ONE-THIRD SPRING CLIP OF TEXAS MOHAIR IS REPORTED SOLD BY TEXAS WAREHOUSES

Junction Cattle Loan Co. Sells \$600,000 Pounds

Reports in the daily press state that much mohair has already been sold this season. The National Wool Marketing Corporation is disturbed over the uncertainty of the Texas mohair situation according to a statement from the president, Roger Gillis of Del Rio. What effect, if any, the sales already made will have on the co-op market is still a matter of speculation and many co-op leaders are waiting to see just what the effect will be.

Approximately 2,750,000 pounds of the Texas spring mohair clip of between 6,500,000 and 7,000,000 pounds has already been reported sold.

Of the sales reported Tom Parker of Ryder Brown is said to have bought about 1,000,000 pounds, Tom Ritchie of the Central Texas Trading Company 750,000 pounds; Campbell Ward Company, about 500,000 pounds and Collins and Aikman, about 500,000 pounds.

Among those firms that have sold are: Schreiners of Kerrville, 500,000 pounds at 24 for grown hair and 34 for kid hair; Producers Wool and Mohair Co. of Del Rio, between 300,000 and 500,000 pounds at 24 for grown hair and 29 for kid; Fred Thalman of Bandera, 300,000 pounds at 23 to 24 for grown hair and 33 to 24 for kid; Fred Blum of Fredericksburg, 150,000 lbs. at 23 to 24 for grown hair and 33 to 34 for kid; Rocksprings Livestock Loan Company, 200,000 pounds at 23 for grown hair and 33 for kid; Junction Loan Company, 300,000 pounds, 23 for grown hair and 33 for kid.

While this is discouraging to mohair growers, it is some better than many thought the price would be. The yield is good and the goats are in fine condition due to the unusually mild winter.

Egg Shower this Week For Orphan Children

Friends of orphan children are invited to join in the egg shower being sponsored this week by the ladies of the Junction Baptist Church for Buckners Orphan Home in Dallas. Leave your eggs at the home of Mrs. E. M. Burt on the west side of the square. If you have no way of getting the eggs to Mrs. Burt's residence telephone Rev. G. W. Crabb and he will see that they are delivered.

Crates are now ready for the eggs and everyone interested are invited to join in this shower.

Dates For Annual Meeting and Easter Service Announced

The annual summer Gospel meeting by the Church of Christ at Junction, is scheduled to begin the second Sunday in June, and continue over the third Sunday in June.

On Easter Sunday, a special service will be held in the church building, in the evening. This service is intended to be for instruction with reference to the origin and purpose of the Easter season.

Mr. Gordon Stewart is interested in the work of the 4-H Clubs in Texas and especially Kimble County as was evidenced by his gift of a registered Hereford heifer as a prize for the winner in the club show in Junction recently. He is a breeder of registered cattle and is always interested in anything that means better livestock.

CORNERSTONE IS ROBBED!

It may not have been the meanest person in the county who broke into the cornerstone of the Orth Baptist Church last week, but it must have been the most desperate. The cornerstone was broken into in the night and the contents removed. It is not known exactly how much money was taken, but the stone contained a \$10 gold piece and a \$5 gold piece and several dollars and other pieces of silver. Other articles removed included church records, an old Bible owned by S. R. Jeffery, now deceased, and a copy of the Graham Leader.

The articles were placed in the cornerstone at the time the church was erected in 1907. Rev. McCord was pastor at the time the church was dedicated.—Graham Leader.

Junction Will Be Represented In San Angelo

Mrs. Conde Hardeman To Coach One-Act Play For Contest

Junction will be represented in the Interscholastic League One Act Play contest, to be held in San Angelo, March 20 and 21. Schreiner High will send a clever little character comedy, "Martha's Mourning" by Phoebe Hoffman. This play was first put on by the Plays and Players of Philadelphia, under the auspices of the Browning Society. The story deals with the death and repentance of a disagreeable, misery old woman. Her niece endeavors to bring about a change of heart and peace of mind, to no avail, until when feigning sleep when an inquisitive neighbor calls, Auntie is surprised at the spirit Martha exhibits in her defense. The minute the door is closed on the neighbor by the indignant Martha Auntie proceeds to make the most of her limited time and Martha's mourning is planned and her future assured with a swiftness that has delighted many audiences. Mae Delle Lowry will assume the role of Auntie; Juanita Cowsert is to cast for Martha and the neighbor will be played by Marie Sheppard.

Mrs. Conde Hardeman is coaching the play. In the contest Junction will compete with Bahinger, Big Lake, Mason, Mertzon, Norton, Rankin, San Angelo, Sterling City, and Winters. This is strong competition, especially San Angelo, said to be a state winner in the past two contests.

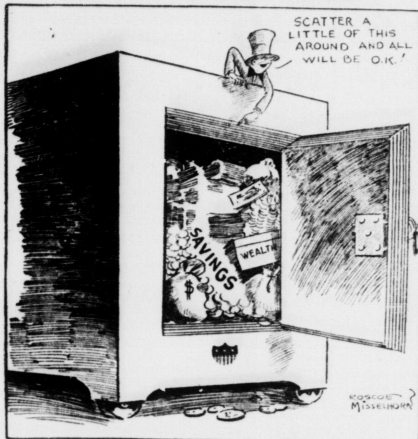

"Martha's Mourning" will be presented in Junction before taking it to San Angelo. It will be shown at the Texan Theatre with another one act play, the proceeds to be used in sending the Junction play to San Angelo.

