Although she is not blessed with great quickness or height - only 5'5" - she has established herself as one who can shoot the basketball in the basket. As is characteristic of the players who are members of the girls basketball teams at S.H.S., Connie has worked and is currently working very hard to improve her skills on the court. Her off-season work over the past year has made her into the shooter she is and has made her a top prospect. Connie is another who plays "B" games and doubles over to be available for varsity games all season. A sophomore who loves the game and loves her teammates makes a pleasant situation and pleasant thoughts of future year. Connie's parents are Mr. and Mrs. J. P. Vernon. She is also a member of the high school tennis squad and of the Fellowship of Christian Athletes.

TRACI E KEETCH

"The most promising post forward prospect in four years" is the way some have described Tracie Keetch a 5'9" sophomore on the Lynxettes team. When the gym doors open for practice or a game one can probably find the friendly face of Tracie. She spends much of her time playing or watching basketball. A hard-working dedicated girl she is. One who loves her teammates and the game of basketball, as does Tracie, will most certainly be a success at the game and will play an important role in the success of the team. Tracie possesses a very good jump shot from close range and is now working on a hook shot which will make her much more effective when she gets the ball in close to the basket. Tracie is the daughter of Mrs. Joyce Frost and is a member of the Fellowship of Christian Athletes, and the Future Teachers of America. With a little experience and some time she is destined to become an excellent post forward on the Lynxettes' team.

"Thump, thump" that's the sound that's heard over in the neighborhood west of the high school most summer days and other days when school is out and the weather is decent. It may be someone kicking footballs out on the field, but more likely it is Christy Collier on her driveway with a basketball. Christy is that sophomore left hander who plays forward on the Lynxettes' team. Up from last year's B team Christy has become a quick success and an integral part of the success of this year's Lynxette team. She is a deadly shot from the fifteen foot range-shooting 51 percent thus far this season from the floor. Her free throw percentage is a phenominal 79 percent. In addition to her shooting skills Christy is steadily improving in all other phases of the game. Christy is a very conscientious worker with a great attitude and a tremendous love for the game. In addition to basketball her other endeavors include National Honor Society, Fellowship of Christian Athletes, SHS Cheerleader.

Her parents are Mr. & Mrs. Bob Collier who will have many occasions to be proud of their daughter's basketball accomplishments.

# Microbiology Leads To Store Managing

DAVID HUNTSMAN

A 25-year-old college graduate with a degree in microbiology is becoming adapted to a world of hardware, housewares, clothing, sutomobile accessories, lawn and garden supplies and all the other lines of merchandise stocked and sold in the TG&Y outlet at 521 State Highway 207 South in Spearman.

He is David Huntsman, a native of Lubbock and 1970 graduate of Texas Tech University.

He is the assistant manager of the store in Spearman, moving here from the firm's outlet in Woodward, Okla. He became interested in his current vocation through work in college when he was employed by two retail chains, one handling general merchandise and the other an outlet for a convenience store organization.

Huntsman moved to Woodward in the fall of 1975.

He is a career employee, mentioning that he likes company personnel: "They are good people to work with."

At this point in his career he looks forward to becoming a manager of a store for TG&Y sometime in the future.

Married, he and his wife, Bessie, have a 4-month-old son and are now making their home in Spearman. They are members of the Baptist Church.

He is the son of Mr. and Mrs. Leland Huntsman who still live in Lubbock. His wife is the daughter of Mr. and Mrs. Clyde Adams, also of Lubbock.

Huntsman and his wife met while he was the assistant manager of a movie theater and she worked there.

In addition to his work and church activities, Huntsman considers water skiing and audio equipment as his two areas for hobby activities.

LETTR to JAMES C. - GO LYNXETTES

Dear Superintendent:

As chairman of Region I District, Conference A or AA, for girls basketball, please note the information enclosed and relay the same to your district winner.

**ALL DISTRICT WINNERS MUST BE CERTIFIED TO THIS OFFICE AS SOON AS THEY ARE DETERMINED. PLEASE EMPHASIZE THIS TO YOUR DISTRICT CHAMPIONS.**

As announced from state headquarters, the Region I basketball tournament for girls, both Conference A and AA, will be held in the Lubbock Municipal Coliseum on Friday and Saturday, February 18th and 19th, 1977.

The respective winners of the bi-district playoffs must be certified to the Region Headquarters for the tournament. This means there will be four (4) teams from each of the conferences eligible for the tournament.

