## Dave Beck Acquired By Federal Jury

NEW YORK (AP)—Dave Beck, the former laundry truck driver who was a millionaire by the time he stepped out as head of the Teamsters Union, was another court fight Thursday night.

A federal court jury acquitted him of charges that he illegally borrowed \$200,000 from trucking concerns. Acquired also were the two trucking executives and three corporations charged with him as a result of the 1954 transaction.

But prison still awaits the 68-year-old former labor leader who preceded James R. Hoffa as boss of the vast Teamsters organization. Beck was temporarily released from a federal prison near Seattle to stand trial here.

The jury, seven men and five women, had tried to report itself deadlocked in considering the loan case. U.S. Dist. Judge Willard Feinberg sent them back into deliberation, and 45 minutes later the acquittals were announced.

A scattering of applause followed the announcement. Scores of Beck's relatives and friends had waited in the courtroom through the afternoon and early evening hours that the jury debated the case after a trial which began Oct. 1.

Acquitted with Beck were Roy Fruehauf of Birmingham, Mich., and the firm he formerly headed, Fruehauf Trailer Co. of Detroit; Burge Seymour of Washington, Conn., and the company he heads, Associated Transport, Inc. of New York; and the Brown Equipment and Manufacturing Co., a subsidiary of Associated Transport.

The government contended that the loan in 1954 violated Taft-Hartley Act restrictions on relationships between union representatives and management. Two years ago a federal judge dismissed the charges, but the Justice Department appealed to the Supreme Court.

Last June 19, three days after his birthday, Beck entered prison to serve five years for filing a false income tax return for the year.

He was brought here from McNeil Island Federal Prison in Washington state to stand trial for the loan charges—a transaction which the defense contended was a legitimate business deal, repaid in full.

## Pledge Paid To Widow

CHATTANOOGA, Tenn. (AP)—When Pelham F. Davenport Jr. died last May, the Negro porter at the State Highway Patrol Station in Chattanooga left little in the way of worldly goods to his wife, Minnie.

Recently, when a state trooper died, a notice went out to all patrol divisions. The notice was a reminder that the trooper was a member of about 600 safety department employees who signed a voluntary pledge in 1954 to give \$10 to the beneficiary of any employee who died.

That notice jogged memories. Chattanooga troopers recalled that Davenport, too, had made such a pledge.

Capt. P. D. Garland notified proper authorities and 397 employees paid into the fund. A certified check for \$5,970 was sent to Garland Thursday, and he delivered it to Davenport's surprised widow.

## City Police Kept Busy In October

The monthly report of the Snyder police department shows that fines in the amount of \$4,240.50 were assessed during the month of October. Of this total, \$1,147 was assessed for violations other than traffic.

A credit of \$42 was allowed for time spent in jail on the non-traffic cases. The balance of all other fines was collected in cash.

The police department investigated 27 wrecks during the month. In these there were one fatality and two personal injury accidents.

During the month a total of 649 citations were issued by the department, including 480 for over-parking. Three cases of DWI, one burglary, and one carrying of prohibited weapon were transferred to county authorities for prosecution.

Patrol units of the department covered a total of 22,411 miles during October.

## Firing Rapped By Baptist Educator

FORT WORTH (AP)—A religious educational leader has aired his distaste for the recent firing of Dr. Ralph Elliot, theological professor who wrote the controversial book "The Message of Genesis."

Dr. William Crook, president of San Marcos Baptist Academy, said he deeply regretted the firing and labeled the dismissal a "censorship" and "muzzling."

Dr. Crook was here to speak at one of the final sessions of the Baptist General Convention of Texas, which concluded its meeting Thursday night.

"One of the great distinctions of Baptists is their right to disagree," Dr. Crook said. "And this right has been somewhat lost, I believe, by the firing of Elliot."

Trustees of Mid-Western Baptist Theological Seminary in Kansas City dismissed Dr. Elliot when he refused to voluntarily sign a statement disavowing his book. The convention accepted a \$5 million gift, a 200-bed hospital

## World Disarmament Is Big Casualty Of Cuban Crisis

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—One of truly big casualties of the Cuban crisis is world disarmament, unless the Soviets cave in on this, too.

The United States has always argued that before there could be an disarmament there must be international inspection to prevent cheating.