MUSICAL PROGRAM WILL BE RENDERED AT COURT HOUSE ON MARCH 20TH

On Friday evening, March 20, the band and orchestra under the direction of Mr. I. W. Myers, will give a musical concert, interspersed with readings, in the courthouse. Mr. Myers has been working with these organizations several weeks and a good program will be rendered.

Mr. and Mrs. Norman Farmer, accompanied their houseguest, Miss Laura Black of Houston, as far as San Antonio yesterday.

McIntyre Case Is Dimissed By District Judge

After Two Days Deliberation Jury Fails To Reach Verdict

After having been tried three times—once in Ft. Stockton and twice in Junction—with a hung jury in each instance, Judge Joe G. Montague dismissed the case of S. H. McIntyre, charged with theft of cattle, last Saturday afternoon when the jury reported that was hopelessly deadlocked. The jury was excused and the case dismissed. The companion case against Howard Savage was also dismissed while a similar case against Pete McIntyre, a brother of S. H. McIntyre, was continued until the next term of court.

The case was called Tuesday morning. Approximately 100 witnesses were summoned by the state and defense. By holding night sessions it went to the jury about 12 o'clock Thursday night. The jury was out until 3:30 Saturday afternoon when it was excused.

The three men mentioned above had been charged in connection with the theft of 12 head of cattle from Frank Waddell in Pecos County in September, 1929. Twelve indictments were returned against them, but all of them except the one case against Pete McIntyre have been dismissed. Considerable interest was shown in all of the trials and the case against Pete McIntyre will likely attract as much attention as those against S. H.

Mr. and Mrs. Leon R. Powell and Milton visited relatives at Sabinal the past week-end.

Mrs. Cleve Stephen and little R. G. Stevenson are visiting relatives in the Rio Grande Valley.

School Census Must Be Taken In This Month

Supt. Guy C. Moses Is Enumerator In Junction School District

Many parents and guardians do not seem to realize the importance of getting a full scholastic enrollment of all the children in the school district. The enrollment of each child means \$17.50 for the school. Missing only a few children could easily cut the school term in a rural district one month.

County Superintendent R. R. King has distributed blanks to the census takers with instructions to get a full enrollment of all children between the ages of six and eighteen on September 1, 1931. The census blank must show the name of both the father and mother of the children. The state requires this to reduce to the minimum of duplicates on the rolls.

In last week's Eagle a table was given that will assist enumerators in getting the correct year in which a child was born when the age and birthday are known.

Superintendent Guy C. Moses is taking the census in Junction and asks the co-operation of the parents and guardians in enrolling all the children in the Junction Independent School district. The census must be completed during the month of March. Children born on or before September 1, 1913, or after September 1, 1925 must not be enumerated.

Mr. and Mrs. John Phillips and Miss Elizabeth Summers visited in San Antonio during the past week-end.

Mr. V. P. Emmons was a business visitor in Ballinger and Abilene the first of the week.

John M. Hankins is Re-elected Fire Chief of Local Department

At the annual election of officers of the Junction Volunteer Fire Department which was held at the Fire Station Tuesday evening, Fire Chief John M. Hankins and Assistant Fire Chief Leon R. Powell were unanimously re-elected to serve for another year.

Howard Blackburn was re-elected president of the organization and L. D. Borden re-elected vice-president. Doebay Taylor was re-elected secretary-treasurer, and Russell LaVelle elected recorder.

Ollie Floyd was elected captain of Company No. 1 and Lee Craven, Captain of Number 2. The Rev. G. W. Crabb, pastor of the Junction Baptist

Church, was re-elected Chaplain. Milton Powell, son of Assistant Chief Powell, was unanimously elected mascot of the department.

Resignations submitted by Charles Barnes and Clomd Murrah were accepted by the department at this meeting. There are now 25 members in the department.

The next quarterly meeting of the Hill Country Fireman's Association will meet on the second Tuesday in May in Menard, and the local department has already begun preparations to enter the racing team in the contests which will be sponsored by the Menard Fire Department.

INTERSCHOLASTIC CONTESTS ARE SCHEDULED TO MEET IN LONDON ON MARCH 14 AND 21

LIONS WILL NAME STREETS

At the regular meeting of the Lions Club yesterday, plans were discussed and committee reports made on the proposition of naming the streets and numbering the houses in Junction. John S. Munn, who is chairman of the committee, stated that a map had been prepared with the new names of the streets, and that everything was in readiness for actual work.

Estimates are being secured now and the type of markers will be selected soon. The club hopes to have the task completed before the summer season arrives with tourists.

The work of placing names of ranchers on their gates in Kimble County has been practically completed, stated B. L. Smith, and the ranchers generally appreciate the work done by the club.

"Ruth in a Rush" 3-Act Comedy is Coming March 19

Efficiency Class of Methodist Church Will Present Three Act Comedy

On March 19, a three act comedy "Ruth in a Rush" will be presented at the Texan Theatre under the auspices of the Efficiency Class of the First Methodist Church. This presentation will be an added feature of the picture program for the evening. No extra admission will be charged, according to the authorities.