A committee appointed by the tournament co-chairman has drawn pairings (copy of bracket enclose). **this bracket states the day and the starting time for each game.** Officials for the tournament, referee, umpire, timekeeper, scorer, will be appointed by our committee from the best available.

Prices for each session of the tournament will be $1.00 (one dollar) for all school students and those identified as employees of the schools, and $2.00 (two dollars) for all others. There will be no complimentary tickets and all money remaining after expenses will be pro-rated to schools as per interscholastic league rules.

Please notify your district winners to make their own arrangements for hotel or motel accommodations.

**PLEASE ARRANGE FOR YOUR BI-DISTRICT WINNER TO NOTIFY US IMMEDIATELY FOLLOWING THE GAME. DEADLINE IS FEBRUARY 15, 1977. TELEPHONE [806] 742-3363.**

Sincerely yours,
**Susie Lynch**
**Tournament Director**

Letter continues at top of this page---------

A camel has three eyelids, World Book Encyclopedia reports. Two outer lids with long, curly lashes which keep sand from blowing into the animal's eyes, and a thin inner lid which blinks to dust off the eyeball.

LYNXETTES

We welcome you and your team to Lubbock, and if there is anything that we can do to make your stay more enjoyable, do not hesitate to let us know.

1. **WE SINCERELY REGRET THAT WORKOUT FACILITIES ARE NOT AVAILABLE EITHER ON THE TEXAS TECH UNIVERSITY CAMPUS OR AT THE LUBBOCK MUNICIPAL COLISEUM.** This year our gymnasiums are completely scheduled for organized student activity and/or instruction classes and it simply is not possible to accommodate anyone for pre-tournament workouts.

2. The clock in the Coliseum will be considered the official tournament time and all games will begin according to schedule.

3. No player will be permitted to begin a series with jerseys whose numbers are not on the program, unless advance arrangements have been made with the official scorer and the tournament manager. Players should not wear metal clips in their hair, rings, bracelets, or the like. **EACH TEAM SHOULD BRING THEIR OWN PRACTICE BALLS.**

4. The team listed on the top of each game will be considered the home team and will wear white jerseys. The team listed on the bottom will be the visiting team and will wear dark colors. Please observe this procedure, as it will be enforced rigidly. The "Home" team will sit on the north side of the official's table and the "Visiting" team will sit on the south side of the official's table.

5. A place will be reserved at each end of the scoring table for the participating teams. This arrangement is made for you convenience of the game officials, scorer, and coach. Throughout the tournament only players, coaches, and officials will be permitted on the gym floor. Please inform your local followers of this rule.

6. Teams will dress in those rooms as designated by a sign on the door with their town or school name. please do not lock dressing rooms. have a manager secure all valuable for your team.

7. If you know that you game is to be broadcast for you by one of your local radio stations or if they contact you about this, please advise them that no broadcast will be permitted unless that station signs a contract granting permission to broadcast by the University Interscholastic League. These contracts are available through the tournament directors. We repeat, no broadcast whatsoever will be permitted without signed contracts.

8. Please note that school bands cannot play at the Regional Tournament.

9. "Home" team fans are encouraged to sit on the west side and "Visiting" team fans are encouraged to sit on the east side. If cheerleaders are to be present, they should confer with the tournament director regarding policies related to their official behavior and floor area location. **NO SIGNS ARE TO BE POSTED WITHOUT PERMISSION.**

If you follow these instructions, it will help us to make the tournament run smoother. Please do not hesitate to make any suggestions you have to the Tournament Director.

# Booker Bank Notes To Entertain

The Booker Bank Notes, a 42 voiced mixed ensemble sponsored by First Bank & Trust Co., Booker, Texas, will be the featured entertainment at the annual Spearman Chamber of Commerce banquet to be held in Spearman on Saturday, February 26th, beginning at 7:30 p.m.

This is the second time the Bank Notes have provided the entertainment for the Chamber of Commerce, and it will be the fourth time they appeared in Spearman since they were organized nearly 8 years ago. During 1976, they made appearances in 5 states and performed before more than 6,000 people.

The Bank Notes are composed primarily of officers, directors, employees and members of their families of First Bank & Trust Co. Booker, Texas. Featured soloist include Sharon Garrison, Tommy Simmons, Rick Myler, Jimmy Smith, Daryl Pitts, Tricia Gossett and Toni Good.