The Soviet Union has rejected inspection. This, it said, was just a form of spying.

The result has been more and more armaments on both sides. But the Russians lied about the missiles they were setting up in Cuba. They insisted up to the last that they were just giving Fidel Castro defensive weapons.

Then when President Kennedy forced a showdown—with photographs of the missile bases in Cuba and a demand they be removed—Premier Khrushchev no longer pretended the weapons in Cuba were just defensive.

He backed down and agreed to remove them. This therefore has a direct bearing on any future American-Soviet talks about disarmament because of the obvious question: How could the Russians ever be believed—if they agreed to destroy some of their weapons—unless there was a fool-proof inspection system to make sure they weren't lying again?

If now the Russians keep their word and remove the missiles from Cuba this will still be no reason for the United States to take their uncheated word on disarmament in the future.

The Russians performed in Cuba, American public opinion probably would prevent any president from making an American-Soviet disarmament agreement without inspection.

Khrushchev agreed to some kind of U.N. inspection of the missile removal although he never

spelled out how, either on the spot as it happened or afterwards when the inspectors could be shown empty bases but not missiles.

Thursday night Castro announced he wouldn't permit any U.N. inspection at all. This, intentionally or not, enables Khrushchev to avoid the inspection he agreed to if there's no change in the situation.

The Soviet lies about the missile buildup in Cuba will come back to haunt them if in the future they were to seriously want disarmament but balk at inspection.

It's questionable either side so far has ever truly wanted disarmament, despite all their talks. And, for some time to come, probably neither side will want it.

The 17 years since World War II have been a period of frantic development of both nuclear weapons and long-range missiles

which, in the possession of either side, would be the best insurance against attack, as Cuba proved. But until recently the United States and Russia had pretty much of a monopoly in this field of fantastic weaponry. The monopoly is sure to end and is ending now. France has been building its own atomic force.

Red China in time will do the same. So may others, like West Germany, although that may seem unthinkable at this moment. Even if the United States and Russia agreed on disarmament, it would be ridiculous without agreement by Red China. And, unless Red China was part of such an agreement, the United States and Russia could hardly dare disarm.

The problem with an American-Soviet agreement to ban nuclear tests is not quite the same as getting rid of weapons. Both sides, through refined detecting devices, might be able to check tests without on-the-spot inspection.

Mrs. Del Fra, holding her daughter in her arms, told newsmen the doctor did all he could do and that it was now a matter of waiting to learn whether Clorida's eyesight will improve.

# WOMEN

The Snyder (Texas) Daily News, Fri., Nov. 2, 1962 3

## 20th Century Club Hears Talk By Col. Spence

The Twentieth Century Study Club held their regular meeting Tuesday at 3 p.m. at the Martha Ann Woman's Club.

Mrs. John Hamblen, president, conducted a short business meeting before the guest speaker and his assistant were introduced. She announced that the Mesquite District was encouraging all clubs to make a special effort to support the Care program this year. A letter from the Heart Association was read to the group, stating that the Association would be happy to present a program for the Study Club sometime during the year.

The next meeting will be Nov. 13, at 7 p.m. when a Thanksgiving family night is planned. All members are to bring their cash gifts for the Big Spring State Hospital, and also their cookies for the Veterans Hospital at Big Spring.

Mrs. Dale Clemmer gave the thought for the day, a Thanksgiving prayer and then introduced Col. E. V. Spence, manager of the CRMWD, Big Spring and his assistant, Mr. H. O. Ivy.

They presented a program on water conservation and showed colored slides. Col. Spence stated that the CRMWD is composed of three major towns, Snyder, Big Spring and Odessa. The organization operates on a revenue basis.

Twelve commissioners (four from each town) govern their activity. The CRMWD has built reservoirs throughout the neighboring counties, including Lake Thomas. It pumps water a distance of 100 miles. The CRMWD is planning to build a large lake in Mitchell County, twice the size of Lake Thomas.

The CRMWD is solely self supporting financially. It has paid out \$16,000,000 and now has \$12,000,000 in reserve.

The water pollution situation is rapidly becoming a difficult problem. This is the result of oil well operations permitting deep mineral content to rise to the level of underground streams which rise

to the surface at different points. Municipal water supplies, home water wells, reservoirs and stock tanks are being damaged. It has become alarming in proportion.