Mrs. Olney Patterson will direct the play. Proceeds derived from the performance will be used toward the building fund of the church.

The cast of characters includes:

- Ruth MacDonald Moore, Always in a rush, Mrs. Pierce Hoggott; Mrs. Brownell, Ruth's Aunt, Mrs. B. L. Smith; Juliet Raymond, Ruth's secretary and friend, Mrs. L. E. Standifer; Susie, A maid, Mrs. E. Act III—The same. A few hours later.

Rotary Radio Talk Tonight 8:30 O'clock

All Rotarians and others interested are asked to listen to a lecture tonight over radio station KWKH by Dr. Claybrook Cottingham, president of Louisiana College at Pineville, La., on "Some Observations on International Trade." The lecture will begin at 8:00 o'clock this evening, March 12.

Dr. Cottingham is an enthusiastic Rotarian and always delights his audiences. An invitation is extended all Rotarians and others to listen in this evening.

Twelve Schools Have Paid League Dues

The Kimble County Interscholastic League which meets in London this year will start Saturday, March 14 when the tennis matches will be played. This match will start promptly at 9 o'clock Saturday morning on the London High School campus, according to M. B. Bethel, director general of the meet this year. All entries must report on time if they expect to participate in the meet.

All other events in the League will take place the following Friday and Saturday at the same place.

The order in which the events will be run off is given below:

- Friday, Afternoon, 2 o'clock Senior Spelling
- Junior Spelling
- Sub-junior Spelling
- Sub-junior Spelling, 3 o'clock

- Extemporaneous Speaking, Debating, 7 o'clock
- Declamation, Saturday Morning, 9 o'clock
- Volley Ball
- Play—Ground Ball, Saturday Afternoon, 1 o'clock
- Track and Field Meet.

The track and field meet will be run off according to the schedule in the Constitution and rules or as they come on the entry blank.

The directors and officers of the League are:

- M. B. Bethel—Director General.
- E. B. Morrison—Athletic Director.
- Mrs. L. E. Stockard—Director of Essays.
- Miss Edion Claire Gough—Declaration Director.
- Mr. Guy C. Moses—Debate and Extemporaneous Speaking.
- Mrs. W. L. Cooper—Spelling.
- Mr. Orlan Stewart—3 R's.
- Miss Mary Hodges—Picture Memory.
- Mrs. Ellouise Emery—Music Memory.
- Miss Nellie Bennett—Senior Spelling.

The Kimble County Chamber of Commerce is sponsoring the county meet and will furnish the ribbons for the various contests.

Local Men Get Contract For Sonora Hospital

Maxwell and Ramsey Will Begin Work Soon On Sonora Institution

Maxwell and Ramsey, local contractors, were awarded the contract on March 7 for the construction of a \$20,000 hospital in Sonora. Fourteen contractors were bidding on the job.

The hospital which is being built by Dr. Blanton of Sonora will cost approximately \$20,000. It will consist of 12 rooms for patients, two offices, operating room and a suite of six rooms which will be occupied by Dr. Blanton. The architecture is of Spanish type and the building will be constructed of hollow tile.

Construction work will begin at an early date and will be pushed to completion.

Mr. and Mrs. J. A. Heiman returned Tuesday from their winter garden farm near Carrizo Springs.

County Agent R. E. Homann was a San Angelo visitor Wednesday.

Senior Class Meets

The Seniors held their regular class meeting last Friday morning, Raymon Schneider presiding. The program consisted of a railroad spelling match between members of the class. Another meeting was held Tuesday and it was decided to send out invitations for the commencement exercises now.

GIRLS' BASKETBALL TEAM DEFEATS SONORA FIVE

The Junction Girls' Basketball team trimmed the Sonora team Friday, March 6, by the score of 23 to 7. This was the second time this season that Junction has defeated the Sonora team. The first game was played in Sonora. Junction's high point player was Louise King. All the players turned in a good game and both teams showed clean sportsmanship. Junction will meet Comfort in the Schreiner Institute Gym March 20.

T. M. Tomberlin spent Sunday in Rocksprings.
Will Boyer, S. L. Guthrie, Magrade student who is on the honor roll in every subject.

EDITORIAL

In connection with the Journalistic work in the Schreiner High School the staff of Eagle Screams will edit a four page school paper in the form of a semi-annual paper. The first issue will appear on about April 1. The business men of Junction are urged to support these students with advertising; the town as a whole is urged to buy a copy of the paper which will sell for 5 cents.

Last week the Junior Class started work on a paper which was named, "Junior Memories of 1931." This paper was printed and each member of the class received a copy. Vivienne Livingston was editor and Harrie Ethel Hubbell associate editor. Members of the Junior class acted as reporters.

Miss Inez Kelley delivered a lecture on "Healthful Living and Light" Friday morning in the study hall. She emphasized the relation of sunlight to health and proper lighting of homes.

PUPILS ARE PREPARING FOR LEAGUE CONTESTS

This week finds the students getting ready for the county meet which will be held at London, March 21. This is the first time the meet has not been held in Junction. All who are interested in the work in the schools of the county are urged to attend the meet.