The singers are under the direction of Cloys Webb, a 22 year veteran of Texas Choral Music, and presently serving as coordinator of music at Perryton High School. Accompanist is Mrs. Jean Robinson, a former member of the Booker School faculty. Daryl Pitts, Senior Vice President and Commercial Loan Officers for the bank alternates with Rick Myler in playing the base guitar. Keith Good, Senior Vice President and Trust Officer handles the percussion. The program at Spearman will include a variety of Popular music and a special Country and Western section.

Tickets are now on sale at the Chamber of Commerce Office or they are available from any Board of Director of the Chamber for $6.50 each.

# Local Heart Disease Rate Compared

New York, Feb. 7 - Is the mortality from heart disease on the decline in Hansford County? How big a hazard does it continue to be, locally and in other areas of the country?

Special interest centers on the disease at this time because February has been designated National Heart Month and because of recent reports, by the National Center for Health Statistics and others, that a reduction in the heart toll has finally been recorded.

The number of deaths in the United States from heart disease, the general term that includes strokes and other ailments of the cardiovascular system, has dropped to less than one million a year, the figures for the last two years show. The mortality is now down to 979,000.

The reduction is attributed chiefly to the development of improved methods of diagnosing and treating the disease and to new surgical procedures, dietary controls and a cutback in cigarette smoking among older people.

In Hansford County, heart disease is responsible for some 43.9 percent of the total mortality, based upon an average of the last three annual reports made by the U. S. Public Health Service.

Elsewhere throughout the United States, by way of comparison, it accounts for 51.4 percent of the total. It amounts to 49.4 percent in the State of Texas.

Despite the gains that have been made, however, heart disease remains the biggest threat to human life, causing more than one-half of all deaths in this country.

In Hansford County's area, where the official reports show the average annual mortality from heart disease, cancer, accidents and all other causes at 57 a year over the three-year period, some 25 are attributed to heart disease. Not included are deaths locally of non-residents.

The nation's economic loss resulting from heart disease comes to approximately $23 billion a year, according to an estimate made by the Health Insurance Institute. This includes medical expenses, loss of income, reduced production and the like.

The cost in Hansford County, on that basis, related to the incidence of heart disease locally, is about $587,000 a year.

# Girl Scout News

Junior Troop #65 met Thursday, February 10 at the Girl Scout House.

The girls made red-heart sachets for their mothers on Valentine's Day.

Valentine Candy and cokes were served by Christie Black and Stephanie Hayes to Anne Barnes, Lee Barnes, Jeanne Laird, Kelly Groves, Joanna Jarvis; leader, Mrs. Tom Jarvis.

They have been taking orders for Girl Scout Cookies and made plans for the Open House on March 12.

After playing games outside, Jeanne Laird and Anne Barnes had a puppet show with their 'looney birds'.

The next meeting will be February 17.

## IRS News

Dallas, Texas--Taxpayers who have not received a W-2, "Wage and Tax Statement", from each of their employers by January 31, 1977, should contact the employers immediately.

Employers are required to supply the forms to all employees from whom they have withheld Federal income and Social Security taxes. Taxpayers must attach the Forms W-2 to the 1040 or 1040A individual income tax returns that they file.

If employers have not provided the missing W-2 forms within a reasonable period of time from the date the taxpayers contacted them, the taxpayers should then call the IRS for assistance.

Although some of their employers may not have supplied W-2 forms, taxpayers must still file their tax returns on time. Taxpayers who do not have all their W-2 forms should report all of their income and attach a statement explaining how they figured any tax withheld for which they claim credit, but for which they have no Form W-2.

## Available

The 1977 Texas license plate sticker is now being issued at the office of the Hanford County Tax Assessor-Collector and at this midpoint in February, Mrs. Helen Dry, tax assessor-collector, requested that purchasers of the current sticker come in as soon as possible in order to avoid a possible delay between now and midnight April 1 when the sticker must be on the license plate in the upper righthand corner of the rear plate.

Her office in the courthouse in Spearman is open from 8:30 a.m. to 5 p.m. Monday through Friday.

In addition to the office hours in Spearman, she announced that on February 22-23 the stickers will also be sold by representatives of her office who will be in the LaCasita Room of the Gruver State Bank from 8:30 a.m. to 4:30 p.m. both days.

## Public Invited To Valentine Dance

**The Spearman Spinners will host a Valentine's Dance the 17th of February. It will be at the County Barn at 8:00 P.M.**

**Representing the Club as Valentine Sweetheart is Mrs. Adela Lopez.**

**Mr. Phil Nolman from Phillips will be the guest caller at this gala event.**

**Everyone is cordially invited to come and participate or watch the fun evening. Come one, come all!**