State agencies have made conscientious efforts to enforce standards now applicable to wells drilled for oil. The Federal Government plans to conduct basic studies on surface and underground waters. Also, to translate scientific discoveries into better water management. There may not be a total answer to this problem but every thing humanly possible should be done to find remedies. For a vast area is under the threat of deterioration.

Col. Spence suggests that oil wells definitely should be plugged correctly and that the salt should be put back into the well from where it originated.

There was an interesting table display of watershed areas in surrounding counties.

## Parties Honor The Cargile's

A round of parties has been held this week honoring Mr. and Mrs. Joe Cargile who left Thursday for Lockney to make their home where Mr. Cargile has accepted the position as vice president of the First National Bank.

Sunday evening following church services, the Choir of the First Baptist Church honored the couple with a reception. In the receiving line were the honored couple, Mrs. and Mrs. Virgil Mott and Mr. and Mrs. V. Bartlett.

Mrs. L. P. Houston ladeled punch and Mrs. Sam Chorn served coffee. A musical program was presented by Mrs. Maurine Legg and Miss Mary Bolin.

Tuesday afternoon Mrs. Cargile was the recipient of a remembrance tea at the home of Mrs. Martin Brooks, 2216 Forty-second Street.

Refreshments of cake, coffee and tidbits were served to the honoree and Mrs. Pat Edwards, Sarah Griffet, Margaret Drum, Nelda Norris, Eddie Don Floyd, Elwanda Culvahouse, R. W. Truvey and H. W. Cargile.

Tuesday evening the Townhouse was the scene of a three course dinner honoring the couple, with the employees of the West Texas State Bank, their husbands and wives.

Following the dinner the group played 42 and presented the Cargiles with a lovely lamp.

Special guests were Mr. and Mrs. Claude Hicks of Abilene. Mrs. Hicks and Mr. Cargile are brother and sister.

## Cone J. Merritt

Democratic Nominee For Justice Of The Peace Precinct 1 Scurry County

Will appreciate your vote and influence in the General Election, Tuesday, November 6, 1962.

I deeply appreciate your vote and support in the primaries, and ask for your continued influence in the general election. "Vote as you please, but please vote."

Thank You Very Much,

Cone J. Merritt

**HIGHEST ROSE HONORS:** Royal Highness, cited for world honors with its 1963 All-America Rose Selection award, is first available for planting this fall. This remarkable hybrid tea produces prize-winning blooms measuring 5 to 5½ inches across in an exquisite shell-pink color. Continuously in bloom on an exuberantly growing plant, Royal Highness is a garden "must."

## New All-America Roses A 'Must' For Next Year's Prize Garden

With the choice of new roses for your fall planting at hand, I'm reminded of what Dr. James Alexander once published about his idea of what a perfect — or at least a near perfect — garden rose should be.

under Gamble once published about his idea of what a perfect — or at least a near perfect — garden rose should be.

ACCORDING to this noted rose expert, it should be a strong, vigorous plant with evergreen foliage resistant to disease, one that produces a fine shaped bud and open bloom with fragrance, gives all summer bloom that is lasting, stylish and one which, when you approach, looks directly up at you saying in all its glory, "Here I am!"

Royal Highness, one of the two All-America Rose Selections for 1963, comes closer to filling Dr. Gamble's requirements than any rose I have ever grown. Royal Highness says "Here I am" with its regal bearing (never a hint of a weak neck), its long patrician buds, its high, heavy, heavy, very dark green, lustrous leaves that I cannot see to count the many firm canes that have developed.

THE BLOOM has been abundant and almost continuous through the summer and each flower bud has been produced singly on a long firm stem. The fragrance of this regal winner is a bit elusive, but it's definitely there for those who do not require a scent as powerful as that of Crimson Glory or Pink Peace.

If you wish to win blue ribbons, if you wish the coolness of alabaster in your garden on a hot summer day, if you want one exquisite bloom to take to a shuntin, or if you thrill to beauty of form, Royal Highness should be first on your list for fall planting.