PATHE CLUB MEETS

A meeting of the Pathe Club was called Monday. The meeting was called to order by the president. Several interesting reports were given, including a report by Kathryn Hodges on Affairs in India. The general science students have completed the study of electricity and are now studying the moon and other solar bodies. Last week the History 8P pupils discussed the civilization and religion of ancient China and India. They are now having the study of "Christianity in the Roman Empire." Construction of the new high school building is progressing rapidly. The students are eagerly looking forward to its completion.

LONDON LOCALS

(By G. Lewis)
Miss Bonnie Ray Amberson was in town first of last week. Among those of our citizens to attend the Brady 4-H Club Show were E. I. Cummins and daughter, Bertie Lee, Miss Dorothy Jarvis, C. E. Weaver, W. L. Kothmann, C. E. Lambert and several of the school boys. All praised the Fat Stock Exhibition and reported a real good time.

Among those attending the Mason Stock Show were E. H. Kothmann and family, G. R. Kothmann, H. H. Kothmann and Lewis Cooper. They reported a good show and a nice time.

Miss Jessie Hunter left Thursday for Sonora where she intends to spend an indefinite time.

Miss Melbe Walton met with the misfortune of being thrown from the running board of a moving car last week. She was badly bruised and her face disfigured some but otherwise no serious injuries resulted. The wonder is that there has not been more hurt by reason of this dangerous custom of riding on the running board of cars than there has been. It should be prohibited by law, and especially by parents and teachers. Our school has at last prohibited any pupil to ride on the running board. This is a wise prohibition.

Mr. J. R. Hamilton was an interesting caller Thursday. Mr. Hamilton informed us that his milk cows and chickens have supplied his living expenses for the last two years. He has kept record of receipts and disbursements and says he has not used a penny of his cotton money to supply his living but his milk and egg money have enabled him to pay all his cotton money on former debts. Now this is our idea of farm life: raise your living from cows and chickens and pigs, raise the feed at home to keep and fatten them, raise a garden and fruit trees, and enough vegetables to last through to the next season. Raise pinto beans to put away for the season. All of which supplies you with plenty to eat, and to sell the surplus for cash and let your cotton crop be a surplus cash crop. I rejoice to know a few of our citizens are demonstrating the fact that the farmers living can be raised on the farm.

The ball game Thursday evening between London and Tea Cup schools resulted in victory for London.

Mr. and Mrs. E. W. Brewer spent the week at the Jones Ranch.

Mr. M. C. Reese was in town Saturday. He informed the writer that the freeze had killed the fruit crop. He said he had examined his trees and found the above to be true. This is too bad as quite a large percent of people have in the last few years put out young orchards and to have their fruit killed two years in succession is rather discouraging but this should not keep us from giving the young orchard the same care as though it was bearing heavily. It only gives your trees a chance for another year's growth and will only be the better for them in the long run. Mr. Dick Weaver has kept fire burning for several nights near his fruit trees to save the fruit. This is commendable and will no doubt pay well for the time and trouble.

Mr. and Mrs. Tom Horn were in town Saturday. Mr. Horn states his sheep and goats are doing fine and says he has a number of lambs and kids.

Miss Louise Goodman was an

operator at the switch board Saturday. Louise says she likes to serve as a "hello" girl all right.

Mr. and Mrs. L. E. Miller were in from the ranch Saturday.

During our drive of some 20 or 25 miles Sunday evening we only discovered one real lazy man and that was our friend, W. R. Fisher. All farms were freshly plowed up and in fine condition except Wiley's. Our farmers have their land in good condition and are now busy planting corn. I am sure that there will be more corn planted than usual, because the land is in such fine condition with such a good season in it. Following the corn planting will be the different feed crops and in a few weeks our farms will begin to look green, and then is when this Llano Valley becomes a scene of beauty.

IVY ECHOES

A large crowd attended the church services at Ivy Sunday. Dinner was served on the school ground. Two sermons were delivered by Rev. Crofoot, one at 11 in the morning and another at two o'clock.

Sussie Walker spent Sunday night with Bonnie Ray Amberson.

Ola and Henry Walker visited Mr. and Mrs. Fred Maass and family a while Sunday evening.

Mr. and Mrs. A. A. Wendle of Doss, Texas, visited Mr. and Mrs. T. J. Lange and family

Sunday.

Ola and Susie Walker visited Mrs. Jessie Smitherman Saturday evening.

Mr. Ed. Kingston visited Mr. and Mrs. Fred Maass Monday. Ola and Susie Walker invited a few friends to their home for a party. Those who were present were: Lucille and Cecil Maass and Wiley Hight, Roy and Allen Robbins, Hollan Walker, Clarence Grobe and Eddie and Bennie Grobe.

Imagine

Roy with red hair. Benie not wearing his coat. Marvin working geometry. Eddie being good.

Alberta not playing base ball. Our Junior boys lost a game of playground ball to Tea Cup juniors by a score of 34 to 21 Friday afternoon. Our juniors have had only a little practice, but they expect to win over Tea Cup at the county meet, March 21 at London.

Examinations are here and all are on the job.

Our boys received their new vaulting pole this week.

Our friends and patrons are urged to be at London Saturday and help Ivy win in the tennis games.

Carolina Woman Lost 47 Lbs. In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better, but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it."—Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 5c at Heyman's Drug Store and drugists the world over. Take one-half teaspoon in a glass of hot water every morning before breakfast.

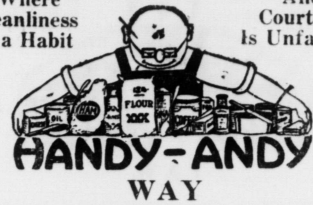

Attention to diet will help cut out pastry and fatty meats—no light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

BIRTHDAY DINNER GIVEN REV. G. W. CRABB BY WIFE

Wednesday March 11, was the birthday of the Rev. G. W. Crabb and Mrs. Crabb surprised him with a birthday party and invited the deacons of the Baptist Church to celebrate with him. It was a complete surprise to him and he was at a loss to know why the deacons were coming to see him at the noon hour.

Mrs. Crabb had prepared a fine chicken dinner with all accessories. The preacher and the deacons convinced Mrs. Crabb that the dinner was appreciated. Instead of a cake with 35 candles, the preacher prefers one candle and thirty five cakes.

It was an enjoyable hour and not only the deacons but the membership of the church wish for Rev. Crabb many other happy returns of the day.

MARIE FAIRES HONORS FRIENDS WITH BRIDGE

Miss Marie Faires invited a few friends to Mrs. Jas. Paterson's ranch home Friday evening, when she honored Misses Louise Marshman and Elizabeth Hall with a bridge.

Bowls of violets were placed about the living room where the tables were laid.

At the close of the games the following prizes were awarded: Miss Elizabeth Summers received costume jewelry as ladies high score prize. A bottle of perfume went to Miss Mary Hubert who won high cut prize. Mitchell McLendon received a tie for men's high score and Cloma Murrah who made low score, received a huge peanut filled with little peanuts.

The honorees were presented with red neckerchiefs and hand carved bone tie clasps in the shape of steer heads.

Salad in aspic, wafers, olives, potato chips, and individual pies with whipped cream were served at the close of the evening. Home made fudge was served during the evening.

Those present were Misses Mary Hubert, Elizabeth Summers, Elizabeth Hall, Louise Marshman, Lee Craven, Cloma Murrah, Mitchell McLendon, Max Riley, Walter Chadwell, Fred Mudge, Mrs. H. W. Rieck and the hostess.

WHEN

The Peddler Has Your MONEY

THE transient peddler who rings at your front door is a stranger to you and you are not even a memory to him after he has unloaded his unknown, unbranded goods on you and left town with your money.

He has no futher interest in your satisfaction, in your good will, in future patronage. His is a one-time transaction.

But your local merchant considers your patronage as a trust. He takes your money subject to your satisfaction. He knows he has to build up a steady, repeat patronage or he cannot continue in business.

He is very exacting in the merchandise he carries. It must come to him guaranteed so he can in turn guarantee it to you. He is jealous of his good reputation as a merchant and as a citizen--both depend upon his fair dealing--in giving good quality, in giving values, in making good on unsatisfactory transactions.

His sole interest is not in your purchase of today but in your continued good will and perpetual patronage.

OZONA RANCHER KILLS HUGE MEXICAN EAGLE: WING SPREAD 7 FEET

A huge Mexican black eagle, with a wing spread on 7 feet and one inch, was killed last week by George Harrell on his ranch near Ozona. This is one of the largest specimens captured in this section in several years.

The big bird is credited with having destroyed hundreds of dollars worth of lambs and kids in the area in the last several months. Mr. Harrell saw the eagle several weeks ago a few minutes after he had killed a kid.

Mr. Harrell was unarmed at the time, however, and did not kill the bird. He set traps around the carcass that day and the following day went to the scene and found the eagle caught by the foot in one of the traps. He killed the big fellow and is having it mounted.—Ozona Stockman.

Last year for the first time in at least ten years, the farm population of the country increased instead of diminishing.

CLOVER PASTURES

Fifteen farmers in Erath Co. pooled an order this month for 800 pounds of sweet clover seed to be planted for soil building on marginal land and incidentally for pastures. Most of these men have never grown clover before but have been convinced of its usefulness to the soil by having seen it on a neighboring farm.

DEED OF TRUST SALE

STATE OF TEXAS
COUNTY OF KIMBLE
Notice is hereby given that whereas on the 27th day of February A. D. 1928, W. R. Richardson, Kern D. Richardson and H. T. Richardson executed a deed of trust to me as trustee for the benefit of Mrs. Adam Murr and Horace E. Wilson on the hereinafter described real estate, which deed of trust appears of record in Vol. 12, page 45 of the Deed of Trust Record of Kimble County, Texas. In which deed reference is here made to more fully show the wording and effect of such instrument and the property covered by it.

And, whereas, the said deed of trust was made for the purpose of securing the payment of certain promissory notes, each of which was executed by the said W. R. Richardson, Kern D. Richardson and H. T. Richardson and both dated at Junction, Texas, February 6, 1928, and both payable on or before three years after date, one of said notes being for the sum of \$1200.00, payable to the order of Mrs. Adam Murr, and the other of said notes being for the sum of \$600.00, payable to the order of Horace E. Wilson, both of said notes bearing interest at the rate of eight per cent per annum from date until said notes payable in full and payable at Junction, Texas.