TROPICANA, the other prize-winning 1963 AARS winner is the exact opposite of its royal companion. It virtually shouts "Here I am" with its brilliant undulated orange blooms. This color is good to the last petal; there is no change on aging or in summer heat. The 4 to 5 inch flowers are more neighborly than regal and they are produced in groups as well as on single stems. Fortunately, this vibrant hybrid tea has finally been released to an impatient American audience after amassing a long list of impressive international awards.

It's every bit a champion, deserving of its 1963 AARS citation. Tropicana is an excellent greenhouse as well as garden rose, the cut flowers lasting longer than most. My bushes are 3½ to 4 feet high, are well clothed with finely colored leaves that are perhaps more mildew-resistant than the foliage of most other roses.

Tropicana is certainly a "must have" rose for fall planting, but in setting out this autumn do think

about how its remarkable color will look with its companions next June. You may shudder then if you place it next to bright pinks like Show Girl or Pink Favorite or Pink Peace. Tropicana would not really clash with the pale pink of Royal Highness but the almost pure white of Garden Party (AARS winner of 1960) would be a better buffer.

In my garden Tropicana's unmatched orange is flanked by the golden King's Ransom (a 1962 AARS winner) and reddish Orange Flame with a bed on beyond of orange and yellow marigolds. Every eye exclaims about the stunning yet eye-pleasing array of colors.

Gardeners are lucky to have two unusual new roses like Tropicana and royal Highness available for the first time this autumn. And, since the climate is right for fall planting in this region, these two All-America Roses for 1963 definitely belong in next year's garden and will get a good jump on spring if planted now.

# Tigers Hosting Cubs Tonight In 7:30 District Grid Clash

Smitten by injuries, the Snyder Tigers will be seeking to re-group and bounce back from an opening district loss to Lamesa in Tiger Stadium tonight at 7:30 when they host league newcomer Brownfield.

The Cubs stepped out into the 3-AAA arena in winning fashion last week, whipping down Colorado City 27-6 to bolt into an early tie for the lead with Lamesa and Sweetwater, the latter a 35-14 conqueror of Lake View.

Snyder will limp onto the field of battle with five-count "emphatic" in the offensive lineup scheduled and a completely new sophomore-studded backfield in prospect. Both halfback slots will be manned by sophoms, with team rushing and pass receiving leader Leslie Brown on the left side and Tom Kincaid on the right.

Brown has been given the nod over senior Darrell Aldridge, shaken up against Lamesa but slated to start defensively, while Kincaid is stepping in as a relief for senior Jimmy Taylor, a victim of bruised ribs sustained against Lamesa. Taylor is not labeled as any action tonight due to the injury.

Starting for the first time at fullback will be junior Danny Aycock, one of the outstanding Tiger leather loggers last week. Senior Bob Pena, a first-stringer at the position the season through, is nursing an injured knee and will see little if any action.

Senior end Malcolm Bolger is lost to the Tigers for the season following a dislocated elbow suffered last week in the Lamesa game. Billy Stewart, a 185-pound junior, has been named as his replacement.

Ronnie Flak, a first-line reserve guard, is not slated for action either due to an arm injury. The musical chairs arrangement at the quarterback slot continues between junior Jimmy Wilson and senior Dalton Walton. They have divided time at the position, and Wilson has moved in to the starting lineup for tonight.

Brown, with 81 yards rushing in seven carries against Lamesa, has moved into the district lead in the area of average-per-carry with a mean of 11.6.

The Tigers will enter the contest with a decided weight disadvantage up front, where they will be outweighed by some eight pounds to the man. The pendulum swings the other way in the opposing backfields, however, where Snyder will sport a nine-pound bulge over the quick-hitting Cub secondary unit.

From an experience angle, Brownfield will have a wide edge in the backfield. The only non-

senior starting there is junior fullback David Auburg, their strongest runner at 157 pounds. In comparison, Snyder will be going with sophomores Brown and Kincaid at the halfbacks and juniors Wilson and Aycock at quarter and fullback, respectively.

The Brownfield attack can be expected to feature a solid ground attack and timely passing. Quarterback Teddy Howell is at the helm of the offense.

Another speed merchant, 156-pound Cecil Chandler, balances out the Cub backfield at wingback.