And, whereas, the said W. R. Richardson, Kern D. Richardson, and H. T. Richardson have made default in the payment of both of the notes described in such instrument, leaving the sum of \$1200.00 on the said note payable to Mrs. Adam Murr remaining unpaid thereon and the sum of \$600.00 on the said note payable to Horace E. Wilson remaining unpaid thereon on the date.

And, whereas, the said beneficiaries have requested me to enforce such trust:

Now, therefore, I, the said trustee as aforesaid, being also aware that I will accordingly after due publication of this notice as required by such deed of trust, sell at public vendue in the highest bidder or bidders, for each at the courthouse door of Kimble County, Texas, in which such property is situated, lots of the tract of 13.20 and 13.20 acres and a block in on the first Tuesday in April next, the same being the 10th day of April, A. D. 1931, the following real estate as described in and covered by the deed of trust as follows, to-wit: Situated in the County of Kimble and State of Texas and being:

A subdivision of three hundred thirty-two and one-half (332 1/2) acres of land, more or less out of and being a part of the following named two tracts, to-wit: Survey No. 23 Certificate No. 3531 Abstract No. 1151, Original Grant, C. & S. F. Ry. Co. and patented to Wm. Gibson, by Patent No. 118 Vol. 100, dated March 29th, 1888, the whole survey containing 320 acres of land; and Survey No. 20, to-wit: in the name of H. T. Richardson, Abstract No. 498, patented to Wm. Gibson, by Patent No. 218, Vol. 15, dated January 3, 1881, the whole survey containing 160 acres of land, said three hundred thirty-two and one-half (332 1/2) acres subdivision herein conveyed being described by metes and bounds as follows, to-wit:

AWAKE Half the Night Weak and in Pain

After night I could not sleep," writes Mrs. Mary J. Roberts, 117 West Franklin St., Raleigh, N. C. "I would be awake half the night. I was dizzy and weak, suffered frequently with pains in my side and small part of my back.

"When I was a girl, my mother gave me Cardui, and it did me so much good, I thought I would try it again. I took five bottles, and I feel like a new person.

"I think it is fine. I would advise every woman who is weak to try Cardui, for it has certainly put me on my feet."

THE SCOUT OATH

Before he becomes a Scout a boy must promise:
On my honor I will do my best:
1. To do my duty to God and my country, and to obey the Scout Law;
2. To help other people at all times.
3. To keep myself physically strong, mentally awake and morally straight.

THE SCOUT LAW

1. A SCOUT IS TRUSTWORTHY. His Scout's honor is to be trusted. If he were to violate his honor by telling a lie or by cheating, or by not doing exactly a given task, when trusted on his honor, he may be directed to hand over his scout badge.
2. A SCOUT IS LOYAL. He is loyal to all to whom loyalty is due: his Scout Leader, his home, his parents, and country.
3. A SCOUT IS HELPFUL. He must be prepared at any time to save life, help injured persons, and share the home duties. He must do at least one Good Turn to somebody every day.
4. A SCOUT IS FRIENDLY. He is a friend to all and a brother to every other Scout.
5. A SCOUT IS COURTEOUS. He is polite to all especially to women, children, old people, and the weak and helpless. He must not take pay for being helpful or courteous.
6. A SCOUT IS KIND. He is a friend to animals. He will not kill or hurt any living creature needlessly, but will strive to save and protect all harmless life.
7. A SCOUT IS OBDIENT. He obeys his parents, Scoutmaster, Patrol Leader, and all other duly constituted authorities.
8. A SCOUT IS CHEERFUL. He smiles whenever he can. His obedience to orders is prompt and cheery. He never shirks or grumbles at hardships.
9. A SCOUT IS THRIFTY. He does not wantonly destroy property. He works faithfully, wastes nothing, and makes the best use of his opportunities. He saves his money so that he may pay his own way, be generous to those in need, and helpful to worthy objects. He may work for pay but must not receive tips for courtesies or Good Turns.
10. A SCOUT IS BRAVE. He has the courage to face danger in spite of fear, and to stand up for the right against the coaxings of friends or the jeers or threats of enemies, and defeat does not down him.
11. A SCOUT IS CLEAN. He keeps clean in body and thought, stands for clean speech, clean sport, clean habits, and travels with a clean crowd.
12. A SCOUT IS REVERENT. He is reverent toward God. He is faithful in his religious duties and respects the convictions of others in matters of custom and religion.

Being a vapid review of words that pop into print

Montgomery & Ward: water-works, sewers, paving estimates, appraisals, survey. Just two bustling business men, Julian Montgomery and J. E. Ward down in Central Texas.

Emigrant, Immigrant: These two words appear almost daily in the news and are really over-worked, but do NOT pronounce them with grunt—the a is as soft as in sofa.

Take "MY WORD" for it, an immigrant is an emigrant and an emigrant is an immigrant while the two words are opposites. They relate to a permanent change of residence to a distant country or region, and apply to the same person and act according to the side from which the move is viewed. Many of our greatest Americans were emigrants from Europe and immigrants to America.

Emigrant, one who moves FROM a country. Think of emit, to send out; exile, evacuate, exit. All express movement "away".

Immigrant, one who moves INTO a country. Think of import, invade, implant. This word has an extra "m" because it is from the Latin in, "into."

The port of Lisbon was crowded with emigrants. On arrival in New York they (the immigrants) were put to work.

Hold: For instance, take hold. Hold it while we juggle the Latin *teneo, tentum;* hence tentacle, a grip hold; *detentio,* hold back; contents, holding capacity; *tentaculosus,* hard holding.

Take "My Word" for it, the elevator upholds many in their stand that a corporation is a firmhold and certain real estate is a freehold; that the foothold of a conviction is a stronghold, while the bottlehold on the behold is a stranglehold.

Lo and behold, a ship's hold might be a "lighter" hold, but a drunk's is a "tight" hold. The tipsy one holds to everything within reach until the judge holds that he shall be a holding of the city in the jug, which is not the jug the tippler is thinking of, not by a threehold.

Hold! It's the hold, hold, story: "Hold everything except aloof."

TIVY COACH ACCEPTS NEW YORK POSITION

H. A. McDonald, Jr., for four years athletic coach at Tivy High School, has resigned his position to accept a place as high school coach at Olean, N. Y., according to Superintendent R. A. Franklin.

Fordtram Johnson of Kerrville has been secured to fill McDonald's place for the rest of the school year. Selection of a man to take over these duties next year is under consideration, and Supt. Franklin said that already a good number of applications were on hand.

It was stated that McDonald's offer from the New York town carried increased salary and that coaching duties being practically over here for the school year, formed another reason for the change.

McDonald presented his resignation to the school board about February 20, and left for Olean during the past weekend—Kerrville Mountain Sun.

OUR RICH COUNTRY

The United States possesses national wealth with an estimated value of \$360,000,000,000. Germany's national wealth is estimated at \$80,000,000,000. So with half our population, Germany has less than one-fourth of our wealth. All other nations also are poorer than we.

How did we get this great wealth? Can we keep it? In part, it is due to our rich natural resources. But our people have wasted these resources. Now they depend on their own energy and brains.

The people who went before us worked hard over long hours. They were ingenious, and gave their whole thought to their work. Our modern folks are bright and ambitious, but they do not work as they did formerly. They give far more time to play.

Can the pleasure loving Americans compete with Europe's workers, who are spurred on by poverty to toil so laboriously?

It does not follow that the people of Texas and elsewhere need to work longer hours. Protracted labor dulls the mind and weakens the body. But unless we keep awake, the plodding toilers of Europe may distance us, as the slow tortoise outran the speedy hare, when the latter lay down and fell asleep.

Yet with concentration, and full use of brains and science, America's workers will beat the world.

SCHOOL ELECTION NOTICE

Notice is hereby given that an election will be held in the polling places of the various school districts in Kimble county on the first Saturday in April, 1931, the same being the 4th day, for the purpose of electing one county school trustee at large, and also for the purposes of electing a county trustee in commissioners precincts one, two and three.

COUNTRYSIDE BROADCASTINGS

By Rev. G. W. Crofoot
Pastor Junction Presbyterian Church

RECENTLY the Progressive Farmer and Southern Ruralist, with headquarters in Raleigh, North Carolina, gave a banquet to the agricultural leaders of Virginia. The occasion of this meeting was to bestow a gold medal on each of 16 "Master Farmers" in the Old Dominion. These men were each called upon for a brief statement. Almost without exception they gave the credit for their successes and achievements in agriculture to the women of the home. All of them were married except one, and he gave the credit to his mother.

JACK HUTCHESON, who is head of the Agricultural Extension Service of the State of Virginia, said, "A Master Farmer is one who thinks twice as much, works twice as hard as the average farmer, and who has a wife who is twice as capable as the average woman. A master farmer is one who lives at home."

THE SIXTEEN "Master Farmers" had not trusted to one crop. Nearly all of them had received their income both from plant and animal production. One of them had lost his saw mill by fire and had all his belongings locked up by the sheriff. He bought a small piece of cheap land. He and his wife with their nine children have made it a paying proposition. He says all the children know how to work and enjoy what they are doing. There are seven sources of income on this small farm and separate books are kept for each one. A few farm families like that could support a country church and make it a service institution for the entire community.

THE BIBLE, the newspaper and the church journal are essential parts of the reading material in a country home. The average farm family in addition to these, should also have one or two good agricultural journals.

SOUTHERN Presbyterians in 17 states are observing March 8th and 15th as two of the most important days in the whole year's program of that Church, according to announcement by the Assembly's Stewardship Committee. March 8th is the Churchwide day of prayer in the interest of the whole work of the whole church, and March 15 is the date of the annual every member canvass, with a total objective this year of \$14,000,000 for extending the Kingdom of God.

A pledge for Kingdom support is asked from every member of every church, and strong efforts are being made to secure tithe.

The only way to have a friend is to be one.

Bobby—Oh! Ma, I've got a better idea than that. Why not one candle and ten cakes for my age?

You modern boys want too much. Do you know what I was getting when I married your aunt?

No, replied the nephew, and I'll bet you didn't either.