Snyder enters the duel with a 2-4 record for the season. Tiger triumphs have been over Andrews (7-0) and Big Spring (14-8). Losses have been dealt them by Loveland (6-14), Kermit (6-12), Stamford (7-10), and Lamesa (23-36).

The Cubs sport the converse of that record with four victories and a pair of narrow defeats. They have sidetracked Littlefield (27-0), Hobbs, New Mexico (36-12), Loveland (10-10), and Colorado City (27-0), while dropping 6-10 and 12-16 encounters to Andrews and Seminole.

Second Time Around. Historically, tonight's battle looks as only the season ever for the two clubs. Their previous meeting was in 1951 and resulted in a 13-0 Brownfield win.

Named as Tiger defensive starters are Larry Lee at middle guard; Paul Deutz and Ray Booth at tackles; Stewart and Tim Hardin at ends; Aldridge, Kincaid and Pete Greene as linebackers; Gail Potter and Jim Marcum at the halfbacks; and Walton at safety.

Brownfield is expected to counter with David Winkles and Butch Parker at ends; Vernon Bingham and Keith Snedecker at tackles; Larry Pickett at middle guard; Chandler, Thomas Proctor, Gary Numa and Rayon Bishop backing the line; and Pat Howard and Archie Jennings at the halfbacks.

Some 200 Snyder youngsters took part in last year's contest, and a much larger group is in prospect for the upcoming one. Parents of contestants are invited to sit in the stands and view the proceedings.

Saturday's contest represents the first phase of the Punt, Pass and Kick program. First prize here will be a warm-up jacket. Football helmets and autographed footballs will be the second and third prizes.

Total scores, based on distance and accuracy of the punts, passes and place kicks, will determine the winners.

From among those competing in local contests, five boys—one each in the seven through 11 age groups—will be named regional winners in each of the 14 NFL team television coverage areas. These 70 youths will display their PP&K prowess at the halftime of designated November or December NFL games of their home teams, and from them will emerge the 10 who qualify for the Tour of Champions and the showdown competition for national honors at the NFL championship game.

The Tour of Champions is an all-expense paid trip for the youths and their parents December 28-30. It will begin with a two-day visit to Washington which will be highlighted by a special tour of the White House.

From Washington, the group will be flown for a two-day visit to the city in which this year's National Football League championship game will be played December 30. The Eastern Division's titlist will be this year's NFL championship game host.

At the half-time of the title game, before the overflow crowd that traditionally attends NFL championship games, the two finalists in each age group from the Eastern and Western divisions will square off for national honors.

In a letter to Pete Rozelle, the President of the American Football Federation, the co-sponsors of PP&K stating, "Programs of this type will enable our youth to build the energy and strength that are their American heritage."

It is going to be pretty hard to sell a nice word for gutter, especially to anyone who has recently thrown a bowling ball into one when he was aiming down the alley, er, lane.

Nevertheless, the bowling proprietors have taken to finding each other a quarter every time the word "alley" slips over a tongue. They probably use the money to build more alleys, and call them lanes.

Meanwhile, what about gutters? Gutters are filled with snipes, cigar butts and soured citizens, according to traditional belief. And bowling balls.

It is going to be pretty hard to sell a nice word for gutter, especially to anyone who has recently thrown a bowling ball into one when he was aiming down the alley, er, lane.

Merriam-Webster's dictionary defines "alley" as a narrow passageway between fences or hedges that is not traveled as a high road.

Hardly an improvement. The big book says that lanes are used in track, rowing and swimming, and adds, at the very bottom, "a bowling alley."

This gets us right back where we started.

Nevertheless, the bowling proprietors have taken to finding each other a quarter every time the word "alley" slips over a tongue. They probably use the money to build more alleys, and call them lanes.

## 22-14, IN 7TH GRADE SHOWDOWN MATCH

# Blue Devils Trip Texans

Travis Junior High eleven's energy on the winning side of things in two of three contests Thursday evening, including the one in which a large amount of local interest had been generated matching the city's two seventh grade outfields.

The details on how it came about:

In a duel between a pair of upstart and united elevens here in Tiger Stadium Thursday night, the Blue Devils of Travis 7th rose to the occasion to tumble Lamar 7th's Texans 24-14, to end the campaign for both clubs.

The victory was the fifth straight for the Blue Devils, who rank as the only Snyder eleven on any level boasting a perfect record.

Quarterback Jimmy Ramagosa, a thorn in the Texan sides the evening through, bled his way over on a one-yard sneak late in the first period to give the Blue Devils a lead they were to hold for the remainder of the contest.

After being set back to the eight by penalty, Valdez failed on his attempted conversion run.

Compact Texas quarterback Tommy Bullard got his mates back in the game during the waning moments of the third period, speaking over from two yards out. He then flipped to end Tony Shuttle in the right flat for the punts to narrow the gap to 14-8.

Travis retaliated in short order, however, to put the game on ice, with Ramagosa plowing up the middle on a two-yard scoring blast. Valdez ripped his way over center on the successful conversion attempt.

Z. B. Rinehart cut loose round right end on a 47-yard scoring bolt in the final seconds for the wrap-up Texas TD. A pass for the points fell incomplete, and with just two seconds left to play neither team was able to mount another offensive.

Travis 7th 22, Lamar 7th 14. BIG SPRING — The power-packed Big Spring Runnels Yearlings

chased over four touchdowns and as many two-point conversions here Thursday in rolling to a 32-6 grid win over Travis 9th of Snyder.

After building up a 16-0 intermission advantage, the Yearlings struck swiftly at the beginning of the third period to score on a 68-yard romp.

Travis retaliated for its only touchdown of the game, as Jerry Kincheol carried the mail around right end on a 50-yarder.

The final Yearling six-point drive was realized on a 30-yard scamper.

Blue Devil mentor Wayne Tyrone stated that his charges gave out with a "pretty good effort," but were outmanned by the bigger and speedier Big Springers.

Travis now stands 4-3 for the year, and will meet Runnels again next week before capping off its season against croststown foe Lamar.

Speedy Juan Hernandez romped to three touchdowns here Thursday night — the last one a glittering 83-yard kickoff return — in leading the Travis 8th Blue Devils to a 38-0 conquest over Big Spring Runnels.

The runaway triumph was the fourth in six tries for the Blue Devils, who are once-beaten and once-tied.

David Cadena, the other half of Travis' 1-2 scoring punch, touched off point making the first quarter when a freak play in which a Runnels punt boomed into the back of a Yearling defender who was attempting to afford his mail blocking protection set the local eleven up deep in Yearling territory.

Cadena, who suffered a high injury in the final period, rounded right end on the 18-yard TD double does here in Tiger Stadium Saturday evening. Snyder fans will be afforded a B team and freshman doubleheader.

Lamar 9th (1-5) is to take the field first when it entertains Midland Lee at 6 o'clock. The contest represents the first meeting of the year between the two clubs.

The follow-up fray scheduled for 7:30 matches the B delegations of Snyder and Stamford, also a first-timer. Snyder, with three triumphs in seven attempts, will be trying to even up its record for the season against the Stamford eleven.

At 8 o'clock a B game will be reeled off, and on the heels of that one will be the varsity battle, that one will be the varsity battle.

## Punt, Pass & Kick Contest Scheduled

The second annual punt, pass and kick competition for the nation's grade school football enthusiasts, announced by the National Football League and the Ford Dealers of America, will be held on a local level Saturday morning at Tiger Stadium.

"PP&K" pits the punting, passing and place-kicking skills of boys seven through 11 against other participants of the same age. The program attracted 205,000 youngsters last year, when it was launched, and was cited by President John F. Kennedy for its contribution to "the physical fitness of our youth."

Wilson Motors is the dealer sponsoring the local contest. Lending a hand in helping to stage it are the Snyder Optimist Club and Scurry County Boys' Club, organizations which will furnish people to assist in registering, scoring, etc.

Supervising are members of the school system's athletic department. Competition is scheduled to begin at 9 a.m. Saturday, but all boys wishing to enter have been asked by athletic director Hor-

race Bostick to report in by 8:30 if possible.

Bostick has pointed up the fact that all entrants must wear either street shoes or tennis shoes when competing, as football or baseball shoes of any type will not be allowed.

Some 200 Snyder youngsters took part in last year's contest, and a much larger group is in prospect for the upcoming one. Parents of contestants are invited to sit in the stands and view the proceedings.