KNOW TEXAS

Texas has a county—Winkler—which showed a population gain of 8,775.3 per cent between 1920 and 1930, respective totals being 81 and 6,784. In the previous decade it showed a loss of 81.7 per cent.

Texas has three counties showing population increases of more than 5,000 per cent in the 1920-1930 decade: Crane, Hockley, and Winkler.

Texas showed mineral production in 1929 valued at \$438,706,584.

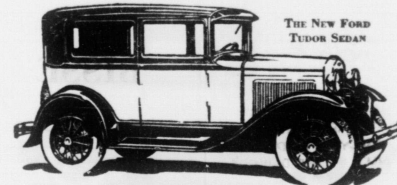

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure — to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS
\$430 to \$630

P. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

FEATURES OF THE NEW FORD

Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

Junction Trade Notes

(By G. G. Co.)

It is pointed out that approximately one-tenth of radio broadcasting is devoted to educational features. Every one knows that sunshine mellow, that there is not a cough in a carload and most of us have learned through these educational features what will remove dangerous film. Jackson, the heart of East Texas peach crop, reports the crop badly damaged by last week's blizzard. In the Llano Valley around London, where the fruit crop is a considerable item in seasonal years, the peach crop bids fair to be a total failure this year, due to the early March freeze.

Certified planting seeds now in stock: Sudan grass, Red Top cane, German millet, Feterita, Barley, Rye, Hezira, White Kafir, Dwarf maize, "Yellow Dent" and "Sure Cropper" corn, Gann Grocery Company, Seed Potatoes and onion plants.

Ranchman Ed Allen found time to attend the Ft. Worth fat stock show; while Hardy Farmer had plenty else to bother with besides the "flu" which came upon him Sunday and is still with him. Will Barr, ranchman of Concho and Coleman counties, is a visitor to Junction this week.

In the vicinity of Junction there has been considerable loss among cattle on account of blout. By a simple and easily applied remedy, Fred Mude has saved two animals that were badly affected in his fields. The method: A short piece of rope, covered with axle grease, tar or some other substance, placed in the animal's mouth, and secured or tied around the horns.

New packages in stock: Stokely's peas and carrots, in tins ready to serve; Empson's beet salad, ready to serve; Hip-O-lite, marshmallow creme, ready to use, for icing, for fudge, etc.; white dried figs, evaporated pears, in bulk; new assortment Campbell's soups including mock turtle, ox tail, consommé, celery pea, bean, Gann Grocery Company, Choice preserves, in family size tins.

It is interesting, and a bit unusual, too, that the 250,000 lbs. Kimble County spring mohair is being moved to market this week by trucks, a distance of approximately 350 miles. The trucks are engaged this week moving the first warehouse consignment from Junction direct to wharf at Galveston.

In stock: Buttermilk starter feed for baby chicks, omelet in bulk, oyster shell grit, all kinds chicken feed.

Skaggs Family Enjoy Reunion Sunday March 9

Two Sons Celebrate Birthday At Home of Their Parents

Dr. L. L. Skaggs of San Antonio and Mr. Marvin Skaggs of Junction celebrated their birthday anniversary Sunday, March 9, at the home of their parents, Rev. and Mrs. N. H. Skaggs. The brothers have the same birthday, but Marvin says that they are not twins.

A real turkey dinner was served and all the children except Mrs. Hayden Young of Houston were present. In the afternoon rodeo and roping events were enjoyed. After the men had exhibited their skill in roping, Brother Skaggs showed that advanced years and failing eyesight had not deprived him of his ability to use a rope. He did not engage in the riding events.

Pictures of the events and scenes on the ranch were taken by Dr. Skaggs.

The following were present to enjoy the anniversary and to gladden the hearts of the aged parents.

Mr. and Mrs. Roy Skaggs and children, Dr. and Mrs. L. L. Skaggs and children, Mr. and Mrs. Warren Mogford and children, Mr. and Mrs. Carl Tibbitt and children, Marvin, and Rev. and Mrs. N. H. Skaggs.

WEATHER REPORT

Unusual weather continues in this section, but this time it is not the warm weather and week-end rains. Norther after norther came last week until Saturday morning the thermometer at the government station kept by Mr. E. Holekamp registered 21 degrees. He reports 17 degrees Monday morning.

Frost and ice present four mornings is believed to have killed the fruit trees that were in full bloom. Oats and barley that have not been grazed down show the effect of the freeze. Other than the killing of the fruit, the damage is not great from the freeze that lasted four days. The temperature is rising and it is hoped that there will be no more freezes.

If there were less hustle and bustle in this world, and more calm deliberation and forethought, our mistakes would grow appreciably less.

Corpus Christi Good Will Party Visits Junction March 6th

More than 20 Corpus Christi business men passed through Junction Friday morning en route home from San Angelo where they had been on a good will trip. They were traveling in a large bus and were supplied with various advertising matter telling about the sea port city.

They were running behind schedule time and spent only a few minutes in Junction. Practically all lines of businesses in Corpus Christi were represented. An invitation was extended the livestock men of Kimble county to attend the Texas and Southwestern Cattle Raisers convention which will meet there on March 17.

Mrs. Roy Reynolds and son, Baby Roy, were week-end visitors in Tuscola.