Saturday's contest represents the first phase of the Punt, Pass and Kick program. First prize here will be a warm-up jacket. Football helmets and autographed footballs will be the second and third prizes.

Total scores, based on distance and accuracy of the punts, passes and place kicks, will determine the winners.

From among those competing in local contests, five boys—one each in the seven through 11 age groups—will be named regional winners in each of the 14 NFL team television coverage areas. These 70 youths will display their PP&K prowess at the halftime of designated November or December NFL games of their home teams, and from them will emerge the 10 who qualify for the Tour of Champions and the showdown competition for national honors at the NFL championship game.

The Tour of Champions is an all-expense paid trip for the youths and their parents December 28-30. It will begin with a two-day visit to Washington which will be highlighted by a special tour of the White House.

From Washington, the group will be flown for a two-day visit to the city in which this year's National Football League championship game will be played December 30. The Eastern Division's titlist will be this year's NFL championship game host.

At the half-time of the title game, before the overflow crowd that traditionally attends NFL championship games, the two finalists in each age group from the Eastern and Western divisions will square off for national honors.

In a letter to Pete Rozelle, the President of the American Football Federation, the co-sponsors of PP&K stating, "Programs of this type will enable our youth to build the energy and strength that are their American heritage."

It is going to be pretty hard to sell a nice word for gutter, especially to anyone who has recently thrown a bowling ball into one when he was aiming down the alley, er, lane.

Nevertheless, the bowling proprietors have taken to finding each other a quarter every time the word "alley" slips over a tongue. They probably use the money to build more alleys, and call them lanes.

## Terminology Of Bowling Changing

Merriam-Webster's dictionary defines "alley" as a narrow passageway between fences or hedges that is not traveled as a high road.

Hardly an improvement. The big book says that lanes are used in track, rowing and swimming, and adds, at the very bottom, "a bowling alley."

This gets us right back where we started.

Nevertheless, the bowling proprietors have taken to finding each other a quarter every time the word "alley" slips over a tongue. They probably use the money to build more alleys, and call them lanes.

Meanwhile, what about gutters? Gutters are filled with snipes, cigar butts and soured citizens, according to traditional belief. And bowling balls.

**VISION**

How far can you see? When you look, what do you see? Vision means more than just to see something with the eye. Actually, the deeper meaning of vision would be to perceive what is not seeable to the eye... a mental view or image. True, the eyes deliver 87% of all impressions to the brain. *But vision means seeing further than one can see with the eye.*

We know 20-20 vision of soul has deeper meaning than 20-20 vision of the eye.

Do you have vision? Have you seen God lately? Have you visioned His church on the corner and all it stands for? When you read His Word can you anticipate all the glories of His second coming? *May we develop 20-20 vision of sight, of mind, and of soul.*

May we have true vision.

**So They May See == Psalm 91 == So They May Hear**

**H**E THAT DWELLETH in the secret place of the most High shall abide under the shadow of the Almighty.

2. I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust.

3. Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence.

4. He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler.

5. Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;

6. Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.

7. A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.

8. Only with thine eyes shalt thou behold and see the reward of the wicked.

**B**ECAUSE THOU hast made the Lord, which is my refuge, even the most High, thy habitation;

10. There shall no evil befall thee, neither shall any plague come nigh thy dwelling.

11. For he shall give his angels charge over thee, to keep thee in all thy ways.

12. They shall bear thee up in their hands, lest thou dash thy foot against a stone.

13. Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.

14. Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.

15. He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.

16. With long life will I satisfy him, and shew him my salvation.

### So They May See == Psalm 91 == So They May Hear

HE THAT DWELLETH in the secret place of the most High shall abide under the shadow of the Almighty.

2. I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust.

3. Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence.

4. He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler.

5. Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;

6. Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.

7. A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.

8. Only with thine eyes shalt thou behold and see the reward of the wicked.

BECAUSE THOU hast made the Lord, which is my refuge, even the most High, thy habitation;

10. There shall no evil befall thee, neither shall any plague come nigh thy dwelling.

11. For he shall give his angels charge over thee, to keep thee in all thy ways.

12. They shall bear thee up in their hands, lest thou dash thy foot against a stone.

13. Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.

14. Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.

15. He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.

16. With long life will I satisfy him, and shew him my salvation.
